First Letter To Santa Begins Christmas Rush At Post Office

By GLENN COOTES

The first letter addressed to Santa Claus has been received by the Big Spring post office this year. And with the arrival of the first letter, the Christmas rush season has begun for the post office. Although the volume of mail is already increasing, Postmaster Elmer Boatler doesn't expect peak volume until the week of Dec. 13, in order to handle this increased volume, about 20 extra clerks and carriers will be sworn in by the post office and five trucks will be borrowed from Webb Air Force Base, he said. This year the postmaster expects to exceed the all-time record set in 1953 of 50,669 pieces of mail handled by the post office in one day.

Boatler requests the cooperation of individuals in processing this mail by getting their Christmas gift packages to the post office before Dec. 5 and Christmas cards at least a week before Christmas. Persons mailing large quantities of cards should sort them according to destination, he said. For instance, Texas mail in one bundle, California mail in another bundle, etc.

Christmas cards can be mailed as second class matter for two cents, the postmaster said, but the envelope must be left unsealed and the card will not be forwarded or returned. To be sure of delivery, the sender should send the cards first class for three cents. Business firms can aid the post office by posting their regular correspondence before 4 p.m. throughout the rush season, Boatler said. They can help even more, he added, by withholding circulars and catalogs until after the critical period, Dec. 15-25.

The Christmas holiday will not begin for post office employees until Christmas Eve, about 7:30 p.m., Boatler said. The main rush is over by then and except for incoming mail, most of the problems are solved. Extra employees usually terminate their employment on Christmas Eve and regular employees resume normal duties when returning to work after Christmas Day, the postmaster said. Last year, quite a few gift packages were still coming through five days after Christmas, the same thing is expected to be true this year. Parents who wish their children to receive letters from Santa Claus should contact Boatler at the post office for details early enough to ensure Christmas delivery.

AP Editors Told Of Fight To Make Information Public
TAMPA, Fla., Nov. 20 (AP)—The Associated Press Managing Editors Assn. was told at its final meeting today the best way of protecting freedom of information was through an aroused public opinion. The group heard from three speakers that continual efforts are being made to throw up barriers to news coverage and that the combined efforts of all newspapers are needed to protect the right of the people to know about their government.

Watershed Action Urged Of Budget Bureau By Solon
WASHINGTON, Nov. 20 (AP)—The Budget Bureau was urged today by Rep. Thornberry (D-Tex.) to issue the rules and regulations necessary to putting into operation the upstream watershed development program authorized by Congress before it adjourned.

Break Into Armory
FORT WORTH, Nov. 20 (AP)—Two men escaped on foot near here today after breaking into armory buildings at the Eagle Mountain National Guard base and taking an undetermined number of light weapons.

Transient Found Hurt In Coal Car

A transient who was found injured in a Texas and Pacific railway coal car during pre-dawn hours Saturday had to be taken to a local hospital for treatment. He was William W. Phillips of Durant, Okla., and it was found that he suffered from a fractured hip.

Railroad officials called a Nalley ambulance, and Phillips was taken to Big Spring Hospital for immediate aid. He was later transferred to the Veterans Administration Hospital. Police said they did not know how Phillips was injured. John Swindel, T&P employe, reported that Phillips was in the coal car after the man had been spotted by two Latin-Americans.

'Safe Driving Day' May Be Observed

The possibility of Big Spring having a "safe driving day" will be discussed here Monday, it was announced by Bill Cox, publicity chairman of the Citizens Traffic Commission. President Eisenhower has designated Dec. 15 as safe driving day in the United States, and the CTC members will decide on local cooperation. The object is to have a day without accidents all across the country.

Milwaukee Holds Turkey Price War

MILWAUKEE, Nov. 20 (AP)—With Thanksgiving just around the corner, old Tom Turkey has gone to war. Price war, that is. Shoppers here today were putting turkey in the freezer and money in their pockets because of a price scrap. Clem Hinterstocker, president of the Milwaukee Mercantile Exchange, said shoppers are saving as much as 19 cents a pound. He said tom turkeys were going for as little as 39 cents a pound and hens were selling at 49 cents, or about 4 cents less than the wholesale price.

Prepare For Parade

These five high school students are constructing one of the floats to be entered in the big homecoming parade Thursday morning. Shown decorating the float which will be mounted on a truck bed are Reta Gale, Nancy Smith, Sharon McRee, Marylee James and Belba Wren.

Big Homecoming Program Set For BSHS Thursday

First homecoming for Big Spring High School was assuming snowball proportions at the end of the week. Out of a date set originally more to pay tribute to the honor class, the 1954 graduates, the occasion has taken hold with representatives of classes back 25 years and more booming a big gathering. Already a parade with 18 floats and four bands has taken shape. A big assembly program is on tap along with special activities at halftime for the Big Spring-Sweetwater football game. A homecoming dance in the gymnasium will climax the affair.

Voting was completed Friday at high school with Nita Hedeston, Sue Barnes, Nancy Smith, Lila Turner, Barbara Bowen and Marlow Staggs selected as princesses for homecoming. The queen will not be announced until the half-time festivities when she will be presented along with other nominees. Gift certificates to the winner have been announced by Zale's, Margo's and Hemphill-Wellis Co. Activities will have their kickoff at a big assembly program at 2 p.m. Wednesday in the high school auditorium. A skit is in prospect along with a talk by Lyle Price, minister of the Church of Christ. Mrs. J. A. Coffey will give the running commentary on a "style review" by exes of various classes. Lee Porter is to introduce members of the football team of 1921, which, after 33 years still has all members still living, most of them in Big Spring. The parade is set for 11:15 a.m. Thursday through the downtown area, a quarter hour after termination of the union Thanksgiving services at the First Methodist Church. Starting point is at Third and Nolan, westward along Third to Runnels, north on Runnels to Second, west on Second to Main, south on Main to Sixth, the point of termination.

NO CHARGES AGAINST HIM

Former Patient Quizzed In Sheppard Slaying Case
By ARTHUR EVERETT
CLEVELAND, Nov. 20 (AP)—At the height of Dr. Samuel Sheppard's murder trial, a former patient at his osteopathic hospital was brought here today for questioning in Marilyn Sheppard's slaying. The man reportedly came here voluntarily. He was not under arrest and there were no charges against him. He worked in Cleveland at one time and authorities said he admitted being here July 4 when Dr.

Sheppard's attractive 31-year-old wife was beaten to death in her bed. The man was identified by his lawyer as Philip A. Schilling, 38, of Marine City, Mich., near Detroit. The lawyer, John Cain, said in Algonac, Mich.: "I have been assured by Detroit and Cleveland police my client had nothing to do with the case. Some screwball injected his name into it and Schilling has gone to Cleveland to clear up any questions police there may have." Cleveland police have been investigating the man's background. Dr. Stephen Sheppard, older brother of the defendant, reportedly mentioned him to authorities as resembling a description of a bushy-haired prowler who Dr. Sam says killed his wife. Police Chief Charles Holland of Marine City, said Schilling is about 6 feet 2, and has black, wavy hair. Detroit police contacted him yesterday, Holland added, and he voluntarily went with them. Marilyn Sheppard, 31 and pregnant with her second child, was beaten to death in her bed, her skull crushed by some 27 heavy blows. Dr. Sheppard, handsome 30-year-old osteopath in suburban Bay Village 12 miles west of here, said a bushy-haired man invaded his home, killed his wife and twice knocked him unconscious. The state says Sheppard killed Marilyn in a quarrel over an affair with another woman. The osteopath has been on trial for his life since Oct. 18.

Sterling Test Fights Water

Operator at Lee Blackwood and Nichols No. 1 Davis Estate was squeezing perforations this week end in an attempt to shut off water which is being recovered with oil. Tests have been under way at this Sterling County wildcat since last weekend, and sulphur water in large quantities has been recovered with the small amount of oil. Casing perforations were made between 1,518 and 1,597 for initial tests. The zone between 1,535 and 1,574 is now being squeezed off in an attempt to eliminate water. Location of the No. 1 Davis is 10 miles east of Sterling City. Drill site is 2,310 from south and west lines, 19-11-SPRR survey. Boykin Brothers-Roche et al No. 3-A Bade, a Parochial Bade venture, is drilling below 1,300 feet. This project is some 10 miles west of Sterling City, 1-23 from south and 330 from west lines, 22-22-H&T survey. Another Parochial Bade project, Wilbanks and Rutter No. 1-B Bade, is moving in cable tools in order to drill into the Clear Fork. Depth is 2,186 feet. This project is 330 from south and east lines, northeast quarter, 21-22-H&T survey, some 12 miles west of Sterling City.

City Tax Totals Continue To Rise

Taxes totaling \$250,371.60 have been collected by the City of Big Spring since Oct. 1. Collector C. E. Johnson stated Saturday that collections are coming in slowly now, though the two per cent discount is still being given. Only one per cent will be allowed in December. The entire tax levy for the city is only \$227,942.14, which means that the bulk has already been paid. Valuation of property this year is \$17,710,440. Actually the city has collected cash of \$243,303.39, as the discounts have totaled \$7,068.21.

Writing Contest Deadline Is Dec. 1

Deadline for submitting themes in the West Texas Chamber of Commerce industrial essay contest is Dec. 1. The WTCC is offering a \$250 college scholarship for the best theme entitled "What My Town Can Do To Have More Industry," and the Big Spring Chamber is offering prizes for the three best themes in Howard County. All high schools in the county have been sent rules on the essay contest, and it is hoped that a number of entries will be made. Prizes here are \$25, \$15 and \$10.

Oldsmobile Front View

Entirely new front end styling marks the Oldsmobile for 1955. The Oldsmobile identification is maintained through chrome die cast block letters spaced across the upper bumper bar. Headlights are recessed and there is a new version of the famous Oldsmobile world emblem on the front of the hood. Contour of the front bumper has been redesigned to harmonize with the new styling. Parking lights are bullet-shaped. A wider rocket emblem is atop the hood.

Color And Interior Luxury Emphasized In 1955 Olds

Flying colors are the rule with the 1955 Oldsmobile models which were inspected over the weekend by visitors at the Shroyer Motor Company. An unusually distinctive application of body color is claimed for the 1955 models, with the tones used in harmony to enhance Oldsmobile's low silhouette appearance. Contrasting or complementary colors are again used for the effect of custom design.

Stock Market Trading Heavy

NEW YORK, Nov. 20 (AP)—The stock market ran into selling difficulties this week for the first time in its three-week bull market drive ahead following the election. At one time the selling looked as though it might become serious. The possibility of a major correction loomed. But the market steadied itself. At weekend it was headed higher again, although with much lessened vigor. The Associated Press average of 60 stocks this week was up 80 cents. Compare that with a gain of \$4.70 last week and \$4.90 the week of the election. Volume for the week was unusually heavy at 16,791,320 shares, best since the third week of January, 1951. Every day the tape was swamped with the weight of orders and was forced to drop behind in reporting actual dealings on the floor of the Stock Exchange. On Wednesday the market had its biggest day in nearly four years with 3,830,000 shares traded. That is the heaviest for a single day since Jan. 17, 1951. The stock market has been climbing for more than 14 months in a determined and steady manner. Continued excellent general business formed a firm base for the market. The manner in which leadership revolved from one major group to another, including the railroads, also was viewed as a point of strength. Tax selling and switching continued to be a factor in producing a ragged list because of the effect of individual issues. All of that, however, helped to swell the volume of business. The five most active issues this week on the New York Stock Exchange were: New York Central, off 1/4 at 23 1/2 on 239.100 shares; Colorado Fuel & Iron, up 3/4; Chrysler Corp., off 2; U. S. Steel, up 3/4; and Pennsylvania Railroad, ahead 1/2.

Catholic Bishops Rap Materialism

WASHINGTON, Nov. 20 (AP)—The Roman Catholic bishops of the United States today defined this country's real enemy as atheistic materialism and said the nation "must recover and renew its Christian faith" if it is to survive. "Materialism is the real enemy, at home as well as abroad," they said, adding: "Materialism has brought about a decline in the influence of religion upon American life. Confusion in our thinking and a sort of paralysis of the national will have been the inevitable results of this decline. Here then we have the source of that weakness which is causing so much concern to men of good will. Unless we arrest this religious decline, unless we push back the domestic invasion of materialism, we shall not be able, as history clearly attests, to withstand the enemy from without."

Corporal Fort Arrives Back In United States

Cpl. John E. Fort Jr. is back in the United States. He landed Saturday in San Francisco with elements of the First Marine division and made straight for a telephone to contact his wife, Mrs. Rita Wright Fort, and his parents, Mr. and Mrs. J. E. Fort. He is not due to get his leave papers until Wednesday but will catch a plane home for Thanksgiving. "Get me two tickets for the Big Spring-Sweetwater game," he told his family.

Mrs. Evans Hears Of Brother's Death

Mrs. D. T. Evans received word Saturday of the death of her brother, Judge C. E. Beaumont, in Fresno, Calif. Arrangements were incomplete at last reports and Mrs. Evans will be unable to attend the last rites. Judge Beaumont was a native of Kentucky but all of his 40 years of legal practice had been in California. A state judge for many years, he was appointed to the federal bench 15 years ago. Last year he visited here several days with Mrs. Evans and made many friends in Big Spring. He had undergone surgery the first part of the week and his condition worsened. Survivors include his wife and son, Edward C. Beaumont, 11th U. S. District Court, N. M.; two brothers, Dr. A. B. Beaumont, Arimus, Mass., and W. C. Beaumont, San Francisco, Calif.; and another sister, Mrs. Duke Burgess, Sacramento, Calif.

Tuberculosis Takes Toll Among Children

DALLAS, Nov. 20 (AP)—In the four years from 1950 through 1953, 378 Texas children 4 years old and younger died of tuberculosis. Although this is an average death toll of 94 children each year, Texas has made no provision for the care of tuberculosis children, writes Harry McCormick in a series of stories for the Dallas News. State-operated tuberculosis hospitals admit no patients under 6 years of age and sanitariums aren't staffed or equipped to treat little children, McCormick wrote. In the 1950-53 period, the breakdown of deaths among children four and under was: Tuberculosis: 378; Polio: 222; Heart disease: 123; Kidney disease: 100; McCormick went on: In Texas tubercular children are without funds or foundations. They are almost without a prayer. This is in spite of the fact that about 75 per cent of the 378 kiddies who died could have been saved if hospitalized and treated in time. This is because of new drugs with a high rate of cures. Since March, 1952, only one died out of 75 treated in Dallas. Six Texas communities have done something about tuberculosis in children. At Amarillo, Beaumont, Dallas and Houston there are well staffed and equipped hospitals for tubercular children. Corpus Christi and Galveston also have somewhat similar institutions. The Baylor School of Medicine, the Southwestern Medical School, and the University of Texas School of Medicine staff these children's hospitals. A multi-millionaire could not buy better treatment than is given these kiddies, most of whom are indigent. The tragic part of this story is that there are enough empty beds in these hospitals to take care of all tubercular children in Texas if there were only funds to operate them. Everything is there and waiting, waiting to save the lives of these kiddies who needlessly die. These hospitals largely are operated by Community Chest and United Fund money. It is unfair to call upon Harris County, Jefferson County, Dallas County and so on to take care of children of all Texas. The responsibility should be that of the state of Texas, many believe. The state already cares for many tubercular adults. Why let little children die? A little handful of Texans, who have had this story ground into their very souls in the past few years, decided to try to do something about it. Dr. John S. Chapman of Southwestern Medical School of the University of Texas here in Dallas started the study. It was easy to enlist aid from Dr. Dan E. Jenkins of the Baylor Medical School in Houston, where the Harris County Hospital is located. Mrs. J. L. Scott of Amarillo and philanthropist "Rip" Underwood of that city, followed. Others in Beaumont, and still others in

United Concrete Pipe Company Gets San Angelo Orders

United Concrete Pipe Company announced Saturday that it had received orders to supply the contract for enlargement of the San Angelo distribution system. J. R. Wilson, sales engineer, said that the San Angelo job, let to Clyde Yarbrough of Odessa, would call for 18,200 feet of 20-inch line. Delivery will be commenced sometime in late December or early in January. The plant here is due to begin turning out an order for 11,800 feet of distribution line for Artesia, N. M. soon. On Tuesday, Lubbock is to receive bids for 17,000 feet of collection lines, ranging from 16 to 24 inches in diameter. United is potential supplier for some of the contractors planning to submit bids on this job. The company here produced pipe for the large dimension main supply line from Lubbock's new well field to Lubbock.

Jessie B. Gibson, 61, Dies Saturday

Jessie B. Gibson, 61, died in a hospital here at 12:50 a.m. Saturday after a long illness. Mr. Gibson's home was in Sagerton. He had been admitted to the hospital here Oct. 25. Born Nov. 9, 1893, in Stonewall County, he was a veteran of World War I. The remains were removed to Stamford Saturday in a Nalley funeral coach and burial is to be arranged in Sagerton.

Delbert Donelson Has Champ Pen, Capon At Stanton Show

By FRANKLIN REYNOLDS STANTON (SC) — Delbert Donelson, a member of the Stanton High School Chapter of the Future Farmers of America, and student of poultry husbandry under Elbert Steele, vocational agriculture instructor, scored a double-barreled victory at the first annual 4-H and FFA Capon and Poultry Show held here yesterday.

Donelson had both the champion pen of three capons and the champion single capon. The exhibitor of these champions was also the breeder of the trio of White Rocks, while Bobby Carlile, a fellow FFA chapter member, was the breeder of the champion single capon, a bird that was three-quarters Cornish Game and one-quarter White Rock.

Carlile showed the reserve champion capon. Both birds were bought in the auction, which followed the show, by County Commissioner H. O. (Hub) Phillips who paid \$30 for the grand champion and \$25 for the reserve champion.

Small Claims Court Gives Officials Chronic Trouble

By JOE PICKLE

The newest member of the judicial system, a jewel in theory has proven a headache in practice. It is the small claims court, which, although less than a year and a half old, has contributed a docket of 395 cases in Big Spring. It also has created a backlog of unserved citations and a point of friction between merchants, the constable's and sheriff's departments.

Moreover, it has stimulated the regular flow of cases in justice court. Whether it has produced economical results is debatable. Records show that 38 claims have been paid in full. Another 30 were settled out of court, but on what basis is not indicated. Judgment was entered in still another 36, but while some of these show only the judgment itself.

Most officials who have to do with the mechanics of the court, which functions under the justice of peace office, regard it as having quickly turned into a collecting agency.

The sheriff's office says it doesn't have time to serve citations for the small claims court and attend to other business expected of it. The constable's office says it has no means of travel in serving the papers.

Total of all claims filed with the court exceed \$18,000. The accounts average little less than \$50 and range from \$5 to \$266.63.

Reason for popularity of the court is simple: the only fee is \$2 for filing the case. That's all the court cost involved to the person bringing suit.

Most any business or professional man will gamble \$2 on getting a bad account. He or she might not be willing to pile up court costs and attorney fees to a debt that probably already has gone sour.

Theory of the small claims law is good. Many people were kept from bringing suit on small but just claims because they lacked the means for securing an attorney and filing suit in justice or county court. With one small fee, they could come into a small claims court and there get a hearing.

While numbers filing are manifestly in this category, they are in a small minority. The evidence shows that businesses, some of them multi-million dollar corporations, have taken to the small claims court like a duck to a June bug.

One firm filed 34 at one whack.

Another has filed 33 during the less than 15 months the court has been in operation. One oil company and its outlets have brought more than 25. A furniture concern brought 18 suits. A service station brought 15 suits and then fell victim to a suit itself. A trio of grocery firms filed more than a dozen suits each.

Occasionally, you will find a refreshing note such as the suit brought by a girl to collect fees for baby sitting. Most of the time there is a monotonous regularity — suit on sworn account, suit for debt, suit for merchandise.

Before he resigned from office as justice of peace, Precinct No. 1, Place No. 1, Cecil Nabors made

no secret that the small claims court had him scratching his side and talking to himself. His successor, Walter Grice, says he is going to try to dig out, but he admits it's a mountainous undertaking.

Since citation is no good unless obtained within 90 days after filing of the case, some merchants have been murmuring about a petition to the county asking some means of expediting service.

Constable Orion Leonard says he told the commissioners court if they would let him have one of the sheriff's cars for three hours a day he would tackle the serving. So far he hasn't got the promise of a county car of any kind, he adds. Because no mileage is allowed on small claims cases, he doesn't see how he could operate a car of his own and pay gasoline to serve the papers.

Sheriff Jess Slaughter says his deputies attempt to serve the citations as rapidly as possible. Many cases are filed against individuals with no addresses. In other instances, it's impossible to locate the party even though an address is given.

Besides, Slaughter says, the sheriff's department is already short-handed and doesn't have enough cars to lend one to the constable.

One interesting facet of the small claims whirligig is that filings there may have created a court habit. For the three years preceding the institution of the small claims division, justice court civil suits numbered 76, 79 and 67. Already this year there have been 80 cases filed besides those in small claims.

Whether these problems can be worked out locally remains to be seen. It may be, if the picture is general, that pressure will be brought on the Legislature to effect some reforms. The Legislature, however, generally moves about as fast as the process servers for the small claims court.

FRANCES WALKER

Frances Walker Is Named Sweetheart Of HCJC Aggies

Francis Walker, Howard County Junior College sophomore, was recently selected Jayhawk Aggie Club sweetheart for 1954-55. The other candidates were Mary Beth White, Anne Lee Jones and Myrna Spruiell.

Miss Walker was chosen on the basis of her ardent interest in the school. She wrote and directed the 1953-54 Ag Field Day play. She has been active in much of the club work since that time.

The new sweetheart has been a member of the college choir, the Lass-O Club, on El Nido staff and at present is editor of the year-book. She was named college all-school favorite last year and was on the faculty-chosen Who's Who list. Miss Walker is HCJC reporter for The Herald.

Nancy Jo Anderson Celebrates Sixth Birthday At Party

FORSAN — Mrs. John B. Anderson honored her daughter, Nancy Jo, with a party on her sixth birthday.

Prizes were won by Jimmy Seward and Pam Long. Guests were given suckers, balloons and bubble gum as favors. These were pulled by var-colored ribbons by the guests from a bucket covered in pink crepe paper which centered the refreshment table.

The guests were Pam and Bruce Long, Jimmy, Claudia Sue and Tommy Seward, Van and Debra Lewis, Mary Lannell and Dianna Porter, Vard Ray Griffith, Susan and Dianne Heideman, Mrs. J. N. Seward, Mrs. Bettie Anderson, grandmother of the honoree, Mrs. W. E. Heideman, Mrs. Leon Lewis, and Mrs. Sammy Porter.

Hardy McNew was in Lubbock for the Texas Tech homecoming. Visitors in the John Kubecka home were Mrs. Alice Brown of Longton, Kan., her brothers, Richard Payne of Chase, Kan., and G. W. Payne of Odessa.

Rogans Produce Top Chinchilla

A chinchilla produced by Mr. and Mrs. Roy Rogan in their operations here has been rated at the top in fur quality.

Howard Clements, Denver, Colo., fur-grader in the Southwestern area, said that he had graded only one other animal this year that rated as high as the one bred by the Rogans.

This animal will be shown by the Rogans at the annual chinchilla show in February in Fort Worth. The other top animal graded by Clements is also due to be shown. It was grown by J. E. Store, Abilene.

Church Sets Special Thanksgiving Service

A special Thanksgiving service, open to the public will be held in Christian Science churches at 11 a.m. in the morning on Thanksgiving Day. The Golden Text of the Lesson-Sermon to be read is from Psalms (50:14): "Offer unto God thanksgiving; and pay thy vows unto the most High."

Selections on the subject of thanksgiving to God such as the following will be read from the Christian Science textbook by Mary Baker Eddy as well as from the Bible: "To those leaning on the sustaining infinite, today is big with blessings."

Music Club Has Program

STANTON (Sp1) — The Stanton Music Club met recently in the home of Mrs. Phil Berry.

The program leader, Mrs. John Wood, gave a review on the "Life of Chopin" and Mrs. C. A. Boyd of Big Spring aptly presented piano selections by Chopin, "Prelude No. 4," "Waltz No. 2," and "Fancy Impromptu."

Refreshments were served, as guests arrived, from a lace covered table which was centered with rosebuds flanked with white candles.

The resignation of Mrs. Cecil Bridges as recording secretary was accepted at the business session and Mrs. R. M. Henderson was elected to take her place.

The organ recital to be held Dec. 6 at the First Methodist Church by Jack Hendrix, professor of organ at Howard County Junior College, was discussed. Plans were made for the silver tea which will be held immediately after the recital.

BIG SPRING HERALD

Sec. II — Big Spring, Texas, Sun., Nov. 21, 1954 — Sec. II

For Health And Happiness

Looking almost like the children on one of the TB Christmas Seals are Michele Grafa, daughter of Mr. and Mrs. Otis Grafa Jr., and Darrell Lane, son of Dr. and Mrs. Dick Lane. In a spirit of helpfulness, Darrell has completely covered his gift with TB Seals. Funds raised from the seal sale, which starts tomorrow, support the work of the Tuberculosis Association, 94 per cent being kept by the state organization. Progress is being made in the fight against tuberculosis, and the Christmas Seal is playing a vital part in that work.

Just About Right

Painters must be endowed with "the patience of Job" when it comes to trying to match paint with shades in upholstery or wallpaper. However, J. R. Hulins finds the work more pleasure than worry as he and Mrs. Hulins are working on their own home. They hope to move into it soon.

Hulins Prefer Last House On Street

The J. R. Hulins are determined to live in the very last house on their street! The new home at 2415 Main is just at the edge of the canyon south of town, but this suits them fine as it will be so convenient to go picnicking. That's their special hobby.

Twenty years ago, they lived in Big Spring, and then their home was the last house on Rannels Street. They can see it from their new home now. They are about a block away from it.

Mr. Hulins spoke of the many

differences in the city then and now. He remembers a free camp ground that was run for tourists about where the Main Street Church of Christ now stands. He said, "A body could just drive in there and camp free. They had little sheds for shelter."

Another difference is the amount of paving that has been done. Mr. and Mrs. Hulins moved from here to Rising Star where he was a peace officer for 20 years. As they said, though, "There's something about Big

Spring that makes you want to come back to it." He does papering and painting now.

The work on their home is being done by him, of course, with help from Mrs. Hulins. She is a practical nurse and has had opportunities to work, but as her husband says, "She can't leave the work on this house."

Sewing Hints Given For Carr HD Club

WESTBROOK — Mrs. Ruth Albhart demonstrated finishing pleats and openings and emphasized the importance of using guide sheets with patterns for the Carr Home Demonstration Club at a recent meeting. Mrs. C. N. Adams was hostess.

Roll call was answered with fashion note. Club prayer was led by Mrs. F. A. Langley and a report of the club's accomplishments and activities for the year was given by Mrs. T. A. Elliott. Mrs. Albhart was appointed civilian defense representative.

Refreshments were served to five members. The club's next meeting will be Friday with Mrs. Elliott. Christmas candles will be made during the meeting.

Entertainment Set For Football Boys

ACKERLY — The pop squad girls and homemaking girls recently held a party for the football boys. It was held in the homemaking department of the high school. Frances Lay will assist the girls in entertaining and serving.

Mr. and Mrs. Bayless Brown had as their guests their three children and their families, Mr. and Mrs. Troy J. Brown and son of Hale Center; Mr. and Mrs. Billie Brown and son of Ackerly and Cpl. and Mrs. Gale Batson of Camp Hood. Other guests were Mrs. Gladys Warren of Tyler, Claudine Woods of Odessa and Larry Billingsley of Ackerly.

Cpl. and Mrs. Batson left Wednesday for Camp Hood after a 10-day furlough.

Episcopal Women Use Talents For Church

Need a baby-sitter? Or a plant-sitter? Want the hem of your suit or dress altered? Or maybe you'd like a room redecorated with one of the easy-to-apply paints...

Here's the way it works. Each January, members are given a silver dollar. This is a symbol, of course, of the talents which were distributed in the Biblical story. Each member then does something for which she is paid. At the end of the year, a Talent Tea is held...

Some of the other cookery specialists are Mrs. Lee Hanson, who made cakes, Mrs. John Hodges, who made Chili con Queso and Mrs. Raymond Tollett, who made pies and hot biscuits...

Another good cook is Mrs. Bill Boyd, who made pecan rolls and a garlic cheese dip. This coming year, she plans to add a cake made with nuts and orange juice for flavor...

And the numerous articles which were made by those lucky ones who could 'sew a fine seam!' Mrs. Russell McEwen made tiny booties for the very young generation and crocheted bags for their mothers...

Flower arrangements were the specialty of Mrs. Oble Bristow. Each member will bring a gift to exchange. The devotion was given by Mrs. Alvin Martin and opening prayer was by Mrs. Gideon. Mrs. W. B. Zotts presided.

If your child catches more than one cold a winter - SHE NEEDS RELIEF THAT DOES MORE THAN WORK ON CHEST Relief from Stiffness, Coughing and Muscular Aches. The worst part of suffering from a cold is due to congestion and coughing. That's why your child needs medication that does more than just work on the chest. She needs Vicks VapoRub - because it acts two ways at once: 1. VapoRub relieves muscular soreness and tightness, stimulates chest surfaces. 2. At the same time, VapoRub's special medicated vapors also bring relief with every breath. You can't see these vapors, but your child can feel them. Rub on Relief . . . MRS. B. T. WALKER

MRS. G. S. BRENHOLTZ

MRS. JOHN TAYLOR

DRESS PARADE

A simple navy shantung suit was a good foil for the winter white brushed wool pixie-like hat worn by Mrs. B. T. Walker. A smooth caramel shade of calf with a bit of white trim formed her pumps and matching bag.

The elegant look of winter cotton was seen in the slate gray suit-dress worn recently by Mrs. G. S. Brenholtz when she was hostess at a benefit card party. A small black design was embossed on the fabric which was complemented by the black velvet collar. Small rhinestone loops were the earrings chosen for the ensemble.

Mrs. John Taylor achieved a two-piece look with her wool dress featuring navy bodice and navy and white checked skirt. Fringe extended down the front of the skirt which concealed pockets beneath the unpressed pleats in front. Gold loops, navy belt and pumps finished out Mrs. Taylor's casual look.

At a recent brunch Mrs. Charles B. Calvin wore one of the popular new berets—a brown velvet one with her dressmaker suit of green with brown checks. A beige blouse, brown lizard bag and shoes and gold loops were accessories.

An aqua faille jacket with mandarin collar trimmed with rhinestones was worn with a brown skirt by petite Mrs. Lucien Bouthiller. Her jewelry was silver and her shoes and bag were brown alligator.

Mrs. Ray W. Rogers chose all-black except for a small, flat brick red hat of fur felt. Her suit-dress was fawn and her bag was of the same material. Her gloves and pumps were black and her only jewelry was gold loop earrings.

'SKYLARK' Panels And Drapery Give Grace To This Party Gown

Cell Chapman's very special genius for dreaming up dresses that make a woman look and feel particularly feminine is dramatically displayed in this party gown she calls "Skylark."
 The hit of her last season's collection, it was and is just as big a hit with TV stars who know the importance of making a striking appearance before the cameras and their audiences. The body is really a slim sheath, the soft drapery over the skirt front repeating itself in the bodice detail.
 Over the skirt are two generous open panels that move when you move, add a graciousness to all walking, sitting or standing positions. The collar stands up a bit away from the shoulders just enough to make a lovely frame for your jewelry and your own beauty.
 Perfect for the currently popular rich colors like emerald, sapphire, and ruby as well as creamy white or black, its best fabric choices are peau de sole, satin, taffeta or faille.
 This pattern is cut to DESIGNER MEASUREMENTS, not Standard Pattern Measurements.
 Size 10 bust 34, waist 24, hips 35 inches; size 12 bust 35, waist 25, hips 36 inches; size 14 bust 36, waist 26 1/2, hips 37 1/2 inches; size 16 bust 38, waist 28, hips 39 inches; size 18 bust 40, waist 30, hips 41 inches.
 Size 12 requires 6 yards of 36-inch material for dress, and 1/4 yard of 35-inch material for interfacing. To order Pattern No. 1301, address Spades Syndicate Inc., Box 335, G. P. O., Dept. B-4, New York 1, N. Y. State size. Send \$1.00. Airmail handling 25 cents extra. Pattern Booklet No. 11 available for 25 cents. Add four cents for handling, if paid by check or money order.
Mrs. McDaniel Is Honored At Shower
 Mrs. H. D. McDaniel was honored with a shower Thursday evening in the home of Mrs. Jimmy Morehead. Co-hostesses were Mrs. H. B. Perry, Mrs. Ken Barnett, Mrs. Roger Miller and Frances Henderson.

BIG SPRING DAILY HERALD

After Art Program

Mrs. Arnold Marshall serves refreshments to Mrs. Charles Tompkins, president of the Woman's Forum. Mrs. L. B. Maulden, also shown, was co-hostess with Mrs. Marshall at the annual American Art Week Program held by the forum Friday.

American Art Week Program Given For Woman's Forum

The Woman's Forum held its annual American Art Week program Friday afternoon with Mrs. Richard Patterson as speaker. Her subject was "The Art of Living."

The group met in the home of Mrs. Arnold Marshall, 1303 Pennsylvania, and Mrs. L. B. Maulden assisted as co-hostess.

Known professionally as Terry Patterson, the speaker told how an illness resulted in her turning to

art as a hobby. She pointed out how one needs a hobby to relax and explained how painting had taught her to relax.

"If you have a hobby you will grow old gracefully," said Mrs. Patterson. She emphasized that mothers should have hobbies in their homes.

Mrs. Patterson's paintings were displayed throughout the rooms of Mrs. Marshall's home. Chrysanthemums and Pyracantha were floral decorations used throughout the house.

Mrs. Gill Jones gave the City Federation report. Refreshments were served to 19 members and one visitor, Mrs. Dwain E. Leonard.

Four Celebrate Birthdays Together

ACKERLY — A hot-dog supper recently honored four who had birthdays in the same week. Mr. and Mrs. Tommy Horton entertained Sylvia Ann Smith, Mrs. Darrell Smith, Glenda Wagner and their daughter, Dana Ruth. Others present were Mr. and Mrs. Ed Hall and Larry, Mr. and Mrs. John Wagner and Mr. Smith.

Friday evening, Sylvia Ann entertained in her home to celebrate her birthday. A dinner and slumber party were given for the following guests: Rhea Bodine, Shirley Williams, Patsy Temple, Neida Ruth Horton, Betty Belew, Linda Snow, Brenda Tennyson and Judy K. Brown.

New Minister And Family Honored

FORSAN — Mr. and Mrs. Sterling Bills, Jackie and Buddie, who moved here recently, were honored with a surprise "pounding" by members and their families of the Church of Christ. Mr. Bills is minister of the local church. Refreshments were served to about 40 persons.

Mrs. O. H. Alexander is here with her daughter and son-in-law, Mr. and Mrs. Erda Lewis. Mrs. Alexander has improved following an illness.

Mr. and Mrs. Walter Gressett were hosts at a barbecue at the Country Club for the school faculty and their families.

Exhibit Of China Painting Given By Stanton Club

STANTON (Sp) — The office of the Chamber of Commerce was the scene of a china painting exhibit which was opened to the public Thursday through Saturday noon.

The paintings on display are works of art done by Mrs. Tom Houston, instructor of Jayne's Art Studio, and her students, Mrs. Jim Tom, Mrs. Edmund Tom, Mrs. H. A. Houston, Mrs. J. D. Poe, Mrs. Harry Halslip, Mrs. Dee Rogers, Mrs. R. K. Rogers, Mrs. Jimmy Rogers, Mrs. Lila Flanagan, Mrs. Glenn Brown, Mrs. P. M. Bristow, Mrs. Alvis Brewer, Mrs. Jack Arrington, Mrs. Joe Frasier and Mrs. John Rouché—all local women. Mrs. Houston, who has done extensive work in China painting and other fields of art, has her studio in her home.

The two classes exhibiting displays were started in February and March of this year and have featured work on salad plates, dinner plates, coffee mugs, cups and saucers, compotes, platters, pitchers, cream and sugar sets, coffee and tea pots, framed tiles, bonbon dishes, cake plates and casseroles—all of which are on display.

The exhibit was sponsored by the Study Club, which held its regular meeting in the Chamber of Commerce office at the opening of the exhibit. The meeting was opened with a summary on the "History of China Making and China Decorating," given by Mrs. Tom Houston.

Four Generations

Mr. and Mrs. John M. Lamb have returned to their home in Fort Worth after a visit in Forson with their son and daughter-in-law and granddaughter and her family which brought four generations together. Mr. and Mrs. John M. Lamb are shown at left. Their son, Jack, is standing behind his daughter, Mrs. W. E. Heideman and her two daughters, Susan and Dianne.

Newcomer Club Meets

A couples' party was the entertainment of the Newcomers Bridge Club Friday evening at the Smith Tearoom. Mrs. Clifford Holke was hostess. Men's high was won by Dr. David Barker, and Mrs. William Moldenhauer won ladies' high. Mrs. Barker won the traveling prize. The next meeting will be held Dec. 8. All newcomers are invited to join the club, and they may call Mrs. A. J. Conrad, 4-7773 for information.

Spaders Club Has Discussion Of Flower Show

A resume of the Spaders Garden Club Flower Show was given at the meeting of the group recently in the home of Mrs. O. J. Forbes. Mrs. Don Williams showed colored slides of the arrangements.

A discussion of the horticulture exhibits was given by Mrs. Bruce Frazier, Mrs. Williams and Mrs. Tommy Hubbard. Arrangements were discussed by Mrs. James Whitney, Mrs. Dale Smith, Mrs. David Elrod and Mrs. Zack Gray.

Members voted to sponsor a booth for Christmas seals. Mrs. Whitney was made chairman of the booth committee. The next meeting was planned for Nov. 30, which is a change from the regular meeting date. Members will meet in the home of Mrs. Bob Carlisle to work on the float for the Christmas parade.

Husbands and children will be guests at a wiener feast after the float is completed. Refreshments were served to 20. Mrs. Dean Holmquist was introduced as a guest.

Gift Tea In Lamesa

LAMESA. — A gift tea honoring Jean Burkett was held at the home of Mrs. Millard McDonnell in Hillcrest Addition Thursday afternoon from 5 to 7.

Miss Burkett, daughter of Mr. and Mrs. Dan D. Burkett of Yuma, Ariz., will become the bride of Wilford O. Ford of Wagon Mound, N. M., in a ceremony to be read Nov. 28 in the home of Dr. and Mrs. Thomas Prideaux in Lamesa.

To Wed

Betty Lou Hewett, daughter of Mr. and Mrs. C. V. Hewett, 600 Edwards Circle, and her fiance, Lt. Billy Mathis, son of Mr. and Mrs. R. F. Mathis of Corinth, Miss., will wed in early December in New York City. Lt. Mathis is stationed at Stewart Air Force Base, N. Y. He was formerly stationed at Webb Air Force Base.

Birthdays Celebrated

FORSAN — Mrs. Ed Hanson honored her son, Don, with a party on his fourth birthday in their home.

Indoor and outdoor games were played. Winners were Jan Jacobs and Timmy Huchton. The cowboy theme was used in decorations and refreshments. Miniature cowboy figures were given as favors.

Guests were Marilyn and Carolyn Henderson, Phil, Timmy and Danny Huchton, Cathy and Arleen Ellis, Kay Yates, Jan Jacobs, Mary Ellen Hanson, Mrs. Don Henderson, Mrs. B. P. Huchton, Mrs. Charles Ellis and Mrs. Paul Jacobs.

Jan Jacobs was honored by her mother, Mrs. Paul Jacobs, with a party on her sixth birthday. Musical games were played. Winners at games were Donna Page and Timmy Huchton.

Favors were plastic animals. The birthday cake was iced in pink and white and held pink candles. It centered the lace-covered refreshment table.

Attending were Donna and Duncan Page, Don and Mary Ellen Hanson, Kay Yates, Timmy, Phil and Danny Huchton, Mrs. Don Page of Albuquerque, N. M., Mrs. B. P. Huchton, Mrs. Howard Yates and Mrs. Ed Hanson.

Kremlin Fires Bureaucrats, Sends Them To Far Places

By EDDY GILMORE
LONDON (U)—Wholesale dismissals of Soviet government bureaucrats were under way today with thousands of white collar workers sent to factories and farms. Moscow radio said the big clean-out was brought about by a decision of the Communist party and the government to face up to "serious shortcomings" in administration. Commenting on the situation, the party newspaper Pravda said government payrolls have become so inflated they are costing millions of unnecessary rubles and are actually "embarrassing." Included in the purge, it added,

will be many bureaucrats and red tape artists who, instead of carrying out the decisions of the party and the government, spend their time in drafting "various and numerous directives, resolutions, references, letters and accounts." Referring to persons being fired, Pravda said "these workers must be used directly in production where material values are being created."

It said the government is assisting dismissed government employees transferred to other areas. Two-month salary is being paid workers going to "enterprises, state farms and machine tractor stations located in other areas." Three months wages are paid those being directed to state farms and tractor stations in the "reclaimed areas." These are regions of central Asia and Siberia where life is hard.

Government workers who have the misfortune of being hustled off to "logging camps in the northern areas, Siberia and the Far East," also will receive three months pay, the broadcast said.

The dismissals suggest many implications.

The Soviets disclosed last month that troops were being used in distant lands where new ground is being turned into crop areas. The sending of large numbers of government workers to these regions reflects, among other things, the trouble the Kremlin is having in getting its citizens to pioneer the new country.

Use of white collar workers in such places as the logging camps of the far north and Siberia also could mean trouble with forced labor which usually mans these camps.

Germans To Run

VIENNA, Austria, Nov. 20 (U)—The Prague newspaper Prace reports some of Czechoslovakia's German minority will be candidates for Parliament in the Czech election Nov. 28. Any nominated are assured of election under the single-ticket procedure of the Communist-run National Front. No Germans sit in the present 300-member National Assembly, elected May 30, 1948.

To Honor Churchill

LONDON, Nov. 20 (U)—A college in Israel is to be named for Prime Minister Churchill. The British Committee for Technical Development in Israel said he has consented to use his name by some institution in a university and technical training center to be built at a cost of almost 20 million dollars on Mt. Carmel, overlooking Haifa.

Aversion To Pills

COPENHAGEN, Denmark, Nov. 20 (U)—Something went wrong the other day at a Danish plant making pills designed to cause an aversion to alcohol. Invisible dust of the recipe wafted throughout the building. The plant's workers didn't mind until the end of the shift. But then, when they hoisted their evening glasses of beer, they found none could stomach the brew.

Engineer Earnings Up

OTTAWA, Nov. 20 (U)—Consulting engineers and architects have become Canada's top money earners. A Revenue Department analysis shows the average annual income of these specialists jumped almost \$3,000 to \$12,255 in the 1952 tax year. They replaced lawyers in the top spot. Physicians and surgeons kept second place with \$10,522.

UNCLE RAY'S CORNER

Since my return from Europe, friends have asked me such questions as these:

"Did you have a good time?"
"Are you glad to be back?"
"Which country did you like best?"

Yes, I enjoyed my travels, and believe I added to my knowledge during this, my fifth tour of Europe. When I go traveling I take my portable typewriter along, and gather notes about what I see.

Always, at the end of a foreign journey, it seems good to be back. Nothing in this statement conflicts with my having enjoyed going away. It simply means that I feel at ease when I return to my old surroundings.

As to which country I liked best, I have a bit of trouble in making a reply. This time I visited six nations in Europe, and on past trips I have seen a dozen others.

Aside from the British Isles, which I always place at or near the top of my list, I may name my favorite countries on the continent of Europe, Holland and Switzerland

stand out in my thoughts, but I also like the Norse countries, and who could help but like Austria?

In past years I have enjoyed visits in southern Germany and northern Italy. Pompeii, which is far to the south in Italy, is one of the most amazing sights I have seen in my travels.

Twice, during past years, I have made short visits to Holland. This time I spent more time there than in any other part of Europe. Certain things about the Dutch stand out in my mind. They are friendly, sincere, and good-natured, also quick witted.

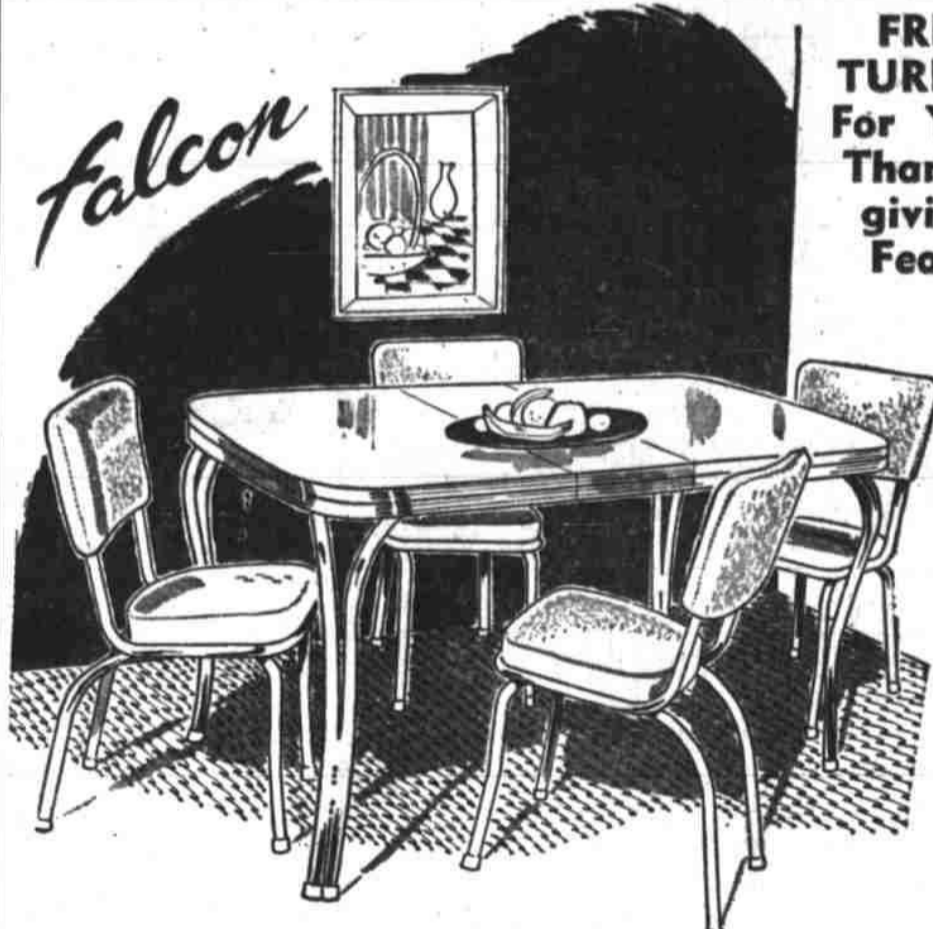

Without making a careful poll, I could not say just how many Dutch folk would like to move to Canada or the United States. Nevertheless, as a result of personal chats with many of them, I feel sure that the number is large. These people suffered keenly during the war years, especially in 1944 and 1945. Some of them said to me that they would be safer in North America in case of a third world war.

With Franklin Reynolds

A friend out in New Mexico has telephoned to report on a couple of Big Spring sportsmen who have been hunting deer out in that state. He said he hadn't been able to get their names but that maybe I would be able to identify them here—which I haven't yet been able to do since they probably won't want to admit what happened.

One of these deer hunters drove up to a game warden's checking station with a 1,000-pound elk.

When it was explained to him what he had killed, he commented: "I thought that was a hell of a big deer!"

The other one turned in at the checking station with the report: "I got a male deer."

The warden took a look in the back of the pickup and saw what this hunter had shot. It was a burro.

Under the head of "Classified Classics" on page 66 of the December issue of Reader's Digest there is a short about James Jones of the Tarzan Community.

We catch the Digest in a couple of errors. They spelled Jones with an "H" making it Hones, and the newspaper they quoted was the

Stanton Reporter, and not the Stanton Times. There isn't any such newspaper in the Martin County capital.

But the substance of the story is correct. It tells how James announced as a candidate for county treasurer early in the year, when the drought appeared to be at its worst, and how when a good rain came he withdrew his candidacy with the explanation that since there was planting moisture enough to let him keep on being a farmer that he didn't want to be county treasurer.

Incidentally, and according to the Reader's Digest, "drenching rains ended the Texas drought."

That's three strikes on the Digest in four short lines of type.

Preparations are now under way for the Share-The-Fun Breakfast, one of the highlights of the 4-H Club Congress which convenes in Chicago in late November.

As in previous years the U. S. Rubber Company will sponsor this breakfast held in honor of Recreation and Rural Arts Award winners.

The breakfast will be held at the

Conrad Hilton Hotel on Dec. 2.

Willis Hinton of Vincent has completed the job of using kerosene to kill mesquite on his place.

J. W. Cluck is planning an irrigation well on a high point on his farm. A stock task has been staked on the L. J. Painter place, northwest of Luther.

Technicians of the SCS, as is required, have made soil tests to determine the qualification of land for the deep plowing practice under the Howard County ACP program on the farms of W. H. Forrest and W. T. Layfield, both northwest of Big Spring; on the Jim Grant farm north of Big Spring; on the Melvin Loudamy farm in the Center Point Community, and on the A. D. Franklin place west of Big Spring.

In a New Mexico area where a large quantity of sweet potatoes are produced under irrigation experiments were conducted this year to determine the effects of commercial fertilizers on the potato growth.

It was learned from these experiments that the adding of commercial fertilizers to naturally fertile soils resulted in "cracked" potatoes reducing their market value.

Seven plots were used with six of them being treated to varying quantities of fertilizer. The seventh plot which went untreated produced more marketable potatoes than any of the other six.

Approximately 85 per cent of the Texas cotton has been harvested in 34 counties in which the harvest has not been completed, and only El Paso, Hudspeth, Culberson and Gaines counties reported any shortage of workers during the week.

Gaines listed a need for 300; El Paso for 1,000 and Hudspeth and Culberson together a need for 250.

A worker shortage, for harvesting vegetable crops, does exist in the Lower Rio Grande Valley however.

All counties report the cotton crop more than 90 per cent open, most of them saying it is more than 95 per cent open.

The guar harvest appears to be well under way in Howard County.

Dub Coats reports that his crop averaged 320 pounds of beans to the acre. Considering the drought and mosaic disease infestation this is considered good production.

General Mills at Kennedy warns that guar beans may turn dark if rained on after they are ripe and not harvested. Badly weathered beans are not marketable, but are considered as a good supplement for feeding livestock since they run from 25 to 35 per cent protein.

Tests are now being conducted with steers at the USDA's Southern Great Plains Field Station at Woodward, Okla., where comparable pens of steers are being fed guar beans and cottonseed cake to determine the feed value of the former as compared with the latter.

A lot of roughage is going to be needed to carry Texas beef cattle through the winter, according to the extension service's animal husbandmen at Texas A&M College.

They point out that the stockman should give consideration to both the kind of roughage and the amount of it that he feeds, but say that roughage in some form should be available to the cattle at all times. While it doesn't necessarily have to be of high quality, they explain, the higher the quality the better.

Roughages very low in nutritive value can be fed with success if adequate supplement, about two pounds of cottonseed meal per head, is supplied each day. Cotton burrs fall into this category, as also do corncobs, peanut hulls and rice straw, the latter available in some parts of Texas but not around the Big Spring area.

A ration that U. D. Thompson, A&M's specialist, recommends is four pounds of legume hay with 14 pounds of cottonseed hulls or oat straw hay for each animal. He says that if corn or sorghum silage is available from 40 to 50 pounds of either and one pound of cottonseed meal or cake may be fed daily.

For dry cows Thompson claims 18 pounds of Johnson Grass or Prairie hay supplemented with one to two pounds of cottonseed meal or cake makes a top-notch ration where this hay is available.

He says that if the Johnson Grass or Prairie hay was cut early enough, and did not get rained on, that it will probably suffice without any supplement.

He claims a cow nursing a calf will need about 60 pounds of corn or sorghum silage or 20 pounds of Johnson Grass hay fed with two pounds of cottonseed meal or cake daily. He points out that less feed is needed to keep cows from losing weight than to put it back on once it has been lost, and that fleshy animals, the type most easily wintered, may lose 150 to 200 pounds without impairing the production of a calf.

Thompson says that steamed bone meal mineral supplement and salt will complete the needed winter ration and he thinks these should be fed free choice.

This week marked the death in El Paso of Joseph Campbell Peyton, 78, founder of the Peyton Packing Co.

Mr. Peyton, a native of Tennessee, moved to El Paso in 1910 where he opened a retail meat market, and then in 1917 established the packing company.

The initial feeding pen capacity of the Peyton plant was between 2,000 and 3,000 head of cattle but now it is 17,000 with the establishment covering 35 acres.

Mr. Peyton and his company have long been known as strong supporters of the livestock feeding programs of the 4-H clubs and FFA chapters and have bought a number of the animals exhibited and sold by the boys and girls from Howard and surrounding counties.

Rotarians To Hold Annual Club Assembly On Monday

The Big Spring Rotary Club will hold its annual assembly Monday evening.

A guest will be Jerry Debenport of Odessa, governor for the 182nd District of Rotary International.

Debenport is making his annual official visit to each of the 38 clubs in the district and will confer with local Rotary leaders Monday night and be guest speaker at the club's regular luncheon Tuesday. Both meetings will be at the Settles Hotel.

Bill Crook, club president, has announced that Ladies' Day will be observed at the luncheon. Wives of

all Rotarians are urged to attend. At the club assembly, club officers and committee chairmen will appraise activities of the past year and lay plans for the club's service program for the coming year. All committee chairmen are to submit reports on past activities of their respective groups, as well as outline their programs for the future, Crook said.

To receive particular attention is the Rotary International plan for observance of the organization's golden anniversary from Feb. 23 to June 2, 1955.

Debenport became district governor for Rotary in July. He is owner of a housing project in Odessa and is a past president of the Odessa Rotary Club.

He also is a director of the First National Bank in Odessa, the Odessa Chamber of Commerce, the Salvation Army, United Fund and Community Chest, and is a director of the West Texas Chamber of Commerce. He is a former secretary of the Texas Chamber of Commerce Managers Association and past president of the West Texas C-C Managers Association.

Prison Total Down

PARIS, Nov. 20 (AP)—A reduced crime rate and release of most of the persons convicted of helping the Germans in World War II has cut back France's prison population from the 1946 total of 67,000 to 20,600, little more than the pre-war normal. As a result 10 prisons, none now holding more than 28 convicts, are being shut Jan. 1.

Marriage License Is Listed A Year Late

A marriage license issued more than a year ago was contained in public records carried last week. It was issued to Donald J. Stringfellow, Fort Hill, Okla., and Pearl Mae Clanton, Big Spring, and was

Big Spring (Texas) Herald, Sun, Nov. 21, 1954

reported at the time. However, in making routine checks of public records, the old record was inadvertently picked up with the current ones and reported again through error. The Herald regrets the mistake of reporting the issuance of a license a year later.

Safeway Open House Set Today At Its New Store

Safeway takes the wraps off its most modern super-market in the Southwest today.

From 1 p.m. to 5 p.m. open house will be observed in the new plant, which with parking area for 192 automobiles, occupies an entire block between Gregg and Lancaster and W. 13th and W. 14th Streets. After the public has had a chance to see the wonderland of food merchandising, the new store will open for business Monday morning, according to Riley Foster, manager.

Aside from such stupendous figures as 16,800 square feet of sales area alone, the store boasts such statistics as 1,200 lineal feet of display cases, 10 separate refrigerated vaults, a heating and cooling system requiring two miles of copper tubing, nine check-out stands, magic doors, an isolated incinerator and a refrigerated garbage room.

The entire store design is such that virtually all of the servicing and restocking is accomplished from work rooms separated from the sales area. Departments are clearly identified by large overhead signs against vari-colored pastel backgrounds. Long batteries of fluorescent lights provide perfect illumination for a sweeping view of the whole sales area.

Upstairs are the general offices plus a ladies lounge. Downstairs are the men's restroom facilities and the equipment room. No less than 20 separate condensers supply

the various vaults and preparation rooms. An evaporative unit will deliver 15,000 cubic feet of air per minute. Equipment is adaptable for delivering warm air in the winter.

Safeway officials have pointed out that this, as the latest large store, has several features never employed before in one of the concern's super-markets.

Conducted tours will take visitors through the meat section where separate vaults for meat and poultry are maintained at 33 degrees. The processing area is kept at 55 degrees. A power saw is provided for cutting beef, lamb, mutton, and pork into retail cuts. From this they go to a bloom cabinet which conditions it for display. Placed on conveyors it goes to wrapping stations and then to scales which weigh only the net amount of the product—none of the package or wrapping. Seventy-two feet of refrigerated meat cases for displaying meats, fish and poultry may be stocked from the preparation room. Should the customer wish personal service, a press on a button will bring instant response.

The produce area is on the opposite (south side) of the store. Here a receiving room, maintained at 55 degrees, is set off so that entry may be gained by deliverymen while the remainder of the store is locked. Opening off are storage vaults for wet (leafy) and dry (citrus fruits, grapes, egg

plant, etc.) produce. An adjoining room is provided, under controlled temperature for preparation of all produce for display. All discards and waste are put under refrigerated storage until removed from the store. This prevents bacterial contamination.

Nearby is an incinerator, separated by fireproof walls from the remainder of the store, which would reduce even wet garbage to ashes, although Safeway plans only to destroy its dry trash in this manner.

There are 84 feet of special produce display, which maintain temperatures of 40 to 45 degrees.

In the sales area are 18 center fixtures loaded with all types of staples. Another 16-foot display contains housewares and candies; still another 40 feet for breads; another 18-foot section for dairy products (cheese, etc.) and eggs.

Both the milk and the beverage displays open off a large vault which has air circulated at 35 degrees. In this manner products are maintained at ideal levels. Moreover, all beverages will be already cool when offered for sale.

In the center of the store is the frozen food department with 52 feet of display. This increasingly popular section is placed in the heart of the store for shopping convenience. Products are kept at zero to 10 degrees.

Through the center of the general stock room runs a conveyor which carries case goods and heavy

lots to their appointed place. Sections may be added and a powerlift employed to unload directly from large transports. A separate repack room is maintained for storing tobaccos, cigarettes, candies and drugs. Opening to the front is a cashier's station for cashing checks, receiving bottles, etc.

There are eight scales for estimating produce weights. Each of the nine check-out stands have the latest National cash registers plus instant weighing no-spring Toledo scales.

Another fitting touch is the magic door apparatus. A compressor delivers power for opening doors when a beam of light to a photoelectric cell is broken by approach to the door.

MISTER BREGER

Marines Seem To Have Beaten Drive For More Navy Control

By BEN PRICE

WASHINGTON, Nov. 20 (AP)—The U.S. Marines have just beaten off a determined drive by the Navy's admirals to get more control over the Leathernecks.

Had the maneuver succeeded, nearly all Marine operations would have come under the direct control of the chief of naval operations, Adm. Robert B. Carney.

And as the Marines see it, their commandant, Gen. Lemuel C. Shepherd, would have become a mere paper shuffler in charge of headquarters personnel only.

From the Marines' point of view, they would have been scuttled effectively as a semiautonomous fighting force and would have been reduced to the role of Navy stepchild.

With the help of Sen. Mike Mansfield (D-Mt.), the Marines think they have won the initial battle but are fully aware that the campaign isn't over yet.

It won't be won, they feel, until Secretary of the Navy Charles Thomas returns from Europe and signs the reorganization plan spelling out in detail the Marines' relationship to the Navy.

The loudest silence in town can be obtained by asking Navy admirals or Marine generals: "Who or what started the fight?"

This much, however, seems certain:

There is a belief by some Navy wheels that the Marines are getting too big for their britches.

The admirals—or a few at least—resent the fact that Congress placed the Marine commandant on the Joint Chiefs of Staff as a co-equal in all matters pertaining to the Corps.

The same admirals also resent the fact that Congress placed a floor under Marine strength—three combat divisions and three air wings.

Before Congress spelled out the place of the Corps in the defense establishment, the Marines existed only as an adjunct to the Navy.

The Marines were limited previously to 20 per cent of the Navy's manpower and they fought a constant war with the Navy over money, with the cry that the Navy wanted to relegate the Marines to the role of poor relations.

It is the Marines' belief that had the Navy's recent attack been successful, the Navy once again would be holding the purse strings and could squeeze the Marines for money to spend on the Navy.

The fighting really started Aug. 30. There is now in the works a Navy reorganization plan. The relationship of the Marine Corps to the Navy is defined currently in what is known as General Order No. 5.

On Aug. 30 the chief of naval operations over the signature of Adm. D. B. Duncan, vice chief, proposed to change General Order No. 5 to read:

"The Marine Corps commandant (to the secretary of the Navy) is the commandant of the Marine Corps. He is charged with and is responsible to the secretary of the Navy for the administration of the Marine Corps and for command of the Marine Corps except those elements included in a unified command or assigned to the operating forces or shore establishment. The commandant of the Marine Corps is responsible to the chief of naval operations for the readiness and performance of those elements of the Marine Corps assigned to the Navy."

This meant to the Marines that the commandant would now become subordinate to the chief of naval operations instead of the secretary of the Navy and be responsible himself only for administration and training.

If the commandant was responsible to the CNO, there really was no point in his enjoying coequal status on Marine matters before the Joint Chiefs of Staff.

All of this flew in the face of recommendations of the Committee on the Organization of the Department of the Navy, headed by Undersecretary Thomas S. Gates.

"This committee on April 16 said: 'The commandant commands the Marine Corps and is directly responsible to the secretary of the Navy for its administration, discipline, internal organization, unit training, requirements, efficiency and readiness. . . .'

It said the commandant was responsible to the CNO only for the readiness and performance of those elements of the Marines assigned to the operating forces of the Navy.

The first inking—at least off-

cial—that all was not well came Nov. 9 when a congressman reported the battle was raging backstage at the Pentagon.

On Nov. 11, Sen. Mansfield dropped a fairly gentle hit to the Navy to lay off.

The very next day Rep. Bender (R-Ohio), now a senator-elect, protested what he called an apparent effort by Navy admirals to take control of the Marines.

Mansfield, meanwhile, wrote a letter to Secretary of Defense Charles Wilson demanding an explanation.

In a speech on the floor last

Wednesday, he said, "I regret and am alarmed that the law has been so vigorously challenged in the Department of the Navy. . . ."

Since the hassle, which raged backstage throughout September and October, has come to light, the Navy has begun to backwater. The Marines feel they've won, but admit they are scared. One source said the Marines in the proposed reorganization keep their semiautonomous status but have lost some control over their planning policies. Just how, he couldn't make clear and nobody else would admit anything.

Peron Orders Two Priests Sentenced

BUENOS AIRES, Argentina (AP)—Two priests were sentenced Friday to five days imprisonment in the toughest action yet taken in President Peron's campaign against Roman Catholics he has accused of trying to undermine his regime.

The priests were sentenced on charges of "disturbances and disorders." As is customary in Argentina in cases of misdemeanors, the sentences were based on police investigation without public trial. The priests were taken to a home for aged priests to serve their sentences.

The arrests and sentences occurred in Cordoba province, a strong Catholic center in Argentina. The two priests were among 24 named by Peron in a speech on Nov. 10 as opposing his regime.

HCJC A Capella Choir Sings For ABClub Session

The Howard County Junior College A Capella Choir sang Friday at the noon luncheon of the American Business Club. Orland Johnson directed the group and Jack Hendrix, piano and organ instructor at the college, was the accompanist.

Mrs. Zack Gray of the Howard County Tuberculosis Association spoke briefly on the Christmas seal drive.

Final standings in the attendance contest were announced. Team No. 2, captained by Glenn Brown, took the honors with 136 points. Team No. 4 was second and team No. 1 was third with team No. 3 trailing. Team No. 1, captained by Gene

Thomas, took the ice cream and cake prize Friday by reporting re-instated members in Ransom Gal-lowsay and George Thomas.

J. B. Apple and Merrill Creighton were awarded stars for their Big Hats for bringing in new members.

The Rev. Allen Adams, associate pastor at the First Methodist Church and club chaplain, led the prayer. Guests at the session included Rep. Truett Latimer of Abilene, candidate for the State Senate, and Alton Underwood.

Tom South, social chairman, announced plans for a Christmas party to be held Dec. 3.

New Puppy Brings Joy Back For Child

MEDIA, Pa. (AP)—The look of sheer joy on the face of 11-year-old Harriet Taylor was worth every penny her schoolmates had donated to get her a new puppy.

On Thursday, the fifth grade at Eddystone, Pa., school watched Harriet fight back her tears when she learned her dog, Pepper, had been killed by an auto.

Friday, the youngsters handed Harriet a cigar box containing \$2.13 in nickels, pennies and dimes.

A happy Harriet went to the Society for the Prevention of Cruelty to Animals here, plunked down the cigar box and walked out with a brown and white puppy.

The next step is a contest in the fifth grade of her school to find a name for Pepper's replacement.

Because U. S. farms are growing larger, their numbers are decreasing—from 8,500,000 in 1935 to 2,600,000 in 1954.

Prince Valiant
IN THE DAYS OF KING ARTHUR
By Harold R. Foster

Our Story: PRINCE VALIANT’S SWIFT VESSELS ARE LOW ON THE WATER AND REMAIN UNSEEN AS THEY FOLLOW THE TALL SAIL OF TYRUS’ SHIP THAT SHOWS ABOVE THE HORIZON.

DAY WANES AND STILL THE IRON KNIGHT WITH THE IRON WILL STRIVES ON WITH TERRIBLE DETERMINATION AGAINST THE MIGHTY MAN-SLAYER.

THE GLEAMING POINT ON BODEX’S SHIELD THAT HAS WOUNDED HIM SO OFTEN CATCHES GAWAIN’S ATTENTION. HE SWINGS HIS HEAVY SHIELD AT THE POINT, KNOCKING THE TARGET ASIDE, AND SWEEPS UPWARD WITH HIS SWORD

BODEX FIGHTS ON, MORE CAUTIOUS NOW, WHILE THE SHADOWS GATHER AND NIGHT DRAWS NEAR. “HOLD,” GASPS BODEX, STANDING BACK. “WE ARE NOT CATS TO FIGHT IN THE DARK..... WE WILL MEET AGAIN AT DAWN!”

AND THE GREAT MAN-SLAYER TURNS AND WALKS STIFFLY TOWARD THE SILENT GROUP OF PIRATES.

SIR GAWAIN LEANS WEARILY ON HIS SWORD, GASPING. A SMALL, COLD HAND TAKES HIS. “COME SIR, I WILL TEND YOUR WOUNDS,” SAYS DIANE. THEN, “BODEX WILL NOT FACE YOU AGAIN,” SHE PREDICTS

RACING UP TOWARD THEM COMES VAL. “I TRUST I HAVE NOT KEPT SWIFTER WAITING?” ASKS GAWAIN ANXIOUSLY.

NEXT WEEK—The RoundUp.

WITHOUT WASHING OR WIPING!

"VEL SOAKS DISHES CLEAN... SAVES YOU ALL THE HARD WORK!"

DON'T WASH - JUST SOAK Double each grease-free in seconds! No washing is needed. If food clings, a touch of the dishcloth gets it off. There's no greasy dishwater with Vel.

DON'T WIPE - JUST RINSE Yes! Just soak and rinse. Dishes stay streak-free without wiping! Even heavy grease in pots and pans is so completely dissolved no hard scrubbing is needed.

Package for package - VEL CUTS GREASE BETTER

- ① Better than liquid detergents
- ② Better than the leading washday detergent
- ③ Better than soap

"and yet **NO 'DETERGENT BURN' TO HANDS!**"

PROVE IT YOURSELF!

"HAND-HEAT TEST" SHOWS WHY:
 Dip hands in water. Then get a tablespoonful of any leading washday detergent in one hand - get a tablespoonful of VEL in the other.

FEEL THE HEAT from washday detergents, indicating irritating alkalis and harsh chemicals that cause "Detergent Burn"!

FEEL NO HEAT WITH VEL because Vel contains no irritating alkalis or harsh washing chemicals to cause "Detergent Burn"!

VEL is a miracle of mildness! Vel helps you avoid rough, red hands - causes no "Detergent Burn"!

MarVELous for dishes and finest fabrics!

*VEL is the trademark of the Colgate-Palmolive Company.

GRANDMA

H-M!! A GOOD GAME O' CHECKERS NOW AN' THEN IS MIGHTY RELAXIN'!!

FOLDING CHECKER BOARDS

I'LL HUNT UP ONE O' TH' KIDS AN' WE'LL HAVE A NICE LITTLE GAME!

I USED T' BE QUITE A PLAYER, BUT... H-M. NOT A YOUNGSTER IN SIGHT.

...AN' THERE ARE NO KIDS IN TH' VACANT LOT T'DAY, EITHER!!

GREAT SCOTT, I'VE LOOKED EVERYWHERE! I NEVER DID SEE KIDS SO SCARCE!!

SHUCKS, I'LL JUST GO HOME!! I KNOW A TRICK THAT'LL BRING TH' KIDS OUT T' PLAY CHECKERS!!

I'LL SOON HAVE 'EM SWARMIN' AROUND LIKE BEES IN A CLOVER FIELD!!

OH, BOY! SMELL THAT DELICIOUS AROMA!!

HURRY!! GRANDMA IS BAKIN' GINGERBREAD AGAIN!!

ANNIE ROONEY

MISS CALLIE, I AM WORRIED! THIS IS A REAL HURRICANE AND MY NEWEST, FINEST SHRMPER, THE SUPREME PRIDE, IS AT SEA ON ITS TRIAL RUN WITH NEW UNTRIED ENGINES, A SUBSTITUTE CREW, AND...

THAT'S VERY BAD, KING PRIDE- DID YOU KNOW THAT YOUR OWN KINFOLK, PICKETT AN' INDIA PRIDE, ALONG WITH LITTLE ANNIE, ARE ALSO OUT AT SEA AND NOT IN A FINE, BIG, ABLE SHRMPER-

YOU MEAN THEY ARE OUT IN THIS STORM IN THAT ROTTEN OLD SHARPE?? BUT WHY DIDN'T PICKETT CONSULT HIS BAROMETER? LISTEN TO THE RADIO WEATHER REPORTS ??

MAYBE IT'S BECAUSE HE DOESN'T OWN THOSE EXPENSIVE GADGETS! MAYBE HIS DIRECT, PRIVATE WIRE TO THE WEATHER BUREAU IN WASHINGTON BLEW DOWN!!

DON'T BE SARCASTIC, PLEASE- TELL ME WHY MY NEPHEW WOULD RISK GOING OFFSHORE IN AN OLD, UNSOUND BOAT? WHY--

WHY? BECAUSE HE WANTS TO CATCH A LOT OF FISH- MAKE ENOUGH TO BUY A NEWER AN' BETTER BOAT- TO BECOME A SOMEBODY- LIKE HIS BIG- SHOT UNCLE!!

IS THIS GOING TO BE BAD, JEFFREY?

VERY BAD, MOTHER- PLEASE TAKE SHELTER- I'VE JUST LEARNED THAT INDIA IS OUT THERE SOMEWHERE - I MUST GO-

OH, MY GOODNESS- THE POOR OLD MAINSAIL HAS BLOWN INTO A THOUSAND MILLION PIECES- IT'S ALL GONE!

WOW! LOOK AT THAT!

PLEASE, PICKETT- LET'S GO HOME- I'M SCARED.

WE CAN'T GO HOME, INDIA- THE WIND IS DEAD AGAINST US NOW-

ALL WE CAN DO IS RUN OFFSHORE AS FAR AS WE CAN- TRY TO GET OUT OF THE STORM CENTER- YOU GIRLS GET INSIDE THE CABIN- AN' PRAY THAT THIS POOR OL' MESS O' WORN-OUT LUMBER HOLDS TOGETHER.

BRENDA STARR

FINDING STEVE BURK WITH A BULLET THROUGH HIS HEAD SURE BROUGHT IN A VERDICT OF NOT GUILTY FOR RALPH THE FLORIST!

WHICH MEANS, OF COURSE, THAT HE GOES FREE—!

AND THE KILLER IS STILL AT LARGE—!

ALSO THAT REDHEADS CAN SETTLE DOWN AGAIN FOR SOME PLAIN AND FANCY WORRYING—!

NOT OUR BRENDA—! SHE'S STILL HOT ON THE TRAIL OF THE REAL KILLER

POSITIVELY PATHETIC! BESIDES A SECOND RATE REPORTER, SHE'S A DETECTIVE, TOO!

AND HOW SHE IS, AND A DARN GOOD ONE TOO!!

BUT, INGA, WHY DIDN'T YOU MENTION THIS AT THE TRIAL?

VAL, AY DIDN'T 'TINK IT SO IMPORTANT DAT VON QUART UP MILK BE MISSIN' FROM MY ICE BOX—!

PERHAPS NOT— BUT THE FACT THAT NEITHER LILY NOR FERDIE L. PLANT EVER DRANK MILK— THAT'S IMPORTANT, DON'T YOU THINK?

AY DON'T KNOW, MISS, AY BANE PLENTY DINGS ABOUT TINGS LIKE DAT—

SEEMS TO ME RATHER TOO COINCIDENTAL THAT A GAL WHO HATES MILK SHOULD SUDDENLY DRINK A QUART ON THE SAME DAY SHE AND HER SISTER WERE POISONED!

NOW BRENDA HEARS VOICES, AND PEEKS INTO THE NEXT ROOM—

YOU JUST CAN'T GO AWAY WITHOUT ME—! I... I COULDN'T BEAR IT—!

TAKE ME WITH YOU BURT, ALL I ASK OF LIFE NOW IS TO BE NEAR YOU!

MY PLANE LEAVES IN 2 HOURS, IS THAT TIME ENOUGH FOR YOU TO PACK, ME TO GET THE LICENSE, AND US TO BE MARRIED?

ALL THE TIME IN THE WORLD, DARLING, WHERE DO WE SPEND OUR HONEYMOON?

POINT BARROW, ALASKA!

GEE... YOU THINK WE COULD REALLY TRAP A FOX TO BRING BACK TO MY NATURAL HISTORY CLASS, GOOFY?!

SURE THING, MORTY!

THIS KETCHES 'EM... BUT IT DON'T HURT 'EM NONE!

FOXES ARE AWFUL SMART! I WONDER!

A FOX!

BOY... HE'S HEADIN' BACK TOWARD MUH TRAP!

OOOPS!

HANG!

GIVE ME A HAND HERE! GOT MUHSELF A LITTLE MIXED UP!

WHAT'S GOING ON HERE?

PENNY

By Harry Haenigsen

WHAT IS SO AMUSING, DEAR?

THIS OLD FAMILY ALBUM, MOTHER, IT'S A SCREAM!

LOOK AT GRANDMOTHER JOHNSTON!

AND GRANDMOTHER AND GRANDFATHER PRINGLE, WOW!

AND FATHER'S AUNTS, BELLE AND MARTHA!

AND YOUR COUSIN MILDRED.

EVERY GENERATION LAUGHS AT THE APPEARANCE OF THE GENERATIONS THAT HAVE GONE BEFORE IT, PENNY.

THEY WON'T ANY MORE..

TODAY'S GENERATION HAS BECOME COMPLETELY SENSIBLE, NO FUTURE GENERATION WILL LAUGH AT OUR APPEARANCE, MOTHER.
