

Ike Scores 'Waste' In Speech

By JACK BELL. ABOARD EISENHOWER, SPECIAL, Sept. 18 (U)—Gen. Dwight D. Eisenhower asserted today that the American taxpayer's money is going down "a crack in the floor" because of "Truman administration waste" in Washington.

Typhoon Flattens Wake Quonset Huts

A row of flattened quonset huts and other debris was all that remained after a typhoon swept Wake Island. Damage on the island was so extensive that the more than 600 persons living there were evacuated by planes to Honolulu.

Lebanon President Ousted In Move To Get Economic Reform

By WILTON WYNN. BEIRUT, Lebanon, Sept. 18 (U)—Lebanon's veteran independence fighter Bechara El Khoury bowed to widespread opposition demands today and resigned the presidency.

accused El Khoury and his family of corruption, scandals and failure to institute needed economic reforms. Who would succeed El Khoury was uncertain. From the opposition, Camille Chamoun and Hamid Frangieh, both former foreign ministers, and former United Nations delegates, were mentioned.

Sunnid Moslems. Jumblat is a Druze Moslem. El Khoury was the third Arab head of state toppled by his own people within two months. Egypt's King Farouk was ousted by the military coup d'etat of Maj. Gen. Mohammed Naguib on July 28 and Jordan's King Talal was deposed by his Parliament Aug. 11.

Caudle Says Clark Told Him To Drop OPA Case

Parr's Name Enters Probe Of Floyd Death

ALICE, Sept. 1 (U)—Stolen ballot boxes and the name of South Texas Political Boss George Parr had the spotlight today as investigation of the Buddy Floyd slaying went ahead.

SOUTH KOREAN TROOPS DRIVE COMMIES FROM FINGER RIDGE

SEOUL, Korea, (P)—South Korean soldiers drove the Chinese Communists from the bitterly-contested southern arm of Finger Ridge in a pre-dawn battle today.

Facts Were Not Strong Enough, Probe Is Told

By HARRY P. SNYDER. WASHINGTON, Sept. 18 (U)—Lamar Caudle testified today that Tom Clark ordered him to drop prosecution of an OPA case against a North Carolina lumber dealer in 1944 after the lumber man retained Clyde R. Hoey as his attorney.

HARTFORD TALK TONIGHT Stevenson Heads For Eastern Tour

SPRINGFIELD, Ill. (U)—Gov. Adlai Stevenson headed for the Eastern Seaboard today, opening a five-state sweep in which he will try to drive home his contention that Sen. Robert A. Taft is the new boss of the Republican presidential campaign.

coming speeches with Sen. J. William Fulbright of Arkansas yesterday. Fulbright has been a guest at the Executive Mansion since Tuesday night.

Deportation Hearing Of Airman Put Off

SAN ANTONIO, Sept. 18 (U)—A Catholic priest today denied the claim of Pasquale Sciorfino that local immigration men had refused him the right to confess to a priest.

Robot Aircraft Used In Korea

By WARREN ROGERS JR. WASHINGTON (U)—American robot planes, untouched by man in long-range flights, have sought out and destroyed Communist targets in Korea—heralding the explosive birth of push-button warfare.

Hoey, now a senator, was North Carolina Democratic national committee chairman, and had just won his party's nomination to the Senate.

At Least It Was Raining

It was only a light shower that fell in Big Spring yesterday afternoon, but the 0.08 inch measured at the Weather Bureau was at least rain.

Martin Plans Bond Vote Over Widening of U. S. Highway 80

STANTON, (SC)—The Martin County Commissioners has ordered a county-wide vote, October 18, on a proposed \$250,000 bond issue to provide a wider right-of-way for U. S. Highway 80, and other Martin County road improvements.

that the federal aid program would require a re-routing of the highway around the town. The bond issue will be financed on the present valuation and tax rate, McMorries points out, because it will also take care of the outstanding indebtedness of a 1938 bond issue and will pick up this balance in this one.

Plain-Clothes Man On Force

Police Chief E. W. York added a plain-clothes man to his force today. C. C. Aaron, formerly police sergeant, was appointed to the position created by city commission approval Tuesday.

Chest Leaders To Meet Friday

Top leaders of the Howard County Community Chest organization met again Wednesday afternoon to line up additional division chairmen and work out dates for various phases of the 1953 Chest campaign.

The group will attempt to verify appointments today and Friday and all chairmen and team leaders will be asked to meet with workers of the Business and Industry Division at 5 p. m. Friday for detailed discussion of campaign plans.

THE WEATHER

What IS The American System?

Could you define it? Do you know what really makes it unique and different? You will, if you read the free booklet "The Miracle of America". It's a 20-page story, in words and pictures, of how American productivity has helped us enjoy the highest standard of living in the world.

Support The Steers--Plan Now To Attend Friday's Game

Bence O. Brown Is Outstanding SCD Supervisor

STANTON, (SC)—A committee of bankers from Midland, Big Spring and Stanton meeting here Wednesday named Bence O. Brown, Vincent Route, Coahoma, as the outstanding supervisor of the Martin-Howard Soil Conservation District, according to R. V. Middleton of the First National Bank, Big Spring, chairman of the committee.

The outstanding supervisor is selected. It has been explained here by Martin Vavra, work unit conservator of the Stanton unit of the Soil Conservation Service, on the basis of what he has accomplished on his own farm or ranch in addition to what he has done to improve conservation practices over the entire district. The Martin-Howard District is composed of Martin, Howard and Midland counties.

Other members of the board of supervisors are Morris Patterson, Big Spring, chairman; Edgar Phillips, Big Spring, secretary-treasurer; W. H. Yater of Stanton and Warren Skaggs of Midland.

Conference Plan Used By Rent Unit

The landlord-tenant conference plan is being used by the Howard County area rent office to settle owners and renters, Tom Adams, area rent director, said today. "We call a face-to-face session across a conference table in the area rent offices when trouble arises," Adams said. "Many overcharge and eviction problems have been settled through these friendly get-togethers."

Man Found Dead Of Wounds At C-City

COLORADO CITY, Sept. 17.—S. N. Palmer, 77, was found dead of a gunshot wound Wednesday at his home, 942 Cherry Street. Palmer's body was lying on a quilt on the floor at the side of his bed. He was shot two inches below the left breast, and had powder burns on the left hand and chest. The gun—a 32 caliber revolver—lay on the bed about four feet from his hand, with one shell snapped and another discharged. The holster for the pistol was in an open trunk at his feet. Dr. Kenneth Cowan said that he had been dead from four to six hours, when he made his examination at 6:45 p.m. A schoolboy found the body about 5:30 p.m. Jimmy Royce Laurens 9, and Carlton Fisher 8, were playing nearby when a few drops of rain fell. Both dashed for cover, and Jimmy who often talked to the el-

Nixon Gets Warm Sendoff On Tour

ABOARD NIXON CAMPAIGN TRAIN (U)—Sen. Richard M. Nixon traveled into the San Joaquin Valley of California today, cheered by an enthusiastic sendoff for his cross-country campaign for the Republican presidential ticket. The GOP running mate of Dwight D. Eisenhower drew warm applause last night in his kickoff speech at Pomona, Calif., near his hometown of Whittier. The California senator's special train will carry him through California's farm-richest interior, Oregon and Washington during the next week. He flies to Reno, Nev., from Sacramento tonight for a speech, then heads up the Sacramento Valley and into Southern Oregon tomorrow. Police estimated 7,500 to 10,000 heard his train-side attack against the Democratic administration and his promise that Eisenhower's election would "restore American integrity."

Suspect Red

William Sentner (above), 45, of St. Louis, Mo., was arrested in Rock Island, Ill., by the FBI on a charge of advocating overthrow of the American Government. Sentner was among the eighteen persons arrested by the FBI in several cities in the Midwest and West Coast. (AP Wirephoto).

LeMay Reaches Seoul

SEOUL, Korea (U)—Gen. Curtis E. LeMay, commanding general of the U. S. Air Force Strategic Air Command, arrived today for a brief visit with top Allied ground and air commanders in Korea. The 90-cent tax rate is unchanged from this year. However, there is a different distribution. The permanent improvement fund would be dropped from 24 cents (pegged at that high level to pay for emergency courthouse repairs) to six cents. The courthouse and jail building fund appears as a new 19 cent levy for the interest and sinking fund. The jury fund will be five cents and unchanged; the road and bridge will be 15 cents and unchanged; the general fund will be 25 cents and unchanged; the road bond series of 145 will be five cents, down one cent. Summarizing, operational funds get 66 cents, interest and sinking 24. By funds, the recapitulation shows jury with estimated resources and a like amount approved for spending; general \$71,500

\$557,391 Budget Due For County In The Next Year

Howard County anticipates a budget in excess of half a million dollars for 1953. Disbursements are estimated at \$557,391 for the year, according to copies of the proposed budget filed by the county judge and auditor with the county clerk. Public hearing is set for 10 a.m. on Sept. 22 at the county commissioners' courtroom. The proposed budget is up by \$92,274 over the budget under which the county now is operating. It is up by \$161,500 over the 1951 budget. Resources for the year are estimated at \$570,295. This includes \$261,000 anticipated from ad valorem taxes; \$2,850 from delinquent taxes; \$261,499 from other sources (principally road and bridge revenues such as \$140,000 auto registration, \$9,000 fines, \$25,884 state lateral road funds); and \$44,946 beginning balances. Based on the expenditure and disbursement table, the ending balance therefore would shrink to \$9,103 by the end of 1953. While the actual figure is not given, the calculations of tax revenue were based on the premise of a \$3 million plus increase in tax values. Actually, this may be nearer \$4 million and the total is regarded as being a certainty to exceed \$32 million. Collections are estimated on the basis of 90 per cent of the roll and on a 90 cent rate. This would show \$36,000 more from taxes than for the current year. It is \$84,000 more than for 1951. The 90-cent tax rate is unchanged from this year. However, there is a different distribution. The permanent improvement fund would be dropped from 24 cents (pegged at that high level to pay for emergency courthouse repairs) to six cents. The courthouse and jail building fund appears as a new 19 cent levy for the interest and sinking fund. The jury fund will be five cents and unchanged; the road and bridge will be 15 cents and unchanged; the general fund will be 25 cents and unchanged; the road bond series of 145 will be five cents, down one cent. Summarizing, operational funds get 66 cents, interest and sinking 24. By funds, the recapitulation shows jury with estimated resources and a like amount approved for spending; general \$71,500

\$1,000 for special ventremen, \$3,500 for court reporter, \$800 for grand jurors and jury commissioners in district court; \$1,000 for petit jurors in county court and \$400 for lunacy juos.
ROAD AND BRIDGE—Commissioners' salary and expense \$16,800; engineer \$6,000; miscellaneous expense \$2,000; maintenance \$130,500 (including \$95,000 wages, \$16,000 material and supplies, \$12,000 gasoline, oils, grease, and \$7,500 tires and tubes); construction \$78,000 (including \$20,000 right-of-way, \$40,000 construction contracts, \$16,000 material and supplies); capital outlay \$35,000 (including \$20,500 road machinery, \$14,500 trucks, etc.); and utilities \$1,100.
GENERAL—Commissioners court \$7,420 (including \$2,520 clerk salary, \$4,800 assessor and valuator fees); auditor's office salary, expenses \$5,400; maintenance \$9,975 (including \$2,900 salaries, \$4,000 utilities; \$1,500 repairs, etc.); miscellaneous \$7,800 (including \$1,500 elections, \$1,200 police radio, \$700 auditing \$3,000 insurance); court \$3,910 (including \$3,900 salary expense juvenile officer, no budgetary provision justice courts); \$1,150 office equipment.
LIBRARY—\$7,500, including \$3,900 total salaries, \$2,500 books and periodicals, \$1,000 supplies.
INTEREST AND SINKING—\$71,800, including \$46,000 principal payment, \$34,625 interest. Assessed to the various funds, to estimated cost of oil and utility valuation work for the year will be \$10,200.
OFFICERS SALARY—Tax assessor collector, \$26,135 for salaries and expenses; district clerk \$8,400 salary and expense; county clerk \$19,975 salary and expense; sheriff \$35,600 salary and expenses and also \$6,000 groceries \$3,000 automobile allowance, \$1,000 telephone and telegraph; county judge \$5,693 salary and expense; county attorney \$8,462 salary and expense; justice of peace \$3,300 (including \$2,400 No. 1; place 1, \$600 No. 1, place 2; constables \$3,707 (including \$2,187 for No. 1, \$1,500 for No. 2, \$300 for No. 3); treasurer \$3,825 salary and expense.
ROAD AND BRIDGE SPECIAL—\$2,345 assessing and valuator fees.
PERMANENT IMPROVEMENT—\$8,850, including \$3,700 repairs,

G.M. Workers Seek Immediate Benefits

By GLENN ENGLE
DETROIT (U)—Bound by contract until 1955, the CIO United Auto Workers are asking General Motors to go beyond their historic cost-of-living pact and grant immediate wage and pension benefits. If G. M., the industry's pattern setter for years, agrees, the union presumably will ask Ford, Chrysler and other auto companies with similar contracts to do likewise. The UAW disclosed yesterday that informal discussions on the subject, as secret as the contract negotiations themselves, have been held recently. But the talks reportedly have been brief so far. General Motors declined comment on their nature. The union's National General Motors Council, representing some 350,000 G. M. workers throughout the country, touched off the drive for contract improvements. Emphasizing that it was not attempting to reopen the non-renewable contract, the council said additional benefits were needed to bring the contract, signed in pre-Korean May, 1950, abreast of current living conditions. So it adopted a resolution asking the industry's biggest producer to "implement" the agreement by:
1. Boosting the guaranteed annual 4-cent hourly raise—the so-called annual improvement factor—to 5 cents.
2. Adding 21 of the 26 cents an hour gained in cost-of-living adjustments since the pact was signed to base pay. This would mean that only 5 cents could be taken away if the cost-of-living dives sharply between now and May, 1955.
3. Adjusting pensions of G. M. workers who have retired under the contract to give them the same purchasing power they had when the agreement was signed. The union did not say how much of a raise would be needed in the current maximum of \$125 a month, including social security. General Motors and the UAW first negotiated the now much-used escalator system, hitching wages to living costs in 1948. That was a two-year pact. In 1950 they revised it somewhat and extended it for five years. Now virtually all the industry's million workers are covered by cost-of-living agreements, providing a 1 cent pay boost or cut for each 1.14 rise or fall in the Bureau price index. They also are covered by the 4-cent "improvement" clauses and similar pension arrangements. Murph Thorp knows pain. (Adv.)

U.S. Is Due To Get Spain Bases In Time

By JOHN M. HIGHTOWER
 WASHINGTON (U-P) — Diplomatic officials said today they are reasonably confident that the United States eventually will get air and naval base rights in Spain but not at the price asked by Generalissimo Franco.

Franco's terms for agreeing to let American ships and planes use bases in Spanish territory were sent to Washington in late July and have already been rejected, these officials said.

The rejection was regarded in the State and Defense Departments as a phase in the bargaining with Franco, which has been under way since last March. Some officials said the Spanish reaction was to indicate that the initial terms were subject to modification and were not meant as final.

The Spanish problem came into the news yesterday when Sen. Long (D-La.) said the United States should come to an agreement on the base problem and told reporters he did not think the Spanish were asking too high a price.

He did not say what price they were asking.

Diplomatic officials indicated that at the moment they are not clear themselves on this point because negotiations are actively under way.

Secretary of State Acheson told a news conference yesterday that he would not discuss the Spanish talks at this time.

However, indications are that Franco wants the United States to undertake a larger aid program than the Truman administration has been willing to promise, plus a virtual alliance between Madrid and Washington. Officials here appear flatly opposed to the alliance idea.

The situation is complicated by the fact that Spain is not a member of the North Atlantic Treaty system. Its government is strongly represented in powerful political circles in France and Britain and other Allied countries. Hence the United States is going it alone.

Lehman Claims 'McCarthyism' Destroys Faith

NEW YORK (U-P) — Sen. Herbert H. Lehman (D-N.Y.) said today that "McCarthyism" is endangering this nation's civil liberties and destroying the people's faith in freedom and Democratic principles.

In a speech prepared for delivery before the AFL National Convention, Lehman also said the Taft-Hartley Act "must and will be" repealed.

"Civil liberties include the freedom to think, write and speak as one pleases," the senator said, "... and above all to worship God as one chooses."

"Today, the greatest and most immediate danger to our civil liberties is from what we call McCarthyism. The deadly and infectious quality of this danger was never so clearly demonstrated as by the results of the Wisconsin primary election last week."

Although Lehman never mentioned him by his full name, he was referring to Sen. Joseph R. McCarthy (R-Wis.) who last week was overwhelmingly chosen as GOP nominee for re-election to the U. S. Senate.

Reading Consultants Offer Elementary Teachers Tips On Reading Instruction

Elementary teachers, with a good assist from parents, have been gathering in tips on more effective reading instruction.

Tuesday and Wednesday teachers in the first three grades witnessed demonstrations and engaged in discussion with Evelyn Miller. Miss Miller is reading consultant for Houghton-Mifflin Company, publishers of the basal readers for first, second and third grades.

Last week Mrs. Rachel Lafferty, consultant for Ginn & Co., worked with teachers of grades four, five and six. This is the second year for the top three elementary grades and the initial year that the series for the top three elementary grades has been in use.

Parents made possible the special instruction for parents, said Dean Bennett, supervisor of elementary education, by taking charge of classes so that teachers could attend.

Mrs. Lafferty explained the purposes and techniques involved in the new basal readers and explained how the teachers manual, which Bennett said was vastly improved, could be used to greatest advantage. She showed how to first find the reading level of children, and how to use readiness tests which

serve as a check on the teacher's appraisal.

These tests not only establish reading grade level (a child in the sixth grade but be ready only for fifth grade reading material at the moment), but they also disclose where the pupil is in need of help—in work attack, work skill, phonetics, etc. Definite exercises to help overcome these reading blocks are provided.

Miss Miller's approach was similar, although she did give actual lesson demonstrations on the first and third grade levels.

She also met with teachers who were here last year and witnessed demonstrations. As they raised problems in light of a year's use of the material, she advised with them. When she returns in October or December, she will give demonstrations on specific phase—phonetics, comprehension, etc., said Bennett.

Use of the new series in the

primary and the upper three grade levels should provide a much better reading program, Bennett thought.

Rotarians To Lubbock For Inter-City Meet

Some 20 members of the Big Spring Rotary Club are to be in Lubbock this evening for the 28th annual inter-city meeting sponsored by Rotarians of that city.

A barbecue will be served at 6:30 p.m. in the Texas Tech stadium and a program, featuring an address by Frank H. King, Associated Press executive, will follow in the Tech gym. O. H. P. King, an AP correspondent, also will speak.

Tito And Eden Promise To Work For World Peace

BELGRADE, Yugoslavia, Sept. 18 (AP)—Premier Marshal Tito of Yugoslavia and British Foreign Secretary Anthony Eden swapped promises over luncheon toasts today to work together for world peace.

Lifting his glass in a toast to Tito, Britain's dapper foreign secretary said:

"We are ready, despite problems, to do what we can to help Yugoslavia to secure the peace and independence which are the right of every nation."

"I know you are determined to preserve the diversity and unity of your nation and to guard the independence for which you fought so hard in the past."

"We both seek peace. We seek the prosperity of our people and of other nations. With this community of interests, it is not natural that we should be drawing closer together."

Tito, in his toast "to the happiness and prosperity of the people of Great Britain, to the health of her Majesty's Prime Minister Mr. Winston Churchill and to your personal health dear secretary of state," said:

"I am convinced that this visit shall prove of great importance for the further development of friendly relations and cooperation between our two countries. We have common interests, the most important interest being to do everything in our power to save mankind from a new catastrophe—from war—in order to develop and strengthen peaceful cooperation among states and nations."

Douglas To Take Leading Role During Stevenson Campaign

WASHINGTON (AP)—Democratic party leaders said today Sen. Paul Douglas of Illinois will be one of the big guns in the drive to elect Adlai Stevenson as president.

Sen. A. S. Mike Monroney of Oklahoma, chairman of the party's Speakers Bureau, told a reporter, "Douglas is much in demand and we now have arranged speeches in 14 states."

Singers Here Friday

Leroy Abernathy and Shorty Bradford (above) are two of the singers who will appear in the "Battle of Songs" program to be offered Friday night at 8 o'clock at the City Auditorium. To present a notable evening of gospel singing will be Abernathy and His Miracle Men, plus another quartet, the Homeland Harmony Group from Atlanta, Ga. The presentation is another in a series of gospel music sponsored by the American Legion. Prior programs have been well attended, and received a warm reception.

Church Of Christ Orphan's Home In Italy Under Probe

ROME, Sept. 18 (AP)—Italian police turned their attention today to the little Frascati Orphanage of the American-led Church of Christ, which has been ordered to stop its Sunday religious services in 22 cities.

Cline R. Paden, head of the Church of Christ in Italy, said he went to police headquarters this morning in answer to a summons.

"They questioned me about our property at Frascati," he said afterward, although I have no idea why our orphanage there should be a concern for the police."

The police gave no indication what they planned to do about the home for 20 or 25 children, mostly war orphans, which is financed largely by the Brownfield, Tex., Church of Christ.

The orphanage has been under fire from government authorities, the Communist press and groups of youths in the Frascati area since it began operating three and a half years ago.

Biggest flare-up in the Frascati dispute was when three American evangelists of the denomination said groups of youths stoned them out of Castel Gandolfo, where the Pope has his summer home, and three other Alban Hill castle cities near Frascati.

Less than a month later, Rome's big Communist newspaper, L'Unita, carried a lengthy story strongly implying the Protestant evangelists were here as capitalist spies.

In an article headed "a strange orphanage of Texas pastors," the writer said: "If I could have peeped in through a window, would I have seen those pastors at prayer . . . or, rather, deciphering secret messages."

In a renewal of newspaper attacks, Roma di Naples said recently the Church of Christ was "a group of troublemaking Protestant Communists."

Paden, Brownfield evangelist who heads the Rome church of the denomination, told a reporter "we are doing everything possible to avoid trouble over the orphanage, because of the good work done there."

Taft Says Ike's Election Can Change Trend Of U.S. Spending

By REED SMITH
SPRINGFIELD, O. (AP)— Sen. Robert A. Taft said last night that only the election of Gen. Dwight D. Eisenhower as president can change the philosophy of government spending and power.

"Gen. Eisenhower has stated without qualification his belief in the philosophy of liberty," Taft told a Republican rally opening his 19-state tour in behalf of the man who beat him for the presidential nomination.

"He stated it long before I met him last week," Taft said, "and only reaffirmed it at that time when he has frequently said in the past."

"He believes strongly in our system of constitutional limitations and government power. He abhors the left-wing theory that the executive has unlimited powers."

"There is only one way to change the philosophy of government spending and power, and that is to elect Gen. Eisenhower and let him create a new administration, with new faces and new thoughts."

Taft's 30-minute address to a police-estimated crowd of more than 2,000 in Springfield's 2,600-seat Memorial Hall was broadcast and telecast nation-wide.

It was Taft's first speech since the July convention defeat that embittered many of his backers. Associates described his tour as

an all-out attempt to swing his disappointed supporters to "Ike."

"I have come to speak for all the Republican candidates, state, national and local," Taft said. "Naturally, my first interest is national and the election of Eisenhower and Nixon."

Sen. Richard Nixon of California is the GOP vice presidential nominee.

"During the campaign I expect to speak on all the issues, corruption and degradation in Washington, Communist influences in the State Department, the surrender of China to the Communists, the Korean War and Acheson foreign policy," Taft said.

"But to my mind," he continued, "there is one great fundamental issue before the American people in this election of 1952. It is resumption and continuation of progress under a free American way of life, as opposed to the alleged advances to be obtained by surrendering our money and our freedom to the tender mercies of an all-powerful and arbitrary government."

Taft expressed concern over election of a Republican Congress and said:

"The only reason that we have any real liberty left in the United States is the independence of Congress shown during the past 14 years. There isn't any doubt in my mind that we have represented the attitude of the people of the country against a government of

planned economy, power and bureaucracy."

Referring to Eisenhower's Democratic opponent, Gov. Adlai E. Stevenson of Illinois, Taft said:

"I can tell you that if he is elected on the Democratic ticket with the support of the same people who supported President Truman he is going to be engulfed in the same totalitarian philosophy that dominates four-fifths of those who are influential in the present administration."

"He cannot clean up the mess of corruption. He is a captive candidate. He would be a captive president."

Liquor License In Dry Areas 'Holds Off Feds' Says Man

By The Associated Press
What do you do with a federal liquor license in a county that Texas law says is dry?

Obviously, a Lubbock man told a reporter, you use it to keep the "Feds" from getting you when you're selling whiskey—what else?

Another Lubbock man said you don't use your license for anything.

Newspapers in Lubbock and Snyder, both in dry counties, sent reporters Wednesday to question people whose names turned up in the Internal Revenue Bureau's files of liquor tax stamp buyers.

The Sherman Democrat asked the sheriff about eight federal licenses on record for Grayson County. He said that's a lot less than there were two years ago.

A check of Revenue Bureau files had shown 38 stamps bought in North Texas counties that are legally dry.

Revenue Bureau officials said they have to sell the stamps to anybody who will give a business address and pay the tax—\$50 a year if you want to sell only beer. The Revenues can't refuse to sell a stamp just because the purchaser wants to set up shop in a dry county.

Samuel Long, Negro, said to the Lubbock Avalanche-Journal reporter who asked him about his liquor dealers license:

"What do you think I use it for? My only reason for having it is to keep out of trouble with the Feds in case I decide to sell a pint of whiskey. That's the only thing you can use it for in a dry town. You know that."

R. B. Trotter, president of the Hub City Club in Lubbock, said, "We haven't been using our tax stamp and license for any purpose whatsoever. I shouldn't ever have gotten the thing, anyway. In fact, I don't even know where the thing is."

The Avalanche-Journal reported that three men recorded as having liquor licenses were out of town. The paper said that B. C. Daulton, a fourth, has moved away and that the family living at the address listed for him has no connection with the liquor business.

Lubbock's Military Order of the

Girl Who Posed As Indian Says Jail 'Like Home'

FORT WORTH, Sept. 18 (AP)—The girl who posed—successfully for awhile—as an albino Iroquois Indian spent last night locked up in the county's juvenile ward.

"This," Yvonne Marie Hanks insisted, "is just like home."

Home turned out to be Fitchburg, Mass., and not the wilds of Alaska, asserted Canadian province nor an island in the St. Regis River between the United States and Canada.

Tarrant County juvenile authorities were holding the 16-year-old girl while her parents, Mr. and Mrs. Richard T. Hanks, were en route here by plane. She left home Sept. 7.

And she said she would leave again if they forced her to return—just like she had twice before.

She had posed as an Indian girl, name of Kim or Rising Cloud or Yalamulankastidanamutsa, since Friday when she was found in the woods near here.

But the name Yvonne Hanks had been found in her undergarments and her story fell apart when Fitchburg authorities and her parents wired the sheriff's office here.

"When I've got a straight face," she told assistant county probation officer Elise Reed, "I'm lying like a rug."

She said she ran away from home because her saloon-keeper parents made her wait on tables. "How would you like to spend most of your time in a bar with a bunch of drunks?" she asked.

But in Fitchburg, an older sister, Claire, said Yvonne was not asked to wait on tables. "Mother asked her to help in the restaurant kitchen peeling potatoes," said Claire.

Texas Draft Call Of 2,336 Ordered During October

AUSTIN, Sept. 18 (AP)—A Texas draft call for 2,336 men during November was announced by State Selective Service headquarters today.

The quota is Texas' share in the national November call for 47,000.

State Director Paul L. Wakefield noted that Texas' share in the national call dropped for November under the October quota of 2,733 even though the national calls for the two months were identical.

"Such factors as enlistments credited to the state and the number of men in the various age and classification groups have an effect on the way we share in the national quota," Wakefield explained.

Only men 20 years old and up will be inducted during November, with the exception of volunteers and delinquents, who can be younger, Wakefield said.

Local boards will be issued their quotas under the November call about Oct. 6.

200 Workers Clean Up Wake

HONOLULU (AP)—Some 200 essential workers, housed in tents, stayed on stricken Wake Island today to clean up after one of the worst storms in Pacific history.

A Military Air Transport plane left for Honolulu last night carrying the last group of more than 500 evacuees.

Winds of more than 160-mile-an-hour velocity Tuesday flattened nearly every building on the tiny U. S. coral atoll 2,300 miles west of Hawaii.

Only four persons were reported hurt, but unofficial damage estimates ran to 10 million dollars.

AP correspondent Stan Carter reported from Wake that "only two women are left—a nurse and a doctor's wife, who are needed to give injections and bandage cuts and bruises."

Carter said it probably would be three or four months before Wake is fully restored as an important stop on the Korean airmail route on commercial trans-Pacific routes.

Authorities said the island once more had an adequate food and water supply.

Second Deserter From Soviet Army Inducted By U.S.

SONTHOFEN, Germany (AP)—The U. S. Army beat 113 drums in public today to mark enlistment of a second deserter from the Soviet Union's armed forces. The first U. S. recruit from Russian uniform was inducted last March, but the Army didn't tell anybody about it until yesterday.

Today the Army called in the reporters to witness the enlistment ceremony here at this Alpine post for Arkady Rudivskiy, 24, a native of Odessa and formerly a mechanic in the Soviet Air Force. Stationed in the Russian one of Austria, he escaped to American-occupied territory in 1951 and has been working as a mechanic for an American airline.

The first enlistee, a Soviet sergeant, is serving in the U. S.

General Is Promoted

WASHINGTON (AP)—Major Gen. Paul W. Kendall, in command of the 1st Corps in Korea since June, has been promoted to the rank of lieutenant general.

'Copter Record Set By A Texas Pilot

NIAGARA FALLS, N. Y. (AP)—A Texas test pilot's 1,234-mile hop to Niagara Falls yesterday broke every known non-stop distance record for helicopters.

Elton J. Smith, 31, of Ft. Worth, covered the distance from his home town in 12 hours, 57 minutes and 30 seconds, flying a Bell Model 47D-1. Auxiliary tanks boosted the craft's fuel capacity from the normal 30 gallons to 187.

Pan-Am Highway Is Opened After Rains

NUOVO LAREDO, Mex., Sept. 18 (AP)—The Pan-American Highway, closed by floods and landslides Tuesday, was open again today.

The road re-opened yesterday, Miss Vella Uribe of the American Automobile Association said, and bus service was resumed.

Baptist Women Plan Prayer Week Program

Members of the WMU of the First Baptist Church will observe the Mary Hill Davis State Mission Week of Prayer Sept. 22-26.

A \$100,000 goal for the year for the missions has been set according to local Baptist churches.

Programs will be presented Monday, Tuesday, Thursday and Friday at the church. Mrs. Gayton Cothran will have charge of the worship services each day.

Monday, the Mary Willis Circle will have charge and the theme will be "Everyone."

Mrs. C. W. Nevins will discuss "They Accepted the Responsibility" and Mrs. J. E. Hardesty will present two topics, "College Students Feel Their Responsibility" and "They Thirsted."

Mrs. E. E. Bryant will tell of "Others Thirst" and "Our Hospitals Bring Water." "They Repeat His Invitation" will be Mrs. W. E. Lovelace's topic.

With the theme "Channels of Blessings," the Christine Coffee Circle will direct Tuesday's program. Members will discuss "The Channels of Blessings" and "The Channels of Blessings."

Members of the local church as

Channels Through Which City Missions Flow."

Gayton Cothran will tell of the Training Union, Darrell Mock of the Sunday School, Mrs. W. E. Bettle of the WMU and Mrs. W. L. Mead of the Brotherhood.

Mrs. R. D. Ulrey will sing an offertory solo.

"Give Me This Water" will be the theme of the Thursday program and the Johnnie O'Brien Circle will be in charge.

Mrs. A. L. Hobbs will speak on "The Relationship of New Projects to Minority Groups." Mrs. Roy Odum on "Today's City Mission Work" and Mrs. J. O. Skiles, "Where Do Goodwill Centers Fit In?"

The Mary Hatch Circle will present the final program Friday with the theme "New Way, New Walk, New Wonder."

Mrs. Guy L. Manning will tell of "Unusual Beginnings of New Life." Mrs. Horace Reagin of "New Ways in the Extension of Missions" and Mrs. W. F. Taylor, "New Joys Through Vision and Inspiration of State Leadership."

331 Pink "Roller" Hat

By CAROL CURTIS

Crocheted in autumn pink wool, this soft, new hat has the "rolled" brim so popular this season; it can be turned up high, adjusted to frame the face most becomingly; turned down deep and snug in back to keep winter winds off! The most versatile hat in your wardrobe, you'll want two or three in different colors!

Send 25 cents for the Crocheted "Roller Hat" (Pattern No. 531) complete crocheting instructions, finishing directions, YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS, Big Spring Herald, Box 229, Madison Square Station, New York 10, N. Y.

Patterns ready to fill orders immediately. For special handling of an extra 5 cents per pattern.

Tri-Hi-Y, Hi-Y Groups Make Plans For Workshop

Members of the local Tri-Hi-Y and Hi-Y Clubs will be hosts at an Officers Workshop to be held at the Big Spring High School Oct. 4, it has been announced.

The meeting will begin at 10 a. m. and adjourn about 3:30 p. m.

Members of the local clubs have extended invitations to members of the clubs in Abilene, San Angelo, Lamesa, Snyder, Odessa, Midland, Lubbock, Sweetwater, Roacoe, Fort Stanton, Garden City and Lorraine to attend.

Approximately 150 young people are expected for the meeting that is being planned to give officers and members a good background in order that they might serve their clubs better.

Narrell Dene Choate, president

of the Tri-Hi-Y, appointed a dance committee at the recent meeting of the organization.

She announced that Col. Dan Pitts will attend the next meeting and Anne Gray reported on the radio program being presented each Saturday morning by the two groups.

John Lawrence, Hi-Y president, has chosen as a constitution committee, Glen Rogers, chairman; Wade Simpson and Bill Broadley.

Robert Angel has been named council representative and Lawrence will plan the programs for the semester.

Assisting him will be Roger Brown, Steve Kornfeld, Louis Stipp and Angel.

New Central Ward P-TA Chairmen Are Introduced

The Rev. Edward Welch spoke on "Knowing Your Neighbor" at the Wednesday afternoon meeting of Central Ward P-TA at the school.

New officers of the group were introduced by Mrs. J. H. Homan, president. They are Mrs. W. H. Balm, first vice president; Mrs. G. H. Briden, second vice president; Mrs. Ruth Burnam, secretary; Mrs. E. P. Driver, treasurer.

New teachers in the school were introduced by Dixie Boyd, principal. Mrs. Homan also introduced the new committee chairmen. They include Mrs. Charles Fannin, publicity and scrapbook; Mrs. G. H. Briden, program; Mrs. Paul Sol-dan, membership; Mrs. Adrian

Porter, budget and finance; Mrs. Sam Bloom, publications; Mrs. Ruth Burnam, radio.

Mrs. Hal McEntire, safety; Mrs. E. C. Howard, hospitality; Mrs. J. T. Isbell, room representative; Mrs. Clea Faye Fryar, devotional; Mrs. Steve Baker, goals; Theo Sullivan, auditing; Mrs. O. L. Puckett, health; Mrs. Elvis McCrary, Study Club and Council representative; Joyce Beene, VA Hospital programs; Mrs. Roberta Welch, exceptional children; Mrs. Doyle Turney, visual education; Dean Bennett, legislative; and Hal McEntire, Scout representative.

The Central Ward group now has a membership total of 118. The membership drive will continue through Oct. 15.

FHA Initiates New Members, Elects School Paper Staff

FORSAN, (Spl) — New members were initiated and the newspaper staff was chosen at a recent meeting of the Future Homemakers Association of Forsan High School.

Peggy Knight, president of the organization, presented 48 new members to the new members after Mary Fairchild, vice president, had explained the creed.

Presented emblems were Ramona Leatherwood, Dan Hayhurst, Terry Fullen, Arlen White, Mary McElrath, Mary Fletcher, Claudette Moore, Doris Miller, Jerry Stephenson, Marketta Willis, Patsy Shoultz, Bobbie Henderson, Barbara Dean and Margaret Box.

Becca Sewell was named editor of the school paper and assisting her will be Dan Hayhurst, assistant manager; Arlen White, business manager; Margaret Box, freshman reporter; Doris Hahn, sophomore reporter; Lucie Jacobs, junior reporter; Ruth Calley, senior reporter; Terry Fullen, boy's sports; Nannette Camp, girls' sports; Mary Fletcher, Who's Who; Claudette Moore, society editor; Sue Jones, gossip; Mary Ann Moore,

Refreshments, carrying out the red and white color scheme, were served following the business session.

The Rev. Travis La Duke, who is holding a revival here, spoke to faculty members and students of the Forsan School at a school assembly program recently.

He was introduced by the Rev. J. M. Stagner, local pastor, and Bob Denton, a student at Hardin-Simmons University, Abilene, who is in charge of the revival song services, led the group in a sing-song.

Denton also sang as a solo, "Satisfied with Jesus." Mrs. Wayne Monroney was accompanist.

The Ladies Auxiliary of the Forsan Country Club met recently at the club house with Mrs. Carlton King and Mrs. George Pickett as hostesses.

Mrs. M. M. Hines presided during the business session.

Supper was served to 11 members and one guest, Mary Virginia Lamb of San Francisco, Calif.

HD Club Sees Demonstration On Refinishing Furniture

FORSAN, (Spl) — Mrs. Eugenia B. Toland, agent, gave a demonstration on refinishing furniture Monday afternoon to members of the Forsan Home Demonstration Club meeting in the home of Mrs. Dan Furse.

Mrs. Toland brought out the following points in her discussion: Is the furniture worth the cost in time, labor and money required to restore it? Is it well-built, of good material and simple in design? Will the wood finish well, and how should old scratches and marred varnish surfaces be handled?

She also discussed the technique of repairing, sanding and actual refinishing processes.

Mrs. J. R. Howard will entertain the club in her home Oct. 8.

Fishing during the week on the Concho near San Angelo were Mr. and Mrs. S. C. Cowley and Mr. and Mrs. E. A. Bassinger.

Mr. and Mrs. Henry Olive and children of Mangum, Okla., were week-end guests of Mr. and Mrs. C. B. Long.

Mr. and Mrs. Frank Theime, Frank Bada and Carol Ann were

week-end visitors in Brownwood and Christoval.

Mr. and Mrs. Audrey Chambers and children attended the hot races Sunday in Colorado City.

Mr. and Mrs. Jim Huff of Denton were here recently visiting in the home of a daughter and family, the L. T. Soultzes.

Mrs. L. T. Soultzes accompanied her son, Jimmy, to Abilene Tuesday where he enrolled in Hardin-Simmons to major in engineering.

Allen Clifton, son of Mr. and Mrs. Ed Clifton, enrolled Tuesday in Hardin-Simmons as a sophomore.

Airport P-TA To Meet Tonight At 8

Mrs. Akin Simpson, president, has announced that the Airport P-TA will meet tonight at 8 at the school for the first meeting of the school year.

The program will include a sing-song and introduction of all teachers at the school. All parents of children attending the school are cordially invited to attend.

Lion's Auxiliary Makes Plans To Honor Visitors

Plans were made for a luncheon Saturday at 1 p. m. at the Wagon Wheel honoring the wives of members of the Lion's International Cabinet when the Lion's Auxiliary of the local club met Wednesday for luncheon at the restaurant.

Auxiliary members desiring to attend the Saturday affair are being asked to call Mrs. Harold Steck at 104-W for reservations.

Saturday at 7 p. m. Lions and their families will compliment the cabinet and their wives at a picnic in the City Park.

Mrs. Lou Carothers and Mrs. Lou Carothers were hostesses for the Wednesday meeting and one new member, Mrs. Gib Farrar, was welcomed.

The table was centered with an arrangement of autumn leaves and varicolored chrysanthemums.

Hostesses for the club year will include Mrs. Marshall Cauley, Mrs. Carl Coleman and Mrs. Dan Conley, October; Mrs. Jack Cook, Mrs. Pete Cook and Mrs. C. W. Deats, November; Mrs. John Dibrell, Mrs. Avery Falkner and Mrs. Art Franklin, December; Mrs. Gilbert Gibbs, Mrs. Vernon McColin and Mrs. R. R. McEwen Jr., January; Mrs. George Melear, Mrs. C. W. Norman and Mrs. Les Kornfeld, February; Mrs. D. S. Riley, Mrs. Harold Steck and Mrs. Willard Sullivan, March; Mrs. Clyde Thomas Sr., Mrs. Jack Turner and Mrs. Cliff Wiley, April.

New members will be hostesses at the final meeting in May.

Sixteen attended the Wednesday session.

Cheerio Circle For Blind Entertained At Luncheon

A display window of articles hand made by members of the Cheerio Circle for the Blind was discussed at the luncheon meeting of the group Wednesday noon at First Presbyterian Church.

The Women of the Church were hostesses to the group and served the luncheon.

Guests on the program were Evangelist Lester Roloff, who gave the opening prayer and brought a special message to the group; Francis Goodman, revival pianist; and Roy LeTourneau, revival singer, who led group singing and presented a special vocal selection.

Dr. R. Gage Lloyd, Presbyterian pastor, gave the devotional on "Good Samaritans" and Mrs. Clyde Thomas Jr. reviewed the book, "Cheaper By The Dozen."

The display window will be arranged Oct. 4. The miniature white cane sale, to raise funds for the club, also will begin Oct. 4.

Mr. and Mrs. Charlie Boland, who recently returned from a trip to Austin, reported to the club the advantages to be gained by joining the Federation of clubs for the blind.

Attending were two new members, Tom Hicks of Big Spring and Mrs. Juanita Johnson of Colorado City; two visitors, Lon Curtis, Big Spring, and Mrs. Joe Cowan, Colorado City; 18 members of the circle; and three who drove cars for the members, Mrs. Roy Phillips, Mrs. Truett Thomas and Mrs. Frank Fryar.

Henry Haynes delivered the closing prayer.

Forsan Study Club Names Committees At First Meeting

FORSAN, (Spl) — "Women at Home and Abroad" will be the theme of the year's program of the Forsan Study Club it has been decided by members who met recently for breakfast in the home of Mrs. Gene Smith.

It was the first meeting of the club year.

Mrs. Joe Holladay outlined the program for the year and Mrs. Hamilton Elrod gave the invocation.

Mrs. Lois Smith, president, appointed the following committees: Yearbook, Mrs. Holladay, Mrs. B. P. Hughton and Mrs. W. E. Stockton; Social, Mrs. John Sweeney, Mrs. Hughton and Mrs. B. J. Wiss; Membership, Mrs. J. R. Asbury; Finance, Mrs. H. H. Story, Mrs. C. V. Wash, Mrs. Eli Jacobs; telephone, Mrs. W. B. Dunn; Welfare, Mrs. A. J. McNallen and Mrs. J. D. Leonard.

Department chairmen were also named. They include Mrs. Dan Furse, public affairs, safety and legislative; Mrs. Leonard, congratulations, condolence and helping mankind; Mrs. Dunn, reporter.

Mrs. Harwood Keith of Big Spring, president of the 8th district, Texas Federation of Women's Clubs, and Mrs. G. G. Sawtelle of

Big Spring, district secretary were special guests.

New members of the organization include Mrs. J. D. Dempsey, Mrs. R. L. Bowman, Mrs. Eli Jacobs, Mrs. C. C. Brunton and Mrs. Walter Greasett.

Other guests were Mrs. Wayne Monroney and Mrs. F. P. Honeycutt and Pat.

The next meeting of the club will be Oct. 2 at 3:35 p. m. at the school music room. At that time a debate will be presented.

Two Girls Are Honored On Birthdays

FORSAN, (Spl) — Winona Hall was honored with a party on her 11th birthday Tuesday by her grandmother, Mrs. Leona Hall, at their ranch home.

The large white birthday cake was decorated with red icing and red rosebuds made from the confection.

Attending were Linda Duffer, Nancy Sweeney, Jan Stockton, Sharon Starr, Elizabeth Story, Linda Camp, Verna Draper, Wilma Dunn, Mary Belle Stockton, Glenda Whitteburg, Frances Long, Alice Long, Sharon Smith, Kenneth Duffer, Freddie, Roger and Stevie Park, Mrs. Henry Park, Mrs. W. B. Dunn, Mrs. Alvin Long, Mr. and Mrs. A. J. Smith and Frank Hall, father of the honoree.

Mrs. O. W. Fletcher complimented her daughter, Sherrille, on her 11th birthday recently with a party in their home.

Outdoor games provided the entertainment and cake and soft drinks were served to Lorita Overton, Gaye and Bobby Huestis, Ginny Scudday, Carolyn Everett, Betty and Shirley Majors, Alice and Frances Long, Jimmy and Nancy Anderson, Sammie and Bennie Barnett, Donnie Smith.

Milton Bardwell, Leon Calley, David Robinson, Tommy Gilmore, George White, Charles Skene, Randall Fowler, Glenda Whitteburg, Judy Shoultz, Mrs. D. W. Robinson, Mrs. Alvin Long and Mrs. J. B. Anderson.

Joan McKenny Feted On Birthday With Party Wednesday

Young people of the Westside Baptist Church met in the home of Mrs. A. S. Smith Wednesday evening, immediately following the revival services at 10th and Nolan, to celebrate the birthday of Joan McKenny.

The group sang songs and held a sweet prayer service. Gifts were opened, games were played and refreshments were served.

Attending were Jean Buchanan, Close Odell, Mona Boroughs, Marjorie Murphy, Billy Gresson, Pete and Red Sonderson, Bob Davis, Joe Rhodes, H. G. Bernard, Don Dunbar and Carol Chapman.

Sunbeam Band Has Meeting At Church

Mrs. A. J. Hutchins led the opening prayer at the recent meeting of the Hillcrest Baptist Sunbeam Band at the church.

Following a program of songs and stories, the children were taken to the home of Mrs. Frank Melson where they presented their father, who is ill, with a pie baked by Mrs. H. H. Dyer. They also presented a group of songs.

Mrs. J. W. Arnett, who furnished transportation for the Band offered the closing prayer.

Thirteen attended.

Two For Tea!

Apron with applique heart (included in pattern); other with flounce. Both designed to come to the party after their job backstage!

No. 2747 is cut in one size. Applique heart apron, 1 yd. 55-in. plain fabric; 1/2 yds. 35-in. contrasting; 1/4 yd. for heart, 2 1/4 yds. binding. Flounced apron, 1 yd. plain, 5/8 yds. for flounce, 1 5/8 yds. ric rac.

Send 30 cents for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Big Spring Herald, Box 42, Old Chelsea Station, New York 11, N. Y.

The FALL-WINTER FASHION BOOK, just out and beautifully illustrated in COLOR! Presenting fall fashions at their smartest. Over one hundred practical, easy-to-make pattern designs, for every age and type of figure. Be an early bird, order your copy now. Price just 25 cents.

B&PW Group To Send Clothing Overseas

As its part in the B&PW Club's observance of National Business and Professional Women's Week, Sept. 28-Oct. 4, the international relations group of the organization will pack a box of clothes to send overseas.

The box will be sent to people in West Germany who have escaped from behind the Iron Curtain.

Mrs. Theima Roe, chairman of the committee, asks that anyone who has discarded clothing which they would like to donate to please call her at her office, No. 940, or at her residence, No. 2311-J, and

someone will be dispatched to pick up the garments.

Winter clothing is in demand and especially needed are clothing for men and boys. The clothing will be packed at a covered dish dinner to be held by the group Oct. 2.

Further plans for the observance of national B&PW week were made at the dinner meeting of the club Tuesday evening at the Wagon Wheel.

Oma Buchanan, chairman of the membership committee, was in charge of the program, and Beanie Love, chief nurse at the VA Hospital, gave a history of the accomplishments of the club and directed discussion on the organization's plans for the year.

About 35 members attended.

Shower Fetes Mrs. Scott

Mrs. Billy Scott was honored at a pink and blue shower given Monday evening in the home of Mrs. J. R. Petty, 1013 Sycamore.

Co-hostesses with Mrs. Petty were Mrs. Gordon Gross, Mrs. Ernie Kebrer, Mrs. Eugene Thomas, Mrs. J. W. Hughes and Mrs. Leon Cain.

The lace-covered table was centered with an arrangement of pink baby asters and favors were tiny baby dolls, tied with yellow and blue ribbon.

Refreshments were served to 38

Stay beautiful —by avoiding monthly look

Why look older, worn out, jittery for 2 or 3 days each month? Why let everybody know you're "time" is here? Thousands of smart girls and women take a little CARDUI each day to help build new energy and resistance. They look, act, sleep better, feel less and less misery each month. Some even go through periods without pain after a while. They love all month—ask your dealer for CARDUI.

Steers Have A Busy Time On Drill Field

The Big Spring Steers, still hale and hearty after three rugged days on the practice field, were pointing enthusiastically to the San Angelo Hobcats today on the eve of their home opener.

The Longhorns had another busy afternoon on the practice field Wednesday, and they seemed to thrive on it.

Work on defense took top billing in the drill session, which followed two days of intensive practice on offensive maneuvers. And the first time defenders sparked time after time as coaches Carl Coleman and Wayne Bonner sent opposing elevens together in full-scale contact drills.

An offensive contingent ably directed by Frank Long and Robert Angel repeatedly threw a wide variety of plays at the defensive stalwarts. Occasionally they were successful, but for the most part the defensive guardians anchored by such stubborn operatives as Giz Gilstrap, Tiny Ellison, et al. were able to hold their ground. Buddy Cosby, the personable young sophomore, was getting in his licks, too, on the defensive eleven, along with Bill Dorsey, Don Swinney, Nugent Reid and others.

They got suitable competition from the opposite side of the line as Long and Angel sent their eleven into a series of formations ranging from the straight T to a double wing spread, with some fancy ball totting by Donald Mack Richardson, Billy Martin, Brick Johnson, and company.

The Longhorns were due to take things a little easier today.

Meanwhile, local fans still had another day to purchase advance

tickets for Friday night's game. The tickets are on sale at the school tax office, located adjacent to the Junior High School, and at Dibrell's Sporting Goods store.

Student tickets for the San Angelo game will be on sale in all city schools tomorrow. Reserved seats for adults sell for \$1.20, while

Five S'West Teams Prepare For Action

By CLAYTON HICKERSON
Associated Press Staff

Five Southwest Conference eleven put the finishing touches on their attacks Thursday for Saturday's opening games.

Texas A&M plays the University of Houston at Houston; Texas takes on LSU's Tigers at Baton Rouge;

Angelo JC Is Impressive In Football Opener

By The Associated Press

San Angelo's opening football victory was more than impressive to Pioneer Conference foes. The statistics back up the Rams' night.

San Angelo rushed its way into the early statistical lead while trimming Del Mar, 27-12. In beating one of Texas' toughest junior colleges, San Angelo summed up 142 yards rushing and 138 passing for a conference lead of 380 total yards.

All but Tarleton State College of Stephenville have played one game. The Plowboys open their slate Friday at home against Cisco Junior College.

As for statistics, San Angelo's Jack Bridges, a halfback, leads the league with 121 yards on 11 carries, an 11-yard average. He also shares the scoring lead with Bobby Bowmer of Schreiner, both having 12 points.

San Angelo's quarterback, Ken Hanson, is the top passer thus far after completing nine of 18 aerials for 127 yards, a 14-yard average.

Other leaders are Schreiner's James Brazzell, four pass receipts for 24 yards; Buddy Hamrick of Ranger Junior College, five punts for 213 yards, a 42.6 average; and Johnny Cozart of Arlington State, one punt return for 85 yards.

Ranger begins this week's slate Thursday by playing Midwestern B team at Ranger. Friday's game (conference teams first) match Tarleton State vs. Cisco JC at Stephenville. Schreiner vs. Southwest Texas JC at Uvalde, Arlington State vs. Decatur Baptist at Decatur and San Angelo vs. Wharton at Wharton.

The league has a perfect record after last week's opening results: Arlington State 21 Cisco 0; San Angelo 27 Delmar 12, Schreiner 20 Wharton 6, Ranger 26 Decatur Baptist 0, with Tarleton State idle.

general admission tickets are 90-cents each. Student tickets are 30-cents each. However, no student tickets will be sold at the box office Friday night. District regulations specify that students must purchase their game tickets at their respective schools to avoid confusion at the box office.

Graziano Still Possesses Some Great 'Powers'

By CHARLES CHAMBERLAIN
CHICAGO (AP) — Rocky Graziano demonstrated last night that he still has great powers.

He personally took charge of air conditioning Chicago Stadium.

The wind he stirred up missing Chuck Davey was from wild swings born of desperation.

Rocky was completely outclassed, a spectacle of bewilderment, like a bat skewered by a matador but still pawing the ground in a blind rage.

The phantom-like Davey piled up a tremendously lopsided victory to continue unbeaten through 37 fights since turning pro after graduating from Michigan State. Graziano weighed 158, Davey 150 1/2.

Through 10 rounds, welterweight Davey sawed into Graziano, the ex-middleweight champion, with left hooks to the body and face and a jabbing, cuffing right. At the end, the sensational southpaw was awarded a 61-39 edge on points by Judge Edward Klein, 58-42 by Judge Harold Marovitz and 56-44 by Referee Frank Sikora.

Seldom has a major fight that lasted the distance been won so unanimously. Only Sikora gave Davey a single round, scoring the last in his favor 3-4.

The nationally - televised and broadcast drew a ringside crowd of 11,970 that paid a gross of \$28,830. The net was \$64,331 of which Graziano received 30 percent and Davey 22 1/2. Television receipts for each fighter was kept a secret.

Davey is now in line for a crack at the welterweight title.

The date, depending on the outcome of Champion Kid Gavilan's title match with Billy Graham in Havana, Cuba, Oct. 4, is tentatively set for February. It probably will be in Davey's home town of Detroit.

It is unlikely that Kid Phantom, who holds a masters degree in education and is rapidly becoming one of the nation's most eligible bachelors, will have another fight before the big one.

LITTLE SPORT

GIANTS CLOSE IN

Gamble On Rookie Looms Even Larger

By ORLO ROBERTSON
Associated Press Sports Writer

Leo Durocher's losing gamble loomed larger and larger today with his New York Giants trailing by the pacesetter Brooklyn Dodgers by three games in the National League and time rapidly running out.

The Giants closed in on the Dodgers yesterday as big Jim Hearn shut out the Chicago Cubs, 2-0, while the Brooks were dropping a 4-1 decision to the cellar-dwelling Pittsburgh Pirates.

But the second guessers are saying the Brooklyn lead might well be only two games if Durocher had not chosen to throw an untried rookie, Jack Harshman, against the Cubs Tuesday.

"I just gambled and lost, that's all," was Durocher's retort.

With each team having nine games to play, the Dodgers need only a combination of seven victories or Giant defeats to assure them of their first pennant since 1919.

In the American League the New York Yankees closed the door a little tighter on the Cleveland Indians.

Only 2 1/2 games separate the pair today, following the Yanks' 12-3 victory over the hapless Detroit Tigers and the Indians' 6-1 conquest of the Washington Senators. The Tribe has only eight

Junior High Students Schedule Pep Rally

Getting ready for their initial home game, junior high students will hold a pep rally at 1 p. m. Friday in the junior high gym.

The rally will be in charge of pep leaders, said James T. Johnson, principal. They are Reba Kiddle, Ann Ribbrough, Rita Kay Rogers, Jean Robinson and Tom Carleton.

The Big Spring Yearlings will tangle at 7:30 p. m. Saturday at Steer Stadium with the junior team from Crockett school in Odessa. Student tickets (30 cents) go on sale immediately after the rally, said Johnson.

Scouts In The Red

LONDON (AP) — Britain's Boy Scouts — nearing the half-million mark in membership — are 30,000 pounds (\$84,000) in the red, the organization's annual accounting revealed today.

Selbo Pitches Indians To Win Before 3,500

By The Associated Press

Pitcher by whim and slugging outfielder by trade, Long Gene Selbo whim-whammed the Midland Indians ahead of Odessa, two games to one, in their best-of-seven Longhorn League final play-off series Wednesday night.

Selbo took his third turn of the year on the Midland mound— for his third win— and earned the 2-1 victory over the straightaway champion Oilers.

He also provided two hits and a walk to the 10-hit Midland attack. Odessa reached for a 1-0 lead in the first inning on a walk and Roman Loyko's double off Selbo. The Oilers were blanked the rest of the game. Selbo, who fanned four men, only gave up three of a total seven hits during the last six innings.

Meantime, Earl Bossenberry singled in the tying Midland run in the third inning off lower Carlos Villarreal; and a walk to Selbo and singles by Bill Brown, Woody Pennington and Gordon Tanner picked up the two marginal runs in the fourth inning.

The largest crowd in Midland's baseball history, 3,500 fans, witnessed the game. The two play again at Midland Thursday night.

Marciano's Progress Pleases His Trainer

By GAYLE TALBOT
GROSSINGER, N. Y. (AP) — "I guess the thing I'm proudest of about Rocky Marciano," said Charlie Goldman, the little man who trains the challenger, "is the way he has developed into a great body puncher."

"You've got to realize that when I took him over he didn't know what a body punch was. In the first 10 fights I handled him he didn't throw a single one—and I mean not a single one."

"So I hired a sparring partner for Rocky, and for weeks I had him go in there and punch him once to the head. The earnest way he went about learning it was what first convinced me, I think, that I had a really great prospect on my hands."

"Now body punching is Rocky's best weapon. It's how he wears them down and sets them up for the finisher. It's how he compensates for his rather short arms."

When he digs into a fighter's middle it really hurts, though it might not be obvious to the spectator.

"Another thing Rocky can do now with the best of them is feint. If Walcott tries feinting him next Tuesday night, you will see him get feinted right back. If Joe thinks he's going to make a sucker out of Rocky with that funny stuff of his, he's going to get a big surprise."

"Rocky right now is a much better boxer than a lot of people think. He'll never be a classic-looking fighter, but don't make the mistake of thinking he's awkward."

"Has he faced as good a boxer as Walcott? I would say yes. I think that Roland La Starza was as clever as Joe is, and Rocky decided him in 10 rounds. Since then he's made a hospital case of Lee Savold, and don't think that bird didn't learn something about boxing in 20 years in the ring."

Truck, Auto Collide

A truck and automobile were involved in a traffic mishap at Fourth and Gregg about 8 a. m. today.

Police said Albert Wilburn, Big Spring, was operator of the truck and John H. Koelker, Wichita, Kansas, was driver of the car. Damage was slight and there were no personal injuries.

Sports' Streak Delayed By Rain

By The Associated Press

Rain delayed the Shreveport winning streak in the Texas League play-off Wednesday night and Oklahoma City's Bill Greason is the Indian mound choice to try to end it tonight.

The Oklahoma City at Shreveport second game of the final play-off was halted 20 minutes before game time and called off to try again tonight. The Sports lead the fight for a Dixie Series position by one game after taking the opener Tuesday, 8-4.

So far, Shreveport has not lost a play-off contest. The Sports moved down Fort Worth in four games and continued on Oklahoma City. Inactivity, however, is to their favor. For the Sports have played only once since Saturday night. The Indians are getting needed rest from overcoming Dallas, the regular race champion, in a six-game series.

Greason, who has won and lost one game in the play-offs, probably will get Oklahoma City's starting hill assignment over veteran Al Gerheuser (1-1). Jim Willey (1-0) will work for Shreveport.

Greason, one of two Negro pitchers in the league, picked up a 9-1 season record.

Three Tech Scouts To See Owls Drill

HOUSTON, Sept. 18 (AP)—Three scouts from Texas Tech will be in the press box tonight when the Rice Owls engage in an intrasquad game.

Tech meets Rice in the season opener here Sept. 27, and since Rice coaches will have an opportunity to watch the Red Raiders Saturday night against West Texas State, Coach DeWitt Weaver was invited to watch the Owls.

This will probably be the last time this season that Coach Jess Neely turns his top offense against his top defense.

Borger Edging Toward Finals

By The Associated Press

Borger turned back Albuquerque, 5-2, Wednesday night and the odds are on a West Texas-New Mexico League champion being a club that could only break even during the regular season schedule.

Amarillo already is in the final play-off round after winding up the season with a 70-70 record, then beating Glavis (94-47), the regular champion, in five games.

Now Borger, who tied Amarillo's season mark, has a 3-2 advantage against Albuquerque.

A four-run outburst in the eighth inning put Borger ahead of Albuquerque. Until then, Jesse Priest, slender Albuquerque pitcher, was coasting along on a three-hitter when the roof fell in. Only two Gassers had reached first until the eighth inning, including a fourth-inning homer by Joe Duffield.

Jim Cain gave up 10 hits to seven for Priest in winning.

Albuquerque will entertain the Borger Club Thursday night with its Ed Flanagan to do the serving. Pitcher Joe Borger will go for Borger.

PRACERS' FOOTBALL RATINGS FOR GAMES THIS WEEK

Dick Dunkel's COLLEGE FOOTBALL POWER INDEX

EXPLANATION — The Power Index provides a direct comparison of the relative strength of any two teams for this season to date. Thus, a 50.0 team has been 10 rating points stronger than a 40.0 team on their respective records, in which average rating equals last season's rating. However, this does not mean that a 50.0 team should defeat a 40.0 team by 10 points in the future, because the ratings have not been adjusted for such important forecasting factors as home field advantage, injuries, lineup changes, etc. Therefore, they are not to be considered in any way as gambling indicators. The Dunkel system correlates records of all college teams and was started in 1929.

For Week Ending September 21, 1952

Grid Forecasters Go On Spot Early This Season

By HAROLD CLAASSEN
NEW YORK (U)—Football crashes the sports pages this week with a speed-up program that lists a half-dozen conference games and intersectional contests which would have been mid-November attractions five years ago.

As a result, football forecasters are on the spot at the very start. There is no warmup period of picking breathers. Here's how the major games should come out this weekend:

Southern California over Washington State: State's surprising sophomores of last year are expected to win, and the Trojans have just completed the shift back to the single wing. A weak nod to Southern California in the Friday night affair.

Texas Christian over Kansas: This is the game you can see on your TV set Saturday afternoon. The Texans are the defending champions in the Southwest Conference and Kansas is rated one of the Big Seven's best.

Maryland over Missouri: The split-T attack was invented by Coach Don Faurot of Missouri. Now his squad will be devoured by the system's most noted disciple.

Georgia over Vanderbilt: Vanderbilt reported having quarterback problems.

RAMBLING IN SPORTS

Lions, Steers Have Similar Grid Woes

(Sports Editor Tommy Hart is on vacation. His regular column, "Lookin' 'Em Over" will be resumed on his return.)

By WACIL MCNAIR

Reports on their first games indicate that the Vernon Lions and the Big Spring Steers face similar problems in preparing themselves for the District 1-AAA grid chase.

According to the figures on their season's opener with Wichita Falls last week, what little offense the Lions were able to muster merely sputtered and fizzled. Statisticians gave them a net deficit of 10 yards in the rushing department. They did manage to complete six of 18 passes, but the Vernon lads realized only 23 yards through the air. That gave them a total of only 13 net yards for the game.

The Steers picked up a net of 58 yards rushing and 34 yards passing against Breckenridge and made four first downs. Vernon made two first downs against the Coyotes.

Strangely enough, the Lions did manage to maneuver a touchdown, while the Longhorns were held scoreless.

The Steer offense, while gaining

intermittently, never developed into a sustained movement downfield, which undoubtedly was a big factor in the margin of victory for the Buckaroos. In other words, the Breckenridge boys hogged the ball most of the game and they were able to run many more plays than the Steers.

A clear-cut comparison of Breckenridge-Wichita Falls strength will come Friday night when the Buckaroos meet the Coyotes at Wichita Falls.

Sweetwater's Mustangs, general favorites to win the District 1-AAA football crown this year, were led to victory in their opener by a junior letterman, Angel Olvera. Although Coach Pat Gerald had praise for his enter squad following their 26-6 triumph over Leveland, Olvera was referred to as "the fuel which kept our grid machine running." Olvera weighs 154 pounds and plays his football in the fullback position.

Clyde Thomas was showing pictures of his travels in Mexico at the Lions club Wednesday and commented on an ancient game played by the Yucatan natives with a rubber ball about the size of a volleyball. Winners in the game got to go through the crowd snatching gold earrings, or whatever else of value they saw. Captain of the losing team was immediately put to death and a death mask made of him.

"That's what happens to coaches today," Coach Carl Coleman observed sadly.

If the East Texas State Lions should lose to ACC on Friday night other members of the Lone Star Conference might regard it as a bad omen. The Lions copped the LSC title in 1950 and 1951 after losing to the Texas Conference Wildcats, and the 14-6 defeat at the hands of ACC last year was one of only two setbacks they suffered during the season.

Beaumont Must Get Funds Soon

BEAUMONT, Sept. 18 (U)—The Beaumont Chamber of Commerce priority to buy the local Texas League baseball franchise has only 14 more days to go in raising the \$200,000 owner Gus Alrey wants for the club.

Earlier, Alrey had said the chamber of commerce would get first shot at the 40-year-old Texas League club. He has now set the date for that option to expire, at midnight October 1. A busy chamber of commerce committee and group of citizens is working enthusiastically to gather local money to keep the club.

H. S. Lowry, a local insurance man, with a Dallas associate, said he would purchase 60 per cent of the club for Beaumont operation. However, he added, Alrey's present asking price "is too much to high."

Alrey has said he can sell the franchise elsewhere, but the chamber of commerce gets first bid. After that word, T. T. Hunt, president of the chamber, put a committee into action to raise the needed funds.

Beaumont's club has been continually one of the poorer drawing Texas League clubs in its long active participation. It had the least attendance, 101,717 in the league this year.

Williamson Is Riding Kansas, Houston Teams

Paul B. Williamson, the well-known football analyst is trotting out his facts and figures for a new start this week as many of the nation's colleges launch their 1952 gridiron campaigns.

Five Southwest Conference teams are scheduled for action, but Williamson figures two of them will get started on the wrong foot. He selects Houston for a close victory over Texas A&M and expects Kansas to triumph over Defending Conference Champion TCU.

Elsewhere in this area, Williamson likes Baylor over Wake Forest, Arkansas over Oklahoma A&M, Texas over LSU, Texas Tech over West Texas State, Temple (Ark.) State over Hardin-Simmons, North Texas State over Texas Western, Midwestern over McMurry and Abilene Christian over East Texas State.

EXPLANATION: Team in first (left) column is listed in the Williamson system as the WINNER. It is also the HOME team unless its opponent in second (right) column is denoted by a "W" to mean the expected LOSER is the home team.

Notations marked with "W" will follow respective opponents in prediction releases later Sunday, September 21, next week. The Williamson System carries a rating to a team only after it has played in the CONFERENCE season.

Record Number Of Teams Now In HS Football

AUSTIN, Sept. 18 (U)—It's official now: more Texas high schools than ever before are hitting the pigskin trail.

The Interscholastic League made the announcement yesterday. The league reported there are a record 882 schoolboy football teams in the state this year—a dozen more than last season.

And with the gain in number of teams, there has also been some juggling in conference, district and regional assignments for the 1952 season. It was revealed in the official 1952 assignment list released yesterday.

For example, the "glamor boy" of Texas schoolboy football, Conference AAAA, lost four teams to reduce its total to 48. Conference AAA gained two for a total of 53 and Conference AA lost six which reduced its ranks to 159 teams.

Other breakdowns of gains and losses in each conference: Conference A—208, gain of seven. Conference B—252, gain of 12. Six-man—162, gain of one. Here are some changes in the competition picture since last year at mid-season:

Midland was added to AAAA from AAA. Texarkana, Sherman, Denison and Harlingen were put into AAA from AAAA. Snyder and Seguin moved into AAA from AA.

The following have been added to AA: Graham, Henderson and Stephenville from AAA; Merkle and Angleton from A. Sudan was returned to competition in AA and two new schools—South Oak Cliff (Dallas) and White Settlement (Forth Worth)—also boosted AA ranks.

Added to A: Dublin, Eastland, Grand Saline, Iowa Park, Mineola, Morton, Ralls, Van and Wills Point from AA; Deer Park, Glen Rose, Happy, Queen City, Round Rock, San Houston (San Antonio), and Van Alstyne from B; Northeast (San Antonio) New School, and Whitesboro returned to competition.

Add to B: Arp, Bastrop, Clyde, Diboll, East Central (San Antonio), Ilco, Leonard, Mathis, Welmar, Wheeler, Whiteface, and Whitney from A; Ayinger, Falls City, Kountze, Knox City, Manor, Paines, Porth and Rankin from C-man; Burison, Callisburg (Gainesville), Emory, Highland (Rosen), Southside Rural (San Antonio) and Trinidad, new schools or returning to competition.

Add to six-man: Collinsville, Guntter, Lone Oak and Spade from B. New schools or returning to competition, Jayton, Peacock, McCaulley, Balmorhea, Borden County Rural (Gail), Blackwell, Quinlan, Tiooga, Annona, Avery and Picton.

Dropped out of competition: Sam Houston (Houston), discontinued, AAAA, Hot Wells (San Antonio), now grade school, AA, Briggs, Franklin and Normangee, B; six-man, Comyn, now grade school, Mrs. Valentine, Abbot, Milford and La Vernia.

Houston Team Is Sidelined In Meet

PHOENIX, Ariz., Sept. 18 (U)—The highly touted Houston, Tex., Grand Prize team led a parade of six clubs eliminated from the world championship tournament of the National Softball Congress here last night.

Double Seven Corporation of Phoenix walloped the Texans 5 to 1. Kings Grocers of Columbus ousted Killeen, Tex., 4 to 1 in another men's contest.

Top Golf Pros Tee Off Today; Nelson Is Back

WASHINGTON, Sept. 18 (U)—The nation's top golf pros tee off today in the Washington Post's national celebrities tournament, and the big news is that the tall Texan with the flawless swing, Byron Nelson, is back again.

Nelson, who has been in retirement since 1946, has entered the 72-hole, \$15,000 tournament. If he does well, he has said, he may decide to return to the game he once dominated. (In 1945, he won 19 tournaments.)

But even with Nelson in, the favorite still is Sam Snead, who is playing excellent golf right now. Snead shot a 69 Sunday to win the Eastern Open in Baltimore with a record-breaking 375. That was four strokes better than the meet record.

Julius Boros, the national open champion, naturally will be closely watched, particularly since his \$36,101 make him golf's biggest winner this year. But Boros has been having trouble, mainly with his putter.

At Baltimore, he wound up far down the list with only \$250 in prize money—as compared with Snead's \$2,400.

One of the highlights will come Saturday night when the Professional Golfers Association will honor the ten top pros and the ten top amateurs of the past 50 years.

They were chosen by PGA members, sports writers and sportscasters. The top pros, in order: Ben Hogan, Walter Hagen, Gene Sarazen, Sam Snead, Byron Nelson, Tommy Armour, Lloyd Mangrum, MacDonal Smith, Ralph Guldahl and Jimmy Demaret.

STILL GROWING

Quarterback Club To Meet Tonight

The Big Spring Quarterback Club is due to be molded into a permanent organization this evening. A session has been set for 7:30 p. m. in the new senior High School auditorium at which time permanent officers for this season will be elected.

A temporary organization was formed two weeks ago to pave the way for a sizable group to join together in giving active support to Big Spring High School's football Steers.

About 50 people reported at the initial session, and since that time membership has grown rapidly. Reports on the membership campaign, which are due to be heard at tonight's meeting, are expected to put the total above the 200 mark.

Obie Bristow, a former Steer coach and well-known sports fan, is president of the temporary group, while Omar Jones is vice-president and Mack Rodgers is secretary-treasurer.

All members of the new organization are being urged to attend the meeting tonight.

The Quarterback Club hopes to be instrumental in getting a good turnout for the first home football game Friday night when the Steers entertain the San Angelo Bobcats. The club also plans to stage some events during the season which will create new interest in football and enable fans to be more acquainted with players and coaches.

Tigers To Play Coahoma Sunday

The Big Spring Tigers have scheduled a doubleheader with the Coahoma Bulldogs in Coahoma Sunday afternoon.

Starting time for the first game is 2 p. m. Van Kirk, Jones and Beale all are available for mound duty for the Tigers.

Rain, Football Postpone Series In Big State Loop

By The Associated Press
Rain, football and the Big State League play offs have overlapped to put off the Austin and Tyler championship series opener until Friday night.

Tuesday's scheduled opener at Tyler was postponed because of rain. A conflict with a Texas Lutheran-Tyler Junior College football game Thursday further delayed the series until Friday.

All of which seems to be what Austin's Pioneers ordered, to get their ace John Andre rested again. He twirled the Austin club into the finals with a 2-0 victory over Temple Tuesday as he captured three of the five-game series. Andre all season won 28.

The present pitching plans for Austin include Dean Franks (20-14) to hurl against Tyler's Gale Fringle, a 21-game winner, in the series opener. Delays however are in Austin's favor, for Andre possibly may add his series charm to an earlier first pitching assignment, consequently an early second starting role.

Tyler gained the play-off finals in six games against Texarkana and hasn't been in action since Sunday.

Gulf Coast Series Nearing Close-Out

By The Associated Press
The Gulf Coast League first round of play-off games is on the brink of closing out now after Port Arthur and Corpus Christi captured their third triumphs Wednesday night.

After three days of rain and postponements, Harlingen hoisted Corpus Christi and with the same results as at the seaboard city part of the series. Harlingen couldn't muster the runs, losing 5-0. The defeated Capitols have picked up only five scores in the series and are without a triumph.

Port Arthur downed Galveston, 7-3, to take a three-to-two game advantage in their series. Tonight's schedule calls for Corpus Christi at Harlingen and Galveston at Port Arthur.

Mrs. Charles Seale Succumbs In Temple Pumping Equipment Bids Are Sought By Water District

COLORADO CITY—Mrs. Charles Seale, 76, died in a hospital at Temple last night following a long illness. She had lived in Colorado City for more than 40 years.

Funeral arrangements will be made at Kiker and Son Funeral Home, and burial will be in Colorado City.

Mrs. Seale is survived by her husband and one son, Aubrey Seale of Arrey, N.M.

President Criticized

DALLAS, Sept. 18 (AP)—Associate Justice Will Wilson of the State Supreme Court criticized President Truman's recent seizure of the steel industry here yesterday in a talk before a civic club.

Progress on the pipeline from Big Spring to the lake in south-west Scurry continues steadily with approximately five miles of the 33-inch line in place. Laying crews are staying right up with the pipe haulers. The United Concrete Pipe Company factory here now has enough steel on hand, enroute and on order to see the project through, it was indicated.

Group Is Initiated Into FFA Chapter

GARDEN CITY, Sept. 18.—Ten Green Hands were initiated into the Garden City FFA chapter in its meeting at the school Monday evening.

Plans for attending the state fair were talked.

All members assisted in the initiation service with M. A. Barber, instructor, directing the program. Those initiated were Jimmie Smith, Eugene Davee, Chris Hinds, Darrell Northcutt, Dale Hilger, Jimmy Son Cotter, John L. Daniel, Sonny Allen, Truman Parker, and Gerry Mitchell.

AREA OIL

Eilenburger Test Is Staked In Southern Martin County

An Eilenburger wildcat has been staked in southern Martin County by Tide Water Associated Oil Co. The E. B. Dickenson lease, in northeast Borden, a west outpost to Fnavanna (Mississippian) pay has been scheduled.

After tapping the reef low to the Vealmoor pool, Stephens No. 1 Simpson, midway between this section and the East Vealmoor area, was slated to plug. In southeast Borden casing will be run to attempt production tests in a mile northwest outpost to the Hobo reef field. A southwest Martin deep venture has plugged.

Bill Roden, et al No. 1-532 Belle will be located 660 from the east-land, 1,980 from the south lines of section 532-97, H&TC, as a north east Borden County well. It will go to 8,750 and is 1/4 mile west of the Fnavanna (Mississippian) field. Roden holds a farmout from the Texas Company.

Superior No. 14-598 Jordan, C SE SW 598-97, drilled at 7,110 in shale. Stephens No. 1 Bacon, C SE SE 49-25, H&TC, a mile northwest of Hobo production, was running casing to 7,205 to make production tests in the Pennsylvanian. It has found some oil but also some water in drillstem tests in the reef top.

Cities Service No. 1-B Leverett, C NW SW 3-4 Cunningham, was past 6,821 in lime. Forrest No. 1 Henry, et al, in the northwest corner section 5-3, Cunningham, drilled to 6,338 in lime. Texas Crude No. 2-95 Classen, C NW SE 95-M, ELARR, progressed to 6,790 and shut down for repairs.

Standard No. 1 Smith, C NE SE 3-H, ELARR, 14 miles north of Lamesa, continued its fishing job at 8,645 in sand. Glasscock

29-32-55, T&P, drilled to 6,363. Phillips No. 1-C McDowell, C SW NE 31-32-25, T&P, drilled to 1,805 in shale.

Sinclair No. 1 O. J. Hubbard will be 660 from the north and west lines of the northwest quarter section 41-36-45, T&P, will be a Driv-er Spraberry location projected to 7,905. Tide Water Associated Oil No. 3 Vera B. Neely, 660 from south and 1,980 from west lines lease section 11-36-45, T&P, flowed 21 hours through half inch choke after 5,000 gallons acid. It made no water and 458.17 barrels 38.2 gravity oil. Tubing pressure was 85, gas-oil ratio 450-1, elevation 2,696.8; top pay 6,649, total depth 6,700; the 7-in. at 6,649.

Howard Stephens Petroleum No. 1 Simpson, C NE NE 43-31-3n, T&P, was bottomed at 7,944 in reef and planned to plug and abandon. Top of the reef was 7,908 on an elevation of 2,699. The section from 7,908-27 had slightly oil and gas cut mud in a drillstem test on which no other details were available. A drillstem test from 7,924-44 with the tool open three hours resulted in recovery of 180 feet of slightly oil and cut salt water and 210 feet of salt water.

Pan-American No. 1 Hamlin, C NE SE 43-32-3n, T&P, was past 3,317 in lime and shale. Dahm Oil Corporation No. 12 Percy Jones, 330 from the north and 890 from west lines section 9-30-1a, T&P, will be a 3,000 test in the Iatan-East Howard pool. Combination tools will be used. Cosden No. 1 Jones, exploring

Burglary At High School Is Unsolved Authorities still have not cleared up the burglary which took place at the Big Spring High School last Sunday night. Juvenile Officer A. E. (Shorty) Long said that \$80 in currency, \$90 in checks, and two wrist watches were taken from Principal Roy Worley's vault.

Long said that entry was made through the back door after a window pane had been broken. He does not know how the burglars entered the principal's office, as the office was locked. The juvenile officer said it may have been someone with a key to the office. Combination to the safe was found in a desk drawer by the burglars, Long said. Fingerprints were found on the vault combination.

Long said that faculty members volunteered to have their fingerprints taken as did a number of students. Police Officer D. C. Sanders helped Long with the fingerprints.

Evangelist To Preach Evangelist Lester Roloff will preach on "The New Testament Church" in tonight's services at the tent revival at 16th and Nolan Streets. Services begin at 7:30 p.m. The tent has been filled for the past week, and people have been sitting on benches on the sides. Rev. Roloff's secretary reported three people converted Wednesday night and approximately 25 rededicated of faith.

DEPORTATION (Continued From Page 1) my throat with a hose until I passed out. "When I awoke I was on the floor and they tied me up again and cut my chest with a bayonet. When I tried to protect myself, they cut me on the hands and wrists."

Sciorino said the Communists put vinegar and iodine on his wounds and that "I went out of my head."

The airman who disclaims the crimes of which he is accused and contends that he is a political refugee, explained that he was jailed by the Communists because he was a member of a Sicilian movement which campaigned against the Communists and sought to make Sicily independent of Italy.

Of his forced marriage to the sister of Gulliano, Sicilian "Robin Hood" bandit king, Sciorino said that he had never met the woman until she visited him in the Palermo jail in the spring of 1947. After he was released, Gulliano demanded that the marriage take place.

The prisoner explained that his mother, now living in Sicily, owns several wineries and has land valued at \$400,000 in addition to house and livestock and that marriage into the family would be profitable.

"If I would not have married his sister he (Gulliano) would have killed me," Sciorino said. He related that one afternoon as he was working on one of the family farms six men forced him into a car at gun point and took him to the hills. His mother and sister were also picked up and forced to attend the ceremony which took place at Monte Lapre on April 24, 1947, Sciorino said.

possibilities in the shallow zone of northeast Howard County, squeezed off upper perforations and moved back down the hole for further perforations.

Martin Phillips No. 1-C Schar, section 324, LaSalle CSL, drilled on cement at 8,072. Gulf No. 1-P Glass, C SE NW 12-39 in, T&P, was reaming at 10,812.

Rycade and Zephyr No. 1 Stimpson and Burley, C NW SW 26-38 in, T&P, drilled ahead at 2,750. Stanolind No. 1 Cowden, 660 from the south and 2,032 from the west lines section 30-40-1n, T&P, six miles southwest of the Glass multi-pay field in southwest Martin County, was plugged and abandoned. It had drilled originally to 13,308 and the plugged back to 9,260 for some testing in the Spraberry. Stanolind No. 1 Fynt was trying to regain lost circulation at 12,789.

Tidewater Associated Oil Company No. 1-B E. B. Dickenson, 660 from the south and west lines of section 5-37-1a, T&P, nine miles west of Stanton, will go to 12,000 to test the Ellenburger. It is two miles west and one location north of the Humble No. 1 Blocker which completed for 25 barrels of oil pumping from the Spraberry.

Midland Gulf Oil No. 11 C. A. McClintic, et al, a Tex Harvey location 660 from the north and east lines lease G. B. Ray Survey A624 flowed naturally to make no water and 320 barrels of 38.8 gravity oil. Gas-oil ratio was 794-1, elevation 2,656; top pay 7,132, total depth 7,250, the 7-in. at 7,059.

Texas Crude No. 1-5 Dudney, 660 from the east and south lines of southeast quarter section 5-37-5a, T&P, amended as a Driver Spraberry location. Contract depth is 8,000. Lease ownership is changed from E. L. Dalton to Texas Crude.

Mitchell Cosden No. 1 Kincaid, et al, C SW NW 60-20, LaVaca, northwest Mitchell deep exploration, drilled to 2,580. It did not dribble test as though possible when shows were logged at 2,490-2,500. Standard owns the shallow rights. Scurlock No. 1 Powell, C NW NE 8-3-1a, T&P, south central Mitchell exploration, drilled to 6,852 in sand and shale.

Two Persons Hurt In Wednesday Affrays Two persons received minor injuries and six were assessed fines as a result of Wednesday night disturbances. Two were assessed fines of \$1 each when they pleaded guilty to disturbance charges and \$25 each on pleas of guilty to intoxication. Two others were fined \$21 each for drunkenness, one was fined \$6 on the same charge, and a fourth was fined \$18 when he also pleaded guilty to drunkenness.

Disturbances occurred at the Dooley's Place and the Top Hat, both in the "flats" section of Big Spring, police said.

TESTIMONY IS HEARD IN CASE (Continued From Page 1) United States his wife told him in a letter that she was having the marriage annulled. He said his mother later verified this.

When questioned by Immigration Investigator Joseph Reed as to how he came to the United States, Sciorino said that he escaped the Palermo jail after 19 days incarceration and made his way to Genoa, Italy.

There, he said, he made contact with an English-speaking sailor who signed him aboard a passenger ship as a member of the crew for \$1,400.

Sciorino said that last week he was given some questions by an "unknown" person in the jail and after reading them understood that it was a newspaper interview. He said he answered the questions and the next night the same person picked up the paper.

Sciorino said that he did not know whether the person was an employee of the jail or not. Because of this, the prisoner testified, he has been denied the right of confession to a Catholic priest and also not allowed to read newspapers.

To a question as to whether he feared he would be killed if returned to Italy, Sciorino said: "If I return to Italy they will kill me because they are very angry with me. The Communists... they are the same as the old Fascists... will not give me a fair trial."

LT. LOW, JET ACE, AT LEFT, TELLS HIS STORY

TO HEAD BACK TO WAR

Korean Jet Ace Praises Sabre In Talk Before Webb Cadets

Calling the F-86 Sabre Jet the "world's best plane," First Lt. James F. Low, one of America's top jet aces of the Korean war, went on to describe his combat experiences to a group of Webb Air Force Base cadets Wednesday.

The lanky pilot emphasized his belief with combat films taken during air battles with Communist planes. After his lecture, which student officers and cadet instructors also attended, Lt. Low answered questions about the planes, bat-

CAUDLE

group yesterday that Caudle was "wrongly treated." The judiciary subcommittee that has been checking up on the nation's law enforcement machinery called Caudle for a public recital of his role in the 1951 St. Louis grand jury probe of tax fraud cases.

Caudle, who was chief of the Justice Department's Tax Division at the time, already has given the subcommittee his version at closed door sessions. Yesterday the probers heard McGrath—the former attorney general who also was ousted by his old friend, President Truman—testify that his aides did everything they could to help in the St. Louis case, not hinder it.

McGrath, in a sharp slap at Truman, declared Caudle did a good administrative job and "if firing was going to be the order of the day, there were plenty of places to start besides Lamar Caudle."

The ex-attorney general said he didn't approve of some of Caudle's associations but he said he thought Caudle was an honest man, and "I still think he is an honest man."

When Caudle got the axe the President said it was for "outside activities." McGrath said Caudle should have been given a chance to resign.

A rugged defense of the integrity and ability of Ellis N. Slack was also given by McGrath. Slack was the Tax Division lawyer whom Caudle sent to St. Louis to help out in the tax scandal investigation.

TESTIMONY IS HEARD IN CASE (Continued From Page 1) United States his wife told him in a letter that she was having the marriage annulled. He said his mother later verified this.

When questioned by Immigration Investigator Joseph Reed as to how he came to the United States, Sciorino said that he escaped the Palermo jail after 19 days incarceration and made his way to Genoa, Italy.

There, he said, he made contact with an English-speaking sailor who signed him aboard a passenger ship as a member of the crew for \$1,400.

Sciorino said that last week he was given some questions by an "unknown" person in the jail and after reading them understood that it was a newspaper interview. He said he answered the questions and the next night the same person picked up the paper.

the conditions and other aspects of Korean combat. Lt. Low is here on temporary duty from Korea. He is touring bases under the jurisdiction of the Air Training Command as part of a program to better acquaint cadets with combat flying.

Lt. Low recently was the subject of a national magazine feature article after he scored his fifth Russian-built MIG-15 jet plane kill in Korea. (An American flier becomes an ace upon the shooting down of five planes.) The lanky airman's feat was unique in that he scored his fifth MIG less than six months after he won his wings at Williams AFB, Arizona, and after 37 missions.

With 56 missions now under his belt, Lt. Low is due to return to Korea Oct. 15 to complete his required 100 missions. The jet ace files the renowned Sabre Jet, referred to by airmen as the F-86. "It's the best plane in the world," Lt. Low insists, "and I'd take it over the Soviet MIG, although the Russian plane can fly at a higher altitude because it's a bit lighter."

"The difference is, however, that we have the better pilots," the officer pointed out, "and this is proven by the fact that we have an eight-to-one margin over them in planes destroyed."

The jet ace thus assured his cadet audience that the reason for such superiority was due to better training and more complete emphasis on the Air Force's desire to save a man's life. Lt. Low also mentioned that the F-86s basically were used in tackling the MIGs. The F-80 Shooting Stars and F-84 Thunderjets are employed against munitions and support units and general fighter-bomber coordination work. He praised them highly.

Before a pilot takes off on a mission, he is fully briefed on ground warfare as well as air warfare. "They even tell us how many rounds of artillery shells were fired by our guns and by the Communists," Lt. Low noted, "weather conditions and other technical data are supplied to us along with complete information on an enemy strength at all positions."

The jet ace was asked if he saw the faces of pilots flying the MIGs. "During my first kill, I managed to see the face of the pilot. He was turning from left to right, as if he didn't want to be in the plane," the ace recalled, "But I believe he was Chinese."

Although he did force one MIG pilot to bail out, Lt. Low did not see his face after the plane was shot down. Lt. Low is a graduate of Mill Valley, Calif., High School and attended the University of California for three and one-half years. He took his basic air training at Hamilton Field, Calif., and Perrin AFB, Texas. His jet training was received at Williams AFB.

Frances Weeg Takes Odessa Roping Test Against Three Men

Jackpot ropers at the Bobby Gidley arena near Odessa last night were reminded that it is never wise to underestimate a woman. In a field with three men, Frances Weeg, Big Spring, took top honors handily. She turned in a scintillating catch and tie of nine seconds flat and then went on with times of 15 seconds, 20.2 and 18.2 seconds. Frances was a runner up in all-girl rodeo bull riding last season and frequently entered roping events.

Prowlers Enter Home

Prowlers entered the home of R. D. McMillan, 402 Lancaster, Wednesday night, but apparently nothing was taken from the house. Mrs. McMillan reported the break-in early in the evening. She said no one was home at the time the prowler called.

Temperate and Arctic seas have more life in them than do Tropic seas.

Four Arrested On DWI Counts

Four persons were arrested Tuesday and Wednesday on charges of driving while intoxicated. Two have been fined, one is out on bail, and another has not yet been arraigned.

Bruce Montgomery and William E. Jensen pleaded guilty before County Judge Walter Grice Wednesday. Montgomery received a \$75 fine plus cost of court, and Jensen received \$50 plus cost. When Jensen was arrested, he was accompanied by Clyde Bearfield, who was given a \$38 fine on a drunken charge. Deputy Dub Weatherford made the arrest. Amos Johnson, highway patrolman arrested Montgomery.

Bruce Elwin Dilhard, arrested Tuesday, was released on \$500 bond after he pleaded not guilty to charges. D. L. Posey, arrested Wednesday at noon, was scheduled for arraignment this afternoon.

Pablo Ramirez, 70, Succumbs Here Today

Pablo Ramirez, 70, resident of Big Spring for 22 years, died at his residence at 611 N. San Antonio today.

Services will be held at 3 p. m. Sunday at the Mexican Baptist church with its pastor and his son-in-law, the Rev. S. S. Natividad conducting the service. Burial will be in the city cemetery. Besides his wife, Petra, he leaves five sons, Pablo Jr., Jesus, Sixton, Mike and Eduardo Ramirez; five daughters, Cirina Rodriguez, Inez Natividad, Eulalia Vera and Trinidad and Maria Ramirez. He also leaves 24 grandchildren. Eberley Funeral Home announced the body would be in state at the family residence.

Mystery Dog Death Reported To Police

The local dog poisoners may be at it again. Les Glazier, 104 Nolan, reported mysterious death of his dog Wednesday afternoon. He told police he believes the animal was poisoned.

AIRCRAFT

(Continued From Page 1)

the guide craft in its first such attacks. The first operational team—five officers and seven enlisted men headed by Lt. Comdr. Lawrence A. Kurtz of Washington, D. C.—is Guided Missile Unit No. 90. The unit trained at the Naval Air Development Center, Johnsville, Pa. The Navy would neither identify the targets nor assess the damage inflicted.

Waters was struck with the way electronics experts aboard the carrier "rode with the missile, mile by mile, through wondrous electronic instruments."

On the television screen, he said, the men crossed the Sea of Japan and watched the jagged peaks of Korea loom larger. He said tension in the room mounted as the target neared.

Then the target—"an enemy concentration in a valley between two shadowy hills." And then "The instruments suddenly went blank. The screaming dive had ended, squarely on target, and the missile had crashed to oblivion."

The heavily censored description of the new missile shows it to be apparently as far a cry from other guided missiles now in use.

Paint On The Street Lines Is A Never Ending Chore

A never-finished task is that facing Ramon Mendoza and Charlie Marino—day after day and year after year.

Their is the little job of keeping paint on the various street lines, such as pedestrian lanes, parking slots, stop markers, etc.

About the time they get over them once, it's time to start again. If not, there's always a piece of

city equipment or a building that needs a new coat of paint.

Mendoza and Marino paint some 12 or 15 miles of street lines each year. They paint a linear distance of about three miles each time all street lines are renewed, and all have to be repainted at least four times a year. R. V. (Skeet) Foresyth, street superintendent, estimates.

That brings to the street boss' mind one bright feature of the drought, however. Street marking is requiring less paint this year. It doesn't rub off so fast in dry weather.

There are 14,412 feet of four-inch stripe to be maintained on Big Spring streets, not including new stop, pedestrian lane and parking slot boundaries being established in the vicinity of Howard County Junior College. Nor does it include curb-painting for unloading zones and bus stops.

Breakdown shows 8,190 feet of sidewalk lines, 4,144 feet of parking lines, 1,458 feet of parking "tees" (for parallel parking), and 620 feet of stop sign lines. All the stripes are four inches wide, making a total painted area of 4,904 square feet.

In addition, there is the job of

Settlement Of Trademark Can Assist Germany

By HANNS NEUERBOURG
DUESSELDORF, Sept. 18 (U)—The Association for German Trademarks says German exports could be upped by one billion marks (288 million dollars) yearly if foreign firms were prohibited from using brands which were confiscated during World War II.

Producers of eau de cologne, soap, hair tonics and other products claim they are losing about 50 per cent of their potential sales abroad because foreign firms "sail under a false flag."

The association asserts that French firms alone export 340 million marks (\$80,520,000) worth of goods yearly which bear German trademarks.

Trademarked German products ceased to be exported during the war. Earlier, many German firms had set up foreign branches which produced and sold the original product. During hostilities, the branches were taken over by foreign interests. These bought confiscated trademarks from their own governments.

keeping "no parking" and similar signs stenciled on curbsides where parking is banned for one reason or another. There are 278 signs of this type which Marino and Mendoza keep painted.

Foresyth handles all painting involving lettering. It's his brush that renews dead-end and one-way street markers, stop and school zone signs.

There are 78 street signs which Foresyth dresses up every time their coats get dull—14 dead-end signs, 31 school zone markers and 33 stop signs.

All street marker and line painting is done the old fashioned way—with elbow grease and brushes. Among them Foresyth and his two painters spread about 240 gallons of traffic paint a year.

No figures are available as to the number of brushes they wear out, but Roy Anderson, city purchasing agent, guesses conservatively that at least 50 paint brushes are used annually.

Cost of the continuous painting program is not the least item in the municipal budget. Traffic paint expenditures alone amount to some \$650 per year. Add labor and transportation costs and you've got a sizeable outlay.

"Hot Rod" Breaks Record

The streamlined Estes Mercury Special, built in a backyard garage by George Hill and Bill Davis starts run which set a record of 223.77 miles an hour for Class C cars on Utah's Bonneville Salt Flats. Below, Hill (left), of Burbank, Calif., and Bob Estes, Inglewood, Calif., check the Mercury's engine. (AP Wirephoto).

FROM FEDERAL GOVT.

States Remain In Debt Despite Aid

By SIGRID ARNE
WASHINGTON, Sept. 18 (U)—Since 1934 Washington has poured more than \$8 billion dollars into the 48 states. Even so, fewer than half the states have managed to stay out of debt, and last year total spending of all the states was more than their total revenue.

How the federal money was distributed, through almost 150 programs, has just been reported by the joint congressional committee on non-essential federal expenditures, of which Sen. Byrd (D-Va) is chairman. Treasury records were used for this study.

State debt has been studied by the Tax Foundation, a private non-partisan agency with headquarters in New York, which used U. S. Census Bureau figures.

In 1946 only one state went into debt by spending more than it took in. By 1950 there were 26. In the fiscal year 1951 there was a slight trend toward more careful spending in the state capitals. Only 27 states spent more than they took in.

The Tax Foundation found that the average citizen owed \$17.02 in state debt in 1946. That was in addition to the much larger per capita federal debt of \$1,694.75 that same year.

Should Have Let The Thief Escape

RICHMOND, Va. (U)—C. G. Winston helped catch a holdup man at a High's ice cream store here just 221 days ago.

The company, as a reward, promised that for a whole year Winston's three sons—Kenneth, 5; Stephen, 7; and C. G. Jr., 8—could have all the ice cream they wanted—free.

With many more days of free dessert to go, the Winston boys have consumed 2,187 ice cream cones. Unfortunately for the company they live only 92 paces away. Total cost of the free ice cream to date—\$203. Total the thief would have gotten away with if Winston hadn't nabbed him—\$40.

By 1949 per capita state debt had jumped to \$27.90.

In 1946 the six states with heaviest per capita debt were Arkansas \$71.42, Louisiana \$62.71, South Dakota \$42.81, New Mexico \$41.14, South Carolina \$39.60, New York \$39.35.

In 1949 the top six were Delaware \$155.94, Louisiana \$82.92, North Dakota \$75.38, Arkansas \$61.09, New York \$58.09, Rhode Island \$57.68.

The foundation says the trend toward heavier state debt is "causing concern among many state administrators."

"There is no telling what might ensue if the nation should undergo a substantial economic recession," it says. "In 1933, during the last major depression, three states—Arkansas, South Carolina and Louisiana—defaulted debt obligations."

From 1940 through 1946, the foundation reports, total state spending was always a little less than total state revenue, but from 1949 through 1951 total state spending was higher than income.

If Washington had not been pouring money into the states, state debt would have climbed even higher.

Take 1951 spending and income. Spending was greater than income by 688 million. But state income included that \$4,550,000,000 from Washington.

The Byrd committee's study shows, surprisingly, that Washington gave just about as many dollars to the states during postwar prosperity as during depression.

Here are the totals:
1934 through 1941—\$24,736,682,271.
1942 through 1946—\$10,360,933,278.
1947 through 1951—\$23,110,953,232.

The six states which got the most through the 18 years from 1934 through 1951 were New York \$4,538,463,476, Pennsylvania \$3,609,217,628, California \$3,556,344,533, Texas \$3,185,377,930, Illinois \$3,131,719,161, Ohio \$2,702,141,819.

The payments include all the various types of funds to farmers, aid for highway construction, veterans' benefits and social security payments to retired workers, indigent aged, mothers and dependent children.

THE GRUB LINE

With Franklin Reynolds

The three SCS work unit conservationists in the Martin-Howard Soil Conservation District, Ben Osborn at Midland; Martin Yarra at Stanton and Marion Everhart at Big Spring, are working with the Big Spring Chamber of Commerce, the Martin County Chamber of Commerce and the Midland Chamber of Commerce, in an effort to prevail upon more farmers to plant cover crops as soon as possible, even if they have to dust it in.

The trio of conservation technicians, meeting here in Big Spring, have worked out a recommended planting schedule which has been printed and is ready for distribution to farmers. Any farmer interested in having a copy before one reaches him through the regular channels of distribution may get it by calling at any district office of the Soil Conservation Service.

The crops being recommended for cover are barley, rye, vetch and winter peas. A table of seeding rates has been prepared and recommendations are made in the schedule for suggested fertilizers, if a farmer wants to go in for the fertilization of these crops.

The list also itemizes the planting equipment owned by the SCS which is available for a small rental fee to any farmer who wishes to use it.

The technicians call this cover crop project a "drought defense" program, and in it they make three points:

(1) Plant winter cover crops. Plant all irrigated lands now, and drylands if rains provide enough moisture by October 15. Small grains and legumes can be planted in middles of cotton and sorghum fields.

(2) Leave all crop residues standing. Do not graze stalks and stubble on fields.

(3) Rest rangelands. Feed stock in traps and small pastures where reseeding will be feasible after the drought.

Farmers who do not feel they are financially able to go for the whole program (which includes the fertilizers) are being urged to at least go as far as they can on the seed and the labor of planting.

"These technicians point out in their program outline that 'Drought has reduced cover on cropland and ranges in the Martin-Howard Soil Conservation District to the extent of creating a critical wind-erosion hazard.'"

In his monthly letter to "Farming for Profit" the point is made by Robert T. Piner, president of the First National Bank, that Texas, in spite of all its cultivated land, must look in a substantial measure to other states for much of its need of beef, whole milk, poultry and eggs.

As Piner points out this is not a stable agricultural economy. He

attributes the situation to the high income rate from cash crops with the statement that in 1951 about 65 per cent of the cultivated cropland in the state was planted to cotton, wheat, peanuts and rice, with an additional 20 per cent planted to grain sorghum, much of which was sold as a cash crop.

These cash crops, as Piner explains, consume the organic matter in the soil at heavy rates thus rapidly decreasing soil fertility. What the Big Spring banker is seeking for West Texas is the sound economy of a diversified farm program that will include crop rotations, legumes and grasses and heavy applications of such organic matter as manure, all of which, he says, must be a part of the farm program if yields are to be maintained.

I recall that last year a Littlefield banker told me I would be surprised to know how many farmers who didn't "even own a chicken" were coming to him for loans. All of which adds up to the conclusion that the only truly sound agricultural program must be based on diversified farming that will include livestock. There is no place for the row crop specialist. The drought proves it even if the farmer doesn't want to take the banker's word for it.

The top bull in the JO Ranch sale at Garden City, Kansas, JO Royal Domino 45, brought \$33,100. He is a son of Baca R. Domino 7 and was calved by Lady Anxiety 22.

The second top bull brought \$16,100. He was WHR Duke Pride, out of WHR Vega Domino 153 by WHR Royal Triumph. The third top bull sold for \$14,900. He was JO Zato Heir, out of Tone Heiress M2 BY HAD Tone Lad 105.

Bull calves sold directly off their dams for as much as \$8,000. It was a son of JO Royal Domino 45, that went to the Bridwell Hereford Ranch of Wichita Falls at this

price. Two January, 1952 bull calves brought \$7,100 each.

One hundred and 13 bulls brought \$216,235 for an average of \$1,913, with 509 females bringing \$444,845, for an average of \$873, thus setting up an overall average of \$1,062.

Mason Crocker of Brady paid the top price of \$10,600 for a cow and calf. The cow, JO Lady Onward 7, brought \$2,600 and her January, 1952 bull calf by JO Royal Domino 45, sold for \$8,000.

Editors Split On How Solid Is The South As Vote Nears

By DOUGLAS B. CORNELL
NEW YORK (AP)—Dixie editors rate it a 50-50 guess at this point whether the South will be solid or split in the 1952 presidential battle.

The consensus of those taking part in an Associated Press survey is that the bulk of Dixie once more will be safe for the Democrats. But newsmen say that if the selection were held now Gen. Dwight D. Eisenhower might be able to storm

The Lady's Charm Is No Longer Noticed
DAYTON, O. (AP)—The "French war bride" explained to merchants she had been in Dayton only a few months—and she was bewildered by American currency.

Therefore, she explained, her husband had opened a checking account for her.

The merchants were entranced—so petite, so chic—and ooh la la, that accent!

Then the checks bounced. Five of them, totaling \$166.

Detective Sgt. G. A. Young began to "chercher la femme"—one Marie Ann de Debarreaux. Yesterday he found her. She was identified as Ilda Pearl Mole, 20, of nearby Fairborn.

the Democratic fortress in the South and border states and snatch three or possibly five states from Gov. Adlai E. Stevenson.

Texas, Louisiana and Florida are the big question marks, Virginia and Kentucky lesser ones.

In state after state, even in some of those considered dead sure to go Democratic as usual, editors and correspondents say Eisenhower will receive the biggest vote ever accorded a Republican presidential candidate.

At the moment, the composite opinion of Southern newspapermen is that Democratic nominee Adlai Stevenson is certain to sweep the presidential election in Alabama, Arkansas, Georgia, Mississippi, North Carolina, South Carolina, Tennessee, Oklahoma and West Virginia. Those nine states have 68 electoral votes.

Kentucky is considered close but fairly sure to go Democratic. Virginia editors think their state is leaning toward Stevenson by such a scant margin as to be highly doubtful. Kentucky has 10 electoral votes, Virginia 12.

Editors are uncertain as to

whether Texas, Louisiana and Florida, with 44 electoral votes among them, will remain Democratic.

When results of surveys in five Middle Atlantic and 11 Western states are combined with those in the South, newsmen turn up with these opinions, on the basis of present trends:

1. Stevenson has the edge in 11 Southern and border states which are fairly safe or at least leaning his way. He is expected to get Arizona from the Western group. It adds up to a dozen states with 114 electoral votes to toss on the line Nov. 4.

2. Five Middle Atlantic and nine Mountain and Western states are leaning toward Eisenhower or likely to back him. These 14 states have a total of 174 electoral votes.

3. Three Southern states, plus Colorado, are political uncertainties. Their 50 electoral votes could go either to Stevenson or Eisenhower.

Needed to win the election: 266 electoral votes.

many editors and correspondents say it is too early to tell how people will vote in November. Many voters, particularly the independents, they say, are waiting to hear what the rival candidates have to say before making up their minds.

But many Dixie newsmen say a trend is apparent that may bring a record vote for the Republican ticket in November even if it falls short of carrying any states.

Again, as in other regions, they cite these factors: sentiment for a change, Eisenhower's personal popularity, "digust with Trumanism," high taxes, "mismanagement and corruption" in government.

But in the South there also is mention of the civil rights issue and the administration's opposition to state ownership of tidelands oil.

The same survey pattern was followed in the South as elsewhere.

Associated Press members, both newspapers and radio stations, along with other newspapers and local correspondents, were asked to co-operate.

Using the best available yardsticks—polls, if possible, direct contact with voters, past voting rec-

ords, their own knowledge of political conditions—editors and correspondents were asked to estimate the percentages of the popular vote that can be expected to go to Stevenson and Eisenhower.

A majority of the editors are advocating Eisenhower's election. In making estimates they were asked and sought carefully to disassociate personal or professional views. Many turned in estimates contrary to their preferences or the editorial position of their newspapers.

Active Volcano

Smoke clouds puff up from the earth's newest active volcano on San Benedicto Island, 780 miles south of San Diego, Calif. The volcano belches clouds of smoke and gas every 20 minutes. This photo was taken last Friday. (AP Wirephoto from U.S. Navy).

Clergyman Shortage Noted By Episcopalians

BOSTON (AP)—A shortage of Protestant Episcopal clergymen, re-

ported as "for decades a handicap to the progress of the church," is growing even greater. A commission studying theological education reported to the 57th triennial General Convention of the

Protestant Episcopal Church in the United States that the present shortage is nearly 700. The commission added, "We anticipate a shortage of clergymen of over 900 within three years."

If It's A Fight They Want, Then They'll Get One!

NEW YORK (AP)—That good chow the Burns brothers got in the Marine Corps has put their family on the spot. John, 24, and Robert, 22, don't think much of the home cooking since they ended four-year hitchhikes with the Leathernecks. Their sister Patricia, 19, wrote to the Marine Corps early this month about her brothers: "All I hear is that they can no longer eat the food we prepare at home.

My brothers . . . continually praise Marine Corps food, even to the Thanksgiving dinner (turkey and ham) in Korea. You can understand the odds we are all up against here at home. But I am strictly Marine myself and will fight fire with fire." The Marine Corps is sending copies of its menus and recipes. Patricia and her mother, Mrs. Joseph Burns, hope for the best—after they do some long division on the Marine menus, which are made up in quantities to feed 100 men. Mercury is the only metal which is liquid even at quite low temperatures.

FORGOT HOW IT SOUNDED

DALLAS, Sept. 18 (AP)—It's been a dry summer in Dallas: Three squads of sheriff's deputies converged on the Preston Hollow section late last night. Residents reported an explosion said it shook their homes. The search was called off after a time when Deputy A. D. Hamilton and Dispatcher Jim Lowery concluded the explosion was a clap of thunder.

Cookies Made By Kids Show Appreciation

By CECILY BROWNSTONE
Associated Press Food Editor

One way the youngsters in your family can show Dad their appreciation is to make him a box of special cookies. Have some packages of cookie mix on hand and let your small fry go to work. Recipes for rolled cookies are right on the box—all you have to do is to get out your fancy cookie cutters. Because this packaged butter-type cookie mix is blended by machine, the dough is so plastic that youngsters can handle it successfully; it does not stick, and it re-rolls easily.

For your own contribution to Dad's Cookie Box make up these delicious Roly Polies or Chocolate Nut Squares.

ROLY POLIES
Ingredients: One 14-ounce package cookie mix, 2 tablespoons water, one 6-ounce package (about 1 cup) semi-sweet chocolate pieces, 1/2 cup walnut meats, 3 tablespoons sugar, 1/2 teaspoon cinnamon.

Method: Empty cookie mix into large mixing bowl; sprinkle with water and add chocolate. Chop nuts fine and add. Knead well with hands. Take a rounded teaspoon of the dough and roll between palms of hands to form into small balls. Place on ungreased baking sheet about 1 inch apart. Bake in moderate (375 F.) oven 12 to 15 minutes, until lightly browned. (Cookies will spread and flatten slightly in baking.) Allow cookies to cool slightly on baking sheet. In small bowl mix sugar and cinnamon. When cookies are slightly cool roll each one in sugar-cinnamon and place on cake racks to cool completely. Makes 50 cookies. Store these crisp cookies in tightly covered container.

Danish Snacks Are Meals Themselves

Travelers home from summer touring in Europe spice their conversations with interesting food facts and fancies.

It is not at all unusual to hear these days that Denmark has it all over American kitchens, drive-ins and drug stores when it comes to sandwiches.

Nor did the tourist have to visit Oskar Davidsson's Copenhagen, restaurant with more than 170 different kinds of sandwiches on its menu, to get that impression. It seems that one of the major pastimes of the pleasure-loving Danes is the eating of open sandwiches. The Danes call them smørrebrød, and they are the national luncheon at home, in offices at the factory and in schools.

There is a saying that in America the sandwich is two thick slices of bread between which one looks for the filling. In Denmark, one feasts on the filling and hunts for the bread.

Hearty Fillings
One of the favorite Danish sandwiches, named for Hans Christian Anderson, Denmark's popular hero is a slice of evenly buttered bread, spread with crisp slices of bacon. Over these are laid slices of tomato, liver paste with truffles, and then meat jelly and grated horseradish.

Beside it, on a white platter with delicate blue pattern may lie a shrimp sandwich called "In a Crowd." It consists of buttered bread resting on a crisp lettuce leaf supporting an amazing pyramid of tiny pink shrimp.

Raw Egg Yolk
Danish friends may serve after the theatre guests an amazing sandwich or snack consisting of buttered rye topped with long fillets of smoked herring. In the center will be an onion ring and in the ring the raw yolk of an egg, and the garnish will be chopped onion and chopped radish. Accompanying the snack would be Danish beer or coffee.

Other Combinations
There are endless combinations for the Danish sandwich; including these:

Rye bread, always thin, spread with butter or bacon drippings and topped with bacon slices, steamed apple rings and thin crisp slices of fried onion.

Scrambled egg, topped with salmon or marinated herring or smoked eel capers and finely grated fresh horseradish or regular radish.

Cold cuts centered with cooked peas and carrots and mayonnaise. For cold cuts the Danes often use a delicious corned pork rolled around finely chopped herbs.

Round slices of hard-cooked egg topped with Danish herring, capers, and finely grated fresh horseradish.

Vegetable salad topped with the tiny shrimp of Denmark. No Dessert

Danes never eat dessert after their noon meal open sandwiches. They just eat more open sandwiches, this time topped with cheese may be any one of many wonderful varieties for which the Danes are famous—Danish blue, a mild cheese sprinkled with caraway, Danish camembert, Danish brie or a more unique cheese called Bamboe that is a cross between cheddar and Swiss. The cheese goes on thin slices of white bread, or for fancier fare on rounds of or oblongs of butter pastry that melts in the mouth.

Some of the Danish cheeses, the pork liver paste, Denmark's mild cured ham and smøke salami are now being exported to the United States in small tins, but adaptation of the Danish open sandwich for

DANISH OPEN SANDWICHES ... famous for variety of fillings

informal parties and family consumption can be simply and happily achieved with foods available at the nearest grocery.

Flavorful combinations of fish, meat or cheese raw vegetables or relishes result in sandwiches that make supper, lunch, or informal snacks for guests both simply and pleasant.

Any kind of bread may be used either plain or lightly toasted. The sandwiches should be made just before serving since the bread should never be soggy. While, rye whole wheat or pumpernickel can be the base for such fillings as avocado shrimp and tomato crisp bacon and vegetables, sardine or herring and cucumber, salami and cole slaw, tongue, cheese and pickle. Serve a variety of fillings so that everyone can make his own combination, or make them all the same.

A simple sardine sandwich try is entirely in the Danish tradition. Make up a tray of open sandwiches and pass them around to the crowd in the backyard any fall evening.

SARDINE SANDWICH TRAY
rye bread Mayonnaise
Lettuce Sardines
cheese slices lemon slices

For each sandwich, top a slice of rye bread with lettuce and a slice of cheese. Spread another slice of bread with mayonnaise and cover with sardines. Arrange the slices of bread with lettuce and cheese on one side of a tray and those of slices of bread with sardines on the other side. Garnish the tray with lemon slices.

Danish Pastry
To stay-at-home folks, Denmark usually suggests fine pastry. Visitors to that country are much impressed by the pastry, as well as the sandwiches, and any good cook would probably enjoy trying her hand at a Danish pastry. Here is a recipe from a Danish cookbook published in this country. The Danish words are "Danak Wienerbrød" but it's still Danish pastry:

DANISH PASTRY
4 cups flour
1 teaspoon salt
1/2 cup sugar
2 yeast cakes
1 cup milk
1 egg
1 1/2 cups butter

Sift flour, measure and sift again with the salt and sugar. Dissolve yeast in a little cold milk. Add yeast, remaining milk and beaten egg to flour mixture. Beat with a wooden spoon until smooth. Roll out dough on board to one finger thickness. Spread the butter in

Kabob Cookery Is High Food Fashion In The Fall

Kebab, kaboub, kibbab, kabob. No matter how you spell it, it's the fashion in food this fall. Skewered food (that's what kabob means) originated in Turkey centuries ago, but America is fast becoming famous for this versatile idea.

The original kabob, called Shish Kabob in the near East, consisted of chunks of marinated lamb, which were skewered with pieces of pepper, tomato, onion and mushroom then broiled over hot coals. This tasty combination is popular indeed, but the American kabob doesn't stop with lamb. It can be anything from skewered frankfurter chunks and onions to toothpick skewered canapes. Anything goes, so long as flavors and colors are pleasing and cooking times agree.

So get into the kabob swing. Invest in a set of skewers—steel ones for broiling and plastic or wooden ones for uncooked party, tea or picnic kabobs. For broiling and grilling, try to get square skew-

more firm. If you can't find the skewers because they hold the food short square ones for indoor broiling, you can substitute steel knitting needles.

There's no limit to the fun you can have with kabobs. Start with the lamb Shish Kabobs, if you like.

Shish Kabobs
Marinate pound of lamb shoulder, cut in cubes, in a French dressing for several hours. Drain. String on skewers alternating with cubes of green pepper, quartered tomatoes, troy whole onions, and mushroom caps, if desired. Grill over coals or cook in broiler about 20 minutes, turning to brown on all sides. Serve on skewers, or slip off onto hot-dog rolls.

To give kabobs a pretty glass brush them with slightly beaten egg white, milk, or cream, before baking.

THE GUIDING LIGHT

... for the Howard County Junior College publications this fall will be Mrs. Harold Davis, speech and journalism teacher, and sponsor of the El Nido school paper.

Davises Married On Bride And Groom Show

The love affair and subsequent marriage of Mr. and Mrs. Harold Davis attracted national attention. Not because they are famous persons or because their love story was above average.

They were married on the radio program "Bride and Groom" originating from Hollywood, Calif.

It was five years ago that the starry-eyed young Texans appeared on the show, slipped quickly away for their wedding ceremony at a well-known Hollywood church and then re-appeared on the program to receive their gifts.

The gifts were so numerous and presented so quickly that it's still hard for the Davises to determine just what they obtained where. Still some of the objects stand out in their minds and in their new home at 1605 Sunset Dr. Among them are a refrigerator, a chair, four place settings of their sterling silver and four white all-wool blankets.

The couple honeymooned at a California resort as guests of the radio program and its sponsors.

"The prices must have been terrible. We saw people drive up in Cadillacs and upon asking the prices make very faces and leave," the blonde Mrs. Davis said. "But we fooled them," she added with a smile. "We just casually dropped the word 'Texas' around and tried to look like we owned many cattle and oil wells," she quipped.

Mrs. Davis, a native of Paducah, received both her Bachelor and Masters degrees from North Texas State College, Denton. It was in Denton that she met her husband, a native son.

He received his Bachelor degree from Louisiana Tech but later returned to Denton to complete the work on his masters.

Perhaps the favorite conversation topic at the Davis home is sports and during the basketball season, particularly for that's when Harold, HCJC coach, is in his element.

Consequently the evening meals, during the fall and winter season of football and basketball are, of necessity, quickly prepared dishes.

One of the favorites of Mrs. Davis, who is a speech and journalism instructor at the college, is Tuna Fish Casserole.

TUNA FISH CASSEROLE

Ingredients:
One regular size can tuna, flaked
1 can mushroom soup
1 small (about 15 cent) package potato chips

Method:
Crush potato chips and line bottom of casserole with them. Place tuna on potato chips pour soup that has been diluted with small amount of water over mixture. Crumble cheese on top of other ingredients and bake in a medium oven about 15 minutes.

The casserole plus a green salad and hot bread create a tasty meal quickly. However, if there is time, Mrs. Davis usually adds, for dessert, pineapple up-side down cake.

Honey Pecan Rolls

1-3 cup chopped pecans
1-3 cup honey
2 tablespoons melted shortening
2 cups flour
4 teaspoons baking powder
1 teaspoon salt
4 tablespoons shortening
3-4 cup milk

Mix chopped pecans, honey, and melted shortening and place in muffin pans. Sift together the flour, baking powder, salt. Cut in shortening. Stir in milk. Drop dough in muffin pans. Bake in hot oven (425 degrees F.) 12-15 minutes. Turn out while hot. Makes about 10 small rolls.

Want a different frosting for a cake? Mash a ripe banana and add a quarter teaspoon of lemon juice to it. Then beat two tablespoons of butter until creamy and beat in 1/2 cups sifted confectioners' sugar alternately with the mashed banana until frosting is light and fluffy. This will cover the top of an eight-inch square cake.

SUNDAE DELUXE

Sundae Is Time-Saving Answer To Dessert Problem

A delicious luncheon or dinner dessert that can be made in a jiffy and is sure to please everybody in the family is the answer to many a homemaker's mealtime problem these busy fall days.

Here's one that requires almost no time at all to prepare and is just as nourishing as it is tasty. It's also elegant enough to serve with the most elaborate of "Sunday-best" dinners, and easy enough to make for any spur-of-the-moment entertaining!

Sunshine Hydrox Sundae

(Makes four servings)
12 Hydrox Cookies
1 pint vanilla ice cream
1/2 cup chocolate sauce
1/2 cup sliced toasted almonds

Place three Hydrox Cookies in the bottom of each of four dessert dishes in a triangular arrangement. Place a large scoop of ice cream in the center of each dish on top of the cookies. Cover each with two tablespoons of chocolate sauce and a sprinkling of almonds. Serve with additional Hydrox Cookies. Simple—but good!

Houston Daily Paper Enters Weekly Field

By WILBUR MARTIN
HOUSTON, Sept. 18 (AP) — The Houston Chronicle, with the largest afternoon circulation in the state, has gone into the weekly newspaper field. Houstonians now will get their "Neighborhood News" sandwiched in with the regular sections of the state's biggest metropolitan newspaper.

The contents of the five area papers will be the same as a weekly at Muleshoe, Tex., or Conshohocken, Pa.—births, deaths, Boy Scout meetings, church socials, personals, the neighborhood news that has nourished weeklies — news that metropolitan papers have foregone because of space problems and huge populations.

Houston, like Chicago, Los Angeles or St. Louis, is a town where persons from the northside seldom travel to the southside, where thousands never go down town, but whose interests and purchases are made in community centers, where few know very many persons outside their own neighborhoods.

To give these people the news of their schools, churches and neighborhoods is the idea behind the Chronicle's venture, a venture that is estimated will cost between \$250,000 and \$300,000 annually.

The city has been broken into five geographical areas—southwest, northeast, northwest, southeast and south central. Each subscriber, every Wednesday, will receive in their regular home delivered edition of the Chronicle a section devoted exclusively to their area.

An editorial staff of 10 for the "Neighborhood News" is directed by Leonard Oliver, former night city editor of the Chronicle. Each area has a staff man assigned to it and also a staff advertising solicitor. The ad rates for the Neighborhood News subscribers are lower than those for the regular edition.

M. E. Walter, editor of the Chronicle, and Roderick J. Watta, managing editor, had the overall direction of launching the new venture.

Once-a-week news directed at certain areas has been successful in Chicago and Los Angeles, but Walter believes the Chronicle is the first to break a single city into areas and devote an entire section to that neighborhood.

The first sections were published today. One was of 12 pages and the other four were eight pages each. Each section has a circulation of about 25,000.

"We can't run this type of home news except on a condensed basis in the regular editions," Walter explained, "and this way we'll be able to give space to every happening in those areas."

Oliver said each of the sections would have its own editorial policy.

"If West University, for instance, wants to cuss the City of Houston, and Bellairs defend it, that's o.k.," Oliver said. "They're going to have independent policies, each applying to its own area."

The regular editions of the Chronicle will continue to carry neighborhood news of general interest.

Circulation of the Chronicle is 191,000 plus on week days and 214,000 on Sunday. About 90,000 subscribers—those downtown and out of the city—will never see the neighborhood news.

THE SPRINGBOARD
News From Webb Air Force Base
By A-2C FERD J. BORSCH

"KIDS DAY"
Kids, some 500 of 'em, will invade Webb Air Force Base Saturday, September 27. Being between the ages of 8 and 18 will be the only requirement for admission. The occasion is National Kids Day, and, this year the Air Force is co-sponsoring the event in conjunction with the Kiwanis International. A combined fleet of Air Force and school system buses will transport the estimated 500 kids to the various points of interest on the base.

The National Kids Day Foundation was established four years ago by Jimmy Fidler, its first and present president.

COMMUNITY CHEST
Webb personnel will shortly be called upon to participate in the Howard County Community Chest Fund Drive. The annual Red Feather campaigns staged across the country have the enthusiastic endorsement of top USAF officials. Maj. Ridsen Wall has been designated project officer for the on-base drive.

DOCTOR NOELL
Lt. Col. L. P. Noell Jr., commanding officer of Webb's 3560th Medical Group, will leave shortly for duty at USAF Headquarters in Washington, D. C. Regarded as a Webb pioneer, by reason of his early arrival on the Big Spring Directorate of Plans and Hospitalization, Office of the USAF Surgeon General.

Col. Noell first entered the service in 1940 and was stationed in the Philippine Islands in 1941. He was a prisoner-of-war from 1942 until 1945. In 1946 he returned to private practice in Kingsville, Texas. In 1951 Col. Noell re-entered the military service.

The Noells and their four children, L. P. Jr., 6, Stephen, 4, Peter, 3, and infant daughter Cynthia,

will make their home in Silver Spring, Maryland.

"BOOTSTRAP"
An additional 16 officers and airmen enrolled in the "Operation Bootstrap" program at Howard County Junior College last week to swell the overall registration from the base to 74. Although classes started a week ago Wednesday night, post-registration will not close until Saturday.

Personnel wishing to start or continue their college education can do so under "Bootstrap" which pays 75 per cent of school tuition. The 16 late enrollees signed up for 19 courses, which boosts the course total to an even 100.

GRADUATION
Webb staged its third cadet graduation ceremony Saturday with 67 cadets and 27 student officers receiving the silver wings of an Air Force pilot. The class, 82-F, was composed of 94 graduates, the largest since the base was reactivated.

Tony LeVier, Lockheed's top engineering test pilot, made the commencement address. The flight line ceremony, consisting of a pass-review and an aerial show, was witnessed by many Big Spring residents.

Col. Ernest F. Wackwitz Jr., base commander, presented the diplomas and Maj. W. C. Whalin, base adjutant, administered the oath of office. Invocation was by Chaplain (Lt.) Francis E. Jeffery, and benediction by Chaplain (Maj.) Grant E. Mann.

FOOD SERVICE
Personnel from Food Service Squadron opened a ten-day leadership training program Monday. Qualified instructors will teach each of the ten classes and personnel receiving the course will take a multiple choice examination on the final day. Certificates of satisfaction completion will be awarded to those who fulfill all requirements of the course.

Wool Growers Pick Ogden For Ram Sale
SALT LAKE CITY, Sept. 18 (AP)—The National Wool Growers Association said today it has chosen Ogden, Utah, as the site for its 1953 national ram sale. The event will be held Aug. 20 and 21.

J. M. Jones, association secretary, said about 1,500 head of purebred rams from eight states are expected to be offered at next year's sale.
