FIELDTON, HART CAMP, WHITHARRAL AREAS

Twisters, Hail, Rain Strike

Barn Destroyed At Garland Farm

Vicious tornadoes, smashing hail and driving winds and rain battered the Littlefield area again Monday night causing hundreds of thousands of dollars damages.

In the wake of the storm, which came just two days before the first official day of fall, hundreds of acres of cotton were severely damaged, windows, storm doors and windshields were smashed, and farm

buildings destroyed in a wide swath that slashed a path from several miles west and south of Whitharral, around the Anton vicinity, hopscooting across to Spade and winding up through the Fieldton and Hart Camp communities toward Cotton Center.

Rock-hard hail, ranging from marble-size to larger than a baseball, clobbered the Whitharral and Fieldton-Hart Camp areas.

Apparently confined to the path of a confirmed tornado, damages in the Fieldton area were heaviest along the tornado route that followed the north fork of the Brazos River.

Hail in the Whitharral area was far-flung and not confined to any particular spot. But the heaviest crop damage was from one to five miles north, and then east up to five miles. Some of the almost totally damaged cotton crops belonged to Jack Bryant, Roger White, Floyd Callis, J. E. Wade, F. J. Bryson and others in this general vicinity.

However, many acres were damaged heavily west and south of the community.

"I've been farming 40 years," Jack Bryant said, "and this is the first time I've ever got hail on every place I farmed at the same time."

Many others who farm widely separated farms reported they also received hail on all their crops, mostly in varying degrees.

Jerry Drake, who lives two miles west of Fieldton, reported a tornado on the ground at Fieldton, and traveling east, to officials at 7:30 Monday evening. Allen Yoakum also reported the funnel and Robert Owens told of seeing several funnels at the same time.

Brunt of the funnel hit the B. D. Garland Sr. farm two miles south and 1 1/2 east, where a 60 x 150-foot sheet iron quonset was destroyed. Tin from the Garland barn was scattered about three miles in a southeasterly direction throughout fields that were flattened by the winds.

The D. R. "Doe" Leonard farm, which joins the Garland farm on the east, received most of the tin deposit across the southwest corner of a maize field.

The J. W. Johnson Jr. family, who resides southeast of the Leonard and

B. D. GARLAND SR. surveys damages done to his farm, located two miles south and one and a half east of Fieldton on the Brazos. In the background is a 150' x 60' quonset type barn which was leveled and scattered across the countryside. Another barn was unroofed, another rolled onto its top, a well house was unroofed, and a hole was poked in the north side of the roof of the house. Numerous trees were broken near the house and down the drive to the house.

Doc Bowman Takes Lead In Pigskin Predictions

Harold Ray (Doc) Bowman of Route 1, Amherst, is undisputed first place winner in the Leader-News gridiron guessing game this week.

With 14 correct predictions, Bowman wins the weekly \$5 first prize and is in the lead for the grand prize of two tickets to the Cotton Bowl game, plus \$25 cash.

Carl W. Odom, Charles Didway, Mozelle Hutson, Jim Zoth and Lonnie

Clark tied for second place with 13 right guesses each.

Carl Odom of Littlefield came out second place winner and gets the \$3 prize by coming closest on the tie-breakers. With 22 correct predictions, Odom is now in a 10-way tie for seventh place in the season standings.

Out-of-towner Charles Didway of Post is third place winner with the second-best tie breaker score. Didway won the \$2 check and is tied with 10 others who have 24 right guesses for fifth for this season. Mozelle Hutson of Littlefield remains in fourth place with 13 correct predictions this week, and a standing of 25 for the first two weeks.

Jim Zoth of Brownfield guessed 13 out of 15 right this week and zooms to second place standing along with Leon Burch who won last week's contest. Both have 27 right thus far.

Lonnie Clark of Anton was the fifth person guessing all but three of the winning matches this week.

These top six contestants all missed the Whitharral-Loop game, with all six picking the injury-plagued area Panthers, and five of the top six picked Canyon over Olton and were counted wrong with ties counting as losses.

A complete list of the top contenders in the 12-week annual contest is on page 8 of today's Leader-News.

Spies-Cristan Fund Now \$3215

The Spies-Cristan Hospital Fund has reached \$3,215.74, according to Cliff Smith, chairman of the fund drive.

"My wife visited with Mr. and Mrs. Jose Cristan in Lubbock Monday, and she reports that they are very pleased with Felipe's recovery progress," Smith said.

"She didn't see Danny Spies' parents, but spoke with some who are sitting in Danny's behalf, and they say there is little change in Danny's condition," Smith concluded.

According to Rev. R. B. Hall, a neurosurgeon was called into the Spies case Monday and he found there was more leakage in the brain than they felt there should be. His ear was packed Tuesday. This does not accomplish the results they felt it should have, so a spinal tap has already been made.

"He's still in intensive care in

INCH HAILSTONES were found in the yard of the D. R. "Doe" residence Monday night after the tornado struck the corner of the farm, east of the Garland farm. Mrs. Leonard placed the hailstones in a deep freeze as a grim reminder of the storm.

Jury Duty A High Honor and High In Costs, Too

LAH RODGERS
New Staff Writer

Jury duty is a high calling of good service and is high in another respect.

Each time a jury panel is sitting up in court, District Clerk Ray Lynn Britt is costing Lamb County \$90 a day and the court's charge is \$180 per day if evidence is heard in court and the court's charge is \$180 per day.

There are 1,670 persons in Lamb County who serve as jurors on a case before the state and community courts. The general panel. They are called to sit and wait.

The commission made up of five members are mainly responsible for calling for jury duty. District Clerk Ray Boone Jr. appoints five citizens from each section of the county to serve as jury commissioners for a year.

Persons meet in the court house. They are given the voter list and the tax roll, plus their own personal knowledge, these persons write down the names of those they have enough names to

fill the jury lists for the fall or spring sessions.

(Six lists with 60 persons each are drawn for cases set January through June. Four lists with 72 persons each are drawn for district court cases heard July through December.)

These names are put in a container, or some scrambling or numbering process is used.

"Jury commissioners don't say, 'We are going to put this one and that one on the list,'" Mrs. Britt said. "No one knows who's going to be on what list."

Then about two weeks before jury settings, the district clerk opens the list and takes it to the sheriff's office where the sheriff's department mails notices of jury duty to the persons on the list.

"I know people called for jury duty time after time get disgusted," Mrs. Britt said, "but it really is an honor. By being selected, this means the jury commissioners think these persons are honest and capable of rendering a fair verdict."

These jury commissioners take an oath, swearing that they will not knowingly elect any person as a juror whom they believe to be unfit and not qualified; that they will not make known to anyone the name of any juror

selected by them and reported to the court; and that they will not discuss the merits of any case to be tried with anyone selected as a juror.

In addition to these persons selected for civil jury panels, 18 names are picked for the grand jury list. Grand jury usually meets just once during a term of court, and of these 18, 12 ultimately serve on the grand jury panel.

Those chosen to hear cases receive \$7.50 a day for their services. Those who answer roll call only are \$1.25. Of course this doesn't even pay expenses for those who have to drive in several miles and eat lunch in town," the district clerk said, "and that's not even counting time lost from work. But most of them don't mind too much, because they would want people to do the same for them if they ever have a law suit. Even those who serve again and again are good at understanding and even take it in good grace."

Large counties have jury wheels where everyone's name on the tax roll and voters' list is subject to being called for jury duty.

"We have much better jurors with our system," Mrs. Britt said, "because in a county where you know almost everyone, the jury committee usually knows who isn't qualified. They would be familiar with the ones who can't read and write English, those who wouldn't be eligible because they had been convicted of a felony or who weren't of sound mind or moral character. The larger counties just don't have a chance to call juries with the quality of those selected by jury commissioners."

There is a plaintiff and a defendant in every case. In civil cases the plaintiff is the person complaining against another.

In criminal cases, the State of Texas is a plaintiff and is doing the complaining. Civil cases are usually an individual against another individual or company.

"And anyone can complain," Mrs. Britt said, "but when it comes to a judgment, they have to prove their case."

Anyone can request a jury trial by paying a \$5 jury fee. The right to a trial by jury is sometimes misused by companies who aren't ready to settle. In such cases, a company often pays a jury fee to postpone the case, the district clerk said.

Forty-six jury fees were paid last year. Of this number only 15 juries were sworn in and only 11 jury verdicts were rendered. Four were settled after the jury was chosen.

Under present laws, if a case doesn't go to a jury, the fee is refunded.

All district clerks send in monthly reports to the Texas Civil Judicial Council. "And the State is concerned about this," Mrs. Britt said. A raise in jury fees from \$5 to \$25 is being considered to discourage jury requests to postpone cases.

Teacher Banquet

Littlefield Rotary Club will sponsor a Teacher Appreciation Banquet at the Community Center tonight at 7:30.

An award will be presented to the outstanding teacher of the year, 1968-69, and new teachers will be introduced to Rotary members, according to President Calvin Prie.

DISTRICT CLERK Ray Lynn Britt, standing, and Connie Taylor, deputy clerk, are in charge of keeping all records of the Lamb County Court. This includes recording orders, filing all instruments and subpoenas and citations. Adoption and divorce proceedings and other legal processes.

HAILED OUT FARMERS in the Whitharral and Fieldton-Hart Camp communities are all in the same boat after the devastating hail storm Monday night - and it's no picnic. Don and Tommy Robison and Raymond Gray, who live on the Jack Bryant and J. E. Wade farms, woke up Tuesday to find their homes in the middle of a lake. Here they make the best of a bad situation by getting out their boat and shedding some clothes after the sun came out and the weather warmed up after school.

Olton To Begin Lay Witness Mission

The Lay Witness Mission at the First United Methodist Church in Olton is scheduled for Dec. 5-7.

Mrs. Glenn Singleberry has been appointed chairman and Mrs. John Speck will be the secretary for the mission.

Mr. Clyde Latimer, who is a member of the Methodist Church at Baird is the coordinator and will be in Olton Sunday, Oct. 12, for a pre-mission meeting.

Committee chairmen have been selected and committees formed to help with the preparation.

This is a lay movement and

the pastor, the Rev. Tommy Nelson, hopes that each lay member of the church will actively support it and serve in whatever capacity he is needed.

Bro. Nelson states "Let's all begin by praying daily for the moving of God's Spirit in our lives and for the laymen who will be coming from other Methodist Churches to work with us."

MONTE HULSE

Monte Hulse Completes Banking School

Monte Hulse, a 1959 graduate of Littlefield High School and a 1963 graduate of Baylor University, was graduated from the Southwestern Graduate School of Banking at Southern Methodist University in Dallas in August. His graduate thesis was "Financing the General Contractor."

To qualify for a certificate of graduation from the school, a banker must attend three two-week resident sessions in the summer, submit solutions to extension problems, write a thesis on a topic pertaining to banking, and pass an oral examination on his thesis and major.

Hulse has been employed by First National Bank in Dallas five years. He is assistant Vice-President in the Commercial Loan Division.

He is son of Mr. and Mrs. Ray Hulse of Littlefield and is married to the former Kaye Bradley, daughter of Mr. and Mrs. Bill Bradley of Amherst.

Hubby-Pressley Vows Pledged

Mrs. JoAnn Hubby and Perry A. Pressley exchanged wedding vows Saturday in Eastwood Church of Christ in El Paso with Hugh Tinsley officiating.

The ceremony was performed before an altar of gold and bronze mums accented with gold candles.

Mrs. W. W. Elrod of Denison, mother of the bride, was attired in a turquoise dress with beige accessories.

Mrs. Bonnie Pressley of Littlefield, mother of the groom, wore an avocado silk suit with brown accessories. Both mothers wore orchid corsages.

Given in marriage by her brother-in-law, Edwin McCready of Clovis, N.M., the bride wore a street-length gown of gold silk and carried orchids atop a white Bible.

Mrs. McCready, matron of honor, wore a street-length gown of champagne silk and carried a cascade bouquet of bronze and gold chrysanthemums.

Allan R. Keown was best man. Ushers were Fred Driggers and Foster Drummond.

Following the church reception a dinner was given for the wedding party at the El Paso Club.

After a wedding trip to San Francisco, the couple will be at home at 8805 Sampson Circle in El Paso.

The bride is a member of Epsilon Chi Chapter of Beta Sigma Chi. She has three sons, Kevin, Phillip and Shawn.

The groom is assistant manager of Sunco Poultry and Egg Company. He is past president of Del Norte Lions Club and served in the U. S. Navy.

Women's Club Views Slides

"Happiness Is: Life's Challenge", is the theme for the year of the Littlefield Woman's Club.

The first meeting was held Wednesday, in the Flame Room. The program, Happiness Is: Traveling Clubwomen, was put on by Mmes. D. C. Lindley, E. G. Brunson, J. R. Coen, and Roy Taylor, with Mrs. R. O. Edwards operating the slide projector. Each told a portion of their summer tour through 13 states and into Canada, showing color slides of the places visited including the Air Force Academy, the Grand Tetons, Yellowstone, Lake Louise, the Columbia Icefields, and Salt Lake City.

Mrs. Roy McQuatters led the club in reading the Club Collect.

Mrs. Roy Taylor, 2nd Vice-Pres. introduced eight new members: Mmes. Truitt Sides, N. N. Frey, Phillip Berry, Tom Matthews, Lloyd Lust, Troy Armes, John Stehlik, and G. M. Nicholson.

Three other new members, Mmes. H. F. Gregg, J.G. Johnson and Starr Haile were unable to attend.

Vice-President Mrs. Bernard Perlman outlined the new year book and the programs for the new year. A short business session was presided over by the president, Mrs. Lyle Brandon.

new members were Mmes. Otto Jones, Lon Campbell, Hal Ferguson, Fred Dodd, D.C. Lindley, Bernard Perlman, H.C. Randall, E.G. Brunson, Roy McQuatters, Lyle Brandon, J.B. W. C. Nowlin. Hostesses for this meeting were: Mmes. Otto Jones, Lon Campbell, Hal Ferguson, and Fred Dodd.

The next meeting will be held Oct. 15, with Mr. Herschel Randall bringing the address on Americanism.

TALL MEN

Tall men shouldn't wear short jackets; they accentuate height. Subtle patterns and glen plaids give the tall man the illusion of width. Vertical stripes and sharp herringbones also make a man look taller.

THE SCHOOL will not allow us to throw Miniature Footballs at the games this year.

We have a supply of these on hand and fans may pick them up at the bank each Friday as long as the supply lasts.

OTIS STRICKLAND

Dear Friends

I am writing this newsletter to give you an insight into what happened during the last two called sessions of the Legislature.

The increases in State government spending are problems brought about by an inflated economy and a continued increase in population. This requires more spending each year although, admittedly, we would like very much to keep State government costs at a constant level, but it is almost impossible.

For instance, the teacher pay raise bill, that was passed during the last regular session of the Legislature, required an appropriation of some 300 million dollars. This was necessary for Texas to recruit and maintain good teachers for our school systems.

Higher education was one of the areas in which there were increased expenditures because of increased enrollments. Besides the rising costs of present institutions of higher learning, the last regular session of the Legislature created two new medical schools and one dental school.

To finance these schools, for planning and construction, additional revenues were needed. Many of our State agencies had increased responsibilities placed upon them because of the demands of the people and the ever-increasing population.

We shouldn't complain about the increased population of the State of Texas because after all when people are moving into Texas faster than most other states, and we are drawing industry at a faster rate than most other states, certainly we must have something that appeals to the people. Along with all the good things must come the bad, along with the increased population comes the need for more services, such as police protection, additional highway patrol, better roads, more class rooms and teachers, and one thing particularly that we are concerned about in this area, needed water supplies for the future. With all these things in mind the tax battle was on during the special session to

What Happened At The Legislature

see where the needed money could be obtained.

The House, with a more conservative viewpoint, wanted to place most of the tax burden on the consumer, feeling that a business tax would be transmitted to the consumer in hidden costs. However on the other hand, the Senate, being more liberal in its philosophical makeup, wanted to place more tax on business and not directly on the consumer.

With the situation of the House wanting one type of tax, and the Senate wanting another type tax, bill after bill was offered by the House and by the Senate and sent to conference committees, where the differences were worked out.

After a long and hard vigorous battle between the two houses, there was a plan finally agreed upon that could obtain enough votes in the House and Senate to put a tax bill into immediate effect to take care of the financial crisis that Texas was facing. This bill was divided into three categories, and, as a compromise bill, in all fairness was considered a fairly balanced tax bill.

The tax bill was balanced in this manner; about 1/3 of the tax directly on

industry, about 1/3 of the tax on the consumer, and about 1/3 of the tax on luxury items. For the first time in about 13 or 14 years, an additional tax was levied on alcoholic beverages.

All alcoholic beverages came under the sales tax, and in addition to this there is a new tax to be levied on drinks served in private clubs at the rate of 5¢ per drink. Cigarettes were taxed an additional 4¢ per pack. These two items were the luxury items of the package, the business items taxed were an increase in corporation franchise taxes from \$2.75 per thousand to \$3.25 for three years and also an increase in natural gas tax from 7% to 7 1/2%. The consumer part of the tax package was the removal of some of the exemptions in the sales tax and increasing it by 1/2%.

The total tax bill that was passed will raise approximately 348.5 million dollars. As you well know, the constitution of our State provides that we must pay as we spend, and that we cannot operate in a deficit. The State Comptroller has certified that there will not be a deficit at the end of the fiscal year of the biennium, so the constitutional provision of "pay as you go" has been met. The

special session did consider several bills that were of an emergency nature, one of which deals with water bonds being sold by the Water Development Board; I carried this legislation in the House and it was carried in the Senate by Senator Tom Creighton.

This was finally passed and signed by the Governor. Also we passed approximately 40 bills that were vetoed by the Governor, because of a technicality, at the end of the regular session. These bills were reinitiated and signed by the Governor.

This fairly well covers the results of the two called sessions with one exception. We did have the opportunity to author and pass a House Concurrent Resolution setting up an Interim Water Study Committee, one a broader base and scope than any of the past Interim Water Study Committees.

The Committee will consist of three members of the House appointed by the Speaker, three members of the Senate appointed by the Lieutenant Governor, and three members from the public appointed by the Governor.

The Resolution will enable the Committee to look at the various aspects of the Texas Water Plan, the Texas water

agencies, financing the implementation of the Texas Water Plan, the different methods of financing, also taking a look at the economics and the ecology of the Texas Water Plan and their affects on the State.

It is hoped that this Committee might pave the way for final approval of the Texas Water Plan.

It's been a long, hot summer, and I am quite sure that many of you in this area realize and know that we are running out of water, and we are depleting our underground water resource. The resource that has made this area one of the most productive and economically profitable agricultural areas in the world. To maintain this economy and prosper in this area we must have future water supplies available when we have depleted our ground water and this has been one of our chief aims and goals since I have been in the legislature. We will continue to work toward this goal and believe that finally we will see a plan implemented.

The appropriations that were passed will carry many benefits for this area of the State. One of the major expenditures is for the new medical school at Texas Tech. One thing that is of particular interest to me in the appropriation bill is

money for the construction of a State office building which will house all of our State Water Agencies.

At the present time our Water Agencies are scattered in various parts of Austin in rented buildings.

I think we will have better coordinated better utilization of computer planning, date simulation and other things, and in fact I believe it will cut down in many areas.

We have been traveling quite a bit since this session was over, and in various water meetings, and the meetings that we will attend during the months to come, I will probably be calling on you from time to time for help, ideas and suggestions what we need to be doing next to promote the general welfare of the area of the State.

I was personally gratified by the session, by one particular article written by Garth Jones, who is with Associated Press.

(In the article, Jones referred to me as one of "maybe 15 or 20 members" who play "important roles in lawmaking because of their knowledge and experience in specific matters of parliamentary procedure.")

Then when a story like this appears in news media because they know that we are working and are diligent in trying to solve our problems, I feel honored to be mentioned among the few who are striving to do something to solve the problems of not only our but our entire State.

Again let me say that I appreciate serving this district, and hope to continue serving you in the future that you would be proud of.

Any time that we can help you, call on us.

Yours For Better Government

THE ABUNDANT LIFE

Hedonic Hang Up

By BOB WEAR

THE HEDONIC HANG UP is the great human tragedy; the emptiness and meaninglessness of the lives of the people who blindly go from one degrading pleasure to another.

They travel the road of nothingness to a destiny that is even worse. They never know any joy or abiding peace of mind, but they never seem to realize what is wrong.

"HEDONIC" IS DERIVED from a word which means "pleasure"—pleasure in a frivolous or dissipating enjoyment or sensual gratification.

This is the present-day "hang-up". Those who pursue such pleasure will always be poor, even if they have money.

HEDONISM HAS ALWAYS been popular; in some times more than others; but it is, in our time, becoming more and more a manner of life.

Hedonism is "the doctrine that pleasure is the sole or chief good in life, and that a moral duty is fulfilled in the gratification of pleasure-seeking instincts and dispositions."

IN THE GREATEST experiment ever performed, it was learned that the hedonistic pleasure is not the chief good for a human life.

From the recorded experimentation, we quote, "Come, try pleasure and enjoy yourself. But this too was in vain (empty, void, useless, worthless)."

More than being in vain, the hedonists are dead before they die.

THE HEDONISTIC HANG-UP is a perversion of life which is increasingly worsened by a continuing inversion of values.

The condition of life for such persons becomes more and more undesirable, because the degrading appetite they are feeding becomes insatiable.

Eventually, the day comes when they cannot even find any

momentary pleasure in their dissipations.

HEDONISM IS A STRANGE KIND of bondage; strange indeed. It begins and flourishes in what the people think is the highest kind of freedom.

Of course, it is not freedom; but thinking it is freedom until it is finally seen for what it is helps to make it the most shocking bondage known to us.

Part of the ultimate misery is in the knowledge that the slaves have forged the chains which bind them.

THIS SELF-ENSLAVEMENT, which seems to be so attractive to so many, has nothing to make it acceptable.

Its appeal is false, and when accepted, it cannot do what it promises to do. It is not happiness, but misery. It is not vital, but insipid and dull.

It is not really pleasurable, but is painful. It is not constructive, but is destructive. It is not living, but is self-destructive.

HISTORY IS REplete with detailed accounts of other people in other times whose social structure collapsed as the cancerous growth of hedonism spread.

We should read this history with great eagerness, and let the sad lessons warn us to the extent that we do not make the same stupid errors.

HEDONISM IS IDOLATRY, and is undoubtedly the most degrading form, because it is so introvertedly self-centered.

In the words of Inspiration, these people say, "I am, and there is no one besides me." Eventually, they are destroyed by the idol they worship.

PEOPLE WHO ARE WISE, those who wish to find meaning, happiness, and wholesome purpose in life, will very carefully and decisively avoid the hedonic hang-up.

THE FARMER'S WIFE

Computerized World

By LIBBY MUDGETT

ALREADY YET SO SOON, I have received several inquiries about the International Society for the Abolition of Data Processing Machines and how to go about joining same.

Well, I can't really recommend joining the I.S.A.D.P.M. The founder and self-appointed president is Harvey Matusow, now of London.

But in the 1940s, he was an American Communist.

THAT WAS BEFORE he turned FBI informer.

And that was before he spent five years in prison for perjury after admitting he testified falsely against 250 people.

But I can tell you a little of his present methods of fighting The Beast of Business (his name for the computer and the title of his handbook of guerrilla tactics against this mechanical tyrant).

HE IGNORES as childishly unsophisticated the acts of simply stapling, folding or mutilating computer cards. Says he,

"That will nullify the effect of the card, but it will make it easy to spot and will not have much effect on disrupting the system."

He suggests "computer-card roulette". Place the card on a flat surface, carefully cut out three or four extra rectangular holes with a razor blade and return card to sender.

HE CLAIMS TO have done this to a magazine subscription card and promptly started receiving 23 copies of the magazine weekly and a note thanking him for using same in his current-events class (of which he hasn't one, natch).

He also recommends erasing the magnetic coding on personal checks by running the code number under an electromagnet. He evidently thinks that every well equipped household has one.

"THE EFFECT is that your checks will not be processed by the automatic sorting device. Someone at the bank will have to handle them personally. But after all, it's your money, and it should get the loving care it deserves."

(You can begin to see why this Che Guevara of the Revolution against Computers already has 1500 followers.)

Another Matusow tactic—destroy the returnable portion of a computerized bill, mail back a check together with a note explaining what you have done and why.

STILL ANOTHER—when paying utility bills, do so promptly, but overpay or underpay by a few cents. This is supposed to send computers into a complete nervous breakdown.

ANGEL AND I dialed in a western on TV the other evening. At first attracted to that magnificent mountain scenery, gradually we became engrossed in the pulp-fiction plot.

The bad guy in Medicine Bow has pretty much his own way through the first three commercials. He frightens ranchers into selling out to him cheap. He swaggers around the saloon and intimidates peace-loving citizens with his fast gun.

THE CLIMAX COMES when he publicly humiliates one of the good guys. The good guy, in front of his own small son, is forced to back away from the gunslinger's gun.

"Remember your dad is a coward, boy," the gunman sneers.

AND THE SMALL BOY, tears in his eyes, ashamed of his pa, runs and hides and sobs his heart out.

Because his peace-loving pa had refused thus to commit certain suicide he was labeled a coward and his family was shamed.

That is precisely the kind of he-man hogwash which has caused a whole generation of young Americans to rebel.

THE VERY IDEA that a man should have to prove and re-prove his masculinity with kill or be-killed contests on home fronts or war fronts is utterly repugnant to the new breed of young Americans who know better.

A man does not prove his manhood with "assassinity." And if the six-gun was necessary for self-protection in the Wild West, it was still no measure of the courage of the man who used it.

NOR ARE KNIVES or razors or fists.

Today's young men who are demonstrating antipathy toward these antiquated criteria perhaps have gone too far. With their beads

and flowers and long hair claim recognition for a contention that harmony is a more objective than discord and con-

MANY AMERICANS, these manifestations too are inclined to dismiss their rejection of responsibility.

In some instances the doubtless true. But in many instances what the young man rejecting is the notion that all must be all-men, rough, tough uncompromising.

SOME ADULTS are beginning to dig this young idea. Dr. J. Brothers finds "Women beginning to turn away from a contrived masculinity toward who are compassionate, sensitive unashamed to express emotion admit to occasional helplessness."

It may be argued that timid guys yielding to uncompromising bad guys would have surrendered the Wild West, not tamed it.

SIMILARLY IT CAN ARGUED that Americans do only to pick out peace loving guitars would be trampled by hobnail boots of a mad aggressor.

But may we all at least have sight the Christ Example of Gentle Man. At worst, a world of such people would be a paradise of such people would be a paradise.

Without any of them, it could be nothing more than a jungle.

Methodist Hospital in Lubbock," Rev. Hall said.

"Felipe is doing real well," Rev. Hall said. "He can see, is feeding himself, and speaks."

Rev. Hall reports that his own son, Roger, 7, who was injured in the same accident, is now on crutches and is getting around pretty well. He was in traction three weeks with a dislocated hip. "The doctor says it will be about another week before Roger can go back to school," Rev. Hall said. Roger will be a second grader.

The boys were injured in a motorcycle mishap in Laguna Park Aug. 30 during Festivities Days, when a motorcycle balancing demonstration was being given and the rider fell from the vehicle. The cycle careened into a crowd and injured them along with two other boys who were bruised a little.

DEAR EDITOR

Wants To Keep Up

The Leader-News Littlefield, Texas Dear Sir:

Will you please check to see why Arthur Ray is not receiving your paper? He's eager for information about the Wildcats' current season. Among the 35,000 men at Fort Lewis, Wash., are several Littlefield and area boys. Three of them attended LHS, perhaps more.

Thank you very much for your support and excellent coverage of the LHS activities.

Come as you are, plan to leave a changed man," said Rev. R. B. Rasco, pastor of the church.

D. R. "DOE" LEONARD wonders where to start in removing tin from his grain sorghum. Directly in front of him is a mass of tangled wire which was caught on three pieces of tin which was blown from the B. D. Garland Sr. farm to the west. Much of the sorghum is battered and is lying across the rows in no particular pattern. Leonard resides 1 1/2 miles west of Hart Camp.

**Gas, Oil, Trailers
At Askew's Texaco**

You can buy a used car, gas up, get a camper for your pick-up and latch on to some good fishing advice at Askew Texaco Service Station at the corner of Farwell and East Ninth in Littlefield. Albert Askew is in his 10th year as Texaco distributor and has been in the used car business nearly 25 years. Albert is ably assisted by his wife, Ovalee. "I don't fix flats," she laughed, "but I can pump gas."

The Askews' hobby is fishing and they always keep their personal camper ready to go whenever they can find time to get away from their business. They also sell fishing supplies at their service station where they have a good selection of lures, plug and bait.

Askew's fishing hobby led to their getting into camper sales. They took

several trips using a camper and became so sold on them they decided to sell them themselves. Camper sales led to trailer sales, and now anyone wishing to buy recreational travel equipment has a good home dealer. Camper sales include all types—those furnished with stoves and appliances, cab overs, and of course the pull-along trailers are completely outfitted.

The Askew family moved to Littlefield from Tennessee in 1945. They have three children. Charles lives in Decatur, Ill. Gene is a Lubbock resident, and their daughter, Mrs. Jack Feagley, lives here in Littlefield.

The Askews invite everyone to stop by their corner station for that Texaco gas and oil where you can always trust the man that wears the star—the Texaco star.

Walk in, America.

Top of the line Kingswood Estate Walk-in.

You'll have a hard time finding a wagon as easy to get into as a 1970 Chevrolet.

It's something. Climb into any other wagon, then climb into a 1970 Chevrolet. You'll find it's a lot easier. A 1970 Chevrolet wins in a walk-in with a dual-action door that swings open without any jutting hinges.

With a rubbered stair built right into the bumper. With a roof that slants thoughtfully forward so you won't hit your head. Look into a walk-in at your Chevrolet dealer's. Putting you first, keeps us first.

MRS. LESTER LA GRANGE
 MRS. H. D. DUTTON and Mrs. Floyd Dutton of Friona were in Knox City Tuesday through Friday last week and visited relatives.
 WEEKEND GUESTS of her father and brother, the Bill McDaniels, were Mr. and Mrs. Paul Nelson and daughters from Plano.
 MRS. LULENE PRICE of Riverside, Calif., is expected Saturday for a short visit with her mother, Mrs. Ora Rawls, and sister, Mrs. Clois Tomes and family. Mrs. Price and Mrs. Rawls have a trip planned to visit their granddaughter and niece in Maine.
 MRS. LESTER LaGrange visited her daughter, Mrs. Gene B. Louder, in New Home and in Lubbock during the weekend.
 MR. AND MRS. Henry Brown returned from the Knox City area where he was employed in the grain harvest.
 MR. AND MRS. A. O. Dickson visited relatives in Graham recently and attended a family reunion. His mother resides in a rest home there. While in the area they visited Springtown. Mrs. Dickson (Bessie) is gradually improving from the car accident in which she was involved several months ago.
 GARY BRADLEY, son of Mr. and Mrs. Bill Bradley, is a junior student at the University of Texas in Austin. He is employed from 7 to 11 a.m. at the state capitol and attends classes in the afternoons. For several years Gary has shown interest in politics, so his job will give him a further insight into his seemingly chosen field.
 MR. AND MRS. Carl Enloe were at the M. D. Anderson Hospital in Houston last week after she had an exploratory examination here and was sent there. They are to return to Houston this weekend and she is to undergo surgery next Monday, it was reported. Mrs. Enloe is the former Carol Bench. They have a small daughter, Tasha.
 MR. AND MRS. W. M. Tomes spent last week with her sisters, Mrs. J. J. Frost in Vernon and Mrs. Pearl Moore in Chillicothe.
 MR. AND MRS. Bill Taylor accompanied Mrs. Lloyd Sturges to Lubbock following his accident.
 MR. AND MRS. Frank Sturges and family of Wichita Falls were here Saturday and Sunday. He was with his mother, Mrs. Lloyd Sturges, and other relatives in Lubbock since his father's accident suffered Friday.
 MR. AND MRS. Henry Brown and Mrs. Gene Williams were Hereford visitors Monday. Mrs. Brown was the guest of Mrs. W. T. Vernon, a former Amherst resident.
 MRS. DAVID Harmon returned home Sunday from Long Beach, Calif., where she had visited her mother and sister, Mrs. Heckey, her mother, had improved from recent eye surgery. She made the trip by plane.
 MR. AND MRS. Hartley Simmons and son, Blane of Lubbock, spent Sunday here. Hartley is a student at the Sunset School of Preaching. He delivered the messages at the morning and evening services at the Church of Christ and were guests of Misses V. O. and Willie and Charlie White while here.
 MRS. GLENN WILLSON will be hostess for the Annie Armstrong Circle meeting next Monday. Prayer sisters will be revealed and new names will be drawn.

The San Antonio Genealogical and Historical Society will be host for the Convention.

Station Wagon Bus Collide

No one was injured in a school bus-car accident in Amherst Monday afternoon, but about \$1550 damage was estimated to the two vehicles.

The bus, a 1969 Chevrolet driven by Winston Ferguson, was returning from an afternoon run and unloaded at the time of the accident.

Mrs. Jerry Estep was driving the second vehicle, a Ford station wagon.

Damages were estimated about \$900 to the bus and \$650 to the station wagon, according to James G. who towed in the vehicles.

Wildcats Seek First Win In Toss-Up With Lakeview

Littlefield and Lakeview—a pair of teams with two straight losses and a burning desire for their first win—meet at Wildcat Stadium Friday night at 7:30 in what has been rated a toss-up.

Coach Deverelle Lewis calls Lakeview a "capable team," with adequate speed, "but not as fast as the first two clubs we played."

Overall team weight average for Lakeview is 169 pounds per man, while the Wildcats average about 165.

Coach Jim Jefferies, who has scouted the Chiefs, pointed out the Lakeview 11 gained 129 yards passing and 188 rushing in losing to highly touted Sweetwater, 31-14, last week.

"We'll have to play well to beat Lakeview," says Jefferies. Coach Lewis told the Booster Club Tuesday night he felt the Wildcats had "come a long way" in their first two games and had worked hard in losing efforts.

"The boys deserve a win and you fans deserve one, too. We'll be going out to get it Friday night," he told the group.

Lakeview's big threat is QB Jimmy Williams, who likes to throw the sprint out pass.

In the Sweetwater game, Williams tossed one sprint out aerial to tight end Mike Avante, a 230-pounder, for a score. Lakeview's other tally came on a 12-yard run by

Jimmy Magee, 140-pound halfback.

In their first game, Lakeview fell to Slaton, 20-7.

In addition to Williams and Magee in the offensive backfield, Lakeview has a pair of 165-pounders, Larry Fowler and Dennis Dollins.

The offensive line includes David Untermyer, 145, and Joe Keel, 190, at ends; Bobby Davis, 192, and Randy Gersh, 175, at tackles; Marc Langhor, 165, and Loyd Christenson, 180, at guards, and Stanley Smith, 170, at center.

On defense, the Chiefs have Gary Park, 170, and Manuel Munoz, 167, at ends; M. C. Holt, 230, and Davis at tackles, and Keel at nose guard. Linebackers are Langhor,

Williams, and Ronny Phillips while the other backs are Troy Urbantke, 140, Lester Purdham, 135, and Allen Gilbert, 140.

For the Wildcats, Steve Owens and Gary Nace will be at ends; Jerrel Haberer and Monte Trotter at tackles; Gary Garrison and Chuck Blevins at guards; and Randy Parkman at center.

Offensive backfield has Charlie Holt at quarterback, Ralph Funk and Ed Hickman at halves, and Randy Mitchell at fullback.

On defense, the Cats will have Charles Carter and Trotter at ends, Kim Kloiber and Haberer at tackles, and Larry Purdy at nose guard.

Mitchell and Danny Estrada will be at linebackers and Hickman at rover. Holt and Keith Sittion will be at halfback posts and Owens will man the safety slot.

Hardwick ENMU Starter

Leon Hardwick of Amherst and a junior letterman at Eastern New Mexico University is looking for the starting nod at tailback for the ENMU Greyhounds.

Hardwick gained over 150 yards unofficially in the final full scrimmage when head coach Howard White's number one team piled up 57 points on team number two.

The Greyhounds were

overwhelmed by defending Southland Conference champs Arkansas State University, 53-20, in Jonesboro, Ark., last Saturday night where Hardwick took a 10-yard pass from sophomore quarterback Mike Franks for a two-point conversion.

In the rushing department, Hardwick had 18 tries for a net gain of 62 yards.

The Greyhounds travel to Goodwell, Okla., this weekend to take on Panhandle State College. On Oct. 4 they return home for their home opener with Central State College.

The Bank That Gets Things Done For You

The 1970 light-your-fire Buicks are here.

They're not for you. They are you've been asking for. From Buick 1970. There's only one GS-456 Buick, sporty, exciting, powerful, 350-hp. 350-hp. 350-hp. With a four-barrel carburetor that breathes through real air-scoops. Plus you'll find a 4-speed Power-Shift automatic. Both are available. Power-disc brakes. Positive traction differential. High performance star axles, too. And lots more.

Wide-track rear gas pedal drive that's standard on all 1970 Buicks give improved traction during braking, cornering and acceleration. High-traction tires. And substantially superior resistance to road hazards. Side-impact beams for added protection. Body by Fisher. Three-point safety belts. Full carpeting.

Obviously the most exciting car we've ever made. And one that you've been asking for. See it. See all the 1970 Light-Your-Fire Cars. The Great Sports and 5-Junk Sport Coupes and Convertibles.

Wouldn't you really rather have a Buick?

Area Teams Hit Road For Games

Seven area football teams will be in action Friday night as the grid season enters its third week.

All but Littlefield's Wildcats will hit the road for games on the opponents' field.

Littlefield, after dropping consecutive games to Dunbar and Colorado City, will try to get on the winning track when the Wildcats play host to the Lakeview Chiefs.

Springlake-Earth, winner of two straight, travels to Dimmitt, a Class AA power which also is unbeaten. Dimmitt mopped up AAA Muleshoe two weeks ago, then plastered Farwell last Friday night.

Olton tackles a triple-A club for the third straight week. The Mustangs lost to Levelland, but then held powerful Canyon to a scoreless tie. They hope to get a mark in the win column when they travel to Muleshoe Friday night.

Anton, loser of two straight, journeys to Cooper and Sudan, two-game winner, goes to Morton.

The area's two B-man teams, Bula and Whitharral, go to Dawson and Wellman, respectively.

Amherst has an open date.

THURSDAY SCHEDULE

Littlefield 8th at Levelland 8th, B game 5:30 p.m., A Game 7 p.m.

Beta Sigma Phi Convention Slated

The six chapters of Beta Sigma Phi of Pampa will serve as hostesses for the Area Beta Sigma Phi Convention in Pampa Oct. 4 and 5.

The area includes 85 chapters from Texas, New Mexico and Oklahoma.

Registration begins at 4 p.m. at the Coronado Inn Hotel Saturday, Oct. 4.

"Under The Big Top" will be the theme carried out in entertainment Saturday evening, including games, bridge, door prizes, and "fun for all."

A coffee hour and three forums will be conducted Sunday morning. Forum topics include, "Ways And Means", "Socials For Sorority", and "Programs Conducted By Pampa Sorority Members."

An hour will be reserved for church worship and transportation to the "church of your choice" will be provided.

Mrs. James Trusty, convention chairman, will preside over the Sunday luncheon.

Highlight of the convention will be guest speaker, Bill Ross, president of Beta Sigma Phi International of Kansas City, Mo. He is son of the late Walter W. Ross, founder of Beta Sigma Phi in April, 1931. The organization now has a membership of more than 200,000.

"The convention will close Sunday afternoon in traditional sorority spirit, that of friendship, joy, deeper understanding of Beta Sigma Phi, and the spirit of our sorority theme for 1969-70, 'Join Hands And Hearts,'" said members of the host chapters.

DE Club Plans

The DE Club held a meeting Sept. 9 at 7:30 p.m. in the Industrial Arts Room, with 18 members present. Officers for 1969-70 were elected. They are president, Randy Brestrup, vice president, Terry Doshier, secretary, Georgeanne DeBask, treasurer, Billie Ruth Richey, reporter, Shannon Palmer, and sergeant at arms, Robert Armistead.

The members discussed decorating the D. E. window downtown and decided to continue with the decorations. Members were reminded that past and present DE students will be honored at the Homecoming Game and ideas would be needed for the window and possibly float decorations.

FFA Plans

Area Contests

The Future Farmers of America held a meeting Sept. 2 to elect eight new officers. Those elected were Stacy Carr, president; Kenneth Ray, secretary; Buddy Witcher, secretary; Keith Slaughter, parliamentarian; Jim Ellis, historian; Pat Boone, treasurer; and Charles Carter, reporter.

The club also chose a new sweetheart, Betty Boone, and plowgirl, Dianne Perkins.

According to Mr. Lindal Nelson, sponsor, regular club meetings will be held the first Thursday of every month during football season. After football season, meetings will be held the first Friday of each month.

The club will be going to many contests this year. In the Lubbock contest there will be livestock judging, while parliamentary procedure will be contested at Muleshoe.

Annual Staff

Plans Yearbook

Kickoff campaign for the sale of ads by the Wildcat Annual Staff is in full swing according to Jo Reid, business manager.

Littlefield and surrounding area merchants will be contacted by a committee composed of Nina Manley, Gene Williams, Dianne Perkins, Debra McAnally and Carolyn Lumsden.

According to Donarex Bowen, editor, and Jan Christian, assistant editor, merchants may purchase ads of one-eighth, one-fourth, one-half page, one whole page or booster.

Anyone may purchase a \$3.00 booster to help support the staff. Money from the ad sale is the most important means of covering yearbook expenses. Ad sales will probably last until the end of October.

NHS Meets

The Joe Hutchinson Chapter of the National Honor Society sponsored by Mrs. Irene Lynn, held its first meeting on Monday, Sept. 8 in room 8.

The main purpose of this meeting was to elect officers for the fall semester. Officers are Steve Owens, president; Gary Britt, vice-president; Geoffrey Grizzle, secretary; Nancy Henson, treasurer, and Juanita Samaniego, reporter.

A committee was appointed to clean the trophy case. Members of this committee are Lynn Barton, chairman; Kathy McBride, Pam Stafford, and Wayland Hutto.

Members, chosen by the faculty, are selected on a basis of the four cardinal principles of the National Honor Society. These principles are character, scholarship, leadership and service. This year there are approximately 25 members in the National Honor Society.

The National Honor Society was first organized at LHS in 1952. It was founded in 1921 by the National Association of Secondary School Principals. This society is now represented by over 2,000 chapters in America, in the Philippines, Panama, Argentina, France, Alaska, Germany, Austria, Mexico, and Japan.

***THE WAY IT IS

By JUANITA SAMANIEGO

"No man is an island unto himself" is a quotation of many meanings. A man must live where there are various personalities, characters, and various age groups. No man is capable of living with himself only. Can you imagine getting up in the morning, looking around, and seeing no one? Can you imagine walking down the main street of town and not saying "hello" to anyone? All this comes down to the simple fact that man must have a friend. He must have a companion.

The 1969-1970 school year-to be the best year yet—but in order to have the best year everyone must work for it.

A man cannot accomplish anything without people to help him, nor can a man pretend that he is only important. He should not attempt to do everything by himself. Team work is a necessary requirement for attaining accomplishment and success.

Co-operation between members of that team is also essential to the success of the mission. There must be people striving and working willingly toward a specific goal.

When at a football game everyone—the players, the cheerleaders, and the fans must contribute to the spirit and enthusiasm involved. They are groups of people participating toward a goal.

We have leaders, such as the Student Council and the cheerleaders, to guide us and show us what to do. All we must do is to have a willingness to learn, to work, and to have a drive for attainment.

Spirit and enthusiasm is primarily important to the attainment of desire to do these things.

Opportunity is knocking at the doors of each and every person. We have only to open the door, greet opportunity, and take it in.

BETTY BOONE, FFA Sweetheart, is shown with her calf at her ranch. Betty, who is a senior at LHS, is an active cowgirl.

LHS Ex-student Business Teacher

Miss Janice Elaine Kraushar, typing and shorthand teacher, is an ex-student of Littlefield High School. She has lived in Littlefield all her life and graduated with the class of 1964. Playing the clarinet with the band was her most unforgettable experience.

Blue-eyed, brown haired, Miss Kraushar, 23, attended South Plains Junior College and West Texas State University. She then became secretary to the counselor at Palo Duro High School in Amarillo. During summers she worked at the tax office in Littlefield.

Miss Kraushar said she liked people to be individuals, and to have a little something that no other person has. She dislikes people to copy one another's habits just to be like them.

There are very few colors Miss Kraushar dislikes, but her favorite colors are pale shades of blue and green or any shade of red and brown.

In her spare time Miss Kraushar likes to style hair. She likes frosted hair styles with soft curls best.

"Wigs, wiglets or hair pieces of any kind are one of the most valuable assets a girl can have," Miss Kraushar remarked.

"Teaching is a worthwhile profession," Miss Kraushar asserted. She wants to be able to share some of the things she learned in her area of teaching and she would like to make her class as interesting as she can. She believes that the students in her class will get a taste of the business field, and that they may want to enter the field of teaching business.

"Even if a person is not able to further his education, he will have some background in typing or shorthand," Miss Kraushar said.

MISS JANICE KRAUSHAR, new LHS typing and shorthand teacher, gives her students a timed writing during one of her regular days of teaching.

Newest Club Springs From Girls Athletics

Girls Athletics Association (G.A.A.), the newest organization of LHS, was formed at the first of the year by Mrs. Marti Toulmin, coach of girls physical education and athletics.

Members of the executive council are as follows: Junnie Gray, head of the council; Sandra Carter, secretary; Shirley Durham, Sharon Gray, and Vollena Francis.

Other members are Oleta Mercer, Becky Broadbush, Jackie Sims, Carolyn Gray, Linda Hill, Cindy Feagley, Brenda Feagley, Teresa Turville, Becky Kirby, Mary Wilson, Doris Ashley, Luanne Lucas and Iris Oberlechner.

FHA Strives For Large Attendance

The Future Homemakers of America held their first meeting in the homemaking lab, Monday, Sept. 15. Mrs. Francis Jones, sponsor, called the meeting to order.

The first item on the agenda was to elect officers. Officers elected were Vicki Cook, president; Tonya Bingham, first vice-president; Martha Brown, second vice-president; Patricia Sanders, third vice-president; Kim Bridwell, fourth vice-president; Carolyn Lumsden, fifth vice-president; Pam Cox, secretary-treasurer, and Rosanne Funk, parliamentarian and historian.

As is customary they selected a dreamboy and buddy. Mark Jordan was selected dreamboy while L. D. Holt was selected buddy. Mr. and Mrs. Fred Cook and Mr. and Mrs. E. D. Bingham were elected chapter parents.

The girls decided to meet on the second Monday of each month in the homemaking lab at 4 p.m.

A membership drive was started by the appointment of committees to make posters and decorate the bulletin boards.

Trotter Named Most Friendly

Monte Trotter, a senior at Littlefield High School, was awarded a plaque stating "Most Friendly" during the "Howdy Day Assembly" on Sept. 3, 1969. Geoffrey Grizzle was the mystery person. Being the 70th person to say "howdy" to her Monte received his award.

The purpose of Howdy Day was to get acquainted with sophomores and new students. The first two days of school, the sophomores had to wear baby bottle name tags, juniors, coke bottles and seniors, brown jugs.

The assembly began with the pledge to the flag. Mr. Harris, high school principal, introduced the new teachers, and gave a word of welcome to the new students and sophomores. The Student Council gave a magazine commercial and presented two skits. Representatives from each of the organizations at school gave a talk to acquaint the students with the purposes and objectives of their particular organization.

The clubs and organizations were presented by: Jane Nowlin, National Honor Society; Donarex Bowen, Annual; Jan Christian, Future Teachers of America; Wayland Hutto, Choir; Steven Rountree, Band; Randy Brestrup, Distributive Education; Rosanne Funk, Future Homemakers of America; and Jean Keeling, Kat Klub.

Also speaking for their organizations were Stacy Carr, Future Farmers of America; Marshall Allen, Business Club; Carl Davis, VICA; Juanita Samaniego, UIL; Gary Britt, Language Club and Steve Dinges, Industrial Arts.

Spirit Leaders Chosen By SC

The 1969-70 bell ringer and mascot were chosen by the Student Council Thursday, Sept. 10. Terry Walker, bell ringer, and Marsha Starnes, mascot, were selected on the basis of their speeches on the topic, "Why I Would Want to be the Wildcat Bell Ringer or Mascot."

It is the duty of the bell ringer to see that the Victory Bell gets to every game. The mascot's function is to help the cheerleaders promote spirit at the games and pep rallies.

Choirs Plan Region Music

"O Bella Fusa" Yes, this is what the Acappella Choir is singing. It is one of the three songs for all-region tryouts. They are also practicing various selections for their upcoming concert in October.

Even though it is a small organization, the choir is full of enthusiasm and ready to sing. They are working hard and hope to make this year one of their best.

The choir officers for this year are Wayland Hutto, president; Joe Williams, vice-president; Terry Walker, secretary-treasurer; Geoffrey Grizzle, publicity director; Peggy Richey, social director; and Marilyn Price, librarian.

The Girls Choir is also rehearsing all-region music. The group consists of 20 girls, which is a larger group than last year. Mr. Carter, choir director, said, "They are a vivacious bunch and willing to work."

The officers are Sheila Harrell, president; Carol Chisholm, vice-president; Vickie Davis, secretary-treasurer; Meloni Brantley, publicity chairman; and LaRona Allen, social chairman.

LHS Speaks Out

What is your opinion of the improvements done to the parking lots?

Michael Holmes (soph.)—"I'm the one who helped improve the parking lots."

Jan Christian (Sr.)—"The parking situation has ceased to be a problem as far as I am concerned. The congestion at noon and after school has been practically eliminated. I have only one gripe. When students' parents wait for them at lunch and after school, it is possible to have them park in a proper place instead of in the lanes of traffic?"

Max Huber (Jr.)—"The marked parking spaces are an improvement over last year and angle parking is more practical, but assigned entrances and exits is a little far-fetched."

Cindy Stansel (soph.)—"I think the improvements have made parking easier and more organized."

Donna Hatley (jr.)—"I like the way they have improved the parking lot. It gives us more room to park. This way we don't have to hunt for a parking space. It leaves enough room for someone else to park also."

Steve Owens (senior)—"I like the angle parking, but I do not see any need for the boards."

Randy Parkman (Sr.)—"I don't think they helped. It may help the looks, but there was more room the other way. If you want to park up front and there isn't a place, you have to exit and come back in."

Keith Sitton (Jr.)—"I think the improvement helped a great deal. With the parking spaces marked off, it is easier to park and to get out. It would be all right if we had more exits."

Magazine Sales To Benefit SC

As a major project this year, the student council is in the process of selling magazines from Sept. 24 to Sept. 29.

According to Mrs. Charlene Reast, sponsor, this money making project is planned so that anyone wanting to, may purchase a magazine subscription by contacting a Student Council member. Persons are urged to renew their subscription through a Student Council representative.

Other items on the agenda of their Tuesday meetings included Friday's spirit day, plans for upcoming assemblies, and election of mascot, Marsha Starnes and bell ringer, Terry Walker.

This year's officers are Mark Jordan, president; Lynn Barton, vice-president; Tonya Bingham, secretary; Jan Christian, treasurer; Carolyn Lumsden, parliamentarian; Dianne Perkins, publicity director; Kay Burk, social director; Councilmen at large are Juanita Samaniego and

Randy Parkman, Porfirio Cristan, Kerry Nicholas, Martha Brown, and Gail Williams are sophomore representatives.

Joe Williams, Gene Williams, Nina Beth Manley and Kathie McBride are Junior representatives.

Diane Maner, Donarex Bowen, Charlie Holt, and Steve Owens are Senior representatives. Kim Hill is ex-officio member.

IAC Elects Officers

The Industrial Arts Club held a short meeting in the woodshop Thursday, Sept. 4 at 8:00 p.m. Officers were elected for the 1969-70 year.

Those elected were Steve Dinges, president; Monte Trotter, vice president; Jean Keeling, treasurer; Eddie Hickman, reporter; and Raymond Rodriguez, sergeant at arms.

DIANNE PERKINS, who was elected FFA Plowgirl, sits on a plow. She is an active senior at LHS.

Kat Klub Under Way

Wrapping goal posts, selling football programs, welcoming out-of-town bands, gathering wood for the homecoming bonfire and promoting spirit are some of the many and varied jobs being carried out by the Kat Klub.

Cars decorated by the Klub drive to the edge of town to escort the bands to the stadium. Members sell programs for the Student Council during the first quarter of home games. However, demonstrating good sportsmanship and spreading their contagious spirit, is their main purpose.

The organization, in its second year of existence, is responsible for promoting and boosting Wildcat spirit and sportsmanship in every way possible. Their overwhelming enthusiasm is carried out in every kind of LHS competition. Their jobs are not completed at the end of football season but are carried out through all of the school's activities from basketball to UIL.

The 30 members of the Klub are always willing to contribute their time and effort in order to help the Student Council and cheerleaders make every student proud of and interested in Littlefield High School.

The Klub holds first place in the organization car decorating contest and we plan to keep that position this year," said Mr. Byron Ford, sponsor.

The Klub members are already well into this year's work. They met for the first time, Sept. 11. Their newly elected officers are Marshall Allen, president; Don Hemphill, first vice-president; Linda Horn, second vice-president; Jean Keeling, secretary; Kim Bridwell, treasurer; and Juanita Samaniego, reporter.

Happiness Is ... Victory...

VICTORY IS TRULY a rewarding experience. If you don't believe it, just take a look around at our freshman football team. They have been walking around with nothing but sublime faces this past week since their 20-0 victory over Muleshoe. All in all, it was a simply great week at L.J.H.-parents' Back To School Night Tuesday, a terrific pep rally, and a spectacular football game.

LITTLEFIELD JUNIOR HIGH SCHOOL was indeed resplendent Tuesday night as our dear parents trooped through the doors to higher learning. Equipped with schedules in hand, they hurried to class to experience a typical day in our lives as students. We are told by very reliable sources that most of our mothers are very impressed by our good-looking principal, Mr. Brawley Back-To-School Night certainly proves to our parents that M. B. and his fine staff of teachers are right on top in the education field. Just wish we could be mice and hear what goes on—Funny stories keep trickling forth. Senora French was conducting her Spanish Class and asked one father how he liked his daughter's Spanish name. Very blank and in a confused state the father just sat, never quite understanding what she said.

UNTIL THIS NIGHT every year, parents just don't seem to understand the amount of knowledge that is presented and the sum that is accepted by the students. Actually, a great understanding is established between teachers, parents, and students. There are just no secrets after Back-To-School-Night!

IT HAS BEEN SAID that, "It is great to be great, but it is greater to be human." That seems to be Mr. Brawley's basic principle of running Littlefield Junior High School. A fine example of that this past week was the "Recipe For A Wonderful Day" that Mr. Burch passed out to his ninth grade classes. It is so wonderful that we would like to share it with the seventh and eighth grades:

Recipe For A Wonderful Day:
1 cup friendly words
2 heaping cups understanding
2 cups milk of human kindness
4 heaping teaspoons of time and patience
pinch of warm personality
dash of dry humor
and the spice of life

Instructions for mixing ingredients: Add heaping cups of understanding to milk of human kindness...sift together three times before using...make a smooth sauce...not too thick...use generous amounts of time and patience and cook with gas on front burner...keep temperature low...do not boil...add dash of dry humor...a pinch of warm personality...season to taste with spice of life...serve with individual molds...works best when made by a good mixer.

That's a recipe we all might try—and frequently.

LAST THURSDAY'S miraculous enthusiasm at the pep rally gave the football boys the incentive they needed. It was a day brimming forth with excitement. The cheerleaders certainly looked adorable in their new outfits.

Former Agent Joins Bank

Herb Helbig, former assistant Lamb County Agent, has joined the Trust Department of the Corpus Christi State National Bank, according to Walter R. Young, senior vice-president and trust officer.

Helbig, with the rank of trust officer, will be employed in the Corpus Christi bank's farm and ranch division.

Helbig was graduated from Texas A&M University in 1954 with a Bachelor of Science Degree in Animal Husbandry. He remained with the University's agricultural extension service until 1969, his most recent university-connected assignment having been as an agricultural

development advisor to the Dominican Republic under the U. S. State Department's A.I.D. program.

From 1954 to 1956 he was with the University's agricultural extension service as a county agricultural agent in Lamb, Coleman and Howard counties. During this period he was given a two-year leave for military service.

Mr. and Mrs. Helbig and two sons live at 4848 South Alameda, in Corpus Christi.

LEE R. HAYES

Pueblo Crewman Slates Speech At Lubbock Meet

Former Pueblo Crewman Lee R. Hayes, who spent 11 months of 1968 in North Korean prisons, will describe his experiences and the lessons he learned during his captivity in a public speech at the Coronado High School Auditorium in Lubbock Thursday, Sept. 25, at 8 p.m.

"His calm and deliberate description of capture and imprisonment, and his analysis of the factors that produced the shame of the Pueblo, have received warm praise from shipmates and eager listeners alike," say sponsors of the event.

The speech, which is entitled "Remember The Pueblo", is part of a three-week tour in the area and is sponsored by the Lubbock TRAIN (To Restore American Independence Now) Committee.

Tickets may be purchased in advance at any L & H Drug Store in Lubbock or at Chris' Rexall Drug in Lubbock.

Student Tickets are a dollar and adult tickets \$1.50. Tickets will be sold at the door prior to the speech, until the auditorium is filled.

Any surplus funds will be donated to the Boy Scouts South Plains Council.
