Farm Program Payments Due Soon After July 1

HAPPY SPIES FAMILY places all its attention on a photo in the Bible during family devotional. Sunday, Mrs. Gene Spies, Danny and Dean attended First Baptist Church for the first time as a family group since Danny was injured in Laguna Park Aug. 30. The entire family will present its testimony this coming Sunday during the morning worship service at 10:40 at First Baptist, and the public has been invited to hear.

Washington Hears Rumble

Some surrounding counties received word Friday that farmers participating in the 1970 feed grains, wheat and cotton programs will get all their government payments as soon as possible after July 1 of this year.

But Tuesday, Lamar Aten at the Lamb County ASCS said his office still had not been informed of the announcement of earlier payments.

Sign-up period for the voluntary farm programs begins Feb. 2. Since 1961, farmers have received one-half of their diverted acres' payments at the time they signed up.

This year the USDA announced that due to the critical financial situation that exists and the need for additional capital to finance this year's crops, no advance payments would be made.

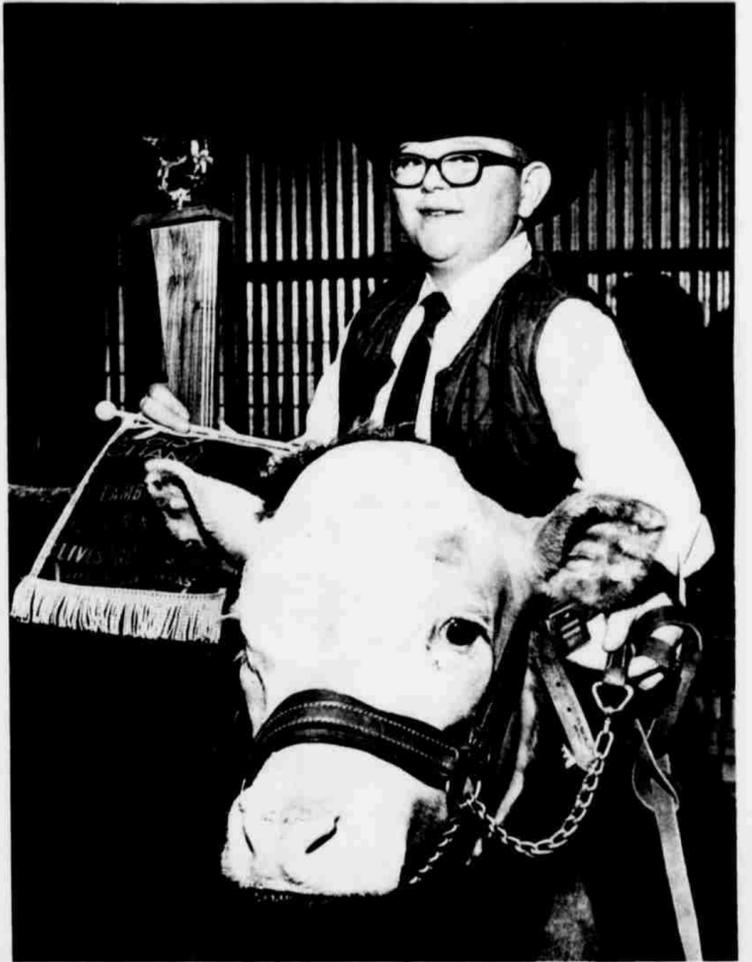

Farmers and bankers all over the county have been writing, and urging others to write President Nixon, secretary of agriculture Hardin, representatives Bob Price and George Mahon, Sen. Ralph Yarborough and Sen. John Tower urging reconsideration of this decision and that the advanced payments be made.

The way the program was set up this year, farmers would receive their checks but not until this fall.

Those who received the announcement that payments will be made as soon as possible after July 1 say the move by the Nixon administration was apparently due to the strong criticism directed toward the decision and responses from throughout the country.

Some farmers said that with money already tight, farmers could be ruined by the stoppage of advance payments. Some farmers said they would be unable to meet loans without advance payments, and selling other commodities to meet debts could cause a flood on the market, destroying the prices of other commodities.

Businessmen say their sales will suffer when farmers do not have money because farmers will postpone purchases until

GRAND CHAMPION STEER of the Annual Lamb County Junior Stock Show Saturday was this 863-pound heavyweight Hereford, owned by Kenan Lichte, Littlefield 4-H'er. Kenan is son of Mr. and Mrs. Les Lichte of Littlefield.

Kenan Lichte Exhibits Grand Champion Steer

Kenan Lichte walked off with top honors at the steer show Saturday afternoon when his heavyweight Hereford won the Grand Champion Steer title.

Reserve Championship Steer of the Annual Lamb County Junior Stock Show was a heavy-weight Angus, exhibited by Craig Barton of the Springlake-Earth FFA Chapter.

Kenan is a Littlefield 4-H member and his Hereford weighed only a few pounds less than the reserve champion--863

pounds compared to 897 pounds for the reserve.

Kenan is son of Mr. and Mrs. Les Lichte of Littlefield and Craig is son of Mr. and Mrs. W. L. Barton of Earth.

Steer judge was Ollie Liner, county agent for Hale County, who highly complimented the show and commended leaders and teachers for their contribution to the youngsters.

The first four places in each class are listed here:

SCHOOL NEEDS EXPLAINED

Tax Re-Appraisal Set

Littlefield Independent District board of trustees authorized a tax officer to make a very thorough study of school district property and personal property within the school district to present the findings to the board of equalization, according to Paul I. Jones, superintendent of Littlefield schools. Member board members favored an increase in tax values rather than raising tax rates to raise an

additional \$48,000 needed for the 1970-71 school year.

Although the tax rate will continue to be set at \$1.80 per \$100 evaluation, the percentage of market value of the property will be increased from 48 per cent to approximately 60 per cent of the appraised value for tax purposes.

Jones said if a tax payer has real estate valued at \$1,000,

taxes will be paid on \$600, or 60 per cent of the appraised value.

"A fair and equitable placement of values is the purpose of this study," Superintendent Jones said. "Some properties depreciate and their values for tax purposes will be reduced; some properties are improved and new properties added. Property on the tax roll will be affected individually--not across the board.

"Due to the problem of inflation which increases the cost of salaries, materials and services, the school is facing the problem of increased operational expenses," Jones said. "Also beginning next year, a tenth month will be added to the school year for teachers, and this results in increased costs." (The school year for pupils will be 9 months or 180 days as in the past.)

Recent legislation increased teachers' salaries \$96,600 in the Littlefield schools with the local district's portion increasing \$19,320. The state pays approximately 80 per cent of the increase, and the local maintenance fund pays 20 per cent.

"All other operational costs, such as auxiliary workers, secretarial and office help, and some bus services will be paid from the district's tax fund."

Sudan Slates Stock Show

The annual Sudan FFA and 4-H Livestock Project Show will be staged this weekend, Saturday, in the Vocational Agriculture Livestock Barn in Sudan.

Owen Young, vocational agriculture teacher from Morton, will judge all entries, beginning at 1:30 p.m. with the lambs. Swine will follow and calves will be judged last.

General superintendent of the show is Calvin Wiseman. Swine superintendent is Raymond Harper. Wayne Swart is sheep

superintendent, and Marvin Bowling and Lewis Fields are beef superintendents.

By presstime Wednesday, 34 swine, 21 sheep and five calves had been entered.

Trophies for the show will be provided by Lumpkins Food Store and First National Bank at Sudan provided the ribbons.

"Everyone in the Sudan area is invited to attend the show and watch the judging," Don Ham, Vocational Agriculture teacher in Sudan Schools said.

AMONG THE FIRST to report in Monday night during the Mothers' March of the March of Dimes were Mrs. J. P. Ray, left, and Mrs. T. J. Hemphill. Mrs. Addie Abernathy, Lamb County MOD Chairman, in foreground, accepts collections from Mrs. Ray. The total for the night's work was \$1,010.72.

Scout Drive Seeks \$3,500

An operation budget goal of \$3,500 has been set for the Annual Girl Scout Fund Drive, slated to begin in Littlefield, Monday, Feb. 2, with the Advance Drive.

A "first" for Littlefield in connection with the Scout Drive, will be a Mothers' Door to Door Drive, with Mrs. Teena Williams serving as chairman.

"The goal must be raised in order to complete the Girl Scout program for this year," said George Davis, Littlefield XIT Neighborhood fund chairman.

Girl Scout executives met Monday night to discuss the drive and schedule the date.

During the meeting, Mrs. Pat McMahan, Neighborhood chairman, presented Mrs. Irene Beck of Lubbock, Caprock Council director; Mrs. Peggy Sugarek of Lubbock, District director; Andy Anderson of Lubbock, finance chairman for the Caprock Council; and George Davis

of Littlefield, XIT Neighborhood fund chairman.

They discussed the ways and means to meet the budget and presented ideas for the drive.

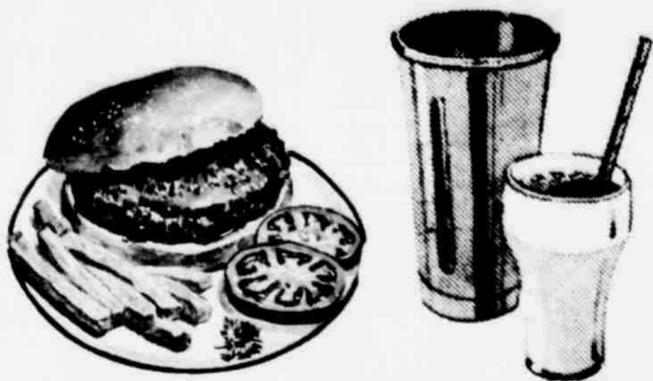

Others, besides those named above, who attended were: Mmes. Jerry Owens, 1970 Cook-ic chairman; Joan Harrell, troop leader; Anita Fowler, troop leader; and Carolyn West, publicity chairman.

C-C Banquet Is Postponed

The annual Littlefield Chamber of Commerce banquet, originally scheduled for Thursday, Jan. 29, has been postponed and will be re-set for sometime in February.

Details are now being worked out for a speaker and the banquet probably will be held Feb. 6, 13 or 20 at the Littlefield High School cafeteria.

Forum Discusses Women, Politics

The Forum met Thursday, Jan. 8 in the home of Mrs. Hubert Henry. Mrs. Kenneth Lynn presided over a brief business session.

Mrs. Edward Betts gave a program on "Women in the Political World." She pointed out that on the world scene, only two countries look to women in the top political position. Mrs. Indira Gandhi has been Prime Minister of India since 1966, and Mrs. Golda Meir became Premier of Israel in March of 1969.

Mrs. Betts stated that on the national scene, Mrs. Margaret Chase Smith, United States Senator from Maine, holds the highest political position of any woman in the nation. There are also 11 women who are members of the U. S. House of Representatives. Other women who hold prominent positions in the national government include, Mrs. Dorothy A. Elston, Treasurer of the United States; Shirley Temple Black, U. S. delegate to the United Nations; and Clare Booth Luce, U. S. Ambassador to Luxembourg.

The League of Women Voters, a national organization with state and local units was also discussed by Mrs. Betts. This organization offers the public a wide range of election information.

The speaker further pointed out the progress made by women

County Agent Views Day Care Center

LADY CLARE PHILLIPS

(This is the first of a series of articles on Day Care Center submitted by Lady Clare Phillips, Lamb County home demonstration agent.)

Considerations in the establishment of a non profit Day Care Center first of all, is a responsible governing body. This governing body is to determine the readiness of the community to accept and support (financially and otherwise) the new service. To determine the need of the community for the planned service, to set up a sound structure, including a strong representative governing body which will formulate policies for the service.

The term "day care" is generally used to cover a wide range of resources, or the facilities in which children spend a whole or part of the day away from their own homes when parents are obliged or wish to delegate responsibility of their care to someone else. It refers to the social service which supplements for the child, in accordance with his individual needs.

Day care service is different from the nursery school or kindergarten in that these have education of the young children as their main purpose.

The primary purpose of the day care service is the care and protection of children from 3 to 6 years of age.

Day care services should help children to develop as individuals who can enjoy and make their contribution to a democratic society.

The day care service, wherever it may be offered, should assume responsibility (1) For helping parents make a plan which meets the need of the particular child; (2) For supporting and strengthening the ability of the parents to fulfill their parental role and (3) For seeing that children have the conditions and experiences which promote healthy development.

HONEY GRATS

By CORNBALL BLEVINS

IT'S TOO BAD that we lose some of our powers of imagination, as we grow old.

Much of my childhood time was spent in the realm of imagination. Quite a few times my daydreaming was stopped in a very abrupt manner by my pop: "Hey, there, stop leaning on that hoe-handle, and start swinging at those weeds".

THE WORLD of fantasy was alluring, indeed.

I could imagine myself as being one of the rich that lived in town. --Having money to let and never having to do anything so debasing as chop cotton.

Those guys always drove nice cars, lived in nice houses, and could go to the show as often as they wished.

NOW THAT I'VE aged some and moved to town, that dream has utterly been destroyed.

Now I envy the farmers:--They live in nice houses, drive nice cars, and can go fishing about as often as they want.

I SAT on our front porch many a summer night and studied the moon. I even imagined I could see the "man in the moon".

Now we have put men on the moon and another myth has been destroyed.

They didn't even find him. Shux, when I was a kid, I could even "see" him moving around!

AS I GREW OLDER, my attentions were turned to other things.

I began to notice the opposite sex. The moon and it's beauty could be doubly enjoyed by two!

The modest dress of the time left the imagination plenty to work on. The length of the skirts made the girls look taller and more slender.

The sight of a feminine knee was infrequent to say nothing of impressive.

I DON'T THINK I need to say anything more about that:--except to call attention to the idea of another "shot" dream.-- Knobby knees, thick thighs, and too-small stretch pants seem to be the order of the day.

SO??? -- I turn my mind to politics, Taxes, and the state of the nation.

Nothing to imagine here.--they stink, and you know it!--But, trying to live with reality isn't near so much fun.

I USED TO DREAM of the time when I could retire and take it easy on some warm river bank.-- But, due to the three above mentioned topics, I know this dream won't come true either.

I'm so accustomed to the "grind of the mill", now, that I doubt if I could enjoy it anyway!!

"There was a phone call--something about a sweepstakes ticket you had! I told him our tickets were for the basketball game and he hung up!"

PAUL HARVEY

Tomorrow's Cig

WHAT'S THE FUTURE of the cigarette?

While medics continue to accumulate evidence concerning the potential hazards of smoking and Congress debates how much--if any--advertising to allow, almost unnoticed research promises a tobacco substitute.

FOR CIGARETTES made of dried lettuce leaves acceptance has been less than impressive.

But now under examination at the Sloan-Kettering Institute for Cancer Research is a cigarette which is half tobacco and half filler.

Understand, the cigarettes you now smoke are only about two-thirds tobacco leaf. The other third is comprised of "filler", granulated stems, ribs and dust.

AMERICAN MACHINE and Foundry has developed a filler of foam, adhesives and cellulose fibers. It's dried into a paperlike sheet and shredded as is ordinary tobacco.

Cigarettes made with this new technique are half filler, half tobacco.

MOST ENCOURAGING is evidence that the chemical nature of the smoke is thus sufficiently altered so as to "improve the biological effects," as the scientists say. What they mean is this new cigarette may be less harmful to your health.

Dr. Ernest Wynder, who conducted the Sloan-Kettering tests, says "foam tobacco" results in a product with improved combustion and lower tar and nicotine.

WHEN TAR from this product was painted on the skin of labora-

tory mice there was less tendency to tumors than with tar from ordinary cigarettes.

While this process was being patented, the industry has been considering a variety of substitutes and additives and fillers.

Many don't taste good. Many show no improved "biological effect." Many are still undergoing testing. Proving or disproving a relationship to human health is agonizingly tedious and time-consuming.

MEANWHILE, tobacco farmers are being advised from some quarters that they should "switch rather than fight."

Dr. Richard E. Stanley, University of South Carolina marketing specialist, is convinced that when the smoke clears--whatever the resolution of the problem--there will be a lesser market for leaf tobacco.

He believes tobacco-producing states should use this borrowed time to look for replacement crops, "to protect their citizens from the inevitable economic effects" of reduced tobacco consumption.

IN HIS OWN STATE of South Carolina this industry involves some 9,000 seasonal laborers with an annual payroll of almost \$8 million, plus countless others in related jobs.

Many growers stubbornly cling to the hope that "something will be discovered" to rescue the tobacco industry.

On the contrary, some things are being discovered which are convincing tobacco-country economists that tomorrow's cigarettes will be mostly something else.

THE ABUNDANT LIFE

Good Disposition

By BOB WEAR

GOOD DISPOSITION is acquired. Some of us probably find it necessary to exert greater effort than others in acquiring this valuable asset. Regardless of the effort, great or small, the result most certainly justifies it.

The disposition is the predominant bent of one's mind or spirit. It may seem that this is a fixed element in one's life, but it is not. It can be changed from bad to good, and from good to bad.

WE HAVE THE CAPACITY to make the disposition what it should be, and by continuing effort, we can maintain it.

A bad disposition can be improved and a fairly good one can be made better.

We see both of these worthwhile accomplishments being realized every day. These goals are within the reach of all persons, even though some of us must have special assistance to reach them.

IT IS AN ESTABLISHED FACT that we can overcome undesirable attitudes and feelings.

We can also correct all hateful behavior manifestations. We must stop hiding behind the faulty conclusion, "That is just the way I am, and I can't change."

Some people foolishly say, "Oh well, I was born this way. My Dad was just the same, and his Dad before him." We can change when change is desired, and desirable.

THE DESTRUCTIVENESS of bad dispositions is obvious, and furnishes us with much of the motivation needed to work for good dispositions.

"No form of vice does more to

unchristianize society than evil temper. For embittering life, destroying the most sacred relationships, for withering up men and women, for taking the bloom of childhood--in short; for sheer, misery-producing power--this influence stands alone." --Drummond.

A GOOD DISPOSITION is available to all of us, and the price is never too high.

There is no more valuable asset for the individual than the right kind of disposition.

One of the best compliments one person can express to or about another is that he has a pleasant disposition. In fact, a major part of personal success or failure depends upon one's disposition, good or bad.

WE CAN COPE with the total life situation much better if we maintain a good disposition.

Too many people think that their disposition would be better if the life situation were better. If we are waiting to improve our dispositions until general conditions are improved, we will wait in vain.

"The man who has so little knowledge of human nature as to seek happiness by changing anything but his own dispositions, will waste his life in fruitless efforts, and multiply the griefs which he proposes to remove." --Colton.

WE CAN ACQUIRE a good disposition, and this can become our wealth, our strength, our peace, our happiness, our tie of friendship and our buffer which, at least, modifies the harshness and ugliness of our life surroundings.

A WOMAN'S VIEW

Concern

By PEARL BRANDON

"MARIA is making another baby." This was a Mexican man's way of telling me his wife was expecting another child. Instead of being happy over the event he was deeply distressed.

This happened in my office a few years ago while working for County Welfare.

The weather was bad...ice everywhere...and he was out of work. There were six other children under eight years old in the family. It takes a lot of feed six children--and babies require milk. They can't live on beans.

THE FIRST OF THE YEAR the new papers ran the pictures of the New Year's first babies and their mothers. I am sure most of you saw the one in our paper of the new baby and it's mother with the smiling nurses on either side.

The mother wasn't smiling. She looked very sad. The tiny New Year's baby was her tenth child.

Imagine trying to feed ten children on today's prices, much less provide the other things needed by children these days.

I KNOW it isn't a popular subject but have you ever seen anyone really hungry.

I have interviewed a few hungry people.

They have drawn, pinched looking faces and they swallow continually while you are discussing food.

The Welfare Program is criticized on every corner now, but the people who work with the program are more concerned than anyone...they don't have the answers, neither do I.

BIRTH CONTROL and education would help, but none of us should be happy as long as there are hungry children in our land.

It seems to me that it is better to help a few undeserving people than to fail to help those really in need. We can't let children starve.

Excerpts From Our Files

10 YEARS AGO

(Lamb County Leader, Jan. 21, 1960) FIRE AT GYM

Smoke blowing out vents under the floor of the Littlefield High School gymnasium Tuesday afternoon caused a stir at the school and resulted in firemen being called out. Principal Glenn Reeves and a student, Edwin Trimmer, were able to locate the blaze and put it out, however. They had it out when firemen arrived on the scene. The fire was in some bits of paper which had fallen through breathing grates in the gym floor.

MARRIAGES UP

Cupid worked harder than the Devil in 1959. Marriages issued in Lamb County last year totaled 179, according to figures released by the office of County Clerk Charles Jones. And, if you can blame such things on the Devil, 52 couples were divorced.

WET YEAR BEGUN?

January 1960 still has 10 days to run, but it's already one of the wettest months on record for Littlefield. Through Sunday, a total of 1.30 inches of moisture had been recorded for the month. Only three Januaries since 1911 top that figure. Those were January 1939 with 2.45 inches, January 1949 with 4.05 inches and January 1958 with 2.17 inches.

STUDENT NURSE

Donna Goertz of Littlefield, a senior in The Methodist Hospital School of Nursing in Lubbock, has been selected to represent the hospital in the "Miss Methodist Student Nurse" contest for 1960. She is the daughter of Mr. and Mrs. Ernest D. Goertz, Rt. 2, Littlefield.

20 YEARS

(Lamb County Leader, Jan. 21, 1960) BIDS DEADLINE

Fourteen possible bidders evinced an interest in entering on the construction of the new million dollar high school building for which the contract will probably be let next Tuesday, according to Supt. Joe Hutchinson. Many plans have been issued to prospective bidders, upon payment of a returnable deposit fee, which does not mean that all will enter a bid.

FIRST CHECK

Guy Brown, manager of the Plains Motor Company, received Monday what he believes is the first GI insurance check to be received in Lamb County, it being number 004, which would mean the check issued at Washington, D.C. was for \$198.

FIELDTON SCHOOL

It has been rumored that Fieldton School has enrolled 100 pupils, and will not participate in the State and Foundation allotment fund. Here is a true statement of the condition of the Fieldton School taken from the records. We have enrollment of 97 pupils, daily attendance of 72 pupils. Our per capita of the State and Foundation allotment fund will be \$5,729. We have three fully-qualified teachers, urge every qualified voter in the district to vote Feb. 4 on the issue of consolidation. R. A. REED, Fieldton School Board.

TEXAS PRESS ASSOCIATION

AUSTIN--Skyrocketing welfare costs may hit the \$1 billion a year mark in Texas within a decade, a State Welfare Board member predicts.

Burton G. Hackney, Welfare Commissioner, sees a very real possibility that his budget for the important "Aid to Families with Dependent Children" program may be exhausted this biennium. If that happens, another cut in AFDC benefits may be necessary.

"The \$80 million a year welfare ceiling (approved by Texas voters only five months ago) now seems completely unrealistic (in view of) demands we will have to face within the next four to five years," said Louis R. Sarazan of Fort Worth, Welfare Board Secretary.

Sarazan's comments followed reports by Hackney of rising costs in all the major state assistance programs.

Total public assistance payments during the past fiscal year came to \$364.3 million, some 25 per cent of which was paid with state funds.

Welfare rolls have increased at the rate of 10,262 a month in AFDC since August. Federal court cases and agency rulings relaxing eligibility requirements, together with increased population, account for most of the growth.

OIL PRODUCTION STEADY--Railroad Commission set the statewide oil allowable for February at 68 per cent of potential, highest for the month since 1953.

Figure is the same as for January. It will permit a maximum production of 3,732,919 barrels a day. Actual production is estimated at 3,250,500 a day.

None of the 14 major purchasers of crude asked for an increased allowable. Ten recommended the same factor and four saw a declining need for the month. Big buyers suggested a daily allocation of 3,226,192 barrels.

COURTS SPEAK--State Supreme Court set Feb. 11 to hear arguments in a court case testing whether governmental units (Brownsville Navigation District) are immune from lawsuits for breach of contract. High court held that a Jefferson

County woman who claimed she had scalp blisters from using "Dawn" hair coloring was entitled to damages.

Also set for Feb. 11 is the appeal of a Marshall theater operator from a \$31,250 damage award awarded a girl who was hit by a liquor bottle thrown from a house balcony at a midnight party.

District Judge Herman Jones Austin denied an injunction to prevent construction of a new course at Meridian State Park. Federal court earlier dismissed suit.

Third Court of Civil Appeals held a lower court decision that Houston bus company must pay Railroad Commission certificate space center tours and other trips outside the city. All three judges wrote their own opinions, one dissenting.

INSPECTION DEADLINE--Feb. 15 is the deadline for motor vehicle inspections.

Texas adopted the annual inspection program Sept. 1. Vehicles inspected in January will bear stickers with "No. 1" and won't be for reinspection before February, 1971. All cars which still have old stickers on the right side of the windshield have not been inspected in compliance with the law, and owners have until April to visit an approved inspection station.

DRAFT CALL--February draft call for Texas is 929. No man can be ordered for induction with a random sequence number higher than 60, says Col. Morris S. Schwab, state Selective Service director.

February quota is an increase of 573 from January, which was filled January 16-30 with men who have random sequence numbers higher than 30.

State quota for pre-induction physical and mental examinations February is 9,359, up from 5,500 in January. In filling the call, examination, draft boards will call I-A and I-A-O men of 1970 random selection sequence group before men born in 1951. The 1970 group contained men born 1944-1950. National quota for February is 19,000.

BEAUTIFUL ORCHIDS FOR THE LADIES. ALL DAY THURSDAY, FRIDAY, SATURDAY, JANUARY 22, 23, 24, 1970.

Annual Scout Dinner Scheduled Saturday

The presentation of the Silver Beaver Award for "distinguished service to boyhood" and an address by the Chief Scout Executive of the Boy Scouts of America will highlight the 44th annual banquet of the South Plains Boy Scout Council in the Texas Tech Student Union Building in Lubbock Saturday night.

The Silver Beaver Award, highest that the local Scout council can present to a volunteer

Scouter, is presented in limited number each year at the banquet.

Traditionally, the names of the recipients are not revealed before the presentation.

Alden G. Barber, chief administrative officer of the 6 million Boy Scout movement, will be the featured speaker at the banquet. Barber has held his present position since Oct. 1, 1967, and has given leadership

to updating the Cub Scout, Boy Scout, and Explorer programs that they may continue to be relevant to today's society.

A special feature of the program will be the presentation of Scout stautettes to the "top Scouts" of the council.

Rhonnie Crawford, Lubbock, will represent the South Plains Council as "top scout" in the report to the Governor in February, while Mike Branon, La-

mesa; John Brand, Lubbock; and Tony Ellison, Ralls, represent their districts.

The business meeting of the council will be held at 5:15 p.m. prior to the banquet.

Highlighting that meeting will be a review of the year's progress by Kirk Henry, regional Scout executive from Dallas, and the election of officers for the coming year. The newly elected officers will be installed at the banquet by Earle N. Parker, Fort Worth, volunteer chairman of the Region 9 Committee.

C. H. Janeway, Plainview, will be honored at the banquet with the presentation of a 30 year veteran pin. Janeway, a former professional Scouter, has been active in Scouting since December, 1919. Other veteran status certificates will also be presented.

Recognition will also be given to the Comanche Trail and Arrowhead Districts of the council for achieving their BOY-POWER 76 goals in total boys, total units, total trained leaders, and total national standard units.

Johnny Reasonover, Ralls, has served as chairman of the Comanche Trail District while Rev. Phil Widmer is chairman of the Arrowhead District.

Some 450 Scout leaders and their wives are expected to attend the event that begins at 7:00 p.m.

Each of the seven districts in the 20 county area council will be competing for the attendance award or the man-mile award.

OBITUARIES

JOHN C. HARPER

Services for an Anton farmer, John C. Harper, 63, a 42-year resident of the area, who died at 9 p.m. Sunday in his home, were Tuesday in the First Baptist Church in Anton with the Rev. Everett Springfield, former pastor, Rev. D. J. Peters, pastor, and Rev. Orville Brantley, pastor of the Roby First Baptist Church, officiating.

Burial was in Anton Cemetery by Sanders Funeral Home.

He was a deacon of the First Baptist Church and a member of the Masonic Lodge. He had served on several boards of the Rural Electrification Association and the Anton schools.

Survivors include his wife, Naomi; a son, Johnnie of Anton; three daughters, Mrs. Dorothy Anderson, Mrs. Frances Minton and Mrs. Melba Springfield, all of Lubbock; four brothers, Bert of Anton, J. B. of Brownwood, S. F. of Ozark, Ark., and Woody of Plainview; two sisters, Mrs. Rex Mahan of Brownwood and Mrs. J. D. Giles of Fort Worth; eight grandchildren and a great-grandchild.

W. A. Hatfield Assumes Post In Denver City

W. A. Hatfield, former Lamb County deputy sheriff and police officer, is now serving as deputy sheriff in Denver City.

Hatfield, a veteran of nine years as a law enforcement officer, took the new post Thursday, Jan. 15, and succeeded Deputy Sheriff Wayne Carter.

He went to Denver City from Petersburg, in Hale County, where he was serving as deputy sheriff.

Hatfield entered law enforcement work in 1961 as a member of the city police department in Olton and later went to Friona as a city police officer.

From Friona he went to Earth as deputy sheriff, where he served three years before he went to Petersburg.

He ran for sheriff in Littlefield during the 1968 campaign.

Happiness Is... ONLY 85 MORE DAYS

HAPPINESS IS indeed only 85 more days of this "stuff" called school. There are just three reporting periods (ugh!), four months, or 18 weeks.

That's--let's see--506 hours or 30,360 minutes or 1,821,600 seconds left. Whew! That overworks the brain!

There are gonna be a lot of happy moments (and a few unhappy ones, too). Ahead of us are basketball games, parties, assemblies, shows, track-meets, Valentine's Day, baseball games, birthdays, the spring vacation, class picnics, concert and sight-reading contest, and elections. Oh, yes--and the last day of school!!!

We have a lot to look forward to, really. Make this the best semester ever! Remember there are only 85 more days left! (But please, don't tell the teachers! They might go WILD!!!)

"Striper" Reast!!

The FHA chapter met Tuesday, Tonya Bingham spoke on homemaking. They then voted on a new first vice-president, whose office was vacated in December. The meeting was closed with refreshments. The next meeting will be on Feb. 10.

An elevator operator had had a rather hectic day. His patience was strained. "What would happen if the cables broke?? Would we go up or down???" asked a little old lady. "That, madam," the operator sighed, "would depend entirely on the type of life you've led!!!!"

LJH basketball teams sponsored a tournament Saturday. The winner was Morton. Christ the King was played here by 7th, 8th, and 9th Monday night. Both 8th and 9th grade basketball teams play Fren-

ship here at 5 today. Everyone cheer the Wildcats to a victory! ALL THE WAY, BIG TEAM!

Two absent-minded professors were coming home. "Say," one said, "turn out for that bridge that's across the road from us."

"What do you mean, ME turn the other said, surprised, "I turn were driving!!!"

OVERHEARD: "I never drink stronger than "pop", and POP anything in a bottle!!"

According to a few reliable sources (many unreliable ones), all-regions last Friday was WILD!!! During under the direction of Douglas (Louise Bennett) landing on stage mean LANDING!!!

The practice session was complete a surprise attack of "Charge!" and bardment of plastic lids (???) on Relle.

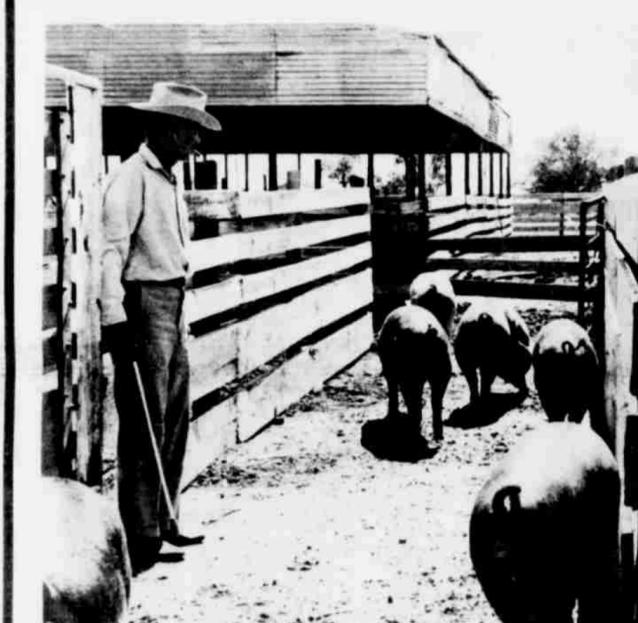

Junior High All-Region Tryouts Saturday. Those who make it get a day of school. The concert is all Good luck! We're behind you all!

Darrell, you better watch Jeanette! Jackye G., do you have a problem shall I say, PROBLEMS?????

Adolph and Hans were walking down with their mother. Adolph (Hitler) pushed her over the edge, saying, "Hans! No Ma!!!" Have a good week and...BEAT FRENCH!

Hog And Cattle Market Pays Highest Prices

Area farmers now have a market place close to home for their hogs and cattle. L. B. Eady opened his Lamb County Hog and Cattle Company one mile east of Amherst in October.

A cattle buyer and trader for over 20 years, Eady hopes to encourage more farmers to raise livestock with a nearby market that pays top, competitive prices.

Eady buys all types of hogs and cattle and specializes in top hogs that are ready for market. Eady also buys feeder cattle for local feed lots, and he will buy and sell stocker cattle for farmers wanting light cattle.

Facilities at the Lamb County Hog and Cattle Company are complete with a loading chute for double or single dock trucks, pens to accommodate cat-

HART CAMP

MRS. EDWIN OLIVER 262-4242

MRS. M. W. WHEELER, Dewey Parkey, Blanton Martin and Edwin Oliver attended the Llanos Altos Associational Women's Missionary Union Quarterly meeting Thursday at the First Baptist Church in Littlefield. Associational officers gave quarterly reports and an inspirational message was brought by Joseph Ileri of Nigeria, Africa. He is a native of Africa and is in the United States as a ministerial student. Following the lunch hour, which was served by the host church, conferences were held for leaders of each phase of WMU work. MR. AND MRS. O. J. Neely and Teresa visited Sunday night at Springlake with Mr. and Mrs. Robert McCurry and Jimmy. MRS. LARRY BURLESON had a phone call from her husband, Rev. Larry Burleson, last weekend. He had landed in the states after a stay of two years as a foreign missionary in Managua, Nicaragua. Mrs. Burleson and the children came back to the states in November to be with

her mother, Mrs. J. C. Pendleton, who was hospitalized. The Burleson family will not return to Nicaragua but plan to pastor a church in the states.

THE ELMA BURLESON family of Edmonson were honored Saturday night with a going-away party at the Hart Camp Co-op Gin office building. Approximately 65 guests played dominoes, Scrabble and "42". A console color t.v. was presented to the Burleson family from friends of the community. Refreshments of coffee, cocoa, spiced tea, Cokes and cookies were served to the guests. The Burlesons have lived in this community 13 years and recently moved to Edmonson where he will manage the Cooperative Gin System.

MEMBERS OF THE Hart Camp Baptist Church and Fieldton Baptist Church combined efforts in a Training Union Study Course last week at the Hart Camp Baptist Church. Classes were held each night for the different age groups. The Adult class studied the Book of James in the Bible with Rev. David Burum, Pastor of Fieldton Baptist Church, teaching the class. Dewey Parkey taught the Inter-

Pioneer Honors Three Residents

Three Littlefield residents were honored Friday night at Pioneer Natural Gas Company's annual service award dinner at the Lubbock Country Club.

Residents honored at the banquet were:

20 years, Wiley L. Cawthon.
10 years, Robert L. Lunsford; and
5 years, Carl H. Enloe.

More than 60 employees and their spouses attended the dinner which was one in a series of three such affairs being held by the company in different cities in its service area.

This year, 147 employees, representing 1,905 years of service to Pioneer, are being honored.

The awards were presented by Burton P. Smith, president of Pioneer Natural Gas Company. Smith also delivered an informal talk at the affair.

In connection with the awards, Smith said, "It has often been stated that 'people make progress.' This is especially true of the fine group of employees who continue to make daily contributions to the growth and success of Pioneer and its subsidiaries.

"The outstanding loyalty of all Pioneer employees is being saluted here tonight as we present these individual service awards.

"Pioneer's development will continue to be tied to our excellent personnel, and as we go forward with our diversification plans, so successfully started this year, every employee will have additional opportunities to make significant contributions to the future of our Company.

"On behalf of Pioneer's board of directors and management committee, I extend my sincere thanks to the entire Pioneer family."

MRS. G. C. CHANDEL, 1000 E. 15th, Amarillo, Texas, is the sister-in-law of Mrs. McCormick, who is in a hospital here.

MRS. HATTIE BURKE, Lubbock, spent last weekend here. He is a student in a hospital here.

MR. AND MRS. J. E. Burum left for Grandbury, Mo. after receiving word that her mother had suffered a stroke and was in critical condition.

MRS. LYLIA KNIGHT, turned home recently spending the past few months with her mother in Farmington, N. M.

ANTON FHA had its meeting Jan. 6. Paul Stone in charge of the program was presented by Mr. Representative of the law Home in Lubbock business meeting was held 8. The coming Sweetheart was among the names discussed.

Susan Britton (6.4 guard) of Springlake-Farth will be a starter for the Hutcherson Flying Queens when the Queens play Quachita Baptist twice this week.

Harley Redin's Queens are 8-2 for the season and will be meeting Quachita for the first time this year. Friday's game is set for 8 p.m. in the Estacade Junior High Gym.

The Queens and Quachita take the court at Plainview High Gym Saturday at 6:30 p.m. with the Pioneer-Willey game to follow.
