

## Crowds See Festive Parade, Sudan Girl Cop Beauty Title

PHASE AVENUE was lined with spectators from the north end to the south end as the Festivities Days parade got underway Saturday morning. Behind the Littlefield Fire Department's Emergency panel unit, in the parade, were Lamb County Sheriff's Posse color bearers, the "Miss Littlefield" and her honor guard, and the Kiva Shriner parade clowns.

### Larry Sanderson's Beard Named Best All-Around

Pretty brown-haired, brown-eyed Kathy Minyard of Sudan is the first Miss Littlefield.

The 19-year-old vivacious and talented beauty was chosen from a field of 28 Lamb County girls in the Beta Sigma Phi sponsored Miss Littlefield Pageant at the Littlefield Junior High Auditorium Friday evening in opening activities of the city's first annual event—Littlefield Festivities Days.

Tonya Bingham, a 17-year-old Littlefield High senior, is first runner-up, and Deborah Dutton, a 19-year-old Texas Tech sophomore from Fieldton, is second runner-up.

Young people from over the area flocked to the teen-age dance and rocked at the teen scene Friday night.

The sun smiled on the downtown parade that brought the biggest crowd to Littlefield in years, with some estimates of 3,000 present Saturday morning. A premier showing of the world's first practical electric car which will be test-built in Littlefield, Miss Littlefield and her runner-ups, floats, antique cars, motorcycle brigades, and sheriff's posses from Littlefield and several surrounding towns were parade highlights.

Beard judging immediately after the parade drew a big crowd. Larry Sanderson, Lamb County's Abraham Lincoln, won the best all-around beard category. Red bearded Eugene Griffin won the award for having the best reddest, blondest or grayest beard. The most decorative beard category was won by Arthur Parrish; Ernest Mills earned the title of having the ugliest beard. The best mustache tag went to Jimmy Merrifield. And believe it or not, Gaylon Long had the longest beard!

Cool weather prevailed with skies overcast Friday and Saturday, with varied youth contests getting underway at press time. Events not covered in today's paper will be reported along with pictures in the Thursday edition.

Third and fourth place runner-ups in the beauty pageant were blonde-haired Jan Christian and red-haired beauty Sherry Cook.

Epsilon Sigma Alpha of Sudan sponsored pageant winner Kathy Minyard. The first Miss Littlefield is 5' 7", weighs 120 pounds and measures 36-23-36. She is a 1968 graduate of Sudan High School where she was district singles tennis champ for four years. She played basketball and her team won All-District two years.

She was voted All-Tournament in basketball three years and Most Athletic Girl of SHS her senior year. Other school honors include four years as majorette,

Band Sweetheart and president of the Band Club, treasurer of her senior class and on the annual staff. She is a sophomore at Texas Tech. Her parents are Mr. and Mrs. E. C. Minyard.

First Miss Littlefield runner-up is also brown-haired and brown-eyed. An LHS senior, Tonya Bingham is an outstanding student and winner of many band awards, including a gold medal in UIL regional competition and a silver medal winner for clarinet solo in the UIL state contest.

She is an alternate to the All-State choir and a member of the National Honor Society among many other academic honors. Miss Bingham is interested in teaching and plans to attend Lubbock or Abilene Christian College after graduation from high school. She is the daughter of Mr. and Mrs. Buddy Bingham.

Deborah Dutton, second runner-up, is an LHS grad and attended Amherst schools before entering junior high here. She was a majorette two years and an office holder and active in Future Teachers of America and an FFA Sweetheart. Her parents are Mr. and Mrs. Melvyn B. Dutton.

LITTLEFIELD'S FIRST Miss Littlefield, Kathy Minyard, wears her tiara, accepts her trophy and red roses, and is flanked by first and second runners-up, Tonya Bingham and Deborah Dutton.

## Lower People Employed on Public Payroll

Many Lamb County residents are looking for government jobs?

Does the number of public employees in the area compare, in relation to the local population, with other communities?

A comprehensive report on the subject has been released by the Census Bureau based upon data gathered from 100 of the country as part of its study of Governments.

The number of people on the payroll of each local governmental entity, township, municipality, district and special district, and state employees are

shown in Lamb County, it shows, there is the equivalent of one full-time employee for every 100 residents.

Compared with the country as a whole, Lamb County is a small operating force. The national ratio is one such employee for every 100 residents.

Also below the ratio reported in the Southern States, one employee per 38 people.

The actual count locally, as of the

time of the census, shows a total of 581 on the various local government payrolls, 472 of them on a full-time basis.

The remainder, who work part-time, were converted into their full-time equivalent to permit comparison with other communities.

As to salaries and wages, Lamb County residents have been paying less to operate their local government than have people in most parts of the United States. Whether they got more for their money, or less, is not indicated.

Their total payroll, for the month in which the census was taken, was \$204,000, which amounted to a cost of \$88.94 for every local resident.

Nationally, the cost of meeting local payrolls averaged \$15.75 a month per capita. In the Southern States, it was \$12.39.

In the five years since the previous Census of Governments was taken, total public employment in the United States rose by 1.9 million persons, or 23 percent, the figures show. Local governments accounted for more than half of this increase.

### LITTLEFIELD'S JIM HILL

## He's Mr. 'Do Everything'

By NILAH RODGERS

Don't give Jim Hill any bull. He'll fight it, and do a bit of clowning while he's at it.

Don't tell him to dance at your wedding. He tap dances at the drop of a beat.

Curve balls? Throw one to Jim and he'll slug it.

And if he says "strike three," you're out.

Dancing, fighting bulls and clowning rodeo style, playing semi-professional baseball and umpiring are just a few of the many interesting things Jim Hill does. Hill, owner and manager of Littlefield Appliance Center, is a pro in many fields.

Hill has clowning and fought bulls in some of the biggest rodeos in Texas, Oklahoma and New Mexico. This unusual profession grew out of an "Oh, you're just scared of bulls," remark from a girl friend when Hill was a young man.

"I'd been going with this girl who was

a trick rider," Hill said. "Almost every weekend that summer she'd be riding in a rodeo, and I'd tag along and sit in the

grandstands. I got tired of this and told her when you'd seen one rodeo, you'd seen 'em all, and I wasn't going to any more."

"That's when he got the barb about being scared. He said he wasn't. She said prove it and dared him to enter an event."

"Those bulls looked low to the ground," Hill said, "and I didn't figure I'd have far to go when I went."

"Well, I lasted about two jumps, then that old bull threw me higher than the lights. I still say bulls are for eatin', not ridin'."

Hill's pride was lower than he was. He couldn't give up after two jumps and a throw. Charlie Shultz, the granddaddy of rodeo clowns, was at that performance, and he offered Hill \$5 a night to be a rodeo clown and bull fighter.

"The first part of the first night was easy," Hill said. "All I had to do was walk around and make the kids laugh. Then before I could look up it was time for the bull riding. 'Do you want to fight with or without a cape?' Charlie asked. 'With, I guess.'" Hill answered, and Charlie threw him an old piece of cloth out of the back of a pick-up, and told him to take the back of the arena.

"The first bull out was a big old black

### Dollar Day

Most Littlefield businesses will remain open Monday, Sept. 1, which will be Labor Day as well as September Dollar Day.

However, all government offices, including the courthouse and post office; all offices in City Hall; and both banks will be closed.

Many Dollar Day bargains are being offered by Littlefield merchants on the same basis as any other month, although Monday is a holiday.

Scan the Leader-News for bargains you won't forget.

### \$82,000 Slated For Road Work

The Texas Highway Commission has approved the expenditure of \$82,000 for highway safety and betterment and for farm to market road improvement in Lamb County during 1970.

District Engineer Oscar L. Crain of Lubbock said that a total of 30.9 miles in Lamb County will be involved in the annual program. Work will be under the supervision of James W. King, District Maintenance Engineer of Lubbock.

To be included in the project is 5.4 miles of seal coat on US 70 from the Bailey County line to FM 303 at an estimated cost of \$9,200; 24.9 miles of seal coat on FM 168 from 9th Street in Olton to the Hoekley County line, at an estimated cost of \$69,200; and 0.6 miles of seal coat on FM 168 in Olton from US 70 to 9th Street, at an estimated cost of \$3,600.

The work is part of the Highway Commission's combined Farm to Market Road Improvement and State Highway Safety and Betterment Program for 1970.

The safety and betterment portion of the program will cover 5.4 highway miles in the county at an estimated cost of \$9,200.

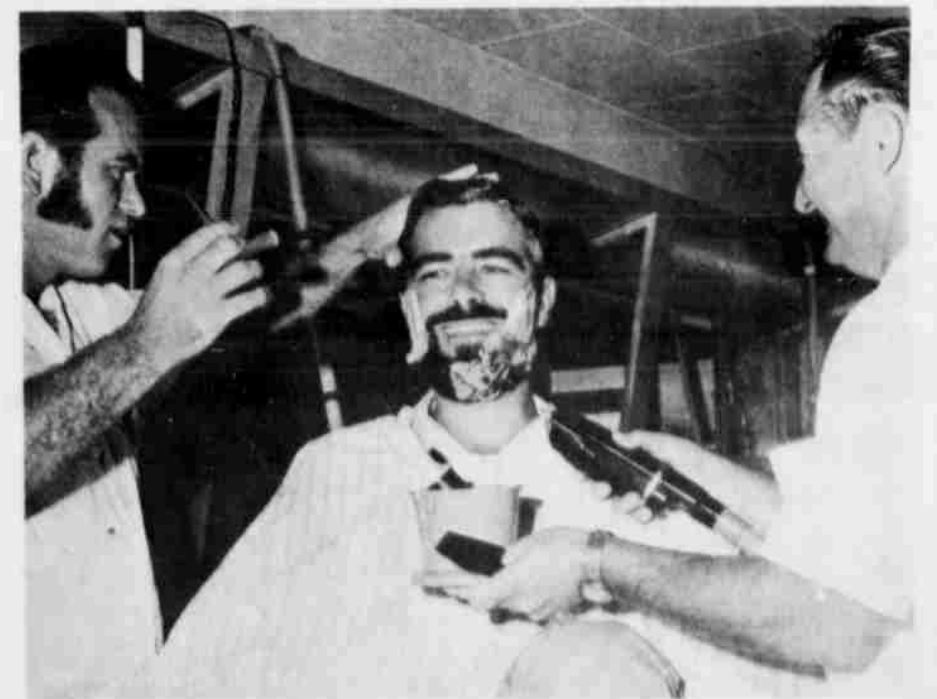

The farm to market road improvement program will cost an estimated \$72,800 for 25.5 miles of FM roads.

Crain stated that the proposed improvements play an important role in the Department's continuing highway safety program.

He said that the type of work included in the program includes seal coating, surface widening, base strengthening, and resurfacing and rebuilding of shoulders.

MUSEUM EXHIBIT was on display Friday and Saturday on Phelps Avenue and added a "touch" of interest to the Littlefield Festivities Days. Various communities in Lamb County brought items for the exhibit. To the left is a cream separator, and other items displayed by interested citizens from Littlefield.

HAIR TODAY—gone tomorrow. That's the way it is, or was, for many Lamb County bearded and mustached men. Littlefield Festivities Days over, there's no longer an excuse. Doyle Winfield is about to get the works from Tom Conley and Babe Banner, but the question seems to be how to go about harvesting such a crop as Banner aims the clippers and Conley readies the fether and straight razor.

MRS. JERRY DON TOLIVER

## Muncy-Toliver Vows Solemnized

AMHERST—Miss Patricia Kay Muncy and Jerry Don Toliver exchanged wedding vows in a double ring ceremony Saturday evening at Tremont Baptist Church in Dallas with the pastor, Rev. Kenneth Coleman, officiating. The bride is daughter of Mr. and Mrs. Clarence A. Muncy of Amherst, and Mr. and Mrs. Charley Toliver of Hugo, Okla., are parents of the groom.

The altar was decorated with an arch of greenery centered by a candelabra of three candles and flanked by two baskets of white gladiolus and cerise carnations with a candelabra of seven candles on each side.

The bride, given in marriage by her father, wore a formal-length gown of bridal taffeta overlaid with silk organza. The bateau neckline and fitted petal point sleeves were finished with French import lace and seed pearls. Appliques of lace with pearls and loops of cut crystal accented the A-line skirt and train which was attached to the empire waistline by a bow.

The bride's bouffant fingertip veil of silk illusion was attached to an Alencon lace lily of the valley outlined in seed pearls and illusion beads.

She carried a bouquet of white carnations atop a white Bible, presented to her by Mrs. Kenneth Coleman.

Miss Barbara Muncy of Amherst served as maid of honor for her sister, and Mrs. David Jacks of Dallas was matron of honor. Sisters of the groom, Kathie Toliver of Garland and Carolyn Toliver of

accompanied by Mrs. Monty Cokerham. All are from Dallas.

For her daughter's wedding, Mrs. Muncy chose a bright blue A-line dress of double knit with black accessories. She wore a corsage of pink carnations.

The groom's mother chose a pale turquoise princess dress of Raschel lace. She wore matching accessories and a pink camellia corsage.

Miss Judy Brown, the groom's cousin of Dallas, registered the guests.

A reception followed the ceremony in the fellowship hall of the church with Miss Mattie Lou Muncy, the bride's aunt of Dallas and Misses Anne and Carla Hedges of Amherst presiding at the serving table.

Mr. and Mrs. Jerry Toliver greeted the guests.

For their honeymoon to Arkansas, the bride chose a deep pink dress accented with a wedding band collar and a wide belt. She wore black patent accessories and lifted her corsage from her bridal bouquet.

The couple will live in Dallas.

They wore princess dresses of avocado rose brocade with matching veils and shoes and carried bouquets of cerise carnations.

The groom's brother, Charles Toliver of Hugo, Okla., served as best man, Groomsman were David Jacks of Dallas, Jimmie Herndon of Irving, and Larry Brown of Dallas, the groom's cousin.

Charles Muncy, the bride's brother of Amherst, and Kenny Brown, the groom's cousin of Dallas, served as ushers and candlelighters.

The bride and groom lighted a candle representing two people becoming one.

Rocky Wheat sang "We'll Walk With Thee" and Mrs. Kenneth Coleman sang the "Wedding Prayer". Both were

accompanied by Mrs. Monty Cokerham. All are from Dallas.

## What The Leader-News Thinks

### Dignity In Work

We recently came across an article by Bandleader Lawrence Welk in a newspaper called Christian Economics. The piece was entitled "Guaranteed Wage and Human Dignity" and presented the musician's views on the guaranteed annual income. This is the proposal that would dole out a fixed sum of money to every family in the United States whether they work or not.

Mr. Welk cited his own childhood as an example of poverty and how he learned the value and satisfaction of working for a living. He wrote: "A human being is far too valuable to be paid off in money. A human being grows and prospers through the dignity of work." He further stated the alternative to the guaranteed annual income: "Rather than give a man money, simple because he exists...let us educate him to the glory that can be found in work...and then bend every effort towards helping him find and hold a job."

Unfortunately, space will not allow the reprinting of the piece at full length, but we would like to share a few paragraphs with you that we believe provide good reasons for opposing a guaranteed

handout. Mr. Welk wrote: "To my way of thinking this is a negative approach which does not solve the basic problem. Instead of inspiring and helping a man fulfill his potential by working to support himself and his family, it actually encourages him to sit back and do nothing, secure in the knowledge that the government will take care of him. This destroys his initiative and his will to succeed. It robs him of his natural human dignity, and even the right to direct his own life."

"I am also concerned about the effect such a guaranteed wage plan would have on our children. A child raised in an atmosphere of defeat and apathy, and taught to expect that his every need will be taken care of whether he works or not, stands little chance of developing a strong character. His own natural eagerness to learn and to grow and to excel is cut off at the very beginning of his life, and he may never know the thrill of achievement on his own. A child who is encouraged early to earn extra pennies by shining shoes or selling newspapers or doing household tasks, stands a much better chance of achieving his goals than a child who is taught to do nothing."

PAUL HARVEY

### Ballot Power

AMERICAN NEGROES, armed with increasing ballot power, are taking over additional city halls. City administrations have thus turned black overnight, but the problems and frustrations of city administration go on and on.

WHEN THE BLACKS, resenting and resisting and finally overthrowing "the establishment"—finally do themselves become "the establishment"—their victory may be bittersweet.

Gary, Ind., with a black mayor, was confronted by firemen's wives demanding more pay for their husbands.

When two of the wives were arrested for demonstrating, the entire fire department walked out.

DESPITE A COURT injunction, the firemen refused to fight fires and did, in fact, fight off any volunteers who tried to fight fires. In July in Green County, Ala., blacks took over all county offices—commission, school board, everything.

WHEN THE BLACKS become the ruling majority, how do they treat the white minority? Well, the chairman of the Negro national Democratic Party of Alabama says whites can still hold office in Green County but, he says, they'll have to run on his party's ticket to win.

One anxiety you hear expressed around the South is that blacks, taking over municipal government, could then levy intolerably heavy taxes on productive whites.

IN FAYETTE, MISS., Negro Mayor Charles Evers says his town has no money with which to pay its

bills. He got a TV network to give him time for a nationwide appeal for cash contributions.

I have not heard that other communities intend to demand "equal time" to appeal in their own behalf, but the call for help was surely resented by the hundreds of communities similarly strapped for money yet lacking this forum for fund raising.

ELECTION OF Negro Mayor Carl Stokes in Cleveland stimulated contributions from federal government, local businessmen and foundations wanting his administration to succeed.

Stokes thus collected \$11 million for the redevelopment project. Supporters say there is a "change of atmosphere" in Cleveland which is very significant. "But you still can't walk on the street safely. It would be hard for anyone to say that his life here is better now than two years ago."

IT'S AXIOMATIC in politics that you get elected for the things "you promise to do." Once you are elected, the longer you are in office, the more people you inevitably disillusion.

Blacks in the slums of our cities have long survived on the dream that someday, with proper recognition of their race, all problems would be solved.

Once in authority, the slums are still there—but the dream is gone.

### EXECUTIONS

The record year for executions in the United States was 1935, when 199 persons paid the full penalty of the law.

### THE ABUNDANT LIFE

## Will-O'-The-Wisp

By BOB WEAR

IGNIS FATUUS, literally translated, means "foolish fire". It is a light that appears at night over the marshy grounds, and is thought to be caused by the combustion of marsh gas (methane).

Because of its tendency to mislead travelers, it is called "foolish fire".

THIS PHENOMENON is popularly known as will-o'-the-wisp, and has long been used to mean a misleading influence or deceptive guideline.

There are many misleading influences and deceptive guidelines, but we will consider only one. It is one of the most harmful and misleading of all; it is the mistaken view that each person must make his own mistakes.

WE WILL MAKE MISTAKES, and some people do learn some things from the mistakes made.

This, however, is not all there is to the human experience. There is much too much of this faulty personal attitude, "leave me alone to make my own mistakes and to learn for myself".

This is a "will-o'-the-wisp". It is more than misleading, it is most often a personal tragedy.

THE "FOOLISH FIRE" of "I will do as I please"—"I will make my own mistakes"—"I will not take my lessons from history or from the experiences of others" is forever misleading the travelers along the road of life.

In addition to the personal tragedies caused by following this "will-o'-the-wisp", the progress of human society remains at a relative standstill.

THE HISTORY OF MANKIND is, generally speaking, characterized by the same mistakes generation after generation.

In fact, this is so obviously noticeable that we have a saying: "each generation must make its own mistakes".

This "foolish fire" bouncing

### THE PHILOSOPHER

## Music Festival

(Editor's note: The Sandhills Philosopher on his Johnson grass farm is trying to get in on a good thing, his letter this week indicates.)

Dear editor: I saw it on television and then later confirmed it by reading it in a newspaper, or was it the other way around?

I really can't say because I can't remember what paper it was, but as I understand it 400,000 students, well they were young enough to be students, gathered on a farm in New York state the other day for three days of music and mud-baths.

Now I don't know anything about this, if students want to march on a farm, why not? It's about the only thing that hasn't been marched on. And if any of them are demanding the right to work on one, here's my tractor key.

But one item in the newspaper account interested me. To get the news in depth, I'll take a newspaper every time. It said the farmer who owned the land where the cultural event took place leased it to the promoters for \$50,000 for three days.

Finally, one farmer has reached parity, less what it took to clean up afterwards, and what I'd like to know is, haven't we got any kids around here interested in culture?

about in no certain direction is a misleading light, and, will continue to mislead us until we turn to a more dependable guide.

IT IS A GREAT TRAGEDY that people insist upon continuing to make the same mistakes generation after generation. None of us have the right to refuse to profit from the accumulated knowledge and wisdom available to us. Someone has said, "Those who refuse to give heed to the lessons of the past, will have no happy future."

THE YOUNG ONES who say, "I will make my own mistakes" choose to be misled by the age-old "will-o'-the-wisp". For one thing, they cannot afford to pay the price for some of their mistakes.

Besides this, they will not live long enough to learn from their own mistakes all they must know for effective and satisfying living.

Fuller said, "History makes a young man to be old, without wrinkles or gray hairs, privileging him with the experience of age, without either the infirmities or inconveniences thereof."

THERE IS NOTHING NEW in human behavior. For example: Immorality has always been downgrading and heartbreaking and destructive.

There is no reason why anyone should insist upon learning this miserable fact by personal experience.

In fact, everything that is possible in human actions, good and bad, has been done and the results have been carefully recorded for all to learn.

PERSONAL TRAGEDY will continue to increase, to whatever extent individuals insist upon following the "foolish fire" of making their own mistakes.

THE WHOLE HUMAN progress will continue to lag until the lessons of history are diligently applied to the activities of each new generation.

## Just Can't Tell

By LIBBY

SOMETIMES IT COSTS teen-aged off-spring a good deal of effort to keep their parents on the straight and narrow, and I for one am glad they know the score and are willing to divulge it to their elders.

The other day after an afternoon of shopping in The City with my daughter, I was feeling indulgent and decided to treat us both to a show.

"DAUGHTER," says I, "guess what. You know that movie that part of it was filmed on the streets down in Big Spring?"

"You mean Midnight Cowboy?" "Yeah. Well, it's showing right here in The City and your Aunt Marie that lives in Big Spring thinks maybe she might be in some of those scenes filmed on the streets there. Let's go. I'm treating."

"MOTHER! YOU CAN'T GO TO SEE THAT! It's Code X."

"Well, so? You're 18. Just how often do you have a chance of seeing one of your relatives in a real live movie?"

"Really, Mother, I don't think you should see it. What I mean is, I don't think you'd like it, and I don't have my ID card with me."

"Well, I'll vouch for your age and how do you know what I'd enjoy?"

"MOTHER, it's about two male prostitutes."

"Two WHAT?"

"I tried to tell you."

"Well, I see what you mean. Surely your Aunt Marie didn't know what it was all about or she wouldn't have been on the street while they filmed THAT thing. Let's see that one with Richard Burton and Rex Harrison, then."

"STAIRCASE?"

"Yes. I love to see Richard Burton act and Rex Harrison, too. They're both great and I'm still treating."

"Uh, Mother, uh, listen, I don't think you should see that one, either."

"Whaddya mean, I shouldn't see it? You're the teen-ager."

### JIM HILL

devil. He threw his rider right out of the chute, went right past Charlie and headed straight for me. My head told my feet to move, but I couldn't get them off the ground. At the last moment I side-stepped, and the bull went right into the back pen. I'll never forget that first bull."

Some rodeo officials from Walters, Okla., mistook Hill's fear for bravado and asked him if he'd be interested in clowning for their rodeo. He got \$25 for his second Oklahoma performance. By the time he got to Durant, his third show, he was making \$50 for a two hour performance. Hill ran into an old college buddy at the Cow Town rodeo at Fort Worth, and they traveled together one season.

Hill established his reputation in bull fighting that year, and "had it made." Then Uncle Sam called him and he served two years in the Army, getting married just before going to Korea.

"When I came back," Jim said, "rodeo officials had forgotten about me. Besides, my wife said fighting bulls was too dangerous."

Jobs of working as a lineman on telephone construction, seismographing and working in production for Phillips Petroleum for nine years followed this.

The dancing and baseball playing came about while working for Phillips.

Hill's dad was an old vaudeville dancer and comedian and taught Jim to tap dance when he was two years old. Jim said he took five dancing lessons one time "in cowboy boots, because my folks were too poor to buy tap shoes." Hill's parents were divorced when he was very young.

Other lessons were informal ones from movie stars. "I'd go to the movies and watch Fred Astaire. He was all the rage then. Or Gene Kelly. Then I'd go home and get in the back room and try to imitate what I'd seen—pick up the steps I'd watched on the screen."

Hill lived with his mother and stepfather in Oklahoma when he made his first dancing money. His stepfather was an oil field driller and there were always plenty of beer joints in the oil boom towns. When he was in the seventh grade, he and a cousin would slip off to one of the taverns. His cousin would pick out a fast piece of music on the juke box, and Hill would jump up and start dancing. "The men would all start throwing coins on the floor. I'd pick up the money while I was dancing. Then when my mother found out where I'd been and how I got the money, I'd get little red stripes across my back. But at least me and my cousin always had spending money."

After Hill started working for Phillips, his dancing got him a promotion. Hill was attending a company party in Midland when someone who knew about his dancing asked him to tap. After the performance, an executive told him if he ever needed anything just let him know. "I'd like to be transferred into

"Well, you wouldn't not very nice."

"REX HARRISON can't believe it!"

"Well, he and Rex homosexuals."

"Oh, I see. Well, uh, that sounds real sweet. Farrow. Rosemary's Baby family type thing."

"Mother, uh, it's no family type show."

"No? It's not really baby?"

"Well, yes, but see, father is the Devil."

"WHAT DID YOU SAY?"

"See, the Devil is Farrow—well, later she baby...."

"Forget it, forget it! I know all this?"

"I keep up with the really, Mother, you should any of those you've seen. You really shouldn't."

"I AGREE. Well, let's one showing at the Governor owns part of a bound to be a nice Lessee, the name of the Slaves."

production." Hill told him, "I'm moving every six months." He was production department before he asked to be in the all-company show that year.

Hill said he has played baseball he was old enough to know baseball was. After he transferred production at Phillips and permanently stationed he began baseball again.

He played for Phillips in every except pitcher and first baseman coached a little league team for years while in this department.

Hill joined the Kansas City Umpires Association and went to and got into the National Umpires Association, where he umpired to the professional level. Hill has "off and on" since that time.

While living in Lubbock in was one of the four umpires picked to umpire in the semi-pro tournament that year.

Hill learned the electrical trade now while working for the Corporation in Missouri.

He moved to Littlefield last ago and put in the appliance work Phelps. Prior to this he had his own in Slaton. Littlefield is Hill's old grounds, since he lived at Bula for years with an uncle, Joe Terrill, Bula graduate.

### City Police Investigate Six Wrecks

City police investigated a one-car turnover at the Highway 84 By-pass and West Delano Avenue Thursday afternoon.

Everette R. Rodgers of Hereford was hospitalized after his 1962 Chevrolet failed to make the curve, skidded 120 feet sideways and rolled 2 1/2 times, coming to rest on its top, according to the officer's report.

Rodgers was treated for a cut on the head and bruises, and his automobile was totaled.

Tuesday afternoon, officers investigated an accident on Westside and Third Streets. A 1964 Plymouth, driven by Margarita V. Piedra of Littlefield was traveling north on Westside and made a right turn onto Third Street, when a 1962 Ford, driven by Erwin John Bohot of Littlefield, was traveling south on Westside and made a left turn onto Third Street and hit the Piedra vehicle in the left rear panel.

Friday night, Aug. 22, a 1963 Ford driven by Nellie Janice Williams of Littlefield and a 1968 Chevrolet driven by John Doyle Dean Jr. of Littlefield, were involved in a collision at LFD Drive and Sixth Street.

The Williams vehicle had made a right turn from Littlefield Drive onto Sixth Street and was traveling west when the Dean vehicle backed from the curb and damaged the right front headlight, grill and fender of the Williams auto.

Wednesday afternoon, Aug. 20, a 1965 Volkswagen, driven by Katie Steffey of Littlefield was traveling north on Phelps Avenue and collided with a 1966 Chrysler, driven by Nancy Stafford of Littlefield, in the intersection.

A 1965 Chevrolet, driven by Gary Fitzgerald of Littlefield and a 1966 Ford wagon, driven by Perry Greenspan Jr. of Dallas, were involved in a collision Sunday afternoon, Aug. 17.

Fitzgerald was traveling south on Harral and Greenspan was traveling east on E. 14th Street. As they approached the intersection, Greenspan failed to stop and yield right of way to the Fitzgerald vehicle, according to the investigating officer's report.

Saturday afternoon, Aug. 16, a 1967 Plymouth driven by Tell Hasler McLarty of Littlefield and a 1962 Dodge, driven by Donnie Leon Kinnie of Sudan, were involved in a collision on Delano Avenue.

The Kinnie auto came off private property to go east on Delano and failed to yield right of way to the McLarty vehicle, striking the left front fender and door of the McLarty auto with its right front fender.

IT'S TIME FOR all witches to buy their brooms, say Littlefield Lions. Tom Sawyer and Don Winfield grab a handful of the many products they will be selling all day, Wednesday, Sept. 3. The truck from the Lighthouse for the Blind will be in front of the Littlefield First National Bank building all day and Lions will stage a house-to-house campaign. Jack Snell is chairman of the broom sale and Duran Bishop and Don Chesshir are co-chairmen.

### TOPS Club Has Meeting

AMHERST—The Be-Little TOPS Club met in a regular meeting Tuesday night with the chairman Joyce Streety presiding.

Each lady weighed as she came in. Roll call was answered with the number of pounds lost or gained the past week.

Alene Dirickson had eight weeks perfect attendance. The runner-up for weekly queen was Mary Howard.

The queen was Reba Walker.

Virginia Nichols and Alene Dirickson were in charge of the program.

The club had an invitation to visit the Levelland club for a picnic Thursday night. Several planned to go.

Fourteen members and one visitor attended the meeting.

### No Gas Burners

The California Senate recently passed a bill, 26-5, to outlaw the sale of internal combustion engines by Jan. 1, 1975, in a move against air pollution.

The bill was sent on to the California House of Representatives for their consideration.

### Red Cross Makes Fund Appeal

Lamb County Red Cross Chapter has issued an appeal to residents of Lamb County for \$1,146, the quota issued for this area to help restore thousands of disaster victims on the Gulf Coast to normal living.

Mrs. Bonnie Haberer, chairman of the Lamb County Chapter, has issued the appeal, and collections will begin Tuesday.

The money will be used on the basis of family need to rebuild, repair, and furnish homes swept away by the tides and 190-mile-an-hour winds of Hurricane Camille, which struck the coast of Louisiana, Mississippi, and Alabama Aug. 17.

"The murderous force of the storm was one of the most destructive in U. S. history, and was centered on the Mississippi resort cities of Biloxi and Gulfport," Mrs. Bonnie Haberer said. "An eye witness at Gulfport said the destruction there was 'utter and unbelievable.'"

The Lamb County Chapter campaign for funds is the local phase of a nationwide appeal by the Red Cross for \$15 million to help meet the needs of families in the shattered cities of the Gulf Coast.

Mrs. Lyle Brandon will serve as chairman and already has begun to marshal a corps of volunteers who will be in lobbies of banks of the county to accept contributions during the week beginning Sept. 2.

"At the peak of the emergency relief operation by the Red Cross," she said, "70,000 refugees from Camille were in 300 shelters inland from the Gulf—in schools, churches, courthouses, city halls, and other public buildings."

Hundreds of volunteers from the Red Cross chapters across the three-state area were manning the shelters and carrying on emergency mobile canteen feeding operations for refugees and relief workers. Among the volunteers were 400 Red Cross nurses and many volunteer physicians who

cared for the ill and injured. More than 100 Red Cross national staff members were on the scene assisting the volunteers.

A preliminary Red Cross survey of home damage showed 2,000 homes destroyed and 4,000 damaged on the coast alone.

Mrs. Brandon said a broadcasting station official at Biloxi termed the destruction there "terrible" and that at Gulfport "worse." Twenty to 25-foot tides lashed the coast at Biloxi, where there is "nothing left" of the 360-room Buena Vista Hotel. At Gulfport, brick buildings were completely leveled.

Another observer said that the east-to-west coastal highway, U. S. 90, is gone; that buildings along the beach front looked as if a tornado had wiped them out.

There is 95 percent destruction in an area six blocks north of Pass Christian. People who fled inland and returned after the hurricane found nothing. Of a 12-story steel-and-glass office building, only the steel structure is left.

### Hart Camp

To Have

### Revival Meeting

There will be a revival meeting Sunday, Aug. 31 through Sunday Sept. 7 at the Hart Camp Baptist Church.

Weekday services will be at 9 a.m. and 8 p.m. each day. The Sunday services will be at the regular hour.

This will be a youth-led revival with Rev. John Hoskins doing the preaching and Lloyd Chumley leading the singing.

Both of these young men are attending Mid-Western University in Wichita Falls.

Miss Shirley Leonard will play the piano for the services. Everyone is invited to attend.

The glass is powder.

"There has never been a time when we failed to heed the call of our neighbors in distress, and we are confident that the people of Lamb County will rally to those in need and more than meet our quota," Mrs. Brandon concluded.

"Leave your contributions at any bank in Lamb County, or at the Lamb County Red Cross office in the basement of the courthouse Littlefield."

### H.H. Sides

### Services Held

Services were conducted Aug. 26 in Oakwood Baptist Church in Lubbock County for Herman H. Sides, brother of Truitt Sides of Littlefield, who died Monday, Aug. 25 in the Golden Age Nursing Home following a lengthy illness.

The Rev. John Schwensen, pastor, and the Rev. Curtis Jackson, pastor of the Canyon Baptist Church, officiated.

Burial was in Resthaven Memorial Park with Sanders Funeral Home in charge of arrangements.

Born in Van Zandt County, he moved to Lubbock County in 1917. He was a member of the Idalou Masonic Lodge and was a retired farmer.

Other survivors include his wife, Christina; two sons, Ben of Midland and Billy of Friona; one daughter, Mrs. Doris McKinney of Corsicana; four other brothers, Horace, Adolph and Lawrence, all of Lubbock and Roscoe of Kingsland; two sisters, Mrs. Lewis Travis and Mrs. Cloeman Cox, both of Lubbock; and 12 grandchildren.

KEY TO SUCCESS of Amherst's passing attack will be quarterback Eddie Moates, left, and All-District end Mickey Johnson, right. New head coach Lewis Sessums poses with them during a pause in practice session.

# Amherst Rebuilding With All-New Crew

There's not much familiar around the Amherst High School football field except the field itself, and the sound of determined body contact.

Only three regulars return from last year's graduation-hit championship Bulldog squad. They are Mickey Johnson, Aurelie Rivas and Jimmy Humphries.

Even the coaching staff is brand new. Lewis Sessums is new head coach and Dean Elliott is his assistant.

This season will apparently be a building year for Coach Sessums. He will have plenty of time to give individual attention during the campaign, because he has only 21 candidates out for a blue and white uniform.

All-District performer Gary Robinson was slated to return, but was declared a scholastic casualty.

Bulldogs '69 could very well be an aerial team. Not that they want to go along with the national trend of pass-happy offenses, but they've got the makings of an outstanding aerial circus.

Back is Amherst's leading scorer of 1968, All-District end Mickey Johnson. He will have the pigskin put his way via the talented arm of Eddie Moates, lanky 171-pound junior Johnson started the season at a respectable 180 pounds.

Rivas, a senior, logged the '68 season as a tackle, where he'll be at again this year. He is a compact 180 pounds.

Humphries, a another senior, of which there are six on the squad, he'll use his 147 pounds at the guard position.

The Bulldogs strapped on their pads for the first time

Monday, and felt the taste of battle Friday night when they traveled to O'Donnell. This Friday night they will go to Happy for a 7:30 scrimmage.

With Johnson at end are senior Larry Black, 131; freshman Doug Eddy, 140; and junior Steve Gage, 130.

Tackles with Rivas are sophomore Lonnie Burton, 220; junior Larry Edwards, 157; and sophomore Kim Harmon, 164.

Teaming with Humphries at guard are senior Kenneth Jones, 140; sophomore Joe Rivas, 132; and freshman Mark Nicholson, 142.

Tony Jimenez, senior 150, and Randy Fullenwider, freshman 134, are candidates for the center post.

Sophomore Doug Cummings, 151; junior James Moore, 164; and junior Ricky Miller, 123, will hold the fullback positions. Roy Lee Young, 138-pound sophomore, will split his time between halfback and end duties.

Junior Bobby Clayton, 185, holds the ticket as fullback.

Both coaches Sessums and Elliott moved to their new positions from Class AA Iddalou.

Sessums, a Baylor U graduate of 1963, served as an assistant on Spur's championship team three seasons before moving to Iddalou. He is a product of Sundown High School.

Elliott, who graduated at Tahoka H.S. took his degree from Texas Tech in 1968, and then joined the Iddalou staff. He attended Sul Ross before transferring to Tech.

Bulldog fans will just have

to wait to see what kind of year 1969 will bring.

Coach Sessums termed it as one "short in depth, strength, size and speed...but with a lot of heart and desire to compete."

That kind of team often turns out a giant-killer.

## 'Cat Defense Solid, But Offense Sputters

Wildcat football fans saw a stubborn, hard-hitting defensive team that held Seminole as well or better than any LHS club has ever done in a scrimmage, when the two met here Friday evening.

But they also saw the effect of greenness not yet accustomed to the offensive plans laid out by new coach Deverlee Lewis.

Neither team was able to mount a sustained offensive drive that reached the goal line, but Seminole scored twice and Littlefield once during the session.

Both clubs were able to punch across scores on goal line offense practice.

Seminole's other score was on a long pass interception runback, but it didn't stand because of a clipping penalty.

Steve Owens proved to be an able replacement for quarterback Charley Holt. The lanky end who returns from last year's starting lineup showed his versatility by moving the club to its initial

two first downs the second time the club had the ball.

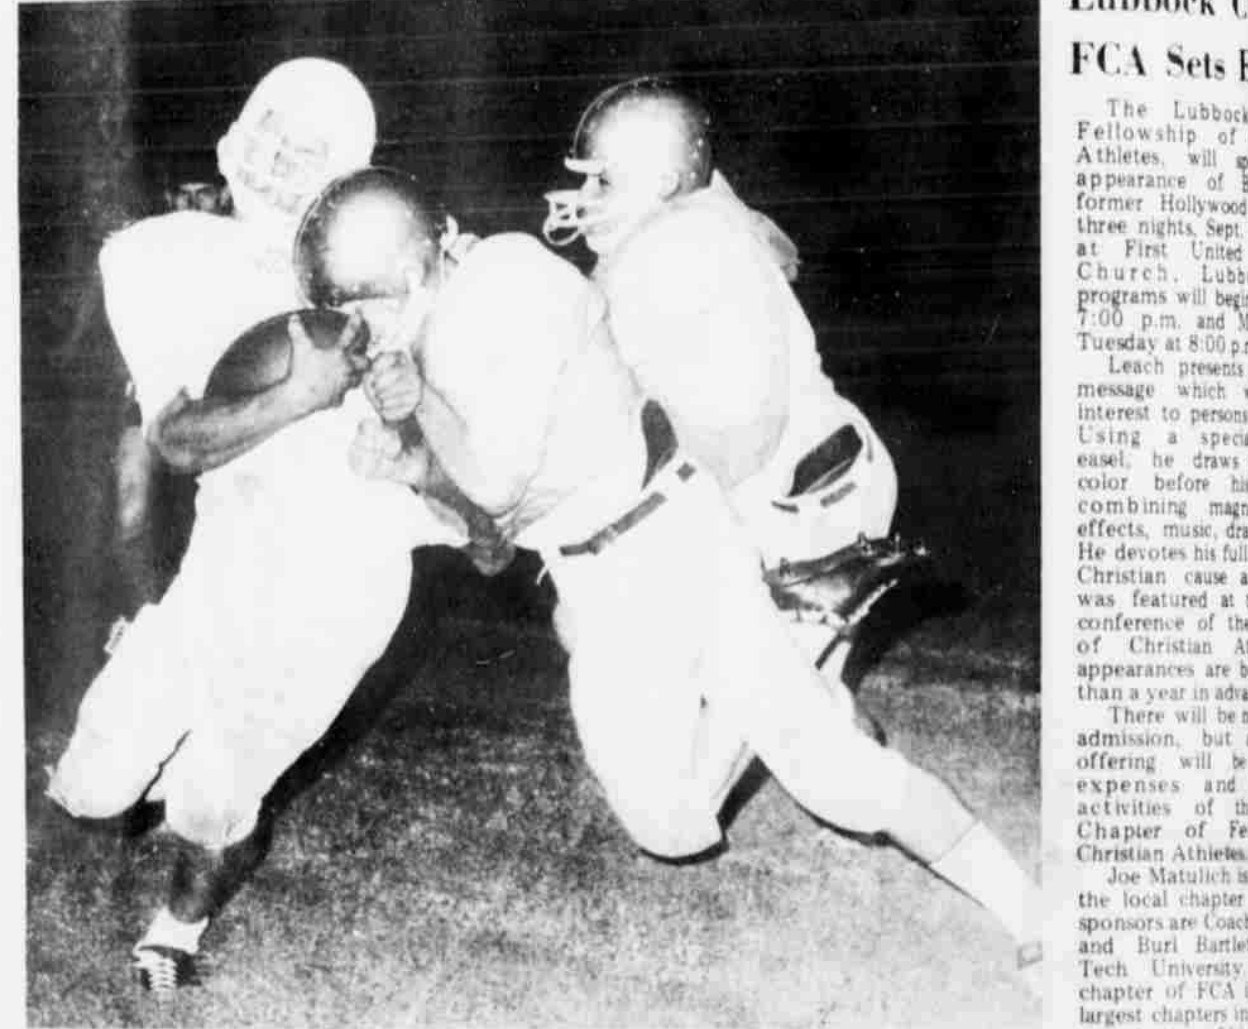

Following the workout, the players themselves said their offensive problems were on assignments, and not lack of physical ability.

Both the Wildcat varsity and junior varsity will be bused to Canyon next Friday for the final practice scrimmage before opening the season schedule here against Dunbar.

The Canyon fracas is slated to begin at 6 p.m.

CLOSING IN on a Seminole Indian runner during Friday evening's scrimmage here are Wildcat defenders Eddie Hickman, 37, and Gary Johnson, 67. Gary 86, trails the play.

A CRUSHING BLOW is applied on this Hereford Junior Varsity runner by Jerry Bellar and Eugene Lopez, Sudan Hornet defenders, during a scrimmage session at Sudan Thursday evening. Both teams were held to a touchdown apiece during the scrimmage, but Class AAA Hereford's first two units were unable to score. It was the third unit of the Herd that managed to punch across the goal line. Sudan's score was a fine 52-yarder by fullback Larry Hanna.

## Leading Not New To Hooper

Being the team leader is nothing new to Olton's big Eddie Hooper, and that's the way it was in the Aug. 7th Coaches' North-South All-Star football game in the Cotton Bowl.

Hooper, who is heading for Texas A&M this week, played the entire game as offensive guard and defensive tackle. He logged more tackles than any other player on the squad for the North squad.

The former Mustang great, who was unanimous choice All-District both offensively and defensively his junior and senior years, All-State first and second team senior year and honorable mention All-American last fall, was credited with 11 tackles.

According to one report, he and Plainview's Jerry Sisemore, were the major reason the South was limited to only 63 yards rushing in the second half after gaining 165 the opening period.

Eddie, who will be playing with a pair of former Sudan Hornets, Robin Davis and Larry Bellar, reported this week at AggieLand for workouts. Davis will play offensive guard and Bellar is a kicking specialist.

## Olton Trap Shoot Replaces Meeting

The Lamb County Sportsmen's Association and the Olton Gun Club are sponsoring a trap shoot at the Olton Gun Club (near the Country Club) Sunday.

The shoot begins at 2:30. There is no deadline or entry fee, but a charge of \$1 will be made for clay pigeons. This shoot will take the place of the regular monthly meeting of the Sportsmen's Association.

The two groups issue a special invitation to anyone interested in sharpening their shooting talents for the dove season that opens Monday, Sept. 1. Bring your own gun and shells, or borrow a gun from those attending.

## March Of Dimes Has New Office

The National Foundation March of Dimes' Northwest Texas field office, located in Lubbock, has revealed the formation of the Metropolitan Lubbock Chapter of the March of Dimes.

The new Metro-Lubbock Chapter, headed by acting chairman Homer D. Henderson, covers an 11-county area, including Lamb, Lubbock, Bailey, Cochran, Dickens, Garza, Hale, Hockley, Kent, Lynn and Motley Counties.

What was formerly the Lubbock County Executive Board has been expanded to include representatives from the other 10 participating counties and is now the Metro-Lubbock Executive Board.

This board held its first organizational meeting Monday, Aug. 18, at St. Matthew United Methodist Church, in Lubbock.

"We anticipate a greater effectiveness in the National Foundation's fight against birth defects in this area due to this new merged chapter," said John Drawhorn, Northwest Texas Field Representative.

"This is something we are doing in all of our metropolitan areas, and we are finding it very successful."

BUDDY LOGSDON

Wheat planting time is approaching and careful selection of a variety is important in obtaining the most economical return from grazing and grain production. Although the performance of many varieties will vary somewhat from one year to the next, a variety should be selected based on its most frequently expected performance in the area. Texas has built a good reputation for producing quality wheat in recent years, adds the agent. For the High Plains, such varieties as Tascosa, Caddo, Scout 66 and

Sturdy are first choice because of their yielding ability, high quality and good storm resistance. Caprock, a sister strain of Sturdy, is also an outstanding variety and yields slightly better than Sturdy. Both of these varieties are short-stature wheat recommended for growing under irrigation and high fertility where lodging may be a problem. Under dryland conditions, these varieties may be too short to harvest satisfactorily. Foundation seed of Caprock was produced last fall for certified seed growers and

should be available to farmers for planting next year. Other popular varieties on the High Plains are Improved Triumph, Crockett, Kaw, Concho and Wichita. These are second choice because of either lower quality and a tendency to shatter or weak straw. Under dryland production, they often have a good milling and baking quality but are weaker than desired under irrigation. Wichita and Improved Triumph continue to be popular, however, due to their extreme earliness. A new variety, Crockett 70, is being released to replace the

Crockett now being grown. Seed of this new variety should be available to farmers for the 1970 planting. It is only slightly better than the present Crockett in yield, test weight and quality but shows a major improvement in shatter resistance and straw strength. What is the best variety for grazing? That's a question often asked by wheat growers and cattlemen alike. Generally, a good grain yielding variety will usually provide good grazing. However, grazing of the early maturing varieties such as Triumph should be discontinued earlier in the spring if they are being saved for a grain crop than later varieties such as Tascosa. A new variety, Agent, has been released in Oklahoma as a special purpose forage wheat. This variety has a high resistance to leaf rust but has not yielded as well as local varieties. It also lacks winter hardiness on the High Plains. More observation and tests are

## Grain Producers To Help Build Pork Industry

The High Plains and Panhandle Grain Sorghum Producers are looking forward to the time when their area will become the producing area of grain sorghum. Following approval in October, one of the market development will be to help the pork industry in West. Elbert Harty, director of Grain Producers Association, says: "As grain farmers have to pay freight on our local markets for grain, as on grain in the area. GSPA has been in the development of cattle feeding in the High Plains and we feel this same area natural for development of pork industry. The first wind tunnel world was built by Brothers in Dayton, 1901.

Would anyone else dare this "guillotine" test?

What happens when a knife-sharp blade cuts into the soft cover of an ordinary golf ball? That's easy. It cuts. It becomes unplayable. But try the same trick with a Faultless. What happens? Nothing. That's why you can hit it—right or wrong—time after time, round after round, without worrying about cutting it.

### Cotton Classing Meet Scheduled

The USDA-Consumer and Marketing Service-cotton classing office in Lubbock has set aside the week of Sept. 8 through 12, for cotton classing orientation for producers and ginners, and other interested persons.

The program will begin at 9:00 a.m. each day and close at 4 p.m.

This will be an open house, come-at-your-convenience affair. Classes in cotton classing (grading and stapling) will be offered, along with a tour of facilities.

## Grain Referendum Meetings Scheduled

A series of seven meetings will be held the week of Sept. 2-5 on the High Plains to explain a grain sorghum referendum which will come before a vote in early October in 29 counties.

"Grain sorghum producers are urged to attend the meeting in their locality to familiarize themselves with the upcoming referendum," says County Agricultural Agent Buddy C. Logsdon.

Keynote speaker at each of the seven meetings will be Dr. Bill Black, Extension economist in marketing and policy, headquartered at Texas A&M University.

Purpose of the referendum is to develop, carry out and participate in programs of research, disease and insect control, education and promotion designed to encourage production, marketing and use of grain sorghum. The referendum calls for an assessment of five cents per ton to be collected at the point of first sale.

A two-thirds majority vote is required or a vote of approval by farmers producing at least 50 percent of all the grain in the 29-county area, explains Logsdon.

In addition to voting on the

five cents assessment, producers will also select a 12-man governing board, points out Logsdon. This board will be comprised of area grain producers who will have been nominated prior to the election.

Any producer may have his name on the ballot by submitting it in writing, along with the signatures of 10 other grain farmers, to the Grain Sorghum Producers Association in Lubbock by Sept. 1.

"This board will have the responsibility of developing programs of research, promotion and education which they believe most vital to the grain producers of this area and use the funds for this purpose," explains Logsdon.

No funds will be used for political purposes.

The program, if approved, will be voluntary in that any producer may get his money back if he so desires within 60 days after the date of collection.

Ballots will be sent to all grain producers in the area in early October, and these will be available at the County Extension Office, adds Logsdon.

Counties involved in the

upcoming referendum are: Lamb, Armstrong, Briscoe, Carson, Castro, Dallam, Deaf Smith, Floyd, Hale, Hansford, Hartley, Hutchinson, Moore, Oldham, Farmer, Potter, Randall, Sherman, Swisher, Bailey, Cochran, Crosby, Dawson, Gaines, Hockley, Lubbock, Lynn, Terry and Yoakum.

### Shop Rite Foods VP Appointed

J. S. Reinhart, president of Shop Rite Foods, Inc., Piggy Wiggly, has announced the appointment of C. L. (Mac) Goodwin to the position of vice president in charge of retail operations for the western region of Shop Rite Foods.

In this capacity, Goodwin will direct the operation of 100 stores in Littlefield, El Paso, Albuquerque, Lubbock, Amarillo, Wichita Falls, Midland, Odessa and surrounding areas.

Goodwin will operate this region from offices in Lubbock at 2222 Ave. A.

MICHELIN X

RADIAL

specially designed for passenger cars

The high performance passenger car tire... with all these MICHELIN X special features

- radial ply carcass
- high level of safety (up to 80% fewer punctures)\*
- long tread life (at least twice that of conventional tires)\*
- shock cushioning abilities
- tread distortion virtually eliminated by layers of steel-cords
- full grip... full traction in all weather
- gasoline economy (up to 10%)\*
- three guarantees (mileage, 40,000 miles, manufacturing, road hazard)\*

The original radial steel-cord tire

\*Compared to standard conventional. \*\*Guarantee given by Michelin Tire Corporation covers repair, credit or refund, at its option. Credit or refund based on original consumer's purchase price and proportion of mileage run.

HERE IS THE SECRET OF MICHELIN'S HIGH PERFORMANCE

Michelin's high performance is no secret to anyone who knows cars. Michelin's exclusive radial ply carcass with triangulated layers of steel cords in the crown makes the Michelin 'X' fully adapted to modern driving and road conditions. Its unique radial construction gives the Michelin 'X' extra cushioning and absorbs vertical movements. It's like giving a car an extra set of shock absorbers. With the Michelin 'X' you get full road contact without dangerous tread distortion. The walls and tread work independently of each other... with layers of steel cords actually bracing the tread and stabilizing it through a triangulated arrangement. That's why people who know cars know a Michelin 'X' will last, grip, and give outstanding mileage.

# Journey To The Past

BY EVALYN PARROTT SCOTT

**EDITOR'S NOTE:** This is a story about V. M. Peterman and his wife, Emily Johnson (Mrs. Peterman).

(Pete) Peterman, Lamb County was born in the Indian Territory in the state of Oklahoma.

He grew up on his father's land claim under pioneer conditions.

Peterman first attended school in a one room establishment with an enrollment of 25 students.

After finishing high school at a two room school in Meridian, Okla.

He first came to Lamb County in 1919 and was associated with it's possibilities as a farm country, he and his father later moved in 1926, the farm where he and Mrs. Peterman live today.

In 1927 he backtracked to Oklahoma long to marry his sweetheart, Emily Johnson. One week after their marriage, Pete and Emily headed for West Texas, traveling by wagon, bringing along their horses, cattle, chickens, turkeys, etc.

They made their first crop with plow tools they brought along when they moved from the state to Lamb County.

They and Emily's first home was a dugout box and strip shack. For fuel they used logs and the brubs plowed-up when they cleared their land. They dug their own water well for life-giving liquid for both themselves and their livestock.

**ROCKY FORD TABERNACLE**

They participated in building of the Rocky Ford Tabernacle which was the first church and school building in that part of the county.

When they first had to travel to Amherst for mail, but later it was delivered by a rural carrier.

Pete and Emily operated a grade A dairy for 27 years and raised some of the finest dual purpose cattle in the world. Peterman showed his cattle at Fairs and cattle shows throughout the Nation; including the National at Chicago; The Waterloo Dairy

Cattle Congress; The International Dairy Show at Indianapolis; The American Royal at Kansas City; the Cow Palace in San Francisco, and at most of the state fairs of the Southwest.

Pete said, "I've rode a many a mile in a box car."

He raised Whiteface cattle on his little ranch in the Sandhills 28 years.

### EXCELLED IN SERVICE

Peterman served on the school board of Amherst schools; helped organize the Lamb County Fair—was president of the organization for many years; was an early member of the Amherst Lion's Club and served in every position of this club from tail-twister to Deputy District Governor.

He served nine years on the board of directors of the Lamb County Electric and made several trips to Washington in behalf of the new building.

He helped organize and was for several years county chairman of the Texas Underground Water Board. He was sent to Washington, D. C., as a delegate of goodwill to President Roosevelt in 1934, to express the appreciation of the Lamb County Farmers for the New Deal program.

He was a delegate from Texas to Chicago 11 straight years in behalf of the American Milking Shorthorn Society; served on the board of directors of the organization two terms, and as vice-president of this national organization in 1961.

Peterman was presented the award for achievement as an outstanding farmer in livestock and community development by the Littlefield Chamber of Commerce in 1960. He and Emily are members of the Lamb County Pioneer Association, and he has served as president of the organization.

The Petermans have one son, Joe, who attended and graduated from Amherst High School in 1957. Joe received his B.S. degree from West Texas State University in Canyon, in 1961.

After serving in the United States Air Force in the Medical Corp, Joe now has a business of his own near San Francisco.

## Big Job

**ANOTHER RAIN—** another mowing. Shanna Carver was busy with her toy lawn mower Monday afternoon at her home on East 9th. Shanna is the daughter of Mr. and Mrs. Mike Carver. Lawn mowing is play to Shanna, but recent rains will mean another grass cutting for most residents, and better crop prospects for area farmers who called the moisture "good laying-by showers."

THE HOME of Edd Dawson was the scene of an ice cream supper Monday evening, Aug. 18. The occasion was in honor of Mr. and Mrs. Freddie Kimper who are moving to Jal, N. M., soon. Approximately 25 adults, youths and children were served cake, ice cream, cookies, coffee and punch.

MRS. C. E. GINN took her mother-in-law to Amherst for a check-up and on to Littlefield for her glasses to be adjusted last Tuesday afternoon.

FRED ADRIAN, brother of John and Buddy Adrian, underwent brain surgery in Methodist Hospital in Lubbock, last Tuesday morning. Fred is doing fine. It was feared he had a brain tumor, but the doctor found a blood clot. The clot was removed.

MMES. BESSIE CEARLEY, Marie Ross and Edith Brockett, returned from a three-weeks tour of several European countries Friday morning.

THE PARSONS-ELLIS Ambulance made an emergency run Friday afternoon to Deweylene Waid's home where Linda Gregory was rushed to the Dimmitt Hospital. It was found that Linda was suffering from a heat stroke. She had been hauling hay.

MRS. TED HABERER and son, Dennie, returned home from the hospital in Lubbock Thursday.

MRS. W. R. STOCKARD returned home from the Methodist Hospital in Lubbock Friday, where she had been a patient for two weeks. Mrs. Stockard is suffering with sialicid rhuematism. Her condition is much improved.

MARSHALL KELLEY is a patient in the hospital at McKinney. Marshall is suffering from a heart and emphasema condition. He is much improved at this time but will be in the hospital several days.

MR. AND MRS. Jessie Cole of Lubbock spent the weekend with their parents, Mr. and Mrs. R. S. Cole and Mrs. Dera Bell Angeley.

MRS. FRANCIS DAVIS and boys and Regena Cole spent the weekend in Denver City with Mr. and Mrs. Bills. They took Deniece Bills home after she had spent a week visiting her grandparents, Mr.

and Mrs. R. S. Cole and Mr. and Mrs. Floyd Bills.

CHARLES RUSSELL, who is making his home with Mrs. Lillie Werflein, is in Albuquerque, to attend the funeral of his mother.

MRS. ALICE MARTIN spent last weekend in Amarillo, visiting with her sons, the Ralph Martins and the U. B. Martins, their families and a sister-in-law, Mrs. Ethel Lewellyn.

WEEKEND guests of Mr. and Mrs. Gerald Inglis were his father, J. B. Inglis of Mangum, Okla., two nephews, Dennis Inglis, and children, and Mr. and Mrs. Donald Royce Inglis and children, all of Napa, Calif. Also for dinner Monday were Gerald's sister, Mrs. Eugene Griffin and children of Littlefield.

# WORSHIP IN CHURCH

and get a spiritual lift for the whole week

## man's work

Christ made the laboring man a great promise. The proclaiming of Labor Day as a national holiday might not be a coincidence after all. In St. Matthew, the Lord promised rest to all those who labor and are heavy laden. Thus the National Holiday was set aside in respect to all those who work together to make our nation strong and free. God is on the side of the working man, but He has no use for the nonproducers—the drones—the sluggards—the usurpers. In Corinthians, He makes it very plain that every man shall receive his own reward, according to his own labor. Then, let us not gloat over past accomplishments. Let us put our shoulders to the wheel for greater achievements. As we honor our working women and men, let us reflect on all the good fortunes of every American laborer. And may we reverently think on God as we celebrate, as we pay our respects, for we know, a man's work is born with him.

**You In The Church**  
The Church is You — form a combination for good. Every man, woman and child needs the influence of the church. So, come to us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

A grown dachshund is about eight inches high at the shoulder.

**Accidents Checked, Inspection Changed**

The Texas Highway Patrol investigated 10 accidents on rural highways in Lamb County during the month of July, according to Sergeant Thurman Keffer, Highway Patrol supervisor of this area.

These crashes resulted in two persons killed, three persons injured, and an estimated property damage of \$6,230.

The rural traffic accident summary for this county during the first seven months of 1969 shows a total of 65 accidents resulting in two persons killed, 20 persons injured, and an estimated property damage of \$40,145.

The 1969 Texas Legislature has provided for a year-round Motor Vehicle Inspection program.

Beginning Sept. 1, 1969, the present 1969 inspection stickers will have a numeral insert corresponding to the month of issuance that will be inserted on the face of the sticker corresponding to the month of issuance.

The sticker will be placed in the lower left-hand corner of the windshield.

All 1969 stickers bearing a numeral insert will expire at the end of the month a year from now, 1970. All 1969 stickers bearing no numeral insert will expire on April 15, 1970.

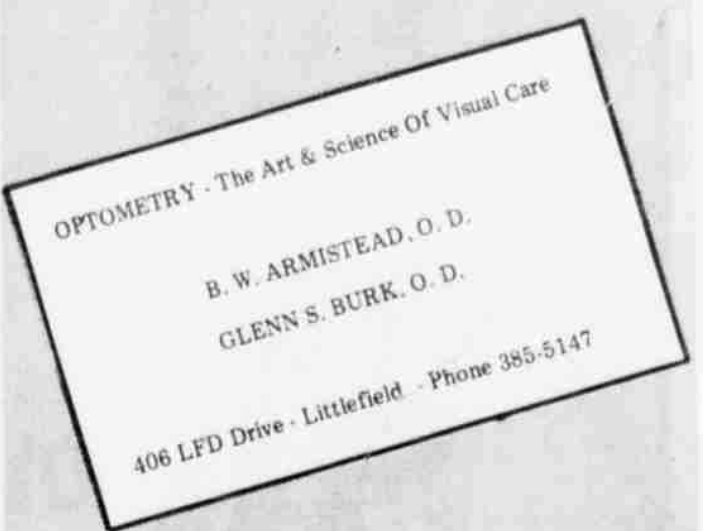

Beginning Jan. 1, 1970, the inspection stickers issued will have an orange background and bear an insert numeral corresponding with the 1970 month of issuance and will expire at the end of the month one year from the month of issuance in 1971.

The inspection sticker design will change in January of every year to a new base design.

The Legislature added two items to be inspected—the exhaust system and the exhaust emission system. The new inspection fee will be \$2.

# Lamb County Pioneers Enjoy Festive Reunion

A gay, festive atmosphere prevailed in the Community Center Tuesday afternoon as about 342 Lamb County Pioneers met for their 20th Annual Reunion.

The oldtimers exchanged tales which brought back memories of the early days in

the county, and caught up with events during the past year.

Old acquaintances were renewed and new ones were made during the afternoon session which included a varied program of entertainment, highlighted by the barbecue at 6 p.m.

More than 400 ate barbecue and bountiful trimmings which had been brought by women in the county. This year's barbecue was provided by Halsell Ranch and Johnny Murrell, the ranch foreman.

Special guests of honor were volunteer firemen from all six

towns in Lamb County—Olton, Sudan, Springlake, Amherst, Earth and Littlefield.

The event got underway at 2 p.m. with registration in front of the Community Center. This year's attendance was up from last year, when

MRS. GLADYS LYNN  
Wilmington, Calif.  
...Came Farthest Distance

APPROXIMATELY 400 Lamb County Pioneers and their family members gathered at the Reunion Tuesday evening. They were entertained by a group and pianist as they ate and visited—recalling happy days of the past and discussing plans for the future.

approximately 170 were registered.

Fred Lichte of Littlefield was elected as the Pioneer Association's new president for 1969-70, during the business session which followed the entertainment. Eldon Franks of Olton will serve as vice president; Sid Hopping of Littlefield was re-elected as treasurer; and Lyle Brandon of Littlefield will again serve as Secretary.

Mrs. Lester LaGrange of Amherst presented gifts from the Association to Mrs. Gladys Lynn of Wilmington, Calif., who traveled the greatest distance to attend the reunion; to Mrs. E. M. Davis of Littlefield, 91, who was the oldest woman present; and to Judge J. E. Dryden, 90, of Sudan, the oldest man present.

Two others came from California, but Mrs. Lynn came the farthest. New directors for next year are L. L. Uselton of Amherst; R. L. Byers Jr. of Springlake; Mrs. Bonnie Haberer of Pleasant Valley; Mrs. Myrtle Clayton of Springlake; and Ray Smith of Spade, outgoing president.

To introduce the entertainment, Mrs. A. B. Brown of Spade, program chairman, introduced a fiddling group formed by E. K. Angeley

PIONEER ASSOCIATIONAL President Ray Smith presented Judge J. E. Dryden of Sudan, 90, and Mrs. E. M. Davis of Littlefield, 91, as oldest man and woman present. Mrs. Lester LaGrange of Amherst, gifts chairman, presented the gifts from the Association.

of Pleasant Valley and Leldon Phillips of West Camp.

Others on the program included the "John Clayton Singers" of Littlefield; an accordion presentation by Rev. Aubrey White from the Methodist Church at Sudan; the Kelley Trio from Springlake; a duet from Lums Chapel, composed by Ernest Goertz and Mrs. Percy Carter; three "rags" played on the piano by Mike Riley of Olton; an ensemble and solo presentation from Spade; a piano medley by Betty Elms of Amherst; a congregational sing song; and the fiddlers again.

President Ray Smith read a letter and telegram from Bill Clayton in Austin and Congressman Bob Price in Washington, D. C., wishing the Pioneers a good time at the reunion.

Pioneers reminisced about an hour after the business session and before the barbecue was served.

Members of the hospitality

committee for this year's reunion were Mrs. Bonnie Haberer of Pleasant Valley, I. B. (Doc) Holt of Olton, Willis White of Amherst, Branscum of Earth, Jr. of Springlake and J. E. Dryden of Littlefield.
