

# Vegetable Production Getting Trial In Area

## MORE NEEDED

### Rain Spots Area

Light to moderate rain showers fell over the area Monday and Tuesday evenings, but with cotton planting deadlines looming, this May remains one of the driest in many years. Anton was one of the few communities reporting rains of one inch or more and Anton residents received 1.25 in 20 minutes. Spade, Hart Camp and Whitharral reported precipitation of up to one-half inch.

Littlefield received only light showers both nights, with the rainfall heavier in the south part of town and measurements heaviest one to two miles south of the city limits.

Farmers wanting to participate in this year's farm program must have cotton planted by June 1. Faced with this mandate, some dryland farmers are planting and hoping for a rain sufficient to get their crops up to a stand.

## 35 Acres Of Melons Under Contract For Seed

In a continuing search for crop income in this area, several farmers are experimenting in growing products for seed production this year.

C. E. Jones, Deb Bawcom, Bill Taylor and Joe Montgomery are producing 35 acres of water-melons this year for a seed plant at Weatherford.

Four varieties are being grown and after maturing, the melons will be run through a seeder and distributed all over the world.

I. F. Sumrall is credited with the idea for production and for getting the pilot program going here. Sumrall formerly knew the Parker County seed producer when he lived at Plainview, and the plant operator, in turn, knew this part of the Plains and its potential. Sumrall was instrumental in setting up a meeting here with prospective producers.

The seed is being grown under contract, with the seed company furnishing breeding stock seed with the stipulation that the varieties must be separated at least one-fourth mile apart. In this case, the various varieties are being grown on different farms.

Johnnie Gallini is producing 10 acres of bell pepper, 10 acres of yellow squash, four acres of tomatoes and one acre of hot peppers this year.

Although 31 acres of vegetables would make some kettle of soup, it doesn't compare with the 450-500 acres of tomatoes and bell peppers Gallini raised in the 1950's.

Some of Gallini's produce will be sold out of the shed that will be located behind the Virgie Haile home on the Highway 84 bypass, but the majority of the produce will be sold wholesale to the Ben E. Keith Company in Lubbock.

Gallini planted four acres of bell pepper on the Leroy Wallace farm at Spade this week, also.

C. E. Jones and Deb Bawcom are growing about 45 acres of carrots for Campbell Soup Company. Jones had his carrots up and growing good until a little rain shower fell last week, and winds blew dirt on the wet leaves. Tuesday, Jones was in the process of planting about 12 acres of his carrots over.

In addition to the carrot acreage, Jones is growing a few rows of tomatoes and squash on an experimental basis for the soup company, and Bawcom is experimenting with a few rows of machine harvest tomatoes, cabbage and carrots.

GRADUATION EXERCISES are emotional times for both seniors and underclassmen. At Amherst Tuesday night, junior usher, Kay Campbell, was "just killed" as she left the ceremonies. ## GRADUATION TIME FOR BINGHAMS

# More Fun Third Time Around

By NILAH RODGERS  
Leader-News Staff Writer

Friday night Tonya Bingham becomes her third generation family member to graduate from Littlefield High School.

When Tonya walks down the aisle in her cap and flowing gown, she will stir memories

of similar treks made by her mother, Mrs. Buddy (Charlotte) Bingham and "Mi-Ma", Tonya's grandmother. Mrs. Stanley (Vilas) Doss.

The event will bring back a flood of memories to Mrs. Doss' mother, Mrs. J. W. Emfinger, too, who saw her son Norman,

daughter Vilas, granddaughter Charlotte, and now great granddaughter Tonya march up to accept their diplomas and accept their places in adult society.

Has education changed much since Mrs. Doss graduated in 1930? "They learn more, for one

thing," Mrs. Doss said. "When students finish high school now, it's more like war than three years of college was when I finished."

Several teachers who taught Mrs. Doss were also teaching when Charlotte and Tonya attended Littlefield schools. Mrs. Ruth Badger taught Mrs. Doss first year Spanish and taught Tonya and her little sister, Thriess, English.

Among Mrs. Doss' teachers who still live here are Mrs. Patsy Brittain, Mrs. Flora Best Boone, Mrs. E. S. Rowe, Mrs. Archie Brown, and John R. Tucker.

F. O. Boles was principal and Mr. Harrison was superintendent when Mrs. Doss was in high school, and Pat H. Boone and A. P. Duggan were among board members.

J. E. Chisholm Sr. was principal of grade school then, and Mrs. T. Wade Potter, Mrs. W. G. Street were on the teaching staff.

Long and curly was the only way for girls to wear their hair then, and Mrs. Doss recalls how Billie Hall always pulled her hair in study hall, that Kenneth Houk tormented her, and that Fly Thornton was a "mess" and had a good sense of humor.

Mr. and Mrs. J. W. Emfinger moved from the Blackwell-Bronte area to Littlefield in a Model T in 1924 and ate their first lunch here with the E. M. Davis family.

Following the example of prairie dogs and the settlers who arrived ahead of them, the Emfinger's first few years were spent in a half dugout.

Troy Davis, Roy Bennett and Mrs. Bill Yeary were among Mrs. Doss' bus/truck drivers. "But we had our chores to do before catching the bus," Mrs. Doss said, "and after we got home, too. The buses didn't have heat then, and the routes were so long the bus would come by before daylight.

Tonya turned up her nose and made an "ugh" sound to Mrs. Doss' description of the cotton stockings and long-handled underwear worn by her grandmother in the winters.

Working in the fields two to six weeks after school started to help get the crops in didn't sound like fun to Mrs. Bingham and her daughters. "But everyone worked then," Mrs. Doss said, "they had to. There was a depression then."

After graduation, Vilas Emfinger married Stanley Doss and moved to Sudan as a bride. Stanley worked in a grocery store and Mrs. Doss had the

finger moved from the Blackwell-Bronte area to Littlefield in a Model T in 1924 and ate their first lunch here with the E. M. Davis family.

## Tires Destroy Home, Cafeteria

serious fires have occurred in Lamb County the past days.

Monday afternoon, Littlefield firemen made a run to the home of Mrs. Brown, located

seven miles east and two north of Littlefield.

Their home was a total loss. Brown was attempting to blow dust and trash from an air conditioner with butane from a tank, when part of the house exploded and caught fire.

The explosion apparently caused the telephone lines to come loose, and they could not contact the fire department for some time.

Fire chief Leon Durham said the roof was falling in when they arrived.

Brown was treated at a Littlefield hospital for burns on his hands.

Monday night at Amherst, Berry's Cafeteria was gutted by a major fire.

According to Alex Berry, owner of the business, the fire apparently started in some electrical wiring in the ceiling at about 8 p.m., shortly after they closed.

Joe Brandstatt owns the building.

The Browns are being aided with showers by residents in the area.

Wednesday afternoon, Littlefield Women's Club and First Baptist Church honored the couple with miscellaneous showers, and another shower is being planned by Spade's United Methodist Church Sunday night at 8 p.m.

Some of Gallini's produce will be sold out of the shed that will be located behind the Virgie Haile home on the Highway 84 bypass, but the majority of the produce will be sold wholesale to the Ben E. Keith Company in Lubbock.

## Wreck Hurts Student

Mrs. Dent, a Springlake-Earth resident, was injured in a two-car accident near the S-E school during graduation exercises Monday night.

Mrs. Dent was a passenger in a 1964 Pontiac wagon driven by Michael Lynn Cleavenger, 15, of Springlake.

The Cleavenger vehicle was involved in a collision with a 1968 Buick driven by 18-year-old Larry Parrish of Springlake.

Parrish had started north on Highway 802 and had stopped momentarily. Cleavenger was passing north, also, having just turned out of the school parking lot, and hit the rear of the Buick.

Mrs. Dent's head apparently struck the windshield, and she was taken to the Littlefield Hospital in a semi-conscious state.

Highway Patrolman Weldon Johnson investigated, and estimated damages of \$500 to the Buick and \$200 to the Pontiac.

Several plans for Festivities were made by members of "We, The Women" when they met in their regular monthly meeting Tuesday at noon.

Highlights of the celebration "We, The Women" will be the unveiling of the "Tallest Windmill" historical marker at 10 p.m. on Friday, Aug. 28, at the Sidewalk Art Festival at 4 p.m.

The organization is planning to enter a contestant in the Littlefield Pageant that will be held at the home of Lena Shotwell.

Shotwell was named chairman of the committee to seek a contestant, and she will be the contest judge. Betty Kehoe and Janice Kelly will be the judges.

Chairmen of other committees were appointed. Betty Hodges will serve as chairman of the windmill unveiling ceremony; Flo Hodges will be ticket chairman for the Women's portion of the car drawing contest; Janice Kelly is chairman of projects; and Dorothy Harvey will serve as chairman of the Sidewalk Art Festival.

The organization will again

## Ceremony Set For 101 Grads

One hundred and one Littlefield High School seniors will receive diplomas in graduation exercises at the Littlefield Junior High Auditorium tomorrow night at 8.

The valedictory address by Geoffrey Grizzle and the salutatory address by Steve Owens will be preceded by the invocation given by LHS senior Gary Nace.

LHS class president L. D. Holt will preside over the assembly ceremony, and class member Mark Jordan will give the benediction.

TONYA BINGHAM gets help a plenty from her mother, Mrs. E.D. (Buddy) Bingham, and her grandmother, Mrs. Stanley Doss, as she tries on her cap and gown. Tonya is the third generation family member to graduate from Littlefield High.

## Police Check Vandalism

City police arrested and jailed six persons over the weekend, and investigated two cases of vandalism.

One adult was jailed Saturday night, charged with drunk in public. He was fined and released Sunday morning.

Early Sunday morning five minors were jailed, charged with minors in possession and consumption. All were fined and released.

Sunday, Kenneth Diersing reported that someone had broken out the right vent glass on his Plymouth while it was parked at Lamb Bowling Lanes, and police are investigating the incident.

Another case of vandalism occurred Tuesday night when Myrtle Chambers reported that two small boys threw a small rock at her car as she was passing by, and the rock cracked her windshield.

Police have investigated only one wreck this week.

Sunday afternoon, Vernell Kemp Jr. and Wayne Wilson Streety, both of Littlefield, were involved in a collision on East Delano.

Kemp's 1963 Chevrolet and Streety's 1966 Ford pickup were both traveling east on East Delano, between Phelps Avenue and LFD Drive, when Streety didn't

see the Kemp vehicle and attempted to change to the right lane.

The pickup struck the automobile in the left door with the right front bumper and fender.

Approximately \$90 in damages occurred to the Chevrolet and about \$80 to the pickup.

## Memorial Day Closings Set

Some Littlefield offices will be closed tomorrow, in observance of Memorial Day, and some will be closed Saturday.

City Hall will close their doors at 5 p.m. today for a long weekend, and all federal offices, with the exception of the post office, will be closed Friday and Saturday.

The post office will be closed all day Saturday.

The court house will remain open for business as usual Friday, but will be closed Saturday.

Several downtown businesses will be closed Saturday.

## Slow 'Er Down

MEMORIAL DAY signals the beginning of the summer travel season for thousands of Texas motorists.

Too often, however, these travelers think about fun, not driving safety.

The Texas Highway Department works constantly to make travel on the Texas highway system as safe and convenient as possible.

MORE THAN 56,500 men, women and children were killed in highway crashes in 1969.

The toll was up from the 55,300 killed a year ago.

Figures in a report show that excessive speed was the chief cause of death, that drivers under 25 years caused a disproportionate number of accidents, that three out of four people were killed or injured on dry roads in clear weather, and that crossing between intersections was the major factor in the deaths of nearly 10,000 pedestrians.

A GROWING PROBLEM for many

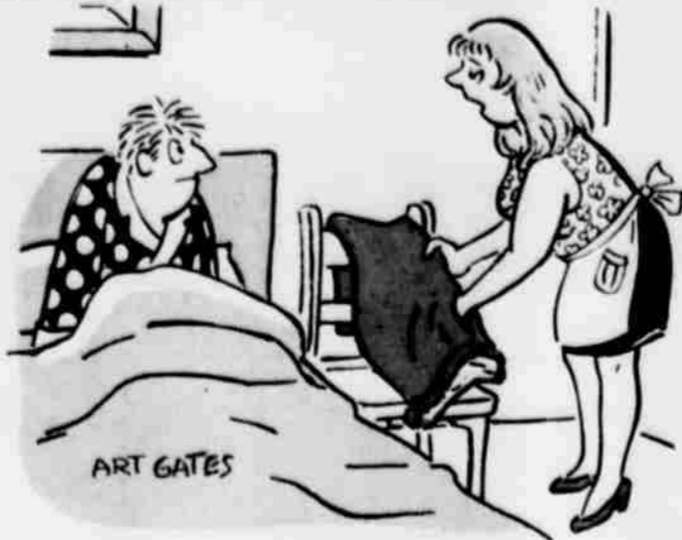

drivers is the interstate highway. Seen from an airplane, these ribbons of concrete and tar present an impressive design. But to a driver they can be a trap -- a fatal trap.

MANY DRIVERS do not know what a "yield" sign really means, or recognize the crucial importance of minimum and maximum speeds, the danger of blocking the outside, passing lanes, or know how properly to change lanes.

Outmoded or improperly designed highways -- whether because of terrain or poor judgment -- and the lack of a uniform highway sign code tend to confuse drivers.

THE STRANGER to a highway slows down while the native zooms by, setting the stage for an accident. The annual survey asserts that driving on some interstate highways can be likened to a war.

THE DRIVER MUST ARM himself with concentration, a defensive attitude and a serious study of the new rules of the road.

"Would you believe it if I told you my hand got cold?"

## PAUL HARVEY 'Go Boom'

ignore this civil revolt.

MAN CAME UP from the mud with a weapon in his hand. Lacking camouflage, claws or fangs, he could never have survived--without that weapon.

When the bone became a stone and the stone became a spear, mammalian man stayed a step ahead of his pursuers.

ONE DAY his increased enlightenment produced gunpowder. Then and thereafter, however he struggles to elevate himself above his primeval past, even when he is not threatened, he'll go looking for trouble--for man remains enamored, fascinated with things that go boom.

Sometimes I think I must be more woman than man, because men wearing wars seem to me like boys playing games.

THE OTHER DAY New York's Mayor John Lindsay was speaking to students at the University of Pennsylvania. Then and there he said the real "heroes of this war" are those who "avoid military service and pay the price."

HOW UTTERLY DREADFUL that a civil administrator should counsel young men to "break the law." But then I got to thinking about it. The mayor had not really counseled young men to flout the law. He said they should expect and accept the legal judgment and punishment.

AND WHAT HE SAID is being said by so many--and considered by so many others--that we cannot longer

WHEN TWO-THIRDS of the students and faculty at Princeton vote to strike in opposition to President Nixon's larger war in Cambodia, not all of those can be dismissed as crackpots.

Most young Americans really love our country and appreciate the advantages of our admittedly imperfect system, but they do not believe that patriotism commits them to be pro-administration.

YOU AND I GREW UP parroting some classic quotes: "My country, may she always be right, but right or wrong, my country!"

"I regret that I have but one life to give for my country."

"Give me liberty or give me death!"

AND TO US, patriotism implied blind acceptance of contemporary government policy in foreign affairs; "Politics stop at the water's edge," we said.

Now long comes a 1970 generation with less fascination for things that go boom--rightly resenting paying with its lives to recover its elders' fumbles.

AND YOU DISAGREE on a matter of policy without unpledging your allegiance.

When Christ was 12 he started a "youth movement." He went into the temple and pointed out to the doctors where they had gone astray.

His effort was not to undermine the establishment, but to restore it--not to destroy the establishment, but to renew it.

## HOMINY GRITS

By CORNBALL BLEVINS

I BETCHA' there's a bunch o' people that's hopin' that Nixon's plans in Cambodia don't work!

Nothin' as irritatin' as, after makin' a big fuss about somethin', where it's proven that you're wrong, in no uncertain terms!

IF THE OPERATION proves successful, and the American boys ARE pulled out on schedule, somebody's got a lot o' crow ta' eat--Namely, the Fulbrights, Lindseys, along with a bunch of others in high places.

Add to these, the leaders of the demonstrators, and rioters, along with their subversive agitators, and that would be a show worth watchin'! 'Course, I claim to be Christian, but I'm afraid I'd really enjoy myself at this party.

MAYBE IT'S wishful thinkin' but seems to me that the operation is coming along pretty well.--Musta' caught the enemy with at least SOME of his plans down, else would he give up so much of his armament with so little fuss?

Of course, Mao's hurt about the whole deal.--He's calling on all the radicals all over the whole world to "shame on the mean ol' U.S.A." (This story buried in the back pages

of our suburban newspaper.) If Nixon's plan DOES work, maybe Mr. Mao can get together with some of our congressmen and students, and they can all cry in their beer, together!

ANOTHER THING that would really hurt, would be for the great CBS to have to report the whole proceedin'!--Could you imagine the praise of Mr. Cronkite? --(Come to think of it, I can't imagine this, myself.)

WHILE WE'RE imaginin' things, --Could you imagine a congress that would forget party affiliations, after it's elected, and just work for the overall good of the nation?--(This MUST be Paradise!)

--Stretch your imagination a little further, and think what it would be like if our government could be run without graft, and ALL our tax money was spent for worthwhile causes.--(I must be nuts!)

NOW IMAGINE how efficient our President could be, if he had the support of all Americans!--The proper way to demonstrate displeasure with his policies is by correspondence, and, finally, BY BALLOT!

Oh, well, a guy can DREAM, can't he???

## A WOMAN'S VIEW Our President

By PEARL BRANDON

WHAT ARE WE doing to our President?

I heard a news commentator a few days ago say that President Nixon was aging visibly.

Deep lines are forming around his eyes and mouth and his face is pale and drawn. Those who are close to him are trying to protect him and see that he gets enough rest.

His problems are so great that he can't sleep when he has the chance. This keeps him from getting the seven or eight hours sleep he says is necessary to his health.

RICHARD NIXON is our President.

Whether we agree with him or not, he is the leader of our country and deserves our support.

I didn't vote for him, as I usually vote the Democrat ticket, but Mr. Nixon is MY president now. I believe he will do what he feels is best for our nation and its people regardless of how it affects him politically, as did President Johnson.

THE PRESIDENT is in position to know more about the great issues and problems confronting our country than any other person.

After listening to his advisors and weighing information, and possible results, he has to make the final decisions.

These decisions are grave and torturous; requiring much deep thinking and prayer. The decisions he has made the last few weeks proves disregard of self and his own political future.

IT IS A SHAMEFUL thing when the President of the greatest nation in the world is subjected to such abuse and persecution.

No human being can possibly know all the answers for a nation such as ours. We should be ashamed to crush the man who is trying so hard to lead us through this crisis. Let's get behind him with our support and our prayers.

May God bless Richard Nixon OUR PRESIDENT, and lead him, so that he may lead us.

## DOWN TO EARTH Drug Problem

By JIMMY R. ALLEN

AFTER A STATE Senate hearing on drug abuse a senator, a psychiatrist, a social worker, and a judge were continuing conversation about their testimonies which had suggested how the State of Texas could combat this disturbing problem.

The senator said, "off the record now what is the difference between the guy half soaked with a martini in his hand demanding that we do something about these kids on pot, and the kid smoking a marijuana cigarette?"

The ensuing conversation then turned to what each admitted to be America's number one drug problem--alcohol.

EACH OF THE SPECIALISTS in turn admitted that the difference is slight and hinges basically on social approval.

Some contended that alcohol, with its hazardous lives on highways and the belligerence often evoked by drunkenness, may be more rather than less dangerous to society.

None denied the hypocrisy in adult tolerance for one drug and panic over another.

A DEEPLY DISTURBING note was sounded by the social worker who ministers to heroin addicts in San Antonio.

In his testimony before the Senate committee he had traced the pattern of drug addiction.

So many persons have contended that heroin users start with marijuana, but in numerous interviews with heroin addicts this social worker discovered that most of them got on their first "high" with alcohol. They then graduated to marijuana and on to hard drugs.

SOCIAL APPROVAL has been attained in American society for beverage alcohol drug distribution.

That alcohol is a drug cannot be denied. It alters perception of

reality. It debilitates judgment. It leads toward addiction.

That it is accepted in American society is demonstrated by the fact that only one out of every three adult Americans choose not to drink. It is being constantly packaged and sold to the American public through enormous advertising budgets from the vast profits to be made from its sale.

THE TENDENCY on the part of those who are pressing for greater acceptance of the use of marijuana because of adult hypocrisy must be rejected.

The fact that one drug is being abused does not justify a higher tolerance for abuse of another drug.

The path toward healthy lives does not lie in higher acceptance for marijuana in our society, it lies in a serious effort to solve America's number one drug problem--alcohol. At the same time we must face America's other drug problems.

ONE FACTOR is to recognize alcohol for what it is--85% of the drug traffic of our nation.

Another factor is to bring this drug under a maximum degree of legal control in order to protect our weak and our young.

A basic need is to minister to the six to eight million drug addicts on alcohol (alcoholics and problem drinkers). These lives must be rehabilitated.

The fragmented families of these persons must be supported and helped. Organizations such as Alcoholics Anonymous should be encouraged.

THE NEED TO ALTER adult behavior away from this form of drug addiction should challenge thinking Americans.

The basic answer lies in one's personal choices.

No one can argue with the fact that the best solution to America's number one drug problem is to choose not to drink.

## THE ABUNDANT LIFE

### What We Expect

By BOB WEAR

REASONABLE EXPECTATIONS are certainly important in a satisfactory life pattern.

These are, however, two errors that we may make concerning expectations for ourselves and for others.

We may expect too little, or we may expect too much.

IF WE EXPECT TOO LITTLE, we will perform somewhere below the level of our potential.

This is not necessarily undesirable unless it causes us to fall short of our moral obligations.

If it concerns vocation, profession or such like, it is probably right that we choose to do as we wish; to find the place in life that pleases us.

WE MAKE A MISTAKE if we expect too little of others so far as their good intentions, integrity, intelligence and such like are concerned.

Of course, it is an accurate evaluation that we must seek.

EXPECTING TOO MUCH is probably the most foolish mistake we make, and it can be a very big problem.

There are many victims of excessive expectation. It makes contentment impossible. It takes away peace of mind. It keeps the life of a person constantly off balance.

THE PRESSURES SPAWNED by over-expectation vary with the degree of unrealness of the expectation.

Even the least of these pressures are damaging to us, because all of them take their toll.

MOST OF THESE PRESSURES are a constant source of trouble. The persons trained to understand and treat the physical, mental and emotional ailments of people can give us all of the details of these pressures.

MANY CHILDREN who are plagu-

ed by the excessive expectations of parents, teachers and other adults are victims of a tragic situation.

It is unbelievable what happens to these youngsters. In fact, it is one of the most appalling of all damaging human experiences.

ENCOURAGING CHILDREN to do their best is one thing, but expecting them to do things completely out of their reach is cruel and destructive punishment.

They, if kept under such pressure very long, are impaired for life.

COLLEGE AND UNIVERSITY expectations are much too much for many fine young people.

It is fortunate that they continue to keep themselves under the damaging effects of these pressures.

They are probably trying to meet parental expectations, or their action may be nothing more than acceptance of college life as a status symbol. How sad!

CONTINUING TO TRY to do things we cannot do, or perhaps have no desire to do, is one of the most foolish of all human actions.

It is so much better to do what we are capable of doing, with reasonable effort, and in which we are interested.

IN THE GENERAL CONTEXT of life, much of the present-day misery and disorder come from the distorted and unjustified expectations of people.

Too many people are being led to expect things they have no sound reason to expect, and can never have.

EXPECTING TOO MUCH will cause us to live in a state of constant turmoil. Many people will go far beyond the legal and moral limits which should control them, and they will violate the rights of others.

Everybody loses.

IT IS TRAGIC when we expect too much of ourselves, or of others.

**Byers Grain And Feed Here For Forty Years**

Byers Grain and Feed will store your milo for you, then steam roll it, flake it, mix it with concentrates and deliver the completed feed mix to your barn.

In addition to the steam rolling and flaking, Byers does custom mixing and grinding.

And of course they have all the Purina feeds—hog chow, dog chow—a complete stock of everything needed for chickens, hogs, cattle, dogs, game birds or rabbits.

It isn't too early to book planting seed. Amak R12, Golden Acres, Red Carpet, Texas Hybrids, PAG, Funks, Excell and Horizon are included in the numerous brands of planting seeds carried.

Clinton Byers is operating the business started by his dad, Roy Byers, in the early 1930's. Byers Grain and Feed has been in its present location for about 40 years.

The steam roller is one of the latest additions for customer convenience. The steam roller heats grain sorghum to 210 degrees and then rolls it or flakes it out to a product very similar to the ready-to-eat corn flakes you eat for your own breakfast.

Cattle fed on rolled milo get 25 per cent more digestibility than livestock fed on ground milo.

Rolled milo is just one of the many services Clinton offers his customers.

Byers Grain and Feed has long been an active supporter of FFA and 4-H Clubs.

Byers mixes rations for the area youths' show animals, advises them, contributes trophies for the fat stock shows and sales as well as attending the livestock sales and auctions and bidding on and buying animals from the youngsters.

## Happiness Is...

### Being Out Of School!

WELL HERE IT IS, Summer. For three months there'll be nothing but playing, loafing, swimming, skiing, and sleeping late every morning. It might get a little lonesome, sometime, but its gona be fun! No more tests, homework, paddles, teachers, social studies, or algebra. Just fun. Summer's here, enjoy it!

Cheryl: "How do you keep an elephant from going through the eye of a needle?"  
Dru: "Tie a knot in his tail."

Randy: "I just put a stick of dynamite under Mrs. Badger's chair."  
Mrs. Dayton: "That's terrible! You go back to school this instant!"  
Randy: "What school?"

Ricky: "Why did Humpty Dumpty have a great fall?"  
Chris: "To make up for a bad summer!"

Debbie: "What did the Indian say when his dog fell over the cliff?"  
Tim: "Dog-gone."

Mrs. French: "Bettye Carol, tell me where the elephant is found."  
Bettye Carol: "The elephant is so large, he's hardly ever lost!"

IN LANGUAGE ARTS, Mrs. Simmons asked if anyone could give her a modern version of the phrase, "thou art good." "I can," Craig popped up. "I dig you, cat. You're real groovy!"

LAST TUESDAY the ninth grade FHA girls had their swimming party at the Crescent pool. The water was pretty cold, but there was lots of food!

This Saturday the seventh, eighth, ninth, tenth and eleventh grade girls will try out for twirlers for next year. Tryouts will be at the high school gym at 9 for junior high and 9:30 for high school.  
GOOD LUCK, GIRLS!!!!

TUESDAY, May 19, a choir assembly was held. The seventh, eighth and ninth grade choirs sang. They also dedicated a "fare well" song to Mr. Carter since he's leaving this summer. Everyone got a chance to "do his thing" by humming or singing along with the choirs.

Karol: "What's the best way to catch a rabbit?"  
Shelly: "Stand behind a tree and make noises like a carrot."  
Mary Jane: "What animal has two humps and is found at the North Pole?"  
Irene: "A lost camel."

TWO LEOPARDS in the zoo had just finished lunch. One sat back against the bars and said, "Mm-mm-mmm! That really hit the spots!!!"

THEN THERE WAS the one about the woman who cooked so many TV dinners she thought she was in show business.

Minnie: "See that woman over there. She's been married four times. Once to a millionaire; then to an actor; third to a minister; and last to an undertaker."  
Brenda: "I know! One for the money, two for the show, three to get ready and four to go!"

AN INDIAN CHIEF and his son stood on a high mountain. The old man swept the horizon with his hand. "Someday, son, this all be ours again. White man all go to moon."

THE SEVENTH GRADE athletics are having a swimming party tomorrow night. The eighth grade football team had their swimming party last night. The freshman team is having theirs tonight. The junior high stageband had theirs last Saturday night. Lotta swimming, huh?

"I hope it doesn't rain today," said the mother kangaroo. "I just hate it when the children play inside."

Tina: "Were the science questions hard?"  
Kenny: "The questions were simple. The answers gave me a hard time, though."

ALL FRESHMAN GIRLS who want an extra 1/2 credit can take a home economics course this summer. You choose three studies, and must complete a total of about ninety hours. Then at the end of summer you have to make a booklet, showing your work. You can choose subjects like cooking, sewing, proper care of clothes, home improvement, personal improvement, child care, and more. You can still sign up by contacting Mrs. Keeling.

CONGRATULATIONS to Linda McAnally and Mary Showell. They were chosen by the previous staff to help write the '70-71 "Wildcat" annual.

AT THIS HERE time, us students wood like two thank all hour teachers fur learnin us so much? Us freshmen shore'll thinkful for all ya help, but cents you lerned us s'much! We's gona tak tha hole semmur off: S'LONG!!!

Chuck: "What's a tornado?"  
Tandy: "Mother Nature doing the twist!"

JUST LIKE TO take time to wish all the athletes, such as football players, basketball players and track stars of junior high, the best of luck in all of their sports. Everyone help keep the spirit of L.J.H. the greatest ever!

THIS IS THE LAST article for this year. I've enjoyed every column, and hope you have too. Have a Happy Summer!!!

Good-bye...  
The end  
Should old acquaintances be forgotten- good-bye L.J.H. from the departing freshman class of 69-70.....

#### Notice of the Names of Persons Appearing as the Owners of Unclaimed Amounts Held By:

THE FIRST NATIONAL BANK OF LITTLEFIELD

P.O. Box 1306, Littlefield, Texas 79339

This notice is given and published pursuant to Section 3, Article 3272b, Revised Civil Statutes of the State of Texas, in an effort to locate persons who are the depositors or owners of amounts in accounts that have remained inactive or dormant according to the provisions of Article 3272b for more than seven (7) years. The unclaimed amounts due the depositors or owners listed herein will be paid upon proof of ownership at the office of the named depository within nine (9) months, and if unclaimed thereafter they may be subject to report to and conservation by the State Treasurer in accordance with said Article 3272b.

### Law Permits Forgiveness

Public Law 91-79, approved Oct. 1, 1969, permits the Small Business Administration and the Farmers Home Administration to forgive principal, or interest, or principal and interest, on that part of loans made by the respective administration, which are in excess of \$500, to the extent the debtor has suffered property loss or damage, not compensated for by insurance or otherwise, from a major disaster, as such is determined by the President.

The amount that can be forgiven is limited to \$1,800.

Public Law 91-79 was enacted primarily to assist in providing emergency funds which were

not available under existing Federal law.

Since the function of Public Law 91-79 is to compensate the victims for property losses, the amount of the forgiveness of debt (including the forgiveness of interest) will reduce the casualty loss.

The underlying reasoning which prompts the determination that the amount of the forgiveness of Small Business Administration and Farmers Home Administration loans reduces the amount of a casualty loss is based on the fact that Small Business Administration and Farmers Home Administration loans were made avail-

able as a substitute for insurance.

Consequently, the amount of cancellation of debt, including cancellation of interest, will reduce the casualty loss.

But if the loss and cancellation occurred in separate years, then the amount of cancellation should be included in gross income to the extent that the taxpayer had a prior tax benefit.

It is immaterial whether a taxpayer elects to have principal, interest, or a combination of both, cancelled, since any forgiveness is, under the circumstances covered by Public Law 91-79, treated as a recovery of a prior year's casualty loss deduction.

MRS. McCLURE of Springlake died Monday morning. Sympathy goes to the family of Mrs. McClure.

### Wildlife Agency Is Seeking Help

Texans can do something about water pollution, according to the Texas Parks and Wildlife Department.

Department biologists are asking Texans to be pollution detectives by reporting fish kills.

The Department has jurisdiction over water pollution which affects fish and wildlife, but sometimes game management officers and biologists arrive at the scene of a fish kill too late to determine the source. Prompt investigation could help chemists and biologists solve this problem.

Reports should be made at the Parks and Wildlife office in Lubbock, (805) 744-0213.

# THE SKAT

OFFICIAL LHS NEWSPAPER

## Graduation Set

The commencement exercises for the seniors of 1970 will be held at 8:00 p.m., tomorrow, May 29, in the Junior High Auditorium.

There are 101 candidates for graduation this year.

The processional, "Pomp and Circumstance, No. 1," by Elger, will be played by Mrs. Al Chambers at the organ and Miss Charlotte Hinds at the piano.

The invocation is by Gary

Nace. Geoffrey Grizzle will then deliver the Valedictory Address, "Gratitude and Growth". Steve Owens will deliver his Salutatory Address, "Beyond Tomorrow".

Beryl D. Harris, principal, will give certification of the class. Then, Paul I. Jones, superintendent, will present diplomas.

Ed Bingham and F. L. Newton, members of the school board, will be conferring the diplomas.

L. D. Holt, president of the senior class, will lead the seniors in the Tassel Ceremony.

After the senior class sings "Maroon and White", Mark Jordan will give the Benediction.

The commencement ceremony will end with the Recessional, "March of the Priest" by Mendelssohn.

WHAT'S THIS, a contest for the youngest looking hands? No! It is just the juniors showing off their newly acquired senior rings.

## SC Officers Installed

The 1970-71 Student Council officers were installed Wednesday May 20, 1970.

The installation was opened with the office of social director, Kay Burk, present social director, informed newly elected Pam Stafford of her duties. She is chief aid to the publicity director and is in charge of the planning of all social activities of the council.

Dianne Perkins pointed out the duties of publicity director to Kay Armistead. She is responsible for keeping the student body and general public aware of the Student Council's sponsored activities.

Parliamentarian, Carolyn Lumsden, explained to Billie Richey the requirements of her office. She is to see that all Student Council meetings are conducted in an orderly fashion and by parliamentary procedure.

Charlotte Hinds accepted responsibility of the treasurer's office from Jan Christian. Hinds will be custodian of money of the activity fund. Tonya Bingham explained Marsha French the duties of secretary. Miss French will record any discussion or motions accepted by the Council. She conducts all official Council correspondence and checks and records Council attendance.

Jay Trammel accepted office of vice-president from Lynn Barton. Trammel will assist in the formulation and execution of the policies program of the Council. He will preside over all Council meetings in the absence of president.

Lynn Barton was installed into the highest office of school by Mark Jordan. Barton will preside at Council meetings and assemblies. The president must be guided by one purpose—what will be best for LHS.

Mr. Harris charged each individual to know himself, stated "we can't rely on past history."

Mr. Harris also quoted from the Arkansas Report, "One step won't take you far."

"You've got to keep on going."

"One deed won't tell who you are."

"You've got to keep on going."

"One inch won't make very tall."

"You've got to keep on going."

"One deed won't do it."

"You've got to keep on going."

Mark Jordan gave his going speech which was followed by Lynn Barton's inaugural speech.

### \*\*\*THE WAY IT IS

We have come to the close of another school year. It sounds relaxing does it not? Another year of hustle and bustle and worries and exciting times have gone by. For 101 LHS students it is all over with. The worries of having to study for a senior English test are gone just as there are no longer worries of having to be on time at a meeting. We do not have to worry about our shirttail being out or our voices being too loud in a classroom. That is all over with.

We will no longer linger in the halls of Littlefield High School as students. There will be no more having to go for a tardy slip because we were late and no more of having to give an oral report. No more thirty minute lunch periods and no more day dreaming of the future in our school desks. Nor will we have to throw our gum away or not be able to shoot basketball shots or waste paper into the trash can. No more passing of notes and no more whispering across the room.

In short, we will no longer be able to do what we hated to do, but we sure would like to have the time to do this again.

But, there will also be no more cheering for our team as a member of our school, no more sitting during an assembly. In general, we will no longer be a part of the activities that make our school what is it.

There will be no more tear-jerking speeches, no more anxious anticipation, no more fears of having to do something in front of the student body and no more eating crummy food in the cafeteria with all our

friends. All this has gone by now. And whether we want to admit it or not, this year has gone by pretty fast.

The thought of leaving a high school full of noisy friends, friendly teachers and fun activities makes me sad. And I wish I were staying on. However, when I think of the homework, rules, and reprimands, I hesitate a bit. Sure we want to get out, but the times we had when we were in were good ones.

Now we are going out on our separate ways. Our high school career is history, the molding of our lives is our future. Some of us may know what we are going to do, others may not know. Most of us really do not know. We are lost and full of wonder as to what will become of us.

It has been a short year for me. It is all gone too fast. I wish I had it all to live over, but then, I do not.

I would like to take this opportunity to thank the SKAT staff of the 1969-1970 school year. We had a lot of hard times trying to put this paper together. I would like to thank each and every member for their patience, understanding and outstanding work. The putting out of a paper takes cooperation and dependability—you have put this out for me. I would especially like to express my gratitude to our sponsor, Mrs. Marti Toulmin. Without her, we just would not have made it.

It has been a great pleasure for me to have been a part of this paper—Littlefield High School's paper. Sure we had some terrible and maddening times, but it is all part of the game. I just wish I had another year to use the knowledge that I have gained this year.

## Seniors End High School Career

(EDITOR'S NOTE: This completes our articles on graduating seniors. The SKAT wishes each senior the best for the future and congratulates them on completing their high school education.)

### JOHN TURNER

John Turner has attended Littlefield High School three years.

Turner has been a past member of the Distributive Education and the Industrial Arts Club. He participated in football and track his sophomore year.

No definite plans have been made after graduation.

IS THIS THE BAND doing sit-ups? Looks more like a gab session or a slumber party in the gym.

## Band, Physically Fit??

CHIN-UPS FROM the basketball goal? Anthony Pierce bravely does his chin-ups from the self-improvised bar.

"Boy! My ribs sure hurt!" "My thighs never hurt like this." "Fifty sit-ups, are you kidding? I only did 20!" and so went the band physical fitness tests. Last Wednesday and Thursday the band set out to attempt to achieve their best in physical fitness.

"Attempt to achieve" is what they did as they tried their skills at sit-ups, standing broad jump, shuttle run and flexed arm hang for girls and chins for boys.

"I never knew I was so out of shape," came comments from members, while others self improvised their own chin-up bar from the back of the basketball goal.

Each year the state requires the band to participate in physical fitness tests. Each year you can hear the same moans and groans as they set out to complete this requirement.

As in every situation, there are those show offs who try to excel far beyond the call of duty. Robert Rodriguez had to do 275 sit-ups instead of the usual 100 a boy must do.

Then there was Pam Stafford who did 20 sit-ups and then went back to do 35 more. Anthony Pierce was the brave one who climbed the ladder to

chin himself from the basketball goal. And last of all, who but Carolyn Lumsden could show everyone how to do the shuttle run—adding her own steps, of course.

CAROLYN LUMSDEN does her version of the shuttle run. Looks more like a new kind of dance done with an eraser.

HONOR GRADUATES for 1969-1970 maintained a four-year average of 90 or above. They are back to front in ascending order of grades, Betty Boons, Kay Burk, Jane Nowlin, Rosanne Funk, Shannon Palmer, Nancy Henson, Gary Britt, Steve Owens, salutatorian and Geoffrey Grizzle, valedictorian.

## Classes Elect Office

Monday, elections were held for class officers. Officers involved were class president, secretary, treasurer.

Elected president for the senior class was Kim Hill. Kim Fain will serve as vice-president, Patricia Sanders will serve as secretary and Donna Hartel will serve as treasurer.

Elected president of the junior class was Ralph Fain. Randy Trotter was vice-president. Vicki Stansell will be secretary and Stansell was elected treasurer.

## FTA Install Officers

The Future Teachers of America met Monday, May 18, in the Flame Room of Pioneer Natural Gas Center to install the officers for the coming year.

The new officers for the coming year are Kelly Fain, president; Charlotte Hines, vice-president; Marsha French, secretary-treasurer; White, historian; Jo Reed, reporter, and Dona Restout, photographer.

## Honor Grads Announced

## ... WOMEN

Continued from Page 1  
Aaron on the projects committee were Mary Beth Willey and Mary Jo Weige.

President Smith reminded members that Mrs. J.H. Lee's yard was chosen as the first "Yard of the Month" for 1970, and that another would be judged by a special committee about June 15.

Mrs. Smith thanked several persons who helped get the Loyalty Day Parade float ready, and commended their efforts in helping win the first place honors.

New members of the Chamber of Commerce-affiliated organization are Ann Montgomery and Jean Landrum, and guests for the day were Mary Jo Weige of Littlefield and Alma Patton of Brownfield.

## Five Charged With Felonies

Two county teenagers were charged with theft here Saturday.

Roy Charles Mosley Jr., 17, of Springlake, and Larry Joe Ivey, 17, of Amherst, were jailed Saturday on the theft charge and released Monday on bonds of \$1,000 each.

Josephine Sanders, a 20-year-old Anton woman, was charged with burglary Monday, and her 25-year-old husband, Raymond Sanders, was charged with burglary Tuesday. Bond has been set at \$2,000 each.

Tuesday, a Wanette, Okla. man, Altridge Neal Williams, was jailed on a forgery charge. He remained in jail, with bond set at \$2,000.

## IF YOU'RE GOING TO MEXICO

# Mexican Auto Insurance Needed

Thousands of vacationing Americans will be driving their cars into Mexico this summer. Many of them will be falsely confident that they have proper liability protection in case of an accident in that country. When planning to drive South of the border, U. S. residents should check with their insurance agent or broker about obtaining an official Mexican automobile liability insurance policy.

# OBITUARIES

## EDNA LORENE McCLURE

Mrs. Edna Lorene McClure, 69, a longtime Springlake resident, died at 6 a.m. Monday in Medical Arts Hospital in Littlefield, where she had been hospitalized about 12 days. She had been ill several months.

Funeral services for Mrs. McClure were conducted Wednesday afternoon in Springlake's First Baptist Church, with Rev. Don Holmes, pastor, officiating.

Burial was in Springlake Cemetery, with Parsons Funeral Home of Olton in charge of arrangements.

Mrs. McClure was born Sept. 16, 1900 in New York, Ark. and had lived at Springlake since 1927.

Surviving are five daughters, Mrs. Marie Biddy, Mrs. Elizabeth Packard and Mrs. Lorene Perkins, all of Springlake, Mrs. Juanita White of Littlefield and Mrs. Betty Cowell of Carrollton; four sons, Howard McClure of Springlake, Butch McClure of Lubbock, Bo McClure of Fort Morgan, Colo., Bob McClure of San Jose, Calif.; two brothers, Voyd Barber of Lemon Grove, Calif., and J.R. Barber of Detroit, Mich.; a sister, Mrs. Volena Whisenant of Detroit; 32 grandchildren and seven great-grandchildren.

## IRA J. YOUNG

Services for Ira J. Young, 88, a former resident of the Anton area, who died Monday in a Big Spring hospital, were conducted Wednesday afternoon in the Anton United Methodist Church.

Rev. Delton Fisher, pastor, officiated at the funeral in the Anton Cemetery with Nalle Pickle Funeral Home of Big Spring in charge of arrangements.

Young was born in Tennessee and moved to the Anton vicinity in 1927. He farmed there until he retired in 1960 and moved to Big Spring in January of this year.

Surviving are one daughter, Mrs. Inez Anderson of Safford, Ariz.; two sons, Victor E. Young of Big Spring and G. L. Young of Oklahoma City; one sister, Mrs. Alice Nix of Oklahoma; nine great-grandchildren and five great-great-grandchildren.

## R.M. HENDERSON

R. M. Henderson, 62, of Lubbock, former Littlefield resident, died Monday afternoon at residence.

Services were conducted Wednesday afternoon in Highland Baptist Church in Lubbock with Rev. I.D. Walker, pastor, officiating.

Burial was in Resthaven Memorial Park with Franklin-Bartley Funeral Home in charge of arrangements.

Henderson was building contractor, and moved to Lubbock from Littlefield 40 years ago. He was a member of the Littlefield Masonic Lodge No. 1161.

Surviving are his wife, Sadie; two sons, Henderson of Lawrence, Kan., and Joe Henderson of Wichita Falls; a daughter, Marilyn Henderson of the home; five sisters, Bill Noble of Portland, Mrs. Hal Ferguson Littlefield, Mrs. Vernon McMillan of Sweetwater, Mrs. Afton Willford of Lubbock and Mrs. Ralph Cahill of Lubbock; and four grandchildren.

## FARMER EFFICIENCY

Consumers pay less for food because their farmer friends are producing 20 percent more on 6 percent fewer acres than they did in the period from 1957-59. Each of the nation's farm workers is now supplying the food and fiber for 45 persons compared with 23 in 1957-59 and his output per man-hour has increased 83 percent over the past decade.

## LEGALS

**NOTICE TO CREDITORS**  
NOTICE IS HEREBY GIVEN that the original Letters of Administration of the Estate of DELLA IRENE MILLS, Deceased, were issued to CLIFTON B. MILLS, a resident of Lamb County, Texas, on the 26th day of May, A. D., 1970.

All persons having claims against the Estate of DELLA IRENE MILLS, are hereby required to present same to Clifton B. Mills, Star Route 2, Littlefield, Texas 79339, within the time required by law.

Tourists should be warned: "Don't drive into Mexico without auto liability insurance from a Mexican company!"

Most Americans are unaware that only insurance companies located in Mexico are recognized under Mexican law. And contracts of insurance written by non-Mexican companies are not in force in that country.

A tourist involved in an accident in Mexico could be faced with a large cash outlay, informal detainment, or even jail, under the strict provisions of the Mexican law--even if he has the "Mexican auto endorsement" attached to his U. S. policy.

The "Mexican endorsement" on some U. S. policies is designed for a limited purpose and its application to vacation use should be thoroughly discussed with an insurance agent or broker before a person drives across the border.

Without proper Mexican coverage, the motorist has four alternatives if he is involved in an auto accident which results in even minor personal injury or property damage. They are:

1. Post a cash bond with the local officials.  
2. Post a commercial bond from a Mexican bonding company (a possibility if the tourist speaks Spanish, knows someone locally and has enough money).  
3. Contact a U. S. insurance agent, via telephone or telegram (but, under Mexican law, it is illegal for the agent to settle the claim in Mexico. He may however, advance the cash necessary to post bond).

4. Face legal detention and impounding of the automobile. As visitors to Mexico, Americans are bound by Mexican law, just as Mexicans traveling in the U. S. are bound by its law. Compliance with those laws can make for a happier vacation in Mexico.

Here are some additional pointers for traveling South of the border.  
--Obtain a tourist card from the office of the Mexican Bureau of Tourism, the Mexican Consul or at the border.

The City Council of the City of Littlefield will convene in a Special Called Meeting to conduct a Public Hearing on June 9, 1970, 5:30 P. M. in the Council Room of the City Hall to consider a Special Use Permit for Lubbock Building Products. Permission is requested to erect a Temporary Redi-Mix Plant for construction of Overpass on Loop 84 and Highway 54. Location site of Redi-Mix Plant will be Southwest Corner of 40 Acre Tract of South Sunset and Loop 84. The application is on file in the City Secretary's Office for Public Inspection.

## County Library

**Sets New Hours**  
New library hours at the Lamb County Library this summer begins June 1.  
Each Monday through Friday the library will open from 10 to 12 mornings, and open again from 1:30 to 5:30 on Mondays and from 1:30 to 5 p.m. Tuesdays through Fridays.

**\$5 MILLION**  
The VA recently announced the allocation of another \$5 million for various construction projects at some of its 166 hospitals.

--If you have an auto accident in Mexico, look for help from one of the green Turismo patrol that patrol the highways. The driver will assist insurance contacting an adjuster for a Mexican company which has your insurance.  
--If no patrol car arrives a reasonable time, call the nearest police officer. The police should be shown to the office of police and no officer should be paid for his services. This is the responsibility of the Mexican insurance company.

## Little League Uniforms Deserve The Best Care

Crack! goes the bat against the ball, and he's off and running followed by a dust cloud that's twice his size.

This animated package of summer energy is the family Little Leaguer. The dust cloud behind him is mother's chief opponent.

With the heavy schedule of hard-run practice and high pitched games, the Little League uniform leads a hard life.

Here are a few tips from the makers of a fabric softener on how to keep a Little League uniform in Big League shape.

1. Brush or shake it free of dust after each wearing. Since uniforms are usually made of flannel, dirt will cling unless brushed free.
2. Machine-laundry frequently, using detergent and a warm, not hot, machine setting.
3. Add one to two capfuls of fabric softener to the final clear rinse, or reset machine to wash or deep rinse. This will keep the uniform soft for the non-sofy player's active wearing and help whiten and brighten the uniform.
4. Fluff-dry it in your dryer to bring up the nap of the flannel, or line dry hanging pants and shirt from the bottom.
5. Fold or hang the uniform immediately after drying and no ironing will be necessary. Wash socks each time they are worn.

## VFW Wins Pair In Minors

VFW 16, Leader News 2 Saturday night's Minor League action saw VFW beat Leader-News, 16-2.

The Veterans took an early lead in the bottom of the first by chalking up six runs, followed by 10 more in the bottom of the second.

The Newsmen scored one run in the second and one in the third.

Vernon Wesley hit a double for the winners.

The Newsmen were unable to get a hit.

Tony Cowan was the winning pitcher.

Darran Kessler tossed for the losers.

VFW 20, SAV-U 6 In a make up game Tuesday night, VFW beat Sav-U, 20-6.

The Veterans scored twice in the top of the first and maintained the lead by adding seven more in the second, two in the third, and nine in the fourth.

The Grocerymen scored once in the second, four times in the third, and once more in the fifth.

Tony Cowan paced the winners with a single, double, and a triple. Vernon Wesley had three singles, and Victor Bal-

deres and Robert Espinoza had a triple and a single. Robert Espinoza was the winning pitcher, allowing only one hit.

David Wiginton was the losing hurler.
