

Vote Results In Other States May Decide Johnson Status If He Wins

WASHINGTON, Oct. 30. (AP)—Results of the Nov. 2 voting in a half dozen states may have a very important bearing on Texas' unusual senatorial contest.

With Senate control hanging in the balance, the issues and personalities in the Texas race become of increasingly greater national importance.

The question which arises: Will Rep. Lyndon B. Johnson of Austin and Johnson City be seated as Texas' new senator.

Such a question is based first, of course, on the assumption that he will win over his Republican opponents. Republicans and a lot of Democrats hasten to declare that nothing of the kind can be presumed, since a strong coalition is backing his opponent oil man Jack Porter of Houston.

But, for the sake of discussion, let us assume that Johnson defeats Porter.

The challenge raised by Johnson's runoff primary opponent, former governor Coke Stevenson, is almost certain to be brought up again when Johnson appears in the Senate chamber Jan. 3 with his credentials and seeks to take oath of office.

Stevenson has alleged fraud in the primary election returns from three counties—Duvall, Jim Wells and Zapata.

Whether Johnson is seated may depend on the outcome of senatorial elections in six other states. In other words, whether the new senate is controlled by republicans or democrats.

The states are Kentucky, Minnesota, Montana, Wyoming, New Mexico and West Virginia.

While Senate contests are pending in a third of the states, the results are in doubt in the six named.

If the Republicans retain unquestioned control, they may promptly pass upon the question of recognizing the credentials of Johnson.

If the democrats should get control by a single vote, there is little doubt but what Johnson would be sworn in immediately.

If the Senate membership should appear to be heading for a political tie, the republicans very likely would avail themselves of the opportunity afforded by the challenge raised as to Johnson's primary election victory.

They could seek to ask Johnson to stand aside while they investigated Stevenson's charges.

Since Stevenson has supported openly the Republican nominee, Porter, it is natural to assume that his grievances would get far greater attention from Senate Republicans than otherwise might be accorded them.

Another point is that the names of senators are called alphabetically. If at the time the roll call reached the "J's" the Democrats were in the majority, Johnson might be seated promptly. The re-

verse might hold true if the picture were reversed.

Nelson B. Deranian, chief counsel for the senate rules subcommittee on elections, says:

"The senate makes its own rules as it goes along. It is not necessarily bound by precedent, nor by any past rules, so there is no way of forecasting what will happen when any case arises in the senate."

Another interesting question is whether Senator W. Lee O'Daniel will concern himself over the seating of his successor.

He likely will be on hand when the present 80th Congress is called into session on Dec. 31 to adjourn itself.

O'Daniel sided with the Republicans numerous times in his nearly eight years in the senate. Should he decide to do so, he probably could buttress Republican sentiment with whom he knows well and influence their decisions.

What position O'Daniel would take, however, is in itself quite a question.

He was opposed by Johnson in the special election which sent him

to the senate in 1941, and the two have been at odds ever since. And he hasn't been any more friendly with Stevenson, who announced for the Senate at a time when O'Daniel's own future political plans were still undisclosed. And before Stevenson announced, O'Daniel said Stevenson would be an "ingrate" if he should come out for the senate in opposition to himself (O'Daniel).

It was on the basis of this remark that many persons erroneously predicted O'Daniel would seek reelection.

Whether Texas House members will try to influence Republican senators on behalf of their erstwhile colleague Johnson is also a question. While they are all Democrats, some of them who have served on joint House-Senate conference committees have cultivated personal friendships with Republican senators.

Pershing's border operations prior to the First World War, and it later became one of the world's foremost cavalry installations.

In its first years, the post served to provide protection for pioneers en route to California.

Gov. Foglio Miramontes of the neighboring Mexican state of Chihuahua will head the officials who will come across the border to join in the celebration.

Military Progress Will Be Emphasized At Bliss Rites

WASHINGTON, Oct. 30. (AP)—Military progress during the past century will be emphasized in a celebration Nov. 5-7 marking the 100th anniversary of Fort Bliss at El Paso.

Plans for the three-day centennial celebration, announced Saturday by the Army Department, disclosed that both Secretary Kenneth Royall and Gen. Omar N. Bradley, chief of staff, will participate.

Royall will speak from Washington in a network radio program but Gen. and Mrs. Bradley will be in El Paso Nov. 6.

Contrast in the speed of communications now and a century ago will be shown when enlarged copies of the original Army order establishing Fort Bliss will be flown from Washington to El Paso for the celebration opening.

Arriving at Biggs Airforce Base, the order will be flown by helicopter to San Jacinto Plaza in El Paso for presentation to Mayor R. Ponder at the exact site of the first post of El Paso.

Royall's talk Sunday night, Nov. 7, will signal the start of a spectacular fireworks display on La Noria Mesa overlooking El Paso and Juarez, Mexico.

Gov. Beauford H. Jester of Texas will also speak from El Paso, on the network — (NBC-10:30 p. m. CST) program which will close the centennial.

The focal point of the celebration will be the log and adobe restoration of the original fort and compound which housed the first soldiers at the frontier outpost.

The nucleus today of a vast anti-aircraft artillery and guided missiles center, Fort Bliss was officially designated in 1854 by its present name in honor of William Wallace Smith Bliss, who was chief of staff to Gen. Zachary Taylor in the Mexican war.

Fort Bliss was the site of Gen.

OCEAN-CROSSING DOG A MYSTERY

DUNELLEN, N. J., Oct. 30. (AP)—The two-year-old Shepherd Collie Johan Jacobsen left behind in Oslo, Norway, has come home to Dunellen, N. J., and nobody is quite sure how.

The dog was found wandering on Long Island, N. Y., Sunday and was traced to Jacobson by a collar tag which bore his name and home town.

Jacobsen said he left the dog with friends in Oslo when he returned here last spring. The friends later wrote they were moving and would have to give up the idea of finding transportation to this country for the dog.

A little information on the dog's saga came in a letter Jacobsen received yesterday from a Norway man who reported seeing the collie on a plane bound for America. The man, who Jacobsen said he didn't know, wrote that he hoped the dog would reach Jacobson by means of the collar identification tag.

Mob Violence Threatens In East Tennessee Town

LONDON, Tenn., Oct. 30. (AP)—National Guard air and ground units moved on this East Tennessee town today under executive orders to put down threatened mob violence.

The order putting the troops on the move was issued by Gov. Jim McCard in Nashville. He acted as tension ran high here over an incident in which the sheriff and a deputy were charged with responsibility for the death of hillbilly singer Ray Brewster in a traffic crash a week ago.

The officers, Sheriff Henry McDonald and Deputy Clifford Hughes, are accused of causing Brewster's death by shooting the tires off his automobile near London Friday night a week ago. This accusation was made in warrants sworn out by Brewster's father.

In their version of the affair, McDonald and Hughes said the 26-

year-old Brewster's automobile wrecked after he tried three times to ram their car.

The two officers waived preliminary hearing before Magistrate Dudley Cates Friday.

Pending action by the grand jury the officers are at liberty under \$5,000 bond.

Meanwhile, the resignation of McDonald and Hughes has been demanded at three mass meetings but they said they would not do so unless forced by court order.

The last of these meetings was held Friday night in the ball park here. Previously the resignation demands had been voiced by groups which congregated at the county jail.

Although there was outward calm here today, Constable Jake Littlejohn said "I don't know how we could keep it that way without

help."

Brewster was a popularly-known ballad singer over Knoxville radio stations.

Tennessee Adjutant General Milton Butler left Nashville for Loudon early this afternoon to take overall command of the troops.

Coke Stevenson Will Broadcast For Porter

AUSTIN, Oct. 30. (AP)—Coke Stevenson said today he would talk about the burning of Duval County records in a final pre-election broadcast for Jack Porter Monday.

Stevenson is supporting the Republican candidate for the U. S. Senate.

Democratic Supremacy Will Not Be Threatened In State

By JOE BELDEN
Director, The Texas Poll
AUSTIN, Oct. 30.—Although the national polls indicate Thomas E. Dewey will be elected president, a decisive majority of Texas voters will cast their ballots for Harry S. Truman Tuesday.

As of two weeks before the election, neither the Republicans nor the States Rights Party had won enough supporters to challenge the Democratic nominee's traditional hold on Texas voters.

A statewide survey by The Texas Poll, ending October 20, found the standings of the presidential candidates as follows:

Harry S. Truman	61
Thomas E. Dewey	30
J. Strom Thurmond	8
Henry A. Wallace	1

Truman's relative strength was almost exactly the same in two earlier surveys by The Texas Poll. The most recent Gallup poll shows him even stronger than that in this state.

The latest survey by The Texas Poll reveals also that the popularity of Lyndon Johnson has dropped slightly since he won the Democratic nomination for U. S. Senator.

The trend in Johnson's popularity is charted in the following table based on four statewide surveys of voters, the latest ending Oct. 20.

"As a U. S. Senator, do you think Lyndon Johnson would be good, fair, or not so good?"

	May	Aug.	Mid. Oct.	Now
Good	28	31	31	30
Fair	31	31	31	30
Not so good	31	31	31	30
No opinion	10	10	10	10

The recent jump in Johnson's "not-so-good" index is evidence that the campaign against his elec-

Mexican Baptists' Final Sessions Are Slated Today

Final sessions of the Big Spring Association of the Mexican Baptist General convention of Texas, marking the 10th anniversary of the founding of the association, were to be held here today.

Saturday the anniversary was commemorated officially and F. C. Fierro, one of the deacons of the local host church, furnished a huge birthday cake for the occasion.

Special services at the Mexican Baptist church today will climax the meeting for delegates from 25 churches and missions from Menard to Amarillo, from Brownwood to Midland.

Among convention officials here, said Rev. Trinidad Cano, pastor, were Rev. Isaac Perez, field worker for the Mexican Baptist Sunday school board, and the Rev. P. Hurtiz, executive secretary of the convention. The association was started here with only a handful of struggling churches represented.

Farm Bureau Sets Parley

Annual convention of the Howard County Farm Bureau Federation will be held at 8 p. m. Monday in the district court room. Dale Puckett, secretary, announced Saturday.

All members have been urged to attend the session since a heavy business agenda will be presented, Puckett said.

New officers for the county organization will be named, and delegates will be selected to represent the Howard group at the Texas Farm Bureau Federation's annual convention. The state convales is scheduled for Nov. 8-9-10 in San Antonio, with headquarters in the Plaza hotel.

The Howard county group also will pass on resolutions which will be forwarded to the state convention for action. Several other matters of particular interest to farmers and ranchers in the Howard area will be discussed, Puckett said.

Funeral Is Set For Mrs. Louder

Funeral rites will be said in Denton this afternoon for Mrs. J. M. Louder, mother of three Big Spring people.

Mrs. Joe Blum, Mrs. Beth Leudecke, and Robertson Louder, all of Big Spring, left Friday evening on learning of the sudden death of their mother. Mrs. Louder had been in good health until she was stricken suddenly with heart attack Friday afternoon and died at about 8 o'clock. She had visited here late in the summer.

Other survivors include another son, Earl Louder, Seagraves, and two other daughters, Mrs. Margie Cartwright, Denton, and Mrs. Ruby Thomas, Laredo. Burial will be in Denton beside the grave of her husband.

Hereford Group Will Hold Sale

ABILENE, Oct. 30.—The West Texas Hereford Association will hold its ninth annual auction sale here Friday, November 5. The sale which creates wide interest among the Hereford breeders of West Texas will take place at Abilene's

fair park. Breeders have consigned 18 bulls and 28 females to the sale with the first animal scheduled to go under the hammer at 1:00 p.m. Association members and visitors will be welcomed with a noon barbecue in the arena by the Agriculture and Livestock Committee of the Abilene Chamber of Commerce.

Youth Undergoes Surgery On Leg

Junior Gay, Big Spring, underwent surgery for a leg injury at Dallas Friday, friends have learned here.

He had been injured in a traffic mishap about two weeks ago. Upon

his release from the hospital, he will go to Wichita Falls to visit with Billy Van Crunk, who was in Dallas Saturday to visit with Junior.

Warren Is Expected To Swing GOP Over Hump In California Balloting

SACRAMENTO, Calif., Oct. 29.—Republicans count on their vice-presidential candidate, Gov. Earl Warren, to swing his state handsily into the GOP column next Tuesday despite a big Democratic margin in California's registration.

State election authorities predict the largest number of California voters in history will decide how the state's 25 presidential electoral votes will be cast.

The Democrats have a margin of 2,892,279 to 1,908,208 in registration.

Democratic State Chairman Oliver J. Carter is out with a prediction that if a heavy enough vote is cast, President Truman will carry California.

Voters on Tuesday also will decide the political makeup of California's congressional delegation, accept or reject 19 ballot propositions, elect a new assembly and half of the 40 state senators.

In national elections the registration trend has been reversed only once in recent years.

That was in 1932 when the Republicans had a registration edge of 1,565,264 to 1,161,482, but Franklin D. Roosevelt carried the state for the Democrats.

Since then the Democrats have had the larger registration and have uniformly won at the presidential election. In state elections it has been a different story. Despite the same heavy Democratic registration Warren and several

other state officials won by getting both party nominations. At present every constitutional state office is held by Republicans. In addition, both legislative houses are Republican controlled.

Setting odds and most of the unofficial polls favor Dewey and Warren to carry the state. Mathematically the odds are with the Republicans to retain or increase (probably the only one) their 14 to 9 majority in Congress.

Gov. Warren has told California audiences on a state tour, his party's success is assured if a big vote turns out.

Most political observers here to not believe the Independent Progressives will be a formidable factor in the election either nationally or in state contests. They point to the unexpectedly small IPP registration. It was only 22,461, although supporters obtained 295,000 plus petition signatures to qualify the party headed by Henry Wallace.

In the congressional races, the Republicans start out with the advantage of three virtually elected in the June primaries to the Democrats' two placed on the ballot without opposition. The Republicans have seven double major party nominees on the ballot as compared with three by the Democrats—the opposition being only minor party.

There are major party contests in only 11 districts.

The state senate race was practically settled in June for a Republican majority, counting holdovers, and the mathematical odds are with the Republicans to get a majority for continued assembly control.

These calculations are based mainly on the number of party members nominated without major party opposition. The final result of course, is not definite. It could be affected by an unforeseen swing.

Republicans Telling Texas Voters How To Split Ticket

AUSTIN, Oct. 30.—Republicans are telling Texas voters how to vote a split general election ticket.

Half a million copies of a supplement of the Southern Weekly, telling voters the mechanics, were in statewide circulation Friday.

State Republican headquarters here said the eight-page supplement, edited in Dallas by Peter Molyneux, has been mailed to all rural box holders in the state.

Besides full page articles on Republican candidates, the supplement presents four sample split ballots in an article instructing in ticket mixing.

"The law guarantees your right to vote a mixed ticket or candidates of your choice," the article reads.

The law is quoted as follows: "When a voter desires to vote a ticket straight, he shall run a pencil through all other tickets on

the official ballot, making a distinct mark line through such ticket not intended to be voted; and when he shall desire to vote a mixed ticket he shall do so by running a line through the names of such candidates as he shall desire to vote against in the ticket he is voting, and by writing the name of the candidate for whom he desires to vote in the blank column and in the space provided for such office; same to be written with black ink or pencil unless the names of the candidates for which he desires to vote appear on the ballot, in which event he shall leave the same not scratched."

The article says a voter may do this whether he voted in the Democratic primary or not.

"The Supreme Court of Texas holds that the Democratic primary pledge is not legally binding," it says.

WOULD-BE COP HAS UPS, DOWNS

WASHINGTON, Oct. 30.—Peter G. Barrick, 21, has had his ups and downs.

He was rejected for the Metropolitan police force last spring for being three quarters of an inch too short (the minimum: 5 feet, 8 inches).

Some time later, after doing a stretch with a chiropractor, he marched back in for a fresh examination. Again he was turned down—this time a quarter of an inch from success.

Back to the chiropractor he went.

Friday Barrick tried again. He was rejected. He had shrunk 3/8 of an inch.

He was last seen headed for his chiropractor — for more stretching, he said. Not for a refund.

'AGGIE-BAGGIE' LINES HOLD FIRM IN FIGHT WITH CLEANERS

STILLWATER, Okla., Oct. 30.—Pants are sagging, but battle lines hold firm in the dry-cleaning war at Oklahoma A&M College here.

For two weeks the Aggie students have been boycotting the Stillwater cleaners to force lower prices.

Today the leaders of the "Aggie-Baggie" campaign joyfully announced the cleaners are hard-pressed.

"A number of shops have bare racks, said boycott Chairman Gene Drake. "One cleaner has even let out some of his help."

The students—11,000 of them —

supply about one-third the cleaning business in Stillwater. They want the 10 local cleaners to lower current prices of 50 cents for pants, 35 cents for suits.

But the cleaners are holding the line with sober resolution.

"No doubt we miss some of their business," conceded their spokesman, Ruben Jay.

"But nothing doing on a price cut."

Meanwhile the boycott committee has been getting fan letters. Texas Tech at Lubbock says prices there average lower than Stillwater's. And the student senate at Austin said only three of Austin's 25 cleaners charged up to the Stillwater average.

'LAREDO SPOOK' JUST BRACERO

LAREDO, Oct. 30.—The "spook" motorists reported seen on the Laredo-Corpus Christi Highway this week turned out to be a young Mexican trying to find his way back to the Rio Grande.

Motorists had complained to the sheriff's department here that while they were driving along a lonely stretch of highway east of Laredo, a weird figure jumped from the brush, waved his hands in a frantic manner and then ran back.

Deputy Sheriffs P. L. Flores and Manuel Santos got their guns and went out and found a Mexican bracero, 15 years old, wrapped in burlap bags. He told the officers he had had no food during that time. He said he had tried to attract help from passing motorists to find the way back to the Rio Grande.

Californians Fail In Endurance Test

PALMDALE, Calif., Oct. 30.—Two California fliers landed their plane today and failed for the second time in an attempt to establish a new endurance flight record.

Bill Barris and Dick Reidel, who had kept their monoplane Simkist Lady in the air 92 hours and 10 minutes in their second try, said they were forced to land because ice formed in the carburetor.

Their first attempt, during which they stayed aloft 106 hours, ended Oct. 24 when they were grounded by fog. Barris and Reidel, who are trying to break the record of 728 hours set in 1939, said they will make another attempt.

Tollett Pledges to Devote Time and Talent Toward Making Howard County An Able and Progressive Judge

(Pol. Adv. paid for by Democratic friends of R. L. Tollett)

Senate Candidates Can Spend Five Times More Than House Campaigners

WASHINGTON, Oct. 30 (AP)—The law sets Senate candidates expenses as five times as much as those running for the House.

And with control of the Senate hanging in the balance of next Tuesday's election, the nationwide ratio is running just about that.

Preliminary campaign reports filed with Congress show the Republican and Democratic senatorial candidates laid out a total of \$215,419 through last week. That figures out roughly to just under \$3,600 each for the 60 candidates for the 33 seats being filed this year.

For the House, where all 435 places become vacant every two years, the spending has totaled \$642,193—or a little over \$735 for each of the 870 major party entries.

But just as the ding-dong Senate fight actually revolves around only 11 crucial contests, the actual spending by the various candidates has varied widely. Some, without opposition, reported no campaign costs at all.

Federal law limits House candidates to \$5,000 per election, Senate candidates to \$25,000 (because Senate terms are for six years). But

there is no limit on some expenses, such as bills for travel, meals, stationery, printing of circulars and letters, mailing, telegraph and telephone.

Thus, even with the final week's expenses yet to be listed, some of the reports already exceed the limit, since the exclusions are not always noted.

By parties, Republican House candidates reported spending \$425,268 to \$216,925 for the Democrats.

In the Senate races, GOP spending topped Democratic outlays by \$119,535 to \$95,884.

Among the top seven individual spenders, the division was six Republicans to one Democrat in the House races and five to two for the Senate. Here is how they stand:

House: Rep. George B. Schwabe (R-Okla.), \$8,392; Rep. Jacob K. Javits, (R-NY), \$6,539; Harold O. Lovre (R-SD), \$5,324; Fred Marshall (D, Farmer-Labor-Minn.), \$4,943; Rep. Ellsworth B. Foote (R-Conn.), \$4,929; Walter E. Hoffman (R-Va.), \$4,780; and Rep. Homer D. Angell (R-Ore.), \$4,679.

Senate: Sen. James E. Murray (R-Mont.), (through "Murray for Senator Club"), \$25,804; Sen. Jos-

Non-Partisan Appeal Made By Tollett

A non-partisan appeal for support at the polls next Tuesday was voiced in a radio talk over KBST Friday evening by R. L. Tollett, candidate for county judge. His name appears in the Republican column, but Tollett in his talk said, "To say that my campaign is a contest between Democrats and Republicans is to suggest that an elephant can contest a flea."

"Hundreds of independent Democratic voters are supporting me in this race," the candidate said. "Two-party government is desirable, but in the instance of my candidacy for county judge this year, the voters are making a choice between personalities."

Tollett reviewed his training and career in law, accounting, and as a business executive. Efficiency in government, he said, is the issue.

"Efficient administration of the county government would result in value received for tax dollars," he said.

On the same line, Tollett urged voters to favor the Optional County Road Law, which issue appears on a special ballot next Tuesday. It

Two Howard Men Refused Clemency

AUSTIN — (Sp) — Two men sentenced from Howard County in 1947 were among six refused clemency Saturday, according to announcement by Gov. Beauford H. Jester's office.

The governor declined to concur in the Board of Pardons' recommendation for conditional pardons for Charles A. Crawford, sentenced to five years in 1947 for robbery by assault and Lloyd Cross, sentenced to two years for forgery.

Dr. Pepper Profit
DALLAS, Oct. 30 (AP)—The Dr. Pepper Bottling Company today reported net earnings of \$618,000 for the nine months ended Sept. 30, 1948. Earnings per share was listed as \$3.88, with 700,000 shares outstanding. For the same period last year earned per share was \$1.79, counting approximately 16 cents per share on a \$112,500 profit from sale of Dallas real estate.

is, he said, in the interest of better government and of getting "more for your tax dollar."

Tollett, who has waged an intensive campaign to give Howard county its first local contest in a general election, concluded his radio talk with instructions on how to mark the ballot in his behalf.

BARTENDERS TO BABY SIT

DECATUR, Ill., Oct. 30 (AP)—About 100 Decatur union bartenders will be available for baby sitting jobs next Tuesday, election day.

Mothers wanting a sitter so they can go to the polls can get a bartender as baby sitter at Local 23, Bartenders, Hotel and Restaurant Employees Union.

R. K. Young, union business agent, said the bartenders agreed to offer their services because they will be idle. By state law saloons are closed in Illinois during the time the polls are open on election day.

Widow Leaves Her Estate To Children

MINEOLA, N. Y., Oct. 30 (AP)—The bulk of the estate of Mrs. Edith Kermit Roosevelt, widow of the late President Theodore Roosevelt, has been left as a trust fund for her children and grandchildren.

HIGHLIGHTS OVER KBST
Complete Election Coverage Will Be Given On Tuesday

Complete national election returns, reported by ABC's staff of commentators and newsmen, will be broadcast by Station KBST and the American Broadcasting Company, beginning at 6:30 p. m. on election night, Nov. 2. Walter Winchell, Drew Pearson, Elmer Davis, Martin Agronsky, Walter Kierman, Earl Godwin, Taylor Grant, H. R. Baukhage, Pauline Frederick, Ted Malone and other commentators regularly heard over ABC, will cover the returns.

In addition to the roll call by states and districts, presented from the news room, microphones will be placed at the various party headquarters and other places where election news develops. Special pickups will be made from ABC affiliated stations throughout the nation, whenever the news warrants it.

At frequent intervals throughout the evening, Dr. George Gallup will analyze the vote for the radio listeners. Also, as the opportunity presents itself, Station KBST will present the local returns from its own studios.

Fay Bainter (as Becky Felderman), Kenny Delmar (as Aaron Greenspan) and Meg Mundy (as Sadie) star in the "Theatre Guild on the Air" presentation of "Morning Star," by Sylvia Regan, this evening at 8:30 p. m. over KBST.

Martin Paper Criticizes Dewey Talks

NORTH ATTLEBORO, Mass. Oct. 30. — House Speaker Joseph W. Martin's newspaper says that the speeches of Republican Nominee Thomas E. Dewey "sound good but promise nothing."

The speeches of President Truman, the paper added, "have still less to recommend them."

"Dewey's speeches have been designed for tonal effect, Martin's newspaper said in an editorial published the night before Dewey had made a special trip to North Attleboro to call upon the Republican congressman's mother, Mrs. Catherine Martin, 87.

The paper, the North Attleboro Daily Chronicle, is owned principally by Martin, his brother, Charles, and a nephew, George W. Kelley. Speaker Martin today said that the editorial "certainly does not reflect my views at all."

"I didn't know about it until I saw the story in a Boston paper this morning—The Post," Martin added. "It has no political significance at all. I'm for Dewey and the entire Republican ticket all the way. If anybody doubts it you can emphasize that."

Martin And Howard Boys Split Honors

Howard and Martin county boys pretty well split honors in the Sears pig show for the Big Spring store area.

The judging was effected Friday at the Howard County Fair where Howard county boys had shown their pigs the previous day. James Elland, Martin county agent, brought his boys over Friday for the two-county competition.

Marcus Crow of Howard county had the grand champion Sears gilt with Lloyd Mims, Martin county, showing the reserve.

Geral Koonce, Martin county, had the grand champion boar with Donald Davidson, Howard, showing the reserve; Donald Deaton, Howard, had the grand champion pen of three, and Geral Koonce, Martin, had the reserve pen of three.

In Martin county judging, Geral Koonce showed the best pen of three, followed by Floyd Newland and Johnny White. Lloyd Mims had the top gilt, followed by David Davidson, John Dale Kelly, Darrell Froman, Dewayne Peterson, Wayne Church.

Bank Loans Rocket Higher In September

WASHINGTON, Oct. 30. — Bank loans, already at a record high, increased more in September than in the two preceding months combined.

And installment sale credit, along with consumer credit generally, hit new peaks during September despite the return of federal controls on Sept. 20 after a lapse of 11 months.

These developments showed up today in reports by the Federal Reserve Board, which has given unusual stress this week to warnings that inflation is being pumped up by the spending of borrowed money.

Loans by the nations 15,000 banks increased \$1,100,000,000 during September after moving up only \$900 million altogether in July and August, the board said.

At least part of the latest jump could be ascribed to seasonal influences, since borrowing always increases in September as merchants build fall and Christmas season inventories. Also, money is needed to finance crop movements.

Nevertheless, the September bank loan expansion lifted these debts to an unprecedented \$47,140,000,000 at the start of this month.

EAST TEXAS FOREST FIRES ARE RESPONSIBLE FOR MAN'S DEATH

LUFKIN, Oct. 30. — Forest fires in East Texas had indirectly claimed another life Saturday, with the death of Roy Lackey, 55, merchant living four miles north of Kirbyville.

M. V. Dummire, assistant chief of fire protection for the Texas Forest Service in Lufkin, said a radio message from Jack Phelps, supervisor of District 5 at Kirbyville, revealed Lackey had died Thursday of a heart attack brought on by over-exertion in fighting a fire the day before.

The fire was threatening his residence and was quelled only after strenuous efforts by two crews of the forest service and one from the Champion Paper Co. It was caused by carelessness with matches on the part of a 15-year-old boy, Dummire said.

Seventy-three fires were raging in Southeast Texas at noon Saturday. Forty-five were reported in District 4, Woodville, of which 40 were burning in Hardin County. District 6 at Comroe reported 27 fires, most of them in San Jacinto and Liberty Counties. One fire was burning in the Kirbyville area.

Friday's fire toll included two in the Jefferson district burning 265 acres, two at Cushing destroying 33 acres, three in Lufkin district that burned 120 acres, six in the Woodville district, with 1,026 acres destroyed; two at Kirbyville that burned 15 acres, and four in the Comroe district, with 498 acres burned.

Increased Telephone Rates Boost Income Of Southwestern Bell

ST. LOUIS, Oct. 30. — Telephone rate increases in Texas, Oklahoma and Arkansas accounted for a greater income by the Southwestern Bell Telephone Company for the third quarter of this year than for the same period in 1947.

Net income for the third quarter was reported yesterday as \$3,330,927 compared with \$2,913,919 a year ago.

In Texas and Oklahoma, the increased rates are being collected under bond pending final settlement of the cases.

Registered Bull Given Association

CROCKETT, Oct. 30. — Carl McWhorter, Jr., general manager of the Paris Milling Co., Paris, Tex., today donated an eight-month-old registered Holstein bull to the Houston County Dairy Association in the interest of increased milk production.

County Judge Roy Selman was instrumental in getting the bull for the association. McWhorter said. County Clerk Jim Covington received the animal in behalf of the association, of which he is secretary-treasurer.

The CHIROPRACTOR—and You

This is One Of A Series Of Articles Published In The Public Interest To Explain And Illustrate The Practice Of Chiropractic.

WHAT IS CHIROPRACTIC? The Chiropractor teaches that the brain and nervous system are the root of health. From the brain, nerve energy is distributed through the nervous system to all parts of the body. When this nerve energy is shut off even slightly between brain and body (by bone displacement in the spine) one or more body functions are interfered with and ill health results. By X-ray, analysis and spinal adjustment the Chiropractor is able to relieve nerve interference and restore normalcy to the affected part. No drugs. No surgery. Nature is the healer.

CASE HISTORY No. 92. A victim of sinus headaches for several years. Suddenly stricken with pain one morning, he called upon a Chiropractor whose office he was passing at the time. A spinal adjustment brought relief from the pain in less than three minutes. Within half an hour the pain had gone entirely, and there has been no recurrence of the sinus condition since.

CASE HISTORY No. 356. A young woman who for seventeen years had been having as many as ten to fifteen convulsions daily. Treated for epilepsy without avail. Under special treatment for seven years without benefits. All hope for recovery had gone, when a friend advised Chiropractic. A spinal X-ray revealed a marked disarrangement of the neck, the result of a fall suffered when a child. Adjustments were commenced and after only four months she was 95 per cent better.

CASE HISTORY No. 621. A middle-aged woman in a state of serious nervous exhaustion. Suffered severe headaches and, in her own words, "wanted to be in a dark room and left alone." A variety of treatments had failed to help her. Finally, she turned to Chiropractic. The spinal displacement which was the cause of her trouble was located immediately and a series of adjustments led to this woman's complete recovery.

Baylor Bears Stave Off Rally To Win

Frogs On One As Game Ends

FORT WORTH, Oct. 30.—Baylor battled back for a touchdown in the fourth quarter then fought off a great Texas Christian drive that went to the one-yard line as time ran out tonight to win 6-3 and remain undefeated in the Southwest Conference.

In a game as thrilling as any ever played in this area, the battling Bears, outplayed for almost three quarters, waded 60 grudging yards for the score that eliminated Texas Christian from the conference race.

Baylor and Southern Methodist now are the only teams unbeaten in league play.

Homer Ludiker, an ex-Marine with a lifted toe, booted a field goal in the second period after Texas Christian repeatedly had been repulsed by a fighting Baylor line in wild parades toward the Bear goal line or bogged down because of fumbles.

Ludiker, who never had tried a field goal before in college football, sent the pigskin through from the Baylor 18-yard line. That looked like it would be the margin of victory because the Bears just were not getting anywhere.

But late in the third period the Bruins, hitching onto the jerseys of blasting Jerry Mangrum and fleet George Sims, began to roll. And they didn't stop until Frank McKinney slipped a pass into the end zone to Bobby Griffin from the Frog three-yard line for a touchdown. Henry Dickerson missed the conversion.

Statistically, the Horned Frogs outplayed Baylor with 250 yards rushing and passing to 177 and 16 first downs to 12, but fumbles hurt the Frogs and in that Baylor touchdown drive, the left side of the TCU line caved in from the terrific pounding of the enraged Bears.

Penn Extends Victory Skein

PHILADELPHIA, Oct. 30.—Powerful Pennsylvania, unbeaten and untied, warmed up for its acid test against Penn State next week by trouncing Washington and Lee 40-7 today for its 500th football victory.

The Quakers scored at will in wrapping up this season's fifth victory and extending their undefeated string to 14.

Held scoreless the first quarter after a fumble stalled a drive on the W. & L. four-yard line, Penn tallied the first of six touchdowns 47 seconds after the second period's start.

There was no stopping the powerful Quakers now, they kept the outclassed Generals deep in their own territory for all of the first half and most of the second.

Deacons Throttle Wolfpack, 34-13

WAKE FOREST, N. C., Oct. 30.—North Carolina State spotted Wake Forest three touchdowns in the first 11 minutes of play today, and although fighting gamely, was never able to recover.

The Deacons added touchdowns in the second and fourth period to mark up a 34-13 victory. A crowd of 23,000 watched. Two fatal fumbles in the early minutes of the game put the Wolfpack in a hole and they never were able to dig their way out.

FLOCK RETURNS TO WINNING WAYS AT TECH'S EXPENSE

LUBBOCK, Oct. 30.—A powerhouse Rice Institute eleven methodically marked up yardage here today before a homecoming crowd of 19,000 persons, grinding a light but fighting Texas Tech eleven under 14-7.

Coach Jess Neely shot a multitude of slithering backs at the Red Raiders, with Fullback Bobby Lamtrip, Halfback Huey Keeney, Halfback Gordon Wyatt, Halfback John Kelly and Quarterback Tobin Rote leading the array.

The Owl defenses also stiffened every time the Techs had the ball, cutting down the Raider speedsters before they could get started and breaking up nearly every passing attempt. So strong were the Rice defenders that Tech gained only one first down in the first half and its deepest penetration of Rice territory was the 49 yard line.

The Owls used up 11 minutes of the first quarter before they sent Lamtrip over center for two yards and the first touchdown. His plunge climaxed a sustained drive of 77 yards down the field, with Keeney leading the attack on a 29 yard romp off right tackle. From the Tech 25, Rote passed to End Froggy Williams and to End Nick Lanzetta to set up the score. Williams converted.

Late in the second quarter, Rice struck again, this time taking advantage of a fumble by Earl Jackson on the Tech 15 that Derwood Lee gobbled up. Two plays later Lee gained a first down on the Tech 15. Two plays later Rote passed to Williams on the one and he fell over for the score. Williams place kicked his second conversion.

Rice scored its second touchdown on an 11 yard pass from Tobin Rote to Froggy Williams. Williams

Georgia Blasts Alabama Tide

BIRMINGHAM, Ala., Oct. 30.—Georgia's Bulldogs amazed a record crowd of 45,000 today by crushing a highly regarded Alabama Eleven, 35 to 0. It was the most decisive "Bama" defeat since Oct. 22, 1910, when Georgia Tech took a 38-0 decision.

Johnny Rauch, star Bulldog quarterback from Youngstown, Ohio, clinched the verdict by passing for two first-period touchdowns. All the subs had a hand in the later scoring, when the vjctors poured it on after Rauch and the other regulars had left the game.

Rauch's first scoring toss went 19 yards to End Bobby Walston. It came with six minutes left in the first period. His next was a 38-yarder, this time to Halfback Joe Gert with two minutes still to go in the opening period.

Bama perked up momentarily in the second period. Georgia was stopped on one scoring threat, and Ed Salem's long pass to Bob Hood for 34 yards gave the losers the ball on the Georgia 20. A pass interception — one of six by winners — ended this drive.

Recovery of an Alabama fumble on the Tide six set up another Georgia score in the third. Floyd Reid drove across from the three. Joe Jackurs, Bulldog center, raced 80 yards with an intercepted pass for the next marker, also in the third period. It was Jackura's third interception of the game.

The final touchdown, in the last period, ended a drive of 58 yards. Billy Mixon, substitute halfback, raced through the middle for the final 11 yards.

Beavers Lose To Iowa Hawks

IOWA CITY, Ia., Oct. 30.—A fighting band of Iowa Hawks rounded back from apparent defeat today to humble Wisconsin 19-13, in a Big Nine football thriller.

The steamed up Badgers, who like Iowa had won only one conference game in three starts, rushed into a 13-0 half time lead that looked good as gold to the Wisconsin fans among the crowd of 38,400.

A "Yea Harry" sign fluttered for Coach Harry Stuhldreher as he led his Badgers to the dressing room.

But those Badger supporters had little chance to cheer in the second half as Iowa rallied for three touchdowns and choked off a Badger threat on the seven yard line with less than a minute to play.

Wolverines Use Breaks To Win Over Illini

ANN ARBOR, Mich., Oct. 30.—Unbeaten Michigan stayed on the victory trail today by edging a stubborn and courageous Illinois football team, 28 to 20. But the Wolverines had an assist from the breaks in chalking up their 20th consecutive win.

An offside penalty nullified Dike Eddleman's 94-yard dash into the Michigan end zone on the second half kickoff play while the scoreboard read 7-7.

Moments later officials ruled Chuck Ortman's pass to Dick Rifenburg complete for interference on the Illini 1-foot line when Rifenburg dropped the ball as he was hit by three Illinois defensemen. It took Michigan two plays to cash in on that one.

Inspired Illinois made a fight of it all the way, however, sparked by Eddleman's punting which averaged 41.1 yards on six kicks and the amazing pass work of Bernie Krueger, who completed 12 out of 21 for 216 yards. The Illini traded punch for punch with the Big Nine champions down to the final whistle.

Both teams scored in the second and the fourth periods. In the rugged third the Wolverines chalked up two to the visitors one.

It was strictly an air game as Illini almost doubled Michigan's aerial yardage by completing 113 of 23 tries for a fat 256-yard total. Michigan, which out-rushed Illinois 102 yards to 40, was able to gather but 132 yards on ten completions of 24 tries. But two of the seven touchdowns came on pass plays.

Pete Elliott flipped 14 yards to End Ed McNeill for Michigan's first score early in the second stanza, but Krueger's ten-yard pitch to Paul Patterson tied the score before halftime.

After Eddleman's field-length sprint with the second-half kickoff was rubbed out, the Wolverines scored twice in 3½ minutes.

Fullback Tom Peterson pitched 14 yards to Dick Rifenburg, climaxing a 58-yard Wolverine march.

Yearlings Lose To Odessans

ODESSA, Oct. 29.—Odessa's Ponies rolled to a 38-0 victory over the Big Spring Junior high school football Yearlings here Saturday afternoon.

The Pony line, which averaged about 190 pounds, outweighed the Big Springers considerably.

C. B. Harris was outstanding on defense for the Yearlings.

The Yearlings play Sweetwater in Sweetwater next Thursday.

Y League Schedule Undergoes Change

Teams in the YMCA volleyball league have been reshuffled in order to trim a bungleome list of competing aggregations, it was announced Saturday.

Under the revised schedule, Tuesday night's matches will be as follows: All-Americans Vs. Misfits, 6 p. m.; Cardinals vs. Top Notchers, 6:30 p. m.; Athletics vs. Sandstorms, 7 p. m.; Cloudbusters vs. Sports, 7:30 p. m.; Hornets vs. Indians, 8 p. m.; Giants vs. Red Sox, 8:30 p. m.; Eagles vs. Dragons, 9 p. m.

Panthers Cop, 20-0

CLEVELAND, Oct. 30.—Pittsburgh Panthers under heavy wraps as they await next Saturday's fray with Ohio State, won their fourth straight game against two losses today, by defeating Western Reserve, 20-0 today.

Yale Swamped

NEW HAVEN, Conn., Oct. 30.—Hard-running, slick-passing Dartmouth piled up its largest score against Yale today as it walloped the Elis, 41 to 14. The Indians rolled up three touchdowns in the opening period and were never threatened.

Gamecocks Fall

MORGANTOWN, W. Va., Oct. 30.—West Virginia poured on the walloped South Carolina, 35-12, before 24,000 homecoming fans.

WILLIE PEP is all washed up after losing his featherweight championship to Sandy Saddle (above). That seems to be the consensus following Friday night's stunning knockout win for Saddle, a lean Harlem speedster, in 2:38 of the fourth round. Pep never looked the part of the fighter who had lost only once in 136 previous starts. Slow to move and an easy target for Saddle's fast left uppercut, Willy Willie went down and out for the first time in his illustrious career.

Local Youth Gets Ace At Denton
Bobby Hohertz, Big Spring, has the distinction of, having scored the second hole-in-one ever recorded on the North Texas State Teachers College course.
A freshman architecture student, Bobby used a No. 3 iron to loft an 180-yard shot square to the pin on the second hole.
The feat was unofficial for only one person witnessed it, but Bill Spangle, Clifton, who was playing with Hohertz, will swear that the perfect shot was dropped from the tee.

Wave Humbles State, 9-0
NEW ORLEANS, Oct. 30.—It was "Shorty" McWilliams vs Tulane here today, and the final score was Tulane 9, Mississippi State 0.
Until he was carried injured from the field with twelve minutes to play, Shorty's passes were a constant threat to Tulane's goal and his kicks—all except two—kept the Green Wave mostly back up in its own sector.

Princeton Tops Virginia, 55-14
PRINCETON, N. J., Oct. 30.—Princeton's rejuvenated Tigers, who changed their stripes only a week ago and found the transformation to their liking, flattened Virginia, 55-14, today before 23,000 at Palmer Stadium.
Striking early and often, the Tiggers tallied in every period and completely humbled an invader that had been beaten only once in five starts.

Nittany Lions Win
HAMILTON, N. Y., Oct. 30.—Penn State's high powered football team, undefeated since the start of the 1947 season but tied twice, romped to a 32-13 triumph today over a battling Colgate eleven to run its unbeaten streak to 15 games.

UCLA Triumphs
LINCOLN, Neb., Oct. 30.—The losing streak of UCLA's Bruins ended at three today and Nebraska's went to five games as the Pacific Coast team grabbed a 27 to 15 victory.

Austin Unleashes Tremendous Power To Blast Steers, 60-7

Mann Registers Trio Of TD's

Clear the tracks for a new contender.

Austin high school of El Paso, exhibiting crumpling power and the maximum in football know-how, steamed-rolled the Big Spring Steers, 60-7, in a non-conference game played before a small turnout here Friday night.

Coach Red Harris of the guests used every man he brought before time ran out but the score kept mounting. The reserves, especially the backs, seemed just as good as the regulars.

The Herd, obviously not up to law, were lucky to escape a shut-out. A fumbled lateral early in the fourth enabled the Longhorns to gain possession on the enemy two-yard stripe. At that, it took four plays to carve out those two paces, Arliss Davis putt - putting across from the one after a line buck and two passes had failed. Cuiin Grigsby booted the point.

Austin had its first touchdown within 90 seconds after the opening kickoff. The Panthers gained a record total of 611 yards, 513 of which came on the ground. Most of their TD's came as result of long runs, and gigantic Fred Edens seemed to boot the extra points with effortless ease.

It was Edens who broke loose for the first El Paso score. Fifty-seven yards he roared, after bulling his way through the Big Spring forward wall.

Billy Walsh ambled 46 paces for the second Austin TD within two minutes of Edens' start.

The visitors' third push died on the Big Spring 25 and the quarter found Austin in front 14-0. Shortly after Round Two opened, however, the Panthers were off again.

Walsh returned a punt by Davis to midfield and the invaders drove to pay dirt in half a dozen plays, Walsh going over, this time from the six. Edens registered a miss in his try for point, his first failure in three tries but Walter Baker traveled 35 yards shortly

scoring jaunt and brought the count to 33-7. Edens again added the point.

Austin moved all the way down to the Big Spring eight where Grigsby recovered a fumble to contain the Austin threat for a moment. Davis cut loose with his longest run of the night, a 38-yard gambol to get the Herd out of danger and followed with a near-perfect boot that perished on the El Pasoans' two.

Even that didn't discourage the guests, however. They moved right out to the 22 on a couple of plays, at which point Mann grabbed a pass from Louis Lehman and loped 78 yards across the double stripes.

Outside of the break that set up their score, the Big Springers did not penetrate Austin territory.

W & M TRIUMPHS
WILLIAMSBURG, Va., Oct. 30.—Two lightning-like thrusts by William and Mary backs gave the Indians a 14-6 homecoming victory over the Richmond Spiders today.

'Wet Back' Drowned
DEL RIO, Oct. 30. (AP)—The body of an unidentified man was found floating in the Rio Grande here Friday. The coroner's ruling this morning was death by drowning. It was believed the man was drowned while wading the Rio Grande as a "wetback."

Gaines County Wildcat Well Makes 147 Barrels In Test

MIDLAND, Oct. 30.—Shell Oil company, Inc., No. 1 Hawkins, South-Central Gaines county wildcat made 147 barrels of oil during a one-hour drillstem test of a 50-foot section in the Devonian at 10,328-378 feet, to assure that the prospector could be completed as a prolific producer from that formation.

The well had previously made 50 barrels of oil in one hour from the interval at 10,278-328 feet. The wildcat did not flow on either test. However, it has shown sufficient gas while the drill pipe was being pulled on both investigations to indicate that it would flow when put on production.

Gravity of the oil recovered from the test was 12.328-378 feet was 33 degrees while the petroleum from the zone at 10,278-328 feet tested 30 degrees.

Operator had drilled down to 10,428 feet, and was to run a drillstem test at 10,378-428 feet, early Sunday morning.

This important new discovery is about 15 miles south and west of the town of Seminole, two and one-half miles southwest of the Robertson field, where the production is from the lower Permian, above 7,500 feet, and it is 1.983 feet from north and 665 feet from east lines of section 8, block A-23, psal survey. It was originally started to dig at 12,500 feet to explore into the Ellenburger.

It had previously shown for possible production from the Clear Fork-Permian in the horizon at 7,103-7,240 feet.

Magnolia Petroleum company No. 1-A T.X.L., 30 miles south of Midland, in North-Central Upton county, and 680 feet from north and west lines of section 31, block 40, TP survey, T-4-S, took a four and one-half hour drillstem test in the Devonian chert at 11,620-666 feet.

A 1,350 foot water cushion was used. The tool was open for four and one-half hours. No fluid showed at the surface. Gas came to the top in one hour and 30 minutes. The maximum gas volume was 46,170 cubic feet per day.

Recovery was 810 feet of straight water cushion; 540 feet of gas and drilling mud cut water cushion, and 240 feet of gas cut drilling mud.

There were no signs of oil or of formation water. The prospector is making new hole below 11,668 feet, and is still in Devonian chert and lime.

This exploration is scheduled to continue into the Ellenburger.

A drillstem test in Central-Southeast Reagan county was attempted by Humble Oil & Refining company at its No. 1-E Sawyer, 660 feet from south and 1,980 feet from east lines of section 142, block 1, TP survey.

The examination was on the section at 7,788-7,915 feet. The packer slipped after the tool had been open 10 minutes, but during that period a fair blow of air held at the surface.

Recovery was 195 feet of slightly gas cut mud with a rainbow of oil. The test was not considered satisfactory.

The wildcat was conditioning mud preparatory to re-testing the same formation.

It is located seven miles north of the Barnhart field.

In Northwest Reagan county, White Eagle Oil company No. 1 R. E. Ringo estate, slated Ellenburger wildcat, was drilling ahead from 10,480 feet in the Strawn line of the Pennsylvania.

Location is 660 feet from north and east lines of section 8, block

H. L. & V. survey, eight miles north-east of the Benedum field in East-Central Upton county.

Richardson & Bass No. 1 Neal, deep prospector in East-Central Upton county, 660 feet from north and 1,980 feet from east lines of section 9, block Y, GC&SF survey, was coring below 12,350 feet in Simpson lime and sand. The Ellenburger is expected at any time.

It is located about seven miles east of the Benedum field.

In Northeast Ward county, five miles east of the town of Monahans, Humble drillstem tested its No. 7 Yarbrough & Allen at 9,840-9,924 feet in the Simpson lime and shale.

The tool was opened and closed three times in an attempt to get a blow to the surface, but in none of those cases did any air make a showing. Final recovery was 90 feet of drilling mud, with no shows.

Operator was drilling ahead from 9,941 feet in lime and shale, headed for the Ellenburger.

This prospector is 1,980 feet from south and 660 feet from west lines of section 17, block B-13, psal survey.

Dallas Demo Headquarters Are Padlocked

DALLAS, Oct. 30. (AP)—Headquarters office of the Dallas County Democratic Executive Committee was padlocked today following an order to impound all tabulations and records of Dallas County voting in the August second primary from the U. S. Senate Subcommittee on election investigations.

Closing of the Democratic headquarters office followed a similar order received by County Clerk Ed Steger, impounding such records and returns from the second primary as are in his possession.

County Chairman Arthur Stevenson ordered the office locked following receipt of a telegram signed by U. S. Sen. William E. Jenner, chairman of the subcommittee. Stevenson said today.

"We welcome an investigation any time into voting in the democratic primaries in Dallas County," Stevenson said.

"We have nothing to hide and nothing to be afraid of."

The county chairman said he telegraphed Sen. Jenner, advising him that his order had been complied with and that the primary records were at his disposal, including those of the controversial precinct 131, in which an "mended return was filed after an error in tabulation was discovered."

The office will be closed to visitors until the investigation is completed, and only Stevenson, County Secretary J. A. Wynnes and party officials on official business will be allowed to enter. The office will be padlocked at all times when neither the county chairman nor the secretary is present, Stevenson said.

Car Glass Ruling Is Adopted By State

AUSTIN, Oct. 30. (AP)—Standards for safety glass to be used in all new automobiles before they may be sold in Texas, or used to replace glass in vehicles manufactured after Jan. 1, 1948, have been adopted by the State Highway Commission.

The new Highway Traffic Act provided that all vehicles should be equipped with safety glass, but the definition of safety glass was given in general terms, the commission said.

The commission's action provides that all glass specified by the act shall comply with the American Standard Code for safety glass.

Porter Sees Win Tuesday

HOUSTON, Oct. 30. (AP)—Jack Porter, Republican candidate for the U. S. Senate, predicted today he would defeat Lyndon B. Johnson by a vote of more than two to one in Tuesday's general election.

"There is no question but that the people of Texas on Tuesday will settle once and for all time the controversy over the Democratic nomination by naming me their senator," Porter's pre-election statement said in part.

"They are determined to prevent the good name of Texas being dragged through the mud and mire of a senatorial investigation," Henry Zweifel, state Republican chairman, predicted that Porter will lead Johnson 50,000 to 100,000 votes and that the Dewey-Warren ticket will carry the state by a "safe margin."

Shallow Wildcat Test Is Slated In Glasscock

A shallow wildcat to test into the upper Permian lime of Northwest Glasscock county has been staked by Sohio Petroleum Company, of Midland, as its No. 1 M. A. Loudamy.

The drillsite is to be 660 feet from north and east lines of section 40, block 34, T-2-S, T&P survey, about 12½ miles northwest of Garden City. Nearest production lies about four miles northeast in the Howard-Glasscock field.

Starting November 4, a rotary outfit was to be moved in, and drilling toward 2,800 feet was to commence.

Seaboard No. 2 Tora Campbell, North-Central Howard county prospector to around 10,000 feet to try to find and test the Ellenburger had reached 9,505 feet in lime and shale, and was drilling ahead.

This exploration is adjacent to the Vealmoor field which produces from the Pennsylvanian lime from pay above 8,000 feet. It is 680 feet from south and east lines of section 29, block 32, TP survey, T-3-N.

Seaboard No. 1 Clanton, et al., in South Borden county, about one mile north of the Vealmoor field, and 1,980 feet from south and 660 feet from west lines of section 20, block 32, TP survey, T-3-N, had reached 5,397 feet in lime and shale, and was making more hole.

It is slated to drill to around 8,000 feet to test the regular Vealmoor field pay horizon.

Seaboard No. 2 W. C. Campbell, east of the No. 1 W. C. Campbell in section 29-32-3n, T&P, set 10½-inch string at 1,309 feet and was below 1,936 feet in gyp and anhydrite.

After an inconsequential drillstem test, Amerada Petroleum Corporation was making new hole at its No. 1 Carrie McDonald, deep venture in Central Sterling county, 660 feet from south and 990 feet from west lines of section 3, block T, T&P survey.

The one-hour test was at 7,701-45 feet. A slight blow of air was evident for a short period. Recovery was 10 feet of drilling mud, with no shows of oil, gas or water.

The prospector was drilling ahead below 7,795 feet in lime and shale in an attempt to test into the Ellenburger.

It is about six miles north and one mile west of the discovery well for the Marvin pool.

Other developments in this drilling included completion of the Drilling Exploration Co. No. 4 Reed Bros. section 141-29, W&NW, for 52 barrels. Top of pay was 2,900, total depth 3,232. Basin No. 1-C Reed, which previously had completed, ran base and was setting pumping unit. Basin No. 2-C W. R. Reed spudded and was at 236 feet in redbeds; both bests were in section 45-30-1n, T&P. Ray Oil Co. No. 2-B Reed topped pay at 2,750 feet, had an increase in oil from 2,770 2,787. It plugged back to 2,783 and prepared to shoot. A. G. Talbot No. 2 W. R. Reed, section 48-30-1n, T&P, was below 1,145 feet in red beds.

In Northwestern Mitchell, C. T. McLaughlin No. 5 Coleman, 47-barrel producer, topped pay at 2,670 feet and was bottomed at 2,797. The hole was given a 230-quart nitroglycerine jar.

Texas Building Is Near \$1 Billion Mark

AUSTIN, Oct. 30. (AP)—Texas building activity crept nearer the billion-dollar mark for 1948 this week.

Contracts totalling \$24,614,649 were let during the week, bringing the figure for the year thus far to \$779,077,367.

The Texas Contractor, building trade journal, announced the figures. They showed non-residential construction for the week ended Oct. 29 at \$16,438,015; residential building at \$7,165,524; engineering contracts \$1,011,110.

DOG OVERCOME WITH POSE

WEST ARLINGTON, Va., Oct. 30. (AP)—Magazine Cover Artist Norman Rockwell used his pet springer spaniel dog as a model in a cover published last week.

Today he advertised in the Bennington Banner that he would pay a "substantial" reward for return of the dog, which ran away from home yesterday.

The dog is the model on the current Saturday Evening Post cover, which shows a couple in a breakfast table political argument.

Rockwell managed to give the cover dog an expression which looks as though he wanted to leave home.

WEST TEXAS OIL

Producer Indicated In Coke Discovery

SAN ANGELO, Oct. 30.—Discovery producers in Coke county from the Strawn and in Gaines county from the Devonian were indicated this week as a Scurry county wildcat flowed briefly then swabbed oil from acidized Pennsylvanian lime. A Tom Green county wildcat recovered oil and salt water from a section believed to be Strawn.

Two wildcat locations were listed in Schleicher county and one each in Irion and Andrews county.

Sun Oil Co. No. 1 P. W. Millican and others, southwestern C. O. K. e county wildcat, recovered 650 feet of clean oil and 210 feet of oil cut 20 per cent by mud on a one-hour drillstem test from 5,949-50 feet. Open flowing bottomhole pressure was 300 pounds, shut-in pressure 2,500 pounds. Bottom now is 5,771 feet.

The section appeared to be the Strawn cretaceous reef lime, main producing formation in the Jameson field, the nearest wells in which are seven miles to the north. No. 1 Millican is in the C. N. E. NE 230-2-H&T, on an 8½ - section block. If it develops production, it will be Sun's third pool opener in Coke county.

Magnolia No. 1 Winston Bros., southwestern Scurry county wild-

cat, flowed 27 barrels of oil in eight hours after treating the Pennsylvanian with 250 gallons of mud acid through casing perforations at 7,420-42 feet. The flow then died and in 19½ hours the prospector swabbed 52.2 barrels of oil and 7.8 barrels of basic sediment and water. No. 1 Winston Bros. failed in the Ellenburger and plugged back. It is 330 feet out of the northeast corner of tract 72, subdivision 37, Kirkland & Fields survey, 3¼ miles southwest of Snyder and the same distance east and slightly north of No. 1 Emil Schattell, a Canyon lime pool opener.

J. J. Perkins of Wichita Falls and Sun Oil Co. No. 1 Claude Linthicum, Tom Green county wildcat, four miles west of San Angelo, recovered six stands of heavily oil and gas-cut mud and three stands of oil and gas-cut salt water on a one-hour drillstem test from 5,487-5,550 feet in formation believed to be Strawn. It drilled ahead, projected to the Ellenburger. Location is 660 feet out of the southwest corner of section 1, AB&M survey.

Gulf No. 138-T Keystone "gave promise of becoming the second well in the Keystone South pool in Winkler county by unloading while pulling pipe after a one-hour drillstem test from 6,460-6,513 feet. Recovery was 175 feet of oil and

Attempts to extend one well Ellenburger producing areas in southeastern Coke county and in northeastern Sterling county failed. Southern Minerals and Seaboard No. 3 M. G. Reed in Coke, C. S. E. NW 1-HE&WT, was abandoned dry at 6,218 feet. It was a quarter mile north of No. 1 Reed, Humble No. 1-B Ellwood in Sterling county, C. S. W. NE 58-18-SPRR, was plugged at 8,080 feet. It was three-quarters of a mile north and a quarter mile east of No. 1-B Ellwood, Spade field discovery.

gas-cut mud and 510 feet of clean oil. Location is C. S. W. NE 20-33-pal, quarter mile south of the discovery.

Second Gardner sand well in the Beddo triple-pay pool in Bunnells county six miles northeast of Balingier was indicated by A. P. Groehl and Virgil J. Powell No. 1-B J. L. King. It flowed oil to pits at the end of a three-hour drillstem test from 5,894-44 feet and was shut in. Drilling continued to explore the Gray sand. Location is 330 feet from the south, 440 feet from the northwest line of Geo. W. Dyer survey 482,660 feet north and 120 feet east of Groehl & Powell No. 1 Beddo, the Gardner sand discovery.

On a 2,748.1 acre block for which it paid a \$120,000 cash bonus at the University land auction in June, Shell prepared to start No. 1 Owens University, slated Ellenburger wildcat in southwestern Irion county. Location is 660 feet from the south, 698 feet from the west lines of section 2-43-U, for miles east of the Barnhart (Ellenburger) field in southeastern Reagan county.

Standard of Texas spotted a quarter mile north offset to Wilshire No. 23-148 McElroy Ranch Co., Wolfcamp discovery in western Upton county. Its No. 1-148 McElroy will be in the C. S. E. NW 148-ECCSD-RGNG, projected to 8,100 feet.

Attempts to extend one well Ellenburger producing areas in southeastern Coke county and in northeastern Sterling county failed. Southern Minerals and Seaboard No. 3 M. G. Reed in Coke, C. S. E. NW 1-HE&WT, was abandoned dry at 6,218 feet. It was a quarter mile north of No. 1 Reed, Humble No. 1-B Ellwood in Sterling county, C. S. W. NE 58-18-SPRR, was plugged at 8,080 feet. It was three-quarters of a mile north and a quarter mile east of No. 1-B Ellwood, Spade field discovery.

WEEK'S BUSINESS

Substantial Gains Are Shown Here

Substantial gains were reflected on all major business yardsticks in Big Spring during the past week, with a rise in city building figures topping the list. Although the number of permits issued was below that of the previous week, two larger projects boosted construction cost figures. These were for a new building for the Park Methodist church, estimated to cost \$15,000, and a new sub-station for the fire department listed for \$27,480. Other permits for repair work ran the week's total to \$49,675, which was sufficient to increase the year's total to \$6,765,775.

Real estate transactions were slightly below the weekly average for the year, but the total represented a gain over the previous week. Six instruments were recorded at the county clerk's office. The transactions involved considerations totalling \$43,493 to push the 1948 total up to \$1,940,414.

New motor vehicle deliveries were topped by passenger cars, which reached purchasers at an accelerated clip. The county tax assessor-collector's office issued licenses for 25 passenger cars and two trucks during the week.

House Committee Will Investigate California Vote

WASHINGTON, Oct. 30. (AP)—The House Campaign Expenditures Committee announced today it has sent two staff representatives to Los Angeles to investigate "threatened irregularities" in voting in the 14th congressional district of California.

The announcement said the representatives will remain in the district through Tuesday's election. The committee refused to say who had made the complaint or what irregularities are suspected.

Rep. Douglas, Democrat, is the incumbent House member from the 14th district. W. Wallace Braden is her Republican opponent.

HERE! NOW! Two great new **HOOVER** Cleaners

NEW FREEDOM FOR COLONY

World Interest Aroused By Puerto Rico Election

WASHINGTON, Oct. 30. (AP)—One particular aspect of the American national election Tuesday will be noted with special interest around the world by colonial possessions and satellite countries.

In a period when Russia seeks to dominate border governments with the influence of her clenched Red fist, the United States is permitting a strategically-situated dependency, Puerto Rico, to choose freely its own government.

This right was given the island by Congress last year. The Puerto Ricans are exercising it. They began their campaigns early. They've conducted them with excited oratory and colorful party banners.

But they've been orderly. The Puerto Ricans boast they jammed more people—60,000—into a political convention than did any U. S. mainland party.

It is the first time in the island's more than four centuries of history that Puerto Rico, which now has nearly 2,000,000 inhabitants, is selecting its own chief administrator. It is just 50 years since the island was ceded to the United States after the Spanish-American war.

The gubernatorial election is a step forward in colonial government in the troubled, restless Caribbean where Britain, France and the Netherlands have colonies. Its conduct and results will be watched.

This reporter on a recent trip to Puerto Rico asked San Juan newspaper reporters, political leaders and residents if in their opinion the forthcoming election was one truly free of government pressure from the United States. The answer was: Yes.

But the United States in these uncertain times internationally has a very important military stake in Puerto Rico. On this island is located the Tenth U. S. Naval District; headquarters of the Army's Antilles Department, and Air Force units.

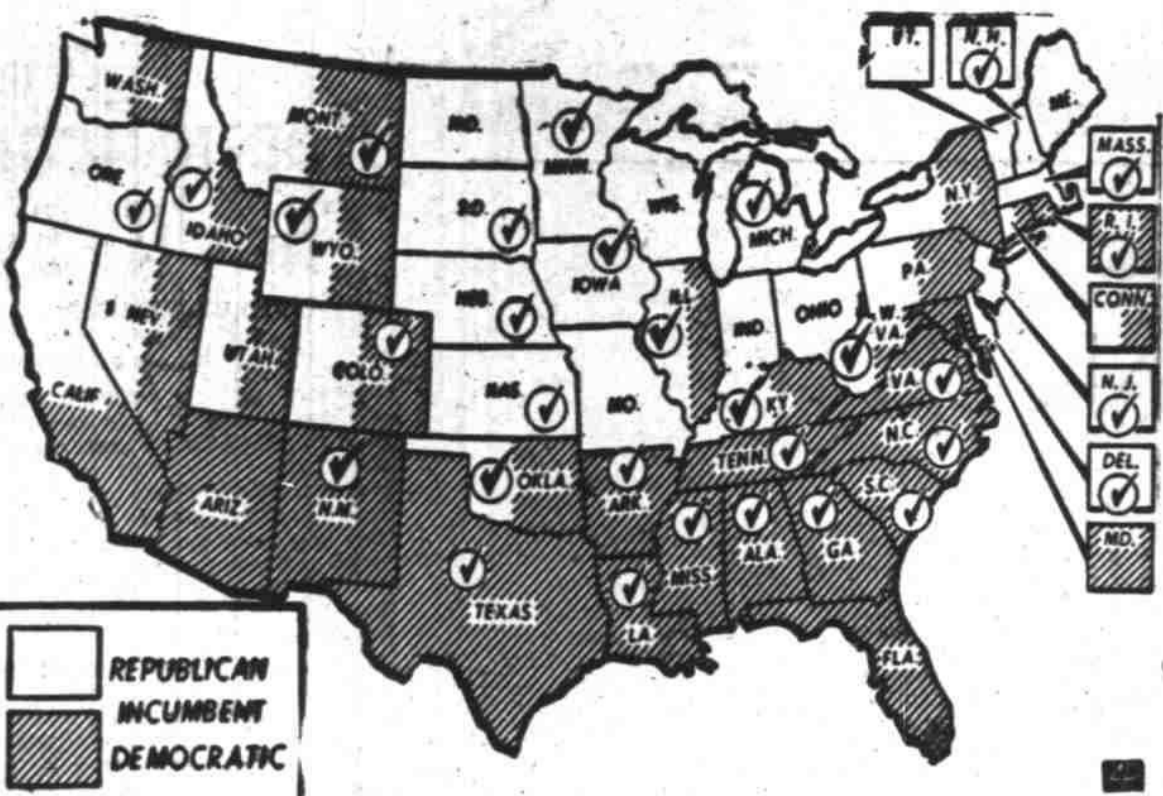

Puerto Rico is the key in the chain of defense bases leased from Great Britain—Antigua, St. Lucia, Jamaica, Trinidad, and British Guiana.

Dr. G. M. Wood, who recently submitted to an operation for gonorrhea at the Mayo Clinic in Rochester, Minn., is reported to be making good recovery.

He has been dismissed from the hospital and will be able to leave Rochester within another two weeks. Although the outlook that the operation will restore him to good health is good, it may be another month before Dr. Wood will be able to return to his office in the Petroleum building here.

WEST FUNERAL HELD

BROWNSVILLE, Oct. 30. (AP)—Funeral services for Rep. Milton West, 60, of Brownsville, who died in a Washington hospital Thursday, were held from the Methodist Church here today. His body was sent to Texas in an Army plane, accompanied by Mrs. West and Reps. Pickett and Wilson of Texas.

WHERE CONTESTS WILL DETERMINE NEXT U. S. SENATE CONTROL — Check marks indicate 31 states where voting Tuesday will determine make-up and party control of Senate in 81st Congress. Thirty-two Senators are to be elected; Louisiana votes for two. Heavier check marks denote states where political leaders expect some close contests as Democrats, with 45 Senators now, seek to pick up four seats in effort to gain a majority. States partly shaded denote those now with one Democratic, one Republican. Check marks in such states indicate the seat involved in the election — whether Republican (white half) or Democratic (shaded half). No senate seat is involved in Tuesday's election in the other 17 states. Maine elected a Republican Senator in September. (AP Wirephoto).

No Republican Has Ever Been Elected Senator From Texas

AUSTIN, Oct. 31. (AP)—If Texans elect a Republican senator Tuesday, it will be the first time that has happened in modern political history.

If they go Republican in the presidential race, it will be the second time since Texas re-entered the union after the Civil War.

There have been several Republican members from Texas in the National House of Representatives, but no senator since reconstruction days. The last Republican to serve in the House from Texas was the late Harry M. Wurzbach of San Antonio, 1921-29.

Republican Herbert Hoover carried Texas over Al Smith in 1928 by a vote of 367,036 to 341,032. In 1932, 1936, and 1940 the Republicans didn't even get close, with Franklin D. Roosevelt carrying the Democratic banner.

In 1944, some inroads were made against the Democrats. Roosevelt still held by a whopping majority of 821,605 to 191,425 for Thomas E. Dewey and 135,430 for the Texas regular uninstruced presidential electors.

This year, the Republicans have high hopes of electing Jack Porter as U. S. Senator over Lyndon B. Johnson, the Democratic nominee. They also publicly express hope of capturing the presidential electors, but some leaders privately admit Porter is their best bet.

Republicans have run some fairly close races for governor, considering Texas' traditional democratic status.

In 1924, George C. Butte of GOP polled 294,970 votes against 422,358 for Mrs. Miriam A. Ferguson. Then in 1932 Republican Orville Hubbard of Wichita Falls got 317,807 votes against 528,988 for Mrs. Ferguson in the general election.

More Texans are qualified to vote in this general election this year than ever before in history. Comptroller George Sheppard has estimated the voting potential at 2,250,333, based on paid poll taxes and probable exemptions. Estimates of the actual vote from leaders of the various parties range from one million to a million and a quarter.

Pythian Sisters To Form Temple

A special meeting for wives of Knights of Pythias Lodge members has been scheduled for 7:30 p. m. Wednesday at the K of P Temple, 1407 Lancaster, it was announced Saturday.

At that time charter memberships for a Pythian Sisters' Temple will be received. The lodge earlier announced plans for organizing a Pythian Sisters' Temple here, and candidates for membership who wish to be listed on the charter are urged to attend the Wednesday night session.

New Residential Building Planned

Tentative plans for an expanded project of residential construction here were made by the Big Spring Building Corporation yesterday.

Although details of the project have not been announced, spokesmen for the organization said the construction would be on a tract of land immediately north of Martha street, which was purchased recently by the corporation. The project may involve as many as 40 houses.

Scout Adult Leaders Schedule Two Meets

Two meetings of Boy Scout leaders, involving both district and council officials, will be held in Big Spring Wednesday night.

One will be the regular district Scouters conference, while council commissioners in the Buffalo Trail area will convene here at the same time. The sessions will be held at the high school cafeteria.

have a better chance to elect Porter and win Texas' presidential electors if the vote is under one million. They figure people voting against a candidate will turn out in greater numbers than the party-line Democrats, that many of the latter will not bother to vote assuming Texas is in the bag for the Democratic Party anyway.

Republicans Are Confident They'll Sweep Illinois Vote

By LOUIS J. DRAMP
AP STAFF

CHICAGO, Oct. 30 — Republicans are serenely confident they will sweep Illinois by a comfortable 200,000 to 450,000 margin next Tuesday.

Democratic leaders say they will trail in GOP-dominated downstate. But they hope Cook County (Chicago) will give them enough votes to carry the state by at least 100,000.

Hotly-contested fights for senator and governor are big factors. But the state outcome seems to hinge a good deal on the size of the total vote and whether Democrats can roll up a big edge in Chicago, their traditional stronghold.

Major party leaders figure the state vote will total about 4 million the same as in 1944. Democratic hopes are pinned on a big turnout—"the bigger the better."

GOP chiefs look for a huge Dewey-Warren victory to put the state's 28 electoral votes in the Republican presidential column for the first time since 1928 and to help carry their state ticket to triumph.

The Democratic choice for senator is Paul H. Douglas, economics professor at the University of Chicago. He says his election chances are "a toss-up," and that his race will be decided by 50,000 to 75,000 votes.

He has AFL, CIO and other labor union backing in his intensive campaign to unseat Republican C. Wayland (Curly) Brooks. Brooks voted for the Taft-Hartley Labor Law.

Brooks' backers say he will win by at least 100,000 to 300,000. He won in 1942 by 200,000 over a Democrat who beat Douglas 2-1 in the primary.

Republican Gov. Dwight H. Green seeks a third four-year term as governor. No Illinois governor ever has held the office for three consecutive terms.

Green has a strong opponent in Democrat A. E. Stevenson, Chicago lawyer and former United Nations delegate.

Each says he is a cinch to win. Green won by 257,000 in 1940 and by 72,000 in 1944. Franklin D. Roosevelt carried the state both times.

The four nominees for senator and governor put on the most colorful campaign show.

Brooks called Douglas "irresponsible. . . a Socialistic-minded professor. . . a demagogue with a lot of cock-eyed ideas."

Douglas called Brooks "a tool of the monopolists. . . a yed-in-the wool, reactionary isolationist, demagogue," the Chicago Tribune.

Green called Stevenson "a new dealer, striped pants internationalist" who would give Illinois "waste and deficits and staggering taxes."

Stevenson called Green master of "a political machine packed with payrollers, spoilsmen and hoodlums who crawl all over the statehouse."

Republicans held a 20-6 edge over Democrats in the state's congressional delegation. Both sides hope for gains. But little, if any, change seems likely.

Henry A. Wallace's Progressives failed to get their state and national tickets on the state ballot.

But they have four congressional and 32 state assembly and county office nominees on the ballot in Cook County, one of their national strongholds.

Wallace is urging write-in votes for him in downstate's 101 counties. In Cook County he asks his followers to vote only for the local progressive candidates. This is designed to make an indirect show of strength there. It may hurt Democratic hopes.

Republicans won more than half of the Cook County offices at stake in 1946. They hope to do even better this year, and elect a state's attorney.

Navy May Hike Its Traffic Here

The Big Spring municipal airport has been getting additional inspections from the U. S. Navy and there were some indications that the already increased rate of Navy traffic through here might be stepped up. Last week Capt. Corbin, USN, piloting R5-C, flew Comdr. Friede, commanding officer of VR-31, Norfolk, Va., here for an inspection of the field in general and refueling facilities in particular. Some idea of the volume of Navy traffic at the port may be had from the total gasoline deliveries for the year—something like 375,000 gallons.

J. D. Church, district CAA airport engineer, flew last week to Owensboro, Ky. for the funeral of his father. He made the trip in his Swift 125.

Among the unusual ships putting in at the Muni during the past week was a pair of Army F-82s, odd but extremely hot ships which resemble two Mustangs telescoped into one. They turned back into Big Spring after encountering an extremely rough thunderstorm to the east and which they could not hurdle at 32,000 feet. The ships were enroute from Biggs Field to Barksdale Field and were part of the 52nd fighter group stationed at Mitchell Field, N. Y. and assigned to the famous all-weather squadron.

Color pictures of the Texas Electric Service new generating plant at Monahans were taken last week by F. H. Talbot, engineer for TES, flown over the site by Cecil Hamilton, Hamilton Field operator here. They later made a patrol of the new TES line from Monahans to Crane. Earlier in the week Hamilton had flown D. M. McKinney on highline patrol to the east, then hopped from the terminal point over to McKinney where D. M. McKinney visited briefly with his mother, who has been in the hospital.

Mr. and Mrs. Alfred Ward, Sr., Akron, Colo., flying in their Cessna 170, landed here Friday to visit with their son, Lambert Ward, and family. Alfred Ward, Jr., Benny Gay and Alfred Marion Ward of Akron, Colo., also flew in in a Cessna 195 to be guests of the Lambert Wards. The elder Mr. Ward is president of the National Flying Farmers of America, and with his sons operates ranches in three states, including one northeast of Vincent.

Don Funk has purchased a new

Cessna 170 and J. D. Church has gone to Wichita, Kans. to fly it back to Big Spring. Funk plans to use the craft for rentals or make it available for sale.

Bill Edwards, Big Spring Flying Service, took Dr. M. H. Bennett on a charter flight Saturday to Austin where Dr. Bennett took in the Texas-SMU grid game. A week ago he flew Dr. Bennett and others to Vernon to witness some important polo matches.

Final preliminary plans for the new Muni terminal building have gone to the CAA for approval. When this step is completed, working plans will be drawn and submitted to CAA for an okay. Once this is forthcoming, bids will be advertised, contract let and construction started.

Despite a seven per cent increase in operating expenses, Continental Air Lines' net income for 1948 through October has shown a 77 per cent increase over the same period for 1947. All categories of CAL's transport services showed gains this year with air freight setting the pace with a 114 per cent hike. CAL laid claim to 98.93 per cent of all scheduled flights completed through September, a fraction of a per cent up from last year.

J. L. Fargason, Jr. has been named terminal manager here for Pioneer Airlines, succeeding M. R. Lillard. He is a native of Hermleigh in Scurry county and has been with PAL since June 1947, having served as assistant manager at Albuquerque, and Midland-Odessa. He attended McMurry college and was in the armored division during the war.

Noted Composer Buried In Austria

BAD ISCHL, Austria, Oct. 30. (AP)—Franz Lehar, the composer, was buried today in the heart of the Salzkammergut region he loved so well.

Thousands of Austrians packed the narrow streets of this resort town as the mile-long funeral procession wound its way to the cemetery. Lehar's body was placed beside the graves of his mother and his wife.

Lehar, whose operettas, including The Merry Widow, were known and sung throughout the world, died here Saturday. He was 70.

American Art Week

Big Spring's observance of American Art Week will be highlighted with a tea to be given November 12 under sponsorship of the Modern Woman's Forum, Spoudazio Fora and the Junior Woman's Forum. Local artists, some of whom are pictured on this page, will be given an opportunity to display their work at the tea, to be held at the First Methodist church.

Residents of this area had an opportunity during the Howard County Fair to view the work of some of the local brush-and-palette hobbyists. At the fair, and in other exhibits, people have been made aware that a large group of artists are busy in Big Spring. With some of these, painting is only a hobby, with others it is a profession and one which has brought them recognition from art associations and critics in various parts of the nation.

This page does not present all local artists, but only a representative group. It probably would be surprising to many local people if they knew just how many of their fellow townsmen do try their hand with oils, water colors and other media—and with success.

TEACHING ART was a hobby of Mrs. E. H. Happel for a number of years. She still paints and is shown with one of her Western scenes. Mrs. Happel says that her life has been varied. Besides her art work, she has been editor of the Pecos newspaper.

THE OLD WEST is a favorite study for Mrs. Robert E. Lee, 303 Park, who is shown with two of her western scenes. Below the framed picture is the study for her current boot picture. Mrs. Lee has had several pictures in traveling exhibits.

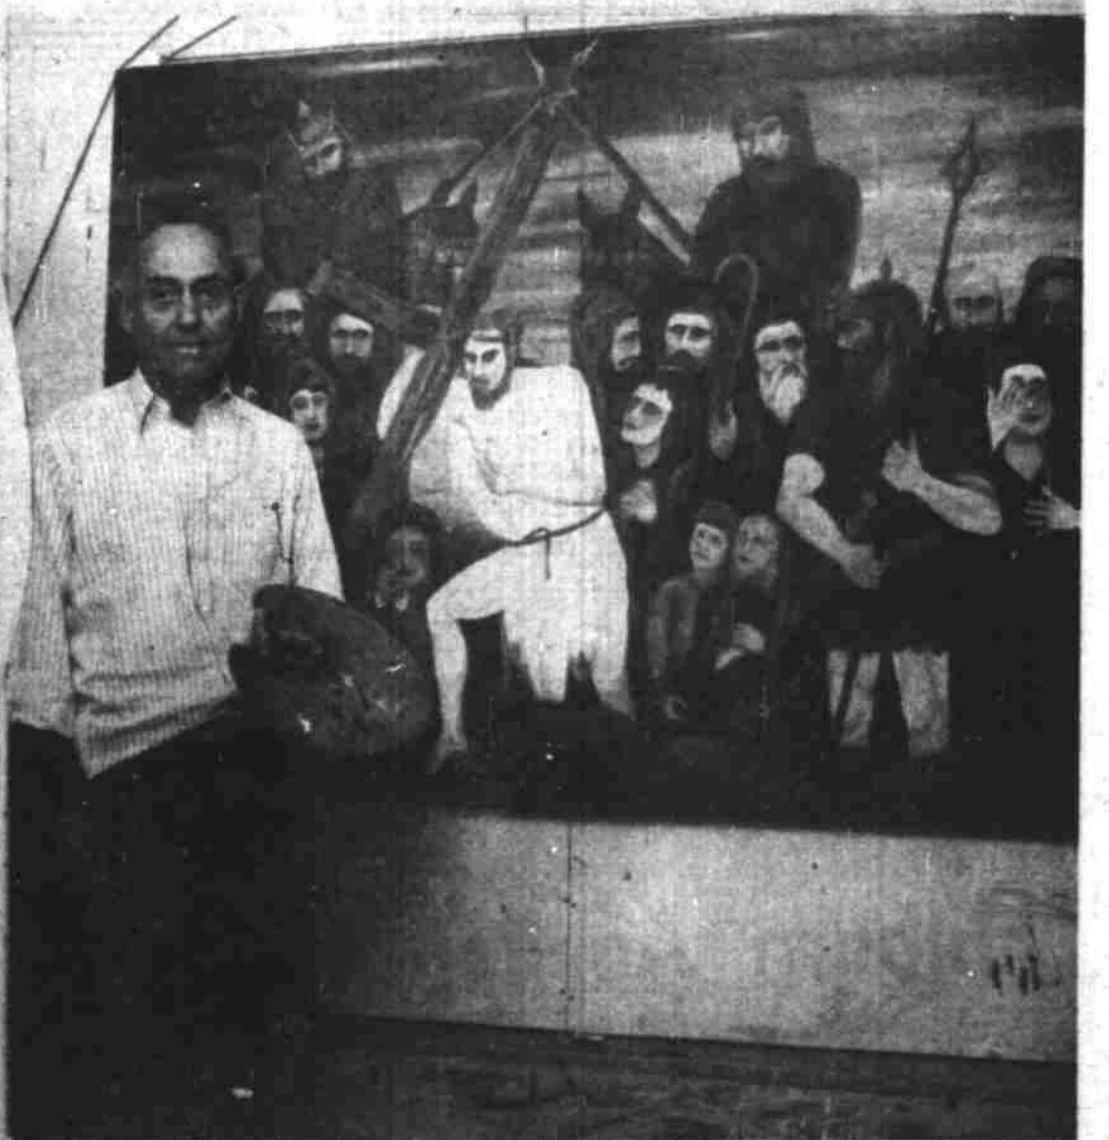

HER OWN LIKENESS is the study undertaken by Bernice Cason. Her current work is still in the pencil stage. Bernice says that she has been interested in art work ever since she can remember. Her first artistic attempt was copying Mutt and Jeff.

ART IS A HOBBY with Mrs. A. B. Wade, 906 Main, who hopes to do more painting. At her feet is one of her paintings entitled "Builders of a Nation." Hanging on the wall is one of the missions near San Antonio. To the right is a local scene.

TO OPEN STUDIO—Pictured with a painting of her daughter is Mrs. O. M. Waters, 308 Goliad. Once a pupil of Mrs. Edith Lavelle, Mrs. Waters is now a teacher in her own right. Her new studio will be completed in a few days.

UNUSUAL is the painting just completed by C. L. Lumpkins, who "makes a living" as a railroad man and paints as a hobby. His current work will become a part of the Bethel Baptist Church of Big Spring. Mr. Lumpkins is also a recognized artist.

Prayer For World Peace To Be Made By Ten Million Women On Friday

NEW YORK CITY—More than ten million women throughout the United States will gather at their radios November 5th to join in prayers for world peace.

Ted Malone, Roving Reporter, in cooperation with the United Council of Church Women, will devote his broadcast that day to a special program on World Community Day. Malone is heard regularly Monday through Friday at 11:30 a. m., EST, over 200 stations of the ABC Network.

With Malone on the program will be Mrs. Harper Sibley, noted church woman, from Rochester, New York, and president of the United Council of Church Women. Mrs. Sibley will lead the prayer

in which millions of churchwomen gathered singly and in groups at their radios will read with her. The United Council of Church Women will ask all who are able to listen to the program and join the prayer.

The ten million members of the UCCW are scattered throughout the United States. Home offices for the Council are in New York City, with branches in forty states and more than thirteen hundred local interdenominational councils.

Organized only seven years ago, the Council is built on the principle that "ten million women working together can change the world." The UCCW has sent thousands of food and clothing parcels overseas and this year they are sponsoring a "Pack-A-Towel" campaign in which cloth, socks, soap, toothbrush, and other items for teen agers will be sent to Displaced Persons in Europe.

The bundles will be collected at churches on the day of Ted Malone's broadcast - November 5, World Community Day.

National Girl Scout Week Begins In Big Spring With "Church Day"

"Come right over. I've got something for the girls of Savannah, and all America, and all the world, and we're going to start it tonight," that was the statement made by Juliette Low in a famous telephone conversation to Miss Nina Pape. That statement started one of the largest organizations of its kind for girls in the world—Girl Scouts. From a handful of girls who formed the first troop in the United States, the American organization has grown to almost a million and a half girls who will observe Girl Scout Week beginning today. The observance will continue through the week and will be a part of the local scouting activity.

As the local observance gets underway, Big Spring scout leaders report that four new troops have been organized here. Activities for the week include "church day," which will be observed today when scouts in uniform attend the church of their choice; and a play day scheduled for Friday from 1 to 4 p. m. at the high school. Officials have announced that girls may attend the play day if their school work is made up in advance. On night during the week, scout leaders will meet at the hut to complete work on the interior. Leaders have announced that they expect the inside of the hut to be completed within a few days and ready for meetings. Lawrence Robinson will direct the work. Arah Phillips

and Anna Smith will have charge of the play day. Other important scout news includes the appointment of Mrs. Lawson Lloyd and Mrs. Paul Darrow as local delegates to the tri-state leaders convention to be held in Fort Worth, November 17 and 18.

Evelyn Grace Huddleston Becomes Bride Of Lloyd Zack Gray Here

MRS. LLOYD ZACK GRAY

She is a member of the Nu Phi Mu sorority and was recently employed by Cowper clinic. The bridegroom also graduated from the Big Spring schools and from the Junior college, where he served as president of the student body. He is now employed by Phillips Petroleum company in Amarillo. Immediately following the ceremony, a reception was held in the church parlor. The receiving line was composed of the bride and bridegroom, members of the wedding party, the bride's mother, Mrs. Howerton and the bridegroom's mother, Mrs. Gray.

Arrangements of white and pink gladioli comprised the floral decorations in the reception rooms. Nancy Hooper presided at the labra illumined the chapel. Green fern with white mums arranged on the chancel rail completed the chapel decorations. Kent Howerton gave the bride in marriage. Mrs. H. M. Jarrett, organist, played pre-nuptial wedding selections including a group of Love Songs and during the candlelighting service, she played softly the "Kashmir Song," by Finden. For the processional, Mrs. Jarrett chose "Lobegrin's Wedding March," by Wagner and as the recessional, she played Mendelssohn's, "Wedding March." Katherine Beam sang "Because," "I Love You Truly" and "The Wedding Prayer," accompanied by Mrs. Jarrett.

The bride was attired in a white slipper satin formal dress, fashioned with a fitted bodice and midriff. The neckline of the dress featured a lace yoke, with off-the-shoulder effect and caplet design. She carried a white prayer book. She carried a white prayer book topped with an orchid showered with pink sweethearts. In carrying out the traditional something old, the bride carried a lace handkerchief, belonging to her mother, Mrs. Howerton; something new, was her wedding gown; something borrowed, a string of pearls belonging to Mrs. Stewart Womack and something blue, a garter, made by Dolores Sanderson.

Bobbie Green acted as maid of honor. Miss Green wore a baby blue taffeta floor length dress, overlaid with net. The rounded neckline featured a gathered top and fitted midriff, with full flaring skirt. She wore a wrist corsage of tallman roses. Bridesmaids included Nancy Hooper, Ellen McLaughlin, Jenny Miller and Dorothy Purser. They wore dresses fashioned like the maid of honor. Miss Hooper and Miss Purser wore identical yellow dresses and Miss Miller and Miss McLaughlin chose identical coral ensembles. The bridesmaids wore wristlet corsages of tallman roses. Francys Weir and Dolores Sanderson lighted the candles. They were attired in dresses of pale orchid, fashioned with a low neckline and fitted waistline. They wore wrist corsages of pink carnations.

Kay McGibbon served a train bearer. She chose a white slipper satin dress with white carnation corsage. Kinda McGibbon acted as flower girl. Miss McGibbon wore a Nile green taffeta dress of the same design as the bridesmaids and a white carnation corsage.

Dee Thomas was best man. Groomsmen included J. T. Anderson, Jr., Ray Dunlap, Pete Cook and A. D. Harmon, Jr. R. L. Heath and Bernard Bevis acted as ushers. Mrs. Howerton, mother of the bride, was attired in a black tailored suit, with black accessories and a red rose corsage. Mrs. Gray, mother of the bridegroom chose a black fitted dress, with sequin trim and black accessories. Her corsage was of also red roses.

The bride is a 1947 graduate of Big Spring high school and attended Howard County Junior college.

A Weak, Run-Down Feeling Is Often A Warning

That The Red-Blood Is Getting Low

If you do not feel like your real self, do not have the urge to be up and doing, why not check-up on your blood strength? Look at the palms of your hands, your fingernails, your lips, the lobes of your ears - are they pale and off color?

Every day - every hour - millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty - thus the stomach will have little cause to get balky with gas, bloats and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood, stored on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin - firm, fresh, fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

BIG SPRING

Flower Show Of Garden Club Hailed As Success

First annual autumn flower show of the Big Spring Garden club, held in conjunction with the Howard County Fair, was accounted a solid success Saturday.

Club officials drew a round of favorable comments from the several thousand who viewed the exhibit, and on the basis of the showing, indications were that the 1949 show would be exceedingly sharp.

Fair officials said that the response of exhibitors had been remarkable, considering that preparations for the fair had to be hurried to the extent that amateur gardeners did not have ample time to enter as much as they would have liked.

Not all classes were filled, but there were liberal sprinklings of cosmos, marigolds, pentiums, gold-angel, chrysanthemums, tea and other variety roses and a host of gorgeous dahlias. A high spot in the show was the versatile assortment of artistic arrangements, both large and miniature. The berry and fruit arrangements added variety and charm.

Individual specimen winners in the flower show follow: (first place indicated elsewhere by place numeral): Cosmos: Mrs. J. C. Daugherty; large marigold, Mrs. J. C. Daugherty; Mrs. J. G. Bristol; Mrs. Allen Hamilton; dwarf marigold, Mrs. J. C. Lane; (2) iris, Mrs. J. C. Daugherty; Mrs. Cliff Wiley; double pentium, Mrs. Allen Hamilton; single pentium, Mrs. D. M. Penn; Mrs. Allen Hamilton; (2) gold-angel, Mrs. D. M. Penn; chrysanthemum, Mrs. Allen Hamilton; Mrs. J. C. Fickle; Mrs. J. C. Daugherty; (2) Mrs. J. C. Lane; (2) large mums, Mrs. J. C. Daugherty; Mrs. J. D. Benson; Mrs. D. S. Riley; (2) Mrs. J. C. Lane; (2) mums, small variety, Mrs. J. G. Bristol; (2) tea roses, Mrs. Larson Lloyd; Mrs. Cliff Wiley; Mrs. Royce Satterwhite; (2) Mrs. Alvin Hamilton; (2) Mrs. J. G. Bristol; (2) Dahlias, informal decorative, Mrs. J. D. Benson (two first place specimens); Mrs. Cliff Wiley; (2) formal decorative dahlias, Mrs. D. M. Penn; (2) Mrs. A. C. Preston; (2) cactus dahlias, Mrs. Allen Hamilton; Mrs. J. G. Bristol; (2) pom-pom dahlias, Mrs. J. D. Benson; Mrs. Allen Hamilton.

Mrs. Leonard M. Schafer Is Honored With Shower Given In Crouch Home

To honor Mrs. Leonard M. Schafer, the former Olive D. Calverley, Mrs. Charles J. Cox and Rosie Schafer of Garden City, and Mrs. Buck Harris of Fort Stockton were hostesses at a gift tea Thursday afternoon from 3 to 5 p. m. at the J. H. Crouch home.

Miss Olene Dozier greeted guests at the door. Mrs. W. C. Underwood registered the guests during the first hour. Mrs. Steve Calverley, the last hour. Piano music was furnished during the tea hours by Mrs. Ira L. Watkins and Miss Susie Schafer.

Covered with a white organdy embroidered lace inserted cloth, the table was centered with a floral arrangement of white carnations, feverfew and snapdragons. Candles in silver holders were at either side of the table. Other appointments were in silver. Blue and white, the honoree's chosen colors, were carried out in the napkins which were white with the words, Olive D. and Leonard, inscribed in blue. Emma Cline presided at the tea service. Others in the house party were Mrs. Joe B. Calverley, Mrs. Ben Schafer and Mrs. W. L. Lemmons.

The honoree wore a corsage of white gardenias with blue satin ribbon. House party members wore white carnation corsages tied with blue and silver ribbons. Bouquets of roses were placed throughout the house.

The guest list included: Mrs. John Schafer, Mrs. Bismarck Schafer, Mrs. Joe Carter, Mrs. Belle Wilkerson, Mrs. William Schafer, Mrs. Doyle Whetsel, Mrs. Temp Carter, Mrs. Alby Crouch, Mrs. Jim Ratliff, Mrs. Cecil Wilkerson, Mrs. Louis Wrage, Mrs. A. Die In Crash

AUCKLAND, New Zealand, Oct. 30. (AP)—A search party reported today that all 13 persons aboard a New Zealand National Airways plane which crashed last Saturday were killed instantly.

Newcomers Register

New comers to Big Spring this week included several in "three-cornered pants" who "weighed in" at local hospitals.

At the Big Spring Hospital, Rodney Dan was born to Mr. and Mrs. Bill Logsdon October 28, weighing 4 lbs. 2 oz., a daughter Esther Da-

phene was born to Mr. and Mrs. M. H. Barnes also on the 28th, weighing 6 lbs. 4 oz.; Jerry Neal White, son of Mr. and Mrs. Daulton White, weighed in at 7 lbs. 12 oz. on the 28th; and Linda Karen, daughter of Mr. and Mrs. S. H. Clanton weighed 5 lbs., 11 oz. on her birth date, October 27.

Two young citizens registered at Cowper's Clinic this week. They are: Daniel Leroy, son of Mr. and Mrs. Clyde Leroy Turney, 7 pounds; Susan Lynn Heideman, son of Mr. and Mrs. W. E. Heideman, October 28, 8 lbs., 7 oz.

Kirby Doyle, son of Mr. and Mrs. James R. Horton, was the only arrival at Hogan and Malone Hospital. He weighed 7 lbs., 10 ounces.

Mr. and Mrs. A. M. Ripps have returned from a week's vacation trip that took them to San Antonio, Katy, Poteet, Houston and Austin.

Abilene Man Given Life Imprisonment

FITZGERALD, Ga., Oct. 30. (AP)—Dave Waldron of Abilene, and Johnny McVeigh of La Grange, Ga., were sentenced to life imprisonment Thursday for the 1944 slaying of Johnny Frank Stringfellow.

Waldron is already under a prison sentence in Florida.

The state contended that McVeigh and Waldron were hired to kill Stringfellow and that they received \$1,000 for the job. Stringfellow, the prosecution said, was killed to keep him from testifying in a liquor conspiracy case.

When football first appeared in England in the 11th Century, there were as many as 10 players on a side.

COP PASSES UP REVENGE CHANCE

REVERE, Mass., Oct. 30. (AP)—The once in a lifetime chance to make your former teacher write something 100 times came to a Revere patrolman—but he passed it up.

Patrolman Ralph D'Ambrosio stopped a speeding car yesterday and recognized the driver as his grammar school teacher.

"I should make you write 'it pays to drive carefully' 100 times," he told her. "You used to do me that when I did something wrong."

D'Ambrosio quoted her as saying she was "late for a safety meeting" when he asked why she was hurrying. That called for a lecture—and she got it.

Thanks Folks

We could tire you with some details of our business during the past twenty-nine years. We could tell you about the thousands of prescriptions that we have filled. We could give the number of hours each day that we have worked, and make you feel sorry for us, but if we had not liked this drug business for the past twenty-nine years, we could have quit. (maybe.)

Yes, if we have been successful it has been due to three things: The Grace of God, The understanding and tolerance of our wholesalers and our Banks, The good will of our Customers, you have always been the best advertising that we could have had.

Thank you, we may not be here twenty-nine years from now, but if we are not, it won't be our fault.

West Texas State Has Four Students From This Area

CANYON, Oct. (WTNS)—Three students from Big Spring and one from Stanton have helped swell enrollment this year at West Texas State College to the highest peak in history. There are 1669 students from 188 Texas towns, 17 states and two foreign countries.

From Big Spring are Herbert Johnson, junior; Robert Lee, freshman and Mary Johnson, sophomore. Belle Jones, freshman, is from Stanton.

Housing Problems On College Campus Ritz Film's Theme

A fresh glimpse into the college campus life and problems of a student veteran and his wife who spin dreams of castles in the air from their campus trailer is due for local moviegoers when "Apartment for Peggy" opens today at the Ritz.

The Twentieth Century-Fox hit, photographed in color by Technicolor, teams Jeanne Crain and William Holden, with Academy Award winner Edmund Gwenn as their co-star.

The movie, based on a novelette by Faith Baldwin, and set in a typical, small college town of today, unfolds the high-spirited story of the startling and uninhibited wife of a student veteran whose determination to snare an apartment and to see her husband graduate leads from one complication to another.

the college's ivy towers quivering with her lively doings.

William Holden is seen as Jason, the veteran who is discouraged over his college prospects. As "The Professor" Edmund Gwenn has another rare role of the unusual type and appeal to match the memorable Kris Kringle part in "Miracle on 34th Street" for which he won his Academy Award.

"Apartment for Peggy" was directed and written by George Seaton (also an Academy Award-winner for his "Miracle on 34th Street" screenplay), and produced by William Perleberg with a supporting cast headed by Gene Lockhart, Griff Barnett and Randy Stuart.

TRIO IN COMEDY—William Holden, Jeanne Crain and Edmund Gwenn (above) have the principal roles in "Apartment for Peggy," a satire on the campus life of the married GI student. The film arrives today at the Ritz and is in Technicolor.

TELLS PLANS—John Wayne tells his plans for the northward push in this scene from United Artists' western "Red River," which opens today at the State.

"ROCKY"—Above is scene from "Rocky," which comes to the Lyric today starring Roddy MacDowell.

TEC, Draft Board In New Location

The Texas Employment Commission and the Selective Service offices are now open at a new location.

Removal of equipment and files from 2124 W. 2nd, next door to the Westex Service store, to 213 W. 3rd, just east of the Montgomery Ward store, was completed Saturday morning. Telephone connections were switched to the new site.

All persons having business with the TEC, the Selective Service board for Martin, Mitchell and Howard counties, or the unemployment compensation commission were advised by L. O. Connolly, TEC manager, to take note of the new location.

Westex Service has plans for enlargement of its store to utilize the space formerly leased to TEC.

Terrace To Feature 'Panhandle,' Western

A "Glossy western," released by Allied Artists opens today at the Terrace with Rod Cameron, Cathy Downs, Reed Hadley and Anne Gwynne in the leading roles.

"Panhandle" is the story of a gunfighter who comes to Texas from below the border, despite a price on his head, to avenge the death of his brother, a crusading newspaperman. As the artist with six-shooters, Cameron contributes characterization which is rugged and grim, with purpose and determination in his every act. Yet with it all he creates a sympathetic quality which adds stature to his role as a whole. And his fight with Jeff York in one sequence is a savage battle filled with genuine excitement.

As the fiancée of the murdered

brother, Cathy Downs does an unusually fine job. So also does Reed Hadley, former hero of the radio, turned villain for this picture. Anne Gwynne, as Hadley's secretary, who falls in love with Cameron, rounds out the talented cast. Supporting roles are played by Jeff York, Blake Edwards, Rory Mallinson, Charles Judels, Francis McDonald, J. Farrell MacDonald, Alex Gerry and Tom Fadden.

"Panhandle" was produced by John C. Champlon and Blake Edwards, who turned from screen acting to write the original screenplay for this picture. Lesley Selander directed, and Harry Neumann was the cameraman. The musical score was written by Rex Dunn.

'Red River' Comes To State Screen For Four-Day Run

Out of the adventure-swept history of our great Southwest, Howard Hawks has fashioned a production called "Red River," which opens today at the State through United Artists release.

"Red River" is based on the popular Saturday Evening Post serial, "The Chisholm Trail," by Borden Chase.

Co-starring in the film are John Wayne, well-known to screen fans for his rugged he-man roles, Montgomery Clift, a comparative newcomer, the always likeable Walter Brennan, and a charming miss called Joanne Dru. It is a Monterey Production.

The story begins in Texas just prior to the Civil War and concerns Thomas Dunson (John Wayne), a hardy pioneer who dreams of building the first cattle empire in the Southwest. Years later, Dunson and his adopted son, Matthew Garth (Montgomery Clift), his trusted friend, Groot Nadine (Walter Brennan), and a huge band of trusting cow wranglers strike out over the now-famous Chisholm Trail, with Abilene, Kansas as their goal.

The road is long and tough, the dangers many. With over five hundred men on horseback, in the caravan, and more than 9,000 cattle, producer-director Howard Hawks has accomplished the major task of keeping his production in bounds so that none of the subtle drama involving the principle characters is ever lost, while at the same time maintaining the wide scope of the exciting trek to the North.

Through it all runs the dramatic feud arising between Dunson and Matthew Garth as the trek proceeds, a feud that would have ended in a tragedy but for the timely intervention of Tess Millay (Joanne Dru), who meets up with Garth during an Indian attack on a wagon train.

The romance between Garth and Tess adds a warm and colorful note to the film.

John Wayne, as Dunson, has role cut to his own picture pattern... rugged, powerful and ruthless. As his adopted son, Montgomery Clift, who recently made a terrific hit as the GI in "The Search," gives a performance that puts him in the ranks with our top-drawer younger male stars. You'll be hearing a lot of this young actor in the future. As usual Brennan gives a thoroughly enjoyable characterization as the camp cook, and Joanne Dru, as the girl who captures the attention of both Dunson and Garth, adds a winsome feminine touch to this great Western.

Supporting the four stars in "Red River" are such players as Harry Carey, Jr., Noah Beery, Jr., John Ireland, Paul Fix, Coleen Grey and Harry Carey, Sr.

Meet The "Seniors" of the COSDEN FAMILY

This is the eighteenth of a series of special Cosden presentations, recognizing the long and valued services of those employees who have been associated with Cosden for 15 years and longer. Cosden is proud of the scores of its workers who have contributed to its success through so many years.

SAMUEL HEFNER

Practically all of Sam Hefner's business career has been spent in a variety of jobs with Cosden, and his association with the company dates back just a little over 19 years.

Hefner is a Fort Worth native, and attended school there, graduating from Stripling High in 1929. In October of the same year, he joined Cosden at Fort Worth, as a clerk in the traffic department.

About a year later he was transferred to Big Spring and worked in the tank car and shipping department for a brief time. He returned to Fort Worth and the traffic department in December, 1930.

Then, in 1936, he moved into the accounting department and was engaged as marketing accountant until September, 1938. Then he had a swing at the sales department, working there until September, 1940, when he was moved back to Big Spring and placed in charge of the bulk sales department.

In October, 1946, he assumed duties as traveling sales representative, then on April 15, this year he was moved up to the position of manager of the tank car sales department.

Hefner was married to Miss Dorryne Gray of Fort Worth, April 28, 1934, and they have a daughter, Mary Elizabeth.

Sam is a member of the American Business club, and of the country club where he puts in much leisure time at golf. Fishing is another hobby.

Hoffman Calls Strike Last Aid Block Try

WASHINGTON, Oct. 30. (AP)—Paul G. Hoffman, economic co-operation administrator, said Friday the French coal strike is Moscow-directed and may be the Communists' "last determined effort" to block European recovery.

Just back from Europe, Hoffman explained to a news conference that he did not mean the Communists would make no hampering efforts after the strike. But he said he thought the ability of Communists to interfere with recovery would wane.

He said: "The trend is against them—it was reversed."

"There is no country in Europe where there is a free vote in which the Communists have not lost ground."

Hoffman also announced formally what officials had disclosed informally before—that he will ask President Truman shortly for permission to use up the entire \$5,085,000,000 European recovery appropriation in 12 months instead of 15.

Leaders Beaten By Bendix Fems

Nathan's Jewelers and Bendix Laundry scored sweeps in Women's Bowling league activity Thursday night while Douglass Coffee shop registered a narrow 2-1 win over Zack's of Margo.

Nathan's swamped Clark Motor company while Malone-Hogan, the league leader, was losing to Bendix, both by 3-0 counts.

Ruth O'Conner of Douglass and Winnie Wood, Bendix, divided scoring honors, the former registering high game with 194 and the Bendix player getting a 475 high aggregate.

Douglass won team scoring laurels with 840-1712.

The standings:

TEAM	W	L	Pct.

Wallace Speaks To Arts Group

NEW YORK, Oct. 29. (AP)—Henry A. Wallace says that "when the Progressive Party puts its first president into the White House" he will appoint secretaries of art and science with cabinet rank.

Wallace, after a dozen speeches in the Metropolitan area, made the declaration last night at a meeting of the National Council of Arts, Sciences and Professions.

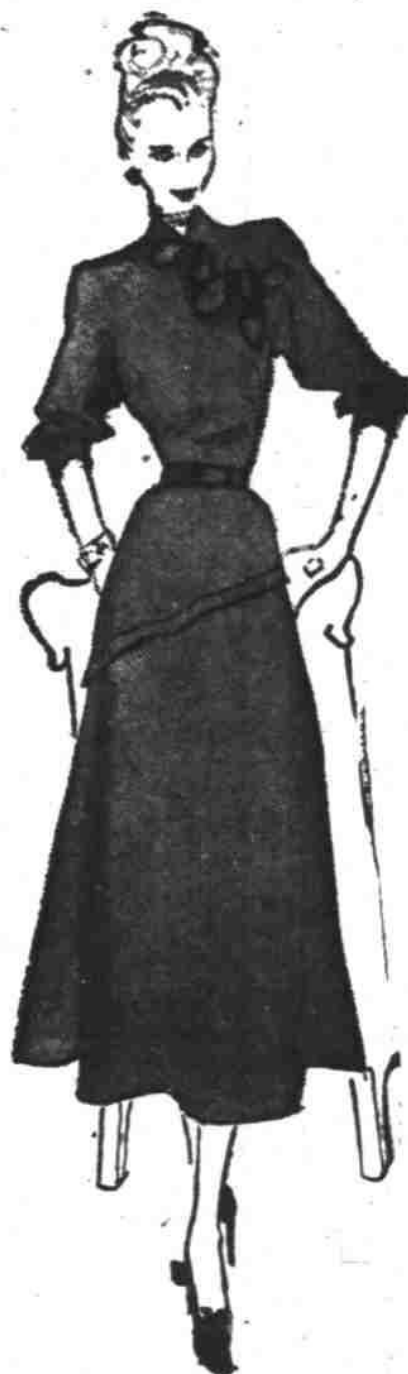

The presidential candidate told his audience that big business fears artists, scientists and intellectuals because "ours is the search for truth—theirs is the propagation of the lie."
