

Highway Patrolman Assigned To Parmer Co.

Carl L. Davis, highway patrolman assigned to Parmer County arrived in Farwell on Sunday and took up his duties with the department on Monday, March 15.

Prior to coming to Parmer County Patrolman Davis has served with the highway patrol department at Sierra Blanca, Seminole and Sanderson. He has been with the department since 1960, prior to which he served as a member of the U.S. Marines, as a sergeant for a five year period. He served in both the Far East and the European Theaters. He has also had experience as a Diesel mechanic in the oil fields.

He and his wife are members of the Baptist Church. The family is making their home in the Ebb Randol trailerhouse in Farwell. Patrolman Davis is the father of three boys, 11, nine and two years of age. The two older boys will not arrive in Farwell until the close of the present school term.

Present plans call for a second patrolman to arrive in Farwell around April 1 to assume duties in the Parmer County area. "A need for two patrolmen in the area arises from the fact that two U.S. Highways, two state highways and several major farm to market roads cross the county-with an estimated 160,000 vehicle miles traveled per day," explains Sgt. Wells from the Hereford area patrol station.

Sgt. Wells adds that he is a little more than glad to see the Parmer County patrol office reopened, due to the number of accidents in the county. Accidents have been on the rise in Parmer County in the past few years, with the accident rate for the area higher than other Texas

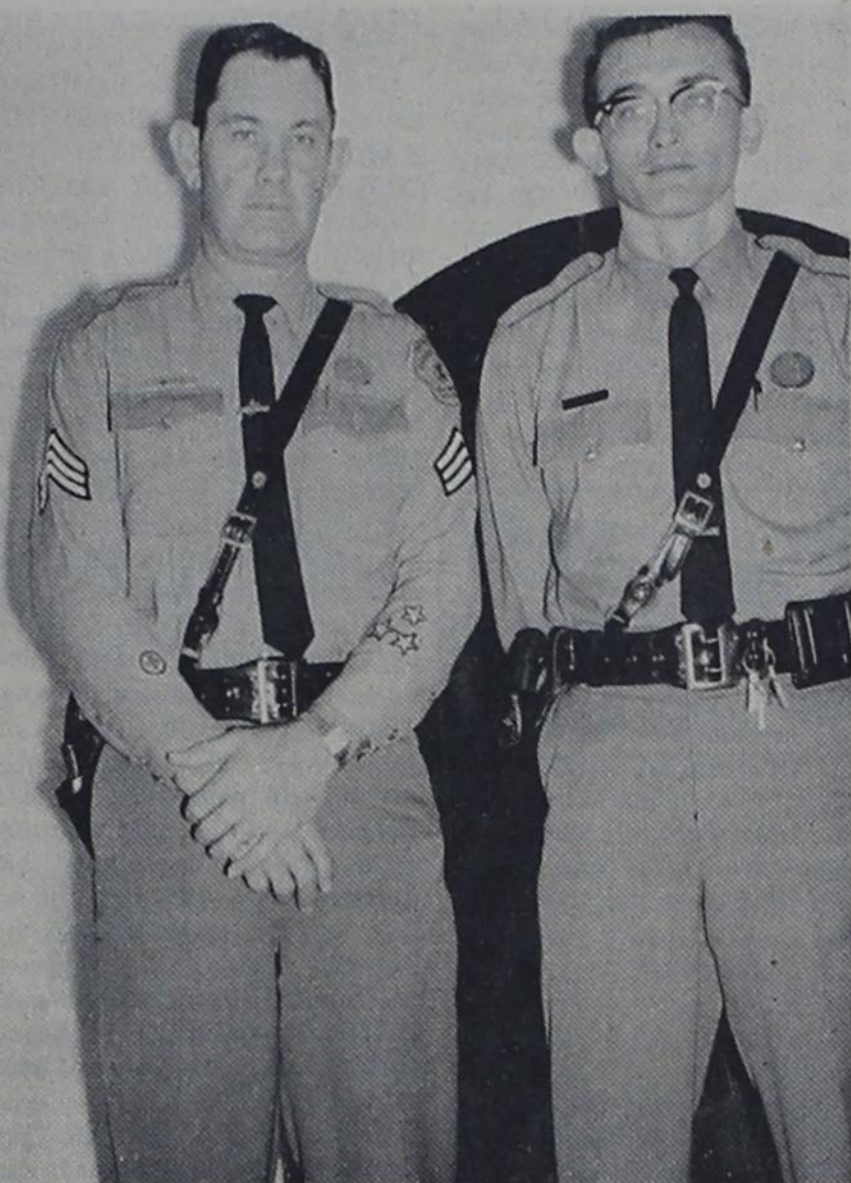

areas of the same size.

Caral Parker who was stationed in Farwell from 1962 until April 1964 transferred to Kilgore in the Tyler district and Parmer County has been without the services of a regular patrolman since that time.

Main objectives for the highway patrolman will be controlling

traffic in Parmer county, however, he will assist other law enforcement officials if needed in other areas.

Not only will the patrolman be on the lookout for traffic violators in the city limits of all county towns, since there are no city officials to enforce the city speed ordinances.

Sgt. Wells, left, of the Hereford Highway Patrol office was in Farwell early this week assisting Patrolman Carl L. Davis, who has recently been assigned to the Parmer county area, get settled. Patrolman Davis assumed duties in the area on Monday morning.

Paint-Up, Clean-Up Campaign Set For April 15- May 15

At a lengthy session of the Twin Cities council on Tuesday evening plans were completed for the Paint-up, Clean-up campaign for the Twin Cities. Date for the drive was set for April 15 through May 15.

Jerry Bradshaw, representing the Jaycees, Mrs. Hattie Boling, Study Club representative, Mrs. Wesley Engram, Texico Woman's Club and Gayle Doolittle, Texico Town Council, were appointed as a committee to complete plans and draw up resolutions for the paint-up, clean-up campaign and present them at the next meeting of the group. Next meeting was set for March 30.

Also discussed at the meeting was the annual box-sox social for the Twin Cities Council (a benefit for the Little League Ball Park Fund).

Possibility that a Queen Contest, or a Little Miss Texico-Farwell contest would be held in conjunction with the event is also being considered.

REV. AL JENNINGS

Rev. Al E. Jennings To Be Guest Speaker At Methodist Church

Guest speaker for the Sunday evening service at Hamlin Memorial Methodist Church, March 21, will be Rev. Al E. Jennings, pastor of the First Methodist Church at Quitaque.

Rev. Jennings is the son of Mr. and Mrs. Finis Jennings of Lazbuddie and the brother of Mrs. Billy Watts of Farwell. He grew up in the Lazbuddie community and was in the Air Force for three years. He received his B.A. degree from McMurry College in 1961 and his Bachelor of Divinity

was expressed, with no action taken.

A committee headed by Wesley Engram is to work out details for the event and report back to the next meeting in two weeks. Others serving on the committee with Engram are Johnny Green, Lions Club; John Spearman and Joe Jones from the Rotary Club. Crume president of the Twin Cities council will also served on the committee.

All new club representatives to the Twin Cities Council are to attend the April 13 meeting along with all present representatives.

Attending the Tuesday night meeting were Mr. and Mrs. Bobby Crume, Mrs. Hattie Boling, John Spearman, John Getz, Mr. and Mrs. Wesley Engram, Gayle Doolittle, Joe Jones, Jerry Bradshaw and Mrs. Chris Moss.

Final Total
Final total submitted by Mrs. Bert Williams, treasurer of ESA, for the annual Mother's March by that organization, for the March of Dimes Drive is \$360.27.

Dr. Paul Cates To Speak To Baptist Brotherhood

Men and boys in the Texico-Farwell area are invited to be guests of the Farwell First Baptist Church at its brotherhood meeting, March 22, 7:30 p. m. (CST) at which time Dr. Paul Cates, president of the Texas Baptist Brotherhood will be guest speaker.

Special guests at the meeting will be members of the church brotherhoods from Oklahoma Lane, West Camp, Texico, Pleasant Hill and Muleshoe Baptist churches.

Dr. Cates has served as a member of the Board of Trustees of SMU and of McMurry College and has also served as president of a large hospital in Lubbock. He was elected to serve on the Executive Board of the South Central Jurisdictional Board of Education and was the only layman elected from the state of Tex-

as to the General Board of Education during the 1952-56 Quadrennium. He holds an honorary degree of Doctor of Law.

He became a member of the Lubbock First Baptist Church in 1956 and since that time has served as president of the Texas Baptist Laymen's con-

DR. PAUL CATES

ference of Texas; is currently president of the Texas State Baptist Brotherhood and is a member of the Executive Board of the Baptist General Convention.

He spoke 22 times in the "New Life Movement" in Japan in 1963 and has spoken to Baptist Brotherhoods in Arizona, Tennessee, Texas, Colorado and the general convention in Arizona. He is on the board of Directors of the Lubbock National Bank.

A fellowship hour will be held in the fellowship hall at the church following the meeting. Coffee and spudnuts will be served.

FIFTY FOURTH YEAR

10 CENTS

Work Begins On Texico Baptist Church

Work began on the Texico Baptist Church's new building on Monday morning. Contract for the structure had been awarded to George Taylor, a Friona contractor, at a meeting of the planning committee in early December.

The building, of masonry construction will be 44' x 100' and will house an auditorium, with seating capacity for 400 persons, in addition to a pastor's study and a nursery (with cry room).

The building is expected to cost approximately \$49,000 and present plans call for it to be completed sometime this summer (possibly July).

Serving as chairman of the building committee was Murray White-also chairman of the Board of Deacons; D.J. Brown, Billy Boling, Mrs. B.A. Kelley, Mrs. Buddy Pearce and Kathy White.

When the new building is completed the old church, in use since the early 1900's, will be used for additional educational facilities.

The new building is located south of the present church building.

Board of Deacons includes: Murray White, D.J. Brown, S. G. Jones, B.A. Kelley, Buddy Pearce and Olan Schlueter.

Father Of Local Man Dies

Funeral services are being conducted in Brownfield First Methodist Church today (Thursday) for George W. Henson, 77, father of Clay Henson of Farwell. Burial will be in the Meadow cemetery under direction of the Brownfield Funeral Home. Rev. J. Lloyd Mayhew, pastor of the Methodist Church in Brownfield officiated at the services.

Survivors include his wife, Edna, four sons, Clay of Farwell, Hubert, Joe and George Jr., all of Brownfield; four daughters, Mrs. Francielle Smith and Mrs. Beryl Yowell both of Brownfield; Mrs. Evelyn Simpson, Austin, Mrs. Lewanna Smith, Tokio, a granddaughter who was raised by the Hensons, Mrs. Jesse Ma y Chidester, Brownfield, one brother, W.A. Henson, Lubbock, 24 grandchildren and nine great-grandchildren.

Mr. and Mrs. Clay Henson are in Brownfield for the services.

Bill Whitesides who suffered a heart attack on Friday afternoon is hospitalized in Clovis Memorial Hospital. He is doing as well as can be expected, reports his wife

Three File For City Commission

Three persons, L.R. (Jelly) Vincent, C.G. Davis and Woodrow Lovelace filed for the city commission posts, in Farwell, before the March 6 deadline. Elmer Hargrove was the only person to file for the mayor's post.

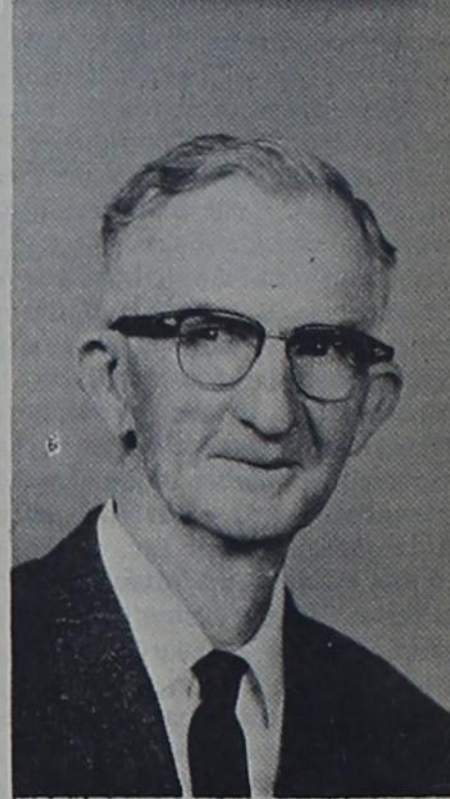

Election of city officials will be held on April 6 at the city offices with two commissioners and a mayor to be named.

Retiring mayor is Sam Aldridge. Retiring councilmen are Joe Blair and C.C. Christian. Christian chose to not have his name appear on the ballot and Blair is trying for a position on the Farwell School Board, thus is ineligible for a city post.

Bulletin

Funeral services will be conducted today (Friday) 2:30 p. m. from Hamlin Memorial Methodist Church for Mrs. J. R. Thornton who passed away in Parmer County Community Hospital Wednesday night following a lengthy illness. Rev. W. C. Strickland will officiate at last rites and interment will follow in Sunset Memorial Terrace under direction of Claborn Funeral Home of Friona.

Survivors include her husband J. Roy Thornton, two daughters Mrs. Ronald Price, Amarillo, and Mrs. I. W. (Dutch) Quickee, Farwell, two sons, J.R. Thornton Jr., Madison, Wis., and William Thornton, Dimmitt. Also several grandchildren including Mike Thornton, Elizabeth, Colo., son of the late Graham Thornton.

J. W. Billingsley

Buried Sunday

Funeral services were conducted from the First Baptist Church in Canyon, Sunday for J.W. (Jim) Billingsley, 66, who passed away at the family home in Canyon on Friday following a lengthy illness.

The Rev. Vernon Willard assisted by Rev. Strauss Atkinson and Rev. Newton Starnes officiated at last rites. Interment was in Dreamland Cemetery under direction of LaGrone Funeral Chapel.

Mr. Billingsley was born in Cleburne, Johnson County, Texas October 19, 1898. He moved with his family to Parmer County some 35 years ago and settled in the Oklahoma Lane community where he was engaged in farming until a few years ago when he retired and moved into Farwell.

Two and one half years ago the family moved to Canyon where they had made their home since.

Survivors include his wife, Nora; four daughters, Mrs. Alton Berry, San Lorenzo, Calif.; Mrs. Crawford Ruthart, Canyon; Mrs. Bill Glenn, Amarillo; Mrs. Jimmy Cain, Canyon, two brothers, Earl Billingsley and Sam Billingsley, both of Farwell, one sister, Mrs. Maude Funderburk, Olton; 10 grandchildren and four great-grandchildren and a host of friends.

Serving as pallbearers were W.A. Funderburk, James Billingsley, Bobby Billingsley, Howard Billingsley, Garland Billingsley, Billy Billingsley, Leon Billingsley and Hershell Curtis.

Honorary pallbearers listed were: E.A. Berry, L.C. Ruthart, G.D. Anderson Sr., Curt Jones, Ross Blankenship, Ralph Ruthart, D.C. Lindsey, Mitz Walling, Alvin Mace, Douglas Gossett, Jack Glenn, Ray Mears, Lawrence Cooper, C.C. Christian, and Wayne Foster.

Those attending the service from the Farwell area included Messrs. and Mesdames C.C. Christian and Phyllis, Leon Billingsley, Wayne Foster, Harold Carpenter, Donald Christian, Truman Kent, G.D. Anderson Sr., Bill Woodson, Bill Meeks, L.M. Grissom, G.A. Bandy, Nyron Hillock, George Lindop, Lawrence Cooper, and Pete Rundell.

Also Mr. and Mrs. Melbourn Jones, Mitz Walling, Jack Glenn, Ross Blankenship, H.R. Crook, LaVon Jones, Alvin Mace, Troy Christian, Claude Primrose, Joe Blair, Douglas Gossett, Fred Curtis, Vane Dasher, Bobby Billingsley, Ray Campbell, Wendol Christian, Mrs. J.R. Caldwell, Mrs. Johnnie Rundell, Clark Billingsley and Sherry Billingsley.

Weather Forecast

J.W. (Indian) Crim of the Lazbuddie community will hold his annual weather forecast at daybreak on Monday, March 22 at his farm.

Crim makes his weather forecast according to the way the smoke blows when a fire is lighted at daybreak.

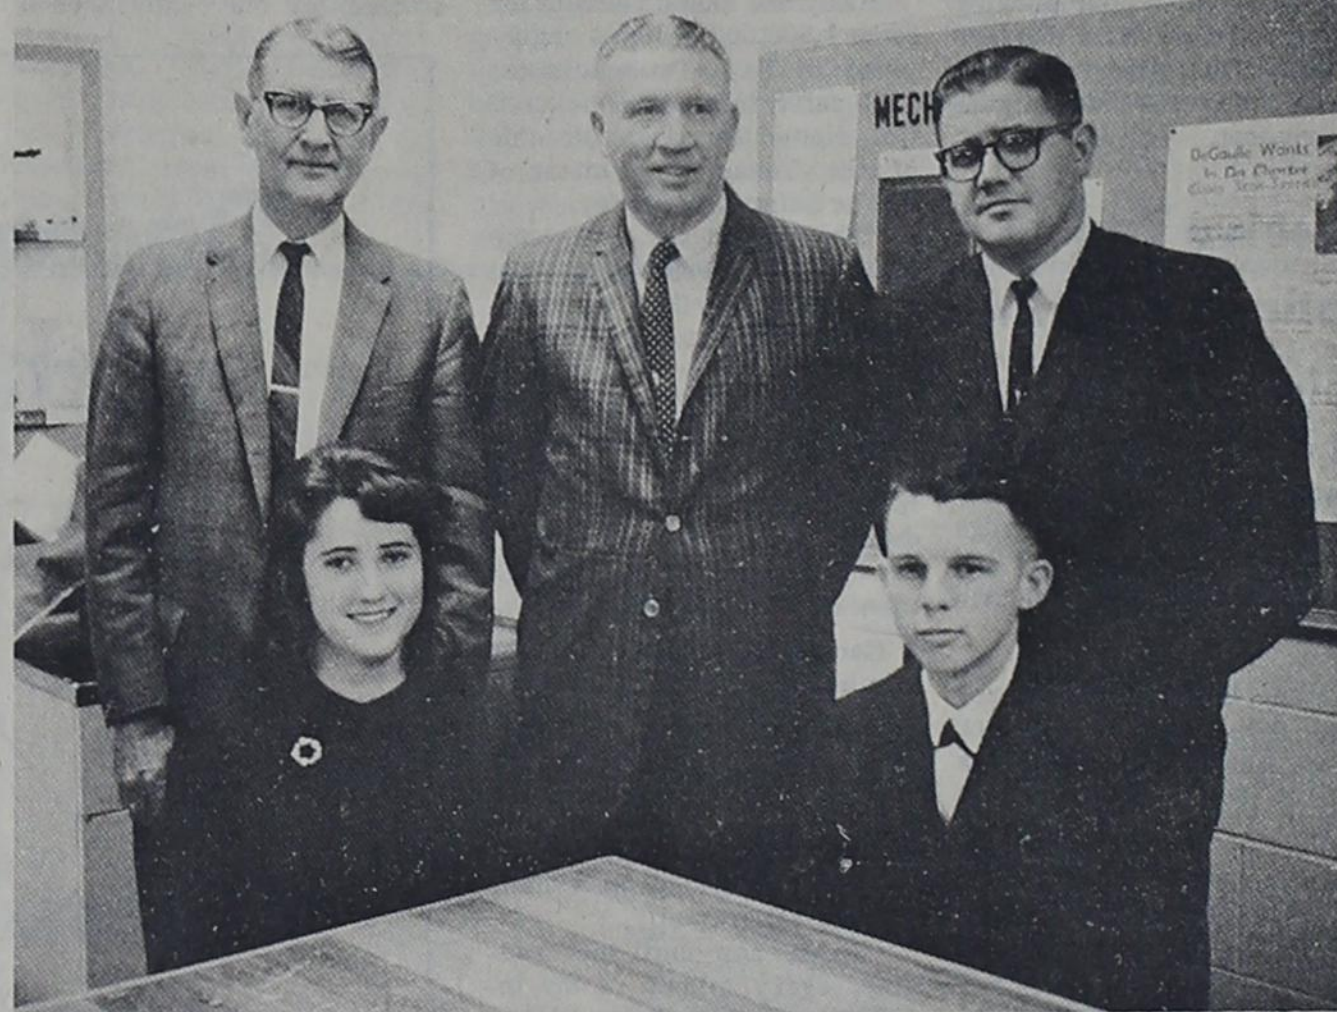

He has recently returned from a visit in the Rio Grande Valley, where he spent the past several weeks enjoying the nice weather.

Father Of Mrs. Magness Dies

Funeral services were conducted in McAllen March 9, for Thomas F. Wortham, of Pharr, Tex., father of Mrs. Joe Magness who passed away in a McAllen hospital on March 6, where he had been a patient for three weeks.

Attending the funeral services from Farwell were: Mr. and Mrs. Joe Magness, Mr. and Mrs. Ted Magness and children, Mr. and Mrs. Fred Magness and children, and Mr. and Mrs. Clyde Magness. Accompanying the local people were Mr. and Mrs. Clair Lackey of Amarillo.

Mrs. Joe Magness had been in McAllen for several weeks at time of her father's death. She and her husband remained in McAllen at the bedside of her mother, Mrs. Wortham. Mrs. Wortham has been hospitalized for several weeks, following a fall in which she sustained a broken hip.

MR. AND MISS FBLA---Marquita Wall and Terry Lovett seated will represent the Texico School in the New Mexico State Mr. and Miss FBLA Contest, to be held in Portales on April 2-3. They were chosen by the panel of Clovis businessmen shown standing left to right, C.D. Kelley, manager of the Woolworth Store, Reese Cagle, First Federal Savings and Loan, and Morris Stagner, District Attorney.

Clovis Businessmen Judge Mr.-Miss FBLA Contest

Judges for the Texico High School "Mr. and Miss FBLA" (Future Business Leaders of America) contest on Tuesday were three Clovis businessmen, Reese Cagle, First Federal Savings and Loan, C.D. Kelley, manager of the Clovis Woolworth Store; and Morris Stagner, district attorney serving Curry and Roosevelt Counties.

Six contestants in each of the contests were interviewed by the judges for periods of time before a decision was reached. Terry Lovett, son of Mr. and Mrs. Roy Lovett was named "Mr. FBLA"; and Marquita Wall, daughter of Mr. and Mrs. Willie Wall was chosen "Miss FBLA."

Personal appearance-grooming, appearance in their clothing, choosing the proper clothing for the occasion; Personality-poise, confident, resourceful, tactful, pleasant, evidence of good health; Speeches good form, use of sentences, logical sentence structure, sells, skills, knowledge, training, service, ability; Potential Educational Ability; Conduct during interview; Career Plans-reflects above average scholastic ability, gives evidence of marketable skills, shows logical reasons for actions.

The contestants at the national convention are judged on the same basis as the local group were judged on. Terry and Marquita will be

in Portales to compete in the state contest on April 2-3. National convention this year will be in Cincinnati.

Winner of the Texico Mr. FBLA contest last year, Gary Farmer, was also winner of the state and national "Mr. FBLA" contest.

In other eliminations for the state contest on Tuesday afternoon Keith Crooks and Terry Lovett were chosen to represent the school in the vocabulary contest, and Mike Spearman and Joe Patterson were chosen to be representatives in the spelling event. Speech eliminations will be held at a later date.

The parliamentary procedure team has already been picked and are practicing daily for the state contest. Texico's parliamentary procedure team were seventh in the national contest last year, however they

(Continued on page 2)

Clayton Reports Busy Session

Two months of the legislative session have gone, and probably in no time in history has a legislature moved so rapidly as has this present one, over 750 bills have been introduced besides all the concurrent, simple and joint resolutions and the Senate Bills. Knowing that there are a number of issues that have to be decided, and with the determination that this will be done in the time that is allotted for the regular session, the members have begun diligently to get all of the necessary legislation passed.

Speaker Barnes, who was elected after the session had begun and Byron Tunnell had resigned, has guided the House of Representatives, and he appointed his House Committees and had them at work in a matter of days. I received excellent committee assignments - I am Chairman of the Aeronautics Committee; a member of the important State Affairs Committee, it is in this Committee that a major portion of the controversial bills are considered; a member of the Conservation and Reclamation Committee; a member of the Public Health Committee, and a member of the Committee on Municipal and Private Corporations.

I have introduced at this session, several bills, and five of these bills have been heard by the Committees to which they have been assigned, and are now ready for floor action. Twelve bills were introduced as a result of the study that the Interim Committee on Water, of which I was Chairman, made and of course water legislation is of prime interest to us in our area of the State. Some of the bills I have introduced are as follows:

H. J. R. #21 - concerning terms of office of Directors of Conservation and Reclamation Districts.

H. C. R. #30 - asking Congress not to repeal the "Right to Work Law".

H. B. #77 - Regulating and licensing water well drillers.

H. B. #83 - Requiring imported meat to be labeled.

H. B. #220 - Making it a crime to buy, sell or possess cantharidin (Spanish fly).

H. B. #231 - Extending the benefits of the water development board to underground water.

H. B. #232 - Changing the name of Soil Conservation Districts.

H. B. #233 - Relating to travel and per diem of State Soil Conservation Board members.

H. B. #292 - Relating to an alternate method of filling vacancies for office of alderman or mayor.

H. B. #402 - Requiring gravel trucks to prevent the loss of gravel while in route.

H. B. #505 - Authorizing State Hospitals and Schools to grant easements and rights-of-way.

I have co-authored the following bills:

H. B. 151 - Making it unlawful to give liquor and beer to anyone under the age of 21.

H. B. 153 - Making the speed of pick-ups the same as passenger cars.

H. B. 256 - Requiring an ad valorem tax receipt before registering cars.

H. B. 11 - Raising the gross weight of cotton trailers from

the present 10,000 lbs. to 15,000 lbs.

I am hopeful that these bills will receive final passage early in the session. The House and Senate have finally passed the legislation that will create a Coordinating Commission to be responsible for guiding Texas to excellence in Higher Education - the Coordinating Commission replaces the Commission on Higher Education. The House Committee has finished work on the bi-ennium appropriation bill and it has passed the House, and when the Senate has passed their version the conference committee from the two Houses can begin work on the final appropriation bill. This bill must be finally passed before any other matters, involving appropriation of money, can be considered; so it makes it of prime importance that the bi-ennium appropriation bill be passed at as early a date as possible.

Of considerable interest is the legislation that would make it legal to have pari-mutuel betting on horse races, and also the legislation that would liberalize the liquor laws of Texas. As many of you already know, I am unalterably opposed to both the pari-mutuel betting bill and also to the bills that would make the changes in the liquor laws of Texas. I shall continue my efforts to see that this proposed legislation does not pass at this session.

One measure that must be considered and acted upon, and one which is being given many, many hours of study is the matter of redistricting the State. This must be done at this session, and with the population having shifted in so many parts of the State, the redistricting bill is going to make vast changes in the local districts. The several proposals have not advanced far enough, as yet, for me to be able to predict what affect the redistricting legislation will have on our area, but I have conferred with the authors of the proposals, and we shall continue to work on the issue.

The rise in the cost of living has made it necessary for us to consider pay raises in the areas such as school teachers, District Judges and District Attorneys, and other State employees. This will require the passage of a tax bill, which we will consider after the final appropriation bill is passed.

You can see that we are very busy, but as issues, in which you have a particular interest, are considered I hope that you will let me hear from you, because I can best represent District 91 if I know your thinking on the different bills that are pending. This report is from Bill Clayton, your voice in State Government.

Receive Top Ratings At ENMU Solo Festival

Kathy and Susan White, daughters of Mr. and Mrs. Murray White were given ratings of I in the recent "Solo and Ensemble Festival" on the campus of ENMU.

Kathy played an alto saxophone solo "Ballade" for her number and Susan played a bass clarinet solo "Asleep in the Deep."

Janet Wilson, who has played the French horn for only three weeks, received a IV rating on her solo "Mighty Major."

Cynthia Armstrong and Janet Wilson, performing in the twirling contest received a rating of III.

The high school band, under direction of Gerald Tiffin, will be in Clovis on March 20 to participate in the Intramural Festival at Marshall Junior High School.

School Board Reorganized

A reorganizational meeting of the Texico school board was held on Thursday night at which time ballots from the bond election were canvassed and the two principals hired for next year.

F.S. Thigpen will again serve as president of the board; L.A. (Buddy) Pearce was re-elected vice - president, and David Turner, a newcomer to the board, will serve as secretary. Other board members are Wesley Engram and Paul Skaggs, James Pierce, high school principal, and Mrs. Zelta Younger, elementary principal were given their contracts for an additional year.

A meeting of Jim Burran, architect for the new building, the faculty members and school board members is scheduled for this afternoon (Thursday) immediately after school dismisses. Details of the plans for the new buildings will be discussed.

To Attend State School Board Meet

Members of the Texico school board along with Supt. A.D. McDonald will be in Albuquerque this weekend to attend a meeting of the New Mexico School Board and Administrators Association.

Speaker for the affair will be Dr. E.R. Harrington, Coordinator of Secondary Education in the Albuquerque schools. His topic will be "Who Should be Educated?"

Also speaking at the meeting will be Harry Wugalter, chief of Public School Finance in the state of New Mexico.

Two Farwell Students Attending LCC

Two Farwell students, Janice Meeks and Suzette Bourlon, are among the 572 students enrolled at Lubbock Christian College (LCC) for the spring semester.

LCC has students from 28 states, 236 cities, and 13 foreign countries. Foreign countries include: Canada, Canal Zone, China, Cuba, Germany, Iran, Israel, Japan, Okinawa, Puerto Rico, Saudi Arabia, Scotland and Thailand.

With the completion of a new campus center in September, fall enrollment is expected to reach 750.

Safety Stickers Due April 15

"Only one month remains for some 1,500,000 vehicles registered in Texas to secure the 1965 safety inspection sticker," Col. Homer Garrison, director of the Texas Department of Public Safety, said today.

"The period set by law for securing the 1965 sticker ends at midnight, April 15, and there can be no extension of that deadline," Garrison pointed out. "Any Texas motorist whose vehicle does not display the new sticker after April 15 is subject to arrest by any sheriff or his deputy, any city policeman, or by officers of the Department of Public Safety."

Garrison said that in the remaining month of the inspection period there is sufficient time for the 5,300 official inspection stations to inspect the remaining vehicles without undue inconvenience to the motorists, provided the vehicle owners act promptly.

"From now until the deadline, every minute of the inspection station's time will be at a premium," Garrison warned, "and waiting lines will become general throughout the state."

Garrison suggested that congestion at inspection stations would be lessened if known defects in a vehicle were repaired prior to presenting the vehicle to the station for inspection.

4-H Horse Program Set For March 23

All boys and girls interested in the 4-H Horse program should attend a meeting next Tuesday, March 23 at 7:30 p.m. in the County Courtroom of the Courthouse according to Joe VanZandt, Farmer County Agent.

The program will be explained to the group and plans for coming activities will be made at the next meeting.

This 4-H program is open to any boy or girl, age 9 to 19, who is interested in this type of activity.

All parents and other interested persons are invited and encouraged to present to hear the program explained.

The Texas State 4-H Roundup will include a quarter horse judging contest for the first time this year, according to Joe VanZandt, Farmer County Agent.

VanZandt said the contest became essential due to the rapid growth of the Texas 4-H Horse program during the past four years.

The quarter horse judging contest will provide opportunities for the 4-H members with horse projects to develop the ability to explain observations, to make decisions and to learn principles of horse selection and evaluation. It is the newest principles of horse available to members with horse projects.

Mrs. Russell Johnson who has been hospitalized for the past few weeks is showing no improvement at this time. She is undergoing further tests to determine the cause of her illness.

LEGAL NOTICE

THE STATE OF TEXAS
To: The Capitol Freehold Land & Investment Company, Ltd., a defunct corporation, formerly of London, England, its

unknown stockholders, officers and directors, and should any of them be deceased, their unknown heirs, assigns and legal representatives, Defendants, Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A. M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 26th day of April, 1965, at or before ten o'clock A. M. before the Honorable District Court of Farmer County, Texas, at the Court House of said County in Farwell, Texas.

Said Plaintiff's Petition was filed in said court, on the 8th day of March, A. D. 1965, in this cause, numbered 2553 on the docket of said court, and styled, THE FARWELL CHURCH OF CHRIST, Plaintiff, vs. THE CAPITOL FREEHOLD LAND & INVESTMENT COMPANY, LTD., Defendant.

The names of the parties to the cause are as follows: THE FARWELL CHURCH OF CHRIST is Plaintiff and The Capitol Freehold Land & Investment Company, Ltd., a defunct corporation, formerly of London, England, its unknown stockholders, officers and directors, and should any of them be deceased, their unknown heirs, assigns and legal representatives, are Defendants.

A brief statement of the nature of this suit is as follows, to wit: Suit in trespass to try title to all of Lot 18, of Block 13, of the Original Town of Farwell, Farmer County, Texas, Plaintiff alleging that on January 1, 1965, it was lawfully seized and possessed of said property, holding and claiming same in fee simple, and that Defendants on such date unlawfully entered upon and ejected Plaintiff from such premises to Plaintiff's damage in the sum of \$500.00; and that the reasonable annual rental value of said land is \$100.00.

Pleading further in the alternative, Plaintiff pleads and invokes the 10-year statute of limitations as same applies to land titles in the State of Texas as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this 9th day of March, A. D. 1965. (SEAL)

Attest:
Dorothy Quickel Clerk,
District Court,
Farmer County, Texas.

MEET MR. WUNSTOP DUZZIT

The Sunday school teacher concluded her lesson on religious ritual by asking, "Can anyone tell me what you must do before you obtain forgiveness of sin?" There was a long silence, then from the back of the room a small boy spoke up and said, "Sin."

Patricia Patterson, Art Peiffer Married In Sunday Ceremony

Patricia Ann Patterson, Pensacola, Fla., daughter of Mrs. Avis Patterson, Texico and Art Peiffer, also of Pensacola, son of Mr. and Mrs. Lee Peiffer, Borger, were married in a quiet ceremony attended by family members on Sunday, March 7, at 5 p. m. (CST) in the chapel of First Methodist Church in Clovis.

The double ring ceremony was read by Dr. R. L. Willingham at the chancel which was adorned by an arrangement of spring flowers.

Attendants for the couple were Lyle Peiffer, brother of the groom from Borger, and Galle Peiffer, a cousin of the groom, also from Borger.

Miss Patterson chose a street length suit of royal blue with white accessories for her wedding. Her corsage was a single white orchid.

Reception Marks 25th Anniversary For Charlie Hromases

Mr. and Mrs. Charlie Hromases were honorees for a reception at Farwell First Baptist Church Sunday afternoon 2 p.m. - 5 p.m. when approximately 100 friends and relatives gathered to help them celebrate their silver wedding anniversary (25th).

Hosting the social were their daughter and son-in-law, Mr. and Mrs. Mike McManigal. Special guests were Mrs. Frank Hromas, Ft. Worth, mother of Charlie Hromas and Mr. and Mrs. Cecil Rundell, Muleshoe, who had been attendants at the Hromas wedding 25 years ago. Mr. and Mrs. Rundell assisted in receiving guests.

Presiding at the guest register was Mrs. Jerry Wilburn, a niece of the honorees from Bovina. Guests were registered in an anniversary book bearing the inscription "Our Silver Wedding Anniversary." Registration table was laid with white and centered by pictures of the honorees during their courtship days and shortly after their wedding flanked by candles.

Serving table was laid with white linen and centered by an arrangement of blue and white flowers, which were later presented to the honorees by Mr. and Mrs. Wendol Christian. Flanking the floral arrangement were blue candles. A three tiered anniversary cake, which was served with hot spiced tea, or coffee, mints and nuts, was set at one end of the serving table. Silver table appointments and napkins inscribed with the names "Gladys and Charlie 1940-1965" completed table decor.

Sisters and nieces of the honorees alternated at the serving table.

Out of town guests attending the social were Mr. and Mrs. James Brewer, Ft. Worth; Mr. and Mrs. W. C. Hromas, Hereford; Mr. and Mrs. Arnold Freeman and daughter, Mr. and Mrs. J. C. Boone, Mr. and Mrs. Andy Sutter, Mr. and Mrs. A. C. Atkins, Mr. and Mrs. J. A. McDaniel, Mr. and Mrs. Clayde Sparks and Lynn, and

25th ANNIVERSARY--Mr. and Mrs. Charlie Hromas celebrated their silver wedding anniversary with a reception in the fellowship hall at First Baptist Church, Sunday, March 14.

Mr. and Mrs. Lawrence Riggs and daughters, all from Clovis.

Also Mr. and Mrs. Arnold Hromas and family, Mr. and Mrs. Jerry K. Wilburn and Shannon, Mr. and Mrs. Frank Edwards and Mr. and Mrs. E. A. Hromas, all from Bovina; Mr. and Mrs. Mickey Rundell, Lubbock; Mrs. Juanita

Barbee, Mrs. Irene Wall and J. C. Gennings, all of Portales, Mr. and Mrs. Jack McManigal, Canyon, and Mrs. J. J. Terry and grandchildren from Enoch.

Attends National Auxiliary Board Meeting

Mrs. Loren Wilson, secretary of the National Rural Letter Carriers' Auxiliary, attended the National Auxiliary Board meeting in Tulsa, March 12-14.

All of the national officers, with the exception of one who was ill were present for the meeting. Plans for the 1965 national convention, to be held in Boston, Mass., in August, were completed at the Tulsa meeting. The group also discussed their state convention assignments, membership, and the projects of cancer research, diabetes and Scholarships.

The Rural Letter Carriers' Auxiliary is the second largest Auxiliary in the nation, following close behind the American Legion Auxiliary.

National officers in addition to Mrs. Wilson at the Tulsa meeting were: Mrs. Rail Rainwater, Oklahoma; Mrs. Jack Warren, Tennessee; Mrs. Earl Eyre, Connecticut; Mrs. John Ludens, South Dakota and Mrs. Weldon Anderson, Iowa.

"Juveniles are no worse than they ever were-they just are not as close to their parents as they were 25 years ago" said Odell Parish in speaking on the "Problems of Handling Juveniles" at a meeting of Texico Woman's Club Monday night. Parish, District Juvenile Officer is shown with Mrs. Ed Farmer, president of the Texico club.

Juvenile Officer Speaks To Texico Woman's Club

Odell Parish, District Juvenile Officer with offices in Clovis was guest speaker for the Texico Woman's Club Monday night, when club members met in the home of Mrs. Harvey Hudnall with Mrs. Roy Snodgrass as co-hostess.

In opening his talk Parish said "I don't believe children and teenagers have changed-they are just not as close to their parents as they were in our day." He told of many of the problems in handling juveniles and gave some of the things which he believes would help the situation. "Boys and girls who have background seldom give us any trouble," he said stressing the need for better training in the homes.

Following his talk a question and answer session was held and Parish attempted to answer all questions put to him by the ladies concerning juvenile problem and the proposed home for "juvenile boys and girls" in the Clovis area.

In the business meeting Mrs. Ed Farmer appointed a nominating committee and a scholarship committee. Mrs. Elmer Teel will head the nominating committee and Mrs. Howard Leavell will serve as chairman of the scholarship committee. Serving with Mrs. Leavell will be Mrs. Melvin Burns and Mrs. Jim Pierce. Members of the club will canvass the town to sell the remaining candy left from the recent fund raising campaign.

Pie and coffee were served to Mr. and Mrs. Odell Parish, guests, and Mesdames Ed

Farmer, Johnnie Green, Leroy Faville, C.B. Stockton, Elmer Teel, Truman Kittrell, Howard Leavell and Harvey Hudnall.

The Beatitudes Is Devotional Topic

Companion class of Texico First Baptist Church met in the home of Mrs. Dee Brown on March 4, for a social and short business session.

Devotional was presented by Mrs. Billy Boling who used "The Beatitudes" as basis for her discussion. No new business was transacted. The meeting closed with prayer and the April meeting was set for the home of Mrs. Truman Kittrell.

Jello salad, cookies, coffee and hot tea was served to Mesdames Tena Roth, Leon London, Truman Kittrell, Johnny Hammit, Butch Tharp, Ernest Foreman, C.H. Webb, Billy Boling and Dee Brown.

The groom is a graduate of Dumas High School and has attended the University of Oklahoma and Eastern New Mexico University. He will complete work for a B. A. degree this summer. He is employed at the present time in Pensacola.

Mr. and Mrs. Lee Peiffer were hosts for a wedding dinner honoring the newlyweds at a Clovis restaurant Sunday evening, with attendants and parents of the couple attending.

The couple left by plane for Pensacola on Monday.

Farwell Band Attends Lamesa Music Festival

Farwell high school band, under direction of Tommy Mayfield, was in Lamesa Saturday to participate in the Lamesa Invitational Music Festival. This is the fifth year for the festival and some 16 bands participated.

Nine of the bands were in Class A, and one trophy was presented in each class. Petersburg won the Class A trophy in sight reading and concert work. Other bands in Class "A" were Iraan, Merkel, Tahoka, Sudan, Rankin, Plains, Reagan County High School, and Farwell.

Dean Killion gave constructive criticism to the bands, which will prove helpful when the bands participate in the Amarillo Concert Contest on April 8. The Farwell band will be in Canyon on March 20 for the Solo and Ensemble Festival.

Attendants at the Lamesa Festival were feted with a stage show, by Lamesa Talent, and a party on Friday evening and many of the band members remained in Lamesa through the day Saturday to hear the other bands perform.

Going to Lamesa with the band were Tommy Mayfield, Amos Tatum, Howard Crooks, Mrs. Bob Anderson, Mrs. J.W. Herington, and Mrs. Pershing Busbice.

PARLIAMENTARY PROCEDURE TEAM—The parliamentary procedure team from the Texico FBLA (Future Business Leaders of America) will participate in the state convention at Portales on April 2-3. Members of the team include left to right: Mike Spearman, Terry Lovett, Floyd Morris, Clarence Ethridge and Mickey Lofton. The Texico FBLA teams have won the state contest for the past three years and last year placed seventh in the National contest. They are holding practice sessions each day from 8 a.m. - 9 a.m. Alternates for the team are Sharon Peyton, Joe Patterson, Lynelle Ingram, Veda Wilson and Don Baldrige. Team members were given a rigid test before being chosen.

Complete Work On Medical Self-Help

Members of the Texico 4-H Club met in the home of Mrs. Perry Winkles on Wednesday afternoon to complete work on the "Medical Self-Help Care" programs.

Films were shown on burns, shock, healthful living in an emergency and transportation of the injured. Roll call was answered with something learned about giving artificial respiration. A test was given at the conclusion of the afternoon and each girl's score was high.

All of the club members (with the exception of one) completed the courses required for a certificate in the self-help course.

Each member paid her IFYE (International Foreign Youth Exchange) dues of 15¢ and plans were made for several of the group to participate in the county judging contest on April 3.

Attending the Wednesday meet were: Cindy Combs, Betty Jean Autrey, Kathy Lockhart, Beverly Winkles, Janet Wilson, Connie Autrey, Veda Wilson, Debbie Tharp, and Sandy Tip-ton.

Next meeting was set for March 24 in the home of leader Mrs. Perry Winkles.

Birthday Party Honors Coach Vernon Scott

The freshman girls' basketball squad surprised Vernon Scott (their coach) with a birthday dinner at a local restaurant last week.

As the coach was escorted into the dining room at the restaurant by Elmer Hargrove (who had been delegated to get him to the social without telling the secret) girls began to sing "Happy Birthday Coach".

Following a dinner which featured steak, birthday cake was served for dessert. The cake was decorated with blue candles and the words "Happy Birthday Coach," in blue candy letters. Carolyn Langford baked and decorated the cake.

Attending the social were the honoree, his wife, Mrs. Vernon Scott and sons, Stevie and John, and Debbie Hargrove, Jackie Gast, Patsy Wilhite, Sharon Enisor, Nelda Winegeart, Sharron Busbice, Vicky Kaltwasser, Vickie Lunsford, Kandy Meeks, Donna Kirk, Carolyn Langford, and Roberta Chisman.

\$950 Realized From Invitational Volleyball Tourney At Lazbuddie

Approximately \$950 was realized from the Invitational Volleyball Tourney held at Lazbuddie recently. The tournament was sponsored by the PTA, FHA and the Young Homemakers Clubs.

Thirty two teams were entered in the event from the surrounding area. Prizes were given for first, second and consolation places in the men's and women's brackets.

First place winner in the women's division was the Rockettes from Earth; second was Sherley - Anderson-Lazbuddie and consolation prize winner was Plainview Women.

The Muleshoe Farm and Ranch Wranglers were winners of the men's division. Second place winner was Tom's Texaco from Olton, and Claborn Funeral Home from Friona was consolation winner.

The sponsors join in thanking all individuals who helped to make the event such a great success.

Jaycees Hold Officer Installation

Officer installation for the local Jaycees was held at the annual banquet and ladies night on Tuesday.

Speaker for the occasion was Jerry Fowler, Hereford, a state officer of the Texas Jaycee organization. He spoke on the "Jaycee Creed" stressing the need for helping ones fellowman and said that in so doing "We also help ourselves to be better citizens and leaders."

Officers were installed by Bud Miller from Tulla district vice-president of the Jaycees. Special guest attended the gathering from Clarendon, Hereford, Bovina, Muleshoe and Tulla.

Officers installed include: president, Don Gerles, 1st vice-president, Joel Tankersley; 2nd vice-president, James Norton; secretary, Fred Chandler; treasurer, Eddie Traxson; rural director, Eddie Smith; town director, James (Buster) Harriman, and inter-club director, Troy Christian.

Jimmy Self, manager of radio station KZOL was master of ceremonies. Approximately 40 persons attended the banquet.

Injures Knee

Mrs. Willie Williams who suffered a cracked knee in a fall early this month is reported to be doing just fine. However she has one leg in a cast and manages to get around with the aid of crutches and a wheel chair. The leg must remain in the cast for at least another three weeks.

Visit Local Relatives

Visiting in Texico in the homes of Mrs. Fred Barker and Mrs. Crystal Moss on Thursday and Friday were Mr. and Mrs. Burl Henry of Pampa. Mrs. Henry is a sister-in-law of Mrs. Barker and an aunt of Mrs. Moss. The couple returned to their home on Friday afternoon.

School Lunch Schedule AT TEXICO

MONDAY: hamburgers on buttered bun, potato chips, relishes, cheese slices, apple cobbler, milk.

TUESDAY: enchiladas, buttered corn, shredded lettuce, loaf bread, butter, fruit salad, milk.

WEDNESDAY: corny dogs, pinto beans, dill pickles, fruit jello, loaf bread, butter, chocolate milk.

THURSDAY: roast beef, gravy, whipped potatoes, green beans, hot rolls, butter, banana pudding, milk.

FRIDAY: salmon loaf, tartar sauce, buttered potatoes, tossed green salad, cornbread, butter, spice cake, with topped hot apple sauce, milk.

Local Bands To Participate In Contest

Members of the Texico High School band under direction of Gerald Tiffin, will participate in the High School Instrumental Festival at Marshall Junior high school in Clovis.

The Texico band will present three numbers "Two County Dances," "To a Wild Rose" taken from "Two Woodland Sketches" and a march. They will be competing in Class D.

Also on Saturday members of the Farwell High School band will be in Canyon to compete in the solo and ensemble contests. Farwell bands are under direction of Tommy Mayfield.

Boy Slightly Injured

Dale Camp, 15, son of Mr. and Mrs. Joe Camp was slightly injured in a one car accident on State 523, seven miles east of Clovis Monday afternoon. He was taken to Memorial Hospital where he was treated and released.

Clifford Thomas, also 15, riding with Camp at time of the accident was not injured. State Policeman A.C. Jones, who investigated the accident said that Camp apparently hit some water on the pavement, causing him to lose control of the car. The automobile ended up in a wheat field.

HERE MARCH 29-30

250 Clubwomen Expected For District Convention

Approximately 250 clubwomen from the surrounding area will converge on Friona on March 29 and 30 for the convention of the Caprock District of Federated Women's Clubs. It will be the first time a Federated Convention has ever been held in Friona.

The members of Bovina Women's Study Club and the Farwell Study Club will assist the Friona clubs in hosting the convention. Also assisting will be five clubs from Plainview.

The Bovina and Farwell Clubs are to provide decorations and arrangements for the semi-formal Board Dinner to be held at the Friona Federated Club House on Monday night, the 29th. Monday, March 29

4:00 p.m. Registration and the Plainview clubs will be hosts to the noon luncheon the following day in the Fellowship Hall of the Friona Methodist Church. Friona Women's Club will host the President's Tea, Progressive Study Club of Friona is to sponsor the morning

coffee hour and the Modern Study Club of Friona is in charge of general convention arrangements, led by Mrs. H.K. Kendrick, president.

The convention theme is "Diamonds In Our Hands," and is in conjunction with the 75th anniversary of General Federation of Women's Clubs.

The schedule for the convention is as follows: viewing of exhibits. . . Methodist Church.

5:30 p.m. Executive Meeting. . . Presidents Motel Suite, Holiday House.

Patient At Day's Nursing Home

Mrs. George W. Atchley who suffered a paralytic stroke in California some weeks ago has been returned to Clovis and she is now a patient at Day's Nursing Home.

Her condition is described as fair by family members who say she is able to receive cards and letters and may have limited company.

Teachers Contracts Renewed

At the Monday night meeting of the Farwell School board contracts of several teachers were renewed for next year and others came up for discussion with no action taken.

Names of the teachers for next year will be released near the close of the present school term.

In other action by the board approval was given for the text book committee. Serving on the committee will be Supt. W. M. Roberts, Amos Tatum, James Craig, Jack Williams, Jerry Dee Owen and Roe Davenport.

Announcement was made that no other persons had filed for the school board positions. The expiring terms of A. H. Haseloff and Jim Curtis are to be filled at the April 3 election. Clarence Johnson and Joe Blair were the only persons who filed for the slots.

Absentee ballots will be available at the office of County Clerk Bonnie Warren, and anyone who will be out of town on election day should go by the office and vote prior to that time.

Farwell Steers Fifth With 55 Points In Tucumcari Track Meet

The Farwell Steers were in Tucumcari Saturday to participate in a track and field meet. They netted a total of 55 points to place fifth.

The 440 relay team (Cal Wilkinson, Bobby Fields, James Caloway, and Larry Donaldson) won 1st place while the Mile relay team (Jim Grey Perry, Bobby Fields, James Caloway and Larry Donaldson) won second in that event.

Others placing were Charles Norton-3rd in pole vault; Butch Ford-3rd in the 100 dash; Larry Gregory-4th in the 80.

Winner of the meet was New Mexico Military Institute, Tucumcari-2nd; Boys Ranch-3rd; and Clayton-4th.

The Yearling also saw action in a track and field meet over the weekend netting 89 1/2 points to take home a first place trophy. Happy was second and Seagraves third.

Winners were: Rickey Lee-1st in the 100 dash-time 11.1; 3rd-broad jump and 4th-high jump; Al Phillips-1st in discus throw-distance-127.4'; 2nd-high hurdles-time 9.7; Robert Curtis-2nd-220 dash; Jerry Keith-5th-220 dash.

Other first places won by Farwell were in the 50 yd. dash and the 880 relay (time 1:42.6). They also garnered second in the 440 relay with a time of 49.5.

Yearling schedule for the rest of the year is:

March 20--Springlake--7th and 8th boys.

March 27--Hereford--7th and 8th boys.

April 3--Clovis-Kitten Club Relays-8th boys.

April 13--District Meet

April 24--Plainview--7th and 8th boys.

Texico Girls Defeated By Grady Teams

The Texico girls' basketball teams playing in the opening round of the district tournament last week were defeated by stronger teams from Grady.

In the junior high game Alma Stewart, Texico hit the bucket for 16 points and Brenda Sims contributed six to the cause. However their combined efforts were not enough to stop the Grady girls, who handed them a 26-22 defeat.

The varsity game ended with Texico on the losing end of a lopsided 52-23 score. Pam Roberts took scoring honors for Texico with 16 points followed by Joy Chumley with five, and Marquitta Wall with two.

All of the varsity guards fouled off along with forward Joy Chumley. The last quarter of the game was played with reserves. Two of the guards and Joy Chumley had three and four fouls before half-time and were forced to leave the game for a period of time before they were finally fouled off.

The tournament will continue this weekend in Melrose with other Curry County schools playing the final games. Texico has completed basketball for the year, says Coach C.B. Stockton and are now beginning to practice for volleyball.

To Participate In District Judging

Members of the Texico FFA will be in Portales Saturday to participate in the district judging contest. They were in Elid last weekend to participate in a judging school there.

State judging will be in Las Cruces on April 2-3. Several members of the Texico organization along with advisor Eddie West will attend the state meet.

Contests are in meat judging, land and poultry judging, tractor driving, and dairy and livestock judging.

Young Farmers Slate Meeting Tonight

Frona's Young Farmer Association will meet Thursday (March 18) at 8 p.m. at the Frona School Cafeteria. A program is to be presented on finance.

Bringing the program, according to David T. McVey, one of the chapter advisors, will be Frank Spring, Charles Allen and Wade Wright.

McVey and Benny Pryor, local vocational agriculture instructors, are aiding in getting the local chapter organized. All young farmers or others interested in agriculture are urged to attend the meeting.

Those who join the club by Thursday's meeting will be considered chapter members, it has been announced.

Reunion Of Ex-Jaycees Set For March 26-27 In Lubbock

Former members of the Texas Jaycees and their wives will gather in Lubbock on March 26-27 for the first reunion of ex-jaycees ever held in Texas, announces Ralph Krebs, member of the steering committee planning the affair.

He says that some 250 invitations have been mailed to former Jaycees throughout the state, who were active prior to 1955-56. Men joining the organization after that time are not eligible to attend the reunion.

Headquarters for the two-day affair will be at the KoKo Palace, with 50 rooms available on a first come, first served basis.

Crime At All Time High

Major crime spread across Texas at the rate of one offense every two minutes in 1964 to chalk up a sharp 13.8 per cent increase over the previous year and set a new all-time high in crime, the Texas Department of Public Safety reported today.

Col. Homer Garrison, DPS Director, said that all seven categories of major crime showed alarming increases for the past year. The report is compiled from data reported to the Department by Texas sheriffs and chiefs of police.

The estimated number of major offenses totaled 260,860 compared with 229,254 during 1963.

"Even more alarming than the tremendous number of offenses is that the rate of crime (the number of offenses for each 100,000 population) is steadily increasing," Garrison stated. "The crime rate for 1964 was 2,723.0 compared to 2,393.1 for 1963.

In breaking down the major crime categories, Garrison told the estimated number of offenses and the frequency with which they occurred. These are: Murder and homicide, a total of 1,153 for an increase of 6.7 per cent, or one offense every seven and one-half hours; rape, a total of 1,569 for an increase of 18.4 per cent, and one offense every five and one-half hours; robbery, an estimated 4,052 for an increase of 25.8 per cent, or one robbery every two and one-quarter hours; burglary, 64,446 for an increase of 10.2 per cent, or one every eight and one-quarter minutes; aggravated assault, 16,551 for an increase of 22.4 per cent, or one every thirty one and three-quarters minutes; theft, 152,863 for an increase of 13.6 per cent, or a theft every three and one-half minutes; and auto thefts, 20,226 for an increase of 18.5 per cent, or an auto theft every 26 minutes.

Parmer Co. Has Eight Accidents In February

According to Sgt. W. E. Wells, Highway Patrol Supervisor of this area, there were eight rural traffic accidents in Parmer County in February, resulting in injury to one person, death to a second person and an estimated property damage of \$3,460.

The rural traffic accident summary for this county for the first two months of 1965 shows a total of 15 accidents resulting in two persons killed, five persons injured and estimated property damage of \$7,390.

Yes, the old adage is true, "the best defense is a good offense." However, there is one exception where a good defense comes before a good offense, and that is in driving a motor vehicle. "The defensive driver is always ready for the other driver or pedestrian to do the wrong thing—he never takes anything for granted."

Sgt. Wells reminds auto owners and operators that April 15 is the deadline for obtaining the 1965 inspection sticker, and anyone driving a Texas inspection sticker without same after that date will be in violation of the law.

Students Moon Claim Rejected

(Editor's note) The following article appeared in the Amarillo Daily News recently and has appeared in several other area papers also. It concerns the claim of a Texico boy, Hal Ed Helton and his friend John Keamper to the "Sea of Tranquility".

The Department of Interior rejected Monday the claim of two University of Tulsa students to the "Sea of Tranquility."

The students, Hal Ed Helton and his friend, John Keamper filed a notarized claim with the department's bureau of Land Management to the sea and some surrounding moonscape, documenting their claim with photographs taken by Ranger 8 from 275 miles away.

The Ranger spacecraft crashed into the Sea of Tranquility on Feb. 20, after sending back about 7,000 pictures of the lunar surface.

The students contended that they owned a part of Ranger 8 as United States taxpayers. Recognizing that there are nearly 200 million other "co-owners", they based their claim on being first to apply. But they were told "NO!"

The Land Management Bureau has a file of moon claims dating back to the 1940s with applications for homesteads and mining claims in the moon. But the one from Helton and Keamper was first to be accompanied by a photograph of the area desired.

The answer to them was still the same as to others, despite

ing back about 7,000 pictures of the lunar surface.

The program will include style shows for the wives, dining and dancing as well as many other social events.

Cost of the entire weekend is \$25 per couple, with a \$15 charge for the husband only. A charge of \$17.50 will be made per couple for March 27 only, with a \$10. fee for the husband only. Reservations should be mailed immediately to Box 631, Lubbock.

In addition to Krebs, other members of the steering committee are Harold Chapman, Gene McDonald, Rolen Simpson, Jim St. Clair, L.D. Whiteley, Rufus Rush and Glenn Woody.

Junior High 22 Out For Track Team

Coach Johnny Green has 22 boys out for the junior high school track and field team. Their schedule will be similar to the high school schedule with both teams competing in the EPAC meet and the Tatum Relays.

Boys out for the team are: Doug Autrey, Allen Breitenbach, Greg Burns, Al Gonzales, Larry Combs, Johnny Gonzales, Lynn Hughes, Jack Ketcherside, Rodney Laceywell, Jerry Martin, Manuel Martinez, Rex Richardson, Junior Ortiz, Roddy Pearce, George Rickstrew, Bobby Bussell, Rickey Stanley, Charley Tipton, Lathin Payton and Robert Payne.

Convention Set County Singing

The Curry County annual Gospel Singing Convention will be held all day Sunday at St. Vrain, 17 miles west of Clovis. Beginning at 10:30 a. m. The singing will last until 4 p. m. A basket lunch will be spread at noon.

Anyone who likes Gospel Singing is invited, Lucy Sims, president, said. Ann Brooks is secretary.

Rich pasture land yields about 700 pounds of cattle or sheep per year.

Things I Wish I Had Known Before I Was 21

- (QUOTATION—Author Unknown)
1. What I was going to do for a living and what my life work would be.
 2. That my health after 30 depended upon what I put into my stomach before I was 21.
 3. How to take care of money. The commercial asset of being neatly and sensibly dressed.
 4. That a man's habits are hard to change after the age of 21.
 5. That a harvest depends upon the seeds sown.
 6. That you can't get something for nothing.
 7. That the world would give me just what I deserved.
 8. That the sweat of my brow would earn my bread.

Social Security Service Schedule Released

Place, Day and Time, and Month are as follows: Clovis, New Mexico, 102 W. 5th St. Wed. and Thurs. at 9 a. m. - 1 p. m. (CST) and 2 p. m. - 4 p. m. (CST), April, May, and June.

Miss Edith Cawthon, Field Representative will be at the Clovis office on the specified dates and at the times shown to assist anyone in this area with their social security problems and give advice relating to the social security business.

However, due to the crowds that often are waiting to meet Miss Cawthon, Hal Geldon, District Manager, for this area suggests that if the business with that office is urgent you visit the Amarillo office, located at 1006 Adams St., any Monday through Friday between the hours of 8:15 a.m. and 4 p.m.

Condition Fair

T.J. (Uncle Tom) Randol who is in West Plains Nursing Home in Muleshoe is in fair condition according to family members. He suffered a fall several weeks ago and received a broken hip. He has been hospitalized since that time.

He enjoys company and invites all his friends to come visit with him.

Texico Juniors Select Play Cast

Cast for the Texico junior play "Hessie of the Hills" has been selected and play date has been set for April 15. Sponsors who are directing the production are Mrs. Lillian Jones and Billy Bratten.

Members of the cast are: Parson Brumble—the bachelor parson of Gumbarel Holler-Gary Meier; Pa Crackett—an old resident satisfied with life as it

is—Terry Lovett; Pa's wife—a little sentimental and understanding—Veda Wilson; Hessie—their teenage daughter, who years to learn—Karen Land; Arkansas—the younger daughter who wants a beau, Lynelle Enggram; Berty—their youngest daughter, a joker and a nuisance—Darlene Bell; Also Aunt Suzy, who lives with the Crackets and loves

to dance and sleep—Ella Mae Brown; Abbie Sharp—a nosy neighbor from down the holler—Mamie Autrey; Grandpappy—a be-whiskered, bare-footed, fiddling fool—Harvie Winkles; Elmer Apperust—a young mountaineer in love with Hessie—Mike Hiltson, Daniel P. Duckworth, a smart stranger, making agricultural experiments—David Duncan.

Faculty, Board, Architects Discuss School Building Plans

Members of the Texico school faculty, board members and architects met last Thursday for the purpose of discussing plans for the new building, recently approved by the voters

Fined On DWI Charge

Alvin Claude Price was fined a total of \$100 plus court cost in Parmer County court on Monday on a DWI charge.

He was arrested in Frona on Monday morning and returned to Farwell for trial. Hereford authorities came to Farwell to return Price to that city to face charges there.

Texico Trackmen To Host Elida, Floyd

Texico cindermen will host thincads from Elida and Floyd on March 25, in what will be the first appearance for the Texico boys.

The meet will begin at 2:45 p.m. and will continue after school (if necessary).

Coach Frederick has only a few returning men from the 1964 track squad, however he has a group of sophomore boys who are trying hard to be in top shape for the EPAC meet and the district track and field meet early in May.

Sophomores out for the cindermen squad are: Leslie Harrelson, David Farmer, Jimmy Webb, Keith Crooks, Larry Burns, Jerry Ridings, Bobby Joe Stewart, Bobby Spearman, Donnie Morris, Jackie Billingsley, Ardell Autrey, Jerry Ridings, Roy Bass and Roy McDaniel.

Two Building Permits Issued In Texico

Two building permits were issued by Texico town fathers at their regular meeting on Friday. Citizens Bank of Clovis was issued a permit in the amount of \$60,000 to erect a bank building on Wheeler Ave; and the Mountain States Telephone company was granted a permit in the amount of \$9,617 for an addition to their building on Garwood Street. As a result of the addition to the building, better service is expected in the Twin Cities area.

The report of Police Magistrate Sam Lewis, in the amount of \$125 (from 2-9-65 through 3-4-65) was approved and an ordinance to call the water and sewer bonds (\$104,000) on July 1 was approved. The bonds will be re-issued in the amount of (\$97,000) saving the town some \$5,000.

All other business was routine with bills for the previous month approved and ordered paid.

Coral snake bites are fatal in about 20 per cent of the cases.

Mormon Choir To Be Featured At Conference

The 375 voices of the Salt Lake Mormon Tabernacle Choir will ring across the nation during telecasts of the 135th Annual General conference of the Church of Jesus Christ of Latter Day Saints.

The conference is scheduled for April 4-6 in the Mormon Tabernacle in Temple Square, in Salt Lake.

Texas-New Mexico Farmers Set Record 1964 Sugar Beet Crop

Sugar beets in the Texas-New Mexico area last year have set what appears to be a record in sugar production, according to a recent tabulation of figures.

Nineteen individual contracts produced between 10,000 and 11,000 pounds of sugar per acre. Seven contracts made 11,000 to 12,000 pounds per acre and one contract had a production figure of over 12,000 pounds per acre.

Grady Sorley, who farms six miles southeast of Bovina, was the highest producer with a production figure of 12,165 pounds of sugar per acre. This record was closely followed by O.L. Blake, who farms six miles northwest of Friona. He had 11,664 pounds of sugar per acre.

According to D.W. Lillie, manager of the Holly Sugar Corporation at Hereford, in many sugar beet producing areas the "10,000 pound Sugar Club" is an exclusive group and not many sugar beet producers are able to produce the sugar beet tonnage and sugar content which would enable them to reach such an enviable position.

"We feel the Texas-New Mexico farmers did a wonderful job," Lillie said, "in producing beets for the first year's operation of the new Merrill E. Shoup Beet Refinery at Hereford and we think the outstanding individual contracts should

be given the recognition they so justly deserve."

Sorley had two 20-acre fields of beets. The best field raised a total of 728 tons, or 36,4 tons per acre. The sugar content was 16.5 per cent. He said that 20 tons of beets per acre was comparable to two bales of cotton per acre, based on the price of \$10.20 per ton for beets.

Sorley said that beets was an expensive crop to raise and that it took "lots of work" with the cultivating, weeding and thinning. He said that he watered his crop 11 times a year.

He estimated the cost per acre of raising the crop at \$100 per acre besides the cost of harvesting. However, he has increased his beet acreage from 40 acres last year to 60 acres this year. He has just completed the planting.

On his 820-acre farm he also raises wheat, cotton, milo and other grain sorghums. He has been at the present location for the past 10 years.

Other beet growers of the area producing 10,000 to 11,000 pounds of sugar per acre were G.E. Bailey, Durwood Bell, T.M. Caldwell, Albert Cannon, David Grimsley, John B. Taylor, Reuter & Gerk, Richard Pickens, L.L. Schultz, Fritz Smith, Iris Touchstone, B.E. Kendall, Hugh Reynolds, Howard N. Hayes, Herbert Frielme, Edwin Axe, Chester Clark, and A.R. Dillard.

Contracts producing over 11,000 pounds of sugar per acre were farmed by Grady Sorley, O.L. Blake, Reuter & Gerk, Howard N. Hayes, John B. Taylor, Steve Struve, George E. Turrentine, J.B. Barrett, and Clyde Renfro.

"Farmers who produce 10,000 or more pounds of sugar per acre are a rarity in the older sugar beet growing area of the United States," Lillie said. "In the first year of Holly Sugar Corporation sugar beet experience in Texas and New Mexico nearly as many contracts were in the 10,000 pound per acre class as are found in some of the older beet growing areas during a life time of sugar beet growing."

The entire Texas-New Mexico sugar beet crop of slightly over 27,000 acres produced an average of 20 tons per acre with a 17 per cent sugar content.

Authorities estimated that about half of next year's crop has already been planted. There are approximately 6,000 acres in Parmer County to be in sugar beets next year. An estimated 2,500 acres will be in sugar beets in New Mexico.

Planting is usually completed during the month of March. Harvesting begins in October and usually lasts until January. Slicing of last year's crop of sugar beets has just been completed at the Holly Refinery in Hereford.

Dave Eddington of Friona is the field representative for the Holly Sugar Corporation in the

Parmer county area. Bill Askman of Clovis is the representative in New Mexico.

SETS SUGAR RECORD — Grady Sorley, who farms southeast of Bovina, was the highest producer of sugar per acre last year in the Texas-New Mexico sugar beet growing area. He had a production figure of 12,165 pounds of sugar per acre from 36.4 tons of sugar beets per acre. The sugar content was 16.5 per cent.

THE HIGH PLAINS FARM AND HOME

On The Farm In Parmer County

By JOE VAN ZANDT
County Agent

The results of soil testing efforts has been well received based on the number of soil samples run this winter. Since the first of January we have gotten copies of reports back from 391 soil samples run by the Extension Soil Testing Lab at Lubbock.

We are close to the end of the rush on soil testing for this season. If you are in doubt about your fertilizer program for this year and have two weeks before you want to apply your fertilizer, then I suggest you get some soil samples in the mail today.

The soil test analysis and fertilizer recommendations are made by James Valentine, our Area Soil Chemist and he has at his disposal the best available equipment and result of research and demonstration plots in this area.

As I mentioned a few weeks ago we are interested in demonstrating to our farmers, you and your neighbors, the value of following these soil test recommendations. We have gotten several cooperators lined up already. If you are interested in having a fertilizer demonstration this year in cooperation with the County Agent, please give me a call.

FRUIT PRODUCTION
Several people have a few fruit trees around their homes and it is not too early to start thinking about how good those peaches, plums, apples or others might taste this summer.

We are not out of danger of losing the crop due to a freeze but you should start making some plans now.

First, have you been getting a good crop of fruit? If you have, you are probably in pretty good shape, with continued proper care.

If your fruit production has been poor, what has been your problem? Has your difficulty been insects, diseases, water, or possibly wrong varieties?

We have some good bulletins on insects and diseases of fruit trees that lists the sprays recommended for various insects and diseases. Some of these sprays need to be applied when 75% of the petals have fallen.

If you want a copy of our spray recommendations let us know. If you are wanting to set out some fruit trees this year, you need to do so right now. The following varieties are recommended for this area: Peach-

Dixred, Redhaven, Ranger and Redglobe; Apples-Holland and Red Delicious; Pear-Orient and Kelfer; Plum-Bruce, Methley and Sapa; Cherry-Early Richmond and Montgomery.

We also have a good bulletin on pruning methods that has good suggestions on how to properly prune trees and shrubs around the home.

If you desire a copy of any bulletin give us a call or come by the County Agent's office.

CHEMICAL WEED CONTROL
Are you interested in knowing the recommendations for using weed control chemicals in Texas? We have a new Bulletin-1029 that lists all of the chemical recommendations for just about any crop or land use a person might want. If you desire a copy notify the County Agent's office.

BEEF CATTLE
A beef cattle program will be held Friday, March 26, in Hereford at the Bull Barn starting at 9:45 a. m.

The program will include discussions and demonstrations on improving present breeding programs and selecting and breeding cattle for functional efficiency.

L. A. Maddox, Extension Animal Husbandman, and Dr. Jan Bonsma, Animal Husbandry professor from Pretoria, South Africa will present the days program.

We can assure you this will be interesting and thought provoking.

FARM LEGISLATION
We attended a very interesting and informative meeting of the County Grain Sorghum Producers last week.

Dub Anthony presented a very

interesting talk on what the Grain Sorghum Producers Association has accomplished since it was organized.

Bill Nelson also brought us some good information on proposed farm legislation. Bill has just returned from Washington so he had some real good first hand information on current views on the Omnibus Farm Bill.

The following things seemed certain to be in the bill: 1. Some form of limiting payments to "big" farmers. 2. Provisions for a single grain base for feed grains and wheat. 3. A cropland adjustment program for some form of land retirement, and 4. a requested change in the diverted acre and feed grain certificate payments.

Bill stated that groups or individuals that offered suggestions to include the above areas in their recommendations would be a lot better received than suggestions of the fact that you were against one or all of the above programs.

As I see it farm people need to get closer together on their program ideas and be willing to give and take a little here and there. We need to have a positive approach on working out solutions and this farm bill.

The farm bill that Congress passes will greatly affect our future here in Parmer County. As Bill said last week, farmers with a positive approach and a cooperative attitude will get a lot more of attention and cooperation than ones with a negative attitude.

Farm Bureau To Discuss Cotton

As troubles--both domestic and foreign--mount for the nation's cotton growers, and as new and important legislation appears on the horizon in Washington, the eyes of High Plains farmers are turning to current events on the farm front.

Farm Bureau has made recommendations on new legislation which will affect Plains cotton growers, and there will be a meeting in Friona Tuesday night, March 23 to explain that organization's position on cotton.

Harry Hamilton, Parmer County FB president, says "We want to explain and discuss Farm Bureau's viewpoints on cotton." Other Farm Bureau officials have predicted an eventual decline of allotments to 15 acres for all producers if present pending legislation becomes law.

Hamilton says that the Farm Bureau is recommending continuing the price support at 90% of parity, and a program that would not permit cotton to come out of government storage at

less than 115% of the loan value plus storage and handling costs. "This would put mills to buying cotton from the farmer again rather than from the government as they do now, and stop the crop from all going into the loan," he believes.

Hub King, district FB director, will be at the meeting, as will be J.T. Woodson of Gober, who is the state vice-president.

Hamilton hopes for a good turnout. "On the South Plains everybody comes out for a cotton meeting," he says. "Up here it's pretty hard to stir up interest, but we are trying."

CUTS!

The big story behind the big new **CASE** Row Crop 930

Head the new Case 930 Row Crop Comfort King down the furrow... sock six big bottoms down deep... pour it on... and man you've got something great going for you! Call it power. Call it lugging ability. Call it guts.

Whatever the name, it all begins with the massive 6-cylinder tractor engine with its special breed of power... Case high-torque power that gives you the capacity to handle bigger implements and multiple hitches faster and with less down-shifting.

There's a lot more to the 930. Such as the dual-range, eight-speed transmission with five job-rated speeds in the heavy tillage range. Rear-mounted 48 gallon fuel tank. Hydraulic power steering. Draft-a-matic* implement control. Simple, foolproof hydraulics. And a "command post" that has nine square feet of uncluttered platform space, clear visibility and unobstructed "armchair" comfort.

True these are all big features... but the really outstanding advantage is Case high-torque power—guts. That's the one that gives you the muscle to do bigger jobs faster and more profitably. Stop at your Case Dealer. Make him prove it. J. I. Case Co., Racine, Wisconsin.

CASE

Case 930 Row Crop. Also 950 Row Crop and 970 Row Crop models available.

MASSIVE ENGINE—Brawny, 6 cylinder moderate speed engine delivers maximum usable power. Huge 401 cubic inch diesel displacement. 377 cubic inch for gasoline. LP-gas engines.

HIGH-TORQUE LUGGING POWER—The 930 not only peaks higher than any tractor in its class, but maintains higher torque over a broader range of rpm. Tremendous ability to lug and last!

BRUTE STRENGTH CONSTRUCTION—Rugged milled steel. Husky 7 bearing crankshaft. Heavy-duty power train. Giant 15 inch clutch with greater holding surface than competitive 12 inch clutches. Specially hardened rear axle over three inches in diameter.

POWER-MATCHED DRAFT CONTROL—Teams with 930's high torque power. Set the Draft-a-matic* lever and get power-boosting traction automatically with minimum depth variation. Smooth Series compensates for load changes up to 600 times a minute. Category II 3 point hitch.

County 4-H Elimination Contest

The Parmer County 4-H Elimination Contest will be held Saturday, March 20 at Hub Community Center starting at 9:30 a.m.

These contests are open to all Parmer County 4-H members and the winners will be eligible to go to the District Contests in Canyon on April 3.

Most of the contests are set up for team demonstrations of two 4-H'ers. The team demonstrations cannot run for over

12 minutes. There will be contests in the following areas: beef cattle business, civil defense, community improvement, field crops, safety, soil, water and range conservation, and vegetable production.

Some of the individual contests include foods-nutrition and public speaking. A share-the-fun contest is also slated for members to show their entertainment acts or abilities.

4-H members entering these contests should arrive early

and be ready to present their demonstration at 9:30. The order for presenting demonstrations will be decided before 9:30.

Fish Will Highlight Lenten Menus

Fish will be a major substitute for red meat in the menus of many families during the Lenten season, continuing through April 18.

Mrs. Gwen Clyatt, Extension consumer marketing specialist, reports that inventories of frozen fish, shellfish and canned fish are expected to be adequate to meet the expected demand, although fishing products were approximately 13 per cent less than a year ago at the beginning of 1965.

Fresh supplies should become available this month as spring fishing operations get underway.

In selecting frozen fish, be sure they are frozen solid, have little or no odor, and are wrapped in moisture-vapor proof material.

If fish are bought fresh, they should have bright, clear, slightly bulging eyes, reddish-pink gills, tight, bright, and shiny scales; firm and elastic flesh and a fresh odor.

When comparing costs, the analysis should be made on the basis of servings per pound. The price of a pound of steak or fillet is equal to three times the price of a whole fish or one and one-half times the price of a pound of dressed fish, says Mrs. Clyatt.

Steam is water gone crazy with the heat.

4-H NEWS

The Favorite Food climaxed the end of the Food group work on March 16th for leaders and members.

Although we had many in the food groups only 26 participated, due to various conflicts of activities and other reasons. It was very satisfying to see the nice displays of those 4-H members—how they had developed skill in preparation of food, and meal planning. Not only did they display skills, but they answered questions about foods and what it does for the body that many adults would have difficulty answering. This was due to the study of food in their project work.

Ann Blackstone and Carolyn Herington, Juniors will go to Canyon April 3, to display their food. Ann will display her favorite food, Sweet Potato Puffs and Carolyn will exhibit muffins. We are hoping they come back with honors. Katie Blackstone will compete for the District Award with Sweet Potato Pineapple Puffs.

I just wish everyone could have seen the food displays, the attractive table settings and decorations. Mrs. Art Mast of Bovina, made some colored pictures from which we hope to have slides made. Perhaps we can show them in Community 4-H Clubs later.

FAMILY LIFE WORKSHOP

After a week of training at Texas A&M University it's good to be back at my desk even though it's hard to see over the stack of mail.

The training conference was developed around the theme

"Focus on Families."

Principle speakers were from areas of human relations and human development, family life education and related home economics area, sociology and guidance and counseling and mental health.

It was very valuable information and it will be a challenge to be able to compile and interpret some of it in a form that can be given to various groups within the county, that would like to have programs in the area of Family Life.

4-H CONTESTS

County 4-H Contests will be held in the Hub Community Center building next Saturday, March 20th. Contests will be held in Favorite Food Activities, Share the Fun, Safety, and others. This can be a real good opportunity for girls and boys to gain self confidence in public appearances.

Another opportunity of learning to speak before others has been given to members in food projects. Mrs. C. M. Phipps of Friona, adult food group leader, reported that Jan Jamison, 4-H member, gave the table setting demonstration to her food group, and lead the discussion on Table Manners and Nutrition. This is fine training and it is hoped that more adult leaders will provide opportunity for their members to do this in their project training.

FCIC Policies Being Drawn

Applications for Federal Crop Insurance on irrigated cotton and grain sorghum are now being accepted in Parmer County. It was announced this week by Ben A. Jordan, Jr., state director, for FCIC.

Under the program, participating farmers are protected against crop losses from natural hazards, Jordan said. He added that nearly 12,000 farmers in 49 Texas counties are carrying almost \$40 million in FCI protection.

Federal Crop Insurance guarantees a basic harvest, pegged at the value of the approximate production costs and pays the difference between actual harvest and the guarantee when the crop is damaged or destroyed. In 1964, crop insurance protected 23 varieties or crops on nearly 15 million acres. Payments for crop losses last year totaled \$30 million.

Surface temperature of the sun averages 10,000 degrees Fahrenheit.

Farmers Need System To Maximize Profits

Farmers need a system of operations to maximize returns on their places, says James Murphrey, Panhandle area farm management specialist with the Texas Agriculture Extension Service.

Murphrey says too many farmers jump from one enterprise to another instead of having a definite system. A plan can help the farmer hone his operation into a stable, money making operation, he says.

"The tendency to plunge in and then jump out of different farm enterprises is one of the main faults of big farmers here in the Panhandle," Murphrey says.

According to Murphrey, farmers are more successful when they have a definite system of operation.

A system has many advantages, he says. It stabilizes credit needs, buying and sell-

ing channels, and time income. More important, a system gives a farmer a chance to work on the efficiency of an enterprise.

"For example, when a man has wheat pasture," Murphrey said, "he shouldn't lease it one year, buy steers for it the next year and run cows on the third year."

"Instead, he should pick one system and stick with it. If he stayed with cows or bought steers each year," Murphrey said, "he'd gradually learn the best way to handle them for maximum returns. He'd become a manager rather than gambler."

The management specialist says erratic weather, unstable livestock prices and influences from changing government programs effect the in-and-out characteristics of Panhandle farmers.

Dr. Harold D. Loden, General Manager of Paymaster Seed Farms, Plainview, Texas has been appointed by Secretary of Agriculture Orville Freeman to serve as a member of the Cotton Research Advisory Committee. The committee is made up of ten outstanding businessmen who are actively engaged in either production, processing, merchandising, or utilization of cotton.

The purpose of the Cotton Research Advisory Committee is to review the current research programs of the United States Department of Agriculture and make recommendations regarding USDA research in cotton production, utilization and marketing. The Cotton Research Advisory Committee is one of thirteen such committees appointed by the Secretary of Agriculture to make recommendations on the various research programs of the Department of Agriculture.

Dr. Loden is in Washington, D. C., this week, attending the first meeting of the committee.

Food Takes Smaller Share Of Family Budget

Food is taking a smaller proportion of the family budget than ever, reminds Mrs. Wanda Barkley, Texas A&M Extension home management specialist.

A new U.S. Department of Agriculture report shows that food and beverages accounted for 31 per cent of family living expenses in 1941—but only 26 per cent in 1961.

"This is a 5 per cent decrease in the past two decades," Mrs. Meyer says.

Family economists attribute it to many things—the increase of incomes in the United States, smaller increases in food prices compared with other living expenses, and to somewhat smaller-sized average families.

The reduction in the amount

spent for food has put housing at the top of the budget for the first time. Housing accounted for 29 per cent of all living expenses in 1961. This is up 1 per cent from 1941.

Other shifts in the family budget during the 20-year period include a decrease in spending for clothing, from 12 to 10 per cent; an increase in transportation, from 12 to 15 per cent; and an increase in medical care, from 5 to 7 per cent.

These figures, including the 26 per cent for food and beverages, are the percentages which families actually spend for living expenses. The 19 per cent for food, so widely quoted, is a percentage of take-home pay, Mrs. Meyer says.

GOLDEN WEST for Great Grain — HYBRID SORGHUMS for Amazing Grazing!

This is the Year to Try **BONANZA** the Heavyweight Champion!

Also
NUGGET GRAIN HYBRID—Another big-yielding grain bred by Golden West.
LEAFY SUE (Sorghum-Sudangrass Hybrid)—Vigorous, palatable, fast recovering hay and grazing hybrid. White-seeded.
GOLDEN SUE (Sorghum-Sudangrass Hybrid) — Another great hay and grazing hybrid. Red-seeded.
SWEETIE FORAGE HYBRID—Very sweet, vigorous forage. High tonnage of sweet stalks and leaves PLUS large heads for rich ensilage or bundles.

If you have good soil, moisture and growing season, BONANZA HYBRID GRAIN SORGHUM can deal a clean knockout to any old-fangled ideas your farmers have about how much high quality, heavyweight grain they can produce on an acre. Big, semi-compact heads—a top yielder with adequate moisture—and sturdy "legs" to withstand the punches thrown by strong winds. Bet your inventory dollars on Bonanza, heavyweight champion!

The productive, popular Golden West Hybrids are produced under isolation that is probably the finest in the industry—in fields surrounded by miles and miles of native grama grass grazing land. Absolute minimum chance for wind-borne sorghum family pollen to contaminate production. In addition, all production is carefully watched and rogued under supervision of our breeder, Joel Tankersley—then purity is verified by winter grow-out tests in Mexico.

WOULD-BE SUPERMARKET DICTATOR

LET THE CONSUMER DECIDE

With the re-introduction of the Hart bill for federal regulation of the packaging and labeling of food products the American consumer's right of free choice is once again threatened.

The restrictive nature of the legislation is readily seen in its provisions. It would:

- Establish the weights and quantities for the sale of products.

- Eliminate "cents-off" and other bargain promotions.

- Limit merchandising practices and what can be shown on the package cover.

- Establish standard "serving" sizes.

Actually shoppers already have all the federal protection they need against deceptive practices. The Federal Trade Commission and other agencies and bureaus are extremely diligent in that area and can be expected to continue their operations without any supplementary legislation.

The average housewife is a shrewd buyer and needs no help from a Washington bureaucrat to make her marketing selections. Besides dictating her choice of product sizes and weights, the Hart bill could very well drive prices upward, since any standardization that required re-packaging would be certain to raise manufacturing production costs.

Thus, putting an "unseen federal regulator" in each super-market will only serve to frustrate the shopper and put an added drain on the food budget.

Farm Income Sag Is Blamed On Program Failure

WASHINGTON—Rep. H. R. Gross, (R-Iowa), says that despite the Administration's claims that present farm programs have benefited the farmers the "rosy picture" does not square with the facts.

"The extent to which farmers are being short changed in comparison with other segments of the economy is shown in figures compiled by Carl Wilken, research director for the National Foundation for Economic Stability," he said.

"Wilken estimates the national income for 1964 will total \$509 billion—or \$31½ billion more than the figure for 1963. On the other hand, he says net farm income this year will total \$12½ billion or \$500 million less than in 1963.

"As I have frequently pointed out, agriculture is the nation's basic industry, and the failure of assorted economists and politicians to recognize and eliminate the inequity and injustice that is being perpetrated on the industry is one of the tragedies of our time."

The Old Timer

"There are 365 days in a year but more than 3,659 special days are designated for observance."

Sewing skills can win a trip to Bermuda this summer for a homemaker. Members of the National Grange, or other persons who know a member who will sponsor them, can start sewing for the Grange's annual all-cotton sewing contest. A vacation for two in Bermuda is the grand prize in the contest, which opened last month and will close April 30. Entries can be either a dress, a suit or a coordinated skirt and blouse, depending on the class entered. Classes in the contest include one for adults, one for teenagers, and one for adults sewing for persons under 18. Entry blanks and additional information may be obtained from local, county or state Grange organizations.

AMMO NOTES

Western Ammonia Corporation

COTTON FERTILIZATION

Using the proper method of application of fertilizer for cotton can often mean the difference between profit and loss from that fertilizer application.

The preferred method for application of a phosphate source is in a band with the band being placed on 20 inch centers or within 10 inches of the row on each side. If convenient to do so, it would be desirable to place the phosphorus band even closer to the row. Research has generally shown that a banded application will produce an additional 10 to 20# lint cotton per acre over a broadcast application where the phosphorus is needed.

Dual applications of an ammonium phosphate, either liquid or dry, plus anhydrous ammonia has proven to be one of the best methods available for application of fertilizer for cotton.

Banding of an ammonium phosphate provides one big benefit. This is the combination of nitrogen and phosphorus together in the same fertilizer particle in the same band. It has been definitely shown that this combination of nitrogen and phosphorus will result in a greater uptake of the applied phosphorus by the plant.

The calcium phosphates, 0-20-0 and 0-46-0, can also be applied as a dual application with ammonia, however, such a dual application will result in a decreased water solubility and availability of phosphate, therefore, it would generally be undesirable to band together a calcium phosphate and ammonia. Where calcium phosphates are being used, it would be more desirable to proceed with a broadcast application with a separate application of

ammonia being made.

For time of application of fertilizer for cotton, phosphorus should be applied either preplant or early sidedress when the plant is in the 4 to 6 leaf stage. Nitrogen application can be made up to time of first square. A good method which has been proven to be good is to place the dual application into the sides of the bed prior to watering or sidedress after the cotton is up to a good stand. By applying the fertilizer on 20 inch centers and if replanting is necessary, the fertilizer band is only 10 inches away from the row. Some prefer to wait until they see that they have a good stand of cotton and then make the dual application on 20 inch centers.

In cotton fertilization, for best results, use a completely watersoluble ammonium phosphate in a banded application. The dual application of ammonia with the ammonium phosphate is desirable and saves one trip across the field which saves time and labor costs.

"One way to make money is to forget who you borrowed it from." — Tom Phillips, Pana (Ill.) News Paladum.

\$300,000 Needed For Screwworm Eradication

Texas farmers and ranchers have been asked to raise \$300,000 to keep the screwworm eradication program in operation through June.

The Southwest Animal Health Research Foundation set the two-week period beginning March 29 for committees in all Texas counties to ask livestock producers for contributions to keep the popular insect eradication project alive until the Federal government can assume full financial responsibility. Livestock industry leaders are hopeful that with Congress considering a U.S. Department of Agriculture request for \$5 million, this will come about July 1.

Dolph Briscoe, Jr., SWAHRF president of Uvalde, stated his organization had investigated all alternatives before deciding to ask for additional contributions from producers and assured the livestock industry that its funds are vital to the continuation of the eradication project. He said a reduced level of operation during the winter and economies in production of sterile screwworm flies have extended available funds by several months, else a fund drive would have been necessary much earlier.

Eradication experts have estimated that during April, May and June, which in the past has been a time of heavy screwworm activity, 100 million sterile screwworm flies will be needed each week to keep fertile insects from Mexico from rein-

festing the Southwest where the livestock pest has been eradicated through use of the sterile male fly technique. Cost of operating at this level will be \$12,000 already appropriated by the Texas Legislature, will match an equal amount of Federal funds to supply the total required.

Texas 4-H Club girls claimed a big share of top awards at the Houston Livestock Show this year. Rhonda Cook, 14-year-old Mills County 4-H girl, exhibited the grand champion steer of the show, an 800-pound Hereford named Lynn. Her grand champion sold for \$14,600. She plans to apply the money toward the medical education which she wants. Exhibitors of the grand champion lamb was Jeanene Cox of Marfa, Presidio County 4-H girl. The winner was a 111-pound Hampshire. Reserve champion honors went to a fat lamb shown by Carol Robbins, McCamey 4-H girl.

Hidden Levies Top Income Tax

For every dollar in federal income taxes paid by an individual he also pays \$1.29 in other federal taxes, most of which are hidden.

The above formula was arrived at by the Tax Foundation, after months of careful computations.

Thus, a person whose income tax deductions is \$15 a week, pays another \$18 weekly in various other federal taxes, bringing the total tax assessment to \$33 weekly.

Though some of the taxes, such as Social Security, can be seen, the majority of the others are hidden — having been added to the manufacturers' prices on a wide variety of goods, but not shown as separate items in the final purchase.

ANOTHER REPORT...

"I applied Western Ammonia's liquid phosphate material 7-21-0 on some of my milo acreage at the rate of 200 lbs. per acre combined in a dual application with 130 lbs. of ammonia.

My increase from this type of program was an additional 1300 lbs. per acre over my previous fertilizer program. A very substantial increase of dollars per acre for the dollar invested.

I was very pleased and plan on using a similar program this year.

Harvey Rials, Castro County Farmer

...A REPORT OF SATISFACTION

An important by-product of any company is the man who openly admits when he's satisfied with the service. You will find that Western Ammonia has the know how, equipment and products to give the best satisfaction there is in a fertility program. Western is now offering the new high analysis liquid ammonium polyphosphate 11-37-0 and new 11-20-0-11S in place of lower analysis 7-21-0. You'll find that Western also has a complete line of dry fertilizers.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

As legislators prepare for and take up discussion of cotton legislation and other agricultural programs during this session of Congress, writers and broadcasters will again redouble their efforts to build attention-getting stories around the term "subsidy."

And, if we are to judge the future by the past, we can expect that in a majority of cases the word "subsidy," when used in connection with farm programs and farmers, will carry a derogatory (if not downright defamatory) implication. The misunderstanding that exists in the public mind with regard to this one term is probably responsible for the biggest and ugliest pimple on the much-marred complexion of agriculture's public image.

Looking at the works of some writers and speakers, particularly those who operate from "big-city" bases, one gets the impression that the word "subsidy" was placed in the English language solely for the benefit of agriculture. These people seem irresistibly drawn to such thread-bare phrases as "feeding at the public trough" and "dipping collective cups into the public till." They imply that farmers are the only recipients of subsidies from government, and that such subsidies are purely for the benefit of farmers.

Nothing could be farther from the truth, and anyone who will take the time and effort to seek an honest definition of "subsidy" will find that out.

The part of our Webster's definition which applies to government subsidies is under 3-b: "A government grant to assist a private enterprise deemed advantageous to the public." For our purpose here, the key phrase is "deemed advantageous to the public" -- a phrase too often overlooked by the sensation seekers. All government subsidies, presumably, are meant to be in the interest of the general public, not just the individual or industry in question. In the case of agricultural subsidies, the public benefits by an abundance of food and fiber, and by the maintenance of a strong agricultural economy, without which there is general agreement that our entire economic structure might well tumble about our ears.

For a more detailed and complete definition of subsidies, we find valuable material in a pamphlet entitled "Subsidy and Subsidylike Programs of the U. S. Government," prepared for the Joint Economic Committee, Congress of the United States. For the purposes of that report, subsidies are defined as "an act by governmental unit involving either (1) a payment, (2) a remission of charges, or (3) supplying commodities or services at less than cost or market price with the intent of achieving an economic objective." Under this definition the scope of sub-

sides broadens considerably, and those who have adopted such holler-than-thou attitudes toward the farm population should begin to see the error of their ways.

Under one or another of the three broad categories listed above, the report cites as subsidies: Grants to business firms and corporations (shipbuilding and ship-operating differential subsidies, Subsidies for carrying mail, etc.); Tax benefits to specific economic groups (depletion allowances to producers of minerals and other extractive industries, accelerated amortization of defense facilities, concessions to small business under the Technical Amendments Act, reduction of income taxes to particular groups and individuals etc.); Indirect assistance to specific economic groups (financing of highway and airport construction, protective tariffs, purchase restrictions under the Buy American Act etc.); Free services or services below cost (postal system, FCC, FTC, ICC, SEC, Bureau of Labor Statistics and many more); Lending and Loan Guarantee programs; Federal aid payments to states and local units (school lunch fund, forestry services, state marine schools etc.); Insurance programs undertaken by government at sub-normal premiums, and a host of others.

Even a cursory glance at this grossly incomplete list of subsidy and subsidylike government programs is sufficient to show that every single citizen of the U. S. is receiving government aid in one form or another. And it should be sufficient to convince those who constantly throw thoughtless rocks at farm programs that they, too, live in glass houses.

Liquid Or Solid? Just Take Your Pick

Are liquid fertilizers as good or better than the solids? C. D. Welch, soil chemist for Texas A&M University's Agricultural Extension Service, says numerous comparisons show liquids comparable to solids when the same amounts of plant nutrients are applied.

And, adds Welch, liquids have advantages as well as disadvantages. They can be handled mechanically and this, says the chemist, is an attractive feature to many users. Because of water needed to produce the solution, more weight may have to be handled in order to supply the same amount of nutrients from solid materials.

Another disadvantage, most fertilizer salts when dissolved are corrosive to distribution equipment; thus requiring special equipment for shipping, storing and applying. Welch suggests that the cost per unit of plant food from liquids and solids be carefully evaluated.

The chemist says one of the most frequently asked questions has to do with nitrogen solutions other than anhydrous ammonia. Several such solutions have been developed for direct application and have proved ef-

fective when properly applied, he says.

Solutions containing urea, he cautions, should not be sprayed on the surface of vegetation during the summer when temperatures are high. Spraying urea on dead or dormant plant material increases the chances of losses though little or no burning results, he adds.

The best application method for applying urea-containing solutions is to put it into the soil and when this is not possible

it should be dribbled on the soil surface. The least desirable method is by spraying.

Liquids mixtures of materials containing one or more of the major nutrients when used in recommended amounts and properly applied, have given results equal to solids, according to Welch.

Since liquid fertilizers generally contain the same chemical compounds used in solids, cost and convenience of handling are major points of comparison.

Liquids mixtures of materials containing one or more of the major nutrients when used in recommended amounts and properly applied, have given results equal to solids, according to Welch.

Since liquid fertilizers generally contain the same chemical compounds used in solids, cost and convenience of handling are major points of comparison.

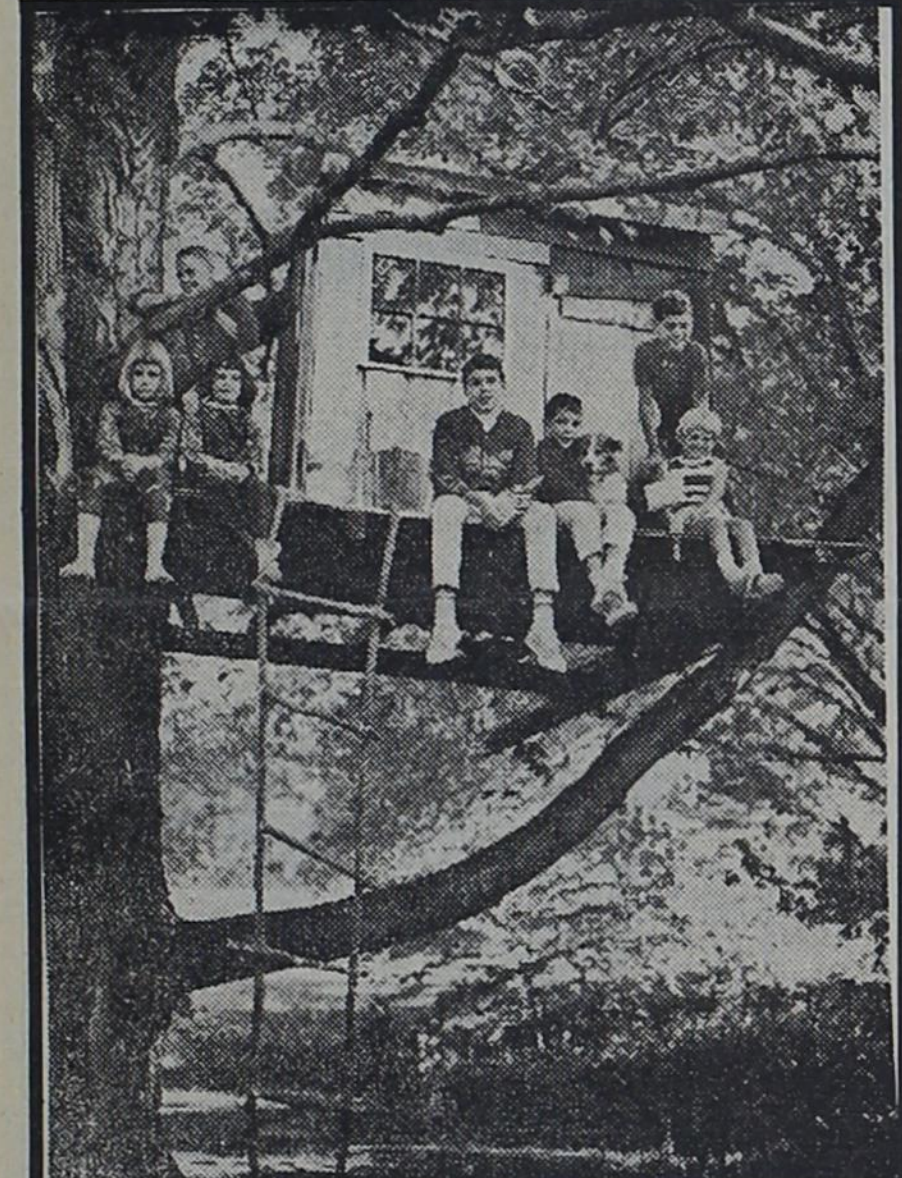

Since liquid fertilizers generally contain the same chemical compounds used in solids, cost and convenience of handling are major points of comparison.

CAPITAL BRIEFS

SPEND TO SPEND—The Department of Agriculture estimates that farmers' incomes for 1965 will total about \$12.6 billion. The department's own budget is more than half of that.

WARNING—The Board of Actuaries of Civil Service Retirement Fund reports that since each federal pay raise increases the fund's liability it will go broke before 1990 unless Congress appropriates billions more. The unfunded liability already approaches \$40 billion.

OUTNUMBERED—"For every 10,000 people in the United States there are 12 doctors, 11 lawyers and judges, 40 gas station workers and 37 telephone employees," says Rep. J. Arthur Younger (R.-Calif.), "but for the same 10,000 Americans there are 130 federal civilian bureaucrats feeding at the public trough."

"It may be a man's world, but we'll give you odds that it's in his wife's name."—Lee Mildon, Salinas (Calif.) Monterey County News.
