## Local Option Election Scheduled November 7th

County commissioners have set election day, Saturday, Nov. 7, for voters in precincts 10 and 14. The city limits of Littlefield will vote for or against the "legal sale

of all alcoholic beverages, including mixed beverages."

The commissioners court convened in regular session Monday morning and set

the election date after the county clerk's office certified 620 signatures Saturday on the petitions issued earlier to call the question to vote.

County Clerk Mary Beth Willey said

her deputies certified 620 of the 891 names before 7 p.m. Saturday easily and without having to dig. No attempt was made to certify the remaining 171 names, she said, since 613 were con-

sidered adequate to call the issue to a vote.

More than a dozen interested persons representing both the "wets" and

"drys" lined the courthouse halls Monday waiting for the commissioners to name the day of the election. By setting the Nov. 7 date which is the latest day the election could be held, the commissioners said they felt this date was fair to both sides.

The two opposing factions, "Concerned Citizens of Littlefield" and "Citizens for Progress" questioned their right to have poll watchers appointed and were told that each precinct may have four watchers each, two representing each faction.

County Judge G. T. Sides will accept petitions with 50 signatures each and the watchers will be named from the submitted petitions.

County commissioners named T. W. Bryson and Dale Walthall presiding judge and alternate presiding judge for the local option election.

The liquor election must be on separate ballots and at a separate polling place from the general election.

The ballot will read "For the legal sale of all alcoholic beverages, including mixed drinks" and "Against the legal sale of all alcoholic beverages including mixed drinks."

According to law only qualified voters who live inside the Littlefield city limits and inside voting precincts 10 and 14 may vote in the local option election. The polling place will be in the Littlefield City Hall.

General election balloting will take place at the regular polling places.

### Blume, Yarbrough Have Perfect Scores

First, second and third place weekly winners were named after breaking the ties this week.

Phelps Blume and Paul Yarbrough of Amherst both turned in perfect scores and Blume wins the \$5 first place prize with Yarbrough taking the second place spot.

Doug Perrin of Littlefield edged out 10 others who scored 15 each to take prize money again, this time getting \$2 for third place.

Season standings shifted again with Douglas McNeese alone in first place.

In second place after five weekends are Mrs. Byron Ford, Floyce Pierce, Randy Dayton and Doug Perrin.

And six are tied for third place, Winston Cummings, Lilburn Bales, Joe Don Parrott, Richard Hopping, Paul Yarbrough and Phelps Blume.

## Homecoming Activities Kick Off Here Tonight

Theme for the 1972 Homecoming activities at Littlefield High School is "Beat Roosevelt" and spirit throughout the school will swell even greater when the homecoming parade officially kicks off the annual event tonight.

The parade, including floats, decorated cars, the Wildcat Band, the Littlefield fire panel, and several other entries, will assemble behind the courthouse on Phelps Avenue at 7 p.m.

The parade will begin down XIT Drive at 7:30, and will proceed to Third Street over to Phelps Avenue and down Phelps to the courthouse where the parade will disband.

Immediately following the parade, students, ex-students, school personnel, and the general public will whoop it up at 8 p.m. at a huge bonfire and pep rally on the parking lot west of Wildcat Stadium. Students have been gathering wood and stacking it for the bonfire.

The three homecoming queen candidates, Debbie Sorley, Tonya

Pickrell and Shelly Grant, will ride in the parade and will be formally introduced during another pep rally Friday afternoon at 3:20 in the high school gymnasium.

Debbie Sorley is the 17-year-old daughter of Rev. and Mrs. Clem Sorley of Littlefield. She is a 5' 4" senior with blue eyes and brown hair.

Tonya Pickrell, a brunette, hazel-eyed 17-year-old senior at LHS, is the daughter of Shirley Pickrell of Lubbock and Mickey Pickrell of Fieldton. She is 5' 3" tall.

Shelly Grant, 17-year-old senior daughter of Mr. and Mrs. Billy Tom Grant, has brown hair and blue eyes, and stands 5' 2" tall.

The Littlefield Lions Club will serve their annual pancake supper from 5 to 7 p.m. prior to the homecoming game with Roosevelt. Pancakes and all the trimmings will be served in the Junior High School Cafeteria, and tickets are \$1 each. One ticket will buy all the pancakes a person can eat.

Proceeds from the supper will go toward the purchase of playground equipment for Littlefield schools. Chairman of the supper is Chick Conway, assisted by Alvis Tubbs and James Petty.

The Wildcats take on Roosevelt in a battle in Wildcat Stadium beginning at 7:30, and the homecoming queen will be crowned during halftime activities.

Escorting the girls to the field will be ex-students Lloyd Jaquess, Rex Foust and Paul Yarbrough. Flower girl and crown bearer will be Kim Spencer, daughter of Mr. and Mrs. Travis Spencer, and Scott Lewis, son of Mr. and Mrs. Thomas Lewis.

The Class of 1957 has planned a special reunion Saturday night, beginning at 7:30 in the XIT Room of Security State Bank. Mickey Ratliff reports that responses have been received from approximately 60 per cent of class members who have been contacted.

Closing out the night's events will be the ex-students' dance at the Country Club. A local dance band, The Sandowners will play from 9:30 to 1:30. Couples will be admitted for \$5 and singles for \$2.50, and proceeds go into a scholarship fund.

The ex-students association will conduct a business meeting and elect officers for the coming year.

Officers for this past year have been Lloyd Jaquess, president; Rex Foust, vice president; Alice Sell, treasurer; and Sharon Collins, secretary.

## Littlefield-Roosevelt In Rematch From Last Year

Friday night's game will be a real challenge—like a rematch of last year's bi-district football game.

Only this time the Cats are planning to turn the table on the team that popped Littlefield 27-7 and advanced to the regional finals last year.

In addition to revenging last year's disappointment, this is the Wildcat's homecoming game. The 7:30 p.m. game will climax a hectic schedule which includes a bonfire, pep rally, homecoming parade and crowning of a 1972 football queen.

Roosevelt comes to Littlefield with a 3-1 record. The defending 4-AA champs were beaten by New Deal, 17-0, in their opening game. Since then the Eagles blasted Crosbyton 32-0, won over state ranked Class A Seagraves 41-7, and opened their district with a 19-6 win over Friendship last week.

The Eagles are considered a very good team, perhaps the best Littlefield has seen. They run out of the "I" formation, running an offensive formation similar to the Cats, and like the Wildcats, graduated quite a few outstanding players last spring.

Offensively their line averages 187 pounds, or about 15 pounds per man heavier than the Littlefield offense. Defensively, they are basically an 8-man front forcing type. They stack their linebackers, stunt a lot and frequently come up with a big defensive play.

Offensive personnel include Blackwell (42) a 160-pound junior tailback who is the fastest most dangerous back the Wildcats have played this year. Bobo (35) is a 190-pound fullback sophomore and a strong inside runner.

Outstanding offensive linemen include Holland (66) a 180-pound senior guard, Brewster (55), a 210-pound senior tackle, Malone (85) a favored receiver along with Stone (23) a 180-pound halfback.

Defensive personnel include the monster men who move back and forth with the strength of the offense: Anderson (44) a 160-pound junior, Smith (75) a very fine 185-pound senior defensive end and Holland, offense guard and defensive linebacker.

"We'll have to play our very best to win the ball game," Coach Jerry Blakely said.

There will be a couple of changes in the starting lineup Friday night. Kenny Francis will be back at center. He was out last week with a bruised abdominal region but it looks like he'll be given a green light for Friday night.

Floyd Smith who played his first starting assignment last Friday will be a starting tackle.

## School Trustees Approve 1972 Tax Evaluation

Littlefield school board trustees approved a tax evaluation of \$517,235.07 on a total evaluation of \$27,222,894 at Monday night's regular board meeting.

School secretary Sid Hopping reported that even though this year's evaluation is down \$70,000 from 1971, the 10-cent increase in maintenance brought in \$25,224 more this year. Total evaluation last year was \$27,300,660.

Hopping said the decrease in the evaluation is due to the loss of a business, the fire of Byers elevator which had a \$57,000 evaluation on it, reclassification of some irrigated farms as dry land and loss of some farm improvements and a considerable decrease in oil evaluation.

In other action, Hopping reported the collection of \$75,055 from delinquent taxes, and Tom Tollett presented a list of individuals and firms with delinquent tax records. The board approved the filing of additional suits for collection of back taxes.

Superintendent Paul I. Jones and school board member Pat Downs reported on the Texas Association of School Board and School Administrators convention they attended.

CHICK CONWAY, chairman of the annual Lions Club Pancake Supper, and Dutch Wilkinson, Lion Boss, are whetting their appetites for Friday night's pancake supper. If they eat this stack, they'll really have a taste for them. All Littlefield Lions Club members are selling tickets at \$1 each for all the pancakes a person can eat. The supper will be served between 5 and 7 p.m. in the Junior High School Cafeteria, just prior to the homecoming clash between the Wildcats and the Roosevelt Eagles. (Staff Photos)

CLAIR SEZ: "Nature seems to make you work. The less you have to comb, the more face you wash."

Homecoming '72 and we'd like to see all the exes that are back in all the festivities. It's going to be a busy week end for visiting, acquaintances, etc. but an excuse for all concerned.

One of the highlights of any homecoming is the football game and by the spirited and leather-jacketed Wildcats have been working out the Eagles' feathers pluck the Eagles' feathers tonight by about ten points! Half the fun is in exciting too as the band is planning on putting on a good show and of course the Homecoming Queen.

Debbie Sorley, Tonya Pickrell and Shelly Grant, all seniors at LHS, are the homecoming queen candidates this year. Regardless of who is chosen, it can be assured that the Homecoming Queen for 1972 will be an beautiful and amiable young lady.

DAY may come when the Revenue Service simplifies the tax with a two question form: 1. "Did you make any money?" 2. "Send it."

GOLD V. Ratliff's new book on Littlefield school football, "Champions of the West," Waco High School with the team being mentioned on pages 35 of 'em. Next year's team is the Littlefield team with 26. Littlefield was mentioned on two pages while the rest of the team was left out completely as usual. Lubbock Monterey was mentioned only once.

## Early Amherst Resident Honored In News Feature

AMHERST—Mrs. Lee Payne received an article from the Aug. 25, 1972 edition of the Austin, Texas "Austin Statesman."

It told of the life of Judge John Wood, an early day

resident of Amherst. His daughter, Mrs. Jack Knox (Violet) of McCamey, sent the article to Mrs. Payne. His first wife, Maggie Lee Skes, died here in 1927. She was the mother of his five

children: Frank Wood Sr., Austin; Werner and Morris Wood of California; Walter Wood of Washington, D.C.; and Mrs. Knox. "Judge Wood," as Amherst citizens called him, will be 99 years old next Dec. 29.

1934. She graduated from the University of Texas. Mrs. Wood's twin sister, Mrs. Effie Neal, makes her home with them in Austin. Wood has had an interesting and colorful career.

In the early Amherst days he served as the lawyer for the Halsell Land and Cattle Company and is well remembered by early settlers here.

He had civil service jobs in Washington, D.C. where he and his wife, Ethel, lived for more than 30 years. He and Ethel Martin were married in

# DEAR EDITOR

What Our Readers Think

## Ranch Needs Help

October 8, 1972

Dear Emil,  
Hi there ole KVOW radio man!

Say, I noticed in your Sunday column (see there, EVERYBODY reads it!) that you mentioned Great Plains Boys Ranch.

When I moved to Farwell from here in 1966 the ranch was just in the building-buying stage, and I don't really know when it got started, except that I think it is about four years old now.

Anyway, I was hit up recently to organize a Boy Scout troop out there. I just finished six years of that at Farwell, and was pretty pooped, and really wasn't too wild about the idea but when I saw the place, I had to say okay.

I think 60 boys would be a closer figure. I know I have 28 who want very much to be Scouts.

Biggest problem the place has is the lack of money. They do a darn great job with what they have though. You see—they don't have any P-R men to runaround and talk to civic clubs and the like like Girlstown does, and thus the efforts for them are few and far between. Also, there hasn't been much publicity about the place either.

Well, point of the letter is—if I get a troop going out there, I am going to need some "sponsors" for some boys. The first big need is 28 sleeping bags, and then the same number of uniforms. Both are an essential part of Scouting. Best idea I have come up with so far is to get some individuals, clubs, church groups, etc. who would "sponsor" one or more boys each year. The first year, about \$30; would I think buy him a sleeping bag and uniform. After that, the amount would kinda depend on needs, like summer camp, etc.

I would personally see that the sponsor gets a picture of the Scout they were helping, and also get a troop newsletter, to let them know what their investment was doing, in helping a kid out.

I have talked to Mr. Demel and some others out at the Pep Church, and I think they may help some. If you, Emil, have some ideas of others I could hit up for this, I would appreciate it.

Besides money, I guess the second big problem out there is something for the kids to do. After all, Pettit, is about the last place on earth, about like an atomic testing ground or something. A lot of us feel that Scouting would help. I may not be the best one to do it, but I do have time and the desire to help, so my hat is in the ring.

These fellows get a big 65 cents per week allowance (if 13 or under) or \$1 per week (over 13) and they will be chipping in 10 cents of this as dues. Anything else must come from someone else who cares, right? Right.

Now—just picture yourself as an 11-year-old. You have just gone through some special hell at home (usually a busted home)—and then you get sent to some place called "Pettit, Texas". You are in a strange place with no relatives, no friends, not a single person you know.

What kind of a chance has a kid like this got, unless someone goes out there and helps him? And, it needs to be something from outside the home too, as they are with their house parents and ranch officials all the time. This is where Scouting comes in again. We'll get them out to meet other Scouts, have fun camping, and (hopefully) convince them that the world isn't such a lousy place after all.

Great Plains Boys Ranch has been a little more connected with Levelland I guess, because the kids go to school there. But I think the place could belong just as much to Littlefield, Pep, Witharral, etc. as there. They are just kids, and aren't going to be picky about where a friend comes from, so long as he is a friend.

Let me know what you think. I'll do my best for about 28 of 'em (probably a larger percentage of them after we show what Scouting is), if I can just have some help with the raw materials. We gotta have sleeping bags, then uniforms. We already have tents that will do for a while, but I am sure there will be some other needs when we get into it.

If the paper would like to run something on this project, or on the Ranch in general, I'll get some info, pictures, etc. or it's just 30 miles on the FM roads if they would want to do it themselves.

Thanks muchly, and best wishes!

Dear Editor:  
I am proud that moral issues of our day are respected by our society to the extent to allow the application of our cherished democratic principle, the "rule of the majority".

This gives people of different persuasions the right to stand up and be counted with the prevailing side being the one which is stronger numerically, whether right or wrong.

I do not hesitate to stand up for what I believe but on the other hand I would risk my life to preserve the right of a friend to differ with me. My love for and commitment to my fellow man are rooted much deeper than any single moral issue and I hope we are all mature enough not to be embarrassed about our position or that of one close to us.

My efforts in the cause of the Concerned Citizens Committee in no way implicates any other member of the great church I serve. They each one will have to stand up for themselves.

I hope we have 3,000 voters turn out on November 7th and that each one represents an honest, sincere conviction predicated by facts rather than fancy.

## Grievance Committee Meets, Re-Schedules Salary Session

A meeting of the Lamb County Salary Grievance Committee re-scheduled its meeting to Tuesday night to decide on salary raises for three elected officials after one of the laymen could not be present Tuesday night.

By law all 10 members of the Grievance Committee must be present before a decision can be made. The committee is made up of seven elected county officials and three laymen drawn from grand jury members. Quentin Hodge, one of the grand jury members, could not be present because his daughter was in a Lubbock hospital where she had just had surgery.

The committee is slated to consider salary increase requests from Herbert Dunn, tax assessor-collector, Ray Lynn Britt, district clerk, and Lucy Moreland, county treasurer. They each are asking for annual salary increases ranging from \$1,320 to \$1,700 each.

County Judge G. T. Sides is chairman of the salary grievance committee and as chairman does not vote. Elected

officials are Curtis Wilkinson, county attorney; Lucy Moreland, county treasurer; Mary Beth Willey, county clerk; Ray Lynn Britt, district clerk; Herbert Dunn, tax assessor; and E. D. McNeese, sheriff. Drawn from the list of grand jurors who served last year were James "Sandy" Sanderson, Winston Cummings and Hodge.

If, after a hearing, the committee by a vote of six of its voting members decides to recommend a change in the salary, expenses or other allowances of the persons requesting the hearing, it shall prepare its recommendations in writing and deliver it to the commissioners court which shall consider the recommendations at its next meeting.

Should all members of the committee be unanimous in a decision to grant a raise, such a statement is signed by all committee members and it goes into effect without consent from the commissioners court.

The re-scheduled meeting is set for 7:30 Tuesday in the county courtroom.

## HOMINY GETS

By CORNBALL  
THE NEXT FOUR years should be idealistic. President Nixon and McGovern both have pledged that we'll have NO increase in taxes. Provided . . . The provision being that Congress comes up with no new spend-thrift ideas.

NOW WE HAVE it from the horse's mouth that Congress is inefficient, unpredictable, and generally incompetent. (The horse being Nader.) Which brings up something of a dilemma: How can either of the candidates promise just what Congress is gonna do?

NOW WE'RE BACK to one of our favorite themes. Namely, just what is it the people want to hear, and believe? We'd like to believe that the government can reduce taxes, abolish deficit spending, while and at the same time, keep handing out more goodies to the citizenship. This, of course, while rendering more efficient, and added services to keep our way of life more pleasant and effortless.

TO MAKE IT SHORT and to the point, don't you think it would be nice if we ALL could live at government expense, while not being required to work? Then, the guy that will promise us the most something for the least nothing, is certain to be a shoo-in for public office.

HOWEVER, WE HAVE that unpredictable Congress to take into consideration. They, with the help of the Supreme Court, have varied ways of dropping flies in the ointment! What one of them can't come up with, that's more expensive, the other adds to, by making us buy more busses and the like!

IT'S A good thing the government takes predictable Congress to take into consideration. They, with the help of the Supreme Court, have varied ways of dropping flies in the ointment! ## THE ABUNDANT LIFE No Quarreling

QUARRELING SEEMS to be very much a part of the daily human scene, and there never seems to be good reason for it. This makes quarreling very strange in human behavior, because the loss, which is so great, is usually regretted and regrettable.

MANY UNDESIRABLE EFFECTS are produced by quarrels. Specifically, a quarrel is a verbal clash followed by strained or severed relations. Quarreling is closely related to such ugly human action as wrangling, squabbling, etc.; and sometimes leads to altercations. In fact, all of these are synonymous but signifying different degrees of intensity.

WE CAN QUIT QUARRELING. For one thing, there must be two or more people involved. If you refuse to quarrel with me, there will be no quarrel even though I am doing my best to get one going.

So far as we are concerned, then; quarreling can be stopped. This is one great power for good which we control. WE ARE NOT GAINING anything by quarreling, and there is always some loss. The loss will be greater in some instances than in others, but any loss by quarreling is too much.

In addition to the strained or severed relations, there is great personal loss in the erosive effects upon one's personality. WE MUST BE ON GUARD, and always alert, so that we neither precipitate a quarrel nor let ourselves be subtly drawn into one. Most quarrels can be prevented, when people actually do not want to quarrel.

Others participating on the include the invocation by Rev. Hartman, pastor of the First Church at Earth; the welcome Cooksey, principal of the Earth School; music by the Earth Band and directed by SoRelle; singing by Wayne choral director; special music guests by Mrs. J. ## School Marker Dedication Slated

A special ceremony is planned Friday afternoon at the Springlake-Earth Schools, when an official Texas Historical Marker for the school will be dedicated at 2 p.m.

District Judge Pat Boone Jr. will serve as the dedication speaker, and W. L. Mann, superintendent of Springlake-Earth Schools will be the master of ceremonies.

The 18" x 28" marker, which has been placed at FM 302, five miles northeast of Earth, will be unveiled by W. C. White, Jerry Kelley and Mrs. Marshall Kelley.

## Concerned Citizens Plan Sunday Meeting

The Concerned Citizens of Littlefield will meet Sunday afternoon from 2 to 3 p.m. in the Flame Room of Pioneer Natural Gas Co.

The organization will lay out the program it plans to follow in educating the public on facts concerning liquor and the liquor issue, which will be brought to a public vote next month.

The organization plans to be divided into smaller groups for specialized efforts on the issue, and several other items will be discussed. "As chairman of the Concerned Citizens of Littlefield," Rev. J. B. Cagle stated, "I want to encourage all concerned individuals to attend this important meeting. We must strengthen and enlarge our forces, for we are engaged in a battle of righteousness against unrighteousness."

**Childproof Containers**

The typical American home is a potential death trap for the unsuspecting child and the unwary adult. According to the Public Health Service, each year 500,000 children swallow a poisonous household product which has been left within their reach—and 500 die.

A recent move by the Food and Drug Administration is a step in the right direction to overcome this hazard. After September 13, 1972, manufacturers of certain liquid furniture polishes will have to package their products in childproof containers.

The regulation covers liquid furniture polishes that contain at least 10 per cent mineral seal oil, which is a crude form of mineral oil used to put a

shine on furniture. When swallowed by children such polishes can cause lung disease.

Furniture polish packages must pass two tests under the new regulations. First, a sample of children under five years old must not be able to open the package 85 per cent of the time, but a panel of adults must be able to open it 90 per cent of the time. The second test stipulates that the opening of the container must restrict the flow of polish so that only about a half teaspoon can be obtained from one shake or squeeze of the opened container.

The FDA is moving to require childproof containers as these for toxic products containing turpentine or petroleum distillates, methyl alcohol and sulfuric acid. Common household substances that would be affected include paint thinners, solvents, auto gasoline antifreeze and certain liquid drain cleaners.

These toxic or caustic products, if accidentally consumed can cause serious injury or death. Severe damage to throat and stomach, permanent blindness, and lung disease often result.

Some are dangerously caustic if merely dropped on the skin. The warning labels now attached to these products aren't very effective in alerting inquisitive toddlers and pre-schoolers. Also, the appearance, color, and sometimes masked fragrance can trap a child into a fatal error.

The new FDA ruling in regard to furniture polish containers and others they may propose will reduce the danger to the consumer—but only the consumer himself can eliminate hazards.

When you use toxic products, read the directions and warning statements carefully before each use—don't rely on your memory. Use only as directed, as experimenting can be dangerous.

If you must transfer the contents into a new container, label it clearly; never put poisons in food or beverage containers. It's a good idea to destroy empty containers and not leave them around for children or pets to discover. Children are experts at finding household hazards, so store them out of their reach and keep all poisons under lock and key.

**Auxiliary, Domestic Arts Her Cup Of Tea**

Lois Avery was so impressed with the services rendered by members of the Hospital Auxiliary when she was hospitalized a couple of years ago that she joined the organization when she recovered.

Since that time she has devoted one morning each week to volunteer work at one of the hospitals or nursing homes in Littlefield.

Mrs. Avery likes being in contact with people. "When you stay shut up in the house all the time, you get out of the swing of things," she said.

Although a busy homemaker and mother of three active children, Mrs. Avery says the Hospital Auxiliary is a good activity for persons in later years who need something to occupy their time.

In addition to the active Auxiliary members, there are associate members who, because of small children or disabilities aren't able to be active members.

These associate members make plate favors and help the Auxiliary in other ways. "And we could use more active and associate members," Mrs. Avery said.

Active members pay \$4 annual dues and associate members pay \$5. These fees help pay for a nursing scholarship which the Auxiliary presents to a high school graduate in the county each year.

Mrs. Avery is vice president of the Littlefield Hospital Auxiliary. She is also active in politics and is president of the Hockley County Democratic Women. She is vice president of the Whitharral Young Homemakers and an active member of the Whitharral Band Boosters.

Her hobbies include collecting bottles, antiques, and decoupageing. An expert seamstress, she makes most of her own and her daughter's clothes plus sewing for relatives and gift giving.

She likes to can and freeze food, and cooking Mexican food and candies are her specialties.

LOIS AVERY

With the holidays coming up, she offers these "sure thing every time," quick, easy and inexpensive candy recipes:

**CHOCOLATE FUDGE**  
2 cups sugar  
3/4 cup evaporated milk  
5 tablespoons Nestles Quik  
Dash salt  
1/2 cup light corn syrup  
1 stick butter  
1 teaspoon vanilla  
Combine everything except vanilla. Cook to soft ball stage, or 234 degrees, stirring only if necessary. Remove from heat. Put in sink or pan of cold water. Add vanilla. Beat with mixer until it holds its shape. Drop by spoonfuls onto waxed paper.

**PEANUT PATTIES**  
3 cups sugar  
2/3 cup white Karo syrup  
1 cup evaporated milk  
1 teaspoon vanilla  
1/2 stick butter  
3 cups raw peanuts  
Red cake coloring  
Mix and cook until it holds a firm ball when dropped in cold water. Add vanilla, beat until creamy. Drop quickly on greased pan or waxed paper.

With the back darts, the hip pockets, and the side pockets completed, you are ready to sew the side seams.

With the western style pocket there is no problem; simply make a seam but hold the pocket cloth out of the way. With the standard side pocket you must take a little more care to sew the side seams correctly.

For best results, the side seams must be stitched before the zipper is applied.

Before sewing the side seams, press the creases in the leg fronts but leave pressing of back creases until later.

1. Pin the side seams (right sides facing). Match the notches all the way so the legs will not twist. Along the pocket opening baste or pin just off the edge. Place the pins on the fronts because you will sew the seam with the front side up. Fold the pocket cloth out of the way. (1 to 2).

2. Before the pocket can be folded out of the way a special slash must be made on the knuckle side (the side next to the pant front). The length of this cut is equal to 2 seam widths and it is through only the pocket layer. It is about 1/4" below the pocket opening and slants downward. It does

not weaken the pocket and does not show on the finished garment. (3).

3. With the pant front upward, sew the side seam. Be sure and follow the "seam track" made in step 6 of the preceding column. Keep the pocket cloth out of the way.

4. Press the seam open. Now you see the purpose of the special slash you made in step 2.

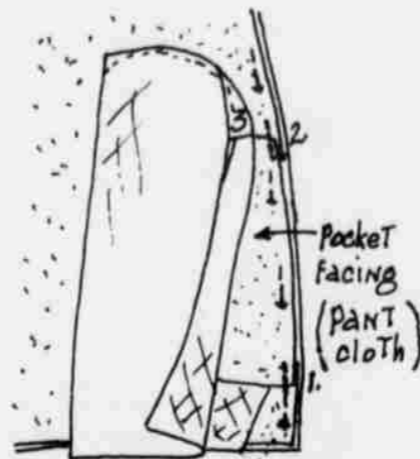

5. On the wrong side turn the excess pocket cloth over onto the seam edges (the back seam allowance) and attach it by hand or machine. If you allowed extra pocket cloth it will cover the seam

completely and make a neat finish. If you did not allow the extra cloth you still can make a neat finish. Leave the pocket top free until later when the waist seam is made attaching the band to the top of the pants.

Make bartacks at the ends of the pocket opening.

Notice how the tailor's method eliminates bulk and makes a thin flat line all along.

At no point do thick spots appear. You are now ready to apply the zipper and the waistband. If you know the exact leg length, mark the hem now and press it in while the leg can be opened lat.

FOUR GENERATIONS were together recently in the Clinton Stone home in Lubbock. Shown holding her two-month-old great-granddaughter, Jandanett Stone, is Mrs. Lela Henson of Littlefield. The child's father is Dale Stone, left, and her grandfather is Clinton Stone, all of Lubbock.

**DON'T TAKE RURAL TEXANS FOR A RIDE...**  
**...AND DON'T TAKE US FOR GRANTED.**

**HERE'S WHAT NIXON IS DOING TO RURAL AMERICA**

**WHEAT SCANDAL** - Giant wheat exporters made huge profits at the expense of individual wheat farmers, many in Texas, on Soviet trade.

**TAXES** - Wall Street Journal says federal laws favor the corporation or investor who farms on the side for a tax write-off.

**FARM ISSUES** - Under Nixon, parity dropped the lowest since 1933. Nixon held up payments of nearly \$400 million for feed grains in 1970, forcing farmers to borrow at highest interest rates in history.

**CONGLOMERATE SCANDALS** - Big Business first, the public second - that's the Republican philosophy. Anti-trust suit against ITT dropped at the same time ITT pledged \$400,000 to finance Republican Convention.

Harry S. Truman said, "The Republicans admire our government so much they want to buy it."

Let's face it. The Republicans just haven't changed much since the days of our grandfathers. They still favor Big Business over the average working man and woman. And while they're taking us for a ride, they keep telling us what a "dangerous radical" Senator McGovern is.

That's what they said about Harry S. Truman.

**HERE'S WHAT MCGOVERN IS DOING FOR RURAL AMERICA**

**HIS STANDING** - George McGovern has been elected time and again as a Democrat from a Republican farm state . . . because they know where he stands.

**TAXES** - His tax proposal would end the loopholes for tax-loss farming by giant corporations and the wealthy individuals who compete unfairly with family farmers. McGovern's proposal calls for the same tax on capital gains as on earnings.

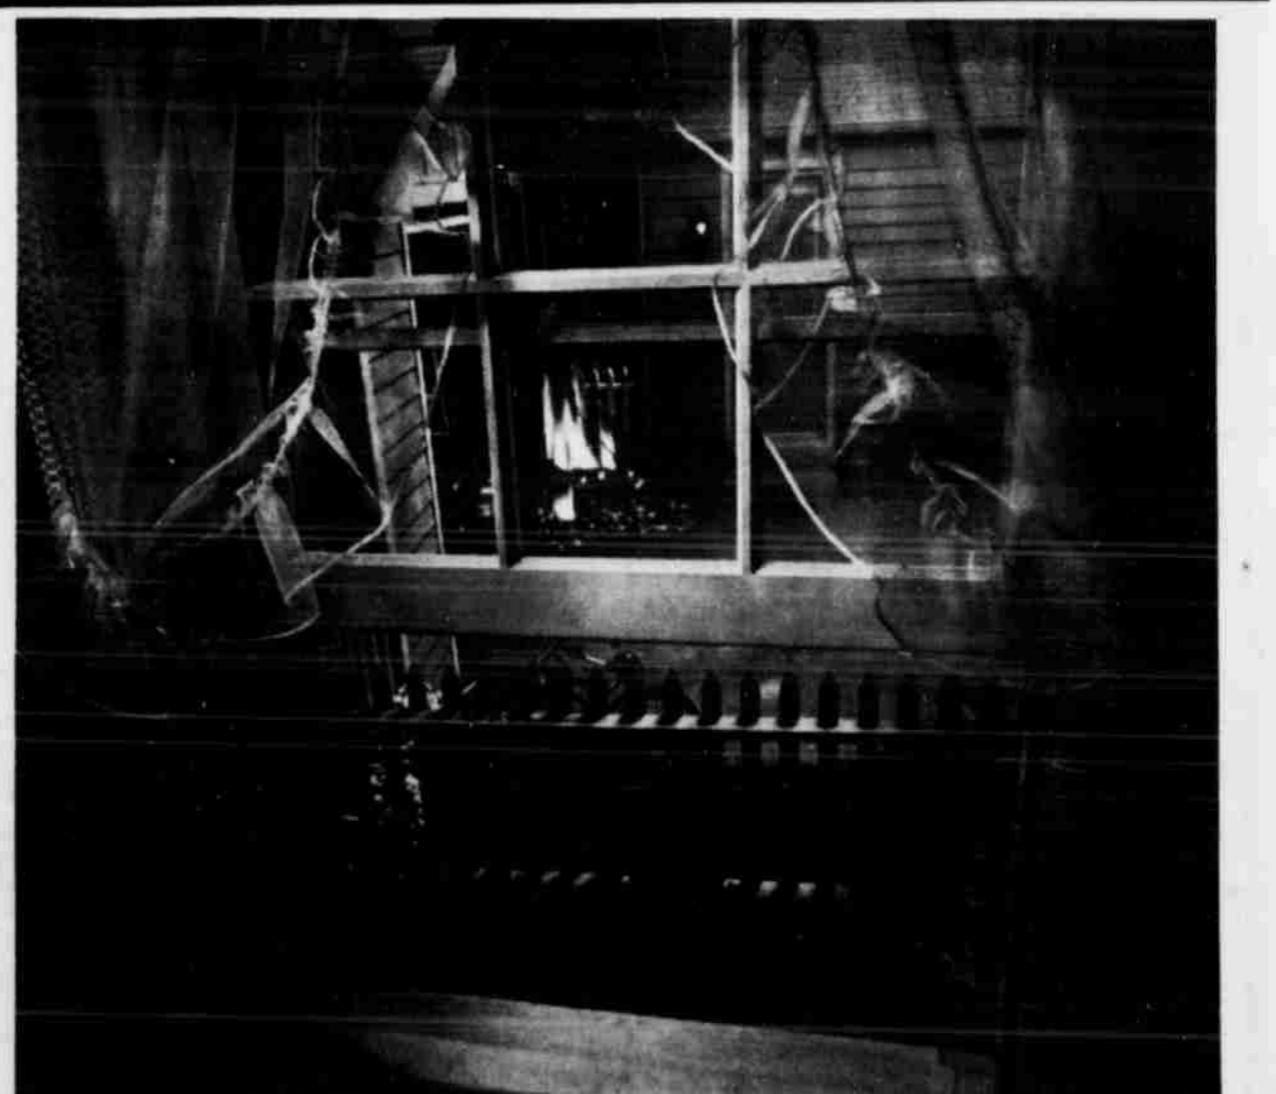

**FARM ISSUES** - He sponsored and co-sponsored: Meat Import Limitation Law; Dairy Import Act; Wheat, Feed Grain, and Soybean Emergency Reserve Bill; Rural Development, Rural Job Development, and Rural Telephone Acts; Farm Credit Act; and other pieces of important legislation.

**HIS BELIEFS** - George McGovern knows that the answers to many of our most pressing problems in America today can be found by developing genuine opportunities for everyone in our small towns and rural areas throughout the country.

Let's not be taken for granted by the Nixon Republicans. Rural America has always fared best under a Democratic administration. If you want to stand up and do something good for rural America, the answer is to help put a Democrat in the White House. We need George McGovern . . . and George McGovern needs us.

**If your six year old saw something like this, would he know how to phone for help?**

It's too important a question to leave to chance. That's why we're running this ad. If there are any six- or seven-year-olds around your house, teach them how to report emergencies. Tell them to dial "0", give their name and tell our operator where they are and what's wrong. With older children, train them to dial emergency numbers direct, since that's the fastest way to call for help. But don't stop there. Copy down the emergency numbers listed on the inside front cover or first page of your telephone directory. Add your family doctor's number. And the number of the nearest hospital. Next, tack up the list near your phone. Then get your kids to memorize it, in case it gets lost. By the time they're through memorizing those numbers, they're going to have every grownup in the house knowing them, too. Which is also why we're running this ad.

They were beaten 12-6 by Tulia in the season opener, took a 14-6 thumping from Lockney, and were edged out by Floydada 17-8.

Idalou won two of their last four tries with wins over Petersburg and Post and losing narrowly to Tahoka and New Deal. Whitharral started a little late last week to win their ball game with Klondike, but did hold the visitors to a 26-18 score.

The Panthers go to Cotton Center Friday for another conference game. Cotton Center won two of their last four games. They smothered Snyder 30-8 last week and were dumped by Dawson 40-24 the week before.

THE GIRLSTOWN TRIO entertained Littlefield citizens and Pep residents during the annual Pep Farm Dinner September 19. The Altar Society of Saint Phillips Church prepared and served the food to 150 persons. Shown "picking and singing" are, left to right, Sandy Ford, Nomra Josey and Debbie Stone. (Staff Photo)

## DALLAS COWBOYS

The Dallas Cowboys (3-1) are on the road against the Baltimore Colts (1-3) Sunday afternoon. The Cowboys are coming off a breathtaking 17-13 victory over Pittsburgh while the Colts were upset by San Diego, 23-20, on a late field goal, leaving the team in an uphill fight in the AFC Eastern Division.

There have been only three regular season games between the two clubs and the Colts have won two of them, but that hardly tells the series story. The Colts also won the biggest of all, taking the 1970 Super Bowl game in Miami, 16-13. And in the first post-season game ever for the Cowboys, the Colts won the old Runner-up Bowl, 35-3, following the 1965 season. And in seven pre-season games, Baltimore has won five. Dallas did win the last regular season meeting, 27-10, in 1969 in Dallas.

Kickoff is at 3 p.m. (Littlefield time) Sunday in Memorial Stadium, Baltimore. The Colts, always a stiff challenger and the World Champions just a year ago after their win over the Cowboys in the Super Bowl, are already three back in the AFC East behind the Miami Dolphins.

"We are not being killed to sleep by that," Cowboys Coach Tom Landry said as he

prepared his club for the toughest stretch of the Dallas schedule.

"There are too many familiar faces to believe the record reflects the Baltimore team. Defensively, except for Bubba Smith, that's pretty much the same club that was No. 1 last year.

"Their linebackers, as a group, rank with the best in the league and their safeties as a set are in the same category. "Offensively, part of their troubles have been injuries. But we expect their injured players to be back for us.

"We know that John Unitas still knows what to do on offense."

The Cowboys will be without the services of regular defensive end Larry Cole for this game and probably a couple more, as he recovers from a sprained knee suffered in the Pittsburgh game.

His replacement probably will be the Cowboys No. 1 draft choice of a year ago, Tody Smith. This is a bit ironic in that in anticipation of the Baltimore game earlier it was felt there would be no confrontation of the Smith brothers because Tody would not be a regular.

Now, he's likely to the starter, but Bubba will be out due to the freak accident he had in the pre-season when he fell into the down markers.

"Tody did a good job for us," Defensive Coach Ernie Sautner said after Sunday's game. "We've never doubted he had the ability. After all, we picked him No. 1 last year in the draft."

"If Smith's second string, I don't know what to think," said Pittsburgh quarterback Terry Bradshaw. He's like trying to throw over a building."

Smith deflected two Bradshaw passes at the line of scrimmage and made a couple other strong plays.

"Cole is one of the steadiest players around and I hate to see him get hurt like that," Tody said. "This is not exactly

the way you like to break into a lineup."

Tody, who underwent surgery in the off-season for a basketball injured knee, came along slowly in the pre-season but is rounding into shape.

"My knee is still pretty sore," said Tody, "but the electricity on the field Sunday minimized the pain. I had fun out there. I'm looking forward to more improvement."

Elsewhere, injuries could be a further problem. Veteran line-backer Chuck Howley has a pull and all-pro tackle Bob Lilly, a sore foot.

Lilly is expected to play, and retain his streak of having never missed a game which now spans 158.

Should Howley not go, D.D. Lewis would draw the call.

"D. D. could start for anybody," Landry said. "He made some fine clutch plays for us Sunday."

## County Agent Presents Hints On Application Of Zippers

by LYNN BOWERMON  
COUNTY EXTENSION  
AGENT

Zippers and their applications seem to present endless peril for the home-sewer. I hope that all the following can help eliminate some of the common zipper problems and give some helpful hints on how to achieve a professional looking zipper application.

The first step is to purchase the right zipper. Your pattern envelope will always guide you as to the proper type and length of zipper. However, consider one additional factor the pattern can't consider. YOU! Your height and weight affect the length of zipper which would work best in your garment.

Personal preference as well as comfort may indicate a change from the pattern suggestion.

### Lengths

Shorter girls with slender hips are able to use a 7" zipper in slacks, shorts and skirts comfortably; the taller girl with larger hip will find the 9" zipper provides a little more room to get into and out of the garment easily, with less chance of damaging the zipper.

The 12" zipper is the average length required for men's trousers. It does not, however, differ in construction from any of the other lengths of zipper, and therefore, a shorter length may be purchased for boy's trousers or women's slacks. Trouser zippers are shortened from the top with the waistband serving as the top stop.

A pattern normally calls for a 22" zipper at center back, if you are 5'2", however, you might find a 20" or perhaps even an 18" will prevent you from sitting on the end of the zipper.

Often a blouse pattern calls for a 12" or 14" zipper at the center back. Have you ever thought of using a separating zipper instead of a dress-neck

zipper? You'll find it much easier to get into and out of your garment, without messing hair or makeup.

Substituting a separating zipper when the blouse pattern calls for a button closure at center back not only eliminates making all those tiny buttonholes, but also prevents discomfort from leaning against the buttons.

Need a 6" zipper for slacks or a 4" for sleeves? Any zipper can be easily shortened. Make a thread bar tack by sewing back and forth across the teeth a few times at the desired length, cut off the zipper one inch below the bar tack if it is plastic or just let it remain under the fabric if it is a metal zipper.

### Zipper Care

Ironing: There is no need to take any special precautions during pressing the new plastic zipper. It is made from highly resistant nylon which will withstand temperatures in excess of a household iron.

Laundrying and dry cleaning: Always close a zipper before laundrying or dry cleaning. Self Healing (Plastic only): If threads should become caught in the zipper teeth, pinch the zipper in half (wrong sides together) and twist the tapes in opposite directions. Zip completely down to bottom and then up.

### Before Sewing

These few preliminary steps will put you on the right track to a professional zipper application. First, choose the proper color. For a solid colored fabric use the same color zipper or one a shade darker. For plaids, stripes, prints, select the predominant color in the combination as your zipper color. For best results match thread and zipper to your fabric, not to each other.

Secondly, I recommend preshrinking the zipper before inserting it into the garment. The procedure is simple—immerse the zipper in hot water for a few minutes and let dry.

As a third step of preparation, machine baste the seam closed before starting. Many a futile attempt is made to insert a zipper without first closing the seam. Basting the seam insures both sides being even, facilitates matching plaids, and is easy to remove when the application is completed.

Clipping basting stitches one inch apart before proceeding with the application makes it very easy to remove the stitches when you are finished and prevents any possibility of pulling a fabric thread rather than the machine basting.

As a fifth step to a professional look, press the seam prior to inserting the zipper. This is the only time you will be able to press the seam properly—the seam you start with is your finished product.

Sixth, a minimum of 5/8" seam allowance is essential. Less than 5/8" of an inch seam allowance will make it difficult to catch all layers of fabric to the zipper tape. Sometimes it is a good idea to over cut the zipper seam allowances, anticipating the need for alterations. If you find that you do not have a seam allowance of 5/8" make sure you add seam tape.

To really make it easier, install the zipper in the smallest unit of the garment. Don't wait until the garment is completed to that you have to work in, around and under—the less fabric you have to work with the easier the application will be.

Stitch direction throughout the entire application should be from bottom to top.

Lastly, if you have difficulty getting your final rows stitching straight, try the new tape stitch which can be purchased at your fabric shop. Separate the tape at the desired width (1/4" for slot, 3/8" for lapped) place one edge of the tape along the seam and use the opposite edge as your stitching guide.

TYPES OF APPLICATIONS  
There are two applications: Slot and Lapped. Your pattern instructions will give you an idea which one to use. All choice is essentially a matter of personal preference and are a few basic rules.

Slot—Generally used on front and back. Never side application. stitching, never allow one side of the zipper to the bottom and up the side for this causes the side to shift resulting in and plaids and stripes longer match.

Lapped—Generally used on side and back. Never heavy bulky fabrics.

Exposed zipper This is used to insert in the center back of a knit blouse. Since the zipper is exposed, a decorative can be achieved by contrasting zipper application may be garment with or collar. For no color zipper is recommended roll or turtle collar exposed zipper extends the collar, a 12" or 14" is recommended.

Separating zipper: standard zipper separating zipper implies unseparable two separate pieces weights are available nylon separating light to medium blouses and jackets heavy weight separating for heavy weight jackets skirts. Separating zipper is shortened from the sewing a hook over the desired length and off the excess zipper. Use pliers to pinch tightly around the teeth.

Hope these "tricks trade" help you to really professional application.

## Lemon Meringue Is Grand Finale

Mrs. Lynn Bowermon  
County Extension Agent

Everybody loves fresh lemon meringue pie with its tart and lemony flavor, a mouth-watering grand finale to a hearty meal. Make a fresh lemon meringue pie? Sure you can? It's easy and it's quick with the following new method. The beginner cook can now make it like a pro. No need for lots of pans and bowls—just one saucepan to mix and cook the filling and just one bowl for the meringue.

Fresh juicy lemons are available every month of the year, so you can make lemon meringue pie any time you want.

Here are two recipes you will love and cherish. The Fresh Lemon Meringue Pie uses 3 eggs. It is as beautiful as it is delicious. The Beau Catching Lemon Meringue Pie with 5 eggs is spectacularly breathtaking with its "mile high" meringue. Follow the same directions in making both pies.

**FRESH LEMON MERINGUE PIE**  
1 1/2 cups sugar  
1/4 cup plus 2 tablespoons cornstarch

1/4 teaspoon salt  
1/2 cup fresh squeezed lemon juice  
1/2 cup cold water  
3 egg yolks, well beaten  
2 tablespoons butter or margarine  
1 1/2 cups boiling water  
1 teaspoon fresh grated lemon peel

Few drops yellow food coloring  
MERINGUE  
\*1 baked 9 inch pastry shell

**"BEAU CATCHING" LEMON MERINGUE PIE**  
1 1/2 cups sugar  
1/4 cup plus 2 Teaspoons cornstarch  
1/4 teaspoon salt  
1/2 cup plus 1 tablespoon fresh squeezed lemon juice  
1/2 cup cold water  
5 egg yolks, well beaten  
2 tablespoons butter or margarine  
1 1/4 cups boiling water  
1 to 3 teaspoons fresh grated lemon peel

Few drops of yellow food coloring  
MERINGUE  
5 eggs whites  
1/2 teaspoon cream of tartar  
1/2 cup plus 2 tablespoons sugar

### FILLING DIRECTIONS

- In a 2 to 3 quart saucepan mix sugar, cornstarch and salt together, using a wire whisk.
- Still using whisk, gradually blend in cold water, then lemon juice until smooth. Add beaten egg yolks, blending very thoroughly. Add butter or margarine.
- Add boiling water gradually, stirring constantly with rubber spatula.
- Gradually bring mixture to full boil, stirring gently and constantly with spatula over medium to high heat. Reduce heat slightly as mixture begins to thicken. Boil slowly for 1 minute.
- Remove from heat and stir in grated peel and food coloring.
- Pour hot filling into baked pastry shell. Let stand, allowing a thin film to form while preparing meringue.

### MERINGUE DIRECTIONS

- Have egg whites at room temperature. Use a small, deep bowl when beating 4 egg whites or less. Beat with electric mixer several seconds until frothy (some fairly large air cells still remain).

- Add cream of tartar on high speed until have just lost their appearance and be slightly when withdrawn, forming peaks.
- Reduce speed to while adding sugar. Return to high speed until whites are fairly still glossy and soft again formed when are withdrawn.
- Place meringue filling in several around edge of pie narrow spatula. meringue gently against edge of pie crust.
- Cover the rest filling by swirling from edge of pie to forming decorative peaks.
- Bake at 250 degrees 12-15 minutes, until brown.
- Cool on wire rack temperature away drafts for 2 hours cutting and serving.
- Use sharp knife into hot water after for a perfect "clean" serving.

## Cotton Leaders Meet Challenge

West Texas cotton leaders met here Thursday to assess the status of their industry and plan ways to meet challenges ahead for cotton.

The National Cotton Council organized the meeting, which also was a report by Council staff members on programs under way to strengthen the cotton industry and safeguard cotton interests in critical days ahead.

Edward Breihan of El Paso, chairman of the Texas state unit of the Council, presided over the meeting. Donnell Echols of Lamesa reported on a study done for the Council's Producer Steering Committee in projecting cotton growers' future. Echols is vice chairman of the Producer Steering Committee. Dabney Wellford of the Council staff

presented the findings of the study.

Macon Edwards, a representative of the Council's Washington office, outlined areas of national policy concern in which the Council is active. He said cotton producers are being represented by the organization's Washington staff on a daily basis.

Edwards highlighted the June 29 vote by the House of Representatives in which the lawmakers resisted efforts to curtail farm incentive payments. The Council and other agricultural groups joined the administration and the U.S. Department of Agriculture in support of Congressmen friendly to agriculture. The vote was 192-189 in favor of retaining the

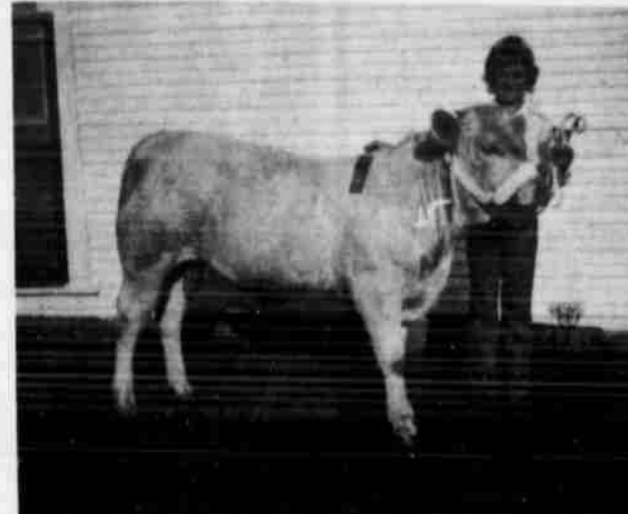

present payment schedule for farmers. The Senate also upheld the payments in a 46-23 vote.

Robert Love, also of the Council staff, reported on public relations and promotions activities. He said the Council is cooperating with other agricultural groups in a nationwide campaign to improve public attitudes toward agriculture. The Council also has programs to maintain good public understanding of cotton in particular, he said.

Council Field Service Director Carlton Power presented a report on the research and promotion activities of Cotton Incorporated, which is funded by cotton growers through a national dollar-a-bale program.

RONNIE SMITH is shown with some of the Jose Tall Wheatgrass he planted on his farm 12 miles north and two miles west of Littlefield. Smith planted 47 acres in February and 40 more acres the middle of August at the rate of 20 pounds per acre. Jose Tall Wheatgrass is a cool season perennial that grows 1-3 feet. Growth starts in the spring, it becomes semidormant during hot summer months and greens up again in the fall. It is a valuable forage grass for horses, cattle, sheep and goats. (SCS photo.)

LISA LATIMER, 9-year-old daughter of Mr. and Mrs. Jonny Latimer of Bogata, recently won first place in the one year and younger class of the Red River County Fair at Clarksville with her 5 1/2-month old pure bred Charolais bull "Big John." This is Lisa's first project and she received \$50. The Latimers are former Fieldton residents. They moved to northeast Texas two years ago. Lisa's grandparents are Mr. and Mrs. E. L. ## Chinese Wheat Purchase Indication Of New Market

The recent sale of wheat to mainland China is only an indication of a significant new market for some Texas producers, especially the feed grain producers, according to an international market analyst at Texas A&M.

Over a year ago, Dr. Randall Stelly, associate professor with the Texas Agricultural Experiment Station, predicted that trade relations would improve after President Nixon announced his decision to travel to China.

China is the world's largest pork chicken and duck producer, although the operations are still largely privately owned. Stelly thinks that China will soon follow Japan in developing large scale hog and poultry industries and will become a large buyer of feed grain.

Texas grain sorghum has been steadily increasing since 1962 and for the last four years has led the nation with over 300 million bushels annually, almost 45 per cent of the total U.S. production. Export sales represent about 100-million bushel market, an outlet particularly vital to the Texas grain sorghum economy. Practically all U.S. grain sorghum exports go through Texas ports.

Cash receipts to Texas grain producers in export sales were about \$134 million in 1971. Stelly anticipates that when

the Chinese pork and poultry industries are commercialized, the state annual export sales could soar to \$200 million, or more, by 1980.

Stelly said this could be especially good for Texas exporters since sales dipped after emergency drought conditions in India ended. European Common Market domestic supplies increased and Japan began importing some of her grain from countries in Southeast Asia.

He added, however, that the United States will continue using agricultural exports to offset its balance of trade deficit and ease its balance of payments problem.

Agricultural exports are one of the most important contributors to a positive balance of U.S. trade.

### NOTICE

The roads in precinct (3) in the Fieldton, Hart Camp and Spade Communities have become so bad in the past few years that it is nearly impossible to get down them if there is a small amount of rain or if a little irrigation water breaks out. Most of the roads are low in the middle with borders on each side. This causes the water to puddle and a big hole to exist even after it is dry. Many farmers have pleaded with the present Commissioner to do something about this to no avail. These roads not only cause undue wear on the farmers vehicles but also on the school buses, mail carrier and delivery vehicles that travel these roads. In precinct (#3) we have four to five hundred dollar land and two bit roads.

The Farmers of Fieldton, Hart Camp and Spade Communities plead with their neighbors and all the voters of the City of Littlefield, that are in Precinct (#3) to join with us writing in the name of:

GEORGE STEWART

George Stewart is a farmer in the Hart Camp Community. He is about 35 years old and has lived in Lamb County most of his life. He is married and has two daughters. He has served in the Armed Forces of this country. He belongs to the First Baptist Church of Fieldton. He is of sound judgement and good reputation, also well thought of by all that know him. He knows how to work with and repair machinery.

## COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

Extension of the Commodity Credit Corporation loan on 1971 crop cotton until July 31, 1973 was a constructive move by the U.S. Department of Agriculture toward shoring up market prices for the current crop.

The use of AID funds to move 100,000 bales of low quality 1971 crop cotton to Bangladesh will also be helpful, as will increased use of the PL 480 program to stimulate cotton exports for local currencies.

Texas, where the harvest is nearing completion, was field high as 36 cents a pound. And much of the cotton in the Mid-South and Southeastern states also was sold on the stalk.

To a great extent, Johnson thinks, this explains why there is almost no market in those areas for cotton which was not sold before harvest. "Mills simply are not now in need of cotton," he says.

"They did their buying last Spring through acreage contracts, and since they see no real shortage of cotton supplies, they won't be back in the market until they at least know how much cotton acreage is going to produce.

"All of these things can be cited as firm indications that USDA is aware of the need for, and is willing to take, such steps as may be within its administrative power to mitigate the downward pressure on 1972 cotton prices," says Donald Johnson.

A high percentage of the cotton in the Rio Grand Valley and Coastal Bend areas of contracted in advance at prices ranging from 30 to as

Domestic consumption and exports from this year's supply are estimated to total about 11.6 million bales, which means a 13.6 million bale crop—if it materializes—would add 2 million bales to the 3.3 million bales on hand in this country last July 31.

In Johnson's opinion "Under current supply conditions a crop which exceeds offtake by only 2 million bales, if it does, should not be enough to force rock-bottom prices on producers."

The accuracy of USDA's 13.6 million bale crop estimate for this year is dependent on a 13 per cent increase in per-acre yields over last year, from 438 pounds to 495 pounds per acre.

Almost certainly there will be a substantial rise in yields on the High Plains, an increase is already being seen in other parts of Texas, and there well may be a lesser increase in yields in the Far West. But there are increasing reports of lower, not higher, per-acre yields from Georgia, Tennessee, Alabama, Missouri, Mississippi and Arkansas.

## West Texas Chamber Schedules Oct. 20 Lubbock Meet

Claude W. Brown of McCamey, president of the West Texas Chamber of Commerce, has announced that the Hon. Omar Burleson, U.S. Congressman from the 17th District, and a member of the powerful House Ways and Means Committee, will be the principal speaker at the noon luncheon on Oct. 20 when the annual Mid-Year Meeting of the Board of Directors of the West Texas Chamber of Commerce holds its two-day meeting in Lubbock, Oct. 19-20.

West Texas Chamber of Commerce Director G. T. Sides and Water Committee Chairman Arthur P. Duggan, Jr. and members have been invited to attend the Lubbock event.

More than 200 directors, members of the West Texas Chamber of Commerce, their wives and guests are expected to attend.

The meeting headquarters will be at the KoKo Inn in Lubbock.

Following registration Thursday afternoon in the patio of the KoKo Inn, some of the WTCC committees will meet to formulate plans for the next six months of work. All meetings will be held in the First National-Pioneer Building.

Wyatt painting to Congressman Burleson. Wyatt has spoken for Littlefield Chamber of Commerce Banquets.

Kenneth Wyatt, winner of a 1970 West Texas Chamber of Commerce Cultural Achievement Award, has been featured in scores of major Western Art shows. His work has been purchased by an impressive list of art patrons.

The Quota Busters Breakfast is scheduled for Friday morning in the KoKo Convention Center. As usual, there will be a lot of good entertainment and a large array of valuable prizes for the lucky winners.

President Claude W. Brown will preside at the meeting of the Board of Directors which has been scheduled for 9:30 Friday morning at the Lubbock Country Club.

One of the highlights for the ladies will be a brunch and fashion show by Hemphill-Wells Company in the Hob-Nob Room at its store in the Monterey Center. Miss Amy McCarty, fashion coordinator for Hemphill-Wells, will serve as hostess.

The 1972 Mid-Year Board Meeting will close Friday with the noon luncheon in the ballroom of the Lubbock Country Club and the address by Congressman Burleson.

The State Affairs Committee will meet in the Genghis Khan Room and the Executive Committee will hold its meeting in the Directors Room. The location of the other committee meetings will be announced at a later date.

The Thursday evening activities will start at 6:30 with the Lubbock hospitality reception at the KoKo Inn. The annual WTCC Cultural Achievement Awards Banquet will be held in the main gallery of The Museum on the campus of Texas Tech University.

In cooperation with Kenneth Wyatt of Tulia and High Plains Galleries of Amarillo, the West Texas Chamber of Commerce will present a

Happiness Is . . . Homecoming!!!

WOW! The freshmen beat the New Deal Lions 24-6!! Isn't that great? Let's go. BEAT ROOSEVELT!! The game is here at 5:30! Everybody that's on the Pep Squad be there!

THE BAND is playing at the freshmen game and the J.V. afterwards. Wasn't that a great yell they did Thursday? Get on that marching!! Go, band.

YOU SPEAK OUT. This week we asked that abnormal question. "What is your wish for the homecoming game?"

Richard Rogers —That we beat 'em real bad!!

Patti Chisholm —That we beat 'em 50-0!!

Randy Hall —To go to the game with Julie Klein (by TP & DP)

Richard Hipping —That we win and that I keep warm!! (Don't worry! It's obvious where some of our minds are!!!)

Buddy Clark —Did you have fun walking across the football field??? Who knows.

Janet Grand —Rubber bands??

B.C., L.G., D.J., M.G. —Did you have a good time Friday night? More important how did ya' feel Saturday morning?

R. H. —The Roosevelt Tweetybirds??

Carla Price —Do you have a porcupine?

Bruce Black —Who is Sister Sue???

Gary Pace —That apple wouldn't stay still. Would it??

Pat Orr —Love those socks!!

Glenda Freelove —How could be "Grace" (Engrazia)??

Connie Black —You'll get it next year!!

GUESS WHAT FOLKS! It's report card week! (D-Day) Well, it's a chance to start all over and try to do better! But hope ya' don't do too badly! It's also homecoming week! Well girls, you did your duty last week and ya' did a great job! So, boys it's your turn. Don't be shy —she'll say yes, yes, yes.

SPEAKING OF SUCH things. This week, the social studies department is asking everybody to register to vote in the presidential election on Nov. 7th. Vote your own opinion, however you

TRICIA TONEY

want, but be sure to vote. You must register in the hall before Oct. 10 (you know 30 days before the election).

THE SPIRIT STICK went to the eighth graders!!! (Again??) Good going guys!! Let's go freshmen!!

We need more gossip! Help us out, please? Sometimes, we have a time trying to get people to comment on questions we ask! So let's go!

ATTENTION — Lori Roberts, please don't be scared, we need ya to help us. Mike Williams, you're a great speech maker.

Favorite boys —Bryan Gregg, Jerry Stamps

Favorite girls —Cindy Drake and Sherry Shotwell.

Favorite teachers —Mr. Roycroft, Mrs. Ayres.

Well, we'll see ya next week! Watch out for those quickies (OKAY, we know what you're thinking). Have a good time at homecoming, have a good week and BEAT ROOSEVELT!!

P. S. That means you seventh and eighth graders, too!! We are counting on you.

Attend The Homecoming Activities We hope you enjoy them
