PERSONAL

A tip of the "Ole Sombrero" goes to the Lady Wolverines of Texico for their convincing win of the Class A championship last weekend. To win a "State" title is a lifetime thrill for the members of the team and their coach. It bespeaks of many hours of practice, sweat, and self-denial. The Lady Wolverines had all the qualifications for championship play and they went out and brought home the trophy.

This weekend is the annual Lions Club-sponsored Twin City Relays at the Farwell school. There will be many excellent track teams showing their wares and all track aficionados are urged to attend. There is no admission for this spectacular event and the Twin Cities ought to be well represented with track fans.

The liberal opposition is organizing to thwart the Reagan austerity program. The media, especially television, is beginning to use all the trite and hackneyed phrases to pull at the public heartstrings. The other day we heard one of the mellow voiced and mellow headed commentators intone that because of Reagan's budgetary increase for defense and decrease for social programs, "we don't know how many will go hungry so we can buy guns."

Now that they are beginning to know whose ox will get gored, the liberals can zero in on specific programs that they want to retain. Naturally these programs, besides laddling out huge amounts of tax monies, have a vast bureaucracy that they also support. This presents budget cutters with two sets of opponents; those who will lose their handouts and those who do the handing out.

If the Reagan program to reduce inflation is to succeed it is imperative that government expenses be reduced as the tax burden on the public is reduced. These two reductions must go hand in hand or the present inflationary situation will only get worse. It will only be through pressure from the voting public that Congress will do both, at the same time, as the President requests.

This country was founded upon the political belief that all political power resides in the people; that government officials are servants of the people, not their masters; and that all just governments must rule by the consent of the governed.

We seem to have strayed greatly from these aspects. There is now a battle going on in the Texas legislature over a series of legislative acts that will go a long way to restore these ideas to the government of the State of Texas.

This is the Initiation and Referendum legislation proposed by Texas Governor Bill Clements. This will allow the people to get the laws they want and to veto the laws that they do not want. In this day of the bureaucrat, such ideas send cold chills down legislator's and state employee's back sides.

We have a very interesting booklet on the subject and will be glad to share it with anyone who wishes to be better informed on the subject. It could be the most informative 15 minutes you will spend in many a moon.

After 25 years of work, a faithful employee approached his boss and asked for a raise in salary.

"I'm sorry," said the boss. "Business is bad right now. I can't afford to give you any more money."

"But, I'm doing the work of three men," protested the employee.

"The work of three men!" exclaimed the boss. "Tell me who the other two men are and I'll fire them!"

The Thrill Of Victory

Lisa Coffey, raises the Lady Wolverines' State trophy in triumph as her teammates rally around following their 68-35 win over Carrizozo in the

Class A state playoffs held at the ENMU arena last Saturday. The Texico girls boast a 27-1 season record winning

three tournaments and the district and regional titles prior to taking the state championship.

Farwell Teachers Rehired, Pay Increases Granted

In addition to being awarded pay increases, teachers at Farwell elementary, junior high and high school had their teaching contracts renewed at Monday night's school board meeting.

Also, the resignation of coach Bill Phillips was accepted at the meeting. Phillips cited personal reasons for submitting his resignation, and says that at this time he does not have another teaching/coaching job. His resignation becomes effective at the end of the 1980-81 school year.

In the pay raise category, classroom teachers were given what amounted to a \$500 per

year raise. This was \$375 plus an end of year bonus if sick leave was not used.

The band director was placed on an 11 month contract and given a raise in the amount above state schedule of \$2075 with the same sick leave bonus.

Athletic director's salary was raised in the amount above state schedule salary by \$1575, also with the same sick leave bonus.

Other coaches were raised in the amount above state schedule salary by \$1575, also with the same sick leave bonus.

All teachers had their contracts renewed, as well as high

school secretary Cindy Littlejohn; school nurse Sarah Owen; Pat Greenwood, LLD Resource Room; Jean Malone, LLD Resource Room; and Cathy Arthur, Speech Therapist;

Also, Kay Stanton and Sandra Turner, Special Education aides.

Migrant program teacher Becky Norton also had her contract renewed, but both she and the teachers in the Special Education (Resource Room) Program had their contracts renewed subject only to federal funding.

For the school year 1981-82 the sixth grade will be moved into the junior high school. Board members approved a new sick leave policy which added five days per year of total sick leave and decided on the amount to be withheld from teachers' salary when sick leave is used up.

Board members attending the meeting were Wilbert Kalbas, Caroline Anderson, Joe Hughes, Richard Haseloff, Bill Martin and Billy Mayfield. Absent was Doyle Ford.

Also present were W.M. Roberts, James Craig, Don Malone, Jerry Owen, David Gobble, Randy Adrian, Lynn Burton, Kay Ray and R.T. Langston.

Chamber Banquet Slated Thursday

Farwell's Chamber of Commerce banquet is scheduled for Thursday night, March 12, in the Farwell School cafeteria.

The annual affair was to begin at 7:30 p.m. and culminate with the naming of the new Man and Woman of The Year.

Tickets for the steak dinner, at \$7.50 a person, were still available from any Chamber member.

Dr. Don Newberry was to be the featured speaker.

Lady Wolverines Are State Champs

After a triumphant season of 27 wins and 1 loss, Texico's Lady Wolverines captured the New Mexico Class A State Crown last Saturday in the ENMU arena, defeating Carrizozo 68-35.

"We had set our sights on the state championship at the beginning of the year, and I really think it would have been a disappointing year if we had not won," said a pleased coach Roy King. "We had come so close the last two years, losing to Floyd in the 1979 finals and to Logan in the semi-finals in 1980."

Their state title trophy is only one of six won this season. The roundballers captured two tournament titles, including the Tucumcari Invitational and the prestigious EPAC Tournament; placed second at the Friona Invitational; and grabbed the District 6A title and the Region B title before advancing to the State playoffs where they defeated three teams in a row to become the Class A State Champions.

Before a capacity Texico-Farwell crowd, the girls demonstrated total control in their efforts against Carrizozo, a team that turned out to be totally unprepared for the Green and White powerhouse.

The local girls were so overpowering that at halftime they had a 33-point lead, and during the fourth quarter, Carrizozo was held scoreless.

But for the season, the Texico team did come up against some real competition, winning two games by only 1 point and a few by as little as 3 and 4 points. Their one loss came from Texas team Canadian early in the year.

From there the Green and White won 21 straight games to gain their bid for the state trophy.

"I thought the girls played well all year long," said King, "but especially well during the district, regional and state tournaments."

The girls averaged 49.4 points per game, compared with 35 per game for their opponents. Texico totaled 1384 points for the year.

In field goals, they connected with 548 out of 1482 attempts for a 37 percent average. Standing at the free throw line,

Texico shot 63.6 percent making 288 out of 453.

Ruth Scott outshot not only her opponents, but also her teammates, pouring in a total of 484 points, more than 200 points ahead of the team's next high scorer, Lisa Coffey, who had 283.

Also adding points in the triple digit range were Tracy Dobbs with 188 and Schree Rucker at 179. Others scoring this season included Becky McDonald, 60; Carletta Fitz, 57; Elyese Moody, 39; Tammy

Landis, 35; Jill Jesko, 20; Pam Hoyl, 16; Lisa Crooks, 13; Sharlet Taylor, 8; and Valda Cavallero, 2.

Leading rebounders were Scott with 315 and Coffey with 267. Also rebounding were McDonald with 84; Rucker and Dobbs, 81 each; Fitz, 75; Moody, 46; Jesko, 29; Hoyl, 27; Landis, 26; Crooks, 12; Taylor, 9; Cavallero, 5; and Chary Jesko, 2.

Texico cashed in with 420 assists and stole the ball 237 times.

During the State tournament, Texico lodged a victory over Rehobeth during the first round of play 54-32. Their next opponent, Weed, fell 51-25 and then came Carrizozo who lost the crown by a 33-point margin.

"I was especially glad we won because of our four seniors," King beamed. "Lisa Coffey, Becky McDonald, Schree Rucker and Carletta Fitz played a big part in our

"For their three seasons we were 24-8 in 79; 25-5 in 80; and 27 and 1 this year. They provided us with outstanding leadership during the entire year, plus some outstanding performances," he added.

King cited his underclassman for their "superior play" during the season. Ruth Scott, Tracy Dobbs, Jill Jesko, Lisa Crooks, Pam Hoyl, Sharlet Taylor, Chary Jesko and Valda Cavallero "all played very well. All of these girls know how it feels to win the State crown and now they want to try and win it again," the girls' mentor said.

"I think the whole town of Texico is proud of these girls, and they showed it by the tremendous crowds that we had during all the tournaments," King remarked. "The cheerleaders and their sponsors Paula Leighton and Kay Warmuth did a fantastic and very professional job throughout the entire season and they are also to be thanked. They kept the spirit going."

**CHOOSING POTS 'N PANS
BE CAREFUL**

"Beauty" may hide a "Beast" when it comes to choosing today's pots and pans, so be careful.

Functional considerations can easily lose out to "looks" in the competitive mood of the marketplace where more than 125 companies compete for the consumer's dollars.

Fortunately some cookware is BOTH - functional and good-looking.

COOK-ABILITY

To find cookware with function and beauty, remember your "physics" - just the basic laws.

To do a good job of cooking, cookware must conduct heat quickly and evenly without hot spots.

Certain metals conduct heat more efficiently than others: copper is best, and aluminum is next best.

Steels and iron generally are poor conductors of heat, but stainless steel used in combination with other metals such as copper or aluminum is very satisfactory.

Porcelain-clad steel does not distribute heat very evenly. However, thick castiron pans can spread heat as evenly as thin copper ones, mainly because iron retains the heat so well.

**DURABILITY,
CLEANABILITY**

Metal isn't the only consideration, either. Durability and cleanability are major concerns, too.

Copper tarnishes easily but is easily restored. On the other hand, if the tin lining wears away, copper can react with acidic substances to cause potentially harmful health effects.

Aluminum is vulnerable to pitting and discoloration, but aluminum poses no known health hazards.

Stainless steel is both durable and easy to clean.

Cast iron requires special seasoning and cleaning pro-

cedures to keep it in optimum shape.

COOKWARE COATINGS

Here's a word about cookware coatings:

Porcelain enamel coatings have pros and cons. These coatings are used on iron, steel and aluminum pans. They're fairly easy to keep clean, but they can be marred by metal spoons or scouring pads. Also, thin layers may chip easily and may be subject to crazing (streaking) due to thermal stress.

Non-stick coatings come in several types. The better ones resist damage, but many of these finishes probably will have a shorter life than the pots and pans they're bonded to.

SHAPES, FEATURES

Make sure any pot or pan you buy has a flat bottom - for even, more efficient heating. Also, be sure it has a tight-fitting lid and good balance so it doesn't tip over.

A BUYING PLAN

Some types of cookware make better sense when bought "by the piece" than by the set.

When choosing cookware, be especially careful about a "set" with a "decorator look."

Consider your needs and how frequently you may use a piece of cookware.

An eclectic (variety) "mix" of cookware may be the best "recipe" for your kitchen.

For example, you might choose a cast-iron skillet for frying, an inexpensive aluminum kettle for boiling water when you need a large amount of spaghetti, and one or two of the best saucepans you can find. This grouping will probably meet most of your cooking needs.

Add a few pieces of non-stick cookware in a price line you can afford and your functional cooking needs will be met.

Furthermore, if they are well-designed and work superbly, they will be "beautiful."

**Bro. Hudnall
Returns From
The Philippines**

Bro. Harvey Hudnall of Farwell returned home last week from a trip to the Philippines. He left February 10 from Albuquerque on a Volunteer Mission Crusade through the Foreign Mission Board of the Southern Baptist Convention.

A group of ten ministers and singers from New Mexico made the journey, joined by 80 men from Oklahoma.

Several missionaries and pastors in the Philippines participated in the crusade on the Island of Mindanao from the cities of Cebu and Davao.

Bro. Hudnall preached in three rural churches from Mlang and lived with the people in what he described as a "very primitive area."

"The people are very friendly and hungry for gospel," he said.

Over 100 persons made decisions in the three small churches where Bro. Hudnall preached. A report of all decisions has not yet been completed, he says.

Kelley Wins Art Awards

Kyle Kelley, son of Mr. and Mrs. E.C. Kelley of Farwell, received a first place and a second place in the 1981 ENMU All-Student Art Exhibition.

The first place was awarded in the drawing, design and print category for a scratchboard design entitled, "Ming Turtles." The design pictures three turtles - one small, one medium-sized and one large. The two smaller turtles are facing the larger one in such a way that the entirety of their shells is visible to the viewer. There is a great deal of intricate detail throughout the work.

The second place was awarded in the painting category for "Out on a Limb." This is a painting of a young raccoon obviously caught in a very precarious position. Once again there is a great deal of detail in the many, many individual brush strokes in the

animal's fur.

The contest was judged by LaWanda Calton, a leading painter in eastern New Mexico; and Barbara Shafer, art instructor for the Portales Public Schools. The exhibition was sponsored by the ENMU Art Department and Phi Kappa Phi Honor Society. Winners were awarded placement satin ribbons and cash awards.

Joe English Concert Set Mar. 28

Youth In Action announces a special concert with Joe English and Bonnie Bramlett Saturday night, March 28, at Leon Williams Stadium in Clovis starting at 7 p.m. Tickets will be \$3 in advance and are now available at Positive Sounds, the Taco Box, and House of Color in Clovis.

Joe English toured three years with one of rock's greatest legends - Paul McCartney And Wings - and performed for three million people in Europe, Australia, and the U.S.

Late one night in 1977

through a series of miraculous circumstances, he accepted Christ as his Savior and Lord and participated in the formation of the Paradise Group, the company holding 50 percent (along with the New Benson Group) in Refuge Records.

Bonnie Bramlett recorded on the Allman Brother's latest album "Famous Last Words" and will record her first album with Refuge Records this fall.

Joe and Dayle English now live in Nashville where he works as a session player (recently, on tracks for Bonnie Bramlett, Mel Tillis and last

month's featured artist in Clovis - The Cruse Family). Joe's recent LP, "Lights in the World" (called an "impressive debut" in the trades) reflects his intense interest in charismatic and end times theology. Most of the songs on the record were written by John Rososeo and Don Rogers. Friend Bonnie Bramlett provides back up vocals and another crony, George Cocchini, plays lead guitar.

The English Band also includes keyboardist John Lowry and also a second percussionist. The March 28 concert at Leon Williams Stadium will be one of, if not the first, on his Spring-Summer '81 Tour.

Track Workers Meet Tonight

A meeting for workers involved in the annual Twin Cities relays is slated for tonight (Friday) in the Farwell High School library, according to coach Randy Adrian.

Adrian said that the meeting will begin at 7 p.m. CST and all workers are requested to attend.

The track meet is sponsored by the Texico-Farwell Lions Club and is to begin this Saturday at 9 a.m.

Snake Hunters 'Successful'

Braving the cold and the rain, area rattlesnake hunters took part in the 15th Annual Walnut Springs Lions Club Rattlesnake Hunt last weekend, and reported that in spite of the inclement weather they had a successful hunt.

Traveling from Farwell were Bobby and Alice Vinton, Penn Curtis, and Ted Magness, and Doug Sobin of Clovis.

Also taking part in the hunt from this area were Kirk Magness and Monte Spearman of Farwell and David Patterson and John Spearman of Clovis.

Texico Overpowers Opponents In State Tournament

The Lady Wolverines whizzed through the New Mexico Class A State championship playoffs, defeating three teams, Reboloth, Weed and Carrizozo, and captured the state crown for the Green and White.

This is the second state title won by the female athletes of Texico this season, as the volleyball team was named number one in the state in November.

To win the state basketball crown, the girls first played Reboloth, winning an easy 54-32 game.

"We had the jitters during the first quarter, but after that we played pretty well," commented their coach, Roy King. "I thought Lisa Coffey and Becky McDonald played extremely well."

Texico scored 12 points in the first quarter and then added 14 points during each of the next

three quarters. The girls led at the half 26-15 and allowed only 6 points from their opponents during the third period.

To win the game by 22 points, Texico had to completely control the momentum, and that they did.

Lisa Coffey was high scorer with 17 points, followed by Ruth Scott, 14, and Tracy Dobbs, 11. Also adding points were Schree Rucker and Becky McDonald, 4 each; Carletta Fitz, 2; and Jill Jesko and Pam Hoyl, 1 each.

Coffey hit the boards for 10 rebounds with Scott and McDonald each grabbing 9. Also retrieving the ball were Rucker, 4; Jesko, 3; Dobbs, 2; and Fitz, 1.

Their win over Reboloth advanced them to competition with Weed, a game played at ENMU's arena and easily won with a score of 51-25.

"I thought we might have a let-down after our girls watched our arch rival Floyd get beat on a last second shot," reflected coach King, "but the whole team played well. Schree, Ruth and Tracy picked up the slack when Lisa Coffey got into foul trouble. Schree probably played her best game of the year," praised the coach.

It was a slim first quarter for Texico as they only pumped in 9 points and only led their opponent by 3 points. "The girls were real excited about playing in Eastern's arena, but the open area behind the baskets bothered us at first. During the last half we started connecting on our shots," King recalled.

Texico managed to pour in 10 points in the second period while holding Weed to only 4. Another 12 points in the third quarter and a hefty 20 points in the final quarter gave the Green and White their third chance in as many years for the Class A State title.

Scoring for the Lady Wolverines were Scott, 18; Rucker, 14; Coffey and Dobbs, 6 each; McDonald, 4; Jesko, 2; and Taylor, 1.

Scott led the gals in rebounds with 10; McDonald had 9; Coffey, 7; Fitz, 5; Rucker and Dobbs, 4 each; Jesko, 2; and Taylor, 1.

And then came the biggie. The girls were pitted against surprise victor Carrizozo, a team that had defeated Floyd the night before in an unexpected sloppy game from Floyd.

But Texico had nothing to fear. They completely dominated the game, and allowed only 35 points through the Carrizozo nets, while Texico pitched in 68 to win the state trophy.

"Our girls were really ready to play," said a proud coach King. "We hit 16 of 26 shots during the first half and completely shut off Carrizozo on the inside."

Was this the best game played all year? "The first half was," King said.

"We had a little let-down after the half, but we still didn't play bad."

Texico completely controlled the courts during the first half of play, sending Carrizozo to the locker room at the half behind a 42-9 score. A scoring surge for the Grizzlies found 10 points added to their effort in the third quarter, but Texico managed to keep the Carrizozo girls scoreless during the final round of play and took the game by a 39 point margin.

All of the Lady Wolverines saw action on the ENMU arena floor, something coach King was very pleased about. "I'm glad we were able to let everyone play," he said. "Coffey and Scott controlled the boards which allowed us to run our fast break to perfection."

Scott had a terrific game scoring wise and rebound wise, pouring in 21 points and grabbing 12 rebounds.

Also scoring were Coffey with 13; Rucker, 12; Dobbs, 8; McDonald and Hoyl, 4 each; and Fitz, Jesko and Taylor, 2 each.

Coffey led in rebounds with 17; Dobbs had 6; McDonald, 4; Cavallero, 3; and Fitz, Jesko, Crooks, and Hoyl, 2 each.

During their final game in the state playoffs, the girls shot 46.7 percent in field goals and 57.1 percent in free throws.

'Nuff Said

The scoreboard said it all. Texico had completely overpowered their opponent Carrizozo during the Class A State Championship basketball game last Saturday, defeating them

by a whopping 33 point spread. At the half the Green and White led 42-9, and during the fourth quarter Texico held the opposition scoreless.

Exciting Victory

When the final buzzer sounded and Texico girls knew they had

captured the state crown, there was nothing left to do but congratulate each other and share the happiness. The cheerleaders, a group who had "kept the spirit going," according to coach Roy King, also took part in the congratulatory time, as did members of the Carrizozo team that had fallen to the Green and White 68-35 in the championship game.

We Did It!!!

There was plenty of joy to be shared after the Texico girls won their state trophy, and emotions were at a peak. Even though their victory over Carrizozo came relatively easy for the Green and White, that did not take away the thrill of winning the coveted Class A

State Championship trophy last Saturday in the ENMU arena. The Lady Wolverines literally clobbered Carrizozo by a resounding score of 68-35, bringing home with them the trophy on which they had set their sights at the season's beginning.

All-Stater Ruth Scott [41] grabs one of her 12 rebounds during the state title playoff game against Carrizozo last Saturday, with teammate Schree Rucker [20] ready to

assist. Scott poured in 21 points during the trophy game, and Rucker had 12. The Lady Wolverines won the game 68-35 to win the state championship title.

Electric Cooperative Elects New Officers

Members of the Bailey County Electric Cooperative Association met for their annual meeting February 28 and elected new officers and district representatives.

Newly-elected officers include Joe Embry, president; Jim Wayne Shafer, vice-president; and J.W. Herington, secretary-treasurer.

Chosen to represent district 3 was Guy F. Kelley and for district 6, Tommy Kirk.

Other district representatives who complete the seven member board are Joe Embry, district 2; J.W. Herington, district 1; Lewis Wayne Shafer, district 4; Glenn Lowe, district 5; and Ernest Trull, district 7.

Connie Gupton, manager of the Cooperative, presented some facts concerning the cooperative's growth the past year and some projections for its future.

It was reported that the largest single factor in the increasing cost for electric service, at the present time, is the Fuel Cost Adjustment (FCA).

Gupton said that the Cooperative has "no control over this

cost, and it is expected to continue to increase at approximately 10 percent per year."

The manager pointed out that the cost of electric service would continue to go up, but that there were three areas in which the Cooperative's irrigators could have some control over the rate at which their electric costs increased.

According to Gupton, there are more efficient uses of electricity through "greater well and pump efficiency, better use of water application, and cooperation with each other in keeping the system's peak demand down as low as possible."

Gupton said that the Cooperative's management will be working to accomplish these goals through a "load management program" in the coming months.

He discussed briefly the proposals by the Reagan Administration to cut the ERA program and suggested to his listeners that members write their congressmen and senators to advise them "how their area will be affected."

Visitors attending the annual meeting held at the Muleshoe

High School Auditorium included Bill Loyd, Muleshoe State Bank; Kurt Johnson, Texas Electric Cooperative, Austin; Jim and Bridget Rumsey, Graybar Electric Co., Amarillo; A.B. Segars, Bolinger, Segars, Gilbert and Moss, Lubbock; Mr. and Mrs. Gerald Reid, KMUL Radio, Muleshoe; Johnny Actkinson, Aldridge, Harding, Aycock and Actkinson, Farwell.

Sheriff's Report

It was a quiet week in the Parmer County Sheriff's office as officials handled only two reports this week, both dealing with theft.

Darrell Norton of Farwell reported that a saddle valued at \$400 had been stolen from his barn located northeast of Farwell sometime within the last month.

Tide Chemicals was struck

again by thieves as a spokesman there reported a cutting torch and gauges stolen, with a total value of \$75 placed on the missing items.

Sheriff Bill Morgan reported that two of his deputies transported John Sierra to the Texas Department of Corrections in Huntsville this week. Sierra had been arrested on a state warrant for violation of parole.

Roberts Hears Cases

Parmer County Judge Porter Roberts heard only two cases this week, both involving driving with a suspended driver's license.

Steve Madrigal, 25, of Bovina was sentenced to three days in Parmer County jail for his charge of DWLS in addition to being fined \$100 plus court costs.

Madrigal was also fined an additional \$200 plus court costs and sentenced to another three days in Parmer County jail for a separate DWI charge.

Celso Ceballos, 47, of Littlefield was fined \$100 plus court costs and sentenced to three days in jail for his DWLS charge.

Parks Commission Sets Hearing

A public hearing is slated for March 17 at 10 a.m. by the Texas Parks and Wildlife Department.

The meeting will be held at the Parmer County Courthouse for the purpose of gathering information concerning proposed hunting, fishing and trapping regulations in Parmer County.

As a result of action by the Texas Legislature, the Texas Parks and Wildlife Commission is responsible for the setting of seasons, bag limits, and means and methods of taking the wildlife resources in Parmer County.

All interested persons are urged to attend and comment upon the proposed regulations.

Swoosh-Swoosh

Drivers have been peering through windshield wipers for the past couple of days because of recent rain and mists, and the streets in town have been made slick and

country roads turned a bit muddy. The Twin Cities area welcomed the new wet stuff as it will most certainly aid the area wheat crop. The showers began last Monday continuing

at off-and-on intervals. Smiles could be seen on many farmers' faces as in this agricultural area, rain is almost always welcome.

Tax Rep. To Be Here Mar. 18

A representative from State Comptroller Bob Bullock's Lubbock Field Office, Kay Doggett, will be at Parmer County Courthouse on Wednesday, Mar. 18, from 2 to 3:30 p.m.

A Comptroller's representative is available to assist local residents at the courthouse every third Wednesday of each month.

Bullock urges anyone with problems or questions concerning state taxes to contact the representative at the courthouse in person or call the Lubbock Field Office at 806/795-0691.

A toll free number (1-800-252-5555) is also available to Texas taxpayers.

TWO MINUTES WITH THE BIBLE

BY CORNELIUS R. STAM PRS. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635

THE TRUTH OF CHRIST

"As the truth of Christ is in me. . . ." (II Cor. 11:10).

How often St. Paul, in his letters, speaks with an oath: "God is my witness" (Rom. 1:9), "As God is true" (II Cor. 1:18), "Behold, before God, I lie not" (Gal. 1:20), "God is my record" (Phil. 1:8), "I speak the truth in Christ and lie not" (I Tim. 2:7), etc.

As Dean Howson has said: "When Paul makes a solemn statement under the sense of God's presence, he does not hesitate to express this."

But had not others spoken under the sense of God's presence? Of course they had, yet Paul calls God to witness far more often than any other Bible writer. Why is this?

The answer is found in the distinctive character of Paul's ministry

as the apostle of The Mystery. John the Baptist, the four evangelists and the twelve apostles did not need to speak with oaths since they proclaimed that which had already been prophesied. But with Paul it was different.

Separate from the twelve, who were widely known as the apostles of Christ, Paul had been raised up to make known a wonderful secret which God had kept secret from all who had gone before. While not a contradiction of prophecy, this secret had nevertheless not been prophesied; it was a new revelation. Hence it was appropriate that the apostle should insist again and again that he wrote as in the presence of God.

Question: How familiar are you with the Epistles of Paul?

'I Promise To Boast'

Farwell Elementary School principal David Gobble was administered a special oath of Texas citizenship by third grade student Kara Camp. During the oath, Gobble prom-

ised to proudly fulfill his duties as a citizen of Texas and to learn to boast as all good Texans boast. Also during the ceremonies, where Gobble became an "official" citizen of

Texas, the third grade students sang to him, "The Yellow Rose Of Texas," "Deep In The Heart Of Texas," and "Texas, Our Texas."

Dave Gobble Takes Oath As New Texas Citizen

by Mary Sobin

David Gobble, principal of Farwell Elementary School, found out that the "Eyes Of Texas" have certainly been upon him since his arrival here six months ago from New Mexico.

Farwell third graders presented their school administrator with his "official" Texas citizenship last Friday during a special surprise program attended by the students' parents as well as Gobble's family.

"Mr. Gobble, we have planned this program especially for you. We know you have been a resident of Texas for six months now, and since March 2 was Texas Independence Day, we want to present you

with your official Texas Citizenship," said one proud third grader.

And with that, the entire third grade class, under the direction of teachers Nelle Craig and Verona Walling, sang a resounding rendition of "Deep In The Heart Of Texas" to a surprised principal.

The students then recited bits and parts of Texas history, and when statements like, "The official flower of Texas is the yellow rose" were made, Gobble was presented with a yellow rose, and the group sang out loud and clear, "The Yellow Rose Of Texas." He also received a bag of pecans to represent the official state tree, the pecan.

The principal was presented

with his own Texas State flag and then recited with the students the pledge of allegiance to that flag.

It was at that moment that the children sang "The Eyes of Texas Are Upon You."

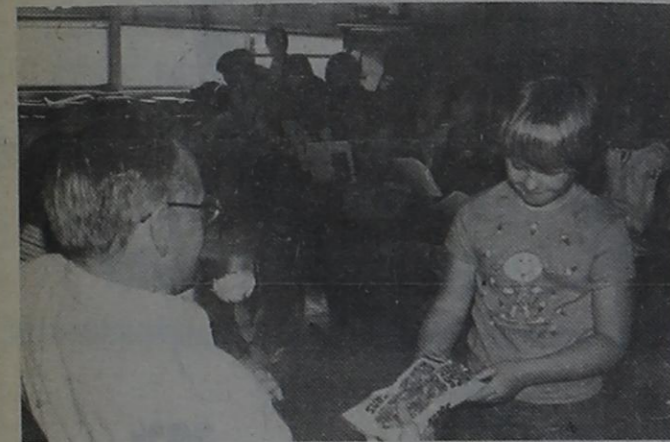

With that completed, Gobble was asked to repeat his oath of citizenship, written especially for him by teacher Nelle Craig.

With his right hand raised, Gobble repeated his oath as follows:
"I will be a good Texan. I will proudly fulfill my duties as a citizen of this great state. I will learn to boast as all good Texans boast, but I will always remember that Texas means 'friend' and that I must do my boasting in a friendly manner. I am proud to be a Texan."

Then, while waving handmade flags of Texas, the children sang "Texas, Our Texas."

Also during the program a small token of appreciation was presented to the newly-ordained Texas citizen from the children, a T-shirt which read, "This T-shirt contains one slightly fantastic Texan!"

Upon presenting the gift, it was explained to Gobble that "you have pledged to learn to boast as all good Texans boast. This small gift should help you along the way." And with that Gobble was pronounced an official Texas citizen.

Texas Pecans

Third grader Heather Moss presents Farwell Elementary School principal David Gobble with a bag of Texas pecans, a symbol of the official Texas state tree, the pecan. Gobble was honored during recent ceremonies conducted by Farwell third graders where he was presented with his Texas citizenship, a yellow rose, the pecans, a Texas state flag and a T-shirt which read, "This T-shirt contains one slightly fantastic Texan." Gobble has lived in Farwell for six months now, arriving here from New Mexico.
