

One of the truly great political feats of all time has been the ability of some of our "soft on socialism" nabobs in Washington to stymie construction of electrical generating plants while their constituents are suffering because of lack of electric power. Many a nationally aspiring politician hopeful has latched on to the pollution and ecology gambit and is riding it for all he can, thereby covering the true picture of pollution with a haze of politically-oriented misinformation.

In the final analysis, it looks to us, that to be against pollution per se is to be against mankind leading the good life. Man himself is the reason for pollution. We in the United States have better fed ourselves, better houses ourselves, better cared for ourselves than any other nation in the world. In the process, we have created a pollution problem. This is not good, but to correct it we do not advocate a return to less of the good things in life. Instead, we believe that the "technology" that created the good life for us cannot only produce these goodies but do so in a clean manner.

The sudden shutting off of electrical generating plant construction is not the answer. We believe that the health and well-being of the people must come first. Then if we can find a suitable manner to save the pollywogs, then good, let's do so.

We think that we here on the Golden Spread have several things to be thankful for, not the least of which has been the excellent management of the Southwestern Public Service Company in keeping us not only abreast of our power consumption demands but well ahead of these demands.

This Company is not only keeping our air conditioners going at full capacity and cooking our meals at the right temperature, but will ultimately be responsible for many new industries locating on these baldies.

In many governmental circles and in the various news media, condemning public utilities is considered quite "in." We are happy that we can take the opposite tact and praise our local utilities.

Yes, dear readers, the Tribune did have some monumental goofs in last week's issue. We personally counted three. This is less than many of the metros have, but we feel it is too many for us. We are hoping that the Gremkins do not sand our gears this week and that we can go to our local coffee spa and not be reminded of our public shortcomings.

Many people can "goof up" and it remains relatively unknown, but with a newspaper, literally thousands of people are immediately aware of it. This exposure to wide public gaze has been why the journalism profession has always had a high standard of personal responsibility. As a group, printers have always had great pride in the quality of their work. Unfortunately, with the scarcity of trained personnel and the protection of strong unions, this feeling of personal pride is deteriorating in our craft as in so many others.

When this lack of personal responsibility will change, we do not know, but we do feel that it will not get any better as long as people are protected from their errors by a great paternalistic government. As our welfare programs increase, so will the flood of inferior quality work increase. We will in effect be taxed twice and still get less in the long run.

Football season is getting closer and we at Farwell, referring to the possibilities of injuries to the players, are even worse off this year than we were last.

Last year, at least we did have a doctor in the community, but not now. Also, the ambulance situation has not improved; still no emergency vehicle available. This is a deplorable state of affairs and one which needs the immediate attention of the community.

We do not have an answer to this problem but do believe that our school and civic officials need to plan a course of action that will assure Farwell of an ambulance and a doctor for each home game. We had several scares last year and an emergency already has occurred in this year's practice.

Providing an ambulance and a doctor is a program that needs implementing and one that is within the ability of this community to provide.

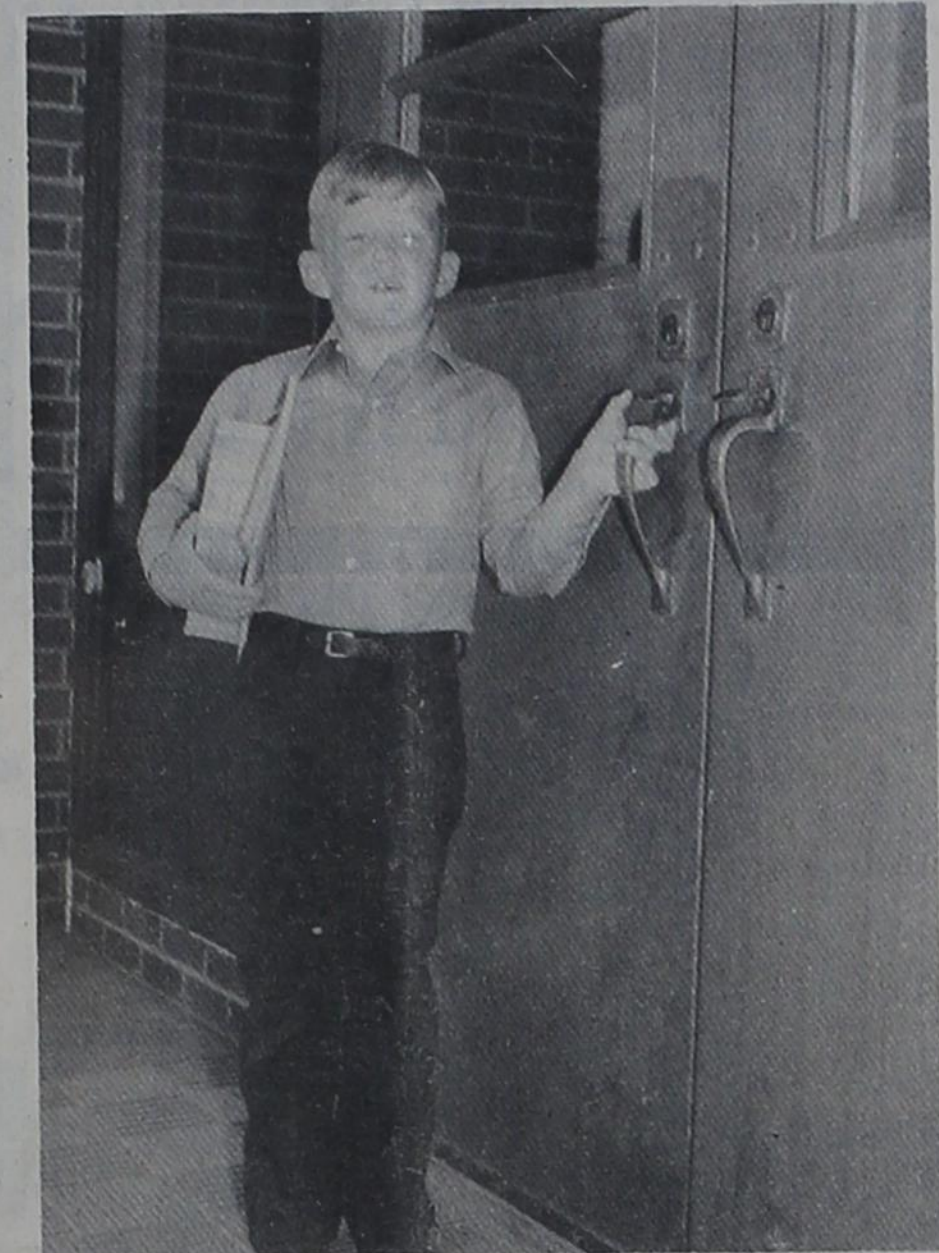

# Local Schools Gain In Enrollment

## High School Number Increases At Texico

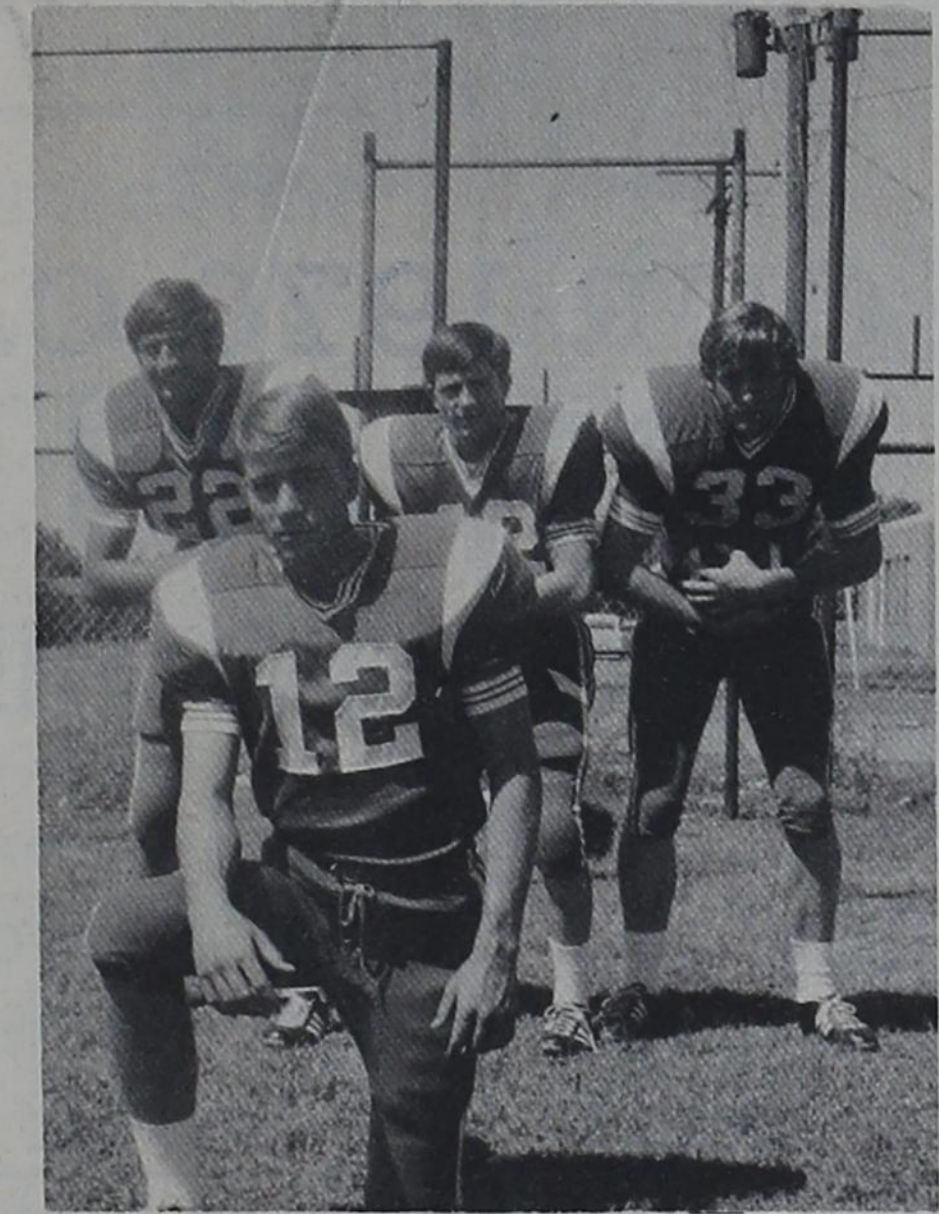

Superintendent A. D. McDonald of Texico School stated early this week that enrollment at that institution of learning showed an increase over the enrollment of last year. On the first day of school on Monday, 421 students were registered as compared to 395 students in 1969.

Elementary grades had a total enrollment of 225, about the same as last year, but the greatest gain was in the high school with 196 students registered

compared to 175 for last year. McDonald states that several other students are expected to register by the end of this week. It is of utmost importance, says McDonald, that all students be enrolled immediately. He said the average daily membership is based upon the first 40 days of the school year and this governs the state allocations for the school budget. Failure to enroll at the start of school is not only breaking the law, he says, but it penalizes the entire school.

FIRST DAY IN SCHOOL -- Rocky Ford, son of Mr. and Mrs. Doyle Ford of Farwell, is pictured with the supplies needed for the first grade in Farwell Elementary School. Like most beginners, Rocky said that he was anxiously awaiting his first day of school which was Monday.

SCRIMMAGE PORTALES -- Gene Sheets, Farwell Steer quarterback, will lead his backfield composed of Randy Chandler, Gary Erwin and Barry Williams, against the Portales Rams varsity in a scrimmage game Saturday, Aug. 29, at Portales. Game time is set for 8:30 p.m. CDT.

TREATS INJURIES ALSO -- New Texico Assistant Coach W. B. "Bucky" Walters examines the bruised knee of Wolverine griddler Gerald Whitener, son of Mr. and Mrs. Howard Whitener. The Texico squad held contact and play drills this week in preparation for their first regular season game with the Portales B team on September 5 at Texico.

GETTING ALL DRESSED UP is what the beginning of school involves for Janice Stephens, daughter of Mr. and Mrs. W. H. Stephens of Texico. Janice is in the first grade at Texico Elementary School this year. Mrs. Stephens is giving Janice's hair the finishing touches before she leaves for school.

## Band Parents To Meet

Farwell Band Parents will meet Wednesday, Sept. 2, at 1 p.m. at Farwell school band hall. All high school band parents are urged to attend.

Committees will be appointed and plans made for the coming school year.

## Partnership Tourney To Be This Weekend

A Low Ball Partnership golf tournament will be held at Farwell Country Club this weekend. There will be a play of 18 holes Saturday and 18 holes on Sunday. A shotgun start will begin at 8:30 a.m. and 2:30 p.m. on both days. There will be four flights with ten teams per flight.

Deadline for entry is Friday, Aug. 28 (today) at 5 p.m. Entry fee is \$40 per team. Three places, in the form of gift certificates, will be awarded in each flight.

## Methodists Have Church-Wide Supper

The Council of Ministries of Hamlin Memorial United Methodist Church announce a continuation of a series of Family Life Observances with a church-wide fellowship supper to be held next Sunday evening, Aug. 30, at 7 o'clock.

Rev. W. T. Perry, pastor, emphasizes that this is for all members of the church and their friends and families, and urges everyone to plan to be present.

This is an old-fashioned covered dish supper. Each family is asked to bring one or more dishes of food, which will all be spread on the serving tables in the Fellowship Hall at the church.

## 657 Total Students Enroll At Farwell

Enrollment at Farwell Schools is up only slightly from that of last year on the first day of school, according to figures released by Supt. W. M. Roberts early this week. A final count Monday, after one day of school, showed 657 students enrolled.

Enrollments are expected to continue throughout the week and the final total is expected to be above that of last year. Late enrollments occur due to families taking last minute vacations, says Roberts. Enrollment on the first day of school last year was 652 in all divisions.

As usual, the largest number of enrollments is in the elementary school, with a total of 293 students. Junior high school had 166 students and an additional 198 students were enrolled in high school as of Monday.

Based on the average daily attendance for the 1969-70 school year, Farwell gained the salary of one additional

teacher. It is possible if the expected enrollment continues, salary for another teacher could be gained based on this year's average daily attendance. Farwell Schools, however, hire more teachers in the system than the state allocation.

## Kindergarten Begins Sept. 1

Craft Kindergarten will begin Tuesday, Sept. 1, according to Mrs. Rubie Craft. The kindergarten has space for four more pupils, and anyone interested should call Mrs. Craft at 481-3858.

All children who live in Texas and who wish to attend the school must have reached their fifth birthday by Sept. 1, 1970. New Mexico children who wish to enroll must have reached their fifth birthday by January 1, 1971.

## Farwell School Board Adopts Budget

At a meeting August 10, the Board of Trustees of Farwell Independent School adopted a budget of \$516,979.00 for the 1970-71 school year. This is an increase of approximately \$30,000 over last year's figure of \$487,382.00.

Expenditures for the year were listed as: Administration \$30,703.00; Instruction, \$329,033.00; Health Services, \$8,200.00; Pupil Transportation, \$25,600.00; Operation of Plant, \$35,700.00; Maintenance of Plant, \$10,000.00; Fixed Charges, \$6,000.00; Food Services, \$2,140.00; Capital Outlay, \$4,000.00; and Debt Service, \$65,603.00.

The district's anticipated receipts include \$268,004.00 from state sources; \$241,200.00 from local sources; \$6,400.00 from county sources; and \$1,500.00 from sale of property, for a total of \$517,104.00.

The Board had already established a tax rate of \$1.85 per \$100 valuation; \$1.35 allocated to local maintenance and \$.50 to the sinking fund. This is the same rate as applied last year.

Steve bested Kelly in the sudden death play-offs and won his second consecutive elementary club championship.

## DeKalb Field Day Will Be Sept. 3

An invitation has been extended to attend a DeKalb Field Day Thursday, Sept. 3, at 10 a.m., near Hart. The research fields are located 10 miles north of Olton; or four miles south of Hart on Highway 168, then two miles east, on the David Nelson farm.

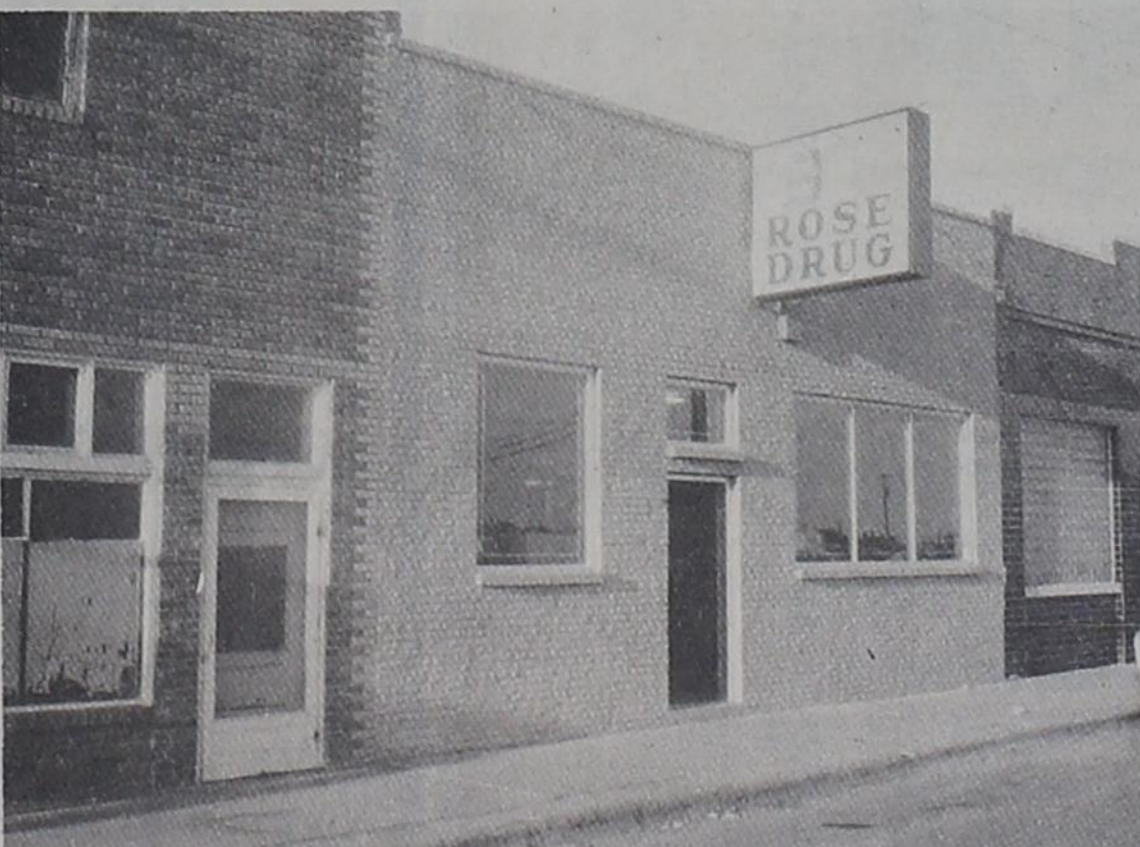

Attendants will be able to observe test plots of new grain sorghum and corn varieties, developed by DeKalb Seed research.

## Farwell Sophomores Slate Rummage Sale

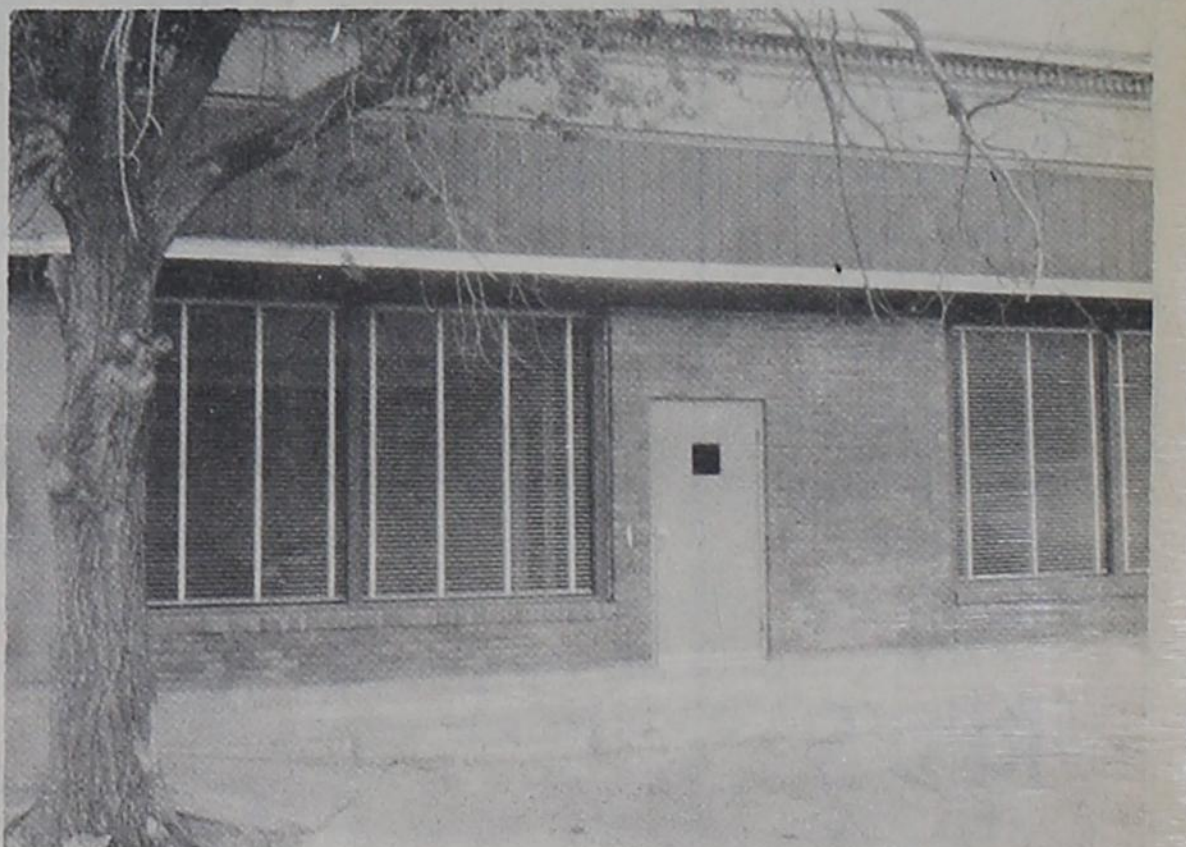

The sophomore class at Farwell High School will conduct a rummage sale this Friday and Saturday, from 12 noon to 9 p.m. each day, at the former PK building in Farwell.

Anyone having rummage items to donate is asked to call Bernice Norton, 825-2558, or Jeanne Garner, 825-2369, or any member of the sophomore class, and items will be picked up.

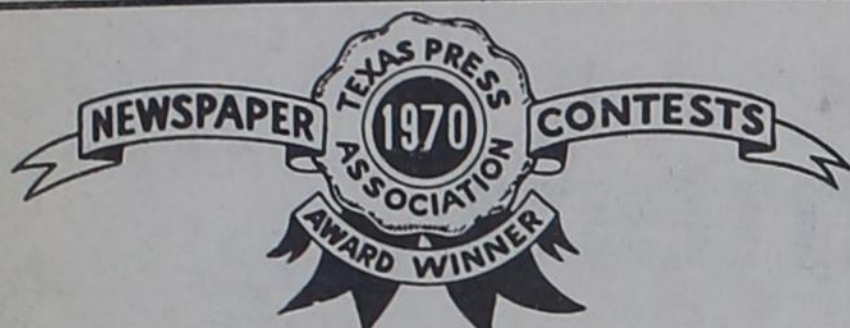

# Two Farwell Businesses Have New Faces

A NEW LOOK has been given to two of Farwell's oldest businesses, as Rose Drug and Gift Shop, left, and Aldridge, Aldridge, and Harding law offices, right, complete major remodeling and refurbishing projects. Rose Drug has completely rearranged the inside of their store and refinished the interior with new

wall paneling and fixtures. The law offices have added carpeting throughout and refurbished the reception room and many of the individual offices. Both firms have devised a two-door system that will keep the spring sand and winds, as well as the winter cold, at a distance and preserve their new furnishings. These projects add to the beauty of the growing Farwell community.

### At Home In Parmer County

By Janice Miller  
County HD Agent

If your freezer stops, don't panic but get into action. The first thing to remember is to keep your freezer closed. How long the food will stay

frozen depends on the amount and type of food in the freezer. A full freezer will stay cold many hours longer than a freezer only a quarter full. Meat will stay frozen longer than will baked food. And, the larger the freezer, the longer it will stay cold.

Twenty-five pounds of dry ice should hold the temperature of a half-full, 10 cubic foot freezer below freezing for two or three days. Put heavy cardboard directly on the packages of frozen food and then put the dry ice on top of the cardboard.

For added protection, cover the freezer with blankets, quilts or some other covering. It will also help to put crumpled newspaper or excelsior between the cabinet and the blankets. Don't cover up the air vent openings because the power may come on unexpectedly and ventilation will be needed.

If the freezer will be out of operation for more than three days, take frozen foods to a locker plant as soon as possible. Thoroughly wrap the food and make the trip from the freezer to the locker as quickly as possible.

If food has partially or completely thawed before you discover that the freezer is not operating, you may refreeze foods if they still contain ice crystals and are still 40 degrees F. or below. Meats and poultry become unsafe to eat when the color or odor is poor or questionable. You should get rid of them. The condition of vegetables, shellfish and cooked foods can't be determined by odor so if in doubt, get rid of them too. Don't use melted ice cream since milk products spoil rapidly.

Refreeze thawed food quickly, and it is wise to run your freezer between 10 and 20 degrees below zero during season when power failures may be frequent.

### Locals

Mr. and Mrs. Glenn Marsh and daughters, Kim and Cary, spent several days the first of last week at Ute Lake near Logan, N.M.

Mrs. Fred Frazier and son, Frede Rex, of Farwell, left by plane to attend the Saturday wedding of her brother in Fort Collins, Colo. Her son was ring bearer in the wedding. They returned home Sunday.

Mr. and Mrs. C. F. Elliott are vacationing in Truth or Consequences, N.M. Their grandson, Robert Armstrong, drove them to the vacation spot on Sunday. He will return to pick them up at the end of their vacation stay in about two weeks and then drive them to Plainview, where they plan to make their home.

Camille Hobbs, daughter of Mrs. Beulah Hobbs of Farwell, will return Sunday to her studies at Abilene Christian College. She will be a sophomore student.

David Meeks, son of Mr. and Mrs. L. E. Meeks of Farwell, left Wednesday to return to his studies at Texas Tech where he is a junior student.

GRAND FINALE -- What better way to end a fishing and camping outing than with a slice of watermelon? This group from the Sunday School class of First Baptist Church of Farwell fished and camped out last Friday night at the lake on the J. B. Sudderth farm. Boys, left to right, are Daren Sudderth, Gary Hardage, Ron Hancock, Chip Craft, Kelly Deeds and JaDan Sudderth; and teacher, J. B. Sudderth. Also attending but not pictured were Gene Deeds and Truitt Hardage. Pictures of the fish caught were planned for Saturday morning, but the group enjoyed a fish fry Friday night. Ron Hancock and Daren Sudderth won the prizes for the largest and most fish caught.

### On The Farm In Parmer County

By R. MACK HEALD  
County Agent

A light infestation of mites has appeared throughout the county in grain sorghum during the past 10 days. Known as the Banks grass mite, it has a short life cycle and eggs hatch in 24-48 hours. Infestations appear to occur most often on plants between the bloom and hard dough stage. The amount of damage depends upon mite numbers and the state of growth. Greater yield reductions can be expected to occur in sorghum which has not reached the hard dough stage. Very heavy mite infestations may completely dehydrate the foliage of plants in a few days.

Control measures may be difficult because of the heavy egg masses that are laid. Most of the chemicals used on greenbugs can also be used on mites. Mite infestations should be checked regularly since the population can increase greatly in only a few days. The following guidelines may be of some assistance in determining the need for mite control in grain sorghum.

1. In sorghum which has not reached the hard dough stage, treat when noticeable webbing and damage appear.
2. Sorghum which has reached the hard dough stage can withstand considerable leaf damage without significant yield reduction. However, very heavy infestations in sorghum nearing maturity may cause plant death and lodging. Sorghum in the hard dough stage should be treated before all green leaves are lost.

### ASC Community Committee Slates Named

Candidates for Agricultural Stabilization and Conservation community committee posts in Parmer County have been announced by Louis Welch, chairman of the County ASC Committee.

In September, eligible farm voters will elect three members and two alternates to serve one-year terms in each of the three ASC communities in the county. ASC community committees assist in carrying out government farm programs locally and help keep farmers informed of purposes and provisions of these programs.

Also, shortly after they are elected in September, the community committees will convene to elect one member and two alternates to the County ASC Committee and to choose the County Committee chairman and vice chairman. The

three-member County ASC Committee is responsible for administering all ASCS farm programs in the county. Currently in Parmer County, the principal farm programs are the Wheat and Feed Grain Programs, the Cotton Program, Cost-Sharing for Agricultural Conservation Practices, Price-Support and Farm Storage Facility Loans and the Sugar Act Program.

Nominees for ASC community committee posts are as follows:

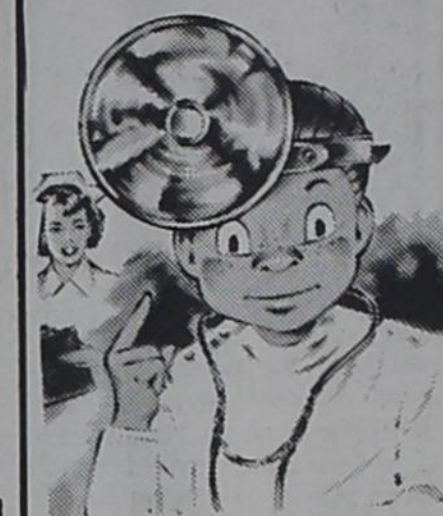

"A" -- Wesley Barnett, David Grimsley, Howard Hayes, W. S. Ingram, W. M. Massey, Raymond Schueler

"B" -- W. M. (Sam) Bradley, Max Crim, Homer Lindeman, Raymond McGehee, D. M. McGuire, Max Steinbock

"C" -- James Ensor, Ver-

non Estes, Leslie McCain, Ted Magness, Gerald Norton, D. W. Pierson.

# Portraying Area Homemakers

by Joann Getz

"Just about everything we do involves all three of us -- we believe in doing things together as a family," says Mrs. Jim Pierce of Texico. Since her husband is principal at Texico High School, most of their activities center around school and youth activities.

Mrs. Pierce was born Charlotte Anne McCormick in Paris, Ark., but moved to Texas shortly thereafter. She finished high school at Andrews in December 1955. She married James Pierce in January 1956, and returned with him to college at New Mexico State University at Las Cruces. There she worked as secretary to the purchasing agent at NMSU and went to school part time. Daughter Elizabeth was born in May of 1957 and Charlotte continued working after a few months. Husband Jim received his bachelor's degree in agriculture and worked on his master's degree until December of 1959, when the family moved to Texico where he accepted a job to teach vocational agriculture at Texico High School. "We have lived here ever since and have enjoyed every minute of it," says this vivacious young housewife, mother and career woman. "We like this part of the country and we like the people," she added.

Charlotte worked for Smith, Smith and Tharp law firm in Clovis for seven years and has worked for the past three years in the office of Aldridge, Aldridge and Harding law firm. She attended college at New Mexico and Eastern New Mexico University and always maintained a grade point average of 4.0. She stated that she is proud of the fact that all of her grades have been A's.

In commenting on the family's togetherness, Charlotte said that even in Woman's Club projects, Jim and Elizabeth have been known to pitch in to help her, all the way from putting a

scrapbook together to mowing at the park, a club project. Elizabeth, age 13, is in the eighth grade at Texico School. Her 4-H projects always involve all of them, says her mother, whether the projects consist of home living, cooking, sewing, baking or getting show pigs and fat lambs ready for the County Fair. Much time is spent in getting Elizabeth to the right places at the right time.

When asked about a hobby, Charlotte said she is an avid armchair spectator type sports fan, even though she is not the athletic type. She does like to fish and enjoys an outing to the lake. Husband and daughter like to water ski, but she drives the boat that pulls them.

The family likes to travel and they have visited most of the United States during the last few years. They once accompanied a group of Texico students to Washington, D.C. on less than a day's notice. The sponsor who was to accompany the group of business students became ill the day before the group was to leave. All arrangements and reservations were made so the Pierce family packed their bags and sponsored the students. The FBLA group from Texico took top honors at the convention, and for acting as sponsor, Charlotte was made an honorary member of Texico Chapter of the Future Business Leaders of America.

Mrs. Pierce is a member of Texico Baptist Church and has taught in the intermediate department for the last five years. She is a member of the Democratic party, currently serving as secretary of Precinct No. 2 and secretary of Ward 1-B in Curry County. She was a delegate to the county convention in 1968, 1969 and 1970 and delegate to the state convention in 1968 and 1970. She has been a member of Texico Woman's Club for ten years and has served in all

offices during this time, having served in all offices during this time, having served as president twice, and is currently serving as parliamentarian. A member of New Mexico Federation of Women's Clubs, this young woman has served as District Three Chairman of International Clubs and as State Chairman of Family Living and Religion Division.

One of her greatest honors came when she was nominated and selected as the "Outstanding Young Woman of New Mexico" for the year 1968. Mrs. Pierce is generously sharing with our readers some of her family's favorite recipes.

### Swedish Meatballs

**In Sour Cream**  
 1 cup soft bread crumbs  
 1/2 cup milk  
 1 pound ground beef  
 3 tbs, chopped onion  
 1 egg, slightly beaten  
 1 1/2 tsp. salt  
 1/8 tsp. pepper  
 2 tbs, margarine  
 1 pkg. (4-serving size) Noodles Romanoff  
 Soak bread crumbs in milk. Mix in ground beef, onion, egg and seasonings. Shape mixture into 1-to-1 1/2 -inch balls. Melt butter in large skillet; add meatballs and brown on all sides. Cover and simmer over low heat 10 minutes. Prepare Noodles Romanoff as directed on package except increase milk to 2/3 cup. Drain excess liquid from meatballs; pour noodles over meatballs. Cover and simmer about 5 minutes or until desired consistency. Makes 4-6 servings.

### Banana Bread

1 egg  
 3 medium-size bananas  
 1 cup shortening  
 1 cup sugar  
 2 cups flour  
 1 teaspoon soda  
 1 teaspoon vanilla  
 1/2 cup chopped pecans (if desired)  
 Beat 1 egg; add 3 bananas, 1 cup shortening, and 1 cup sugar and mash together (I use electric mixer to beat these ingredients until thoroughly mixed). Add 2 cups flour and 1 teaspoon soda and mix well with spoon (batter will be stiff). After these ingredients are mixed in well, add 1 teaspoon vanilla and mix in well. Pecans may be added last, if desired. Cook in 300 degree oven for 50-60 minutes, or until toothpick comes out clean.

UP, UP, UP -- Charles Wade Norton was drafted to demonstrate to the fans and parents, who attended the Farwell Booster Club meeting Tuesday evening, the new weight lifting equipment in the Steer field house. Coach Vernon Scott opined that if it wasn't built like a golf club that he (Scott) couldn't work it.

## Garners Visit In Colorado

Mr. and Mrs. Howard Garner of Farwell have been visiting in Colorado for the past three weeks. They left Farwell on August 4 to return their daughter, Mrs. James Gale, to her home in Grand Junction. Mrs. Gale had been visiting in the Garner home for a while. The Garners stayed several days in Grand Junction visiting with Mr. and Mrs. James Gale and their children.

Mr. and Mrs. Garner also visited at Aspen, Colo., with another daughter and family, Mr. and Mrs. Bill Black and children.

At Gunnison, Colo., the Garners spent some time fishing at Blue Mesa Lake. They returned to Farwell last Friday.

MRS. GREG WORTHINGTON

## Rosetta Chisman Becomes Bride Of Greg Worthington

In a double ring ceremony Saturday, Aug. 22, at Hamlin Memorial United Methodist Church in Farwell, Rosetta Chisman became the bride of Greg Worthington.

The bride is the daughter of Mr. and Mrs. Chase Chisman of Route 1, Farwell, and the bridegroom is the son of Mr. and Mrs. H. D. Worthington of 2309 Wallace in Clovis.

Rev. Herbert Bergstrom led the couple in their marriage vows before an altar centered with a large fan-shaped arrangement of white gladioli and killean daisies, surrounded by arched and spiral candelabra holding white tapers. Palms of emerald green foliage formed the background. Family pews were marked with white satin bows and salad greenery.

Sharon Williams of Farwell was organist for the ceremony and Cyndy Robb of Dallas was soloist. She sang "More," "One Hand, One Heart" and "The Wedding Prayer" as the couple knelt at the altar. After their vows were repeated, the couple paused to light a memory candle before leaving the altar.

The bride, given in marriage by her father, wore a floor-length gown of peau de soie with a bodice of chantilly lace and three-quarter length bell-shaped sleeves of matching lace ending in scallops. The chapel length train of chantilly lace fell from the back of the empire waist. Her fingertip veil of silk illusion was attached to a cluster of organza petals.

The bridal bouquet was a cascade arrangement of white stephanotis and light pink sweet-scented roses, carried atop a white satin covered Bible, and trimmed with white tulle and velvet streamers.

Following tradition, something old was a gold heart locket belonging to the bride's mother; something new was a pearl pendant, a gift from the bridegroom; her veil was borrowed from a friend; and something blue was a garter given to her by a friend.

Attending the bride as maid of honor was her sister, Roberta Chisman. Bridesmaids were Joyce Chisman, sister-in-law of the bride, and Clarice Bench, a college friend from Garland. They wore gowns of American Beauty peau de soie, styled similarly to that of the bride, and short veils of matching tulle. They carried nosegays of pale pink cushion mums accented with American Beauty tulle and velvet streamers.

Leonra Chisman, niece of the bride, was flowergirl and she was attired in a dress match-

ing those of the other attendants, and she carried a basket of pink cushion mums. Candelighters were Sheryl Chisman and Brenda Chisman, cousins of the bride from Colorado Springs, Colo.

David Snider was ring bearer. He carried the couple's rings upon a satin and lace pillow which was a gift from the bride's grandmother, Mrs. Roy Chisman.

Best man was Hunter Worthington of Clovis, brother of the bridegroom. Groomsmen were Ben Littlejohn and James Gordon Fitzhugh, and ushers were Joe Fahner, Mark Todd and Steve Todd, all of Clovis.

Kim Snider registered the guests at a table which was laid with a pink linen cloth centered with a single pink carnation.

For her daughter's wedding, Mrs. Chisman wore a beige sheath dress with lace sleeves and matching accessories. Her corsage was pink cushion mums. Mrs. Worthington wore a pink silk dress with matching accessories and also wore a pink cushion mum corsage.

## Children Celebrate Birthdays

The children of Mr. and Mrs. Lee Hutchins of Farwell have each celebrated birthdays during the last three months.

Carl Hutchins, age two, observed his birthday with a party in the home of his parents on June 28. Attending were Mr. and Mrs. V. E. Symcox and Susan, Mr. and Mrs. A. L. Hutchins, Mr. and Mrs. James Symcox, Linda Cain, and the honoree, his parents, and his brother and sister, Geretta and Daniel.

Celebrating July 13 with a party in the home of her parents was Geretta Hutchins, who was four years old. Cake was served and after she opened her gifts, games were played. Attending the party, in addition to the honoree and her parents, were Kelly Greer, Elayne Horner, LouAnn Edwards, Bee Gee Brown, Natalie and Dennis Doller, Carol, Casey and Clint Martin, Lisa Langford, Carl Hutchins; and Mesdames Mike Greer, Bob Martin, Ted Horner, James Symcox, Vernon Symcox; and Mr. and Mrs. Art Hutchins.

James Daniel Hutchins, who was one year old, celebrated August 13 with a party at the home of Mr. and Mrs. V. E. Symcox and Susan. A supper of hamburgers and hotdogs was served. Present for the occasion were Mr. and Mrs. Art

A reception was held following the ceremony in the church parlor. The bridal table was laid with a white cut-work linen cloth centered with an arrangement of pink and white flowers and the bridal attendants' bouquets. Crystal and silver appointments were used.

Serving at the bride's table and the bridegroom's table were Karen Worthington, Cindy Worthington, Deb Hargrove, Betsy Judd and Linda Foster.

Hostesses for the reception were Mesdames Peggy Snider, Peggy Hargrove, Virginia Kirk, Nina Glasscock, and Billie Phillips.

Following a wedding trip to Colorado, the couple will be at home in Las Cruces.

The bride is a 1968 graduate of Farwell High School and a 1970 graduate of Amarillo College's Associate Degree Nursing Program. The bridegroom is a 1967 graduate of Clovis High School and is a junior at New Mexico State University where he is majoring in engineering.

Hutchins, Mr. and Mrs. James Symcox and Chad, Mr. and Mrs. Rolland Hillock and Leonard, and the honoree, his brother and sister, Geretta and Carl; his parents, Mr. and Mrs. Lee Hutchins; and the host family.

CELEBRATE BIRTHDAYS -- The children of Mr. and Mrs. Lee Hutchins of Farwell recently observed their birthdays with individual parties. Left to right, are Geretta, age four; Daniel, age one, and Carl, age two.

## TRIBUNE from across the desk

of Joann Getz

The 53rd annual Panhandle South Plains Fair will be in Lubbock Sept. 28 - Oct. 3. Skipper, the performing porpoise which has been delighting audiences from coast-to-coast, will appear as a free attraction throughout the Fair.

Skipper will be going through his aquatic antics in a transparent plexiglass tank, 25 feet in diameter and six feet tall. The tank will be erected in the area of the Agriculture Building on the southeast corner of the Fair Park. Free shows will be presented at 2 p.m., 4 p.m. and 8 p.m. daily. However, Skipper will remain in the tank throughout each day for public viewing.

Although the trained porpoise and his handlers present a fun-filled act jammed with hijinks, what goes on behind the scenes with the 450-pounder is almost as amazing as his show. The Skipper crew travels more than 24,000 miles a year making fairs, sports and boat shows and shopping center promotions.

Transporting Skipper is a problem in itself. He travels in a custom truck, riding in a specially fitted "coffin" about nine feet long. Actual auto safety belts are used to secure him tightly so he cannot harm himself while thrashing about on the road. While traveling, an automatic sprinkler system regularly showers the porpoise and keeps him wet.

Each week, two tons of salt are added to the water, together with numerous chemicals to create an artificial sea water. Moving week after week, tearing down two and one-half tons of tank, then getting it back up as fast as possible in order to get Skipper back into salt water is a tricky feat.

Field Day For Fashion: This fall promises to provide the '70's woman a field day in think-

ing fashion for herself -- maybe for the first time in apparel history, says a leading fashion coordinator.

"The season will be one of fashion choice," says the fashion manufacture executive. "There will be no one look; one length; one way to dress. No conformity enforced. Various hemline lengths from moderate mini to maxi will be emphasized in coordinates. Accessories including long scarves, belts, jewelry, stockings and shoes will add the spice."

No Coin Fumbling: Now a flick of the thumb will pop out the coin motorists needs for parking meter, telephone call, road toll or vending machine. Whether a quarter, dime, nickel or cent, a new patented pocket changer, half the size of a cigarette pack and weighing only three-quarters ounce, packs enough coins for any hectic day. The round rim fits the palm of the hand, bringing the coins in a position that corresponds with the natural finger movement for handling change.

The selection, release and transfer of coins becomes an instantaneous, single-handed operation. The pocket changer is made from unbreakable, marblized plastic (spring-fed) and has spaces for as much as \$2.10 in coins.

## Langfords Take Colorado Drip

Mr. and Mrs. Leon Langford and children, Jacquelyn, Annette, and Mac, recently returned from a tour of Colorado where they spent their time sightseeing and fishing. They visited Denver, Colorado Springs, Rocky Mountain National Park and other places of interest in Colorado and New Mexico.

On their return home, they visited in Los Alamos with Mrs. Langford's brother and family, Mr. and Mrs. Ferman Kelso, who have recently moved from Alamogordo.

## Weight Watchers Have Supper

The Weight Watchers Club of Texico-Farwell met at the community room of the Citizens Bank in Texico Tuesday evening for a salad supper. Members brought salads which were served with crackers and tea or coffee.

A short business session was conducted and the meeting time of the club has been changed to Thursday from 6 to 6:30 p.m., instead of Friday morning, so that working women will be able to attend. A discussion was held regarding the change of name for the club, but no decision was reached.

Attending the salad supper was Sis Deeds, Reta Dollar, Alciddine Bradley, Beverly Pharis, Frances Birchfield, Wanda Walker, Bobbie Gilliam and Ann Hammit, and one new member, Lillie Gardner.

The club met in regular session last Friday, Aug. 21, in the home of Ann Hammit. Mrs. Hammit was top loser for the week and was awarded a cash prize of 50 cents and was al-

lowed to pick a gift from the gift selection brought by club members.

Airplane service was begun between New York and Chicago in 1919.

## Attend Wedding

Rev. and Mrs. W. T. Perry attended the wedding of Miss Vicki Raper and David Morgan at Dumas last Saturday afternoon. The bridegroom is the son of Mr. and Mrs. Welch Morgan Jr. of Hobbs, N.M., friends of the Perrys.

Following the wedding and reception, Mr. and Mrs. Welch Morgan and son, Darwin, returned to Farwell with the Perrys and spent the weekend in the Perry home.

Also, Dick Engbrecht of Hobbs, a senior student at New Mexico School of Mines at Socorro, N.M., who served as best man in the wedding, visited over the weekend with the Perrys.

## Celebration Honors Three Birthdays

Honorees at a joint birthday celebration were D. E. Hammit Sr., Johnny Hammit, and Billy Hammit. The birthday supper was held Thursday, Aug. 20, in the home of Mr. and Mrs. Johnny Hammit and children in Texico.

Following the meal of sandwiches, chips and dips, ice cream and chocolate cake were served. The cake was decorated in colors of yellow and green and the hostess carried out the same colors in the plates, cups and napkins.

Attending the birthday observance were Mr. and Mrs. Guy Ralston of Clovis, D. E. Hammit Jr. of Texico, Janie Bowery of Farwell, Mr. and Mrs. Billy Hammit, D. E. Hammit Sr., all of Texico, and the host family.

**ALL-STAR PLAYER** -- High School All-Star Monte Barnes of Lazbuddie, son of Mr. and Mrs. Sam Barnes, takes time out from practice as Congressman George Bush of Houston presents him with a letter of commendation from Bud Wilkinson, head of the nation's physical fitness program. Barnes was in Houston recently to participate in the 38th Annual Texas High School Coaches Association All-Star Football Game.

**Visit The J. T. Turners**

Mr. and Mrs. J. T. Turner of Route 1, Texico and Truth or Consequences, N.M., were reunited with their four sons and two daughters and 12 grandchildren during the last two weeks in July.

Joining their parents in boating, fishing, and picnicking activities were Waunema Stanley, teacher, from California; James Turner Jr., Labor Department, Washington, D.C.; Juanita Payne, teacher, Brigham City, Utah; David Turner, farmer and candidate New Mexico Senate, Texico; Wayne Turner, vice-principal of the Hebrew Academy, Washington, D.C.; and Dwight Turner, loan officer, Security Federal Savings of Pampa.

The grandchildren from the cities were especially thrilled by the experience of spending

some time on the farm, say their grandparents.

Mr. and Mrs. J. T. Turner report they are proud of the fact that all six of their children are graduates of New Mexico universities. Five are ENMU alumni and one is a graduate of Highlands University.

**Visit Parents**

Miss Janice Miller, Parmer County Home Demonstration Agent, returned Sunday from a one-week visit in the home of her parents, Mr. and Mrs. W. L. Miller, in Weatherford, Tex.

Miss Miller is back in her office after a two-week absence. The previous week, she attended the biennial conference of the Texas Agricultural Extension Service at College Station.
