-Rain-Rain-Rain-

The big news in Texico-Farwell this week is, of course, the rains which have fallen almost continuously since Saturday. First of the rains came on Thursday night dumping much needed moisture on the entire area.

Official rainfall in Texico-Farwell since Saturday (until Tuesday night) as reported by Tommy Lumsden at the State Line Grain Co. offices is 3.8 inches. Rainfall at the Ray Tharp farm some five miles north of town was 6.15 inches, while rainfall was about the same in the Pleasant Hill area, with Rev. Billy Parvin reporting some six inches at the Baptist parsonage. However, Rev. Parvin reported that within the last three weeks, some 15 inches of rain had fallen at the Marion Walker farm, several

miles north of Pleasant Hill. In the area southwest of town, Mrs. John Hadley reports no more than two and one-half inches of rain since Thursday night. Asa Smith at Lariat reports six inches of moisture in that area and rain in the Bovina area was from four to five inches.

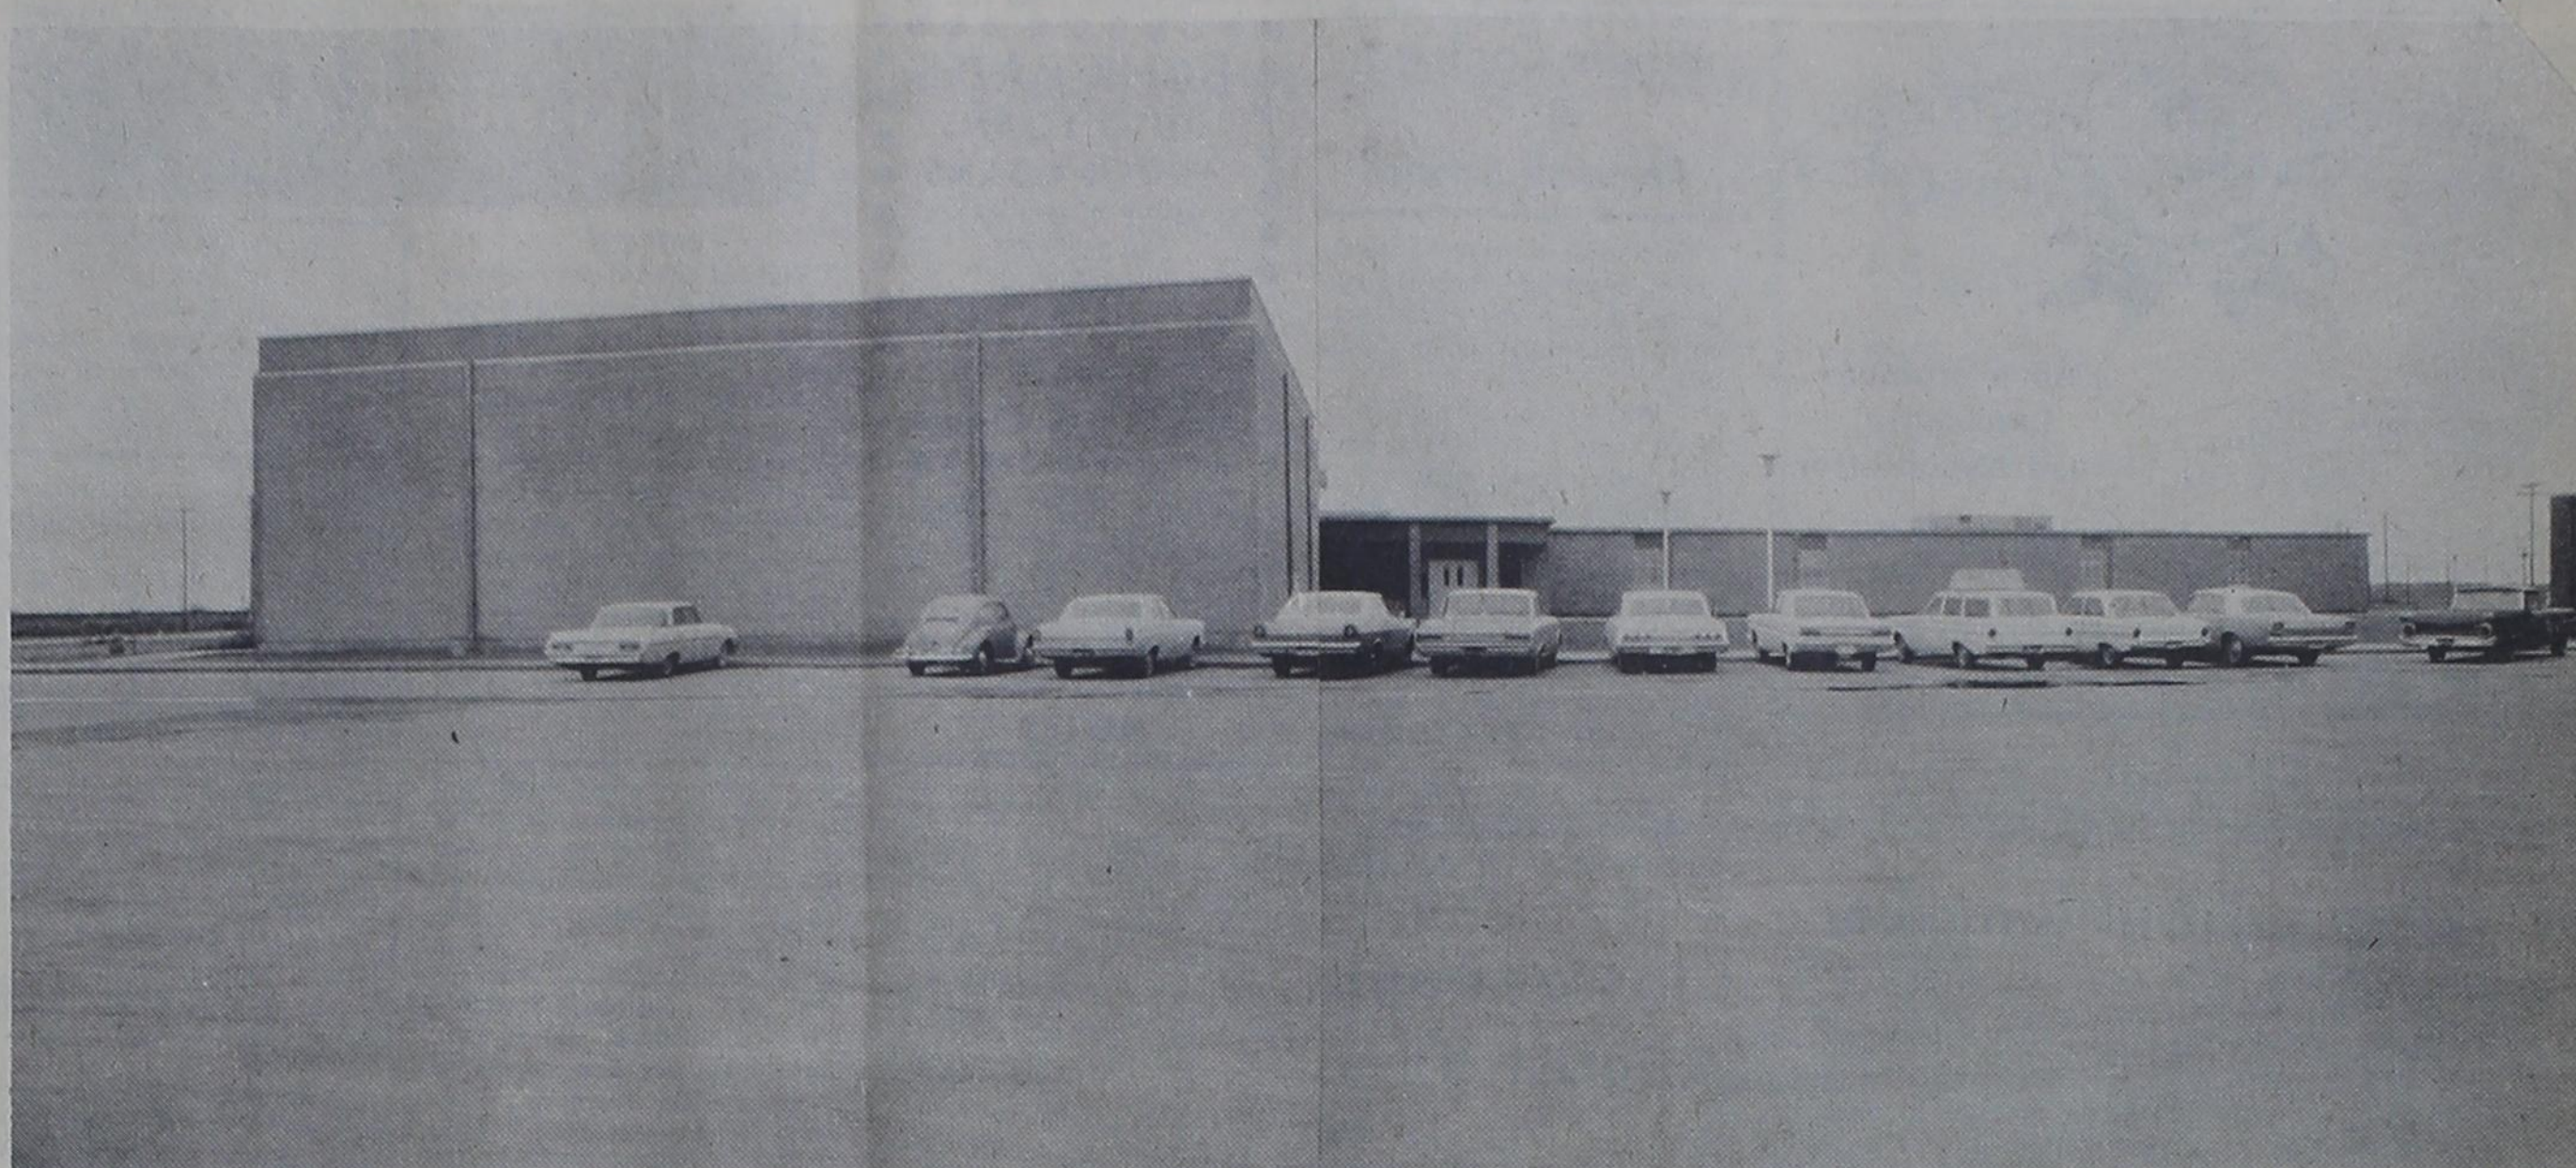

Other areas in the Panhandle and Eastern New Mexico also report heavy rains, causing flooding in some areas.

Football Scrimmage

Farwell Steers and Portales Rams will play a scrimmage game in Portales Saturday night, August 27, 7:30 p.m. (CST) announces Coach Toby Booth.

"It is still too early to tell much about our team prospects," said Coach Booth, adding that due to the rainy weather this week all workouts

NEW HIGH SCHOOL -- This fall, Farwell students will be attending classes in this beautiful new high school building. The left portion of the building is the auditorium which is joined to the classroom area by a spacious foyer. The new building is expected to be able to handle 300 students with ease.

Open House Set At Farwell School

Open house will be held at the new Farwell school building Sunday afternoon between the hours of 2-5 p.m. at which time the public is cordially invited to come and make a tour of the building and its facilities.

Bond election for construction was held on July 10, 1965 with the issue passing by a vote of more than two to one (156-76). Bids were let on construction of the building early in November with Claude Martin and Sons of Lubbock the lucky bidder. The firm of Brasher-Goyette-Rapier were architects. They are also from Lubbock.

Total bonds voted for construction of the building were in the amount of 5342,000 including the field house and remodeling and additions to the junior high building. First unit of the construction, the auditorium, was used last May

for the Commencement and Baccalaureate exercises and construction has been completed on the rest of the building in time for the beginning of school this fall.

The building of cream colored brick has ten classrooms, two additional classroom-laboratory combinations, three offices, a library, and a vocational agriculture shop. All of the offices and classrooms are furnished with the latest school equipment.

Acoustical tile ceilings and furnishings of muted shades of green, grey, beige and persimmon add to the beauty of the interior of the classrooms.

Floors of the various classrooms are covered with tile floor covering. The library is carpeted in a gold colored carpet. All lights in the entire structure are florescent and the building is completely air conditioned. Temperature

in any room may be controlled from inside the room; thus if one person desires a warmer temperature and another a cooler room the problem is solved. However, the air conditioning unit is operated from an automatic control in the high school principal's office. The control turns off the heat in the afternoon and automatically turns it on again the next morning.

All features of the new structure are of the most modern design; however, one must see the building to appreciate its beauty and practicality.

Grounds surrounding the building have been seeded to grass, with much of the grass already up. At a later time the rest of the grounds will be landscaped and the areas between the walks and the buildings will be planted with shrubs, says W. M. Roberts, superintendent.

"OFFICIAL PUBLICATION OF FARMER COUNTY"

TEN PAGES FIFTY FIFTH YEAR 10 CENTS

Football Contest Begins Soon

Fall In The Air

Fall is in the air and football fans are beginning to get that special feeling that comes with the nip in the air and the beginning of school each year. Adding to the excitement for armchair football fans is the annual football contest which is carried in the State Line Tribune. The contest is due to begin on Sept. 9-or with the first football game played by the local team.

Each year some lucky person wins a trip to the Cotton Bowl and \$50 expense money (grand prize) for calling the most games correctly during the contest. In addition weekly prizes of \$5.00; \$3.00; and \$1.00 are given to the persons calling the most games correctly in the weekly contests.

Each week for 12 weeks, ten games will be listed in the Tribune with a contest entry blank. Contestants must pick a winner in each of the ten games and pick a score for the tiebreaker game (Farwell game). The Farwell game will not count as one of the ten games this year, but will be used only as a tiebreaker in case two or more persons should call the same number of games correctly. Most of the games listed will be high school or college but a few professional games will be thrown in for good measure.

All entries must be in the Tribune office each week by Friday at 5 p.m. or must be postmarked on Friday. Contestants must be 12 years of age or older to be eligible to enter the contest.

Sponsors of the contest this year include Shuman-Haseloff Insurance Agency, Sherley-Anderson-Pitman, Security State Bank, Worley Grain, Farwell Equipment, Lariat Gin, State Line Grain, Oklahoma Lane

\$200 Damage Results

An accident resulting in no bodily injury and only \$200 property damage occurred at the Santa Fe Railway crossing at approximately 10 a.m. Sunday morning, according to Robert Shedd, Texas Highway Patrolman.

The two cars involved in the accident had been waiting in the double row of cars for a train to pass. The accident allegedly occurred when one of the vehicles, a 1962 Mercury driven by Joyce Kaye Watts, attempted to make a right turn from the inside lane. It was allegedly hit by a 1963 Chevrolet pickup driven by Kenneth Taylor.

NEXT -- While Mrs. Joyce Hart, speech and history teacher in the Farwell High School, gives young son, Bill, who will enter kindergarten a last minute inspection, other children in the family line up for a final scrutiny. Other children are Denise, first grade; Sandy, fifth grade; Linda, sixth grade; and Bobby, eighth grade. "Baby David" who is too young to be interested in school will stay with a baby sitter while other members of the family are at school.

Dates Set For Lions Broom Sale

Housewives in the Texico-Farwell area have only a little longer to wait for the brooms, mops, and other household supplies they buy annually from the Texico-Farwell Lions Club.

The annual "broom sale" is scheduled for Sept. 16-17. Details of the sale will be announced later.

OPEN TO TRAVEL -- The Stalene Canal on First Street was still open for travel on Wednesday following approximately four inches of rain which fell between Saturday and Tuesday afternoon. For a time as the rain continued to fall it looked as though one might need a "ferry boat" to get around in the usually dry area.

Dr. King - Troublemaker

While watching television the other night, I was privileged to hear Dr. Martin Luther King piously proclaim that the Negro was being denied of his rights and that the new civil rights legislation now before the Senate must be passed in order to insure that the Negro will not be denied his freedom.

For a start, let us permit Dr. King to trade places with any number of employers around the country so that he may become aware of the freedom that they enjoy in hiring employees. Let him take note of the unrestricted freedom the employer is allowed in choosing those whom he believes are the best qualified to perform the job that he has available.

After Dr. King becomes thoroughly familiar with the rights of employers, then let him become a restaurant owner for a few days. Give him the opportunity to observe the freedom that the restaurant owner is allowed in choosing whom he wishes to serve in HIS place of business.

Perhaps it might be a profitable experience for Dr. King to then become a farmer and enjoy the unrestricted operations of the typical farm. Let him note the freedom that the farmer has in determining what will be the best crop to plant and how much of it to plant.

After the good Dr. King is allowed to enjoy the preceding experiences, then let him trade places with any number of law enforcement officials. Let Dr. King take good notice of the freedom allowed the typical law enforcement officer in protecting his own life against hoodlums who cry "police brutality" while waving a broken beer bottle in the policeman's face.

Classes Begin August 31

Students at the Craft Kindergarten will register on August 31 between the hours of 10-11 a.m., according to Mrs. Ruby Craft.

In previous years Mrs. Craft has only been able to take ten children in her classes, but due to several changes she has room in her classes for an additional five children this year.

employ in solving a crime and seeing that the person responsible is dealt swift and sure justice, and make sure he experiences the enjoyable job of facing a "non-violent" demonstration of thugs screaming "black-power" and "kill whitey".

Last but not least, let Dr. King become aware of the freedom allowed John Q. Citizen. Let him notice the unlimited freedom to enjoy a safe walk at night in any of our larger cities and make sure he sees the freedom a normal citizen enjoys to make a journey to the local grocery store while the streets are filled with civil rights marchers.

After Dr. King is thoroughly familiar with the rights enjoyed by all these groups, then and only then, let him advocate such freedom robbing measures as Section IV of the new civil rights bill which deals with open housing.

Once and for all, let him realize that rights are not actually rights at all, but rather privileges to be worked for and earned. Let him understand that the right to associate must be balanced by a right not to associate, and that free speech does not include advocating the formation of vigilante groups to hunt down "criminals" who have escaped justice due to southern juries.

Perhaps some day Dr. King will realize that when one speaks of freedom, one must consider the freedom of the nation as a whole and not merely the freedom of minority groups. He must realize that one may only have the right to do that which does no harm to others.

Let Dr. King understand that one has a right to buy, only if the owner wishes to sell, and that by doing any differently will only hasten the onrush of total socialism.

High Yields From Zero Tillage Cotton

Cotton is being grown with absolutely no cultivation at Texas A&M University's Livestock and Forage Research Center.

Agronomist Bob Lynch reports the "zero tillage" cotton yielded as good and better last year than cotton that was cultivated twice. He's experimenting to see if cotton or other row crops will produce high yields using herbicides -- and no cultivation.

According to the A&M researcher, Treflan was broadcast and incorporated at 1 quart an acre early in the spring. Half the test was cultivated twice, the other half got no cultivation.

Wheat Increased, Barley Out

All farms on which a 1967 wheat allotment has been established will receive an increase in allotment. Notices will be

mailed within the next few days to all farm operators on farms having a 1967 wheat allotment. This notice will advise the farm

operator that the 1967 wheat allotment is 15% greater than the allotment originally established for 1966 on the farm. In other words, a farm operator may compute his effective farm wheat allotment for 1967 by multiplying his original farm allotment by 1.15. This increase

in wheat acreage is going to create a small problem on the majority of farms in Parmer County as it will cause some farms to become "over-allotted" for 1967. By this, we mean that the allotments for the farm, plus the feed grain base, is greater than the cropland for the farm. In those cases, the regulations require that the feed grain base (barley doesn't count) will be reduced to the extent that the farm will not be "over-allotted". This reduction in feed grain base (corn or grain sorghum) will be automatic; unless, the farm operator requests (of the ASCS office in writing) that the reduction be made in some other allotment crop. For example: cotton or wheat. Operators of farms which will become "over-allotted" as a result of this increase of wheat acreage should, no doubt, visit the ASCS office for the purpose of making sure just what their situation is relative to this matter.

The taking of barley out of the feed grain program for 1967 is going to cause farm operators, of those farms now having a barley base, to have some important things to consider in planning their 1967 plantings. Some of the things to be considered by such farm operators are as follows:

1. The farm will not be in a position to enter into the 1967 Feed Grain Program on the same basis as in the past few years because the substitution of barley for grain sorghum or corn is not permitted under the 1967 program.

Wheat Increased, Barley Out

Now, About Barley - Barley is out of the feed grain program for 1967. There are approximately 300 farms in Parmer County which have a barley base established for 1966. These barley bases will not be established on these farms for 1967 feed grain program purposes.

2. There will be no limitation on the acreage planted to barley for harvest in 1967. Anyone may plant all the barley they wish. It will not interfere with any other program provisions. Except, of course, the normal conserving base requirements on farms participating in either the feed grain, wheat or cotton programs.

Grades 1-5 Register August 29

Jack Williams, elementary principal of the Farwell school, announces that all children in grades 1-5, who were not pre-enrolled prior to the last day of school in the spring will be enrolled on the first day of

school (August 29). Student enrollment fees for workbooks for all five grades is \$3.25.

Students are advised, by the principal, that they must not buy school supplies until after the first day of school, when

they will be supplied with a list of necessary materials by the classroom teacher. Should a student make purchases of materials prior to that time he might be creating unnecessary expense should the articles not be the ones listed by the teacher.

Williams also stresses the changes in the lunchroom procedure. For the first time, this year tickets will be used throughout the elementary grades, with the tickets to remain in the rooms and not carried by the students.

The lunchroom program will operate on a cash basis. Daily tickets are 35¢; weekly tickets \$1.75; and monthly tickets \$7.00.

Boy Scouts Visit Mountains

Texico's Boy Scouts of America arrived Saturday afternoon in Ruidoso. Troop 179's three patrols organized their camping areas in nearby mountains of Lincoln National Forrest, although not planned in advance, survival training was provided as heavy rains descended upon the camp Saturday night.

Apparently the tent suffering the most leakage belonged not to the scouts, but to Headquarters, constructed by the boys' adult leaders. Severe leakage and extreme dampness was reported by Scoutmaster Gene Bitner, and Assistant Scoutmasters Ernest Foreman Jr., and Ronald Watts. Walkie-talkie radios provided communication between patrols during the bad weather.

Due to wet wood, Sunday morning's breakfast was cooked and served by Mr. and Mrs. Howard Billingsley and Mrs. Foreman.

Sunday's activities included a drive through the White Mountain Wildlife Area, and a six-mile hike up, around, and over the mountain areas near Sierra Blanca Peak. Scouts and leaders participating in the hike experienced oxygen-thin air of elevations reaching 11,503 feet at the highest point. Ten hikers completed their 15-mile hike requirements for Second Class awards: Terry Armstrong, Danny Billingsley, Mike Case, Tim Ingram, Duane Foreman, Dimingo Rojas, Mitchell Turnbough, John Winegart, Ronnie Winegart, and Gerald Whiteener. Also making the mountain hike were scouts Keith Morris and Dub Haws.

Texico Troop 179 meets each Monday night at 7:30 (CST) in the Texico Volunteer Fire Department assembly room, Troop use of the Community Building has been discontinued.

3. There will be a price support loan available for barley in 1967.

4. There will be NO price support payment or diversion payment made for barley under the 1967 program.

5. A farm operator (on a farm with a 1966 barley base) CAN request (in writing to the ASCS office) that the barley base (or any part of it) be re-established for the purpose of planting this acreage to wheat. This provision could possibly keep a farm from having some unallotted or "dead" acreage. Of course, it is possible that the increase in wheat allotment on some farms will offset the loss of the barley base thereon.

We want to urge all farmers (with farms having a 1966 barley base) to visit the ASCS office and discuss this matter personally with one of our employees and make sure that they understand the options available to them under the 1967 programs.

Farmer Tucker had complained that he couldn't seem to get anything on his radio but political speeches, so the radio service man had to come out to the farm to investigate. "What else could you expect," the expert finally demanded after exhaustive testing, "with your aerial strung between the windmill and the bull pen?"

PROGRESSIVE BUSINESS & CIVIC-MINDED PEOPLE OF MULESHOE AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of The State Line Tribune as he saw conditions. These people are all leaders in their various lines of endeavor and the cooperation of those citizens in Muleshoe who helped make this department possible is sincerely appreciated.

Hollie Francis

In critical times such as these, it takes business men of more than average ability to carry on their operations successfully. In making this statement, the one we have in mind is one of the city's more dependable farm equipment and supply dealers, Hollie Francis of the Francis Implement Company, authorized Ford and International trucks & pick-ups, sales and service, who has a wide circle of friends and customers scattered throughout this entire region, - many of whom reside in our own community.

His contagious optimism and freely expressed belief in the assured future prosperity of the people of Muleshoe and its metropolitan trading area, are characteristics which are to be appreciated in a progressive businessman. He has always taken an interest in community affairs, and shown a willingness to shoulder his share of the civic load.

It is such men as Hollie Francis who, because of the successful conduct of their business and private affairs, and their eagerness to contribute to the public good, who are wholly deserving of a few words of commendation. It is a pleasure to pay him this brief tribute.

Allen Hailey And Gary Miller

In every community there are a number of business men who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well known executives of Muleshoe who belong in this category are Allen Hailey and Gary Miller of Farmer's Spraying Service Incorporated.

Their leadership in their line of business is recognized throughout this entire district, and their furtherance of civic activities and support of those organizations whose main objectives are directed along lines of civic betterment and community progress, is well known to their immediate associates.

Mr. Hailey and Mr. Miller are men who are equally well liked and respected by their intimate friends and their associates. They are loyal to the community, thankful for their success in business, and have shown their appreciation by their contributions to various civic movements of benefit to the city.

We congratulate Gary Miller and Allen Hailey for being good citizens, progressive business men, and boosters of their community.

Phyllis Beavers

It is no coincidence that more frequently than not, those who take a progressive part in the civic and business life of their city, are the same ones who are pre-eminently successful in conducting their own private affairs. In connection with the foregoing statement, we wish to mention and pay tribute to Phyllis Beavers of Beavers Flowerland.

Mrs. Beavers has proved very ably that she is a florist of more than average ability, for it is largely due to her progressive methods, coupled with her sound and practical ideas, that the flower shop and floral service holds its high position in the public's opinion in this area. She has made the business a "profession", with the result that she is recognized as one of the more creative florists in this region, giving to her patrons an excellence of artistic service seldom equaled.

It is also true that Phyllis Beavers does her share toward community improvement, and has freely given of her time and energy to the promotion of those enterprises which have benefited the city at large. We are glad to voice our praise of a woman who is successful in her own business, and who also has time to give to community development.

Gene Lowe

In editing this review of progressive Muleshoe business men, we have endeavored to select those citizens who, by the manner in which they have conducted themselves and their businesses, have earned for them positions of leadership in

their various fields of activities. Such a man is Gene Lowe of the Lowe Pump Service & Supply, who is well known, and has a great many friends and associates throughout this entire district.

Mr. Lowe's main interests have not been solely confined to his own business and private affairs, but have also included his contributions in one form or another, to those projects of a civic nature which come within the scope of his activities.

Gene Lowe is a man of wide experience, whose exploits in the business and rural life of Muleshoe and vicinity, merits more than a passing attention, and the writer is privileged to pay this brief tribute to a man who well deserves more credit than is accorded him here.

C. P. Mills

It is appropriate that we include in this review of progressive Muleshoe business men, C. P. Mills of Mills Body Shop & Upholstery, and the Muleshoe Cover Shop, who has many friends and satisfied customers throughout both Parmer and Bailey Counties. Furthermore, he is a man who not only has the reputation of being honest and dependable, but also the added one of being a willing supporter of many community affairs.

Aside from his business activities, Mr. Mills has always shown an interest in the civic betterment and progress of the city, and has backed up his interest by his contributions to many projects which have benefited Muleshoe and the surrounding trade area. He is a good and loyal citizen, and the full measure of his loyalty is most apparent because of his willingness to aid community activities.

His help along these lines has made C. P. Mills an example of the type of man we all appreciate. We congratulate, and extend to him on behalf of all citizens interested in better business and civic progress, sincere appreciation for his contributions to the general welfare of Muleshoe and vicinity.

T. J. Brantley

T. J. Brantley has proved his progressiveness by constantly adding to, and increasing the service which the nearest and best kept service station in this section of the Southwest has extended to the people. The large volume of business handled by Brantley's Chevron Station proves that "service" to him, is not "just a word", but something to be rendered to the motoring public to the fullest extent of his ability.

In addition to his close attention to his business affairs, Mr. Brantley was never a man to dodge his civic responsibilities, and help in those matters has always been cheerfully given.

He fully appreciates the value of good will, and has more than his share of that intangible commodity because of the manner in which he meets both business and civic obligations. He is a credit to the community, and is thoroughly established in the forefront of the business life of the city.

T. J. Brantley has many friends in and around the city, and it is a pleasure to bring him before our readers in this review of progressive Muleshoe business men.

Glenn R. Dunn

Good motels and tourist courts are indispensable to the progress and development of a growing city such as Muleshoe. And the Valley Motel, combining the best features of both, has accommodated a great many tourists and business men in a manner that assures them of the continued patronage and good will of the motoring public.

The management of the Valley Motel has maintained an ideal of service which is thoroughly exemplified in the manner in which every need of the traveling motorist has been anticipated and prepared for. Nothing is taken for granted; nothing is forgotten, and hospitality and service is always their first and last consideration.

Much of the credit for the splendid reputation of this popular motel is due to the executive ability of Glenn R. Dunn, whose untiring efforts, fore-

sightedness and careful attention to detail, have maintained a standard of hospitality and service which would be difficult to surpass. It is a pleasure to publish these few words of praise about the Valley Motel, and its friendly and capable operator, Glenn Dunn.

Rufus Gilbreath

Every progressive and successful business man in Muleshoe contributes in some manner to the growth and progress of the city. And one who is always willing to do his part in both civic and business activities is Rufus Gilbreath of the Gilbreath Seed & Grain Company, who is well known, and has many friends and customers throughout this entire district.

The prominent part that the Gilbreath Seed & Grain Company is playing in the business and commercial life of Muleshoe and vicinity, mirrors the dependability and honesty of such men as he. Moreover, Mr. Gilbreath has also at all times been steadfast in his devotion to the city and the surrounding country, and on many occasions has lent his support to the successful promotion of meritorious civic projects.

Muleshoe and this district are fortunate to have such a man as Rufus Gilbreath in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying this brief tribute to one of the city's more conscientious business men.

Vance Wagon

Muleshoe has attained a prominent position in the business life of this section of West Texas because of the foresight of those men who had the ability to envision the possibilities of the community, and the trade area it serves. And a wide awake progressive man who justly should be included in this category is Vance Wagon of the Muleshoe Locker Company.

Such men have, many times over, proven their worth to the community, both as business men and as active workers in the civic betterment and progress of the city. And Mr. Wagon has earned the good will and respect of his fellow citizens for contributing his bit to the general welfare of the city, and the people as a whole.

It is our duty to include Vance Wagon in that group of progressive and civic-minded men who have done so much for Muleshoe, and to express the wish that he will continue for many years to forge ahead with the success which he has enjoyed in the past.

Ernest H. Brock

Ernest H. Brock of the Brock Motor Company Incorporated, is one of those dependable Buick and Oldsmobile dealers who has consistently forged ahead in his business. He has also put his shoulder to the wheels of civic progress whenever concerted help was needed in furthering enterprises promoted for the general welfare of the community.

Mr. Brock was never a man given to wishful thinking. Because his methods are those of direct action, and whether the problem at hand is one concerning his own business or that of a civic nature, he attacks it with optimism and vigorous enthusiasm. Add to this his acknowledged business ability, and his keen sense of values, and it is easily understood why he is almost invariably successful in business or other matters.

We feel that it is our duty to call the attention of our readers to these worthwhile characteristics of Ernest Brock, and to pay him a well-deserved tribute for his straight forward business methods, and for the unselfish interest he has shown in public welfare.

ANCEL L. Ashford

One of the more progressive businessmen of Muleshoe, and one who deserves the respect and good will of a great many residents of the city is capable, friendly, Ancel L. Ashford of Muleshoe Electric, whose wide knowledge and long experience in the electric motors and generators repair and maintenance business has raised him into a position of prominence in his line.

It is because of this that the Muleshoe Electric has earned

a reputation for reliability--second to none.

Mr. Ashford is also civic-minded, and has always been ready to contribute his time and energy to any plan which promises to benefit this entire district. And the people of this region may regard with particular satisfaction the many services which he has performed in the interest of progress and civic betterment.

We urge our readers to look to Ancel Ashford as a dependable business man of whom we may well be proud. His devotion to the city has been constant, and his achievements well merited. We wish for him further success.

Darrell Kenemer

Darrell Kenemer, manager of the Southwest Irrigation Company, has won the universal respect and good will of the people of Muleshoe and the surrounding country for the progressive manner in which he has kept this reliable company in the forefront of the business and rural life of this entire district. Also for the efficient and friendly willingness he has displayed in accepting his share of responsibility in aiding civic projects.

Mr. Kenemer is not the kind of man who makes himself conspicuous by the manner in which he conducts himself, either in business or other matters. His quiet reserve and air of confidence mark him as a man of sound judgment, whose opinions and advice are sought after and listened to with respect.

We compliment Darrell Kenemer for the successful management of the Southwest Irrigation Company, and also for his constructive advice and help on those civic affairs in which he has found time to interest himself. He is a man whom many are proud to call friend.

A. V. Wood

It is a privilege in this Muleshoe review of progressive men and firms that have been such a great aid to the growth and development of this section of West Texas to place such a man as A. V. Wood of Muleshoe Auto Parts, on an equal plane with all others in this rank. In the past, few men have exceeded him in contributing of their time and energy to the onward progress of Muleshoe and the surrounding country.

Mr. Wood is generally recognized as one of the more dependable auto parts and supply dealers in this district, and he retains that distinction in the admiration and respect of his wide circle of friends. Also his interest in, and the very valuable assistance he has rendered to the many projects of a civic nature, reflect the principles which he has always so successfully applied to his business affairs.

We congratulate A. V. Wood on his record, and sincerely hope that his career will be as useful, and completely successful in the years ahead as it has been in the past.

Leslie J. Mills

In singling out some of the more progressive businessmen of Muleshoe, we would be censored should we fail to include Leslie J. Mills of the Mills Machine Shop Incorporated, for he is a man who has never spared himself in his participation in both the business and commercial life of the city.

Mr. Mills has always been conscious of his civic responsibilities, and is ever ready and willing to meet in every detail, those opportunities which come to his attention to further civic enterprise. He may well be proud of his achievements long these lines.

Leslie Mills deserves a great deal of credit for the honest and successful manner in which he has conducted his business affairs. He is a friendly and likeable personality, whose sincere desire to be of service has gained for him a host of friends and acquaintances in and around Muleshoe who would, if given the opportunity, join us in wishing him many more years of continued success.

Jerry Littau

It isn't the size or volume of a man's business which determines its value to the community in which he lives. But rather by the manner in which it is conducted. Which, to a greater or lesser degree, reflects the personality and character of the individual. The value of Jerry Littau's business to the city is a reflection of his progressiveness, and a determination to render the utmost in service, a policy which has caused Jerry's Tire Company to be so well thought of, and so widely patronized by the people of Muleshoe and the surrounding area.

That same progressiveness

and ability which has made him so successful in his own business has also fitted Mr. Littau to be of assistance on community projects and public drives. Moreover, he does so cheerfully, and with a friendly spirit of cooperation that is always more than welcome.

It is a pleasure to include Jerry Littau in this Muleshoe review, and to wish him further success in his particular field of endeavor.

Bobby Burris

In paying tribute to some of the more conscientious businessmen of Muleshoe, we would be remiss in our duty should we fail to include Bobby Burris of Bob's Safety Center, whose business ability is no greater than the "know-how" and unusual skill which has contributed to his well-earned success in the wheel alignment and front end re-building and repair business.

He has also contributed generously to the welfare of the city and the community for many miles around. And his civic spirit is evidenced by the many services which he has performed, and will continue to perform in the interest of the people as a whole.

Mr. Burris is a man of wide acquaintance, whose many friends admire and respect in him, those virtues which inspire confidence and promote good feeling. And his upright business methods are a credit to his inherent sense of fair play.

We congratulate Bob Burris on his splendid record of service, and trust he shall continue to assist us for many years to come.

Paul Whitecotton

To be a consistent and persistent booster of any community, often takes courage and plenty of optimism.

It is because of his unflinching faith in the future of Muleshoe and the surrounding country, and his unflagging efforts to promote its development, that Paul Whitecotton is selected now for this brief tribute.

Mr. Whitecotton has proved very ably that he is a restaurant operator of unusual ability, for it is largely due to his ideals of service, coupled with a determination to serve only the very best of food, that Paul's Cafe holds its high position in the public's favor. And his personality and energy in directing the operations of the business are important factors in his outstanding success.

We are glad to pay tribute to Paul V. Whitecotton, and to point out to our readers that his is the guiding influence responsible for the splendid service and delicious foods, served in a delightful atmosphere, to be had at Paul's Fine Food in Muleshoe.

Clyde McMahan

It is gratifying to include Clyde McMahan of the Muleshoe Garden Center, in this review of dependable and civic-minded men of the city. Aside from his success in business he has always evinced a willingness to take part in some manner in those activities which will promote the growth and progress of the city, and the surrounding trade area.

Mr. McMahan is a nurseryman and landscape contractor who literally and figuratively knows his business from the ground up. This knowledge, plus his artistic ability and his ideals of service, have made him one of the more popular nurserymen and landscape architects in West Texas. All of which combined with his sound and upright business principles are sure to keep him in the public's favor.

Clyde McMahan's integrity, responsibility, and a thorough knowledge of his business gained through long experience, will always keep him in the forefront of his line. It is a pleasure to compliment him for his many successes.

Bill And Margaret Collins

Bill and Margaret Collins are two of the more successful drive in and restaurant operators of Muleshoe who, by maintaining a constant standard of service and high quality foods, has made Bill's Drive in one of the more popular eating places in the community. We are glad to give them credit for their well-earned success in a field which is so highly competitive.

It is also a pleasure to give them credit for taking part in community affairs, and lending their assistance to various activities and public projects. When to take part in such matters, they always do so without

ostentation, but in a quiet manner which lends dignity to their cheerful acceptance of their share of the civic load. It is a pleasure to be associated in the promotion of community activities with two such people as Mr. and Mrs. Collins.

This review of progressive and civic-minded citizens of Muleshoe would not be complete were we to fail to include Margaret and Bill Collins. Theirs is the kind of success which deserves recognition, and we wish them many more years of the same.

V. L. 'Vic' Benedict

Performing an outstanding service for the people of Muleshoe and the surrounding territory, V. L. "Vic" Benedict, agent for the Southwestern Life Insurance Company, has attained an enviable reputation for his progressive policies of business administration. His constant study of insurance problems in relation to the protection the people both need and can afford, have been important factors in his well-earned success.

Mr. Benedict is a man of ideas, and he is as practical as he is progressive in putting those ideas to beneficial use in furthering the service his company renders to the public. His sound business judgment, and unwavering honesty are characteristics which place him in the front rank with other business leaders of the city. Yet, he is unassuming and modest in his personal contact with the people; always ready to listen to their ideas and desires.

We are glad to pay tribute to dependable citizens of this type, for it is such men as "Vic" Benedict who have caused Muleshoe to become recognized as the leading trading center for this section of West Texas.

T. W. Berry

Recognized as an authority on all electrical contracting problems, T. W. Berry of the Berry Electric Company, has turned his knowledge to the advantage of the people of Muleshoe and vicinity. More than that, Mr. Berry is a man who has always been vitally interested in the civic betterment and progress of the city, and has backed up his interest by lending assistance, in one form or another, to the successful promotion of many things which have benefited the community as a whole. Muleshoe owes much to such men for their part in making the city the business center of this area.

He has always been alert to the many opportunities for service, and more than ready to recognize and accept his share of civic responsibilities.

Because of these things, T. W. Berry has become accepted as a dependable business man who is an asset to both the business and commercial life of the city. And we trust he will continue to serve the people of Muleshoe and the surrounding area in his present capacity for many years.

Jess Dalton

Jess Dalton of the D & R Motor Clinic, is one of those progressive businessmen who has always done his bit to maintain the prestige of the city of Muleshoe as the leading trading center of this region. He has always worked for the development of the city, and his many services are worthy of sincere appreciation.

His well earned success as a businessman is easily understood, knowing as the people do, his widespread reputation for the honesty which characterizes all of his business dealings.

And it is a combination of technical knowledge and professional skill which has elevated Mr. Dalton to a position of leadership in the automotive repair and irrigation equipment sales and service business.

He is completely aware of his civic responsibilities, and is wide awake to the many opportunities for service, and is always ready and willing to lend his support to any project which promises to benefit the community as a whole.

We compliment Jess Dalton on his accomplishments, and wish for him continued success.

Lela Barrow

A city grows and prospers by reason of the public-spirited men and women who take an active interest in its development. Muleshoe has its share of these progressive and civic-minded people, and one who is deserving of recognition is friendly, likeable, Lela Barrow of the Bailey County Abstract Company.

Her business ability, coupled

with a thorough knowledge of the business, have been important factors in maintaining the Bailey County Abstract Company in a position of leadership throughout this entire area. She not only in her business activities, but also in her attention to civic duty, assumed an active part in community affairs.

Mrs. Barrow has always been ready and willing to contribute her time and energy to the promotion of any project promising to benefit the community as a whole. She has often sacrificed personal interests to be of assistance to the city, and her efforts are deserving of commendation and support.

We congratulate Lela Barrow on her past achievements which, in our opinion, indicate a similar successful career in the years ahead.

Morris Nowlin

In all business and professional pursuits, there are men who have met with success because they have honestly deserved it, and such an individual in his particular vocation is Morris Nowlin of the Morris Nowlin Studio, who well deserves the reputation he has earned for being one of the district's more creative photographers. His thorough knowledge of the photography business is exemplified by the manner in which he fulfills each and every demand made upon him in line with his business.

Furthermore, such experience as Mr. Nowlin has gained in the successful operation and management of his studio has been turned to the advantage of his fellow citizens by applying the same principles to the promotion of those civic projects to which he has been called upon to lend his able assistance. Thus his success in business has further enhanced his value to the city.

We appreciate the opportunity of including Morris Nowlin in this group of progressive and civic-minded men who are actively taking part in the evolution of the business life of Muleshoe.

John And Mary Farley

Two of the better informed real estate, loan and insurance executives of the city are John and Mary Farley of the Farley Insurance Agency.

They have been operating a complete service for their large clientele over a period of time, and during that time they have made a great many friends, both for themselves, and for the companies their agency represent.

Mr. and Mrs. Farley have also contributed considerable of their time and energy to the growth and progress of Muleshoe and this district, and have been content to take their rewards in the quiet knowledge of a work well done, and the respect and admiration of their many friends. The value of two such people to the city and the surrounding territory cannot be overestimated when considering the many personal sacrifices they have made in order to contribute to the general welfare of the community as a whole.

We congratulate Mary and John Farley on their splendid reputations, and wish for them continued successful careers as leaders in the insurance, real estate and loan field throughout this entire region.

L. H. 'Alex' Adams

One of the more progressive real estate men of Muleshoe, and one whose success can partly be attributed to a deep insight as to the direction in which the city will develop is L. H. "Alex" Adams of Alex Adams Realty. He has a sound basic knowledge of real estate values, and has turned that knowledge to the advantage of the people with whom he does business. And his aggressive methods, coupled with his sound and practical ideas, have made the services he has rendered to the people more valuable, and materially contributed to his well-earned success.

Mr. Adams is also civic-minded, and has always shown a cheerful willingness to contribute his share of time and energy to the promotion of community projects.

It is because of the activities of such progressive business men that year after year, Muleshoe continues to show such a healthy growth and expansion, both as a residential and commercial city. We are glad to pay tribute to "Alex" Adams for the part he is playing in the onward progress of this entire district.

A. P. Lambert

Muleshoe owes much to these progressive citizens who have taken an active part in the growth and progress of the city, and who have helped to make it the business center for this section. In mentioning some of those men, it is only fair to include A. P. Lambert of the Lambert Plumbing Shop, whose outstanding knowledge of the plumbing and heating business, backed up by his many years of experience, has brought him in the forefront in his particular field.

Mr. Lambert is wholly deserving of our sincere praise, and these few words of commendation are but a just recognition for the many activities he has conducted on behalf of the general welfare of the community.

The honest and successful conduct of his business affairs is not only a reflection of his character, but has also been a strong factor in maintaining him in a position of leadership in his field of endeavor.

We trust that A. P. Lambert will continue to serve the people of Muleshoe and the surrounding area for many years to come.

Candlelight Ceremony Unites Lola Finley, Charles Stockton

First Baptist Church in Tucumcari was scene for the 6:30 p.m., August 16 wedding of Lola Jean Finley and Charles Bennett Stockton, both of Tucumcari. The double ring ceremony, read by Dr. Bob Woods, was by candlelight.

Parents of the couple are Mr. and Mrs. Hershel H. Finley, Tucumcari, and Mr. and Mrs. Charles B. Stockton, Texico.

Focal point of the altar setting was an arch candelabra holding lighted tapers, flanked at either side by swirl candelabra entwined with greenery. At either side of the candelabra were baskets of spider mums and pink carnations.

Pianist, Mrs. John Hinkley, and organist, Mrs. S. O. Izard, played traditional wedding music as duets preceding the ceremony. Linda Finley and Jeannie Ross sang a duet, "One Hand-One Heart." Miss Ross, soloist, sang "The Lord's Prayer," and "Walk Hand in Hand."

Wesley Engram, Texico, lifelong friend and former classmate of the groom, was best man. Groomsman were Don Johnson, Stillwater, Okla., and Alton Warren, Tucumcari. Johnson also served as a candlelighter with Hal Ed Helton of Texico. Both Helton and Johnson served as ushers with Jim Tillman, Las Cruces.

Maid of honor was Linda Finley, Tucumcari, sister of the bride. Bridesmaids were Mrs. Greg Brown, Amarillo, and Mrs. Charles Wride, Portales.

The maid of honor was attired in a street-length dress of pale pink chrystline designed with a scoop neckline and elbow length sleeves. A train which extended to the hemline was attached to the waist at center back. Bridesmaids were attired identically to the maid of honor except their dresses were in darker shades of pink. Each of the attendants carried a bouquet of spider mums and pink carnations.

The bride, given in marriage by her father, wore a formal wedding gown of white silk organza over bridal taffeta applied with motifs of imported lace, designed with a fitted basque bodice, featuring a scoop neckline and three-quarter-length sleeves. The controlled bell skirt was accented by bands of Alencon lace. A detachable chapel train fell from beneath

a self fabric bow at the waistline in center back.

A double crown of seed pearls and crystals held the tiered veil of imported English illusion. Her bridal bouquet was a single white orchid surrounded by white mums from which ribbon streamers cascaded.

Following tradition, something new was her wedding gown and veil; borrowed was a pearl ring from her bridesmatron, Mrs. Greg Brown; old were pennies minted in the year of her birth and that of the groom; and blue was the traditional garter.

Wedding guests were registered by Mrs. Fred Stevens, Portales, former collegeroommate of the bride.

For her daughter's wedding, Mrs. Finley wore a brown lace dress with beige accessories. Her corsage was pink rosebuds.

Mrs. Stockton chose a two-piece dress of teal blue with accessories in matching hue. Her corsage was white rosebuds. A reception was held in the fellowship hall at the church immediately following the ceremony. The serving table, presided over by Jeannine Ross and Rita Faye Williams, was covered with a white linen cutwork tablecloth and centered by crystal candelabra and pink and white flowers. Tiers of the five-tiered wedding cake decorated in pink and white were separated by columns of white swans. Top of the cake was adorned with two doves in front of a large heart. Crystal and silver table appointments were used. Pink napkins inscribed with the names "Charley and Lola" in silver completed table decor.

When Mr. and Mrs. Stockton left for a wedding trip to Red River, Mrs. Stockton was wearing a two-piece suit of pale pink antique satin, with pink and beige shoes, beige gloves and carried a beige purse. Her corsage was the orchid lifted from her bridal bouquet. Following the wedding trip, the couple will reside at 1806 South Third in Tucumcari.

The bride, a 1965 graduate of Eastern New Mexico University where she was a member of Chi Omega Social Sorority, teaches elementary music in Tucumcari Public Schools.

The groom, a 1965 graduate of New Mexico State University, teaches junior high school math and is also assistant football, basketball, and track coach in the Tucumcari Public School system.

Out of town guests attending the wedding were Messrs. and Mrs. Earl Thompkins and Tanya, Leroy Faville, Frank Foster and Miss Gale Shipman, all of Clovis; Messrs. and Mrs. Ralph Lofton and Donald, Bellview; George Stockton and Dan, St. Vrain; Aggie Jones, Mountain Park; J. E. Whately, Amarillo; Paul Hudson and Jan, Forrest; Rev. and Mrs. Harvey Hudnall and Wayne; Messrs. and Mrs. B. D. Younger, Jim Pierce and Elizabeth, Joe Helton and Hal Ed, A. D.
