

Board Closes Meeting To Discuss Personnel

Littlefield school trustees Tuesday night closed the final portion of their regular meeting to the public following a 5-2 vote to go into executive session.

Birkelbach, Dick Hopping, Pat Downs and Doug Walden.

discussed fully, but no action was taken on this item.

session, then the approval of the coaches' salary increase, then adjournment.

Supt. Jones, asked about the nature of the personnel considerations, said Principal Harris was on hand to supply information.

SUPT. JONES, contacted Wednesday, said the "personnel considerations" were

Secretary Hopping said no motions were made during the discussion on personnel, but that one other action was taken in the minutes prior to adjournment.

The board voted unanimously, Hopping said, for an across-the-board increase of 5 1/2 per cent on the salaries of the coaching staff.

The board secretary said the minutes would show the vote to go into executive

THE STATE LAW on open meetings of governmental bodies says that an executive session may be called for three reasons:

1. To consider appointment, employment or dismissal of personnel, or to hear complaints or charges brought against such personnel, unless such personnel requests a public hearing.
2. To consider the acquisition of additional real property; or
3. To consider matters affecting security.

Supt. Jones, asked which of the considerations applied in this case, said the board met to discuss complaints made against two persons. He did not, and was not asked to, identify the two persons.

DURING THE PART of the meeting which was not closed to the public, the board took these actions:

1. Postponed until next month a decision on a project to irrigate the practice field north of the primary school. A presentation on the project was made by Submatic, Inc., of Lubbock, which installs underground plastic pipe, and the board was given a separate estimate on the costs of the school drilling its own well.

2. Amended a school policy to comply with state immunization laws which will go into effect Jan. 15, 1972. In the future, a separate diphtheria immunization will be required for those children still in school. Thus, a child who was immunized for diphtheria at age 6 must be immunized again at age 16.

3. Tabled a decision on Christmas bonuses for lunchroom personnel, in effect saying "no." The board voted 5-1 with one abstaining to table the matter. Facts brought out prior to the vote included unstable financial condition of the lunchroom operation, and the decision by the board last month to transfer \$5,000 to the lunchroom to subsidize the operations. The vote against tabling the matter was by Walden. Abstaining was Downs.

4. Approved unanimously an increase in pay for non-certified substitute teachers to \$15 per day, the same as certified substitute teachers. Supt. Jones explained that the local district can receive state reimbursement of about \$12 if the daily rate is \$15 on non-certified substitutes. The state makes no reimbursement if the rate is at \$12, he explained.

5. Approved unanimously a change in excused absences allow for school and 4-H activities. The length of time previously was 5 days total. The new policy calls for 10 days' total, but not to exceed 5 consecutive days. The student must be passing his work, in accordance with University Interscholastic League requirements, to be eligible for the days out of school.

TWO STUDENTS at Littlefield High School — both members of the choir — are working on props for the choir's annual Christmas concert, slated for 7:30 p.m. Monday in the High School Auditorium. Shirley Priboth and Chuck Blevins work on a foil chain and cardboard sleigh, to be used in the presentation, while Choir Director Koma Sue Donworth looks on.

Monoxide Scare Hits Littlefield Family

Residents are reminded to beware of carbon monoxide poisoning from their heating system, even central heating units, after one member of a Littlefield family was overcome and three others became ill early yesterday morning.

Leader-News staff writer Nilah Rodgers lost consciousness, and her husband and two boys suffered from headaches and vomiting after fumes filled their home at 116 E. 23rd St. early Wednesday.

Mrs. Rodgers said she had a headache when she got up shortly before 7 a.m. She said she went back to bed for a few minutes after she turned up the thermostat and plugged in the coffee pot.

She said she remembers getting up later and walking through the house. She didn't remember opening the door, but when she regained consciousness she was on the floor in the den and the patio door was open.

The local gas company and Campbell's Plumbing said the fumes in the house could possibly be attributed to two sources:

1. The way the wind was blowing out of the west formed a pocket at the eave of the house where heater vent pipes exited and the pocket forced the fumes back down the vent instead of letting them escape.

2. The panel on the front of the central heating unit was not properly replaced after Mrs. Rodgers cleaned the permanent filter Monday.

Jay Campbell said although nothing is more dangerous, as far as carbon monoxide is concerned, than open fires such as space heaters without proper ventilation, that persons with central heating units should take precautions, also. Campbell said there is usually little danger if heating units and pilots are

checked and serviced once a year.

Campbell added that persons with fireplaces should always open a door or a window when open fires are burning, since the drawing will be through the heater vents, otherwise.

Campbell said it doesn't take very much carbon monoxide to go a long way, since the poison mixes with air in the lungs faster than oxygen.

"You must keep heating units in the very best working condition possible," he concluded.

'The Messiah' Presented Sunday

The third annual production of Georg Frederick Handel's oratorio, "The Messiah", will be staged Sunday afternoon, Dec. 19, at the First United Methodist Church.

Making the presentation again will be the Community Chorus, sponsored by the Littlefield Ministerial Alliance, and formed of singers from several churches in the area.

Soloists for the oratorio, which will be directed by Mark Rogers, will be Buddy Wells, bass; Mark Rogers, tenor; Mrs. M.J. Cotter and Mrs. Clem Sorley, altos; and Mrs. Rhea Bradley, Jan Sisson and Shirley Priboth, sopranos.

Accompanists will be Kathy Turner and Mary Elizabeth Shotwell.

The program is scheduled to run about an hour and 15 minutes, and will be free to the public.

JOB IS 'LONG VACATION'

Deputy Likes Plains

EMMITT BURROWS, or "Double E" or "Burr", as he is known to his friends, is on vacation in 1940 at West Texas on a vacation in 1940.

where all the land had been taken away from the Indians. Now the Indians won't even take it back," Burrows said. "There are some good people back there, but I love these Plains."

Burrows came to Texas on the heels of the Depression. Jobs in Oklahoma had been so scarce they couldn't even be bought. So when Burrows was approached by V. L. "Smitty" Smith Sr. to take a job as night watchman for four months, he accepted.

"I was hired for four months," Burrows said, "but it was 11 and a half years before they quit paying me." That was back when cotton was pulled by hand. The Olton chief had threatened to quit if they didn't hire someone to help him handle transients.

After three and a half years, Burrows was named chief of police, a position he kept until 1967 when he was fired. "That's honest to God what happened," Burrows said. "They fired me. Said I got too mean."

But officers who worked with Burrows say the reason he was relieved of his duties was because he treated everyone alike and that he didn't let anyone tell him how to run his business. And he didn't cotton to some political dealings.

"There were a couple of old boys at Olton who were trying to get the Mexicans under their thumb like old George Parr down in South Texas," Burrows said.

Burrows and his wife, who he affectionately refers to as Madam Queen, moved to Hart from Olton. Burrows was city marshal at Hart for seven months. Then he went to the old cow town of Claude as deputy sheriff for 17 months. He quit the 18th month "because there was nothing to do, and after all that time of looking at four walls he was going crazy."

Burrows moved back to Olton and "aimed to quit," but after the grandkids

all visited one weekend and ate the hinges off the refrigerator, he decided he'd better go back to work. He took the deputy sheriff's post at Earth in July a year ago under Sheriff E. D. McNeese.

Burrows said he just loves to work with the "boys" (other officers), and his co-workers say Burrows is the hard-headedest, softest hearted, best law officer they've ever worked with.

Burrows gets along with kids. Grumpy and Madam Queen have five children and 19 grandchildren. "And those grandkids are precious little devils, too," he added. "Now we're back like we started, just me and her."

"I love kids," he said. "In working with the young people I've found that a lot of the time you can talk to 'em and it'll do a lot more good than giving them a ticket. The kids at Earth are the best bunch I've ever worked with."

"There's one thing I don't allow," he concluded, "and that's a drunk driving on the highway. I'd get him if it was my own boy, and put him in jail the same as anyone else."

ROLAND BELL, assistant postmaster, displays 1971 U. S. Special Stamp Mini-Albums. Twenty albums are on sale at the post office for \$2.50 each, and include 17 "special stamps," issued for the year of 1971; brief information about each stamp; who designed the stamps; the date of issue; and stamp hinges for mounting the stamps in the album. Stamp collectors may come by the post office for purchase of the Mini Album. Bell stated "when all 20 albums are sold he can reorder for others that are interested." Orders will go off to Lubbock every fourth Tuesday.

WATER, INCORPORATED

Membership Drive Enlists 83 Members

The 45-day membership drive being staged by the Lamb County Unit of Water, Inc., has gone past the halfway point with solicitors reporting 83 new members signed up since the campaign began on Nov. 1. The drive closes through December.

Chairman of the drive in Lamb County, C. A. Duval, said workers will redouble

efforts in an attempt to sign up 100 new members.

The unit is an official arm of the parent organization which serves West Texas, Eastern New Mexico and the Oklahoma Panhandle. Total Water, Inc., membership is more than 2,500.

Water, Inc., was organized as a non-profit entity to promote work toward solutions to long range water problems. It has been strong in its backing for the Texas Water Plan which when implemented will satisfy the state's water needs for at least 50 years.

The plan envisions importation of supplemental water into the area served by Water, Inc.

Stolen Items Found

Lamb County Sheriff's officials found several stolen items last week. Three head of cattle reported taken from the Douglas Teague place were found Thursday near County Line.

A burr spreader truck that was taken from the Co-op Gin at Olton last Saturday was located near the Springlake-Earth school two days later.

A portable radio and some ball point pens taken in the burglary of the Dale McGaugh residence were recovered on the persons of three persons who were arrested and charged with the burglary.

L.A. Bales reported the theft of a new alternator valued at \$35, taken from an irrigation well motor eight miles north and three west of Littlefield.

Shoplifter Arrested

City police jailed a man Saturday afternoon after he had been reported taking shirts from Anthony's.

The assistant manager and manager of the store chased him for awhile, but Police Chief James Cox later apprehended him.

A shoplifting complaint was filed by the store officials, the man pleaded guilty to the charge, and the shirts were returned to Anthony's.

Saturday night, two other adult men were jailed in the city jail, and charged with drunk in public. They were tried, fined and released.

Police are investigating the theft of a rotating Christmas color wheel and bulb from a resident's front porch sometime Monday night. The resident described the wheel as gray with spotted parts, and stated that the base was left at the scene.

Another theft was reported at Kinkler Gin, and occurred sometime Saturday or Sunday.

A Delco 12-volt battery was taken from a front loader which was parked on the gin lot.

Someone attempted to break into Jack's Food Market Monday.

One of two locks was broken, and the screen was torn, but entry was not gained.

Movie Entertains Children Saturday

"Yours, Mine and Ours", a movie to benefit the Salvation Army's Christmas Cheer program, will be shown at the Palace Theater Saturday morning, Dec. 18, at 10:30.

The theater will open at 10 a.m. to allow the children 30 minutes to arrive and enter.

Starring in the G-rated comedy movie are Lucille Ball and Henry Fonda.

Admission charge to the show will be a can of food, which will be used in Christmas cheer baskets for needy families.

LHS SPEAKS OUT

Oh, Mother!

The question this week for "LHS Speaks Out" was a little different. Students were asked the following question:

What would your mother say if she really knew what you did Saturday night?

So, mothers out there, read these carefully and learn what happens when you are not around.

The answers varied greatly. Some said Mother would say nothing. Others said they would get killed or grounded. A few students said that their mothers would probably want to go with them next time.

DAVID BARKER (Soph.)—She already knows.

BILL BREWER (Soph.)—Wow! We never did that when we were kids.

KEVEN KIRBY (Soph.)—You better watch what your doing in that girl's house.

EUGENE WILLIAMS (Soph.)—No more parties.

KENNY PRATT (Senior)—Where did I go wrong?

CHUCK BLEVINS (Senior)—She would ask how it went. I work on Saturday.

MATT GILES (Senior)—She didn't say anything. I already told her.

NANETTE MORRIS (Senior)—My mother would tell me to leave and never let me live it down.

SID JACOBS (Senior)—That's my boy!

DELON WALKER (Senior)—My mother would probably faint. My father would say, "Well done, my boy."

BRENT WHITEAKER (Senior)—Son that sounds really far out and smooth. Can I go with you next weekend?

JOHN ADUDELLE (Soph.)—John, you are grounded for the rest of your life.

FLOYD TREVINO (Soph.)—She would say, "Boy you do that again and you are not going out next Saturday night. Then she would kill me."

VAN RAY (Soph.)—Nothing because I didn't do anything (but the Saturday before Wow!).

MELVIN JOHNSON (Senior)—Get out! Don't bother to pack!

TERESA WOOD (Junior)—I think she would be proud of me and I know she would respect me more.

BILL HAMBLIN (Junior)—Good boy.

LEON HODGE (Junior)—Oh Lord!!!

DONALD BRITT (Junior)—How can you stand to do something as boring as that. When I was your age, I had fun.

SHELLY GRANT (Junior)—You're kidding!

JIM BRUTON (Soph.)—I've told you time and time again to leave that stuff again.

GARRY DOD (Junior)—What wouldn't she say!

SCOTT McNEESE (Senior)—I don't believe it!

NEW TEACHER

Krafty Keeling

By CATHY NELSON

Not exactly new to Littlefield nor to LHS, Mrs. Dorothy Keeling returns to the Littlefield High School faculty this year as homemaker teacher.

A native of Houston, Mrs. Keeling received her high school diploma from Austin High School, Austin. Majoring in homemaker at the University of Texas, she was granted a B.S. degree and began her career as a homemaker teacher.

This young graduate's first teaching position at Corrigan High School, Corrigan, lasted only one year before she moved to San Antonio and accepted a new position at Alamo Heights High School.

A civil engineering course and working with the Civil Aeronautics Administration came next in the life of this young career girl. While working there, she was accepted as a junior member of the American Society of Civil Engineers (A.S.C.E.).

Marrying a fellow-graduate of the University of Texas and a pro-football player for the Philadelphia Eagles, Dorothy became the bride of Ray Keeling.

Since their marriage, Mr. and Mrs. Keeling have lived two years in South Carolina, four in Muleshoe, and 18 in Littlefield. Keeling is a past mayor of both Muleshoe and Littlefield. While in Muleshoe, he was the Buick dealer, as he is here also.

Mrs. Keeling taught four years of homemaker at LHS before resigning for a five-year leave. During these years, she did quite a bit of painting for sale. She again took a teaching position, working six months with the Pilot and Head Start programs in Whitharral. Returning to Littlefield school system, she began four years of teaching in junior high. This is the homemaker's twelfth year of teaching.

Of her teaching career Keeling says, "I like secondary level and more mature high students."

The teacher's hobbies include painting, sewing, war crafts, and attending theatre with her husband.

The Keelings have daughters: Connie, 24, is a graduate of Tulane University, married and now living in Orleans, working in computer programming.

Nancy, 21, married living in Austin, is a graduate of the University of Texas.

Jean, 19, enrolled in University of Texas, this semester at home to be a resident University next year.

CATHY COMMENTS

Determination

By CATHY GILES

Have you ever thought about what makes one person stand out from a group? It is probably the thing called determination—the same thing that enables our nation's leaders to make decisions and our soldiers the choice to live.

Determination can make a president from a pauper and a queen from a housemaid. Whether or not they will ever reach these high positions is their personal choice. Determination is the key factor though, and without it, the dream or goal is easily lost. With it, the dreams become reality and nothing is unconquerable.

Determination will not bend or break under pressure. It is one of the strongest feelings known to man and is unique in its effects. Strive for determination and you will be one step closer to your goals and dreams. It is the only thing that can lead to true achievement.

ART WORK—Bridgett Patterson, LHS senior, displays a decoupage which she recently completed. Mrs. Hazel Ward is LHS art teacher.

Sandhill Cranes Still Mysterious

The sandhill crane is the state's "Brand X" game bird, according to the Texas Parks and Wildlife Department.

It plays the role of unwanted stepchild to some of the better-known species of migratory birds—the duck, goose and dove.

In fact, some Texas outdoorsmen probably couldn't tell a sandhill crane from a cattle egret.

But for all its anonymity, the sandhill has a number of characteristics which should endear it to hunters, the Department states.

It's a large bird—almost trophy sized. It flies fast and has the eyesight of a goose. It will respond to decoys and it travels in flocks of impressive size.

Add a lengthy open season and the bird's high rating as table fare and you should have incentive enough for any shotgunner to give the cranes a try.

Department field personnel say sandhills are ignored because their habits and characteristics still are a mystery to most hunters. Secondly, the two zones were sandhill hunting is legal are in the extreme western portions of the state, forcing hunters to travel long distances.

A third reason may be the tendency of the cranes to be "here today and tomorrow" as they shift localities in search of food.

Also, nice weather is terrible for hunting. Cloudy and rainy weather needed for the pass-shooting done by Texas hunters. Clear skies call for decoys to bring in the high cranes.

The two zones set forth for sandhill hunting are described in the department's Migratory Game Bird Hunting Digest, 1971-72, which is available at department offices and where hunting licenses are sold.

Good numbers of cranes were reported as the Zone A hunt began on Oct. 1. Zone B hunt begins Dec. 4. Both seasons end Jan. 30. The daily bag limit is three and possession limit is six in both zones.

Numerically, the cranes have made a comeback from past years when numbers had seriously declined. The birds still have a long way to go in achieving the status they deserve as game species.

Duck Compensates For Lack Of Eggs

A domestic mallard duck on the Sheldon Wildlife Management Area has prescribed her own quack remedy for egglessness.

The duck, unable to lay eggs of her own, built a fine nest of reeds and down for five yellow-green spheroids.

Texas Parks and Wildlife Department employes, however, found the little bundles of joy not eggs at all, but gourds.

MICHAEL CARTER (20) and Jay Trammell (42) jump a little short for a rebound as a Friona player takes the ball in their game against the Wildcats Tuesday night in the Wildcat Gym.

THE ASP'S STING

Asps, those little woolly worms most often found in trees and shrubs, have been active lately and individuals should beware of their sting, cautions Dr. Philip Hamman, Extension entomologist. The worms are about an inch long when mature and have a short, thick body covered by silken hairs ranging from light tan to grayish in color. Under the hairs on the backside of the worms are numerous short, poisonous spines. Stings occur when a person brushes against the worm or attempts to remove it from exposed skin or clothing. The sting is accompanied by an extremely painful and intense burning sensation. Severe headaches, nausea and vomiting may occur. If a patient has a severe reaction to an asp sting, consult a physician at once.

7th, 8th, 9th Girls, Boys Win One Of Three

Littlefield seventh, eighth, and ninth grade girls all played the perfect hosts Monday night and let the visiting Lockney teams go home winners.

Littlefield led 11-3 at the end of the first quarter and still had a seven-point lead at halftime. Then the field goal percentage dropped and Lockney moved out front by one at the end of the third and added to the margin.

Ralph Mendez hit nine for the local team.

Lockney eighth graders downed the Littlefield eighth, 33-23. Ricky Hopping hit

eight and David Davis and Jerry Stamps added four each. Coach Kenny Carter said he felt the field goal percentage was less than 20.

Eighth graders are in the Muleshoe tournament today and tomorrow. Littlefield eighth graders meet Muleshoe at 1:45 today and they play again at 3 p.m. Friday.
