Texas Property Tax For 1982 Explained

Significant changes in property tax laws which affect every taxpayer in Texas, including Parmer County, occurred January 1, as that is when full implementation of the Texas Property Tax Code took effect.

Patsy Nance, chief appraiser for Parmer County Appraisal District, has announced that one of the changes involves the establishment of a central appraisal office in each county. The Parmer County office, which is located at 305 Third Street in Bovina, will be responsible for appraising all property and reporting those values to each taxing unit in the district.

She pointed out that some of the changes that directly affect property owners include:

- All applications for exemptions, open-space land and agricultural valuation will be handled by the chief appraiser of the appraisal district. Rendition forms and reports of decreased value will be directed to the chief appraiser, also. No longer will these need to be filed with every taxing unit in which the property is located.
- An Appraisal Review Board will serve as a single equalization board for all taxing units in the appraisal district. Unlike the board of equalization of prior years, the Appraisal Review Board is empowered to consider taxpayer appeals on a broad range of matters. These include appeals on the appraised value, exemptions, agricultural valuation, and situs.
- One-time Application for homestead exemptions and

open-space land valuation will be permitted for the first time in 1982. Annual application thereafter will no longer be required.

For the first time, taxpayers will be able to use the initiative and referendum process to call an election to limit to eight percent the amount of tax increase by any taxing unit.

TAXPAYERS RIGHTS, REMEDIES, RESPONSIBILITIES

The Parmer County Appraisal District also announced the availability of an eight-page pamphlet which may help district residents save on their property taxes.

According to Mrs. Nance, the pamphlet explains how the property tax system in Texas operates and highlights possible tax savings available to citizens.

The publication was developed by the State Property Tax Board in accordance with the provisions of the Property Tax Code, which was passed by the 66th Legislature in 1979.

Information in the pamphlet

is applicable to property taxes collected by all levels of local government, including counties, cities and school districts.

The pamphlet explains in detail the residence homestead exemptions offered by various taxing units.

Mrs. Nance stated that school district homeowners are eligible for a \$5,000 general homestead exemption and that certain disabled persons and

those aged 65 or older may qualify for an additional \$10,000 exemption from the value of their property.

"Taxpayers who were 65 or older on January 1 of this year are also entitled to a school tax freeze on the tax bill for their house and yard. The elderly must make application to get the freeze in 1982 or retain one acquired previously," she ex-

Hadley, Two Trustees Re-Elected To Posts

Texico mayor John R. Hadley was re-elected to another four year term Tuesday following the Texico municipal election, and trustees Lewis Gooper and Vane Doshier also received the go-ahead from city voters and were re-elected to their posts.

City Clerk Marie Christian says that voter turnout was

"light" with only 63 persons casting ballots. Three of the ballots were by absentee vote she said.

A breakdown of the voting shows that Hadley received 62 votes in his bid; Cooper had 54 votes for the trustee seat; Doshier 43; and Max Carter, also seeking a seat on the city council, received 25 votes.

Texico Girls At State Tournament

Texico Lady Wolverines were to have begun round-one of their fight to retain the Class A state basketball crown Thursday, pitted against Cimarron at 2 p.m. MST at Del Norte High School in Albuquerque.

"I really don't know what to expect," said Texico Coach Roy King prior to departing for

Albuquerque. "I have been told that Cimarron has a really good team. They are the Region A champions."

Texico's arch-rival Melrose was to have played Santa Fe Prep in the opening round of the state tourney at 10:30 a.m. Thursday.

If victorious over Cimarron, Texico will then play the

winner of Thursday's Cliff-Weed competition on Friday at 2 p.m.

The championship game is to be played at 7 p.m. Saturday.

Other schools entered in the state roundball title competition include Carrizozo and Reserve. It was Carrizozo that the Texico girls defeated last year to obtain the state crown.

Farwell Kids Raise \$11,756 For St. Jude's

Six Farwell students raised over \$100 each to earn a special Math-a-thon jacket during the recent St. Jude Children's Hospital-sponsored fund raiser, according to sponsor Karolene Inman. She said that, totally, the Farwell participants earned \$11,756.47 for the children's hospital.

In a letter of appreciation to Mrs. Inman and the Farwell students, Lana M. Ruch, Director of Community Development Program for the children's hospital, said, "Thank you does not convey strongly enough the appreciation felt here at St. Jude's Hospital for the tremendous effort your school has done on behalf of our children."

"Because of the hard work of your students, this Math-a-thon was a successful event for our hospital.

"There is no way to measure how much good your school has done for our children. I am sure you will agree that if your efforts helped to save one life, it was worthwhile.

"Your community can be proud, as we are, to have your school's participation and commitment."

Mrs. Inman said that she also appreciated the cooperation and help provided by members of the community during the Math-a-thon. "For a community this size to raise that much money is remarkable!" she said.

The students who raised over \$100 each were Jimmy Jack Singer, \$144.30; Brian Haseloff, \$123.20; Amy Foster, \$117.45; Bruce White, Heath Dollar, and Ron Wilson, \$100 each.

Because he was the highest

money raiser, Jimmy Jack Singer was also awarded a calculator.

Those who raised \$25 or more were awarded a T-shirt. These students included: 1st grader, Jody Mahaney, Paul Winegeart, Eric Chadwick, Brandon Kirkland, Clint Austin, and Dustin Wilhite;

2nd graders, Priscilla Galvan, Heather Burton, Chad Byrd, D'Ann Pierson, Joy Morton, Amanda Curtis, Angela Dotson, Brian Johnson, and

3rd graders, Amy Chadwick and Michael Arce;

4th graders, Kara Camp, Lonnie Wilhite, Wayne Pierson, Lupe Arce, Trent Schilling and Lance Castleberry;

5th grader, Andria Chadwick;

From the junior high, Dee Ann Curtis, Jason Schilling, Carl Hutchins and Ursula Dollar.

Others who participated in the event and who were

awarded a certificate were Monica Lovato, 1st grade; Marty Moss, Britt Mitchell, Kristi Stanton, Robin Foster, Joe Norris, Robin Ray, Kirk Lingnau and Matt Foster, 2nd grade;

Brandy Martin, Bobby Hammit, Jeffrey Rhodes and Kaci Stephens, 3rd grade; Danna Ralston and Kyle Stancell, 4th grade; Kendra Stephens and Michele Crabb, 5th grade; and Angie Bristow and Melinda McMillan, junior high.

Top Money Makers

Six of the 60 participants in the Farwell School-sponsored math-a-thon raised over \$100 each and for their efforts were awarded special math-a-thon jackets. Top money maker of the group was Jimmy Jack Singer who earned \$144.30

during the math-a-thon, an event conducted each year to raise money for St. Jude Children's Hospital. Singer is shown receiving a calculator from math-a-thon sponsor Karolene Inman. Others who

raised over \$100 each were, from left, back row, Bruce White, Brian Haseloff, Ron Wilson and Heath Dollar, and in front, Amy Foster. Totally, the 60 students participating raised over \$1700.

If the old saw about March holds true we plan to be in our storm shelter on March 31st. Monday was a beautiful spring day on the Golden Spread and everybody seemed to have a severe case of Spring Fever.

These sunny days are causing our little crocus plants to push aside Mother Earth and reach for the skies at an astonishing rate. The little buggers do that every year and usually manager to get a covering of snow before they naturally fade away.

The annual spring resurgence of life is a reassuring sermon that the Almighty looks out for all His creations, great and small.

Sunday we were exposed to a TV segment that seemed to draw the conclusion that the rebels in El Salvador were oppressed people coming out of the hills to free their country from tyrannical rule and to give the peasants a piece of land to farm free from government control and oppression. Somehow our mind wandered back a few years and we seemed to recall this familiar litany played before.

Those who are at least middle aged will recall that Mao Tse-tung was touted as driving out the corrupt and oppressive Chiang Kai-Shek. Didn't Mao build a mountain of Chinese skulls before his reign was finally discredited by the same Chinese peoples?

Kim IL Sung, another darling of the liberals, littered the Korean Peninsula with bones before retreating to his original lines of demarcation.

Let's see, oh yes, Mad Man Khadafi was lauded as another reformer that would put Libya on a firm and just national footing. Apparently he did not read his American press raves.

Dr. Fidel Castro was mightily portrayed as a reformer that would come down out of the hills and correct the oppressions of the Batista government. After the good Dr. Castro got through plucking chickens at the U.N. in New York he went home and plucked the Cuban peoples. Uncounted thousands have voted with their feet not to enjoy his reforms.

My my, was it not the benevolent and religious Ayatollah Khomini who left Paris amid Paeans of praise from America's TV pundits to spread compassion, justice and brotherly love to the victims of the despicable Shah of Iran. His firing squads are still working around the clock to be sure everybody gets a sample of his great humanity.

This depressing tune can be played over and over again. It is still being played every day in many corners of the globe. Yet we are constantly deluged with more of the same from the same. It isn't a case of not learning from history. It is more a case of not wanting to learn or not wanting the American public to learn.

We did manage to survive with communism in these other areas of the world. We will not survive if we allow a string of communist dominated governments to strangle our life lines across Central America.

It is one thing for Southeast Asia to be communist; it is something entirely different for Central America to be communist. If Russia would put missiles and bombers in Cuba is there any reason to think that eventually they would not install them in Central America? This certainly qualifies as an unthinkable thought.

Here are seven modern sins; Policies without principles. Pleasure without conscience. Wealth without work. Knowledge without character. Industry without morality. Science without humanity. Worship without sacrifice.

Petition Results In City Bingo Election

A petition signed by 34 Farwell voters was presented to the Farwell City Council this week, resulting in the city fathers calling for a bingo election for April 3, to take place at Farwell City Hall.

The petition requested the legalization of the game of bingo in the City of Farwell, authorized under the Bingo Enabling Act of 1981.

In calling for the election, city councilman Fred Chandler said, "The election shall decide the legalization of bingo games for charitable purposes as authorized by the 1981 Bingo Enabling Act. If passes, the City of Farwell will collect two percent of the gross receipts (collected at all bingo games)."

City Clerk Janie Bowery explained that once the game is approved, there are several more steps an organization must follow before the game of bingo will be allowed to take place.

The organization must apply for a bingo license with the state comptroller of public accounts and the written applications must include such items as sufficient facts relating to the organization's history; names and addresses of its officers and the place where and the time when the applicant intends to conduct bingo under the license applied

for; the specific purposes to which the net proceeds of the games are to be devoted and a statement that the net proceeds will go to one or more of the authorized charitable purposes under the Bingo Enabling Act; and a statement that a copy of the application has been sent to the appropriate governing body and the state attorney general.

It was also pointed out the state comptroller of public accounts shall investigate the qualifications of each applicant and the merits of each application.

The application also requires a \$50 license fee.

A person under the age of 18 years may not play any game of bingo conducted under any license unless accompanied by parent or guardian.

Also, the game of bingo may not be conducted under any license issued under the Enabling Act more often than three days per calendar week, not to exceed four hours per 24-hour period.

Those who may apply for the bingo license include nonprofit organizations; fraternal organizations; religious society; veteran's organizations, or volunteer fire departments.

It should also be noted that a person may not conduct, promote or administer any game of bingo under any

license unless that person is an active member of the authorized organization to which the license was issued.

Gambling during a bingo game is illegal, and a person commits an offense if a bet is made on the partial or final result of a game or contest, or on the performance of a participant in a game or contest.

Also, it is illegal to play or bet for money or other items of value at any game played with cards, dice or balls.

A person also commits an offense if the person participates in the award of a prize to a player in a bingo game knowing that the award of the prize is made in a manner that disregards, to any extent, the random selection of numbers or symbols.

State Comptroller Bob Bullock has said that Texas' new Bingo Enabling Act will be enforced to the letter by his office.

"I wish to put on notice everyone who conducts or enjoys the game of bingo in Texas that they will have opportunities to vote on this issue April 3 and August 14," Bullock said.

"In areas where there has been a vote on this issue, we are not going to second-guess the voters. Where they have approved the game, it will be conducted according to provisions of the Bingo Enabling Act," he explained. "Where the game has not been approved, we will also be following provisions of this law, which went into effect November 10, 1981."

Further, Bullock pointed out, violations of the act also carry criminal penalties under the Texas Penal Code.

"A word to the wise should be sufficient," Bullock said. "We mean to enforce this law."

Copies of the Bingo Enabling Act are available for inspection at Farwell City Hall.

plained. Homeowners may also be eligible for a \$3,000 general homestead exemption for county purposes, according to Mrs. Nance, who said, "This is granted on the portion of county tax levied for farm-to-market roads and flood control."

Mrs. Nance noted that now any taxing unit may adopt a general percentage homestead exemption. Approved by Texas voters in November 1981, this exemption can be granted for any percentage up to 40 percent off the appraised value of residence homesteads.

School boards, city councils, and county commissioners must take official action for such exemption, after careful review of the taxing unit's needs and taxable property.

Additional exemptions are available upon application to disabled veterans (and to other disabled citizens or those age 65 and older if applicable.)

Owners of agricultural land must apply prior to May 1 to be entitled to taxation on the basis of its productivity rather than market value. "More complete information regarding tax rendition and exemptions is available from appraisal district personnel," Mrs. Nance said.

The pamphlet also contains information concerning the operation of the Appraisal Review Board. The board will serve to equalize all property values in the appraisal district. A section dealing with the process of initiative and refer-

endum has been added to the 1982 edition of the pamphlet. Beginning this tax year, voters will be able to petition an election to limit the amount of tax increase by any taxing unit.

"District residents are encouraged to review the pamphlet and make application for all tax relief to which they are entitled before May 1, when the rendition period ends," Mrs. Nance said.

All persons required to render taxable property must have these reports filed prior to May 1.

Court Approves Purchases For Sheriff's Department

Parmer County Sheriff's department will receive a new high-band radio and new car engine, following action taken at the recent Parmer County Commissioner's Court meeting.

Sheriff Bill Morgan met with the Court last Monday and requested the purchase of the new high-band radio, saying that once obtained, all vehicles in his department will be equipped with the high-band transmitters and receivers. The Court voted to purchase the radio at a trade price of \$1,916, using an older low-band radio as a trade in.

Morgan also said that the deputy car stationed in Friona blew an engine, and that the cost of repairing it would be as high as a new engine. The Court approved unanimously to have a new engine installed instead of repairing the old one.

In other action taken at the regular session, the Court approved a contract between the Parmer County Tax Appraisal District and the law firm of Perdue, Brandon, Blair and Fielder for the collection of delinquent taxes owed to the county.

After the counting of map miles of county lateral roads by County Judge Porter Roberts and Commissioner Ernest Anthony, the Court voted to accept the figure of 1,044 lateral road miles as the official road count.

It was decided to invest \$15,500 of ROW money and

\$25,000 of General Fund money into Certificates of Deposit, both to mature on April 30, 1982.

Items approved for payment included a bill from Bickerstaff, Heath and Smiley for work done on the reapportionment of the Commissioner Precincts. The bill was for \$1,298.74.

Also, boarding care bills on five county foster children in the amount of \$1,042 were approved. This amount is to be reimbursed by the State.

A bill in the amount of \$116

for therapy received by a county student was approved for payment; and a bill for insurance coverage on all county vehicles in the amount of \$9,383 was approved for payment.

The following soil conservation work was approved and ratified, the work to be performed as soon as the machines are in that area and not in demand for use on the county roads:

Precinct 3: Joe Jones, Mitz Walling, and Dale Gober.

Jr. Exhibitors Attending Houston Livestock Show

The spotlight shining on the world's largest livestock show and rodeo promises to gleam even brighter this year as the Houston Livestock Show and Rodeo, this week, pulls out all the stops to celebrate its golden anniversary.

Preliminary figures from livestock show officials indicate that this year's show has some 29,000 livestock entries, 29 of which are from Parmer County.

Most of the entries are from junior exhibitors, 4-H and FFA boys and girls, from all over Texas, including Parmer County.

Students from the local area who are attending and exhibiting at the Houston show, accompanied by Parmer County Extension Agent Seth Ralston, include Brent Green, Steve Gerles, Daniel Hutchins, Carl Hutchins, Suzahn Inman, Kevin Owen, Danna Ralston and Eric Williams, all from Farwell;

And from Oklahoma Lane, Lucretia Foster, Darren Hasehoff and Amber Rhodes.

Ten entrants from Friona and eight from Bovina will also be attending.

"The 1982 show offers spectators a unique opportunity to see some of the finest livestock ever and it's all gathered under one roof," said assistant general manager Don Jobs, Jr. "A quick glance through the barns during our show emphasizes why Houston has become known as the premier livestock show in the industry."

The Houston Show provides

an opportunity for exhibitors to participate in some of the toughest of show-ring competition after a year's worth of preparation for their animals.

The 1982 show once again promises to be profitable for the junior exhibitors, as open show and students will vie for more than half a million dollars in prize monies and premium auction prices above market value.

Farwell Volunteer Fire Department reports receiving one emergency call this week, and the Texico Volunteer Department had none.

At Farwell, the fire truck was dispatched to Farwell Gin at 3:53 p.m. on March 1 to extinguish a burr fire.

Texico Spellers Advance To County Level Bee

Robin Pierce, Texico 6th grader, secured her top place finish in the Texico Spelling Bee last week by correctly spelling "gristmill" and "grocery."

Tim Harmon, 7th grader, may not want to see another grapefruit as he stumbled over its spelling for second place. Fifth grader Michael Day finished first for the elemen-

tary and third over-all when things got a bit "goopy."

Other top place finishers and the words they missed were: Lori Harrison, "gaffer," Terry Whitener, "fabricate," and Tye Harmon, "doughty."

Fire Safety Tips

by David Kube

It is a good idea to own at least one fire extinguisher, particularly if you live in a remote area.

There are times when a small fire in early stages can be fought successfully with an extinguisher.

But if you don't completely familiarize yourself and the members of your family with how to use your particular extinguisher, and on what type of fire it can be used, it will be useless.

Be sure to read all instructions when you buy an extinguisher and re-read them from time to time.

Thinkers Are Sinkers

The University of Pennsylvania is usually thought of more for its Ivy League academic reputation than as a national collegiate basketball power. But over the past 10 years, Penn has ranked with the best in basketball.

The top five teams in NCAA Division 1 basketball during the past ten years stack up this way in worst records:

1. UCLA-277-23 (.923)
2. Marquette-254-38 (.870)
3. North Carolina-243-64 (.792)
4. Kentucky-227-62 (.785)
5. Penn-213-59 (.783)

It all goes to show that the Ivy League can effectively combine athletics and academics, and still produce top-flight winning teams. Good thinkers can be tops as basketball sinkers.

Winning Gymnasts

Shown with their ribbons and medals won at the recent Denver City Tumbling Meet are members of the Farwell Gymnastic Elite group, including from left, back row, Jody Mahaney, Jonas Hernandez, Misti Stanton and Joni Hernandez; front row, Riley Malone, Maxine Jones and SuAnn Malone.

First Time In 22 Years: Wolverines Off To State

Following their win over Grady Tuesday night at Floyd in the regional playoffs, Texico Wolverines assured themselves a berth at the state roundball championship tournament next week in Albuquerque.

The boys were to have played Floyd Wednesday night for the regional title, but the game was to have been played after presstime and results could not be published.

However, whether or not they won or lost against Floyd, the Wolverines will play in the state playoffs next Wednesday evening.

Last Saturday night the local boys had their dream of a district crown diminished before their eyes as visiting Floyd defeated the Wolverines convincingly 75-66.

The loss to the Broncos gave the Wolverines, who entered the district playoff event seeded number one, a second place trophy for District 6A.

The game began with Floyd surging ahead in the first few minutes of action before Texico took hold and garnered a one-point lead. Bucket-to-bucket scoring in the second period put the teams on even terms, but Texico took a halftime lead of 31-28.

The Green and White got into foul trouble in the second half,

losing three top players, including Kent Harding, Tony Tubbs and Jeff Day.

Floyd managed to take the lead early in the third quarter and never relinquished it, taking the game 75-66.

Scoring for the Wolverines were Brad Steward with 21; Kent Harding, 11; Tony Tubbs, 9; Jeff Day and Kevin West, 8 each; Todd Gerles, 3; Jeff Dunsworth and Mike Arnold, 2 each; and Craig Horne, 1.

Harding led at the boards with 10 rebounds with Day took back 8.

The loss to Floyd meant that the Broncos would host the regional playoffs this week, and Texico's first opponent in the bracket was Grady.

The Wolverines got off to a slow start in the first quarter of play in their bid for a state-playoff berth, falling behind an 8-6 first quarter score.

But the Green and White spirit came through in the second period, with two quick buckets by Kevin West to put the Wolverines ahead, and the Broncos were held scoreless by the Wolverines until the final 20 seconds of the period. Then, Texico saw themselves on top of a 22-10 halftime score.

Once the Wolverines took the lead, they never let it go.

Coach Ken Shaw was very pleased with the win, especially since it assured his boys of a chance at the state title. The last time a Texico boy's team played in state competition was in 1960, Shaw said.

"This was a real team effort against Grady," he said. "The entire team played excellent defense. It was our best defensive game of the year."

Shaw had high praise for Jeff Dunsworth, saying, "He put out 120 percent. He had his best game of the year. Jeff really gave it his all. He played the best defense of anybody out there," the coach said.

Tony Tubbs led in scoring with 21 points, followed by Jeff Day and Todd Gerles with 8 each; Brad Steward and Kevin West, 7 each; Jeff Dunsworth, 3; and Kent Harding, 2.

At the boards, Tubbs led with 17 rebounds, Dunsworth had 9 and Harding had 7.

Lady Wolverines Lose Crown, Fall To Melrose At Regional

Texico Lady Wolverines found regional competition a bit stiffer than expected last weekend at San Jon, winning in the first round of play against Logan by a slim one point, and being defeated by Melrose in the championship round by 12 points on Saturday.

The loss to arch-rival Melrose meant that the local girls were forced to forfeit their regional crown from last year, but their second place ranking is still good enough to provide them with a berth at the State playoffs this weekend.

The girls played a scrappy game against Logan Friday night, and Coach Roy King admits it. "We were lucky to win. We played bad, that's all I can say. We didn't take the win away from them really, Logan just got into a hurry during the final two minutes," he said. "We trailed until the final three minutes. We pressed and

forced some turnovers and Logan got in a hurry." Texico took the win 31-30.

It was a low scoring night for the local squad, the girls pitching in only four points in the first quarter and nine in the second, putting them behind a 21-13 tally at the half.

Texico did manage to outscore Logan in the third quarter by two points, and by seven in the fourth, but Logan wanted the win and kept after Texico the entire game.

For the night, Texico shot a mere 24.2 percent from the field, hitting only 8 buckets out of 33 attempts.

Ruth Scott hit for 13 points during the game, followed by Tracy Dobbs with 10. Also scoring were Cheryl Scott with 4, and Jill Jesko and Lisa Crooks with 2 each.

Jesko led at the boards with 9 rebounds, followed by R. Scott and Dobbs with 5 each, C. Scott with 4, and Sharlet Taylor with 2.

Dobbs aided with 4 assists and R. Scott had 1.

played that bad, but Melrose played an excellent game. They hit better than they ever had, and we couldn't hit at all."

Texico and Melrose were neck and neck in the first quarter of play, but the Green and White managed to take a slim 21-19 lead at the half.

During the third period however, the Lady Buffs hit the bucket for 16 points, allowing only 10 from Texico, to put the Melrose squad in the lead.

To clinch the regional title, Melrose then pumped in another 16 points during the final stanza of play, while Texico could only manage 8, giving Melrose the Region B crown with a final score of 51-39.

R. Scott was high scorer with 25 points, followed by C. Scott and Dobbs with 6 each, and Karen Snodgrass with 2.

Leading rebounder was R. Scott with 9, followed by Dobbs with 7, C. Scott with 3, and Jesko, Crooks and Taylor with 2 apiece.

Dobbs had 6 assists, Jesko had 3, Crooks, 2, and Taylor 1.

The girls connected with 19 out of 50 shots from the field for a 38 percent average. R. Scott was the only Texico player to shoot from the charity stripe, hitting one out of three attempts.

WHAT'S BEHIND OUR MORAL DECLINE?
 One does not have to be a prude to conclude that our country is suffering a serious moral decline. Our rulers and law enforcement agencies seem powerless to cope with it. Campaigns to check it seem vain. Americans have been warned time and again that the alarming rate of this downward trend spells ruin for America if it isn't checked soon. But what most people fail to realize is that behind this moral decline there is a spiritual decline. People have departed from God and His Word.
 Paul's letter to the Romans tells us how the heathen got that way. Romans 1:21,22 says: "When they knew God they glorified Him not as God, neither were thankful, but became vain in their imaginations and their foolish heart was darkened. Professing themselves to be wise they became fools," and the following verses tell how God finally had to "give them up" to "uncleanliness" and "vile affections"—all because "they did not like to retain God in their knowledge" (Ver. 28).
 St. Paul further describes them in Ephesians 4:17-19, walking "in the vanity of their mind, having the understanding darkened, being alienated from the life of God through the ignorance that is in them, because of the blindness of their heart, who being past feeling (conscience) have given themselves over to lasciviousness, to work all uncleanness with greediness." This, sad to say, is an accurate description of increasing numbers in America today. They are throwing off restraint and going after "uncleanliness" with greediness.
 But this is not liberty, this is enslavement. It is not a sign of strength, but of weakness. It does not indicate superior intelligence, but grossest ignorance, and results in alienation from God.
 How much better off are those who have come to know God through Christ! Of these the apostle says: "And you, who were once alienated and enemies in your mind by wicked works, yet now hath He reconciled, in the body of His flesh through death, to present you holy, and unblemished, and unapprovable in His sight" (Col. 1:21,22). Through faith in Christ who died for our sins, then, we may be reconciled to God and delivered from "this present evil age" (Gal. 1:4).

Schree Rucker, Byron Mayfield Wed In Double-Ring Ceremony

Schree Rucker and Byron Mayfield were united in marriage in a double-ring ceremony at 6:30 p.m. Tuesday, Dec. 29, 1981 at Kingswood United Methodist Church in Clovis. Rev. Loyd Cain, uncle of the bride, officiated the ceremony.

The bride is the daughter of Mr. and Mrs. Johnnie Rucker of Texico. Grandparents are Mr. and Mrs. Earl Thompkins and Mr. and Mrs. Gibbs Rucker, and great-grandmother is Mamie Thompkins, all of Clovis.

The bridegroom is the son of Mr. and Mrs. Billy Mayfield of Farwell, and his grandparents are Mr. and Mrs. L.F. Mayfield of Plainview.

The bride was escorted by her father to the altar setting that was centered with a large candelabra tree decorated with salad foliage and bearing red tapers. Flanking the tree were vase arrangements of white gladioli and red carnations with 15 branch candelabra and a memory candle. Completing the decor of the nuptial area were red candles in hurricane chimneys with greenery and red satin bows along the altar rail. Red satin bows marked the family pews.

The bride was attired in a formal length gown of white polyester Silesta chiffon. The nostalgic gown with a fitted bodice of chiffon with an overlay of beaded Chantilly lace, was complete with a Queen Anne neckline, edged in pleated chiffon ruffling. The back bodice was fashioned with tiny covered buttons extending to the waistline.

The long full Chantilly bishop sleeves ended at the wrists in wide cuffs and chiffon pleated ruffles with tiny covered buttons.

The long sunburst pleated skirt had a knife pleated flounce edged in Chantilly lace that flowed into a magnificent chapel length train. She wore a chapel length veil edged in matching lace and attached to a lace-covered cap decorated with seed pearls. She carried a cascade arrangement of silk flowers of white lilies and roses accented with red silk baby's breath and white satin and lace streamers.

Observing tradition, for something old she carried a lace-edged linen handkerchief that belonged to her great-grandmother Viola Osborn. The same handkerchief was carried by the bride's mother on her wedding day.

Her bridal gown and veil were something new; something borrowed was a string of pearls and pearl earrings belonging to her grandmother, Mrs. Earl Thompkins; for something blue, she wore a traditional blue garter with a tiny white pearl heart; for luck, she wore in her shoe a penny minted in the birth year of the bride and bridegroom.

The bridegroom was attired in a grey ascot full dress grey tail coat accented with notched lapels and top collar trim of elegant satin braid. He wore matching grey flare trousers and white pleated wing collar shirt, grey groom's sash, a banded grey tie and black shoes.

His boutonniere was a single red rosebud.

Serving as maid of honor was Lisa Crooks. She wore a red velvet floor length strapless gown, elasticized at bodice-top with a ruffle edged in red satin. The waist was complete with a wide red satin cummerbund. She carried long stemmed white carnations surrounded with red pixie carnations, and baby's breath and white satin streamers.

Bridesmaids were Becky Hadley, Rhonda Sharp and Tonye Harrington. The dresses of the maid of honor and the bridesmaids were identically styled by the bride's mother.

Bruce Mayfield served his brother as best man. Groomsmen were Richard Carpenter, Ricky Mayfield and Tad

Reception To Honor Mrs. Christian

A reception in honor of Carrie Christian will take place Sunday, March 7, from 2-5 p.m. CST in Hamlin Memorial United Methodist Church parlor.

The affair is being hosted by Mrs. Christian's children in honor of her 75th birthday.

No local invitations have been sent, but all friends and relatives of Mrs. Christian are invited to attend. The family requests no gifts please.

Dustin Whitener Has 1st Birthday

Dustin Heath Whitener, son of Gerald and Cheryl Whitener of Texico, celebrated his first birthday with a family party Saturday, Feb. 6.

Those attending the festivities were Sterling and Cordie Lockmiller; Trace and Pam Lockmiller; Meredith, Sandy and Lee Howard; T.J. and Katy Trule, all of Clovis; Brandon and Deborah Autrey; Sammy, Kay and Martin Singletery; Kyle and Elaine Cain; Wilma, Terry and Charlene Whitener; all of Texico; and Watson, Suzie and Joanna Langford, and Marjorie Watkins, all of Farwell.

Dustin's grandparents are Mr. and Mrs. Sterling Lockmiller of Clovis and Mr. and Mrs. Howard Whitener of Texico.

Great-grandparents are Mr. and Mrs. J.W. Stephens and Mrs. S.E. Lockmiller, all of

Mayfield. They all wore black tuxedos and black bow ties with red ruffled shirts. Their boutonnieres were red rosebuds.

Serving as ushers and candlelighters were brothers of the bride, Rusty and Terry Rucker. Booth Blanton, niece of the bridegroom, was the flowergirl and ringbearer was Brian Cherry. They were attired like the bridesmaids and groomsmen. Lisa Cain, cousin of the bride, registered the guests. Tasha Rucker, sister of the bride, passed out scrolls and rice bells.

As the bride approached the altar, she presented her mother with a long stemmed red rose, and after the ceremony, she presented a long stemmed red rose to the bridegroom's mother.

Selected pre-nuptial organ music was presented by Margie Pena. As the grandmothers and mothers were seated, Stacy Kottmann, cousin of the bride, sang, "Sunrise, Sunset." The bridesmaids and bride entered to the musical selection of "The Wedding March." Miss Kottmann then sang "Devoted To You" and "Heavenly Father." Follow me was sang as the bride and bridegroom lighted the unity candle.

The bride's mother chose a floor length gown of mauve colored Qiana featuring a scoop neckline. The attached capelet, trimmed in wide matching lace, was elongated in the back. The bridegroom's mother wore a floor length gown of pale blue polyester knit with a cape of polyester chiffon in a hand-screen print. The mothers wore shoulder corsages of white roses.

Following the ceremony a reception was held in the church fellowship hall.

Serving at the bride's table were Pam Rucker, Leah Rucker and Sherry Rucker. Serving at the bridegroom's table were Phyllis Mayfield, Sonya Mayfield and Tera Knight.

The bride's table was covered with a floor length cloth of gathered white nylon

over white satin. The three-tiered white cake trimmed with tiny red bows and rosebuds, was separated by columns with cherub and white doves, and was topped with a bride and groom. A fountain under the cake was surrounded with greenery.

The punch was a deep red slush with strawberries served in a large crystal bowl. A crystal hurricane lamp with a large red candle and the bridesmaids' bouquets completed the centerpiece.

The bridegroom's table was round, covered with a beige cloth, edged in brown. The bridegroom's cake was chocolate with light chocolate icing accented with a bouquet of chocolate roses. Served with the cake were strawberries, whipped cream and coffee. Both cakes were made by Mrs. Raymond Meador.

The rehearsal dinner hosted by the bridegroom's parents was held at a Clovis restaurant. A "roasting" of the bride and bridegroom was given by family members and friends, concluding with congratulations and best wishes for the future. Gifts were given to all members of the wedding party.

A brunch given in honor of the bride was held in the home of Pam Rucker, assisted by Tanya Bennett, with 15 in attendance.

Courtesies extended the couple were a miscellaneous shower given in Clovis by Jane Harrington, Kathryn Harrington, Wilma Jean Hughes, Janice Turner, Danalee Sluder, Kay Kelley, Kay Coffey, Cindy Littlejohn, Margie Crooks and Margaret Lacy.

A bridal shower was given in Farwell, hosted by Janie Day, Ruby Meeks, Sherry White, Joy Stancell, Shirley Vaughn, Sue Dobbs, Doris Martin, Martha Curtis, Tommie Fulcher, and Yaunda Martin.

The bride chose for her going-away attire a white wool suit with a red silk blouse. The groom wore grey slacks and grey heather V-neck sweater over a checked shirt.

After a wedding trip to Ruidoso, the couple are making their home south of Bovina.

Southwestern Public Service invests more than \$2 in capital for every \$1 of power the company produces and sells. This investment includes the costs of construction and maintenance of power plants, fuel costs and transportation, as well as salaries, supplies and other operating expenses which all businesses must pay.

Microwave ovens use less electricity because they cook faster than conventional ovens. Faster cooking helps foods retain their natural flavors, vitamins and nutrients. One penny will operate a 1,450-watt microwave oven for about 20 minutes, long enough to cook a well-balanced, nutritious meal. It would cost about two cents to cook the same meal on a standard electric range.
