

Wildcat Bi-District Hopes Quelled By 'Winds

BY ROGERS
The Floydada Whirlwinds and Littlefield Wildcats meet in a game, something strange. The defenses take control and the outcome of the contest. In the last three encounters, a total of 10 points have been scored. Ten points for one baseball game, but

ELVOR SEZ: "Some folks spend their time chasing after happiness, and take the time to create it."

THE FLU and cold season here is in force, we thought it might be wise to pass this clipping along.

Everything under control. Kids off to school. Dinner planned. Your lunch is in the refrigerator: fruit cup, sandwiches. Thermos of hot tea. See you around 6.

Tuesday a.m.

About the egg rack in the refrigerator. Hope you got back to sleep. Kids tell you about the Coke I put in the thermos? The school might call this. Dinner may be a little late. Hanging your door-to-door canvass for research. Your lunch is in the refrigerator. Hope you like left-over

Wednesday a.m.

In the name of all that is sane you put soap chips in the flour sifter. If you have time, could you come up with a likely spot for a missing shoe? We've checked the hamper, garage, back seat of the wood box. Did you know the sifter has a ruling on bedroom slippers? Did you see some cold pizza for you in a bag in the oven drawer. Late tonight, a Girl Scouts to tour the packing house!

Thursday a.m.

Panic over water in hallway. It was last night at 9 p.m. Will finish up tonight. Please pencil in the following: How do you turn on the garbage can?

How do you turn off the milkman? Why would that rotten kid leave his boots? How do you remove a confederate from the palm of a small boy's hand?

Drink from pitcher by the sink. Try to restore pink dress shirt to its original white. Take heart. Tonight, the house will be folded, house cleaned and on time. I called your mother.

for three football games it is remarkably small. Unfortunately for the Wildcats, Floydada has scored all 10 of the points, and seven of them came in the Winds 7-0 bidistrict victory Friday

night in Plainview. It was a scoreless duel going into the fourth quarter, with Floydada holding an edge in first downs, seven to six. Neither team had a penetration. Larry

Hobratschk punted from the Cat 40, and he really sailed it all the way to the 15. Jerry Hearon carried on first down, and found some running room up right tackle. He was hit by Lenearl Lewis on

the 25, and the jolt popped the ball loose. Hobratschk fell on the pigskin for the Cats, and the first turnover of the game found Littlefield in great field position. But the first down handoff to Pat

Henderson also was jarred loose. Henderson took the handoff and was flipped at the line of scrimmage. Mike Hale recovered for the Whirlwinds and halted Littlefield's hope for a score or a penetration.

Quarterback John Cagle was dropped by Randy Cook and Kenny Owens on third down, and Mark Vinson punted to the Cat 40.

Henderson took a quick pitch around the left side on first down for a gain of seven yards, and on third and three, Bryson scrambled around right side and ran to the 38 before he was finally knocked out of bounds. On the next play, Bryson followed the blocks of Arturo Soria and Lewis and skirted the left sidelines down to the 16. With 8:32 left in the quarter, it appeared that Littlefield had a solid grip on the bidistrict trophy with the games' only penetration.

But on first down, a clipping infraction moved the ball back to the 28. And when Bryson tried a long third down pass to Henderson, Errick Jones stepped in front and intercepted. He ran the ball back to the 34, and unknowingly provided Floydada with their victorious final drive.

Cagle was rushed mightily by linebacker Bill Hamblin on first down, and his pass to Hale fell incomplete. After an offside penalty, Cagle hit Hearon for 15 yards and the first Rex Rose followed by crashing up left tackle to the Cat 40. Cagle then carried around left end for nine yards before finally being tackled by Alan Mackey, and then carried on a sneak to the 27. He carried again around the right side to the 20, and then handed off to Hearon who hammered up the left side to the 15. Floydada quickly had their penetration to tie the Cats in that department, and more importantly, they had momentum.

It took the Whirlwinds five plays to score from the 15, and who else but Cagle went up the middle for the touchdown. Rance Young added the extra point to put Floydada ahead 7-0. The Cats had 2:31 left on the clock to drive 63 yards after the kickoff. Bryson went for all of it on first down, and Vinson cut in front of Hobratschk and intercepted. The Cats held the Whirlwinds and forced them to punt. Vinson punted safely and then convinced the official that he had been unfairly hit, and the roughing the kicker penalty sealed the Wildcats doom. Floydada ran out the clock and earned the right to meet Childress in the regional playoffs.

The first quarter was one where both teams had to fight and scratch for every yard gained. Floydada did pose a mild threat when they drove to the Cat 24, but on first down Hamblin caught Cagle for a loss of five. A third down pass to Hale was broken up by Mackey and Lewis, and on fourth, Cagle attempted a quarterback draw that went nowhere.

The first play of the second period was nearly a game-breaker. With Cagle trying a second down pass from his 30, defensive Randy Wesley broke through and forced Cagle to get rid of the ball. Hobratschk moved in front of Hearon, snagged the ball, and then lost control of it. The pass was ruled incomplete, but if Hobratschk had been able to hang on, he had clear sailing to the goal line.

With 4:48 left in the half, the Wildcats again moved in for a score. From the 25, Bryson passed to Hobratschk, who made a fingertip diving catch on the 47. On the next play, Bryson rolled left, and then ran the ball down the sidelines to the Floydada 43. Henderson took a third down handoff up the right side and sliced his way to the 27. Three more plays netted two yards, and Hobratschk lined up for a 42-yard field goal attempt. The ball had the necessary distance, but was a foot to the right of the goalpost.

The half ended with the Cats on their own eight. Though the scoreboard clock had signified the end of the half one play before, a mistake of 14 seconds, was made and one more play had to be run.

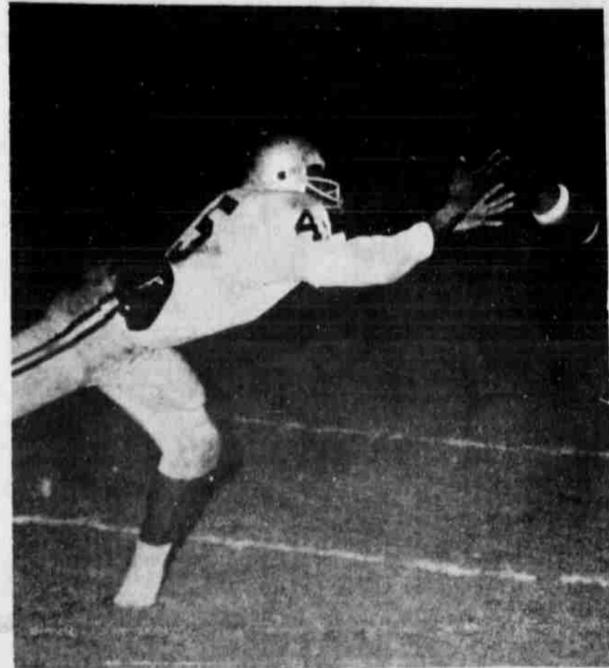

Lewis took the opening kickoff on the three, and raced up the middle to the 44. But the attack bogged down, and Hobratschk punted out of trouble. Vinson in turn punted back, putting the Wildcats in a hole on their own seven. On second down, Bryson carried around left end to the 22. On third and ten, Bryson again carried, following the blocks of Soria and Lewis around the right sidelines to the 41. But from that point, the Cats could go no further, and Hobratschk punted to the 18.

After Littlefield took control of the ball again, a bit of guile on the part of the Wildcat coaches just missed being successful. Reserve quarterback Kelly Pratt went into the game at tailback, and took the pitch from Bryson. Rolling to his right as if to run, Pratt suddenly stopped and spiraled a long pass to a streaking J.E. Johnson. Johnson dived for the ball, but it was just over his fingertips.

The third quarter ended with Bryson's incompleteness to Lewis. And with Floydada's stunning last quarter drive, the Wildcats fell behind to stay. End of game. End of season.

Bryson ran the ball expertly, and a good deal of credit is due to the people who cleared the way for him on his scampers around end: namely Soria, Lewis, and the other Wildcat blockers. The defense played superlatively, holding Floydada's high-octane offense

PASS INTERFERENCE? Alan Mackey displays tenacious pass defense as the ball sails far past the out-stretched hands of the intended receiver, Mike Hale of the Whirlwinds. The Cats' defense only allowed the Winds 3 out of 12 pass attempts in the bi-district tilt. (Staff Photos by Wade Warren)

FOR 'OFF PREMISES CONSUMPTION ONLY'

Forty Local Option Petitions Circulating

Forty petitions were issued here this week to call a local option, off premises consumption only, election.

Fifteen persons signed application for petitions Wednesday morning, and the 40 petitions were issued Wednesday afternoon shortly before Courthouse offices closed for a four-day Thanksgiving holiday.

The calling for a local option election for off premises consumption only comes on the heels of a defeat by only 33 votes for legalization of all alcoholic beverages including mixed drinks earlier this month.

Rather than contesting the last election, the spokesman said those favoring the issue felt like a new election was more appropriate. According to

Officers Report Quiet Holiday

Lamb County law officials reported a very quiet Thanksgiving holiday, with no arrests nor wrecks from midnight Wednesday through press time Saturday.

A 25-year-old man, Amos Jefferson, remains in jail on a charge of murder. Jefferson is accused of the Monday night shooting death of Johnny Mack Brown, a 28-year-old Hart man.

Sheriff E. D. McNeese said officers received a call about the shooting at 1:36 a.m. The victim was brought to Medical Arts Hospital where he died at 1:55 a.m. from four .22 calibre gunshot wounds. The shooting occurred at Olivia Shaw's Cafe in north Littlefield. Bond for Jefferson is set at \$7,500.

In other action this week, Matilde Rangel, 36, of Littlefield was arrested Sunday on a driving while intoxicated charge.

Two run-away juveniles from Earth were picked up Sunday and released to their parents Monday.

Prizes Total \$100 In Christmas Contests

Plans are nearly complete for this year's Christmas Home Lighting and downtown window decorating contests, and \$100 in prize money is up for the winners.

Points are being awarded by judges on attractiveness (the over-all appearance), ingenuity (work, preparation, construction and installation), and originality (new ideas or effects).

The contests are again being sponsored by Littlefield's Chamber of Commerce, in cooperation with Southwestern Public Service Company.

First, second, third and fourth place winners in the home lighting contest will win \$35, \$20, \$15 and \$10 in prize money respectively, while winners of the window decorating contest will receive \$10, \$7.50 and \$5 for first, second and third places.

Organizations which have already indicated they will decorate a window are Rotary, Women of Woodcraft, Band Boosters, Coin Club, DE Club, and the Student Council. The DE students of LHS are serving as the committee to get the window project lined up this year.

All persons living within the city limits of Littlefield are eligible to enter the contest, and entrants wishing to compete are invited to clip the entry blank in this issue, fill it out and mail it to the Chamber of Commerce, Box 507, Littlefield 79339.

Persons may also enter the contest by calling the office, 385-4451.

A high score of 300 is attainable in the lighting contest, with 100 points designated as high honors in the three grading categories.

Organizations are asked to register their store and lighting entries with the C-C office by 5 p.m. Friday, Dec. 15.

Judging will be done sometime the following weekend.

Chamber of Commerce manager Bill Payne said the C-C has a number of planned activities in the near future.

Santa will be in Santa Land from 2-4 p.m. each of the three days. A professional photographer will be present to take pictures of the kiddies talking to Santa.

The C-C is sponsoring the Christmas home lighting contest again this year. Again this year, DE students plan a Christmas decorating contest in the vacant buildings down town.

City officials are in the process of gathering information and notifying persons of the need to move obsolete

According to the number of voters in the last general election, 576 signatures, or one-fourth of those casting votes, will be necessary to call the question to a vote.

The petitions must be turned in to the county clerk no later than 30 days from the date they were issued, which means the petitions must be filed no later than Thursday, Dec. 21.

Following certification of the petitions, the commissioners' court must call an election not less than 20 days nor more than 30 days after the next regular meeting of the court following certification.

The county will not pay for more than one local option within a period of a year. A cashiers' check for \$858.50 was filed along with the petition for election. That figure was arrived at with 25 cents per registered voter in precincts 10 and 14.

Important Planning

The "flu" may be of little concern to most people, but there are those with one or more chronic ailments which make it a mighty important part of their health planning, reports the Texas State Department of Health.

Influenza is a possibility during the cold, blustery, wet months.

What to do about it? If you fall into one of the special high risk categories, the State Health Department recommends an annual vaccination against influenza.

You are in the high risk group if you have one of these chronic debilitating conditions:

1. Congenital and rheumatic heart disease, especially with the narrowing of a heart valve, and the hardening and thickening of arteries;

2. Chronic bronchopulmonary diseases such as asthma, chronic bronchitis, cystic fibrosis, bronchiectasis, emphysema and advanced tuberculosis; and

3. Diabetes mellitus and other chronic metabolic disorders.

Although the value of routinely immunizing all older age persons is less clear, the State Health Department says patients with incipient or potentially chronic disease should also be considered for annual immunization. Of particular consideration should be those with diseases affecting cardiovascular and bronchopulmonary system.

Persons who provide essential community services may also be considered for immunizations if local priorities justify.

Influenza occurs in the United States every year, but the incidence and geographic extent vary widely. Periodically, it appears in epidemic

form, such as the onslaughts in the past few years of the A-2 Hong Kong variety.

The U. S. Public Health Service says the effectiveness of inactivated influenza vaccines has been variable, and protection has been relatively brief. Partly for this reason, vaccines are recommended only for selective use in persons at high risk.

Primary series of vaccine consists of two doses preferably six to eight weeks apart—with completion around mid-November.

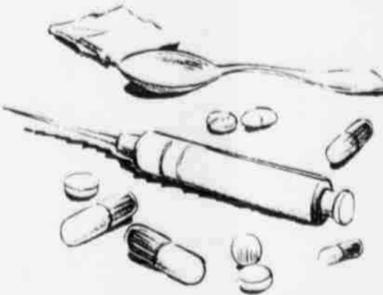

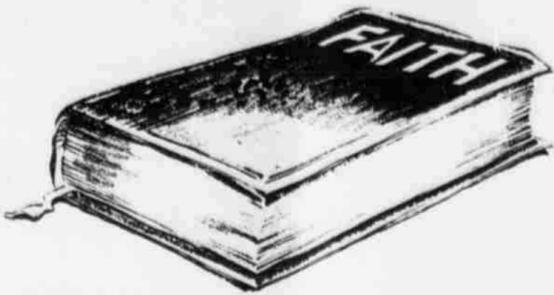

Because of the time lapse between the first and second shots for those getting shots the first time, persons falling into the recommended categories may want to contact their private physicians now about getting vaccinations.

Persons who have had one or more doses of vaccine containing the Hong Kong strain antigen (all influenza vaccines since 1968-69) need only a single booster dose of bivalent vaccine. All others should receive the full primary series, according to the Public Health Service recommendations.

Persons who are hypersensitive to egg protein, ingested or injected, should not be vaccinated. Influenza vaccine is prepared from viruses grown in embryonated eggs and ordinarily should not be administered to those who have an egg allergy.

Research is going on constantly toward developing other types of vaccine, but it must be tested and approved before release for general use. The influenza injection-type vaccine is the only one in use at present.

The State Health Department doesn't recommend flu shots for everyone. However, those with chronic problems are more apt to suffer from the serious effects of flu and take longer to recuperate.

Final rites for Theo Morris Nix, 26, of Texline, who was killed Thursday, Nov. 23, in a one-vehicle accident near Dalhart, were conducted Saturday afternoon in the First Methodist Church at Texline.

Rev. Kenneth Wyatt officiated, and burial was in a cemetery on the Reeves Ranch five miles north of Clayton, N.M. with Kilburn Funeral Home of Clayton in charge of arrangements.

Nix was related to several persons at Amherst.

He was a farmer and rancher, and was traveling west about 30 miles northwest of Dalhart when his pickup left the road and plowed into a large gravel pile owned by the Texas Highway department.

Funeral services for Roscoe Carr, 70-year-old Springlake man who died Thursday night as a result of a two-car rear-end collision at E. 50th Street and Southeast Drive in Lubbock, were conducted Friday afternoon in Resthaven-Singleton-Wilson Funeral Home in Lubbock.

Rev. Elvin M. Waters, pastor of Chapel Mission Church, officiated and burial was in Resthaven Memorial Park.

Carr had lived in Lubbock, Sudan, Clovis and Amherst before moving to Springlake in 1962.

The two-car accident occurred about 7 p.m. Tuesday as both vehicles were headed east on East 50th, when one of the vehicles smashed into the rear of the other. A small hill in the roadway apparently contributed to the mishap.

Carr died about 8:15 in St. Mary's of the Plains Hospital, and Justice of the Peace Charles Smith said Carr apparently died of a crushed chest.

Carr was a retired farmer and a member of the Pentecostal Church of Sudan.

He is survived by his wife, Rosie; four sons, Floyd Carr of Lubbock, J. W. Dear Mr. Warren:
Mr. George B. Thompson, Postmaster, Littlefield, sent us a clipping and negative from your Lamb County Leader-News dated November 19, 1972, featuring our new book, "Stamps and Stories."

Dear Editor:
As interested spectators and former band parents, we would like to add our note of appreciation to the bands and band directors of Littlefield Schools. All deserve hearty congratulations.

We appreciate the time and untiring effort expended by both Mr. Rountree and Threadgill. The cooperation of band students and band parents was necessary to the accomplishments of both bands also, however, without the technical ability and disciplinary conducting by both these men, our students might not have rated so well.

The band students are WILDCATS as are the students engaged in athletic contest or other modes of representing our schools. Hence we say to them as to all other teams—GO WILDCATS—MAKE SWEEPSTAKES!

We always appreciate our local newspapers, and we do so much to promote our special programs, especially during this season of the year. May we wish you a very fine Thanksgiving and an excellent Christmas.

Very truly yours,
s/Dr. & Mrs. J. R. Fain

NEW LID FOR OLD PROBLEM—Child "restraint" or safety closure lids for all aspirin and most prescription drugs will soon be mandatory under a new federal law requiring "child resistant" caps which must be opened

with pressure on the top, plus a turning action. A twist will not open it. Only a firm pressure downward with the forefinger (second photo), or by palming the bottle (third photo) will release the cap.

THE ABUNDANT LIFE

Keeping Friends

MUCH IS SAID and written about how to win friends, about the art of making friends; and this is as it should be.

Having friends, good friends, is important to our well-being; both from the standpoint of the contribution we can make to them and the contribution they can make to us.

FRIENDS HELP EACH OTHER, but they do not impose upon each other.

They do not impose, and remain friends; because imposition eventually destroys friendship. If we wish to keep our friends, we must remember not to impose upon them.

FRIENDSHIP IS MORE than a superficial, temporary kind of relationship. It is an abiding association that becomes more, and more meaningful with the passing of time.

It is a profitable fellowship in which each person gains by giving, in which each one is concerned with the welfare of the other; and no demands of any kind are made.

IF WE PRETEND friendship for the purpose of trying to use others for our own selfish gain, we should be quickly exposed for the fraud we are.

The pretense is evil, and the eventual disappointment of the person who responds in good faith is evil, too.

GENUINE FRIENDSHIPS are wonderful blessings to all persons involved. They serve as a source of much-needed re-inforcement.

These friendships help to improve both the sense of well-being, and the sense of belonging. In fact, there are many ways in which the persons complement each other.

WHILE WE ARE MAKING friends, it is important that we learn how to make friends.

It may be more important to learn how to keep them. In fact, it creates problems for us and for the persons affected.

We have not gained much, we learn how to keep them. In fact, it creates problems for us and for the persons affected.

"BE SLOW TO FALL into friendship but when you are in, continue to be constant."—Socrates

KEEPING FRIENDS involves things, and, generally, these things are the very best of human traits.

True friendships are supported by most pleasing manifestations of attitudes, and by the most abiding actions of which we are capable.

WE MUST BE COMFORTABLE with our friends, but never careless in our association with them.

In a rich friendship, the persons stand by each other, but never demands of each other.

WE DO NOT POSSESS our friends; we are possessive of them. We do not destroy what might otherwise be a lasting association.

We must never take our friends for granted, and become negligent in our consideration of them. We must be appreciative, and show our appreciation every way and every time we can.

THE FRIENDS WE KEEP are the friends we have, and must be as being high on our list of blessings.

HOMINY CATS

By CORNBALL BLYE

HERE IT IS, late on Thanksgiving day, and to say that I have an overstuffed feeling, is the understatement of the year. Really, what I'm overstuffed with is football! That especially, since the Dallas Cowboys have just been routed by the Forty-Niners.

Can't help but wonder how many of our football buffs have the same feeling. 'S funny, you follow your heroes game after game, and take it for granted that they can't be beaten—then blooie! You have trouble forgiving them.

AT THIS WRITING, it's my intention to journey over to Plainview to view a bunch of heroes, much closer to our hearts. The Wildcats, that is. Sure wish I had the paper you're reading now!

Sure hope the 'Cats won, but if they didn't, they're still a great bunch of kids, and we're proud of them!

HOWEVER, AT THE onset of this

2 Thefts Reported To Police Officers

City police officers received reports of two thefts in the city the later part of the past week.

A juvenile Spanish male was apprehended shortly after a report was turned in from Robbins Newstand Wednesday morning. The store operator had locked the front door and forgot to lock the back door when she went to lunch, and when she returned, the back door had been entered and all the money (approximately \$60 to \$65) was taken from the cash register.

Officers received another theft report Thursday afternoon, and an adult male was charged with the theft of two flags from staffs on Phelps Avenue. The flags were recovered shortly after they were taken.

The subject was charged with theft under \$50, appeared before the municipal judge and was fined.

Officers arrested one adult male Sunday, and charged him with drunk, resisting arrest, using abusive language and disturbance. He has been tried, fined and released.

New Pill Bottles On Market

A new federal law aimed at ending the ease by which young children can open pill bottles is making the scene here.

Specifically aimed at preventing youngsters from getting into aspirin or aspirin's first cousin, oil of wintergreen, the new safety lid bottles will be required on aspirin and oil of wintergreen in the very near future.

Not only are these two products being put into the safety lid bottles, but almost all prescriptions are going into the "child restraint" containers.

As of this month pill bottles must have special locking lids that make it difficult if not impossible for young hands to open.

The locking lid cannot be opened as in the past—by popping off or unscrewing. Strong pressure must be applied downward on the cap together with a turning action.

Druggists in this area who have taken the new bottles home for a trial say a very young child can't open the lid. The

coordination of a 6 or 7 year old is not able to open them, but it is hoped a child that age will have learned to swallow the contents.

Public law 91-170 requires the drugs containing aspirin be sold in new containers. It also includes federally controlled medicines, sleeping pills, narcotics and pain killers.

If the new containers work like should, future laws may affect not just aspirin and certain "child restraint" drugs. Other oral prescriptions are under review.

Future laws could require special packaging of other products such as eating or drinking by children. Household cleaning substances could be harmful, lighter fluid, shield antifreeze and related products.

Within the next year it is expected there will be 3,500 products which require the safety closures.

Meet The Minister

The Ted Neher Family

Rev. and Mrs. Ted Neher and their two sons, Alan and Ken, have been living in the Rocky Ford community since July 1971. Rev. Neher is serving as pastor of the Rocky Ford Baptist Church and continues his studies for a BA degree at Wayland Baptist College in Plainview.

Rev. Neher was born in Centralia, Ill., but was reared in Texas—mostly at Andrews where he graduated from high school.

Following his high school days he went into the Air Force and was stationed at Roswell, N.M. 3 1/2 years.

After serving his time with Uncle Sam, he entered Wayland Baptist College and attended a year, then pastored the McKinney Acres Baptist Church at Andrews a year before he decided he liked the Air Force and joined the ranks again. He was associate pastor of the Inspiration Point Baptist Church less than a year while in the Air Force before he went to Vietnam with the military.

While in Vietnam he worked with the European Baptist Convention three years until he was discharged from the Air Force again.

He went back to Wayland again and had been studying about six months before he became the pastor of the Rocky Ford Baptist Church in July of 1971.

Rev. Neher plans to graduate in May with a major in

religion and history, and from there will enroll in Midwestern Theological Seminary at Kansas City and return to Europe as a missionary.

In his spare time he enjoys working with photography.

Mrs. Neher, Paula, was born in Duncan, Okla. and moved with her family to Andrews when she was four years old. She attended Andrews schools, and was married while Neher was stationed with the Air Force at Roswell.

While her husband was in Vietnam, she lived in Andrews near her parents.

She has been attending Wayland since the fall of 1971, and is presently a sophomore working on a BA degree in elementary education.

She teaches the Intermediate Sunday School class at Rocky Ford, and enjoys cooking, baking, horseback riding, and collecting souvenirs from different places.

Their oldest son, Alan, 8, was born in the Air Force Base Hospital at Roswell. He is a third grader in the Amherst school and likes to play football. He often gets into a fast game with his six-year-old brother, Ken.

Ken was born at Andrews and is in the first grade this year. He likes to read, go camping and has learned to swim.

Alan and Ken have two lively, young pets, Susie and Tip, which are of the Heinz 57 variety in the dog category.

Witnesses Return From Bible Seminar

Presiding Minister Sam Stanton announced that meetings for the Littlefield Congregation of Jehovah's Witnesses were resumed this week with the regular schedule of Bible study activity being conducted at the Kingdom Hall, 933 E. 14th.

Area members returned home from having attended a two-day Bible seminar staged in the Marshall Junior High School Auditorium in Clovis, N.M. this past weekend where by peak time Sunday, 1,537 assembled to hear the main Bible lecture, "Is This Life All There Is?"

J. P. Sutherland, District Supervisor for Jehovah's

Witnesses was the featured speaker on the program.

In commenting about the assembly Stanton said, "It was encouraging for us to see the fruits of our labor as 38 new ministers symbolized their dedication to Jehovah by water baptism Sunday morning."

Stanton stated, "Over 680,000 people worldwide have made a like response to the Bible educational activities of Jehovah's Witnesses and have joined in their global preaching and teaching program in the last five years."

Stanton concluded, "If there are any individuals or families in the area that would like to take advantage of the free home Bible study course offered by Jehovah's Witnesses they can contact me by telephone at 385-4089 or drop a note addressed to me at 318 E. 9th, Littlefield.

Their official duties are to act as hostesses for all McMurry events.

"Wah Wahtaysee" is an Indian word meaning "firefly".

On Tuesday, Nov. 28, the ABC tv network series "Marcus Welby, M.D." will air an episode dealing with juvenile rheumatoid arthritis.

Jason Be Quick," the episode dramatizes the story of a juvenile rheumatoid arthritic boy, according to Mrs. James Grimes, unit chairman of the Lamb County Unit of the Arthritis Foundation, West Texas Chapter.

The National Arthritis Foundation, along with the local unit, encourages the public to view the program so that a better understanding of arthritic people may be acquired.

"Hopefully you will have time to view the program and learn from it," states Mrs. Grimes.

Massachusetts means "place of the great hills."

Dear Abby

Abby, your inspiration is aid to volunteers

By Abigail Van Buren
(© 1972 by Chicago Tribune-N.Y. News Synd. Inc.)

DEAR ABBY: I just heard you speak in a packed ballroom in St. Petersburg, Fla., for Goodwill and I want to thank you for saying, "I've been doing volunteer work all my life!"

Oh, Abby, how I pray that because YOU do it, others will be inspired to do it, too.

If everyone, young, old, rich, poor, educated or not, would give one day a month (or even an hour), it would make such a happy difference in their lives as given and would also enrich the programs of civic, religious and "helping" organizations tremendously.

Florida is well known for its retirement advantages—yet all over St. Petersburg men and women are sitting alone in self-pity because they are just plain bored. As they say, "waiting to die." That's pathetic, considering how much easier they could make life for someone who is "waiting to live."

And since when is "age" an excuse for not giving them or talent? Many star volunteers are in their 60s and 70s. Today, so many of our young people are talking "LOVE." Well, kids, how about putting the "bod" where the mouth is? Nursing homes, hospitals, mental institutions, rehabilitation centers, etc., could use volunteers.

Abby, you mentioned that Goodwill needs volunteers to write letters for the handicapped, take them shopping to doctors, or therapy, and even to an occasional movie or to a drive. Volunteers can answer the telephone, type, file, address envelopes, or teach simple English pronunciation to those with speech defects. The list is overwhelming.

I could go on and on. I only want to thank you from the bottom of my heart for encouraging people to do for others.

DEAR INSPIRED: Your letter is far more inspirational than what I said in St. Petersburg. Thank you for writing.

DEAR ABBY: I'm having problems with my husband, am 23 and he is 26, and we've been married for five years and have three children. He knows I don't like it when he makes a fuss over other girls, but he does it just to make me jealous.

Another problem is that he forces himself on me and I struggle he ties me to the bed with ropes. If he wasn't my husband this would be classified as rape. Abby, things just can't go on like this. When he's nice, he's sweet as sugar but when he's mean he frightens me half to death.

He also has a seizure disorder which he is being treated for. We are on welfare because of his sickness, but he cashes his welfare check and gives all the money to me. I can't complain about that. Can you help me?

DEAR LOTS: If you haven't discussed your husband's sadistic behavior with his doctor, you should. The Welfare Information Service can put you in touch with a Family Service Agency. They offer family counseling, and the fee is nominal. If you can't persuade your husband to go with you—go alone, but DO go.

DEAR ABBY: My problem is not knowing how to introduce my boy friend. He is a doctor.

Do I say, "Mrs. Brown, I would like you to meet Dr. Smith"? Or do I just omit the "doctor" and introduce him as "Mister"? I always feel so foolish introducing him as "Doctor." UNSURE

DEAR UNSURE: He has earned the title, and should be introduced as "Dr."—not "Mister." But if you are not conscious about it, simply introduce him as "John Smith." They'll soon find out he's a doctor.

CONFIDENTIAL TO WILLIAM R. HEROLD: I want to translate my booklet, "What Teen-agers Want to Know," into French; please write to me and send me your address.

Problems? Trust Abby. For a personal reply, write ABBY, BOX 68700, L. A., CALIF. 90069 and enclose stamped, addressed envelope.

DARREL LONG

When I was first introduced to Travelers Motor Club I had no sales experience and felt that I could not sell anything to the public; however, since coming with Travelers Motor Club, I have gained a lot of self-confidence and won almost every award offered by the company. I'm not only able to make a tremendous income, in excess of \$30,000 each year, but also enjoy the freedom of being my own boss and working my own hours.

RUSS HALVERSON

After 23 years of sales and sales-management experience, I finally found this opportunity for unlimited growth and income, training, productivity, self-esteem, and service. My overrides alone double the monthly income of my previous position as head of three departments for a multi-million dollar corporation.

HOWARD OLSON

After farming all my life my doctor advised me to find a job where there would not be a lot of physical lifting because of my health. With no direct sales experience I took this position and within a year became state sales manager of Iowa. During the past year I also won a trip to the Holy Land.

AVOLA PARKS

After being with Travelers Motor Club for seven years, I am able, for the first time in my life, to do and have all of the things I have always wanted. It's great to have peace of mind and know that you will have \$500 alone on renewal mail-ins each week. I'm so thankful I started working for Travelers Motor Club. I'm my own boss, work my own hours in the fresh air and sunshine instead of inside four walls. I often wonder what would have happened if I hadn't started working for Travelers Motor Club. It's the best decision I've ever made.
