Trustees Approve Record '75-'76 School Budget

Littlefield School Board of trustees approved a record \$1,704,902 for the 1975-76 school year in a called meeting Monday night

which was also the public hearing for the budget.

Although this is an increase of \$109,363 over last year's budget, the tax rate and

percent of evaluation will remain at \$1.50 for the operating fund and \$0.32 for debt service. The percent of evaluation is 70 percent.

The budget will reflect additional money for almost every department—made possible by additional state funds. Revenue is expected to come in the

form of \$623,043 from local funds and \$1,081,859 from state and federal monies. This is compared to \$683,741 and \$898,084, respectively in the '74-'75 budget.

Local revenue will be based on tax values of \$49,877,700, with 70 per cent of evaluation set at \$34,914,390.

Local taxes are expected to bring in \$600,643, with other income sources being Drivers Education fees at \$2,500; typing fees, \$1,000; rental of band uniforms \$1,000; and band instruments \$400. Oil revenue is set at \$2,500; interest on Certificates of Deposit is tagged at \$3,000 and income from the City of Littlefield (virtue the combining of the school city tax offices), \$12,000.

Expenditures broken down in more detail include the superintendents salary of \$22,380, vehicle lease and travel expense, \$800 and \$1500, respectively, and supplies for the superintendents office, \$2,000.

The school's tax assessor-collector salary is \$14,400 with funds for vehicle lease at \$800. Supplies for the business office is set at \$3,000.

Salaries for other administration personnel include, Primary principal, \$18,448; Elementary I principal, \$15,244; Elementary II principal, \$14,680; Junior High principal, \$14,250; High School principal, \$17,535; and athletic director-head coach, \$17,165.

\$3,900 is budgeted for substitute teachers pay and \$4,125 for Drivers Education. Librarian salaries are set at \$13,080.

Total teaching materials for Primary, Elementary I, Elementary II and Junior High are set in the budget at \$11,700.

Teaching supplies for the High School, with last years figures in brackets, include Art, \$600 (\$200); Auto Mechanics, \$800 (\$500); Band, \$12,500

Explicit, Detailed Autopsy Results \$50,000 Bond On Charges

Earl Myers remains in Lamb County jail charged with the murder of 7 month-old James "Jimmy" White III.

Following the arrival of the autopsy here Saturday, Myers' bond was \$50,000.

According to the Lubbock pathologist, A. Keffler, who did the autopsy, infant died primarily due to several lacerations of the liver caused by some force. The doctor said there were no medical reasons to explain his death, and that in his opinion he would consider child battering the cause of the trauma and subsequent

The baby was dead on arrival at the Littlefield Hospital about midnight Sunday, Aug. 10.

Stanley Doss, JP, requested an autopsy Sunday on the consent of Dr. Barney Klein who was on call the night of the incident.

In the gross description of the lengthy autopsy, Dr. Keffler described the pathology findings which include "multiple lacerations of the liver due to some force, multiple recent rib fractures to the right and left sides, evidence of an old fracture of the right leg, multiple abrasions to the neck, both knees, a recent swelling containing

blood on the back of the head and multiple superficial abrasions and contusions about the neck and lower extremities.

The body showed 10 ccs of bloody substance in the chest cavity and 350 ccs of bloody fluid inside the abdominal cavity. The urinary bladder contained about 10 ccs. of amber colored urine. The lungs, gastrointestinal tract, liver, spleen and lymph nodes showed a reddish-tan appearance."

Myers is 23 years old and an Amherst resident. He signed a pauper's oath Monday, and JP Doss appointed Mickey Ratliff as his attorney.

The case will go before the next grand jury convened here.

TERRY EARL MYERS

Japanese Exchange Student Visiting Anton

RUBRIEL LANDERS

Tomoko Sugimoto, Japanese exchange student from the city of Takaoka and daughter of Toyama, Japan, has been in the home of Mr. and Mrs. S. M. Gena for six weeks.

She came as a part of the exchange program of the United States and Japan. She is the first of the world with the International program. Twenty Japanese students arrived at Littlefield Airport to be hosted by Lions

from 2T-2.

During her stay in Anton, the Monroes have taken her water skiing, to a rodeo at Morton, to Carlsbad Caverns, and Ruidoso for the races, Possum Kingdom Lake, Six Flags over Texas, the play "Texas", at Canyon, two Lions ladies nights at Anton, and numerous short trips.

She said that she particularly enjoyed the water skiing "though she had not been able to come up on the skis" and

that Carlsbad Caverns were big and beautiful.

Her comments about the rodeo was that it was very exciting. She said, "I liked the bull rides." In Japan there is a recreation spot like Six Flags, but not so large.

Tomoko said that she would like to stay here because Anton is "peaceful and friendly," and added that the people everywhere in Texas had been very kind to her.

She is a student of piano and voice at the Osaka College of music which is co-educational. She lives in an apartment and does her own cooking. Monday she promised the Monroes that she would cook Japanese food on Wednesday before she left. She says she likes American food—but especially Mexican tacos. She does not like cooked vegetables except potatoes.

Her religion is a Jodo sect of Buddhism.

Tomoko expressed interest in the Indian jewelry currently popular. Smiley Monroe gave her some cowboy

boots, Lyndell Egemon bought her a cowboy hat, and Martha Spradley bought her western pants and a shirt.

She expressed loneliness for someone to talk to in Japanese. She had studied English six years in school, and writes and reads it, but does not speak fluently because of little practice.

She found it difficult to adjust to the vastness of the western skies and plains. She missed her mountains, ocean and the trees. One thing that surprised her was the constant use of the automobile. She said "You drive everywhere you go!" In Japan they walk a lot, and for long distances they ride the train.

Her father is president of a large factory manufacturing machinery parts. Her family includes her parents, grandmother, two sisters, she and her pomeranian dog, "Ricky." (pronounced "Licky" by her.)

She has impressed the people of Anton with her beauty, shyness, and friendliness. Tomoko has promised the Monroes to be their host if and when they get a chance to visit Japan.

8th Annual Art Festival Friday At New Building

The 8th Annual Art Festival in Littlefield will be held Friday, Aug. 22, in the new Lamb County Agricultural and Community Center.

Paintings and drawings, arts and crafts of all kinds will be displayed from 4 until 9 p.m. There are no entrance fees, no commissions, just a warm welcome for you to come, and a genuine appreciation of art in all forms from those who view your work.

This year there will be no official judging or popular vote, but anyone will be able to purchase any picture or artistic work displayed when the artist puts a written price, with name and address on a card attached to the displays.

There is no limit on the items or pictures you displayed, but each exhibitor is responsible for the easels, stands, or supports for his own work. In the art exhibits there will be a special section to show the ability of the younger generations, with names and ages of the artist listed... so that the public may admire and encourage them.

The building will be open at 1 p.m. and you may bring your art at any time after that. Each item or picture needs to have

clear identification on the back, for the purpose of recording ownership.

Serving as coordinator for the art clubs of Littlefield will be Barbara Perrin, who will work with Lela Nicholas, Dorothy Ferguson, Eva McDonald, and Gene Fudge, other club presidents in organizing the exhibits.

Sponsoring the Festival, encouraging the appreciation of art in all forms and engineering the sale for those who wish to price their work is "We, The Women", a branch of the Chamber of Commerce. And there will be door prizes... many of them given by Anzeline's Art and Frame Shop, The Gallery, Hart Thaxton, Perry Bros. and the Art Association of Littlefield. We hope that some of our artists will paint miniatures especially for this event so that they may be included in the door prizes. Persons may win a signed painting by a local artist just by attending the Art Festival.

"We, The Women" will sell cold drinks, coffee, sandwiches and cookies so that you may snack as you survey the art, or may linger and pick up your supper right in the beautiful new building.

The food sale will be the only financial gain for "We, The Women".

"We, The Women" show heads are Marge Anzeline, Betty Hodges and Susan Wilemon.

Several businesses are now displaying some of the paintings which will be in the show.

Season Tickets For Football Now Available

Season football tickets for the Littlefield Wildcats home games are now on sale at the school's administration office.

According to Carlton Parker, who is in charge of ticket sales, season tickets are now being held in reserve for those who bought them last year. They will be held until Sept. 1, and if not claimed by then, the tickets will be sold on a first come, first served basis.

Open House Set At Local Primary

Primary principal Forrest Martin announces that there will be open house at the Primary Building this Friday, Aug. 22, from 1-3 p.m.

Parents are invited to bring their children, find their children's rooms, and visit with the teachers.

This is for kindergartners, first and second grades.

Public Drinking, Conduct On Agenda

Councilmen will open bids and discuss several items at their meeting Monday.

For discussion are several items, including discussion of the ordinance related to drinking in public, discussion of the ordinance relating certain acts and conduct of persons in public parking areas.

Other discussions will center around the limited franchise to Lamb

County Electric Cooperative, discussion of an ordinance adopting an emergency operation plan, and discussion of the Veterans Administration On-the-Job Program.

Bids are to be opened and a contract awarded for a goose neck equipment trailer.

Councilmen meet at 8 p.m. in the council room of the City Hall.

Nursing Aptitude Exam Set At SPC

An aptitude examination, required of all students entering the vocational nursing program at South Plains College, will be given on Sept. 1 and 15.

The test, which covers mental ability, spelling, science, judgment and personal adjustment, will be given at 12:45 p.m. in the College Administration Building. There is a \$1 test fee.

Persons ages 18 to 50 years who have had two years of high school or who have passed a GED exam are eligible to enroll in the SPC vocational nursing program. In addition to the aptitude exam, requirements include a complete physical

examination within six months prior to admission, a personal interview with vocational nursing personnel, moral integrity, references and a definite interest in nursing.

Vocational nursing coordinator is Mrs. Helen Brown and assistant coordinator is Mrs. Barbara Bennett. Their offices are located in the Technical Arts Building at the College.

Persons wishing to take the aptitude exam should make an appointment by contacting the office of Don Melton, director of guidance and counseling, or Mrs. Sherley Foster, academic counselor, at 894-4921.

Anton Students Host Teachers

ANTON—The Student Council was host to a buffet dinner in the school cafeteria Friday honoring the faculty and staff for 1975-76.

Emphasizing that Anton is "Rabbit City—USA" the meat course was fried or barbecued

rabbit, courtesy of Rabbit Industries, and prepared by Doug's Food.

Greg Couch, president, welcomed the teachers to Anton Schools and the other members of the council were present to eat with and visit with the faculty members.

SPC Night Class Registration

Evening class registration at South Plains College will be Thursday, Aug. 28.

Enrollment will begin at 7 p.m. in the SPC Technical Arts Center. Last day to register is Sept. 11.

Forty-two courses plus half-time programs in refrigeration and air conditioning and

automotive mechanics will meet at night this fall, starting Sept. 2.

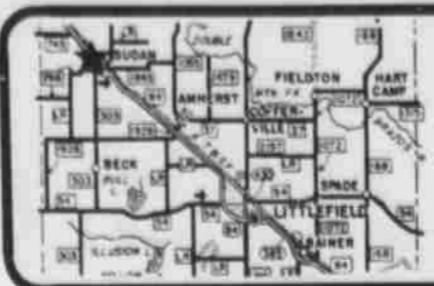

Evening classes are offered through the Division of Continuing Education. For more information on the fall evening schedule, contact Don Yarbrough's office at 894-4921, ext. 252. Yarbrough is dean of the continuing education division.

Finnish Student Visits Of In Lions Club Program

CIRCLE—Miss Heli Kaarina Jarvinen of Kemi, Finland has been staying several weeks in Olton as a member of Lions International Student Exchange Program.

Miss Jarvinen, 25, is studying toward a Master's degree with a major in English. She is a student of the University of Turku in southern Finland. After spending thirteen years in public schools of that country many students attend Swedish

institutions of higher learning as there are only seven universities in Finland.

To receive a Master's degree in English Heli is required to live three months in an English speaking country. She has stayed two months in a castle at Hastings, England where she worked during a Christian conference which was in session there. She received food and lodging for her work.

Heli explained that residents

of Finland, Sweden, Denmark and Norway are permitted to travel to another country. She said "But one similarity of these countries makes for the people to understand it is unrelated to European language, as it may seem the language is more close to English than in Finland."

Heli speaks German and English as well as Swedish.

She has spent two weeks in Germany, one in the part of the country near the Alps. Guests at the thirty years of age and Many were from Canada.

Next month Heli will be in Paris, France, recipient of a scholarship. She will be a cultural student, attending touring museums and university practices.

Her home town of Kemi is on the edge of the Arctic Circle. She says the period of darkness is depressing time of the year long followed by short nights supply natural light for reading.

Almost every one in the country skis with her. She has a large barn on the Baltic Sea. Two of the important industries are paper and paper making.

Heli has been a member of the Lions Club in Olton. She stayed with Mr. and Mrs. Britton who took her to San Antonio. She was a guest of Mr. and Mrs. Cynthia, Sherri and Kevin Noack on a fishing trip to Pagosa, Colo. She has been a guest of Mr. and Mrs. Leon Noacks. Heli was a guest of Mr. and Mrs. Ger and accompanied St. Paul's Lutheran of Plainview. There she met service similar to the Lutheran church in Fieldton she said "the meals different."

She has been a guest home of Mr. and Mrs. Sulser of Earth, and Mrs. Hoyt Taylor, Susan Jane Ellen and Miss Nozaki of Japan to the Caverns, El Paso and Mexico.

After leaving Texas she will spend four days in Washington, D. C. with relatives.

Summarizing her impressions of our country Miss Jarvinen said "Coming from a northern country the abundant growth of trees makes the area interesting and exotic."

New Teachers Named At S-E

The Littlefield Young Homemakers of Texas met Thursday in the Reddy Room of Southwestern Public Service Company for their regular business meeting.

The Area I Convention will be held Sept. 6, in Plainview and the theme will be "Spint of '76" with registration getting underway at 10 a.m.

Tentative plans call for the use of exhibits and a style show depicting the theme. Examples of exhibits could be quilting, spinning, bonnets, etc. Any Chapter or group in the community is invited to set up an exhibit or participate in the Bi-Centennial Style Show.

The banquet starts at 7:30. The Club members and their husbands are invited to attend as guests of area cooperatives. Those planning on attending should contact Alice Potts before the Sept. 1 deadline.

Members should be thinking of antiques or other interesting items of the '76 era and the Club will decide at the next meeting if they wish to set up an exhibit at the Convention.

The Chapter decided to have a salad supper Aug. 28 and invite

guests. The members will reveal their secret pals and each is asked to attend and bring a gag gift or "white elephant" for their secret pal. New secret pals will be drawn.

Donations to the Gonzales children in the Panhandle Home were taken and will be sent to the seven children for allowances.

It was decided to sell Current Cards and have a bake sale before Thanksgiving.

All members are to be thinking about the new year's program of work and bring ideas to the next meeting.

Candidates for Area I offices will be Linda Elms for secretary

and Bobby Magruder, treasurer.

New officers for the Club will be elected in September.

Members attending the meeting were Alice Potts, president; Linda Harbin, Chapter Advisor; Linda Elms, Janice McElroy, Bobbye, Shirley Savage, Pat Stubbs, Kathy Graves and Bernice Johnson and Ellen Massengill, associate members.

The next meeting for the YHT will be the salad supper, Aug. 28th, at 7 p.m. in the Flame Room of the Pioneer Natural Gas Building. All interested women are invited to attend.

Circle Eight Begins Season With New Officers, Caller

Littlefield's Circle Eight Square Dance Club has hired a new caller and announces a new slate of officers as the fall dance schedule gets underway.

Gene Weldon of Brownfield will be at the Community Center tonight at 8 o'clock to call for the final summer dance.

Beginning in September, Hap Pope of Lubbock will be calling regularly for the Circle Eight Club.

New president of the Littlefield club is Kip Cutshall. Tom Tollett is vice president; Gloria Jackson is secretary; Virginia McAnally is assistant secretary. Niah Rodgers is reporter. Lubbock area delegates are Pete and

Florence Dunn. Outgoing officers are Don Bell, president; Dr. Bill Armistead, vice president; Mozelle Tapley, secretary; Jan Kelton, assistant secretary; and Dorothy Dysart, reporter.

Guest callers have been filling in for regular club dances through the summer. Regular club caller Cliff Smith resigned after calling for the club many years.

New square dance classes will be announced later this fall.

All square dancers are invited to attend tonight's dance. Spectators are always welcome.

Officers Jail Eight, Check Vandalism, Two Theft Reports

Eight persons have been jailed by county authorities over the past week.

Bond for Terrel Earl Myers was set at \$50,000 on a charge of murdering a 7 1/2-month old boy.

Willie Conley of Littlefield has been charged with violation of probation and remains in the county jail.

Raymond Rosemond of Amherst is charged with aggravated assault in connection with the shooting of Conley in the arm last Monday. Rosemond's bond is set at \$2,500.

Two other Amherst residents were charged with violations last week. One was charged with check law violation and fined \$25, another was charged with driving while intoxicated and fined \$147.

One Littlefield man was charged with driving while intoxicated, another was charged with check law violation, and another was picked up for Hale County authorities.

One alien was turned over to the Border Patrol.

The Amherst school reported vandalism of about \$300. Someone broke into the gym and got into the superintendent's office. Three joints of pipe were run over on the premises.

The Amherst Drive-In reported the theft of meat and french fries valued at \$21.50.

Bill Kelley reported the theft of \$300 worth of farm equipment from his farm northeast of Littlefield.

Springlake Board President On State Hearing Appeals Board

Springlake School Board President Ray Joe Riley is taking a straw poll among his fellow school officials and is finding they'd like to see relief from property taxes to support their schools.

But those school officials are equally as cautious in the type of supplemental taxation they would like to see.

Riley is a rancher, and in Austin serving on a five-member board hearing appeals from districts that believe their property valuation, as projected by the state, is too high.

Simply stated, the wealth of each district will determine the amount of state aid each will receive in the future.

In the course of quizzing the 140 districts that the tax panel is expected to hear, Riley began asking school officials, "Do you need any relief from property taxes to finance your schools?"

"They all tell me they've had just about all the increase they can stand," Riley said. The ad valorem tax had just about reached its peak and needs to be supplemented with something.

That "something" is where the discussion and debate begins.

The most well known possibilities for additional taxation in the state include a dedicated increase in the sales tax to aid schools, a personal or corporate income tax, or a tax on refinery products.

The superintendent of one of the

poorest school districts in the state told Riley he had changed his mind over the last few years, and now considered an increase in the sales tax to be more feasible.

That comment came from Supt. Ruben Lopez of the Edgewood district in San Antonio. It was the edgewood school district that challenged former school funding formulas in the U.S. Supreme Court.

"I don't know," Lopez said. The sales tax may be the way to go."

Riley has also received comments such as "We've stood all we could... We can't take any more... I don't know what, but something's got to happen."

And what does Riley plan to do with the information and comments he gathers?

"Give it to anybody that asks," he replied.

One of those that just may ask is House Speaker Bill Clayton, who just happens to be from Springlake too.

Clayton is already predicting the state will need additional state government in 1977.

The Speaker has said he favors an increase in the sales tax as the solution.

"He's my representative, and I just might tell him what I've found," Riley said.

Bid On Trailer Awarded Case Co.

The Lamb County Commissioners' Court awarded a bid of \$6,100 from Case Power and Equipment Company for a utility tractor for precinct 3, approved county bills and county reports during regular session last week.

Several persons met with the court on other matters, but no action was taken.

The city manager, city mayor and city councilmen met with the commissioners concerning raising the appropriations

for the county's share of fire costs. This will be on the agenda for the end of month meeting.

Hiring cleaning personnel for the new county community building was discussed. A representative from Blue Cross and Blue Shield met with the court for clarification on personnel insurance, and Extension personnel met with the court seeking additional facilities on the county community building.

July Shows 22 Injured In Lamb County

The Texas Highway Patrol investigated eight accidents on rural highways in Lamb County during the month of July, 1975, according to Sergeant Thurman Keffer, Highway Patrol supervisor of this area.

These crashes resulted in none killed, but 22 persons injured.

The rural traffic accident summary for this county during the first seven months of 1975, shows a total of 63 accidents resulting in three persons killed and 51 persons injured.

The rural traffic accident summary

for the 60 counties of the Lubbock Department of Public Safety Region for July, 1975, shows a total of 568 accidents resulting in 22 persons killed and 398 persons injured as compared to July, 1974, with 485 accidents resulting in 18 persons killed and 280 persons injured. This was 83 more accidents, four more killed, and 118 more injured in 1975 at the same period of time.

The alley is one of the cleanest and most productive spaces of ground in Littlefield. Heard said he heard that Texas won the "tallest" corn contest with stalks measuring 10' 3". Heard's corn is 11' 4" to 11' 7". In the picture is his granddaughter Kimberly McElroy. Four yard sticks were taped and tacked to a long board to measure the corn. (Staff Photo)

CLIPS & TIPS

By JOELLA LOVVORN

INEXPENSIVE and informal entertainment is in, and people still like to have get-togethers, but within a reasonable budget.

The password is—keep expenses down! The party that thrives on interesting conversation or the challenge of a bridge or domino game is popular. Try a some slide or movie show, even a chess or Monopoly game for a change of pace.

This type of self-entertainment is what has made coffee houses and English pubs so famous. This, and good food—substantial fare like hefty beef sandwiches and a glass of cold soft drink.

The same congenial atmosphere can be duplicated in your own home with informality to put everyone at ease. Resurrect the board games stashed in the attic, and prepare the fixin's for Mini Beef Heroes.

Early in the day, prepare and refrigerate each of the hero toppings—green pepper rings, shredded cheese and lettuce, sliced ripe olives, and chopped tomatoes. Guests will be able to add "the works" to their hero—as much of the various toppings as they please.

Once the party is underway, and it's time for a break, take out the chip steak and quickly brown for each sandwich. Slit the hard rolls and arrange the sandwich makings... buffet style.

Don't forget the hot taco-bean sauce. It's a breeze to whip up at the last minute because this zesty sauce relies on the convenience of a pantry-shelf staple—condensed soup.

Simply heat condensed bean with bacon soup made with deep-flavored beans and smokehouse bacon, with onion slices, taco sauce, and sweet pickle relish.

Mini Beef Heroes provide a unique flavor combination... one that's easy on the budget, too.

- MINI BEEF HEROES
- 1 pound thin wafer-sliced top of the round (chip steak) or bologna
- 4 Tbsps. butter or margarine
- 1/2 cup sliced onion
- 1 can (11 1/2 ozs.) condensed bean with bacon soup
- 1 can (4 1/2 ozs.) prepared taco sauce
- 2 Tbsps. sweet pickle relish

- 8 long hard rolls, slit and toasted
- Chopped fresh tomatoes
- Green pepper rings
- Shredded process cheese
- Shredded lettuce
- Sliced ripe olives

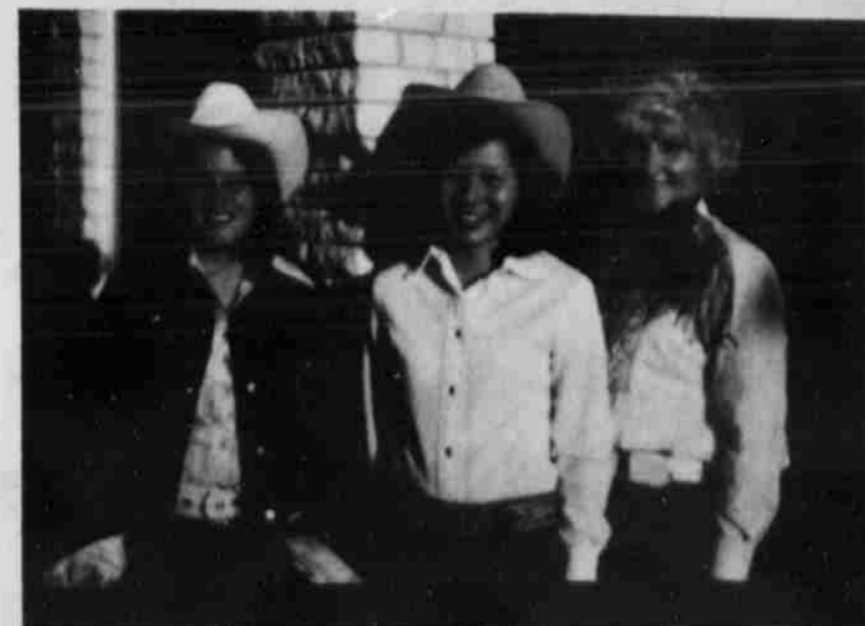

In skillet, brown steak in 2 tablespoons butter. Meanwhile, in saucepan, cook onion in remaining 2 tablespoons butter. Stir in soup; gradually add taco sauce and relish. Heat; stir occasionally. Spread on rolls; top with meat. Garnish with remaining ingredients. Makes 8 sandwiches, about 2 cups sauce.

Whip up some blender magic on a hot summer day! With electric blender or rotary beater, blend 1 can (10 3/4 ozs.) Condensed Cream of Celery Soup, 1 cup milk, 1/4 cup cottage cheese, 1/4 cup finely chopped cucumber, 2 tablespoons finely chopped green pepper, and 1 teaspoon finely chopped onion until smooth; chill. Serve in chilled bowls. Makes about 3 cups.

Say good-bye to "blah" burgers... Hot Chili Sauce is here! In saucepan, combine 1 can (10 1/2 ozs.) Condensed Beef Broth, 1/3 cup chili sauce, 1/4 cup finely chopped onion, 2 tablespoons cornstarch, 1 tablespoon brown sugar, 1 teaspoon horseradish, and 1 medium clove garlic, minced. Cook, stirring until thickened. Cover; cook over low heat 10 minutes. Stir occasionally. Makes about 1 1/2 cups. Serve over hamburgers.

The taste of Indian curry in a chilled soup... Taj Mahal Treat: In saucepan, combine 1 can (10 3/4 ozs.) Condensed Cream of Chicken Soup, 1/4 cup milk, 1 cup apple juice, 1 teaspoon curry powder, and 1/2 teaspoon instant minced onion. Heat; stir occasionally. Chill 6 hours or more. Thin to desired consistency with additional milk. Makes about 2 1/2 cups.

A spur of the moment spruce-up for hamburgers: In saucepan, combine 1 can (10 3/4 ozs.) Condensed Tomato Soup, 2 tablespoons prepared horseradish, 1 tablespoon prepared mustard, dash ground cloves and a dash pepper. Heat; stir occasionally. Makes about 1 1/2 cups sauce. Serve over hamburgers.

THE ABUNDANT LIFE

Lovely Things

THERE IS UGLINESS all around us, and we are not blind to it. We see it, we hear about it in daily news reports, we read about it in the daily newspapers, and many of us talk about it.

We cannot be honest without admitting the reality of ugliness, and it is very foolish to pretend that it does not exist; because it is very much part of reality. We must do whatever we can to change it, even though we know that there always will be some of it around.

THE SCENE IS NOT one of total ugliness, however, and we are very foolish if we assume that it is. There is much loveliness to see and appreciate, and about which to think. In fact, for our personal well-being; these are the things which we must deliberately keep uppermost in our thoughts.

This is the only way we can fashion a satisfactory life situation. This life-posture will also enable us to do our best in coping with, and perhaps in changing some of the ugliness.

"EVERY YEAR OF MY LIFE I grow more convinced that it is wisest and best to fix our attention on the beautiful and the good, and dwell as little as possible on the evil and the false."—Cecil.

THERE IS NO ESCAPE from the indisputable fact that the things about which we think determine our general condition of mind, and hence our manner

of life. It follows, therefore, that we actually choose our manner of life when we choose between "lovely things" and the ugly things.

This choosing includes a decision. Are we going to let things happen, or are we going to actually look for and choose the things which we want in our thoughts?

If we just let it happen, we are certainly going to be brought under the influence of the ugliness of the world. This is true because of the inclination of so many persons about and talk about the ugly and frightful things. If we are to choose what is presented to us through avenues of communication, we never know about most of the "lovely things".

IF WE WILL ACCEPT responsibility for ourselves, we choose the "lovely things" to be dominant in our thoughts. In this way we choose the best available life. We must refuse to permit things to control our thoughts.

THERE IS NO more to be considered, so far as we are concerned, whether or not the individual is effective. If we wish to move forward with the "lovely things" if we wish to go forward, we must move forward with the "lovely things".

OBITUARIES

JAMES MINYARD Services for James Finis Minyard, 67, of Littlefield were held Wednesday afternoon at First United Methodist Church with Rev. Wesley Daniels, pastor, officiating.

Burial was in Littlefield Memorial Park under direction of Hammons Funeral Home of Littlefield.

Minyard died at his home Monday of an apparent heart attack. Justice of the Peace Stanley Doss ruled death from natural causes.

Minyard was a native of Tyler County and had lived in Littlefield for 33 years. He was a retired farmer and a member of the Oddfellows Lodge and the Woodmen of the World. Minyard was a member of the First United Methodist Church in Littlefield.

Survivors include his wife, Inez; six sons, Jimmy of Clifton, Va., Don of Big Spring, Ray of Lubbock, Thad of Covington, La., Ken of Fort Worth and Rex of Austin; three daughters, Mrs. Sue Sprouts of Lubbock, Mrs. Gay Vale of Plano and Ann Minyard of Austin; one brother, Lee of Holliday; three sisters, Mrs. Bertha Lynskey of Sundown, Mrs.

Pearl Harper of San Antonio and Zelma Willis of California; four children and two great-grandchildren.

LOYE D. PARRISH Services for Loye Dale Parrish, Anahem, Calif., will be at 2 p.m. at First Baptist Church in San Antonio. The Rev. Wayne D. Perry of Littlefield will officiate.

Burial will be at Sudan Cemetery under direction of Payne Funeral Home of Amherst.

Parrish died at 3:20 p.m. Santa Ana Hospital in Santa Ana after a brief illness.

Parrish was a WW II veteran, employed by Mobile, Oil Corp. for 26 years.

Parrish is survived by one daughter, Mrs. Glenna Smith of California; father, W. O. of Sudan; four brothers, Nolan, O. J. and Truman; all of Austin; and Arnold of Post; and two children.

Palbearers will be Bob Masten, Providence, Donald Lee Powell, Masten, Bobby Burris and Earl

State Cuts Back On Mowing Roadways To Fight Inflation

The harsh realities of inflation have caught up with the State Department of Highways and Public Transportation. But many motorists haven't yet got the message.

A letter received recently at a district office of the state agency illustrates the problem. It read:

"Why is it that in Karnes County, Texas, the sides of the highways are so poorly kept. They never mow them anymore and the way it looks the weeds are so tall you can hardly see the pavement.

"With all the good equipment the State Highway Department has, it seems they could keep the roadways half decent and not a disgrace to the Taxpayers of the State and County."

Several years ago, inflationary pressures were pushing up the cost of maintenance operations of what was then the State Highway Department.

Department officials looked for ways to trim costs and an easing of the long-time mowing operations standards appeared to be the best—and quickest—way to save money.

For many years it had been Department policy to mow highway right of way from fence line to fence line. A new policy—defined as "strip" mowing—was evolved. This meant mowing a

"strip" five to 15 feet outward from outside lane of the highway as necessary for maximum safety and consistency with height standards.

Fence line to fence line mowing completed only once a year, was deferred until the early spring when flowers have matured seed—about six weeks after the height of the blooming period.

The results have been as expected. Projections indicate that the Department has saved approximately \$1 million in mowing operations since new policy was adopted. Mowing cost \$14 million last year.

Despite the push of inflation—the percentage of total digit maintenance dropped from 14 to 12 percent mowing in 1969-70 and has held 12 percent with the exception of when it rose to 14 percent of maintenance costs.

Some beauty lovers take exception to the delays in springtime mowing. Usually, the delays insure that nature is allowed to take its own course. The seed pods mature and the seeds are thus, nature prepares for next year's roadside displays of colorful flowers.

Perform a death-defying act. Have regular medical check-ups.

Hyperactivity is one of the disabilities that handicap children. Hyperkinetic children are unaware of their behavior. This behavior in turn creates quite a problem for others. As an example, Johnny or Mary, whichever it may be, is a very active child, but he is constantly moving about; talks alot, especially when in a crowd and he can't sit still long enough to finish his meals. In school, the teacher reports how annoying he is in class. For instance, he is always twisting and turning in his chair, shuffling his feet and tapping his pencil on the desk. Not excluding the fact that Johnny can't get along with the other children, he is constantly fussing and fighting. So, poor Johnny is considered to be a

trouble maker. In breaking down Johnny or Mary's problem, you will most likely find this child is Hyperkinetic (overly active). Hyperactivity, is one of the most common symptoms of the Minimal Brain Dysfunction—a medical term which refers to children, who often have average or above average intelligence, with certain learning or behavior disabilities. Chances are your child is bright, yet may do poorly in school—this is a common characteristic of the Hyperkinetic child. The child seems unable to concentrate because he has a very short attention span. Actually, he may be "concentrating" on everything at once. Sometimes, but not always, his aggressive and destructive actions seem to be a part of his regular behavior. This child is unable to take corrective action himself. There are three ways in which he can receive help; (1). From the doctor or can be evaluated at a children's training center—remembering there are certain medication, when given as prescribed will certainly help the child where he can comprehend what is going on around him. (2). The School—when the teachers are notified of this problem, they will work closely with you to help your child overcome this handicap. (3). The Parent—By recognizing this child has a problem and doing something about it, you will be minimizing the child's handicap during the important formative years. By exercising this, you will accomplish 2 things: (1). Enabling the child to have less frustration and more gratification; this helps emotional development. (2). Enabling the child to receive the greatest possible benefits from education available during this period. You as parents must prepare to take an active part in the remedial treatment necessary to help your child develop to his or her full potential. The next article will be on some causes of children with drawing.

AMHERST
MR. AND MRS. W. H. Roberson (Bill and Sally) attended a reunion of her family, the late Mr. and Mrs. Will Johnsons, of Hale Center at Lake Texhoma last weekend. Eight of their nine children were in attendance. Mr. and Mrs. Les Lichte and Kelly Kloiber of Littlefield, Mr. and Mrs. Jim Gilbert and Jamie of Lubbock, Kenan Lichte of Littlefield were among others attending. More than 50 attended the event held in a park on the lake. PAM BALES, daughter of Mr. and Mrs. Lilburn Bales is a sophomore Home Economics major at Abilene Christian College. She was elected secretary for the Home Economic club at A.C.C. She is a member of the student advisory board. She is a 1973 graduate of Amherst High School. MR. AND MRS. Tim Cousatser and three children of Abilene visited Amherst friends and attended services at the Church of Christ Sunday. He served as minister for the church several years. WEEKEND GUESTS in the A. O. Dickson home were his brother and wife, Mr. and Mrs. E. B. Dickson of Loving.

GOD'S FIVE MINUTES

This Series Made Possible by These Business Firms and Individuals Who Support Our Right to Worship Freely.

KEEP NO FALSEHOOD BETWEEN YOU AND GOD

The controversial actress, Ingrid Bergman, in analyzing herself, said, "My two greatest assets are: I am honest and I have a short memory." These two attributes had best go hand in hand through this cruel world. Be honest—really honest—and you'll be crucified. Jesus addressed himself to this very matter when He said, "Ye seek to kill me, a man who hath told you the truth." Truth cuts across the grain of human nature. It defies passions and practices of the average man. Where truth condemns, error flatters. Aristotle wrote, "Vultures are killed by attar of roses. Tigers are inflamed by sweet smells." So, when truth, Divine Truth, is presented to the world, passions are inflamed and hatred flows. If your church or your pastor is not unpopular with the evil forces in your community, truth has been laid to rest behind the pulpit and in the pew. Billy Sunday put it in his own unique way, "If I rub the cat the wrong way, let the cat turn around." So deal with yourself and God that there is no falsehood between you. Be honest, even if you have to have a short memory.
