County
Meeting Set

There will be a six-county Resource and Conservation Development (RC&D) meeting in Littlefield Thursday, Dec. 2, at the Lamb County REA Building. The meeting is open to all interested parties in the six-county area.

The counties in the project are Bailey, Cochran, Terry and Yoakum. The major job of the project is to help local people help themselves.

Payne, Littlefield Chamber of Commerce manager, is serving as the meeting committee representative for Lamb County. Payne stated the committee will be needed by laws and a name for the proposed project.

One of the projects being considered is a water control and recreation lake on the draws area near Anton.

Guest speakers will be here for the meeting. They are both officials for the Bosque RC&D project around Littlefield. This project covers more than 25 million acres in Eastland, Garza, Earth, Bosque and Somerwell counties.

William Gilbreath who served as chairman of the Board of Directors of that RC&D project until January of 71 will explain what they have done. He is also chairman of the Upper Leon River and has served on several state and local committees. He is in the oil and farming business near Littlefield.

Porter, project coordinator for the Bosque RC&D will represent the Conservation Service. Porter is involved in the application and implementation of the project. He is the district conservationist of the Littlefield work unit.

voter Registration

Moving Slowly

Deputies in the county tax assessor-collector's office in the courthouse report that voter registration certificates and tax payments are coming into that office at a slow pace—however several citizens have completed their registration for 1972 elections and have received discounts on their taxes by paying them before the year's end.

All who wish to be eligible to vote in the 1972 elections are reminded to bring the voter registration cards which were mailed to voters, and return them to the office at the courthouse before the Jan. 31 deadline.

Persons who did not receive a card by mail, may go by the office and get their application forms.

The voting year will begin March 1, 1972 and will end Feb. 28, 1973.

Paul Yarbrough Wins

Grand Prize In Contest

Yarbrough kept his lead in the contest and grabbed the grand prize tickets to the New Year's Day Bowl game plus \$25 expense.

Ed Bowman of Amherst was just a few points away from Yarbrough's total. Mitchell and David Hampton were in third place the twelfth and final week.

Clayton of Amarillo won the first weekly prize in the final round of the contest. Alex is the son of the Arthur Clayton of Littlefield.

Clayton out-of-towner, Randy Hutson of Littlefield won the \$3 second place weekly prize. He is the son of Mr. and Mrs. Roy A. Clayton of Littlefield. Previously, Randy won a weekly contest, and Roy has won the first and third place.

Clayton III got third place honors in the final week of competition. He is the third time one of the Claytons has won the weekly competition. His daughter, Shauna, won \$5 and \$10 in earlier contests. He has 30 contestants and their names are in this issue.

ROSES IN FULL bloom in December is something, and snow-covered roses in full bloom in December is something else. Vivian Cooper eats a snow ball and takes in the winter wonderland that greeted Littlefield Wednesday morning. Vivian is the daughter of Mr. and Mrs. Wayne Cooper, 1216 W. 12th Street. John Harmon measured .12 of moisture from the snow in his official gauge through noon Wednesday. The forecast calls for continued moisture today and possibly through Friday.

Home Lighting Contest
Entries Are Lagging

As of presstime Wednesday, very few entries to the Christmas Home Lighting Contest had been turned in to the Chamber of Commerce office, according to C-C Manager Bill Payne.

"Some of those entering have not decorated their homes yet, but that makes no difference," Payne stated.

Deadline for entries has been set at 5 p.m. Monday, Dec. 13. Last year, 20 entries were recorded, compared to 23 the year before and 10 the year before that.

This year's contest is again being sponsored by Littlefield's Chamber of Commerce in cooperation with Southwestern Public Service Company, who will provide the cash prizes.

Four prizes, totaling \$100, are being given. First place winner will receive \$50; second place winner will take home a \$25 prize; third place, \$15; and fourth place, \$10.

Children and adults who reside within the city limits of Littlefield are eligible to enter, and may clip the entry blank from this issue of the Leader-News, fill it out and mail it to the Chamber of Commerce office, Box 507, Littlefield 79339.

You may also enter by calling the office, 385-4451.

A score of 30 points is attainable in the "artistic merit" category, when design, composition and arrangement of elements, and the color scheme are considered in the judging.

Twenty points are possible in the "originality" portion of the judging sheet. Considered are new ideas or effects, new ways of using standard devices such as luminous plaques, candles, cutouts, wreaths, and shapes formed with Christmas tree lamps.

"Lighting techniques" could bring a high score of 30 to the ingenious Christmas lighting artist, if he figures a good use for regular Christmas tree lamps, spot and flood lamps (with or without filters), or other lamps such as fluorescent, circling, reflector color lamps, 25 and 40 watt enameled lamps.

Band Boosters Begin
Christmas Tree Sale

The Littlefield Band Boosters Club is again sponsoring the Christmas tree lot on Highway 385 and Hall Avenue.

A choice of several sizes of Scotch Pine trees will be available. They were grown at Puyallup, Wash. and are sprayed with a natural color-corrected solution.

Proceeds from the sale of trees will go into the band program for all the bands. The Littlefield Band Booster Club, from the 1969-70 through the 1971-72 school year, will have boosted the Littlefield School band programs by between \$7,400 and \$7,500.

"All of this money has been for the benefit of the students in the bands for such things as instruments, including two sets of drums, bassoon, oboe, hi-fi sound equipment, expenses for band clinics, and a projected big lift for the Wildcat Band's trip later this school year," explained Booster President Hubert Henry.

"The members of the club, past and present, have thoroughly enjoyed the activities they have assisted in to raise this money. The little that the Booster Club does, seems so small in comparison to what our bands have accomplished," Henry continued.

"For example, in the 1969-70 school year, there was an excellent band program in our school, such as making a good record at the UIL contest and a large number of members in the all-region band. In 1970-71, the Wildcat Band was a Sweepstakes Band. The Junior High Band had a I rating in marching and concert and a II rating in sight-reading," he said.

"The year of 1971-72 is off to a good start with the Junior High Band, the Wildcat Band, as well as the Junior High Band. At the time the Wildcat Band and Junior High Band have been making their records, the Beginners Band and Intermediate Band have been busy doing their thing so that they can replace the members that move on by promotion and graduation from the Junior High and Wildcat Bands.

"The program that the Band Boosters promote would not be possible if it were not for the dedicated help of the parents and friends of our band students.

"When there is a job to be done, seldom do we hear a person that is asked to work on a project say, 'I can't.' They roll up their sleeves and do the job that is to be done.

"The Band Boosters have an extra amount of pride in our bands, and justly so when they come home from contest with judges' comments such as, 'A good job teaching,' 'an ambitious program', 'difficult music, difficult marching routines,' etc.

"So please help us do the things for the band program in the Littlefield Schools that are not provided for in the school budget. The Littlefield School Band Program is a great one. It is a winner," Henry concluded.

SCOTCH PINE Christmas trees are now on sale at the Band Boosters' Christmas tree lot on Highway 385 (Hall Avenue). Shown with one of the trees are Kathy Walker of the Junior High School Band, Mary Elizabeth Shotwell of the Wildcat Band, Band Booster President Hubert Henry, and Wildcat Band Director Daryl Rountree.

120 Petit Jurors
Called For 7 Cases

A list of 120 petit jurors has been called to hear seven civil jury cases beginning Monday afternoon.

Disputes set for trial include Olan Wharton versus Ruben Brock and Bobby Glen Brock, collision and property damage.

Carl A. Taylor versus Floyd Henderson, personal injuries and property damage.

Gerald Chisholm versus Edward Cecil Curtis, collision, personal injuries and property damage.

Cheryl Coffey versus Republic Bankers Life Insurance Company, hospitalization insurance claim.

Tommy Lewis versus George Davis & Southwestern Investment Co. and Roy Hignight & Commercial Insurance Co., inducing breaches of contract.

Citizens State Bank, Earth, versus McBeth Dodge, Inc., (promissory notes and lien foreclosure) versus United Motor Co and Bill Boren, indemnity.

Citizens State Bank, Earth, versus

United Motor Co., J.H. McBeth and Bill Boren, promissory notes and lien foreclosure.

Settled out of court was a suit filed by Mildred Ivey versus Duane Bryant and Gene Nixon, collision and wrongful death.

'Outstanding'
Nominations
Are Sought

Clubs and organizations who wish to submit nominations for an "Outstanding Citizen of the Year" and "Outstanding Woman of the Year", to be recognized at the Annual Chamber of Commerce Banquet Jan. 29, are asked to have their nominations in the Chamber of Commerce office by Dec. 7.

Recipients of the awards, will be chosen by a committee appointed by C-C President Jerry Kehoe.

A summary of reasons a particular citizen should be considered for the award should be sent with the nomination.

"Nominees should be someone who has done an outstanding job in civic work in our community," C-C Manager Bill Payne stated.

The plaque which will be presented to the "Outstanding Farmer" will be donated by the Leader-News; the "Outstanding Woman" plaque will be donated by Jones Conoco; and the "Outstanding Citizen" plaque will be presented courtesy of A&B Office Supply.

'VOICE OF DEMOCRACY' CONTEST

Students Plan Freedom Speeches

"My Responsibility To Freedom" is the theme for the 1971-72 25th Annual Voice of Democracy Program, sponsored by Veterans of Foreign Wars of the United States and its Ladies Auxiliary.

Sophomore, junior and senior students from local and area towns, sponsored by Littlefield's John Henry Chaplain VFW Post 4854 and the Ladies Auxiliary, will join in the program with high school students throughout the United States, and all will be given the opportunity to voice their opinions on a patriotic theme.

High School students from Bula, Whitharral, Olton, Springlake-Earth, Spade, Amherst, Sudan, Pep and Littlefield will participate and try for local, district, state and national honors in the Voice of Democracy Contest.

Ladies Auxiliary co-chairmen Stella Pugh and Billie Ramage stated they "will deliver the tapes for recording the speeches this week to the principals of the nine participating area schools."

Stella Pugh stressed that the three to five-minute taped script entries must be returned to her and Billie Ramage no later than Sunday, Dec. 12. The deadline was Dec. 15 but has been changed to the 12th.

Local or area winners will receive a savings bond of \$75 for first place; \$50 for second place; and \$25 for third place. Fourth and fifth place winners will receive gold medallions. Tokens of appreciation will be presented to the counseling speech teachers for their help in connection with the students. All local prizes are provided by the local VFW Post and Auxiliary.

Allen Purdy, VFW Voice of Democracy chairman, will choose the judges for local and area contestants.

The local winner will compete in district See DEMOCRACY, Page 12

VFW LADIES AUXILIARY co-chairmen of the 25th Annual Voice of Democracy Program Stella Pugh, left, and Billie Ramage, right, discuss final plans for the contest. Local and area high schools are sponsored by Littlefield's VFW and Ladies Auxiliary Post 4854, in conjunction with the VFW of the U.S. and its Ladies Auxiliary.

PAUL YARBROUGH

Dear Santa . . .

Old Saint Nick made his first city-wide appearance in Littlefield last weekend, and has informed the Leader-News that he is anxious to hear from all you boys and girls in this area, so he'll know what you want him to bring for Christmas.

He wants your letters—so get your paper and pencils ready to write that letter to Santa.

Address it to the North Pole, in care of the Leader-News, Box 72, and we'll see that he gets the letters special delivery.

We are publishing some letters to Santa in this issue, and the letters will be forwarded to Santa at the North Pole, so his elves can get the gifts ready.

Santa will be in Littlefield again next Saturday afternoon, from 1 to 5 p.m. in his Santa Land headquarters on Phelps Avenue in the old Knit Shop building.

Bridal Shower Honors

Miss Cathy Barton

Saturday morning, Nov. 27, Miss Cathy Barton, bride-elect of Allen Williams, was honored with a bridal shower in the parlor of the First United Methodist Church.

Guests were greeted at the door by the honoree; her mother, Mrs. Jack Barton; and Mrs. Aaron Williams, mother of the groom. All wore corsages of white mums tied with emerald green.

The tea table, laid with a white linen coverlet over white organdy, featured an arrangement of white pom-pom mums and emerald green straw flowers. Miniature cinnamon rolls, sausage rolls, fruit sticks,

coffee and spiced tea were served from silver appointments.

Hostesses for the occasion were Misses Jack Wattenbarger, Ethel McBride, J. H. Carl, Albert Perkins, Harry Woody, Billy Tom Grant, W. C. Nowlin, Charlene Reast, Billy Williams, Buck Oldham, D. J. Stafford, Edna Mae Mangum, Judd Walker, Kenneth Broadus, Charles Hinds and John McAnally.

Miss Barton and Allen Williams, both students at Texas A&M, will be married Dec. 28, in the sanctuary of the First United Methodist Church.

SAVE MONEY

One way to save money this winter is to reduce your use of fuel. And you can do that by keeping the warm air inside your house inside—and the cold air outside. If you have a fireplace, be sure the damper is closed when the fireplace isn't being used. And try to keep the opening and closing of doors to the outside at a minimum. Each time you open an outside door, some of the heat from inside your house escapes. Then, your furnace has to work extra to replace the lost heat.

GAS EARNINGS UP

Pioneer Natural Gas Company earnings for 1971 should be ahead of the 1970 figures, according to a statement made by Burton P. Smith, company president.

Smith estimated the earnings would be in the range of \$1.15 to \$1.20 per share. This corresponds with 1970 earnings of 86 cents, after an extraordinary item of 15 cents per share.

BUDDY WELLS

Daubers Art Club Elects Officers For Coming Year

The Daubers Art Club met in the Reddy Room of Southwestern Public Service Tuesday for their regular business meeting and the election of officers for the new year.

Pearl Rountree, president, presided over the business meeting.

New Officers elected were Vera Griffin, president; Wanda Hamblin, vice-president; Blanche Dodgen, secretary-

treasurer; and Dorothy Ferguson, reporter.

The club will place paintings in a window of downtown Littlefield for display during the Christmas holidays.

Present for the meeting were Blanche Dodgen, Lela Nicholas, Hattie Street, Dorothy Ferguson, Vera Griffin, Gwen Tucker, Norma Phillips, Pearl Rountree, Wanda Hamblin, Irene Fore, and Feral Krizek.

Church Hires New Minister

Buddy Wells is now minister of music and education at First Baptist Church in Littlefield. He and his family come here from the First Baptist Church at McGregor, where he served as minister of music and youth while teaching and coaching in the Crawford school system.

Wells is a graduate of the University of Crocus Christi and Southwestern Theological Seminary in Fort Worth, and has served churches in both of those cities.

Churches in which he has served include the Travis Baptist Church at Corpus Christi and the Southcliff Baptist Church in Fort Worth. His wife, Beth, the former

Beth Williamson of Refugio, was Acteen Director of the Tarrant County Baptist Association while Wells was studying at Fort Worth.

The couple has two daughters, Lisa Beth, 14, and Gina Rene, 10.

COLD'S SIDE EFFECTS

Winter months can provide children many hours of outdoor exercise and enjoyment. However, if a child's winter recreation results in a severe head cold, medical treatment should be sought. The officials warn that a hearing loss can be one of the serious possible side effects of a severe head cold.

Activities

THURSDAY, DEC. 2
A CHRISTMAS story hour will begin at 10:15 in the Lamb County Library, when a "show and tell" program will be given.

FRIDAY, DEC. 3
THE LAMB COUNTY Chapter of the American Red Cross will have a regular business meeting at 4 p.m., in the Red Cross office. All board members are urged to attend.

OLTON

LITTLEFIELD

MRS. J. B. McSHAN

385-4337

Mr. and Mrs. Jack Durham Jr. and Dana of Odessa, former Littlefield residents, spent last week in the home of Mrs. Durhams parents, Mr. and Mrs. Loy Mouser of Spade. They also visited other relatives and friends in this area.

of Oklahoma City, Mr. and Mrs. Darwin Pierce of Carlsbad, N. M., Mr. and Mrs. Gary Chilcoat and Shelley of Abilene, and Mrs. Ty Jones and daughter of Slaton.

Burknett; Mr. and Mrs. George Nickelson and family of Whitharral; Gerald Wayne Chisholm Jr., a West Texas State student; Mrs. Roy H. Taylor and Mrs. Robbie Pass, both of Littlefield.

Gordon Sorley, a student at Trinity University in San Antonio, left Sunday after spending the holidays with his parents and sister, Rev. and Mrs. Clem Sorley and Debbie.

Mr. and Mrs. Jack Dodgen and family of Oklahoma City spent Thanksgiving with his mother and grandmother, Mrs. J. D. Dodgen and Mrs. S. J. Farquhar.

Mr. and Mrs. Pat Cain of San Bernardino, Calif. and Mrs. Bill Samman of Plainview were guests Sunday of Mrs. T. R. Brasher and other relatives.

Mr. and Mrs. B. D. Garland Jr., Brent and Lisa returned Sunday from spending the holidays at their cabin on Possum Kingdom. They were dinner guests of Mr. and Mrs. Pete Powers in Wichita Falls, one evening.

Recent guests in the home of Mr. and Mrs. Van Clark were two of his cousins, Mrs. Inez Clark and Mrs. Stella Buck of Coleman.

Dr. and Mrs. Ben Lyman Jr. and Miss Kay Lynn Lyman and Brent Caviness, students at Tech, were weekend guests in the home of Mr. and Mrs. Ben Lyman Sr.

Mrs. Craig Wallace is in Ft. Worth visiting her mother, who recently had surgery.

Mr. and Mrs. Wayne Davis left Monday for their home in Vernal, Utah after spending a week with his parents, Mr. and Mrs. W. M. Davis. While here they visited in Lubbock with Mr. and Mrs. Oscar Powers and Mr. and Mrs. John Pilley.

Thanksgiving holiday guests of Mrs. Paul Pharris were her brother and sister-in-law, Mr. and Mrs. S. W. Burden of Altus, Okla.

Last Saturday guests in the home of Mr. and Mrs. C. H. Calvert were her brother and wife, Mr. and Mrs. Paul Herman of Denver, Colo. and Mrs. Edytha Walker of Lubbock.

Mrs. J. D. Dodgen and mother, Mrs. S. J. Farquhar, recently returned from Johnson City. While Mrs. Dodgen was deer hunting her mother visited relatives in Austin and Marble Falls. They also went through LBJ's Library in Austin before returning home.

Gerald Wayne Chisholm, a student at West Texas State University, spent the holidays with his grandparents, Mr. and Mrs. G. M. Nickelson.

Mr. and Mrs. R. O. Zahn of Levelland visited Mr. and Mrs. Joe Kloiber Thanksgiving day. They all had dinner at Pep.

Miss Frances Smiley of Dallas visited her parents and sister, Mr. and Mrs. C. R. Smiley and Charlene during the holidays.

Cathy Smith, daughter of Mr. and Mrs. Ernest Phillips and Oleta Mercer, daughter of Mr. and Mrs. E. A. Mercer spent Thanksgiving with their parents. They are both students at TWU in Denton.

Weekend guests in the home of Mr. and Mrs. R. J. Murphy were their sons and wives, Mr. and Mrs. Robert Murphy of Tucuman, N. M. and Mr. and Mrs. Roy Murphy of Mountainview, Okla.

Katherine Wright of Dallas spent the holidays with her parents, Mr. and Mrs. Fred Wright.

Mr. and Mrs. Elam C. Caldwell had their daughter and granddaughter, Mrs. Ben Kinslow and Debra of Lubbock as Thanksgiving day guests.

Mr. and Mrs. C. R. Smiley and Charlene were in Abilene on Wednesday to attend the funeral for his brother, Sam E. Smiley, who died on Monday.

Miss Franks Is Honored

AMHERST—Miss Reba Franks, bride-elect of Johnny Williamson, was honored with a miscellaneous shower in the home of Mrs. Winfred Crosby Saturday afternoon.

Cindy Crosby registered the guests in the bride's book and Alane Weaver and Becky Cook presided at the refreshment table.

The serving table was laid with a white lace trimmed net cloth over white, featuring a crystal bowl holding pink and white carnations, and pink satin streamers with the names "Reba and Johnny" written on them. Pink punch and white cake squares embossed with pink wedding bells were served.

The hostess gift was an electric mixer with attachments. Hostesses were Mmes. A. B. Carter, Claud Cook, Marvin Wagner, Howard Campbell, Robert Butler, Ronnie Schroeder, Verdell Burton, Alvin Mills, Eli Young, C. N. Stine, Guy Hufstедler Sr., Lib Bales, Charles Schroeder, Homer Peel, W. P. Stone, Leon Hardwick, Pete Templeton, Luke Swart, Alfred Schroeder, Leonard Tittle, Jim Humphreys, Bobby Pane, B. L. Burditt, Gerald Coffey, W. P. Holland, Sr., Homer Campbell, Guy Hufstедler Jr., W. H. Crosby, Dale Weaver, R. J. Cook, W. L. Crosby, George Tooley, Misses V. O. and Willie White.

Out-of-town guests attending were Mrs. Frank Kirk and Mrs. George Tooley of Littlefield; Mrs. Paul Hukill, Mrs. Roy Goyno, of Fieldton; Mrs. Jessie Williamson of Levelland; Mrs. Kenneth Fallin of Anton; and Mrs. Francis Franks of Arch, N. M.

The Franks-Williamson wedding is scheduled for Dec. 27.

OBSERVE CRIME
Crime made easy makes crime. During the Christmas shopping season, the odds for criminals go up. More wallets have money in them; more houses and cars have accessible loot; stores are more crowded, shoplifters harder to detect. Lend your eyes and ears to police to help take the crime out of Christmas. Observe and report.

MR. AND MRS. SILBIANO RANGEL

25th Anniversary Honors The Rangels

Mr. and Mrs. Silbiano Rangel celebrated their 25th anniversary Thursday, Dec. 25, in the Littlefield Community Center. Approximately 150 guests in attendance for the occasion.

Service for over eight years. He is also a minister, and has been preaching for the past seven years. He presently is minister of Memorial Baptist Church on West 6th Street and Barton.

The Rangels have four children, Cleo Rangel, Silbiano Rangel Jr., Jose Rangel, and Rose Villafranco; four grandchildren, ranging from eight years to one month old.

PROMPT REPORTS

Don't be crime's silent partner by neglecting to report suspicious persons and circumstances to police. Observe and report in detail. Don't hide an offense when you are the victim; report promptly. All the criminal needs to be successful is enough silence.

Rodney and Gregg Geissler of Earth spent Friday night and Saturday in the home of Mr. and Mrs. Walter Pence.

Mrs. Winnie Hogan spent Thanksgiving with her daughter, Mrs. Betty McNeely and sons, James and Kin Glatz, in Lubbock.

Tom Ivey Jr., a student at Tech, was home for the holidays with his parents, Mr. and Mrs. Tom Ivey, Sr.

Recent guests in the home of Mr. and Mrs. Jess Rountree were their daughter and husband, Mr. and Mrs. Glenn Terrell of Cleveland, Ohio, Mr. and Mrs. Winston Rountree and family of Dimmitt, and Mr. and Mrs. Harold Potts of Lubbock.

Thanksgiving guests in the home of Mr. and Mrs. C. H. Calvert were their daughters and husbands, Mr. and Mrs. Clayton Beckner and three sons

HOMNY GRAYS

By CORNBALL BLEVINS

ONE THING for sure, Congress just isn't gonna let Nixon look too good in his economy move. They can't afford to, what with an election year comin' up.

ONLY THING IS, that the Demos don't have enough money to field a real strong campaign election. This, added to their dilemma of their lack of a plausible candidate for the presidency, presents a problem!

So-o-o? This accounts for the offer of a tax cut to the taxpayer, provided the taxpayer will also pick up the tab for the campaign expenses of the presidential candidates. Very good—for THEM—that is!

"Amazing, I hear voices, too!"

NOW I'M OF THE opinion that these guys can cost us enough money, without the added burden of paying for their campaign expenses! Perhaps the Demos would do well to skip a political campaign or two, 'til they can sort of bear their own expenses.

They've been famous for their being free with money for a long time—only thing being, that the money they were so free with was TAX money.

NOW, SINCE THEIR political party is so deep in the red, maybe they can understand the foolishness of deficit spending. I'm sure it isn't that there is a shortage of money in the Democrat party, it's that in order to present a black figure in their bank balance, someone's gonna have to dig in their own pocket, for a change!

WHETHER OR NO: pro, or con, it may be well to remember the behavior of these guys in the next election.

At any rate, I can't see our paying the campaign expense of any political candidate outright. (Oh, sure, we'll pay, one way or the other) from tax funds.

If a guy is the type to become president, surely his party can come up with his campaign costs.

EDITORIALS

Old Man Winter

NO CALENDAR is needed to tell us that Winter is just around the corner.

As the sun swings lower toward the shortest day of the year and Winter makes its entrance on Dec. 22, thoughts will turn to activities of the new season—winter sports, Christmas Holidays and finally a New Year.

WHILE MANY people like the placid continuity of eternal summer and follow the sun as it moves south, others find stimulation in the changing seasons. Like

the land itself, most men are renewed by change.

Nature in her wisdom has arranged for the changing seasons because with change there is growth. Unless there was Winter, there could be no Spring, no renewal.

Thus, Winter is as essential to man as to all other life.

IT PREPARES THE earth for next year's growth.

So let's settle in and enjoy the company of Old Man Winter.

OBITUARIES

RAMON ZAMORA

Funeral mass for Ramon Zamora, 73, who died at his home in Earth early Tuesday, Nov. 30, are scheduled for 2 p.m. today (Thursday) in the St. Mary

Magdalene Catholic Church in Earth.

Rev. Robert O'Leary, pastor, will officiate, and burial will be in the Earth Cemetery with Parson-Ellis-Singleton Funeral Home in charge of arrangements. Zamora was a native of Mexico and went to Earth 17 years ago from Runge. He was a farmer.

Surviving are his wife, Candida; five sons, Israel Zamora of Olton, Gilberto Zamora, Raul Zamora, Erasmo Zamora and Adam Zamora, all of Earth; five daughters, Mrs. Manuel Ruiz of Sunnyside, Mrs. Ophelia Garza of Paris, Mrs. Hoteicia Ochoa of Goliad, Mrs. Maria Garza of Springlake and Mrs. Geneva Garza of Olton; a half-brother, Jesus Chavez of San Antonio; 60 grandchildren; and 15 great-grandchildren.

LOTT FAMILY

Services for three members of a Levelland family who were killed in a two-car accident Saturday night about six miles northwest of Levelland, were held Monday afternoon in Levelland's Park Drive Baptist Church.

Killed were Mrs. Ella Mae Lott, 33, and her two sons, John Edwin Lott, 12, and Ricky Lott, 8.

Officiating were Rev. Raymond Butts, pastor, and Rev. Allen Cartwright of Shallowater.

Burial was in the City of Levelland Cemetery with George Price Funeral Home in charge of arrangements.

Injured in the accident were Mrs. Lott's husband, James D. Lott, 34, and her daughter, Kimberly Ann Lott, 2. Occupants of the other auto were not injured.

Mrs. Lott was a native of Phoenix, Ariz. and went to Levelland in 1939. She attended schools in Levelland and was a member of Park Drive Baptist Church. She was married in Levelland in 1960 and had resided in Shallowater until she moved back to Levelland in 1970.

John Edwin was born in Littlefield and was a member of Park Drive Baptist Church and Boy Scout Troop 625.

Ricky Wayne was also born in Littlefield, and was a member of Park Drive Baptist Church.

Surviving Mrs. Lott besides her husband and daughter are her parents, Mr. and Mrs. J. L. Nevill of Levelland; a brother, Mirt Nevill of Anchorage, Alaska; a sister, Mrs. Katherine Rogers of Portales, N. M.; and her grandmother, Mrs. Myrtle Ticer of Lubbock.

The boys are survived by their paternal grandmother, Mrs. Edwin Lott of Whitharral.

Pallbearers for the boys were members of Boy Scout Troop 625.

MRS. MINNIE LEA DAVIDSON

Funeral services for Mrs. Minnie Lea Davidson, 60, longtime resident of Littlefield, who died Friday night, Nov. 26, in Littlefield Hospital following a long illness, were conducted Monday afternoon in Littlefield's First Baptist Church.

Rev. A. J. Kennemer, pastor, officiated, and burial was in Littlefield Memorial Park with Hammons Funeral Home of Littlefield in charge of arrangements.

Mrs. Davidson was born Oct. 29, 1911 at Gindale and had lived in Littlefield 26 years.

Surviving are her husband, Jack Davidson; her mother, Mrs. Mary Camp of Amherst; three sisters, Mrs. Loyd Pryor of Amherst, Mrs. T. E. Seymour of Sudan and Mrs. Marvin Drake of Bula; and three brothers, D. B. Camp of Levelland, Bernis Camp of Muleshoe and Joe Camp of Clovis, N. M.

BENIGNO S. SAINZ

Funeral services for Benigno S. Sainz, 21, native of Mexico who was killed at his Littlefield home Friday evening, Nov. 26, were held Sunday afternoon in the Hammons Funeral Home Chapel.

Rev. R. F. Luna, pastor of the Spanish Assembly of God Church in Levelland, officiated for the services. Burial was in Littlefield Cemetery with Hammons Funeral Home in charge of arrangements.

Sainz and his wife were cleaning clothes with gasoline in the bathroom, and a nearby hot water heater apparently ignited the gasoline fumes. His wife, Almalia, is listed in critical condition in Methodist Hospital in Lubbock, and is suffering third degree burns on 75 percent of her body.

Sainz was born in Mexico, and came to Littlefield from Levelland about a month ago.

Surviving are his wife, Almalia; a son, Rene Sainz, of the home; a daughter, Elena Sainz, of the home; his parents, Mr. and Mrs. Davis Sainz of Ojinasa, Chihuahua, Mexico; and a brother and sister, both in Mexico.

THE ABUNDANT LIFE

Self View

THE WAY we see self has as much to do with the total living experience as any other factor. In fact, our self view may be the most influential element in our total behavior pattern.

Many dependable studies have been done which reveal the influence of the "self-concept" (sometimes called "self-image") upon one's actions and reactions.

EVERYBODY has some sort of self view. Some may be more conscious of it than others, but it is present in each life and is very weighty in shaping behavior. The view of self is the culmination of the total life experiences, and is complex in its formation. We have no control over the early years of these experiences.

They may have been wholesome influences, they may have been unwholesome; but, in most lives, it is a mixture of the two.

WE CAN, as we become more and more responsible for ourselves, and more aware of the actual existence of a "self view", being to modify and improve it; if there is need for change.

A right attitude toward one's self is very important, and we must keep doing everything we can to make it right and keep it right.

THESE QUESTIONS are relevant. How do I see myself? What do I think about what I see? What is my "self view"? We may try to ignore these questions, but they are still there and we are answering them. The answers are reflected in the way we

think; the way we speak; the way in our attitudes toward others, and the way we react to others.

WHEN WE LOOK into a mirror we see our physical image. We may be pleased with what we see, and best to make indicated improvements. Of course, if we don't like what we can break the mirror; but we improved our appearance. The sense in which the world of people as us is like a mirror in reflecting of our lives as we live them.

THE WORLD is not perfect, but usually depend upon the reflection as the world mirrors our lives. "It is like a mirror reflecting what you if your face is smiling it smiles at you." Anon.

Too many people are trying to be a mirror. If we do not like what we can make the changes in ourselves will improve the reflection.

A JUSTIFIED self-esteem reality for all who desire it. We are ourselves the kind of people we and appreciate, and approve. All of us can do this.

"SELF-APPROBATION, when truth and a good conscience is a some of the purest joys known to Simmons.

OUR SELF VIEW must be a good and it can be.

JET-AGE SEWING

Zipper Application

By FRANCES

THIS IS A sewing job that many women dread and it really does not deserve such a bad reputation. The zipper should be of a length that leaves about 5 inches of the garment at the top for the lapel and about 5 inches at the bottom for a short crotch seam.

Just now the home sewer is unable to find in the stores special zipper with two pull tabs. Try buying an upholstery zipper that is sold by the yard and attach two pull tabs instead of one.

IF THE PATTERN shows a centered application, add a front facing and at the top allow about 3/4 inch from the center front mark to the foldline to form the notch.

Mark the center front line with chalk or a basting because you will be working from this line. On the sketch the center front line (C F) runs from 1 to 3 and the foldline runs from 2 to 3.

1. THE FIRST STEP of construction is to close the crotch seam below the zipper, stopping the seam 1 inch before you reach the inside leg seam. The part left unsewn will be stitched after the inside leg seams are fitted and sewn.

This is common practice in making all types of pants and shorts. The leg seams must be fitted and stitched first and then the crotch seam stitched later. Be sure to backstitch at the top of the seam where the zipper meet it.

2. WORK WITH the underlap side next. This is the right hand side. Fold the facing under and press it. Observe this finer point at the lower end; make the fold run 1/4 inch out from the center front to enable you to conceal the zipper.

Place the zipper right side up and lay the garment over it, placing the fold close to the zipper chain. Check at both ends; the top of the zipper should be about 5 inches down from the neckline and the bottom of the metal should be even with the top of the crotch seam.

Fold the surplus tape under to make a neat finish. Pin or baste and topstitch on the edge of the fold. Figure A. Use the zipper attachment for this job.

An alternate method is to lay the zipper tape on top of the garment instead of underneath it. Take care that the tape does not extend too far or it will show. Inspect a ready made garment if one is available.

3. LAY THE OVERLAP (left hand side) over the closed zipper. It should be pressed when you pressed the crotch side. Mack CF lines coincide and zipper tape. Pin or baste closely edge of the fold.

Do not do the topstitching just yet. You may fail to catch the tape all the way if for the home sewer to make the line of stitching to attach the top facing.

Turn the cloth back to free the stitched side of the zipper and the Sew along the outer edge of the zipper side on top, attaching it facing.

4. TURN TO THE RIGHT rise and a line for the topstitching. It should be about 1 inch from the fold and curve the bottom.

To prevent a pucker, begin at the top and sew toward the top, taking care to catch the underlap side. At the finish off with a bar tack through layers, catching the underlap too.

5. FOR A NEAT top fastening use or a large snap size 3. Slip the snap between the garment and facing and conceal it. Use a stiletto or an iron to make holes for the ball and socket.

Sew by feeling with a needle at stitch locations. Wax the thread at short tight stitches. They may show on the top side but they do not look bad.

You get more for your money when you shop LITTLEFIELD

Money spent in Littlefield builds schools, employes teachers and buys books. Littlefield money improves streets, develops parks and play-grounds. It helps pay for improved fire and police protection.

Pre-Winter Tune-Up Insurance Against Hard Start Problem

No Area is Immune

Pre-winter tune-up remains the motorist's best insurance against starting problems.

It was one of the findings of the most recent study conducted by Champion Spark Plug Company, Motorists in the United States and Canada were surveyed on winter-time starting problems and on maintenance performed on their cars during the winter.

Motorists who corrected starting problems by charging batteries had up to 10 times the incidence of starting failures than those who did not.

Motorists who replaced spark plugs still had from 28 to 40 percent more repeated trouble than those who did not.

Motorists in the West Central U.S. (including Minnesota, the Dakotas, Kansas, Missouri and Oklahoma) had four percent more starting trouble than those in Kentucky, Tennessee, Alabama and Georgia.

No region of the United States or Canada is immune from starting trouble. Motorists in warm California or Florida are as likely to have difficulty as car owners in Montana and Michigan. In fact, motorists in cold Ontario have only slightly more starting trouble than their British Columbia counterparts who enjoy a mild winter climate.

Car owners in Ontario, Canada, had four percent less difficulties than California, Oregon and Washington State drivers.

The message seems to read, for trouble-free winter driving START with a tune-up.

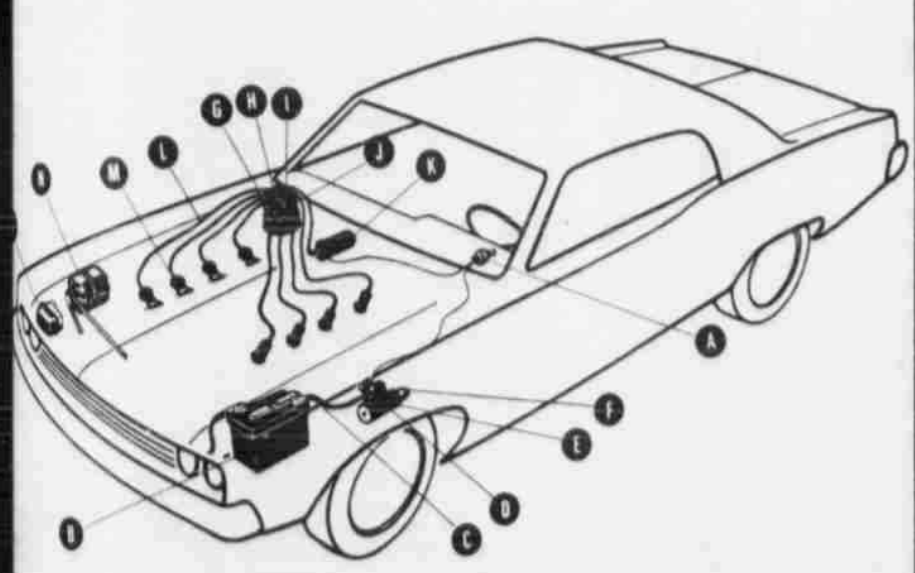

DOUBLE TROUBLE
A two percent incidence of spark plug misfire can more than double the rate of hydrocarbon emissions from a car's engine, according to Champion Spark Plug Company.

AVOID PROBLEMS
Dirty battery terminals can cut off your car's power quicker than an unpaid electric bill. Make sure your battery cables and terminals are clean.

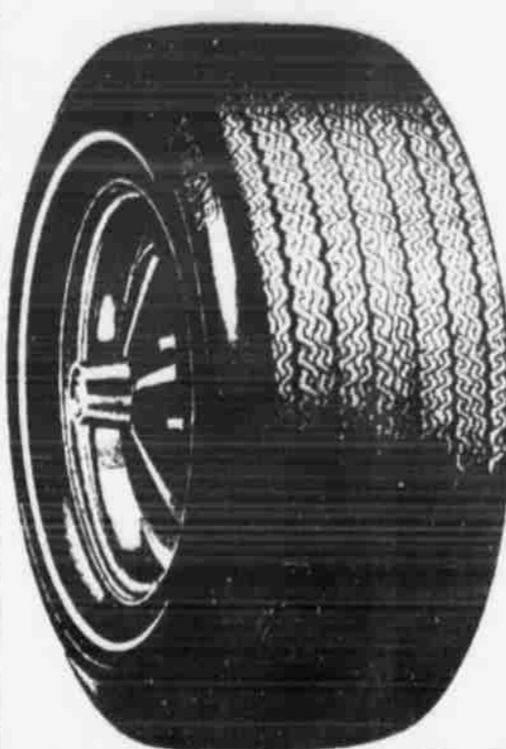

COLD WEATHER DRIVING PUTS GREATEST DEMAND ON IGNITION, ELECTRICAL SYSTEMS

No part of a car gets a more strenuous workout during the cold weather months ahead than the ignition and electrical systems. Severe cold and dampness attack these systems when they are in top condition can they function properly.

- 1. **IGNITION SWITCH** - really several switches in one. It turns on the ignition system, the starter, and simultaneously turns off the radio and accessories to avoid damage to power surge which occurs when the starter motor starts. As it spots, resistance in the switch is not enough to get the starter and engine to start.
- 2. **BATTERY** - stores electrical energy for starting and all electrical jobs. Life expectancy of a good battery is 2 to 3 years. If it gets clean, filled and kept at a normal state of charge.
- 3. **BATTERY CABLES** - deliver electricity to starter and all electrical systems. Loose connections and frayed cables are in common and have caused many cars to be unable to start.
- 4. **SOLENOID SWITCH** - connects the battery to the starter motor. Poor connections can reduce solenoid's ability to pass enough electricity to the starter motor fast enough to start the engine.
- 5. **STARTER** - an electric motor which, by means of a mechanical linkage, cranks the car's engine. As it develops, the starter may be unable to turn the engine fast enough, or may burn out the battery. Then, the starter should be replaced.
- 6. **STARTER DRIVE** - the movable gear connecting starter motor and car engine. If the starter drive doesn't turn over, chances are the starter drive needs replacement.
- 7. **CONTACT SET** - a switch that turns the ignition coil on and off to fire the spark to each cylinder. Contacts (points) gradually wear causing loss of power and poor gas mileage. Useful life - about 10,000 miles.
- 8. **CONDENSER** - like an electrical shock absorber. It smooths out surges caused by rapid opening and closing of the contact set. Should be replaced when the contact set is changed.
- 9. **MOTOR** - turns inside the distributor, carrying the spark from coil to each part of the distributor cap. High voltage gradually burns it and insulation deteriorates. Should be replaced with the distributor cap.
- 10. **DISTRIBUTOR CAP** - covers internal parts of distributor, providing terminals for each spark plug wire and for the coil wire. High voltage gradually burns the terminals. Dirt and moisture cause carbon tracking which is a permanent short circuit. This causes hard starting and engine "miss." Replacement is the only cure.
- 11. **IGNITION COIL** - heart of the ignition system. It is really a transformer, boosting 12 volts from the battery to as high as 30,000 volts. And it does this about 100 times a second at only 30 m.p.s. When the coil weakens, entire engine is affected. When it burns out, entire system goes dead.
- 12. **SPARK PLUG WIRES** - connect plugs to distributor cap and carry 30,000 volts. These wires must be built to high voltage doesn't cause interference not only with car radio but also nearby TV sets and even aircraft radio. Under load, defective wires cause engine "miss."
- 13. **SPARK PLUGS** - fire the ignition spark into the gas-air mixture in each cylinder to cause loss in power and gas economy. Deposits cause spark to leak away. High voltage gradually burns the plug, changing gap. Average efficient life is about 10,000 miles.
- 14. **ALTERNATOR (or generator)** - generates electric power for everything except the starter; also recharges battery. Dirt or deterioration cause hard starting, power loss and reduced fuel economy.
- 15. **VOLTAGE REGULATOR** - limits voltage produced by alternator to the amount needed by the car's systems. Poor connections can damage it. If the regulator gets out of adjustment, it's probably damaged and should be replaced.

Maintenance Is a Good Investment

Keeping Car in Best Condition a Must For Winter Driving

A penny saved is a dollar squandered. That's not how Poor Richard stated the case, but Poor Richard lived in an era before the automobile. If Destitute Dick had been a car owner he probably would have applied another of his famous sayings to the situation — "A stitch in time saves nine."

While most of us today are more careful than ever about how we shell out our money, neglecting needed car maintenance is a false saving. Let's look at the facts.

Most of us depend upon our cars for our livelihoods. Cars take 82 percent of us to work and back. Most of us seek out recreation by automobile, with 86 percent of all travelers using automobiles.

Most Important for Season

So, particularly in the coming months of winter weather, it is important to keep your car in top running condition, whether we're going to work or play.

How, exactly, does stinting on maintenance lead to potentially major expenditures? Consider these examples:

- Merely washing and waxing your car to keep its body rust-free can mean a savings of several hundred dollars at trade-in time.
- Changing the oil and filter at recommended times can prevent premature and expensive engine wear.
- Regular tune-ups can cut gasoline bills, prevent road service bills and, in some cases, head off engine damage.
- Wheel alignments, rotating and balancing tires can make your tires last 25 percent longer.
- General car care makes your car safer and helps prevent accidents. Some estimates state that 10 percent of all fatal accidents can be attributed to neglect of maintenance.

WHERE THERE'S A HILL THERE'S A WAY TO ENJOY WINTER, whether on a snowmobile, skis, sled or toboggan. Cold-weather sporting opportunities have turned former winter-time hibernators into outdoor enthusiasts. Even though motoring to winter resorts may be more rigorous, a car that's kept in good condition will get you there every time.

Today, there are even stronger reasons for good car care. A well-maintained engine, tuned to manufacturer's specifications, pollutes significantly less than a neglected one. Even with pollution-reducing improvements on the new cars, maintenance is the key to keeping pollution levels low.

Best Car Expenditure of Winter

Your investment in keeping your car in condition may be the best expenditure you make this season. Visit your favorite service outlet soon to begin reaping the rewards of that investment — safer, surer performance from your car.

AVOID PROBLEMS
Dirty battery terminals can cut off your car's power quicker than an unpaid electric bill. Make sure your battery cables and terminals are clean.

Avoid Battery Problems With Quick Check

Ever wonder why sometimes during starting, your car's battery sounds like it's dying — then suddenly kicks off?

A major source of the problem could be dirty battery terminals or loose connections.

Open the hood of your car. Are the battery terminals covered with what looks like a green moss? If not, are they loose? The green substance is acid build-up. When it reaches a saturation point of covering the lead terminals, energy transmission is impaired and starting becomes a problem.

In advance stages of acid build-up, not enough energy is transmitted to even turn the engine over once!

Corroded or loose battery terminals are easy for your local service station mechanic to fix.

The investment will be nominal and you'll be free all season long from this "won't start" cause.

Dear DeDe:

I am the mother of three school-age children and it seems like I spend half my time chauffeuring them to school, music lessons, Scouts and a dozen other places.

My neighbor has children about the same age and we try to share the driving when the youngsters are going to the same place. Lately, however, it seems that every time it's her turn to drive she claims she has starting trouble. I don't believe her. We live in a warm climate so I don't see how she has starting trouble.

How can I get across to her that I resent her excuses without starting an unwanted neighborhood feud?

Disgusted Doris
Long Beach, California

DEAR DORIS:

Before getting to the core of your problem, don't assume that because you live in a warm climate you can't have starting problems. Statistics show that drivers in your part of the country have just as much or more starting trouble than car owners in colder areas. Why? People in the frigid zones tune their cars more faithfully than people in your bailiwick.

LOGGED CLEANER

A clogged air cleaner can help cause a 75 percent increase in hydrocarbon emissions from a car's engine.

Six Month 'Check-Up' Keeps Wheels Aligned

By JODY CARR

Have you ever noticed how different your favorite shoes feel with new soles and heels? Because the wear had accumulated so gradually, you had been quite comfortable in those shoes and had not realized how worn they were.

This is rather like the sudden improvement in your car when you install new tires. You may have become accustomed to the vibrations and noise of your old tires. Suddenly, with new ones, the car seems to glide.

You feel a dramatic change in the handling of your car, too. Especially with some of the newly developed tire designs.

Don't "Kill" Tires
Your new tires can be expected to last longer if they are properly balanced and aligned. But even the best of them may live a short life if either of these factors is ignored.

It is not unusual for misalignment to scrub off a third of a tire's tread. This can amount to several times the price of the wheel alignment job that could have prevented such waste and would have made your car a safer one.

How do you know if your car's wheels need aligning? Your first clue may come

from erratic steering. The car may wander or pull from one side to the other. Sometimes misalignment causes a shimmy similar to the action of an out-of-balance tire.

Tread Tells Story
Clue number two: For this, you have to get out and look closely at the tread wear on your tires.

If tires appear to be worn more at the outer edges than at the center (or vice versa), your problem may be nothing more than improper inflation. But tires worn more on one side than the other, or otherwise unevenly worn, probably are suffering from misalignment.

Your mechanic can help you differentiate between inflation, alignment and balance problems. But any one of the three should be attended to without delay when you first notice the symptoms.

Meantime, check wheel alignment and balance every six months. And when you have those new tires installed, be sure to have the wheels balanced.

Install new tires. You may have become accustomed to the vibrations and noise of your old tires. Suddenly, with new ones, the car seems to glide.

Your mechanic can help you differentiate between inflation, alignment and balance problems. But any one of the three should be attended to without delay when you first notice the symptoms.

Meantime, check wheel alignment and balance every six months. And when you have those new tires installed, be sure to have the wheels balanced.

BRAKES

AT 65 MPH YOU'LL GO 70 FEET FROM THE TIME YOU DISCOVER YOU HAVE TO STOP UNTIL YOUR FOOT REACHES THE BRAKE PEDAL.

EVEN IF YOUR TIRES AND BRAKES ARE IN GOOD CONDITION YOU'LL GO ANOTHER 250 FEET BEFORE YOU STOP—A TOTAL DISTANCE LONGER THAN A FOOTBALL FIELD. BUT AS MANY AS 1/2 OF ALL CARS CHECKED IN INSPECTION STATIONS HAVE BEEN FOUND TO NEED BRAKE WORK.

OFTEN POTENTIAL BRAKE TROUBLE DOES NOT ANNOUNCE ITSELF BY THE FEEL OF THE PEDAL. DON'T TAKE CHANCES. BE SURE YOU MAKE A PANIC STOP IN TIME. THE CAR CARE COUNCIL RECOMMENDS HAVING A BRAKE CHECK-UP TWICE A YEAR.

ADVICE TO WOMEN who DRIVE... and MEN, Too

from DeDe Benson... a woman who

Tell your neighbor that you just had your car tuned and that it really runs better and that you start more easily than ever. Also tell her that your tune-up is helping cut pollution levels. She may just get the hint and you'll gain a co-pilot on your driving chores.

Dear DeDe:
Help me settle an argument with my husband. He says the car's owner's manual says to change oil every 3,000 miles. I only put about 1,000 miles a year on my car. I change my oil about every 800 miles. My husband says oil should be changed every two months. Do you know more than the manual?

DE:
Winnipeg, Man.

Dear D.E.:
Your husband is right. The owner's manual obviously refers to normal city driving. Your 6,000 miles a year is well below normal and indicates that most of your driving is short trips to the store and running errands. The kind of driving is tough on the engine since it doesn't reach efficient operating temperature. So, the oil can become contaminated. Making sure you are fresh is about the best insurance policy a premature engine wears out to hubby and enjoy car.

DEAR DIANE:
Check your local YWCA. Many YW's offer classes in Powderpuff Mechanics. They are not too technical, yet they do give you a basic understanding of what makes a car tick and what services are needed.

You may not be able to repair your brake system, but you should be able to put a stop to bothering you.

Where can a girl learn the basics of auto mechanics?
DIANE J.
Astoria, Long Island

DEAR DIANE:
Check your local YWCA. Many YW's offer classes in Powderpuff Mechanics. They are not too technical, yet they do give you a basic understanding of what makes a car tick and what services are needed.

You may not be able to repair your brake system, but you should be able to put a stop to bothering you.

A Ten Count Guide to... Your Car Safety

From Canada Safety Council

In boxing, a 10-count signifies a knockout. In driving, according to the Canada Safety Council, your car is subject to a 10-count too. That is 10 basic safety flaws and any one of them could count your car out of action.

The Council provides a list of the following ills and you can detect them while driving. It also suggests the symptoms corrected by your favorite service outlet soon as you detect them.

1. The brake pedal sinks to the floor under light foot pressure. This could mean worn brake linings or a leak of fluids in the system.
2. The car pulls constantly to one side when stopping. Possible causes include poor wheel alignment or brake lining worn on one side or oil soaked on one side, both due to wheel cylinder defects.
3. Excessive play in steering. Likely causes are a worn or faulty steering box, or worn or faulty ball joints, tie-rod ends, relay rods or idler arm.
4. Your car vibrates at 50 to 65 mph. Chances are defective tires, incorrect wheel balance or incorrect alignment is the cause.
5. Steering column shimmies at high or low speeds. Check for looseness in front end, defective shock absorbers or out of round tires with some flat surfaces.
6. Rear wheel locking upon light application of the brakes. The cause is probably a faulty or leaking oil seal.
7. Too much play in the steering while driving. Improper tire inflation or faulty front or rear suspension should be suspected.
8. Excessive noise from the exhaust system. Check exhaust-pipe, muffler or tail pipe for damage.
9. Unusual odors from the car. This could mean many sources but some engine defects.
10. Directional signal not working. Check burnt out bulb or defective flasher unit.

Cooling System Problems Solved by Tune-Up No. 2

Bring your car to your service center and ask the attendant to give your car a Tune-Up No. 2 and he'll look at you and your engine at a level you've never seen before. A Tune-Up No. 2 normally takes only about an hour and a half and carries a nominal flat rate of \$12.00 plus parts. And, if your station attendant or garage mechanic still doesn't know about Tune-Up No. 2, ask him to check his flat-rate manuals, or contact The Gates Rubber Company, 999 South Broadway, Denver, Colorado 80217.

★★★

Here's What Tune-Up No. 2 Includes

1. A visual check of coolant level for indication of leaks or excessive oil content.
2. Check with pressure tester for internal and external leaks.
3. Visual check of oil for water content.
4. Test thermostat for proper opening and closing.
5. Check of heater valves.
6. Check heat gauge for accuracy.
7. Drain and back flush cooling system.
8. Clean radiator core of bugs and check for clogging.
9. Clean engine if heavily covered with grease and oil.
10. Test radiator pressure cap.
11. Check radiator neck cap seat for nicks or scratches that could release pressure.
12. Check water pump bearings.
13. Check fan blades and pulley for alignment and balance.
14. Inspect all hose and clamps for deterioration.
15. Check core plugs and drain cocks for leakage.
16. Refill system with coolant and check for airlocks.
17. Recheck entire system for leaks.
18. Check and adjust tension of V-belts.
19. Check and reset ignition timing to eliminate ping.
20. In cases where cooling system continues to overheat, check other possible causes.
21. Replace belts, hose, clamps, thermostat and cap as necessary.

Time for New Treads? Here Are Some Tips

The task of selecting replacements for worn or damaged tires, or installing winter tires, is made a little easier by some suggestions offered by the Rubber Manufacturers Association (RMA).

First, never buy a smaller size than those which came with the car, says RMA. Tires should always be replaced with the same designation, or approved options, as recommended by the automobile manufacturer.

Also, if you're considering replacing conventional sized tires such as 7.75 x 14, etc. with a set of new radials, belted bias or the wider tread profiles ("70 Series," "78 Series"), be sure to check the automobile manufacturer's or tire dealer's recommendations.

Why It's Recommended
Interchangeability of different types of tires is not always possible, due to differences in load rating, tire dimensions, wheel clearances and rim sizes, particularly with older cars.

On the question of mixing different types of tires on the same car, the association suggests that for best all-around performance it's best to use the same type of tire

on all four wheel positions. In the case of radial tires, mixing is definitely ruled out. Due to differences in handling characteristics, they should be used only in sets of four.

RMA also notes that while the wider tread "70 Series" tires can be mixed with conventional tires, they should only be used in pairs on the same axle.

For Extra Protection
When buying a pair of replacement tires in the same size and construction, the association suggests that they be put on the rear wheels for better traction, handling and extra protection against flats. When a single new tire is bought, it should be paired on the rear axle with the tire having the most tread depth of the other three.

The tire industry also recommends a "break-in" period for all new or previously unused tires — the tires on a new car, the spare put on after a flat and all replacements. Limiting speed to 60 mph for the first 50 miles of driving enables the many complex elements in a tire to adjust gradually to each other and function as an integral unit.

DrivoTEST, the nation's first automated drivers' license testing system, is in operation in Des Moines, Iowa. Robert Ray, Iowa governor, is shown at the dedication ceremonies of the installation manufactured by Visual Educum Inc. The test is designed to train drivers and reinforce safe driving attitudes.

Driver Licensing Test Scraps Old Traditions

Iowa has a head start on a new traffic safety program designed to provide identification and reinforcement of safe-driving attitudes and techniques. Called DrivoTEST, it is the nation's first automated drivers' license test.

The new examination, which scraps the traditional paper and pencil for automated audio-visual techniques, is being used in Des Moines, Iowa. DrivoTEST builds safe-driving attitudes by training as well as testing, because answers to the questions are explained.

An applicant enters one of the 20 separate booths and presses a button that starts a color movie shown on a personal TV set. The film dramatizes a series of traffic situations that call for knowledge of legal and safe-driving requirements.

Auto Executive Points Finger

New York City is called, among other things, the stolen car capital of the world. Chicago is running second. One auto executive theorizes, "I know there are a lot of organized groups in New York and Chicago who steal cars — make a business out of this."

"In my opinion, the most technologically sharp individuals come out of Chicago. The car thief there is like a frustrated engineer. He seems to know all the fine ways of doing things — a real sharp cookie, good with a hammer and a torch."

He also said that "while thefts last year were very definitely a new record, I can't say that new cars are being stolen at the same rate they used to be. My own personal opinion is that we are getting a lot more professional than joy riding."

DrivoTEST is not designed to replace the entire licensing procedure. Iowa will continue to administer individual vision and on-the-road examinations.

Bring your car in for our expert engine tune-up: a new set of spark plugs plus other basic tune-up items your car may need. Winterwise, it's the best "won't start" protection going.

Cars Now Even Towed Away

The anti-theft locks are not stopping the professional car thief, according to officials from industry and government. The pro knows how to defeat the lock — in some cases by physically removing it.

San Francisco police recently reported to the Automobile Manufacturers Association (AMA) that many professional auto thieves operating in their city were towing the new cars away. Instead of trying to break the lock on the street, they haul the car to a garage where they can work on it in private.

However, towing the new cars can be a problem for both thieves and police because the devices lock both the transmission and steering column. With the conventional rear-drive American car, you can't pick up the front wheels and tow it because the transmission keeps the back wheels locked.

You can pick up the rear end and tow the car, providing the front wheels are locked in a straight ahead position. But you can't tow it this way if the front wheels were turned when the column was locked. The only recourse then, is to put dollies under the wheels to tow the car. Obviously, no juvenile is going to go to this trouble to steal a car just for kicks.

FOR AMERICAN CARS, THE AMERICAN-MADE RADIAL FROM LEE OF CONSHOHOCKEN, UNITED STATES OF AMERICA.

THE LEE GT RADIAL BELTED

- A True 78 Profile — a distinctive, modern shape found on most new American cars.
- Developed to take advantage of radial construction features, including long, even wear, superb traction and outstanding cornering.
- Two radial body plies of polyester cord for soft, quiet ride.
- Four belts of rayon to restrict tread squirming and give long tread wear.
- Wide tread.

Detecting Cooling System Failure is Easy

Crack on underside, enlarged by flexing belt. Can break any time. Grease softened inner core, slick sides cause slips, rot rubber. Belt with stick, hard sides slips, causes low battery, overheating. Peeling inner core top; sides and bottom surfaces, will soon fail. Belt looks okay from top; sides and bottom may be split, worn.

You don't have to be an expert car mechanic to detect a major cause of cooling system failure — it's frequently a bad V-belt.

Most modern cars have two or more V-belts. They are the belts that encircle the pulleys of your radiator fan, air conditioner, power steering, generator or alternator.

If you can lift the hood of your car, you can check the V-belts easily, in just a few seconds. (Or, if you prefer, ask your service station attendant to check them.)

With the engine stopped, turn the V-belt over in your fingers. Look carefully at the

Reduce Thefts, Lower Accidents

But Robert L. Wilson, secretary of the AMA's vehicle security committee, said the device "definitely has an effect on the joy riding kids. The juveniles are stealing a lower percentage of new cars. And that was our main thrust with the device."

The only available statistics show that about 40 percent of the cars stolen had the keys left in the ignition. This, of course, defeats the purpose of the triple-locking system. To remind people to remove their keys, cars for the last couple of years have had a buzzer which sounds if the driver's door is opened with the key still in the ignition.

In an effort to make it easier for police to identify a stolen car and to make it tougher for thieves, Vehicle Identification Numbers (VIN)

Thieves Keep Up with Times

Officials also note a rising number of stolen trucks and recreational vehicles.

"The thieves are moving into this field as these vehicles become more popular," one auto spokesman said. "It's very tough to identify them too, because there are so many manufacturers."

About 84 percent of stolen cars are now recovered, down from 92 percent (of the 288,300 cars stolen) recovered in 1959.

Thus, as a larger percentage of the thefts are by pros, the percentage of cars re-

Mid-Season Clean Prolongs Car Life

In winter, even our cars take on a sallow appearance. The reason for this is a continuous accumulation of slush, grime and salt from winter driving... and the fact that nobody wants to wash a car, or clean it out, in the dead of winter.

But even in winter there usually is a break — a half-year nice weekend when the sun is showing and streets are fairly dry. This is the time to give your car a mid-winter clean-up. Even though you know it may be a mess three days later, there is good reason to do this.

Over a period of three or four months, since you last

Methodist Church Budget Campaign

In the past 60 days, Buck and committee have been working the scenes to prepare for the budget campaign of the Methodist Church. The evening, Dec. 5, will be the fruition when the all committees will be held in County Community Center.

Johnston of Austin, will be featured speaker.

The service unit for the Salvation Army, and public schools in Fort Payne College in

He also a graduate of Western Institute for Commerce. Johnston has supervised more financial campaigns. He has made more

than 1,000 speeches before civic and church groups.

He is a member of the National Society of Fund Raisers, charter member of the Texas Society of Fund Raisers, Texas Chamber of Commerce Managers Association, Texas Social Welfare Association, South Texas Chamber of Commerce, Press Club of Dallas and the First Baptist Church in Austin.

The budget of the church reaches around the world with designated funds for mission work everywhere.

In addition to this the church will use some of these funds for the maintenance and upkeep of the property and program on the local level.

All members and friends of First United Methodist Church are urged to bring a covered dish and attend the dinner Sunday evening at 5:30.

ENOCHS

MRS. ALMA ALTMAN

AND MRS. Morris and children from field visited his parents, Mrs. W. B. Peterson.

G. R. NEWMAN has the sick list for the last year back and has been slowly improving. Her baby Jo from Muleshoe, Tex.

TED HALL has been relatives in Lubbock for

spine Dec. 1. Duwayne is Alma Altman's grandson.

THOSE ATTENDING the early Thanksgiving dinner at the home of Mr. and Mrs. Edd Autry were Mr. and Mrs. George Autry, Shonnye, Teresa, and Wesley, Mr. and Mrs. Gene Autry, Ronnie, Kevin and Tray, Mr. and Mrs. Dennis Turney of Denver City, Mrs. Myrna Turney, Sharon and Kenny, Mr. and Mrs. Tom Newton of Littlefield.

MR. AND MRS. Sylvester Perez have moved to Denver, Colo., where he will be employed in a mobile home factory.

MRS. LEWIS HODGE and Sandye and Lisa from Pampa, visited her parents, Mr. and Mrs. Oscar Coats.

MRS. CLAUDE ELLIOTT has been in Odessa to help care for her son and his baby, Winston Ward and Jeffrey, while the mother was hospitalized for kidney poison. She is reported much improved and Mrs. Elliott was able to come home.

MRS. L. E. NICHOLS had her children home last Sunday, Mr. and Mrs. Harold Nichols of Idalou; Mr. and Mrs. Dale Nichols, Jerry, Donnie and Paula of Maple; Myrele of Lubbock; Mr. and Mrs. Quinton Nichols, Richard and Michael and Gary of the home.

Barry Cowart Receives Scholarship

Barry Cowart, son of Mr. and Mrs. James Cowart, has received a \$50 scholarship from Texas Tech University.

Tech students were recipient of scholarships totaling more than \$20,000 with the scholarships announced at the 44th annual Pig Roast sponsored by the University's College of Agriculture Sciences student Agricultural Council on the campus recently.

Cowart, a 1970 graduate of Olton High School, attended Howard Payne University last year before transferring to Texas Tech.

INCOME PROTECTION About 20 per cent of the WW II and Korean Conflict veterans have income protection riders on their GI insurance policies, according to VA.

Rep. Bill Clayton To Attend Briefing

State Rep. Bill Clayton of Springlake has been designated by Texas House Speaker Gus F. Mutscher as one of seven House members to attend the Foreign Policy Briefing for Young Political Leaders being conducted by the U. S. State Department in Washington, D. C. Dec. 2 and 3.

Also attending the meeting will be Rep. Ben Bynum of Amarillo, Rep. Joe C. Hanna of Breckenridge, Rep. Dick McKissack of Dallas, Rep. Dan Kubiak of Rockdale, Rep. Carl A. Parker of Port Arthur, and Rep. Henry Sanchez of Brownsville.

Invited to the briefing are elected state officials from the 50 states, Puerto Rico, the Virgin Islands, and the Dominican Republic.

The delegates will receive briefings from top State Department officials concerning the nation's foreign policies in the Middle East and Southeast Asia, in addition to an up-dating of new policies toward Red China and Taiwan.

Secretary of State William P. Rogers will discuss environmental and population problems, and the ways in which the states and the Federal government may coordinate their efforts in these areas.

When filled with hot water, thick glass will crack more quickly than a thin one.

SHARRISE COWEN

Happiness Is . .

LAST MONDAY, Nov. 22, the girls basketball teams played here against Floydada. All the teams (7th, 8th, and 9th) lost, but they all played good games.

S.C.-Did you trip, clumsy?!

LAST MONDAY the boys also played against Floydada, there. The seventh grade won and their score was 21-12. Congratulations!! The 8th and 9th both lost, but they played a good game.

Mrs. Webb-Use the word "geometry" in a sentence.

Julia T.-The little acorn grew and grew, and one day it awoke and said, "Gee-ahm-a tree."

Paul H.-What are you taking for food?

Jackie L.-I don't know. How much will you give me?

WE WOULD like to welcome three new Freshman girls, Debra Elliott, Lisa Wells, and Brenda Auburn.

Lori W.-When should a baker stop making doughnuts?

Lisa G.-I don't know. When?

Lori-When he gets tired of the hole business!

THE BAND members who are trying out for all-region band are now practicing on their music.

L.R. & B.D. -Exlax?!!

LAST Thursday and Friday there was no school because of the Thanksgiving Holidays. We hope everyone enjoyed them!

GIRL AT COUNTER: I'd like a triple chocolate ice cream sundae with lots of nuts and whipped cream.

SODA JERK: With a cherry on top?

GIRL: Golly, no! I'm on a diet!

Brian G.: Does your clock tell time?

David B.: No. You have to look at it!

WE HAD second six weeks tests Nov. 17th, 18th, and 19th.

S.F.-Fall down?!

AS YOU all probably know by now the Junior High Band made a I at Marching Contest, November 16!

Tana R.-What were Tarzan's last words?

Dinah H-I don't know. What?

Tana-Who greased the grapevine!!

MONDAY NIGHT the 7th, 8th, and 9th boys' basketball teams played here against Abernathy. They all played good games. The seventh grade lost 20-40, and the eighth grade lost 17-26. The Freshman won 40-31! Congratulations!!

WHILE the boys played here the girls traveled to Abernathy to play.

J.G.-You better quit stealing notes!!

SHARLA GRANT

Winter!?!?

Last Wednesday Mrs. Aaron's first period Honors English class put on a play, "The Long Table". The Student Council also helped.

Today the eighth and ninth grade play *Christ the King*, there at 5:30.

GOOD LUCK!!

There will be a tournament at Pep beginning today. It will last through Saturday. The 8th grade girls and boys will be playing.

What are baby monster's parents called? Dead and Mummy!

THE ABSENT-MINDED professor thought he had left his watch at home, so he pulled it out of his pocket to see if he had time to go home before class to get it!!

NEXT MONDAY the 7th, 8th, 9th grade girls play Olton, there and the 7th, 8th, and 9th grade boys play here. Both of the games start at 5.

Mrs. Robertson-The best time to take a bath is just before retiring.

Mike-No wonder Grandpa didn't retire until he was sixty-five!!

Have a good week and. Be nice because it is only "14" more school days until Christmas!

Hey, I forgot something. We get out of school at 3 today because of faculty meeting.

2 Wrecks During Week

Only two minor wrecks were investigated by highway patrolmen through the long Thanksgiving holiday weekend.

About 6 p.m. Saturday two southbound pickups, one pulling a cotton trailer, collided five miles north of Amherst at the intersections of FM 1065 and 1843. Claud Cook of Rt. 1 Amherst was pulling the trailer with his 1963 Chevrolet pickup and was making a left turn onto a county road.

Tom Sanders of Earth was attempting to pass the pickup and trailer in his 1969 Ford pickup and the Sanders pickup hit the left corner of the trailer.

There were no personal injuries, and damages to Sanders vehicle was \$500.

A black angus steer and about \$600 in damages to the car that hit it at 3 p.m. three miles west of Saturday.

The steer was Gerald Alcorn of Earth and had strayed into the driver's lane.

Patrolman Webb made the investigation.

BOOKMOBILE SCHEDULE

The High Plains Bookmobile will be in this area on the following dates.

- Wednesday, Dec. 8: Whiteface #1, 9:30-10:30; Whiteface #2, 10:30-11:30; Lehman, 11:05-11:30; Bledsoe, 12-1 and Maple, 2:15-3:15.
- Thursday, Dec. 9: West Camp, 9:15-10:15; Lariat, 10:30-11:30; and Bovina, 12:30-1:30.
- Friday, Dec. 10: Lums Chapel, 10:10-10:45; Spade, 12:1-1:30; Hart Camp, 1:45-2:30; and Fieldton, 2:45-3:30.
- Saturday, Dec. 11: Olton, 9:15-11:45 and Amherst, 1:15-3:30.

Three Persons Jailed Saturday

City police jailed three persons Saturday night.

One, an adult female, was charged with contributing to the delinquency of minors, and the other two, juvenile boys, were charged with minor consumption.

All were tried in Municipal Judge Ben Noble's court, fined and released.

Police are investigating a case of vandalism and another case of theft.

A citizen reported that three windows and a storm door window were shot with a B-B gun at her residence.

A Sudan resident reported that three items were taken from her car while it was parked in front of Gibson's. Taken were an eight-track tape, a box of dusting powder and a blue garter.

DIVIDENDS DECLARED

The board of directors of Santa Fe Industries, Inc., has declared a dividend of 25 cents per share on its preferred capital stock payable Feb. 1, 1972, to stockholders of record at the close of business Dec. 31.

AIRMAN Chronister, son of Mrs. Jack T. Chronister, completed his basic training at Lackland AFB, Texas. He has been assigned to Lowry AFB, Colorado, for training in the use of weapons maintenance. Airman Chronister is a 1969 graduate of Littlefield High School, South Plains College in Levell, Texas, and is married to Mrs. Williams of Littlefield.

Burn Victim

Almalia Morales Sainz, 19-year-old Littlefield woman who was burned in a gasoline explosion in her home last Friday night, is listed in serious condition at Methodist Hospital in Lubbock.

She is still in the intensive care unit of the hospital, after she suffered third degree burns over 75 per cent of her body.

Her husband, Benigno Sainz, 21, was killed in the explosion which occurred in the bathroom of their home. Gasoline, being used to clean clothing, was apparently ignited by a hot water heater near the bathroom.

OLTON

MRS. W.B. SMITH, JR. 285-2385

PRESTON LEGGITT, son of Mr. and Mrs. Ray Gabehart, is reported doing well following back surgery, which he underwent in a Lubbock hospital about three weeks ago.

MR. AND MRS. Elmer J. Moore spent the Thanksgiving holidays in Richardson visiting in the home of their daughter

and family, Mr. and Mrs. Rodney O' Neal, Schell and Scott.

H. R. KEETER, who underwent surgery at University Hospital in Lubbock, is now staying in the home of his son, Mr. and Mrs. Glenn Keeter in Lubbock. He will remain in Lubbock until he is able to come to his home in Olton.

SYMPATHY IS extended to Willie and Jean Green on the death of Willie's uncle, Calvin Carlisle, at Monahans on Sunday. The Greens, Mrs. V. J. Carlisle and Mrs. Lillian Green attended the services in Monahans.

THERE WILL BE a wedding shower for Miss Fredda Williams Saturday, Dec 4, from 10 to 11:30 a.m. in the home of Mrs. Elmer McGill. All friends and relatives are cordially invited to attend.

MR. AND MRS. A. D. Melton were dinner guests Thanksgiving day in the home of their daughter-in-law and children, Mrs. Ellen Melton, Dave, Mark and Mills in Lubbock.

MR. AND MRS. Ancil Miller of Grand Prairie visited friends and relatives here last week. They are former Olton residents.

BARRY COWART, a student at Texas Tech University, visited his parents, Mr. and Mrs. James Cowart and other friends and relatives during the Thanksgiving holidays.

REVIVAL SERVICES began Sunday, Nov. 28 at the Assembly of God Church and will continue for one week or possibly longer. The Rev. and Mrs. Gordon Speed of Eakly, Okla. are the guest evangelists. The Rev. Gene H. Davis, local pastor, says "Rev. Speed is a very inspirational preacher of the word of God." Evening services are scheduled for 7 p.m. The public is cordially invited to attend any or all the services.

FUNERAL SERVICES were held Friday, Nov. 19, for Mrs. Julia Perkins, 65, the aunt of Mrs. Pink Lawson. Last rites were at Tipton, Okla. They were attended by Mr. and Mrs. W. B. Lawson.

MISS SHARON RODGERS, birdelect of Ronnie Key, will be honored with a bridal courtesy Thursday, Dec. 11, in the Clovis Poteet home. Calling hours are 3 to 4:30 p.m. Friends and relatives are invited to attend.

NAVY PETTY Officer Third Class Charles L. Hudgens, son of Mr. and Mrs. Albert Earl Hudgens and husband of the former Miss Francis Offield, is in the Mediterranean aboard the 80,000 ton attack aircraft carrier USS Independence, home-ported at Norfolk, Va. His ship has so far visited Scotland and Italy, was scheduled to spend the Thanksgiving and Christmas holidays in Athens and return to Norfolk in March.

DINNER GUESTS Thanksgiving day in the home of Mr. and Mrs. Russell Rucker were her mother and brother, Mrs. J. L. Day and Wayne and her aunt and uncle, Mr. and

WELCOME TO LITTLEFIELD

LET'S WELCOME Santa Claus to Littlefield. Santa has moved to Littlefield from the North Pole and will reside in the old Knit Shop Building on Phelps Avenue. Santa will remain in Littlefield until Christmas. His main purpose in Littlefield will be to listen to the requests of boys and girls in the area and to check on their behavior. The sponsoring merchants invite you to use their services to save money for your Christmas shopping and offer you gift suggestions.

These Merchants Welcome You To Littlefield And Offer You Their Services.

It's simply a matter of Good Taste

GAS COOKING is preferred by almost all master chefs, because a secret of fine cooking, whether it's preparing a gourmet sauce or a simple gravy, is fast, accurate temperature control. Only gas cooking gives you instant on-off heat and precision control with an infinite number of temperature settings. There's no wait for warm-up, no hangover heat, and you can see the flame to adjust it. Gas allows you to cook to perfection and achieve the full, exciting taste and flavor of your special dishes.

See your gas appliance dealer and find out about all the other wonderful features of a modern gas range.

Wildcats Lose Close One

Idalou broke open a tight ball game in the last four minutes to nudge a scrappy Littlefield Wildcat team in its second game of the season here Tuesday night, 59-54.

With the score tied at 48-48, the Cats fell victim to foul trouble and six straight Idalou points.

Two of the top Wildcat rebounders, J. E. Johnson and Dennis Hartley, went out on fouls late in the game as Littlefield gave highly favored Idalou all it could handle.

Idalou came into the game with a 5-0 record and ranked fourth in the area after having topped the century mark in its last outing.

The Wildcats went to 0-2 for the season, but they'll get a chance for that first win in the Slaton tourney this weekend. A victory

would match the entire production of last season, when the Wildcats went 1-25.

The Cat Junior Varsity, meanwhile, was rolling to win No. 2 against no defeats, after dropping Idalou's JV in the night's opener, 61-45.

In the Varsity clash, Littlefield held slight leads at various points in the first three quarters, but Idalou maintained an edge at the quarter breaks, 15-14, 28-27, and 42-41.

As a team, the Cats shot only 30 per cent from the field and 48 per cent from the foul line, and the poor production on free throws was their undoing in the fourth quarter.

Jay Trammell had the hot hand in the first half, and he wound up the top scorer of the night with 16 points which included seven field goals. Johnson and Alan Mackey each tallied 11.

Byron Brunson and Gary Criswell led the Idalou attack with 14 apiece.

Coach Dee Blevins, in his first season at the Wildcat helm, said he was "encouraged" by the Wildcat showing. "They played pretty well for a second game, and they did a good job on the boards. The turnovers got us, though."

Johnson had 19 rebounds to lead the defense, and Ken Albert, playing only in the second half, came on strong in that department with 12 caroms.

In the JV game, Pat Henderson led the attack with 17 points, while Randy Cook had 12 and Chris Pope chipped in 10. Gary Brown tossed in eight, Kelly Pratt six and Craig Ratliff four, Terry Bryson and Kenny Owens had two apiece.

The JV will be off this weekend, but the Wildcats will play four games in five-team round robin tournament at Slaton.

The Cats open against host Slaton at 8 p.m. Thursday, they meet Colorado City Friday at 5 p.m. They'll play twice Saturday, meeting Roosevelt and Post. The team with the best record will get the tournament trophy.

Here's the Wildcat box score against Idalou:

	FG	FT	PF	PL
J. E. Johnson	5	1	5	11
Dennis Hartley	3	2	5	8
Mike Carter	1	0	3	2
Alan Mackey	1	9	3	11
Jay Trammell	7	2	2	16
Ken Albert	3	0	2	6
Totals	20	14	20	54

SCORE BY QUARTERS	1	2	3	4
Littlefield	14	27	41	54
Idalou	15	28	42	59

J. E. JOHNSON grabs one of his 19 rebounds against Idalou Tuesday in the Wildcat gym.

DENNIS HARTLEY goes up for two of his eight points in the Littlefield versus Idalou game Tuesday night.

JV Girls Ease Past Lubbock

Jill Owens popped in 10 field goals and a free throw, and Pam Turvaville made two field goals and collected 9 bonus points to lead the Littlefield High School JV girls' roundballers to their first win of the season here Tuesday night when they downed Lubbock Christian High School 36-35.

The Littlefield fems ended the first quarter 10 points ahead of their opponents and held their lead through all four stanzas.

The next JV game is with Slaton three Monday with the girls playing at 5 and the boys at 6:15 p.m.

JAY TRAMMELL uses a broken field technique to get the ball down court and set up two of his 16 points. Other Cats in the action are J. E. Johnson, (44) and Alan Mackey (30).

AREA BASKETBALL

Bula Spanks Lazbuddie

It was a night for Bula as they dropped Lazbuddie in a boys' and a girls' basketball game at Lazbuddie Tuesday.

The Risinger brothers paced the boys in a 47-44 squeaker.

The winners were leading by five points at the end of the first period but were tied up 22-22 at the half. Bula led by one point going into the final stanza.

Jim Risinger bucketed 14 points for the winners and Ron Risinger hit 11.

Buddy Graves and Joe Barnes shared the scoring spotlight for Lazbuddie by sinking 10 points each.

The Bulldogs are 5-0 for the season and Lazbuddie is 0-2.

In girls' action the Bula fems came from behind to drop the Lazbuddie girls, 74-43. Lazbuddie was ahead 16-11 at the end of the first quarter and was held to only five points in the second stanza while the winners racked up 31 points in the second quarter to give them the go-ahead for their seventh win of the season.

Gwen Pollard paced the winners by scoring 26 points. Shelia Medlin hit 25 and Lisa Risinger bucketed 23.

Debby Englik hit 25 for the losers.

The Bula fems are 7-0 for the season and Lazbuddie is 0-4.

Bula will be the guest of Christ the King in Lubbock Friday for more basketball action.

girls shot ahead to beat Southland, 53-21, Tuesday night at Amherst.

The visitors were blanked in the first quarter as Amherst led, 17-0, going into the second stanza. The winners were ahead by 24 points at the half and went on in the second half for the easy win.

Alane Weaver took high point honors for the night by sinking 22 points.

L. Beavers hit 10 for Southland.

Amherst will play in the Anton Tournament this weekend.

OLTON WINS AGAIN

Steve Stockdale and Robert Ahrens teamed up Tuesday night to hit 39 points to give the Olton Mustangs their fourth straight win by downing Hale Center, 64-51.

Stockdale took high point honors by scoring 21 points for the winners and Ahrens hit 18.

Randall Ledbetter scored 16 for the losers.

In girls' action, Hale Center romped over Olton, 40-22.

Lynnea Massey shot 16 points for the winners and Rebecca Hodges led Olton with nine.

The Olton B-team girls downed Hale Center, 27-16.

BULLDOGS BITE WOLVERINES

The Anton Bulldogs, led by the scoring of Terry Belcher, gave the Springlake-Earth Wolverines their first defeat of the season by dropping the Wolverines, 56-44 in basketball action Tuesday.

Belcher bucketed 17 points for the winners to give them two straight wins for the season.

The Wolverines are 2-1 in cage action.

In girls' action, the Anton varsity girls were upended by Springlake-Earth, 46-31. In B-girls action, Anton dropped Springlake-Earth, 48-38.

Anton will be host to a basketball tournament this Thursday, Friday and Saturday.

AMHERST WINS BOTH

The Amherst Bulldogs took a 28-25 decision over Southland Tuesday night at Amherst in basketball action.

The Bulldogs led 14-12 at the half.

Doug Cummings hit 10 points to take high-point honors for Amherst.

Jay Beavers paced the losers with 10 points.

In other basketball action, the Amherst

competition, winning a \$50 savings bond. Then if he or she succeeds in district, will go on for state competition.

State scholarship winners will receive \$1,000 for first place; \$750 for second; \$500 for third; and \$250 for fourth place. Top winners will also have an all expense paid trip to the VFW and Auxiliary Mid-Winter Roundup at San Antonio in February.

There will be 53 all expense paid trips to Washington, D. C. for the national finals.

Winners in the national contest will receive scholarship awards of \$10,000 for first place; \$5,000, second place; \$3,500, third place; \$2,500, fourth place; and \$1,500 for fifth place.

Participants will be judged on content, originality and delivery of script. Both writing and delivery should be in a normal style, with natural and conversational voices, and their interpretation of the theme should have a positive approach in addressing themselves to their responsibility to freedom.

Boyles tied the score in regulation play 62-62 and then gave Sudan a two-point edge by bucketing two points in the first overtime only to have it nullified by Kyle Burnett who hit a two-point bucket.

In the second overtime, Boyles hit four buckets from the free-throw line to give the Hornets the lead. Mike Hedges also hit the basket for Sudan in the second extra period.

Bo Lance took high scoring honors for the winners by sinking 29 points.

The losers were paced by Morris Applewhite who sank 16 points.

The Hornets are now 1-2 for the season. Georgia Ray sank 19 points for Sudan to pace the Sudan girls to a 57-47 win over Cotton Center in girls' basketball action, Tuesday at Sudan.

Patty Robertson hit 30 points for the losers.

The Cotton Center "B" boys out-pointed Sudan B-Boys, 47-45, in overtime action.

Sudan will be in the Anton tournament Thursday, Friday and Saturday.

While Littlefield girls were at Monday night, the Abernathy beat Littlefield for three games.

Littlefield ninth graders came behind at the end of the first quarter out Abernathy, 40-31.

Tommy Batson was high for Littlefield with 17 points. Ricky Hodge had Littlefield's eighth graders stay with a six-point lead, then fell nathy, 26-17.

The game see-sawed with a difference until the last minute when Abernathy sank the winning shots. Bill Turner was high with points and David Davis had four.

Abernathy seventh graders down Littlefield seventh, 40-20. Ralph hit eight for the home team.

Eighth and ninth grade boys Lubbock Thursday for a game with the King. The eighth grade team divided and those not going to Lubbock play in the Pep tournament Thursday and Saturday, with the meeting Sunday at 3 p.m. Thursday.

Abernathy's ninth put it on the ninth girls, 51-18. Toni Gardner of the 18 points.

Eighth grade girls will be in tournament Thursday, Friday Saturday. All three teams play Monday.

9th Boys Vict 7th, 8th Vict

While Littlefield girls were at Monday night, the Abernathy beat Littlefield for three games.

Littlefield ninth graders came behind at the end of the first quarter out Abernathy, 40-31.

Tommy Batson was high for Littlefield with 17 points. Ricky Hodge had Littlefield's eighth graders stay with a six-point lead, then fell nathy, 26-17.

The game see-sawed with a difference until the last minute when Abernathy sank the winning shots. Bill Turner was high with points and David Davis had four.

Abernathy seventh graders down Littlefield seventh, 40-20. Ralph hit eight for the home team.

Eighth and ninth grade boys Lubbock Thursday for a game with the King. The eighth grade team divided and those not going to Lubbock play in the Pep tournament Thursday and Saturday, with the meeting Sunday at 3 p.m. Thursday.

Quail Shooting

Hunters participating in a public hunt last week on the Gene Howe Management Area near Canadian the shooting good, harvesting 190.

The 19 hunters spent an average 1.13 hours per bird bagged. A total of 213 birds were bagged. The hunters' names had been drawn for the hunt.

9 out of 10 new Chryslers registered in the last 10 years are still on the road.

1962 Chrysler

That should tell you a lot about the cars we sell.

Whether you own a big or small car, pay a little or a lot, the one thing you don't need from a car is trouble. You want a car that will hold up. A car that's built to last.

Well, we're with you. Just look at this figure:

9 out of 10 new Chryslers registered in the last 10 years are still on the road.

This includes all the various owners, any kind of terrain, and numbers of miles. But every Chrysler is designed and built the way you want it—to last. So even if you won't be keeping a car for years and years, it's good to know you've got all that quality going for you in your first year as well as in later years.

Every Chrysler Imperial is road-tested at the factory.

If our cars aren't right, we don't want you to have them. For example, every Imperial is put through a road test at the factory that includes over 100 different checks before it reaches you.

This year every Chrysler car offers a new optional electronic ignition system that does away with the points and condenser that can wear out. This helps keep the engine tuned longer. And a tuned engine means cleaner exhaust.

From our lowest-priced Chrysler Royal to our big, luxurious Imperial, Chrysler cars are built to last. The same is true of every Chrysler-engineered car we sell—Valiant, Duster, Cricket, Satellite and Fury.

We think that's the kind of car America wants. That's the kind of car we'd like to show you. Come see us today.

Coming through with the kind of dealer America wants.

CHRYSLER
Plymouth

JERRY KOLLER, right, and his dad, E. L. Koller, left, got two nine-point bucks apiece in Lincoln National Forest near Cloudcroft, N. M. recently. Field weight of the bucks was 250-275 pounds. E. L. got his deer on shots of about 300 yards, and Jerry's were from 250-yard shots.
