

Dumpin' Cotton

This is the first year that the Bert Williams farm (pictured) and other area farmers have used the new modular cotton loading equipment and according to one Williams family member, "We couldn't get along without it. Harvest just wouldn't be as fast." The relatively new equipment is being credited for assisting the cotton producing farmer in getting the cotton out of the field more hurriedly and saving valuable "grade" time. Spokesmen at cotton gins in the area are reporting "a better harvest than last year" and say that grades are excellent. The good weather the High Plains has been receiving has been cited for the fast moving harvest, but most producers expect cotton pickin' time to continue through December.

Cotton Harvest Moving Along Yields Better Than Expected

It is hard to go anywhere without seeing trucks hauling cotton to the gin, strippers in the fields and cotton debris along the highways.

Modular equipment is being utilized by more High Plains cotton producers than ever, aiding the farmer in harvesting his crop at a steady and faster pace.

The module bin will hold approximately 11 bales of the fluffy white as compared to about three bales held by the traditional trailers.

While in the container, the cotton is pressed together by a hydraulic ram to form the modular shape, bound so tightly that there is only a penetration capability of one inch.

This affords the harvesting farmer a greater amount of time in stripping his fields as the pressed modules can sit for weeks waiting to be ginned with only a net or plastic tarp serving as protection.

Therefore, valuable utilitarian equipment is not tied up at the gin waiting to be processed. Not only is precious "tie-up" time not lost, but repairs to the module equipment is almost nil compared to the upkeep of trailers and accessories.

Because of the new modern equipment, the farmer is able to completely strip his fields,

stack his modular-shaped cotton, and wait for the gins to "do their thing."

In addition to the new equipment used now by so many farmers, the clear blue-sky weather has been credited for this year's excellent cotton harvest. The farmer has been able to clean off the stalks before rain or wind cause damage to his crop, producing a lesser grade from fiber damage.

Cotton harvest is in full swing, and according to Seth Ralston, Parmer County Extension Agent, "Compared to the rest of the South Plains, we will have an excellent cotton harvest."

Ralston said that he knew of several farmers that were averaging a bale and a half of cotton per acre compared to the usual three-quarter bale per acre.

J.J. McDonald at the Farwell Gin Company believes his firm is a quarter of the way through this year's harvest and at press time the Farwell plant had ginned almost 1500 bales. "It looks a whole lot better than last year," he said, and stated that "The grades are doing great." McDonald said his farmers are averaging a bale and a quarter an acre.

Last year the Farwell plant ginned 3,250 bales and McDonald believes that if the

weather stays this nice they will beat last year's total by far. He is hoping for a Christmas completion date. Farwell's gin is on a 24-hour a day operation.

At Oklahoma Lane, owner Wayne Smith reports "real good grades, staples and mics" all running at figures of "31-32 and 42," Smith says.

"We have mostly good cotton, very light spotted, a lot better than last year," he said. "The cotton is drying out real well because of this pretty weather, everything is going real good."

The Oklahoma Lane plant has ginned 1200 bales and Smith says they are almost a third of the way to completion in this year's harvest. Smith said his farmers are averaging a bale an acre, with some as much as a bale and three-quarters an acre.

All three of the men said that before the harvest had begun, no one believed that this year's crop would be this good. "We had a terrible worm problem this spring," said Ralston.

Ralston also commented on the fact that more farmers are using "modular building equipment" than ever before, and according to McDonald, the modules are better because "there aren't as many flats to fix!"

Sheriff's Dept. Investigates Recent Home Burglary

The Parmer County Sheriff's department is busy investigating a theft at the home of Troy Christian in the Oklahoma Lane area. According to Sheriff Charles Lovelace, thieves entered the Christian home during the hours of last Friday night's Farwell-Bovina football game. Entry was made by breaking a glass in

the back door and pulling the lock, Lovelace said.

Items stolen were listed as four complete Farwell High School cheerleading uniforms, women's lingerie, a 35 mm camera, a blue plug-in telephone and some jewelry. Although exact dollar value has not been determined,

Lovelace estimates the loss to be around \$700. The Christian family has established a \$500 reward for identification of the thieves.

Les McCain of Bovina reported to Parmer sheriff's officials that one of his calves had been killed by dogs. The 250 pound calf had been chewed up by wandering dogs on his farm north of Bovina.

Two attempted burglaries are also being investigated by the department. The first was at the Freddie Quiroga home in Bovina where intruders tried to break in through a window, and the second is at Kelly Green Seed Company in Farwell where would-be thieves tore up a screen and storm window in their attempt to enter the business. Spokesmen in both instances report only window damage and nothing missing from inside.

David Deel of Farwell reported the theft of \$120 in recorded tapes from his car which was parked at 906 Third Street in Farwell.

Lovelace also said that his department is investigating several gasoline thefts from farm overhead tanks.

It Didn't Get Away

This catfish, weighing in at nine and one-half pounds, was caught Sunday by Mary Crump Hudson of Texico at Twin Lakes north of Farwell. Mrs. Hudson used chicken liver and beef liver as bait and caught

the fish while standing on the bank at the edge of the water. Three other fish were caught by Mrs. Hudson that afternoon, all were speckled catfish and weighed about one and a half pounds each.

Fund Set Up For Kubes

To assist the Clarence Kube family after the loss of their home in a recent fire, a fund has been set up at the Security State Bank of Farwell, according to Liz Kaltwasser. Persons wishing to make donations may do so at this bank.

In addition, those with other items for donation to the Kubes should contact

Mrs. Ed Ramm at 481-9593.

Currently the Kubes are living on their farm in their daughter's residence.

Their own home suffered considerable damage in a November 2 fire, completely destroying three rooms and placing extensive water and smoke damage to the rest of the house.

SPS To Close Doors At Farwell Branch

As of December 31, 1980, Farwell's branch office of Southwestern Public Service Company (SPS) will close its doors, according to an announcement made by Gerald Dorough, SPS district manager, at Monday's City Council meeting in Farwell.

Dorough explained that due to high operating costs, and inflation, the Farwell branch will have to be shut down. "We will give Farwell just as good service as we have in the past," he said to the city councilmen. "We can be here within a half hour to an hour's time," Dorough added.

The SPS spokesman said that no jobs would be lost and that the Farwell employees will be moved to the Clovis office.

"I have a real soft spot for Farwell. I used to live here, and I promise we will provide the best service that we can give," Dorough pledged.

"We are closing small offices throughout our area. It just has to be done even though I hate to do it," he said. "But expenses keep going up, which makes our rates go up, and we have to do everything possible to hold things down."

According to Dorough, the public service company will begin a strong advertising campaign to advise its customers on where to call for repair service. The company will have a 24-hour call service line. "And I will make sure that our people will be on call when they are supposed to be," Dorough said.

Currently, the utility company is seeking a place in Farwell where its customers can continue to pay their electric bills. "We will pay for this service, of course, but I do not know how much yet, but I can let you know at your next meeting," he said.

Councilman Fred Chandler commented that he did not feel there would be much of a service change as "they usually send out someone from

Clovis anyway."

Dorough left the meeting with a promise to the city fathers saying, "If you ever feel like you are not getting the service you deserve, I want you to call me."

Also at the Monday night meeting Janie Bowery reported that the city will receive a \$148.42 refund from El Paso Natural Gas company, and that a check had been sent to the city from the St. Paul Insurance Company for over

\$500. St. Paul Insurance is the first insurance carrier the city had decided to retain for the city's employee policy; however, at their last meeting the city fathers voted to change to a less expensive carrier.

In the interim, St. Paul said they would not write a policy for the City of Farwell and returned their money. "I sure am glad we decided to change. I do not like the idea that we were uninsured for an entire

month and were not advised of it," said councilman Johnny Curtis.

Present at the council meeting were Walter Kaltwasser, mayor; city councilmen Johnny Curtis and Fred Chandler, and city clerk Janie Bowery.

Also attending the Monday night meeting were city employees Dee Hammit, Jackie Doshier and Mario Vidaurri, and SPS spokesman Gerald Dorough.

Soon To Close

This now familiar sight - the SPS repair truck parked beside the local electric company's office - will soon be a thing of the past. After December 31

the local office will be closed, according to an announcement by Gerald Dorough, SPS District Manager from Clovis. Dorough promises that Farwell

residents will not see a change in service and that SPS Farwell employees will not lose their jobs as they will be transferred to the Clovis office.

'Response Great' For Community's Reunion

If the telephone calls and letters received are any indication, folks are comin' by the dozens for the Oklahoma Lane Community reunion on Friday, Nov. 28.

From Albuquerque to Abilene, South Carolina to California, and all across the Lone Star State and Land of Enchantment, former OL residents are responding to the reunion invitations.

Some are sending word that they will certainly be here for the big get-together, while others who will be unable to attend are letting the planners know. Others still are sending

notes or word about themselves to share with those who will be attending.

Lois Billingsley, one of the reunion committee members, says she is really enjoying getting the mail every day and hearing from so many former residents. Says she looks forward to the mail coming every day in hopes there will be many more responses as the date draws nearer. Mrs. Billingsley does report that some of their invitations have been returned because of incorrect addresses and asks that persons living here will let their relatives and friends

know of the coming event. If you know of someone who would like to receive an invitation, call Mrs. Billingsley or Mrs. Harold Carpenter.

The reunion is to take place at the Oklahoma Lane United Methodist Church, starting at 6 p.m. CST. An evening of fun, food and fellowship has been planned, and no present or former resident of the community will want to miss it. Local residents are reminded that they should bring pies for the refreshments.

And reunion members say, "Keep those cards and letters comin' in."

The past election was a clear mandate from the people for the government to head in a more conservative direction. It was easier for the people to go to the polls in one day and give that mandate to Reagan than it will be for him to fulfill it. Any sober reflection on the subject ought to tell us that years will have to elapse before significant changes can be accomplished.

On the home front our social programs are engraved in federal law. These cannot be readily changed. The opportunity for change will lie in the administration of these programs by appointees of a much more conservative persuasion. This will take a long time. As many a good administrator has found out in the past, getting a handle on the vast bureaucracy is almost an impossible chore. While the party in power can make top administrative appointments the huge majority of lesser positions are filled by civil service personnel and they cannot be pried out with a crowbar.

It is this vast horde with their very liberal bias that will handle most of the nuts and bolts of all federal programs. By and large this liberal bureaucracy stymied both Nixon and Ford in their efforts to reshape federal policy. They will work hard to do the same to Reagan. This you can make book on.

In the foreign policy field the Chief Executive has a little more elbow room, yet even there existing treaties and laws circumscribe his immediate actions. Reagan has another Albatross to consider. It was Carter's shrill cry of warmonger. For example, the Mad Mullahs of Iran have already announced that Reagan's election will delay the release of the hostages. If Reagan gets tough with these fatheads the liberal press will send up the gleeful shout of, "see we told you he was trigger happy." If he doesn't the conservative press will holler, "Get off your butt and do something."

In all truth Mr. Reagan has a very delicate tightrope act to do in the coming months and years. The full import of his election may not be felt for not only years but for decades.

This long-term result will come from his opportunity to appoint Supreme Court justices of a strict constitutional construction persuasion. They in turn will set judicial precedent for a long time in the future. This is important because Reagan will have minimal impact on the rest of the Federal Judiciary. Carter has filled more federal judgeships than any other president in history and his liberal activists will be on the bench also for a long time. The Supreme Court could well be the only conservative ballast in a ship of state loaded with legal activists.

Reagan will be at least two years behind on the federal budget and stands no chance of

Otho Whitefield Rites Held Monday In Friona

William Otho Whitefield, longtime resident of Parmer County, died last Friday, Nov. 7, following an early morning heart attack.

Mr. Whitefield, 71, was buried Monday, Nov. 10, at Friona Cemetery under the direction of Parsons-Ellis Funeral Home of Friona.

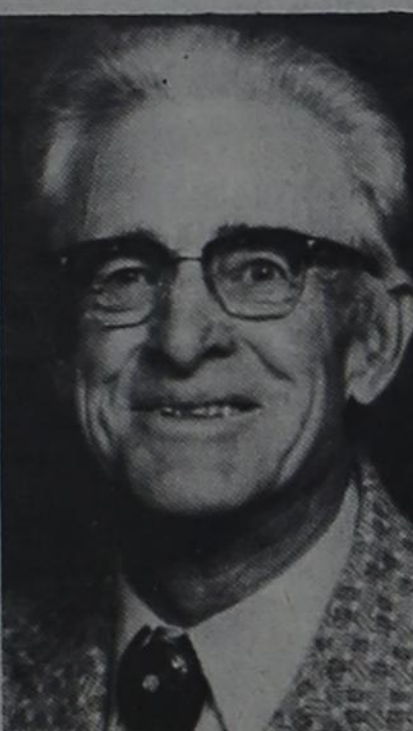

A resident of Friona since November of 1925, moving there from Hale County, Mr. Whitefield had been a farmer and sheep breeder.

He married Grace Eastep May 16, 1947 and had been an active member of Union Congregational Church serving in all leadership roles there. Mr. Whitefield was also active in the Friona Lions Club, and the National Columbian Sheep Breeders Association, serving as past president of the organization.

In addition, Mr. Whitefield was a charter member of the Parmer County Historical Commission serving as chairman of the organization's history book project.

A former superintendent of the church Sunday School department, he had also served as chairman of the Lakeview voting precinct from 1947 to the present with the voting being done in his home.

Mr. Whitefield's final services were held Monday, Nov. 10, at 11 a.m. at the Union Congregational Church in Friona with Reverend Skip Sirnic officiating.

Hammit Attends Utilities School

Dee Hammit, Farwell's water and sewer superintendent, has just returned from a two-day seminar on water utilities.

The Regional Short School on Water Utilities was held at the Lubbock Civic Center with water department employees from throughout the state attending.

"We were given the latest in techniques, laws and regulations," Hammit said, adding, "It is a course that we are required to have to retain our certification."

Hammit explained that the two-day course is given for credit hours and he is required to receive 20 credit hours a year for his certification in water and sewer work.

Henry Minter Rites Scheduled Thursday

Funeral services were to be held Thursday, Nov. 13, for former Parmer County Deputy Sheriff Henry Minter of Bovina, at the First Baptist Church of Bovina at 3:30 p.m. CST.

Rev. Jerry Rockwell and Rev. Dick Richards were to officiate.

Burial was to be in Bovina Cemetery under the direction of Parsons-Ellis Funeral Home in Friona.

Mr. Minter died about 8:30 p.m. Tuesday in Parmer County Community Hospital following a lengthy illness.

He was born January 18, 1920 in Vernon, Tex., and had lived in the Farwell-Bovina area for 55 years. He was a county deputy sheriff for 22 years, retiring from that job in 1979 for health reasons.

Mr. Minter was a member of the First Baptist Church of Bovina where he served as a deacon. He also taught an adult men's Sunday School class there for many years.

He was married to Ernestine Sides in Bovina on May 9, 1969.

Survivors include his wife of Bovina; one son, Bill Minter of Ft. Leavenworth, Kans.; one daughter, Mrs. Cissie Kinard of Clovis; two step-sons, Gary Sides of San Angelo and Larry Sides of Arlington; a step-daughter, Sandy Sides of San Angelo; one sister, Mrs. Emily Glickman of West Orange, N.J.; and three grandchildren.

Pallbearers at final rites were Weldon Moody, Leslie McCain, Jim Bishop, Ronnie Mitchell, Cecil Sisk, Bill Morgan and Bill Denney.

Honorary pallbearers were deacons of the First Baptist Church of Bovina.

County offices were to be closed Thursday afternoon so that employees could attend Mr. Minter's funeral.

Tribune Holiday Deadlines

Due to the Thanksgiving Holiday the State Line Tribune has moved news and advertising deadlines up one day for the November 28 issue.

News deadline for that issue is 10 a.m. Tuesday, Nov. 25, one day earlier than usual.

Advertising deadline is Monday, Nov. 24, at 5 p.m.

The newspaper will be taken to the post office early Wednesday morning, Nov. 26, for delivery that day.

Funeral Services Held For Paulie C. Jones

Funeral services for Paulie C. Jones, Clovis, were held Wednesday at the First Baptist Church of Clovis with Dr. Herbert E. Bergstrom and Rev. Don Fuller officiating.

Final services were at Mission Garden of Memories under the direction of Steed-Todd Funeral Home of Clovis.

A Farwell High School graduate, Mr. Jones was manager of the University Press in Portales, having learned the printing trade from the late W.H. "Hop" Graham, Sr.

Mr. Jones was born March 19, 1915 in Altus, Okla., moving to Clovis in 1937 after growing up in West Texas.

He was a deacon at the First Baptist Church and a member of the Portales Kiwanis Club.

Survivors include his wife Mary Louise of the home; two sons, Dr. W. Paul Jones of Las Vegas, Nev., and Walter A. Jones of Grapevine, Tex.; one daughter, Nancy L. Jones of Marietta, Ga.; four brothers, Bill, Emmett and Carl, all of Clovis, and Herman of Borger, Tex.; and one sister, Cora Mae Hudson of Clovis.

Pallbearers were Pete Moore, Clyde Newell, W.R. Reccius, Bud Stephens, Vernon Monks, Pat Gonzales and E.V. Pounds.

Honorary pallbearers were the Deacons of the First Baptist Church of Clovis.

Memorials may be donated to Eastern New Mexico University in Mr. Jones' honor, as a scholarship for printing students.

Open House Slated At Tax Appraisal Office

An open house is slated at the Parmer County Tax Appraisal Office in Bovina, November 23. Located at 305 Third Street in Bovina, the celebration is open to all "Parmer County taxpayers" from 2-5 p.m. CST, according to Patsy Nance, chief appraiser.

"It's the taxpayer's building," Mrs. Nance said, "We want everyone to come and see how their money was spent."

The new facility was completed November 1, 1980. It is Mrs. Nance's belief that "An informed taxpayer is a happy taxpayer."

getting a budget balance before that length of time and even that will to a large extent depend on the U.S. Senate remaining in Republican hands for at least the duration of his term of office.

These are only some of the actual realities of political life the voters must recognize and accept as part of our political system and keep their cool as the liberal eastern press tears hell out of the Reagan Administration. You can also make book that they will do just that.

Last Thursday we went home for our bologna sandwich at lunch and turned the boob tube over to Atlanta Channel 9 and were greeted with an old Reagan movie already. It won't take long for us to be saturated with old Reagan pot boilers for some obscure reason.

Somehow the thought occurs to us, the poll takers must revise their act, their methods or their honesty. One of the three is out of kilter.

We heard George McGovern discussing his defeat at the polls. Pore George, he hasn't yet really discovered that the sun always comes up in the east. He got bumped and hasn't the foggiest notion of why - that's why.

Judge Roberts Hears Cases

Parmer County Judge Porter Roberts has heard the following cases since the last report:

Felix Costello, 40, Hobbs, DWI, fined \$150 and court costs and sentenced to three days in jail.

Romolo Madrid, 42, Amarillo, charged with DWI and fined \$150 plus court costs, and sentenced to three days in jail for six months.

Bernabe Moreno, 40, of Friona, charged with DWI, plead not guilty and made \$200 bond.

William Dale Cole of Bovina, 52, charged with DWI and fined \$200 plus court costs and sentenced to three days.

Alfredo Rodriguez, of Friona, 28, charged with DWI plead not guilty and had bond set at \$200.

Lorenzo Sierra, 22, of Friona, charged with DWI, fined \$150 plus court costs and sentenced to three days.

Fautina Garcia, 24, of Farwell, charged with DWI, sentenced to three days in jail and fined \$200 plus court costs.

FIRE CALLS

Farwell Volunteer Fire Department reported one fire call this week to the Farwell Cotton Gin on November 10 at 1:45 a.m. where they extinguished a cotton trailer fire.

Texico Volunteer Fire Fighters reported no calls this week.

Walker Nabs First Place In Contest's Tenth Week

Weekly Winner

E.A. Walker of Farwell had 11 perfect predictions in this week's football contest, netting him the first place prize. Gilbert Kaltwasser of Pioneer Seeds (right) presented Walker with his cash winnings of \$7.50. Second place went to Lorine Dannheim with 10 correct

games chosen and only 19 points off on her tiebreaking entry. With only two weeks remaining in the annual football contest, Earlene Porter sits in first place with 90 total points and Johnny Curtis finds himself in the second place position with 88 points.

E.A. Walker of Farwell nabbed this week's top football contest prize of \$7.50 with his 11 perfect pigskin predictions. Walker's only miss was the Texas Tech-TCU game.

Second place went to Lorine Dannheim with ten correct guesses and a tiebreaking point spread of 19. Also guessing ten teams correctly in the contest's 10th week were L.C. Roddam, Sam Webb, Dan Koenig, Jana Roberts and Robin Mahaney.

With only two weeks remaining in the 22nd Annual Merchant's Football Contest, Earlene Porter retains her first place spot with 90 total points and a chance at two Cotton Bowl game football tickets plus expense money.

Johnny Curtis held his second place position, dropping down a point, with 88 points.

In third place with 87 points is E.A. Walker and in fourth place with 86 points are Lorine Dannheim, Virgie Shaw and

Albert Smith. With 85 points and in fifth place are Kevin Owen and Champ Porter. Ridley Lonsdale sits in sixth place with 84 points and in seventh place with 83 points are Hobby Coffman, Gay Goettsch, Doyle Green and Mrs. E.A. Key.

Jim Berry, Doug Cole and Joyce Sikes rank eighth with 82 points and those with 81 points in ninth place are Kathy Curtis, Louise Green, Deborah Penner and James Williams.

With 80 points and in tenth place are Terry Newell, Clay Roberts, Mark Ryburn, Eric Williams and Jennifer Williams.

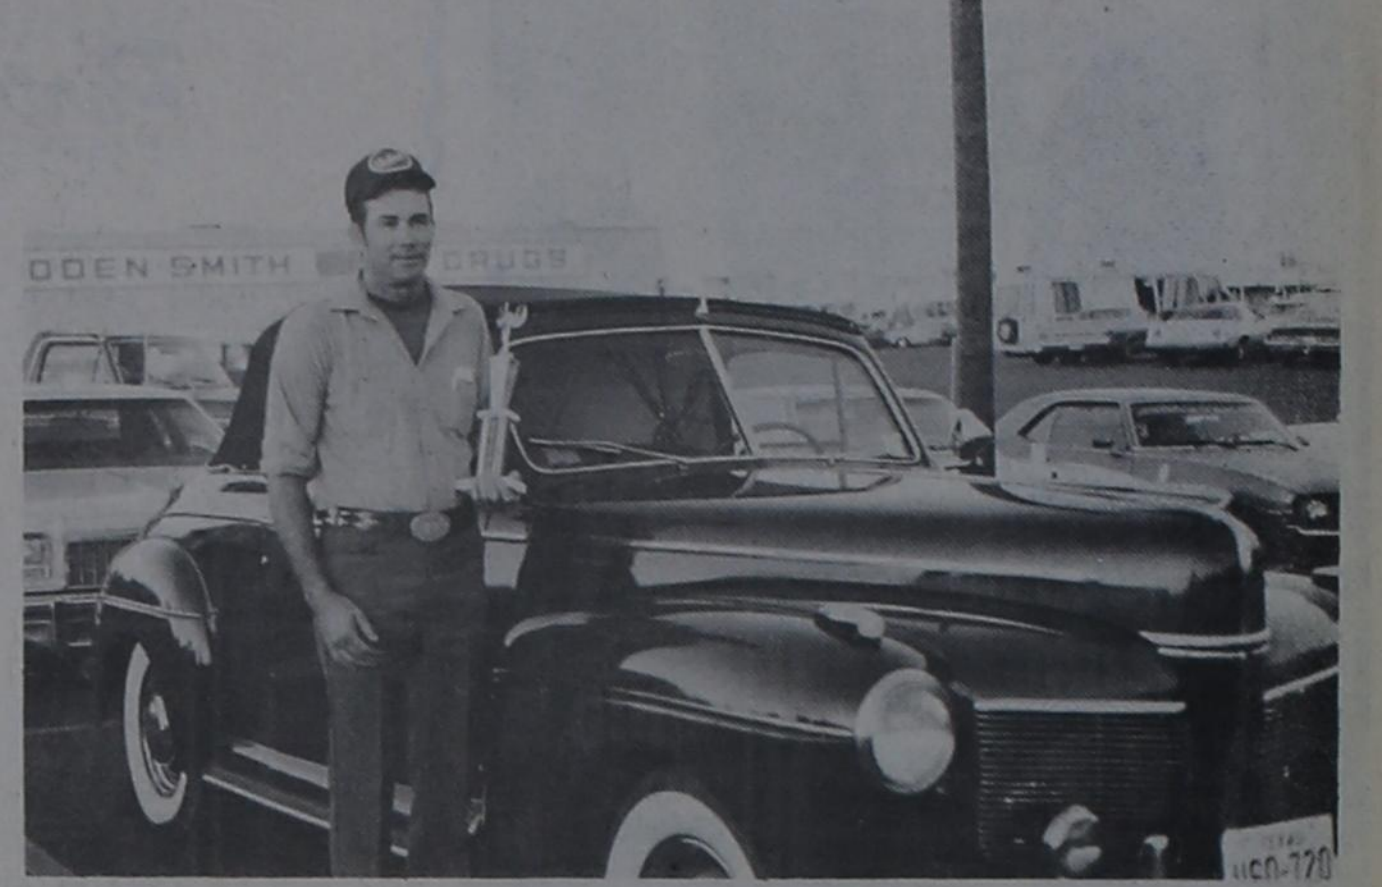

Of course, our "little ole contest maker" did it to us

again and placed a game in the running that had been played on Thursday night consequently, all entrants received one free guess.

Of the top entries, the most game missed by far was the Texas Tech at TCU clash, and running a close second was Houston and Texas.

With only two weeks left in the contest, entries are beginning to dwindle down, and truly, anything could happen at this point.

Remember, although chances are nil that a first time entry would win the two top bowl game ticket prizes, the weekly prizes can still go to anyone.

Prize Winner

Orie Jones of Farwell received second place honors in the antique car category for his 1941 Mercury convertible at the recent Curry County Sports

Plaza. The second annual show featured over 45 sports cars, pickups, dune-buggies and motorcycles.

TOTAL	\$30,446

Mrs. Nance explains that the total is prorated among ten taxing units in Parmer County and is prorated by the amount of tax levy of each unit. The budget is for July 1980 to December 31, 1980.

Farwell School Board Accepts Resignation

The resignation of special education teacher Wesley Barnes was accepted by the Farwell School board at their Monday night meeting. The board then voted to hire JoAnn Herington to replace Barnes in the special education classroom.

Also during their meeting the board accepted bids on typewriters. One typewriter was sold to Hamlin Memorial United Methodist Church for a bid of \$331, one to Barbara Knowlton for \$330, one to Dr. V. Scott Johnson on a bid of \$310, and one to P&C Office Machines for a bid of \$310.

High school principal Don Malone reported proposed changes in the student handbook for the next school year, and junior high principal Jerry Owen reported on his school's activities.

A Textbook Selection Committee was chosen, including W.M. Roberts, James Craig, Don Malone, Jerry Owen, David Gobble, Betty Turner and Edith Martin.

Others chosen to serve on the Textbook board are Marcia Cole, Nelle Craig, Ted Phillips, Kay Ray, Pat Owen, Dorris White, Vester Joiner, Richard Montgomery and Royce Baker.

A review of the audit report ending fiscal year August 31, 1980, was approved by the board members, in addition to the approval of financial

reports and the paying of bills. Those attending the Monday night meeting were Wilbert Kalbas, Joe Hughes, Bill Martin, Doyle Ford, Richard Haseloff, and Caroline Anderson. Also present were W.M. Roberts, James Craig, Don Malone, Jerry Dee Owen and David Gobble. Board member Billy Mayfield was absent.

Crop, Livestock Reports Needed

From mid-November to early January, thousands of Texas farmers and ranchers will receive a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service or will be personally interviewed by the Service's field staff. The information gathered through the questionnaires and interviews provides the basis for determining the final acreage, yield, and production of crops and end-of-year livestock and poultry numbers for the state of Texas and for each county.

All of the estimates published by the Texas Crop and Livestock Reporting Service are based on the data provided by Texas farmers and ranchers, County Extension Agents, ASCS offices, and many others

in agriculture. This cooperation provides the necessary data which is, in turn, returned to farmers and ranchers and others in the form of accurate estimates, which are so essential in making the wisest production and marketing decisions. Accurate estimates are also essential to farm organizations and legislators in promotion, planning, and enacting wise legislation and are used in establishing acreages and payment levels to producers under the various commodity programs.

The collection and publication of agricultural statistics are a cooperative effort between the Texas Department of Agriculture and USDA. This cooperation avoids duplication of effort, promotes economies,

and increases the effectiveness of statistical reports. All individual farm and ranch information is kept confidential, and only state and county summaries become part of the final published estimate.

County estimates for 1979 and January 1, 1980, are available on Livestock, Poultry, Dairy, Field Crops, Small Grains, Cotton, Vegetables, Fruit and Pecans, and Cash Receipts from the Sale of Texas Farm Commodities. Bulletins can be obtained from the Texas Crop and Livestock Reporting Service, P.O. Box 70, Austin, Texas 78767, or by writing Reagan V. Brown, Commissioner of Agriculture, P.O. Box 12847, Capitol Station, Austin, Texas 78711.

Historical Commission Will Assist Families In History Writing

The Parmer County Historical Commission has set up a work room in the Congregational Church in Friona to assist families in the writing of their history. According to Mrs. Grace Whitefield, the work room is open from 2-5 p.m. CST Monday through Friday. "We will help with stories or other things people may want to discuss," Mrs. Whitefield said.

The commission is still accepting family histories, she says and urges everyone to "help us reach our goal of 1200 family histories in order to have a first class history book."

"We ask you to keep them coming, and also to contact neighbors and relatives and friends and remind them to write theirs," Mrs. Whitefield said.

"Business histories are also a vital part of our book," she said, "it is with the business histories, memorial and tribute pages that we earn our extra pages for our general, community and other stories of special interest."

For information on the cost of the tribute, memorial or business history pages, call 247-3815 or 247-3856 or 265-3542.

Mr. and Mrs. Bill Hall

Taken in 1950, this photo of Mr. and Mrs. Bill Hall will be in the upcoming Parmer County History Book along with their family history. Members of the Parmer County Historical Commission say that they are

still accepting family histories for their second edition of Parmer's History.

Handy At Crafts

Bobbie Pierson, this week's featured area homemaker, spends what free time she can find after helping on the farm and tending to her two young children, doing craft work.

Mrs. Pierson is an accomplished tole painter, dough craft designer and needle work knitter - not to mention the cellar full of canned items from the Pierson garden.

Portraying Area Homemakers

by Mary Sobin

Bobbie Pierson seems to be a jack-of-all trades when it comes to crafts, raising her family and working on the farm with husband Steve.

"Farming is a family thing, I felt left out until I got involved in it myself" she says matter of factly. "Now when Steve says something about equipment or fertilizer, I know exactly what he is talking about."

And when Bobbie says she likes to be there, she means it. "I assist on the tractor or drive the truck during harvest" she says smiling. "If Steve needs me, I like to be there."

She speaks with pride when she tells of her kid's accomplishments on the farm, and in 4-H. "Wayne even had his own area of land that he was completely responsible for in irrigating." Son Wayne, nine years old, and daughter D'Ann, seven, are both active members of the newly-formed Oklahoma Lane 4-H Club, a club Bobbie and Steve were instrumental in forming. Both now serve as leaders in the organization.

Upon graduation from Muleshoe High, Bobbie went to business college in Lubbock where she obtained an IBM Secretarial Degree. She met soon-to-be-husband Steve at a church social in Bovina and following her college graduation they married and moved to Plainview.

Bobbie worked for a podiatrist as a secretary and assistant, and Steve became the youngest plant foreman at MBPX.

Both Pierson children were born while the couple lived in Plainview.

After three years in Plainview the couple moved back to Farwell to farm with Steve's father. They now reside in Oklahoma Lane on Pierson property.

Bobbie is active member in the Farwell Young Homemakers, another organization she helped to organize. "I was treasurer in Bovina and so I helped get ours started here."

Since its inception, she has been vice-president, president and is currently historian/reporter.

As a family, besides farming together, the Piersons all took part in the Little League program this past summer, something Bobbie refers to as "quite an experience" with a grin and upturned eyes. Steve coached the team while Bobbie served as scorekeeper. Wayne played on the team and D'Ann worked as batgirl. "I believe in participating with our children, not just driving them to an activity and dropping them off... they grow up so fast, I feel like you should spend every minute you can with them."

Bobbie's kitchen walls are filled with her craft work of tole painting and dough crafts. She also enjoys rub-out painting, crocheting, knitting, needlepoint and hooked-rugs. "Steve says everytime he sees me I'm doing something else" she laughs. "But I just can't sit and watch TV, I'm too active."

When not producing craft

items, Bobbie spends her time in the kitchen baking or canning. The Piersons have a cellar full of her labors, something she calls "A lot of hard work," but takes pride in talking about her cinnamon rings and watermelon pickles.

The Piersons' plans for the future include building their own underground home. Yes, underground. Enthusiasm pours over as she tells of their ideas and dreams, explaining that "during harvest you always allow yourself to dream, you always hope that this will be the biggie."

Bobbie agreed to share the following three recipes with us:

BEEF CASSEROLE
 1 1/2 pound ground beef
 1 large onion, chopped
 salt to taste
 1 can tomato soup
 1 can cream mushroom soup
 1/2 pound macaroni
 1/4 pound sliced cheese
 Cook beef, onion and salt in skillet. Drain off grease and add soups. Add cooked macaroni and mix well. Place mixture in casserole and top with sliced cheese. Bake at 350° for 30 minutes. Eight servings. Freezes well.

SWEET ROLLS

3 1/4 cup unsifted flour
 1 pkg. dry yeast
 1 tsp. salt
 1 cup sugar
 1 cup milk
 3 Tbs. butter
 1 egg
 In large mixing bowl combine 1 cup flour with dry yeast, salt and sugar. In a sauce pan heat milk and butter until very warm (130°). Add to flour mixture along with egg. With mixer, mix two minutes. By hand work in remaining flour to form dough. Cover and let rise 1 1/4 hours. Roll out about 18" X 15". Brush dough with 1/4 cup butter. Combine 3/4 cup sugar and two tsp. cinnamon and sprinkle over batter. Roll up and seal edges. Cut into 1 inch slices, place cut side down. Cover and let rise, double in size (about 45 minutes). Bake 375° for 15 or 20 minutes.

GLAZE

Mix together,
 2 cup powdered sugar
 1 tsp. vanilla
 2 Tbs. butter
 3/4 Tbs. milk
 Pour over rolls while hot. Rolls freeze well.

HOT CINNAMON CANDY

Bobbie says they taste like the firesticks bought in the store, and make a great Christmas treat.

Dana McDonald, Keith Rempe Wed In Double-Ring Ceremony

Dana Sue McDonald of Lazbuddie and Keith Ray Rempe of Muleshoe were united in marriage October 25, at the Lazbuddie United Methodist Church. Officiating at the double-ring ceremony was Father Tim Schwertner of Levelland with Rev. Louis Crenshaw, pastor of the Lazbuddie church assisting.

The bride is the daughter of Mr. and Mrs. Don McDonald of Lazbuddie and the bridegroom is the son of Mr. and Mrs. Don Rempe of Muleshoe.

Given in marriage by her father, the bride wore a formal gown of white organza, fashioned with a high neckline on a sheer bodice, trimmed with venise lace and pearls. The long fitted sheer sleeves were trimmed with silk venise lace and the full A-line skirt extended to form a chapel length train, accented with matching lace.

Her veil of illusion was caught to a venise lace capulet trimmed in pearls, and completely encircled with venise lace.

The bride carried a cascading bouquet of silk roses, oriental poppies, stephanotis and daisies intermixed with lace and silk flat fern.

For something old the bride wore her paternal great-grandmother's cameo brooch, something new was her veil, something borrowed was her wedding dress which belonged to her sister, and something blue was the traditional garter.

As the couple lit the memory candle, Debbie Menefee of Ft. Lawson, Okla., sang "The Wedding Song," and prior to the ceremony she sang "Annie's Song." She was accompanied by Mrs. Jimmy Johnson of Muleshoe, organist. The church was decorated

with a palm tree arch covered with commador accented with copper satin bows. Silk flowers adorned the memory candle nestled in an arrangement of fresh cushion mums. A kneeling bench was used and the aisles were highlighted by markers of copper satin bows.

Mrs. Jet Thomma of Levelland, sister of the bride, served as matron of honor, and Mrs. Ralph Stevenson, of Hayden, N.M., cousin of the bride, served as bridesmaid. Both attendants wore formal gowns of copper savonna satin with spaghetti strap bodice and full A-line skirts accented with matching chiffon capes. Nose-gays of silk oriental poppies and daisies in shades of candlelight and copper accented with satin were carried by the bride's attendants.

Flower girl Julie McDonald of Lazbuddie, niece of the bride, and daughter of Mr. and Mrs. Dennis McDonald wore a dress of copper savonna satin with a full long gathered skirt and long sleeves trimmed in ecru lace. Miss McDonald wore gypsophilia tied with copper ribbon in her hair and carried a tan wicker basket filled with copper love knots.

The bridegroom wore a formal white tuxedo and best man, Kent Rempe, brother of the bridegroom, from Muleshoe, and groomsmen Jimmy Wedel of Muleshoe wore tuxedos of bamboo beige trimmed in tan.

Ring bearer was Craig Russel, son of Mr. and Mrs. Ken Russel of Lazbuddie.

Ushers for the ceremony were Donnie McDonald and Johnny McDonald, brothers of the bride, of Lazbuddie; Wes Hukill of Farwell and Rick Grogan of Levelland.

For her daughter's wedding,

the bride's mother wore a copper floral street length dress, adorned with a corsage of silk ruprem lily. The mother of the bridegroom wore a dress of original design in natural tussah silk with long full sleeves. The belt was accented with gold. She also wore a corsage of silk ruprem lily.

Following the ceremony, a reception was held in the church fellowship hall. Guests were served apricot punch and mints from the bride's table decorated with white lace over white taffeta and a floor length ruffle of white taffeta. A pair of brass candle sticks with copper candles centered the attendants' bouquet to form the centerpiece.

A three-tiered white cake trimmed with bronze sugar mums and topped with white doves and bells was served from silver and crystal.

Serving at the bride's table were Pat Randolph of Friona, Pam McDonald, cousin of the bride of Lubbock, and Judy Davis of Roaring Springs.

The bridegroom's table was overlaid with a beige lace cloth over rust linen and centered with a basket of fall silk

flowers and copper candles in silver candle sticks. German chocolate cake, nuts and coffee were served to guests from a silver coffee service by Jolene Clements, of Perryton, sister of the bridegroom and Susan Kidd of Lubbock.

Hosting the houseparty were Mrs. Robert Gallman, Mrs. Ken Russel, Mrs. Richard Engelking, Mrs. Preston Cargile and Mrs. J.J. McDonald.

Grandparents attending the marriage festivities were Mrs. Ophell McDonald of Farwell, Mrs. Otis Elder of Hub, and Mr. and Mrs. Lloyd Wescott of Kerrville, Tex.

The bride wore a cream suede short sleeved dress accented with rust suede jacket and belt worn with rust suede shoes for her wedding trip to Lake LBJ. Following their honeymoon, the couple will reside in Wichita Falls.

The new Mrs. Rempe is a graduate of Lazbuddie High School and has a two year secretarial certificate from West Texas State University.

The bridegroom is a graduate of Muleshoe High School and West Texas State University and is a member of Phi Delta Theta social fraternity. He is currently employed with Taylor Foundry Company in Wichita Falls.

MRS. KEITH REMPE

To Wed In January

Mr. and Mrs. Ted Magness of Farwell announce the engagement and approaching marriage of their daughter, Kimberly Ellen, to Michael Lynn Cummings. Parents of the prospective bridegroom are Mrs. Eloise Cummings of Odessa and Bill Cummings of Ft. Worth.

The couple will exchange wedding vows on Saturday, Jan. 3, at 2:30 p.m. CST in Hamlin Memorial United Methodist Church. No local invitations are being sent, but all relatives and friends of the couple are cordially invited to the wedding ceremony and the reception to follow in the church parlor.

The bride-elect is a 1976 graduate of Farwell High School and was graduated from McMurry College in May of this year. Since June she has been employed with Tenneco Oil Co. in Houston.

The prospective bridegroom is a graduate of Permian High School in Odessa. He is a ministerial student at McMurry College and is pastoring St. Luke's United Methodist Church in Colorado City.

Lazbuddie Plans Bazaar

Lazbuddie Community residents are busy planning the second annual Lazbuddie Christmas Gift Bazaar set for Thursday, Dec. 4, and Friday, Dec. 5.

The bazaar, which includes handcrafted items for sale, will be at Treider Electric and will be from 10 a.m. until 5 p.m. both days.

Some 20 residents have already made items for the

bazaar and others are expected to have things ready for the December date. All items are made by Lazbuddie residents and include art work, crafts of all kinds, leather work, candy, jewelry, baked goods and numerous others.

Refreshments will be available and everyone is invited to come by and make some early Christmas gift selections.

Hospital Notes

Carlos Pena of Farwell underwent eye surgery at a hospital in Albuquerque last week. He is at home now and is reported to be doing well.

Dutch Quickel of Farwell was hospitalized in Friona Friday and Saturday for medical attention. He returned home Sunday and is up and around although he is still feeling weak, he says.

C.J. Hufaker of Farwell, who recently underwent surgery, was dismissed from the hospital in Clovis and returned to his home on Sunday. He is reported to be improving everyday.

Mrs. Ernestine Schooling of Farwell returned home Saturday from Dallas where she had been hospitalized for treatment of a broken hip. Her daughter and son-in-law, Mr. and Mrs. Smokey Gast, brought Mrs. Schooling home by car after her dismissal from the hospital. She is reported to be doing well and is able to be up and about at intervals during the day, using a walker to get around. She will continue with therapy treatments at home for awhile.

Donald and Marjorie Watkins of Farwell are the proud grandparents of Meredith Marjorie Howard born October 31 to their daughter and son-in-law, Lee and Sandra Howard of Clovis.

Meredith made her entrance at 12:58 a.m. on Halloween morning weighing in at seven pounds, six ounces.

Mustangs Shut Out Steers For Fourth District Loss

Farwell's varsity Steers hosted arch county rival Bovina last Friday night in a District 3AA match and sent the Mustangs home as winners, 7-0.

"Mistakes killed us," said a grim coach Randy Adrian following the game. "Bovina came ready to play - we only had a few ready to play, and a few who really didn't care."

In Farwell's fourth straight loss this season, the Steers received the opening kick and drove the ball to the Bovina 39, gaining three first downs before fumbling the ball into Mustang hands.

But strong Steer defense had the Bovina punt team on the field four plays later.

Farwell's offense gained another three first downs and some good turf yardage, pushing their way to the Mustang 24. But strong defense forced Mac Langford to try a field goal, however, the attempt was ruled too wide and no good, keeping both sides scoreless.

Bovina's try at moving the ball was halted by blasts from Emilio Paez and Langford. Paez knocked down a second down pass and Langford smeared a third down quarterback sneak giving the Mustangs a loss of yardage and forcing them to punt.

But the Steers were held fast by mighty Mustang defense and had to bring in their punt

team only four plays later.

Strong Mustang offense was evident in their next try at a touchdown as they plowed their way all the way to the Steer one-yard line before losing the ball on downs.

Farwell's defense had let four first downs slip by, but got down to business when the Mustangs reached a first and goal situation. The Steers kept the visiting team in check, gaining possession of the ball on their own one.

Ralph Paez ran the ball 30 yards, but a 15-yard penalty for clipping set the ball back and a fumbled ball three plays later made Steer domination short-lived.

However, before Bovina

could say "boo," Ralph Paez intercepted a Mustang pass on the opponents' first play.

It was a test of "defense ability" during the next two ball exchanges and both teams were coerced into punting after only four plays.

Then with 1:33 left in the first half, Boyd White intercepted a Bovina pass setting his team up on the Farwell 43. But three plays later Mustang Ricky Shepherd grabbed a Steer pass placing Bovina in command before the halftime buzzer sounded.

Mac Langford stepped up early in the third quarter and broke up a Bovina pass.

Brent Green intercepted the next ball thrown, but a penalty for pass interference gave the

pigskin back to Bovina. White batted down the following passed ball, and three plays later R. Paez and Green teamed up to break up a Mustang pass, forcing the opponents to punt.

Farwell gained one first down on a Bovina interference penalty, but a 15-yard Steer holding penalty kept the ball from moving and the Steers had to punt.

Both teams traded punting power in the next two ball exchanges, but when Bovina next had control they scored on a five-yard pass.

The PAT was good, so with 4:36 left in the third quarter, Bovina led 7-0.

Defense for the two teams took hold and for the next series of plays the punters saw more action than the rest of their teammates. Both sides accrued penalties and few yard gains and were forced to punt away possession after only a few short plays.

Finally, with seven minutes remaining in the game, Bovina took control and kept possession until with a mere seven seconds left in the county gridiron clash they lost the ball on downs.

The game ended with Bovina on top, 7-0.

"We just couldn't get anything going after the first half," reflected Adrian. "We had 11 first downs in that game, and nine of them were in the first half."

Mac Langford was named Steer of the Week for his outstanding defensive play.

"Mac graded out at 98 percent following the game. He had 13 tackles and one knocked down pass," Adrian said. Langford was also given the weekly Big Hit Award.

Chris Bristow was cited for the weekly Win Award.

Tonight (Friday) the Steers take on Kress on the Farwell home turf in the last game of the season. Kress has a season tally of 4-4-1, beating two of Farwell's losses, Bovina and Hart. Their district record is 2-2.

Adrian announced that tonight is Parents' Night and that all players and their parents will be introduced before the game.

Excuse Me, Buddy

Steer Boyd White halts Bovina ball carrier Ricky Shepherd in last Friday night's county gridiron clash. White also

intercepted one Mustang pass and broke up another during the game that found Farwell on the losing end of a 7-0 score.

Bovina J.V. Falls To Young Steers

Farwell junior varsity traveled to Bovina last Thursday and trounced the arch county rival, 18-12.

The Steers received the opening kickoff and drove it to the 35-yard line. But a penalty, combined with strong Bovina defense forced the young Blue and White team to punt on their third play.

Farwell's defense retaliated and kept the junior varsity Mustangs in check forcing them to relinquish the ball on downs.

Ricky Sierra, Santiago Lucio, Doug Teel and Frank Cantu figured prominently in the next series of offensive plays, however, when Teel threw for a loss on a third and eight situation, the Farwell JV was forced to punt.

But Lady Luck was on Farwell's side, and at their first chance with the ball, Bovina fumbled and Lucio recovered it on the 25-yard line.

The young Steers then joined forces and drove their way to the goal line, Ricky Sierra

scored the team's first touchdown and Santiago Lucio went for the extra two points. This first scoring effort came early in the second quarter.

The teams exchanged punting power on the next two series of offensive plays, but the second time Bovina had the ball they zeroed in for a score. Their try at PAT failed and the score stood Steers 8, Mustangs, 6.

Farwell returned the Bovina kick to the 33-yard line, but two plays later fumbled, the ball back to Mustang hands; however, the first half ended before Bovina had a chance to score.

Impressive Steer defense was prevalent in the opening of the third quarter. Rocky Ford and Sierra along with Claude Gobble, Steve Schilling and Cantu stopped play after play by the Mustangs, until they could take no more and fumbled the ball into the hands of Sierra.

The next play, found Lucio running down field on a 75-yard touchdown jaunt,

boosting the tally by six. Lucio then went in for the two-point PAT and the Steers led 16-6.

Two penalties marched the young Steers back to their own 40-yard line after the kick-off, but strong defense by Sierra, Todd Christian and Cantu compelled Bovina to forfeit the ball on downs.

The Steers could not get the ball to move and had to punt nine plays later, but an outstanding Johnny Daniel tackle in the end zone gave Farwell a two-point safety, putting their score at 18-6.

Both teams had trouble getting past each other's defensive line, and each had to punt after only a few plays.

But with only 29 seconds left in the game, Bovina crossed the goal line for one more touchdown. Their attempt at a PAT failed and the game ended with the Steers ahead 18-12.

MAC LANGFORD

Mac Langford has been chosen by the Farwell coaching staff as Steer of the Week. Langford displayed outstanding defensive strategy during last Friday night's clash with county rival Bovina, tackling the opponents 13 times and knocking down one pass. The 195-pound Farwell senior was also selected for the weekly Big Hit award. Chris Bristow was named to receive the weekly Win Award. Farwell lost their match with the Mustangs 7-0.

Wolverines Of The Week

JIMMY LOVE **RODNEY WILSON**

Jimmy Love and Rodney Wilson have been chosen as Wolverines of the Week by the Texico coaching staff. Love had 12 tackles and Wilson had 13 tackles during Friday night's Class A playoff battle with Reserve. "Both played a real good ball game," said head coach Dave Lynn. Texico lost their bid in trying to advance to the Class A finals, losing 18-0 on Wolverine turf.

Wolverines Lose In State Playoff Bid

by Jo Hill and Kevin West
The Reserve Mountaineers, sporting the number one rank in Class A New Mexico football, and holding a perfect 8-0 record, came to Texico Friday and handed the Wolverines an 18-0 loss in State Semi-final playoff action.

Herbert Bibbs kicked off to the Mountaineers but on their first possession Reserve was unable to move the ball against the Wolverines, forcing them to punt. Kent Harding took the punt on the 36-yard line and returned it 18 yards to Reserve's 44-yard line.

On third down and with four yards to go, Gary Mitchell ran for 25 yards to the 15-yard line, but a holding penalty called the play back.

After the Wolverines' offense stalled, Mike Arnold punted with Reserve taking over on the 15-yard line, before Harding made the stop on the 25. After tackles by Todd Geries, Harding and James Kelley, Reserve was forced to punt, placing Texico in control on the 25-yard line.

The Wolverine's offense again failed to sustain a drive and Arnold was once again called in to punt. Jeff Duns-worth stopped the return on the 30-yard line giving Reserve their third possession of the evening.

The Mountaineer offense started a long drive keyed by a 25-yard run to the eight. On first down the visiting team moved to the five before Allen Hadley and James Robinson made the stop. On the next play, Todd Geries and Rodney Wilson pushed the Mountaineers back to the eight as the first quarter ended scoreless.

The second period started with Reserve going over for the touchdown but the play

was called back on a clipping penalty.

The Wolverine defense then stiffened, holding Reserve's offense for four consecutive downs, giving the Wolverines offense a first down on the 25.

The Reserve defense was also playing tough and held the Green and White, forcing them to punt. The punt was returned all the way to the Texico 38 before the Wolverines could make the stop.

After tackles by Jeff Duns-worth, Rodney Wilson and Earl Bibbs, the Mountaineers managed to pick up a first down on the 28. This was to be all the Reserve team was to get as the Texico defense held their own ground and took Reserve back out to the 35, forcing the Mountaineers to punt on fourth down.

Texico then took the Reserve punt back to the 20 giving the Wolverines possession 80 yards away from the goal line. Texico picked up a first down on consecutive eight yard carried by Willie and Herbert Bibbs before the Mountaineer defense could stiffen, forcing the home team to punt from the 43.

Texico again played tough for four downs with James Kelley deflecting the Reserve fourth down pass giving the Wolverines possession on the 29.

The Green and White was unable to move the ball, however, and the half came to an end with neither team having any points on the board.

The Wolverines took the second half kick returning it to the 29. On a third and four situation Gary Mitchell completed an eight-yard pass to Todd Geries for a first down on the 43.

The Wolverine offense drove for another first down to the Reserve 42. On a fourth down and four, from the 36-yard line, Herbert Bibbs went through the middle for six yards and a first down.

But the drive was stopped three plays later as Reserve picked off a Texico pass and returned it to the 19.

The Wolverine defense was not to be moved and Jimmy Love made the tackle on Reserve's third down run forcing the Mountaineers to punt from the 22. Kent Harding returned the Reserve punt to the 49, but a clipping penalty called the play back and Texico started on their own 36.

On third down a Texico pass fell incomplete forcing the Green and White to punt back the ball. The Mountaineers took the Arnold punt on the 22 and returned it to the 29, ending the third quarter.

Reserve drove quickly to the one-yard line and on the first down from the one broke through for the game's first score. After making a two-point conversion, the Mountaineers were on top with an 8-0 lead with 10:29 left in the game.

The Wolverines took the kick to the 31 and on a first down, a Mitchell to Harding pass appeared to be complete at the 45, but officials ruled the ball trapped, returning it to the Texico 42.

The Mountaineers picked up a first down on the 21 before picking up their second touch-down of the game. The two-point conversion was again successful with 7:21 left in the game. The scoreboard now read 16-0.

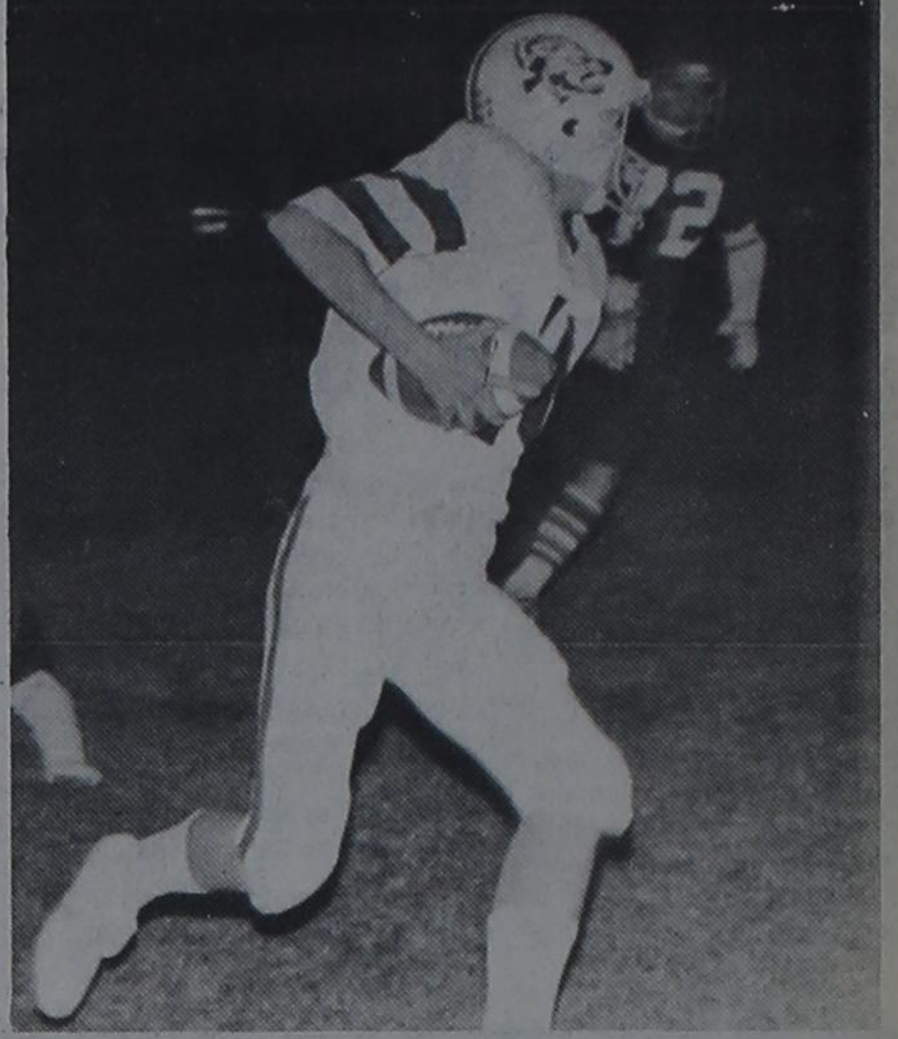

During the final minutes of the game Texico was unable to get the offense rolling and with only seconds remaining, the Mountaineers trapped the Wolverines in the end zone for a two-point safety, boosting the tally to 18-0.

"A big factor in this game was penalties, we lost 60 yards in the first two minutes to penalties," said head coach David Lynn. "Otherwise, we moved the ball real well, we just made a lot of hustling mistakes."

Lynn cited players Rodney Wilson and Jimmy Love for their numerous tackles during the game.

Commenting on the team's three and six season, Lynn said, "We really had a good year all things considered. If we had played Vaughn and Melrose instead of Lubbock Christian and Clovis JV, I know we would have finished with a five and four season instead."

The coach is not upset with his team's record, and holds a lot of respect for his boys. "It has been a learning year for us. The kind of experience we have gained is the kind that will stay with you the rest of your life," he reflected. "I feel that these kids now know what it takes. You gotta' take the good with the bad."

Texico Volleyball Girls Compete For State Title

By Lisa Crooks and Laura Horne

In regional volleyball play Saturday, Nov. 8, the Wolverines traveled to Logan coming out in second place to the Melrose Buffaloes in the Regional play-offs. "We lost, but we are determined to make a comeback at state this weekend at Roswell," promised Coach Mike Littlejohn. The Wolverines defeated the

Logan Longhorns in their first game of the day by 15-8 and 15-8. The Green and White's serving average was 81 percent in the Logan games.

The Melrose Buffaloes defeated a determined Wolverine team 9-15, 15-5, and 13-15 for the Region B title. Texico's serving average was 81.8 percent for the Melrose match.

Littlejohn commented, "The girls played their hearts out

but just couldn't grasp the victory. This is the second time in two tournaments that Melrose has defeated us, but I think the girls are more determined than before to win the final three games of the season. 'Ya Gotta Believe' and we do!"

The Wolverines will play their first match in Roswell against Navajo Academy at 1:30 p.m. MST Saturday in the Goddard High gym.

Facts & Fancies

It was due to a lot of hot air that man first flew. In 1783, two men floated over the streets of Paris in a balloon, feeding wood, straw and coal into a fire. Why? Hot air is lighter than cold air, and a balloon filled with it rises.

It is due to our oil companies that the price of fuel in the future may not go as high as it might. These companies are increasing the competition for, (and so helping to lower the costs) of fuel in other forms, including coal and uranium. This puts our oil companies in a better position to bargain with other oil-producing countries too.

Clovis Editor Lassos \$25,000 Novel Prize

W.W. "Bill" Southard, managing editor of the Clovis News-Journal, has won the \$25,000 Bantam Books/20th Century-Fox Pictures "First Western Novel Competition" for his "Season of Vengeance" western novel.

The 48-year-old New Mexican newspaper editor had his book chosen from nearly 1,000 manuscripts submitted in the contest, which was designed to encourage quality western fiction. "The kind that has entertained readers and moviegoers for decades," said a Bantam Books news release.

"Season of Vengeance" will be published for the first time in book form as a Bantam paperback in April 1981, and is the story of a peaceful rancher's relentless quest to avenge the mysterious murder of his wife. Film rights for the Southard novel have been purchased by 20th Century Fox.

Southard, managing editor of the Clovis News-Journal for the past 11 years, will receive \$25,000, of which \$5,000 is an outright prize, \$10,000 is the publisher's advance against royalties, and \$10,000 is the film studio's purchase price for the motion picture rights.

In addition, if a film is

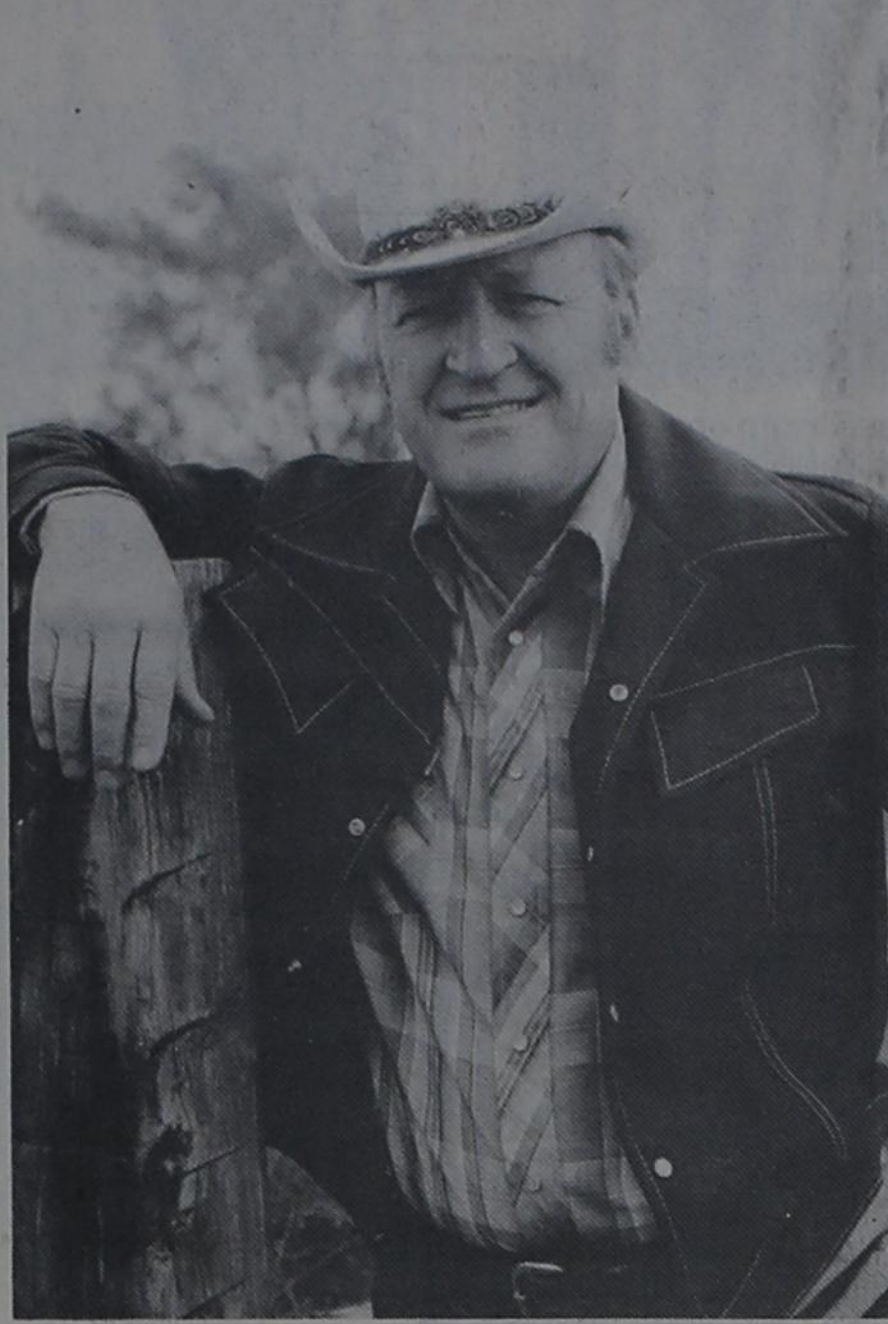

produced from the novel, the author will receive an additional \$20,000 bonus, plus a profit participation in the film's earnings.

According to Irwyn Applebaum, Bantam's Western editor, "We are delighted by the discovery of Mr. Southard whose "Season of Vengeance" is an excellent Western, particularly for a first novel. We look forward to publishing many more of his novels as he joins the Bantam list, a list which includes such fine Western writers as Louis L'Armour and Will Henry."

A lifelong New Mexican, Southard grew up in a world of Westerns, reading the masters of frontier story-telling. As a youngster, his earliest ambition was to become a cowboy. As an adult, he has spent his life "newspapering."

He is married to Anna Southard, a Texico school teacher, and they have three children.

Currently, Southard is at work on his second novel which like "Season of Vengeance," he says will be about "the New Mexico frontier, the men and women who tamed it, and those who died trying."

Farwell Teachers To Amarillo Meet

For many years most Texas teachers were members of the Texas State Teacher's Association (TSTA). When that organization unified with the National Education Association (NEA), many teachers became dissatisfied because of some of the NEA policies, according to Jean Patschke, Farwell second grade teacher. Alternate organizations were formed, and this year two of those have merged to form the Association of Texas Professional Educators.

ATPE members met Friday, Nov. 7, for a Regional convention at Tascosa High School in Amarillo. The state president, Alafair Hammit, and the state executive direct-

or, Mike Marrow, were present to report on the growth and progress of ATPE.

The morning address was presented by Hartsell Haws, a Dallas consultant on the topic, "How to Develop a Positive Mental Attitude in Your Personal and Professional Life." Haws, a humorist and outstanding speaker, presented positive helps for teachers as they deal with students.

During the afternoon Haws and others led workshops related to various aspects of teaching. The afternoon sessions were held at the Region XVI Service Center at 1601 S. Cleveland, Amarillo.

Several Farwell teachers are members of ATPE.

Thank You!

I would like to express my deep appreciation for your vote and support in the general election.

My promise to you is that I will do my best to be a good county judge.

TWO MINUTES WITH THE BIBLE

BY CORNELIUS R. STAM PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635

ALL FOR US

Have you ever thought how much God has done FOR US in Christ?

In Romans 8:32 we read that to save us from sin, God "spared not His own Son, but delivered Him up FOR US all." In Titus 2:14 we are told that Christ "gave Himself FOR US, that He might redeem us from all iniquity..." In Romans 5:8 the Apostle declares that "while we were yet sinners, Christ died FOR US." Galatians 3:13 says that Christ was "made a curse FOR US."

Hebrews 9:12 states that "He entered... into the holy place [the presence of the Father], having obtained eternal redemption FOR US." And if we trust Him for this "eternal redemption" we may read further in Hebrews 9:24 that "Christ is not entered into the holy places made with hands... but into heaven itself, now to appear in the presence of God FOR US." Romans 8:34 asks who can condemn the believer in Christ, since He is now "at the right hand of God" and "maketh intercession FOR US."

Hebrews 6:20 declares that our Lord entered the Father's presence "FOR US" as our "Forerunner." Hebrews 10:19,20 therefore encourages believers to come to God in prayer: "Having therefore brethren, boldness to enter into the holiest by the blood of Jesus... a new and living way, which He hath consecrated FOR US..."

Just think how much God has done FOR US in Christ! He delivered His beloved Son to death FOR US, Christ gave Himself FOR US, died FOR US, became a curse FOR US, intercedes FOR US, entered heaven FOR US as a Forerunner, and consecrated "a new and living way" into God's presence FOR US, so that we may "come boldly unto the throne of grace" to "obtain mercy, and find grace to help in time of need" (Heb. 4:16). "If God be FOR US, who can be against us?" (Rom. 8:31).

Author Honored

Clovis newspaperman W.W. "Bill" Southard, center, received \$25,000 from Bantam Books - 20th Century-Fox pictures for his novel "Season of Vengeance". Southard's novel won first place in the publishing firm's "First Western Novel Competition" netting him the top prize money, the opportunity for his book to be published and the chance at seeing his words put on the big silver screen. Shown with Southard at a Tuesday morning reception held in his honor at Colonial Park Country Club are, from left, Irwyn Applebaum, Bantam's Western editor; Susan Jo Brown, assistant director of the Motion Picture Promotion Bureau, State Commerce and Industry Department; the author; Randy Bolster, New Mexico area book distributor for Bantam; and Mrs. Anna Southard.

NOVEMBER SAFETY CORNER

HOLIDAY SAFETY

Enjoy the holiday season; don't regret it. Most holiday-time accidents can be prevented. Here are some ways to help assure a joyous season. Keep walks and outside steps clear of ice, snow, and clutter • Make sure outdoor lighting is adequate so visitors can safely find their way in and out • At Christmas, use only a fresh tree or a flame-resistant artificial one • Check lights for faulty wiring • Turn lights off before leaving the house or retiring • If you drive, avoid alcoholic beverages, or limit them to one per hour • Enjoy the season. With energy costs zooming just any center pivot won't do.

The whole equation changes. The few hundred you can save buying a cheaper pivot can be eaten up in the first year by rising energy costs alone. That's why the right match-up of power, pipe sizes and pressure can make all the difference in the world.

At Valley, we have the latest technology. We'd like to talk to you and show you before you buy any center pivot. Because just any center pivot won't do, especially if rising energy costs are a concern.

Valley dominates the field.
