The following was given to us by the publisher and is a tongue-in-cheek article at a proposed "Texas Mountain Plan."

If you recall, it was the big-city areas (like those in Houston) and the uninformed small town folk who saw fit to defeat the Texas Mountain Plan eight years ago and to the same to the water amendments on last month's general election ballot.

This article takes a one-sided view of those defeats, as you might be able to tell right off.

The Texas Mountain Development Board has released the Texas Mountain Plan. This plan would develop a 15,000 foot mountain range along the Gulf Coast of Texas. The system, to be constructed, would include a number of majestic peaks, lush mountain meadows, rolling foothills and bubbling torrents. Scenic waterfalls are planned for Houston, Beaumont, and Corpus Christi. A prominent Houstonian recently said, "Houston has long lacked adequate waterfall."

The Texas Mountain System would connect the Southern Appalachian mountains of Georgia with the Sierra Madre Oriental of Mexico near Monterrey, Mexico. The range of mountains and connecting passes would extend 400 miles and be 100 miles in width. Construction will require 10 billion acres feet of dirt, the greater portion coming from West Texas and the Panhandle where there is a surplus of unused dirt and rock. Proponents of the plan point out that Texas' long-term soil needs will require the importation of South Dakota.

The plan is backed by the committee of Eleven. A spokesman for the committee said, "The proposed plan will solve Texas' water problem. Our See SHOOTIN', Page 2

New long distance rates in effect for Texas calls

New long distance rates for calls from one Texas city to another were placed in effect at 12:01 a.m. Tuesday, Dec. 21, including those made by General Telephone customers.

R. Rex Bailey, vice president-revenue requirements for General, said intrastate long distance calling rates in Texas are set by Southwestern Bell with public utility commission approval.

The commission has approved the new toll rates and Bell has placed the rates in effect while seeking a rehearing of the commission's ruling.

"Long distance services are

operated jointly by the Bell System companies and the independent telephone companies under a common rate structure," Bailey explained. "Intrastate long distance rates in Texas are administered under tariffs filed by Southwestern Bell and approved by the Texas PUC. Independent telephone companies, including General Telephone, concur with these tariffs to maintain uniform long distance rates throughout the state."

Bailey said with few exceptions the initial minute rates for most station-to-station customer dialed calls have been reduced with rates

for each additional minute increased.

All operator-assisted call rates have been increased.

The discount rate for evening calls was the only other major change with the discount reduced from 30 per cent to 25 per cent. The evening rate is in effect from 5 p.m. until 11 p.m. Sunday through Friday.

Other rate changes that will affect General's customers include rates for intrastate wide area telephone service (WATS) and foreign exchange service from a Bell served city.

1976 a landmark year for Lamb County

The year 1976 was a big one for America, anyway you want to look at it. Of course, the top attention center was the Bicentennial celebrations across the country. Either praised for their patriotism or criticized for their commercialism, no one can deny the clout that our 200th birthday had on our country.

Then, fast on the heels of the nation-wide extravaganza came one of the most closely contested presidential races in history.

But closer to home, 1976 was without a doubt one of the landmark years in the 63-year history of Littlefield and Lamb County. Never before had so much money been invested in the city than 1976.

Littlefield's rebirth was conceived when the American Cotton Growers decided to build its \$30 million denim mill just east of the city. In months, newcomers and old-timers alike recognized that the city was on the move, and a building boom ensued that Littlefield had never seen before.

At last count, over 25 businesses had opened their doors during 1976, and more are sure to follow. And as Littlefield grew and prospered, so did the small towns that surround it and are so valuable to the area. Amherst and Sudan had tremendous Bicentennial celebrations that brought each town alive with excitement. Whitharral also had something to cheer about—a football team that went undefeated for its first nine games. Almost the whole town of Anton turned out Sept. 24 to see the unveiling of a memorial to Ed M. Hart, "Mr. Anton." And in Springlake-Earth, when there wasn't something in the air over hair codes or highways, the opening of several new businesses and remodeling of old ones kept the cities hopping.

This, then, is a capsule of the past year as reported in the pages of the Leader-News. It's not meant to include everything that happened, but rather to hit the high spots and jolt the memory back over an exceptional year.

In today's edition, January through April, 1976, are presented. The next two issues will include the last eight months of the year.

JANUARY
There was really nothing new about the top two stories of our Jan. 1, 1976 issue. They dealt with a

couple of things that no New Year's Resolutions will ever take care of: a postal rate hike and a voter registration hassle.

The price of mailing a first-class one-ounce letter went up to 13 cents. The voter registration dispute was a complicated mix-up that would have cost Lamb County \$1,170 (minimum) for a massive mail-out designed to clear up the eligible voter lists once and for all. County officials had already spent numerous hours stuffing and addressing envelopes to every known voter when Secretary of State Mark White said the plan really wouldn't work after all.

That was also the week Littlefield's own Waylon Jennings and wife Jessie Colter were in town for a family reunion.

County Judge Bill Angel resigned his office after serving the first year of his four-year term. The Lamb County Commissioners' Court chose Ruth Kirby over a field of 11 applicants to finish out the term.

Tom Tollett succeeded Rad Richardson as president of the Littlefield Chamber of Commerce. Carol Black, Hubert Henry, Paul Bennett, Tom Hilbun and David Jones were also elected to Chamber positions.

The annual Wildcat Football Banquet saw Bill Turner an all-state performer, named the Most Valuable Player off the 8-1-1 team and Carrie Ware crowned as Football Queen. Lori Wilkinson and Kim Daniels were also candidates for the Queen title. Randy Hall, Dean Walden and Larry McDonald were all named winners of the Fighting Heart Award. Ricky Hopping, another all-state performer, was named outstanding lineman along with Brad Banner, Steve Cruz and Jimmy Durham.

Deposits were up \$11,017,672 at the close of business Dec. 31, 1975, over the same period of 1974. The report was a complete reversal of the previous year, when deposits were down six and a half million dollars. Loans showed a rise of \$6,054,063 in the eight area institutions.

The Lamb County Commissioners approved a record county budget.

The annual LC Junior Livestock Show was bigger and better than ever, thanks in large part to the new Agriculture and Community Center, where the main

part of the show was held. Showmanship winners were Ronnie Bearden of Amherst in the Lamb division; Kirk O'Hair of Springlake-Earth for the swine; and Dawn Branscum of S-E in the steer division.

The grand champion lamb was shown by Petra Lewis of S-E. O'Hair also won for his 240-pound heavyweight Cross and Scott Carter of Littlefield carted off the top honors for his 1,195-pound Exotic Cross steer.

FEBRUARY

Tom Tollett was again in the Leader-News Feb. 1 when he was elected to replace Glenn Batson as the Democratic Chairman for the county. Batson resigned because of his candidacy for the county judge post.

Also receiving an appointment that week was longtime Littlefield resident Arthur P. Duggan, Jr., who received Gov. Dolph Briscoe's nod as Canadian River Compact Commissioner. Duggan is serving a two-year term.

The first week in February was a big week for a few Littlefield and Olton residents. The Littlefield Chamber of Commerce and Agriculture Banquet honored J. L. Marcum as "Man of the Year," Betty Hodges as "Woman of the Year," and the Doug Waldens as "Farm Family of the Year." Ray Keeling was given a "Special Recognition" award.

Over in Olton, the CCA banquet honored Royce Collins as "Farmer of the Year," Frances Redinger as "Woman of the Year," and Gene Trotter, "Man of the Year."

Work began on improving the barren playgrounds surrounding the Littlefield Elementary Schools. The city teamed with several concerned citizens to get the first loads of soil down and get grass planted.

Clark B. Hill of Fieldton was named the Lamb County Soil and Water Conservation Farmer of the Year.

Jerry Tidwell moved to Littlefield and took over the publisher's job on the Leader-News. He was formerly advertising manager for the Seminole Sentinel. Tidwell replaced Wade Warren, who had

been in Littlefield four years and who left to become publisher of the Brownfield paper.

The Littlefield Wildcat basketball team compiled its best record in 20 years, finishing with an 18-14 mark. In any other district besides 3AA, the 'Cats might have done even better. District champ Morton advanced all the way to the state AA finals.

Olton school board member Floyd Prentice resigned his post after vandals had damaged his pickup, a well motor and his airplane. A note was left on the pickup stating that Prentice had voted the wrong way on the hair code.

The Littlefield, Amherst and Anton city councils decided to hire a consultant to study the proposed rate increase by General Telephone.

Wildcat female basketballers Monica Phillips and Lori Westmoreland, both juniors, were named to the all-district team.

An explosion and fire caused when sparks from a welder ignited paint thinner left between \$150,000 and \$200,000 in damage to the Carlisle-Oldham Ford body shop Feb. 21. Only quick action by the Littlefield Fire Department in five degree below zero weather prevented the flames from engulfing the whole block.

Five persons died in a gas pipeline explosion near Whitharral that sent flames 200 feet into the air. Twenty-five families had already been evacuated before the explosion.

MARCH

The Earth CCA had its annual honors banquet, and Harold Britton was named "Outstanding Man" while LaJuana O'Hair was tabbed "Outstanding Woman." Farm Families of the Year were the Chuck Smiths of Lazbuddie, the Otis Ray Kings of Springlake and the Richard Bills' of Earth.

Wildcat guard Lonnie Twitty was named to the all-district and all-South Plains basketball teams. Also, Littlefield coach Dee Blevins was honored as AA South Plains Coach of the Year.

The Leader-News reported that \$1,687,400 in building permits had been issued in Littlefield from See LANDMARK, Page 2

THE ABUNDANT LIFE

We must endure

By BOB WEAR

IT IS NOT ALWAYS EASY to keep on keeping on, but this is just exactly what we must do. Of course, this is to be done as intelligently as possible. "We must endure."

We must keep trying, and making our efforts as effective and as profitable as we can. We cannot afford to give up, even though there may be times when we are tempted to do so. This is most certainly not the way "to meet the challenges of life."

THE WAY ALONG WHICH we move will be easier some days than it is on other days; the burdens we carry will be lighter some times than they are at other times; the encouragement we receive will be greater in some situations than it is in other situations; but, "we must endure."

The most satisfying results will be realized from our steady, consistent best efforts. That is, in accepting the fact that this is one of the obviously basic elements in meaningful living; we will have come to terms with life.

THERE WILL BE SETBACKS. More than once, in some ways, it will be necessary for us to begin again. There will be some failures, and we may not be able to overcome all of these; nevertheless, "we must endure". A failure, now and then, does not mean that we are a failure.

We must maintain the best possible and wisest efforts of an on-going life. When we continue to try, to plan, to live, and to hope; we are enduring.

Whether we are enduring some undesirable and unwanted situa-

tion, or enduring as it may apply to the continuing life; "we must endure"

THE TRIUMPH MAY NOT be total, but the success will be sufficient, because there is always some degree of victory for all persons who endure patiently and with good cheer.

This will be real accomplishment, and probably all we have the right to expect. It is much better and more desirable than the hurt and loss of the impatient people who let themselves feel overwhelmed, and either give up or blow up.

Many promising possibilities for a worthwhile life have been realized just because people have endured patiently.

"WE MUST ENDURE." We must keep trying, regardless of obstacles and difficulties.

In some instances, we may have to change attitudes and methods, and it may be necessary to alter our plans; and some capable assistance may be needed, now and then. This is all part of the normal life procedure, and, as such, it works.

OUR RESOLUTION must be strong; and it will be, if we protect it as we should and can.

This resolution expressed in knowledgeable behavior will be very well rewarded.

WE WILL BE MORE successful, and be much happier, too; when we make up our mind that "we must endure", that we must not give up.

CLIPS & TIPS

By JOELLA LOVVERN

TEXANS TRADITIONALLY eat blackeyed peas on New Year's Day to insure prosperity and good luck for the coming year.

This tradition will be observed once again in 1977 when we get out the kettle or new crock pot to cook the blackeyed peas.

The peas should be soaked before cooking to reduce required cooking time. This can be accomplished quickly by boiling them in water for two minutes, removing from the heat and soaking for one hour. They are then ready to cook. If you prefer to soak the peas overnight, it is still a good idea to start with the two minute boil, because you will have fewer hard skins and the brief boil will keep them from souring.

Season with one teaspoon salt for each cup of dry peas. Salt pork and bacon are old standbys for seasoning, but chopped ham or smoked turkey left over from the Christmas celebration are great also. Pepper, garlic and oregano can be added in small amounts, one-fourth teaspoon per pound of dry peas, to enhance the flavor.

In the slow cooker, soak the peas overnight, then cook them in water on high for two to two and one-half hours. Reduce control setting to low, add seasonings and meat and cook on low for eight to ten hours. If you prefer less watery peas, use less water.

Serve your peas with hot cornbread, butter and lots of fresh, crisp onions.

This is the time of year when people toting around excess pounds grit their teeth and deter-

minly pledge to make the New Year a "thin year."

"Unfortunately," said Adele McGinty, area director for Weight Watchers in West Texas, "the tune has been sung many times before, by many people, but invariably, it ends on a discordant note."

"A pledge to lose weight is one that is made perennially by overweight people, but regrettably, it is the one most often broken," Mrs. McGinty commented.

For 1977, though, the overweight can make that "thin year" resolution stick, provided they follow these "resolutions" recommended by the Weight Watchers Organization:

1. During the upcoming holiday celebrations, never arrive at a party hungry. Surrounded by all sorts of "goodies," you're bound to be trapped by temptation.
2. When the host or hostess tells you that "you must eat...", be polite, but be firm in saying "No" to a morsel you know can snowball into a banquet.
3. If you're invited to a holiday celebration that features an elaborate smorgasbord, wear white gloves. It's a sure-fire way to avoid an hors d'oeuvre binge, and soiled gloves.
4. Pay no attention to the rest of the family at the Christmas or New Year's dinner table. Eat only what you really want or should.
5. Going to the movies during the long holiday weekends? Walk briskly to your seat. Do not stop at the popcorn and candy counters. Chew on the plot rather than on a candy bar.
6. Keep a "slim outfit" hanging on the closet door. That will surely bolster your determination to get rid of excess pounds.
7. When you weigh yourself, put both feet on the scale. Don't kid yourself if you are really determined to lose weight.
8. Join a weight-control group that will enable you to fulfill your New Year's resolution.

Mrs. McGinty admitted that "while some of these resolutions may be tongue-in-cheek, they are better than gobs-of-food-in-cheek... food you really don't need and which can only shatter your dream of a thin New Year."

Most resolutions are broken even while the new year is being ushered in. They seem to melt away with the ice in the gin or the scotch. To help "resolvers", Weight Watchers has prepared the following "legal" drink recipes to usher in 1977 on New Year's Eve:

THIN 'N TONIC
¾ cup dietetic quinine water
Ice cubes
Lime slice
Pour quinine water over ice cubes in glass. Squeeze juice from lime slice into drink, then add slice. Makes 1 serving.

EGGLESS NOG
½ cup water
½ cup nonfat dry milk

figures, taken from aerial photographs, show that West Texas, Western Oklahoma, and Eastern New Mexico will be covered with a fresh-water lake 347 feet deep, roughly 1.50 billion tons of water.

The economic advantages of the plan are obvious. A contracting firm, Green and Dig, said, "This plan will help our economy." The cost, \$9.98 trillion, will be borne by the sale of guaranteed Kool-Aid in Balmorhea and Dime Box, Texas. The cost should liquefy itself from user fees.

The Texas Mountain Plan would solve the water pollution problems of our large cities. The director of the Texas Soil Quality Board, Gopher Mole, gives the example of Trinity River pollution. Not only will Dallas be under water, but the current in the Houston ship channel will average 39 miles per hour,

"flushing it clean as a whistle," says Mole.

The opponents of the plan include many conservation groups. Dr. Dan Wildeye of the Texas Consternation Council says, "The plan is economically unfeasible. They forgot to count in the cost of the Kool-Aid." A representative of the Audible Society points out that there are long-term detrimental effects on our wildlife. She said that the plan would place dirt three miles deep on her bird feeder.

The Sahara Club published a statement against the plan. The club contends that the plan might perhaps possibly change the environment.

One state legislator was quoted as saying, "I will life up mine eyes unto the hills," and, "My mother always liked hills."

Oct. 1, 1975, to March 4, 1976. The tremendous total was accredited in large part to the impending opening of the American Cotton Growers denim plant.

The LHS Band was awarded the Sweepstakes Award after concert and sight-reading competition in Plainview.

A 78-car freight train derailed at two different places on Santa Fe's main line east of Anton. An overheated axle which snapped was blamed for the accident. Sparks from derailling cars ignited a load of highly flammable plastics, which engulfed eight cars and burned all day long.

The governing bodies of Anton, Amherst and Littlefield agreed to offer General Telephone an increase of \$37,426 after almost a half year of negotiation.

The proposed Lamb County Memorial Library got off the ground when the Library Follies netted almost \$3,000.

The Horned Frogs and the Sonics won the championships of the Littlefield major and minor Little Dribbler leagues.

Anton senior Greg Couch made the all-state football team at offensive end and all-South Plains in basketball as a forward.

APRIL

Rhonda Gatewood of Amherst spelled "profess" (or is it "prefess") to win the Lamb County Spelling Bee.

The Anton girls' track team won the 5B title with a total of 250 points, beating runner-up Pep with 85. The girls' and boys' golf team also won district.

The Littlefield girls' seventh grade tracksters won district with 160 points.

The \$600,000 Littlefield Plaza opened for business with three new businesses opening their doors to area shoppers: K-Bob's Steakhouse, TG&Y Family Center and Kountry Boy Supermarket.

The Anton boys won the district track meet with 211 points to Whitharral's 115.

The Littlefield major league Little Dribbler All-stars won the West Texas Championship and advanced to the six-team national tournament in Huntsville. There they were eliminated after back-to-back losses to Louisiana and New Baden, Ill.

The \$2 bill, made famous as the "racetrack currency," made its return after a 10-year absence. Thomas Jefferson is on the face plate, just as he used to be. Unfortunately, the bill is now worth \$1.10 in 1966 money.

Springlake-Earth won the 3A track title with 152 points.

Olton won the 3AA track meet with 129 points. Littlefield finished third with 98, two behind Friona.

A 16-year-old Littlefield youth drowned in Bull Lake during unusually rough and choppy waters. His body was found after an 18-hour search by a rescue party of volunteer firemen from Littlefield, Olton and Sudan.

Deputy Boots Crews honored in assembly

ANTON— Deputy Sheriff W. J. "Boots" Crews was honored by the Student Council in the Christmas assembly held Wednesday afternoon.

He was presented a certificate of appreciation for the ten years he has given in time, effort, and encouragement to the youth of Anton. He said in his acceptance speech, "The big regret of my life is that I have only 11 more days in Anton. I will be stationed in the sheriff's department in Dimmitt, Jan. 1."

He received a standing ovation from the student body.

The stage band, under the direction of Foy Mills, Jr., drum major presented a program of popular and seasonal music.

The junior and sophomore

classes shared first-place honors in the door decoration contest. The junior class door depicted two shepherds gowned in white cloth robes with the theme, "The Lord Is My Shepherd."

The sophomore class decorated two doors with the first-place door being decorated with a hand-painted scene of Santa and Rudolph with the theme, "Won't You Guide My Sleigh Tonight?"

The administrative and instructional staff held their annual breakfast in the cafeteria at 7 a.m. A gift exchange game followed the meals.

Anton schools dismissed Wednesday at 2 p.m. for the holidays and will re-convene Jan. 3, 1977 for teacher in-service with students returning on Jan. 4.

Area members serve notice

Jose R. Lozano, president of the Centro El Buen Ciudadano Good Citizen Center in Levelland said the group's board of directors at Levelland is giving official notice to the Littlefield community that the rights of Centro El Buen Ciudadano number 2 have been removed.

Lozano said Alicia Alvarez is the only authorized person for activities or interviews under the name of Centro El Buen Ciudadano and that she will continue as social worker. Any member who is interested in keeping his membership may attend the Levelland meetings.

Lozano said the reason for removing the Littlefield group was that this group did not accept any board member in any of their meetings. He said this group made referrals out of the registered regulations, and added that if this group wishes to continue an organization they will have to change their name.

Commissioners act on county business

The Lamb County Commissioners' Court handled several matters of county business in short matters of county business in short time in the end-of-month session Thursday before Christmas.

Court members approved the county budget for 1977, changed the payroll period from once a month to twice a month for the night watchman in precinct 4. Commissioners renewed the county's group life, health, accident and hospitalization policy for county employees for another year at the same rate as paid last year.

Consideration of the ambulance contract was posted on the agenda, but no action was taken. The commissioners' court will consider the city of Littlefield's counter offer on the ambulance contract

when they meet following the swearing in ceremony on Jan. 3.

Four citizens appeared in support of Buddy Logsdon and presented a petition with other supporters' names protesting Logsdon's resignation which is effective Feb. 15. Judge Kirby said no action was taken since the hiring and firing of extension personnel is not a matter for the commissioners' court, but is handled through the Texas Agricultural Extension Service.

A notice to bidders was set for the county to take bids for two remanufactured Trane compressors for use with refrigerant cooling for the courthouse. The county will be selling two used water cooled Trane condensers.

MRS. DIXIE TIMMONS was the winner of two tickets to the Astro-Bluebonnet Bowl in a special drawing by the Leader-News for advertisers in the weekly football

City office holiday hours

Lamb County Courthouse officials said their offices will be open all day tomorrow, and will be closed as usual Saturday, New Year's Day. Because the holiday falls on a Saturday, the employees will not get another day off. The school and county tax

offices will be closed today and tomorrow. Security State Bank Littlefield will remain open tomorrow, while the First National Bank and First Federal Savings and Loan will both be closed. The County Savings and Loan will also be closed tomorrow.

Elected officials to be sworn Monday

A swearing in ceremony for elected officials is set for 10 a.m. Monday, Jan. 3, in the county courtroom.

After the swearing in, the Commissioners' Court will con-

vene for a short time to approve bonds. The county treasurer's quarterly report and certificate deposit will be on the agenda along with consideration of the city counter offer on an ambulance contract.

'Thanks' expressed for volunteer work

"A sincere appreciation is expressed to Dr. Hinckley and the nurses, and to the organizations and all of the individuals who worked many hours in giving the Swine Flu vaccine to the people of our community," said Mrs. Joyce

Oliver. "We'd like also to thank 1,035 people who came to be vaccinated—to help make our community a healthier place," said Mrs. Oliver.

GOD'S FIVE MINUTES

WHAT MAKES A SUCCESSFUL LIFE?
A telephone call informed a wife and mother of four children that her husband of twenty-five years had just died. A beautiful family stood on the brink of destruction. The anguish, grief and fear were finally shocked into submission and that strong, brave woman set out to hold the family together and see the dreams of her married years come into fruition. And she was imminently successful!
How did it happen? Listen: The successful life is composed of one part ordeal and one part fulfillment. Anguish often seems to be the magic kiss of life that awakens the sleeping princess in us so that we may rise up to strive for fulfillment. In a sense, we are not made by ourselves or by anyone else. We are released, like Sleeping Beauty, to be what we always were by the touch of times—the harsh touch of reality.
The successful life is not an uncoveted gift from God. It is attained through a terrifying exertion of self-discipline. The Bible says, "It is better to have self-control than to control an army" (Proverbs 16:32).
—Paul M. Stevens

Mendez paces Wildcats in overtime thriller

Guard Ralph Mendez was at his
best when the Wildcats needed
him, and the Littlefield senior
made the big play time after time
as the 'Cats upended Frenship
48-45 in overtime Tuesday.

Mendez scored 17 points to pace
the locals and, more importantly at
the end, stole the ball five times.
His three-point play with 1:27 left
in regulation put Littlefield into a
43-41 lead, and he made a game-
saving theft with four seconds left
in overtime.

Both squads are now 10-5 on the
year.

Littlefield fell behind early to the
taller, bigger Tigers. Both teams
were cold-shooting in the first half,
and with three minutes left in the
second quarter Frenship was out to
a 18-10 lead.

Then the Wildcats came back
with eight straight points. Junior
Kevin Gardner and Tommy Twitty
hit fast break layups for the final
four points, but both missed
chances at three-point plays that
could have put the host team in the
lead.

The Tigers' big postman Lloyd
Strong knocked in a pair of free
throws with 19 seconds left to send
Frenship into the dressing room
ahead 20-18.

Littlefield started slow again in
the second half, and this time the
lapse was almost fatal. The visitors
led 41-36 with 2:45 left when
Mendez and the rest of the
Wildcats went to work.

Gardner hit an eight-footer to
make it 41-38. Then Mendez stole
a long downcourt pass, dribbled
once and fired the ball all the way
to postman Narva Simington, wait-
ing underneath Littlefield's basket.
His layin made it 41-40.

Richard Rogers made the next
big play for the 'Cats. He stole a
Frenship pass and flipped the ball
out to a streaking Mendez, who
beat Frenship's David Gilbert for a
layup and drew a foul in the
process. Mendez hit the free
throw, and Littlefield led for the

first time in three quarters, 43-41.

Strong bulled his way inside for
a five-foot jumper that tied the
game, then the 'Cats began work-
ing for a last shot. Simington was
open for a 14-footer with eight
seconds left, but his shot glanced
off the front of the rim and the
contest went into overtime.

Littlefield's only other overtime
game this year was at Lockney in a
marathon that went seven extra
periods before the Wildcats won.
Remembering that experience, the
locals decided to put this one away
a lot quicker.

Strong got the first basket in
overtime, but it was the last points
Frenship would score. Mendez
tied the game with a 20-foot set
shot, then the Tigers' Lee Richey
turned the ball over giving Little-
field the chance it needed.

With 40 seconds left, Rogers fed
Simington inside, who took it up
and was fouled by Rodney Parker.
Simington hit the first free throw
and Littlefield was up by one.
Gilbert had a chance to put the
Tigers back into the lead at 0:27
but missed the front end of a
one-and-one.

Richey fouled Simington again
with eight seconds remaining and
the scheme seemed to work when
Simington missed the free throw.
Strong rebounded and lofted a
long pass downcourt, but Mendez
stole the ball to clinch the game.
He passed into Rogers, who was
fouled and put the game away with
a pair of free throws with two
seconds left.

Rogers had 10 points to follow
Mendez in scoring. Simington
scored seven, Gardner put in six,
and Twitty and Rudy Ayala had
four apiece. Simington led the
rebounders with 11.

Strong's 18 tallies led Frenship.
Littlefield will go up against
Boys' Ranch today at 4:30 in a first
round game of the Muleshoe
Holiday Tournament. A win would
put them against probably Floyd-
dada tomorrow at 4:30.

Bulldoggets fall to Ropes fems, 49-41

The Bulldoggets of Amherst
were downed 49-41 by Ropes in
Monday's game.

Ropes gained momentum in the
game in the first period of action
by going on top 16-9.

In the second quarter, the
Doggets went cold and were only
capable of scoring four points.

Ropes took advantage of Am-
herst's slump and rolled for 14
points to take a 30-13 lead at
intermission.

Amherst came roaring back in

the second half by outscoring
Ropes 13-5, narrowing the gap to
nine at the start of the final period.

The final stanza was closely
played as Amherst outscored
Ropes 15-14, but the Bulldoggets' rally
in the second half fell short of
victory by eight points.

Amherst girls now sport a record
of four wins and nine losses.

Thelma Fluellen burned the nets
for 32 points for the losers. Sherry
Mines led Ropes with 25.

Littlefield fems win close ones Tuesday

The Littlefield varsity and JV girls had all they wanted of Frenship here Tuesday, as both games went down to the wire before the locals could claim victories.

The varsity won 36-32 in a game that wasn't really close till the last two minutes, and the JV pulled out a slim 25-24 win in a low-scoring contest.

"They threw a zone defense against us we hadn't ever seen before," said Wildcat coach Sam Bean. "It was just a regular 1-2 with a point guard, and at first they stayed in tight and let us shoot 12

and 14-footers, which we'll do all night. Then they moved the zone out about five feet, and we were having trouble getting passes around the first defender, much less inside to the post."

Still, the varsity was up 30-20 going into the final period and seemed in control. Then the Tigers outscored the locals 12-4, and suddenly with 29 seconds left Littlefield's lead was slim 34-32.

But it was the Wildcats' ball, and the forwards killed the clock until a Frenship player fouled Monica Phillips with six seconds left. The senior forward canned both free throws to put the win away.

Phillips led the Wildcats, now 14-3 for the year, with 18 points. Rhonda Hollingshead added 10, and Pennie Sexton hit for eight. Guard Lori Westmoreland "played her best game of the year," according to Bean, and had four steals.

The varsity will be in action at the Muleshoe Tourney today with a 3 p.m. game against Floydada, a team they have beaten twice already. If Littlefield wins that one, it will play Levelland tomorrow at 3 p.m.

The JV upped its record to 13-1 with the win, but the game was in doubt all the way. Littlefield didn't score at all in the first period, then came back with eight second quarter points to go into intermission with an 8-8 tie.

Both squads had 12-point third periods, then Littlefield scored the first five tallies of the last quarter to take a 25-20 lead. The Tigers scored with 30 seconds left to trim the margin to one.

Buzz Daniel's 10 points led Littlefield. Karla McCanlies notched eight, Sharon White scored four and Rita Robinson had three. Bean singled out guards DeAnna Blakely, Kimberly Fisher, Gena Westmoreland and Debbi Burks for their defense.

Anton splits pair with Shallowater

The Anton Bulldogs split a pair of games against Shallowater, with Anton winning the boys' contest 58-33 and Shallowater taking a 41-39 verdict in the girls.

In the girls' game, Shallowater took control in the first period by outscoring the visitors 12-8.

Shallowater continued to roll in the second quarter by slipping past Anton for 15 points and holding the Doggetts to eight.

Anton turned the tide in the second half by outscoring the Mustangs 17-10 in the third stanza and six to four in the final period of play. But the second half effort of Anton was not enough to claim the victory.

Anton was led by Nancy Herin's 19 points, while Terri Stanton ripped the nets for 28 points for the

Mustangs.

Mike Sea paced the Bulldogs a 58-33 victory over Shallowater netting 18 points.

The Bulldogs started triumph in the first stanza scoring 10 points to the Mustangs four.

Anton blasted for 20 points in the second period to the Mustangs' 12 to take a 30-16 half lead into the dressing room.

Both teams connected for points in the third quarter to Anton the edge at 39-25 going into the final period.

The Bulldogs pulled off victory by tallying 19 fourth quarter points while holding the Mustangs to eight.
