Tonight, Friday, the Steers At Bovina -play in Mustang Stadium at Bovina. As readers of this column know, we do not wholeheartedly approve of the Bovina bleachers provided for visitors. We do understand that the school is doing the best that they can with what they have to do with. The voters of that district have several times turned down bond issues that would have provided more adequate facilities for the fans of teams visiting Bovina.

We do not presume to tell the good citizens of that school district how to run their business, but neither do we intend to let them summarily give us seat on a narrow and cramped rail for a several hour ball game. The solution for this writer will be to take advantage of the generous offer of many of the understanding folks in Bull Town and sit on the home side of the field.

In fact we heard the rumor that some Farwell fans were leaving here about 6:30 p.m. to assure themselves of a favorable seat on the East side stands. We believe we will join them in a neighborly crosscounty gesture.

One thing we can say with conviction is, "We do not believe it is possible to get unbiased news from any of the national TV networks." This flat statement is occasioned by our viewing a program last Sunday which featured former Governor George Wallace of Alabama. This program was Country Club -composed of a panel of three men who asked questions and then a guest who attempted to answer the question from this panel. One of the persons asking questions was John Har of CBS news. This gentleman seemed to us to go out of his way by inflection, eyebrowraising and patronizing manner to put former Governor Wallace in a bad light. informed today.

Seniors in Farwell School are selling tickets this week and will continue with the sales through next week for a chili supper which will be held prior to the Sudan-Farwell football game on Nov. 10.

Serving of the meal will begin at 5 p.m. and continue until 7 p.m. Price of the tickets for the meal, which will consist of chili, beans, crackers, pie and tea or coffee, is \$1.00 for adults and children over 12 years of age, and 75¢ for children under 12 years of age.

Tickets may be bought at the door on the night of the meal; however, seniors are vying for a prize which will go to the senior selling the largest number of tickets.

The Twelve Weeks Of Christmas _

Well, it's that season of the year again - Christmas. What's that you say? This is only the first part of November and Christmas is still almost two months away? Impossible, only last week my wife observed Christmas trees, tinsel, lights, and other Christmas decorations in several major department stores. How can this be? Simple. Once again we are being besieged by that annua; onslaught of gross commercialism in which countless establishments are hoping to grab a larger share of your Christmas dollar by stretching out the Christmas season to ever increasing lengths.

It has been common practice for several years now, to begin the Christmas selling campaign along about the middle of November, making Thanksgiving sort of a forgotten holiday. This year, however, the barons of commercialism have seen fit to obliterate not only Thanksgiving, but even Halloween, in favor of one monstrously long Christmas season.

Do they do this because they are so overwhelmed by the true spirit of Christmas that they just can't wait to begin the spreading of the season's joy? Are their hearts so overjoyed at the approach of the commemoration of the birth of Christ that they feel that they must tell the world about it now? Unfortunately, no. There is one reason, and one reason only, for this Christmas madness -- your dollar! Ever since commercialism began to replace spiritualism as the true theme of Christmas, your pocketbook has been the target of a well-planned attack by the Madison Avenue bunch. The objective - to ridit of as much of its contents as possible. Obviously, the way to accomplish this is to hammer it into your heads that you must buy, buy and give, give, give if you wish to really participate in the spirit of the season. Naturally, the more hammering the better, hence the ever increasing length of Christmas.

Unless something is done, the old phase, "Christmas comes but once a year," will be replaced by a slightly modified version - "Christmas comes but once a year - thank goodness!"

Only Ten Boys Out For Basketball Squad

ed early this week that only ten Clerk. boys were out for the varsity pital, D.C. Mullins or Oran Calbasketball team in Texico school. It is still too early in the year to make predictions on what can be expected from the team, however, he did say that much work will be required to develop a winning team. By middle of the season we should have a good squad developed if we get in mental and physical shape," he said.

First test of the mettle of the Gardner Indust, Bovina squad will come early in November when they collide with the House quintet. Date of the game has not been decided.

Boys out for the squad include Roddy Pearce, Manuel Martinez, Charlie Tipton, J. B. Taylor, Bob Russell, Rickey Stanley, Lynn Hughes, Junior Ortiz, Rex Richardson and Dan- L. Coffey, Lots 11 & 12, Blk. ny Williamson.

Experience At The FFA Convention

by Richard Breitenbach

On Monday, Oct. 9, we boarded the train that would take us to the National FFA Convention in Kansas City. During the trip we got most of the information needed for our stay in Kansas

We arrived in Kansas City about 9 a.m. on the morning of Oct. 10 and proceeded to Pickwick Motor Inn where we registered and were assigned rooms. Most of the afternoon was spent in resting up from the trip. In the evening, National FFA officers presented a Vespers program.

At the first session on Wednesday, we were extended a welcome to Kansas City by Mayor Ilus W. Davis. Later that morning we heard an address by Vice-President Hubert Humphrey. During his address I was able to get close enough to take some close-ups of him as he was leaving. In fact, I was also privileged to shake his hand,

Wednesday afternoon, Gen. Wayne Morse gave an address on the problems of our Nation. During the evening program, the National FFA Band presented a concert. They are quite proficient in the use of their instruments and I understand they have had several years training. The band is composed of FFA members from 49 states and Puerto Rico.

On Thursday morning we saw a pageant "Fifty Golden Years" which was symbolic of this being the 50th year of vocational agriculture in the schools. I missed the educational tour to the Agriculture Hall of Fame and National Center. Thursday evening, the National FFA Choir provided entertainment.

On Friday morning there was a leadership training demonstration and then we saluted our many foreign guests, including persons from Vietnam, England, Scotland, and Wales. Appearing on the Friday morning program was Ken Curtis, better known as Festus Haggin of the "Gunsmoke" TV series. After Festus sang and danced for us, I got to shake his hand.

Under irrigation at Bushland, average yields for a three-year period were 115.1 bushels per acre compared to 198,3 bushels for Cimarron and 98.4 for Bronco. Norwin was also the highest yielding variety over a four-year period in dryland trials at Chillicothe, averaging 26.4 bushels compared to Cimarron with 24,4 bushels and

Wintok with 21.2 bushels. Norwin produces forage for winter pasture rather quickly after seeding due to its erect growing seedlings. The new variety topped all others in forage production at Bushland and Chillicothe locations. Its test weight is equal to the present commercial varieties of oats

QUALITY COTTON

On a farm operated by Mr. Bill Boggs, who farms 6 miles north of Plainview and one mile off FM 400 on the Providence pavement to the east, you will see a field of fine cotton, which not only gives promise of considerable quality but also of high production. This is a field' of Gregg 25V one of the newer cottons for the Plains. The seed of this cotton is glandless, free of gossypol making it possible to use the meal in the feeding of poultry and swine, and also can be used as a high protein diet in human nutrition. Gregg 25V was specifically bred to resist verticillium wilt, however, a majority of those who have planted it this season have done so, not because they have a wilt problem, but because of the other good qualities which it possesses, such as better micronaire, better grades (being a smooth leaf it cleans well), a little longer staple, and a better grade of seed. (Yes, Mr. Boggs, managed this cotton according to special instructions.)

You are invited to drive out and see this field of cotton, or if you prefer just come to our place two and one-half miles east of the courthouse on the Lockney Highway, and we will not only show you Mr. Boggs' cotton, but also several other good fields of 25V. YOUNGEST SPOOK -- This young trick or treater, four-monthold Wendy Rene' Watts, was royally welcomed when she arrived at the home of Mr. and Mrs. Ted Ruckman on Tuesday night, as were all of the other neighborhood children who called for tricks or treats. Ted, who is retired, spends many happy hours each week in local business houses passing out treats to area children who drop in to the various stores with their parents. Wendy is the daughter of Seaman and Mrs. Wayne Watts and grandchild of Mrs. Allie Burris and Mr. and Mrs. Jack Watts, all of Texico.
