

Tornado Warning Test Held Monday Evening

A tornado warning test this evening for Monday night, March 4, will be held at 7 p. m. Six short blasts on the city siren will be blown at this time.

Defense coordinator Leon ... testing of the warning siren will be called off if there are no clouds, otherwise the blasts will be sounded.

It is said fire sirens will not be sounded during the tornado season. So citizens are urged to listen for the sirens, and to sound the sirens if they hear that sounding of the sirens.

is a warning that this area is in possible danger of a tornado.

Any time there is sufficient reason to blow the sirens during the 1974 tornado season, mobil units will go into the wind with "yelps" sounding.

Citizens band operators all around this area are cooperating with the Littlefield civil defense unit this year. Approximately 15 citizen band operators will talk directly to the Littlefield emergency unit. The emergency unit can receive and dispatch to the CB units over channel 11.

Youngsters Sell Animals Close Of Annual Show

The annual Littlefield Area livestock Show and Sale this past week was the sale, held Saturday in the showbarns in Littlefield.

As auctioneer was Kenneth Plainview.

National Bank of Sudan purchased the grand champion lamb and show, and Security State Bank purchased the grand champion steer.

Grand champion lamb, exhibited by Lagson of the Littlefield 4-H, weighed in at 102 pounds and sold for \$3.10 per pound—a grand total of \$316.20.

Grand champion pig was by Tracy Bowling of the Sudan weighed 227 pounds and sold for \$2.74 per pound—a grand total of \$623.98.

State Bank of Littlefield paid total of \$2,724 for the grand champion steer, exhibited by Danny

Carter of the Amherst 4-H. The Angus-Hereford cross steer weighed 1,135 pounds.

Moss Shoes of Littlefield purchased the reserve grand champion lamb at \$3.10 per pound from their grandson, Troy Wayne Moss of the Sudan 4-H. The lamb weighed 105 pounds, netting a grand total of \$325.50.

The reserve grand champion pig was exhibited by Davy Trotter of the Littlefield FFA. It weighed 218 pounds and was sold to Gebo's for \$2 per pound—a grand total of \$436.

The reserve grand champion steer, weighing 875 pounds, was exhibited by Brian May of the Sudan 4-H Club. Purchasing the steer was First National Bank of Sudan for a grand total of \$2,187.50—or \$2.50 per pound.

Most of the youngsters who showed animals in the show placed their animals for sale, whether they placed or not.

County 'CowBelles' Group To Be Organized Tuesday

Women in Lamb County who are interested in forming a CowBelles group are invited to an organizational meeting at 7 p. m. Tuesday in the Willy Room of the County Electric Coop building.

The meeting will begin at 2 p. m., with a presentation of the CowBelles from Hereford.

Features in "Attitudes", a course in positive thinking, will be held Monday night at 7 p. m. in the Willy Room of the Lamb County Electric Coop building.

assisting with the new chapter's organization.

Presiding will be Mrs. Howard Head, and election of officers will be considered.

Purpose of the group is to promote beef and beef by-products—from beef cuts to hides to manure for fertilizer.

Women are reminded that they don't have to own cattle to be eligible for membership—just be interested in beef promotion.

Since Littlefield is acquiring a new feed lot, and since Sudan, Earth and Olton already have feedlots in operation, several women of the area feel this is an opportune time to organize CowBelles for the promotion of beef for the county.

Girls' Dribblers Signup Set Monday

Girls' Little Dribblers Association will conduct the annual signup Monday, Mar. 4, from 4 to 5 p. m. in the Elementary II gym.

Girls who wish to participate in the program are asked to bring signup cards, birth certificates, and \$3.50 fees.

Tryouts will be Monday, Mar. 18, at the junior high school gym. Third and

commander; Allen Purdy, district contest chairman; Gerald Broadstreet of Dimmitt, District 13 Commander; Florene Leinen of Dimmitt, District 13 Auxiliary president; and Freddie Stockdale, county and district VOD speech winner. (Staff Photo)

Parents and the general public are invited to visit Littlefield schools during Texas Public Schools Week, March 4-8, advises Superintendent Paul I. Jones.

Officials of Texas Public Schools Week observance feel that in order to maintain the operation and control of the school system, the public must be informed concerning the needs and problems the system may have.

Classrooms in the Primary building will place special emphasis for open house Tuesday, while Elementary I will be open Wednesday and Elementary II on Thursday. Junior high school and high school buildings will be open all week, with no special observances held.

"Parents are urged to attend any day of the week if they can't make a specified day," stated Supt. Jones.

Schools will display student work and projects.

Parents are especially invited to visit with teachers and to ask any questions they may have concerning public education.

Jury Panel Called To Hear Seven Civil Suits

Seven civil suits are set to be heard by juries this week. More than 100 jurors have been notified to report for jury selections Monday and Wednesday.

Cases to be heard before District Judge Pat Boone Jr. include Travis Wayne Jones versus Olan Wharton, suit for wages; Paula M. Lopez versus Alvin Franklin Pittman and the city of Earth, collision, personal injuries and property damage; Hart Camp Grain Company versus Millers Mutual Fire Insurance Company of Texas, casualty insurance claim.

John E. Huckabee and Opal Huckabee are bringing suit against Central States Health and Life of Omaha for a hospitalization insurance claim. Rafael Lovato versus Larry Clyde Winkler is a collision suit claiming wrongful death. Jim Camp versus Carl Reed is a breach of contract suit.

The following have been notified to report for jury duty:
Mrs. W. P. Young, Littlefield
Camilo Lovato, Littlefield
Mrs. Oscar P. Wilemon, Littlefield
James W. Olds, Sudan

Filing Deadline Wednesday For Candidates

Wednesday, Mar. 6, is the filing deadline for all school board trustee and hopefuls in all area city elections.

Four have filed for the two expiring terms of school trustees in the Littlefield district.

Littlefield city elections are held on odd years, but all area towns hold city elections on even years. City elections will be held this year at Amherst, Anton, Olton and Earth. Filing ends Wednesday evening at closing time for respective city halls and school tax offices.

All city elections and school trustee elections will be held on April 6.

At Amherst, the terms of Mayor A. W. Hedges and commissioners L. E. Landers and George Thompson are expiring.

Anton's mayor, S. M. Monroe, and two city councilmen, Reese Pritchard and Wyatt Batson are up for re-election.

Three Olton city councilmen are up for

election. Terms expire for Joe Hall, Vernon Nixon and Jimmy Jenkins.

Sudan's mayor, Arnold Reed, and two commissioners, Paul Provence and F. M. Smith have terms expiring.

At Earth terms are up for Larry Tunnell, mayor, and two aldermen, Donald Runyon and Harvey Hickman.

Earth C-C Banquet Slated March 16

The Earth Chamber of Commerce Banquet is scheduled for Saturday, March 16, at 8 p. m. in the school cafeteria.

Citizens will honor their "Woman of the Year", "Man of the Year" and three "Farmers of the Year" for Earth, Springlake, and Lazbuddie communities.

New officers and directors of the C-C

will be introduced and outgoing officers and directors will be recognized.

Lee D. Herring, of Grand Prairie, will be guest speaker for the event. He is a banker, and noted as a knife and fork circuit speaker, whose career began in a Will Rogers manner.

Tickets are selling for \$3.50 each and may be acquired at the C-C office in Earth.

Jerry Teaff's Paintings On Display At Bank

Jerry Teaff is a budding young artist who says he'd rather paint than eat. He is the first to admit that he may have to eat those words, but he is sticking by his choice of making his living by painting.

He has been painting professionally for a year and hasn't missed a meal. "Everybody told me I couldn't make a living painting," Teaff said. He is from Bula, not Missouri, but just the same he plans to paint until he is shown that he can't finance his livelihood doing the job he likes best.

Although he's been painting more than 20 of this 31 years, he didn't decide to market his talent until after his graduation from Texas Tech. His artistic interests didn't surface during this college years while majoring in park administration.

After graduation he spent four years in the Navy as a computer technician, then worked as an agricultural extension agent in Brazil during two years with the Peace Corps.

Teaff was only four when his parents moved to Bula. At times his years on the farm are reflected in his art work. Windmills, barns, fences and sand dunes are among his subjects. He specializes in landscapes and wildlife in acrylics, oils and pen and ink.

He finds Texas filled with scenes suitable for painting.

Teaff's first one-man showing in his hometown will be at Security State Bank this week. Approximately 20 paintings will be displayed Monday through Friday.

JERRY TEAFF AT HIS EASEL

Rep. Reports On Fertilizer Black Market

Conclusion of an active week in the House, Rep. Bill Clayton (D-Texas) reported that the Convention had passed the

half-way point in its original 90-day schedule and that an inquiry date has been set for investigation into the fertilizer and chemical shortage.

Discussing the convention, Delegate

Zahn Announces For School Board

Benny Zahn has filed for trustee on the Littlefield school board. Zahn filed Friday. This makes four persons running for the two expiring terms.

Terms of Dick Hopping and Glenn Batson are up. Hopping is running for re-election, but Batson said he does not plan to run.

Emil Macha and Jerry Tunnell announced intentions to run at an earlier date. Filing deadline is Wednesday, March 6.

Zahn and his wife Patty have two boys. Sheldon is a 17-year-old LHS junior, and Kendon is 13 and a seventh grader.

Zahn is an accountant. He is active in the Lions Club and presently is first vice president of the Noon Lions. He and Mrs. Zahn are active Band Boosters, with Zahn president of the organization.

Clayton noted that although more than half of the convention's original time had passed, very few items of importance or controversy had been acted on by the entire convention. Because of this fact, Clayton predicted that the delegates would either have to constantly meet into the late evening in order to finish on time or would have to extend the convention past its original 90 days to cover such issues as right-to-work, branch banking, county home rule and other areas of controversy.

Rep. Clayton also reported that he had established an inquiry board, consisting of himself, the office of the Governor, the Lt. Governor, the Attorney General, and the Secretary of Agriculture to investigate and take testimony on the current shortage in agricultural fertilizers and chemicals.

The inquiry board was created after Rep. Clayton found evidence of black market dealings on these products in the West Texas area.

All persons interested or having information to give the board are urged to attend. The board will meet Friday, March 1, at 2 p. m. in the Texas Supreme Court Bldg. in Austin.

BENNY ZAHN

TWO PECAN TREES were planted in Crescent Park Thursday afternoon in memory of Wiley Roberts. The trees were presented by the Littlefield Garden Club, and Bob Wear offered the dedication prayer. Mrs. Roberts put in the first shovel of dirt, but John's Nursery provided labor for the memorial planting. (Staff Photo)

Amherst

AT A MEETING of the directors of the Farmer's Co-op Gin, James Holland was elected Manager to replace Paul D. Bennett who resigned after 15 years of service in that capacity. He accepted a position with a cotton seed and delinting firm in Littlefield. James Holland had served as president on the board. Other members of the board are Jimmy Cowan, Dick McDaniel, Jomeryl Harmon, Alvin Messamore, Paul Yarbrough and Floyd Seymore.

MR. AND MRS. Keith Blair and family of Lubbock visited her parents, the Robert Dysarts, and sister, Mrs. Sammy Maxfield and family. MRS. DOC SHAVOR went to Dallas last weekend where she will visit her husband, a patient in a hospital. While there she will visit their son, Bennie Shavor and family.

MR. AND MRS. Ray Blessing returned home Wednesday from Amarillo. She underwent eye surgery on both eyes. They are to return March 7 for a checkup by her surgeon.

MR. AND MRS. A. O. Dickson spent last Sunday with their daughter, Mrs. Kenneth Hanna and family at Lake Tanglewood, Amarillo. MRS. WILMA Swindle of Hart visited her sister, Mrs. W. P. Holland and Mr. Holland this week.

MRS. HOWARD Campbell visited her mother, Mrs. Elsie Greathouse in Abilene Wednesday to Friday this week.

MR. AND MRS. David Harmon are visiting their daughter and family, Rev. and Mrs. Jarrell Sharp, Lisa and Steven in Powell, Wyo.

MRS. OLY Blanchard returned home after spending two weeks with her daughter, Mrs. Raymond Gilder and family in Fort Worth.

ROY BLACK of Spade and Charles Jones went to Elk City, Okla. Thursday on business for their aunt, Mrs. Ora Smith, a resident of Amherst Manor.

MRS. ABE WILSON of Paducah and her son, Troy Wilson of Colorado spent Wednesday and Thursday with her sister, Mrs. Fred Wilson and Mr. Wilson.

OLETA MERCER
**Oleta Mercer
On Dean's List**

Oleta Mercer has been listed on the dean's honor list at Texas Tech University for the fall semester.

The certificate of honor was presented to Miss Mercer in recognition of scholastic achievement to students who have attained a grade point average of 3.0 or better during the past semester.

The honor was presented by Jack D. Steele, dean of the College of Business Administration.

Band Members Win Top

SUDAN— Kim Fisher, Cheryl Black and Susan Black, all members of the Sudan Hornet Band, were among the more than 1,350 band and orchestra students competing in the University Interscholastic League Region 14 instrumental solo and ensemble competition Saturday at Monterey High School in Lubbock.

Fisher received a (Superior rating) bassoon solo. Both Susan and Cheryl received (Excellent ratings) and bass solos.

The sight-read concert band competition held Tuesday, March 27.

Annual Rocky Ford Birthday Dinner Held

AMHERST— The Annual Rocky Ford birthday dinner was held Sunday in the Amherst Community Center following church services. Mr. and Mrs. Sturgis were hosts for the dinner this year. Those celebrating birthdays in February were Lloyd Sturgis, Mabel Chafin and Joe Dunn.

J. D. Nelson, pastor of the Rocky Ford Baptist Church, offered the invocation. "Happy Birthday," was sung and the three honorees cut the special birthday cake decorated with confection roses and dainty flowers in pastel shades and lettered "Happy Birthday".

Those attending from Amherst were Mr. and Mrs. J. D. Nelson, Mr. and Mrs. Cletis Dunn, Mr. and Mrs. W. P. Holland, Mr. and Mrs. Sam Cowan, Mr. and Mrs. Lige Griffin, Mr. and Mrs. Lloyd Sturgis, Mr. and Mrs. Bill Roberson, Mr. and Mrs. Ray

Heim, Allen and Shellie.

Mmes. Lester La Grange, Walton Macmanus, W. F. Taylor, Myrtle Love, Alma Goodin, and L. J. Roberson.

From Littlefield were Messers and Mmes. Dock Dean, J. D. Nixon, and J. C. Dutton, and Mmes. R. O. Edwards, Lucille Walden and John Dunn.

From Lubbock were Mmes. Mabel Chafin, Floy Cupp, and Ethel Cotton.

From Big Spring, Joe Dunn. From Wichita Falls, Mrs. Lloyce Ermis.

From Iowa Park, Mr. and Mrs. Luther Skinner and Mrs. Minnie Skinner.

From Dallas, Frank Sturgis.

From Canyon, Sandra Key Skinner.

From Amarillo, Mr. and Mrs. Lester Dunn.

Nichols Circle Conducts Study

The Mary Francis Nichols Circle met Monday night in the church parlor of First Baptist Church.

Mrs. D. C. Lindley presided. Mrs. T. L. Matthews led the group in a study of Baptist Missions in Metropolitan New York, assisted by Mrs. Mae Randall, Mrs. Willie Benton, Mrs. D. C. Lindley, Mrs. Hogan, Mrs. M. Barnard, Mrs. Jewel Dunn and Mrs. Jessie Jordan.

Members present were: Mmes. E. G. Brunson, D. C. Lindley, K. Rumbach, W. Hogan, Freida Cunningham, Bee Park, Jewel Dunn, G. V. Walden, Jessie Jordan, M. Barnard, L. Welborn, M. Matthews, W. Benson, M. Randall, Rose Bass, Jessie Jordan, Miss Alice Gordon, and Ruth Ford.

Church Choirs Win Ratings In Competition

OLTON— Two choirs from the First Baptist Church entered competition in the Staked Plains Association and were awarded an "excellent" rating for the adult choir and a "superior" rating for the chapel choir.

Five girls entered the piano competition and in Division 111, Jennie Lynn Gunter and Relda Strain were given the highest rating possible, a "superior" rating and are eligible to compete on the state level.

Melanie Witten, Carol Prentice and Tonya Brooks received "excellent" ratings in their division.

MS is a disease of the central nervous system in which the protective coating of the nerve ends disintegrates, scars form and nerve impulses are distorted, sometimes blocked. MS strikes mainly young adults between the ages of 20 and 40. An estimated 500,000 Americans suffer from MS and related diseases.

David Demel Spearheads MS Drive

The South Plains College Student Senate will sponsor a multiple sclerosis drive in Levelland on April 7.

SPC students will canvass the city in a door-to-door drive from 2 to 5 p.m. MS Canisters also will be placed in restaurants and other public places for donations.

David Demel, an SPC student from Littlefield, is chairman of the Student Senate campus relations and civic affairs committee, which is spearheading the drive.

He said that funds donated for the drive in Levelland will be used by the South Plains Texas chapter of the National Multiple Sclerosis Society. The South Plains chapter serves a 23-county area, in which there are 122 MS patients.

Funds are used for research to find the cause and cure of MS, provide patient services, such as physical and occupational therapy.

Armstrong Circle For Mission Study

The Annie Armstrong Circle of the First United Methodist Church met Monday night for their mission study. Mrs. Bertha Black and Mrs. Don Carter led the study. The 26th Psalm for the month of March was reviewed. The last study was "Fishers of men" which was won by the team of Mrs. Carter and her husband. Each member was assigned her food for the meal planned.

Refreshments of open face cheese sandwiches, cherry breeze pie, coffee or hot tea were served to Mmes. Bill Bradley, Randall Crawford, Charles Mixon, Don Carter, Bill Phillips, James Holland, A. O. Dickson and guests, Pauline Vaughn, Dorothy Abbott and the hostess.

Thank You Dr. Pap!
Dr. George Papanicolaou was a Greek-American medical scientist who discovered a fast, painless test that can find cervical cancer early when it is most curable—the famous Pap test. The American Cancer Society reminds women to have a Pap test regularly.

MONDAY: Hot dogs, French fries, salad, chocolate pudding and milk.

TUESDAY: Chicken, creamed potatoes, gravy, English peas, peanut butter cup, rolls and milk.

WEDNESDAY: Pizza, corn, salad, brownies and milk.

THURSDAY: Stewed wieners, slaw, blackeyed peas, rice and raisin pudding, hot rolls and milk.

FRIDAY: Beans with chili, mixed greens, carrot sticks, cookies, cornbread, juice and milk.

Olton Methodists Slate Five-Day Revival Service

OLTON— Revival services will begin Sunday, March 3, and continue through Thursday evening, March 7, at the First United Methodist Church.

Rev. Jim Smith, pastor of Northridge United Methodist Church in Lamesa will be the evangelist. Song services will be directed by Dale Hood of Lubbock.

Sunday services will be held at the regular worship hours of 11 a.m. and 6 p.m. Weekday services will feature a 7:30 a.m. breakfast with informal devotional type meetings. Evening preaching services are slated for 8 p.m.

Rev. Smith, a native of Memphis, was converted and

accepted a call to enter the ministry while attending Tulia High School. Following graduation, he attended McMurry College and participated in youth witness teams, worked as summer youth director and preached youth revivals in Texas, New Mexico, Arkansas and Kentucky.

After receiving his bachelor's degree from McMurry, he completed his education in Ashbury Theological Seminary in Wilmore, Ky., where he received a Master of Divinity degree in 1969.

Directing the music will be Dale Hood, former music pastor of Trinity Church in Lubbock. He is a graduate of Monterrey High School in Lubbock and has his degree from Baylor University. He has worked with Home Missions in Minnesota. Presently he is making his home in Lubbock and engaging in Evangelism music work.

Rev. Al E. Jennings, local pastor, extends an invitation to the public to attend each of the services.

MENYON DIXON

Dixon-Hart Wedding Set

Mr. and Mrs. J. D. Dixon of Borger announce the engagement of their daughter, Menyon, to Steve Hart, son of Mr. and Mrs. J. P. Hart of Borger.

The Harts are former Littlefield residents.

The couple will exchange wedding vows at 7 p.m. May 3 in the Keeler Baptist Church.

Miss Dixon and Hart are both graduates of Borger High School.

Hart is employed at Furr's Super Market in Borger.

Marsha Topley On Honor Roll

Marsha Topley, daughter of Mr. and Mrs. Daniel French of Littlefield is among more than 1,700 students who have been named to the fall semester deans' lists at New Mexico State University at Las Cruces, N.M. for the 1973-74 academic year.

She is a straight A student in the College of Education.

To be named to a dean's list a student must have earned at least a 3.2 grade point average of a possible 4.0 while carrying a minimum of 12 credit hours for a grade.

Of the total number of students on the deans' lists, 277 are enrolled in the College of Agriculture and Home Economics, 603 in the College of Arts and Sciences, 252 in the College of Business Administration and Economics, 350 in the College of Education, and 250 in the College of Engineering.

During the fall semester approximately 9,000 students were enrolled on NMSU's main campus. An additional 2,000 students were registered at the university's four branch campuses.

REV. JAMES SMITH

Olton Band Students Make Skiing Trip

OLTON— Three chartered bus loads of Olton Band Students and several parents along with Band Director Fred Stockdale, left Olton Friday afternoon for Red River, N.M. for a weekend of skiing.

Planned by the seniors in the band, while on a trip to Colorado last summer, the size of the group has greatly increased and included 50 adults and 91 students. The group stayed at Terrace Towers Lodge. Each person making the trip paid their own expenses.

Mike Stroebel suffered a broken nose while skiing and Mark Franks and Robin Spain suffered broken legs. They received medical treatment at Taos.

"The Band," Stockdale says, "has scheduled a spring trip. On May 9, 10 and 11 they will compete in the 'Six Flags Over Texas,' Band contest."

Refreshments of assortment cookies, nuts, mints and punch were served to the guests.

The hostess gift was a portable mixer. Hostesses were: Valeria Shannon, Evelyn Albus, Lydia Green, Marcy Demel, Mary Albus, Ellen Franklin and Lea Gerik.

Bridal Shower Honors Couple

PEP— A bridal shower was held in the Homemaking Dept. of Pep School Thursday, Feb. 21, for Mrs. Mary Jo Bond, nee Mary Jo Miller of Muleshoe.

Her colors of pink and white were carried out. The table was laid with a white lace table cloth with four white candles accented to the right side of the punch bowl.

Refreshments of assortment cookies, nuts, mints and punch were served to the guests.

The hostess gift was a portable mixer. Hostesses were: Valeria Shannon, Evelyn Albus, Lydia Green, Marcy Demel, Mary Albus, Ellen Franklin and Lea Gerik.

Marsha Topley, daughter of Mr. and Mrs. Daniel French of Littlefield is among more than 1,700 students who have been named to the fall semester deans' lists at New Mexico State University at Las Cruces, N.M. for the 1973-74 academic year.

She is a straight A student in the College of Education.

To be named to a dean's list a student must have earned at least a 3.2 grade point average of a possible 4.0 while carrying a minimum of 12 credit hours for a grade.

Of the total number of students on the deans' lists, 277 are enrolled in the College of Agriculture and Home Economics, 603 in the College of Arts and Sciences, 252 in the College of Business Administration and Economics, 350 in the College of Education, and 250 in the College of Engineering.

During the fall semester approximately 9,000 students were enrolled on NMSU's main campus. An additional 2,000 students were registered at the university's four branch campuses.

Fun With Debating Is Chapter Program

A take-out dinner was served to members of Tau Chi Chapter of Beta Sigma Phi Monday night followed by a brief business meeting and long fun-filled program.

Judy Vaughn reported that the Young Homemakers Club helped her with the Heart Drive Sunday, Feb. 17. Together they collected \$100.46.

A city council report was given by Kaye Kendall. Kaye stated there would be a Beta Sigma Phi Bake sale April 13. The Valentine Dance was discussed and said to be very successful.

A Valentine party for a Special Education class was given by Tau Chi Chapter. Judy told of taking homemade cookies, punch, and favors to

the class, and that the teachers and children were very appreciative.

The program for the evening was on "Debating" and each member of the Chapter participated in friendly debates. Various subjects were named by Kaye, and the girls chose which subject matter they wanted to debate.

Edna Crews brought a hot cheese dip to have with dinner, and hostess Pat Stubbs served iced tea, Cokes, and cookies for dessert.

Members present were Glenda Young, Pat Stubbs, Kaye Kendall, Dot Simmons, Judy Vaughn, and Edna Crews. The "love gift" was won by Judy.

RODRIGUEZ
Born to Mr. and Mrs. Cesar M. Rodriguez, a baby girl on February 27, 1974. She was born at 1:12 p.m., weighed eight pounds and five ounces and is named Miranda Rodriguez.

ROBLES
Born to Mr. and Mrs. Santiago Robles a baby boy on Feb. 25 at 4:46 a.m. weighing 9 lbs. 3 ozs.

Coffee Honors Mrs. Lahren

Mrs. Doss Maner hosted a coffee Wednesday afternoon honoring Mrs. Lorraine Lahren of Fargo, N.D., sister-in-law of Mrs. Minnie Frederickson of Littlefield.

Millionaire pie, chocolate nut brownies, hot coffee and hot fruit punch were served to the guests, Mmes. Alice Willis, Lillie Kleing, Lucy Taylor, Winnie Elliott, Lena Jones, Minnie Frederickson, Joan Williams and the honored guest.

Smoot-Ross Engagement Announced

Mr. and Mrs. Howard R. Smoot of Blythe, Calif. announce the engagement and approaching marriage of their daughter, Cheryl Kay, to David Kent Ross, son of Mr. and Mrs. Bill Ross of Blythe.

The prospective groom is grandson of Mr. and Mrs. Buck Ross of Littlefield.

The bride-elect is a senior at Palo Verde High School and is taking advanced placement courses at Palo Verde College. She was first runner-up to the 1973 National Cantaloupe Festival fair queen.

The prospective groom is a 1970 graduate of Palo Verde High School and is presently employed by Sears, Roebuck and Co. in Kingman, Ariz.

Public Schools Week

IN TEXAS, we will be facing many hard choices in the next few years regarding the methods by which we finance our public schools.

Will there have to be major tax reforms?

Will the state have to provide a larger cost of public education?

Yes, Public school financing is in a severe financial bind and major reforms may have to be instigated in order to resolve this problem.

JUST HOW MUCH do you know about your local school district?

During Texas Public Schools Week, March 4-8, you are invited to visit the

public schools in your area or neighborhood. You are invited to evaluate your local schools. Visit and observe—is there enough funding being provided to assure your child of quality education?

Are your teachers experienced? Are your schools being adequately maintained?

These are some of the questions you can find answers to during Texas Public Schools Week, March 4-8.

WHETHER A PARENT or not, your visit and comments will be most welcome.

Show your interest and your concern during Texas Public Schools Week, March 4-8.

Lamb County Included In Scabies Quarantine

Portions of Lamb, Parmer, Hockley and Lubbock counties in the Texas Panhandle were quarantined Feb. 19 by the U.S. Department of Agriculture (USDA) following the discovery of poropitic cattle scabies mites in those areas.

The discovery was first made by a local veterinarian in Lubbock county. Traceback to the farms of origin disclosed the other infestations.

Officials of USDA's Animal and Plant Health Inspection Service (APHIS) report that the number of quarantined areas in Texas now totals five, the other being a portion of Hansford county.

All quarantines will be lifted as soon as cattle herds in the area have been inspected and either found free of the disease or treated to eliminate the scabies mites. Under federal quarantine regulations, cattle cannot be moved across state lines from the quarantined area unless they are inspected and found free of scabies within 10 days prior to shipment. Similar state quarantine regulations control cattle shipments to other parts of the state.

State and federal livestock inspectors, working under a cooperative eradication program, will continue to check herds within the quarantine zone. Recent cattle movements are still being traced to locate other possibly infected herds.

Inspectors also supervise treatment with USDA-approved pesticides to eliminate the tiny, parasitic mites which cause scabies. These mites puncture the skin of cattle and feed on the body fluids released through the wounds. Heavy infestations result in the formation of large, crusty "scabs" on the skin. Cattle with scabies lick, rub and scratch to relieve the intense itching.

APHIS officials stressed that cattle scabies damages only the hides of infected animals and does not affect the wholesomeness of the animal's meat. The skin irritation can cause loss of weight and decreased food efficiency.

Emergency Radio Squad Organized

Several citizen's band radio operators from the Littlefield area have organized to form an Emergency Radio Squad to aid the Civil Defense, law enforcement agencies, and other government agencies in times of emergency with radio communications, manpower and other assistance as may be available and needed to protect life and property.

Of particular interest will be the participation of members in aiding with storm watch coverage this spring and summer.

Membership remains open to all citizen's band radio operators in the Lamb County area who may wish to participate.

Those interested may contact the Littlefield Civil Defense director, Leon Durham at 385-3831 or Police Chaplain Henry Goss at 385-9636 by phone, or they may contact them by radio on C. B. Channel 11, KEZ 9604.

It is hoped that enough members will be enlisted from the area to form a radio network for several miles.

Currently, approximately 20 units have been enlisted with coverage stretching from near Fieldton through Whitharrel and Levelland to the south and to Goodland to the west of Lamb County.

Radio operators who do not feel they can provide mobile help, may participate by providing base stations in the network.

Turn Row

COMMENTS

By EMIL MACHA

FARMERS ARE BECOMING increasingly concerned over the present situation regarding fuel. Two things seem certain: supplies will be tight if not limited, and prices will be higher.

This means that fuel will have to be used with maximum efficiency to assure adequate supply and limit operating costs.

Let's look at a few ways of economizing fuel.

KEEP ENGINES TUNED to manufacturer's specifications.

An improperly tuned engine can result in as much as a 20 percent fuel waste. New Sparkplugs can decrease fuel use by 6 percent, a tune-up for the carburetor can save 10 percent. The color of the exhaust smoke usually tells if fuel is being wasted.

Blue smoke is a sign of burning lube oil, usually from a worn engine. It results in power loss, hence excessive fuel use.

Black smoke results from unburned fuel. It can be caused by overfueling, restricted air supply, or an overloaded engine.

USE HIGHER GEAR, less throttle with partial loads.

You can save an average of 20 percent on fuel by throttling back and shifting to a higher gear on loads under 50 percent. Savings can be as much as 30 percent of the fuel used with a 50 percent load at full throttle.

Keep in mind that you should always operate at half-throttle or more. Below this point engine temperature may not be uniform and can result in inefficient engine operation.

Always try and match the tractor size to the implement and field conditions. Lugging the engine—pulling heavy loads at reduced speeds—is hard on the engine and also wastes fuel.

COMBINE FIELD WORK.

Whenever possible, combine implements to do two jobs in one trip over the field. One good way to do this is pulling a tandem disc behind the stalk shredder.

Cover the maximum number of rows in each round (4-row shredders, 10 or 12 row equipment, etc.). Consider a minimum or limited tillage operation.

Deep plowing can use as much as 1.5 gallons of diesel per acre and 2.25 gallons of gasoline, depending on soil type and moisture conditions. Make rows as long as feasible; turning makes inefficient use of fuel.

KEEP FILTERS CLEAN

A clogged air filter robs power, wastes fuel, and can damage the engine. Service these filters regularly, giving extra attention under extremely dusty conditions.

Gasoline and naturally aspirated (without turbocharger) diesel engines can have up to a 5 percent increase in fuel efficiency simply by cleaning the air filter.

MACHINERY ADJUSTMENT

Keep plow-points and knives on cutting equipment sharp. Adjust tail wheel on plows to maintain proper heel and landside clearance. If you change fields or if conditions in the field are altered.

Readjust equipment whenever feasible. Remember each tractor, implement, and field are different. Check manufacturer's handbook for adjustment to give maximum efficiency in each situation.

MINIMIZE WHEEL SLIPPAGE

Tire slippage during heavy plowing is

one of the biggest fuel wasters. If you can see a tire slipping, you are probably exceeding 15 percent slippage, which is considered the maximum allowable.

Adding wheel weight or decreasing the load will help. Remember excess weight can cause excessive soil compaction. Dual rear wheels are another way of reducing slippage and in general results in less compaction. Radial ply rear tractor tires will be available this spring from at least one manufacturer. These tires are another way of reducing slippage.

AVOID LONG IDLING
Train your operators to shut off engines any time prolonged idling is anticipated. Remember, of course, that any engine that has been pulling a heavy load needs at least five minutes of cooling before it is shut down.

An idling engine not only wastes fuel, (up to 1/2 gallon per hour) but it can cause other conditions which waste fuel. Fouled spark plugs can result from the rich mixture of fuel and air present during idling. Injector nozzle tips can become clogged with carbon generated from unburned fuel also.

STORE FUEL PROPERLY

On-farm storage is useful during periods of limited supply, but it can be costly if not maintained. A 300-gallon gasoline tank, painted red and unshaded, will lose over 3 percent per month from evaporation.

The same tank painted white and shaded will lose only 0.8 percent per month. Installation of a pressure-vacuum release cap cuts losses to less than 0.5 percent. Filter all fuel, especially diesel, to avoid damage to engine components which could result in fuel waste.

If farmers will adopt these practices, and stick with them, they can possibly avoid a fuel shortage while at the same time reduce their expenses. The mandatory fuel allocation program provides agricultural production with diesel of 100 percent of the current needs. With increasing acreage during a period of energy limitations, farmers must plan more carefully than ever to meet consumer demands and make a profit.

OBITUARIES

OLA CECIL PAYNE

Funeral services for Ola Cecil Payne, 61, of Truth or Consequences, N.M., a former Earth resident who died at 2 p.m. Sunday in St. Ann's Hospital in Truth or Consequences, were conducted Thursday afternoon in the First Baptist Church of Earth.

Officiating was Rev. David Hartman, pastor, and burial was in the Earth Cemetery with Parsons-Ellis-Singleton Funeral Home of Earth in charge of arrangements.

Payne was a Baptist and had lived at Earth from 1944 to 1955, when he moved to Albuquerque, N.M. He was a cement finisher and a native of Hall County.

Surviving are three sons, Lloyd Payne of Borger, Harold Payne of Chino Valley, Ariz., and Robert Payne of Bryson; three daughters, Mrs. Doris Smith of Vernon, Ill., Mrs. Betty Jones of Jermyn, and Mrs. Louise Warren of Fort Worth; three sisters, Mrs. Lura Moore of Clarkdale, Ariz., Mrs. Laverne May of Deming, N.M., and Mrs. Stella Offield of Silverton; two brothers, Sam Payne of Bagdad, Ariz., and Ferris Payne of Chino Valley, and 16 grandchildren.

JULIET MARIE RAMSAK

Services for Juliet Marie Ramsak, 2, who died at 3:30 p.m. Tuesday in the home of her great-grandmother west of Littlefield following an extended illness, were conducted Thursday afternoon in the Hammons Funeral Home Chapel. Burial was in the Littlefield Memorial

Parke. The child was born in Bossier City, La. April 28, 1971. Surviving are her mother, Daria Ramsak of San Antonio; her father, Russell Ramsak of Oklahoma City, Okla.; her paternal grandparents, Mr. and Mrs. Albert Ramsak of Wisconsin; and her great-grandmother, Mrs. Don Brewster of Littlefield.

THE ABUNDANT LIFE

Live In Present

THERE ARE THREE time zones in which we can live, and we may choose the one we desire. We may live in the past, or we may live in the present, or we may live in the future.

Of course, we are concerned with all of these, and should be; but there is a wise view and an unwise view of these time zones. The realism and adequacy of one's life are determined by the view we maintain.

THE PAST IS IMPORTANT, but not for living in. There are lessons to learn from mistakes of the past, but otherwise the past must be forgotten. There are accomplishments and happy memories, and, for many persons, there are outstanding events.

These accomplishments, happy memories and outstanding events are important in a life as sources of encouragement and happy thoughts; but they are not important enough to hold us to the past.

"THE AGED LIVE in the past" is a statement we hear frequently, and this may be an accurate observation; generally speaking, we know that the present is for living.

The real tragedy is in the fact that living in the past begins very early in so many lives.

THE PAST HAS A PLACE in our consideration, but it is not where we can find the fullness of living.

THE FUTURE IS IMPORTANT, too; but it must not be permitted to fill the

present. There are people who live in many troubles and problems in the future that they overload the present.

They view the future with apprehension and anxiety, to the point that the present is completely neglected.

"WE THINK VERY LITTLE of the present; we anticipate the future being too slow, and with a view to it onward; we recall the past too swiftly gone. We are so sure that we thus wander through the moment which are not here, regarding the moment that is actually upon us." Pascal.

THE PRESENT HAS a place for reasonable concern about the future. In fact, a justified hope for the future will enhance the present, continuing source of strength.

This is as it should be, and can be, to try to live in the future is one of the most foolish exercises in futility. Many persons have said that the things they worried about have come to pass.

THE PRESENT IS FOR LIVING. One thing, it is the only time of life that can be sure; the past is gone, the future may never come.

The present, used wisely, has its purposes: It is living at its best, the best preparation for whatever there may be.

WE CAN LIVE, truly live, if the past remain the past and let the future be the future; and make the everything it has the potential

HOMMY GRITS

By CORNBALL BLEVINS

HAD THOUGHT I'D noticed some signs of spring floatin' around, but had dismissed them as being imagined. Surely, no sane person could entertain any such thoughts in February.

However, for the last few days I've noticed these silly Sparrows carrying dead grass and twigs around, while having a dreamy far-away look in their eyes. They seem to love to keep the nooks and crannies about the mill stuffed with this fire hazard during the spring and summer months.

AT FIRST I'D thought it to be my DON QUIXOTE bird that frequented the place for the past couple of years. (He's the one that caused me to take the chrome hub-caps off a wrecked "Kraut-Can" that sat by the building a couple of years ago. Kept knocking himself out, doing battle with his reflection in the hub-cap.)

But, there's more than only a few birds doing these crazy things. Could be that it's just the heat getting to them?

MY SUSPICIONS WERE further whetted, a couple days back, when I happened to see a FULL GROWN man trying to start a lawn-mower, of all things! (And not a green sprig of grass in sight!)

But what made me go inside and look

at my calendar was going to find the better 'half' running around, pulling a trickling wheelbarrow. We ALL be off our rockers!

WHEN DID WE have winter were all the snow and ice with zero temperatures? Surely we better than this! Could I have completely missed April 15th?

It must all be a part of a demagogue plot, designed to take us off of Watergate, the fuel short income tax time.

BUT, THEY'RE not going to me—it's going to be a while yet they catch me out raking the watering the grass, and painting the woodwork. Shucks, I've still got to mope around and dread April and I aim to enjoy every minute.

So, go ahead, you birds, and rush spring around. Methinks you gonna have a full time job, trying those eggs warm 'til spring here—And, even at that, it's a bunch of Penguins you're talking about.

SORRY, I'M NOT yet prepared an exposition on this new "streaking". Maybe I'll get some breath in a few days.

MEANTIME:—SICK!

A Woman's View

By PEARL BRANDON

LAST WEEK I had so many plans and was dashing around trying to get things done at home so I could carry them out. I cleaned house—moved furniture, ran the sweeper, washed and did all the things I thought necessary—then you know what happened?

I landed in the hospital, flat on my back again!

There went my plans and here I lay perplexed and confused, giving everybody a hard time.

So—I had to sit back and take a look at myself. I don't like what I see.

HERE I AM again trying to rush ahead and make things happen instead of taking time to listen to that still small voice inside that guides us if we give it a chance. We try to do more than our poor tired bodies can stand, then pay for it by being laid up for a while.

THE DOCTOR says "Find out how much you can do and temper your lives to that". The Lord says: "You have done enough so come aside and rest awhile."

It is hard for us to accept the fact that sometimes we have to slow down, but I have learned that I had better obey both my doctor and the Lord if I want to live comfortably.

Parke.

The child was born in Bossier City, La. April 28, 1971.

Surviving are her mother, Daria Ramsak of San Antonio; her father, Russell Ramsak of Oklahoma City, Okla.; her paternal grandparents, Mr. and Mrs. Albert Ramsak of Wisconsin; and her great-grandmother, Mrs. Don Brewster of Littlefield.

Hospitality House News

By MRS. JONNIE CHAPMAN

THOSE VISITING Mrs. L. L. Massengill were Mrs. Kathryn Preboth, Mrs. Gladys Glass, Fay Barker, Zaida Helms, Mr. and Mrs. Neil Wood, Mrs. M. T. McKinnon, Lucille Johnson and Linda Hodge.

MIKE MOTE is a new patient in the home.

MRS. ANN RUTLEGE visited several in the Hospitality House Friday.

MRS. BEN WARREN visited her husband Friday.

ALLEN GIVENS had as visitors last Saturday his brother, Fred Givens, and his son, Waital Givens of Ft. Hood.

MR. AND MRS. H. N. BENNETT and Mrs. Ann Smith were visiting Enloe Smith Saturday.

MR. AND MRS. SCHULER Anderson of Lubbock were visiting her mother Mrs. Daisy Steward, Friday.

ARBIE CHANDLER of Muleshoe visited with his mother, Mrs. Maggie Chandler, Saturday.

MRS. BETTIE NEWTON of Anton visited with her husband, Madison

Newton and mother, Mrs. Mary Wright.

MR. AND MRS. F. E. SPRADLEY of Anton were visiting several in the home Sunday.

MR. AND MRS. D. J. STAFFORD visited Mrs. Daisy Steward Friday.

MRS. SHANNON HARRIS and son, Philip of Lubbock, visited her mother, Mrs. Gladys Jones Sunday.

MR. AND MRS. CALVIN PETTY of Dimmitt and Mr. and Mrs. Glen Young visited their mother, Mrs. Birdie Sisson Sunday.

MRS. OPAL AMMONS visited her mother, Mrs. Nellie Heckey and mother-in-law, Mrs. Cora Ammons, Monday.

MRS. CLYTIE DIAL of Amarillo, Mrs. Nell Hoggett of Amarillo and Mrs. Lenora Huber of Littlefield visited their mother, Mrs. Dora Henry, Wednesday.

MRS. DAVID HARMON of Amherst visited her mother, Mrs. Nellie Heckey Tuesday.

F. L. NEWTON was visiting his brother, Madison Newton, Sunday.

OCIE PATE had as visitors this week his son, Harlon Pate of Bridgeport, Calif. and his brother, Delton from Slaton.

JOHNNIE GREGG conducted church services Sunday afternoon, with Tommy Lobaugh leading the song services. Jan Sisson sang two solos and Tommie Perkins gave the benediction. We had several visitors for the services.

MR. AND MRS. HERSHEL CARTELL of Floydada were visiting their aunt, Mrs. Minnie Carrell Sunday.

MISS EMMA SELL had as visitors this past week, Mrs. Pearl Bennett, Pastor Edward Kern, Mrs. Lillie Harmes of Anton, Mrs. F. E. Bournon of Anton and Mrs. Henry Sager.

THOSE VISITING Mrs. Maude Hemphill Sunday, were her brothers, Willy Lide and Elmer Lide, both of Lubbock, and Theo Lide of Shallowater, Mrs. Roy Terry, Mrs. Lenora Terry granddaughters of Littlefield.

MRS. COY SIMNACHER went to Baileyboro Thursday to spend the day with her two sons, Vince and Larry Simnacher, and their families.

MRS. MARGIE UNDERWOOD of Abernathy, Mrs. Bill Jeffries daughters, and Mrs. George Tooley, sister of Mrs. Maggie Weaver, were here Thursday to attend the monthly birthday party.

SEVERAL LADIES of the Hospital Auxiliary came out Thursday and hosted the monthly birthday party. There were light honorees this month, Mrs. Albus, Mrs. Hillis, Mrs. Warner, Mrs. Weaver, Mrs. Torres, Mrs. Talbut, Mr. Rangel and Mrs. Chapman. We had a very nice party. Mrs. Margie Underwood played the piano for singing happy birthday, and she also played music during the party. A beautiful birthday cake and punch were served.

Immunity Joins Up
Cancer researchers are seeking to uncover the role of the body's immune system in fighting cancer. Help the American Cancer Society research program by giving most generously this April.

Stem The Tide
Do you care enough to help stem the tide of cancer by supporting the American Cancer Society's programs of research, education, and service? Give generously to defeat cancer.

MRS. LORA ACORD returned home Tuesday after spending two weeks in Dallas visiting her son, Mr. and Mrs. Troy Acord and family.

Spade Notches 49-40 Tourney Win Over Bronte

The Spade Longhorns spurred on and off Friday night, but their hot streaks were enough to propel them over Bronte and lock up a 49-40 win in the first round of the Class B Region I tournament in Levelland.

The smaller Bronte team, also nicknamed the Longhorns, were unable to get the ball inside against Spade, and their outside shooting resulted in a cold 35 per cent. Spade did a little better (38 percent), but their fast break and lunging, aggressive defense were what carried them through.

Spade met Loraine Saturday at 10:45 a.m. in a semifinal game. Results were not in by presstime. The winner of that contest played the winner of the Channing-Hedley game for the Region I championship, and a ticket to the state tournament in Austin.

Spade jumped to a quick 7-0 lead on the strength of Marvin Matthews three-point play, a Gaylon Reed layup on the end of a fast break, and a 10-foot jumper by Randy Gray. Bronte's Alan Barbee finally connected on a pair of free throws, but Spade reeled off two more fast buckets for an 11-2 lead. Matthews and Jay Burchfield of Spade both picked up two fouls, and Spade eased off slightly defensively. Still, Bronte couldn't connect with the basket, and the half ended with Spade up 26-15.

Bronte got within eight points in the third period, but Spade got the last points of the quarter to go into the last

stanza ahead 40-30. Bronte scored first to make it 40-32. Then Spade froze the ball for almost four minutes, taking three shots, rebounding all three, and winning the tip on one jump ball. When Bronte finally got the ball back, Sophomore Mark Cowan picked off a bad pass under the goal and layed it in for a 42-32 margin.

Andy Eubanks popped from 20 feet for Bronte, but Gray came right back and hit a 12-footer for Spade. Gray was fouled on the shot by Nelson Coulter, and the lone senior on the Spade squad converted for the three-point play.

Alan Barbee got two for Bronte on a drive to make it 38-45 with 1:51 left. Then Gray put the game away with a pair of free throws and a fast break layup. Barbee scored the final points with one second left on an unguarded layup.

For the night, Gray connected on five of five free throws and a total of 15 points. Matthews had 12 points, and gathered in 13 rebounds. Cowan collected eight points. Reed and Burchfield both scored six, and Chuck Mills two. Reed was Spade's leading rebounder with 14.

Jim Raughton was the game's leading scorer with 16,

and Barbee, Bronte's tallest player at six foot, added 10.

"Our boys just didn't play up to their capabilities tonight," said Spade coach Jim Haynes after the game. "We missed too many easy shots, fouled too much and gave up too many easy shots. We were real fortunate, because Bronte's a good ball club. Marvin got into early foul trouble, and we had to pull him, which always hurts us. Then Jay got in trouble. Mark Cowan came in and did a good job underneath, but we wanted all our height in their to try and get some rebounds, and Mark is more used to playing outside. Chuck Mills did a good job, but he really

needs to shoot more tonight. The two field goals he handled the ball, but no one really percentage I felt he have."

Spade's record is 1-1 while Bronte ends season at 3-4.

Bucks, Horned Frogs Take Leads

Close games were the rule rather than the exception in Little Dribbler action this week as four of six games were decided by two points or less.

The Horned Frogs took over control in the major league division with a 36-20 swamping of the Razorbacks Thursday. Hobey Phillips led the Frog attack with 12 tallies. Rodney Hampton, Stevie Jackson and Scott Blakely each contributed eight in the win.

Mark Yarbrough threw in six for the Hogs, followed by Scot Yarbrough and Tony Hall with four, and Mark Harris, Larry Head and Kerry Rainbolt with two.

Also Thursday night, the Bears nipped the Mustangs 22-21. The Bears led at the end of the first quarter and at the half, but fell behind 16-17 going into the final stanza. They battled back, though, and evened their season record while dropping the Mustangs into the cellar.

Mike Martin and Crockett Patterson collected eight apiece for the Bruins. Eddie Gregory added four and Michael Blevins had two.

For the Ponies, Ricky Henson picked up nine scores. With four were Jimmy Clayton and Darral Bryant, and Dennis Garcia and Joe Don Haynes put in two.

The Raiders regrouped from a 17-20 third quarter deficit to edge the Longhorns 29-27 Tuesday, but they had to go into overtime to do it. The score was tied at 27 at the end of regulation time, and the Raiders came up with the only scores to produce the win.

Randy McCarty bombed the Longhorns for 21 points, the high total for the week. Robert Flores had six and Kerry Pope added two more.

Marty Drake led the Bovines with 10 tallies. Joe Martinez followed with six, Brady Bradley had five, James Johnson four and Gregory Scott two.

In the minor league, the

Bucks, like their counterparts in the NBA, took over the lead with a 37-35 victory over the Hawks Tuesday. The Bucks trailed at the end of every quarter, but they pulled into the lead at the end of the win.

Clark Pylant and George Brockington combined for 17 points apiece, and Rocky Bowman collected the other three for the Bucks.

Jerry Jones also pitched in 17 points for the Hawks, and Randy Healy popped for 12 more. Greg Harris had four and Mark McCannies added a couple.

The Cougars and the Warriors battled it out in the other game Tuesday, and when the dust cleared the Cougars were one-point victors, 26-25.

Dennis Abeyta notched 18 points for the winners. Todd Butler followed with four and Tracy West and Tommy

Richardson put in two apiece.

Eric Sawyer with 14 and Jimmy Sexton with nine sparked the Warrior charge that came up just a point shy.

Jim Burks also had a couple.

In Thursday's game, the Sonics ripped the Celtics 21-15.

Leslie Yarbrough had 10 tallies for the Sonics, Mike Williams eight, Allen Jones two and Barry Fisher one.

George Gallegos collected seven for the Celtics. Bryan Gregory and Bill Davidson each dropped in four.

After the first two games of the season, there is a four-way tie for second place in the majors behind the Horned Frogs. The Mustangs are in last with a 0-2 mark.

In the minors, the Bucks are all alone at the top with a 2-0 record. But only a step away are the other five teams, each at 1-1.

GAYLON REED lays in an easy bucket Friday in the first quarter of Spade's 49-40 win over Bronte in the Class B Region I tourney at Levelland. Reed scored six points for the night and hauled in 14 rebounds. Spade met Loraine Saturday morning in the second round of the tourney. (Staff Photo)

Methodists Schedule 'New Life Mission'

SMU, in Dallas.

"Rev. Pittman has been active in New Life Mission work for the past four years. Serving as the Northwest Texas Conference Coordinator of the New Life Mission program, he believes that evangelism is a necessity for the church," Rev. Hamblin stated.

"Evangelism is not what happens accidentally, but what we do intentionally to make the Christian faith a real option for the uncommitted person—whether that person is inside or outside the church. The task of evangelism is carried out by proclaiming the Gospel by word and act, by witness through speech and living. The philosophy of the New Life Mission is to confront the local church with the possibility of becoming a church of martyrs and servants, both speaking and living the gospel," he concluded.

Rev. Richard Pittman, pastor of First United Methodist Church in Wolf forth, will bring the messages, both morning and evening, for the "New Life Mission."

Rev. Pittman was born in Port Arthur in 1939. He is married, and he and his wife have two teen-age daughters. He received his B. A. degree from McMurry College, Abilene, in 1964, and in 1969 he received his B. D. from Perkins School of Theology,

SMU, in Dallas.

HOW TO SOLVE NARROW PROBLEMS

A common one many homes to decorate a narrow and make it more attractive. Actually, there are ways you can use and other furniture solve this problem.

One idea is to use attractive table right angles to long walls. This is a strong line and room and help feeling of a long room.

A mirror or a screen covering can make room seem wider also try a arrangement of on the short minimize the appearance.

Another idea is a love seat or a grouping away from walls. This grouping coming the wall can move in such a way as person feel the room as narrow as it is.

Remember, the arrangement of is still possible in that has a so-called problem, and as a of fact, the right arrangement can overcome any room have.

We stand ready you with suggestions fine selection of to make your home beautiful. Maybe specific piece can of your rooms and look around.

Littlefield Area Students Named To Honor Roll

Three students from Littlefield area have been named to the Dean's Honor Roll at South Plains College for fall of 1973.

Announcement was made by Nathan Academic dean at SPC. Total of 232 students at South Plains made the honor roll last semester with 54 earning a grade point average of all A's. Dean Tubb

Students to be listed on the honor roll, students must earn a grade point average and an academic load of 12 credit hours.

Littlefield students are John David Demel, Jackye Linda Horn, Gary James McGee, Debra Willa Reast and Tena

County Farmers Win '73 Contest

Lamb County farmers have won national distinction in a 1973 grain contest.

Named to the 1973 Northrup Sorghum Club LaVerne Vaughan of Blanton Martin, Roy Allen and Duane Gray, all from the Fieldton community.

These farmers share honors with 530 growers all over the world who were selected

Wells. Students from Sudan on the roll are Cecilia Bandy, Tanya Chester, Cynthia King, Eugene Lopez, Deanna Phillips, Evelyn Williams and Barbara Campbell.

Representing Anton are Ester Alvarado, Jacky Hill, Patsy Leonard, Sylvia Luna and Doran Swanson.

Students from Earth are Janet Britton, Jesse Castillo and Roy Daniel.

Olton students are Paul Allen and Pablo Almanza.

Other students on the honor roll are Steven Newton of Enochs, Elizabeth Harlan of Bula, Karen Dear and Darla Dear, both of Springlake; and Karen Green, David Shannon and Alvy Walker, all of Pep.

for membership in the Carload Sorghum. Each will receive a special trophy.

Farmers say 1973 will be remembered as the year sorghum took its place in the world market as one of the major feed grain crops. With the devaluation of the dollar, American sorghum became competitive in foreign markets. This new outlet for sorghum production in turn stimulated prices which were increased with a worldwide shortage.

SPAG Grant To Be Used For Spanish

South Plains State University has been awarded a grant from the state Department of Justice Council.

The grant will be used to develop a course in conversational Spanish to about 150 law enforcement personnel in the South Plains, said Frank Jones, assistant professor of Spanish at South Plains State and project director of the course. He will also be a course instructor.

Students from the grant will be used to develop the course, purchase needed equipment and pay for the books and materials of the law enforcement personnel taking the course. The course will cover conversational Spanish with interrogation, arrests, disturbances, alcohol and narcotics and other situations. Students will receive three college credit. The course will meet five times a semester, beginning in

September, who wrote the proposal for the course is currently working on the book for the course. Visual materials, tapes and electronic equipment will be used in the class.

SPAG is composed of city and county law enforcement agencies in a 15-county area—Bailey, Cochran, Crosby, Dickens, Floyd, Garza, Hale, Hockley, King, Lamb, Lubbock, Lynn, Motley, Terry and Yoakum counties.

Thoughts

From The Living Bible "For nations and kingdoms will proclaim war against each other, and there will be earthquakes in many lands, and famines. These herald only the early stages of the anguish ahead. But when these things begin to happen, watch out! For you will be in great danger. You will be dragged before the courts, and beaten in the synagogues, and accused before governors and kings of being my followers. This is your opportunity to tell them the Good News. And the Good News must first be made known in every nation before the end-time finally comes. Mark 13:8-10 Religious Heritage of America

Farmcast

A Weekly Report Of Agri-Business News

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

678 Is Average... Fertilizer Use Jumps Again... Texas Citrus Prospects Are Reduced.

What's your idea as to the average size of a Texas farm? It could range from a few acres to several hundred thousand. The Texas Crop and Livestock Reporting Service has made it official: the average size of a farm in Texas contains 678 acres.

That's almost twice the size of the average farm for the nation. As the average size gets larger, the number of total farms in the state and the nation continue to decline, with perhaps an exception for 1974.

Preliminary figures now show that there are 209,000 farms in Texas as of January 1. This is the same number as of January 1 in 1973 and 1972. Fifteen years ago—back in 1959—there were 252,000 farms in the state with an average size of slightly more than 600 acres.

Nationwide, the total number of farms has declined slightly as of January 1 from a year ago. It's estimated there are 2,821,000 farms in the nation now, compared to 2,844,000 in 1973.

Average size of a farm in the nation is 385 acres, an increase of almost 100 acres during the past 15 years.

In Texas, there are 141,800,000 acres in farms; for the nation there is slightly more than a billion acres in farmland.

FERTILIZER use in Texas during 1973 as of June 30 showed a slight increase from 1972. The June 30, 1973 total is 2,556,371 tons of fertilizer compared to 2,514,837 tons in 1972.

Payroll Savings.

The cold, hard, calculating way to get a nice, warm feeling of security.

You can plan your future to the dime. Simply sign up for the Payroll Savings Plan. An amount you specify will be automatically set aside each payday to buy U.S. Savings Bonds.

With Bonds what you save is what you get. Plus interest. Nothing's more secure and dependable. Ask your payroll people to get you started right away. You'll be richer later. And feel good. And warm. And secure.

Tuesday, March 19, is the date set for the seventeenth annual membership meeting of Plains Cotton Growers, Inc., Lubbock-based High Plains cotton producer organization.

The meeting will begin at 2 p.m. at Van's Catering Service on the Slaton Highway just east of Lubbock and is expected to adjourn by about 6 p.m. according to PCG President Ray Joe Riley of Springlake.

General theme of the meeting will be "Markets for High Plains Cotton," with emphasis placed on what has been, is being and will be done to maximize the advantages of High Plains type cottons in open-end spinning mills and other new textile processing systems under development.

High Plains cotton producers through PCG have the opportunity to greatly enhance their position in world fiber markets through aggressive research, marketing, and investment in a textile industry right here on the High Plains," Riley said. "The newest commercially driven yarn forming process - open-end spinning, and the opportunities open to High Plains cotton through use of this system will dominate the meeting," Riley announced. He adds, however, that "rapid progress is being made in the perfection of a twistless yarn forming process and a new wave motion loom, and these plus other technological developments still in the experimental stage also hold promise of using shorter staple, lower micronaire cottons more effectively than do systems presently in use."

Texas Tech's Textile Research Center Director James Parker will address the group on how producers through PCG can best utilize the Textile Research facilities

at Tech in pursuit of markets for High Plains cotton in open-end spinning mills. TRC has two open-end spinning frames in operation, plus prototype machines for the new twistless or "Twilo" system.

A top-level staff member of Cotton Incorporated will outline CI's plans for product development and marketing efforts in connection with new systems. His address will be entitled "Making Cotton the Optimum Fiber for the Textile World of the Future." Cotton Incorporated is the national cotton producer organization supported by "dollar-a-bale" grower contributions supplemented by federal funds. Cotton Incorporated headquarters are in New York "where textile markets are made" and the company has extensive yarn and fabric development research facilities in Raleigh, North Carolina.

The potential for a textile industry on the Plains will be discussed by Paul Cook, a man already deeply involved as president of both Feather Fabrics and the Textile Investment Group of Texas (TIGOT). Feather Fabrics, financed by local investors in partnership with a Dutch textile firm, Nijverdal-Ten Cate, in June will be installing machinery for an open-end spinning plant in Lubbock. Production from 2400 spindles is expected to begin late in the Fall of this year. TIGOT is a group of area people who own rights to the "Twilo" system.

Following the formal addresses the three speakers will serve as a panel for answering questions from the audience. In addition President Riley and Executive Vice President Donald Johnson will give reports to the membership on PCG activities of the past year.

Water Development Committee Report

Here was the United States dollar in 1973 losing value rapidly; devalued money leaving the Nation much faster than coming in; there was a flavor of bankruptcy.

Then, as if out of the blue, came floods of grain and cotton, much of it from West Texas, exported to other countries. And dollars by the billions came pouring into the United States. The value of the dollar steadied and then rose.

When the energy crisis became apparent, the great West Texas stores of hydrocarbons helped provide assurance the United States would fare much better than most countries. The value of the dollar in respect to other currencies is rising again.

West Texas grain, cotton and energy were prominent in saving the day. West Texas food and fiber helped the American people have food to eat and clothing at lower prices than in other developed nations.

The grain, cotton, livestock, wool, hydrocarbons and food originating in West Texas were and are being transported and sold—for money. The money in the banks and expanding business mean profits and a strong economy for all of Texas. Remember this!

In the year 1973 West Texas had water supplies to produce abundantly. In 20 or 30 years, say the experts, these generous supplies of water will not be on hand unless massive conservation, brush control, transfer and importation of water occurs.

The West Texas Chamber of Commerce Water Development Committee is striving to bring about this massive occurrence. Testimony has been presented at the three West Texas hearings held by the Lieutenant Governor-appointed West Texas Water Resource Council containing WTCC Water Development Committee members. This Council is meeting with councils from other areas of Texas. Objective: decide on courses of action to assure plenty of water for Texas.

WTCC President Emil

Rassman, President-Elect Burl B. Hulsey, Executive Vice President J. Fike Godfrey, Assistant Development Director Steve Smith, the WTCC Water Development Committee Chairman Arthur P. Duggan, Jr., and experienced engineers, Si Freese and Jim Nichols, met with Governor Dolph Briscoe. Presented was an exciting water import plan at relatively low cost. The Governor was most receptive. He promptly added water-knowledgeable personnel to his staff and appointed a Statewide task force composed of water district managers, including WTCC Water Development Committee members.

Recently the Governor stated publicly the highest priority must be given to obtaining out-of-state for water to be delivered to West Texas. Note that the Governor and the Lieutenant Governor are cooperating. Their respective study groups will meet together.

Contacts with other state governments are to be carried out through the Governor's office. Liaison with Water, Inc., and with West Texas Congressmen is close.

For an ambitious project to succeed, people in general must be aware of problems and possible solutions. As a basis for intelligent direction of educational work, the Writing Task Force of the Water Development Committee has been taking a water opinion survey to ascertain knowledge and attitudes of West Texans concerning West Texas water. The material gathered has been sent to cooperating Texas Tech University Institute for Mass Communications Research for evaluation. You will be advised of conclusions reached.

The Executive Committee heretofore has authorized an award for water conservation work. The Conservation Task Force of the Water Development Committee is considering making such an award.

During the coming quarter

the Water Development Committee plans to push forward on all the above mentioned work.

During the year 1973 West Texas water contributed mightily toward saving the United States dollar and toward proving food and clothing to United States citizens at a cost lower than that of other developed nations. Ecologists might note the food cost requires less

take-home pay of United States residents than was the case when practically all production was in humid regions.

For the future: to provide needed food, fiber and money for business and individuals in all Texas, it is imperative NOW to go all out to obtain a long range adequate water supply for West Texas and Texas.

Flying Queens Host Taiwan Women's Team

For the second time in three years, the Hutcherson Flying Queens of Wayland College will be playing host to the Taiwan basketball team from the Republic of China Tuesday, March 5, at 7:30 p.m. in Hutcherson Center in Plainview.

Two years ago at Hutcherson, Taiwan edged the Queens, 66-62 in a tough, physical game before 1,700 fans. But before the only sellout crowd of 3,000 in the history of the center, the Queens emerged with a 54-47 victory.

Half a dozen of the players who were on the Ya Tung team on its 1972 tour that produced 16 victories in 23 games are still playing for Taiwan, which is playing five other teams on the U.S. tour.

While the Chinese girls aren't as tall as their American counterparts, they make up for their general lack of size by a full court press, fast-break offense and hard, aggressive play.

The same regulations used for Olympic play will help make for an exciting brand of basketball. In earlier international competition this year, the Queens beat Mexico's National Team, 60-34 and 51-47.

The customary exchange of gifts and national anthems of both countries precede the game, adding to the color surrounding international competition.

The Queens currently are 29-3 under new coach Dean Weese and face National General West of Fullerton.

Calif. this weekend in 8 p.m. games Friday and Saturday at Hutcherson Center. The Queens beat NGW in the championship game of the Gold Coast Classic before the Christmas holidays.

Tickets to the Taiwan game can be purchased at the door on game night. All tickets are \$1.50 and there will be no reserved seats. Season tickets will not be honored this game only.

Pioneer Gas Opens Well In Louisiana

Pioneer Natural Gas Company announced that its subsidiary, Pioneer Production Corporation, had reached total depth on a well in Louisiana with indicated commercial production from several formations.

The well, located near Jennings in Jefferson Davis Parish, is the second well drilled by the company in the newly discovered field and logging and testing will be commenced immediately.

The first well is dually completed from two formations as a gas and condensate producer. Location is being prepared for a third well.

The company owns a 25 percent interest in oil and gas leases covering approximately 3,000 acres and operates the properties for the three other owners.

PEP NEWS

By MRS. CONRAD DEMEL
933-2222

MR. AND MRS. Conrad Demel and girls, Dorothea, Roxanna and Elizabeth and Mr. and Mrs. Norman Demel and son, Marty, spent Sunday afternoon in the home of Mr. and Mrs. Leo Ruzicka and girls of Friona Feb. 24.

BRENDA KUHLER, daughter of Mrs. Hilda France Kuhler and Anne Hatla, daughter of Mr. and Mrs. Luddy Hatla of Nazareth and granddaughter of Mr. and Mrs. V. E. Glumpler of Pep, flew to Austin with Representative Bill Clayton from Springlake to attend the meeting of the changing of the laws in the Constitution of the State of Texas. They left

Sunday Feb. 24th and returned home March 1.

MR. AND MRS. Billy Witt Jungman and boys of Shallowater spent the weekend of Feb. 16-17 in the home of their parents, Mr. and Mrs. Emil Marek and Mr. and Mrs. A. G. Jungman.

L. V. HOGUE returned home from Methodist Hospital where he spent several days recuperating from a heart attack recently. He is reported to be improving.

MR. AND MRS. William Albus of Lubbock spent the weekend in the home of Mr. and Mrs. Leonard Albus Feb. 23-24.

THERE WERE several families that attended the Five Area Telephone meeting in the activity building in Morton Feb. 23.

MRS. EVELYN ALBUS spent the day with her daughter, Ann Albus in Lubbock on Feb. 23.

ST. PHILIP'S Altar Society held their meeting in Pep Parish Hall on Feb. 20. Father Clarke opened meeting with a prayer. The meeting was dedicated to St. Valentine's.

The treasurer's report was given by Marilu Gerik. The traveling can will be started by Mrs. Jerome Decker by baking a cake and passed on to another member till it reaches her again. The program was a salad supper brought by each member.

Mrs. Agnes Decker won the door prize. Guest for the salad supper were, Paul Albus, Gaubert Demel, Charles Burt and Leonard Albus.

Department Of Public Safety Seeking New State Troopers

Major C.W. Bell, Regional Commander of the Texas Department of Public Safety, has revealed that the DPS is accepting applications for the post of state trooper.

Applicants selected as cadets will enter 18 weeks of training at the DPS Law Enforcement Academy in Austin in a class tentatively scheduled to begin June 11.

Bell said general qualifications for DPS Troopers are: Applicants must be 20 through 35 years of age (inclusive); good moral character; excellent physical condition; height not less than 68 inches nor more than 76 inches; weight not less than

two pounds nor more than three and one-half pounds per inch of height; visual acuity no worse than 20/40 correctable to 20/20, and a citizen of the United States. Educational qualifications, which are now a minimum of 45 semester hours of college, will increase to 60 semester hours on Sept. 1, 1974.

He pointed out that qualified female applicants are now being accepted for the uniformed services of the DPS, and that the Department has been increasingly successful in recruiting persons from minority groups.

During the training period, cadets participate in some 850

hours of law enforcement classes on a wide variety of subjects such as criminal and traffic law, human and community relations, and investigative techniques. The schooling includes rigorous physical training, marksmanship, and skills related to pursuit driving.

Some of the classes are taught under an agreement between DPS and St. Edward's University, and Academy graduates receive credit for six semester hours of college work.

After graduation, cadets will be commissioned as Probationary Trooper I at a salary of \$743 monthly

Plains College Spring New Courses

Reading and Eng. 131 "History of Algebra" (Mth. 180) offered at South

courses are for high school graduates who have not completed or for those who may have missed registration at SPC. The course will be taught by Wilburn Wheeler, mathematics and science teacher. Monday 9:30 a.m. Math 131 is a course in college algebra. Wheeler said. Prerequisite: high school algebra. Math 130. The course will cover equations, ratio and variation, the binomial theorem, complex numbers, and determinants and mathematical induction.

Sign Exchange Student Program At Anton

Phichet Ameroj, American service exchange student from Bangkok, showed slides and spoke on his country at a night meeting of the Study Club. Mrs. Ed Hart was hostess and Mrs. Hill was co hostess.

Plans were initiated toward forming a senior citizens club for Anton area residents. Mrs. Ed Hart announced that the Blood Bank would be in Anton Friday for blood donations. Mrs. Willa Johnson, and Domingo Ramirez were guests.

The next meeting will be held March 4 at the home of Mrs. Jack Conkin. The program will be presented by Mrs. Harold Green, Tohoka, First Vice President of Caprock District, TFWC.

Farmcast

From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

BASED on February 1 prospects, the 1973-74 citrus crop in the state is forecast at 18,500,000 boxes, which is 10 per cent below the production of last season.

The February 1 forecast is one per cent less than the January 1 forecast reflecting freeze damage which is now being reported in the Balencia orange crop.

The grapefruit estimate at 11,500,000 boxes and the mid-season orange estimate of 4,600,000 boxes is about a month ago.

Grapefruit harvest was active in January. Harvest of mid-season oranges is virtually complete.

COMPLETE details of the experimental program to control predators in 44 Texas counties are now being printed. The Texas Department of Agriculture is in the process of publishing a manual on a state level.

Through the cooperation of the Environmental Protection Agency and several state agencies, the use of the remote spring ejection device will be available to producers.

Selective Service Lottery Numbers Drawn March 20

Young men born in 1955 will have their Selective Service lottery numbers drawn March 20, even though there is no draft or plans to resume callups for involuntary military service, according to Col. Melvin N. Glantz, state director of Selective Service for Texas.

The sixth annual Selective Service lottery drawing for the nation's young men who become 19 years of age during 1974 will be held in Washington, D. C. on that date.

The sixth annual Selective Service lottery drawing for the nation's young men who become 19 years of age during 1974 will be held in Washington, D. C. on that date.

"Although the nation is at peace, it is generally recognized that there is the need to maintain a strong defense capability in order to insure continued peace," Col. Glantz said. "The present 'standby' Selective Service System, which continues to register and classify young men, is a vital part of our defense preparedness program."

Texas has approximately 110,000 19-year-olds who will have their lottery numbers established by this drawing, according to Glantz.

The Military Selective Service Act requires all young men to register with the System at the time of their 18th birthday. They are assigned their Random Sequence Number through the lottery which is held during the year in which they become 19 years of age. They are potentially vulnerable to induction throughout the calendar year of their 20th birthday; thereafter each year, they are placed in a lower priority selection group.

The President's induction authority would have to be restored by the Congress

before these young men could be inducted. The Defense Department has issued no calls for draftees since December 1972.

In reminding Texas' young men that penalties for failing to register can range to as much as five years' im-

prisonment or a fine of \$10,000, or both, Col. Glantz said that Selective Service has provided ways which enable men to registration places have been established in every county. In addition to Selective Service System Area Offices, there are more than 1,200 un-

compensated registrars operating in County Court-houses, Schools, National Guard Armories, and in other public places. Broad publicity has given notice to young men having responsibilities under the law to register, that registrars are available to them.

News about our Lamb County Neighbors in

OLTON

MRS. W. B. SMITH, JR. 285-2385

MRS. SUE CANNON, publisher of Olton Enterprise, attended a special Avalanche Journal Correspondent's Workshop in Lubbock Sunday afternoon.

MRS. JOHN LAMBRIGHT and Mrs. Pearl Schreier attended the 53rd annual meeting of the Panhandle Pastors' and Laymen's Conference at Wayland Baptist College in Plainview Monday.

MRS. LOUIS CLARK has returned to Hi-Plains Hospital in Hale Center for more treatment.

MR. AND MRS. Dubbs Granbery are remodeling their home. They had turned their single garage into a third bedroom and have added a double garage.

MR. AND MRS. Archie Sorley attended Panhandle Pastors' and Laymen's Conference at Wayland Baptist College Monday.

MR. AND MRS. Joe Miller attended the Panhandle Pastors' and Laymen's Conference at Wayland Baptist College Monday.

MISS JANE MCGILL, daughter of Mr. and Mrs.

Elmer McGill, has been selected to be a member of Metah Moe women's social club at Lubbock Christian College. Miss McGill, a 1974 graduate of Lubbock Christian High School in Lubbock, is a freshman Secretarial Science major. Metah Moe is one of the six women's social clubs at the college.

REV. AND MRS. Elmer Crabtree visited recently with their son and family, Mr. and Mrs. Coy Carlisle, Clay and Cole, in their new home five miles west of Tulia on the Dimmitt Highway.
