

Showers Spotty Over Area, High Winds Cause Damage

The six-month long drought in this area was broken, at least partially, this week. One and one-tenths inches of moisture was recorded inside the city limits of Littlefield from Friday evening and Saturday morning showers. But other parts of the county and the Littlefield trade area weren't so lucky, especially the dry land areas west of Littlefield. Beck Gin reported only a trace, and had received less than one-half inch from the spotty showers Thursday, Friday and Saturday. L. V. Hogue at Pep Grocery said the Pep area received from .30 to .40, and that very little planting had been done in that vicinity.

The Lumsden Gin area, another dry spot, recorded from .40 to .90, with the lesser amount toward the Oklahoma Flat community. Bula got nothing but a shower around the John Blackmans, and the story held true toward Amherst where only a trace fell. South of Littlefield toward Whitharral some heavier amounts were reported. More than two inches fell east and south of Whitharral, but to the west of Whitharral the Friday evening showers produced .20 to .30. About .75 had fallen through Saturday morning in the center of the Fieldton, Hart Camp and Spade areas. Northeast of Spade around the Tyson Nabors amounts of more than 1.50 were reported. Friday evening rains were accompanied by high winds over the entire area and a possible tornado in the Fieldton area. T. C. Favor's farmstead received extensive damage from winds that left tornado-like damages.

Tin was torn off the top of a barn at Mrs. Mattie McCoy's farm seven miles east of Littlefield, and two large barns and a number of trees were damaged at the M. R. Matthews farm south of Fieldton. Here in Littlefield high winds damaged a number of buildings, broke limbs from trees and blew shingles from house tops. The north end of the new concrete block building across from the newspaper office on W. 4th Street was blown out. The sheet metal roof covering the south and east awnings at Hill Rogers Furniture was whipped off and cut an electrical power line. A large billboard at 9th and Hall was blown down and scattered over the area. Reports of minor damages continued to trickle in through press time Saturday, but the change in weather that promoted the bringing out of raincoats and umbrellas brought more smiles than gripes to area residents.

RAIN STRUCK a highline pole behind Littlefield Steam Laundry Saturday morning, and a high-voltage wire lit up the rain-drenched area with an orange-colored hue before servicemen could cut the wire off the flow of electricity.

C-C Manager Goes On Job

Littlefield's new Chamber of Commerce manager, William Marcus Payne, will assume his duties here Monday, replacing James M. Kelly, who resigned in October. Payne, known to most as 'Bill', comes to Littlefield from Crane, where he was serving as chamber manager. He is currently president of the Permian Basin Chamber of Commerce Managers Association. Payne, his wife and their five children have been active in civic work in Crane the past several years.

Fund Tops Goal

Total contributions to the American Cancer Society through the annual drive in Lamb County have reached and surpassed the goal for 1971, according to a report from campaign co-chairmen Edna Mae Mangum of Littlefield and Pat Lewis of Earth. This year's goal was \$8,000, and to date \$8,686.15 has been placed in the fund. A few contacts are yet to be made in the county. A report from the Pep community revealed they had collected \$3,999 to go into the "Send A Mouse To Me" fund.

LITTLEFIELD STUDENT Council members Kay Armistead, left, Lynn Barton, center, and Amy Owens, right, accept a check from 'We, The Women' representatives Janice Sebring and Mary Beth Willey. The Littlefield students are within \$150 of raising \$1,000 to sponsor 15-year-old Renote Schmitt from Berchsgaden, Germany, as a foreign exchange student at LHS during the coming school year. Littlefield Rotarians and Lions donated \$225 each; Beta Sigma Phi, \$75; Connell's Office Supply, \$25; Littlefield Junior High School student council, \$50; and the Littlefield HS student council has raised \$200. The exchange student will live with Amy Owens and her family.

UNDER CONTRACTS

Melons, Carrots Growing

Growing carrots for soup making and raising watermelons for their seed are planned for another year by four Lamb County farmers. Last year Deb W. Bawcom, C. E. Jones, Bill Taylor and Joe Montgomery raised 35 acres of watermelons for seed. This year the four plan to grow approximately 140 acres of watermelons, plus 25 to 30 acres of cantalope and muskmelons. Bawcom and Jones are growing carrots for Campbell Soup Company for the second year. Those growing melons last year had four varieties and all were harvested for seed. This year there will be about 175 acres of melon including six varieties of watermelons, three varieties of cantalopes and one of muskmelon. Some of the melons may be sold for eating this year since the new contract leaves this up to the individual grower rather than stipulating as last year's contract did, that none can be sold fresh. The varieties are grown at least one-fourth of a mile apart, and are under contract to Wilhite Melon Seed Company. Bawcom is growing 32 acres of carrots and Jones has 20 acres. About 700 acres of cucumbers are planted in the Olton area. About 200 acres of onions, 400 acres of potatoes and a few acres of other vegetables are forecast over the county during this crop year. Over 1,000 acres of corn have been

planted in this county, with the majority of the acreage in the Fieldton, Olton and Springlake-Earth areas. A number of producers growing corn have contracts with the starch plant at Dimmitt and with the Frito-Lay Company in Lubbock. The number of acres of black-eyed peas and soybeans are usually governed by the weather and lateness of getting cotton and grain sorghum planted.

Rabies Clinic Set Tuesday

A dog licensing and vaccination clinic is set for Tuesday afternoon from 1-5 p.m. in the fire station of the Littlefield city hall. Dr. C. G. Nace will be on hand to administer the rabies shots at a charge of \$2 for each animal vaccinated. All dog owners within the city limits of Littlefield are required to license their pets annually, and city dog license will be issued for \$3 for females and \$2 for males and spayed females.

Memorial Day Service Monday

Memorial Day services will be held Monday morning, May 31, at 10 a.m., in the Littlefield Memorial Park by Littlefield Veterans of Foreign Wars and Ladies Auxiliary in honor of our deceased war veterans. Members of the John Henry Chapman Post 4854 will place flags on their graves. Location of veterans' graves that aren't marked can be reported by leaving names with local officials by phoning 385-8990, or Littlefield Memorial Park, 385-3911. The public is invited to attend.

Hail Suppression Plan Operation Tuesday

Operation run of the hail suppression program in Lamb County begins Tuesday, according to officials for the Lamb County Weather, Inc. who said a check to cover the first operation had been paid to Atchafalaya. Messamore, secretary of the Lamb County Weather group, said Lamb County has raised enough money for the hail suppression program through June, most of August and that farmers are sending in checks daily for their coverage so the program can begin harvest time. Operators are raising the money for the preliminary assessment of 32 centers and portions of Lamb County, most of Hale County and parts of Floyd and Swisher Counties are involved in the 1971 program. A proposal is before the Texas Water Development Board to include rain making efforts along with the hail suppression, and if a permit is issued or stimulating rain an additional \$10,000 for the whole area will have to be raised. Lamb County's part will be \$4,000 if the permit is issued and the county group wants to include rain making efforts along with the hail suppression. Flares of silver iodide are fired from airplanes into the updrafts of hail bearing clouds for the hail suppression, and the same technique and chemical are used for rain stimulation but in smaller quantities.

Couple Hunts Arrowheads

MR. RODGERS won't buy an arrowhead, and he won't sell one. His interest in arrowheads "just a hobby" he happened on years ago, and now he has his house filled with arrowhead artifacts. He hunts arrowheads around some of the old wells he checks in his job with Lamb County Rural Electric Co., but he makes most of his finds after working hours when he goes out to hunt arrowheads. He'd be surprised to know how many arrowheads there still are right around Littlefield, he said. "I've found some within five miles of here, and I've found them under the water," he said motioning out behind his house at 1302 W. 12th Street. "It's a funny thing," Mrs. Cox added, "I've found some mounted arrowheads, but I don't remember exactly where you find them. I found that one in a field near the Oklahoma Flat community, and it came from Black Water." Mrs. Cox are delighted to find arrowheads, but because of so much equipment, almost all the equipment has been broken or chipped. "It's a chip," Cox said, pointing to one side of a large one, "it's for bloodletting, so the buffalo would bleed freely after he was hit."

MR. AND MRS. J. D. COX show off some of their favorites in their arrowhead collection. They say the good hunting is over for this year "unless we get a big, washing rain."

Quality Board Honors Clayton

Representative Bill Clayton of Springlake was honored by the Texas Water Quality Board Friday, May 21, when it passed a resolution commending him for his efforts in behalf of water legislation for the State. The resolution commended Clayton on his efforts in presenting the constitutional amendment authorizing state grants or loans for the construction of waste treatment plants, and if recommending the voters of Texas to approve the amendment in the May 18 election. Stated in the resolution is: "Now therefore be it resolved that the Texas Water Quality Board recognize the outstanding leadership of Representative Clayton and commend him and express its appreciation for the part he played in the passage of this vital legislation that means so much to clean water for Texas."

The couple were married at the home of the bride's parents, Mr. and Mrs. Donald Ciancio of Brownfield.

The groom is the son of Mr. and Mrs. Delmer McMillen of Denver, Colo., and grandson of Mr. and Mrs. Bob Ball of Olton.

KATHY MATLOCK

Engagement Announced At Tea

The engagement of Kathy Lee and Kelley O'Hair was revealed at a tea Saturday afternoon in the home of the bride-elect's grandmother, Mrs. Crill Bulls. Guests were greeted at the door by Kathy and registered by DeAnne Brock.

The mantle was centered with a white candleabra that held burning tapers and two white satin wedding bells bearing the names "Kathy and Kelley, July 31."

The serving table was covered with white bridal lace and satin, and centered with an arrangement of white peonies and two large glittered rings. Yellow tapers burned at either side of the centerpiece. Guests were served yellow punch, yellow cake squares, and mints by Tressa Glascock and Janice Miller.

Approximately thirty guests called in the afternoon. Out-of-town guests were Mrs. Herman Habbinga, Mrs. Barney Glascock, and Miss Rena Dubeier.

Future Plans Are Revealed

Mr. and Mrs. Bud Matlock announce the engagement and approaching marriage of their daughter, Kathy Lee to Kelley Earl O'Hair, son of Mr. and Mrs. Alvin E. O'Hair.

Kathy is a graduate of Springlake-Earth High School and attended WTSU where she was employed by the Geography Department.

Kelley is a graduate of Springlake-Earth and attended WTSU and Matrix Computing in Lubbock. He is employed by West Texas Tile in Lubbock.

Wedding vows will be exchanged July 31 in the First United Methodist Church of Earth.

STATE TAKE OVER
House and Senate both frowned on legislation calling for complete state take over of school operating costs.

The Forum Holds Spring Party

The Forum's Spring Party was held recently at the Ming Tree in Lubbock. Table decorations followed a patriotic motif in red, white, and blue. Miniature replicas of Uncle Sam were pinned on each guest as she arrived, and place cards featured tiny American flags.

Anton Teacher Is Retiring

Mrs. Beulah Houston has closed out a 35-year teaching career at Anton School with the end of school at Anton Friday.

She has taught approximately 800 students within a 40-year period of teaching. She taught at Hico and Fairlie community prior to coming to the Anton School.

After her retirement, she plans to stay in Anton and do some substitute teaching when needed. She plans to continue doing church and community work, and will continue sewing, cooking and reading.

Miss Reed Is Honored

ANTON—Miss Jo Ann Reed, bride-elect of Larry Wood of Smyer, was honored with a gift coffee in the Fellowship Hall at Central Baptist Church, May 22.

Approximately 35 guests were served nut breads, coffee, and spiced tea from a table covered with a white cloth and an arrangement of white flowers.

Silver and china appointments were used. Mrs. Homer Lowrance presided at the serving table.

Special guest was the prospective bridegroom's grandmother, Mrs. Harley Wood Sr. of Smyer. Among the many gifts displayed was a set of avocado cookware from the hostesses who were: Mmes. Bert Harper, L. L. Anderson, John Tubbs, Homer Lowrance, T. C. Talkington, Jim Copeland, Sid Landers, Charles Hooper, Jim Hobgood, Chester Jones, Eva Dee Wright, C. D. Flower Talk

by Kip Cutshall

SAY IT WITH FLOWERS
We read the words: "Say it with flowers", and possibly think it is a new advertising or promotional expression. We could not be more wrong.

In days when writing was an accomplishment of the very learned, some there were who would transact business and also send messages to their loved ones, but they could not write. In far away Akasibar, these thoughts were expressed in the language of flowers, which has always been the Esperanto of sentiment-whether of love, sympathy, happiness or sadness.

How unromantic is a letter written with a pen and ink as compared to the delicate expression of emotions in a bouquet of lovely flowers.

DEAR EDITOR

What Our Readers Think

A Salute

Dear Editor,
On Thursday, May 27th, I went to a play given by Mrs. Middlebrooks' third grade class to see my niece perform.
The play was on the history of the American flag and was beautifully done. Mrs. Middlebrooks has done a wonderful job of teaching these children to respect

"our" flag and should be commended. Parents of her class can stand proud because I believe her students have learned well.
"Hats off" to all of them.

Army's Doors Closed

Dear Editor,
How sad it is that after 35 years the Salvation Army doors will be closed. However there will be a service unit here, but there are other interested parties who need this as a Church. Do souls not count anymore? Is it only material things that matter to the people of Littlefield?
It was said that Littlefield is small, poor and the people don't care. Well, I don't believe that in one minute, because some of the finest people live right here in Littlefield, Texas.

Some donations have already been given for the young people's activities this summer. What will happen to them now? The people were not given a chance to help in this matter.
Are we going to let the Salvation Army doors be closed June 27th never to be re-opened? Some of the souls will be closed also.
Let's find a way to keep this church open to the Sunbeams, Girl Guards, boys club and the Salvation Army Soldiers, as well as anyone with a need.
Someone Who Cares.

ROLAND BELL has been appointed assistant postmaster of the Littlefield Post Office, effective May 15th, according to Postmaster George Thompson. Thompson recommended Bell and he was appointed by the regional postal director at Dallas. Bell has been with the Littlefield office since May, 1951, when he started as a substitute city carrier. He has been a postal clerk since May, 1953.

Emergency Grazing

Emergency haying and grazing of set-aside acreage without a charge has been authorized by the Secretary of Agriculture through June 30.
Non-irrigated acres for this purpose will be determined on the basis of how these acres are treated this program year. Producers will be required to make an application to hay or graze on such land.
If the acreage is irrigated, farmers must file a request and also pay the required fee prior to grazing or harvesting. The fee for grazing will be \$1 per acre per month and for haying it will be \$3 per acre per month for harvesting hay through June 30.
Although there is no charge to producers on dryland acres, maximum charges for re-letting grazing or haying to third parties are still applicable. Maximum rates for re-letting dryland acres on which producers are allowed to graze free are as follows:
Grazing \$1 per acre per month; harvesting standing hay, one-half of the rate which would have been charged the permittee if free haying had not been permitted; baled hay, \$30 per ton.
For irrigated acreage, farmers may permit someone else to graze the acreage but may not charge more than 150 per cent of the amount ASCS charges the producer.
Persons interested in this emergency program may contact the county ASCS office for details regarding the making of application.

HOMINY GRITS

By CORNBALL BLEVIS

SOMEWHERE, BETWEEN THE DOVES and the HAWKS in Washington, must be some guys with a little common sense. There's being a LOTTA sheepskins handed out these few days. (Diplomas, to you uneducated.) Trouble is, that a bunch of these kids are in for a big disappointment. In much probability, the field in which they majored, has now, become obsolete!

WHAT, WITH THE cutbacks in government contracts, due to the de-escalation of the "Police-Action" in Indo-China, the need for the high-paid specialist has lessened to a considerable degree.

The folks in the know are now suggesting that the big money is in the food business. (Shux, I've been knowin' that for some time.--Don't I see the entries, in my bank book for the wife's grocery checks.)

'COURSE, I DON'T want'a be a wet blanket, but, some of these kids may end up sticking these skins in the dresser drawer, and start sacking groceries! Just so happens that I know a BSEE that's passing his "Between-Time" leisure erecting pre-fab buildings.

The blue-collar guy with the rough hands is a long way from going out of style. Heavy equipment operators, truck drivers, crane operators, mechanics--(Excuse me, they're now TECHNICIANS) tractor drivers, and the like, are the ones that are in demand.

HOWEVER, DON'T give up!--We may change administrations in the next few years, get another "Police-Action" started, then you can haul out that!

degree, and start rakin' in the dough!

GUESS SOMETHIN'S happened to my sense of humor. I keep hearin' my cohorts revuwing the "Funny" tv shows. Quiet often is mentioned the "All-in-the-Family" show, along with "The Flip".

A couple times, I've sat through these performances, simply for the lack of will-power to get up and punch a switch. I still fail to see the humor in profanity and filth!--I'll take Cosby, anytime.

SEEMS I KEEP getting around to baseball.--Wonder why the Powers-that-be can't get around to oilin', surfacing, or doing somethin' to the roadway and parking area, out at the field?

Down in the heat of the season, the dirt and dust get so bad you feel like you've spent a day ridin' a section-harrow. And to make matters worse, there's always the smart alecks that get their kicks from buzzin' the strip with their horods, just for the sake of seein' their dirt engulf the spectators, as well as the kids that are tryin' to play.

I'M SURE THAT our fans (and players) would welcome any treatment of the surface to lessen this problem. Also, I'm sure that a policeman with pad in hand, would be welcome for the purpose of slowin-up the "speed burners".

ONE OF MY educated friends asked me why there was so much ACRIMONY in my column. Told him that I'm sure I don't know, I took for granted that the whole thing is printed on clean paper.

THE ABUNDANT LIFE

Let It Pass

LET IT PASS is one of the most useful guidelines for happy living.

Many of the things about which people worry should not be given that much consideration. Most of the anger people feel, and express is completely uncalled for.

All of us can prevent much of the wear and tear of life if we let pass most of the things about which we become angry. I doubt that anything that happens is really worth an angry spell.

MANY OF THE MISTAKES made by others in their associations with us are not big enough to risk the possibility of a misunderstanding. Let them pass, unless there is a very good reason for not doing so.

Some people seem to find much pleasure in making an issue over an insignificant mistake. Of course, we must try to get along with these odd balls, too.

CRITICISM OF US may be the most difficult thing to let pass. Unless some kind of explanation is absolutely necessary, we must not give a second thought to the criticisms.

Some criticism of us will probably be justified, and we should let this pass, too; except to make whatever correction we are able to make.

CRITICISM IS USUALLY the expression of little people. Some are envious, and they criticize.

Some feel inferior, and futile effort to pull somebody level. With other people, criticism is bad habit. The general concern concerning criticism is,

TO EXPECT ALL PEOPLE speak well of us is too much course, it is wholesome to do will and approval of our fellow

It is impossible, however, to feel and talk this way about far as I know. "We unto men shall speak well of. Sometimes the best comment person can receive is the certain kinds of people.

UGLY, UNTRUE, and vicious remarks will probably about us now and then.

What shall we do about general rule is still, "Let it pass, doing our honest best, and doing no sufficient defense, then we can do anyway.

"LIFE WOULD BE a hunt if a man were obliged to the innuendos, invertebrates, and misrepresentations which against him."--Beecher

Wise maturity will naturally strength and insight which to the effective working of "Let it pass".

CAPS AND GOWNS for LHS seniors are being sorted after they checked in Friday night following the exercises. Shown, left to right are Mr. and Mrs. Ken Largent, Rex Gilstrap and Mrs. Irene Lynn.

Tasty Taco Wins Over Leader-News

Minor league baseball action Thursday night was a 10-5 win by Tasty Taco over Leader-News.

The Newsmen got on the scoreboard first by getting a run in the bottom of the second. The Taco Boys scored their first two runs in the top of the fourth. Tasty Taco went ahead in the fifth by getting three runs and clinched the win in the sixth with five more runs.

Austin Dailey took hitting honors for the night with three singles for the winners. Ramon Baiza got a double and a single. Jack Speck was the only hitter for the Newsmen with two doubles.

Roy Mendez was the winning pitcher, allowing two hits. Tracy Birkelbach pitched for Leader-News.

Friday night in minor league action, the rain was the winner as the game was called in the bottom of the third. At this point Littlefield Motor Parts was ahead of Coca Cola, 11-2. The game will be rescheduled.

ROTARY TOPS OPTIMISTS

James Kemp pitched a no-hitter in leading the Rotary to a 10-0 shutout over the Optimists Thursday night in major league baseball.

Rotary started the game with

five runs in the bottom of the first and scored in the next three innings before the Optimists tightened down and held them scoreless in the fifth.

The Optimists were unable to get a hit during the game. Rudolph Smith led the winners in hits with a home-run and a single. Kemp hit a round tripper and Tommy Twitty a double. Kevin Gardner got a pair of singles, Blake Wood and Steve Jackson hit singles.

Bucky Healy pitched for the losers. Friday night's game between Rotary and WOW was rained out.

BANKERS BEAT SUDAN

In spite of the adverse weather in the area, Security State downed Sudan, 5-4, in Jr. Babe Ruth baseball action at Sudan Friday night.

It was Sudan's first defeat for this season and the win gives Security State a half game edge over Sudan for first place.

Lonnie Twitty connected for a double and a single for the winners. Cloris Twitty and Pat Henderson hit a two-bagger each. Chris Pope got a single.

Sudan was allowed three hits during the game. Henderson was the winning pitcher.

Knowles pitched for Sudan.

The Roden Drug and Amherst Jr. Babe Ruth game was called in the bottom of the third because of rain. Roden was ahead of Amherst, 1-0, at that point.

CREDIT SALES
... The Backbone Of Business Today

The Credit Bureau is set up to serve the community. Both individuals and business can benefit by using it. The purpose of the Credit Bureau is to encourage the sound use of credit as an indispensable part of modern business.
Use the Bureau when you need a credit reference. For you see, the Credit Bureau is like your personal secretary, we keep a record of the credit transactions of Littlefield area residents.
Your credit experience is kept in a credit file. It is a list of your credit references. The file shows the way you pay your bills, any repossessions, past due accounts, and other information that pertains to credit transactions.
Your file, good or bad, depends upon you. Past due accounts reported to your file stay on your record for several years. JUST ONE PAST DUE ACCOUNT CAN STOP YOU FROM BUYING A HOME, OR FROM GETTING THAT LOAN YOU NEED, OR FROM GETTING THAT NEW JOB YOU WANT, FROM GETTING THAT CREDIT NOW, BUT WHAT ABOUT TOMORROW OR THE NEXT DAY?

TAKE CARE OF YOUR CREDIT. IT WILL FOLLOW YOU IF YOU MOVE.

LEST WE forget

God has a destiny for America, and only eyes of Faith can read that destiny. Were it not so, all those who have, and will pay with their lives the last full measure, will have died in vain. We need only to look at our cemeteries to have our manhood shocked and our Americanism awakened. Our allegiance would be strengthened by that look. We can never recompense for the supreme sacrifice and heartache the spilling of each drop of blood caused. But every American should bow his head in shame when he dares not to salute our Grand Old Flag. Please let us, this day, rededicate ourselves and say a benediction for all those who have and will lay themselves, in our behalf, between our wonderful country and all her foes. Lest We Forget.

Emmanuel Lutheran Church Schedules Bible School

'Obedience to Government,' 'care for one's fellow citizens,' 'improving one's community,' and 'love for the needy in the world' are virtues which will be stressed in the Bible lessons during the five-day Vacation Bible School at Emmanuel Lutheran church, in Littlefield, from June 7 through 11. 'In recent years rebellion by some of our country's youth against the establishment' has received an undue amount of publicity. It is the aim of our sessions to plant and nourish proper attitudes on the basis of Bible stories. The daily periods will be from 8:30 a.m. to 11:30 a.m. Besides the Bible lessons, there will be singing, handcraft, recreation, and snacks. Teachers will be Miss Pam

Brandt, Mrs. Ruth Bartley, Mrs. Betty Wilkinson and Mrs. Marilyn Synatsch. Children, ages five through eleven are welcome.

Guild Elects New Officers

At a recent meeting of the Wesleyan Service Guild of First United Methodist Church of Littlefield, the following officers were elected for the year 1972: Mrs. Ina Mae McQuatters, president; Mrs. Bertha Arnold, vice president; Mrs. Ruth Wade, secretary; Mrs. Jess Harlan, treasurer; Mrs. Wanda Hamblin, coordinator; Mmes. Lois Pharris, Jewel Grant, and Cecil Lora Brown, nominating committee. The program for the evening was arranged by Miss Charlene Smiley, with Mrs. C. P. McMaster giving an interesting article on 'Red Bird Mission.' Mrs. C. A. Joplin, hostess, served refreshments to the following: Mmes. Laverne Seay, Mattie Lou Clark, Jess Harlan, Eros Caldwell, Lois Pharris, Cecil Lora Brown, Louise Street, Mildred Smiley, Rachel Byrd, Grace Phrphey, Bertha Arnold, Ruth Wade, and Mrs. C. P. McMaster, and Miss Charlene Smiley.

Piano Course For Beginners Set At Tech

For those who have always wanted to play the piano but lack the necessary skills, Texas Tech's Department of Music is offering a beginners' course during the first summer session tailored especially to their needs.

The six-week course, featuring the McClintock method of instruction for non-musicians, will be taught by Miss Lorene McClintock of New York City, originator of the system and author of a three-volume manual used in the structured program.

Applicants may sign up for the one-hour credit course, Applied Music 1123, during regular registration, May 31-June 1. The class will meet from 1 to 2:30 p.m. daily, Monday through Friday, beginning June 2.

This is the first time that such a course has been made available to non-music majors, said Dr. Thomas Mastroianni, head of the piano division at Tech. "It is unique in its approach to group teaching and offers a challenging opportunity to those who wish to learn piano for personal enjoyment."

By the end of the course, participants should be able to play simple melodies and chord accompaniments, he said.

Miss McClintock, who has been teaching in New York City for a number of years, is a native of Slaton and earned her degree at Southern Methodist University. She is the author of several books on piano techniques and her work has received the endorsement of several leading educators, including the musician-composer Howard Hanson, director of the Institute of American Music at the University of Rochester.

Will Rogers Rodeo Set For Amarillo

The top cowboys in the country are expected in Amarillo for the Twenty-ninth Annual Will Rogers Range Rider Rodeo which has its first go-round on July 2 in the Range Rider Arena west of the city.

Rodeo Chairman Cliff Lowrance predicts that this year's added prize money and L. D. Ward's excellent rodeo stock will be the chief drawing cards for these "now-traditional" holiday activities.

To further celebrate the Rodeo-Independence Day weekend, the Amarillo Chamber of Commerce in conjunction with the Range Riders has also planned a parade for 10 a.m. on Saturday morning, July 3, in downtown Amarillo.

Area and local riding clubs, vying for first, second and third place awards, will ride a parade route beginning at the intersection of 12th and Polk Streets. It will continue north on Polk to Third, then east to the Amarillo Civic Center.

Weekend festivities include the parade at 10 a.m. Saturday morning; a Rodeo Queen Contest at 2 p.m. Saturday afternoon at the Range Rider Arena; the rodeo nightly at 8:30 p.m. Friday, Saturday, Sunday and Monday evenings, July 2 through 5; and western dances on Friday and Saturday evenings, July 2 and 3, in the Will Rogers Range Rider Recreation Hall immediately following the Rodeo performances.

Admission prices for the rodeo are \$2 for adults and seventy-five cents for children twelve years old and under.

End-School Program Held For Students

BULA--Tuesday evening, May 25, Mrs. Larry Bowers and her aid, Mrs. Ben Davila presented their Head Start pupils in a closing school program in the Bula school lunchroom.

The welcome was given by Mrs. Bowers and the invocation given by Superintendent Marion McDaniel. Each child introduced him or herself and gave their age, followed by Glenda Peacock, a student, leading in the "Pledge of Allegiance" and singing of "America the Beautiful" by all present.

Each child had a part on the program either giving a reading or singing a song.

Following the entertainment certificates of graduation were presented to 15 pupils by Mrs. Bowers. Benediction was led by Gaylon Burns.

The evening closed by mothers of the students serving cookies and punch to all present.

Childrens work, and pictures of the children in different activities were on display. This has been the first year for Bula to have a nine months Head Start program.

GRASSHOPPER ALERT

A survey made last fall showed more than 2.3 million acres of crop and rangeland, mostly on the High and Rolling Plains of Texas, could suffer severe infestations of grasshoppers this spring, Reed Green, Extension survey entomologist, advises farmers and ranchers in the area to keep a close watch on the situation, especially if weather conditions are favorable for a good hatch and survival during the hopper hatching season--April-June.

ABOUT 30 persons attended the book review given by Mrs. Pat Boone Sr. in the Lamb County Library Friday morning. Mrs. Boone reviewed Anita Bryant's biography, **MINE EYES HAVE SEEN THE GLORY**. Mrs. Weldon Findley sang the "Battle Hymn of the Republic" at the conclusion of the review. The library board served donut holes and coffee to those attending.

FIGHT HIGH TAXES ON REAL ESTATE

—ESPECIALLY YOUR OWN!!!

To those whose taxes were RAISED in recent years by City, School or County TAX AGENCIES, an experienced organization offers advice and help.

ASK YOURSELF THESE QUESTIONS:

1. Is YOUR assessed value IN LINE with others?
2. Do you KNOW the simple steps needed to get FAIR VALUATIONS set?
3. Do you know HOW to PRESENT the REAL facts about your property to the PROPER OFFICIALS?

If you answer YES to the above, we can only supply you with a list of items that effect value. But if your answer is NO our service may save you many times its cost each month or year. Your Board of Equalization WANTS to treat you fairly, but can't do so unless it has the FACTS. YOU know MORE about your own property than any ASSESSOR. NOW is the time to JOIN THE TAXPAYERS REVOLT!!!

LADIES' elastic leg panties

in the wonderful new knit fabric

eiderlon®

Have you read about Eiderlon, the new wonderblend knit? It makes undies softer than a drift of petals! Makes panties you can machine-wash, machine-dry, even though they're superfine knit. Eiderlon is a special blend of finest rayon with the gentle "bloom" of combed cotton — so it's especially absorbent. And it's opaque, the way you like your undies. Comes in white that's whiter than any white knit.

WORKING STRUCK a highline pole behind Littlefield Steam Laundry Saturday morning, and a high-voltage wire lit up the rain-drenched area with an orange-colored hue before servicemen could cut the wire off the flow of electricity.

Showers Spotty Over Area, High Winds Cause Damage

The six-month long drought in this area was broken, at least partially, this week.

One and one-tenths inches of moisture were recorded inside the city limits of Littlefield from Friday evening and Saturday morning showers. But other parts of the county and the Littlefield trade area weren't so lucky, especially the dry land areas west of Littlefield.

Beck Gin reported only a trace, and had received less than one-half inch from the spotty showers Thursday, Friday and Saturday.

L. V. Hogue at Pep Grocery said the Pep area received from .30 to .40, and that very little planting had been done in that vicinity.

The Lumsden Gin area, another dry spot, recorded from .40 to .90, with the lesser amount toward the Oklahoma Flat community.

Bula got nothing but a shower around the John Blackmans, and the story held true toward Amherst where only a trace fell.

South of Littlefield toward Whitharral some heavier amounts were reported. More than two inches fell east and south of Whitharral, but to the west of Whitharral the Friday evening showers produced .20 to .30.

harral the Friday evening showers produced .20 to .30.

About .75 had fallen through Saturday morning in the center of the Fieldton, Hart Camp and Spade areas. Northeast of Spade around the Tyson Nabors amounts of more than 1.50 were reported.

Friday evening rains were accompanied by high winds over the entire area and a possible tornado in the Fieldton area.

T. C. Favor's farmstead received extensive damage from winds that left tornado-like damages.

ive damage from winds that left tornado-like damages.

Tin was torn off the top of a barn at Mrs. Mattie McCoy's farm seven miles east of Littlefield, and two large barns and a number of trees were damaged at the M. R. Matthews farm south of Fieldton.

Here in Littlefield high winds damaged a number of buildings, broke limbs from trees and blew shingles from house tops.

The north end of the new concrete block building across from the newspaper office on W. 4th Street was blown out. The sheet metal roof covering the south and east awnings at Hill Rogers Furniture was whipped off and cut an electrical power line. A large billboard at 9th and Hall was blown down and scattered over the area.

Reports of minor damages continued to trickle in through press time Saturday, but the change in weather that promoted the bringing out of raincoats and umbrellas brought more smiles than gripes to area residents.

C-C Manager Goes On Job

Littlefield's new Chamber of Commerce manager, William Marcus Payne, will assume his duties here Monday, replacing James M. Kelly, who resigned in October.

Payne, known to most as "Bill", comes to Littlefield from Crane, where he was serving as chamber manager.

He is currently president of the Permian Basin Chamber of Commerce Managers Association.

Payne, his wife and their five children have been active in civic work in Crane the past several years.

LITTLEFIELD STUDENT Council members Kay Armistead, left, Lynn Barton, center, and Amy Owens, right, accept a \$1,000 check from "We, The Women" representatives Janice Sebring and Mary Beth Willey. The Littlefield students are within \$150 of raising \$1,000 to sponsor 15-year-old Renote Schmitt from Berchtesgaden, Germany, as a foreign exchange student at LHS during the coming school year. Littlefield Rotarians and Lions donated \$225 each; Beta Sigma Phi, \$75; Connell's Office Supply, \$25; Littlefield Junior High School student council, \$50; and the Littlefield HS student council has raised \$200. The exchange student will live with Amy Owens and her family.

Fund Tops Goal

Total contributions to the American Cancer Society through the annual drive in Lamb County have reached and surpassed the goal for 1971, according to a report from campaign co-chairmen Edna Mae Mangum of Littlefield and Pat Lewis of Earth.

This year's goal was \$8,000, and to date \$8,686.15 has been placed in the fund. A few contacts are yet to be made in the county.

A report from the Pep community revealed they had collected \$331, with \$9 to go into the "Send A Mouse To College" fund.

UNDER CONTRACTS

Melons, Carrots Growing

Growing carrots for soup making and raising watermelons for their seed are planned for another year by four Lamb County farmers.

Last year Deb W. Bawcom, C. E. Jones, Bill Taylor and Joe Montgomery raised 35 acres of watermelons for seed. This year the four plan to grow approximately 140 acres of watermelons, plus 25 to 30 acres of cantalope and muskmelons.

Bawcom and Jones are growing carrots for Campbell Soup Company for the second year.

Those growing melons last year had four varieties and all were harvested for seed. This year there will be about 175 acres of melon including six varieties of watermelons, three varieties of cantalopes and one of muskmelon. Some of the melons may be sold for eating this year since the new contract leaves this up to the individual grower rather than stipulating as last year's contract did, that none can be sold fresh.

The varieties are grown at least one-fourth of a mile apart, and are under contract to Wilhite Melon Seed Company.

Bawcom is growing 32 acres of carrots and Jones has 20 acres.

About 700 acres of cucumbers are planted in the Olton area. About 200 acres of onions, 400 acres of potatoes and a few acres of other vegetables are forecast over the county during this crop year.

Over 1,000 acres of corn have been

planted in this county, with the majority of the acreage in the Fieldton, Olton and Springlake-Earth areas.

A number of producers growing corn have contracts with the starch plant at Dimmitt and with the Frito-Lay Company in Lubbock.

The number of acres of black-eyed peas and soybeans are usually governed by the weather and lateness of getting cotton and grain sorghum planted.

Rabies Clinic Set Tuesday

A dog licensing and vaccination clinic is set for Tuesday afternoon from 1-5 p.m. in the fire station of the Littlefield city hall.

Dr. C. G. Nace will be on hand to administer the rabies shots at a charge of \$2 for each animal vaccinated.

All dog owners within the city limits of Littlefield are required to license their pets annually, and city dog license will be issued for \$3 for females and \$2 for males and spayed females.

Memorial Day Service Monday

Memorial Day services will be held Monday morning, May 31, at 10 a.m., in the Littlefield Memorial Park by Littlefield Veterans of Foreign Wars and Ladies Auxiliary in honor of our deceased war veterans.

Members of the John Henry Chapman Post 4854 will place flags on their graves.

Location of veterans' graves that aren't marked can be reported by leaving names with local officials by phoning 385-8990, or Littlefield Memorial Park, 385-3911.

The public is invited to attend.

Hail Suppression Plan Operation Tuesday

Annual run of the hail suppression in Lamb County begins Tuesday, according to officials for the Lamb Better Weather, Inc. who said that a check to cover the first operation had been paid to Atmos, Inc.

Messmore, secretary of the Better Weather group, said Lamb has raised enough money for the suppression program through June, most of August and that farmers should send in checks daily for their coverage so the program can start harvest time.

Operators are raising the money by voluntary assessment of 32 cents and portions of Lamb County,

most of Hale County and parts of Floyd and Swisher Counties are involved in the 1971 program.

A proposal is before the Texas Water Development Board to include rain making efforts along with the hail suppression, and if a permit is issued for stimulating rain an additional \$10,000 for the whole area will have to be raised. Lamb County's part will be \$4,000 if the permit is issued and the county group wants to include rain making efforts along with the hail suppression.

Flares of silver iodide are fired from airplanes into the updrafts of hail bearing clouds for the hail suppression, and the same technique and chemical are used for rain stimulation but in smaller quantities.

WATER SANDSTORMS, RAINS

Couple Hunts Arrowheads

SH RODGERS

Cox won't buy an arrowhead, and will sell one. His interest in arrowheads is "just a hobby" he happened on a few years ago, and now he has items all over the house filled with arrowhead artifacts.

He finds arrowheads around some of the irrigation wells he checks in his job with the Lamb County Rural Electric Association, but he makes most of his finds after working hours when he goes out specifically to hunt arrowheads.

You'd be surprised to know how many arrowheads there still are right around Littlefield," he said. "I've found one mine within five miles of here, and right out here under the water." He said motioning out behind his house at 1302 W. 12th Street.

"A funny thing," Mrs. Cox added, "is to some mounted arrowheads, I can remember exactly where you find them. I found that one in a field near the Oklahoma Flat community, and that one came from Black Water.

It's like to do their arrowhead collection after big sand storms and gully erosion rains. That's when the arrowheads are uncovered and easiest to find. Not only do they collect the arrowheads, but they have many flint rock scrapers that many people mistake for arrowheads. The scrapers were used to scrape buffalo hides and have depressions on the back sides for fingerholds.

Mrs. Cox are delighted to find arrowheads, but because of so much farm equipment, almost all the arrowheads have been broken or chipped. "This isn't a chip," Cox said, pointing to a hole in one side of a large one, "it's for bloodletting, so the buffalo healed freely after he was hit."

MR. AND MRS. J. D. COX show off some of their favorites in their arrowhead collection. They say the good hunting is over for this year "unless we get a big, washing rain."

Quality Board Honors Clayton

Representative Bill Clayton of Springlake was honored by the Texas Water Quality Board Friday, May 21, when it passed a resolution commending him for his efforts in behalf of water legislation for the State.

The resolution commended Clayton on his efforts in presenting the constitutional amendment authorizing state grants or loans for the construction of waste treatment plants, and if recommending the voters of Texas to approve the amendment in the May 18 election.

Stated in the resolution is: "Now therefore be it resolved that the Texas Water Quality Board recognize the outstanding leadership of Representative Clayton and commend him and express its appreciation for the part he played in the passage of this vital legislation that means so much to clean water for Texas."

WILDCAT CAPTAINS for the 1971-72 school year are Dennis Hartley, Scott McNeese and Matt Giles. The tri-captains are all seniors. Hartley is a 6' 1", 175-pound offensive running back and defensive back. McNeese is 6' 1", weighs 190 pounds and is offensive and defensive tackle. Giles is 5' 11", weighs 175 and will be a running back and defensive line-backer.

MR. AND MRS. MICHAEL McMILLEN

Newly Weds Reside In Colorado

After a recent wedding trip to Los Angeles, Calif., Mr. and Mrs. Micheal McMillen are making their home in Denver, Colo.

The couple were married at the home of the bride's parents, Mr. and Mrs. Donald Ciancio of Brownfield.

The groom is the son of Mr. and Mrs. Delmer McMillen of Denver, Colo., and grandson of Mr. and Mrs. Bob Ball of Olton.

KATHY MATLOCK

Engagement Announced At Tea

The engagement of Kathy Lee and Kelley O'Hair was revealed at a tea Saturday afternoon in the home of the bride-elect's grandmother, Mrs. Crill Bulls. Guests were greeted at the door by Kathy and registered by DeAnne Brock.

The mantle was centered with a white candleabra that held burning tapers and two white satin wedding bells bearing the names "Kathy and Kelley, July 31."

The serving table was covered with white bridal lace and satin, and centered with an arrangement of white peonies and two large glittered rings. Yellow tapers burned at either side of the centerpiece. Guests were served yellow punch, yellow cake squares, and mints by Tresea Glasscock and Janice Miller.

Approximately thirty guests called in the afternoon. Out-of-town guests were Mrs. Herman Habbinga, Mrs. Barney Glasscock, and Miss Rena Dobmeier.

Future Plans Are Revealed

Mr. and Mrs. Bud Matlock announce the engagement and approaching marriage of their daughter, Kathy Lee to Kelley Earl O'Hair, son of Mr. and Mrs. Alvin E. O'Hair.

Kathy is a graduate of Springlake-Earth High School and attended WTSU where she was employed by the Geography Department.

Kelley is a graduate of Springlake-Earth and attended WTSU and Matrix Computing in Lubbock. He is employed by West Texas Tile in Lubbock.

Wedding vows will be exchanged July 31 in the First United Methodist Church of Earth.

STATE TAKE OVER
 House and Senate both frowned on legislation calling for complete state take over of school operating costs.

The Forum Holds Spring Party

The Forum's Spring Party was held recently at the Ming Tree in Lubbock. Table decorations followed a patriotic motif in red, white, and blue. Miniature replicas of Uncle Sam were pinned on each guest

as she arrived, and place cards featured tiny American flags. The invocation was given by Mrs. Kenneth Lynn. Mrs. Howard Burks, presided, as Mistress of Ceremonies during a program which followed the dinner. As part of the program, Mrs. Frank Cummings read a psalm from the Bible and later gave a reading, "What Is A Girl?"

Anton Teacher Is Retiring

Mrs. Beulah Houston has closed out a 35-year teaching career at Anton School with the end of school at Anton Friday. She has taught approximately 800 students within a 40-year period of teaching. She taught at Hico and Fairlie community prior to coming to the Anton School.

After her retirement, she plans to stay in Anton and do some substitute teaching when needed. She plans to continue doing church and community work, and will continue sewing, cooking and reading.

Following the program, Mrs. Edward Betts installed the new club officers for the years 1971-1973. Leading the Forum for the next two years will be: Mrs. Robert Richey, president; Mrs. Frank Cummings, secretary; Mrs. Tommy Adkins, treasurer; Mrs. Howard Burks, reporter; and Mrs. Hazel Ward, parliamentarian.

Miss Reed Is Honored

ANTON—Miss Jo Ann Reed, bride-elect of Larry Wood of Smyer, was honored with a gift coffee in the Fellowship Hall at Central Baptist Church, May 22.

Approximately 35 guests were served nut breads, coffee, and spiced tea from a table covered with a white cloth and an arrangement of white flowers.

Silver and china appointments were used. Mrs. Homer Lowrance presided at the serving table.

Forum members attending the spring party included: Mmes. J. S. Abernathy, Betts, Cummings, Burks, Lynn, Richey, Adkins, Lenton Smith, John Driskill, Olene Gibson, Hubert Henry, W. D. Smith, and J. S. Carl.

Guests of Forum members who attended were: Mrs. Vergil Zoth, Mrs. Ralph Carter, and Mr. J. Joye Hall.

MONDAY, MAY 31
 MEMORIAL DAY services will be held at 10 a.m., in the Littlefield Memorial Park by Littlefield Veterans of Foreign Wars and the Ladies Auxiliary in honor of our deceased war veterans. Members of the Post will place flags on their graves. Location of veterans' graves that aren't marked can be reported by leaving names with local officials by phoning 385-8990, or Littlefield Memorial Park, 385-3911. The public is invited to attend.

THURSDAY, JUNE 3
 THE HOSPITAL Auxiliary of Littlefield will meet for their monthly board meeting at 9 a.m., in the Medical Arts Hospital. All officers are urged to be present.

FRIDAY, JUNE 4
 THE ANNUAL LAMB County Chapter of American Red Cross will meet at 4 p.m., in the commissioners courtroom. Rev. C. P. McMaster, a retired Methodist minister, will be guest speaker. A special invitation is extended to all volunteers, and members of the Red Cross.

Flower Talk
by Kip Cutshall

SAY IT WITH FLOWERS
We read the words: "Say it with flowers", and possibly think it is a new advertising or promotional expression. We could not be more wrong. In days when writing was an accomplishment of the very learned, some there were who would transact business and also send messages to their loved ones, but they could not write. In far away Akasibar, these thoughts were expressed in the language of flowers, which has always been the Esperanto of sentiment—whether of love, sympathy, happiness or sadness. How unromantic is a letter written with a pen and ink as compared to the delicate expression of emotions in a bouquet of lovely flowers.

What Our Readers Think

A Salute

Dear Editor,
On Thursday, May 27th, I went to a play given by Mrs. Middlebrooks' third grade class to see my niece perform.
The play was on the history of the American flag and was beautifully done. Mrs. Middlebrooks has done a wonderful job of teaching these children to respect

"our" flag and should be commended. Parents of her class can stand proud because I believe her students have learned well.
"Hats off" to all of them.

Army's Doors Closed

Dear Editor,
How sad it is that after 35 years the Salvation Army doors will be closed. However there will be a service unit here, but there are other interested parties who need this as a Church. Do souls not count anymore? Is it only material things that matter to the people of Littlefield?
It was said that Littlefield is small, poor and the people don't care. Well, I don't believe that for one minute, because some of the finest people live right here in Littlefield, Texas.

Some donations have already been given for the young people's activities this summer. What will happen to them now?
The people were not given a chance to help in this matter.
Are we going to let the Salvation Army doors be closed June 27th never to be re-opened? Some of the souls will be closed also.
Let's find a way to keep this church open to the Sunbeams, Girl Guards, boys club and the Salvation Army Soldiers, as well as anyone with a need.
Someone Who Cares.

ROLAND BELL has been appointed assistant postmaster of the Littlefield Post Office, effective May 15th, according to Postmaster George Thompson. Thompson recommended Bell and he was appointed by the regional postal director at Dallas. Bell has been with the Littlefield office since May, 1951, when he started as a substitute city carrier. He has been a postal clerk since May, 1953.

Emergency Grazing

Emergency haying and grazing of set-aside acreage without a charge has been authorized by the Secretary of Agriculture through June 30.
Non-irrigated acres for this purpose will be determined on the basis of how these acres are treated this program year. Producers will be required to make an application to hay or graze on such land.
If the acreage is irrigated, farmers must file a request and also pay the required fee prior to grazing or harvesting. The fee for grazing will be \$1 per acre per month and for haying it will be \$3 per acre per month for harvesting hay through June 30.
Although there is no charge to producers on dryland acres, maximum charges for re-letting grazing or haying to third parties are still applicable. Maximum rates for re-letting dryland acres on which producers are allowed to graze free are as follows:
Grazing \$1 per acre per month; harvesting standing hay, one-half of the rate which would have been charged the permittee if free haying had not been permitted; baled hay, \$30 per ton.
For irrigated acreage, farmers may permit someone else to graze the acreage but may not charge more than 150 per cent of the amount ASCS charges the producer.
Persons interested in this emergency program may contact the county ASCS office for details regarding the making of application.

HUMNY GRITS

By CORNBALL BLEVINS

SOMEWHERE, BETWEEN THE DOVES and the HAWKS in Washington, must be some guys with a little common sense. There's being a LOTTA sheepskins handed out these few days, (Diplomas, to you uneducated.) Trouble is, that a bunch of these kids are in for a big disappointment. In much probability, the field in which they majored, has now, become obsolete!

WHAT, WITH THE cutbacks in government contracts, due to the de-escalation of the "Police-Action" in Indo-China, the need for the high-paid specialist has lessened to a considerable degree.

The folks in the know are now suggesting that the big money is in the food business. (Shux, I've been knowin' that for some time.--Don't I see the entries, in my bank book for the wife's grocery checks.)

'COURSE, I DON'T want a be a wet blanket, but, some of these kids may end up sticking these skins in the dresser drawer, and start sacking groceries just so happens that I know a BSEE that's passing his "Between-Time" leisure erecting pre-fab buildings.

The blue-collar guy with the rough hands is a long way from going out of style. Heavy equipment operators, truck drivers, crane operators, mechanics--(Excuse me, they're now TECHNICIANS) tractor drivers, and the like, are the ones that are in demand.

HOWEVER, DON'T give up--We may change administrations in the next few years, get another "Police-Action" started, then you can haul out that ol'

degree, and start rakin' in the dough!

GUESS SOMETHIN'S happened to my sense of humor, I keep hearin' my cohorts revuing the "Humny" tv shows. Quiet often is mentioned the "All-in-the-Family" show, along with "The Flip". A couple times, I've sat through these performances, simply for the lack of will-power to get up and punch a switch.

I still fail to see the humor in profanity and filth--I'll take Cosby, anytime.

SEEMS I KEEP getting around to baseball.--Wonder why the Powers-that-be can't get around to oilin', surfacing, or doing somethin' to the roadway and parking area, out at the field?

Down in the heat of the season, the dirt and dust get so bad you feel like you've spent a day ridin' a section-harrow. And to make matters worse, there's always the smart alecks that get their kicks from buzzin' the strip with their hot-rodz, just for the sake of seein' their dirt engul' the spectators, as well as the kids that are tryin' to play.

I'M SURE THAT our fans (and players) would welcome any treatment of the surface to lessen this problem. Also, I'm sure that a policeman with pad in hand, would be welcome for the purpose of slowin-up the "speed burners"!

ONE OF MY educated friends asked me why there was so much ACRIMONY in my column. Told him that I'M sure I don't know, I took for granted that the whole thing is printed on clean paper.

THE ABUNDANT LIFE

Let It Pass

LET IT PASS is one of the most useful guidelines for happy living. Many of the things about which people worry should not be given that much consideration. Most of the anger people feel, and express is completely uncalled for.
All of us can prevent much of the wear and tear of life if we let pass most of the things about which we become angry. I doubt that anything that happens is really worth an angry spell.

MANY OF THE MISTAKES made by others in their associations with us are not big enough to risk the possibility of a misunderstanding. Let them pass, unless there is a very good reason for not doing so.

Some people seem to find much pleasure in making an issue over an insignificant mistake. Of course, we must try to get along with these odd balls, too.

CRITICISM OF US may be the most difficult thing to let pass. Unless some kind of explanation is absolutely necessary, we must not give a second thought to the criticisms.

Some criticism of us will probably be justified, and we should let this pass, too; except to make whatever correction we are able to make.

CRITICISM IS USUALLY the expression of little people. Some are envious, and they criticize.

Some feel inferior, and make futile effort to pull somebody down to their level. With other people, criticism is a bad habit. The general rule concerning criticism is, "Let it pass."

TO EXPECT ALL PEOPLE speak well of us is too much to expect. It is wholesome to let the will and approval of our friends be a source of strength. It is impossible, however, to feel and talk this way about far as I know. "We unto whom men shall speak well of us." Sometimes the best comment a person can receive is the fact that certain kinds of people.

UGLY, UNTRUE, and vicious remarks will probably about us now and then.

What shall we do about general rule is still, "Let it pass." We should do our honest best, and we are not sufficient defense, there we can do anyway.

"LIFE WOULD BE a joy hunt if a man were obliged to the innumerable, intractable, and misrepresentations which against him."--Beecher.
Wise maturity will naturally strength and insight which to the effective working of the "Let it pass."

CAPS AND GOWNS for LHS seniors are being sorted after checked in Friday night following the exercises. Shown, left are Mr. and Mrs. Ken Largent, Rex Gilstrap and Mrs. Irene Lynn.

OBITUARIES

F. A. LOYD
 Funeral services for Mrs. Grace Loyd, 81, County's first woman sheriff who died Saturday evening at her home in Dimmitt, conducted Saturday afternoon in the First Baptist Church of Dimmitt.
 Raymond M. Perkins, pastor, officiated, burial was in the Littlefield Cemetery. Littlefield Funeral Directors of Hereford handled arrangements.
 Loyd filled her husband's (F. A. Loyd) term after he was killed in an auto accident while executing his duties as Lamb County sheriff in 1964 after 26 years of service. She was only one day of absence during those years.
 She was born Sept. 12, 1889 in San Saba County, Texas, moved to Castro County in 1948 from Farmer. She was a member of the First Baptist Church of Dimmitt.
 She is survived by five daughters, Mrs. Doris Hair, Mrs. Wilma Colbert of Brownwood, Mrs. Lillie Bley of Olton, Mrs. Jeannine Cryer of Joseph, Mo., and Mrs. Silvia Adams of Lubbock; two sons, Aubrey Loyd of Borger and Tom Loyd of Lubbock; one brother, Tom Loyd of Amarillo; two sisters, Josie Morrison of Antonio and Arlene Sprayberry of Dimmitt; and several grandchildren.

FRANK KARVAS JR.
 Funeral services for Frank Karvas Jr., 51, who died Friday morning at his home north of Roundup, were conducted Saturday afternoon at the Haimons Funeral Home Chapel in Littlefield.
 Judge J.G. Greer of Anton ruled the cause of death to be a self-inflicted gunshot wound. Rev. D.J. Peters, pastor of Anton's First Baptist Church, officiated and burial was in the Anton Cemetery.
 Karvas was born March 11, 1920 in Arizona and had been a Roundup farmer 30 years. He was a veteran of World War II.
 Surviving are his wife, Mary Eurline; two sons, Ronald Eugene Karvas of Lubbock and Frank Karvas III of Anton; his mother, Mrs. Clara Karvas of Roundup; and five grandchildren.

POLLUTION
 Control of noise requires work by citizens to combat this problem as sound level rises in industry, on the highway, on mass transit and in recreational areas.

MARY SIMMACHER

Engagement Is Revealed

Mr. and Mrs. Frank Simmacher of Pep announce the engagement and approaching marriage of their daughter, Mary, to John Richard Davis, son of Mrs. Gladys O. Davis of Wichita Falls, and John R. Davis of Lime Springs, Iowa.
 The couple plan to be married June 10, at 3 p.m., in St. Philip Neri Catholic Church of Pep.
 The bride-elect attended South Plains Junior College and Texas Tech University. She graduated from Texas Tech on May 15, with a BA in psychology.
 Davis also graduated from Texas Tech University in May with a BS degree in zoology.
 After the wedding the couple will live in Pullman, Wash. where the groom will work towards his master's degree.

Engagement Announced

... The Backbone Of Business Today

The Credit Bureau is set up to serve the community. Both individuals and business can benefit by using it. The purpose of the Credit Bureau is to encourage the sound use of credit as an indispensable part of modern business.

Use the Bureau when you need a credit reference. For you see, the Credit Bureau is like your personal secretary, we keep a record of the credit transactions of Littlefield area residents.

Your credit experience is kept in a credit file. It is a list of your credit references. The file shows the way you pay your bills, any repossessions, past due accounts, and other information that pertains to credit transactions.

Your file, good or bad, depends upon you. Past due accounts reported to your file stay on your record for several years. JUST ONE PAST DUE ACCOUNT CAN STOP YOU FROM BUYING A HOME, OR FROM GETTING THAT LOAN YOU NEED, OR FROM GETTING THAT NEW JOB YOU WANT. YOU MAY NOT NEED CREDIT NOW, BUT WHAT ABOUT TOMORROW OR THE NEXT DAY?

TAKE CARE OF YOUR CREDIT. IT WILL FOLLOW YOU IF YOU MOVE.
 Buy wisely, and pay promptly.

LEST WE FORGET

God has a destiny for America, and only eyes of Faith can read that destiny. Were it not so, all those who have, and will pay with their lives the last full measure, will have died in vain.

We need only to look at our cemeteries to have our manhood shocked and our Americanism awakened. Our allegiance would be strengthened by that look. We can never recompense for the supreme sacrifice and heartache the spilling of each drop of blood caused. **But every American should bow his head in shame when he dares not to salute our Grand Old Flag.**

Please let us, this day, rededicate ourselves and say a benediction for all those who have and will lay themselves, in our behalf, between our wonderful country and all her foes.

Lest We Forget.

Emmanuel Lutheran Church Schedules Bible School

"Obedience to Government," "care for one's fellow citizens," "improving one's community," and "love for the needy in the world" are virtues which will be stressed in the Bible lessons during the five-day Vacation Bible School at Emmanuel Lutheran church, in Littlefield, from June 7 through 11.

"In recent years rebellion by some of our country's youth against 'the establishment' has received an undue amount of publicity. It is the aim of our sessions to plant and nourish proper attitudes on the basis of Bible stories," said Rev. Louis Wetzel, pastor of the church.

The daily periods will be from 8:30 a.m. to 11:30 a.m. Besides the Bible lessons, there will be singing, handicraft, recreation, and snacks.

Teachers will be Miss Pam

Brandt, Mrs. Ruth Bartley, Mrs. Betty Wilkinson and Mrs. Marilyn Synatschek. Children, ages five through eleven are welcome.

Guild Elects New Officers

At a recent meeting of the Wesleyan Service Guild of First United Methodist Church of Littlefield, the following officers were elected for the year 1972: Mrs. Ina Mae McQuatters, president; Mrs. Bertha Arnold, vice president; Mrs. Ruth Wade, secretary; Mrs. Jess Harlan, treasurer; Mrs. Wanda Hamblin, coordinator; Mmes. Lois Pharris, Jewel Grant, and Cecil Lora Brown, nominating committee.

The program for the evening was arranged by Miss Charlene Smiley, with Mrs. C. P. McMaster giving an interesting article on "Red Bird Mission."

Mrs. C. A. Joplin, hostess, served refreshments to the following: Mmes. Laverne Seay, Mattie Lou Clark, Jess Harlan, Eros Caldwell, Lois Pharris, Cecil Lora Brown, Louise Street, Mildred Smiley, Rachel Byrd, Grace Phrphey, Bertha Arnold, Ruth Wade, and Mrs. C. P. McMaster, and Miss Charlene Smiley.

Church School Is Scheduled At Olton

OLTON--Vacation Church School will begin at the First United Methodist Church of Olton Wednesday, June 2 and continues through Wednesday, June 9. Classes will be held each morning from 9 a.m. to 11:30 a.m.

Mrs. Dan Quigley is superintendent. Music director will be Cheryl Latimer. Mmes. Percy Parsons and Jim Brown will be in charge of refreshments.

Teachers and their assistants are Mmes. Quigley and Clifford Carlisle. Nursery I; Mmes. Aubrey Smythe and Paul Walden, Kindergarten; Mmes. Bob Coen and Forrest Latimer, Elementary I and II; Mrs. Leo Bleaker and Keith White, Elementary III and IV; and Mmes. Joe Harrell, Mike Smith and John Speck, Elementary V and VI.

Many youth will also assist in the school. Rev. Al Jennings is the local pastor.

Spade Slates Bible School

SPADE--A community-wide non-denominational Vacation Bible School will be held May 31 through June 4, from 8:30 a.m. to 11:30 a.m., in the Spade Methodist Church.

All children and youth, three years through ten years, are invited to attend.

Pre-registration will be Saturday, May 29, from 9 a.m. to 10 a.m.

Theme for the Bible school will be "Jesus Today's Answer."

Piano Course For Beginners Set At Tech

For those who have always wanted to play the piano but lack the necessary skills, Texas Tech's Department of Music is offering a beginners' course during the first summer session tailored especially to their needs.

The six-week course, featuring the McClintock method of instruction for non-musicians, will be taught by Miss Lorene McClintock of New York City, originator of the system and author of a three-volume manual used in the structured program.

Applicants may sign up for the one-hour credit course, Applied Music 1123, during regular registration, May 31-June 1. The class will meet from 1 to 2:30 p.m. daily, Monday through Friday, beginning June 2.

This is the first time that such a course has been made available to non-music majors, said Dr. Thomas Mastroianni, head of the piano division at Tech. "It is unique in its approach to group teaching and offers a challenging opportunity to those who wish to learn piano for personal enjoyment."

By the end of the course, participants should be able to play simple melodies and chord accompaniments, he said.

Miss McClintock, who has been teaching in New York City for a number of years, is a native of Slaton and earned her degree at Southern Methodist University. She is the author of several books on piano techniques and her work has received the endorsement of several leading educators, including the musician-composer Howard Hanson, director of the Institute of American Music at the University of Rochester.
