

TORNADOES AND RAIN

## Storms Slam County

WINDING HAIL knocked bolls and leaves from this cotton field west of Littlefield Sunday night, while other portions of Lamb County underwent similar weather conditions.

Tornadoes, hail and rain blasted Lamb County Sunday night, leaving two families in Lamb County homeless, and damaging thousands of dollars worth of unharvested cotton and grain crops.

Two homes were destroyed in the Olton community as twisters roamed over the South Plains on the currents of a cold front.

The Amos Walden and Don Cure homes west and northwest of Olton were demolished by a tornado that swept through the southeast portion of Lamb County about 8 p.m. Sunday.

Three miles west of Olton on the Brent Burrow's place, a tornado ripped the roof off the family home and pulled sheetrock from the walls. The Burrows were at home, but there were no personal injuries. The family car was parked in the carport and a pickup was behind the car. Following the tornado, the pickup was in the carport and the car was out and turned around. Royce Collins had farm machinery parked on the farm, and tractors, irrigation pipe and other equipment were heavily damaged. A hand house and a barn were obliterated.

At the Dan Cure farm, three miles west and three north of Olton, Mr. and Mrs. Cure and their two children started to the cellar, saw they couldn't make it, and got back into their house and behind a heavy chair. All the rooms to the south of where they crouched were blown away in a swoosh. Tractors and farm machinery were extensively damaged.

Jack Gullett, an Olton farmer, said he took pictures of 12 different tornadoes Sunday night. Highway patrolmen confirmed four of the tornadoes in the Olton area.

Monday, Lamb County Sheriff E.D. McNeese estimated that the twisters destroyed \$150,000 to \$200,000 in property. The damage was county-wide, in a 25-mile strip across, beginning in the southwest corner of Lamb County near Bull Lake and about 30 miles long, or the length of the county.

Possibly the first damage to occur in Lamb County was at the A.O. (Preacher) Dickson place near Bull Lake where a barn and trailers were hit. At Bill McKinnon's farm, six miles west of Littlefield, the garage, out-buildings, irrigation pipe, and trailers were damaged, and 1.5 inches rain fell in a short period. At Winston Cummings, 8 miles north and one east of Littlefield, eight or nine trailers, a grainery, well house and tractor were extensively damaged.

In the Springlake-Circle areas, tornado damage occurred at the Paul Walden, Brent Farris, Floyd Prentice, Winston Briar, F.E. Bennett and Otis Ray King places.

As the dark funnel-bearing clouds moved across the county, sirens were sounded at Earth and Olton which sent residents scurrying for shelter three times before the alert was lifted.

Hail-damaged crops were heaviest in a four-mile strip between Sudan and Amherst. At Amherst, Mrs. Opal Dodd

measured hail stones 13 inches around. Hail was egg-sized at L.J. Robersons, 15 miles north of Littlefield. Hail damage was heavy in the Lumsden Gin and Amherst Gage Gin areas, and spotted toward the northeast.

Rain measurements from the Sunday night storm varied from a few tenths to two inches, and more rain fell Tuesday night. Sunday night totals recorded at Spade amounted to as much as two inches; west of Littlefield, at Lums Chapel and at Amherst, 1.5 inches were recorded.

Only 81 were measured in Littlefield through Wednesday morning.

Temperatures dipped to 38 degrees in Littlefield early Wednesday, and with clearing skies, farmers were hoping for warm, sunny weather until after harvest.

### C-C Directors Election Slated

A nominating committee has been appointed for the submission of names for the election of new Chamber of Commerce board of directors.

Twelve prospective board members will be nominated, and four will be elected to three year terms by membership balloting.

Ballots will be mailed to the C-C members in December, and the newly-elected directors will begin serving their terms Feb. 1, 1972.

Members who are going off the board are Jim Vandenburg, Pat Downs, Kenneth Ware and Doyle Patton, the president-elect.

Holdover directors are Bob Roden, Buddy Bingham, Kip Cutshall, J. T. Brittain, Roger Lowe, Benny Zahn, Mrs. Elouise Cox and Jerry Kehoe.

Members of the nominating committee are Jim Jones, chairman, Nelson Naylor, Benny Zahn, Kenneth Ware, Gene Pratt and Kip Cutshall.

### Scout Spook Parade Scheduled Oct. 30

The Annual Girl Scout Spook Parade will be held Saturday, Oct. 30, at 5 p.m.

All contestants are asked to be in front of the courthouse by 4:30 p.m., for the judges to review prior to the parade.

There will be prizes awarded for winners in four divisions: most original, best character, prettiest, and ugliest or most weird.

### 28 Contestants Guessed Today As Freeze Date

If today were Oct. 21, 1898, this would be the day the "Double TT" time and temperature clock at Security State Bank would flash the 32-degree temperature that would mark the climax of the freezer contest, sponsored by the bank.

A survey of entries sent in to date indicates that 28 contestants had a feeling history would repeat itself, and chose this particular day for the arrival of the freeze on their entries.

Official Weather Bureau records indicate that 32-degree temperatures arrived as early as Oct 7 and as late as Nov. 27, so you still have an opportunity to enter this contest and perhaps have an even better chance of winning, for the odds are in your favor.

Official entry cards may be obtained at the bank.

Be sure to fill in the date and time you think the temperature will first drop to the 32-degree mark, and be sure to include your name and address.

Prizes range from a first prize of \$100, second prize of \$50 and third prize of \$25.

### Salvation Army Drive Underway In Area

Annual Salvation Army Fund for general gifts and area divisions was kicked off Wednesday morning in a meeting at First Methodist Church.

Aubrey White will serve as chairman of that drive, and Philip Gordon will assist.

Other meetings are planned for Amherst and Spade.

Team captains for the general drive include Doyle Patton, Rev. Joe James, A. J. Kennemer, Rev. Harvey Hallmark, Rev. Clem Sorley, Bruce Porcher, Flannery Newton, Kip Cutshall and Dr. Albert Perkins.

The women's division is headed by Mrs. Susan Wilemon and Mrs. George White.

Paul I. Jones, superintendent of Littlefield schools, is supervising the public school campaign.

### Football Contest Guessers

The stumping in the football contest caused some see-sawing in the standings, but Paul Yarbrough's first place lead with six points to go in the 12-week contest.

Hutson moved up to second place and David Hampton and Sue Bowmen are tied for third place for the Cotton Bowl classic on Monday Day and \$25 expense money.

Persons got 14 of the possible 18 points this week, and Sue Bowman wins the place weekly prize and \$5 for the closest to the actual scores in the box. Ruby Reid, a newcomer to the contest, won second place and \$3 in the weekly contest. Linda Clayton got the third place.

Persons picked 13 of the winners this week of upsets. In scoring the game is always counted as a normal all contestants. And the tie-breaker scores are used to break ties for winners, only, and do not count cumulative season standings.

Of the most missed contests this week were Morton over Dimmitt, Hart over Vega over Springlake and over Rice.

THE HARVEST of almost 140 acres of melons for seed production is almost complete for four area farmers. C. E. Jones, Deb Bawcom, Bill Taylor and Joe Montgomery grew the melons on contract for Wilhite Melon Seed Company in Weatherford. The watermelons averaged around 300 pounds of seed per acre, and the growers net 75 cents per pound for the seed. The four seed per acre, and the growers net 75 cents per pound for the seed. The four grew several acres of muskmelon and cantalope, too, which produced about seven pounds of seed per acre. Bill Taylor, left, enlists help in displaying a 200 pounds of seed per acre. ### Sets Garage Sale

Littlefield Parent-Teacher Association will sponsor a downtown garage sale from 9 a.m. to 5:30 p.m. Saturday, Oct. 23, in the building next to Clark's Restaurant on Phelps Avenue.

A variety of household items and clothing will be for sale, and proceeds from the sale will go into a fund for the school nurse's office and for a scholarship for a graduating senior.

Donations of household items and clothing will be accepted for the sale at the building Friday afternoon from 2 p.m. to 5 p.m.

### NEARLY TWO PER FAMILY \*\*\*\*\*

### Auto Population At A High Level

The automobile is playing an ever-expanding role in the daily life of Lamb County residents, a national study shows.

Today, as a result of the steady increase in car ownership in the area, only a relatively small proportion of local families are now without cars. Many families, on the other hand, have more than one.

Bearing witness to this growth are the many snappy late-model cars to be seen on local roads and streets as well as the additional congestion caused by the increase in the number of them in use.

The facts and figures are provided for all areas of the country by the Standard Rate and Data Service, through its annual consumer market reports, and by the Automobile Manufacturers Association and others.

They show that Lamb County's auto population is at a high level. As of the beginning of this year there were no less than 8,490 cars in operation locally, equivalent to 160 per 100 families.

It was a larger proportion than was found generally in the United States, 138 per 100 families, or in the State of Texas, 154.

The figures take into account the net change in the number of cars in use, after allowing for the number taken out of service.

The auto industry reports that the retirement rate is accelerating. Currently,

mad after a 30-8 surprise defeat at the hands of Morton last Friday, this is Dimmitt's homecoming and they'll be high for Littlefield.

The Bobcats are expected to show more determination against the Cats than they have since they met Floydada and gave them a 6-0 scare—the closest Floydada has come to getting trapped.

And Dimmitt's loss to Morton was probably due to their taking the Indians too lightly and keying on Littlefield. Now that Coach Brownell Smith's Bobcats meet the Wildcats with a 1-2 record, about all they can do is spoil some of their opponents' chances at the title, and the Cats are on that list.

Fryona's coach Bob Owens, whose team has played both Littlefield and Dimmitt, says both the Wildcats and the Bobcats are "very physical hard hitters."

Littlefield Coach Jerry Blakely said Dimmitt is probably the biggest team the Cats will meet this year. Certainly the offensive lineup is the heaviest thus far.

### Parking Tickets Are Being Issued

City police are issuing tickets in the city for illegal parking particularly at Furr's and in front of other grocery stores.

When automobiles are not parked in the right direction at the curbs, tickets will be issued, according to Municipal Judge Ben Nobie.

### Rally Slated For Cub Scouts

A rally to reorganize and reregister Cub Pack #641, sponsored by the Littlefield Lions Club, will be held at 7:30 p.m. Monday, Oct. 25, in the Community Center of Littlefield.

District Commissioner Warren Dayton will preside, assisted by Warren Green, program director of the South Plains Boy Scout Council.

All parents of eight, nine, and ten year old boys in Littlefield who are not yet Cub Scouts, but would like to be, are invited and urged to bring their sons to this meeting.

A Morganatic marriage occurs between a person of royal family and a commoner.

Parkers moved here from Abernathy in 1947. He had farming interests in Levelland, Tula, Abernathy and Dimmitt. Parker retired from farming in 1965.

They have one daughter, Mrs. Freddie Harrell of Littlefield; two sons, Joy Parker and George Parker of Littlefield; four grandchildren, Mrs. Jimmy Bales of White Oaks, Tex.

Miss Shelia Harrell, David Parker, and Mary Tina Parker, all of Littlefield, and two great-grandchildren, Sondra and Shannon Bales of White Oaks, Tex.

KEEP A CHECK  
Fresh air is wonderful—it's healthful and invigorating—but in the winter, it can cost you money. If you open a window to let fresh, but cold, air into your house, be sure that the cold air isn't cooling your thermostat. If it is, the thermostat will automatically tell your furnace that the house is cold, and the furnace will turn itself on. You may find that the rest of your house, which was very comfortably heated before, is now being heated more than you want. The American Gas Association suggests that you "air out your house" one room at a time. That way, you'll enjoy the benefit of fresh air, and you'll also keep a check on fuel costs this winter.

# THE FARMER'S WIFE There's A Way

By LIBBY MUDGETT

DO YOU EVER wonder how the decision is reached and by whom to run some of those idiotic advertisements you see on television and in magazines?

Well, I have too, and recently it was my privilege, or something, to be present at an informal meeting between two men trying to reach such a decision.

ONE MAN was an advertising executive in charge of Chevron and the other was a Chevron executive in charge of advertising.

I asked if their jobs didn't sort of overlap there and I was told they did, really, but each was necessary.

I asked why and was informed that the advertising man was supposed to look out for his advertising firm's interests and the Chevron man was supposed to look out for Chevron's interests.

I WONDERED WHY one man couldn't look out for both firms interest at the same time, thereby eliminating the necessity for one or the other's job, but decided it would be better if that went unasked.

Anyway, they had just returned from an all-day flying trip to Salt Lake City and were very discouraged because they thought they had wasted the whole trip and thereby the whole day.

I ASKED HADN'T they had a good time and they said oh well, yes, they had, they enjoyed the trip and one another's company.

I inquired hadn't they had a good lunch, and they allowed as how they had. The trouble was, the man they had gone to see about appearing on an ad couldn't back up his story with facts.

I asked when had a little thing like this ever stopped advertising people from going ahead with their advertising campaign anyway.

TWO PAIR OF EYES were immediately fixed upon me and two voices asked at once where had I been lately, hadn't I ever heard of Ralph Nader.

I told them I surely had heard of Ralph Nader, who hadn't, and I was all for truth in everything, and I could immediately see that it would certainly foul up the ad-

vertising business if it started having to tell the whole truth and nothing but, just all of a sudden.

They said I was a pretty smart girl, a little slow, but smart and continued crying in their beer.

IT SEEMS THAT the man in Salt Lake City had this '64 pickup that coughed and died and refused to run anymore.

So he put some kind of Chevron product in it somewhere and it came back to life and started chugging around once more. But he couldn't prove it.

JUST TO SHOW that I was still pretty smart, even though slow, I asked didn't the man have friends that could be witnesses. They said certainly, but none of them could swear that the man hadn't done or had done something else to his pickup, such as a general overhaul.

I said well, the only thing to do would be to contact each garage in Salt Lake City that did overhauling and have them swear that they hadn't touched the man's pickup.

THEY SAID GOOD GRIEF, they couldn't do that, the man was bound to have had the pickup worked on somewhere, they had enough sense to know that no Chevron product was going to bring a pickup back to life all by itself.

I asked what was wrong with an overhaul job sharing a little of the glory with Chevron.

THE CHEVRON MAN said to please his employers, Chevron needed to have done something all by itself, and the advertising man said to please his employers, he needed to please the Chevron people.

I said they were wanting proven facts to back up an impossible happening.

THEY SAID I was right, they used to be able to get that, but since Ralph Nader came along insisting on the absolute truth, it was getting harder all the time to lie truthfully.

But in case you soon see an ad about a Salt Lake City man with a rejuvenated '64 pickup, they probably eventually found a way.

"For breakfast I eat Krunchies. Now for lunch I have burgers, fries and shakes at my Drive-In located at the traffic circle!"

PAUL HARVEY

## 'Get Tough'

I THINK YOU'D better sit down for this: Burglar alarms are big business now. Many companies making many kinds. One kind connects your business or your house to a "central station" by telephone.

AT THAT CENTRAL station somebody's on duty around the clock to listen for any unusual noise in your empty house—or business. And if he hears anything he summons police. All right. The telephone company in Fresno, Calif., is refusing to allow its telephone lines to be used for such purpose. Now hear this carefully because the decision is being challenged.

PACIFIC TELEPHONE and Telegraph lawyers say that "any audio alarm infringes on the rights to privacy of the burglar."

I was as incredulous as you. I checked and it's true. Sonotrol Security, the Indiana company which manufactures and markets this audio burglar alarm, has installed them in 43 cities, but it's conceivable the upcoming court test could outlaw them everywhere.

IN FAIRNESS to the telephone company, I suppose their lawyers have seen so much deference to the rights of wrongdoers in recent years that they are hypercautious.

But can you imagine: "An audio alarm infringes on the rights to privacy of the burglar."

In other words, the audio alarm could be used only if the burglar gives his permission.

WELL, LET the record read that Sonitrol attorneys got a stay order until this can be court tested and I expect this time the court will rule against the burglars.

It's mostly just a feeling but there is some evidence since "Attica" that that showdown shootout may have been Waterloo for the bad guys.

That September, 1971, marked the turnaround, the beginning of a new era of getting tough with toughs.

IN CHICAGO the other night three men fleeing the scene of an armed robbery were shot dead.

Farmers Branch, Texas, this guy strode into the Central Bank and Trust demanding cash. Bank President Jordan punched him in the mouth and sat on him until police came.

IN NICE, FRANCE, the murderer of a cab driver was sentenced to the guillotine. When the judge announced the killer would get his head chopped off, the cab drivers who crowded the courtroom applauded.

During the transition—until the lesson can be retaught that "crime does not pay"—some good guys will die in the crossfire; as guards did at Attica; as the charter pilot did when the Tennessee skyjacker was intercepted in Jacksonville.

BUT YOU WATCH, the era of coddling criminals is ending. Now we're going to try law enforcement.

## THE ABUNDANT LIFE

### Moving Along

By BOB WEAR

SUCCESSFUL LIVING and bicycle riding have at least one thing in common. In order to operate a bicycle proficiently, it must be kept moving; because there is no way to keep it upright once we stop the forward movement.

WE SEE THIS principle working constantly in the lives of human beings, and it is obvious that they find reasonable satisfaction in living as long as they keep moving.

The scenery may change now and then, and the details of the way may change some, too; but we must keep moving along.

THE FORWARD MOVEMENT, and it is always forward movement, does not require a sustained maximum effort; but there must always be effort adequate to meet the current needs.

Some people move along faster, they seem to do better than others; but this is of no particular significance.

SOME PERSONS are overly ambitious, and eventually fall by the way. They are not satisfied with a sensible pace, but constantly over extend themselves.

This is one of the most unnecessary of all the foolish mistakes we can make. The people who are reasonable, and wise, and sensible just keep moving along. This is living.

THERE ARE OTHER failures, but the cause is quite different. They are the people who are not willing to put forth sufficient effort to keep moving along.

They, for a variety of different reasons, slow down and fall by the side of the way.

Some are just quitters. Others are too easily discouraged.

Whatever, the reason, they do not seem to realize that the living is in the moving along.

MOVING ALONG is not moving away from the things which all that is authentic and dependable reveal to be true, and good, and decent. It is movement that is sustained by these time-proven sources of light and strength.

It is not drifting, but is movement properly motivated and guided by good sense. It is not some type of competition, but is uniquely the pace that is best suited to each individual.

GREAT ACCOMPLISHMENTS, as such are generally defined, will not necessarily mark our way; but this will not mean that we are failing.

The life lived well is the greatest accomplishment.

TO HEAR ALWAYS, to think always, to learn always, it is thus that we live truly; he who aspires to nothing, and learns nothing, is not worthy of living.—A. Helps.

We must know that life is to be lived in the present, but that it is constantly moving toward the future. Abundant living can be neither static nor regressive, but must be fundamentally and essentially a life of moving along.

THE DISTANCE we have gone is not very important, but it is extremely important that our movement is in the right direction. It can be so.

# DEAR EDITOR

## What Our Readers Think

### Good Examples?

1200 W. 9th St.  
Littlefield, Texas  
October 19, 1971

Dear Editor and Citizens:

How do we expect our children to have any respect for God, our Country and its flag? We ask each day what is wrong with the children and young adults today, stop and look around for a minute.

Have we stopped to look at our own actions lately? If not let's stop for a few minutes and look around. Go to a football game and watch the adults who are supposed to set examples. Then look north or south toward the student sections.

The students are wonderful to listen to and see as they play and sing the National Anthem as the flag is being raised by the

Scouts. That is—when you can hear them for the adults talking and walking around. The children even know how to salute the flag, but it seems some of us have forgotten how.

The ceremonies before a ballgame used to be really impressive here when everyone stopped for a few minutes for the prayer, flag raising and school song. Now—it is a time of great confusion.

Let us take a minute to look at ourselves before we judge others and ask how we can expect more unless we, ourselves try harder.

Sincerely,  
s/Mrs. Lindsey Williams

### PHILOSOPHER

## Falling Dollar

(Editor's note: The Sandhills Philosopher on his Johnson grass farm discusses the monetary system this week, mainly from the theoretical side, of course.)

Dear editor:

There's no way around it, the people in Europe are a bunch of sissies.

According to an article I read last night in a newspaper that turned up in my mail box by mistake — the new postal service hasn't, as some feared, abandoned all the fine traditions of the old one — all the countries in Europe are biting their finger nails and losing sleep over the value of the American dollar. It's going down.

As a result, everybody is selling dollars, refusing to take dollars from tourists, and generally demanding that something be done before all Europe panics.

Clearly, they are a bunch of sissies. Why, the value of the dollar has been going down for years in the United States and I haven't found anybody yet who has refused to take one. Everybody I know would like to have a lot more of them.

In fact, it takes a lot more of them to pay two dollars for a dollars worth of groceries.

Of course, the monetary system is one of the things I and possibly some others, say three-fourths of Congress and all economists, have never been able to understand, and it may be that the value of the dollar hasn't gone down, just the price of things has gone up.

Whichever way it is and regardless of whether the dollar is worth 100 cents or 48 cents, I have never seen a man yet who, makes no difference what shape his back was in, wouldn't, if he saw one lying on the street, bend over and pick it up. I know a banker who dislocated a hip bending over to pick up a quarter.

Europeans ought to calm down and latch on to all the dollars they can.

As the saying goes, a bird in the hand is worth two in the bush, but you'd better not let the Environmentalists hear you say this.

Personally, I've got confidence in the dollar. It's still worth 100 cents. Unfortunately though a cent is just worth half a penny. That's where the trouble is.

Yours faithfully,  
J. A.

### WASTED HEATING

A great way to waste money during the winter is to get into the habit of constantly adjusting the thermostat. The experts at the American Association report that contrary to popular belief, turning up the thermostat doesn't make the furnace produce heat any faster—what it does is keep the furnace operating longer and use up more fuel. The best way to keep a check on fuel costs this winter is to set the thermostat at the temperature you want, and leave it there. If it is operating properly, the thermostat will automatically maintain the desired temperature.

# Education Survey Is Underway Here

When will instructional closed-circuit television and the computer be as common in the Littlefield classroom as the textbook?  
When will the Littlefield school system function on a 12-

month basis with children entering the school at the tender age of 3 years?  
Ridiculous? Possibly not so, according to a state-wide survey of public schools which is now in progress.

The two-year study, entitled "Texas Study of Public School Instructional Resources," get underway here recently under the guidance of Principal James Settle, who notes that the program is aimed basically at

determining what constitutes a "model" public school. He added that this is the first time such a survey-study has been conducted in Texas public schools and it is hoped that a consensus of the results will enable public schools to more evenly approach the "ideal" or "model" established.

At the present time, educational practices and available resources vary widely from public school to public school in Texas.

"Of course, money eventually will have to enter the picture," Settle pointed out, when he noted that many of the wide differences in schools are due simply to the fact that more money is available in one school district than in another.

This, in fact, is one of the 46 questions included in the first survey, completed here this week: When, if ever, will financing of public schools shift from local sources to state and federal sources with block grants distributed by state education agencies?

Members of the local committee were asked to indicate their opinion as to the estimated date of occurrence in Littlefield on the questions in the survey. A choice of 1971, 1975, 1985, 2000, later or never was given.

Members of the Littlefield committee, other than Settle, include Beryl Harris, Tommy Brawley, Jack Christian, Forrest Martin, principals; Miss Janice Kraushar, Rex Gilstrap, Leon Burch, Mrs. Alma Faye Carter, Mrs. Virginia Chambers, Mrs. Lehman Jones, Mrs. Ann Pullig, Mrs. Evelyn Blevens, Mrs. Edith Settle, teachers; Debbie Sorley and Bruce Hall, high school students; Mrs. Diane Mitchell and Dr. Craig Wallace, lay members of the committee. Mrs. Paul L. Jones, a member of the regional committee, has also been meeting with the local group.

## Rodeo Plans Get Underway

"Tentative plans are being made for an LHS Rodeo Club," Superintendent Paul I. Jones confirmed last week. The rodeo club has been in the planning since the school year began in September.

The Rodeo Club will consist of the team and the club itself. Team members will compete in various rodeos throughout the area if the final preparations under consideration are approved by the school board.

The first rodeo that LHS cowboys are scheduled to compete in will be in the Indoor Coliseum Nov. 5 and 6. Anyone wishing information or entry blanks for Tascosa is asked to contact Monte Angel or Brad Nace before Oct. 30.

## Girls Aid Counselor In High School Work

Counselor aides for the 1971-72 year are Carla Owens, Holly Hinckley and Druanne Wilkenson.

Carla Owens, an LHS senior, aids Mrs. Ima Roycroft, LHS Counselor, third period. Carla is twirler and secretary of the Wildcat Band. She belongs to FTA and is business manager of the Wildcat Annual Staff. Carla

lists her hobbies as twirling, sewing, decorating, and cooking. She enjoys working in the counselor's office and says: "I am glad I have gotten to know Mrs. Roycroft as an individual." Carla is the daughter of Mr. and Mrs. James Owens.

Holly Hinckley, blonde-haired and blue-eyed, is a senior transfer from DeSoto. She is an

aid to Mrs. Roycroft during seventh period. Holly enjoys water skiing, sewing, rhythmic choir, and picking at the piano and guitar. She is vice-president of the choir and plays cymbals in the Wildcat Band. When asked how she liked the job, Holly replied: "I think it is an interesting job. I learn a lot and it's fun because Mrs. Roycroft is a very nice person to work with."

Holly is the 17-year-old daughter of Dr. and Mrs. Herbert Hinckley.

Druanne Wilkenson, 16-year-old daughter of Mr. and Mrs. Curtis Wilkenson, is a junior at LHS. She is a member of Kat Klub, the Wildcat Band, and secretary of the junior class. Druanne fills her spare time with horseback riding, water skiing, writing letters, and collecting "stuff". Druanne enjoys this type of work and says:

"I want to do my part in helping this school and its faculty in any way possible."

Druanne will help Mrs. Roycroft sixth period second semester.

The girls' main tasks are keeping the outer office neat and clean and answering the telephone. One of their biggest jobs at the beginning of school is typing the schedule cards for permanent filing. Filing schedule cards in the permanent folders is time consuming and "their only complaint about the work," says Mrs. Roycroft. Another duty of the aides at the first of school is handing out ACT and SAT material.

The girls also type letters to colleges for Mrs. Roycroft and various things for other teachers. They have other responsibilities, such as keeping the college catalogues in alphabetical order and running errands.

## LHS SPEAKS OUT Grading

This week's question for LHS students is: "What do you think of the present grading system?" Here are a few opinions from some of the students.

**DEBBIE CROSBY:** I think the grading system is stupid! What we make in school is no one's business but our own.

**MIKE MORRIS:** I don't like it except when I make good grades.

**KIM JUNGMAN:** I think it is all right by me, although my

grades aren't that good with it being the way it is.

**LAQUINTHA C.:** I think the grading system should be changed a little bit anyway. Just maybe so all 90's would be A's.

**SHANNON HATLEY:** I think it's all right, but it would be even better if 90 were a A and if 60 were a D.

**TERRY BRYSON:** I think it should be 90-100, A; 80-90, B; 70-80, C; and 60-70, D; and below 60, failing.

## CATHY COMMENTS Understanding

By CATHY GILES

At one time or another in each person's life, one needs a certain degree of understanding. It aids in overcoming failure or tragedy. Without it, a person can build up so many anxieties within himself that life no longer seems worth living.

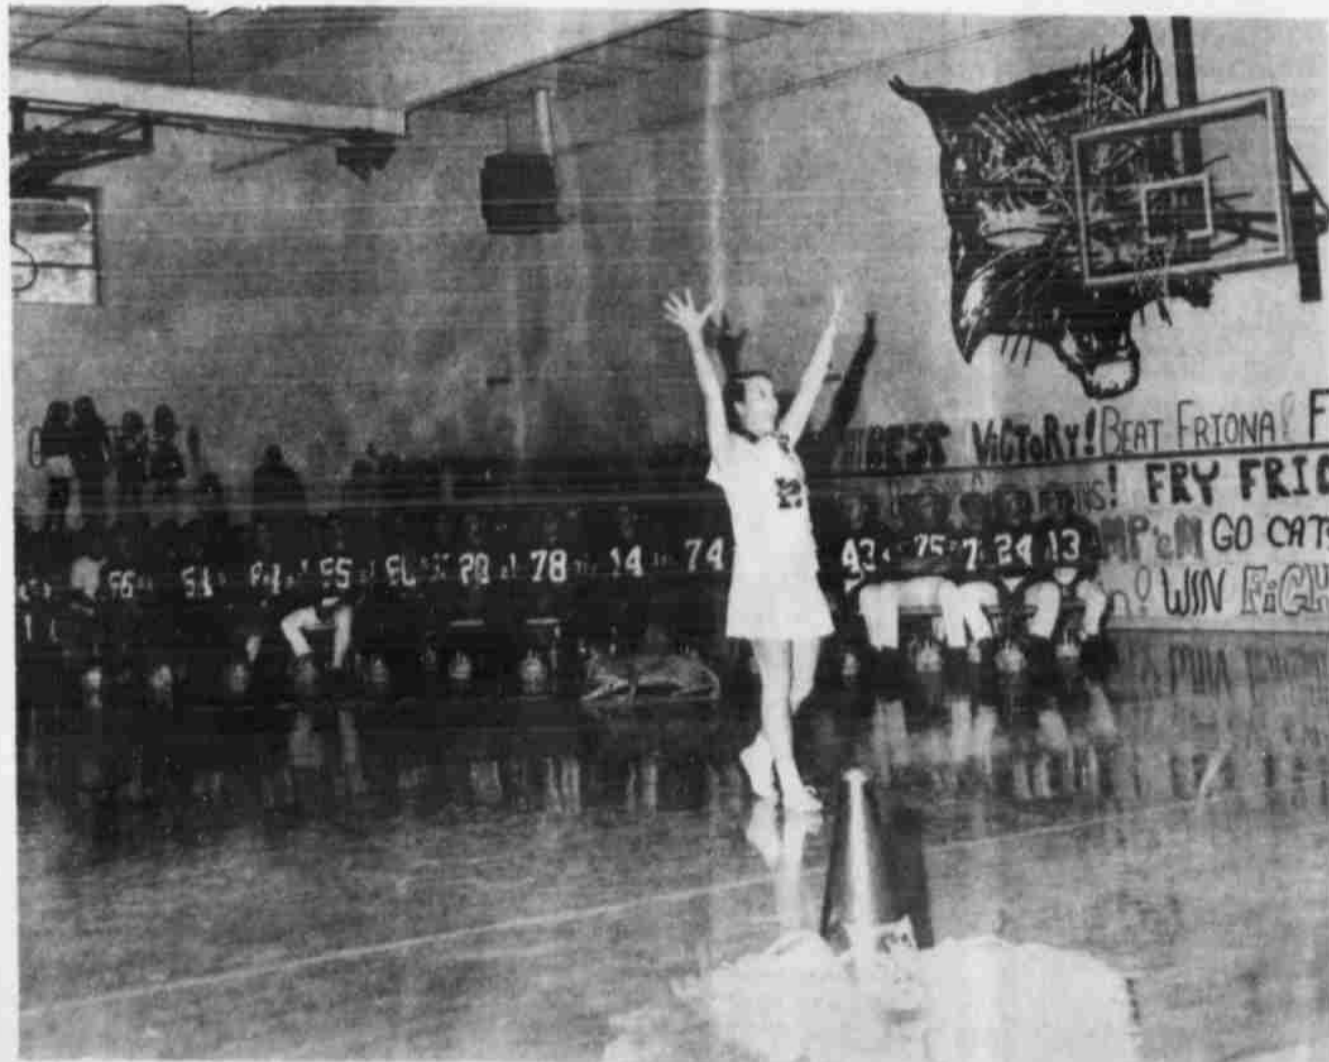

Peace of mind is often found by simply discussing problems with someone who has suffered a similar experience. They are usually the ones who realize the depth of the problem and can give the most helpful advice.

Independence is a good characteristic to possess and it holds its proper place, but no one can stand completely alone without collapsing under the tremendous tensions of life. Understanding stems from a form of give-and-take love in which one does not always consider himself utmost in life. Consideration and thoughtfulness for others is a key factor. The ability to understand the actions of others usually increases with maturity and wisdom.

In this day and age, life rushes by at such a speeding rate that it almost drives one's mind to the extreme of insanity. Yet, as long as there is understanding or the hope of it, a person will be able to endure the many trials which all will encounter throughout life.

**BIG HOMECOMING**—Queen Mary Davidson is escorted from the field Friday night by Ernest Mills after she was crowned 1971 Littlefield Homecoming Queen. Mills represented the Ex-Students Association. Junior at-

endants are 3-year-old Michelle Mills, daughter of Mr. and Mrs. Ernest Mills, and 3-year-old Devron Duke, son of Mr. and Mrs. Jimmy Duke. Runners-up for Homecoming Queen were Miss Debra McAnally and

Miss Debbie Hatley. The three Queen candidates were honored at a pep rally at the high school earlier in the day. Cheerleader Tonya Pickrell is shown leading the student section in a cheer for the Wildcats.

## Jeannie C. Riley Sings In Muleshoe

The Business Activities Committee of the Muleshoe Chamber of Commerce will sponsor country and western singing star Jeannie C. Riley and her Harper Valley Express in two performances Monday, Nov. 8.

Miss Riley will put on two performances in the High School Auditorium in Muleshoe, at 7 and 9 p.m.

Miss Riley rocketed to stardom with the ballad "Harper Valley P-T-A" in 1968 and national recognition of her sparkling personality and singing talent.

The junior class of Muleshoe High School is cooperating with the Muleshoe B.A.C. to make

this appearance possible to the citizens of the Muleshoe area, West Texas and Eastern New Mexico. Both the B.A.C. and the Junior Class have tickets available for either performance.

General admission will be only \$2.50 per ticket in advance and they will sell for \$3 at the door for each performance. Reserved seat tickets are selling for \$4.

Mail order tickets are available by writing Bob Stovall, 109 Ave. B, Muleshoe, Texas, 79847. Enclose correct amount for tickets with order, and state for which performance, 7 or 9 p.m., you prefer.

## History Of The Federation Presented To Forum Club

The Forum met in a regular session Oct. 14 at the REA Building. Mrs. Ima Roycroft was voted into the club as a new member.

During the business meeting members voted to help with the March of Dimes and to donate money to help in the purchase of drapes for the City Library.

Due to times involved the Forum declined an invitation to decorate a downtown window for Christmas.

Lucille Betts and Irene Lynn presented a program on the "History of the Federation." Highlights of the program were that in the United States, Women's Clubs date back to

1868. Memberships include individual clubs, state and local federations, and branches in many foreign countries. The Texas Federation was organized on May 13, 1897 in Waco.

Slides, with comments, were shown of the TFWC Headquarters in Austin. Johnnie Carl was hostess to 13 members and one guest, Mrs. Joy Hall.

## Mission Festival Set By Lutherans

On the occasion of its annual mission festival next Sunday, the guest speaker at Emmanuel Lutheran Church will be Rev. Elmer Neunaber of Redeemer Lutheran Church in Lubbock.

Rev. Neunaber is the fourth vice-president of the Texas District of the Lutheran Church—Missouri Synod. His area of responsibility embraces the whole south plains and panhandle of Texas, and he has been Redeemer's pastor 13 years.

The services will begin at 10:30 a.m. and 3 p.m. and will be directed toward the church's missionary activities here and abroad. The local pastor, Rev. Louis M. Wetzel, will serve as the liturgist.

A communal meal at noon will be served by the women of the congregation.

"People of the community are invited to hear this gifted church leader," concluded Rev. Wetzel.

## New Library Books

# Olton, Floydada Tangle In Next 3-AA Shootout

The game of "Chase Floydada," a regular occupation for the past three years, continues in District 3-AA. And week by week, the list of challengers dwindles and the group of spoilers grows.

Three weeks into the district schedule, and the Whirlwinds stand alone as the leader in 3-AA, a position it has held for three seasons. Record-keepers have to go back to the 1968 season to find a district loss for Coach L. G. Wilson and Floydada.

Last Friday in the midst of a fierce offensive battle, it took a defensive stand for the Whirlwinds to stay on top, however.

Floydada went on to pull out a 35-14 victory, to pick up its third straight district win. Olton and Abernathy played to a 21-21 draw, and now, the Mustangs face Floydada in this week's feature contest, a game with definite championship overtones.

The way the district is rolling, however, each struggle has that championship flavor. Olton is just half a step back of Floydada, with a 2-0-1 record. Littlefield is 2-1, and Abernathy 1-1-1. The lower division of Dimmitt, Lockney, Morton and Friona can pose problems, and Wilson admits it.

"Every week well, we knew before the season started it would be this way; someone capable of beating anyone else at any time. Just look at Morton; they knock off Dimmitt (30-8). They proved it can be done, and we realize each week is a tough one," said Wilson.

Littlefield won the league's fourth game, with a 35-0 shutout of Friona.

Bobby Rogers picked off a late Steve Stockdale pass to preserve Abernathy's 21-all tie and was the hero for the Antelopes.

During the game, Rogers scored once and rambled 165 yards on 32 carries. Should the game figure in the district championship, Abernathy led 7-4 in penetrations.

Elton Patton scored twice and rushed for 152 yards in leading Morton's massive upset of Dimmitt. The Indians scored in every quarter, tallying twice in the final 12 minutes.

Fullback Nati Anes accounted for 122 of Dimmitt's yardage.

Ralph Funk scored twice and buried an option pass to J. E. Johnson for another in leading Littlefield's 35-0 win over Friona. The Wildcats' only loss came to Olton and this week they play at Dimmitt in hopes of hanging in the race.

"I imagine—no, I know—the turning point was our defensive play in the third quarter," said the Floydada coach. "They (Lockney) had taken the second-half kickoff and driven inside our ten. We held them four times and took over on the four. They actually got to the three, but then got a penalty back to the eight."

"Then, they held us and we had to punt—our only punt of the game—but then we held them. It was 14-14 then, and if they had scored. . . . But after that, we scored three times in the fourth quarter and pulled it out."

"It was an offensive game—we rushed for 277 yards; they had 148—but that defensive series—with the entire team figuring in—made the difference."

"Now, we have to worry about (Steve) Stockdale. He is throwing well now, and his Olton receivers are catching the ball. I've got a knot in my stomach now; this isn't much time for a coach to relax."

# WILDCATS OF THE WEEK

J. E. JOHNSON      LARRY HOBRATSCHK      JERRY COX      MIKE CARTER

### OFFENSE

J. E. JOHNSON AND LARRY HOBRATSCHK were named by Coach Jerry Blakely as tops on offense in the Friona game. Johnson scored twice and blocked well, while Hobradsch hit on 5-for-5 extra point tries and also did a good job of blocking.

### DEFENSE

JERRY COX AND MIKE CARTER got the most standing defenders in the Friona victory. Cox is starting post as defensive tackle with a performance. Carter, a cornerback, was probably leader in tackles in the 35-0 win over Friona.

## District Powers Clash Friday

It will be the battle of Class 3-AA powers Friday night as Olton and Floydada clash at Olton.

Floydada leads the district with a perfect record in conference play, and Olton is trailing by a half of a step. The Whirlwinds went on the defense last Friday to beat Lockney, 35-14.

The Mustangs fought Abernathy to a 21-21 tie.

Class A Springlake-Earth will trek to Farwell for another conference tilt. The Wolverines had an unblemished district record until Friday when they bowed to Vega, 10-0.

Farwell fell to Bovina, 23-13, last week. Sudan will go to Happy for another chance at a Class A grid win. The Hornets took a last half beating by Hart Friday and were downed, 26-23.

Happy fell to Kress, 27-14, Friday night.

Anton and Amherst begin their district play this Friday. Both teams were open last week and should be in full strength for their district openers.

Undeclared Anton will host Matador Friday night before a homecoming crowd.

In Class B competition, Anton will go up to class A next season.

Matador bombed Rochester, 48-0, last Friday.

Amherst will open their district competition by traveling to Turkey for a Class B opener.

Groom gobbled Turkey, 45-7, in their last encounter.

Whitharral will host Wellman in eight man football. The Panthers fell to Cotton Center, 40-0, last week and Wellman took a 69-12, smacking from Smyer.

In 6-man football, Bula will travel to Union for another 4-B clash. The Bulldogs run over Flower Grove, 65-18 last week and Union dropped Southland, 47-6.

All games, with the exception of the Springlake-Earth and Sudan game, will be at 7:30. The Class A games start at 8 p.m.

## 7th And 8th Take Wins

Littlefield's 7th and 8th grade "A" teams won both games with Shallowater Tuesday evening.

Gary Whisenhunt took the opening kickoff and scored on the first play for the 7th graders, then added the extra points.

Richard Rogers scored for the 7th again on a bootleg play, and Whisenhunt added the points after. Rogers added six more on another bootleg, but the conversion failed to leave it 22-6 in favor of the home team.

The seventh graders are now 3-2.

The eighth graders are 4-1 for the year after downing Shallowater 24-6 Tuesday.

Bill Turner made the first six points on a 40-yard run, then added his own conversion.

A number of eighth graders aided on a safety for another two points. Then Turner scored another TD and added the extras.

Ronald Parmer added the icing with another TD for Littlefield.

Turner was named defensive standout and Richard Hopping was named offensive player of the game.

## Cats' Funk Could Hit 1,000-Yard Mark Friday

The pros shoot for it in 14 games, the colleges in 10, but Littlefield's Ralph Funk is aiming at the 1,000-yard rushing mark in his seventh game this year.

The 195-pound tailback in the Wildcat offense has gained 910 yards in 156 carries in the six Littlefield games thus far this year—an average of almost six yards per try.

Funk also has tallied 15 touchdowns for a 90-point total in scoring, and that's tops among District 3-AA players and on the South Plains.

Larry Hobradsch is the second leading Littlefield scorer with 25 points on one TD and 19 conversions. He has kicked 19 of 21 on the extra point tries, including the past 11 straight, without a miss.

Jay Trammell, the Wildcat quarterback, has completed 17 of 37 passes this year for 226 yards and two touchdowns. He has had two intercepted.

Trammell was over the 500 mark at the half of the Friona game last Friday, but he went 0-for-5 in the final two periods, after hitting 6-for-9 in the first half.

J. E. Johnson is Littlefield's top pass receiver at the moment, having caught five for 121 yards and two TD's.

## Pep Wins Cage Openers

In basketball action Friday, Pep and Spade clashed at Pep in a season opener. Pep won both the boys' and girls' game.

In the boys' action, Spade was tripped by Pep, 66-48.

Randy Kuhler and Dave Shannon were high scorers for the winners. Kuhler bucketed 23 points and Shannon sank 15.

David Gray paced Spade by sinking 15 points and Ronnie Nix got 12.

In the girls' game, Pep won over Spade, 59-45.

Miki Demel scored 31 points to pace the winners. Pam Demel followed with 11.

Debbie Myers came up with 20 points to lead Spade. She was followed in the scoring department by Gayla Freeman with 15.

## Annual Homecoming Set At Anton

ANTON—Anton High School will kick off their homecoming activities with a bonfire Thursday night, Oct. 21. A pep rally is scheduled at 3 p.m. Friday afternoon, Oct. 22, prior to the Anton-Matador game at Bulldog Stadium Friday night.

Prior to the football game, the crowning of the AHS homecoming queen will be held. Nominees for homecoming queen are Kim Newton, Pam Bell and Trena McLarty. Bill Walthall and Quinon Williams will present the coronation.

Anton is the only undefeated Class B school on the south plains, winning all five games they have played.

The 1969, Region I, Class B football champions will be honored during the homecoming activities. They will be seated on the sideline along with the current Anton Bulldog team.

Homecoming activities are sponsored by Anton Athletic Department, Student Council, and Ex-Student's Association.

ANTON HIGH SCHOOL will crown their homecoming queen prior to the football game Friday evening at Bulldog Stadium. Nominees are left to right Kim Newton, Pam Bell and Trena McLarty.

## WILDCATS MEET DIMMITT

Continued from Page 1

out-weighting Littlefield's line 24 pounds per man.

That heavy Bobcat line includes two very fine running backs. Bobcat fullback Nati Anes, 162 pounds, is very aggressive and quick. And while he isn't as big as some of the other linemen, he's a real threat on runs up the middle and on the trap play.

Blakely said 157-pound tailback Daniel Frieron is possibly the most dangerous with his good running speed and exceptional balance and quickness that can score from anywhere, particularly from the outside.

While Dimmitt is primarily a running team, the Bobcats can throw and receive. David Nino, slot back, and Charles McLean, split end, are both junior returning lettermen and favorite targets for QB Jerry Matthews.

Dimmitt's defensive line standouts boast senior Pat Barrios at 224 pounds, Annen Hollis, 199-pound defensive end, and another big senior, Jim Bob Ellis, a 190-pound middle linebacker.

Blakely said Dimmitt has a very defensive team and their QB, Morton was certainly no indication they can do.

Injury-wise, the Wildcats are Danny Estrada's knee injury in the game wasn't as serious as first thought and he will be starting against the cats.

**THE WILDCAT OFFENSIVE LINE**  
Matt Giles, tight end; Larry schk, split end; Chuck Blevins, tackle; Ricky Sanchez, weakside tackle; Scott McNeese, strongside guard; Pratt, weakside guard; Allen center; Jay Trammell, quarterback; Johnson, flanker; Dennis Nino, fullback; and Ralph Funk, tailback.

Defensively, the Cats will Grisham and Sanchez at ends; Estrada and Jerry Cox at tackle; Hamblin and Giles at middle line; Leneari Lewis and Johnson at linebackers; Mike Carter and Hobradsch at cornerbacks and Jerry Kemp at safety.
