Clayton Claims Lead In Race

Representative Bill Clayton has announced he is now assured that recent pledges of support have clearly placed him in the lead of the hotly contested race for Speaker of the Texas House of Representatives for the 1975 session. Clayton, who let it be known that his vote total is now approaching the 50 mark, remarked that he is pleased by the broad base of support he is attracting. He noted that several of the more liberal legislators have become recent supporters of his candidacy and various citizen groups across the state have begun to show a strong interest in the race. Clayton pointed out that local citizen interest is a new ingredient which has not before played much of a part in the selection of the presiding officer of the House. Clayton stated that he encourages citizen participation and feels all Texans should express their enthusiasm for a given candidate to their own representative who may not have committed to anyone for Speaker. Rep. Clayton, who was in Austin this week on his way to attend the Houston Governor's Conference on Intergovernmental Affairs, stated that, "My supporters and I are elated and

more confident than ever because of our position at this point in the race. The

Cash Bonus For 1st Bale

The Littlefield Chamber of Commerce and Agriculture is offering a \$325 cash "bonus" to the producer of the first bale of cotton ginned at one of the participating gins. The sponsors of the contest are: B&C Pump, Shook Tire Co., Lamb County Co-op Gin, Littlefield Farmers Co-op Gin, Speck Gin, Embry Gin, Lumsden Gin, Kinkler Gin, Littlefield Seed & Delinting, Armes Equipment Co., Littlefield Delinting, Security State Bank, and First National Bank, according to vice president of Agri-business, Barry Armes.

District Rotary Governor Visits

District Rotary Governor Marshall Formby of Plainview, in his annual visit to the Littlefield Rotary Club, told the members at noon Thursday that it is time Americans quit looking at the gloomy side of everything and took a look at the brighter side.

"About all that we hear today is how bad things are going and how tough it is in this country," Formby said, "I think it is time we took a look at how well things are going, and give thanks for what we enjoy in this nation."

He pointed out that America today is the most affluent nation since the dawn of civilization and that we are surrounded by luxuries available to the poorest person that were once beyond the dreams of even the very richest people.

Formby, who serves on the College and University Coordinating Board for Texas, pointed out that some young people today have a flaw in their education which causes them to be ashamed of their country, their parents, and the economic system that has put America in the lap of luxury.

"I want the kids of today to know where the money comes from—and to learn that it is not sinful to make a profit on a business transaction," he declared.

Formby complimented the Littlefield club for their Rotary activities and urged the continued support and enthusiasm of its members towards the projects of the club for the coming year.

Cats Win 53-14 Battle With Tigers

By ANDY ROGERS

The Littlefield Wildcats, biding their time in the first half while tiring out the Slaton Tiger defense, ripped for 33 points in the second half and came through with a redeeming 53-14 win Friday.

Littlefield's record now pauses at 2-1, the only loss last week's stumble to Levelland. But Friday, they proved that loss to be far behind them and the Slaton game could very well be an omen of things to come.

Though the second half belonged to Littlefield, the Tigers applied more early pressure than the Cats were expecting. They scored first when Sophomore Quarterback Greg Aycock tried a quarterback sneak on fourth and

a foot from the 33. He broke past the defensive line, popped into the clear, and raced Bill Turner into the end zone. The kick by Ricky Denzer was true, and Slaton was seven ahead with three and a half minutes gone in the game.

The Cats came fighting back after an exchange of punts. Starting on Slaton's 48, Littlefield began a seven play drive that resulted in Tailback Kenny Owens ripping up the left side from the 14, splitting two tacklers and stepping into the end zone. Turner's extra point kick was good, and Littlefield moved into a 7-7 tie.

The tie was short-lived. Slaton punted away their possession to the Cat 44. From there, Quarterback Terry Bryson See WILDCATS, Page 14

Cotton Crop Predictions Top Past Several Years

The Lamb County ASC Office has revised their bale count estimate for the 1973 cotton crop downward from 150,000 to 147,000 since the first last summer estimate.

Richard Newman, ASC county executive director, said he'd rather under guess than overguess. The lower figure follows some hail damage and several days of hot, drying winds after the first count was made.

The county extension office has predicted around 165,000 bales will be ginned in Lamb County from the 1973 crop.

Even at the lowest estimate, the predicted number of bales this year exceeds the past five years by several thousand. This year's estimate is based on from 9/10 to more than a bale per

acre county wide, including both dry land and irrigated cotton.

Lamb County has 166,507 acres of cotton this year compared to 144,518.5 last year. Less than 900 acres of cotton were destroyed this year, compared to 28,323.7 acres of destroyed cotton reported to the ASCS office last year.

Lamb County's 1972 bale count totaled 106,069 on 172,000 acres.

In 1971, county farmers ginned 84,747 bales from 178,100 acres.

In 1970, the bale count totaled 119,963 from 199,033 acres.

The '69 crop produced only 67,754 bales from 187,432 acres. In '68, 106,707 bales were ginned from 187,315 acres.

Punt, Pass And Kick Contest At Wildcat Stadium Saturday

Signups continue through Friday, Sept. 28, in the 1973 Punt, Pass & Kick competition co-sponsored locally by Carlisle Oldham Ford, Inc. and the Littlefield Quarterback Club.

The contest is open to grade school and junior high school students age 8 through 13. Participants compete against others their own age, and there is no body contact.

The local contest will be held at the Wildcat Stadium on Saturday, Sept. 29th, beginning at 9 a.m. Littlefield coaches will act as judges and members of the Littlefield Quarterback Club will assist with the local competition.

Each contestant will compete in three categories—punting, passing and kicking (using a kicking tee). Judges will score one point for each foot the ball travels on the fly, minus one point for each foot the ball lands to the right or left of the center tape. Judges' decisions will be final. In case of ties, tie-breaking rounds will be held to determine the

winner, but the original score of the winner will be recorded as the winners' official score.

Three trophies will be awarded in each age level in the local competition.

Youngsters should be accompanied by a parent or guardian when they register for the PP&K Contest at Carlisle Oldham Ford. There is no entrance fee, and no special equipment is needed.

Winners on the local level advance to zone competition. First place winners in the zone contests go on to district, then area, division semi finals and finally the national PP&K.

This is the 13th anniversary year for PP&K. From its beginning the youth activity has been sponsored by the Ford Dealers of America and the National Football League. In that time 9,350,000 youngsters have taken part in the competition, making it the largest and fastest growing activity of its kind in America.

ASCS Providing 500 Pheasants

The Lamb County ASCS office is participating in a pheasant stocking program again this year. The district has bought 500 birds, and of this number over 300 have been sold. Thus far, 171 birds have been released this season.

A few more birds are available to persons who would like to stock pheasants this fall. The 16-week-old See PHEASANTS, Page 4

Salvation Army Drive Starts With Tuesday Coffee

Warren Dayton, chairman of the Littlefield Salvation Army Service Unit has announced that the 1973 Salvation Army's annual appeal for funds will get under way on Tuesday, Sept. 25th.

Dayton has stated that this year's drive will have as co-chairmen Rad Richardson and Mrs. Jeni D. Brunson.

A goal of \$3,200 has been established for the unit in Littlefield this year. "The Salvation Army as well as the

businessman and housewife has realized a significant increase in cost of everyday operation, which is the main reason for a higher established goal this year," Dayton stated.

During this past year your local Salvation Army Committee has helped more than 300 individuals through its services in addition to acting as the local liaison for the Salvation Army's state wide programs which include such programs as young girls' home and

hospital, state wide disaster services, youth summer camps, Missing Persons Bureau, prisoner aid and the new home and rehabilitation center located in San Antonio.

This year's campaign will get under way with a coffee kick-off in the Reddy Room of the Southwestern Public Service building at 10 a.m. Tuesday.

Anyone wishing to help in this campaign or make a donation may call Warren Dayton at 385-5144.

Priority Project

WE MAY YET have to make the trans-Alaska pipeline invisible to overcome environmental opposition to construction of this vital link to badly-needed new petroleum supplies. While an invisible pipeline may sound preposterous, it is no more so than the practice of ignoring the urgent need to start solving the energy crisis while we go to whatever lengths are necessary to please anybody and everybody—a patently impossible task.

Building the trans-Alaska pipeline is a must, for it would ease the energy crisis by unlocking the greatest discovery in the history of petroleum operations on the North American continent—the estimated 10 billion barrels of oil and 26 trillion cubic feet of natural gas of Alaska's North Slope.

THE ALASKA PIPELINE has undergone long and intensive study. It is thoroughly researched and, in this respect, years ahead of any alternative

which would have to be developed virtually from scratch. It has been carefully designed and engineered to meet the rigorous challenges of Arctic topography.

It is the most expeditious way of bringing North Slope oil to market.

Finally, the Alaska pipeline has adequate financing—all from the private sector—and it will save the U.S. from \$5 billion to \$12.5 billion in foreign exchange over any alternative system.

THE TRANS-ALASKA pipeline can deliver North Slope oil with maximum safety and sooner than any alternative. Millions have been spent to design it and minimize its impact on the environment.

It may not please everyone, but neither will any other proposal. Meeting this nation's urgent need for secure supplies of essential petroleum should be our top priority at this point in time. —Industrial News Review

WHY NOT A HAT THAT FITS?

A Woman's View

By PEARL BRANDON

WHEN I THINK of all the problems of the people I come in contact with, I am made to think of the cry of David when he wrote, "Oh my God, I cry unto Thee in the daytime but thou hearest not, and in the night season I am not silent."

David's heart was heavy when he wrote that Psalm.

I READ ABOUT a preacher once who said in all his 35 years as a minister his experience had led him to believe that everybody was in deep trouble.

Sooner or later troubles come to all of us, however it don't necessarily mean they have to stay with us.

WHEN I WAS a child I learned an old adage. I don't know who wrote it.

For every evil under the sun there is a remedy, or there is none. If there be one try to find it, if there be none never mind it.

LONG AGO before Christ was born Horace wrote, "What cannot be removed, becomes lighter through patience."

birds sell for \$2 each, with one rooster put out for each four hens.

Pheasants have been put out east and north of Littlefield, and birds slated to arrive this week will be released in the western part of the county.

Last year 500 birds were released. Several reports of chicks from last year's release have been reported.

For further information or to place orders, call the Lamb County ASCS office at 385-4044 or use the pheasant order form printed in the ASCS newsletter.

OBITUARY

CLARA BALES RICHARDS

Funeral services for Mrs. Clara Bales Richards, 38, of Lubbock, former Littlefield resident who died about 10:30 p.m. Thursday, Sept. 20, in Lubbock Osteopathic Hospital, were conducted Saturday afternoon in the Hammons Funeral Home Chapel in Littlefield.

Rev. Benny Goss, pastor of the Sunset Avenue Baptist Church, officiated. Burial was in the Littlefield Cemetery. Mrs. Richards had been a Lubbock resident two years. She was a nurse's aide.

Surviving are a daughter, Debbie Gale Bales of Lubbock; a son, Ronnie Lee Bales of the U.S. Air Force stationed in Florida; two brothers, Chris Twilley of Eunice, N.M., and Travis Wayne Twilley of Cahone, Colo.; and a sister, Mrs. Cleta Doris Raney of Cimarron, N.M.

What I am trying to say is we can be happy in spite of our hardships.

I LIKE THE commercial that is on the air now. "Today is the first day of the rest of your life." Every day is a new start.

We don't have to let our mind dwell on all those old frustrating problems. We can pick up a good book or visit a friend—however, I know some people who are confined to their homes because of illness and some are almost blind.

A WOMAN said to me this week the skies were overcast, "These dark days are hard on people who are almost blind."

I wonder if we people, who are still able to get around and who can still see, shouldn't look around us and try to lighten the load of others less fortunate.

I THANK GOD that all our days need not be dark. David wrote the above Psalm when his heart was heavy but he also wrote "The Lord is my shepherd I shall not want. He maketh me to lie down in green pastures; He leadeth me beside the still waters."

The Lord may lead us over some rough spots getting there but He does lead us to places of rest and quiet.

HE LEADETH us to "Springs in the desert."

THE ABUNDANT LIFE

Make It Smooth

MOST OF US, perhaps all of us, like for the road of life to be smooth; but too many of us seem to want others to be responsible for making it so.

Others do have the responsibility for doing all they can to make the way smooth, but some do not accept this responsibility; or it may be that they don't know how to do it. We must, however, be thinking more about what we can do.

RATHER THAN FOCUS our thoughts on what others should be doing, or what we think they should be doing; it is better that we consider the matter from the standpoint of our responsibility.

What can we do to "make it smooth"? If we hold back, and wait for other people to accept this responsibility; we may wait a long, long time for desirable and happy human relationships.

"I WILL IF YOU WILL" is too much in our minds. I will be kind to you, if you will be kind to me. I will like you, if you like me. I will speak to you, if you will speak to me. I will help you, if you will help me. This is neither a mature nor a wise view, and does nothing to make the way "smooth." Somebody must take the first step.

IF, TO THIS, WE ADD the faulty view of being unkind, if others are unkind to us; disliking those who seem to dislike us; refusing to speak to those who do not speak to us; not helping the people who don't help us; the road we travel becomes very rough.

If we sincerely desire to "make it smooth", we will be "doing good for evil" in our associations with others. We

will make generous allowances uncalculated and unwise words and actions.

MANY OF THE ROUGH SPOTS the consequences of very foolish attitudes and actions, and would not exist; if someone cared enough to exist and act with generous understanding.

Someone has written a corollary "Golden Rule"—"As you act toward others, others will be inclined to act toward you." This general guideline followed consistently, will be the greatest help to us, to all of us in the way we travel together a "smooth" way.

THERE WILL BE SOME rough spots for most of us, in our journey through life; but there is no reason for making the whole way rough.

Even the "rough" places, we cannot be removed, can be negotiated with greater ease, when we are determined to make the day-to-day movement "smooth" as possible.

SOME OF THE TOOLS we must use to "make it smooth" are courtesy, understanding, long suffering and endurance, consideration, sympathy, helpfulness and willingness to do more than "our part", to go "more" than the way.

Of course, all of these attitudes and actions must be properly related to "knowledge" and "good judgment."

THE WAY WILL BE "rough" "smooth", as we choose to make it.

P.S. We miss everybody—BW

By CORNBALL BLEVINS

WELL, NOW, if the last couple of days' weather won't yellow the grain and open the cotton, we're in trouble. A fellow was in the mill a couple of days ago, and reported that it'd frosted up north of Dimmitt.

Kind of shook me up 'til I remembered that he hadn't said just how FAR north of Dimmitt that was.

WE HAVE NO ALIBIS for the ball game last Friday night. We were simply beaten by a team that was a "readier" than we were.

Of course the Slaton game will be over by the time you read this, but I betcha, we won!

We've got a great bunch of kids, and unless injuries and hard luck dogs them, they'll go far.

HAVE JUST WITNESSED the shame of Big-Mouth Bobby Riggs at the hands of Billie Jean King. Which may, or may not prove anything, except that Billie Jean is the best tennis player.

'Twas billed as the "Battle of the Sexes" and drew a tremendous crowd. Of course Mr. Riggs was only giving away twenty-six years, in age. I'm sure that was the deciding factor.

IF NOTHING ELSE, however, the defeat will shut his big mouth a while. Needless to say, I rooted for the King all the way through, on that count.

But as for deciding the superiority of sex, I can't buy it! Somehow I've got feelin' that we need BOTH sexes, in an old world. I certainly wouldn't want to compete with the little woman in a field of housekeeping, cooking, motherhood, and that's a fact!

REALLY, I KINDA feel sorry for Ol' TR. He tries to write a column, yet, is hobbled by the fact that business forbids that he takes sides politics, weather control, nor elections. In fact, I'm about the only one he CAN pick on!

LEAVES ME in kind of a bad spot, say. Seeing as I don't buy seed.

TIME TO PANIC, again. Congress back in session! Sure hope they're more on their minds than Watergate.

Come to think of it, how can we keep goin' up when we're supposedly peace times?—Congressional raises?

Turn Row COMMENTS

By EMIL MACHA

SAY YOU FARMERS, if you have a weed problem and a poor crop, don't give up. After attending the Hockley County Farm Tour Thursday, a farmer in the Oklahoma Flat area turned a salty piece of ground into cash.

As most people know, the Oklahoma Flat area is about 12 miles southwest of Littlefield. Some of this area is sub-irrigated with salt water. Many farmers in the area have dug post holes and come back to the hole later and found it full of water. The salt water table is about five feet below the surface of the earth and this makes it very difficult to get crops to come up, but when they do, you usually have an exceptional crop.

Back to the original story. This particular farmer was not able to get his soybeans up, but he did get a good stand of Kochia or Iron Weeds on part of this particular 100 acre field. While farming the remainder of his land, he neglected this particular field and the weeds became very healthy growing in this moist salty ground.

The amazing part about this story is that the Matador Cattle Co. needed extra acres for grazing and they bought this particular field of Iron Weeds for 400 head of cattle. They had put on 700 head of cattle, and the 400 head this past week and the 300 still grazing 300 head and the weeds do not show much sign of grass. protein check on the Iron Weeds about three percent less than alfalfa.

I CAN'T BELIEVE Cornball's big intelligence that he published the last column would be that element. Of course coming from him I guess it is the best he can do.

Instead of insulting him with correct answer to his question, I'll just pass on the answer unless I have more comments on it.

SORRY JV FOOTBALL players had to leave at the half so I could see "Bonnie and Clyde" on the tube. I was disappointed in the film. To me, wasn't like the true version. Of course how do I know, I wasn't there but late G. T. Cory was there.

Mr. Cory was a resident of Littlefield until his death, and a former sheriff of one of the counties below the Capitan did know Bonnie and Clyde and was one of the few men, if not the only man, to have been captured by Bonnie and Clyde and lived to tell about it.

WOMEN'S LIB TOOK another step as Mrs. King dominated the court, Thursday, in one of the publicity stunts of this generation. She may not have done a lot for the game, but it filled a few pockets with cash. Guess that's the name of the game anyway.

IT ISN'T THE people who are something for nothing causing all the trouble...it's the ones that have trouble in getting it.

QUALITY PEANUTS High quality peanuts can bring more profit than just high yields, says an economist for the Texas Agricultural Extension Service. The grade of the crop is all-important, and high quality peanuts can often bring \$100 a ton more than those of low quality. Proper harvesting is crucial for a good quality crop. Dig the crop only after it is mature; cure it properly before combining; adjust the combine properly and operate it at the proper speed; and dry the crop properly after harvesting.

It is essential that all officers attend this school and will have completed one year's service prior to May 1974, as SPAG will not offer another Basic Police Training course before that date. According to Royce Cantel SPAG Training Coordinator.

The program was as delightful and entertaining as had been anticipated. The presentation by Mrs. Harold Green of Tahoka was superbly

done. Her subject, "America the Beautiful", was the thoroughly prepared. She presented slides of the various beautiful scenes depicted in the much-loved American song: "Spacious skies, amber waves of grain", majestic trees, mountains, streams, and the many beauties that America offers us.

Mrs. Green accompanied the showing of the slides by reading appropriately chosen poems. Her closing thought reminded us of this universal truth: America with all its

beauty contributes tremendously to the happiness of mankind, but what really makes America is her people—all of them—every color, creed, and race.

ANTON DEFEATED ANTON Friday night in a fumble-plagued, but hard fought ball game. The Hornets came out on top by a 24 to 20 margin. Shown in the left photo is Williams of Sudan being pursued by an Anton defensiveman. In the right photo, Wills picks up good yardage as James Aldaco attempts to block a Hornet. Anton scored first in the game on a TD by Wills but Sudan came back in the second quarter and tied it up as Mark Hanna scored and Williams added two extra points to make it Sudan 8, Anton 6 early in the second quarter. The Hornets came right

back and scored again as Pat Hodges scored the go ahead touchdown and Williams again added two to make it 16-6 at halftime. Anton scored their second touchdown on a pass to Brady Goen and on a fake kick, Pete Caswell added 2 more for Anton to make it 16-14. Williams of Sudan scored again with 8:24 left in the last quarter to make it 22-14 and then Mitch Chester added the two extrapoints to make it 24-14. Anton rallied as Wills scored again but the try for two failed and the final score read 22-20, Sudan over Anton. (Staff Photos)

Robert Mayberry supplied the offensive punch on Dimmitt's first four touchdowns with runs of 50, 30, 35 and 10 yards. Gene Veals scored from the one in the fourth period, and on the last play of the game, Ronnie Lawson threw a 40-yard touchdown bomb to Jimmy Furr. Rick Wright connected on all six extra points and booted a second quarter field goal.

The Bobcats, a member of District 3-AA, now possess a 3-0 record. They play Littlefield, Oct. 19 in the first district game for both teams.

Girls' Staters Give Program

ON-Girls' State representatives Jerria Cantu and Mary Cantu presented a program at the night meeting of the Study Club. The theme

of the program was "This World is Ours Through Americanism."

Girls' State is conducted as a laboratory for learning the responsibilities of citizenship and the Texas government processes according to the girls. Jerria was elected a city councilman and Mary was elected a county commissioner.

During the business session that followed the program, Mrs. Reese Pritchard, pres., presented the resignation of Mrs. Jerry Biffle as treasurer. Mrs. Hoyt Cranfill was elected treasurer for the ensuing year.

A proposed change in the by-laws of the constitution was submitted to raise the annual dues to \$10. This change will be voted on at the next meeting of the club.

Mrs. Max Washington was elected to membership by the members of the club.

Mrs. Ed Hart reported that approximately \$300 had been raised toward the purchase of a two-way radio for the city ambulance.

Mrs. Ray Peacock, guest, and members were served refreshments by the hostesses, Mrs. Hoyt Cranfill and Mrs. Ed. Hart.

Olton Ends Streak Stops Lockney 26-21

The Olton Mustangs snapped out of their two-game losing streak Friday with a 26-21 victory over the Lockney Longhorns, tabbed as champions of District 4-AA. The game was delayed 40 minutes at the half when a two-car crash five blocks from the stadium shorted out Olton's electricity.

The delay might have turned the game around for the Mustangs. Down 14-0 at the half, they had to cross the goal line three times in the last 10 minutes for the victory.

An eight-yard run by Robert Delgado and the 70-yard punt return of John Clark gave Lockney its first half lead.

In the third quarter, Joel Alcorta ran for a five-yard touchdown to put Olton on the board. The run for extras failed.

Delgado scored once more to open the fourth period and put Lockney up 21-6.

Then Alcorta scored on runs of three and five yards, but both times the extra point attempts were stopped.

The Longhorns were forced to punt with 1:11 left in the game. The ball shot straight into the air, and Olton was

given one last chance to win. They used the break, and

Glen Johnson stepped into the end zone from six yards out.

Alcorta ran for the extras, and Olton pulled it out 26-21.

QUARTERBACK TERRY BRYSON rips out good yardage on a sweep in the Wildcat's win over Slaton Friday. Bryson scored three times and picked up 121 yards on 20 carries. (Staff Photo)

... WILDCATS

Continued From Page 1

contributed a 16-yard scamper and Flanker Pat Henderson added a 16- and 15-yarder to put the ball inside the five. On second down from the three, Bryson faked to a diving Owens and slid in behind right tackle for the score. Turner's PAT was blocked by Chris Williams, so the score stayed 13-7.

Slaton scored on their next drive, due largely to the heroics of Tiger End Bill McClesky. He pulled in a 22-yarder from Aycock to put the ball on the Cat 34. Then, on second and nine from the 22, he sprinted a few yards downfield and then cut sharply to the sidelines. Aycock's pass was batted into the air by a Cat defender, but McClesky gathered in the ball while falling on the nine. Running Back Greg Sokora finished off the drive by slipping into the left corner of the end zone from the three. Denzer's kick split the uprights, and Slaton pulled back into the lead with 3:39 left in the half.

Littlefield returned the kickoff to the 40. Craig Ratliff made a first down on the Slaton 39 via a Bryson pass, but on the next play, Littlefield was penalized back to their own 45 for having an ineligible receiver downfield. On third and 17 from the 46, Henderson got outside and sped down the left sideline to the eight. Bryson scored from the four on second down, but the try for extras failed when Bryson's pass to Turner was batted down. There were only 53 seconds left in the half, but Slaton had thoughts of one more score before heading into the dressing room.

With the aid of a facemasking penalty, Slaton took the kickoff and powered straight up the middle to the Cat 24. Aycock fired a perfect strike to Sokora on first down, and he was brought down on the four. The clock ran out and the Cats headed into the dressing room, but the referees ruled that Sokora called for time out with two seconds left. Clarence Trotty swept the right side on the extra play, but he was tackled on the two by Henderson and Turner.

The second half was all Littlefield, and the fourth quarter was highlighted by the play of Sophomore Turner.

Edward Yoakum picked up a Tiger fumble on the 47 to set up Littlefield's first score. Owens carried five times for 26 yards in the drive, and Bryson sneaked over from the two. Owens added the extras by running through a gaping hole in the right side, and the score began to mount.

Henderson recovered the next Tiger fumble, this time on the Cat 28. On third and five from the 46, Bryson rolled left, faked the option pitchout and cut between tacklers all the way to the 13. From the eight, Owens exploded up another big hole in the right side for the

touchdown. The try for extras failed, and Littlefield led 33-14.

Opening the fourth quarter, Ricky Richards contributed a big play to stop Slaton. Aycock tried a quarterback sneak with fourth and one from the Cat 39. Richards stuck Aycock almost at the same time the ball reached his hands, and Littlefield took over on downs. From the 50, Henderson ran a trap to the left side, and dodged past several Tigers before finishing up in the end zone. The PAT pass was tipped at the line of scrimmage and fell incomplete.

Slaton punted to the 28. On second from the 23, Kelly Pratt, replacing Bryson at quarterback, dropped back to pass behind good protection. He laid the ball perfectly into the hands of a streaking Turner, who had slipped behind the Slaton defender. Turner raced in for the score, then added the point after kick for a 46-14 lead.

Slaton came back passing. On second from the 29, Aycock was pressured by the Cat line and threw up a prayer in the direction of McClesky. Five players gathered under the ball floating down on the 49, and Turner jumped highest and came down with the ball locked in his

arms. Pratt rolled left for 20 yards to the 29. Then a holding penalty brought the ball back to the 42. Benny Williams picked up 15 up the middle, but another penalty moved the ball back to the 32. Pratt was trapped on the 35 on third down, and his fourth down pass was incomplete.

Aycock went back to his passing "attack". He laced a long one to McClesky on the Cat 32, but the ball was batted into the air, and again Turner came up with the interception. He turned upfield, and outran Aycock to the end zone. He added the point after, and Littlefield's total stopped at 53.

Typical of the second half, the game ended with Slaton punting out of trouble deep in their territory.

The Wildcats had a great night rushing. They topped out at 404 yards on the ground. Henderson carried 11 times for 155 yards, for an average gain of 14 yards. Bryson made 121 on 20 carries, and Owens had 93 on 18 attempts.

Next week's opponent, Muleshoe, halted a three-game Cat win streak last year with a 42-14 win. This year they are 2-1, following a 27-6 win over Friona Friday.

Frosh Score Second Win, JV Defeated

The Littlefield Frosh won their second straight game Thursday over Levelland while the Junior Varsity was tripped up by the Lobos.

The Frosh scored a 14-6 win while the JV lost 20-6.

"We moved the ball real well in the first half rushing for over 100 yards", said JV Coach Robert Bolton. "Then we came back in the second half and rushed for zero. They really shut us down in the second half, but by the same token, we shut them down. They had one long run in the second half, and that was all." Levelland was up 14-6 at the half, having scored twice in the second period. Steve Cruz scored Littlefield's lone touchdown on a 17-yard run in the first quarter. The Lobos scored their final TD late in the third.

"We adjusted to their offense at the half, and the boys did a real good job adjusting," Bolton said. "We stopped what they had been hurting us with in the first half."

"Dean Walden (offensive tackle) played well, as did Larry MacDonald, who started both ways on the line for us for the first time. Albert

Ayala ran well, and was our leading ground-gainer (64 yards on five carries). Ricky Hodge and Danny Martinez did a good job defensively.

"I think our boys will come off of it all right. We don't know that much about Frenship (next weeks opponent), because we've never played them before. They use the Wishbone formation offensively, and defensively play the same as the other teams we've played."

The JV now stands at 1-1, after winning their first game of the year against Tahoka.

For the Freshmen, who won their first game in two years last week against Tahoka, the Levelland win proved that last week was no fluke. "I'm just tickled as I can be," said Coach Eddie Hooper. "It was a real mental boost for us to win, and be able to carry our win streak with us for awhile."

"Overall, we felt like we had a good game. Defensively, I couldn't point out any particular person, we just had a real good team effort. Offensively, our line showed much improvement since last week. Their quickness and

blocking was much better, and they showed much more desire. Our backs did a good job running the ball."

Wormley scored on a run up the middle of 30-40 yards and on a 10-yard run. Ralph Mendez kicked both points after.

"Our attitude is really built up," Hooper said. "The kids couldn't be working any hard-

er, and I feel like we're really going to come around."

We showed a lot of improvement between games, and it's going to take improvement like this for us to be a really good team.

"We play Frenship, there, next week, and it should be a pretty good test for us. They run out of a Wishbone, which we haven't seen before, but

their defense is the same as we've been playing, so we will be some advantage."

Amherst Ambushes Nazareth, 32-6

The Amherst Bulldogs pounced on the Nazareth Swifts Friday and chewed out a 32-6 district win.

Amherst lost last week to Smyer in their first district game, and now stand at 2-1 for the year.

Butch Sutton led the Bulldogs with 24 points. In the first quarter, he took a 32-yard scoring pass from Stanley Miller to put Amherst in the lead, and then kicked the extra point. He ran for another TD in the second period, kicked the extra, and finished the quarter with a field goal.

Sutton sped 29 yards in the third quarter for a 24-0 Amherst lead. In the fourth period, Frankie Williams hit Randy Miller for a 30-yard touchdown pass. Stanley Miller ran for the extras.

Nazareth scored their lone TD in the third quarter, when
