

SDA Spells Out '71 Cotton, Grain Programs

in Set-Aside Tentative

Secretary of Agriculture Hardin announced major changes in the 1971 feed grain program. However, the Secretary said there are many unknowns in the situation. "We are not announcing any percentage until we have more information on factors affecting 1971 crops. For the purpose of the Farmer's Planting Intentions Department will tentatively set aside 10 per cent of feed grain on the actual percentage made prior to the program March 1 through April 9.

Primary payment associated with the 1971 program will be a national average of \$1.35 a bushel for corn and \$1.24 a bushel (\$2.21 a bushel on half their sorghum compares with total support in a bushel for corn, and \$1.20 a bushel for sorghum) for the 1971 program.

Calculating payments for the 1971 program will be like that of the 1970 program. The feed grain base times the 1970 program - when the 1970 program was paid on the actual feed grain planted up to 50 per cent of the farm base - participants in the 1971 program will receive the full payment of what they plant on their farm base.

Payments to participants will be as soon as practicable after the 1971 program. Regardless of the size the total amount to be, the participant will be required to refund any of the amount.

Rate for corn will be \$1.08 a bushel, which is equivalent to the rate for corn of average quality, as in 1970.

Levels for the other grains are: grain sorghum, \$1.73 per bushel; barley, 81 cents per bushel; and rye, 94 cents per bushel. The Agricultural Act of 1970 makes it possible to shift the bases from the 1970 program to the 1971 program. The law provides that the 1971 program will have their bases in 1971 will have their bases reduced for the amount of the 1970 program, up to 20 per cent of the 1970 program or authorized substitute. The entire base is removed from the 1970 program. All base lost by farms will be replaced.

OFFICES SLATE CLOSING DATES

Littlefield businesses and government offices will observe various closing times for the holidays.

Offices in the court house, city hall and Texas Employment Commission will be closed all day Dec. 24 and 25, and again on New Year's Day.

The Littlefield Post Office will make city and rural deliveries and the windows will be open through Christmas eve, but there will be no mail deliveries on Friday, Dec. 25, through Sunday, Dec. 27, and again Jan. 1. Mail will be put up for those with boxes all three days and the post office is closed for Christmas and on New Year.

PICK-UPS PURCHASED

Council OK's Bids

Littlefield City Councilmen received, opened and accepted bids for two 1/2-ton pickups and approved a gas line easement across the South 1/2 of Labor 11, League 658, to Joe Montgomery's property during their regular session here Thursday night.

Councilmen also opened bids for two police patrol cars, but rejected all bids from the three local companies who submitted estimates.

Mitchell Ford was awarded the contract for the pickups, with a low net bid of \$5,110. Gross bid was \$7,549.78 with a trade-in of \$2,439.78.

Net bid submitted by Armes Chevrolet was \$5,383.53 and the net bid submitted by Garland Motor Company was \$5,470.

Councilmen felt the present patrol cars could be driven economically about three or six more months before they need to be replaced, and therefore turned down all bids for the cars.

Councilmen postponed a hearing on the community antenna television service, as no one appeared to discuss the situation.

In other matters of business, councilmen:

1. Authorized City Manager Pat Bradley to attend the Texas City Managers' Association training course in Lubbock Feb. 26 and 27.

2. Discussed and filled out the South Plains Association of Governments questionnaire, concerning general information about the city.

Payments In County To Total \$9.1 Million

A national average 1970-crop price-support loan of 19.50 cents per pound, net weight basis, and other features of the new Agricultural Act of 1970 program for upland cotton has been announced by the U. S. Department of Agriculture.

The national average price-support loan rate of 19.50 cents per pound is for middling 1-inch upland cotton (micronaire 3.5 through 4.9) on a net weight basis, average location. Application of loan rates on a "new weight" basis is a change from the previous method of basing loans on gross weight.

A preliminary program payment rate to cooperators has been established by the 1970 Act at 15 cents per pound. This would amount to \$9,110,000.00 in Lamb County, down approximately \$900,000.

The smaller payment is attributed to two

factors: (1) Yields that are down due to weather. (2) 1.8¢ lb. less in the preliminary payment, which of course could be off-set if a final payment is due.

The final program payment, together with the national average market price for middling 1-inch cotton, micronaire 3.5 through 4.9 in the designated spot markets must equal the higher of (1) 35 cents, or (2) 65 per cent of parity as of the beginning of the marketing year, Aug. 1, 1971. The payment will not be reduced if the rate as finally determined is less than the rate of the preliminary payment.

The payment is made on a quantity of upland cotton determined by multiplying the acreage planted within the farm base acreage allotment by the payment yield established for the farm. The farm payment yield is based on the actual yield per harvested acre for the immediate three preceding years, adjusted for abnormalities caused by drought, flood, or other natural disaster.

There are, however, two exceptions: (1) The 1970 farm projected yield must be substituted for farm actual yields for 1968 and 1969, and (2) the farm payment yield for 1971 cannot be less than the 1970 farm projected yield if the total production for the farm in 1970 was at least equal to the 1970 farm projected yield multiplied by the 1970 farm domestic allotment.

The 1970 actual production evidence must be turned into the ASCS by producers as soon as possible. A 1971 payment yield cannot be determined until this is done. If no production is furnished the production shall be considered as zero.

The Agricultural Act of 1970 limits cotton payment to any person to \$55,000. This limitation does not apply to loans.

Loans on 1970-crop upland cotton will be available to program cooperators for a term of 10 months from the first day of the month in which the loan is made upon presentation of warehouse receipts reflecting accrued storage charges of not more than 60 days.

This will allow producers an extended period during which the loan program may be utilized to promote orderly marketing and price stabilization. In prior years, the loan maturity date was July 31, following the year in which the cotton produced.

The law provides that the national base acreage allotment shall be apportioned to the States on the basis of the acreage planted (including acreage regarded as having been planted) to upland cotton within the farm acreage allotment in the years 1963 through 1969, with adjustments in these acreages as required by law.

The 1971 base acreage allotment for Texas is 4,884,609 which has been apportioned to counties.

To be eligible for loans and payments, cotton producers must set aside and devote to conserving uses an acreage of cropland not to exceed 20 per cent of the farm base acreage allotment, plus the conserving base established for the farm. The decision on the actual percentage to be set aside will be made prior to the program sign-up period.

Set-aside acreage must be protected against erosion, weeds, insect damage and rodents. Sweet sorghums may be planted

COLOR CONTEST SLATED AGAIN

The Leader-News is again sponsoring its Christmas Coloring Contest this year, and two first place winners will each be given gift certificates of \$12.50.

Gift certificates are from Forrest Price's Western Auto and are good for any merchandise in the store.

All school-aged children in grades one through six are eligible to enter. All you do is clip an official entry blank out of a Dec. 13, 17, 20, or Christmas eve issue (Dec. 24) and color it. Attach the colored entry blank securely and mail it or bring it to the Leader-News office at 313 West 4th.

Contestants may enter as many times as they wish, provided each entry is accompanied by a separate entry blank. All entries must be in or be postmarked by Wednesday, Dec. 30. Winners will be announced in the Sunday, Jan. 3 issue.

Wrong-Side Parking At Your Own Risk

"Due to recent wreck involvements with vehicles which are parked on the wrong side of our city streets, we feel citizens should be informed as to the consequences, in the event such an accident occurs," Municipal Judge Ben Noble told the Leader-News Friday.

"If citizens park on the wrong side of the street, they're doing it at their own risk," Noble emphasized.

"First, they're breaking a state law, and second, they will be given a ticket by our city patrolmen if their vehicle is involved in an accident," he stated.

"Our patrolmen have not issued tickets on such vehicles which are parked wrong- and do not intend to begin an all-out campaign to do so-but if such a vehicle is involved in an accident, a ticket will be given," he emphasized.

Noble noted the Texas Drivers Handbook, with which all licensed drivers should be familiar, and quoted rule number 15 under "Don't Park", which states, "On the left hand side of a two-way street."

"Even if our city should not have a specific ordinance" against" parking on the left side of the street, our state has such a law and the city is included," he concluded.

DON LEE is so fond of his 1931 6-cylinder Chevrolet that he brought it with him from Houston a couple of weeks ago when he came to Littlefield to help his brother James Lee at the First National Bank. Lee has put more than 3,000 miles on the car since he bought it three years ago, and uses it as a second car, driving it to work every day. The Chevy is equipped with original wire wheels, soft top and continental kit, and gets 27 miles per gallon of gas.

MRS. LINDA LOWRY, a nurse at the Littlefield Hospital, takes advantage of nice weather to walk her great dane, Rama. At nine months, the growing "pup" can be measured in hands high, eats like a horse, and weighs about 100 pounds. The Lowrys moved to Littlefield in September, and Lowry operates the Gulf Service station at Ninth and Hall.

'PUP' WEIGHS A HUNDRED

Dane Like A Child, Likes Tootsie Rolls

Rama is a great dane dog with some strange tastes-like raisins, for one thing, and dill pickles for another.

"My husband named the dog Rama", Linda Lowry said, "after an Indian God." Lowry lived in India with his missionary parents seven or eight years. "And in another dialect, Rama means country," she added.

The 100-pound, 10-month old dog is still very much of a pup, according to his owners who say they have to watch him when they let him in the house or he'll take things off the counters and chew them up.

True to his great dane temperament, Rama likes children. Mrs. Lowry said all the kids in the neighborhood are really attracted to him, and often come over and ask, "Has Rama had his supper?" or "Can Rama come out and play?"

"It's almost like having a child," Linda Lowry said.

What does a 100-pound pup that is still growing eat? "He will try anything we eat," Linda said. "He did eat dill pickles for a while, but I think he has decided that pickles aren't doggy-type food."

Rama may be off pickles, but he hasn't lost his fondness for raisins. Mrs. Lowry said the dog has a fit when he sees her get out a box of raisins. And his favorite candy is Tootsie Rolls.

In addition to these knick-knacks, left-over vegetables and odds and ends, the dog eats a 25-pound sack of dry dog food in a week or week and a half (with a little vegetable oil sprinkled over it), plus a generous supply of milk and milk bone. Great danes are usually shy until they are over a year old, and Rama is just starting to get over his shyness and beginning to take his watchdog duties seriously. "Lately when someone comes to the door, Rama tears for it and makes a lot of racket," Mrs. Lowry said. "He's getting real protective and is real good with children."

Rabies Test Positive On Whitharral Skunk

Residents between Whitharral and Anton are being warned of possible rabid skunks in the area for the second time this year.

Last week Don Stafford, who lives about five miles east and two and one-half miles north of Whitharral, killed a skunk that was chasing his dogs. The head was sent to the Austin laboratory, and a report received this week showed the skunk was rabid.

Persons around this rural area are advised to have all their pets vaccinated against rabies.

SS Class Has Yule Party

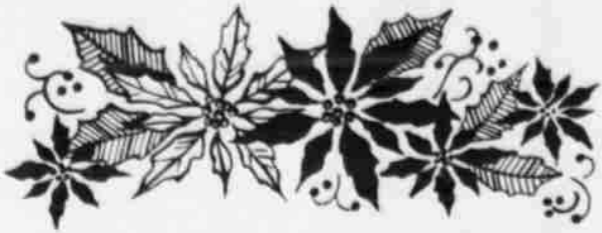

ANTON-The Progressive Sunday School Class of First Baptist Church met Thursday afternoon in the home of Mrs. S. N. Twilley for their Christmas party. Eight members and five visitors were present.

After a devotional led by the teacher, Mrs. Annie McCarty, gifts were exchanged and a social hour held.

Sandwiches, cake, ice cream,

coffee, and spiced tea was served to members Mrs. M. M. Tidwell, D. D. Dickinson, O. J. Thornley, J. A. Jackson, M. M. McReynolds, J. M. Overstreet, Annie McCarty and S. N. Twilley.

Visitors were Mrs. J. C. Grace, Mrs. E. D. Criswell, Mrs. R. M. Newell, Mrs. Theibert McReynolds and Miss Francis Collins.

Holiday Services Are Scheduled By Lutherans

A song and candlelight service tonight at 7 will mark the beginning of the Christmas holidays at Emmanuel Lutheran church at West 3rd and Morse in Littlefield.

Each worshiper will be supplied with a candle, which will be lighted with the flame from the altar candles just before the singing of "Silent Night, Holy Night."

On Christmas Eve, in a service beginning at 6:30 p.m., the school children will re-tell the story of the birth of the Savior in recitations and songs.

The Christmas Festival service will be held on Christmas Day at 10:30 a.m.

At year's end, penitent Christians will assemble both to remember the past and to look with hope into the coming year.

A service for that purpose will be conducted on New Year's Eve at 7:30 p.m., when Holy Communion will be distributed to the members.

Visitors are invited to all of these services.

Lamb County HD Agent

A.G. SPEIGHT

"Holidays mean good food, good times, and saying goodbye to good linens and garments decorated with cranberry stains, turkey gravy and candle wax," according to Mrs. Lady Clare Phillips, Lamb County Home Demonstration Agent.

"But a few helpful hints on stain removing can restore beauty to soiled garments," she adds.

Cranberry stains are one of the hardest to remove. Promptly take stained garments and linen to a professional drycleaner. Swift action will usually provide results.

To remove gravy from a washable fabric, either sponge the material with cleaning fluid or soak it in the fluid. If stains remain, wash the cloth in warm suds and rinse. For dry cleaned fabrics, sponge with cool water, let dry then sponge with cleaning fluid or cleaning powder.

If candle wax drips on a washable fabric, remove excess wax with a dull knife. Place a towel under the stain and wet it thoroughly several times with a commercial drycleaning solvent.

Dry and launder in heavy suds. For nonwashable fabrics, remove excess wax with knife and sponge with a commercial drycleaning solvent.

Another method of removing candle wax is placing blotters over and under the stain then pressing with a warm iron. This method is effective to some degree, but it should be used only for grease from white candles. Heat sometimes turns the dye from colored candies into difficult-to-remove stains.

Bula WSCS Conducts Social

Moss Shoes SHOES FOR THE ENTIRE FAMILY

group, make up your mind and do it.
Tired of the project? Drop it, and make it up to the family (if it's something for them) by tossing them a special banquet.
In housework, do the bad part first, then let the small stuff compete for your attention with more pleasurable activities.

But don't stop there. You can save time in other ways. Make a deal with another mother to pick up your children after school, then do the same for her a week later; you both get an afternoon off!

Spend 49 cents on a package of paper plates, then skip dishwashing for as long as they last.

Tack a "duty sheet" to the refrigerator door showing which child is to do what household chore, and when. Why should you be the horse?

Skip the late at night movie in favor of bed, then get up two hours early and just loaf.

Schedule the household chores, instead of just doing them "as they come up", and you can arrange an extra day each week free of toil.

What to do with the time you save? Plenty -- and pleurably. Pick one from Group "A" and one from Group "B"; and see what many women miss out on.

OUTSIDE ACTIVITIES

1. Get a job. Working in a retail store, you'll meet new people, see more of your friends, and probably trim your waistline (if it isn't a bakery). Retarded children's homes need mothers who understand. Door-to-door sales companies need representatives (it's easier than it sounds.)

How about helping as a doctor's receptionist, or joining one of the poverty programs? There's plenty of part-time work around if you look for it.

2. Go to school. Pay, and you can take college courses. For free, a local high school may have classes two nights a week. By mail, you can learn all kinds of things.

You can add to your knowledge of child psychology, learn to sculpt, or find out how tough things really were for

Marie Antoinette and her crowd.

Or, wouldn't it be fun to learn the meaning of terms on a Chinese menu? (In Moo Goo Gai Pan, for instance, "Moo Goo" means mushroom, "Gai" means chicken, and "Pan" means sliced.)

3. Lead a protest demonstration. If you want better school facilities, more cops on the beat, rubber mats under the playground slide, or whatever, marching down to city hall may do you a lot more good than writing letters.

Getting girl friends together and signs painted can be exciting, and worthwhile.

Be sure you clear your plans with the police; they are almost always neutral.

AT HOME

1. Read the Bible from cover to cover, skipping wherever you wish. Start with the Book of Proverbs.

Whether you are deeply religious or close to the borderline, says Dr. Oswald Hoffman of radio's famed Lutheran Hour, "the Bible's advice on family relations and child rearing is one of the most enlightening guides a woman can find." The book is filled with ideas.

2. Paint! So you're not a Da Vinci-- who cares? A "how to do it" book plus some brushes and oils will get you started, and you may surprise yourself.

But look painting on canvas isn't the only way; paint walls! or windsills.

How about painting the attic into a tropical paradise (a lot of green and yellow, fake in the trees somehow, make the top blue, and throw in a few birds-- distant ones so all you have to show is the outline)?

3. Buy a marriage manual. Let your husband see you reading it, and leave it where he can find it.

We rarely see as much as we can when we travel, many people would enjoy concerts more if they knew what to listen for, and books help us to get maximum pleasure out of travel, music and marriage.

4. Joke around. Two quarts of

coffee and three girl friends, each of whom is told to be ready with three jokes before she comes. Mix, and enjoy. Serves four.

5. Plan on being rich. Think of a fat after-tax income level (how about \$50,000 a year?), get some girl friends to do the same, then decide how you'll spend it.

Cut things out of magazines. Make a scrapbook. In this world anything can happen, and you wouldn't want to be caught unprepared, would you? Any number can play.

When the the game is over, don't be surprised if you realize that you have the greatest treasures of all.

Once you are relaxed, enjoying life fully, free of boredom, delighted with your friends and new adventures, you may find that you have new glee in greeting your children after school and your husband after work.

You'll have the home and family that millions of girls crave--plus freedom from boredom to boot.

OLTON

MRS. W. B. SMITH JR.

Members of the Olton Volunteer Fire Department entertained their wives with a steak dinner Monday evening in an Olton restaurant. Sixteen couples attended. After the dinner the firemen and their guests participated in table games at the Fire Station. Fire Chief Tom C. Smith and Assistant Chief Harold Jordan were presented gifts of appreciation.

COLLEGE STUDENTS arriving Friday from Howard Payne College in Brownwood were Barbara and Barry Cowart, daughter and son of Mr. and Mrs. James Cowart; Sunya Sorley, daughter of Mr. and Mrs. Archie Sorley; Karen Hipp, daughter of Mr. and Mrs. Bob Hipp; Johnny Lewis, son of Rev. and Mrs. John Lewis; Bobby Turner, son of Mr. and Mrs. Joe Turner.

DON KIDD, son of Mr. and Mrs. George Kidd, has returned from the VA Hospital in Galveston for the Christmas Holidays. He plans to return to Galveston Jan. 5 for further tests and possible surgery.

MRS. LESLIE GORDON of Lubbock visited her recently and attended services at First United Methodist Church. Mrs. Gordon is a former Olton resident.

MR. AND MRS. Glen Miller of Amarillo visited Saturday night in the home of Mr. and Mrs. E. R. Spain.

MR. AND MRS. Alvin Walton of Colton, Calif. accompanied by his father, J.R. Walton of Portales, N.M. visited Saturday night in the home of Mr. and Mrs. Alton Cure. Alvin Walton is the brother of Mrs. Cure.

MR. AND MRS. Bill Dickenson returned home Friday from Truth or Consequences, N.M., where they spent the past month.

MRS. FAYE BEARDEN and Mrs. Gary DeBerry visited last weekend in Amarillo in the home of Mr. and Mrs. Royce Bearden and son.

DONATIONS have been made locally to the American Cancer Society in memory of Mrs. Bill Collins.

MEMORIAL DONATIONS to the Cancer Society may be made through Olton State Bank. Families of the honored person are mailed cards announcing the memorial gifts.

RONDA GULLETT, daughter of Mr. and Mrs. Jack Gullett, and Susan Cannon, daughter of Mrs. Sue Cannon, have pledged women's social clubs at Lubbock Christian College. Miss Gullett pledged Metah Moe and Miss Cannon pledged Lambda Omega Alpha. These clubs offer opportunities for leadership, training in the social graces, service to LCC and good fellowship. The group's activities are directed by the club's own officers under the supervision of faculty sponsors.

MRS. C. H. SMITH has returned to her home after staying several weeks in the Medical Arts Hospital and the Hospitality Convalescent Home, both in Littlefield.

MR. AND MRS. Don Bryant returned home Monday from Littlefield Hospital when they received treatment several days.

GREGG SPAIN of Truth or Consequences, N.M. is here visiting in the home of his grandparents, Mr. and Mrs. E. R. Spain.

DUBBS GRANBERY made a business trip to East Texas this week.

Santa Around The World

Santa Claus is a wanted man. But he won't be easy to track down—he has too many aliases! In one part of the world he pops up under the name of Julenissen; in another, the Abbot of Unreason; and in a third, as Saint Nicholas.

Timetable
Santa's arrival date depends strongly on local customs.

In Holland, the custom of leaving secret gifts for children on St. Nicholas's birthday became popular centuries ago. Even today, presents are exchanged on this day, Dec. 6, rather than on Dec. 25. A bale of hay is often laid out for the benefit of Santa's horse, not his reindeer.

In Spain and Italy, Santa arrives a whole month later, on Jan. 6, Epiphany. This day seems very appropriate, for it is the day on which the Three Wise Men delivered the very first Christmas present, in Bethlehem. In Italy, incidentally, Santa is a she.

In France and Scotland, Santa arrives on Jan. 1, New Year's Day. In England, where gifts were once distributed exclusively on the day after Christmas, Santa is seen more and more often on Christmas Eve, as he is here. This change is believed by some to be the result of increasing American influence on British customs.

In England, too, the kinds of gifts that Santa brings are also becoming more and more like American gifts. A generation ago, Englishmen tended to be a lot more "practical" than today. Husbands gave their wives a new cooking pot or a pair of new overshoes far more often than they do now. Happily for English womanhood, Englishmen are learning fast that scents like Shulton's Taji, inspired by the beauty and mystery of India's temple of beauty, the Taj Mahal, are even more "practical" than a pair of overshoes in the long run.

And like their American counterparts, English sweethearts and wives are increasingly on the receiving end of Taji in the form of matched toiletry sets, and are finding their presents equally scent-sational!

Here is a "rogues" gallery" of Santa's aliases around the world:

Saint Nicholas. In the 4th century he was modeled after the original St. Nicholas who lived in Turkey and whose deeds of courage and kindness earned him the title of patron saint of children.

The legend of the good saint as a gift-giver was later spread to Russia, Scandinavia, Holland, Belgium and Germany.

The **Abbot of Unreason**. In the middle ages, the gift-giver became an officer who directed the festivities of the holiday season.

Dubbed the **Abbot of Unreason** by the Scots, and the **Lord of Misrule**, he held office from Christmas till January 6, and his word was law. Either elected or appointed, he ruled over holidays activities in royal households, cottages, and inns.

The English called him King of the Bean, and to the French he was the Boy Bishop.

Christkindlein. In Germany during the 15th century, Martin Luther, a religious leader who also invented a lot of new German words, substituted Christkindlein, or the Christ child, for St. Nicholas as the bearer of gifts.

He wanted to make the act of giving gifts a symbol of the Wise Men's visit to Bethlehem bringing gold, frankincense and myrrh. So the Christ Child came secretly to German homes on the Eve of Christmas.

Kris Kringle. In the 16th century, a German colony settled in Pennsylvania, and again Santa's name changed!

The settlers had brought the Christkindlein with them, but somehow it got transformed into Kris Kringle.

Santa, himself! The Dutch nicknames St. Nicholas "Santa Claus" for short, but his image as a fat little man with rosy cheeks and white beard comes down to us from a poem written in 1822 by Dr. Clement C. Moore, an American minister.

Dr. Moore based the poem on a colorful old Dutchman he had once met, and named it "The Night Before Christmas." He recited it to his children, who were delighted. Then he threw it away.

A lady visitor rescued it from the waste basket and had it published in the Troy Sentinel. It has become a literary classic and now almost every American child knows what goes on when Santa comes on Christmas Eve.

Julenissen. That's what the Norwegians call him, and he works overtime in the land of the Fjords.

He brings gifts to good kids (only) before they go to bed on Christmas Eve, not after, and in the week between Christmas and New Year's he totes his sack to the "Jultrefest"—a community party for all the kids.

La Befana. In Italy, Santa is a lady, and a tough one! Kids who have been bad are apt to find coals in their shoes instead of presents.

Customs may change, but one thing remains the same. Santa Claus is a much-wanted spirit around this time of year!

Gayle's GATHERINGS

By GAYLE MILLS
LEADER NEWS SOCIETY EDITOR

BE AN ANGEL

this Christmas—and crown your holiday table with a "Halo Coffee Cake" ring full of date filling.

For almost 5,000 years, dates have helped provide nourishment for desert people in the Middle East and North Africa. Their record as a basic food is likely replaced only by flour products (breads, which have a history that goes back 6,000 years.)

This festive coffee cake includes these time-honored foodstuffs for the holidays. Date filling centers a ring of tasty orange-flavored cake. Orange also sparks the glaze which provides a gleaming, final touch.

If you are having a special holiday, tea, or coffee, or just your regular holiday company, this cake would be great to serve at this Yule season.

HALO COFFEE CAKE

2 1/4 cups enriched flour*
3/4 cup sugar
2 1/2 teaspoon baking powder
3/4 teaspoon salt
1 egg beaten
3 tablespoons grated orange rind
3/4 cup milk
6 tablespoons oil
1 can (12 oz.) date cake and pastry filling
1/2 cup walnuts, chopped
Orange glaze
Stir together dry ingredients. Blend egg, orange rind, milk and oil; add all at once to flour

mixture. Stir until batter is smooth. Pour 1/2 of batter into greased 6 1/2 cup ring mold. Combine date filling and walnuts; drop around ring in center of batter. Cover with remaining batter. Bake in preheated 375 degree oven 25 minutes, or until done. Cool. Drizzle with Orange Glaze.

ORANGE GLAZE

1 tablespoon orange juice
3/4 cup confectioners sugar
Blend until smooth.
*Spoon flour into dry measuring cup; level. Do not scoop. NOTE: If self-rising flour is used, omit baking powder and salt.

SET A PRETTY

table this Christmas season with a "Candy Cane Centerpiece" made with puffed rice—you're sure to get a compliment on this one.

Place the candy cane (still on foil) on Christmas greenery and complete the centerpiece with festive candles or other Christmas decorations. Later you can slice the candy cane and serve it for a festive holiday party.

CANDY CANE

Makes 1 candy cane
7 cups puffed rice
1/4 cup butter or margarine
4 1/2 cups miniature marshmallows
1/2 teaspoon anise extract
Thick white confectioners' sugar frosting
Red candied cherries, halved
Heat puffed rice in shallow baking pan in preheated moderate oven (350 degrees F.) about 10 minutes. Pour into large greased bowl. Melt together butter and marshmallows over low heat, stirring occasionally. Stir in anise extract. Pour over cereal, stirring until evenly coated.

With greased hands, shape to form a leg about 28 inches long on a large piece of aluminum foil. Allow bottom side to remain flat. Bend one end of leg to form neck of candy cane. Pipe 2 wide lines of frosting diagonally across cane at 2-inch intervals to form stripes on cane. Attach cherries, cut side down, to frosting. Let set about 3 hours.

Trim foil to edges of cane. Place on bed of Christmas greens; attach bow at neck of cane, if desired. Use as centerpiece; slice and serve as a confection.

"CHRISTMAS GINGER COOKIES"

jeweled with simple decorations will welcome this year's holiday callers.

Jell-O Butterscotch Pudding and Pie Filling, make preparation ever so easy. You might want to display these glittering crispy cookies near a sparkling centerpiece.

CHRISTMAS GINGER COOKIES

1/2 cup butter or other shortening
1/2 cup firmly packed brown sugar
1 package (3 3/4 oz.) butterscotch pudding and pie filling
1 egg
1 1/2 cups unsifted all-purpose flour
1/2 teaspoon baking soda
1 1/2 teaspoons ginger
1 teaspoon cinnamon
Almond Glaze
Cream butter with sugar and pudding mix. Add egg; blend well. Mix flour with baking soda, ginger, and cinnamon; blend thoroughly with pudding mixture. Chill dough until firm. Roll out about 1/8 inch thick on floured board. Cut with assorted small cookie cutters. Bake on greased baking sheets at 350 degrees for 10 to 12 minutes. Decorate with glaze. Makes about 5 dozen cookies.

ALMOND GLAZE

Place 3 cups sifted confectioners' sugar in small bowl. Add 1/2 teaspoon almond extract; then gradually add 3 to 4 tablespoons (about) hot milk or water, blending well after each addition until mixture is of desired decorating consistency. Makes 1 cup.

Freedom, Our Heritage

(Editor's note: This is Mark Rogers' first place speech in the Lamb County "Voice of Democracy" contest, sponsored jointly by the VFW and Ladies Auxiliary of the VFW.)

FREEDOM IS VERY PRECIOUS to every person who has lost it. To the people who have never had freedom at all, it is an ideal so complex that they can hardly comprehend it. Their masters may extol the advantages of their government over freedom, but do these people really believe it all?

We, the citizens of the United States, live in an unbelievable abundance of freedom in its many forms. Yet we are somehow unaware of and ungrateful to the wonders about us.

We live in a land unparalleled for its technological advances. Ours is the most self-governing nation on earth, but we do forget.

ALMOST ALL of us are descendants of the men and women who immigrated to this continent in search of a better way of life.

These people, within a few decades, adopted the practice of abducting their fellow men from freedom on the plains of Africa to slavery in the cotton fields of the South. Our memory is very, very poor.

WE CAN CASUALLY explain these facts as the black memories in our nation's history. They do, however, show that the people who lived in unmatched plenty had memories unmatched for weakness.

The men and women who fought and perished during the birth of this nation surely do not deserve to be so casually forgotten.

IT IS OUR DUTY to remember that our freedom was not some kind of accident, but an objective which was won by the hard work and perseverance and dedication to the common cause which characterized our ancestors.

But, just as no generation has a right to force a succession of hereditary monarchs upon their children, neither can one

generation secure the blessings of liberty for their successors. As one generation passes on, another must be ready AND ABLE to assume their duties.

WE, THE YOUTH of today, must do our best to gather as much background as we can before we begin upon the path of responsibility.

It will be no honor to be viewed as immature extremists responsible for the demise of an entire society.

Freedom is much too valuable a possession for us to let it slip through our fingers because of our own shortsightedness.

WE MUST NOT BELIEVE that we can let the rest of the world go its own way. There are many nations which would pounce upon us in an instant if our defense were ever lowered by revolution from within.

The founders of this nation, aware that they had no right to set up a government for all time, have given us means to alter our government as we wish. If a change is necessary, we can make it, but peacefully.

THE FINAL ANSWER to the problems of these times is a personal challenge to each of us. Many people have said it in many ways, but the essence of the challenge is this: a perfect society can never happen as long as there is a single unscrupulous person alive.

Laws are not to hinder us, but to protect us.

LAWS, POLICE, PENALTIES, and supreme government will be an important facet of society as long as there is a society.

Heaven help the nation short of any of these! Maintaining our democratic government is everyone's job, not just the politician's.

WE MUST EACH work toward the common cause to see that freedom is not lost to the world.

This nation may be man's last chance to make a successful union on this earth. We must not forsake this supreme duty.

Concert 'Best Ever'

The band concert Thursday night was one of the best I've ever heard. As a Littlefield graduate, I want to commend John McGee as the best band director Littlefield has ever had. You can tell he really feels his music, and you can see the improvement the band has made.

Mrs. Joyce Burrows

Band Rates High

A note of thanks to John McGee, Tom SoRelle, Wildcat Band, Junior High Band, Seventh Grade Band and Rev. Clem Sorley for the two hours of beautiful music. I thought they were all good. And I think the Wildcat Band is the best I have ever heard and watched. They are every bit as good as Texas Tech.

Thank you

OBITUARIES

GEORGIA ORLENA WOLFLIN

Funeral services for Mrs. Georgia Orlena Wolflin, 94, of Amarillo, who died early Wednesday morning in the Littlefield home of her granddaughter, Mrs. James Lee, were conducted Friday morning in the chapel of First Christian Church in Amarillo.

Rev. John Bridwell, pastor, officiated and burial was in Llano Cemetery at Amarillo with Hammons Funeral Home of Littlefield in charge of arrangements.

Mrs. Wolflin was born Dec. 12, 1876 in Tennessee and had lived in Littlefield 4 1/2 years.

She graduated with the second graduating class of Amarillo High School in 1895. She was a member of the First Christian Church of Amarillo and helped organize the Palo Duro Club and the Amarillo Country Club. She is remembered as an active golfer, and played nine holes of golf on her 85th birthday.

Surviving are one brother, Guy Thompson of Laguna Beach, Calif.; four grandchildren, Mrs. Judy Lee of Littlefield, Burt Warner of Dallas, Harold Lyvers of Tarzana, Calif., and Tommy Thompson of San Diego, Calif.; and 12 great-grandchildren.

The family requested that all memorials be made in the form of donations to Boys' Ranch at Amarillo or to the Cystic Fibrosis Foundation in Houston.

BONNIE SUE HINDS

Funeral services for Miss Bonnie Sue Hinds, 30, an Amherst native who died Wednesday while visiting a brother in Dallas, were conducted Friday afternoon in the First United Methodist Church in Amherst.

Officiating were Rev. Douglas Gossett, pastor, and Rev. David Hamblin, minister of Littlefield's First United Methodist Church.

Burial was in Littlefield Memorial Park with Payne Funeral Home of Amherst in charge of arrangements.

Miss Hinds had been employed with the Republic National Bank in Dallas.

A graduate of Amherst High School, Miss Hinds attended West Texas State University before being employed several years at an Amarillo bank. She had resided in Dallas several years.

Surviving are her parents, Mr. and Mrs. Virgil Hinds of Route 1, Amherst; two sisters, Mrs. Jo Sands of Prague, Okla., and Mrs. Marcia Gleckler of Baltimore, Md.; two brothers, Charles Hinds of Littlefield and Virgil Hinds of Dallas; and eight nieces and nephews.

ED G. BLACKWELL

Funeral services for Ed G. Blackwell, 60, Littlefield farmer who died early Friday morning in Littlefield Hospital after a short illness, were conducted Saturday afternoon in Littlefield's First United Methodist Church.

Rev. Jack Ellzey, former pastor, officiated, and burial was in the City of Lubbock Cemetery with Hammons Funeral Home in charge of arrangements.

Blackwell was born June 14, 1910 in Gorman.

Surviving are his wife, Ruby; two sons, James Blackwell of Littlefield and Billy Blackwell of Lubbock; one sister, Julia Galbraith of Los Angeles, Calif.; one brother, J. A. Blackwell of New Orleans, La.; and four grandchildren.

WILLIAM OLIVER TIPTON

Funeral services were pending at press time Saturday for William Oliver Tipton, 67, of Levelland, who died early Friday morning in Levelland Clinic and Hospital following an apparent heart attack.

Services will be announced by Smith Funeral Home of Levelland.

A native of Stevens County, Okla., Tipton had been a longtime resident of the Levelland area and was superintendent of the Whitharral public schools in 1941 and 1942, counselor of Levelland public schools 13 years and counselor of Hockley County schools for 10 years until his retirement two years ago.

He was a member of the First Baptist Church of Levelland and Masonic Lodge No. 1236.

Surviving are his wife, Redith; two daughters, Billie Tipton of Albuquerque, N.M., and Mrs. Phyllis White of San Antonio; a son, Lt. Larry Tipton, stationed with the Navy in Okinawa; two sisters, Mrs. Chloe Wiggington of Houston and Mrs. Vivian Attaway of Las Cruces, N.M.; and three brothers, Warren Tipton of Littlefield, Roe Tipton of Lubbock, and Kenneth Tipton of Amarillo.

ART GATES

"I'll never understand why people are so anxious for a white Christmas!"

A WOMAN'S VIEW

Mother Of Christ

By PEARL BRANDON

DID YOU EVER think of the heart-break Mary, the Mother of Jesus, must have suffered when she realized that some day her son must die for the sins of the people.

Surely the sword must have pierced her soul as she pondered those strange things that were coming to pass.

HERE IS A POEM I wrote long ago after meditating on the agony of Mary.

In a humble little mother knelt;

Knelt and prayed to her she prayed she wept.

Wept because she loved her life to Him would give.

"Take my life and my Father, I would for Thee."

Ah her heart with love her life to Him she gave.

"Father lead me, I will myself to save."

Then to her there came "Mother, I desire thy will."

To sacrifice upon an altar to die alone."

Then she fell as sometimes her face was in the dust.

And her heart was broken her soul with anguish crushed.

"Oh my God, not that!"

"Please don't take my life, Oh, don't sacrifice my own, my all... my joy."

"Father, he is mine, I love of flesh and bone of bone."

Drinking from my breast is my very own."

"As this little mother suffers Gethsemane,

Methinks the angels laughing, dancing in their joy."

As she lay so white and sweet upon her brow,

"A weakly creature is a will conquer now."

But they slithered back she arose to bended knee.

And with her face to heavens, "Lord I give him unto Thee I give my baby give Thine own."

But with him I give my life for the world I give my life."

So let us this Christmas Earth's remotest rim,

The story of the Christ Child on earth to die for men.

PAUL HARVEY

What Do You Want?

CONGRESS is considering new spending in your behalf, including a new Nixon welfare package which promises a mighty lot of something for nothing.

How much do you really want the government to do for you?

What do you want from Washington?

PRESIDENT NIXON went into office with many promises and high hopes that he could reverse the malignant growth of Big Government.

Now, scared by the last election and anticipating the next one, this President is tempted to become the kind of tax-and-spend politician he has spent most of his life campaigning against.

How much government snooepervision do you want?

FORMER DEMOCRATIC National Chairman Fred Harris says you want plenty!

He says the basic questions which individuals now expect government to answer for them are:

What happens when I get old?

IF I GET sick?

What chance in life will my child have?

Will my family be safe?

Where can I find a job?

Will we have peace?

SEN. HARRIS says those questions, in that order, are what politicians are going to have to answer and the ones with the most "promising answers" are the ones who'll be elected.

Is that really so?

RECALL, Abe Lincoln said, "Government should do for people what they

cannot do for themselves and leave them otherwise alone."

But his philosophy has been supplanted by one which says, "It's our American 'right' to have government take care of us."

Is it?

AS OF TODAY, three million civilians are drawing federal paychecks.

Another three million in uniform draw government checks.

Two and a half million farmers receive price-support loans.

Nine million families receive surplus food.

NINETEEN MILLION Americans receive government medical aid.

Twenty-three million receive old-age insurance checks.

And tens of millions receive aid, assistance and pay directly through government-subsidized construction and social rehabilitation.

AND TOTAL FEDERAL, state and local welfare programs this year will exceed \$120 billion.

Now this is a radical departure from the Lincoln formula.

MORE THAN THAT, it brings us face-to-face with the question of everybody-who takes care of the government? I really expect that tomorrow's politicians had better start getting ready for a generation that's going to be smarter than ours was.

Our enlightened young, one day, are certain to question whether we can, in fact, all stand in a circle with our hands in each other's pockets-and somehow get rich thereby.

ART GATES "Stop worrying! I'm worrying everything will be all right!"

THE ABUNDANT LIFE

By BOB WEAR

CALM CONFIDENCE is better, and more productive of the strength we need, than the growing skepticism which so persistently imposes itself upon us and our social order.

It is admitted that the feeling of skepticism seems to be more fitting for our times, but we hasten to say that confidence is the great need for these times.

WE MUST CONTINUE to believe that "honesty pays"; that it is wise to obey the laws; that right will prevail; that personal virtue will be rewarded; and that "we reap as we sow".

It may not be easy, but it is necessary. Everything about which we have authentic information supports the soundness of these and other similar conclusions.

OUR LIMITED VIEW of human experiences is one difficulty we must overcome. Many times we never see the final outcome, and the partial view may lead to faulty conclusions.

The recorded wisdom of the ages will be enough to help us see from the beginning to the ending. We must let it guide us.

WE MUST BE ALERT, everlastingly alert, so that we do not become disappointed to the extent that we throw away our confidence.

As confidence wanes, skepticism increases. Let us never forget that calm confidence can do more for us than shaky skepticism.

WE SEE "that in the places of justice and righteousness there is wickedness." This, however, must not lessen our confidence in justice and righteousness.

These life qualities are not lost to us until we throw away our confidence in them. We see "a righteous man who perishes in his righteousness, and a wicked man who

prolongs his life in his evil-doing"; but there is no reason for throwing away our confidence in right-doing.

WE KNOW that strength for the individual and for a democratic society comes from certain time-tested moral and spiritual standards and ideals.

We dare not throw away our confidence in these standards and ideals, because we would be throwing away "the way of life" they support.

THE WORTH AND DIGNITY of each person is supported by the concept of man's divine origin and nature.

If we throw away our confidence in this view, we lose everything that honors and uplifts mankind. Calm confidence is part of a strong and well-established faith.

THE FREE ENTERPRISE system has been a great blessing to the individual, and to our national life. We are being told that "free enterprise" is being exchanged for a "welfare state," and a growing socialism.

Are we throwing away our confidence in "free enterprise"? Without it, all else we cherish is lost. Let us keep what we have left.

ENDURANCE COMES from confidence, confidence in all that has been tried and proven to be good for us; for all of us.

Therefore, in order to continue in a meaningful and constructive life pattern, we must maintain calm confidence.

LOST CONFIDENCE must be regained, and it can be if we desire to do so; and we must be diligent in maintaining the dynamic confidence so essential to a sustained endurance in the fullness of courageous living.

Hello, Santa, Do you know what I want for Christmas! Well, I want a Barbie named Stacey, and a Carzy Car.

Well, that's all that I want this Christmas. But I want to get my brother something for Christmas, then I can put his Christmas present under the Christmas tree.

Boy, I have fun at Christmas, I get a lot of presents at Christmas.

And I would like to have Dart. About how many toys do thank your helpers make? I would thank it would be about, 1200, that may be a lot to you, and it is a lot to me.

You may thank the others thank you are fat, but I don't thank you!

Could you bring Ronnie a gift, please could you?

Love, Sandra
311 W. 14th St.
Littlefield, Texas
I love you.

Dear Santa Claus,

Please bring me a basket ball, a football, a basketball goal, a helmet, a football suit and all the pads, a crazy car and a Ken doll.

Please bring my sister Lisa a table and chair set, a dolly and a baby carriage, dishes and glasses.

Please don't forget J'Lee, Jean, Ann Marie, Tommy Turkey and all my kindergarten friends.

I live at 602 East 16th Street. I've been nice.

Your buddy,
Zachry D. Parrott

Dear Santa,

I am three years old, I talk alot, but I have been good this year.

Would you please bring me a Crissy doll and a car that I can drive on my sidewalk I promise not to play in the street.

Please remember my cousins who are coming up from Ft. Worth, and leave some gifts at their house.

Love,
Bettie Anne Lobaugh

Dear Santa,

I am boy 8 years old and in the second grade. I try to be good most of the time.

I would like you to bring me a portable radio, Wiz-z-er, some kind of car. Don't break the ice game and Rattle Battle if you can find it.

We are moving, so try to put our things at our new home.

I love you

ENMU Adopts Revised Calendar

Eastern New Mexico University has joined the ranks of several other universities in adopting a revised calendar which next year will have fall semester ending prior to Christmas and spring semester beginning some two weeks after New Year.

The new calendar, which is effective for fall semester 1971, recently received final approval from the board of regents at Eastern. It earlier had been passed by the main administrative bodies within the University.

Beginning in the fall of 1971, classes will begin three weeks

earlier than usual, on Aug. 30. And instead of the Christmas break coming near the end of the semester, the holidays will be between semesters starting Dec. 18, 1971.

Spring semester for academic year 1971-72 will begin Jan. 12, 1972, rather than Feb. 7 and will end May 4, 1972, instead of June 1 - almost a month earlier than usual.

"Since a large percentage of our summer session students are area school teachers, we have scheduled a three-week interim session between spring semester and the regular summer session," explained

Dr. George Jones, assistant dean of academic affairs.

NATIONAL HONOR SOCIETY members of Littlefield High School will donate this Christmas tree, along with food, to a needy family this Christmas. Shown hanging decorations on the tree is Robert Rodriguez, President of the local organization.

House Passes Bill Upping Loans

The House of Representatives unanimously adopted and sent to the Senate late last week a bill introduced by Congressman Bob Price of Texas to increase the outstanding indebtedness one borrower can owe Farmers Home Administration on real estate loans.

The bill increases the maximum amount farmers and ranchers can borrow for land purchases from \$60,000 to \$100,000. "As a rancher myself I well realize the fact that land prices are skyrocketing and the \$60,000 limitation set ten years ago is not realistic in today's market," Price said.

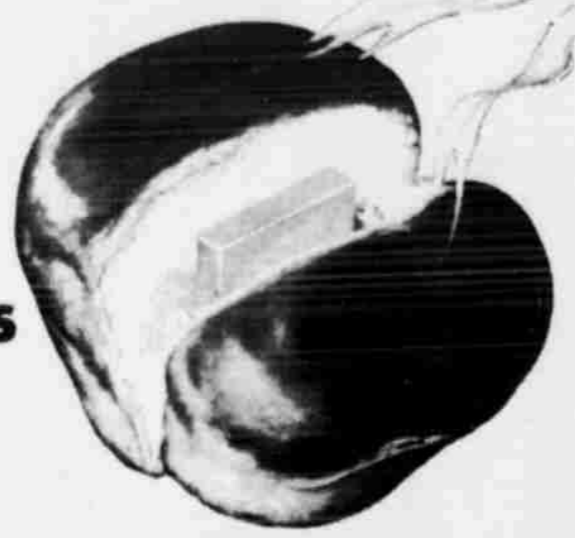

"I introduced this legislation at the request of many young

men in our area who would like to purchase land but cannot obtain credit from normal sources and need more than \$60,000 to buy an economical agricultural unit," he added.

Price noted that the limitation increase will not require additional outlays of tax funds since FHA farm ownership loan funds come from private investors who are guaranteed repayment of the loan by the government.

"The soundness of this program is indicated by the fact that the Government has had to repay less than one-half of one percent of the money loaned during the forty year history of the program because of borrower default," he said.

Cotton Promoted Like Orange Juice

There is a lesson for all of agriculture, and for cotton in particular, in a paper prepared by Agricultural Economics Professor Dr. Leo Polopolus of the University of Florida.

The professor calls attention to the fact that cotton is only one of many agricultural products beset by competition from synthetics, substitutes and imitations. Such products as Tang, Awake and other "drinks" containing no fruit solids have made serious inroads in markets for citrus juices. Dairy products are a classic example and one of the first to be hard hit by substitutes. Oil seed products are competing with synthetic protein substitutes in livestock feeding rations, and synthetic meats are now taking their first shots at markets for beef, pork and poultry products.

The food and fiber traditionally supplied for the nation by agriculture can now be derived from petroleum, algae, trash fish and many other sources. Obviously traditional agriculture can no longer assume it has a stable and secure position as the supplier of human needs.

Dr. Polopolus points to the activities of the Florida Department of Citrus as an example of what can be done to "countervail" the competition from synthetic substitutes. Supported by per-box taxes levied in Florida on citrus entering the market, the FDC has made an impressive start toward winning consumer support by improving existing products, introducing new products and providing package and serving conveniences. In 1969-70 the Florida citrus industry put \$16.5 million into advertising, research,

regulatory work and administrative functions.

The result has been a steady increase since 1966 of consumer dollar expenditures for frozen concentrated orange juice (some 78 percent of all Florida oranges go into this product.) Consumer expenditures for frozen concentrated orange juice rose from \$4.4 million per week in 1966 to \$7.3 million per week in the first 15 weeks of the 1969-70 season - a record level.

The professor concludes "It is evident that the increase in demand, too large to be attributed solely to per capita income and population growth, has resulted from promotion, research and product development. And there is much evidence that such programs can be similarly effective in the cotton and other industries."

The problems that cotton faces with synthetic competition are not greatly different from those successfully met by the Florida citrus industry. And there is every reason to believe the cotton industry, too, can solve some of its problems and improve its position in the marketplace. The key for cotton perhaps lies in adequate funding on a continuing basis. And the dollar-a-bale program, supplemented by the \$10 million per year market development fund provided for in the new farm program, should be sufficient to put cotton back on the roads to greater prominence in the world of textile fibers.

As Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc. puts it "Cotton is not licked yet."

WORSHIP in CHURCH

and get a spiritual lift for the whole week

Christmas

Luke tells us what Christmas is all about in chapter 2, verse 14, when he shouts — Glory To God In The Highest, and On Earth, Peace And Good Will To All Men. It takes only two words to speak the Christmas Message, — "glory" and "Peace." These words express the glory of God as no others do. That historic babe, born in a manger, has transformed a whole world. His spirit means Christmas in the life of humans such as we. In Him is embodied the love, patience, and essential goodness of the best man who ever lived— Jesus. He is the true example of the God of power and righteousness. Men knew he was all-powerful but had never known He was all-loving. We must not wallow away Christmas Day by guzzling up our blessings in dismay. Let us give of our best in the spirit of Joy. Exchange gifts, if you may, in memory of Him who taught us that it is always more blessed to give than to receive.

A VERY MERRY CHRISTMAS TO ALL!

You In The Church
The Church In You — from a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord, let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

Mistletoe Controversial Throughout The Ages

by Kits
able

If one takes a cold and clinical look at mistletoe, he sees a rather lackluster parasite with tiny flowers, sticky berries and a reputation for hanging around where the action is during the holiday season.

But hardly any society which ever functioned beneath trees infested with mistletoe has taken the stuff in such a light vein.

Flower power wits when placed beside the magical qualities attributed through the ages to mistletoe.

A student of history or mythology sees mistletoe in quite a different light. Here is a plant which caused the fall of kingdoms and received the attentions of the gods.

Mistletoe is thought to be the "Golden Bough" of the sacred oak in Italy long ago. A pretender to the title of King of the Wood whose duty was to defend the Golden Bough in this early society could become king only by killing the wearer of the crown.

A runaway slave, if he were able to break off one of the magic branches, could challenge the king to combat. If he killed the king, he then became King of the Wood with a term of office about as long as the next quick knife thrust.

Mistletoe's present day alliance with the common cold probably originated in Norse mythology due to the oversight of a doting mother who was also the goddess of love. Freya made her son Balder invulnerable to every living thing except mistletoe, an understandable oversight.

The evil god Loke arranged for Balder to be killed by a dart made of mistletoe, but Hela, the goddess who took care of the dead, returned him to life, saying that mistletoe would never harm him if it were kept from touching the ground.

Freya was given custody of mistletoe, and since she was the

goddess of love, mistletoe is associated with kissing.

Christian mythology has it that mistletoe was once a normal forest tree whose wood was used to make Christ's cross.

A guilt complex supposedly resulted, causing mistletoe to become sort of a botanical dropout which withdrew to the treetops to become a parasite.

In parts of Europe mistletoe is referred to as "Holy Cross Wood," and being holy, of course, it repels witches.

Thus, mistletoe and figurines made of mistletoe can still be found hanging over doors to counteract the powers of conjurers. It was hung in European barns to make cattle fertile and to keep trolls and witches from soiling the milk.

That fun bunch, the Druids, like to swing with mistletoe moonshine. They used a golden sickle for cutting the plant, caught it in a white cloth and, presumably for good luck, sacrificed two white bulls—good luck maybe for a strong brew, but very bad luck for white bulls.

A proprietor of a traveling medicine show must have tabulated the list of ailments which mistletoe is supposed to cure.

Infertility, epilepsy, palsy and ulcers are just a few of the maladies which allegedly can

be treated with mistletoe.

But a word of caution is due here for folk-cure buffs. At least one of the 10 species of mistletoe in the U. S. is toxic to man.

These days the most common use of mistletoe is inducing persons who wouldn't ordinarily touch you with a ten-foot pole to kiss you.

If this isn't appealing, the Texas Parks and Wildlife Department reports a second use—as deer feed. Deer reportedly become somewhat less cautious in the presence of

mistletoe. Unless they somehow learn to climb trees, deer miss out on this rare treat.

One biologist for the Department reports deer on one brush clearing project were sometimes in danger of being run over by the bulldozer because they pounced on the mistletoe as soon as the trees fell.

So whatever your preferences, kissing, hunting or both, mistletoe can be used to your advantage over your quarry.

Losing Weight May Shorten Life

Dieting may shorten your life, warns nutrition expert Llewellyn Louderback.

"On many diets," Miss Louderback says, "the overweight person is undergoing an insidiously accelerated dying process."

She explains that the dieter who is shedding precious muscle and organ tissue is literally wearing away at the cellular level in a slow, inexorable manner.

"As fat as some dieters may seem, they are suffering from true hunger while reducing," the author of "Fat Power" continues. "It is now understood that such symptoms as dizziness, depression, fatigue, shortness of breath, palpitation, increased irritability and sleeplessness are physiological reactions to protein loss and are evidence of starvation."

The inevitable gains that follow weight losses are another source of danger, Miss Louderback points out, because it is during weight-gaining process that the most damage is done to the blood vessels, particularly to the vessels of the heart.

It's the gaining of weight that is dangerous, in other words, not the already accomplished state of obesity. Recent ex-

periments have shown that if an animal has once been obese and then has been repeatedly reduced, it will have a shorter life expectancy than the obese animal that has never been reduced.

"It is possible that a patient whose weight has fluctuated up and down a number of times has been subjected to more atherogenic stress than a patient with stable though excessive weight," Miss Louderback says.

And, unfortunately, most dieters regain their weight loss. The 1966 Harris Poll revealed that just ten percent of those who diet lose successfully, and of those, only one or two percent maintain their weight loss for five years.

"If you are presently thin," Miss Louderback advises, "do not get fat."

If you are fat, try not to get fatter. But if you are not absolutely certain that you can sustain a lower weight for the rest of your life," she concludes, do not attempt to lose weight."

Highway Patrol Investigates 12 Accidents

The Texas Highway Patrol investigated 12 accidents on rural highways in Lamb County during the month of November, according to Sergeant Thurman Keffer, Highway Patrol supervisor of this area.

These crashes resulted in four persons injured, and an estimated property damage of \$7,750.

The rural accident summary for this county during the first eleven months of 1970 shows a total of 104 accidents resulting in four persons killed, 48 persons injured, and an estimated property damage of \$95,278.

Traffic wise, the month of December has proven to be the most destructive month to the life of mankind—death by a motor vehicle.

In order to help reduce the traffic accidents and make this a happy holiday season, the patrol supervisor lists some safe holiday driving rules:

1. Check your car; be sure it is in safe driving condition.
2. Use seat belts to safeguard your family and yourself.
3. Be alert to road, weather, and traffic hazards.
4. Do not overdrive for the existing conditions.
5. Allow plenty of time for your travel.
6. Make courtesy your code for the road; it pays.

Traffic Fatalities Strike Pocket

"Traffic fatalities in the month of November cost Texans nearly \$79 million," according to the President of the Texas Safety Association, George Wm. Perry. Perry, a Dallas attorney who heads the statewide safety organization, said a one percent reduction in traffic crash fatalities so far this year is encouraging, but those deaths and accidents that are occurring are hitting the Texas pocketbook hard. "The reduction in the number of fatalities this year as compared with last year can be attributed to many factors, including stepped-up enforcement efforts by the Department of Public Safety and local police, plus the success of the Governor's 'Drive Friendly' program," Perry said. But the state safety leader warned that the cost factor is holding at a high level. "The cost of repairing vehicles damaged in accidents continues to go up and so does the cost of repairing the people who are injured," he pointed out. "A study recently conducted by the Insurance Institute for

Littlefield Drops Pair Male Center Meet

Littlefield varsity fell to the first round of the Hale Center Meet, 51-37, Thursday. In the consolation round, Littlefield dropped their second round game, 85-61.

The varsity in the scoring department was led by Raymond Sewell with four free throws for 10 points. Funk was the only Littlefield player to score in the consolation game with one free throw for two points.

The varsity squad in the consolation game shot 29 per cent from the free throw line, 29 of 99 per cent.

The second game of the Hale Center Tourney pitted the Spade Longhorn varsity against Littlefield Friday. Spade won the game, 85-61.

Matt Giles was the Littlefield high scorer with five goals and two free throws for 12 points. The game's high scorer was Raymond Sewell of Spade with 11 baskets and nine free throws for 31 points.

The Cats were led in the rebounding by Dennis Hartley and Hill with 11 and nine, respectively. The Littlefield squad committed only 14 turn-overs to the Longhorns.

In the field the Wildcats hit only on 26 of 92 attempts for a 28 per cent average. At the free throw line Littlefield made nine of 20 shots for 45 per cent.

The next game for the Wildcats will be Tuesday night when the varsity will host the Denver City five.

Area Basketball Roundup

WHITEFACE TOURNAMENT Bula Loses Round One

Lazbuddie's Longhorns stopped the Bulldogs of Bula in the initial round of the Whiteface Tourney, 68-36. Ron Risinger paced the boys in the loss with 21 points.

In the girls bracket, the Dogettes beat Lazbuddie, 49-36. Sheila Medlin was the leading scorer with 29 points.

Dogs In Consolation

Amherst's Bulldogs dropped their first game in the Whiteface Tournament, 62-38, to the boys from Seagraves. Eddie Moates was the Bulldog high scorer with 12 points.

In the second game toward the consolation finals, Amherst beat the Sundown Roughnecks by a 52-41 margin. Moates again was the team's high scorer with 31 points. Amherst will play Bledsoe for the consolation spot.

Bula Splits Pair

The Bula boys dropped their second round toward the consolation finals of the Whiteface Tournament to Bledsoe by 40-33. Ron Risinger was Bula's high scorer with 19 points.

Sheila Medlin tossed in 21 points to lead the Bula girls to the semi-finals bout in the girls bracket. The Bula girls won over the host team Whiteface by 44-40. They were to play the winner of the Amherst-Sundown tilt for the spot in the finals.

They were to play the winner of the Amherst-Sundown tilt for the spot in the finals.

Amherst "B" Girls

The "B" girls basketball team from Amherst dropped the Whiteface "B" 30-23 in the second round toward the consolation finals at the Whiteface Tourney. Doris Kittrell netted 19 for Amherst.

HALE CENTER TOURNAMENT Spade Girls Win

The Spade boys and girls traveled to Hale Center to take on the Flomot Longhorns in the first round of the boys and girls bracket. The girls won their game from Flomot 49-25.

Christie Adams was the high scorer for the Spade girls with 22 points. Debbie Myers also scored 18 to place in double digits.

The Spade boys dropped their contest with Flomot by the score of 67-66. Flomot sunk a two-pointer as the buzzer rang to give them the first round victory. Raymond Sewell led the Longhorns with 26 points. David Gray had 15, Roy Thompson had 13 and Danny Johnson had 12 for Spade.

Spade's boys will next play Kress for the consolation spot of the tourney. The Longhorn boys hold a 6-9 season mark.

Queen Bees Tip Spade

Spade's girls took on the Wayland Queen Bees, the freshman team, in the semi-finals of the Hale Center Tournament and lost by 82-49.

Christie Adams paced the Spade girls with 26 points. Debbie Myers was the second high scorer for Spade with 18.

The Bees, mostly high school All-Staters from last year held only a 10 point lead, 37-27, through the first half of the game. Early in the second half Spade had their starting guards foul out and it was the Bees' game from there on out.

The Spade girls now hold a 14-3 season record and were to face Hart in the fight for the third position of the tourney. The next games for the Spade girls will be in the opening round of the West Texas Girls Invitational Tournament in Slaton, Dec. 28, 29, 30 and 31.

THREE-WAY TOURNNEY Bovina Over Pep

The Bovina Girls topped the Pep girls in the first round action of the Three-Way Tourney, 51-39. Mickey Demel had 23 in the loss and Mitzi Albus had 12.

The Pep girls were to play toward the third place slot due to only having six teams entered in the tourney.

The Pep boys blasted the Three-Way "B" in the first round of the tourney. Dave Shannon had 21 for the winners, Billy Demel had 20 and Mike Burk scored 10. The Pep team will play the Three-Way A for the semi-finals.

OTHER AREA TILTS Bulldogs Slap Ropes

The Anton Bulldogs completed their last two non-district games Friday night against Ropesville and split wins. The Bulldog boys won 71-43. The Eaglettes beat the Dogettes by 53-40.

James Turnbow was the high scorer for the Bulldogs with 29 points. The win puts the boys record at 9-2 for the season.

Pam Bell scored 28 points in the loss the Eaglettes handed the Dogettes. The Anton girls now hold a 5-6 season record. Anton doesn't have another game until after the holidays.

Olton Takes Pair

The Olton Mustangs took a pair of wins in non-district play from Silverton. The Mustangs' varsity boys won 86-32.

Luis Rey led the scoring for the Mustangs with 17 points. Rey also took the game's high scoring honors.

The girls from Olton slipped past the Silverton girls by 59-49. In that contest Rebecca Hodge led Olton scoring and

game scoring with 38 points. Olton's next game will be in loop action Tuesday night at Canyon.

Sudan Splits Wins

The Hornet's boys took a loop victory, their second in a row, from Vega, 56-38. David Weaver of Sudan was the game high scorer with 16 points.

In the girls' action Vega handed the Hornettes their second loss in as many outings with a 47-35 defeat. Angela Pickett was the game high scorer with 25 points. Sudan will next play Hart, Tuesday, in Hart.

Earth Girls Win

The Sprinklake-Earth girls took a victory in loop action, the second in as many games, over the girls from Bovina. Sprinklake won the game, 54-42.

Janet Britton was the high scorer for the Wolverine girls with 19. Twila Hutto took the game honors with 22 points.

The Sprinklake boys dropped their second loop game to Bovina by 69-57. David Bradley was the high scorer for the Wolverines with 19. Tony Foster of Bovina was the game high man with 33 points.

The Wolverines will host Vega, Tuesday, for their next game.

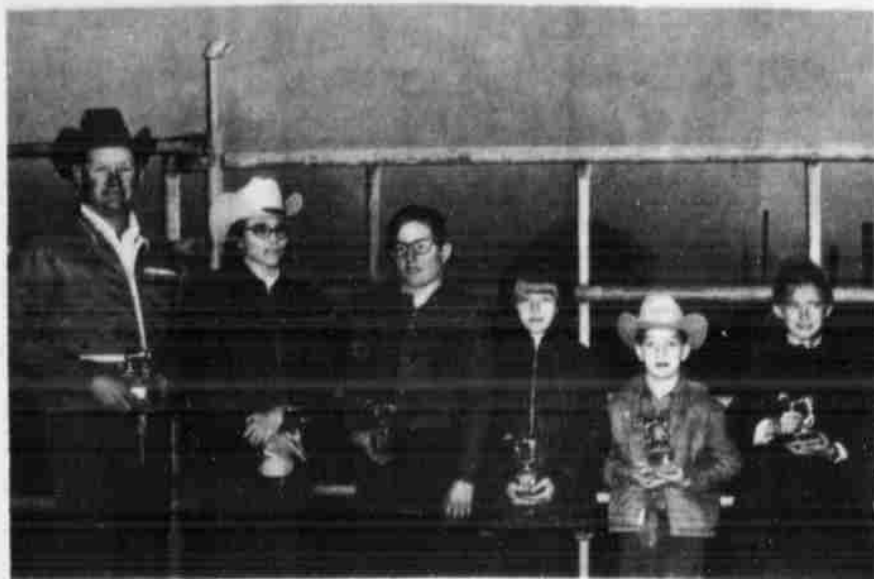

Panthers Drop Pair

Whitharral and New Deal squared off in non-district tilts Friday night and the New Deal Lions took both games. In the boys game, the Lions topped Whitharral, 69-44.

Johnny Graham and James Hayes led the Whitharral scoring with 10 points apiece.

In the girls game Whitharral fell by one point, 33-32. Christy Clevenger was the high scorer for the Pantherettes with 12. Kathy Lynn Williams had 10 in the losing contest.

Whitharral will next play Lazbuddie, Monday night, at home. Tuesday night they will host the Amherst Bulldogs.

Duck Hunt Point System Allows More

Many area duck hunters feel that the new "point system" initiated by the Texas Parks and Wildlife Department this season is the best invention since hip boots.

Among duck hunters contacted opening day Nov. 4 was Walter Langford, a Tyler insurance agent. Taking advantage of the point system, Langford and hunting companions Bill Power and Jerry Bain bagged 16 ducks in less than two hours of shooting opening morning near Tyler.

Their bag consisted of two "high point" ducks, a canvasback and a redhead, both counting 90 points each, two "medium point" ducks, a pair of mallard drakes counting 20 points each, and 12 "low point" ducks (10 points each) consisting of teal, scaup and gadwalls.

The new system actually allows a hunter to exceed the 100 points, because the law states the bag limit is reached "when the point value of any duck taken added to the total point value of all ducks already taken that day reaches or exceeds 100 points." Therefore the three-man hunting party was within the law to take ducks totaling 360 points in value.

Langford said it certainly helps to have an "educated" gun along. The veteran duck hunter explained that "My favorite gun, one I've hunted with for over 20 years, broke as I shot the duck which completed my 100 points limit."

The Texas Duck season continues through Jan. 12, with shooting hours from sunrise to sunset.

The newly adopted "point system" is aimed at protecting those species in short supply (high point ducks) while allowing a more liberal bag limit on ducks which are more numerous along the flyway.

The dedicated duck hunter who will take the time and effort to identify the various ducks and practice selective shooting will find an opportunity for much shooting enjoyment and a far greater bag limit than in recent years.

Ninth Graders Drop Couple

The Littlefield 9th grade basketball team dropped a pair of games in the Muleshoe Junior High Invitational Tournament this week. In the first round of the tourney, the 9th fell 49-37 to the host team, Muleshoe. In the second round toward the consolation finals, the Friona 9th downed the Cats by 73-46 to put them out of the tourney.

In the first game, Terry Bryson was the high Littlefield scorer with five field goals and four free throws for 14 points.

Following Bryson in the scoring for the 9th was Kenny Owens with three goals and one free shot for seven points. Chris Pope had three goals for six points, and Randy Cook had one goal and two free tosses for four points.

Gary Brown had one goal. Craig Ratliff and Danny Cushion each had two charity shots for two points each to round out the Littlefield scoring.

Brown led the Cats in the rebounding department with 10. In the game Littlefield committed 20 turnovers to the Mules. The 9th hit on 13 of 60 shots for a 22 per cent

shooting average. At the free throw line, Littlefield made 11 of 23 for 48 per cent.

In the second game, Bryson and Pope led the Wildcat shooting. Pope hit on five goals. Bryson hit on three goals and four free shots.

Ratliff followed with one bucket and four foul shots for six points while Owens hit one goal and three foul shots for five points.

Brown and Kelly Pratt each made two baskets for four points. Danny Cushion, Dan Jefferies and Pat Henderson had one bucket each for two points. Cook had one free throw for one point to round out the 9th scoring.

Bryson and Pope had five and four rebounds, respectively, to lead the Wildcat rebounding. The 9th committed 23 turnovers to Friona. In the shooting department, Littlefield had 17 of 64 goal shot good for 27 per cent, from the free throw line 12 of 22 were good for 55 per cent.

8th Loses In Muleshoe Meet

The Littlefield 8th participated in the Muleshoe Junior High Tournament along with the 9th. In the 8th bracket the Muleshoe 8th beat Littlefield in the first round, 34-19. In the second round toward the consolation finals the La Plata 8th of Hereford won 46-27.

Carl Coleman was the Littlefield high scorer against Muleshoe. Coleman scored one field goal and three free throws for five points. Following closely behind Coleman was Connie Bowman with two baskets for four points.

Other scoring for Littlefield was by Doug McCain, one goal and one free throw for three points; Buddy Jungman, Ben Farmer and Ricky Parker, each with one field goal for two points; and Danny Brockington with one free throw.

McCain led the team rebounding with eight. The Wildcat 8th committed 21 turnovers. From the field the 8th hit seven of 31 shots for 23 per cent average, and five

of 16 free throws for 31 per cent average from the line.

McCain led the Wildcat shooting in the second game against La Plata with two goals and two free throws for six points. Brockington and Ricky Hodge each had two goals for four points.

Tommy Batson had three charity shots for three points and Parker had one goal and one free throw for three points. Bowman, Jerry Williams and Farmer each had a goal for two points and Coleman had one free throw.

Hodge led in the 8th rebounding with seven. The Cats committed 25 turnovers to La Plata. In the field, the Littlefield squad made 10 of 30 shots good for 33 per cent while at the free throw line seven of 22 were good for a 32 per cent average.

Cat Tracksters Place At State

The Littlefield Wildcat Cross Country Track team placed seventh in the state cross country meet in Austin last weekend. The only Littlefield runner in the two-mile event to place in the top ten in the field of over 80 was Jesse Davila.

Davila, with a 10:06 time for the two-mile course, placed ninth for the Wildcats. Other Wildcat runners who counted toward the team totals were Carlos Cristan, 11:11 and place 34th, Adolpho Aguirre, 11:21 in 45th place, and Noto Trejo, 11:35 and 53rd place. Arturo Soria ran for the Cats, but only the top four team runners are counted in the team totals. Soria ran the course in 11:44 to place 59th.

The top individual time for the run was 9:50. Falfurrias, Karnes City and Alief High Schools were the top three teams in the division in which Littlefield competed.

Violations Recorded

Game management officers for the Texas Parks and Wildlife Department obtained 1,754 convictions in October for violations of the state's game, fish and water safety laws.

Hunting violations led the list with 669 convictions followed by fishing convictions with 526.

Commercial fishing convictions totaled 47; water safety, 509; pollution, two; and trespassing, one.

The total revenue accrued to the state treasury amounted to \$40,278.

COTTON

Continued from Page 1

on the set-aside acreage and grazed, except during the five principal months of the growing season, which will be announced later.

Unlike previous programs, the farm allotment will not limit the acreage of cotton a participant can plant. A cotton farmer who sets aside the required acreage to conserving uses can plant all of the cotton he wishes - without penalty - and still receive the full payment on the farm base acreage allotment. A producer may participate in the cotton program on any farm or all farms in which he has an interest, as he wishes.

Failure to plant at least 90 per cent of the farm's base acreage allotment will result in a reduction in payments. It could also result in a reduction in the 1972 allotment of as much as 20 per cent. If no cotton is planted for three consecutive years, the entire allotment can be lost. All allotments removed from farms will be reallocated to other cotton farms.

Acreage not planted due to drought, flood, other natural disaster, payment limitations or quarantine imposed on the growing of cotton by federal, State or local government will be considered as planted to cotton for allotment preservation and payment purposes.

Release and reapportionment and sale and lease of allotments are continued under the new program. The December 31 deadline for filing applications for sale and lease of allotments is eliminated so producers will have ample time to complete these transactions.

The same skip-row planting rules which were in effect for the 1970 crop will be applicable to the 1971 crop except that skips of two or more rows will be eligible for designation as set-aside acreage. Under past programs, skips had to be at least four rows wide in order to be eligible for designation as diverted acres. As under past programs, skips of one or more rows will count toward meeting the conserving base requirement for the farm.

Producers who wish to participate in the program must sign up at the Lamb County ASCS county office between March 1 and April 9, 1971. Producers will be notified of their base acreage allotments, payment yields, conserving bases and set-aside requirements prior to sign-up. Information on sale and lease of allotments and other program provisions can be obtained from local ASCS county offices.

STAINLESS STEEL SCHOOL. A new secondary school in Allschwil, Switzerland, has its entire facade, including the window frames, fabricated of nickel stainless steel. This material, which is finding increasing architectural applications, offers resistance to atmospheric corrosion and damage. In addition, it requires little maintenance to retain its good appearance.

D.W. Falls Names Company Head

D. W. Falls, President of Falls Land and Development Company of Albuquerque, N. M. has announced the selection of Joseph S. Reinhart, former President of Shop Rite Foods, Inc. (Piggly Wiggly) to the newly created post of vice president and assistant chief executive officer of Falls Land and Development Company.

In making the announcement, Falls, formerly a resident of Littlefield, stressed that the new post was the latest move in his company's constant growth and expansion.

Falls Land and Development Company is a New Mexico Corporation developing the state through divisions such as Volcano Cliffs, Elephant Butte Estates, Meadow Lake, Sweetwater Hills and Forest Park.

Falls' mother, Mrs. H. M. Bennett, still resides in Littlefield.

Sudan OK's Sales Tax

Sudan joined the growing number of Texas towns that collect city sales tax when 80 voters weathered Tuesday's sand storm to register their wishes on the proposed one per cent city sales tax. The addition of the tax was approved by a vote of 59 to 21. The light turnout was attributed to the cold and windy weather.

THIS 1970 compact car owned by Terry Rodgers of Route 2 Littlefield was almost a total loss following a turnover .3 of a mile south of the Littlefield city limits on U. S. 385 Saturday about 7:30 p.m. Rodgers and two passengers were traveling north when a '68 Chevrolet driven by Patricia Ann Foley pulled out from a private drive onto the highway. Rodgers swerved to miss the car and when partially around the vehicle saw a car meeting him, cut to the right, went into a skid and overturned off the right side of the pavement, according to Highway Patrolman Weldon Parson.

BULA

MRS. JOHN BLACKMAN 933-2328

BULA SCHOOL will dismiss Wednesday, Dec. 23, for the Christmas holidays and will resume classes on Monday, Jan. 4th.

ON SUNDAY, Dec. 27 coach Hallbroks and coach Risinger with all the high school girls basketball team will leave for Duncanville. At 1:05 on Dec. 29th Bula will meet with the girls team from River Crest at the Duncanville tournament.

BOTH BOYS and girl teams are playing in the Whiteface tournament this weekend. This is also time to study for nine weeks test and mid-term test. Mid-term test are going to be given before school is dismissed for the Christmas holidays.

JOHN HUBBARD, Insurance Agent for Blue Cross and Blue Shield for Farmers Union, was recipient of a \$200.00 award at the State Convention, recently held in Amarillo. Hubbard received the award for outstanding work he had done the past year in Farmers Union Insurance Program and membership. Only four people in the state of Texas received this award. Others attending the convention were Mrs. Hubbard, Mr. and Mrs. Cecil Jones and Mr. and Mrs. Delbert Watson.

MR. AND MRS. Tom Bogard spent Friday with their son Jake Bogard, a patient in the Lamesa Hospital. Jake is on the law force at O'Donnell and was attending a seminar for law officers in Levelland when he was suddenly overcome by an appendix attack, he was rushed to the Lamesa Hospital where surgery was performed. He is reported doing fine and was able to go home Monday. J. W. LAYTON celebrated his

81st birthday Sunday. Several of his children and other relatives were there for his birthday dinner. To help him enjoy the day were Mr. and Mrs. Harold Layton and children, Mr. and Mrs. J. E. Layton and boys, Mr. and Mrs. Clyde Ellison and girls, Debbie and Trixie of Crosbyton and Mr. and Mrs. H. H. Snow of Muleshoe.

MR. AND MRS. C. A. Williams spent Sunday with their daughter and family, Mr. and Mrs. C. C. Young of Denver City.

THERE WILL BE a community Christmas tree at the Baptist Church at 7 p.m. Dec. 23.

MRS. PEARL WALDEN accompanied her son, Mr. and Mrs. Lowell Walden of Earth to Carlsbad Tuesday, returning Thursday. They visited with Mrs. Marie Aron and other relatives there.

SATURDAY, Mr. and Mrs. C. A. Williams and Mrs. P. R. Pierce and Mrs. W. C. Burns went to the Roberts Nursing Home at Morton and delivered gifts to all residents at the home, these gifts had been made by members of the WMU.

MR. AND MRS. Cecil Jones were in Amarillo Monday for his check-up with Dr. Guldee. On their way home they stopped with an aunt, Mrs. Stella Wood in Hereford for a visit.

MRS. J. C. Withrow attended a wedding shower for her daughter Cynthia bride-elect of Joe Price of Olton, Thursday, at the home of Mrs. Douglas Lawyer of Olton.

MR. AND MRS. A. M. McBea returned Sunday from spending several days with his mother, Mrs. Mary McBea at Brownwood. Grandmother McBea has

been sick for some time.

MRS. B. S. SETLIFF was able to return to her home last week from a six weeks stay in the Littlefield Hospital, suffering from the shingles. She is now spending a few days with her daughter, Miss Gladys Setliff at Hereford.

ACTIVITY RECENTLY for the RAs was to see the movie "Paint Your Wagon" and supper afterwards in Littlefield. Attending were Dennis and Keith McCain, Billie Brewer, Billie Tiller, John and Elaine Hall and Rev. and Mrs. Paul Gordon.

ANN HARLAN was among the Sudan Chapter FHA Girls that went Christmas caroling at the Amherst Rest Home Monday evening.

Damages Light In Wreck At Earth

Damage was estimated at \$300 to a 1967 Ford owned by Ruben R. Hernandez, 513 W. 4th in Littlefield, when Hernandez and a 1959 Ford station wagon driven by Ray Raiford Daniel Jr. of Earth backed from opposite sides of the street from parked positions in front of the Earth Post Office Thursday morning.

Daniel backed into the left front door of the Hernandez car, according to Highway Patrolman Bill Angel.
