

Littlefield man charged with raping 3-year-old

Year-old Littlefield man is in County jail charged with rape of a 3-year-old girl. He has been denied.

Quintilla Lopez is charged with sexual abuse of his 3-year-old daughter after assaulting her several times. She apparently left her in a hog

pen, where she was found several hours later.

The child was taken to Medical Arts Hospital where she was admitted and treated, then transferred to Methodist Hospital where surgery was to have been performed Saturday. Authorities said the girl's parents,

the man charged with the rape, an uncle, and some other family members along with two aliens were having a party at their farm house on the Bobby Nelson farm about 4 1/2 miles northeast of Littlefield.

After a while the family missed the child, then they said they missed the

defendant. When he showed up later, family members demanded to know where the child was. After reportedly roughing Lopez up, he talked to one of the aliens and an alien and one of the members of the child's family found her in a pig pen on another farm about a half mile away.

The defendant was beaten by his

brother and another man and was treated at Medical Arts.

Sheriff E. D. McNeese and his deputies arrested Lopez about 9 a.m. Friday morning. Lopez is a Littlefield resident. He said he had lived in Florida recently. Justice of Peace Stanley Doss read

him his rights. Later in the day the aggravated assault charge was filed and his rights were read again. Doss denied bond.

The defendant said he and the little girl walked to the neighboring farm, with him carrying her at times.

The two aliens are being held as material witnesses.

Youngsters from each of the four cities represented at the annual Littlefield Area Junior Livestock Show and Sale Friday and Saturday walked away with championship trophies and banners, and Sudan youth were recipients of three of the six awarded.

Results of the sale Saturday will be published in the next edition of the Leader-News.

Gary Ham of the Sudan FFA was recipient of the reserve grand champion lamb trophy and banner, while Celia Pierce of the Sudan 4-H received the reserve grand champion swine trophy and banner, and Tony Lopez of the Sudan 4-H was awarded the grand champion steer trophy and banner.

Ronnie Bearden of the Amherst 4-H Club showed the grand champion lamb, Brete Bedwell of the Spade 4-H showed the grand champion swine, and Scott Carter of the Littlefield 4-H showed the reserve grand champion steer.

Trophies for the sheep division were provided by Pay and Save, while trophies for the steer division were provided by Ernest Mills Cotton Co., and trophies for the swine division were provided by Federal Land Bank Association.

Ronnie Bearden's grand champion lamb was a 106-pound heavyweight Hampshire, and Gary Ham's reserve grand champion lamb was a 104-pound medium weight Hampshire.

Judge of the sheep division was Kyle Smith, Crosby County Extension Agent.

The grand champion swine, shown by Brete Bedwell, was a 235-pound Hampshire, and Celia Pierce's reserve grand champion swine was a 245-pound Cross.

Swine judge was Dr. Jerry Stockton, assistant professor of agriculture education at Texas Tech.

Tony Lopez' grand champion steer was a 1,175-pound English Cross, while the reserve grand champion steer, shown by Scott Carter, was a 1,230-pound Exotic Cross.

These are the winners of the sheep division.

Three dead, two critically injured in Whitharral gas line explosion

Three persons are dead from the gas explosion that streaked across an area northeast of Whitharral Wednesday night like a blue flash and erupted at a farm home.

Benny Elizondo, 46, died at the scene from massive burns. His wife, Maria Elizondo, 45, died at 9:30 Friday morning from second and third degree burns over 70 and 80 percent of her body.

Nineteen-month-old Michael Sustaita died at 6:05 Friday evening. Lupe Sustaita, mother of the child, remained in critical condition at presstime Saturday.

Edwin Havins, 59, remained in critical condition at press time with second and third degree burns over 80 to 95 percent of his body.

Havins lived alone in a frame house near the mobile home which housed his hired hand's family. The mobile home was parked almost on top of the Mid America Pipeline Company line.

Investigators said the Havins' house did not explode and burn, and believe that Havins was on his way to warn the Elizondo family of the gas leak when the escaping gas ignited, probably from a flame in a water heater or appliance in the trailer house.

Seconds before the house exploded, James Blackwell said he saw a blue streak flash across the low lying area, then the fire erupted, shooting 150 to 200 feet into the air.

The family was apparently fleeing even before the flash of fire engulfed their house, and they were apparently caught in the flash of fire as they ran into the field.

The victims were seen running into the open field with their clothing on fire.

Both Lamb County and Hockley County sheriffs' offices had been notified of the leak before the explosion, and deputies from both counties were near the scene warning residents when the flash occurred and the trailer house was demolished in a single swooshing noise.

Approximately 25 families had been warned to evacuate after residents started reporting they smelled gas. Officials remembered that there had been two other pipeline leaks in the past two years.

The explosion left a crater in the ground at the point where the pipe gave way. Then grass fires erupted all around. For a time the whole sky lit

up like daylight with a solid mass of flames, then the spot fires went out and left the mobile home and pipeline blazing. People from as far away as Lubbock could see the blaze from the

pipeline. Gas was cut off at both ends, but the blaze had to burn until the gas was

Did it ever occur to you... That a persons life is full of crosses and temptations? He comes into this world without his consent and goes out of it against his will, and the trip between is exceedingly rocky. The rule of contraries is the feature of the trip:

When he is little, the big girls kiss him; when he is big, the little girls kiss him. If he is poor, he is a bad manager; if he is rich, he is dishonest. If he needs credit he can't get it; if he is prosperous everyone wants to do him a favor.

If he's in politics, it's for profit; if he isn't he's no good to his country. If he doesn't give to charity, he's a stingy cuss; if he does, he's trying to show off. If he is active in his religious beliefs, he's a hypocrite; if he cares for no one, he's cold blooded.

If he dies young, there was a great future before him; if he lives to a ripe old age, he missed his calling! It's a great life, if you don't weaken- but, who wants to be strong!

A Woman's View

PEARL BRANDON

MARCH IS RED CROSS month and I hear that our own Red Cross chapter is in dire circumstances, with only \$200 left in their account. The present worker, Mrs. Louise Ray, is working full time without, trying to rebuild it.

I understand their goal is for \$15,000 this year. Some of you may think that is rather high but since it has hit rockbottom, they need more to get the chapter going. Maybe Mrs. Ray could get a little back salary if they could raise their goal.

In peace time people seem to forget the services needed from the Red Cross. As long as we have men serving in the military, we need Red Cross and we have men with the Armed Forces almost all over the world.

The Red Cross is the only agency recognized by the military for verifying the need for the servicemen's presence when there is an emergency in the family.

Red Cross was chartered by the U.S. government in 1902. The American Red Cross, I mean.

The Red Cross was actually organized in 1862 by one, Henri Dunant, a Swiss financier, who happened to be present in the small town of Solfereno when Napoleon III was waging a battle there. He said he witnessed the battle as much as any one could—he could hear the clash of arms, the screams of horses and of wounded and dying men—and the stench of death.

Dunant organized the old men, the women and the children of the town to try to alleviate some of the suffering. They used every available building, then lay them side by side in the church yards in rows and provided shades the best they could. They had no provisions, only water. All day they carried water to the wounded and drying, and as they worked they continued to say, "All men are brothers, all men are brothers." They ministered to all alike, both friend and foe.

After this the terrible picture never left the mind of Henri Dunant. He went home to Switzerland and spent the rest of his life dedicated to organizing the Red Cross.

The flag of the Red Cross is the reverse of the Swiss flag whose colors are a white cross on a red background. The Red Cross flag, as you all know, is the red cross on a white background. It is the emblem of life saving, or helping humanity everywhere it goes.

It was Clara Barton, who was finally successful in getting the U.S. Government to adopt the agency which became the American Red Cross. This was in 1902. It was such a new agency and not well organized during WW I, and was not able to serve the armed forces as well as the Salvation Army at that time.

So many new agencies sprang up

that it became necessary for the U.S. Government to choose one single agency to represent the military. They chose the American Red Cross to represent the Armed Forces and their families at home.

Since the organization of the Red Cross it has taken on many services other than war time, such as home nursing, First Aid, swimming and disaster, all life saving services.

I understand they have a new service here now, that of reference service. Many people come to the Red Cross for help they are unable to help so they now have reference cards they can send them to other agencies.

The Red Cross is in almost every country in the world now with headquarters in Switzerland. Some go by different names such as "Red Crescent."

The American Red Cross is financed entirely by contributions. It has only a few paid workers compared to the thousands of volunteers, like the one paid worker we have here in this county and hundreds of volunteers all over the country.

It is time we got behind our own Lamb County chapter and put it back on it's feet.

Mrs. Ray said they handled about 300 cases last month including getting three service men home on emergency furloughs.

A Red Cross paid worker is on duty all the time, day and night. Emergency calls come more often in the night.

In case you don't know Mrs. Ray, she is the former Louise Russell, daughter of Mr. and Mrs. Stillwell Russell. She is a dedicated, hard-working person and we should give her our support, both in money and as volunteers to help raise this \$15,000 needed to get our chapter functioning again and to run it another year.

Fund campaigns always brings out criticisms against the Red Cross. Some of them may be legitimate, but some are made by people who feel guilty because they received services, such as borrowing money and failed to pay it back.

Any organization is only as good as the people who run it. The principles of the Red Cross are good and most of the people are dedicated and doing their best to carry out the job of saving lives and serving the people.

There are bound to be a few who are not the right kind but you have only to complain to the National Red Cross to get them out. But the whole organization should not be judged by these few. Here's hoping we all give Mrs. Ray the help she needs in getting our own Lamb County American Red Cross going again.

I understand Benny Goss is fund chairman. He should be a good one.

19 4-H'ers competing in Houston Show, Rodeo

Nineteen members of Lamb County 4-H Club will be competing in the 1976 Houston Livestock Show and Rodeo being held February 25 through March 7. Their teacher is Buddy C. Logsdon.

The competition in the junior events is set for the second week of the show when 4-H and FFA boys and girls from all sections of the state will be vying for top premiums and prizes.

This is the largest junior livestock show in the country.

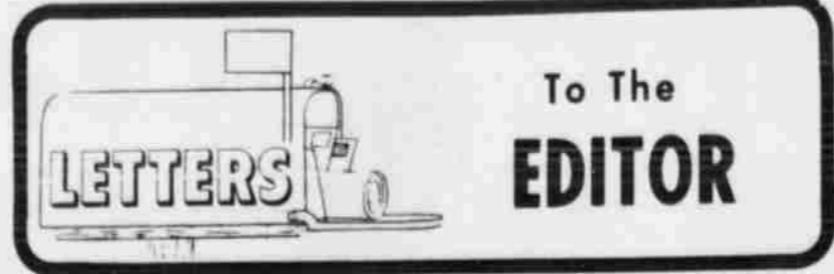

These young people will join adult exhibitors in seeking premiums of more than \$445,500, a new record for the Houston show. Approximately 20,000 entries are expected.

The show will again be held in the

show's \$18 million facility with rodeo performances in the Astrodome. First rodeo performances were scheduled for February 27.

All major beef and dairy breeds, swine, sheep and goats, horses, rabbits and poultry will compete for the top premiums offered.

Rodeo audiences will be treated to performances by these eight great stars in the field of musical entertainment: Freddy Fender and Tanya Tucker, February 27; Olivia Newton-John, February 28-29; Charley Pride, March 1-2; Rufus, featuring Chaka Khan, March 3; Glen Campbell, March 4-5; Charlie Rich, March 6 and Mac Davis, March 7.

OBITUARIES

VERNIE SCOTT
Services for Mrs. Vernie Scott, 78, of Littlefield were held at 2:30 p.m. Friday in Hammons Funeral Home Chapel.

Burial was in Anton Cemetery under the direction of Hammons Funeral Home.

Mrs. Scott was pronounced dead on arrival at 8:40 a.m. Wednesday at Lubbock's St. Mary's Hospital.

A Kentucky native, she was a member of the Church of Christ and had lived in the Littlefield area since 1945.

Survivors include her husband, Rea; two daughters, Mrs. M. R. (Readean) Barton of Lubbock and Mrs. J. A. (Verna) Timian of Lubbock; three sisters, Mrs. Ethel Essman of Verden, Okla.; Mrs. Lillie Wilson of Arizona and Mrs. Jessie Turney of Binger, Okla.; two brothers, Homer Mogg of Binger and Floyd Mogg of Plainview; five grandchildren and two great-grandchildren.

JUST THINK, we are one day closer to the end of the dry spell.

Of course there is some concern about the dry weather that we have been having, but there is still time for rain before we need to plant. I guess for an off the cuff type logic in reference to rain is that if we get a rain now, we will just have to have another one before planting time. If our winds stay like they have been during the past few days a good part of the moisture received from rain or irrigation would evaporate anyway so it could be that "Mother Nature" is trying to save a little effort on her behalf by letting us wait a while for the rain. Now that is a dumb statement but it does fill up space and it is probably as meaningful as some of the stuff ole Cornball writes.

SPEAKING OF THE WEATHER, ole Mother Nature really has done a flip flop this year. If you recall whenever we have a Stock Show here there is usually some pretty bad weather. One thing for sure is that it would be cold if not windy or wet. Those were the old days when the exhibitors had to bathe their animals out in the cold and the spectators would freeze when viewing the judging. The facilities were inadequate for stock showing in the winter time NOW this year we have some outstanding new facilities where all could enjoy the show in comfort and out of the weather and look what

Mother Nature done to us. She has smiled on us with pleasant springtime weather.

NOTICED THE VOLUNTEER fire department got a few well deserved pats on the back the other day. I'd like to give them another one. We in this area should be thankful for the firemen that donate hours and days to protect the property of others. They are well trained and dedicated and do an outstanding job. Of course we never really know all the good that they do. Nothing is ever said about them answering a call and saving a home or business or car or truck. Usually the publicity is one of the big battles that they loose. I'm sure that their batting average is a lot greater than one might think.

We do have an outstanding local volunteer department and in time of need they get plenty of backup from the other volunteer departments from the surrounding towns. They are all good departments, but I'd like to single out the department at Sudan. That bunch of smoke-eaters over there seem to be ready and on the scene regardless of the tragedy. I wonder if they ever sleep. A tip of the hat goes to our fire fighting heroes.

WHAT WE NEED IS A society where people do a little more than the law requires and a little less than the law allows.

GUESS I NEED a statistician. For the life of me, I can't remember another February with FIVE Sundays. — Does that occur very often?

I'M HAVIN' a pretty enjoyable experience. At the present time I'm able to drive to and from work without having to use my car-lights, either way.

I understand, tho, that the kill-joys up Washington way are workin' on that. — They're trying to move DST up to something in March. — Just can't stand to see other people happy, I reckon. — Save energy? — PHOOEY!!

SPEAKIN' OF ENERGY; I just had a lesson in Gasology, from a friend that seems to know what he's talkin' about. — Quite interesting, that.

What I learned was, that the gas line that caused the explosion near Whitharral was a transit line. A transit line is one used to move raw gas from one section of the country to another. It may be working under pressure up to a thousand pounds; dependin' on the yield strength of the pipe, and the density of population in the vicinity. — (OSHA works there, too.)

FURTHERMORE, RAW GAS may contain Propane, Methane, and other varieties of gas—as well as natural gas. This probably explains why the gas hovered near the ground and drifted into the low places, rather than just rise up into the air, like natural gas

Public invited to visit schools this week

All Littlefield and area schools, along with Texas schools from Houston to Texline, are observing Texas Education Week from March 1 through March 5.

This year Littlefield schools urge the community to take an active role in this observance. Parents and other interested citizens are invited to visit Littlefield schools and attend classes with students any day during this designated week.

All classes will be open to the public, and the school cafeteria will sell lunches to those who wish to share the lunch time experience as well as classroom experience. A schedule of classes will be available in the principals' offices, and counselor's and administrator's will be available to

Humorous speaker slated for Earth C-CA Banquet

A large turn out is expected at the annual Chamber of Commerce Banquet slated for 7:30 p.m. on Tuesday, March 2 in the Springlake-Earth School Cafeteria.

Outstanding Farm Family plaques will be given to farm families at Earth, Springlake, and Lazbuddie. Outstanding Man and Woman of the Year will be recognized and presented with plaques, and two Outstanding Student plaques will be presented.

Guest speaker for the annual event is humorous, witty, down-to-earth James Blakely of Wharton, Texas.

It has been said that this speaker can change accents at the drop of a hat, throws jokes, stories and quotes at his captivated audiences until they are dizzy with laughter.

to social security and invest it in a simple savings account.

We'd be better off in the long run, and the federal taxpayers wouldn't have to come up with additional revenue each year to fund the current program.

The original idea might have been good, but social security is nothing more than socialism at its best.

But we believe that the idea that the government is going to take care of you is nothing more than false security. We have no gripe about a fellow who has paid into the system all his working years drawing out all he can at retirement age.

We only contend that everybody would be better off if retirement were handled on a private basis.

Take for example the story that came out recently of a couple in Dallas who were seeking a divorce after 62 years of marriage. The divorce was not desired, but the 88-year-old retiree couldn't give his wife the nursing home care she needs on his monthly income of \$488.

Social workers told the man welfare could take care of his wife's bills fully only if they were divorced, so the man got the Dallas Legal Services to file for him.

It's a poor commentary on the government trying to solve the nation's social ills. Something's wrong with the system.

But what can you expect with such great minds in the social security administration.

The administration, which has been guilty of gross mismanagement in the past, recently turned its talents to more important things such as a publication on "99 ways to save energy and money."

Some of the tips include: if your house is cold, visit a friend, take fewer showers, shower with a friend, eat more chili, think warm thoughts.

Sleep well tonight, because your bureaucracy is in warm hands.

Adult SS has banquet

Forty-five adults of the Annual Adult SS had a banquet Thursday night in the Hall of First Baptist Church. "Hearts and Flowers" was the theme. The menu consisted of roast beef, green salad, hot rolls, cherry cobbler a la mode and iced tea or coffee. Tables were covered with white and centered with red, white and blue streamers. The speaker's table was decorated with an arrangement of red, white and blue carnations. Entertainment was furnished by Mr. Paul Newberry and Company of Wayland College, Plainview. Raymond Lewis, Supt. of the adult Sunday School Department, spoke on "A Few Words." The Rev. John E. Lewis, pastor, gave the benediction.

Pioneer Days

SPRINGLAKE, TEXAS

In the year 1908, George G. Wright Land Company made a deal with Halsell Cattle Company for some of the good level mesquite land along the north boundary of the Famous Mashed O Ranch.

He immediately built a store for supplies. A hotel for prospective buyers, and established what is said to be the first post office in Lamb County. Tom Devening was the first Postmaster.

Springlake was named after the Springlake Headquarters some nine miles southwest of there. Several farms were sold and put in cultivation in the community. Some of the old timers still live close by and their ancestors were among the leading citizens of the county for many years.

Norman Clevenger took over the Post Office and Store, and ran a successful business until the post office and town moved to its present location three miles east and three miles south in 1927.

When the County was organized in 1910, Springlake was a contender for the County Seat. Olton won the election by one vote. The old hotel at Old Springlake burned to the ground in 1912.

Some of the old timers still boast of the wonderful crops they made in early days, and had there been a closer market and better roads, Springlake would have been a boom town.

U. S. Highway 385 and U.S. Highway 70, both cross where the town of Springlake is today, and a nice well organized town it is.

But, this is not the main story I wish to write. When wheat was 30 cents a bushel, and so abundant it had to be piled up in the roads, a very prosperous and fine man named H. M. Packard conceived the idea to build a huge elevator and storage facilities.

Thus the Packard Elevator at Springlake could be seen for many miles. Now, this man Packard and son Ralph Packard decided to build a flour

mill in order to get more

So, in 1932, Packard Springlake started milling Best Flour. Large vans and all the other necessary equipment necessary to handle the business were bought. Packard Flour was known in almost every town and grocery in several states with the parent mill to Hartsell. The senior Packard large mill and moved to the Hereford.

Packard Mills, and Packard Flour, are still known in the area.

Ralph continued to operate Springlake Mill for several years. His vast farming spread in business caused him to sell. Dent brothers and they located in other successful enterprises the mill was abandoned with the parent mill to Hartsell.

Thus, this famous flour mill responsible for its share of progress of Lamb County.

Willis White, a true pioneer honored citizen took over the office in 1927, and remained master until 1959. He retired. Winder was appointed. An office, far from the likes of one, is located on Highway blocks west of the intersection.

Today Springlake is a town, with several new establishments, and is a thriving economy of Lamb County. Three large cotton gins, and best corn and milo markets. Texas, the town is bounded by nice and beautiful homes.

And last, but not least, Springlake is the home of Billy Wayne Speaker of the House of Representatives of the State of Texas. Wayne and his lovely wife Jean, live just one mile west of their beautiful and spacious home. The Springlake family is highly respected by all of Texas.

Cotton conference slated at Sunnyside

Profitable cotton production is the theme of an evening meeting at the Community Center of Sunnyside Community, north of Earth, March 4 beginning at 7 p.m.

Designed especially for producers in the northern region of the South Plains, the event will highlight cotton varieties, cultural practices, pest management and the future of cotton production.

Dr. Levon L. Ray, professor and assistant director of research for the Texas Agricultural Experiment Station at Lubbock, will speak on planting cotton varieties for quality and profit.

Dr. James R. Supak, Texas Agricultural Extension Service agronomist at Lubbock, will discuss cultural practices for quality cotton production; and Gene Latham, Hale County Extension entomologist, will present a topic on the importance of pest management in cotton.

Marvin Sartin, area extension farm management economist, also of Lubbock, will discuss the future of cotton production in the immediate cotton growing area.

Billy C. Gunter, district extension agent from Lubbock, is moderator for the meeting, and Ray Joe Riley, Castro County producer from Hart, will provide opening remarks.

"We believe these are outstanding speakers who can bring the best information available on cotton production to area producers," says Gunter.

"We encourage everyone in the northern growing region of the South Plains associated with cotton production to attend this meeting."

Unbelievable mess-ups reported with new auto validation stickers

Application for new motor vehicle registration plates is more simple in Texas this year than at any time since World War II.

Instead of new metal plates the Department of Highways and Public Transportation (DHT) is issuing validation stickers to be applied to the upper left-hand corner of the rear plate issued last year. An adhesive on the back of the sticker foils removal of the sticker by would-be thieves— or motorists who foul up the instructions for application.

And, of course, there have been some almost unbelievable mess-ups by otherwise intelligent motorists. For instance:

A Motorist in Corpus Christi was very careful to put the validation sticker in the proper position on the rear plate— except that it was his neighbor's car. Both vehicles, parked side by side, were red.

In Amarillo a motorist paid for his sticker and immediately went to the parking lot of the county courthouse. He applied the sticker to the rear license plate— of the vehicle owned by the assistant county tax assessor-collector. Same make, same model, same color— wrong car.

One woman received her sticker in the mail. She wanted to see how well the "stickum" on the back worked. She put it on the kitchen table. It worked fine. She scraped off the pieces (and part of the finish on the table) and returned them to the tax collector for replacement.

Another woman laid her sticker on the kitchen table. Her young son picked it up and put it on his bicycle.

A motorist picked up a validation sticker to register his pickup and his passenger car. He got them reversed. Two more reissues.

Another motorist went back to his tax assessor-collector. He was plenty mad as he displayed a sticker almost obliterated with holes. "I'm having a (deleted) time stapling this (deleted) thing to my metal plate," he fumed. The information "staple here" is for information of the tax collector's office to indicate where to attach the sticker to the registration receipt. He got a new one.

One registrant bought stickers for two cars but left one on the counter. The next man in line thought he needed two stickers, so he picked up the one he needed for his vehicle and the "extra." At last report they were trying to find him. The first motorist got a replacement sticker.

A motorist with four vehicles paid for four registrations. He applied the four stickers to the front and rear plates of two cars. Then he read the instructions. He paid for two additional stickers.

But Texas motorists are not alone in fouling up. Louisiana also has initiated the validation-sticker system this year. There a tax collector was explaining how the sticker was to be applied. He pointed to a sample plate on the wall, which had a sticker in the proper position on the plate.

"Now you put the sticker exactly where that sticker is," he explained. Sure enough, the motorist quickly peeled the backing sheet off the sticker and had it on this thumb ready

to put it on the sample plate. The clerk stopped him in the nick of time.

So a reminder or two from the Motor Vehicle Division of DHT:

- (1) Read the instructions for applying your sticker. The instructions are available both in English and Spanish.
- (2) If you lose it up, carefully scrape off all the sticker and put the pieces in an envelope.
- (3) Take the sticker pieces, with your registration receipt, to the county tax assessor-collector's office or sub-station.
- (4) Take along \$1.30 for the replacement fee for each new validation sticker.
- (5) Now, have you got that right, cousin? If not, re-read the instructions.

Agriquotes . . .

The aim of the farmers in this country, if they can be called farmers, is not to make the most they can from the land which is, or has been, cheap, but the most of the labour, which is dear; the consequence of which has been much ground has been scratched over and none cultivated or improved as it ought to have been. Whereas a farmer in England, where land is dear and labour cheap, finds it to his interest to improve and cultivate highly that he may reap large crops from a small quantity of ground— George Washington.

DOUG WALDEN has signed up for another term as trustee of the Littlefield school system. Walden's term expires this year along with that of Doyle Winfield. Both will be running for another term. No other candidates had signed at press time. Deadline for filing is March 3.

Future Farmers of America saluted during their week

This past week, February 21 through 28, was designated Future Farmers of America Week by Governor Dolph Briscoe, and businessmen and the Lamb County Leader-News have taken this opportunity to express appreciation to this dedicated group.

This organization plays an outstanding role in assuring the future progress and prosperity of the state and nation. Texas now has more than 900 active FFA chapters with over 54,000 active members. During the past 46 years, FFA has performed valuable services by developing leadership, encouraging cooperation, promoting good citizenship, teaching sound agricultural techniques and inspiring patriotism among its members.

Theme for this year's observance is, "A Future For America." Littlefield and area FFA students have been actively involved in the round of livestock shows.

FFA week in Texas closed with the Littlefield Area Livestock Show and Sale held Saturday.

Young Homemakers discuss projects

The Littlefield Young Homemakers of Texas met Thursday night in the Flame Room of the Pioneer Natural Gas Company for their regular business meeting.

Littlefield's Bicentennial Days were discussed. Members are reminded to bring items for the grab bags to the next meeting.

The Knight's Rest Home Party will be March 6th with Linda Elms and Alice Potts in charge of refreshments.

The club reporters, Shirley Savage has returned home from St. Mary's Hospital. She has been presented with a flower from the members.

The Club made plans for a Salad Supper to be March 11 in the Flame Room with Ginger Rainbolt and Janice McElroy in charge of refreshments.

Bobbye Magruder and Alice Potts served refreshments to Ginger, Janice, Pat Stubbs, Linda Elms, Gerry Thomas, Ellen Massengill, Kathy Graves and Mary Harbin.

The next program will be March 25 with Jim Jones showing a film on eye transplants. All area women are invited to attend.

WHEN TIME drags heavy for service station operator Bill Camp, he makes things with his hands. This miniature windmill in red, white and blue is the product of some spare time.

Hipp graduates from Austin

OLTON—Michael Hipp, son of Mr. and Mrs. R. L. Hipp, was graduated in December from the University of Texas, at Austin, College of Pharmacy. Having passed the state Board of Pharmacy's written examination, he is presently serving a six months internship at St. Luke's Hospital in Houston.

Hipp is a graduate of Olton High School and Howard Payne College in Brownwood. He taught Science and Chemistry at Anton High School for three years before entering Pharmacy School.

Hipp is married and they have a daughter, Terri, who will be three years old in September.

Randy Gray Who's Who

Mr. Randy Gray, Cisco Junior College student from Littlefield, has been named for listing in the publication Who's Who Among Students in American Junior Colleges, according to an announcement by Dean Madison, Dean of Students at the Cisco College.

Gray is among 30 selections from CJC who have biographical resumes in the publication. Students are chosen for listing in Who's Who according to criteria based on academic achievement and outstanding representation of the college in extracurricular activities.

All 30 nominees will be

recognized at an Awards Presentation Ceremony to be held at the college on Thursday evening, April 29, at 7:30 p.m. At that time Dr. Norman E. Wallace, Jr., CJC president, will present award certificates to outstanding students of the college in all areas.

SELF RESPECT - WHAT PRICE?

Self respect cannot be hunted. It cannot be purchased. It is never for sale. It cannot be fabricated out of public relations. It comes to us when we are alone, in quiet moments, in quiet places, when we suddenly realize that knowing the good, we have done it; knowing the beautiful, we have served it; knowing the truth, we have spoken it. —Whitney Griswold

BESWITCHED TO ELECTRIC HEAT

Whichever electric heating system you choose for your home, we know you'll be amazed at how practical it is. Electric heating is clean, quiet and environmentally-sound because it's 100% efficient at the point of use. The best feature of electric heating is you'll enjoy it for years to come because electric heating will be as modern tomorrow as it is today. And now, it's possible to meet your heating and cooling needs with one unit, one thermostat setting, no matter what season of the year it is. Sound like magic? No, it's the heat pump. We'll be glad to tell you all about it. Call us this week.

IT'S NOT MAGIC...IT JUST ACTS THAT WAY

ENERGY EFFICIENCY ALLOWANCE

We, at Southwestern, are interested in your getting the most for your energy dollar. That's why we're offering an Energy Efficiency insulation allowance to our customers in existing homes who install electric comfort heating. Ask us about it.

Openings for engine repair, needlepoint

Openings remain available in two community service short courses, advanced needlepoint and small gasoline engine repair, being offered this spring at South Plains College.

Advanced needlepoint will be taught by Mrs. Pat Grappe of Levelland and will meet on Mondays, beginning March 1. Classes are scheduled from 7:30 to 9:30 p.m. for five weeks. Cost is \$15.

Small gasoline engine repair will begin Tuesday, March 2, under instruction of James Carroll, chairman of the agriculture, applied health and technology department at SPC. Classes will meet from 7 to 10 p.m. Tuesdays for eight weeks. Cost is \$20.

Enrollment is limited to 16 persons for the gas engine class and 20 persons for the needlepoint class. Pre-registration is now underway in the central office of the SPC Technical Arts Center. For more information, contact the office of Don Yarbrough, dean of continuing education at 894-4921, ext. 253.

Henry Block has 17 reasons why you should come to us for income tax help.

Reason 12: There are major changes in the tax laws that could affect your return. Our people are specially trained to help you take advantage of these new laws. We'll do our best to make sure you pay the right amount of tax. No more no less.

AMHERST NEWS

MR. AND MRS. W. T. Vereen and Billie of Sudan visited Amherst friends as they were enroute Littlefield Sunday. Their grandson and nephew Ricky Henson received the Boy Scouts' highest award that afternoon when Troop 600 had an Eagle Court of Honor. After receiving his Eagle badge, Ricky received a plaque saying he was the first scout in George White District to receive his Eagle badge in the Bicentennial year. He received congratulations from Congressman George Mahon and President Gerald Ford.

Card Of Thanks

In the sacred remembrance of our beloved husband and Father, we would like to take this opportunity to express our deepest heartfelt thanks and appreciation to our many friends and loved ones for the many lovely flowers and abundance of food and the ones who sent all the nice cards, the comforting words. Also to the doctors and nurses of the medical Arts Hospital who gave such good care. May the all merciful God bestow on each of you his many wonderful blessings is our prayer.
Mrs. Jesse Renfro and family.

The W. L. Welch family would like to express our thanks for each prayer, card, flower, and memorial during our time of sorrow. God bless each of you for your many kindnesses. The W. L. Welch family.

said Friday that Texas ranchers should be aware that the U.S. Department of Agriculture plans to seek further changes despite promises that we had swallowed the whole pill" when the Animal Health Commission accepted the present requirements under court order and threat of quarantine. The 16 pages of planned changes were disclosed by Dr. Paul Becton, USDA's national brucellosis coordinator, Thursday at a meeting of the Texas Animal Health Commission. Cunningham said promises that no changes were planned were made by Becton at a Dec. 30 court hearing in Austin and in several other meetings with cattlemen. Cunningham said he cannot evaluate the new changes because they haven't been published. He said also that "there is little consolation in Dr. Becton's new promise that USDA won't bring pressure for immediate adoption of the new changes."

"Ranchers are no happier today than ever with what has been forced on them," he said. "They know that only a decent research effort can finally put an end to brucellosis."

Aptitude exam at SPC

An aptitude exam for prospective vocational nurses will be given on March 1 and 15 at South Plains College.

The test is a requirement of all those who plan to enter the SPC School of Vocational Nursing. The test will cover five areas— general academic ability, spelling, natural science, judgment in practical nursing situations and personal adjustment.

There is a \$1 test fee for the exam, which will be given at 12:45 p.m. on both days in the SPC Administration Building.

The 27-week vocational nursing pilot program has been approved and accredited by the Texas Education Agency and the Texas State Board of Vocational Nurse Examiners. Graduates will be eligible to take the state board licensure test, qualifying them to practice as licensed vocational nurses (LVNs).

To set up an appointment for the exam, contact either Mrs. Sherley Foster, academic counselor, or Don Melton, director of guidance at SPC, at 894-4921. Mrs. Helen Brown is coordinator and Mrs. Barbara Bennett assistant coordinator of the SPC vocational nursing program.

MR. AND MRS. Ray Copeland and Mr. and Mrs. Derwood Copeland have returned from a two-week trip to Del Rio, Fort Stockton, Sun City, Arizona and Santa Cruz, Calif., where they visited relatives.

HOST FAMILIES are needed here for youths from Japan and Canada in the Lions International Youth Exchange Program.

RICKY LEE has gone to M. D. Anderson Hospital in Houston for more tests and possible surgery.

A "COME AND GO" get acquainted tea complimenting Mrs. Sandra Adcock of Lubbock, bride-elect of Bill Witten, will be held Thursday, Feb. 26. Calling hours are 3 to 5 p.m. in the home of Mrs. John Norfleet. Friends and relatives are invited.

Democrats in Lubbock Mar.6

The Democratic Participation Workshop to be held Saturday, March 6 in Lubbock is drawing interest from all over the South Plains. I'm delighted with the response we've gotten and the interest shown by Democrats of all descriptions," said Democratic Party Chairman Calvin Guest. Joe Connally, 28th District Committeeman of Odessa, Ruth Osborne, 31st District Committeewoman, and Betty Poulson, 28th District Committeewoman of Lorenzo are in charge of the program in this area. The workshop will be held at Lubbock in South Park Inn. Registration begins at 9:15 a.m. The program begins at 10 a.m. and lasts until 4:30 p.m. Work will be on four specific subjects: voter registration; precinct organization; participation in conventions at the precinct, county, state and national levels, including the presidential preference primary; and working with volunteers and bringing new people into the Democratic Party. ONI" is the title of a special bicycle exhibit at The Museum of Texas Tech University. The exhibit, organized and circulated by the Smithsonian Institution traveling exhibition service, will be on display through March 31. It features five bicycles—an 1870s velocipede, an 1880s highwheeler, a safety bicycle, a new 10-speed touring bike and a folding commuter bicycle. Information on the history of bicycling from 1839 to the current "bike boom." The museum opens at 10 a.m. Tuesday through Saturday, and at 1 p.m. Sunday. It closes at 5 p.m. except on Thursdays when it remains open till 9 p.m.

DOLLAR DAYS

MR. AND MRS. Bob Crank spent the weekend visiting in Farmers Branch and McKinney.

FUNERAL services were held at 2 p.m. Thursday in the chapel of the George Price Funeral home for Roscoe Edwards. Edwards was the brother-in-law of Lou Emma Edwards.

THE BROWNWOOD Chamber of Commerce named the offensive and defensive Eight Man All State football teams this past week. Leslie Dockery, Whitharral senior, was listed as one of the backs for the second team offensive.

THE ANNUAL FHA Spring banquet was held Friday night Feb. 20 in the Sundown Room at South Plains College. The tables were decorated with red clothes and arrangements of spring flowers surrounded by four candles. The menu consisted of ham, steak, baked potatoes, green beans, salad and cherry pie. Bro. Ken Harlan was the speaker for the evening. He said the best friend that any one of us has is "challenge". We are to find that challenge and have enough faith in ourselves that we can make the very best of it. Those attending were Bro. and Mrs. Ken Harlan, Mr. and Mrs. Jimmy Hisaw, Rhonda Bryant and David Dunson, Cheri Hisaw and Randy Hall, Lana Dukatznik, and Joe Kirk, Kim White and Kirk Brock, Karen Corkery and Bud Reding, Susan Corkery and Walter Kristinek, Janet Kristinek and Brian Kay, LuAnn Tapp and Steven Albus, Frances Fagan and Bob Ed Tapp, Vicki Mills and Leslie Dockery, Jodie Doshier and Bobby Avery, Cindy Doshier and Allan Adams, Mary Joe Hoelscher and Tom Rohmfeld.

THE WHITHARRAL Young Homemakers and their husbands went to the Hayloft Dinner Theater on Saturday night. They saw the play "See How They Run". Those attending were Mr. and Mrs. Omar Tripp, Mr. and Mrs. Darrel Corkery, Mr. and Mrs. Driscoll Bryant, Mr. and Mrs. T. C. Wade, Mr. and Mrs. Don Stafford, Mr. and Mrs. Danny Grant, Mr. and Mrs. Willie Kay, Mr. and Mrs. Lloyd Hood, and Mr. and Mrs. Glenn Howe.

MR. AND MRS. Howe of Seymour visited in the home of Mr. and Mrs. Omar Tripp over the weekend.

MR. AND MRS. Wilburn Cox of Ft. Worth were weekend guests of Bro. and Mrs. Ken Harlan and Bart. The ladies are sisters.

ALL THE SCHOOL bus drivers are attending a bus driving school at Smyer on Saturday morning. They are required to have 20 hours. Those attending are Omar Tripp, Leroy Doshier, Jerry Miller, Ken Harlan, Louise McCormack, Max Hyatt, Darrel Corkery and Will Pylant.

SEVERAL from the community attended funeral services for R. E. Williams at the First Baptist Church in Sudan on Monday afternoon. Williams was the father of Rosetta Polk.

J. E. WADE underwent open heart surgery on Tuesday Feb. 24 at Methodist hospital in Lubbock.

TIMMY DURETT is a patient at Methodist Hospital in Lubbock. He is undergoing tests.

MR. AND MRS. F. J. Bryson visited with her mother in Oklahoma over the weekend.

VISITING in the home of Mr. and Mrs. R.J. Clevenger, Mr. and Mrs. Sam Clevenger, Mr. and Mrs. Tommy Clevenger were Mr. and Mrs. Gordon Scott of Anchorage, Alaska. Mrs. Scott is the Clevenger's sister and aunt.

SOME OF THE Whitharral Band students took part in the UIL Ensemble and solo contest in Lubbock on Saturday. Lana Dukatznik, Cheri Hisaw, Rhonda Bryant, and Cindy Doshier, a brass ensemble got a division one; Dana Grant a cornet solo, a division one; and Beverly Dub a clarinet solo, division one. The two solos were spanned by Karen Cor Margaret Cooper, bar director, accompanied them.

BULA NEWS

MRS. JOHN BLACKMAN 933-2328

MEET Tuesday at 2:30 in attendance for Mrs. C. A. Wil... Mrs. Lillie Flowers of Lake Thomas, came up first of last week to be with her daughter and husband, the John Lathams, who were recuperating at home after a stay in the hospital with the flu. Sunday they all drove to Slaton, and spent the day with the Latham's daughter and family the Warner DeSautells. Also to be with them were another daughter of Mrs. Flowers, Mr. and Mrs. Bill Stewart and daughter, Tina and Mrs. Glenn Vaught of Eunice, N.M. Monday they took her to Brownfield for a visit with her son Mr. and Mrs. W. T. Flowers and Mr. and Mrs. Terry Flowers before her return home.

J. P. (PAT) Morris of Littlefield, was admitted to the Littlefield Hospital early Monday morning, suffering from a heart attack. Pat has been in ill health for some time suffering with arthritis, last report he was feeling better. The Morris lived in the Bula community for years before retiring and moving to Littlefield.

MRS. RAY Kennison of Olton, came Sunday and spent the afternoon with her parents, the Tom Bogards. The Bogards are recuperating from a bad bout with the flu.

MR. AND MRS. Nolan Harlan and son John David, drove to Waco on Thursday for a business trip. Friday afternoon they drove to Graham and had a visit in the home of his aunt and uncle, Mr. and Mrs. Joe Shepard and also a visit with other relatives in the area.

MR. AND MRS. John Hubbard visited Sunday afternoon at the Highland Hospital, Lubbock, with friends Karen and Sharon Stanley of Levelland, who were both victims of a car accident recently, near their home in Levelland. They also visited with Mrs. Laverne Hubbard, at her home in Lubbock.

CONSTRUCTION of a church building was the purpose for the trip with men taking long tools to work with in the building program. Rev. Connally reports that the Church of the Nazarene has a very active mission work in Peru. Some 10 missionary couples are laboring in the northern part of Peru, he reports.

BROTHER DON Jones of Three Rivers was guest speaker at Main Street Church of Christ Friday, Saturday and Sunday.

OTIS MEADOWS is receiving treatment at Littlefield Hospital for pneumonia.

O. B. La FRANCE who is in the hospital in Tucson, Ariz. is reported to be improving. He is in Medical Center Hospital on North Campbell Ave., Tucson, Ariz., 882-6300 if you would like to send him a card.

MRS. J. A. Boverie has moved to Denver, Colo. to make her home.

MONDAY, Mr. and Mrs. Lloyd Graham visited with his cousin, Mrs. Rachael Pinner who is in South Hills Manor Rest Home in Dimmitt.

BUN COMBEST returned home Wednesday after receiving treatment at Hi-Plains Hospital in Hale Center for several days.

OLTON Volunteer Fire Department were called to the farm of Mr. and Mrs. Gerald Alcorn Thursday to check a grass fire. No damage was done to the barn or trees. It is thought that the grass fire was started from burning trash, which was near.

Cotton production meet at Sunnyside

Profitable cotton production is the theme of an evening meeting at the Community Center of Sunnyside Community, south of Dimmitt, March 4 beginning at 7 p.m.

Designed especially for producers in the northern region of the South Plains, the event

will highlight cotton varieties, cultural practices, pest management and the future of cotton production.

Dr. Levon L. Ray, professor and assistant director of research for the Texas Agricultural Experiment Station at Lubbock, will speak on planting cotton varieties for quality and profit.

Dr. James R. Supak, Texas Agricultural Extension Service agronomist at Lubbock, will discuss cultural practices for quality cotton production; and Gene Latham, Hale County Extension entomologist, will present a topic on the importance of pest management in cotton.

Marvin Sartin, area Extension farm management economist, also of Lubbock, will discuss the future of cotton production in the immediate cotton growing area.

Billy C. Gunter, district Extension agent from Lubbock, is moderator for the meeting, and Ray Joe Riley, Castro County producer from

Hart, will provide opening remarks.

"We believe these are outstanding speakers who can bring the best information available on cotton production to area producers," says Gunter.

"We encourage everyone in the northern growing region of the South Plains associated with cotton production to attend this meeting."

The conference is sponsored by the county extension agents within the South Plains Development (SPD) program and the Panhandle Economic Program (PEP) areas, the Texas Agricultural Extension Service, The Texas Agricultural Experiment Station and Texas A&M University. SPD and PEP are volunteer organizations made up of citizens interested in the economic and social growth of the area.

Thompson Well Qualified For Commissioner's Office

I want to take this time to voice a few of my qualifications. I have had my own business for 12 years and feel that qualifies me, as any businessman knows, the business aspects of the Commissioner's office.

I have always been very interested in the upkeep of our county roads, and after years of dirt work, a lot of which was road work, I feel I can improve our roads to a great extent. Give me your support in the Commissioner's office. Work together for a better county. Thank You.
