County citizens will trek to the polls Saturday to decide posts for trustees, county school trustees and city executives.

Trustee elections have been held in Littlefield, Spade, Earth, Sudan, Amherst, Whitharral and Pep.

In Littlefield, voting will be done in the Junior High School library.

Elections will be conducted in Sudan, Amherst, Earth, Springtown, Sudan, Amherst, Earth, Littlefield, Sudan, Amherst, Earth, Spade and Anton.

Ballots on school ballots of Pre-

cincts 1 and 4 will be names and county school trustees, Eldon Franks of Olton and W. P. Holland of Amherst, respectively. They will be seeking two-year terms.

In the Littlefield school trustee election, the terms of Doug Walden and Doyle Winfield are expiring. Both filed for re-election and neither are opposed.

Spade and Earth have board members are running without opposition.

But at Sudan, nine are running for three places. Six are vying for two

school board positions at Olton and at Anton.

Five are bucking for two places at Amherst.

Three are running for two places at Whitharral and Pep.

At Sudan the terms of Marvin Bowling, Halbert Harvey and Pudd Wiseman are expiring this year. Bowling declined to run for another term. Halbert and Harvey both signed up for another term, and seven others are seeking the posts of school board trustee.

Seeking posts as school board members are Freida Humphreys, a

homemaker; Glen Cardwell, a crop duster; Dan Wood, a farmer; Bob Summer, a trucker; and Leonard Pierce, Michael Nix and Richard Black, all farmers.

Two trustees' terms are expiring at Olton. The term of Floyd Prentice will be filled. Prentice resigned last month because of vandalism to personal property as the result of a school board decision. Johnny Hodges was appointed to fill the unexpired term of Don Muller.

Hodges has filed for re-election. Also filing for positions as school trustees are Bill Morris, a machine

shop operator; Elaine Johnson, a homemaker; Johnny Jennings a drive-in cafe operator; and Royce Collins and Landon Smith, Olton farmers. Hodges is a farmer, also.

Fred Hicks has been named election judge. Doris West and Edna Price are absentee election judge and clerk.

Two board members terms expire at Anton. The terms of Wayne McLarty and Billy Thetford are up. McLarty is not seeking re-election. Thetford has filed for another term.

Five others have filed for the Anton posts. Don Brazil, Charles Edgemon, Richard Burt, Vidal Rendon and

Reggie Stephens have all filed for their names to be placed on the ballot. All of the candidates are farmers except Burt who is a contractor.

At Amherst the terms of Barry Bearden and D. D. Yantis are expiring. Both filed for re-election.

Joining them in that race are Clyde Brownlow, a pharmacist; Carolyn Harmon, homemaker; and Stanley Miller, a 19-year-old auto mechanic. Bearden and Yantis are farmers.

Miller filed with Amherst school secretary Frances Melton last week.

Miller said he believes there should be

VOLUME 53 NUMBER 95 14 PAGES

## Rhonda Gatewood spells 'profess' to become County's champion

Rhonda Gatewood of Amherst correctly spelled "profane" and went on to spell "profess" Saturday afternoon to become Lamb County's champion speller.

She outspelled Regan May of Sudan, 12-year-old seventh grader, who is the son of Mr. and Mrs. Ray May.

Miss Gatewood is the 12-year-old seventh grade daughter of Mr. and Mrs. Ronald Gatewood of Amherst.

Only three of the six schools in the county were represented in the action in the District courtroom, with a total of five spellers this year. Sudan was represented by Reagan May and Sherry Fisher, Amherst was represented by Rhonda Gatewood, and Littlefield was represented by Billy

Tiller and Deborah Donald. Each school was eligible to enter two spellers.

Each of the five spellers received a blue ribbon for being their respective school's champion, and the county winner's plaque is to be presented at the 24th annual Regional Spelling Bee in Lubbock April 10, at Moody Auditorium on the Lubbock Christian College campus, 5601 W. 19th Street.

Six prizes will be awarded to the top six contestants in the Regional Bee, and the winner of the regional event will receive an engraved trophy cup and an all-expense paid trip to Washington, D. C., June 7-12 for the National Spelling Bee in the Mayflower Hotel.

Contestants in the national event compete for prizes worth more than \$5,000.

During the trip to Washington, the entrants will take trips to points of interest and visit dignitaries.

The second place titlist will receive the Encyclopaedia Britannica's 30-volume, three part set, bicentennial edition of "Britannica 3." The encyclopaedia set is being donated by Encyclopaedia Britannica.

Third place prize will be a 9-inch black and white portable television set, the "Spirit of '76." The set is donated by Amarillo Hardware Co. and Zenith Radio Corporation.

A copy of The American Heritage Dictionary of the English Language: New Collegiate Edition will be awarded to the fourth place titlist. The dictionary is donated by Houghton Mifflin Company.

The fifth place winner will receive a copy of Webster's New Collegiate Dictionary, contributed by G. & C. Merriam Company.

A copy of the 1976 World Almanac will be given to the sixth place titlist.

donated by The National Spelling Bee.

Other participants in the regional contest will receive engraved plaques.

The 21-county winners have won titles at the classroom and school levels to become eligible for the regional event. Participants are eligible to enter the regional contest if they have not completed the eighth grade and are not more than 15 years old.

A representative from KFYO radio will tape record the regional event. The tape recording will be made in case of a request for a playback by an entrant, his sponsor or parents. Any question relating to a contestant's spelling of a word will be referred immediately to hosts and hostesses, who will inform the judges.

Deadline for making a protest is before the contestant would have received his next word, had he stayed in the event. No protest will be accepted after that word has been given another speller.

A strange but mathematical fact is that a 17-year-old boy borrows a family car, he can, in one night, get five years from the life of the car and add them to the age of his father.

Each year, the IRS receives anonymous payments from taxpayers who do so to soothe their consciences by making up for past "oversights" or "omissions." For instance, one taxpayer anonymously sent \$300 and a note explaining that he could not sleep at night for worrying about his tax liability. He ended his letter with "I still can't sleep, I will send you more."

About ten percent of the mail that comes to our desk gets a free ride on the mails or at least comes at the expense of the taxpayer.

One practice is known as the "mailing privilege" and means that members of Congress can send mail to their constituents on "official business" without cost.

Another service story this week one congressman is introducing a bill to handle mailing through their office expenses.

Some would endorse this idea wholeheartedly and suggest that all state and federal offices be forced to trim their mailing lists in the interest of economy.

Another office, for instance, gets hundreds of unsolicited news releases from office holders far removed from Lamb County. These "news releases" are designed to propagate political interests or those of a particular group.

In our opinion, the only news we will get from our State Senator Max Mabon, our State Representative Rayton, and our Congressman Mabon. The rest of the news from various and sundry sources, etc. are consigned to the wastebasket.

## Cancer Society starts annual fund campaign

The Lamb County Unit of the American Cancer Society will begin its annual fund raising campaign in the various cities Monday, April 5.

A goal of \$9,900 has been set for the county this year.

The Littlefield business crusade was kicked off Tuesday morning with several making contacts in that portion of the drive. Neville Manning is business chairman.

Mrs. Lady Clare Phillips is serving as crusade chairman for the county-wide effort again this year, and chairmen have been named for the various communities.

Pep's campaign is being headed by Mrs. Ida Simnacher.

At Sudan, Jeannie Bartley is leading the crusade committee.

Amherst's crusade is led by Mrs. Peggy Bales.

Jody Ellis is leading the Earth and

Springlake area campaign.

Melvin Rape is securing workers at Olton.

Spade's crusade is being led by Mrs. Martha Parks.

Mrs. Harry Ford is serving as chairman of the Littlefield door-to-door drive, and Lucy Moreland is supervising the rural collections.

Littlefield High School DE students have assembled the work packets for the entire county's campaign this year. They, under the guidance of their instructor, Mrs. Hubert Henry, have donated their time in past years to assemble the packets.

The county unit will meet Monday night, May 3, at 7:30 in Pep for the next business session. New officers will be elected and delegates to the annual district meeting in Dallas will be chosen.

## City Council to meet at noon

Littlefield's city council will meet at noon today in the council chamber of city hall for their regular first-of-the-month meeting.

Included on the agenda are four items of business:

1. Award bid for 1976 seal coating program;
2. Consider ordinance granting rate

increase in local service to General Telephone Company; and

3. Appointment of city health officer.
4. Council will hold an executive session to discuss personnel matters.

In routine matters, the council will consider approval of the minutes from the last meeting.

## Pre-registration set for first, kindergarten

Students who will be entering Littlefield Public School for the first time next fall in kindergarten or first grade, should be registered in the principal's office of the Primary school building sometime during the week of April 5-9.

Students who are presently attending public school kindergarten are already registered, and do not need to register again.

Children eligible for kindergarten next year include:

All children who are educationally handicapped who are five years old on or before Sept. 1, 1976 will be eligible to attend the full day kindergarten program. Educationally handicapped

are those who may have difficulty reading or understanding the English language, or if they are from low income families of \$3,000 per year or less.

In addition, any other child who will be five years old on or before Sept. 1, 1976, are for the half-day students to attend in the room for instructions in a smaller group when the full-day students go to the lunch room.

The basic academic program will be stressed in the morning and an enrichment program in art, music, and physical education will be stressed in the afternoon.

## Ex barber advocates hair cutting procedures for painting pictures

By NILAH RODGERS

Dewey "Dood" Harrigan barbered the better part of 35 years, beginning in 1939. He spent 10 years farming before he found out he wasn't cut out for farming.

In 1973 he bought the building next door to his barber shop on Main Street in Sudan, knocked a hole in the wall, and started a frame shop as a hobby to frame paintings done by area artists.

"The first thing I knew, we had an art class started," Dood said, "and I started painting with the girls."

Five of the Sudan women who took art lessons now work for Dood at Dood's Custom Frame Shop. When they aren't sawing, gluing, nailing, staining or varnishing, they paint. The women set up their easels in the front of the Sudan shop.

But Dood has a novel way of

painting that spans back over his 35 years of cutting hair. He sets his easel up in his bathroom at home. He paints with his back to the mirror and looks over his shoulder into the mirror the way he would work if he were cutting a head of hair.

It was just a fluke that Dood starting painting like he barbered. He had surgery and had to take it easy around the house for a while. When he started feeling better and got bored he decided to paint.

The light over the dressing table in the bathroom provided the best light, and he set the easel up with his back to the light. He looked back over his shoulder into the mirror at the picture he was painting.

"It was keen," he said. "I could get a broader view of what I was doing. Looking back into the mirror is the

same principle as barbering. The overall view is much better than standing there with your nose stuck in your work," he added.

Dood declares its a lazy way to paint, too. "You're supposed to step back from your work," he said. "By looking into the mirror, I save a lot of steps."

Dood has painted by looking into a mirror since beginning his novel method. "I'll paint that way from now on," he said. "It works fine."

Dood calls himself an amateur painter, but he has sold a number of his paintings at professional art shows and lost his amateur status.

He declares that nearly anybody can paint a picture if they will apply themselves. "At the same time, painting is the best relaxation there."

See BARBER, Page 2

To the News Editor:

Attached is the first—and most complete—history ever done on the lighthouses along the Northern Gulf of Mexico (Eighth Coast Guard District). I am certain that a large percentage of your readership would find the subject of lighthouses interesting, especially in this year of history-consciousness.

The publication was designed as a research tool, rather than light reading, since so many lighthouse books in the "light reading" category are

readily available. Local files will probably afford a great deal of supplemental information.

The book is available to the general public at no cost by writing to the Public Affairs Office, Eighth Coast Guard District, Hale Boggs Federal Building, 500 Camp St., New Orleans, LA 70130.

is," he said.

Dood likes rustic scenery, and does all his work in oils. Sometimes he paints from sketches or pictures, but often he just paints what's in his mind. He is particularly fond of clouds, sunrises and sunsets.

"You can paint a cloud without a picture. Sometime, somewhere you'll see a cloud like it. And we have some of the most beautiful sunrises and sunsets in this country."

Dood may relax with his paintings, but the frame shop he owns is work—so much so that four and sometimes five women stay busy building the frames that find homes all over the country. Four can complete 50 or 60 frames a day.

One of the women is Dood's daughter, Sandra Humphreys. She has a consuming interest in the frame business and in painting. Dood calls her "Max the saw man" because she can really turn out frames on the power saws.

Other artists and frame builders are Wynelle Williams, Beulah B. Humphreys, Sue Edwards and Adis Williams.

# CLIPS & TIPS

By JOELLA LOVVORN

TODAY is April Fool's day, so keep your eyes open!

People come up with a variety of tricks, and it's good to be prepared.

The origin of such practice of playing someone for a fool is believed to have begun in France in 1564 with the adoption of the reformed calendar. Persons who resisted the change of New Years day from April 1st to January 1st were the first victims.

SEVERAL MONTHS AGO Lillie Galaviz called me, wanting the sour dough starter recipe. I've finally found it.

This type of bread dates back several millenniums before the discovery of America. In fact it is believed to be the oldest of all breads—and with modern active dry yeast, an old art becomes new.

## SOUR DOUGH STARTER

- 1 1/2 cups unsifted flour
- 1 Tbsp. sugar
- 1 Tbsp. salt
- 1 pkg. dry yeast
- 2 1/2 cups warm water

Combine flour, sugar, salt and dry yeast. Gradually add 2 1/2 cups of warm water and beat two minutes at medium speed on an electric mixer.

Cover, let stand at room temperature (78-80°) for four days. Stir down daily.

Add 1 1/2 cups of the starter, as you add flour to enough of your own bread dough recipe to make two loaves.

## RECHARGING STARTER

To keep the starter in a rejuvenated state, add 1 1/2 cups of lukewarm water, 1/2 cup of unsifted flour and 1 1/2 teaspoons of sugar to the unused portion of the starter. Beat for one minute at medium speed.

Cover and let stand until ready to make more bread.

Don't forget to stir down daily. The starter is self-perpetuating, and until you actually discard it, you will always have it on hand.

HAS EVERYONE lost the talent to make homemade biscuits? Not by a long shot! I'm sure there are many, many cooks in our area who are still making biscuits from scratch—but for those who would like to start, here's a recipe.

## HOMEMADE BISCUIT MIX

- 9 cups unsifted all-purpose flour
- 2 Tbsp. salt
- 1/2 cup baking powder
- 2 cups solid all-vegetable shortening

Combine flour, salt and baking powder.

work as well as display a variety of frames they build.

Other artists see their frames and place orders. People in the commercial frame business like what they see and buy wholesale lots. The Sudan shop has built up a sizable business shipping frames to other parts of the state.

Dood's Frame Shop is easily "the fine arts centers" of Sudan and the surrounding area. Blanche Linderman, Jerry Teaff, Mutt Still, and Billie Homer have given painting lessons there. Mickie Stephens is beginning a class in sculpture.

Lessons have been given on macrame and all types of arts and crafts.

To Dood, there's nothing better than turning an avocation into a vocation and incorporating a life-time of barbering habits into the most enjoyable hobby he's ever found.

Add shortening. Using a pastry blender, cut shortening through dry ingredients until mixture is mealy.

Store in tightly covered containers in cool area.

Makes about 12 cups.

## CHICKEN 'N' BISCUIT PIE

- 2 cans [10 1/2-oz. size] cream of chicken soup
- 1/2 cup chicken broth
- 1 Tbsp. chopped parsley
- 1/8 tsp. thyme leaves
- Dash pepper
- 2 cups cooked chicken chunks
- 1 pkg. [10 oz.] frozen peas and carrots
- 1 cup frozen small white onions
- 1 1/2 cups Homemade Biscuit Mix [recipe above]
- 1/2 cup milk

Preheat oven to 425°F. In 2-qt. casserole, combine chicken soup, broth, parsley, thyme and pepper. Add chicken chunks.

Cook peas and carrots and onions together according to package directions; then drain and add to chicken mixture.

Bake uncovered for 20 minutes until bubbly.

Meanwhile, combine biscuit mix and milk, stirring with a fork until all of mix is moistened.

Drop dough by teaspoonfuls on top of heated chicken mixture and bake an additional 25 minutes.

Makes 4 servings.

## OPEN FACE MEAT PIE

- 2 cups Homemade Biscuit Mix [recipe above]
- 1/2 cup milk
- 1 Tbsp. vegetable oil
- 1 lb. ground beef
- 1 tsp. Worcestershire sauce
- 1/2 tsp. salt
- 1/8 tsp. ground black pepper
- 1 can [10 1/2 oz.] cream of mushroom soup
- 1/2 cup frozen small white onions
- 1/2 cup diced sharp cheddar cheese
- 2 medium tomatoes, sliced

Preheat oven to 425°F. In medium bowl, combine biscuit mix and milk, stirring with fork until well mixed.

Turn dough out onto lightly floured board and knead about 6 times.

Roll out dough to about 1/4-inch thick to fit a 9-inch pan. Place dough in pan and flute edge.

In medium skillet, heat oil until hot. Add ground beef and, breaking up meat with spoon, cook until it loses red color. Drain off fat.

Stir in Worcestershire, salt, pepper and cream of mushroom soup, frozen whole onions and cheese. Spoon into prepared pie pan. Arrange a circle of thin tomato slices on surface.

Bake for 20 to 25 minutes until crust is golden brown. Cut into wedges and serve hot.

Makes 6 servings.

# Report wrong

In the offense report from the Sheriff's office that ran in Sunday's Leader-News, the total in damages to the Amherst School following a break-in was not \$1,905 as reported.

The report should have read damages totaling about \$20 occurred when vending machines were broken into. Entry was gained to the chips and change machines, and the locks were broken on the soft drinks machines and candy machines.

JUST IN CASE you're runnin' low on something to worry about, I noticed where some wisecracker scientist predicts that, in only five billion more years, the sun will burn itself out, endin' our entire universe!

WORRY, WORRY!

SEEMS OUR RESTLESS' weather can do about any and everything, except rain. Spoke to a fellow from Georgia, Monday. "I wish you had part of the rain we've been getting," he said. Seems they have gotten more than they can be thankful for.

However, I suppose you noticed where tornados practically wiped out a couple of towns in Mississippi and Arkansas. THAT, we don't need!

MORTON SEEMS TO be doin' a good job of keepin' their school in the news, of late. Or perhaps news is bein' made of trivia.

They may have to dismiss their school board and run their school by popular vote, from the looks of things.

ANN LANDERS makes quite a smear about her survey accounting that 70 percent of the children are unwanted by the parents. I doubt the accuracy of said survey, but it could be an eye opener.

Sad to say, these kids don't come on a trial basis. No deposit, no return. This might point to the wisdom of our God who set up the course of nature, whereby they're conceived. Were it not for that, I suppose the human race would never have propagated at all. We'd be extinct!

BUT, IT ISN'T anything new to learn that everyone wanting to dance, isn't willing to pay the fiddler. Sex was given to Adam and Eve for this very reason. That men might multiply and inhabit the earth.

But at any rate, I'm willing to wager that the percentage of parents wanting to cancel out their order, after the first look, is quite low. Somehow, the innocence of babyhood is very endearing.

SOME OF THE reckless, though, still haven't learned that, "It ain't nice to try to fool Mother with nature!"

of every piece they mail. Many times a single sheet of paper will come in a large official envelope that costs twice in producing and handling than the ordinary No. 10 envelope.

State Comptroller Bob Bullock, whose political ambitions may be outstepping his public responsibility, is a good example of one who uses the mass media and the mails to gain public exposure for future political campaigns.

Every week at least one news release comes from Bullock's office. One such release lists hundreds of towns in Texas and the amount of sales tax refunded to these towns who collect a one cent sales tax. Any reporter worth his salt could get the same information from city hall and save the state of Texas thousands of dollars every year in mailing and printing costs.

Bullock also makes news by releasing the names of firms who are delinquent in making their sales tax payments. If newspapers printed the list of every delinquent tax payer in the state, there would not be room enough to print other news.

By trimming down the amount of "official mail" that clogs our mailboxes, the post office could go a long way toward operating on a pay-as-you basis.

With higher mail rates, the government has already put a lot of magazines and other quality print media out of business.

Government officials and others who berate hard-pressed businesses for using the mails to sell their products, could have some house cleaning of their own.

recent article should erase doubts. The government has long been the printing business, telling cans how to live their lives, and "free" advice has come at the of the lowly taxpayer.

The most recent is a 30-cent publication put out by the Department of Health, Education and Welfare, the pamphlets are sold through Government Printing Office or distributed through the family planning and subsidized programs.

There are similar pamphlets women telling about two types of operations. It points out advantages of permanent birth control and concludes "you never have to worry about getting pregnant again."

Ah, what peace of mind to know the feds are taking care of the population. The article explained each publication is written at the grade level for simplicity.

One of the pieces of advice we best is a paragraph that tells reader that a decision for sterilization will not result in cash welfare or Medicare funds.

Actually, the cost of producing 170,000 of the three pamphlets only \$8,000, but we just need government getting more and more involved in our personal lives.

We wish we could figure out how to sterilize the government, so it could produce any more.

## 'Texas' sets open date for musical

1976 is the year for memories: flags whipping in the wind, bugles, horses galloping, washboards, axes, plains, cliffs, twilight, darkness, well water and chuck wagons.

### Cunningham to direct SOU programs

James E. Cunningham, whose wife is the former Gay Hall, daughter of Mr. and Mrs. Cecil Hall, has recently been employed by Southwestern Oklahoma University at Durant, Okla. as an associate professor.

He is to be director and coordinator for recreational programs.

Cunningham recently received his Ph.D. in health and physical education from Texas A&M, where he was an instructor in the physical education department.

He received his B. S. in 1963 from West Texas University and his M. Ed. from Southwestern Oklahoma State University in 1968.

"Texas", the musical drama of Panhandle history, will sharpen these memories and help you to relive them from June 16 through Aug. 21, nightly except Sundays, and there will be a July 4th performance.

This will be the eleventh season for the drama of Panhandle history. It will be the eleventh year when visitors will have a chance to know the year that the trains came here. It will be the eleventh year when lightning strikes each evening at ten o'clock and the eleventh year when prairie fires sweep across the stage in the persons of whirling, mounting, flame-robbed dancers.

The theatre for the production lies on the floor of a 1,000-foot canyon in the Palo Duro Canyon State Park. It is a 45-minute drive from the five interstate highways which cross in Amarillo, from an airport serving five airlines and from two transcontinental bus lines.

The location is awesome, a place of great beauty. The barbecue dinner on the grounds, the welcoming western hosts and hostesses, the movement and color and intensity of the music and dance, and drama in the show will intensify old memories and add new ones.

Come to "Texas"! For tickets and information, write "Texas", Box 268, Canyon, Texas 79015, or call 806-655-2182.

### James Black on honor roll

SUDAN—James Black, son of Mr. and Mrs. Richard Black of Rt. 1, Sudan was among 550 University of Texas students who have been named to the School of Communication honor roll for the fall semester.

To qualify for the "high honors" list, a student must complete 15 or more hours of graded work with a grade-point average of 3.5 or higher and no grade less than a C. (A equals 4 points.)

To qualify for the "honors" list, a student must complete 12 or more hours of graded work with a grade-point average of 3.25 or higher and no grade less than a C.

## Witnesses attend meet in Las Vegas

Jehovah's witnesses of the Littlefield congregation have recently returned from a circuit convention in Las Vegas, N.M. The two-day program featured the theme "Become Doers of the Word."

"The program centered attention upon the importance and urgency of our Bible study activity," said Danny Martinez, presiding minister of the group. "Practical discussions and demonstrations covering points on how these studies can be started with interested persons were presented."

"The public talk entitled 'Are You Doing What God Requires of You?' was the keynote address," Martinez said. "A total of 1,456 delegates and interested persons attended this program."

"The high point of the convention was the baptism of 23 new proclaimers of God's Kingdom," he said.

The regular schedule of meetings resumes this week at the Kingdom Hall of Jehovah's Witnesses. All interested persons are invited.

## Pep P-TA plants Oak as Bicentennial token

PEP—On Friday, March 23, just before classes were dismissed for the spring break, the Pep P-TA donated and planted a Scarlet Oak tree in front of Pep School, in celebration of the P-TA's statewide beautification efforts, "Texas P-TA's Bicentennial Plant a Tree Project."

### Tonya Bearden honored with Bible ceremony

AMHERST—Miss Tonya Bearden, bride-elect of Phil Bourland, was honored with a White Bible Ceremony in Mrs. Jimmy Cowan's home March 17.

This is a ceremony for girls who have been in Acteens, girl's auxiliary at the First Baptist Church.

For the candle light ceremony and program, girls participating were Denice Ferguson, Sandra Duvall, Dana Young, Doris Tucker, Debra Hedges, Tammy Tomes, Terri Cowan, and Mrs. Dick McDaniel and Mrs. Cowan, sponsors.

Also attending were Mrs. Barry Bearden, Mrs. W. M. Bourland, Mrs. Jay Bridwell, Mrs. Arlis Humphreys, Mrs. G. C. Bearden and Gina Young.

A white Bible was presented the honoree as a part of the program.

A lingerie shower honored Tonya following the ceremony.

## Dance Federation schedules festival

The Lubbock Area Square and Round Dance Federation presents the 17th Annual Spring Festival, April 2-3, at the Fair Park Coliseum in Lubbock.

March 28-April 3 has been proclaimed as "Square and Round Dance Week" by Lubbock's Mayor Roy Bass. During this week, square and round dancers and dancing will be featured on tv, radio, and in the newspapers.

Featured callers for the festival square dancing will be Marsall Flippo from Abilene and Harry Lackey from Greensboro, N.C.

John and Wanda Winter from Garland will direct the round dance program and give exhibitions.

The two-day event begins at 7:15 p.m., Friday, April 2, with request round dancing. The grand march will be "Stepped off" at 7:50 p.m. directed by Maurice Stephenson, president of the West Texas Callers and Teachers Association, and Joe Greer, caller and instructor for the Merry Mixers Square Dance Club.

Saturday's program will start at 10 a.m. with an intermediate round dance workshop in the Merry Mixer Building on South University, instructed by John and Wanda

Winter. At 1 p.m. in the Fair Park Coliseum, the Winters will conduct a round dance workshop for those who know basic round dancing. The square dance workshop will start at 3 p.m., instructed by Marshall Flippo and Harry Lackey.

The evening dancing will begin with requested round dancing at 7:15 p.m. and the grand march will be "stepped off" at 7:50 p.m., directed by Joe Greer and Maurice Stephenson. There will be a round dance exhibition during intermission performed by the Winters.

The Lubbock Area Square and Round Dance Federation is composed of 25 square and round dance clubs in West Texas and Eastern New Mexico.

They include Belles 'N Beaux, Dancing Shadows, and the Promenaders, all of Plainview, Swinging O's of Olton, Whirlers of Floydada, Circle Eight of Littlefield, South Plains Spinners of Levelland, Swinging Squares of Denver City, Terry Twirlers of Brownfield, and the Enchanted Squares of Roswell, N.M.

Between 1,500 and 2,000 are expected to attend, according to Lubbock Area Square and Round Dance Federation President, Harmon Wilson.

Tickets will be \$2.50 per person for each dance sold at the door. Workshops are free with either of the night tickets. Spectators are welcome free of charge.

Door prizes will be drawn from the advanced sold tickets stubs.

### Cheerleaders plan sale

The Varsity cheerleaders have scheduled a garage sale Saturday, April 10, to raise money to pay for this year's projects.

Donations of anything that could be sold in garage sale would be accepted, and anyone having donations are asked to call 385-3364 to arrange for a pick up.

The sale will be held at 1102 Mockingbird Lane from 9 a.m. to 6 p.m.

### Masonic Lodge plans meeting

The regular meeting of Littlefield Masonic Lodge for April 1 has been designated family night and Past Masters night.

Twenty-five year service awards will be presented and there will be a short program.

A fish fry supper will be served starting at 6:30.

All Masons and their wives and families are invited and urged to attend.

BOY SCOUTS are wearing their uniforms to school one day a week until Bicentennial Days at the end of this month. These are those who wore uniforms Monday. Next week they will wear them Tuesday. (Staff Photo)

## Cotton Promotion group formulates '76 plans

SUDAN—Mrs. Anna Black of Sudan, and Mrs. Betty Harlan of Bula attended the Cotton Promotion Advisory Group meeting in Lubbock recently.

Representatives from Cotton Wives groups across Texas met under the auspices of the Ciba-Geigy Corporation, a major producer of cotton chemicals, to discuss future cotton

promotion plans. Representing the Lamb Bailey County Cotton Wives, Mrs. Black, Mrs. Harlan and other

attendees discussed the recent techniques being used by each group to promote consumer interest in cotton.

## Satellite classes take field day

All students of the Satellite School left school at 9:15 March 25 in the Mini Bus (this is a big day to get to use the Mini bus) heading for the Rufus Ogerly farm.

Mr. and Mrs. Ogerly and their son, Jerry, let the students hold twin (goat) kids, scratch the pigs, love the big dogs, pat the saddle pony and calves and chase the flock of geese.

Everyone enjoyed their visit, especially the students of the pre-class.

After the visit at the Ogerly farm they drove to the Amherst Drug to have snacks. Mrs. Schroeder, who manages the cafe, treated the students and teachers to their refreshments.

At Springlake the terms of all city officials expire every two years. Harlan Watson is mayor, and aldermen are W. B. Hucks, G. H. Miller, Phil Neimast, Jimmy Fulewider and P. A. Washington.

All have filed for re-election, and no one filed in opposition.

Three city officials' terms are expiring at Amherst. The terms of Amherst Mayor Robert Dysart, and councilmen Charles Nixon and Verdell Burton are expiring. All three filed for re-election. No one else filed before the deadline.

**State taxes help boost revenue past last year**

Comptroller Bob Bullock said Thursday that increased collections of the sales tax, natural gas production tax and motor vehicle sales tax have helped boost state revenue at the mid-point of the fiscal year to \$3 billion, 18 percent higher than a year ago.

"The sales tax is up \$87.5 million over last year," Bullock said. "The gas production tax is up \$46.4 million and the motor vehicle sales tax up \$27 million. Altogether, tax collections are 12 percent higher than the same period last year."

However, the Comptroller noted in his March monthly financial statement expenditures through the first six months of the fiscal year totaled \$3.3 billion, 24 percent higher than during fiscal 1975.

The biggest chunk of the expenditures, Bullock noted, has been for education.

"The state has paid out \$1.8 billion so far this fiscal year on education," he said. "That amounts to 54 percent of the state's total expenditures."

Bullock's report showed the state collected \$603.2 million during the month of February and paid out \$510.6 million in expenditures.

The February report also contained information on bond issuances by local governments in Texas, comparing 1976 issues with those during the same period in 1975. All bonds issued by local governments must be registered with the State Comptroller's Office.

## Grace, Scott leading Bellringer campaigns

Mrs. Jack Grace of Anton and Bill Scott of Earth will be coordinating the Bellringer campaigns for the Texas Association for Mental Health in their communities.

"There is a real bell, at our National office, which was cast from the shackles and handcuffs that once bound mentally and emotionally disturbed people," said Carroll B. Bryant, President of the Texas Association for Mental Health.

"This bell is now a symbol for the Mental Health Association, ringing out hope for the mentally ill and victory over mental illness," he added.

During May, Mental Health Month, Bellringers will be collecting to help the association continue their work.

The association's logo, used in conjunction with the slogan "Citizens Who Do Make A Difference" stresses strength through unity, while making full allowance for individual differences.

The logo depicts a group of people standing with hands joined, forming an unbroken circle. In the center is the Mental Health Bell.

The changing shades of people, overlaid on the changing shades of the world in which they live, suggests

the power of different individuals united to change conditions. The unbroken circle of people suggests togetherness and unity of organization.

The circle of people with heads towards the bell suggests the many heads concentrating together through an organization trying to find solutions to problems.

That mental health is a full-time, year-round activity is suggested by the fact that there are 12 people forming the circle.

During May citizens here can "make a difference" by contributing to the Mental Health Association.

## Whitharral in UIL 5-B one-act play contest

WHITHARRAL—The Whitharral School will enter the famous "recognition scene" from "Anastasia" in UIL 5-B District One-Act Play competition, to be held in Levelland Friday, April 2.

"Anastasia," by Marcelle Maurette, is a historical drama based on real incidents that occurred in Europe during and shortly following World War I.

The most dramatically "bizarre and notorious event of the Russian Revolution of 1917 was the assassination of the entire royal family of Czar Nicholas, heir to centuries of Romanov rule in Russia.

In the early 1920's, in Berlin, a girl appeared claiming to be Anastasia Romanov, a daughter of Czar Nicholas, who had miraculously escaped death. She was sponsored by a group of Russian refugees who were trying to lay claim to the Czar's western European holdings.

Widely viewed as a cheap imposter, "Anastasia" had a history of amnesia and other mental problems. It was decided that she should be "tested" by undergoing an interview with the real Anastasia's grandmother, Dowager Empress Maria Feodorovna, the mother of Czar Nicholas and now an old woman in her eighties.

It is around this confrontation that the drama of the

Whitharral production revolves.

Interest in the play focuses sharply on the personalities of the "real" or "unreal" Anastasia, a girl of dubious past, and on the Dowager Empress, who has seen a whole way of

life smashed. The role of Anastasia is being performed by Rhonda Bryant with Kim White as understudy. The Dowager Empress is played by Lana Dukatnik with Cheri Hisaw as understudy. Karen Corkery will act as "narrator" for this scene from the longer play. Members of the cast include John Doherty, Leslie Doherty, and members of the cast. Student director is Hisaw. Mrs. Luanna Hisaw is serving as faculty and sponsor.

# THE TOP 3 CORN HYBRIDS

## FOR THE SOUTH PLAINS

Everyone knows the top corn hybrid for this area. PIONEER brand 3369A is the most planted hybrid in Texas, Oklahoma and New Mexico. Not everyone realizes, however, that there are other PIONEER hybrids that do as well as this famous one... even beat it in some respects. You should consider them, too. They'll help you get exactly the right hybrid mix for whatever mother nature has in store for this season:

This hybrid is grown on more acres of Texas, Oklahoma and New Mexico corn land than any other variety. It has set world records year after year. 3369A has excellent seedling vigor, good roots, stalks and ear retention and excellent tolerance to blight, plus it dries fast and shells easily.

An exciting new hybrid that has an even greater yield potential than 3369A. The added yield potential comes, in part, from a little later maturity while having the root and stalk strength to stand until harvest. It stays green later. So, this one can add significant profit to your corn crop.

Another new, good yielding hybrid. It's a little earlier than 3369A with exceptionally fast dry down. It has made from \$10 to \$12 more profit per acre than ordinary hybrids because of its fast dry down. It has long slender ears on small cobs... really great for combining.

THE STOPS AS WELL AS THE STEPS OF THE RIGHTEOUS PERSON ARE ORDERED BY THE LORD

My friend had been stricken with a serious illness. When I called on him he was deeply despondent.

"I have tried to serve God faithfully through all the years, and there is yet so much to do. I don't mind suffering physically, one must expect that from a frail human body. But, oh how I regret having to lay down my tools and retire to a bed in these critical days in world history."

His anguish was real, and his claims to faithfulness were known to all to be true. Together we read the 139th Psalm—"Thou knowest when I sit down as well as when I rise up..."

"Friend," I said, "It's simple. It's right here in the Scripture. The stops as well as the steps of the righteous man are ordered by the Lord. Trust Him to know what is best for you. He never fails!"

## Band Wins Sweepstakes In Contests

The Littlefield Wildcat Band brought home a Sweepstakes trophy Friday, March 19. The band received a division one rating at marching contest in November of last year, and Friday they received two division one ratings in concert and sight reading.

The band played a selection of three songs. The March, "Amparita Roca," is a Mexican bullfighting tune written by J. Texidor. The band also played "Chant and Jubilo," which was written by Francis

McBeth, and "Variations on a Korean Folk Song," which was written by John Barnes Chance.

The band was judged in the concert competition by Lynn Lowe from Cisco High School, Richard Crain from Belton High School, and Bill Bradley from Big Spring High School. The sight-reading judge was Bill Spencer from Abilene High School.

All four judges said the band did very well, and they all gave good ratings. This is the first Sweepstakes made by the LHS band since the band was directed by Darle Rountree in 1971-72. Mr. So-Relle was very pleased and proud of the band. He said, "The band worked very hard this year and really deserved the awards they have received."

## Are You An April Fool?

April Fool's Day is the first day of April, and is also known as All Fool's Day. On this day practical jokes are played, such as sending a friend on a fools errand or telling someone his favorite teacher is sick.

Even though the practices of the day are of obscure origin, they are thought to have started with the celebrations of spring. Many folklorists believe that the custom of playing someone for a fool on this day was begun in France in 1564 with the adoption of the reformed calendar. A person who resisted changing New Year's Day from April 1 to January 1 was victimized by pranksters on April 1 and became known as poisson d'avril (April fish).

Widespread observance of the day began in England in the 18th century. In Scotland, the custom of making April fools is known as hunting the gowk (cuckoo). In Mexico, All Fool's Day is celebrated on December 28.

## Pipop Talks To Students

Pipop Loacum, a foreign exchange student from Thailand, gave a slide presentation and talk on Wednesday, March 24, in the high school auditorium. He spoke of his native land and explained that the name Thailand was given to the country in 1939 meaning land of the free. It is the only country in Southeast Asia which has never been colonized by foreign powers.

Thailand is located in Southeast Asia bounded by Burma, Laos, Cambodia, and Malaysia. Its area covers 198,457 square miles and in 1925, its census included 42,000,000 people. The language spoken is Thai, but English is widely used.

About 94 percent of the

people are Buddhists, others are Moslems and Christians.

Children in Thailand must go to school also. They learn arithmetic, geography, history and science. English is taught as a second language. They also learn about philosophy and religion. They go to school five days a week from 8:30 to 3:00 in the afternoons.

Pipop explained how the Thai families are very close with the grandparents often living with them and joining in the household duties.

Pipop's slide presentation included several pictures of Bangkok, Thailand's largest city. They showed many fine examples of Thai architecture, customs, and ways of life.

The top three places in the discus went to area teams. Sea of Anton copped first place and was followed by Amherst's Robison and Rodriguez of Three Way.

# Our future has made history

Farmers tend to be pretty tough customers. They want to get everything they can out of every nickel they spend. And that's good. Because the tougher they get the more likely they are to use Gifford-Hill's irrigation equipment.

There are two very good reasons for that. One, we can give them the best engineered irrigation equipment in the country. Our history has proven that.

And two, we can give the best service to take care of that equipment. Our history has proven that, too.

The fact is, you can only draw one conclusion. Whether you need a pivotal system, an underground PVC system, or an aluminum surface system, you just can't outdo us. And we don't think you'll ever be able to.

All you have to do is take a look at our past. That should give you a very good idea about what to expect in the future.

**"These are the sorghums I'd plant if I farmed in this area."**  
*Jim Higdon*  
AGRONOMY SERVICE DIRECTOR

"Drouth, disease, insects, wind storms... taking everything into account that can plague a crop in this area, these are the sorghums I'd go with." It's my job to know which are the best varieties for each locale in the states of Oklahoma, Texas and New Mexico. For the last five years I've had Crop Information Centers Standard Comparison Tests and Uniform Strip Tests in this immediate area. In these carefully controlled tests, I've evaluated most of the sorghum varieties a farmer might consider planting. I've had the same headaches and frustrations you've had. My plantings have suffered the same weather conditions, epidemics and infestations you've had.

Based on these tests, there is no doubt in my mind what I'd plant in 1976 if I farmed hereabouts.

### 8311

8311 is a champion producer of high test weight, yellow endosperm grain. Pioneer introduced this golden bronze hybrid three years ago and it's been setting yield records in this area ever since. One reason is its ability to yield in the face of too wet or too dry weather, insects or disease. Another reason for the high yields is that 8311 tends to adjust its maturity to the growing season in a particular area. What ever else you plant... put in some 8311.

**A WORD ABOUT GREENBUGS**  
Tolerance to both greenbugs and maize dwarf mosaic plus high yield potential give 8311 an economically significant advantage that you'll want to consider for your grain sorghum crop in 1976.

### 828

One of the highest yielding sorghums you can plant, 828 responds well to good management on good land with plenty of water. This full-season variety has sturdy stalks and semi-compact heads of dark red grain. It holds its quality and threshes well even after an early freeze or snow. 828 is especially popular on the Plains. Its stalks and leaves provide excellent winter forage after harvest.

Performance of seeds or the crop produced therefrom may be adversely affected by factors beyond our control including environmental conditions, insects and diseases. The limitation of warranty and remedy attached to each bag of Pioneer brand seed is a part of the terms and conditions of the sale thereof.

GATES 3 and 4 of the new six-gate terminal at Lubbock's Regional Airport will be a new feature for Lubbock passengers. Now the weather won't be felt as strongly as before, when passengers faced the outdoors to board and get off planes. [City of Lubbock Photo]

## Lubbock's Airport to open house Sunday

South Plains residents will be touring the new six-gate terminal at Lubbock Regional Airport during open house from noon to 5 p.m. Sunday, April 4.

Passenger and air cargo service will begin operating at the \$9.3 million facility Sunday, April 11.

Opening of the new terminal climaxes a \$25 million airport expansion program launched in 1970. Local and federal funds have provided reconstruction of runways and taxiways, new runway lighting, a new fire and rescue station manned 24 hours a day, an expanded flight service station for private aviation and security fencing in addition to the terminal.

"We're mighty proud of this new terminal and feel it will give better and more convenient service to the air-minded public in this vast region," said Lubbock Mayor Roy Bass. "This modern building was designed to meet our area's needs through 1990. As the need requires, the terminal can be expanded in stages up to 36 gates."

Lubbock Regional Airport is located five miles north of Downtown Lubbock on U.S. 87 (IH 27). Primary access to the new terminal is presently on FM 2641 east one mile from U.S. 87 to the entrance road at Quirt Avenue. Construction will begin later this year to widen Quirt Avenue from FM 2641 south to Loop 289.

The 144,000-square-foot terminal was designed by Whitaker and Hall Architects of Lubbock in association with Hellmuth, Obata and Kassabaum of St. Louis. It replaces a two-gate terminal built in 1950 and expanded to about 50,000 square feet. Plans call for leasing portions of the old terminal to private aviation businesses.

"With the rapid increase in passenger service, we were literally bursting at the seams", Bass said. "We had expanded the old terminal until it could be expanded no more."

Passenger boardings jumped from 53,000 in 1960 to 177,000 in 1970, the mayor noted. "In 1969, then-mayor W. D. Rogers and the city council started the ball rolling. There was a \$14 million bond election in April, 1970, in which the citizens authorized the expansion program, and the dirt's been flying out there ever since." Since work started, passenger boardings increased to 234,000 last year.

The contemporary terminal is of a curved design with three activity levels. Passengers and visitors will have a short walk from the parking lot to the plane. Upon entering the main level of the terminal, passengers have access to ticket counters, baggage claim area and car rental services. They will then step to the common boarding lounge that spans the full 700-foot length of the terminal. They will board their plane through the enclosed jetways that extend from the boarding lounge.

On the upper level, airport administrative offices, a press room, space for a future lounge and a large meeting room are provided.

All airplane servicing, baggage handling, freight handling and mechanical rooms are located at the lower, or apron level.

The South Plains area is served by Continental Airlines, Braniff Airways and Texas International which provide 22 flights daily at Lubbock Regional Airport.

For those who do not fly often on business or for pleasure, Lubbock Regional Airport is their center of transportation for local manufacturing and business enterprises. Flowers from Hawaii and lobsters from Main are flown into Lubbock. Locally made products are shipped to all parts of the world via Lubbock Regional Airport. In all, the airlines handled more than 3.7 million pounds of air freight and mail last year.

## Physical, financial help to aid cancer patients

Many persons of the Lamb County area find cancer in their families and wonder where they can receive financial and physical assistance to fight the disease in their own home towns.

Louise Ray, the American Cancer Society Service Chairman for Lamb County, offers the following advice.

The American Cancer Society was able to assist a Lamb County resident, who had to take a member to Lubbock for treatments, in the amount of more than \$265 dollars because they contacted her early enough to gain assistance in transportation.

Other families have been assisted to secure a hospital bed in the home, bandages and other supplies to maintain nursing care in the home.

Assistance can not be given unless she is aware of the need.

Mrs. Ray is issuing a strong warning for the public to become educated in detection programs. "Many persons are turning to 'quacks and quick cures in their ignorance," she explained. "April is American Cancer Society Month, so be sure with a check-up and a check to the American Cancer Society."

For assistance, call Louise Ray at the Lamb County Red Cross office 385-3663 or her home 385-4052.

## VISTA grant to aid elderly

Governor Dolph Brisco has announced approval of the assignment of 15 VISTA volunteers by ACTION to the South Plains Community Action Association, Inc., in Levelland, which serves Lamb County.

The assignment period is for 12 months beginning April 1, 1976, and is made by ACTION under Section 103 (d) of the Domestic Volunteer Service Act of 1973.

The 15 VISTA volunteers will work on services to the low-income elderly in the counties of Hockley, Crosby, Lynn, Terry, Hale and Lamb. The VISTA volunteers are working with local advisory committees and task forces to develop comprehensive programs of services to these low-income elderly.

# Mr., Mrs. Eldon Franks honored with reception

OLTON— Mr. and Mrs. Eldon Franks were honored Sunday, March 28, with a reception in the Hospitality Room in Olton State Bank.

The event, planned to celebrate the 50th wedding anniversary of the honorees, was hosted by their children, Mr. and Mrs. James Eldon Franks of Odessa, Mr. and Mrs. Stanley Elliott of Canyon and Mr. and Mrs. Don Franks.

Approximately 225 guests registered from Lubbock, Littlefield, Fort Worth, Dallas, Odessa, Friona, Plainview, Canyon, Hereford, Happy, Lockney, Kress, Mineral Wells, Clovis, Belin and Las Lunas, N.M.

The serving table was laid with a white net cloth and centered with an arrangement of white daisies and yellow rose buds. Mrs. Linnie Campbell and Mrs. Naomi Cooner presided at the serving table, serving banana punch, coffee and anniversary cake. Milk glass and silver completed the table decor.

Franks was born at Itasca and attended school there. He came to this area as a young man and on March 28, 1926 he and the former Miss Ruth Kiser were married in the home of her uncle, the Rev. Donald B. Doak, presiding elder of the Methodist Church at that time. They have lived in this community most of the time since that date.

Mrs. Franks, member of the first graduating class of Olton High school, also attended Wayland Baptist College in Plainview and West Texas

State University, Canyon. She has served locally as an elementary school teacher 23 years.

Franks, who has farmed throughout the years, at one time owned a partnership in Olton Drug Store, presently owned by Foster and Culwell. Thereafter he was engaged in an insurance business, now operated as Sluder Insurance Agency. He has also served as manager of Olton Chamber of Commerce and Agriculture.

Both have been active members and workers in the First Baptist Church.

Both are members of Olton Chapter No. 847 Order of eastern Star.

Franks is a member of Olton Masonic Lodge No. 1257.

## Local Draft Boards to be terminated

Colonel Melvin N. Glantz, state director of Selective Service announced that all Selective Service Local Draft Boards in Texas will be terminated May 8, 1976.

Similar actions will occur in all states on that date as Selective Service continues to reduce its operational capability. On Feb. 28 all draft board offices were closed.

Members of Local Board No. 4 serving Bailey, Cochran and Lamb Counties are: Kenneth R. Henry, Muleshoe; William M. Pool, II, Muleshoe; H. Jesse Leal, Muleshoe; John F.

# LITTLEFIELD NEWS

By PEARL BRANDON 385-3141

MR. AND MRS. Allan Hilbun were dismissed from the hospital Monday.

MR. AND MRS. Charles Powell, Bart, Carol Ann and Amy Leigh from Brownwood visited with his parents, Mr. and Mrs. Olin Powell and with her parents, Mr. and Mrs. Jim Claunch of Bula.

MR. AND MRS. Duke Powell Gay, Aaron and Carrie from Roswell, N.M. visited with Mrs. and Mrs. Olin Powell and

Mr. and Mrs. Dale Middlebrook.

VISITORS in the First Baptist Church this past Sunday were Mrs. Jennie Moody and children from South Carolina, Mrs. Christy Bivins from San Angelo, Miss Elizabeth Pass from Lubbock, Carl Pillion who is the father of Mrs. Bill Brantley and is from Amarillo, Miss Sherie Hogue from the University of Cincinnati (Sheri is visiting her mother, Mrs. Sanny Hogue) and Mrs. June Haggy, Lisa and Brent from Lubbock. Special guests of the church were Mr. and Mrs. Gary Bivins, Christy and Melissa from San Angelo. Bivins served as music director last Sunday.

MRS. HOOPER McCOWN has gone to Austin to attend the wedding of her niece.

MRS. ALLEN HODGES re-

turned Thursday from a six-week visit in Kissimmee, Fla.

MR. AND MRS. Horace Mitchell, Debbie and Janet from Lubbock visited her parents, Mr. and Mrs. Mancil Hall on Sunday.

MRS. OLIN POWELL will leave Wednesday for Tucumcari, N.M. to visit Miss Jane Powell on her birthday.

MR. AND MRS. Dale Middlebrook made a business trip last weekend to Abilene. They also visited with Mr. and Mrs. Virgil Zoth from Ovela. The Zoths are former residents of Littlefield.

A BIRTHDAY dinner was held in the home of Mr. and Mrs. Harry Williams honoring Mrs. Clyde Hawk. The Williams live in Levelland and all of Mrs. Hawk's children attended the celebration.

MR. AND MRS. Ron Robinson visited Dr. and Mrs. J. H. Oyer for a week. The Robin-

son's are from Holland, Mich. and have not seen the Oyers for 14 years. They have been friends for 30 years. The Oyers and Robinsons went to Carlsbad Caverns before returning to Michigan.

MR. AND MRS. J. P. Morris are both home from the hospital and both are doing fine.

THE ADULT choir of the First Baptist Church had a salad supper in the parlor

honoring Mr. and Mrs. Bivins. The table was decorated with flowers and the bread table centerpiece of daisies. The husbands and wives choir were guests.

THE IVY LEAGUERS from Littlefield represented Lamb Bowling Lanes in the tournament in Longview this past weekend. Included were Sharon Robison, left, who placed first in singles; Marilyn Wells, who with Sharon placed first in doubles; Pam Clark and Kathy Wells placed fourth in doubles; and Ann McWilliams. Sharon is team captain and placed first in events. [Staff Photo]
