

Cities OK telephone rate increase

By JOELLA LOVVORN

In a specially-called joint meeting of the governing bodies of Anton, Amherst and Littlefield Thursday night, the cities agreed to offer General Telephone Company of the Southwest a rate increase of \$37,426—a 6.89 percent increase which will yield an 8 percent rate of return.

The Littlefield city council first visited with representatives of the other two cities and with Bill McMorris, consulting engineer, to review recommendations made by McMorris concerning the rate increase requested by General Telephone.

Representing General Telephone were Max Preston, Rex Bailey, Ted Coker, Dick Calkins, and Rad Richardson of Littlefield, district manager.

Representing Anton were Mayor Olin Johnson, and councilmen Douglas Teague, Louis Boothe and Cecil Overstreet.

Speaking for Amherst were Mayor Robert Dysart and councilman, Lefty Burton.

Representing Littlefield were Mayor J. E. Chisholm, councilmen Paul Carmickle and James Shotwell, City Manager Jim Blagg and City Attorney Ted Sansom.

Following their discussion, representatives from General Telephone appeared to discuss the proposed rate increase in telephone services to the Littlefield telephone exchange group, which includes Amherst, Anton, Spade, Whitharral and Littlefield.

General Telephone had called for a rate increase of \$135,599, allowing a 9.59 percent rate of return and 24.95 percent increase.

Rex Bailey informed the city officials that a grand total of \$1,895,900 in investments in being programmed by General Telephone for the Littlefield community in 1976.

He revealed there are approximately 4,200 telephones in the Littlefield area, and that work planned for the area will include \$50,000 for inter toll between Littlefield and Lubbock; \$85,000 for toll carriers between Littlefield and Muleshoe; \$52,000 for toll lines between Olton and Littlefield; \$40,000 for toll to Bula; \$31,000 for Amherst Direct Distance Dialing coming in October; \$21,000 for Anton's Direct Distance Dialing coming in October; \$24,000 for DDD and extended area service at Whitharral; \$140,000 for new central office at Whitharral; \$8,000 for Spade DDD; \$985,000 for Littlefield DDD; \$5,000 for American Cotton Growers' Denim Plant; \$24,000 for the new mobile home park; \$8,000 for the new apartment complex; \$9,000 for Littlefield Plaza; \$61,000 for outside plant toll and extended area service to Bula; and \$63,000 for a conduit system—a grand total of \$1,895,900.

Bailey stated, "As I said when I was here the last time, I think we've got confidence in the growth of your community, and that's why we're willing to make the investment in the community."

He continued, "If Bill (McMorris) is saying that the only recommendation that the cities can make to General Telephone Company is: 'the maximum is \$37,000', and Joe Nall (for General Telephone) is saying: 'anything below \$93,348 is confiscatory'—OK, let's say these were the two outer perimeters. Is there no middle ground between the two that we can talk about negotiating with the cities?"

The cities then went into executive session to discuss General Telephone's proposed 24.95 percent increase, as opposed to Bill McMorris' suggested compromise of a 6.89 percent increase.

Representatives of the cities decided that McMorris' suggested compromise was a fair rate of return to General Telephone, and offered it to General Telephone representatives when they returned.

27 guns stolen at Earth, Post Office burglarized

A cache of 27 guns were taken in a burglary of White's Auto in Earth early Wednesday morning, and a burglary of the Earth post office about the same time is believed to have been by the same person or persons who broke into White's.

Tom Lively said the White's burglary probably occurred between midnight and 5 a.m. The front door was knocked out to gain entry. Besides the missing merchandise valued at \$2,156.84, damages to the store were estimated at \$500.

Taken were 12 gun cases, 27 high powered rifles and shotguns, and

three pellet guns. A gun rack was taken from a wall and merchandise was thrown around the store damaging shelving and a lamp.

Harold Miller reported a burglary of the Post Office Wednesday morning. The door that leads to the mail room was pried open and all drawers and cabinets were opened. Miller estimated damages at about \$100. He said an attempt was made to open the safe.

Larceny was reported at the Amherst School Monday morning. Damages totaling about \$1,905 occurred when vending machines were See OFFENSES, Page 2

Bands slate spring concert

Tuesday, March 30, the Littlefield Bands will present a spring concert featuring all three bands, beginning at 8 p.m. in the Junior High School Auditorium. There will be no admission charge.

The sixth grade band will begin the program with "Marching to Pretoria", followed by "Robin Hood and Little John." For a final number, they will play "This Old Man", featuring the percussion section.

The Junior High Band will play their contest music, which they will be performing April 8 in Lubbock for concert contest, where they will be

trying to win the Sweepstakes award. Their selections are "Meseta Paso Doble", "Two Moods", and "Lethbridge Overture."

The Wildcat Band will complete the program playing the music which won a Division I at the UIL Contest and enabled them to win the Sweepstakes award for 1975-76. Their music is "Amparito Roca," "Chant and Jubilo", and "Variations on a Korean Folk Song."

The Wildcat Band Sweetheart will be presented during the concert. Nominees are Pam Parrott, Cindy Drake, and Lisa Garland.

Follies net almost \$3,000

The proposed new Lamb County Memorial Library got a shot in the arm Thursday night when the Library Follies brought in a total of \$2,696.75 in receipts and pledges.

Some 15 different local talented groups danced, sang, played and clowned for 400 to 500 spectators.

Besides the \$860 taken in at the

Follies, several organizations and businesses made pledges and donations. The Littlefield Lions Clubs pledged \$1,000. The Littlefield Garden Club is disbanding and the members emptied their coffers and donated their entire treasury balance of \$750 to the library fund.

The Littlefield Woman's Club and Lamb County Electric Co-op pledged \$100 donations each. Beta Sigma Phi made a pledge and turned in \$27 toward their goal.

Herschell Randall is chairman of the Lamb County Memorial Library board. He said the board was very pleased and that the Follies were very well received.

A variety of local talent sparked the entertainment, including the LHS Stage Band, a ventriloquist act by Robert and Kay Powers. Two groups of Circle Eight Club members square danced. A quartet of Spade girls sang. Lee and Pat Behnke played and sang to the delight of the audience.

A group of tap dancers and tumblers called the Dancing Dolls and a harem of belly dancers from Tu Tu's put on their acts. Lamb County piano teachers and their students gave four piano concerts. Sandra Richards did a twirling routine.

A mixed LHS choir group sang a medley. Tommy Cheshier did a couple of Johnny Cash's western songs and accompanied himself on the guitar. Linda Bundick did an Edith Ann routine.

A group of American Cotton Grower executives from the denim plant did a can-can. The show ended with Pam Parrott and Jan Sisson doing patriotic songs and asking the audience to join them in the "Star Spangled Banner." Randall said the library fund is

Boy Scout fund drive underway

The annual Boy Scout fund drive for Littlefield began Thursday, with Marty Mangum at the helm as chairman.

This year's goal is \$4,000 and Mangum is seeking 30 more workers to cover the territory required.

Persons interested in helping with the drive may contact Mangum at Mangum-Hilbun Agency, 385-5131 or Rad Richardson at General Telephone, 385-4484.

According to Mangum, approximately \$1,200 has been collected to date for this year's operational fund.

County trustee election set April 3

Two county school trustees to be elected in the April 3 school elections will represent Precincts 1 and 4.

Running for Precinct 1 is Eldon Franks of Olton, and seeking Precinct 4 post is W. P. Holland of Amherst, who will serve the Amherst-Sudan area.

Both will be serving two-year terms. Other trustees who are serving, and whose terms will be up for election next year, are Albert Lockwood of Littlefield, chairman-at-large; N. Ray Kelley of Earth, precinct 2 which includes the Springlake-Earth area; and Leon Leonard of Spade, Precinct 3, representing the Littlefield and Spade areas.

COUNTY RESIDENTS line up for vehicle validation stickers and register to vote as deadlines approach. Wednesday, March 31 is the last day

persons may do both without penalty. Stickers are to be on present license tags by April 1. Would be voters in the May 1 Primary, and those who need to

Jerry Tidwell and
The Lamb County Leader-News
Littlefield, Texas

Dear Mr. Tidwell,

We would like to express our thanks to the Lamb County Leader-News for the wonderful coverage you have given the Library Follies during the past four weeks.

Special thanks go to Kip Cutshall, our master of ceremonies; KZZN radio station, and the many talented people who performed on stage. The show

would have been impossible except for the enthusiasm and cooperation of the performers and the wonderful publicity provided.

We want to thank all those wonderful people who were involved (there are just too many to name here) for making the Lamb County Library Follies a success.

Sincerely,

introduced City Attorney Ted Sansom to serve as spokesman for the cities in their decision.

In response, Bailey stated, "There really wasn't much negotiating was there?"

Sansom replied, "We put a lot of faith in Bill's report, that's true! We feel like he's resolved some doubts in favor of the Telephone Company, and that this will be fair."

Mayor Chisholm also stated, "And we also—all three towns—agreed that we feel that any amount in excess of that, that we should go into public hearings on service and rates with the general public, and let them have their say."

The General Telephone group went out of the room to discuss the offer.

outlaw freedom of speech and choice; junk 95 per cent of all modern household appliances, clothing styles, highliving standards, gadgets, beauty and medical aids; shoot down 100 per cent of our civilian aircraft, 100 per cent of our pleasure boats, yachts and canoes; outlaw possession of hand guns, rifles and any self-protection weapon.

"Oh yes, we must kill 90 per cent of our pets, destroy all supermarkets, Sears & Roebuck, Montgomery Ward, all chain stores, motor homes, mobile homes, campers and motels. We would have to plow up 5,000 private and municipal golf courses, 3,500 country clubs, 18,000 bowling alleys, 26,000 pool and billiard parlors, 17,000 softball and baseball fields, disband all college and pro football teams, drain 99 per cent of all public and 100 per cent of all private swimming pools; disband all social, fraternal, religious, vocational, business clubs and labor unions; close all private and parochial schools, the New York Stock Exchange, American Stock Exchange, commodity markets, trusts, life insurance companies, wills and corporations.

"Gone will be the Dairy Queen, Pizza Huts, McDonalds, the Chicken Shack, Disneyland, Six Flags, Lion Country, the Astrodome, private banks, savings and loans, travel agencies and the county courthouse. You could not travel abroad, own gold or silver, jewels or gas-guzzlers. We would have to cancel the national debt and all U.S. patent rights.

"It would be mandatory that we concert our free enterprise capitalist system into a pure Karl Marx socialist state so that we would have a rich government and poor people like the Russians instead of a poor government and rich people. We then break 90 per cent of our treaties with other nations, ignore World War debts and print millions of tons of propaganda extolling the false virtues of the common communal brand of communism that would surely die without the aid of United States technology, food and fiber.

"There are many in this great land of freedom that would gladly bury us. When the Harris Poll reports that over 60 per cent of our college students believe that our free enterprise system has failed, I wonder where they will turn for a better system. The free enterprise profit system has not failed us. We have failed it. It is being destroyed by way of punitive legislation, bureaucratic controls, powerful labor union demands and ruinous taxation.

"The big spenders in Washington are hellbent on the road to runaway inflation and big government while the USSR is licking its chops and waiting patiently for the day of takeover.

and came back with a counter offer of, "We don't think \$37,426 is a fair rate of return, but we'll agree, providing we don't discontinue the color charge."

The colored telephone charge had been dropped in General Telephone's proposal, amounting to \$6,448.

City representatives agreed to the counter proposal and decided to take the recommendations to their next council meetings for ordinance approval.

Current rates for business phones are \$14.30, and under the new rates will be raised to \$15.60, compared to the proposed \$22.25 as requested by General Telephone.

Residential phones are now \$6.80 and will be raised to \$7.40 compared to the requested \$8.55.

Semi-public phones are now \$14.30 and will go to \$15.60, compared to \$22.25 as requested.

PBX trunks are presently \$25.05 and will be raised to \$27.30, compared to \$44.45 as sought.

Key lines are now \$17.90 and will go to \$19.50, compared to the requested \$30.

PEARL BRANDON

WHEREVER JESUS went there were always crowds following with much noise—some were shouting praise, others were pushing and shoving trying to get closer to Him.

One day a blind beggar sat by the side of the road where he sat each day trying to pick up a few alms from those passing by. On this particular day he heard the noise of a great crowd. When he asked what it was, some one said that Jesus was passing that way. The beggar was filled with excitement and began to cry out "master, master, oh master!"

Above the roar of the crowd Jesus heard the urgency of the beggars voice and went to where he was by the road side. "What can I do for you sir?" The beggar cried, "Oh, that I may see you, Master!" Then Jesus said, "So be it, your faith has made you whole."

The beggar leaped to his feet and shouted with joy and followed Jesus where He went.

THE THING that impressed me most about this story most was the beggars answer "Oh, Master, I want to see you."

Unless you have been without sight you can never understand—to be able to see the blue sky, the sunshine, the white clouds, the green leaves of the trees, the grass and the wild flowers.

Then to see the faces of his loved ones and friends, the faces of little

children, oh, the brightness of everything but more than anything else the beggar longed to see Jesus.

MY MOTHER used to sing a song about a blind child. One verse said, "I love you father, but I want to go."

To the bright world above where God is near and I am pure. There'll be no blind ones there."

People with cataracts lose their sight so slowly they forget what a bright beautiful world we live in. I could hardly believe the brightness of every thing when they took the bandage from my eyes. Everything was so clear and beautiful.

HERE ON THIS earth there are many burdens, blindness is only one of them, but they will all be cleared away—no sickness, no hunger, no sin—nothing at all to fear. When everybody will know and love each other as dear brothers and sisters.

There will be nothing to hurt you in all the land, when a child can play with an asp and the sheep can lay down by a lion. No enemies anywhere. You won't need to lock your doors at night for fear of burglars and there will be no beggars by the way side asking for alms.

I LONG TO SEE the fields near by, the lilies lovely grace. But most of all I long to see my Saviours loving face."

THE ABUNDANT LIFE

Not equal

WE ARE "NOT EQUAL" in all things, or in all ways. Yes, we are equal in some things and in some ways; and this equality must be recognized and respected, but there are many things and many ways in which equality is impossible and not even desirable.

"ALL THE SAME" seems to be the aim of some people, but this is an unsound, impossible and impractical aim.

This will never become a reality, even though the efforts to make it do so should continue from now until the end of time. The truth is that we should be thankful for these unchangeable differences.

WHY COMPARE ourselves with others in the first place? It is better that we count our blessings, be thankful for them; and, if there is some kind of improvement we need to make, do our best to make it.

SOME PEOPLE are poor, and some are rich; relatively speaking, and there are many in between. Some are well-schooled, and some are not; and many are somewhere between.

Some folk are unusually gifted, but some are not; and there are many in between. We are "not equal", and we are never going to be equal.

WHY SHOULD WE be upset because some people have more than we have? Many persons are smarter than we; many look better than we do; many are better schooled; many are more gifted; many have better opportunities.

Why should all of this upset us? It

doesn't, because we are not equal and can live with ourselves properly relate ourselves to other men.

WHY SO MUCH resentment, much envy, so much competition, much hate?

Resentment of others is a we don't need, because it has potential to spoil our lives, dissipate our personal joy and contentment in living. It weakens structure, and will undermine general well-being.

Envy, the displeasure felt of the excellence of others, is a negative of the essential character and personality. We are we be envious of others? The way that this feeling can bring many ways it will compound misery.

CONTEMPT FOR OTHERS help us, but it certainly can't with our personal effectiveness day-to-day living. It is a faulty toward others that severely affects our own personal self-concept.

There are no benefits, and cause our total life situation something much less than the In fact, it will cause many problems.

We are "not equal", because our unchangeable and individual differences; but no individual wrong with this fact of life.

THE FULLNESS of living is personal progress and improvement each one of us is able to make trying to have more and do more others.

Turn Row COMMENTS

By EMIL MAGEE

ONE NICE THING about being well read is that, if you read enough publications, sooner or later you are bound to read something that supports what you would really like to believe. That's because there are so many people writing things, and so many polls and experiments being conducted, that the data supporting your own wishful thinking is sure to come out sooner or later, no matter how cockeyed your logic is.

That's why it makes me very happy to read, as I did the other day, that "initial report on 4 1/2 years study of 17,000 patients in Minnesota state hospitals indicates low cholesterol diet is of no significant help in preventing heart disease."

In simpler terms, this study indicates it's okay to eat like crazy, so far as heart attacks are concerned. Of course, 99 percent of the folks who report on such things disagree, but I've been looking eagerly for that report that I can eat all the eggs and

chocolate pie and steak and

want to. I have a friend who quit smoking a few years ago. He fought the Lord until he had it whipped— and does indeed take a lot of torturing quit for four months. Then he somewhere that no matter what of label they make the tobacco companies put on cigarettes, no solid evidence that smoking causes cancer. So he started smoking and has continued to do so.

I guess every person has a belief what he reads so long as agrees with what he wants to believe in the first place.

THE EXACT figures aren't available, but I recall reading some time ago that on windy, dusty days there are more physical assaults even murders committed than on days of good weather. It can be because on those really dirty days people are just more ill-tempered usual.

Since we can't do anything about the kind of weather we experience in the spring around here, we usually say that the Lord sends those bad days so we can appreciate the good ones. Actually, though, expect the Lord is only responsible for the good days and has nothing to do with the bad ones, which are likely the work of somebody else. Ephesians 2:2 calls Satan the "prince of the air," and on days like Friday, I believe it.

Incidentally, that was the day Sixth St. Sourpuss said that he just held two pieces of bread in front door and in no time at all had a sand-wich.

ward-Stanley vows read

HARRAL—Miss Terri became the bride of Len Stanley in a double-ring ceremony performed before a crowd of friends and family members at the First Baptist Church Saturday, 7 p.m. The bride is Mrs. Coy Howard of Littlefield. The groom's par-

ents are Mr. and Mrs. Harley Stanley of Route 3, Levelland.

Terri was presented at the altar by her father. She wore a Spanish baroque wedding gown of pearl white chantilly lace accented with French silk ribbon. The gown featured a molded bodice which was accented with a high wedding band collar and deep V neckline overlaid with lace. Long, slender candle stick sleeves fell to her wrists and were cuffed with wedding bell cuffs.

A graceful A-line skirt fell from the crescent waist line and swept to a full chapel train. A full ruffle of lace encircled the hemline. Terri wore a Camelot capulet of matching lace. From the capulet fell her theatre-length mantilla veil. The mantilla was enriched with scallops of lace and pearl bead work.

The bride's bouquet was white roses and tiny orchid mums encircling an orchid. These were intertwined with baby's breath and orchid ribbon. She also carried a Bible belonging to her aunt, the late Janice Howard.

The sanctuary was decorated with candelabras of white candles accented with orchid satin ribbon and shades of purple flowers. The pews were accented with small candle globes and orchid ribbons. The bride presented her mother and the groom's mother with silk roses.

The bride wore the traditional garter belonging to the groom's mother for "something blue." The wedding gown was "something new" and the Bible was "something old." For "something borrowed" the bride wore a gold locket belonging to her mother.

The bride's father slipped a penny in the year of the couple's birth in her shoe for good luck.

Miss Joli Grant of Whitharral attended the bride as maid of honor. Bridesmaids were Cindy and Tisa Tedder. Their dresses were three tiers of orchid floral organza over shades of purple. The dresses had long sheer sleeves and

were accented with orchid satin ribbon. They wore picture hats of orchid and carried bouquets of orchid mums.

Serving as candlelighters were Sheila Polk, cousin of the bride, and Shelly Doshier. The flower girl was Kendra Polk, cousin of the bride. They wore dresses identical to the bride's attendants. Heath England served as ring bearer. He wore a white tuxedo jacket with black pants and a purple ruffled shirt.

Serving the groom as best man was Len Stanley, his cousin. The groomsmen were Ronnie Stanley, brother of the groom, and Tim Howard, brother of the bride. The groom wore a white tuxedo and a purple ruffled shirt. The groomsmen wore purple and black brocade tuxedo jackets with black pants and purple ruffled shirts.

Steve Stanley, brother of the groom, Willie Don Ivey, Bud Reding, and Gary Hayes, cousin of the bride, seated the guests, grandmothers, and mothers. Charla Chronister presided at the guest register table.

Lillie Newsom played selections such as "Love Story", "A Time for Us", "My Sweet Lady", and "If". Kathy Ward of Levelland sang "Top of the World" before the ceremony. The attendants entered as she sang "We've Only Just Begun" and the bride entered as the organist played through this song. Kathy sang "More" as the couple performed the unity candle lighting.

Immediately following the ceremony, a reception was held in the Fellowship Hall. Cyndi Hodges and Christy Clevenger served cake to the guests as Cheri Hisaw and Rhonda Bryant served the punch. Jeannie Stanley and Donna Graf served at the groom's table featuring a silver coffee service and German chocolate cake.

As the couple left for a wedding trip to Colorado, the bride wore a floor-length orchid dress accented with purple lace and an orchid

MRS. BEN DAVILA attended a First Aid study course in Lubbock, Saturday. She went along with a staff of workers from Littlefield. This was a Standard First Aid course from the Multi-Media system book. Eight more hours of credit, and Mrs. Davila will be certified to teach this course.

Jim Blagg, Mrs. Patton named

Jim Blagg of Littlefield and Mrs. Norman Patton of Amherst have been named Mental Health Chairpersons of their communities for the May '76 campaign, according to Carroll B. Bryant, president of the Texas Association for Mental Health.

As chairpersons, Blagg and Mrs. Patton will recruit volunteers to go house-to-house during May, Mental Health Month.

The Texas Association for Mental Health is strictly a volunteer association, with members dedicated to informing the public about mental illness and mental health, while helping the mentally ill and their families.

As citizen advocates, the association works to see that government funds are spent effectively. Members would like to see a greater emphasis in state mental health dollars

go to children and community mental health services.

The Mental Health Association believes that education is a key factor in preventing mental health problems.

As part of its educational program, the association cooperates with the Texas Department of Community Affairs, Early Childhood Development Division, in delivering the "Pierre the Pelican" newsletter series to all first-time parents in Texas. "Pierre" deals with the mental and emotional development of children from birth to six years.

With one in ten persons needing some kind of mental health care, the association offers free literature to the public on alcoholism, children's mental health, sexuality, depression and other mental health topics. For information write to the Texas Association for Mental Health, 103 Lantern Lane, Austin, Texas 78731.

Auxiliary is feted

The Gold Room at Hemphill Wells in the South Plains Mall was the setting for the March luncheon of the Hospital Auxiliary of Littlefield.

Eleven members were present for the special trip to Lubbock consisting of a meal

and business meeting of the organization.

Members attending were Addie Abernathy, Ruth Hinds, Lucille Johnson, Leone Jones, Mary Alma Lockwood, Dell Phelps, Mattie Perkins, Florence Porcher, Roxie Ross, Doris Simpson, and Loretta Winfield.

President, Mary Alma Lockwood, presided over a short business meeting in which plans for a baked goods and craft sale for the upcoming festivity days were discussed.

Officers for the new term were elected and will be installed at the May luncheon.

Anyone interested in membership in the Hospital Auxiliary are cordially invited to attend the next luncheon, May 13, at 11:30 a.m.

Nicholson-Peterson wedding vows read

Karla Renee' Nicholson and Glen Peterson were united in marriage Friday night, March 5 at the First Christian Church in Littlefield.

The ceremony was performed by Rev. Wayne Holder of Lubbock.

Karla is the daughter of Mr.

and Mrs. Waymon Lewis of Littlefield and E. L. Nicholson of Amherst and Glen is the son of Mr. and Mrs. Joseph Peterson of Porta de Luna, N.M.

Mrs. Jomeryl Harmon played a medley of traditional wedding songs. She also accompanied Mrs. Kyla Howell

as she sang "Annie's Song" and "Time in a Bottle."

The matron of honor was Lessa Miller of Amherst and bridesmaid was Dee Dee Deardorff of Elnora, Ind.

Their gowns were empire waistline, floor-length, with mint green flowers, and were trimmed with white lace with an over lay of mint green velvet ribbon. Their wide brim white hats were also laced with the mint green ribbon.

Bestman was Brad Nace of Littlefield and groomsman was Steve Smith of Littlefield.

The bride was escorted to the altar by her brother, Mark Nicholson.

The bride's gown was white satin with chantilly lace top and sleeves, trimmed with tiny pearls. Her finger-tip length veil of white illusion was trimmed with lace and her head dress that was trimmed with lace and small pearls.

The bride's bouquet was a cascade of white carnations and centered with daisies. Ushers were Bruce Nicholson of Loop, brother of the

MR. AND MRS. GLEN PETERSON

bride and Joe Peterson of Amherst, brother of the groom.

Guests were registered by Mrs. Brice Nicholson of Loop. The reception following the ceremony was held in fellowship hall.

Serving the three-tiered wedding cake and punch were

Mrs. Bruce Nicholson and Cindi Glaspie of Loop.

For going away, she chose a rust color western. The couple is now in Amherst. The groom is employed by Rick Machine Shop and is a senior in Amherst School.

Josef Blevins attends meet

Josef A. Blevins Jr. of Littlefield, has just returned from Houston where he represented the Federal Land Bank Association of Littlefield at the annual stockholders meeting of The Federal Land Bank of Houston. The meeting held at the Houston Oaks Hotel, was attended by members of 66 Federal Land Bank Associations in Texas. There were about 550 persons in attendance. Others attending the meeting from this area were Ray C. Hulse, Drexel Lawson and Mark E. Harbin, manager. George W. Cunningham, president, in his annual report to stockholders, reported that the demand for new loans declined from the previous two years; however, 1975 was still the third largest year in the bank's history and also the third consecutive year that loan closings had exceeded \$200 million. Dr. Phil Gramm, economist on leave of absence from Texas A&M University and B. K. Johnson, a prominent South Texas rancher and director of the King Ranch Corporation, also addressed stockholders and guests during the meeting. The Federal Land Bank of Houston makes long-term loans on farms and ranches throughout Texas and currently has 35,000 loans for more than \$1,145,000 outstanding. The Federal Land Bank Association of Littlefield makes and services loans in this area. Members of the board of directors are Harry Brantley, Drexel Lawson, Paul Chisholm, Ray C. Hulse and Josef A. Blevins Jr.

Grace Franklin honored with 90th birthday party

Mrs. Grace Franklin of Littlefield was honored with a party on her 90th birthday Saturday, March 20, in the home of a daughter, Mr. and Mrs. W. B. McMillan of Earth.

Hosting the event were her six daughters and four sons: Mrs. Rena Clifton of Dickens, Ina Mae Vennett and Herman Franklin of Haskell, Margaret Howard of Amarillo, Mrs. Lilly Phillips of Plainview, Victor Franklin of Wellman, Ernest Franklin of Fontana, Calif., Elsie McMillan of Earth, Gene Fudge of Littlefield and Jerry Franklin of Idaho Springs, Colo.

All of her offspring and their mates attended but two, as well as several of the grandchildren and five great-grandchildren.

One brother, Fred Wright of Littlefield, also attended.

Friends and relatives from Dallas, Fort Worth, Denver City, Old Glory, Haskell, Enochs, Morton, Bula, Seminole, Littlefield, Lockney and Earth were also present.

Out-of-state relatives came from Fontana, Calif., Taiban, N.M., Clovis, N.M., Portales, N.M. and Santa Fe, N.M.

Local students to enter trouble shooting meet

Littlefield High School has entered the 1976 Plymouth Trouble Shooting Contest, according to Tommy Brawley, school principal.

Auto mechanic students at the school are competing in their classes to win the opportunity of representing their school in the State Championship contest on Monday, April 5 at Lubbock High School.

The two students selected will be competing in one of the state championships being held in all 50 states this spring under the sponsorship of Plymouth dealers and the State Education Department.

Garland Motor Company will sponsor the school in the contest.

There are two parts to the contest, which has been reorganized and expanded this year for greater high school participation. There is a written examination through which teams qualify for the state championship mechanical competition. The written exams will be held in schools in convenient locations throughout the state. Students who qualify through the examinations proceed to the state championships.

State champions, in turn, win all-expense trips to the national Championships at Chicago June 28, 29, 30, where they compete for scholarships and other prizes.

The teams at the state championships will be looking for a series of malfunctions which are deliberately hidden in new cars to test the knowledge the students have gained in auto mechanics. Their job is to find the malfunctions using classroom procedures, correct them, and restore the cars to perfect running order.

Working against the clock, the first team to find and fix all the problems is the winner.

provided the team also receives good grades in the written examination and repairs its car perfectly.

The Plymouth Trouble Shooting Contest is sponsored by local Plymouth dealers in the area as a means of encouraging students to complete their education and seek careers in the automobile mechanics field.

ST. PHILIPS Altar Society held their monthly meeting in Pep Parish Hall March 17 after the 7:30 p.m. mass with 18 members and Father Kevin Clarke present. President Lydia Green opened the meeting by dedicating it to St. Patrick. Opening prayer was led by Rose Albus. Secretary, Zita Rohmfeld had roll call and read the minutes of the previous meeting. The treasurer's report was giving by Janette Albus. Delegates for Spring Conference at Levelland, St. Michaels Catholic Church, on April 26 are: Ellen Franklin, Mary Demel, Jane Duesterhaus and Georgia Decker. Alternates are Agnes Schlottman, Ethel Burt, Ida Simnacher, Marilu Gerik, Marcy Demel and Lydia Green. Father Clarke gave a short report on St. Patrick. Everyone enjoyed it. Door prize was won by Angie Albus. Closing prayer was by Ellen Franklin. Coffee and soft drinks were served by hostesses Marcy Demel and Janette Albus.

MRS. JEROME DECKER is in the hospital at Medical Arts of Littlefield. She is doing better, but still in some pain. She is allowed to have visitors now.

GREG COUCH

Greg Couch is named to All-State team

ANTON—Greg Couch, Anton senior athlete, was chosen by the Texas Sportswriters Association Class B All-State end for 1975-76 football season. He is the first Anton back to receive such an honor.

He is a 6'3", 155-pound offensive end. During the past season he made 64 receptions, gaining 914 yards, and making 12 touchdowns. He also made three 2-point conversions. He also served as the Bulldog punter.

His coach is Clarence Law who is completing his first year as head football coach and athletic director at Anton.

In addition, he learned Saturday morning that he was selected to the All-South Plains Class-B basketball second team. He averaged 19.9 points hitting 54 percent of his field goals and 82 percent from the free-throw line. He also averaged 13 rebounds a game.

Currently, Greg is running track, in the 880-yard run, his specialty. An all-round athlete, he has brought honors to Anton High School.

All-star coaches are Jerry Tunnell and Ronnie Vaughn of the Sonics.

Sonics champs in LD minor league

The Sonics answered all questions about who's number one in the Little Dribbler's minor league Thursday night.

The Sonics boomed past the Hawks 26-16 to add the tournament championship to their regular season crown. The Sonics went undefeated.

The Hawks trailed by only 13-12 at half but then turned cold and managed just four points in the second half.

The Sonics outscored the

Hawks 7-1 in the third quarter and eased to the victory.

David Tunnell's nine points led the Sonics. He was closely followed by Bryan Pace's eight and Ace Bridwell's seven. George Davis and Cliff Davis added two each.

The Hawks Charles Jackson topped their scoring with 11 points. Ronnie Landis hit for four and John McAnally added one.

Water safety course planned

Jim Welch of the National Red Cross will teach a water safety retraining course scheduled March 29-April 2 at the South Plains College Natatorium in Levelland.

The class will meet from 6 to 9 p.m. daily and is sponsored by South Plains College's Division of Continuing Education. All instructors who hold a current water safety instructor card but who have not had the retraining course are eligible to sign up.

Welch is a representative of the Red Cross West Texas

Division, Fort Worth.

Interested persons should register as soon as possible in order to pick up the new water safety and basic rescue books, said Mrs. Sheri Moore, SPC Natatorium director. Registration may be completed in the central office of the South Plains College Technical Arts Center.

For more information, contact either Mrs. Moore or W. A. Wise, director of intramurals, at 894-4921, area code 806.

Energy for agriculture is theme for program

Energy for agriculture will be the theme of the annual meeting of the South Plains Development Program set for Tuesday, Mar. 30, at the South Park Inn in Lubbock, according to County Extension Agent Buddy Logsdon.

Discussions will center around current problems, trends and future outlook associated with the supply and demand for energy in agriculture.

Headed by the lineup of speakers will be representatives of Southwestern Public Service Company, Lighthouse Electric Cooperative, Pioneer Natural Gas Company and Exxon Oil Company, plus the associate director of the Texas Agricultural Extension Service.

The South Plains Development Program (SPD), is a volunteer organization composed of members of county program building committee members and resource persons from throughout the South Plains.

The one-day meeting will include a morning session beginning at 10 in which task forces for cotton, feed grains, swine and family living will convene, and an afternoon session getting underway at 1:15 which includes a special panel on energy.

According to Billy C. Gunter, district agent from the Texas Agriculture Extension Service, the annual meeting brings together agriculture leaders to review progress of South Plains agriculture and how current problems and needs should be met.

"This region," said Gunter, "is an intensely cultivated, productive agricultural area that is the standard by which many other agricultural areas are measured. This agriculture has evolved because of the

CLAUNCH GIN hosted a barbecue supper, for all of their customers Monday evening, at the Lamb County Electric Co-op, in Littlefield. Approximately 150 were in attendance. Following the meal Mike Greer of Lubbock showed a film on the Cotton Module System, and also spoke on the advantage of using this system for gathering cotton. Among the out-of-town visitors present were Mr. and Mrs. Bill Roberts of Lubbock, who has bought cotton in the Bula area for many years.

MR. AND MRS. W. R. Adams drove to Happy, Tuesday and visited with friends, Mr. and Mrs. Ed Womack.

Medicare help is available to disabled

Everyone who receives social security benefits, and most who don't, know that Medicare coverage extends to almost all people age 65 or over and disabled people under age 65 who have drawn disability for 24 consecutive months.

However, what most don't know is that individuals who are under 65 years of age and who have permanent kidney failure, and need maintenance dialysis treatments or a kidney transplant might also qualify for Medicare.

To be eligible for Medicare under the kidney disease provision of the law, you must have worked long enough in a job under the social security or railroad retirement system or be the wife, husband, or dependent child of a worker with enough social security or railroad retirement work credits.

Only the family member with permanent kidney failure is eligible for Medicare. Other members of the family are not.

Area farmers praise early season control for nematodes, insects

By **DAVE RODGERS**
Texas farmers know the value of early insect control and early insect control can wipe out cotton. That's the reason West Texas farmers are using Temik for its double control of both early insects and nematodes.

Although they weren't planning plots, several Lamb farmers inadvertently used Temik in 1975 with good results. Tunnell put down 500 acres of cotton in the treated and control plots last spring. He is pleased with the results that he is putting on 1,000 acres this year I could see the difference in the treated and control from the road," said. "When you can difference from the control you're talking about a few pounds of lint or more per acre."

Cotton, Better Quality
In addition, I got five to six pounds more for the quality cotton produced by putting down Temik. I put down Temik early, and the early control brought the best results. I said Temik doesn't seem to be a growth hormone, something caused his cotton to come up where it was deep. "Where I didn't put Temik, the seed didn't come up," he added.

Due to the dry conditions this spring, Tunnell had to get to get down to the seed. At the same time he applied Temik to the seed bed. "I didn't put the plant population down," he said. "I didn't put Temik." At the same time, I see the insect damage didn't have Temik. It has been on the cotton for five years, but Calvin at the Texas A&M Experiment Station at Lubbock has been testing for 12 years. Orr said he gives better stands, yields, and outstanding insect control. Tests using one-half pound of active ingredient or 3 1/2 pound per acre lowest label rate, takes out nematodes from five to ten acres.

Check Plot Proof
Hearl ran a check plot for Hockley County extension agent Billy Taylor last year and learned that good looks pays, too. Hearl made 325 pounds of lint cotton where he applied Temik and received 45.06 a pound. Where he didn't apply Temik he made 231 pounds of lint cotton and received 41.06 cents a pound. At 3.46 cents a pound more on an additional 95 pounds of

lint, that's \$42.81 more an acre.

Several farmers have had excellent results with Temik even when they had to replant. James Steffey just knocked his beds back down to the moist dirt and planted in the same furrow last year when he replanted. He thinks he still picked up the biggest percentage of the Temik benefits.

Profit On The Bottom
Farmers know its the bottom crop on cotton that makes them money. The first three or four weeks of fruiting makes 87 percent of the crop. The next two or three weeks of fruiting gives about 11 percent of the crop, and the top crop is only two percent of the crop. If Temik can give a week to 10 days earlier maturity, that will help pay the bills and make a profit. Temik allows cotton to fruit to its natural potential.

Last year 7,650 growers across the entire cotton belt from California to the Carolinas used Temik. That number is expected to top 10,000 acres this year. In some accidental test plots where the applicator stopped up, growers who put on 3/10 of a pound of active ingredient Temik made a 25 percent

increase against untreated cotton. In controlled tests against competitive brands, there were some 60 pounds more lint cotton.

Granules Easy To Apply
Growers like the granules because of the minimum of trouble to apply when planting; there are fewer fillups, and more ground is covered between fillups.

Temik used at insecticidal rates will control both root knot and lesion nematodes more economically than other methods, plus giving early season trip and mite control. When applied in moist soil, the active ingredient is released and rapidly absorbed by the seedlings. As the plant grows, systemic protection moves to all parts of the plant including the squares.

The six-weeks to two month systemic control is continuous and weather proof because it is inside the plant and can't wash off or blow away. Any applicator will work— Noble, John Deere, Gandy. You treat only the planted row. Temik is just one more tool in a whole bag of tools that farmers can use for more profit.

Beats Fertilizer
R. L. Heard at Whitharral said he will take Temik over fertilizer anytime. "Fertilizer won't do a thing for nematodes," Heard said. I try to put down about four pounds of Temik to the acre, and on the average I get a difference of at least a third more lint cotton where I treat it."

Fumigants for nematodes have been around for some time, but until the dry granules came along, the fumigants had to be applied ahead of planting by injecting into the beds with knives. It's the saving of a trip across the field and the ease of application that Heard likes most. "You just put Temik there with the seed," he said. "When you use knives you tear up the beds and lose moisture. When you're using two knives to the row and they wear out in half a day, you're talking about \$14 to \$15 a piece. The knives wear out, get full of dirt and stop up. If you don't put fumigants on ahead of the planter, it takes an extra tractor and extra driver."

"Nematodes got so bad I had to find something to control them or quit growing cotton," Heard added. "Since I started using Temik I have pretty cotton all year. Just the looks makes its use worthwhile for me. There's nothing worse than skippy, ragged cotton."

Energy focus of SPD annual meet

Energy for agriculture is the theme of the ninth annual meeting of the South Plains Development program set for Tuesday, March 30, at South Park Inn in Lubbock. Discussions will center around current problems, trends and future outlook associated with the supply and demand for energy in agriculture.

The lineup of speakers will include representatives of Southwestern Public Service Company, Lighthouse Electric Cooperative, Pioneer Natural Gas Company and Exxon Oil Company, plus the associate director of the Texas Agricultural Extension Service, and two extension service economists.

The one-day meeting will include a morning session beginning at 10 in which task forces for cotton, feed grains, swine and family living will convene, and an afternoon session getting underway at 1:15 which includes a special panel on energy. Billy C. Gunter, district

agent for the Texas Agricultural Extension Service, said that plentiful, inexpensive energy has played an important role in the development of High Plains Agriculture. Recent increases in energy costs, he said, have caused concern on the part of agriculturalists, since this area is dependent upon intensive use of energy to maintain the current level of productivity.

"We believe everyone interested in our economic future will want to attend this meeting," he added. The South Plains Development Program, is a volunteer organization founded in 1965 to promote the economic growth of the South Plains area through increased agricultural production.

The Promises of God

"Delight thyself also in the Lord; and he shall give thee the desires of thine heart." Psalm 37:4
Delight thyself in God the Lord,
Who seekest heart's desire:
Delight thyself in God the Lord,
Who seekest heart's desire:
Sufficient is they God indeed
To meet they spirit's deepest need:
If on His faithfulness thou feed
Thou shalt have heart's desire.

Delight thyself in God the Lord,
Thy truest Heart's desires:
Seek but the shining of His face;
His holy will with joy embrace:
And he will be they dwelling place.
They land of Heart's desire!

Cisco JC planning homecoming
Cisco Junior College in Cisco will this year hold its annual homecoming Saturday, April 24, according to the CJC Ex-Students Association.
The spring date is the first time in anyone's recollection that the Cisco college has held homecoming anytime other than during football season, a college spokesman said.
The special day for ex-students will be held in conjunction with a community-wide celebration that will be in progress in Cisco—the Cisco Frontier Jubilee combined with the college's traditional Ranch Week activities.
April 24 will culminate an entire week of frontier-type activity in the Eastland County town, and the college's homecoming will play a major role in the Saturday activities.
Among the scheduled events for Homecoming are: a 10 a.m. parade; afternoon receptions, open house, class reunions, and a business meeting; and a barbecue, musical revue, and Exes Ball during the evening hours.
Mrs. Betty Hogan, executive secretary of the CJC Ex-Students Association, has invited the college's alumni from "anywhere and everywhere" to attend the homecoming on April 24. More details may be obtained by writing to her at CJC, Cisco, Texas 76437.

ENOCHS

By MRS. ALMA ALTMAN

THE ENOCHS Baptist Church revival was termed a success, as beautiful weather and good crowds featured people from surrounding area attending. Rev. Vernal West, a missionary from Kenya South Africa did the preaching and Michael Sowder, a school teacher from Three Way school led the singing. Rev. West is home on furlough after three years' duty. His home is in Ada, Okla. After evening services he showed films of the territory where he

serves. His parents from Oklahoma visited in the services over the weekend and were house guests of Rev. and Mrs. Charlie Shaw. The revival closed with a dinner in fellowship hall.

SOME OF the ladies went to Muleshoe to a clinic teaching how to make hangers for hanging baskets. Mrs. Robin Taylor was in charge of the clinic with the help of the County Home Demonstration Agent from Hale Center. This meeting was attended by a

group of ladies and some beautiful work was done. Everyone learned how to do the work, and brought home some information to other members. Refreshments were served to about 30 women. Those attending from here were Zelma Fred, Bonnie Long, Wilma Petree, Dorothy Nichols, and Alma Altman.

LAST SATURDAY, a week ago, there was a bad accident

at the intersection in Enochs. A woman coming from the east proceeded to cross the Highway, and her car collided with Mitchell Autry's pickup as he came from the north. Mitchell received some lacerations and is very sore. Mitchell's pickup was spun around and hit Shorty McCall's pickup as it was parked in front of the Poll Filling Station. Three pickups were demolished and no one

was hurt serious. The woman had a broken arm and some head injuries.

HOME DEMONSTRATION Club met at the home of Mrs. Dorothy Nichols Tuesday afternoon. The program was on "Pant Fitting". The roll call was given by Mrs. Winnie Byars and answered with a "Difficulty each one has getting their pants to fit properly." Twelve attended. Re-

freshments of coffee, iced tea and cookies were served to Zelma Fred, Elnita Key, Bonnie Long, Lillian Fort, Rose Nichols, Wilma Petree, Winnie Byars and Ada Long. Three visitors were also present, Mrs. Nannie Blackman, Ellen Bayless, Linda Key and Robin Taylor and the hostess, Mrs. Dorothy Nichols.

VISITORS in the home of Mrs. Winnie Byars were two

of her sisters-in-law, Mrs. Ruth York of Fort Worth and Mrs. June Morton of Mesquite. They spent Friday night and left early Saturday morning and met Tom Byars at Muleshoe where they all had breakfast at the XIT Cafe. Eldon Byars and Mrs. Inez Sanders also joined them there. From there they all went to Earth where they went to the home of Mr. and Mrs.

Billie Fudge where enjoyed a birthday. Mrs. Fudge's mother, Grace Franklin on birthday. Also attended Mr. and Mrs. Harold Littlefield and their A birthday dinner of turkey and ham and trimmings was served. Birthday cake was everyone sang "Happy day" to Mrs. Franklin.

OLTON NEWS

MRS. ALCIE Williamson, 87, mother of W. F. Williamson of Shallowater, and grandmother of Mrs. Wayne Moore, died Sunday in Exter Memorial Hospital, Woodlake, Calif., following a lengthy

illness. Burial was Thursday, March 11, in Dinuba, Calif. Survivors include five daughters and three other sons; numerous grandchildren, great-grandchildren and great-great grandchildren.

MRS. ELMER GRAY has returned home from Hi-Plains Hospital in Hale Center, where she received treatment for pneumonia.

JEANNE SACH has returned home from Central Plains General Hospital in Plainview.

VACATION Church School directors of First United Methodist Church will meet for training at the First United Methodist Church in Plainview April 4 from 2-4 p.m. A nursery will be provided for workers who have little children.

REV. B. A. Dickenson of Plainview visited Tuesday in the home of his parents, Mr. and Mrs. W. B. Dickenson Sr.

OUR SYMPATHY is extended to Mrs. Mabel Bizzell in the death of her sister, Mrs. Lena Allison, who died in Clinton, Okla. Attending services from Olton were Mr. and Mrs. Gerald Bizzell; also their two sons and their wives, Mr. and Mrs. Gayle Bizzell of Muleshoe and Mr. and Mrs. Gary Bizzell of Hale Center.

MR. AND MRS. Raiford Daniel Sr. visited Sunday in the home of their son, and family, Mr. and Mrs. Raiford Daniel Jr. in Earth. Mrs. Raiford Daniel Jr. served turkey with all the trimmings and a birthday cake in honor of their son, Raiford Daniel III of Levelland. Others attending were Miss Donna Daniel of Lubbock; Clifford Daniel who attends college in San Angelo; Mrs. Patricia Warren and Cynthia of Alamogordo, N.M.; Debbie, Jodie and Albert of Earth, Mrs. Raiford Daniel III of Levelland; and Terry Lively of Earth.

HOLLIS CAIN received treatment in Lubbock University Hospital several days last week because of a back injury.

MMES. JIM HYATT, Bobby Deberry, Freda Worley and Helen Bohner attended the Oral Roberts Choir Concert in Plainview recently.

MRS. LOIS SMITH of Fort Stockton visited overnight recently in the home of Mr. and Mrs. Jim Hyatt. Mrs. Smith a former Oltonite also visited with several other friends while here.

MRS. HAZEL Whittington was hospitalized a few days last week in Littlefield Hospital, where she received chemotherapy treatments.

MRS. LEE ANN NEELEY of Floydada received treatment at Hi-Plains Hospital in Hale Center and underwent tests Saturday and Sunday. She is the daughter of Mr. and Mrs. Harold Wilson of Hale Center, formerly of Olton.

MRS. HOLLIS Cain honored her mother and aunt, Mrs. J. T. Gibson and Mrs. J. E. Fuller with a birthday dinner Sunday.
