

TO RECEIVE \$78,222

# Revenue Sharing Estimate Set At \$239,573

County will receive its first revenue sharing disbursements from the Treasury early this week. The amount is estimated at \$78,222 for 1972.

million which will be distributed over a five-year period. Funds for 1972 will be retroactive with the first half to come in December and the last half to go out in January. After that, the payments will be made by the quarter for the next four years.

With the exception of 1972, the revenue sharing funds will grow at a rate of \$150 million per year. This increase is

divided one-third to states and two-thirds to local governments.

The funding is not tied to a percentage of the federal personal income tax base or collections; rather, a permanent five-year authorization/appropriation into a "local government high priority expenditure trust fund."

All states and general purpose local governments, including counties and

incorporated municipalities, are eligible. There is no population cut-off for local governments. Local jurisdictions may not receive over 50 per cent of its adjusted taxes plus intergovernmental transfers. There is a \$200 minimum allocation. In addition, a local government may not receive less than 20 per cent of the per capita allocation to all local governments in that state, nor more than 145 per cent.

State and local governments must create a trust fund in which to deposit all revenue sharing funds for the purpose of facilitating proper federal auditing and accounting procedures. These trust funds must be used within whatever reasonable time period is specified by Treasury regulations (probably within 18 months).

These monies can be used for anything which cities and counties can legally

spend other monies for with the exception of using revenue sharing funds to match federal funds for other federal grant-in-aid programs where there is a requirement for matching with either federal or non-federal funds. Revenue sharing funds may be used to supplement other federal grant funds.

There are no restrictions on the use of state funds. The local funds may be used for maintenance and operating expenses, the funds may be used for public safety, including, but not limited to law enforcement, fire protection and building code enforcement; environmental protection, including but not limited to sewage disposal, sanitation and pollution abatement; public transportation, including but not limited to transit systems and streets; health; recreation; social services for poor or aged; financial administration, including but not limited to budgeting, auditing and tax collecting; and libraries.

For capital expenditures, there are no limitations. Funds may be expended for any and all capital expenditures which are authorized by law, as long as they meet an "ordinary and necessary" test.

These figures were not known until the mail Friday. It was not certain if the estimated figure of \$239,573 included all of the "incorporated towns' shares, or whether figures would be in addition to the county.

General revenue sharing payments are part of a total of \$30.1

WARREN DAYTON and James Settle are heading the food and toy drive for needy families this year. The baskets will be a coordinated effort between the Salvation Army service unit, several service clubs, churches and individuals. Cash donations and donations of food and toys are needed.

## Cash, Food, Toys Donations Needed

Again this year the Salvation Army service unit plans to give baskets of food to needy families in Littlefield. In order to do this, however, help is needed in the form of cash donations, gifts of canned foodstuffs and toys.

Cash donations should be sent to Charles Duval at the Pioneer Natural Gas Co. and donations of food or toys should be sent to the Community Action Center on North Highway 385.

Last year the Salvation Army provided

baskets of food and toys for 56 needy families in Littlefield, and no fewer families than that will need help this year to have a nice Christmas.

Warren Dayton is chairman of the local Salvation Army Service Unit. Other Salvation Army Board members active in the Food & Toy Basket Drive are James Settle, drive chairman; David Hamblin, churches; Lee Benke, drive co-chairman, and Jeni D Brunson, women's clubs representative.

## New Officers Named By C-CA Directors

New officers for the Board of Directors of the Littlefield Chamber of

Commerce and Agriculture were elected during a meeting of the board Thursday morning in the XIT Room of Security State Bank.

## Opposing Groups

### Slate Meetings

Two groups are organized in connection with the local option petitions in circulation.

A new organization "Businessmen for a Dry Littlefield" met Thursday morning and elected officers. F. L. Newton is chairman, Roger Lowe is vice chairman, Jerry Burke is secretary-treasurer, and Ken Brazell is publicity chairman.

A second meeting is called for Thursday morning, Dec. 14, at 7 at Thornton's Cafeteria with all interested Littlefield men invited to attend.

"Citizens for Progress" will meet at 6 p.m. today at the Crescent House Restaurant. All interested persons are invited to attend.

Serving as president will be David Hamblin.

Vice president of community activities will be Rad Richardson; administrative vice president, Dr. Craig Wallace; industrial vice president, Ken Day; agricultural vice president, Barry Armes; and treasurer, Benny Zahn.

The board will meet again Tuesday morning at 7 a.m. in the Chamber of Commerce and Agriculture office on the second floor of city hall, for an orientation of new board members, and a discussion of ways to prepare and write goals and objectives for the coming year.

Among some of the tentative plans for the upcoming year are to have a retreat, similar to last year, where extensive plans for the year and future years will be laid out.

## Telephone Rates Rejected, Information Being Studied

Littlefield city councilmen, along with representatives from Anton and Amherst, again rejected a rate increase request as proposed by General Telephone during a special session prior to the regular meeting time Thursday night in city hall.

All city representatives agreed that the average 35.5 percent increase that is being proposed now is "too much of an increase." The company had first requested an average of 51.5 percent increase.

As an example, one party residence phones are presently \$5.45. The first request was a 68% increase (\$3.70) which would raise the rate to \$9.15 per month. The last request calls for a 46% increase (\$2.50), which would raise the rate to \$7.95 per month.

The new rate request for rural residence four party phones is \$7.30, a 39% increase, or an additional \$2.05 to the existing rate of \$5.25.

One party business phone rates are presently \$11.50, and the last request calls for a \$6.20 increase (or 54%), which would raise rates to \$17.70.

The five cities which will be affected by the rate levels include Spade, Whitharral, Anton, Amherst and Littlefield.

Representatives decided to hire Bill McMorries to study information provided by General Telephone, to determine what a reasonable rate increase would be. City representatives from throughout the exchange had previously offered the company a 10 per cent rate increase proposal.

In a letter to Mayor J. E. Chisholm of Littlefield, District Manager Rad Richardson advised: "We regret to advise that the ten percent (10%) increase over the existing rates is unacceptable. The additional annual revenue generated in the amount of \$43,935 will only produce a 4.06% rate of

return on the rate base. This is far below the acceptable rate of return and that which is required to operate the exchanges in the area.

"We have furnished considerable information as requested by the City of Littlefield in the letter dated Sept. 22, 1972. A number of meetings have been held in which we have explained the need for the increase in rates since the case was filed in April 1972.

"We presented compromise rates that would produce a 6.36% rate of return on the rate base.

"We request that you please approve these rates. The last general increase in rates occurred at Littlefield, as an example, on March 16, 1954. Small increases did occur at the time extended area service was established to Anton and Amherst. The economic inflation that has occurred since that time has

had a marked effect on our company's financial position.

"Considerable time has expired since the filing of our rate increase application. We dislike any action that might weaken the fine relationship the Telephone Company has enjoyed with the cities in the Littlefield area; however, I must ask for your decision on our proposal by Dec. 15, 1972. Should you fail to act on our request, the company would have no choice but to seek legal remedies against what amounts to unconstitutional confiscation of property. If this course becomes necessary, the company will seek its full revenue requirement."

Representatives discussed the situation, and City Manager Pat Bradley advised that some information which had been requested from General Telephone had not been received.

Representatives decided to write another letter to General Telephone advising of the decision to study the information, and that another meeting of area city representatives would be called to consider the results of the study.

In other matters on a long agenda for the night, city councilmen granted a municipal electric rate increase as requested by Southwestern Public Service Company. Councilmen had previously questioned the timing of the presentation of the request because of the yearly budget, and had asked for time to study the budget.

In making a study on the situation, Southwestern Public Service Co. found that the city had been paying a sales tax on electricity used at the sewage plant. Approximately \$700 will be rebated to the city, beginning Jan. 1. The tax exempt status had not been placed on the sewage plant when the account was changed from the construction company to the city.

## All Must Register To Vote, But Only Once In 3 Years

Tax Assessor Herbert Dunn reminds residents that if they registered to vote in 1972 they are also registered for 1973 and 1974.

Many persons, especially the elder, are asking about registering to vote when they come in to pay their taxes.

This has been the procedure in the past, but those who registered to vote this year are also registered to vote for the next two years.

By exercising voting privileges, registration is automatically extended for three years when you vote.

Everyone over 18 must register. There is no longer an exemption for those over 65. All persons who want to vote must register.

NEW DIRECTORS for the Littlefield Chamber of Commerce and Agriculture will meet Tuesday morning at 7 a.m. in the C-CA office for orientation. They will also discuss ways to prepare and write goals and objectives

for the coming year. To be installed during the annual banquet in January will be, left to right, Ken Day, Barry Armes, Doyle Winfield, Rad Richardson and Wade Warren. (Staff Photo)

### Anton Study Club Feted With Party

ANTON—The Anton Study Club members ushered in the Christmas season with an old-fashioned Christmas party in the home of Mrs. Jerry Biffle.

The Christmas dinner of traditional turkey and dressing with accompanying vegetables, salads, and desserts was prepared and served by the members.

A tree was decorated with popcorn and cranberry chains, gold and silver sprayed seed pods and candy canes. Each member added a decoration as she told some childhood memories concerning Christmas.

Handmade gifts were exchanged by the members.

During the business session, President Mrs. E. C. Siger, told the members they have been assigned to assist with the United Fund drive on Dec. 13. This year's Girlstown drive and the UF drive will be combined.

Christmas items ordered from TFWC will be late in arriving and will be delivered.

The traditional party was ended with the singing of carols by the 19 active members and associate members, Mrs. Ashley Cox of Lubbock, Mrs. Al Herrin, Mrs. K. W. Wells, and honorary members, Mrs. Sol Gann and Mrs. Brad Gilbert.

The next meeting will be Jan. 8, 1973 when officers will be elected.

### Couple Slates Wedding Date

Elder and Mrs. Louis Moore announce the engagement of their daughter, Mary Magdalena Moore, to Harry Lee Jones III, grandson of Mrs. Ader Jones of Lake Providence, La.

The bride-elect is a 1971 graduate of Amherst High School, and the prospective bridegroom is a 1969 graduate of G. W. Griffin High School in Louisiana.

The couple plans a Jan. 28 wedding at 7:30 p.m. in the Amherst Faith Tabernacle Church of God in Christ.

All relatives and friends of the couple are invited to attend the ceremony.

ANTON—A bridal shower was given for Vicki James, bride-elect of Jimmy Taylor Sunday afternoon, Dec. 3, in the courthouse clubroom at Plains.

The bride's colors of hot pink and olive green were carried out with hot pink on the register's table and olive green under ecru lace cloth on the serving table. A bouquet of hot pink flowers and silver and crystal appointments were used on the table. Coffee, spiced tea and cake was served to 35 guests.

Mothers and grandmothers of the engaged couple were special guests. They were Mrs. Thomas James of Anton, Mrs. Carl James of Wolfforth, Mrs. Neil Taylor of Plains, Mrs. Flossie Hood and Mrs. R. A. Taylor of Levelland.

Hostess gift was a deep fryer and blender. Hostesses were Mmes. G. D. Kennedy, T. J. Miller, J. B. Ashburn, A. K. Altman, Alma Been, G. H. Swann, Bobby McDonnell, L. D. Hamm, Gilbert Pierce, Jack Lowe, Lloyd Wemken, and Roger Harvey.

## Christmas Arrangements Demonstrated For P-TA

The highlight of the Littlefield P-TA meeting held Dec. 5 in the junior high cafeteria, was the demonstration of Christmas arrangements by Kip Cutshall.

Cutshall put together two artificial and one fresh arrangements. They were given away in a drawing to Mrs. Barbara Hanlan, Mrs. Kay Lockwood, and Mrs. Erma Dean Waters.

Other points of interest in the meeting were reports given by James Settle and Mrs. Linda Clayton.

Settle reported that 101 items were purchased with trading stamps collected during Back to School Week. Mrs. Clayton reported on school equipment that had

been set and the two pieces that are under construction.

A nominating committee was elected to choose a slate of nominees for next year's officers.

They are Forrest Martin, chairman; Mrs. Dwyce Ratliff, and Jack Christian. This committee will report April 19, 1973 to the general meeting of the Littlefield P-TA, when officers will be elected.

The budget for 1972-73, prepared by Mrs. Gene Bannister, was presented to the members for their questions and corrections.

The budget met with approval, and was passed. Coffee was served by Mrs. Jimmie Coffman.

# Mrs. McCall Wins Four Insurance Settlement Suits

Mrs. Pauline McCall won four insurance suit settlements in district court this week.

Three different juries found the preponderance of evidence that the death of Mrs. McCall's late husband, Rufus P. McCall, was accidental drowning and that heart disease was not the proximate cause of death. A fourth company made a settlement out of court.

In her suit against American Amicable Life Insurance Company, she asked for and was awarded \$25,000 plus 12 per cent penalty, plus \$12,500 attorney fee.

Jurors were Mrs. C.E. Jones, Mrs. W.B. Jones, George L. Parker, Lucille H. Betts, Mrs. Bill Cape, Janice Sebring, Dorothy Currie, Mrs. W.H. Berry Jr., Mrs. Loy Mouser, Jack Snider, R.A. Sharp and Lovelle Morris. Mrs. Sebring was foreman.

In Mrs. McCall's suit against Combined American Insurance Company, the jury was out about 15 minutes before awarding her the \$3,500 asked for, plus 12 per cent penalty and \$1,750 in attorneys fees. Joe Embry was foreman, along with jurors Randolph E. Whitson, Allen McDonough, Mrs. Troy Hopper, Mrs. Robert L. Ramage, Glendolyn Purdy, Bennie Randolph, Mrs. Bennie Harmon, Joe Vasek, Billy Roper, Opal Dreading, and Cecil M. Johnson.

Mrs. McCall asked for and received \$5,088 plus 12 per cent penalty and \$2,544 for attorney fees in her case against Community Life and Health.

Jurors were Mary L. Johnson, Mike Thredgill, Mrs. Raymon Carson, Leon Stansell, Gayland Stephens, Alice Acevedo, Mrs. Leon Smith, Robert Phillips, Mrs. R.D. Angeley, Paul Mafzgar, Gene Taylor and Lillie Jaragin. Thredgill was foreman.

In a fourth suit set for trial this week, Pennsylvania Life Insurance Company settled out of court with Mrs. McCall.

The week of civil settings in district court didn't reach the suits of Hershel C. Martin versus Community Life and Health Insurance Company for a hospitalization insurance claim and a

suit Jerrell Haberer versus Bobby Murrell for breach of contract and open account which were set to be heard this week. These will be heard at a later setting.

Three cases were passed: Custom Farm Services, Inc. versus Dale Weaver, sworn account; Jack Wright versus Olen Crump, collision, personal injuries and property damage; and Diamond Shamrock Corporation versus Ivan Dale Weaver, sworn account.

## Lfd. Band Boosters To Meet Monday

The Littlefield Band Boosters will meet Monday night, Dec. 11, at 7:30 in the Wildcat Band Hall.

A report on the Christmas tree sales will be given, and a first public viewing of the 1972 UIL marching contest films will be shown to all friends and boosters of the band programs in the Littlefield schools. All are urged to be present.

The Intermediate, Junior High, and Wildcat Band will present their annual Christmas concert December 19 at 7:30 p.m. in the Junior High Auditorium. Details will be announced at a later date.

## Hereford To Host 385 Association

The Texas division of the Highway 385 Association will meet in Hereford Saturday, Jan. 13, according to state president, Bill Payne of Littlefield.

"We will work on plans for the trip to Spearfish, S.D. next year, and make further plans for chartering a bus for the trip," Payne stated. "We must have 40 persons in order to charter the bus. The estimated cost will be \$100 to take care of costs to and from Spearfish, plus two nights of lodging."

All interested persons are asked to contact Payne in the C-CA office, 385-4451.

## Water, Incorporated District In Jeopardy

At a recent board meeting, the bylaws of Water, Incorporated changed. The change requires each single county district to be notified of its membership in good standing as of Dec. 1.

As of Dec. 1, the Lamb County district has 90 members in good standing in

Water, Inc. Each member of the district is being notified by similar letter.

An additional change also requires that each single county district be given a second review on Dec. 15 regarding its membership in good standing. If on Dec. 15 the single county district has less than 100 members in good standing, the district will cease to be a single county district unit and the term of the district director now serving on the Water, Inc. Board will be terminated.

## Farm User Permits, Decals To Be Issued

A representative of the Comptroller of Public Accounts will be in the Lamb County Courthouse beginning Monday and continuing through Friday from 8 a.m. to 5 p.m. daily this week, to renew Special Farm User permits and issue 1973 decals for LPG operated licensed vehicles.

The current permits and decals expire Dec. 31.

Those who presently hold the 1972 decal have been sent renewal notices, which should be taken to the meeting place, and it will be necessary to bring the vehicle.

Cost of the decals is \$60 each, and the decal must be placed on the vehicle by the representative.

To avoid the penalties prescribed by law, all farmers and ranchers who have vehicles that are LPG operated should purchase the 1973 decals as soon as possible, preferably on one of the dates this week.

Anyone unable to meet the above schedule may purchase a 1973 LPG decal from the Lubbock district office, located at 2424-34th Street in Lubbock.

## Plans Being Made For Farm Sale

The Littlefield Chamber of Commerce and Agriculture is planning a community farm sale sometime in mid January—maybe the 17th or 18th—as a service to farmers who have items of which they wish to rid themselves.

Farmers and ranchers are invited to begin listing items now with the C-CA office, by calling 385-4451, so that a sale sheet may be worked up.

J. W. Bitner Jr. will serve as the auctioneer, and the C-CA will retain a 5 per cent commission on sales, not to exceed \$50.

Executive Vice President Bill Payne stated, "If you have anything from grease guns to combines, we want them on our list." Site for the sale has not been chosen, but will be revealed in the near future.

Littlefield, Texas  
Sirs:

We recently had occasion to go to Lubbock on business and it was too late after completion of our business, so we got as far as Littlefield and decided to find a camp ground and spend the night as we were traveling by camper.

We were surprised and very pleased to find your free camp area, and I'm writing this to let you know we appreciate your city's courtesy.

We are retired and find most camps are \$3.50 to \$4.50 and some not as nice as yours. So we want to say Thanks "Littlefield."

the councilmen that their action in granting the increase would modify an ordinance, and that the ordinance should be changed at the next meeting.

The rate will now go to 1.15 cents per kilowatt hour, which is little above cost to the company.

In matters of new business, J. L. Marcum was appointed to replace Pete Estrada (deceased) on the Board of City Development.

In other matters of new business:

1. Municipal Judge Ben Noble was re-appointed to serve as a representative to the Criminal Justice Council of the South Plains Association of Governments (SPAG).
2. The city farm lease with Jack Peel was renewed for a year.

## THE ABUNDANT LIFE

# Sensible Goals

FROM OUR EARLIEST DAYS, we hear much about the importance of having goals or aims for our lives. Some of this is good for us, but some of it is not. It is good for us, if the goals are sensible; if they are reasonable; if they are attainable, and this means that they must be in keeping with our capabilities.

It is not good for us, if the goals are unrealistic; if they create faulty expectations; if they are obviously beyond our reach.

ARTIFICIAL FAILURE is often created by the persons who do well, people who do the things they are capable of doing. They perform successfully, but, because they do not reach some unrealistic goal, they have a strong sense of failure.

This feeling is often so over-powering that the people have no sense of accomplishment in all of the worthwhile things they have done. It is sad to consider ourselves failures, when, in fact, we have justification for considering ourselves successful.

GOALS WHICH ARE less than our capabilities, and our potentials are unworthy goals, in the sense that they do not provide the challenge for doing our best.

Our whole life well-being is thus undermined. It is a mistake to choose goals beyond our reach, and it is also a mistake to choose goals which do not call forth our best efforts.

SENSIBLE GOALS are recommended. Some general goals are the same for all well-meaning and conscientious persons, and these goals are attainable.

Then, there will be goals uniquely individualistic; chosen on the basis of personal and capabilities. We will have some common we will also differ in some of because we are different.

IT IS NOT ALWAYS EASY the goals which are best for us undertake this important task, best enlightenment available to courage and the proper degree we will be rewarded with a degree of success.

If we try this in some sloppy way, we will either be disappointed because we did not do so, or frustrated and discouraged goals were unreasonable.

OUR GOALS MUST BE well- we can chart our course of action. Otherwise, our behavior will be somewhat haphazard by the "miss" philosophy. If our goals well-defined, we cannot be as happy as we should. This means that our time and effort will be wasted.

OUR LIVES ARE FASHION great extent, by our goals. If are wholesome, and we have toward them; our lives wholesome.

If goals are altruistic, our reach them will enrich our bring us a generous happiness. The wrong goals will wrong shape to our lives.

SENSIBLE GOALS are essential abundant life.

# Choirs To Present Broadway Musical

This year the Littlefield Choirs are presenting the Broadway musical, "The Music Man" Saturday, Dec. 16, at 7 p.m. in the Junior High Auditorium.

Tickets are now on sale from any choir student connected with the musical. Prices are \$1.50 for adults and \$1 for students.

This is the first musical since 1966 when "Brigadoon" was produced by the Littlefield High School Choir.

"The Music Man," set in 1912, presents a picture of life in a small American town. "Professor" Harold Hill, a fast-talking confidence man, arrives in River City, Iowa. His con-game formula is to promise to organize a town band. He collects the money, then quietly slips out of town. An old friend tells him that one of the main obstacles will be the librarian, Marian Paroo. Hill is not fazed.

His first task is to sell the townspeople on the idea of a boy's band.

After much thought and many hours of listening to readings and singing, Mrs.

Warren Donworth, choir finally announced the large cast.

The cast selected for the production are: David Barton, Harold Hill; Gonzales, Sheldon Zahn; Wimberley, John Richey; Lobough and Richard Barton, salesmen; Andy Rogers, Cowell; Danny Cushion, ce Bryan Myers, Mayor Shinn; Gonzales, Oliver Hix; Larry Ewart Dunlap; John Richey; Squires; Johnnie Wimberley; David Blevins, Marcellus W. Scott Sheppard; Tommy Djal; Sanderson, Marian Paroo; Rivalsrud, Mrs. Paroo; Shawna Amaryllis; Kevin Gardner; Paroo; Pam Cross, Eulalie Ma Shinn; Janice Ray, Zaneeta Karen Walker, Gracie Shinn; Hinceley, Alma Hix; Debbie Maude Dunlap; Karen Drake Toffelmier; and Sheila Jackson Squires.

The remaining choir members high school and the first period junior high will be the Littlefield townspeople and children.

A small orchestra consisting flutes, two trombones, a bass string bass, a percussion section piano will provide the accompaniment for the musical.

### Mr. & Mrs. C. L. Cannon To Observe Anniversary

Mr. and Mrs. Clarence L. Cannon will be honored by a dinner at the Hayloft Dinner Theater, Dec. 13, in observance of their 50th wedding anniversary.

Mamie Lou Harden and Clarence L. Cannon were married, Dec. 13, 1922, in Clarendon, by Rev. Joe Smith. They moved to Bila in 1930 where both are members of the Baptist Church.

Cannon was engaged in farming until his retirement in 1963.

Their two children, Mrs. Robert E. Martin of Lubbock, and Jimmy C. Cannon of Littlefield, will be host and hostess for the dinner.

The couple have three grandchildren, Janice and Timmy Cannon and Beverly Ann Martin.

### LHS Grad Earns Doctorate, Named Deputy School Supt.

Dr. John C. Crosby, son of Lloyd C. Crosby of Littlefield, has been awarded the Doctor of Education degree from Teachers College, Columbia University.

The award was made June 28, 1972. On July 1 he was named the new Deputy Superintendent of Schools of the Bethlehem Area School District, Bethlehem, Penns. — a position which involves the administration of one of the largest school districts in the State of Pennsylvania.

Dr. Crosby, a graduate of Littlefield High School, took his undergraduate degree at Abilene Christian College, Abilene, in 1958 with a major in secondary education and English.

In 1959-60 he attended Texas Tech while teaching English in the Littlefield High School. In 1960 he and his wife, Marlene, moved to Nashville, Tenn., where he earned an M.A. in educational administration from George Peabody College for Teachers in 1962 and taught in the Nashville City Schools.

For the next seven years Dr. Crosby served as Assistant Superintendent for Business in Midland Park, N.J., where he was also secretary to the school board.

In 1969 he resigned his position in order to attend Teachers College, Columbia University, as a full-time student. He was awarded the full-tuition, Henry H. Linn Scholarship by the Teachers College Scholarship and Fellowship Committee and served three years as Associate, Institute of Field Studies in the Department of Educational Administration.

In that capacity he was a researcher, coordinator, and writer of various studies and consulted in school districts within the five-state metropolitan area of New York City.

Dr. Crosby's doctoral dissertation was titled "Equity in Taxation: The Development of a Measure of Fiscal Ability of School Districts and Its Use in a State School Support Program in New Jersey," which was completed with the aid of a research grant from the New Jersey School Boards Association.

Also he has produced numerous publications and papers and is an active member of various educational and civic organizations.

Dr. Crosby met his wife, Marlene, while both were students at Abilene.

She interrupted her education for marriage, but later was graduated magna cum laude from William Paterson College (N.J.) and this year received her M.A. in psychology and reading from Columbia.

They reside at 520 Center Street, Bethlehem, Pa., with their two children, Jack 12, and Carla, 10.

# Medical Research Continues On Christmas Seal Donations

Medical research has received a \$1,193,000 shot in the arm this year, thanks in part to Christmas Seal contributions.

Lamb County residents have donated \$325.50 this year to date, compared to \$305.05 the same date last year.

John Caraway, president of the West Texas Area TB and Lung Association, has revealed that the \$1,193,000 was the total allocated by local, state and national units of the National Tuberculosis and Respiratory Disease Association (NTRDA) to underwrite a wide range of

investigations aimed at unveiling new information about lung diseases.

Texas researchers benefited to the tune of \$53,000 during 1972.

A total of \$93,000 was sent to the National Association from the associations in Texas at the close of the 1971 Christmas Seal Campaign. This was 8 per cent of all contributions in the state of Texas.

\$53,000 was returned to the state by the NTRDA as part of the nearly two million dollars "earmarked" for this program.

Another \$292,543 is used for a

nationwide "seed money" research program administered by the NTRDA.

Designed to aid researchers to begin investigations that may later qualify for support by the Federal government, foundations or other sources, the 26 grants awarded in the nationwide program range in size from \$1,500 to \$15,600.

Each holds a potential contribution to scientific knowledge far in excess of its cost, according to Mr. Caraway. Investigations now underway include:

An investigation of the cellular mechanisms which control the adjustment to reduced oxygen sometimes seen in patients with emphysema and other chronic lung diseases. An understanding of how these controls work could one day lead to a new mode of treatment.

An examination of the relationship between anatomical changes caused by emphysema and chronic bronchitis and abnormalities in lung function tests used by physicians as a diagnostic aid.

Results may enable the physician to make a more precise diagnosis and choose the most appropriate form of therapy.

An investigation of the effect of influenza vaccine on the cell-mediated immune mechanisms. Influenza vaccination is not always effective in preventing the disease. This study may reveal the cause and suggest a solution.

A study of how the mucous membranes of the nose and bronchial tubes act as a front-line defense against infections such as tuberculosis. A method of increasing these natural protective factors could lead to increased resistance against TB, flu and other infectious diseases.

Several other studies of various aspects of the body's immune system that have application for preventive treatment of respiratory diseases, tissue transplants, drug reactions and allergic asthmas.

In addition to Christmas Seal research grants, another \$1,000,000-plus supports

scholarships, faculty positions and other programs designed to expand professional knowledge about emphysema, tuberculosis and other respiratory diseases, Caraway said.

## Space Program To Be Shown

Littlefield High School will host the National Aeronautics and Space Administration's mobile lecture-demonstration program at 10 a.m. Thursday, Dec. 14.

Representing the Manned Spacecraft Center at Houston, the program will be conducted by Nelson J. Ehrlich. A member of the Oklahoma State University faculty, he has served as a Space Science Specialist for two years, in addition to seven years as a science teacher in public schools.

Ehrlich received his Master of Science degree, and has completed his course work toward a Ph. D. at Oklahoma

Sate University.

The NASA Space Science Education Project or "Spacemobile" as it has commonly become known during the past nine years, is a national program which is taken directly to students in their schools.

Transported in a conventional panel truck, many scale models of launch vehicles, spacecrafts, satellites, electronic equipment, audiovisuals, and other equipment items are used for realistic and understandable demonstrations of many scientific principles and concepts involved in space exploration.

Last year, 7,520 programs were arranged and presented to an audience of more than two million students. Programs are supported regionally from various NASA centers. With four of the mobile units, the Manned Spacecraft Center conducts programs in an 8-state region of 870,000 square miles or about one-fourth of the land of the United States.

It includes the states of Texas, Oklahoma, Kansas, Nebraska, South Dakota, North Dakota, Colorado, and New Mexico. Scheduling of the schools within each state is normally handled by the State Department of education.

A typical program lasts for about one hour and is presented in the school auditorium to an assembly of several hundred students. Discussions and demonstrations include aeronautical research, propulsion, orbits, probes, space communications, human factors, and manned space flight.

Other topics include SKYLAB, NASA's next program to build and fly a prototype space station as an orbital workshop and laboratory for scientific experiments and work, and the Space Shuttle, a reusable spacecraft with landing capabilities much like a conventional spacecraft.

Following the auditorium program, the lecturer is available for classroom visits for further indepth discussions of space topics directly related to specific disciplines or to the special interests of the students.

# Anton's Defending State Semi-Finalists Now In 5-

Defending state semi-finalists cagers at Anton face a new experience this year.

The Anton boys finished as state semi-finalists in Class B last year. This year the Bulldogs not only move up to Class A, but those championship cagers graduated and the Bulldogs face a lack of experience with no returning starters and just five returning lettermen.

Jim Gwaltney is the mentor for the Bulldogs who finished last year's season with a 29-3 record with a 10-0 perfect record in 5-B.

While the Bulldogs lack experience, they've got plenty of hustle according to Gwaltney.

Lettermen include Pete Aldaco, 5' 10", 155-pound senior forward; Joe Luna, 6' 1", 155-pound junior forward; Brady Goen, 6' 2", 150 junior post man; Brent Couch, 5' 10", 155 senior guard; and Domingo Ramirez, 5' 10", 150 junior guard.

Promising newcomers are Tommy Gilliam, 5' 9" sophomore; Dewey Peacock, 5' 11" senior; John Synatschck, 6' 1/2" senior; Lonnie Clark, 5' 9" junior; Mark Walthall, 5' 10" senior; Sammy Stephenson, 6' 2" senior; and Tommy Betts, 5' 11" senior.

Teams in District 5A are predicted to finish in this order: Seagraves, Plains, Shallowater, O'Donnell, Anton, Whiteface and Ropes.

THE ANTON girls were 5-B tri champs last year with a 7-3 district record and a 15-10 season standing. They are predicted to finish second in District 5-A girls basketball this season behind Ropes and ahead of Shallowater.

Although their lack of experience may not allow them to be consistent in scoring, their strong point will be a good defense.

Loyd Turner coaches the Bulldogs. Returning starters are Christi Stone 5' 5"

forward and Dorenda Timms, 5' 7" All-District guard the past two years.

Returning lettermen are Pat Melton, senior; Mary Fisher, junior; Trena McLarty, senior; Virginia Caswell,

senior; Michelle junior; Zoe Butler, Turatha Thomas, Terria Peacock, junior; Cantu, junior; Patsy sophomore; and D. Hooper, junior.

## Hunters Kill Pronghorns

Seven Trans-Pecos counties recently played host to 769 pronghorn antelope hunters and sent them home with 740 bucks and two does.

Texas Parks and Wildlife Department game biologists label the hunt as one of the most successful in the past four years. The 1971 Trans-Pecos harvest was a mere 634 bucks.

This year's pronghorns were fat and healthy with good horns.

Department biologists say that the pronghorn is really not a true "antelope."

The pronghorn is the swiftest of North American mammals and the sole survivor of the Family Antilocapridae. The Antilocapridae, relatives of the true antelopes, were one of the most abundant hoofed mammals in North America during the Miocene and Pliocene periods.

The basic difference between antilocaprids and true antelopes is the horn structure. Antilocaprids have hollow horns with bony cores and outer sheaths like true antelope but are distinct in that the horns are branched, hence the name pronghorn.

The pronghorn also sheds its outer sheath and true antelopes do not.

The evolution of the pronghorn is confined to North America and is probably the only group of hoofed mammals so restricted.

True antelope history is centered in Africa and India. The blackback of India and

the African eland and antelopes.

Hunted to near extinction the turn of the century pronghorn antelope has a comeback and is an important game animal because of its management and conservation.

## Notes And Must With D

Generous hunters will take a few precautions year, according to Parks and Wildlife Department officials.

A new law which takes effect this season affects hunter who wants a portion of his kill to a hunter.

The recipient of the must have a note on the name, address, signature, hunting license number, the date and location of the kill from the hunter making the kill.

The note, or the regular if the hunter making it keeps all of the carcass accompany the meat, reaches its final destination from the hunter making the kill.

The head must also be with the carcass until finally processed. This does not prevent a from processing his carcass as long as the remains tagged and reaches its final destination.

# Minimum Tillage Study Continues At Foundation

Under optimum irrigation, minimum tilled grain sorghum produced yields equal to conventionally tilled sorghum under a double-row system, according to results of a three-year study at the High Plains Research Foundation.

However, it is a different story under reduced irrigation operations.

According to Jim Valliant, research director, available water becomes a limiting factor with reduced irrigation due to lack of water penetration in the minimum tilled area.

"The minimum tilled area, which is extremely mellow in the top two to four inches, has a compacted area below this point which reduces lateral water penetration. Even though vertical penetration can be improved by deep chiseling, the effectiveness is reduced because of compaction caused by tillage

operations after chiseling and before irrigation," he said.

Over a three-year period in the grain sorghum minimum tillage study, Valliant said that under an optimum of three summer irrigations, the minimum tilled sorghum produced 6648 pounds of grain per acre with a return of \$93.98 per acre while the conventionally tilled area produced 6740 pounds with a return of \$92.95 per acre.

Under two summer irrigations, yields were 6899 pounds conventionally with a return of \$99.21 per acre while the minimum tilled area produced 6179 pounds per acre with a return of \$88.05, a reduction in adjusted gross return of \$11.61 per acre.

"These studies indicate that on grain sorghum irrigation, more frequent irrigation based on stage of growth and not necessarily total amount of irrigation produced higher

grain yields," Valliant said. Complete information results of the Foundation minimum tillage sorghum study will be the 1972 Annual Report.

"Actually they've been able to improve much design."

Wins Pair

Amherst

Demel pumped in 18 to pace the Pep to a 45-33 win over Friday night at Pep. Buffaloes had the end down, 14-6 at the end of the first quarter and then scored for the win. SPADE GIRLS played for championship in the Anton Tournament Saturday night. Here they are shown in action against the Whitharral girls in the opening game.

SPADE BLASTED Whitharral 91-57 in the opening round of the Anton Invitational. Whitharral's Barrera battles Spade's Kenny Ramage for a rebound. Others ready for action are David Gray (43) for Spade and Whitharral's Bud Reding and Danny Dukatnik.

Host, Smyer In Finals At Whiteface Tourney

The host Antelopes and Smyer moved into the finals of the Whiteface Basketball Tournament Friday night, with victories over Bala, 66-52, and Bovina, 67-57, respectively. In other boys action, Sundown topped the Dimmitt JV 63-57 in overtime and the Otton JV nudged Sudan 52-46. Whiteface was led by Randy Peden with 22 and Jim Risinger's 20 paced Bala. Smyer got 24 points from Gary Gilbert and Kim Rondell bucketed 24 for Bovina. Joe Snider's 17 carried the Otton JV in its triumph and Mark Hanna's 16 paced Sudan. Nathan Gilbreath hit 21 for Sundown and Wayne McKee's 15 led the Dimmitt JV.

In girls play, Sundown tripped Bovina 57-51 and Bala blasted the Otton JV 62-35, with the victors earning berths in Saturday's finals. In the other contests, Smyer topped the Dimmitt JV 69-51 and Whiteface slipped past Sudan 50-48. Gayle Berry scored 25 for Smyer and Sherry Burrows led Dimmitt with 22. Toni Smith scored 24 for Whiteface and Cecie Bandy notched 24 for Sudan.

Pam Shaw and Cathy Wood each hit 22 for the Sundown girls. Nancy Hutto managed 16 for Bovina. Bala's Lisa Risinger scored 27 and Kim Barnett bucketed 10 for the Otton JV.

IN ANTON TOURNEY

Spade Boys, Girls Advance

In the Anton invitational Basketball Tournament the Cotton Center and Spade boys played for championship, with the Littlefield JV and Bledsoe playing for third place last night. Abernathy and Anton scraped for consolation title. In the girls' division the championship was up for grabs between the Spade Longhorns and New Home. Frenship and Anton battled for

third, and Cotton Center and Whitharral played for consolation.

In the opening round of play in the boys' division, Bledsoe bested Abernathy JV 76-40; Cotton Center ran over the Luis Barrera hit 20 for Whitharral. In the Littlefield game, Connie Bowman had 18 for the winners.

In the second round of play Cotton Center put Bledsoe out

Anton JV 78-26; Spade outscored Whitharral 91-57; and the Littlefield JV bested Anton 55-45.

High scorer in the Spade win was David Gray with 33 and with a 44-35 win, Spade blasted the Littlefield JV 68-40. Gray scored 21 for Spade and Bennie Williams hit 11 for Littlefield.

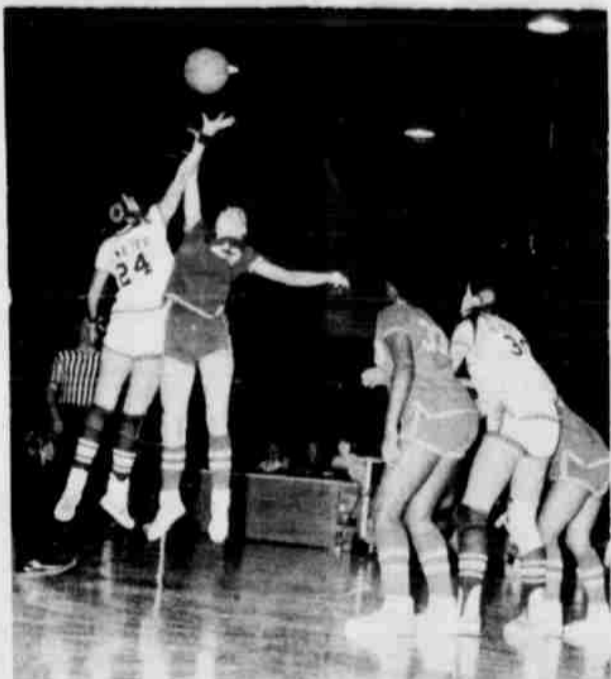

On the consolation side, Abernathy JV won over the Anton JV 84-37. Donald Wills scored 16 for Anton. Anton popped Whitharral 77-53 with Lonnie Clark and John Dominguez scoring 21 points each as high man for the two teams.

In the girls' games, New Home opened with a 64-20 win over Bledsoe. Frenship edged Cotton Center 47-46; Spade downed Whitharral 46-31 with Gayla Freeman high with 24 points and Darlene Burns with 23 for the losers; and the Littlefield JV girls fell to the Anton girls 80-29 behind Christi Sone's 31 points.

In Friday's action, New Home edged Frenship 53-50; and Spade won over Anton 49-42. Gayla Freeman hit 32 for Spade and Mary Fisher scored 20 for Anton.

On the consolation side, Cotton Center downed Bledsoe 48-31, and Whitharral blasted the Littlefield JV 77-19. Darlene Burns scorched the nets for 48 points in that game. Sheila Danglerfield hit nine for the losers.

Championship results and all-tournament selections will be in the Thursday issue.

FRENSHIP barely got on the championship side of the bracket with a squeaky one-point win over Cotton Center Thursday in the Anton Tourney, only to lose to the Spade feds by one point Friday. Spade played New Home for first place Saturday night.

# Meet The Minister

Sharon And Mike White

Mike and his wife, Sharon, have been ministering to the people in the Sudan community since the first Sunday in October, 1970.

They were serving as relief house parents of the Tipton Children's Home in Tipton, Okla. where White was also in charge of spiritual development for the children, when they decided to move to Sudan to serve as minister of the Sudan Church of Christ.

White was born and reared in Rotan and graduated from Rotan High School.

From high school, he attended Abilene Christian College and received his Bachelor of Arts degree in Bible and Greek in 1964.

He began preaching in the Church of Christ at Rock Springs, Wyo. in February, 1965, and served that church about 15 months before he went to the Hermleigh church.

While at Hermleigh, he married Sharon in Feb., 1968, and they remained at the church two years.

From Hermleigh they went to Rankin for 11 months, and then to the children's home at Tipton.

White is a Rotarian at Sudan and likes to watch and participate in all sports. He also likes photography.

Because he is legally blind, Sharon has to do the driving, and enjoys much of the ministry in which her husband is involved. He stated that before he was married, he rode a bicycle everywhere he went. He has partial vision in one eye, and is able to read Scriptures and present graphic and pictorial programs for the church.

Sharon was born at Lamesa and grew up at Loop. She completed her high school work at Lubbock Christian High School, and shortly after high school became a married woman.

She is a member of the Sudan Young Homemakers, and enjoys sewing, reading, cooking and watching sports with her husband.

She likes to teach the primary group in church, but is presently sitting in on her husband's class.

Mike's mother resides in Rotan where she owns the Village Flower and Gift Shop. A brother lives in Lubbock.

Sharon's parents reside in Lubbock, and she has five brothers and a sister "scattered all over the area."

A Weekly Report Of Agri-Business News

# Farmcast

Compiled From Sources Of The Texas Department of Agriculture  
 John C. White, Commissioner

**Sheep and Lamb Feeding Declines... New Trailer Light Laws... Cattle, calf, sheep sales up, hog sales down... Egg Production Declines...**

A three percent reduction in sheep and lambs on feed in Texas is reported by the Texas Crop and Livestock Reporting Service. Elsewhere, sheep and lamb feeding increased two percent in seven major feeding areas of the nation.

Texas sheep and lambs on feed in Texas totaled 210,000 head, down three percent from a year ago. Sheep and lambs on feed during September and October are down five percent from a year ago. Marketings of fed sheep totaled 141,000 head, or two percent below the same period last year.

**DEPARTMENT of Public Safety** has issued requirements for cotton trailers under 15,000 pounds gross weight when operated during daytime with visibility of more than 1,000 feet. The requirements coincide with the provisions of the lighting and trailer brake law as amended in the last special session of the Legislature.

Regulations include the following: for trailers less than 80 inches in width and under 30 feet in length—two red reflectors, one on each side of the rear. Trailers less than 80 inches wide and more than 30 feet in length: one amber reflector on each side centrally located on trailer body, and two red reflectors, one on each side of the rear.

Complete details may be obtained from your local Texas Department of Public Safety office.

**SALES of cattle, calves, sheep and goats** were above a year earlier, but hogs sales declined from last year's levels throughout the state.

# A real eye-opener to electric heating costs

Electric heating operating cost estimates usually surprise our customers. They expect electric heat to cost a good bit more. A factual, easily understood, written estimate opens their eyes to the fact it can cost little more than they've been paying. Thousands of our customers are heating electrically now because they asked for the facts about electric heating costs. Phone us today for an estimate. It's free. It's accurate. And, it's a real eye-opener.

THESE WOMEN earned their Women on Wheels certificates Wednesday after completing four sessions of the "WOW" course at Garland Motor Company. Seated are Mrs. Don Joiner, Mrs. Murrell Duffer and Doris Frey. Standing are Luke Durrett, instructor, Janice Sebring, Ray Lynn Britt and B.D. Garland.

## Orange, The Safety Color

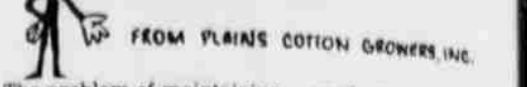

The "in" color for the hunting season is hunter's fluorescent orange, according to Texas Parks and Wildlife Department officials.

A matching orange cap and vest is more than just fashionable. It will help hunters prevent what is considered a sartorial faux pas in the hunting game — bullet holes.

Parks and Wildlife Department officials point out that fluorescent orange is probably one of the most unnatural colors one could bring into a forest and that's a big plus in its favor.

There is no mistaking an orange vest coming through the woods for anything but man, so there is less chance of getting shot by someone who is a little too anxious to bring

## COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

The problem of maintaining continuously adequate cotton supplies is not a problem peculiar to the United States. And, now more than ever before, the world cotton industry is coming to recognize this fact.

This was one of the conclusions drawn from the recent International Cotton Advisory Committee meeting in Managua, Nicaragua, at which delegates were in attendance from just about every nation in the world.

For many years the U.S. Government has shouldered the responsibility and assumed the cost of carrying cotton stocks at levels high enough to assure the world supply in any given year. But the U.S. Government has now stated, flatly, that it will no longer carry stocks at the high levels of the recent past.

This new U.S. position plus the wide price-supply fluctuations of the last few years has placed an inescapable spotlight on the world industry need for some manner of stabilizing both supplies and prices.

Consequently the ICAC meeting saw considerable time devoted to discussions of the problem of stocks and how they affect prices, marketing and production. On a world basis it was the consensus at the meeting that stocks equivalent to five months consumption would constitute a "reasonable" level.

From there the talk went to the difficulties in financing such stocks, the effect of carryover stocks on prices and subsequent effects on

## TURN ROW COMMENTS

EMIL MACHA

**FREEZING TEMPERATURE.** heavy fog and icy conditions, it's the same song, but second verse to most people in the area as the harvesting of crops comes to a standstill again. With the past few days being pretty, the gins are beginning to get behind at least they will have a chance to catch up.

As for milo—well that's a different story. Most is harvested, and what is left is almost all on the ground from the result of Tuesday's sandstorm. A person with pickup attachments on his combine is in demand as there are a few thousand acres to be harvested.

The latest report heard on the price of milo is \$2.60 per hundred. This price will really make a beef steak come high in months to come.

It may not be a bad idea to stock up on meat now while it is less expensive, because you can bet it will go up.

**A WOMAN AND A HAIRPIN** can be dangerous, at least she can deflate a man's ego anyway. An incident happened the other day here in the newspaper. The boss locked his office and left his keys inside.

After checking the situation, either a door would be destroyed along with a door facing as we broke in, a window would have to be broken, or call Ernest Connell the town's locksmith. In order to prevent damage to the newly painted office, Connell was called. Meanwhile the boss' wife came in and was told about the problem—you can guess the rest—she opened the \*@&\* lock with a straightened paper clip. Nuff said.

**OUR YOUNG PEOPLE** speak again on how they would improve Littlefield. Shalyn Grant offers this bit of advice. "To me, Littlefield is a nice place to live. It could be changed in a few ways, the area with a lot of vacant houses and trash all around should be picked up. The town area is nice, but I think something else should be done about the vacant buildings. "We need more trees in

Crescent Park. The grounds are in bad shape. I thought the parking area put in between Moss Street and Ware's Department was a good idea. Overall, Littlefield is a good place to live and make a home."

Elaine Ellerbe comments how she would improve Littlefield. "I think Littlefield could be improved by adding a few more vocational courses to our school program. We need a larger variety of courses that would train for a job."

"Shop and Home Economics are good programs, but little promise for future or means of support. mechanics and agricultural are good vocational programs for boys, but girls need opportunities then provided by the Littlefield School System."

"Cosmetology would be a good course to train girls in various jobs in the line of cosmetics and hair styling. The business courses are good, but some people are more stimulating work."

"By the way, what happened to the electronics factory? Littlefield has prospered, and it has provided jobs for those who can not find jobs in small town."

**RADAR IS RADAR**—spelled backwards is radar gets you coming and going.

**BUY A CHRISTMAS** gift Littlefield every eliminate the last minute rush.

# Holiday party spoiled by guests' thievery

By Abigail Van Buren

DEAR ABBY: Now that the holidays are upon us, and you please share my unpleasant experience with readers before it is too late?

Recently my husband and I hosted an "office" party in my home. There were husbands and wives, some and their dates, and all but a few were total strangers.

We decided to confine our party to our huge recreation area which is completely furnished with bar and rest room facilities.

During the evening we noticed a few guests roaming the rest of the house on their own. After the party was over, my husband discovered that his wallet, which he left on his bureau in the master bedroom had been stolen. I noticed later that a few small art objects were missing. We were shocked!

Abby, how can a hostess keep her guests confined to a party area without insulting them? When the florist suggested putting up "decorative velvet ropes" to indicate where there shall be no trespassing, we were appalled. Now we're very disappointed.

DISILLUSIONED  
DEAR DISILLUSIONED: Even "roping off" areas is inadequate protection against a clever thief. It's a pity that thieves must spoil it for the majority. The only advice I offer is to "know thy guests."

DEAR ABBY: The wife and I are having a disagreement. I wish you would settle. Here is our problem: We're having trouble meeting our monthly mortgage payments to the extent of always getting behind and having to pay late charges. We both drive old jalopies that nickel and dime us to death, and we are in hock up to our eyeballs, buying everything on credit and trying to keep up with the Joneses. Our daughter is marrying a young man who is in the military, so her mother went ahead and laid away a \$300 wedding gown, and is planning a wedding like Lyndon Johnson gave for his girls.

Jennie Sue is a pretty girl, and she doesn't give a hoot about the boy. She is only interested in his money, but my wife says this is one wedding that is going to be the talk of town. (It sure is, when I file bankruptcy to pay the bills.)

I said, "If this marriage lasts I will be a monkey's uncle, so why don't you just get Jennie Sue a \$30 wedding dress and give ten bucks to the preacher and skip the frills and the bills?"

Those side are you on, Abby?  
BROKE AND DISGUSTED

DEAR B. AND D.: Yours, if you're telling it like it is. I think you are.

DEAR ABBY: I was truly saddened to see the letters in your column from readers who wore dentures, because they gave the impression that false teeth were as good as natural teeth.

Abby, artificial teeth, like artificial arms and legs, are substitutes that must be borne by many, but no manmade substitute can compare with nature's originals.

We know that dental disease and tooth loss are brought about as a result of organized bacteria accumulating at and along the gum margin, and with proper care, the only means for further loss are ignorance, accident or total neglect.

If people will brush their teeth properly and faithfully, use dental floss regularly, and see their dentists for periodic checkups, they can keep their teeth a lifetime.

N. C. DENTIST

DEAR DENTIST: I'll take 20 lashes with 50,000 yards of dental floss! It wasn't my intention to minimize the damage of "real" teeth. I only sought to comfort those who had lost theirs.

DEAR ABBY: I've read about so many divorced women whose husbands have married younger gals, while Mother stayed single and raised the children.

The saddest part is when the children marry, and the "new wife" attends the wedding with Father, and poor old Mother has to attend the wedding alone.

Having been in exactly the same spot a few years ago, I know what I did. I HIRED myself a tall, handsome, young escort from an escort service!

He was a part-time actor, and was very convincing in his role as a charming, interested gentleman.

Believe me, I never got more for my money in my life!  
ENCINO

DEAR ABBY: By coincidence, a woman named Bonnie called me a phone number similar to ours, and I kept getting calls for her. My wife works nights and I am home alone in the evening so I started having a little fun when people would call up asking for Bonnie.

One night last week a guy called for Bonnie and I said I was in the shower but she'd be out in a minute. The guy on the other end of the phone said, "Well, I'm her husband and you'd better be out of that house before I get you or I'll blow your head off!" Then he hung up.

That evening on the TV news they reported a local shooting. It seemed a husband came home and found his wife with another guy so he shot him, and the guy was in critical condition. The husband admitted the shooting, and he was warned the guy on the phone to get out of his house.

Bonnie's name and address were in the evening newspaper, so I looked it up in the phone book and the number was the same as ours—only the last two numbers were missing!

Now this has taught me a good lesson, but here's my question: Should I confess this phone bit to the authorities?  
STRICTLY CONFIDENTIAL

DEAR CON: Whether it will make a difference to the authorities to learn that the husband thought he had given his victim fair warning is anybody's guess. But in matters that deal with the law, tell your story to a lawyer and let him handle it. This is no laughing matter.

Problems? Trust Abby. For a personal reply, write to her, BOX 69790, L. A., CALIF. 90069 and enclose a self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," write to Abby, Box 69790, Los Angeles, Cal. 90069.

# Ag Department Keeps Weights Accurate

Have you ever wondered who checks the accuracy of the gasoline pumps at the many service stations across our state?

It might surprise you to know that the Texas Department of Agriculture periodically inspects these pumps for proper gallon delivery and correct price computation. If the pump passes this inspection, a round seal is placed on the face of the pump to let you, the consumer, know the device has been checked by a field representative of this agency.

Checking gasoline pumps is only one of the many ways that the Department of Agriculture aids the consumer. Consumer service inspectors keep a constant watch on packaged food items and prepackaged meats, checking to see if the labels conform to our various laws.

They also weigh the contents of these packages to assure that the stated net weight and price computations are correct.

The Department of Agriculture also administers the Texas Egg Law which

helps assure the consumer that the eggs he buys in the market are fresh and correctly marked as to grade and size.

One of the Department of Agriculture's more important services to the consumer is the testing and regulating of scales in retail stores to insure accuracy.

If the scale has been inspected, there will be a round seal giving the last date of inspecting.

They also check livestock scales on ranches, large terminal market scales, and

other large commercial scales throughout the state to make sure of accurate weights all along the marketing chain.

This service assures the consumer that he will in fact get the quantity he has bargained for.

Texas Permanent School Fund in 1971 received \$42.7 million from petroleum industry for lease rentals, bonuses, royalty payments; total since 1932, \$819 million.

## ENOCHS

MRS. ALMA ALTMAN

A BRIDAL SHOWER was given in honor of Mrs. Jerry Thomas at the home of Mrs. Charlotte Welch last Friday afternoon, Dec. 1. The hostess gift was an eight-piece set of Red Desco cooking ware. Refreshments of cookies, punch and coffee were served to the guests. Hostesses were Mmes. C. H. Byars, Janie Claunch, Lorella Jones, Jeanie Williams, Judy Autry, Mary Kendall Kay Kendall, Louise Newton, John Gunter, Mildred Welch, Lillian Street, Mildred Tunnell, Vivian Tunnell, Mattie Tucker, Johnnie Edree, and the chief hostess, Mrs. Charlotte Welch. One of Mrs. Thomas' daughters, Billy McPeak, registered the names and gifts.

MRS. J. D. BAYLESS and Mrs. Etta Layton were in Littlefield and visited with Carl Hall who has been in the hospital three weeks. He is slowly improving.

MRS. L. E. NICHOLS went to visit her daughter and

family, Mrs. L. B. Davis, who lives at Shallowater. Friday she went to see her son and wife. Mr. and Mrs. Harrold Dean who live at Idalou.

MR. AND MRS. L. B. Kelson visited her son, Rev. and Mrs. Charlie Shaw last Friday. Their home is at Lubbock.

VISITING in the home of Mr. and Mrs. C. H. Byars were Mr. and Mrs. Henry Hardaway and family, Mr. and Mrs. Jack Parr of Lubbock and family, and Mr. and Mrs. Tom Byars of Priona. Thanksgiving they were all guests of Mr. and Mrs. Tom Byars.

MRS. LEE NICHOLS had some of her children home recently. They were Mr. and Mrs. Dale Nichols, Quinton and sons, Richard and Michael, and Mrs. L. B. Davis and sons.

MRS. J. D. BAYLESS received word that her brother-in-law, George Henderson, of Amarillo was able to come home from the hospital after a long illness.

He suffered a severe heart attack.

OUR COMMUNITY was saddened by the death of one of our young residents, Mrs. Carol Dane, 39. She apparently died of a heart attack, and had been sick much of her life, having had several surgeries on her back. She was the mother of two sons, Larry and Gerald, both of the home. She was raised here and attended school at Bula. Funeral services were attended by many of their people from California and distant states, her father and mother, Mr. and Mrs. J. O. Dane, and sisters, Mr. and Mrs. Jackie Shann of California and Mrs. Joe Clark of Morton and family.

TERESA AUTRY, daughter of Mr. and Mrs. George Autry spent the weekend with her grandparents, Mr. and Mrs. Glenn Thompson of Morton.

THE ACTEENS GIRLS of Enochs Baptist Church presented a mission program Wednesday night, telling what the Lottie Moon Mission money is used for. Girls taking part were Shonnye Autry, Ida and Oralia Davila, Melonie Roberts, Susan Layton, and Dona Bruton. The leaders were Loretta Layton and Mrs. Essie Seagler. The program will be given again today.

JOHN GUNTER was released Wednesday afternoon from Lubbock Methodist Hospital after spending about three weeks there.

MRS. ANNIE PETERSON, mother of W. B. Peterson of Enochs, has been moved to Lubbock Nursing Home after spending about a month in Mercy Hospital in Slaton.

MACK STEFFY who farms three miles east of Littlefield is shown in a field with excellent crop residue management.

### Residue Stops Blowing Dust

Crop residue management means utilizing plant residue left in cultivated fields by incorporating them into the soil or leaving them on the surface during that part of the year when critical erosion periods usually occur. These critical erosion periods usually occur from about December the first through about April the first each year.

The purpose is to conserve moisture, increase infiltrations, reduce soil losses and improve soil till.

The farmer who practices crop residue management is doing his part to stop wind erosion or blowing dust. The Soil Conservation Service encourages farmers to management their crop residues properly.

## AMHERST

MRS. LESTER LA GRANGE

246-3336

THE ANNUAL Week of Prayer for Foreign Missions was observed at the First Baptist Church Tuesday. Mrs. Glenn Willson was general chairman. The Annie

Armstrong Circle served brunch and the Lottie Moon Circle presented a program and the Ruth Solesbee Circle served a salad supper that evening.

WHEN Mr. and Mrs. Billie McDaniel returned home from church last Sunday night they discovered that vandals broke into their home and took many things, their color television, electric iron, meat from their deep freeze, blankets and Lucy's jewel case and its contents. They stripped a pillow case from a bed to carry things away. They entered their place about five miles north of Amherst on the Earth Highway and broke the glass in the front storm door and the glass in the inside door. The place is Mrs. C. N. Sine's former home.

MARINE LT. Bobby Cowen returned to his base at Kaneohe, Hawaii last Sunday after spending a week with his mother, Mrs. V. Cowen.

HOLIDAYS at Amherst school will be Dec. 22 to Jan. 2, it was announced.

THE ALLAN WHITES are visiting their son, Sid and family, in Houston and will visit their daughter and granddaughter in Atlanta for the holidays.

MRS. ORA SMITH of Elk City, Okla., had a car accident there late Monday afternoon and suffered a broken pelvis, and other injuries and is a patient in an Elk City hospital. She is a sister of Mrs. Etta Jones and has other relatives here.

MRS. CHARLES JONES (Viola) underwent major surgery in Littlefield Hospital Tuesday. She is recovering satisfactorily, it was reported. She is homemaker teacher for Amherst High School. Mrs. Mary Lynn Adams of Lubbock, former Amherst teacher, is substituting for Mrs. Jones.

MRS. RONNIE HUGHES and two daughters of Houston are spending a few weeks with her mother, Mrs. Etta Jones. Ronnie is attending a special school in electronics for his company in New York.

MR. AND MRS. Jim Edwards returned to Tigard, Ore. after being here five weeks due to the illness of his father, Clint Edwards.

MRS. IRMA Jeffrey returned home after a visit

## BULA

MRS. JOHN BLACKMAN

933-2328

LEISA RISINGER, Oralia Davila and Susan Layton, accompanied by their homemaker teacher, Mrs. Alice Kester, were at Texas Tech in Lubbock Saturday where the girls were entrants in the sew it with wool sub-deb contest.

MR. AND MRS. Allan Williams and children, Melissa and Bradley, left Tuesday for Dallas and spent the night with relatives. Wednesday they flew to New Orleans and from there to Puerto Rico where they will be making their home for the next three years.

MRS. C. C. SNITKER has been visiting often with F. C. Snitker at Muleshoe in the West Plains Hospital.

J. W. HOUSE and Rev. Hazel House, pastor of the Bula and Enochs Methodist Churches and Mr. and Mrs. Zed Robinson and grandson, Jeremy, of Muleshoe attended the Plainview District Methodist Conference in Dimmitt Sunday.

MR. AND MRS. W. R. Adams visited Sunday afternoon at the Methodist

Hospital in Lubbock with John Gunter.

MR. AND MRS. Richard Black and Mr. and Mrs. H. M. Black attended the funeral of their cousin, Jimmy Dale

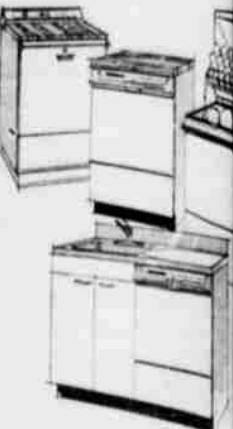

Black, in Muleshoe, Wednesday morning. BULA SCHOOL was dismissed at the close of school on Dec. 22 and resume Wednesday.

## Gift ideas from Frigidaire

This season, give her the gift she'll enjoy opening every day of the year.

Give her a Frigidaire Mobile Dishwasher... and you give her an hour after hour of time saved. They need no permanent installation, have easy snap-on, snap-off hook-up to faucets, move anywhere her family goes and convert to an undercounter built-in anytime (with accessory kit at extra charge).

Put a Frigidaire Microwave oven under the tree... and she'll turn into the fastest chef on the block with meals in minutes, snacks in seconds. Cleaning up is easy, too, just wipe out the Microwave oven with a damp cloth. Put one under the tree... it'll be out in the kitchen by evening.

A Frigidaire Trash Compactor makes short work of your Christmas shopping this season... and short work of the trash problem year round. It compresses bottles, cans and miscellaneous household trash to about one quarter of its original size... in a ready to handle, trash compacted bag. Keeps it out of sight, away from children and pets.
