FIFTY-SIXTH YEAR

10 CENTS

PERSONAL

By John

'Tis the season to be jolly, and the Twin Cities are right in step with the season with their garlands of Merry Christmas lights stretching from one end of the two towns to the other. We are always glad to see these additions to the festive season and feel grateful to the Farwell Chamber of Commerce, Texico Fire Department, and individuals who donated money, for seeing that the lights are erected each year.

We are also glad to see all the snow back in the east. Maybe this will cool some of the political hot heads from that section of the country. We, as most folks hereabouts, always appreciate moisture but can truthfully say we appreciate it more as rain than snow. We are quite content to do without the "White Christmas" and settle for one of our famous "Golden Spread" warm and sunny days. We hope it will be tough sledding Christmas, no snow, that is.

A particular loathsome TV commercial says in part, "not all canned shortenings are all vegetable oil." Well, we also found out that not all vegetable oil shortenings are made in America. A recent issue of the Farm Bureau "Facts for You" contained the information that one of the major vegetable oil companies, Wesson, was importing several shiploads of Russian vegetable oil.

Now I for one am not too choosy about animal fat in my shortening, but I am downright narrowminded when it comes to Russian vegetable oil. Therefore, we are going to go to some length to see that this particular company's products do not find their way into our pantry. I am not interested in building bridges, social or economic, to a country that is directly involved in killing United States soldiers. We see that in addition to the Russian involvement in North Vietnam, the North Koreans are becoming more and more belligerent. Again, the North Koreans can get their arms and supplies only from the Soviet Union. I am not interested in financing a country that only recently announced that they were capable of orbiting a multimegaton, multiwarhead satellite.

In January of this year, the Administration announced with great fanfare that we had signed a treaty with the USSR prohibiting the orbiting of such devices. Now, the father of the Edsel announces that the treaty has not been broken, because the Russian device will only be a fractional orbiting system. That is, it will go partly around the earth before descending to blow a city to smithereens. Well this is a fine distinction that we hope future historians will take into account -- if there is a future that can be recorded without Russian censorship.

We can only assume that the jolly green giant has changed his tune. A big headline in a recent issue of the Amarillo Daily News proclaimed, "Giant Quack Shakes Yugoslavia." Our friendly giant must be going "quack, quack, quack" instead of "ho, ho, ho." This is to point out that others besides your local weekly are human, and that to err is human.

Sister Of Local Man Dies

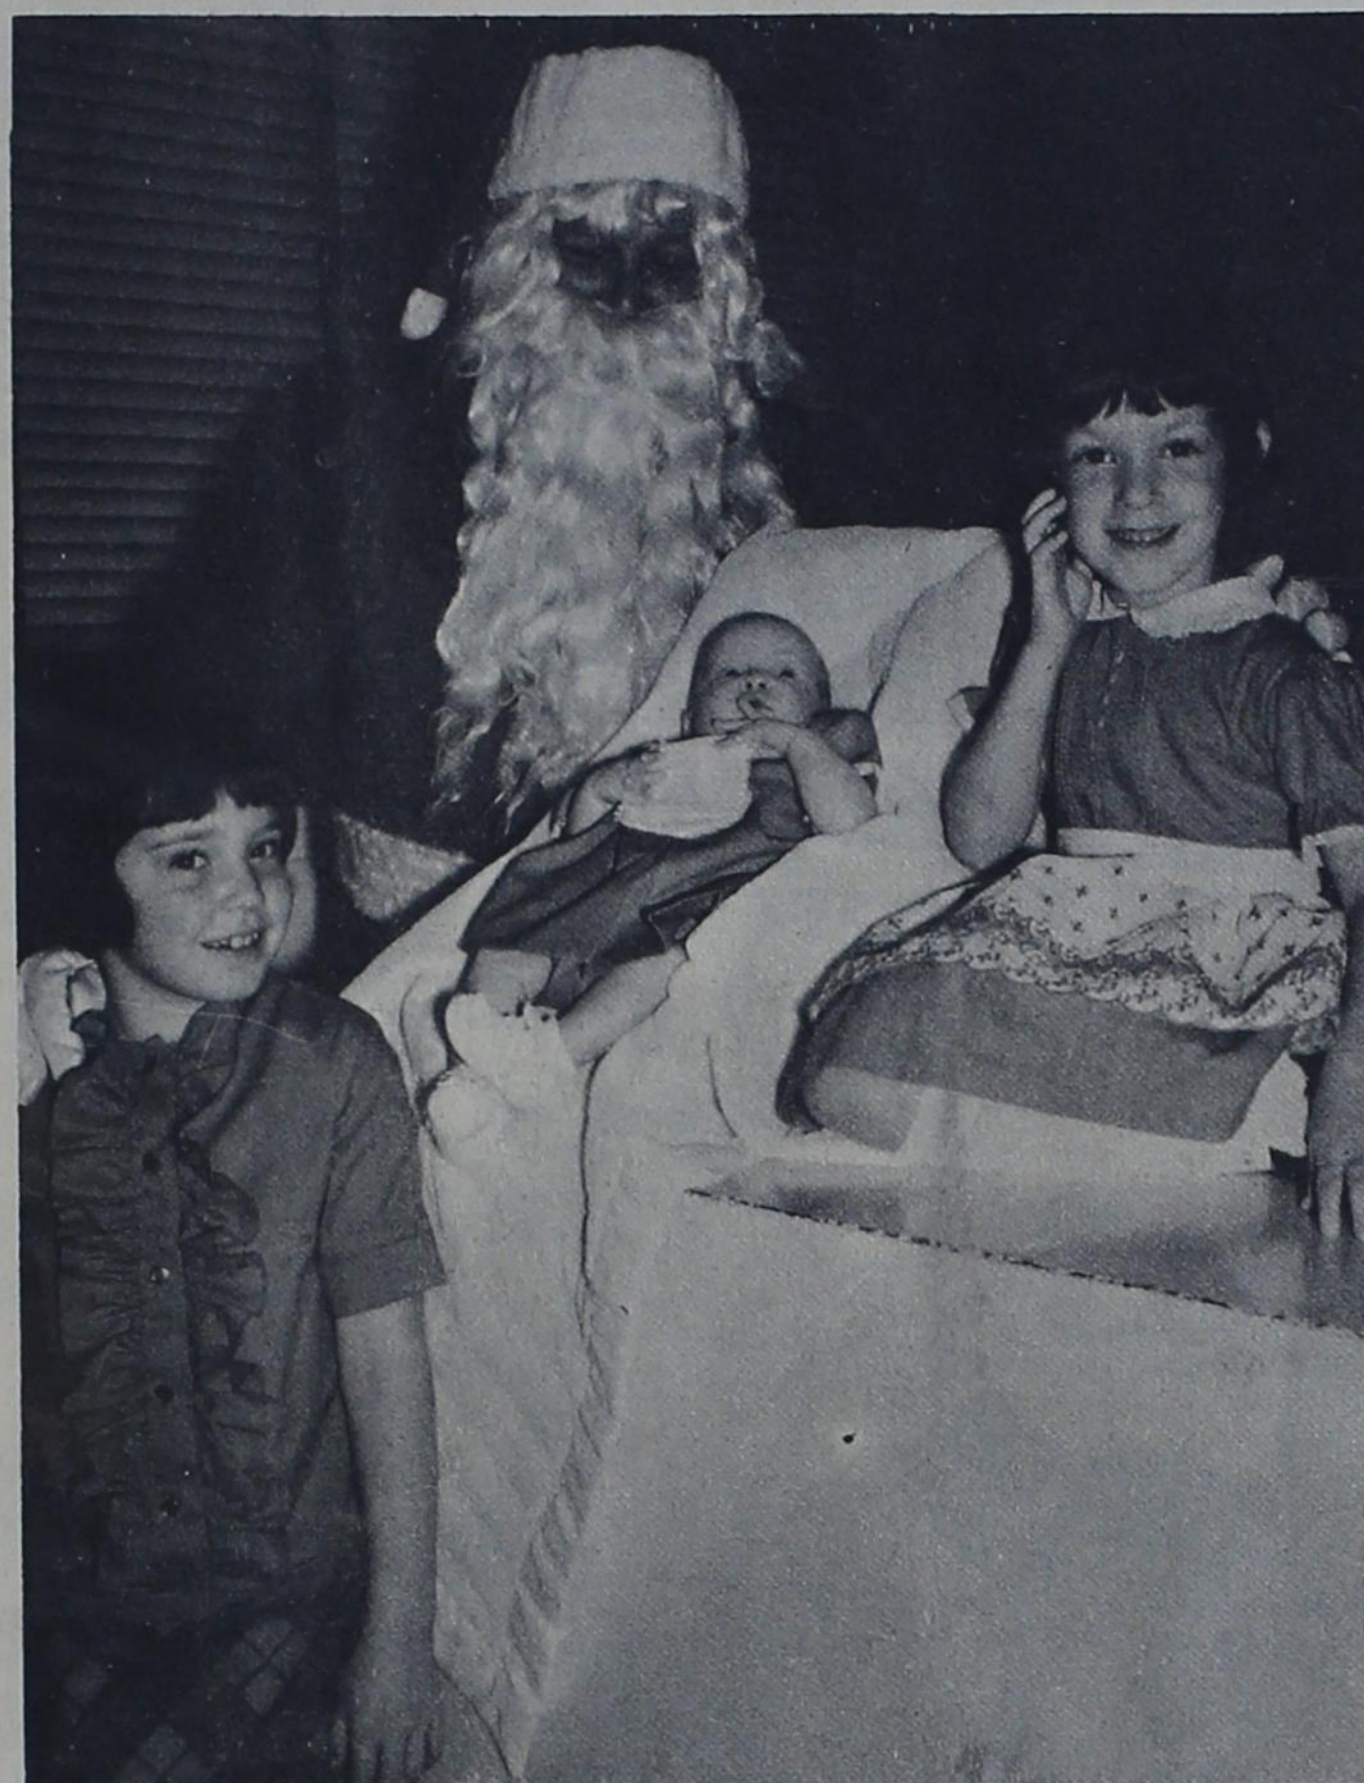

Funeral services were held Saturday in Mayhill, N.M., for Mrs. Judy Beach, sister of T.J. Tipton of Texico. Mrs. Beach passed away in Phoenix, Ariz., on Thursday.

In addition to the local brother, other survivors are her husband, Denzil, of Phoenix; and a daughter, and two sisters, as well as two grandchildren and a number of nieces and nephews.

Tickets On Sale

Tickets for a freezer are still on sale by the "T" Club (athletic club) of Texico High School. Funds raised from sale of the tickets will be used to purchase jackets for the Varsity basketball players.

The freezer, on display at Rip's Western Wear, will be given away on Friday, Dec. 15, at Rip's.

EARLY VISIT -- Kathy, eight, Karen, five, and Staci, two and one-half months, daughters of Mr. and Mrs. Bobby J. Crume, got in an early visit with Santa Claus this week when he stopped by the Tribune office for a brief visit. He will be in town again on Dec. 16, 2:30-4 p.m. to visit with all area children. Santa invites all to visit with him then and also to send their letters to the Tribune office so that they can be mailed to him at the North Pole in time for Christmas delivery.

Santa To Visit Twin Cities Dec. 16

Santa Claus will make his first appearance of the current Yuletide season in the Twin Cities on Saturday, Dec. 16, when he arrives in Texico-Farwell riding on the Farwell fire truck.

The kindly gentleman will arrive in the Twin Cities sometime prior to 2:30 when he will make his initial appearance parading down Main Street on the fire truck along with members of Theta Rho chapter of ESA sorority, who sponsor this yearly visit each year.

From 2:30-4 p.m. he will make his headquarters at Holiday Store parking lot and talk with area small fry to learn of their Christmas wishes. Candy will also be distributed to the children by Santa and his assistants.

CHAP. JERRY M. POTEET

Serves In Vietnam

Chaplain Jerry M. Poteet, a 1955 graduate of Farwell High School and son of Mr. and Mrs. M.H. Poteet of Sudan, Star Rte., is presently serving in Vietnam, as Chaplain of the 86th Engineer Battalion (Combat) Unit.

In this capacity, Chaplain Poteet travels 60 miles one way by jeep from Bear Cat, once each week, to Cau Muong Chot to hold Protestant worship services.

The 2nd Platoon, Company D, is located at the village of Cau Muong Chot, where they are replacing a bridge destroyed by the Viet Cong earlier this year.

The hood of the chaplain's jeep does double duty as an altar for chapel services, while bridge pilings turn into church pews. The service even has hymn music provided by a portable tape recorder, which Chaplain Poteet carries with him.

According to Chaplain Poteet, a small group of Vietnamese children may be found at each service as they listen intently to the hymns played during the service.

In a recent letter to his parents, Chaplain Poteet said, "We are getting ready for another large mission which will last four months. I hope and pray we will not lose any men on this one. I have added another service to my weekly schedule. The service is held down on the sea coast at a place called Long Hai. I fly chopper to Vung Tau and travel by jeep to Long Hai where one of our platoons is building an airstrip. It's a very interesting place. Also, I have a Bible study each Wednesday night. I am also teaching reading, writing and

(Continued on Page 5)

E.U. BILLINGSLEY

E.U. Billingsley Services Pending

Funeral services are pending at Steed-Todd Funeral Home for E.U. Billingsley, 78, who passed away in Clovis Memorial Hospital at 9:05 p.m. Tuesday evening. Mr. Billingsley had been ill for sometime but had not been hospitalized until two weeks before his death when he became seriously ill. Burial will be at Sunset Terrace Memorial Cemetery.

Mr. Billingsley was born in Alabama Sept. 22, 1889, and moved to Texas with his parents at the age of 14 years. He was married to Minnie DuVal on Aug. 15, 1909, and continued to make his home near Pecan Gap, Tex., until 1925 when he moved with his young family to Memphis, Hall County, Tex. The family came to Farmer County and settled near Lariat in 1930. Since the death of his wife two years ago, he had made his home in Farwell with a son, Clark.

Survivors include two sons, Rayburn, Big Spring and Clark, Farwell; two daughters, Mrs. Johnnie Mae Vaughn, Yuma, Ariz., and Mrs. Llewellyn Ogletree, Monterey, Calif., 14 grandchildren including H.R. Billingsley, Salinas, Calif., whom Mr. and Mrs. Billingsley reared; 28 great-grandchildren; two brothers and five sisters, including Mrs. Charlie Quisenberry, who made her home near Lariat for many years. One son, Scott, preceded his father in death.

Last Rites Held For Mrs. Minter

Funeral services were held from the Baptist Church in Bovina Saturday afternoon for Mrs. Henry (Margaret) Minter, 45, who passed away at Clovis Memorial Hospital Wednesday following an extended illness. Officiating at the last rites were Rev. John Ferguson and Rev. Ken Moore. Burial was in Bovina Cemetery.

Mrs. Minter, the former Margaret Hamby, was born in Missouri and moved to Clovis at an early age where she made her home until her marriage to Henry Minter. She lived in Farwell for a number of years, but had moved to Bovina some 21 years ago and had made her home there since that time. She was a member of the Bovina Baptist Church.

Survivors are her husband, Henry; a son, Billy, a student at Texas Tech; a daughter, Margaret Ann, of the home; her mother, Mrs. O.L. Hamby, Clovis, two brothers, and four sisters.

Pallbearers and honorary pallbearers were Leslie McCain, Jim Russell, Travis Dyer, Jack Kessler, T.C. Wiseman, Edd Hutto, O.W. Rhinehart, J.D. Kirkpatrick, Ed Reeves, Bill Horton and Alfred Moody.

Services and burial were under direction of Claborn Funeral Home of Friona.

Grand Jury Returns 26 True Bills

Meeting on Monday and Tuesday, the grand jury returned a total of 26 true bills. Arraignment on the indictments will be made at 10 a.m. on Dec. 19.

Only two of the subjects on whom true bills were returned have not been arrested. Most of the others are Incusduty. Bond has been set for all of the persons.

True bills returned are against: G.E. Eakins, worthless checks, two counts; Everado Acre, intent to murder; Jesse Carlos Blanco, burglary; Roy Hyde Bradshaw, forgery and passing, three counts; Alger Willie Baxter, D.W.I. (subse-

quent offense); Gary Fickel and Jerry Rogers, burglary; Roberto Garcia, exposing to minor and rape, incest on wife's daughter; Louise Murzone, intent to murder; Erineo Rosaval Penroza, DWI (subsequent offense); Cecil Pemberton, worthless check, two counts; Richard Duain Rush, DWI (subsequent offense); Tommie Joe Seagraves, Emmett Green and Lloyd Leon Scott, swindling; Robert Taylor, burglary; Truman Sims, burglary, two counts; James Henry Tipton, DWI (subsequent offense); Larry Riley and Jerry Morris, burglary of motor vehicle.

THIRD PLACE TROPHY -- Farwell Steerettes were recipients of the third place (consolation) trophy at Friona Invitational Tournament played last weekend. Team members, L to R, with their coach, Gano Wilson, are: Roberta Chismar, Kandy Meeks, Nelda Winegeart, Patsy Wilhite, Debra Chandler, Linda Meeks, Deb Hargrove and Ellen Herington; kneeling, Sharron Ensor and Sue Lawson.

Steerettes Take Consolation Trophy

Farwell Steerettes coached by Gano Wilson came home from the Friona tournament with a third place (consolation) trophy. In winning the trophy they took wins from Muleshoe and Canyon and lost a game to Dimmitt.

First test for the girls came on Thursday when they met

Dimmitt and were defeated 58-44. Nelda Winegeart was high point girl for the local with 24 points. High for the game was Debra Summer of Dimmitt with 26 points.

Farwell sneaked by Muleshoe 47-46 in a hard fought game. Ellen Herington was top scor-

er for the local lasses with 17 points and Carolyn Embry had 20 for the Muleshoe girls.

In the final game Farwell loped by Canyon 49-33 behind the shooting of Nelda Winegeart who had 19 and Deb Chandler who had 15 points. Pam Richardarn had 15 points for the losers.

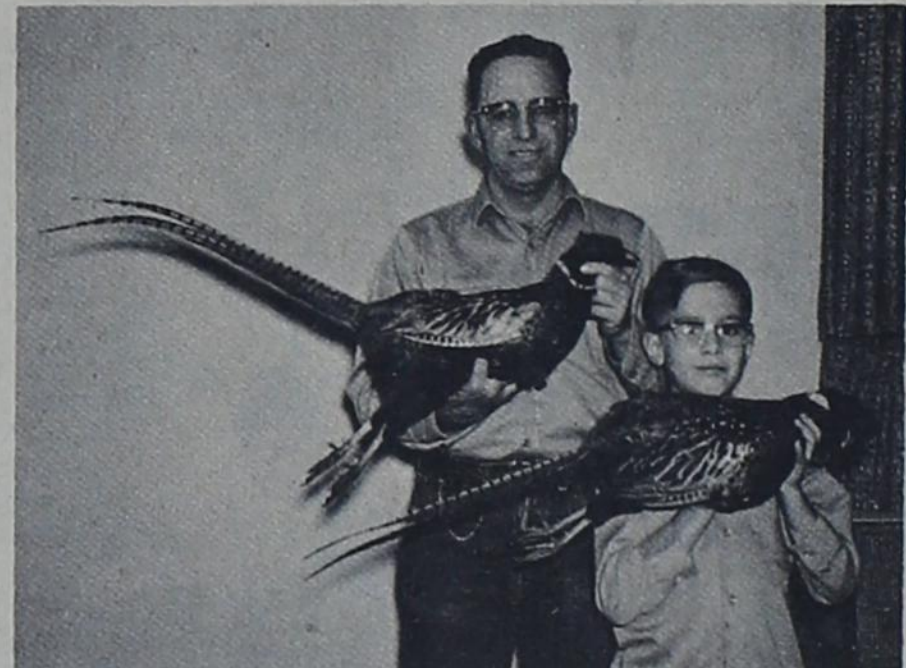

The Steerettes meet Nazareth in a game on the local court tonight (Friday). Game time is 7 p.m.

Pheasant Tail --

Feather Contest Ends Today

Final day in the longest pheasant tail contest is today (Thursday). For the past week, residents of this area as well as in Bovina and Friona have been taking the tail feathers from pheasants killed during the season to local business houses, which have acted as receiving stations, to enter them in local contests and in the overall county contest. Receiving station in Farwell is Farwell Hardware.

In each locale, the person bringing in the longest pheasant tail feather will receive a cash award as will the second and three place winners. Upon completion of the contest today the three longest feathers in the county will be measured for the overall prize. A plaque will be given to the person in the county who has brought in the longest feather. Last year's winner in the overall contest and also locally was Herbert Garth.

SUCCESSFUL HUNT -- Bill Whitesides and his son, Guy, show off the two pheasants bagged by Whitesides in a hunt on Friday afternoon. The tail feathers will be entered in the "longest tail feather contest," which is in progress throughout this week.

Annual Band Concert Set

The annual pre-Christmas band concert at Farwell school has been set for Monday, Dec. 18, 7:30 p.m. The event will be held in the high school auditorium.

A variety of musical selections will be presented by the high school band, junior high school band, eighth grade chor-

us and fifth grade band. Included on the program will be Christmas selections, contest numbers, and also a variety of other musical selections, states William L. Burton, band and music director.

There will be no admission and the public is invited to attend.

Shake-Up Due In Lineup

Farwell Steers lost their third game in a row when they lost to Dimmitt on Tuesday night, 74-55. In two other games this season, the Steers had defeated Dimmitt. Al Phillips was high point man for the Steers with 12 points followed by Kyle Sheets with 11.

Coach Vernon Scott stated that the Steers seem to be in a pre-holiday slump with the offense performing badly and the defense only fair. He states that a shakeup is due in the lineup and promises fans a surprise if they attend the game on Friday night (tonight), with Nazareth here. "We will have a 10-second offense in operation tonight," he said.

Coach Scott lauded Robin Mahoney who has been performing well in the past few games.

Steerettes Lose To Dimmitt

Farwell Steerettes lost a game to Dimmitt Tuesday night 60-44; however, Coach Gano Wilson commented that the girls played good ball and their scoring from the court was good, but they were lacking in baskets from the free throw line.

Debbie Chandler was high scorer for Farwell with 16 points followed by Nelda Winegeart with 15. Nelda also had five rebounds for the game. Al Ian Webb with 33 points led Dimmitt scoring followed by Debra Summers who had 23 points.

SCOUTS STAR WITH CANNON COMMANDER -- Four boys of Texico-Farwell Boy Scout Troop 179 shared the spotlight with Colonel Homer K. Hansen at Monday night's El Llano Grande District Annual Appreciation Banquet in Portales. Colonel Hansen, Commander of Cannon's 27th Tactical Fighter Wing, was guest speaker at the affair, attended by about 100 area scouts. Loren Gibbs, Mitchell Turnbough, Ted Glenn, and Ronnie Winegeart presented the closing ceremony on stage. The closing included a reading of "The Square" by Charles H. Brower. The four Texico-Farwell scouts were the only boys honored at the banquet.

Editorial

By Mike Getz

The Battered Nose

Although the problems of pollution are not as acute in our area of the country as they are in some places, the fact remains that even the wild, wild west is not totally free of various types of pollution. Air pollution has not reached the devastating proportions that it has in many of our metropolitan areas, but I suggest that a new type of pollution is rapidly coming to characterize "the lone prairie". Tourists driving down the stretch of U. S. 60 from Farwell to Canyon must surely be convinced that an appropriate name for this lovely little stretch of road would be "stench alley".

Almost from the time one leaves Canyon until one arrives in Farwell, his olfactory organs are subjected to constant torture. At the present time, the worst offender along the tulip trail is Hereford. I suggest that a fitting slogan for this little flower garden of the plains would be, "If you can't smell it, Hereford doesn't possess it." From one city limit to the other, there can be no doubt that you are indeed in Hereford. It makes no difference from which way you approach - there is no escape. A visitor approaching from the east is soon greeted by what some people quaintly refer to as "the smell of money"; however to someone not used to it, I'm sure it smells like something else. It is no faint little odor gently lingering in the air either, it is a full fledged olfactory disaster. If one is so naive as to think his troubles are over as he reaches the west city limits, he soon finds out that he is dead wrong. Where cattle are the primary villains in the east, humans now become the dirty birds. If the sewage doesn't get you, the onions, or that tingling little smell arising from the Holly sugar plant will.

While Hereford is perhaps the worst offender, it is by no means the only one. "Bull Town" certainly speaks for itself, (in a most forceful manner) and we all know that our own little community comes under the gun when the wind is from the south. Further compoundings of the problem are being constructed in at least two new locations in the county.

While we may joke about the nasal pollution, the water pollution arising from feed yards is certainly no laughing matter. Buffalo Lake is a perfect example of what can happen to a lake when runoff from a feed yard hits it. Although Hereford city officials and feed yard owners vigorously deny it, there is little other source for bacteria pollution on such a massive scale. In all probability, the feed yards around Hereford are at least partially responsible for the pollution of what used to be (back in the dark ages) a beautiful lake.

I fully realize that an attack upon the sacred feed yards may be considered by some to be an attack upon the economic foundations of this part of the country (although cattle have long been replaced by agriculture in this respect); however the problem is here and no amount of rationalizing will make it go away. Surely our great technology can produce some way of coping with the problem, not only with the runoff, but also with the displeasure to the senses. If the latter cannot be achieved, an attempt should at least be made to solve the first.

One thing can be said with certainty - it was never this bad when the buffalo roamed.

CONTACT!

Kids do say the craziest things sometime... at a recent Ice Hockey game, my little boy said "Boy, how'd you like to be that puck?" Having just seen two big sticks slashing at it, I told him that I wouldn't care to change places at all. Now this may seem peculiar, but this set me to thinking just how much better off I am than that little old puck. In the first place I can move about at my own free will, and I have a mind to think with, and a soul... yes, it's a real worship God... now I love this and feel that it is a wonderful privilege. How about you... won't you be my guest at church this Sunday?

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

On The Farm In Parmer County

By RONNY McNUTT
County Agent

GREENBUGS

Several farmers in the county have indicated that they are getting some damaging infestations of greenbugs. Some farmers have taken control measures.

These plant lice suck sap from the small grain plants. Infested fields may have small deadened areas at first that continue to increase and soon spread throughout the field. Greenbugs cause more damage when small grain crops are suffering from deficient moisture.

The greenbug reproduces rapidly at temperatures between 55 and 75 degrees. Its natural enemies however, reproduce very slowly when the temperatures are below 65 degrees. Thus, in cool weather the greenbug may increase to enormous numbers while its natural enemies multiply slowly.

According to Norris Daniels, Entomologist at the Bushland Station, build-up will continue when the days are warm (55-75 degrees) and even though nights are cold, Daniels indicates that it will take 20 degrees or below weather for several days to actually stop reproduction.

In the southern states this in-

sect passes the winter in the active nymphal and adult stage feeding on the stems of plants and giving birth to living young during the warmer periods of weather. In about two weeks after hatching females begin giving birth to living young. They continue reproducing for about 20 to 30 days.

With very young small grain plants, occasionally populations of 25 to 50 greenbugs per foot may warrant treatment. Normally in the winter months 100-300 will probably warrant control. It is important to make counts and keep a close check on fields at this time of the year.

If methyl parathion or parathion are used it is recommended to use at least one-half pound per acre.

It is recommended to leave cattle off pasture for at least 14 days following application of the two above materials.

The need for applying insecticides depends on the number of greenbugs present, size and vigor of plants, temperatures, time of year, moisture conditions, state of growth and presence or absence of parasites and predators.

Steers Lose Two Games In Friona Tourney

Farwell Steers lost two and won one game in the Friona tournament last weekend. The losses came at the hands of Muleshoe and Friona and their only win was against Dimmitt. In commenting on the games, Coach Vernon Scott said "Our losses were due in part to the fact that we were unable to move with the ball, we are a small team and unless we can rebound and run with the ball, our chances of winning are slim." The Steers will meet Nazareth on the local court tonight (Friday) at 7 p.m.

In the first game of the tournament, the Steers were victorious over Dimmitt 78-63. Lewey Bradshaw had 19 points to lead Steer scoring. Lawrence Bryant had 16 points and 11 rebounds, followed by Al

Phillips who had 14 points and 11 rebounds. Kyle Sheets had 13 points.

Final score in the Muleshoe-Farwell game was 49-47. Kyle Sheets led scoring with 16 points. Al Phillips had 13 points and 10 rebounds and Lewey Bradshaw had 12 points.

Friona defeated Farwell 48-46 in the final game for the Steers. Kyle Sheets led Steer scoring with 20 points. Lawrence Bryant had 10 rebounds for the game.

In giving rebound statistics for the three games, Coach Scott said, "In the Dimmitt game the Steers had 48 rebounds as opposed to 28 rebounds in the Muleshoe game and 25 in the Friona game, this made the difference in the final outcome."

Retired Lt. Col. Assumes Office Management

The Philadelphia office of Snelling and Snelling, a national personnel consulting firm, has announced that on Jan. 2, 1968, Carthon Phillips, will assume management of their new office in Austin.

Prior to that time (in December) Phillips will attend a management training course at the home office in Philadelphia. Phillips was retired from the Air Force as a Lieutenant Col-

onel in June of this year. He has been making his home in Austin since that time and has been taking courses at the University of Texas. He is a son of Mrs. Kate Phillips of Farwell.

The Colonel and his wife and sons spent the Thanksgiving holiday visiting in the home of his mother and with other local relatives. He also attended the ex-student reunion at Farwell school over the weekend.

HIGH PROTEIN OATS MAY RESULT -- A wild oat species introduced into this country from major increase in protein reports the U.S. Department of Agriculture. Scientists found

that collections of the wild species contain high protein, high kernel weight and disease resistance. They are now working to breed these good traits into commercial oat varieties.

By 1985, more than one third of all miles driven in Texas will be on the 3,029 miles of Interstate highways in the State. In its 50th Anniversary year, 1967, the Texas Highway Department has completed more than 1,850 miles of this system.

More than 1,000 miles of new highway are under construction in Texas at all times reports the Texas Highway Department in its 50th Anniversary year.

Whats Cooking At Farwell School

MONDAY: meat loaf with catsup, English peas, mustard greens, lettuce salad, hot rolls, butter, honey, milk.

TUESDAY: pinto beans, hot tamales, buttered corn, onions, pickles, chocolate cake iced, cornbread, butter, milk.

WEDNESDAY: steamed wieners, mustard, macaroni and cheese, blackeyed peas, celery, peaches, orange juice, bread, milk.

THURSDAY: burritos, lettuce salad, cheese, spinach, apple cobbler, bread, milk.

FRIDAY: hot beef and gravy, creamed potatoes, green beans, orange jello, hot rolls, butter, milk.

MONDAY: hot dogs with chili, baked beans, onions, pickles, fruit jello, chocolate drop cookies, milk.

TUESDAY: salmon loaf, creamed potatoes and peas, waldorf salad, cornbread, butter, peanut butter haystacks, milk.

WEDNESDAY: potato soup, toasted cheese sandwiches, carrot sticks, purple plum cobbler, ice cream, chocolate milk.

THURSDAY: Salisbury steak, buttered rice, green beans, celery sticks, hot rolls, butter, banana pudding, milk.

FRIDAY: fried chicken, creamed gravy, whipped potatoes, tossed salad, hot rolls, butter, peanut butter and honey, milk.

SCHOOL NURSE Katherine Lockhart is assisted by Sue Windham and Carolyn McGuire in administering TB tests to personnel and students of the Lazbuddie school system.

In The Lazbuddie Breadbox

MONDAY: Meat patties, red beans, apricot preserves, tossed salad, cornbread, butter, milk, orange juice.

TUESDAY: turkey and dressing, English peas, celery sticks, cranberry sauce, cabbage slaw, enriched bread, raisin cobbler, milk, orange juice.

WEDNESDAY: chicken fried steak, gravy, creamed potatoes, green beans, fruit cup, enriched bread, milk, orange juice.

THURSDAY: skillet noodle dinner, buttered corn, applesauce, mixed green salad, rolls, butter, jelly, milk, orange juice.

FRIDAY: hamburger on buns, sliced cheese, potato chips, lettuce, and tomatoes, pickles and relish, orange half, milk, peanut butter, orange juice.

Main Street Lazbuddie

By Jill Mims

Lazbuddie Longhorns suffered two losses for both boys and girls' teams. The group traveled to Anton Tuesday Nov. 28, and was defeated by Sudan Dec. 1 on its home court. Are YOU supporting the Longhorns? ?

HINKSON NAMED TO ALL-DISTRICT TEAM

Among those named to the District 1-B All-District football team was linebacker Frank Hinkson of the Lazbuddie Longhorns.

Hinkson is a junior at Lazbuddie High and has done an ex-

cellent job in representing his school through athletics, as well as his many other activities.

Eleven of Frank's teammates received honorable mention. They are Mike Casey, offensive end; tackles Larry Hodges and Terry Scott; Monte Barnes, guard on offense; Bobby Redwine, center; Troy Steinbock, quarterback; Darrell Matthews, and Steve Foster, halfbacks.

On defensive play, guards George Wilson and Larry Davis were listed; also Larry Hodges, Bobby Redwine, Steve Foster, and Troy Steinbock. Congratulations, Horns!

At Home In Parmer County

By CRICKET B. TAYLOR
County HD Agent

DECEMBER - Over-spending over-emotionally and over-eating month.

The spirit of Christmas - brings out, not only the desire to share and make loved ones happy, (which is good) but it can cause us to lose touch with reality.

"Christmas comes but once a year" - is an often spoken phrase. As long as one can afford it money-wise or weight-wise, why not? This is good and well.

What about the ones who can't afford the over-indulgence, either money-wise or weight wise? Generally we end up paying for our foolishness for months. That's when one awakens to the difference between "reality" and "fantasy" - sometimes too late.

A spending plan (for those not blessed with ready cash) may be the answer. Make it flexible but stick to it and you won't end up with those after Christmas blues.

If you are a gravy lover and wonder where juice for stock will come from - try chicken bullion cubes and stocks from boiled giblets and necks. Also canned chicken soup and mushroom soup are fine addition to gravy. Roasting properly will keep juices in meat-steaming (covered that is) will draw juices from meat. It will depend on what you like most. Flavor of moist roasted meat or flavor in a lot of gravy.

Don't forget the new publication in your Extension office entitled "Cooking The Turkey" - includes not only preparation, roasting and time table, but cooking on Rotisserie too. It is free upon request, by calling 481-3619 or come by the office in Courthouse.

School Lunch Schedule

AT TEXICO

MONDAY: hot dogs with chili, baked beans, onions, pickles, fruit jello, chocolate drop cookies, milk.

TUESDAY: salmon loaf, creamed potatoes and peas, waldorf salad, cornbread, butter, peanut butter haystacks, milk.

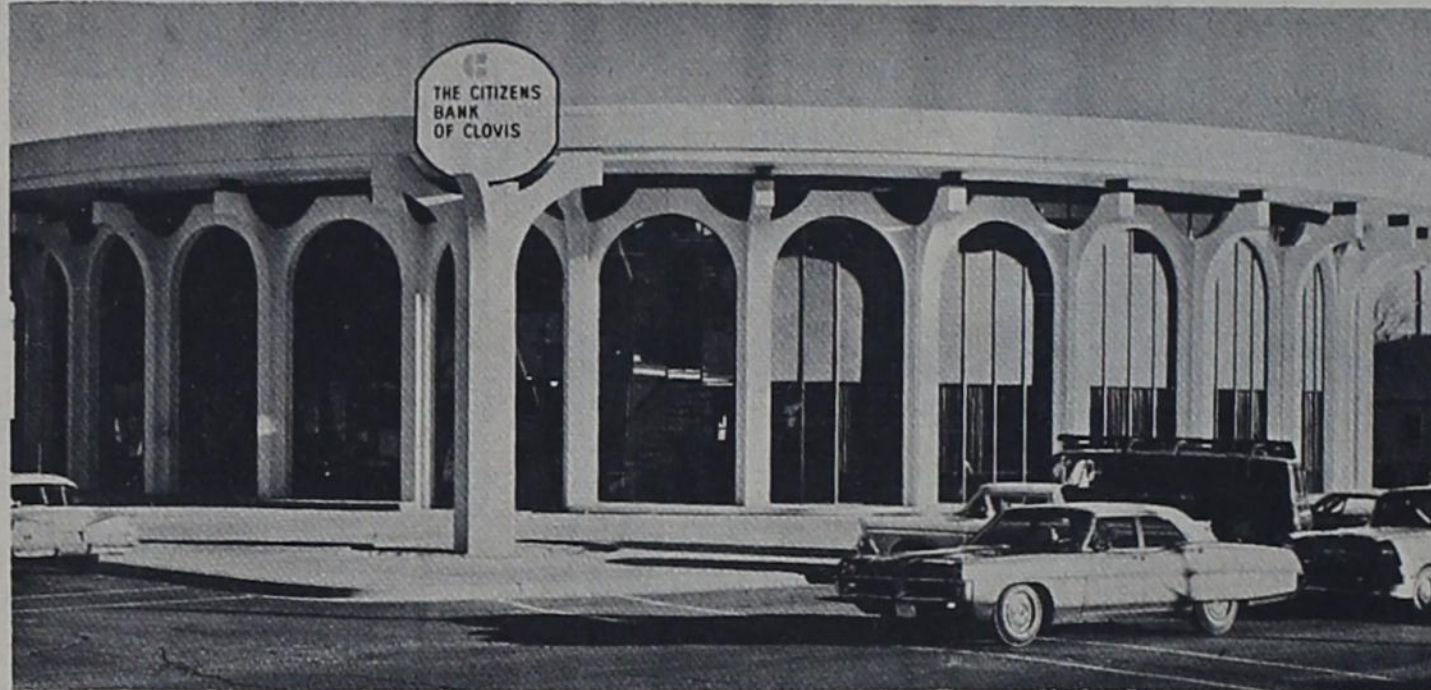

WEDNESDAY: potato soup, toasted cheese sandwiches, carrot sticks, purple plum cobbler, ice cream, chocolate milk.

THURSDAY: Salisbury steak, buttered rice, green beans, celery sticks, hot rolls, butter, banana pudding, milk.

FRIDAY: fried chicken, creamed gravy, whipped potatoes, tossed salad, hot rolls, butter, peanut butter and honey, milk.

Wilbert Kalbas Invents Tomato Harvester

Several months of planning and a little work (three weeks) in spare time has provided Wilbert Kalbas with a machine which makes tomato harvest much easier and also protects the vines from injury by persons engaged in harvesting by hand, thus allowing the vines to continue production longer.

Kalbas stated that he had been thinking about the feasibility of such a machine for a number of years but had never found time to work out details of the machine until this year. Tomato harvest on the Kalbas farm began around the first of September, was in full swing by Sept. 15, and was completed

at time of the first freeze. The harvesting machine is made from a model #27 combine stripped down to the running gear. After stripping the machine, Kalbas installed a platform upon which pads (old mattresses) were laid. Pickers work from the pads, laying face down and extending their arms over the edge of the machine. Tomatoes are picked and dropped upon a belt in a trough which carried them upward through a chute where they are dumped into waiting boxes on the higher platform. One person working alone on this platform keeps the filled boxes moved out of the way and stacks them until the platform can hold no more. The ripe tomatoes are then loaded onto waiting trucks for transportation to their destination. Many go to Hereford, pink ripe tomatoes are taken to a small cooler at the Kalbas home where they are sorted, worked and transferred to stores.

Kalbas indicates that the machine has one "bug" which he plans to iron out before another harvest season. The "bug" is

that the machine moves too fast, one-half mile per hour, to allow pickers to get all of the ripe tomatoes as the machine moves along the rows. The speed is fine for harvesting pinks. Pickers can harvest six rows at a time; six to nine persons work from the machine. He also plans to install a guide in order that driver of the machine can stack boxes on platform thus eliminating one person.

The Kalbas family, who lives southeast of Farwell, has been raising tomatoes for commercial purposes for the past nine years. The past season they sold some 20 tons from a 35-acre patch. In addition to the tomatoes, other vegetables raised by the family are squash, black-eyed peas and a few sweet potatoes. "I am experimenting with vegetables," said Kalbas, who found that the tomato crop this year was quite an asset, since the cotton crop was lost due to a hail.

Not only does Kalbas raise vegetables, but also has in cultivation for feed crops some 1100 acres.

YES, I'LL TAKE ONE -- Mrs. Chester Collingsworth opened her door on Monday to be greeted by this group of MYF'ers from Hamlin Memorial Methodist Church who are selling stainless steel knives. The knives, including carvers, paring knives and steak knives, as well as slicers and servers, may be obtained by calling any member of the MYF or contacting Mrs. Peggy Snider or Mrs. Liz Phillips. Showing the knives to Mrs. Collingsworth are Rosetta and Roberta Chisman and John Snider.

of automobile accident injuries is twice as great at speeds over 50 miles per hour as slower speeds.

Research also shows that while a driver trying to maintain 80 miles per hour through traffic on typical rural highways can cut about 30 per cent from the time required for the trip at legal speeds, his chances of getting killed in an automobile mishap increase by at least 400 per cent.

In hopes of encouraging drivers to stay within legal speed limits, the DPS is placing more patrolmen on the roads and more radar units beside highways to clock the persistent speeder in an effort to control speed.

Those stubborn drivers who ignore traffic laws and play motorized russian roulette as they rocket along the highways soon will encounter more radar speed checks and more Texas Highway Patrolmen writing tickets.

Statistics have proved conclusively that speed kills, that driving too fast for conditions is responsible for many traffic tragedies so the Highway Patrol is going to do something about it.

The Texas Highway Patrol in coming weeks will field more men in more highway cruisers, armed with many more radar speed detectors, in order to encourage motorists to keep their speeds within the legal limits, and to prevent the ever soaring number of traffic deaths from rising even higher.

Captain J.W. Blackwell, in charge of the Texas Highway Patrol in this District, points out that the plan to encourage drivers to maintain safe speeds resulted from a 1966 survey on Texas highways which showed that speeding is an increasingly common occurrence.

In the first article in this series, Major Luther C. Moore, Commander of the Department of Public Safety's Northwest Texas Region #5, told how research by university scientists and government studies proves that a driver's chance of becoming involved in a fatal accident increases many fold at speeds over 60 miles an hour.

asked by the average Texas motorist, and Captain Blackwell has the answers, compiled from a survey of Texas highway speeds in 1966, and a recent report by the US Department of Commerce.

When Mr. Average motorist takes to the highway, about one driver in every eight he meets (actually 12.4%) will be exceeding the daytime speed limit of 70 miles per hour, says Captain Blackwell.

The figure jumps much higher at night, and veteran officers point out that this increase is directly responsible for many fatal accidents.

Captain Blackwell said the survey made on Texas highways last year shows that nearly one-third of the drivers (29.6%) exceeded the night speed limit of 65 miles per hour.

The safest driving speed, according to the government report, is the average speed of all traffic -- while the highest accident rates are found at the very lowest and very highest speeds.

Captain Blackwell says the government study shows that passenger car drivers under 25 and more than 65 years old were involved in the greatest number of traffic mishaps. The survey also shows that drivers of older cars are involved in more accidents than drivers of newer cars -- perhaps due to the low horsepower and poor acceleration of the older cars.

The most common traffic accident, according to the government survey, is the rear-end collision in which one car overtakes and strikes another car from the rear.

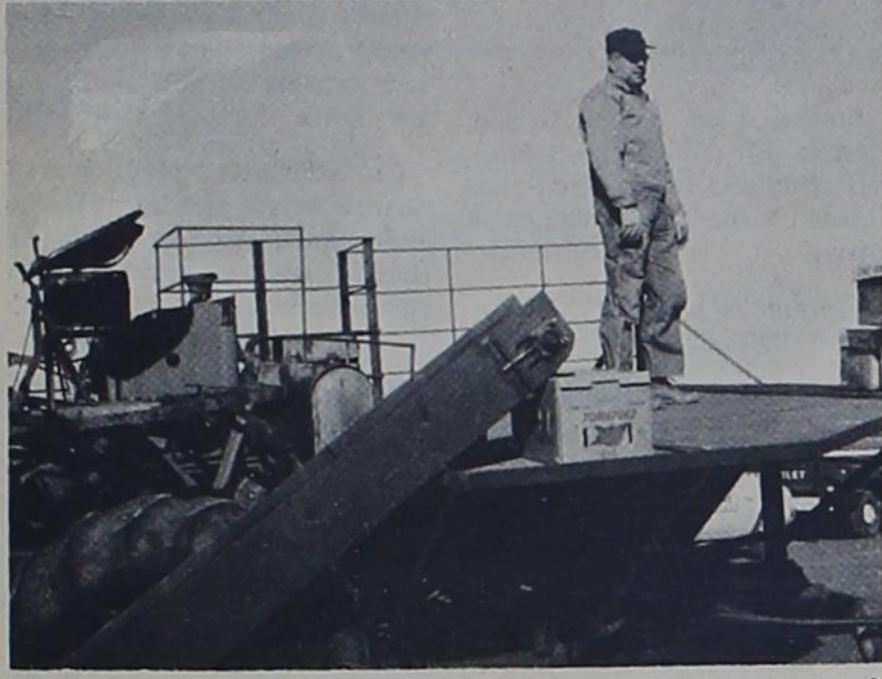

Texas motorists will be watching their speedometers more in coming months, as the Texas Highway Patrol fields more patrolmen and more radar speed checking units in a battle against motorcide.

Purpose of the all-out drive against speeders is simple. The Highway Patrol knows that speed kills -- and they hope that by sprinkling the state's heavily traveled arteries with radar speed checking units, the ever mounting Texas highway death toll will be reduced.

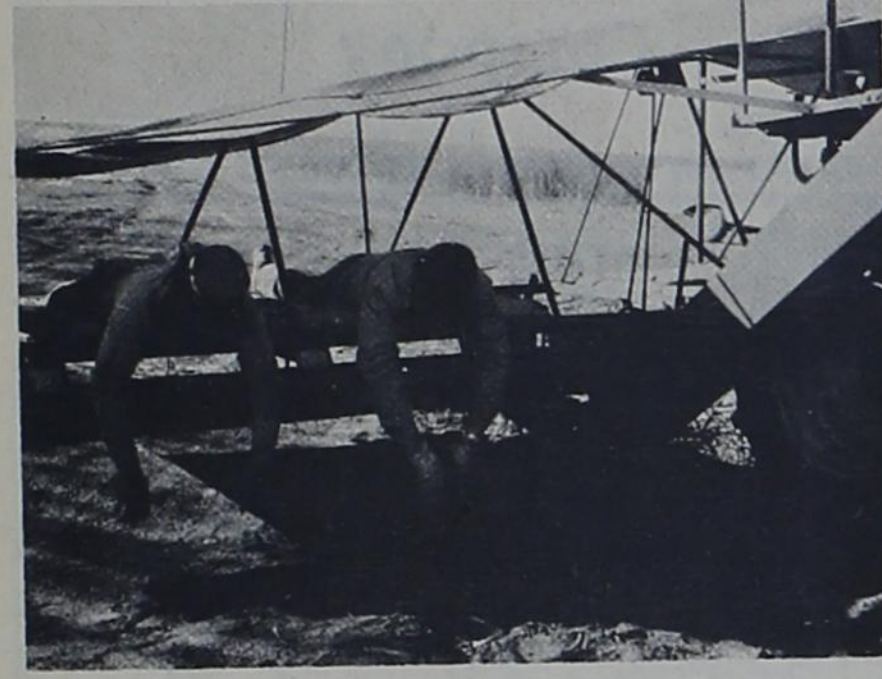

ies have shown that excessive speed is a contributing factor in a large percentage of the accidents on Texas highways, that the chances of a driver becoming involved in an accident increase many fold when he drives faster than the speed limit, and that one motorist in eight was driving faster than the speed limit on Texas highways last year.

"Now just what is the Highway Patrol going to do about all this speeding?" ask Mr. average motorist, and the answer is supplied by Major Luther C. Moore, Regional Commander of

(Continued on Page 6)

Tomatoes, which have been placed on a belt on the lower part of the machine, are carried up this chute and dumped into boxes on a platform. The worker on the platform then moves the boxes to back of the platform and stacks them. After a guide has been placed on the machine, Kalbas explains that the machine operator will be able to handle the job of moving the boxes along with his other duties.

THIS IS THE WAY -- Wilbert Kalbas and a hired hand on his farm demonstrate how to pick tomatoes from the self-propelled machine completed by Kalbas early this fall to make tomato harvest easier.

GIFTS FOR ALL --- Marie Wall and Marcine Tipton admire the "Yule" trees and many gaily decorated packages which were later exchanged by members of Golden Circle Sunday School Class at their annual Christmas program and salad supper.

◆ ◆ Speed Kills ◆ ◆

(Note: This is the first of three articles on a new emphasis program and an all-out drive of the Texas Department of Public Safety to enforce the state speed laws in hopes of reducing highway carnage.)

Speed kills -- and this hard fact of life on the open road is universally accepted by the officers who are charged with the duty of making Texas highways safe, just as it is ignored by many of the drivers using those highways.

Because speed kills -- and because the chances of a driver becoming involved in an accident increase with speed -- the Texas Department of Public Safety has started a more intensive effort to encourage motorists to stay within a legal speed limit on Texas highways.

"Statistics prove that drivers are more likely to be involved in an accident at speeds over the legal speed limit," explained Major Luther C. Moore, Commander of the Department of Public Safety's Region 5, covering thousands of miles of highways in northwest Texas.

The average motorist might ask some questions about these statistics, and Major Moore can provide some eye-opening answers.

For instance, the motorist might ask if a driver is more likely to be involved in a traffic accident at 70 miles per hour than 65? What about 75 or 80 miles an hour? And if the accident chances increase above 65 miles per hour, then

just how much do they increase?

The grim history from bloody Texas highways during daylight hours shows a 20 per cent increase in accident involvement at 70 miles per hour, compared to the 65 mile per hour rate.

Major Moore points out that by increasing the speed from 65 to 75 miles per hour (just 10 miles per hour) the motorist risks a 50 per cent increase in accident involvement, and at 80 miles per hour the risk jumps to 90 per cent.

The fast driver risks even more at night, the Regional Commander explains. Accident statistics show that a driver is more likely to become involved in an accident at any speed at night, and at 55 miles per hour the accident rate is nearly two and one half times as great as driving at the same speed in the daytime.

Nighttime drivers are more than three times as likely to become involved in an accident at 65 miles per hour than at the same speed in daylight. During night hours 75 mile per hour speeds produce about five and one half times as many accidents, and at 80 miles per hour the accident frequency is multiplied eight times!

And that's not all of it. Studies show that injuries sustained in motor vehicle accidents are more severe as speed increases.

Major Moore explains that researchers at Cornell University learned the severity

**NOW
Long Distance
Rates
are LOWER
than ever!**

Now you can call out of state for \$1 or less all day Saturday as well as all day Sunday—anywhere in the continental U. S. (except Alaska) for three minutes, station-to-station.

The \$1-or-less rate now starts at 7 every week-night.* That's one hour earlier!

And from 7 a.m. to 5 p.m., Monday through Friday, you can call for \$1.75 or less.* From 5 p.m. to 7 p.m. Monday through Friday, you can call for just \$1.25 or less.*

And for 75c or less—you can call coast-to-coast every night between midnight and 7 a.m., when you dial your call direct.* (If your community does not have Direct Distance Dialing, you still earn this new low rate on most station-to-station calls you place with the operator.)

*Maximum rates for a 3-minute, station-to-station call, plus tax, anywhere in the Continental U. S., except Alaska.

Long Distance is a bigger bargain than ever before!

TFB QUEEN -- Lovely Miss Sharron Hutton, 18, will add a touch of glamor to the Texas delegation attending the 49th annual convention of American Farm Bureau Federation Dec. 10-14 in Chicago. Sharron, daughter of Mr. and Mrs. Horace Hutton of Muleshoe, Bailey County, was chosen TFB Queen last month in Austin over 12 other district finalists. She received an expense-paid trip for herself and matron escort to attend the national convention. There is no queen contest on the national level. Miss Hutton, a senior in Muleshoe High School, has dark brown hair, blue eyes and stands 5'7". She enjoys skiing, swimming, sewing, singing and cooking.

Receive Reading Certificates

Among the 93 children in the four-county area covered by the High Plains Bookmobile Traveling Library receiving reading certificates from the summer reading program sponsored by the traveling unit are several from Parmer County.

A total of 403 books were read by Parmer County children during the summer, including those from Lazbuddie, Friona, Bovina, Farwell and West Camp.

Cadette Scouts Will Baby Sit

Some of the Cadette Scouts of Farwell will be available for baby sitting during the Christmas holidays. These girls have completed their "Child Care Badges" and are willing to be of service. The charge will be 50¢ per hour. If you need a baby sitter call 481-3864.

Friends Invited

Friends and relatives are invited to a going-away courtesy honoring Mr. and Mrs. Walter Kaltwasser in their home on Sunday, Dec. 17, from 3-5 p.m. Hosts and hostesses for the courtesy include Messrs. and Mmes. Melborn Jones, Henry Haseloff, Adolph Haseloff, Buster Gast, Smokey Gast, Gilbert Kaltwasser, Paul Wurster, Archie Tarter, and Mrs. Joyce Haseloff.

The Kaltwassers are leaving soon to make their home in Missouri.

Study Observance Of Lord's Supper

Night circle of Farwell First Baptist Church WMU met in the home of Mrs. Clytie Dial last week for a program on the observance of the Lord's Supper in Italy. The program was presented by Estelle Billington. Refreshments of assorted cookies were served with hot spiced apple juice or coffee to Mmes. Billington, J.L. Bass, Clytie Dial, True Bell and Odus Walsler.

Marriage Licenses Issued

Three marriage licenses have been issued from the office of the Parmer County clerk in the last week. The permits to wed went to Victor Cruz Garcia and Marcella Moria Auguelo-Nov. 29; Berwin L. Howard and Shirley A. Howard - Nov. 29; and Allison Johnson Dool, Jr. and Cathryn Lucille Biggers-Dec. 1.

Glenn Children Return Home

Kathleen and Jeff, children Mr. and Mrs. Bill Glenn of McCamey, returned to their home late last week after spending the past two weeks with their grandparents, Mr. and Mrs. Elmer Teel. Al Glenn was in Texico for a visit during the Thanksgiving holidays.

Bill Glenn, son-in-law of the Elmer Teels, who has been hospitalized for the past several weeks, is able to return home and is in satisfactory condition, according to Mrs. Teel.

Guests in the home of Mr. and Mrs. Joe Helton over the weekend were Lt. and Mrs. Hal Helton of Amarillo.

THREE YEARS OLD -- Jason Carpenter, son of Mr. and Mrs. R. Rex Carpenter, who makes his home on a ranch near El Paso, will celebrate his third birthday on Dec. 14 at the home of his parents. Maternal grandparents of the birthday boy are Mr. and Mrs. Ray Ford, Farwell. Paternal grandparents are Mr. and Mrs. Rex Carpenter of Ruidoso.

Local Soldier Receives Promotion

Orville L. Beavers Jr., 22, son of Mr. and Mrs. Orville L. Beavers Sr., Texico, was promoted to Army Specialist 4 Nov. 19 near Heilbronn, Germany, where he is serving as a truck driver with the 23d Ordnance Company.

Tips For Washing Pillows

Pillows can be laundered successfully in your automatic washer. Wash two pillows at a time for a balanced load. To be sure that no feathers fly, examine ticking carefully and mend any tears or open seams. Wet pillows before placing them in the washer--otherwise, they will float. To do this, make a two-inch opening on each end, then close it with a loose basting stitch. This allows water to enter but prevents feathers from escaping. Place the pillow in a pan of water and knead gently until it is thoroughly soaked. Wash in warm water for about five or six minutes, then allow the washer to complete rinse cycle.

Follow the same procedure in washing foam rubber, dacron or acrilon pillows. But they must be washed in a case. Close the end of the pillow case with a basting stitch before soaking the pillow.

At Farwell --

Teachers Meet Monday Night

A large crowd attended the Parmer County Teachers Association meeting Monday night in Farwell school cafeteria. A

turkey dinner was served and Rev. R. E. Harrison, pastor of the Methodist Church in Pecos, was the speaker.

Postmaster Asks Public Cooperation

During the Christmas rush the postal service carries more mail in a month than most countries do in a year.

Postmaster Smart asked that all area residents keep their rural mail boxes clear of snow and ice so that postal employees will not be delayed in delivering the large volume of mail. In addition, he requests that all persons bringing parcels to be mailed make sure that the Zip Code is included in the address. The packages are zoned according to the Zip Code and time will be saved at the window if all parcels are Zip Coded.

"We expect a record breaking nine billion pieces of mail to be delivered across the country this Christmas and cooperation by the mailing public in shopping and mailing early, and the use of ZIP Codes will mean there is virtual assurance that all holiday mail will be delivered on time," he said.

Mal Manchee, president of the county organization, presided at the meeting and gave a report of the Texas State Teachers Association convention and the recommendations made for legislative action.

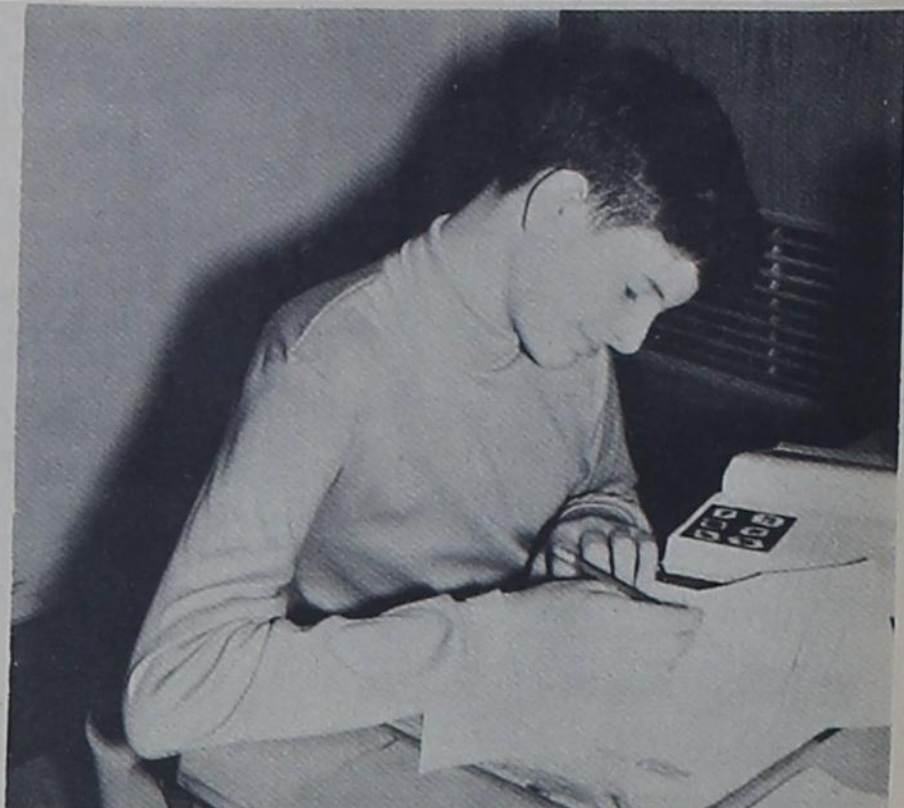

Rev. H. L. Atkins, III, pastor of Hamlin Memorial Methodist Church in Farwell, gave the invocation.

The program, held in the high school auditorium, included three numbers by the "Michelles," a junior high singing group under direction of Lynn Burton, Farwell band director.

Rev. Harrison told of the virtues that people of the world have and need, but went even further and said that even these virtues could be overdone to the point where they become vulgar. His speech was riddled with humor. He said the school, church and home must work together to teach the boy and girl of today to stand straight with a well-rounded balance of virtues.

Table decorations for the dinner were furnished by the Farwell Elementary School.

The next meeting will be held in Friona on Jan. 29, 1968.

GOOD CITIZEN -- Alan Gober, son of Mr. and Mrs. Webb Gober and an eighth grade student at Farwell Junior High School, has been chosen "good citizen" for the week Dec. 4-8. Alan advises all would-be good citizens to cultivate "good study habits."

PTA Contributes Funds For Games

At the Tuesday meeting of Texico PTA, the fourth grade class of Dale Paul won the room count. They received a cash award with which to buy something for their room.

The organization also voted to contribute \$50 to the elementary school, in order that games may be bought for use in the various rooms on days when the weather will not permit the children to play outside.

Mr. and Mrs. W.J. Billigmeier from Chicago were guests in the home of Mr. and Mrs. W.D. Prince and Danny last week. Mrs. Billigmeier and Mrs. Prince are sisters.

Following the business meeting, openhouse was held in the elementary school. Approximately 50 parents were in attendance.

MEET MR. WUNSTOP DUZZIT

"I'm going to get a divorce," a man told his friend. "My wife hasn't spoken to me in three months." "I'd think twice about that if I were you," his friend said. "Wives like that are hard to find."

RECEIVE AWARD SECOND TIME -- This group of Farwell FFA members received the first place "Chapter Conducting" award at the district meeting held in Littlefield recently. Team members include Greg Hargrove, Butch Everett, Danny Prince, Doug Harriman, James Chadwick, Mark Williams, and Leon Parker (not pictured).

Who Litters? Not Sportsmen

AUSTIN -- Sportsmen are just what their names imply when it comes to littering, a survey conducted by Keep America Beautiful, Inc., revealed. Outdoor sportsmen were blamed for only five per cent of the litter defacing rural areas. Picnickers were blamed for 25 per cent of the litter and motorists for 70 per cent.

Adults were the most frequent litterbugs with teenagers running second at 42 per cent and children at 8 per cent. The persons interviewed were litter prevention leaders in all states. They characterized the typical

litterbug as a "careless, thoughtless, inconsiderate person."

the Texas Department of Public Safety. Major Moore has announced

SQUIRRELY HAPPENING IS MONKEY BUSINESS

KERRVILLE -- A wildlife technician must know his animals to do his job, but B.D. Loving of the Texas Parks and Wildlife Department admits that he is puzzled by a recent development in Kerrville.

Loving reported that A.C. Klein, a service station owner in Kerrville set a "live" trap in the friend's attic after she complained of strange nocturnal rustlings there.

Klein believed a squirrel or racoon was making the noise, but when he looked into the trap the next day, the thing looking back at him was not a squirrel, but a monkey.

Loving, who viewed the monkey in a cage at Klein's station describes it as reddish in color and quite small with a long tail. He said that it does not appear to be very wild.

"We don't know where it came from," said Loving. "No one in Kerrville has reported losing a pet monkey, and they are not native to the area."

that the DPS has ordered enough radar speed measuring units to equip almost every patrol car in the field.

Sergeant W. E. Wells, the Highway Patrol supervisor in this area, adds: "Use of the radar sets will enable us to patrol the highways more effectively, to encourage all drivers to stay within the speed limit."

The sergeant continues: "We hope everyone will drive within the speed limit but some will fail to comply, so our efforts will be directed toward apprehending the speeders in order to protect motorists who do comply with the law."

Speeders who are apprehended will face fines up to \$200.00 and convictions will be recorded on their driving records, which could affect insurance premiums. Four convictions for moving traffic violations within 12 months or seven within 24 months will result in loss of drivers license and driving privileges.

The sergeant also explained that no warning tickets will be issued to speeders since the Texas Public Safety Commission has ordered that charges will be filed in every case where there is a clear cut and substantial violation of the speed law.

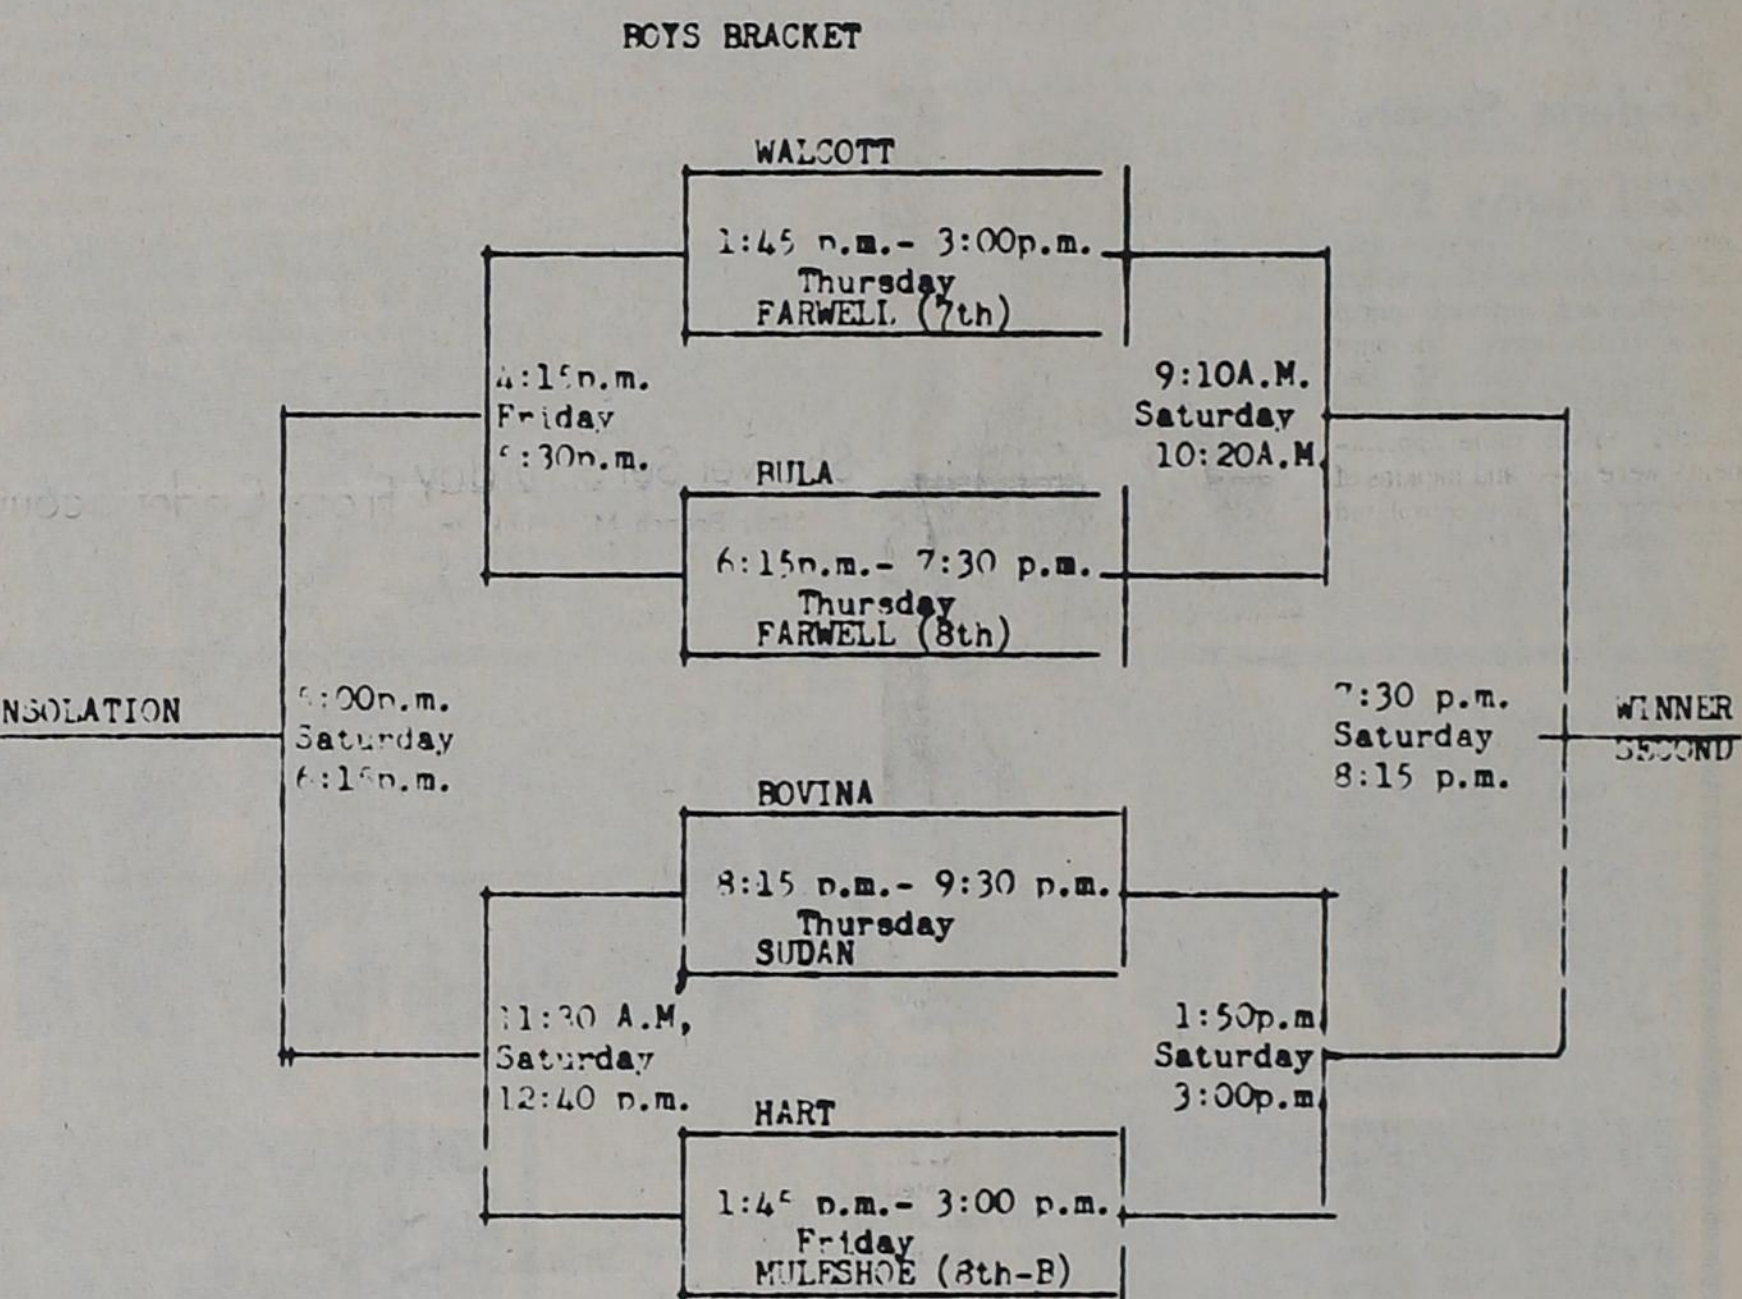

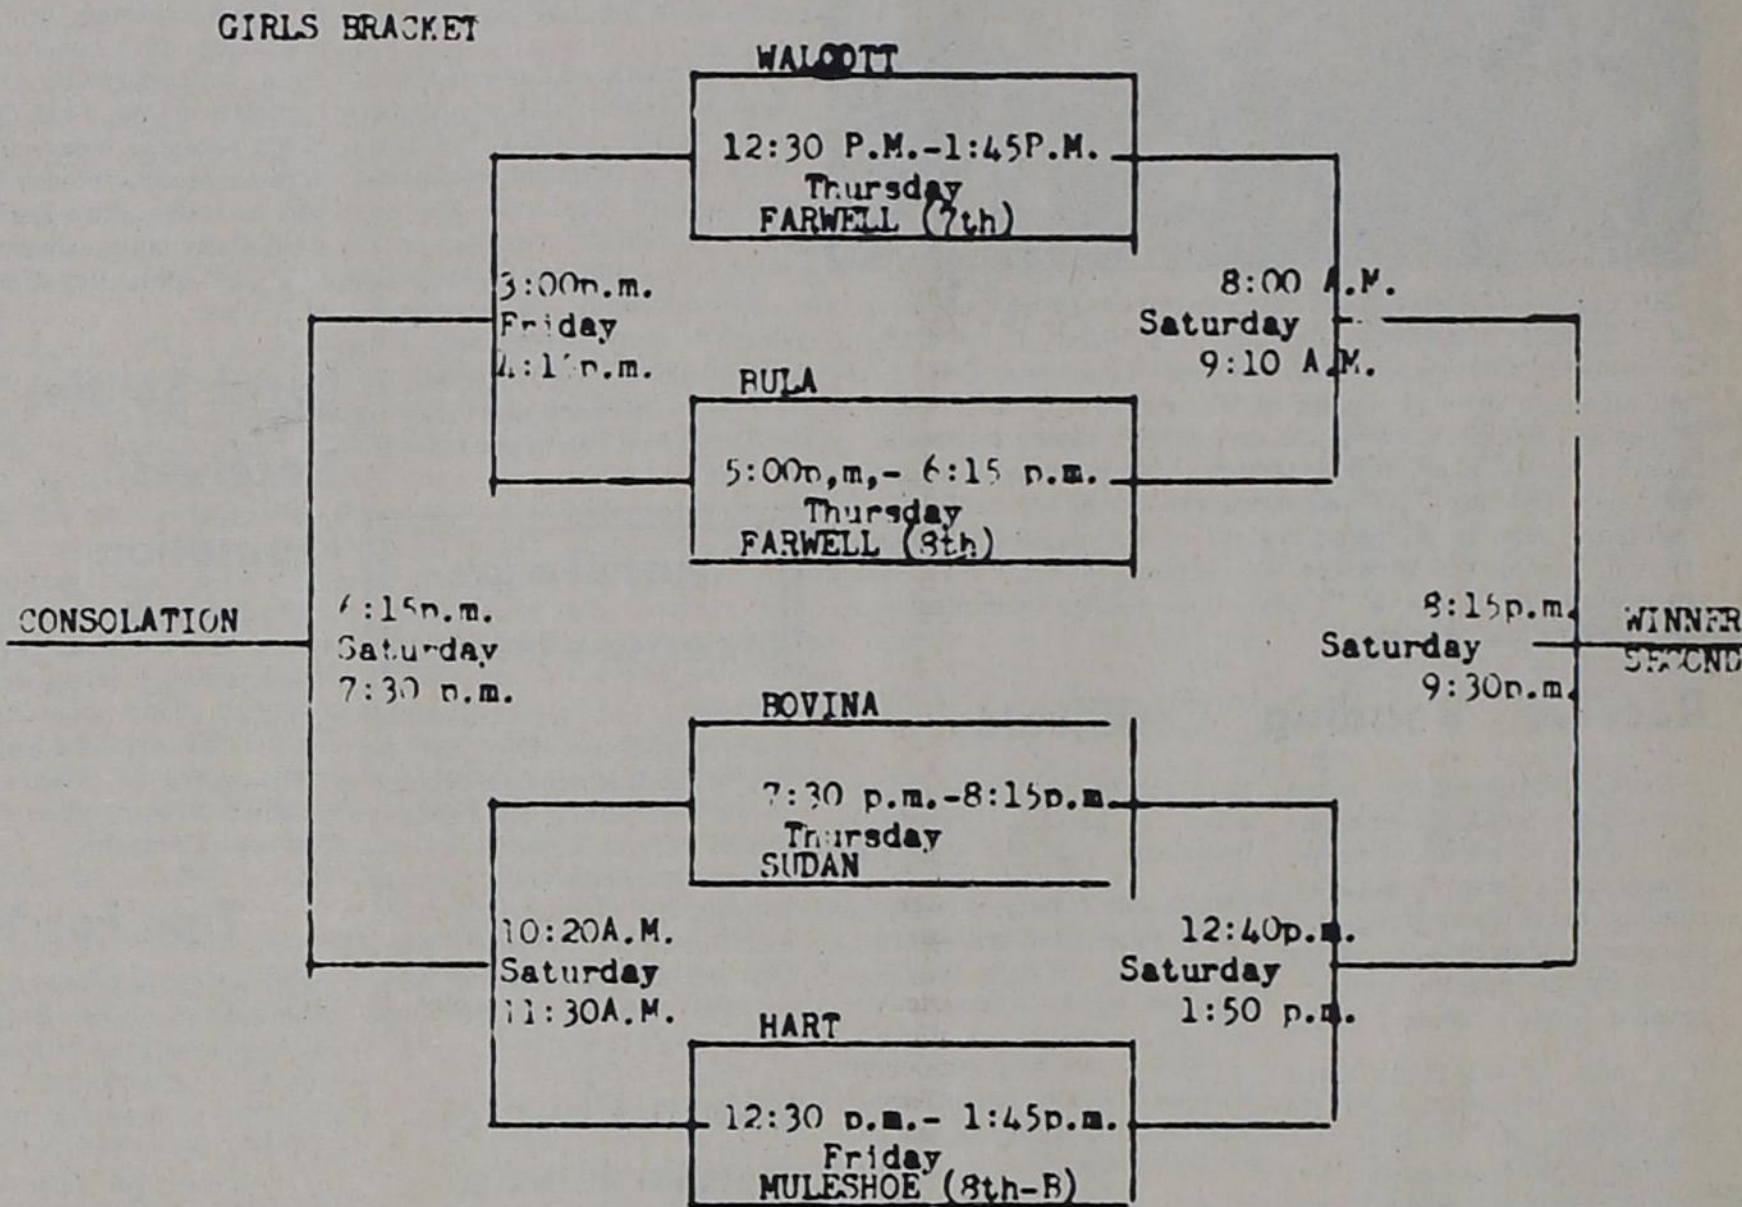

Junior High Tourney This Weekend

Eight teams will be participating in the junior high school tournament set for Farwell school this week, beginning today, Thursday. The first game pitting Walcott and Farwell girls will get underway at 12:30 p.m. Games will continue throughout the day and evening and again on Friday and Saturday.

Games on Saturday get underway at 8 a.m. with finals to be played Saturday night. Teams participating include Walcott, Farwell (two teams), Bula, Bovina, Sudan, Bovina, and Hart. Admission to each session is 25¢ for children and 50¢ for adults.

Tournament brackets are:

ENGAGEMENT REVEALED -- Mr. and Mrs. William Brister of Lawton, Okla., announce the engagement and approaching marriage of their daughter, Penelope Jane, to Leslie Dee Harrelson, son of Mr. and Mrs. Lester Harrelson, Clovis, Route 3. The couple will exchange vows in January. The bride-elect is a graduate of Lawton High School where she was active in Drama Club, National Forensic League and is presently a student at Cameron College, majoring in psychology. She is Rodeo Club queen attendant at the college. Her fiancé, a graduate of Texico High School, is also a student at Cameron College, majoring in agricultural education. At Texico School he served as president of Future Farmers of America, vice-president of the National Honor Society, and lettered in basketball.

Linda Langston Is Shower Honoree

Fellowship hall at Farwell First Baptist Church was scene for a bridal shower honoring Linda Langston, bride-elect of Gene Bitner, Saturday from 3-5 p.m. Some 100 persons attended or sent gifts.

The honoree and her mother, Mrs. R.T. Langston, were presented with corsages of cranberry red and pink carnations. Assisting with opening and registering gifts were Martha Coffey and Camille Hobbs.

Chosen colors of the honoree, cranberry and pink, were used in room decorations and carried out in refreshments. Centering the serving table which was laid with a floor length net cloth, was an arrangement of pink and cranberry miniature carnations and gladioli, flanked by cranberry candles in silver holders. Silver table appointments were used and napkins of cranberry and pink completed table decor.

Esther Class Feted By Teacher

Esther Sunday School Class of Farwell First Baptist Church met at a local restaurant Monday night for a Mexican supper. Hostess for the meal was Mrs. Beulah McWilliams, class teacher.

A devotional on "Christmas" was given by Peggy Sudderth and Evelyn Curtis read a story "The Black Madonna." Following a gift exchange among class members the remainder of the evening was spent in visiting.

Attending the social were Mmes. Evelyn Curtis, Wilma Nell Whitener, Peggy Sudderth, Mary Lynn London, Beulah McWilliams, Rita Dollar, Betty Stewart and Ysleta Kittrell.

The January meeting will be in the home of Jo Anne Liethen.

PUBLIC APPEAL
All who are desirous of having the old Farwell cemetery cleaned up are asked to make donations to John Armstrong. If enough funds are donated, a complete clean up job will be done. If collected funds are insufficient, they will be returned to donors. We do expect free hand to clean all the cemetery and to remove deteriorated objects.

Class Makes Dresses For Children's Home

Golden Circle Class of Texico First Baptist Sunday School met Tuesday night at Fellowship Hall of the church for a salad supper and Christmas program. Each lady brought a salad for the meal and beverage and crackers were furnished by the class.

Members brought a total of 15 cotton dresses which they had made for girls in the Children's home at Portales. The dresses will be delivered prior to Christmas. A gift exchange was also held among class members. Flowers were sent to Mrs. S.G. Jones who is in the hospital.

Devotional was given by Evelyn Hadley who read Luke 2:1-16. Special music was provided by Minnie Hagler, Marie Wall and Margaret White. Other Christmas music was played by Marie Wall on a record player. Opening prayer was given by Margaret White and Mrs. Nora Day, class teacher, led the closing prayer.

Attending the social were Mmes. Gladys Pierce, Margaret White, Clara Belle Smith, Evelyn Hadley, Mildred Hill, Nora Day, Lucille Smith, Juanita Pruitt, Bernice Thigpen, Minnie Hagler, Iona Chappell, Marie Wall, Emma Hudson, Marcene Tipton and Nell Autrey, a special guest.

Invited To Anniversary Celebration

Children and grandchildren of Mr. and Mrs. Claude Primrose are honoring them with a reception marking their 50th wedding anniversary on Sunday, Dec. 10, 2-5 p.m. The reception, to which all friends and relatives are invited, will be held at the Oklahoma Lane Methodist Church. No invitations will be sent.

Shower Set Saturday

Mrs. French M. Crook, Jr., the former Miss Shirley Byrnes, will be honored with a bridal shower from 3 to 5 p.m. Saturday in the First Baptist Church of Bovina.

The couple was married Nov. 19 in Alamogordo, N.M.

The bridegroom is the son of Mr. and Mrs. French M. Crook Sr., of Bovina.

Allison Kitten Is Two Years Old

Allison Kitten, small daughter of Mr. and Mrs. Leroy Kitten was honored with a party marking her second birthday on Sunday in the home of her parents. Her birthday was Nov. 28.

Chocolate cake decorated with pink rosebuds and two pink candles was served with ice cream.

Those attending were Mr. and Mrs. William Kahllich, Phyllis, Chris, and Suzanne; Mrs. Teddy Fangman and Scott; Mr. and Mrs. George Schulte; Mr. and Mrs. Edmund Kitten; the honoree, Allison; and her parents and baby sister, Mr. and Mrs. Leroy Kitten and Lori Ann.

Visit In Martin Home

Mrs. Cliff Harden and son, Jason, from Plainview spent from Thursday until Sunday visiting in the home of Mrs. Harden's parents, Mr. and Mrs. Raymond Martin. They were joined on Sunday by Mrs. Bobby Atkinson of Lubbock for a short visit.

STATE LINE TRIBUNE

Crook, Byrnes Repeat Wedding Vows In Alamogordo Ceremony

Double ring marriage vows were read at 3 p.m. Sunday, Nov. 19, for Shirley Byrnes and French M. Crook, Jr. in the Heights Baptist Church in Alamogordo, N.M., by the pastor, Rev. Fred Moore, brother of the bride.

White bridal baskets adorned the altar.

The bride is the daughter of Mr. and Mrs. M. Crosby of Alamogordo, N.M. Parents of the bridegroom are Mr. and Mrs. French Crook of Bovina.

Mrs. Carl Wade, organist, played traditional wedding music and accompanied Mrs. Bill Hullett, soloist, as she sang "Always" and "O, Perfect Love."

The bride wore a baby blue crepe dress with white lace over the skirt and bodice. Her headpiece was a band of carnations trimmed with pearls and she carried a bouquet of white carnations with blue ribbons.

Mrs. Donald Marriott of El Paso was matron of honor. She wore a dress of beige taffeta with white cotton lace overlay. Best man was Bowden Campbell of Hobbs, N.M. Serving as usher was Tom Crosby of Las Cruces, N.M., brother of the bride.

Following the ceremony, a reception was held in Fellowship Hall of the church. Miss Nellie Bea Crook, sister of the bridegroom, registered guests while Mrs. Fred Moore and Mrs. Tom Crosby presided at the serving table.

The bride is a 1958 graduate of Alamogordo High School and has been employed at Ford

MR. & MRS. FRENCH M. CROOK, JR.
Motor Credit Co. in El Paso since 1962.
The bridegroom graduated from Bovina High School in 1956 and attended Texas Technological College. He is employed with H. B. Zachry in El Paso.
Mr. and Mrs. Crook live at 5656 Sun Valley, El Paso.

A SPECIAL GIFT --- As special gifts for girls, 6-12, in the Children's Home at Portales, members of Golden Circle Sunday School Class of Texico First Baptist Church made dresses. Mrs. Nora Day, class teacher; Evelyn Hadley, vice-president; and Minnie Hagler, secretary; display a few of the dresses made by class members.

Gleaners Make Plans For Making Candy

Gleaner's class of Farwell First Baptist Church met at the home of Dr. and Mrs. T.J.

Bridal Shower Set

A bridal shower honoring Miss Candace Jean Flemings will be held from 2:30 to 4:30 Monday, Dec. 11, in the community room of First State Bank of Bovina.

Miss Flemings is the bride-elect of Lloyd Lane Gober. The couple will exchange wedding vows Jan. 13.

Hostesses for the shower are Mmes. Jack Woltman, Paul T. Jones, Gene Ezell, Joe Pinner, Robert Wilson, Lester Rhinehart and L.F. Jacobs.

Buy A Fruit Cake

Troop 109 Cadet Girl Scouts are still taking orders for Christmas fruit cakes. They say, "Don't bake-buy a cake" and assist the Scouts in attending the convention to be held in Austin next spring. Mrs. Gil Patschke is sponsor for the group.

Glenn Monday night for a Christmas supper and social honoring husbands of class members.

Following the meal of turkey, dressing and trimmings, a short business meeting was held with plans completed for the making of candy to take to the Children's Homes at Lubbock and Portales. The candy will be made Dec. 18. Gifts were brought by each member for the children at the Lubbock Children's Home. The entire group joined in singing Christmas carols.

Attending the social were Messrs. and Mmes. Otis Huggins, Asa Smith, Raymond Martin, Odus Walser, Ray Castleberry, Bill Brigham, Pat Patrick, Bob Anderson, Clarence Johnson, and J.L. Bass, and Mmes. Gladys Hromas and Ann Glenn. Other guests were Debbie and Sandra Glenn.

Lori Ann Kitten Born Nov. 29

Mr. and Mrs. Leroy Kitten announce the birth of a second child, a daughter, on Wednesday, Nov. 29, in Clovis Memorial Hospital. The little girl, who weighed 7 lb. 7 oz. and is 20 inches long, has been named Lori Ann.

Other child in the family is Allison, two years of age.

Paternal grandparents are Mr. and Mrs. Edmund Kitten of Farwell. Maternal grandparents are Mr. and Mrs. George Schulte of Hereford.

Protect Carpet Against Accidents

By Cricket B. Taylor
County HD Agent

Extra holiday traffic and entertainment brings accidental spills and tracks to home carpets. But, with today's durability and easy care features, it's much easier for the homemaker to protect carpeting from permanent stain and soil damage.

There are three simple rules which pay big dividends in maintaining the appearance of carpet during the bustling holiday season.

1. Don't wait until the guests have gone to get busy on that cup of spilled cranberry punch! Act immediately on spills before they dry and "set" or the

result may be a permanent reminder of neglect.

2. Keep cleaning equipment and supplies on hand for immediate "first aid." Two cleaning agents recommended by the American Carpet Institute for home use are: (a) one teaspoon neutral detergent in one quart water, plus one teaspoon of white vinegar added; and (b) a drycleaning fluid or solvent available from household cleaning supply merchants.
3. Identify the spot or stain to determine the appropriate removal procedure. Spots that are water soluble may be removed with the detergent solution. On grease and oil-borne stains, use dry-cleaning compound.

Often it is impossible to identify the stain or spot. Use a general cleaning procedure utilizing both the water solution and the dry-cleaning solution.

When cleaning a carpet, don't get the area too wet. Dry it off after cleaning as quickly and completely as possible.

Voters Must Register Soon

Parmer County residents have until Jan. 31, 1968 to register to vote in elections next year but they are urged not to wait until the last minute. This year, persons over 60

years of age are required to register to be eligible to vote in elections during 1968. They did not have to register last year. There is no fee for registration since the poll tax has been abolished.

Registration must be made by the applicant himself, his father, mother, wife (or husband), son or daughter.

The Texas Highway Department, now celebrating its 50th Anniversary, spends more than \$1 million a year on research for safer highways.

Season's Greetings
The Bryans
Paul Sean
Skip Glenna

An early "Seasons" greeting arrived this week from Capt. and Mrs. Oris F. Bryan, Jr. and sons, Sean and Paul, who make their home in Arlington, Va., where the Captain is on duty at the Pentagon.

Early Yule Greetings

The following letter and an early Christmas greeting was received at the Tribune office.

Dear Friends,
Though our boys are too young to really understand about Santa and the thought behind giving he tries to instill in each of us, they aren't too young to want to make others happy.

Maybe a slight smile will slide across your face as you see the boys eying the "loot" that fell from Santa's bag. Now... wonder if they will leap forward to grab. That is the question of the hour.

We do send our best greeting,

May your holidays be happy ones.

Skip, Glenna, Sean and Paul Bryan

P.S. Yes, we live here in Arlington as Skip is assigned to the Pentagon.

Glenna Davis Bryan

Jerry Primrose from Farmington is visiting in the home of his grandparents, Mr. and Mrs.

Claude Primrose, at Oklahoma Lane. Jerry, who has been at Oklahoma Lane for the past three or four weeks, is expected to return to Farmington later this week.

Wolverines In Rebuilding Process

Although the Texico Wolverines have lost all of their games thus far this season, Coach Charles Coburn indicated early this week that he can see a marked improvement in their playing. "We are in a rebuilding process and it will take time," he said, adding "We should win some games in the future."

Latest defeats for the team came at the hands of the Grady Broncos 56-44 on Friday night;

and Ft. Sumner 67-44 on Saturday night.

In the Grady game, J.B. Taylor accounted for 22 points. High for Grady was Woods with 13; however, the entire Grady team hit consistently throughout the game. Rebounding by Texico was fair with the squad getting a good 50% of the rebounds.

In the Saturday night game, Manuel Martinez and Lynn Hughes each had 11 points for the losers.

GREETINGS -- Richard Breitenbach, president of Texico FFA Chapter, extends greetings to Walter Olton of Fort Sumner, District 4 FFA president who is also secretary of the State FFA organization, who paid his official visit to the Texico chapter on Monday. Olton spoke to the greenhands and Ag. II boys on the FFA organization.

MILLIONAIRE FOR A DAY -- Mrs. Ed Blain beams with pleasure as she is presented with the interest on a "million dollars" for a day in "Yes" stamps by Benny Haynie, manager of Capitol Food. Recipient of the quarter of beef given to a lucky customer was Mrs. Carmen Salguero.

As cooks, some women are limited.

They lack certain advantages that women with gas ranges enjoy. For example: Cooking with gas, there is practically *no limit* to the number of heat selections between on and off. Boilovers can be prevented on a gas range merely by lowering the flame. There is *absolutely no wait* for heat reduction--no need to remove the pan from the burner! You can try even the trickiest recipes with confidence. Gas flame consumes smoke, so you can broil with the door closed on *any* gas range. A gas oven gets hot fast. And the flames give you a true artist's touch for baking, roasting, browning and broiling. **BONUS:** Gas cooks for 1/2 the cost of electricity. For the sweet taste of success, hurry down to Southern Union or your appliance dealer's for a new gas range. You can add the payments to your gas bill. **Southern Union Gas Company**

If you want the job done right do it with gas.
