## Pedestrian Killed In Sudan Tuesday

Thirty-four year old Lydia Sandoval was struck and killed at Sudan on U.S. 84 about 1:25 p.m. Tuesday when she apparently attempted to retrieve a ball for her children.

The accident occurred in front of the Sandoval's home and cafe inside the Sudan city limits.

Norman Ray Head, 42, of Rt. 5 Muleshoe was driving a 1973 Chevrolet pickup east on U.S. 84 when Mrs. Sandoval crossed the highway to pick up the ball her children had been playing with. One of her children witnessed the accident.

According to highway patrolman Weldon Parson, the woman probably saw the pickup at the last second and fell when she tried to get out of the way. The driver of the pickup tried to change lanes, also.

Mrs. Sandoval was pronounced dead on arrival at South Plains Hospital in Amherst.

Patrolmen are investigating a hit and run accident which occurred in Amherst Sunday morning. Mrs. C. A. Thomas of Amherst had parked her car on Adams Street to attend church. When services were over she discovered her car had been struck in the left rear and left fender. Damages are estimated at \$150 to the car. Parson said no arrests have been made.

Thursday evening about 7:30 there was a two car accident at the intersections of U.S. 84 and 1843 about 100 feet from the Sudan city limits. Edward Moore of Sudan was making a left turn off 84 when Mrs. Ora Martin of 202 E. 23rd in Littlefield hit the Moore vehicle in the rear. Parson estimated damage to the Moore car at \$400 and about \$300 to the Martin car.

## Lamb Farmers To Receive \$11 Million In Payments

Approximately \$11 million will be distributed to Lamb County farmers this summer in federal farm program set-aside payments, according to Richard Newman, director of the Agricultural Stabilization and Conservation Service here.

Newman said the amount is down from \$14,774,296 paid last summer. Changes in reduction of set-aside in the feed grain program, or released crop acreages, is the reason for the lower payments.

Distribution of the checks to growers who have filed final acreage certification for the year started at the ASCS office this week.

Deadline for filing is Aug. 1.

"The quicker growers file, the quicker we can get the payments ready and out to them," Newman said. Newman added that checks should be received earlier this year due to a streamlined system.

Last summer it took about three weeks or a month for the checks to be processed and sent to the farmers. This year the ASCS office has the checks and spend only a few days checking

statistics before mailing. Newman said checks will be sent as soon as possible after certification.

Checks include payments for the feed grain, wheat and cotton set-aside programs. For those who qualify for wheat payments, there will be additional payments of about 22 cents per bushel. Wheat checks are payment of 68 cents per bushel. Federal officials have predicted the price in December will be 90 cents per bushel and are paying 75 percent of this price at this time.

Cotton and feed grain payments are figured and the 100 percent payment is in the checks being mailed. "The payment is intended to react to the supply and demand," Newman said.

Last fall supplies diminished due to sales of grain to foreign countries, and President Nixon announced that more acreage would be released for cultivation to increase the available supply.

With more acres released for production, the set-aside was reduced and payments likewise reduced, Newman said.

## 5 Jailed, 2 Accidents, One Burglary Reported

Activity at the sheriff's office and city police station was light this weekend with only five jailed and one burglary reported.

Jesus Compeon of Earth was arrested Sunday by highway patrolmen and charged with driving while intoxicated. He was fined \$100 plus court cost. One alien was picked up Saturday and released to officials Sunday, and at the city jail three were jailed on charges of drunk in public.

H.M. Cooper of the Texaco service station at the corner of U.S. 387 and Highway 70 in Springlake reported that

someone broke into his station. The Coke machine was broken into and approximately \$5 was taken and several cartons of cigarettes valued at a total of \$100 were taken.

City police investigated two minor motor accidents. Vehicles driven by Gary Neil Roberts of 810 Seldon Ave. and Gilberto Diaz Jr. of Fieldton were involved in an accident about 10:30 p.m. Friday in the 500 block of Phelps.

About 11 p.m. Friday Stephanie Lynne Benner of Littlefield and Cynthia Jane McGill of Olton were involved in a minor collision in the 600 block of Phelps.

## Jill Owens, Tandy Talburt Enter Miss Lamb Pageant

and is in the National Honor Society. After school functions include work in the Candy Strippers, playing a guitar, riding horseback, water skiing and sewing. She is sponsored in the pageant by Penney's.

Tandy Talburt is the 17-year-old brown-

haired daughter of Mr. and Mrs. Johnny Talburt of 1300 W. 14th in Littlefield. This 17-year-old LHS senior will present a dramatic reading for her talent.

Miss Talburt placed on the All-Star cast in UIL one act play district competition. Other school honors include third place medal in district UIL spelling competition, delegate to the state FTA convention, the state ILPC journalism conference and Student Council workshop.

She has held offices in Student Council, FTA and NHS. She is co-editor of the LHS journalism staff, in the Kat Klub and has won sweater awards in English I, II and III. She has won two top ratings in ensembles at UIL band contests and has been in the All-Region Band two years.

A Girl Scout for 10 years, she has attained the rank of First Class Scout, the highest rank in Girl Scouting, and is president of the Explorer Post.

Her sponsor in the pageant is the Littlefield Rotary Club.

TANDY TALBURT

BOATING, SKIING, WADING and swimming were favorite forms of recreation at Bull Lake Sunday. The new restrooms are seen to the left, and new boat dock is at the right. These and other projects are being done by the city of Littlefield to improve the recreational area. (Staff Photo)

## Bull Lake Is A 'Busy Little Park'

By NILAH RODGERS

Bull Lake is no longer the lonely little lake it used to be. The busy little lake is a more appropriate term now.

Time was when a couple of boats on a weekend and an occasional boat during the week had the run of the approximately 500 acre feet of water at Bull Lake west of Littlefield. But no more.

On the Fourth of July there were 75 boats, 178 cars and 568 people on the lake, and Sunday there were 76 boats and 598 people. In early June last summer there were 92 boats on the lake on the same day.

"Those are paid people," Mrs. Buck Ross added, "not counting children under 10."

Mr. and Mrs. Ross have been in charge of the lake since the city of Littlefield took the lake over as a city park last June. Proceeds totaling \$6,702 were collected last year. All of those funds have been put into lake improvements.

"It's such a wonderful place to bring children to picnic," Mrs. Ross said. "And the people who come out here are just wonderful. They clean up around their campground and there is very little picking up to do."

Mrs. Ross said her faith in young people grows the more she is associated with the youth who come out to the lake. She cited an example of four boys who had been at the lake the day before.

"They were really young men, rather than boys," she corrected. "A man backed his pickup and boat off the ramp, and his wife and little kids couldn't get the boat and trailer out of the water. His wife came up here to our travel trailer to see if there was anyone who could help. I told those boys that man needed some help and they went down there and literally lifted that pickup and boat back on the ramp."

"The young people who come out here have fun, but it's good clean fun. I just feel safe knowing they're out there."

### Bus Trip All Set

The first scheduled chartered bus trip to view a presentation of "Texas" in Palo Duro Canyon is "full up", and the bus will leave the city hall at 4:30 p.m. today.

Passengers will board the bus at 4:15 and the bus will leave promptly at 4:30.

The trip is being sponsored by the Littlefield Chamber of Commerce and Agriculture, and the \$10 registration fee includes the costs of the round-trip bus ticket, reserved show tickets to the play, and the evening meal.

"If there is enough interest, we will charter another bus at another time," stated Bill Payne, executive vice president of the C-CA.

The date for the next trip is to be scheduled later.

Since the city took over the lake, rest rooms have been added, a "really dandy" boat ramp and dock have been built, numerous trash barrels and a dumpster have been placed at the lake. Members of the beautification committee painted the barriers red, white and blue to add an attractive note.

Roland Bell's troop of Boy Scouts wanted to do something for the lake, so they set out trees around the lake. Of course they are still a little hard to see because of their size. "If we just had shade trees, it would be wonderful," Mrs. Ross added.

Bull Lake is one of very few natural lakes in West Texas. Mrs. Ross said she hopes the lake remains un-

### Organizations, Clubs Invited To Meeting

Representatives of all clubs and organizations in the county are invited to attend a Festivities Days planning meeting in the XIT Room of Security State Bank Tuesday evening, July 17, at 7:30.

Representatives are to present reports or plans as to how their club or organization plans to participate in Festivities Days, so that the two-day agenda may be set.

Prize tickets will be ready for distribution, and commissions on donations collected will be explained.

Benny Zahn and Billy Tom Grant are co-chairmen of the Festivities Days Committee.

## Jill Owens, Tandy Talburt Enter Miss Lamb Pageant

Two more have entered the Miss Lamb County Pageant to bring the total to nine at press time. Registration continues through Wednesday, and additional entrants will be announced in the Sunday edition.

Jill Owens and Tandy Talburt are the latest contestants.

Miss Owens is the 17-year-old daughter of Mr. and Mrs. Buster Owens of 129 E. 17th. The blond-haired, brown eyed miss is an LHS senior. She will do a dance routine for her talent entry.

Active in sports, she plays tennis, she is basketball team captain and made all-district forward. She went to regional in hurdles in track, was named Who's Who in both track and basketball, won the Outstanding Athlete's Award, and won the coveted All Wildcat Girl title.

Busy in school and extra-curricular activities, she participates in cheerleading, FTA, Kat Klub, GAA, is co-editor of the Wildcat Annual Staff, has been in Student Council four years,

commercialized so the same type people will continue to come out.

For the use of the lake a charge of \$1 is made for boats and each person over 10 years is charged 50 cents. Some come out just to swim or picnic, a few wet their fishing hooks, but most of the visitors come out to water ski.

Water enthusiasts who've skied on many lakes say Bull Lake is the best lake for skiing all over. Water is at the highest level it's been at in 20 years due to last year's rains. The depth has been measured up to 18 feet.

"Many a little fellow gets to come out here and camp out who couldn't go off and camp otherwise," Mrs. Ross said. A bus load of boys from the Boys Ranch at Pettit comes over often for a day or night of free camping and swimming. "I just wish everyone had an opportunity to work with people like that," Mrs. Ross concluded. "It gives you a new lease on life."

## School Trustees Discuss Budget

Discussion of the 1973-74 school budget took up most of the time of the Littlefield Board of Trustees Monday night as they met in their regularly scheduled session.

The board also approved the resignations of three instructors, accused the hiring of a curriculum director, heard reports on gasoline bids, mostly accounting, the kindergarten program, raised lunchroom prices and heard a report from High School principal Jack York on various policies.

Resignations were accepted from three elementary teachers: Mrs. Georgia Sullivan (first grade), Mrs. Mary Bryson (5th grade) and Mrs. Rod Jench (5th grade). Concerning replacements for these teachers, Supt. Paul I. Jones stated that "The Title I money has not been confirmed and that a recommended holding these places open in case the money does not come."

Jones also gave a report on his search for a director of curriculum and he stated that he had a very good applicant who would like to meet with the board. The applicant was presently finishing up his examinations for his Doctorate degree, and a time for the interview is to be set up.

Before going on to the next scheduled item on the agenda, the board heard from York concerning the present board policy on pregnant students and married students. Briefly described, the policy, number 5138 in the policy book) stated that married students could not hold a student office or participate in extracurricular activities and that pregnant girls could not attend school. York stated that similar policies from other schools had been tested in the courts of law and that they were deemed unconstitutional by the courts. On a split vote, the board voted to delete policy number 5138 with Doug Walden and Verner Birkelbach voting to retain it.

On another policy concerning the number of days students could be absent from school with excused absences when participating in stock shows, etc., See TRUSTEES, Page 5

## INNER-VIEWS

ELVOR SEZ: "Everything is relative. A 2-week vacation never seems as long as two weeks on a diet."

JIM RUSSELL, the talented columnist, recently wrote in The Belton Journal: "If there is anything about Watergate that hasn't already been written, I haven't read it."

While you're thinking that one over, consider what would happen if heads of state made pop calls instead of planned visits in other countries. More realistically, imagine a telephone call from Leonid Brezhnev, the Soviet leader, to President Nixon if Brezhnev had decided to visit the United States without letting anyone know in advance. Think it would have run something like this:

BREZHNEV: Hello, Dick. This is Leonid. I thought I'd drop over to see if there is anything we can cool off. . .uh, . . .uh, I mean end the cold war.

NIXON: Splendid idea, Leonid. But I need to make one thing perfectly clear: I wouldn't have caught me at a worse time. It's up to my neck in Watergate.

BREZHNEV: What's this Watergate business? Is it anything that can't wait? I'll let my domestic affairs block the visit when you came to Moscow last year.

NIXON: Yeah, but I let you know I was coming. How long are you going to be here?

BREZHNEV: It all depends. Just thought a drop-in call would tell more about the true state of affairs over here. Can't I come out to the house?

NIXON: Oh sure, by all means. We'll charcoal some hamburgers for dinner. Pat has been busy too, you know.

BREZHNEV: I wouldn't want to put her out. Why don't you just loan me Air

## Coleman-Akers Vows Exchanged At Olton

Kassandra Jan Coleman of Olton Route, Plainview and Lt. R. James Akers of New Mexico State University at Las Cruces, N.M. exchanged double ring wedding vows Tuesday night, July 3, in the First Baptist Church at Olton.

Rev. Truman Johnson of Plainview, pastor of the Valley View Baptist Church, officiated for the reading of the vows before an altar centered with an altar bench and candelabra flanked with emerald leaves, and flanked by pedestals with bouquets of red and pink gladiolas.

Parents of the couple are Mr. and Mrs. F. B. Coleman of Olton Route, Plainview, and Mrs. James D. Akers of White Sands Missile Range, N.M.

F. B. Coleman presented his daughter for marriage. She wore a gown of bridal satin, featuring the bodice and sleeves of miramist and the skirt of Shadon sheer. The Empire waist featured large long puffed sleeves. The bodice and sleeves were trimmed with embroidered white lace. She wore a self designed white hat with the long veil attached, and carried a bouquet of cymbidium orchid, nestled in cascade style red roses and pink carnations.

Mrs. Ron Hamilton of San Diego, Calif. was her sister's matron of honor. Miss Susan Gannon of Olton was the bridesmaid. They wore formal-length gowns of flocked polyester over pink taffeta with white background and pink, yellow and blue flowers. Their pink garden hats were tied with illusion net.

Miss Farla Burrows of Liberal Kansas and Miss Regina Sue Rowland of Garland were candlelighters.

Lt. David Peralta of New Mexico State University was

best man, and Lt. Steven Michelle of El Paso was groomsmen.

Ushering the guests to their seats were two of the bride's brothers, Sammy Coleman and Scotty Coleman, both of Olton.

Musical selections of "If", "We've Only Just Begun", and "Wedding Prayer" were presented.

For her daughter's wedding, Mrs. Coleman wore a multi-colored polyester sheer dress over pink taffeta, sheer sleeves and gathered formal-length skirt and white accessories.

Following the wedding, a reception was given in the Fellowship hall of the church.

Serving the traditional wedding cake and punch from the bride's table were Miss Wanda Blurton, Miss Jackie Minor and Miss Elaine Mitchell. Miss Marge Thomas and Mrs. Stanley Ebeling served from the groom's table.

For their wedding trip, the bride wore a pink pant suit with the corsage lifted from the bridal bouquet.

They will be at home at Fort Benning, Ga.

The bride is a junior at West Texas State University at Canyon, where she was majoring in special education. She was affiliated with the Angle Corp.

The groom graduated June 30 from New Mexico State University at Las Cruces, N.M., where he earned a degree in business administration. He was a member of Delta Sigma Pi business fraternity and Scabbard and Blade National Military Fraternity.

He was commissioned June 30 into the U.S. Army as second lieutenant.

MRS. R. JAMES AKERS

## Harry Heckard Is Honored On 65th Birthday, Retirement

Members of the Harry A. Heckard Sr. family had a family reunion Wednesday, June 27, to celebrate Heckard's 65th birthday.

Heckard also retired from Southwestern Public Service Co. on that date, after 25 years and 10 months of service for the company. He was a shift supervisor at Plant X near Earth.

Attending the celebration were Chief P.O. of the U.S. Navy and Mrs. Harry Heckard Jr. and their daughter, Shelley, of Cascade,

Md. where Chief Heckard is stationed at Camp David; and Mrs. Sharon Stumphy and children, Robert and Kim of San Francisco, Calif. Her husband is stationed on the U.S.S. Pigeon, a submarine rescue ship, and was unable to attend.

Also celebrating the occasion was Georgia and Gene Taylor and their young daughter, Casey Lea.

A surprise party was given for Heckard at Plant X by the plant employees.

## Bridal Shower Honors Couple

A bridal shower complimenting Dana Middlebrooks Ogletree was given in the home of Mrs. Billy T. Grant Thursday, June 21.

Special guests were Mrs. Dale Middlebrooks and Mrs. Malcom Ogletree, mothers of the couple; Mrs. Olin Powell, grandmother of the bride.

The serving table was laid with a white cloth edged in lace and centered with a yellow floral arrangement with candles. White snowball cakes and yellow punch were served by Sharla Grant and Regina Williams to the guests. Appointments were of crystal and silver.

The hostess gift was a set of gold club aluminum cookware, a matching electric percolator, a tea kettle and a range set.

## Senior Citizens Conduct Meeting

AMHERST — The Amherst Senior Citizens held a meeting at the Amherst Community Center Tuesday night, July 3, with Cone Elevator serving as sponsor.

Mr. and Mrs. Troy Tolbert served as hosts, with Mr. and Mrs. Jimmy Hufstler assisting.

Refreshments of Cokes, coffee, cookies and doughnuts were served to the 43 persons present.

Old-time fiddle and guitar music was provided by Charles Smith of Amherst, and Otis Witcher, Forrest Martin, Forrest Moore and Bill Dunn of Littlefield.

The next meeting will be conducted July 17, at 7:30 p.m. in the Amherst Community Center.

## LITTLEFIELD NEWS

MRS. J. B. McSHAN 385-4320

MR. AND MRS. Lester Short of Midland were in town Sunday to attend the funeral for Bud Lowe and visit with friends.

MR. AND MRS. L. E. Sullins of Lubbock, former residents of Littlefield, have been visiting in the home of Mr. and Mrs. E. C. Rodgers this week.

MR. AND MRS. Bobby Cunningham and family of

Abernathy spent the weekend with her parents, Mr. and Mrs. A. C. Bridwell, and visited his mother, Mrs. T. J. Cunningham.

MR. AND MRS. Abb Johnston of O'Brien visited in the home of her brother and wife, Mr. and Mrs. Wayne Barnett last week.

GARY EARL RODGERS of Watertown, N.Y. is visiting his grandparents, Mr. and Mrs.

E. C. Rodgers. MRS. NORMAN DERSON of Bryan is in the home of her husband, Mr. and Mrs. J. Wicker.

MR. AND MRS. Perkins and family of Amarillo attended Lowe funeral Sunday.

MR. AND MRS. Mitchell and girls are in Amarillo of Mrs. John Fulling.

MRS. NANCY and daughters, Lisa and Carol, have been in Ft. Worth with her Mrs. J. E. Caldwell.

MR. AND MRS. Pa Jr. have as their guest sister and nephew Robert Lewis and family of Houston.

MRS. WYLEY has as guest her sister Mrs. Vera Welch of Ft. Worth, and weekend her son and family, Mrs. Garland Thomas of family of Tahoka.

DR. AND MRS. and children, Donna and Glenn of San Bernardino, Calif., former residents of Littlefield, visited with Rhoda Price and other Monday. They were on way to New Braunfels.

Her daughter-in-law Stephen Cox of Littlefield, accompanied her.

SAM AND LINNIE of Bernet are visiting grandparents, Mr. and Mrs. Elton Hawk.

MRS. G. R. ELY of Slaton visited with her brother-in-law and wife, Mr. and Mrs. Key Ely.

MR. AND MRS. Keener, Mr. and Mrs. Douglas, Mr. and Raymond Denney, Mr. Mrs. Elmer Hall of Littlefield and Mr. and Frank Bingham of Lubbock spent the Fourth at Red.

MRS. RUBY SULL visited Sunday in Littlefield visiting her brother and Mr. and Mrs. Elmo De.

MR. AND MRS. Crawford were in Mar Okla., the past weekend attending a school reunion.

MR. AND MRS. Grizzle of Arch, N.M. visited his parents, Mr. Mrs. L. G. Grizzle.

MR. AND MRS. Johnson spent the weekend their home in Rudson.

MISSES DEBBIE and Mitchell are spending week in Amarillo as guests of their aunt, Mrs. Fullingam.

GUESTS SUNDAY at home of Joella Lovvorn her brother and family, D. Lovvorns of Farwell.

MR. AND MRS. Jackson and family of Hill visited several days Mrs. Jackson's aunt, Bertha Hart.

REV. WALLACE Snyder, former pastor of First Methodist Church Littlefield, returned home Wednesday.

Methodist Hospital in Littlefield where he underwent surgery.

MRS. JOEL THOMPSON Sudan, former resident of Littlefield, is a patient at Amherst Hospital.

## Vacation Bible School To Begin Next Week

The Missionary Baptist Church 8th & XII, will conduct its Vacation Bible School July 16-20.

The classes will meet from 9 through 11:30 each morning and will consider some of the most unusual men of the Bible under the theme of "God's Astronauts."

The church invites young people and children of all ages to participate in the singing, refreshments, and Bible Stories.

The Bible school faculty includes: beginner department: Mrs. Barbara Richardson, Mrs. Zan Stovall,

and Mrs. Kathy Williams; primary department: Mrs. Teresa Williams, and Mrs. Billie Gilbert; junior department: Mrs. Anita Turvaville, Mrs. Billie Black, and Mrs. Ruan Richardson.

The pastor, Rev. Ronnie Williams, will be teaching the junior high young people.

The general secretary will be Mrs. Zan Stovall, and in charge of the refreshment committee is Mrs. Bill Taylor.

Free transportation to and from the school will be provided by the church and can be arranged for by calling 385-4900.

GENE DAVIS of Lubbock, left background, instructed members of the Littlefield Art Club in oil painting techniques during a two-day workshop in the Reddy Room Monday and Tuesday. She brushes on a detail for one of the members, while others continue work. (Staff Photo)

## AC Summer Session Starts Monday, July 16

Registration for the second summer session at Amarillo College will be held beginning at 9 a.m. Monday, July 16 in the Biological Sciences Building on campus.

A late registration fee will be charged students enrolling after Monday. Last day for enrolling will be July 20.

Classes will be held from Tuesday, July 17 through Aug. 17 with most class periods running 90 minutes daily Monday through Friday.

A total of 878 students took classes at AC in the first six weeks' session, which ends Friday, July 13.

Registration for the fall semester will be conducted Aug. 29-31. Classes will begin Tuesday, Sept. 4.

A list of course offerings for summer school, as well as application forms and ad-

ditional information, may be obtained from the registrar's office in the Administration Building on the AC Washington St. campus.

Mrs. Baird baked her bread the old-fashioned yeast-rising way for wonderful flavor and soft texture.

Today her family still uses that baking method... because they still care about quality.

### Bill Nelson Named Top Jaycee

Bill Nelson, a former resident of Littlefield, was chosen as "Jaycee of the Month" for June in Ozark, Ark. A director of the Ozark Chapter, Nelson, during the month of June, was co-chairman for Ladies' Night, worked in a stand at the summer carnival, played on the Jaycee softball team, and assisted the Jayceettes with the summer youth recreation program.

A 1968 graduate of Littlefield High School, Bill received his Bachelor of Business Administration degree from Texas Tech University in August, 1972, in the field of economics. At present he is associated with Cunningham-Nelson Chevrolet.

The son of Mr. and Mrs.

Ralph Nelson of Ozark, he is married to the former Charyl Lasiter.

Mrs. Nelson, a 1969 graduate of Littlefield High School, is the daughter of Mr. and Mrs. Robert L. Lasiter of Hereford.

She was graduated from Texas Tech University in December, 1972 with a major in child development. She did graduate work at Arkansas Tech in Russellville, Ark. in the spring of 1973.

An active member of the Ozark Chapter of the Jayceettes, she is director of the summer youth recreation program.

**VACATION TIME**  
A vacation must fit the individual, his resources and needs.

SEVEN LITTLEFIELD youngsters attended the third annual West Texas Choral Music Camp in Canyon and presented a concert June 30. Scattered throughout the massive group of students from all over the Panhandle are Shawna Barker, Shelly

Bitner, David Blevins, Kevin Gardner, Jan Sisson, Karen Walker and Michael Williams. (WTSU Music Camp Photo)

### Kay Hathcoat Is Honoree For Shower

A bridal shower was given for Kay Hathcoat, bride-elect of Forrest Baker, son of Mr. and Mrs. R. H. Baker of Morton.

Kay is the daughter of Mr. and Mrs. David Hathcoat of Wimbaboo.

The shower was given in the home of Mrs. Charles McDermitt in Morton. The table was covered with an ecru linen tablecloth. The centerpiece was an arrangement of blue pom poms and white babies breath. Homemade cookies, yellow punch, coffee, mints and nuts were served.

The honoree was assisted while opening her gifts by her future mother-in-law, Mrs. Nadene Baker. Susan Baker registered the gifts and Beth Howton registered the guests as they arrived.

The hostess gift was a set of stainless cookware. Hostesses were Mrs. McDermitt, Edith Linder, Dorothy Bedwell, Wilma Morrison, Dutch Elliott, Ruth Gipson, Betty Jones, Ethel Harris, Beth Gandy, Peggy Hodge, Faye Dell Turney, and Mrs. Roy Lewis.

Kay and Forrest will be married at Pine Street Baptist Church July 28 at 4 p.m. Kay is a senior at East Texas State University and Forrest is serving with the U.S. Army at Ft. Bliss. He is the grandson of Mrs. Alma Altman.

### JET AGE SEWING

MRS. FRANCES JONES

Pleats are popular again. They call for skill and special attention, although they are really not difficult to handle. Usually the most trouble is in making a pleated section fit correctly to the body or to another garment section. Standard types are knife-edge, inverted, or box.

The garment pattern usually gives markings and clear instructions. Checks or plaids in the cloth will necessitate that the pleating arrangement be changed in order to create the best effects with colors and lines, but this is not difficult because the lines of the design will enable you to make a new pleating pattern without trouble.

Create the effect you want, either light or dark, by placing selected colors on the top folds.

Follow the makings accurately, lay the pleats as directed, and press lightly. Baste or pin the pleats at the top. They can be adjusted in fitting by shifting a thread or two on each pleat. Press only lightly until the hem is turned up, after which you can press heavily for permanence.

Press first from the back side. Add steam by means of a damp cloth or a steam iron, remove the iron and press cloth, and quickly apply a wooden beater. A length of any thick and flat board will do if you have to improvise. Hold the steam in the cloth with the board until the desired crease is set.

In pressing, use a lowering and lifting motion with the iron and not a back and forth motion as in ironing because this will stretch the pleats.

Use this method of pressing on the top side as well as underneath. Use the beater a few times in your pressing and you will find yourself using it regularly. Also, you do not want the imprint of one pleat to show on the next pleat so place a strip of paper between when you press.

On a straight skirt it is best to turn the hem up before laying the pleats. If the skirt length must be changed after the pleats are permanently pressed it is best to make the alteration at the top of the pleated section.

As you can see, shortening will be less of a problem than lengthening. To lengthen, consider adding a yoke or band at the top since this will be easier than to molest the hem and try to remove stubborn creases.

In some cases a contrasting band can be added at the bottom.

If you have to alter stitched-down pleats that hang from the waist this suggestion will

### Writing Course Set Aug. 1-3

Louise Bogness of San Mateo, Calif., will teach a creative writing workshop Aug. 1-3, in the Flame Room of the First National-Pioneer Building, 1500 Broadway, Lubbock. Sponsored by the South Plains Writers Association, the three-day meet is open to anyone interested in writing for publication.

Duplicate classes will allow working authors to attend with the same material presented from 9 a.m. to 11:30 a.m., and evening classes from 7 to 9:30 p.m.

Included in the instruction will be: Writing the Short Story, Magazine Article Writing, and Marketing. An acknowledged expert in marketing, Mrs. Bogness will devote approximately one-third of the workshop to choice of publishers, query letters, and how to handle rejection slips. Afternoon conferences with Mrs. Bogness will be available by appointment only.

Fee for the three-day course will be \$30. Pre-registrations and appointments for private conferences will be taken by Nancy Cooley, 6012 Vernon, Lubbock; phone 747-4953, or Rita Lynch, 5101 41st St., Lubbock; phone 799-4850.

## Moon Walk Day

THE MOON first felt human life rustling about on its surface July 20, 1969, 4:17 p.m. EDT, when two U.S. astronauts descended in the lunar module, "Eagle."

July 20 became known as Moon Walk Day, and it is certainly one date that will remain emblazoned in the minds of all who were able to watch the dramatic event on television.

ON THAT HISTORIC day, pilot Michael Collins orbited the moon in the

command module, "Columbia," while Neil Armstrong and Edwin Aldrin, Jr. explored the moon. The duo's entire stay on the moon lasted 21 hours, 36 minutes and 16 seconds, and the actual moon walk initiated by Armstrong, was 2 hours, 15 minutes in length.

The potential spin-off benefits from this venture, added to the overall contribution the national space program has made to U.S. industrial life throughout the years, are tremendous.

you could get me a Lincoln Continental this time.

NIXON: I could have if you had told me you were coming, but I'll be lucky to get a Mustang on such short notice. Sorry about Camp David. Henry Kissinger's having a party there this weekend.

BREZHNEV: Well, maybe I could spend the night at the White House and go on home tomorrow since everything is in such a mess.

NIXON: Normally, I'd say "yes" to that, but this time there is too much dirty linen at the White House. Maybe I could arrange a suite for you at the Watergate.

BREZHNEV: You're bugging me, now. I'll just go on home tonight.

## INNER-VIEWS

Continued from Page 1

Force 1 and I'll fly out over the Grand Canyon. All countries have one of those but some of them have vegetation that makes them much prettier.

NIXON: Oh, is that right? Sorry about Air Force 1, but it's in the shop for a new upholstery job. You can use my Cessna 150 if you want.

BREZHNEV: Too many in my party for that. Maybe we can just run down to Camp David for the weekend while you get things in order. Then we can talk about the Cold War next week. By the way, I liked the Cadillac you brought me last year so much that I thought maybe

## Beards Are Growing For Lions' Contest

Men who are ordinarily seen around Littlefield as clean-shaven, are grooming, shaping and pampering some form of facial hair since the Lions Club's beard contest began July 1.

The winners of six categories will be named at about 7:30 p.m. Saturday, Aug. 25, just before the eight prizes are given away near the close of Festivities

Days activities.

James Lackey is chairman of the beard contest and Clinton Byers is assistant chairman.

Facial fuzz will be judged for winners of the ugliest beard, longest sideburns, most colorful beard, longest beard, best all-around beard and neatest mustache.

## Girlstown, U.S.A. To Have Anniversary

Girlstown, U.S.A., which is located nine miles south of Whiteface, will celebrate its 24th Anniversary July 15.

All are invited to attend the celebration which begins at 2 p.m., with an open house, according to Allen Cooper, executive director.

Tours of the facility will be conducted by the girls for all who wish to see their "home."

Refreshments will be served, and a

short program will be held at 3:30 —with the coronation of Miss Girlstown, U.S.A., 1973-74 highlighting the program.

"Then it's a barbecue that will follow at 4 p.m. The barbecue will be prepared by the Littlefield Volunteer Fire Department as only they know how!" stated Cooper.

Hostesses for the festivities are L. Allegro Study Club of Morton and Beta Sigma Phi Chapters of Lubbock.

## Morning Lions Club To Receive Charter

A morning Lions Club will receive its charter Tuesday morning at 7 during a meeting at the new Tasty Taco.

Ed Skypalar of Austin, state secretary for Texas Lions, District Governor Kip Cutshall of Littlefield, and District Extension Chairman Don Taylor of Plainview, will be in Littlefield to organize and present the charter for the new club.

Persons who sign up Tuesday morning will be the charter members, and a slate of officers will be elected.

The Littlefield noon Lions Club, with Doyle Patton serving as president, is sponsoring the new club.

The noon club was chartered June 24, 1940 and Tom Hilburn is the only charter member who is still active in that club.

## Personal Injuries Averted In Freak Accident

An Olton couple, an office employee and a customer narrowly escaped injury in a freak crash in Olton Thursday morning.

Mr. and Mrs. J. C. Roberson hadn't even planned to stop at the Southwestern

Public Service Office, but that's where they wound up after their car jumped the foot-high curb and crashed through two plate glass windows and hurtled inside the SWPS building.

The office of manager Melvin Rabe was demolished in the shattering crash. The car came to a stop at a partition 22 feet from the office front. Neither the Robersons nor Berniece Davis, a SWPS employee, nor a customer Henry Cowart were hurt.

Mrs. Davis and Cowart said they thought there had been an explosion until they saw the car. Mrs. Davis' desk which was behind the interior wall was shoved back until there was just a small amount of space between the desk and a partition wall at her back.

Extensive damage also included tile floor covering, an office counter, the partition wall and a water heater which was on display.

City Marshall Ped Hunt estimated damages to the SWPS office at \$5,000.

THERE'S ONE WAY to cool off during a hot summer day, and Joachim Duran, 4-year-old son of Mr. and Mrs. Marcelino Duran of Littlefield, finds that a cool drink (or shower) from the garden hose helps a lot during a play break. Not only does he get a drink, but the colorful gladiolas in the flower bed get a soaking too. (Staff Photo)

## OBITUARIES

### WILLIAM A. GOLDSTON

Services for William Arthur Goldston, 64, of Littlefield, who died at 8:20 a.m. Sunday, July 8, at Medical Arts Hospital, were conducted Tuesday afternoon at Parkview Baptist Church.

Officiating was the pastor, Rev. R. N. Tucker. Burial was in Littlefield Memorial Park with Hammons Funeral Home in charge of arrangements.

Goldston was a retired farmer and had lived in the Littlefield area 49 years.

Surviving are his wife, Gladys; a son, James Goldston of Amarillo; a daughter, Rosalee Smith of Amarillo; three brothers, Cecil Goldston of Phoenix, Ariz., James Goldston of Modesto, Calif., and Willis Goldston of Odessa; four sisters, Earlene Dickerson of Amarillo, Carrie Rich of Dimmitt, Fanny McCain of Odessa and Hazel Dupler of Pettit; and six grandchildren.

### EULA MAE ODEN

Services are pending at Franklin-Bartley Funeral Home in Lubbock for Mrs. Eula Mae Oden, 65, of Lubbock, who was dead on arrival about 7 p.m. Tuesday in West Texas Hospital.

Mrs. Oden had been a Lubbock resident six years, going there from Levelland. She was a former longtime resident of Post.

Mrs. Oden was a member of Victory Baptist Church in Lubbock.

Surviving are two sons, Bobby Dean Oden of Lubbock and Don Oden of Antton; two daughters, Mrs. Charles Billings of Lubbock and Mrs. Brace Hicks of Panhandle; five brothers, Tommy Morgan of Eastland, Leonard Morgan of Kermit, Horace Morgan of Hobbs, N.M., Merlon Morgan of Levelland and Eddie Morgan; a sister, Mrs. S. E. Lightner of Amherst; 15 grandchildren and three great-grandchildren.

### MARGARET K. NAFZGER

Services for Mrs. Margaret Katherine Nafzger, 93, of Olton, who died at 9 p.m. Sunday, July 8, at Westgate Nursing Home in Hereford, were conducted Tuesday morning at St. Paul's Lutheran Church in Plainview.

Officiating was Carl Gaertner of Dallas. Burial was in the Olton Cemetery with Parsons Funeral Home in charge of arrangements.

Mrs. Nafzger, who came to the U.S. from Switzerland in 1893, went to Olton in 1913 from Wisconsin. She was a member of St. Paul's Lutheran Church in Plainview.

Surviving are three sons, Arthur Nafzger and Paul Nafzger, both of Olton and Ralph Nafzger of Plainview; two daughters, Mrs. Esther Springer of Hereford, and Mrs. Lillie Laura Krugler of Giddling; 23 grandchildren and 37 great-grandchildren.

### JUANA HERRERA

Funeral services for Mrs. Juana Herrera, 53, of Brownfield, who died about 8:30 a.m. Tuesday, July 10, in Brownfield General Hospital following a lengthy illness, are set for 10 a.m. today in St. Anthony's Catholic Church in Brownfield.

Burial will be in the Brownfield Cemetery with Brownfield Funeral Home in charge of arrangements.

Mrs. Herrera was a native of Balmorhea and went to Brownfield about two and one-half years ago from Hackerman, N.M.

Surviving are her husband, Santana Herrera of Brownfield; two sons, Daniel Herrera of Hackerman and Bobby Herrera of Brownfield; eight daughters, Mrs. Manuel Patino of Odessa, Mrs. Lupe Rodriguez and Mrs. Ramona

Some of the district chairmen and workers in the background are, left to right, Mary Jo Weige, Pixie Weige, Debbie Cutshall, Mrs. Jim Jones, Yvette Gallegos and Mrs. Hope Gallegos. (Staff Photo)

## THE ABUNDANT LIFE

### Less Impatience

By BOB

LESS IMPATIENCE will do as much as any one other thing to improve all human relationships. So far as I know, "impatience" is never able to function as a virtue, but often as a vice.

Many of us know, from our own experiences, how much strain and stress can be generated by impatience.

We have seen and felt the loss caused by our restlessness and short temper, and we know how very easy it is to express our irritation by being impatient.

THE RUSH OF present-day living contributes to our impatience, unless we consciously and constantly protect ourselves. We may not be able to stop or even slow down the rush, but we can manage ourselves so that we do not react to it by being impatient.

If we do permit ourselves to become impatient, we only make an undesirable situation worse. In addition to this, we make ourselves less capable of coping with the situation.

The point is, we can manage ourselves so that we remain calm enough and patient enough to handle many things which would otherwise get out of control.

IMPATIENCE HURTS US. It makes us speak and act too quickly. Anxiety becomes more intense, and much of our anxiety is caused by our impatience. This is not all. When we are impatient, we are almost overcome by frustrations, disappointments, confusion and strife.

We cannot see the true view of a situation, as long as we are everything through the fog of impatience.

WE SACRIFICE QUALITY because we are impatient, because we will not take the time or have the mind to do so. We do not save time, and we function well under the pressure of "impatience."

The assumption that "impatience" is a time-saver is faulty, because an attitude does not enable us to get the most out of our time. It causes the opposite. This, in turn, contributes to loss of quality in both our work and living; and in everything else.

"IN ALL EVILS" which will remedy, "impatience" will not save necessary time, or effort, or preparation.

It also keeps us so upset that we are not able to do the sound and sensible thinking and planning essential to worthwhile accomplishment.

"ONE OF THE GREAT" drawbacks to success is the American trait of "impatience" of us would like to accomplish things right-away-quick." "Zu

LESS IMPATIENCE will make more effective individuals, and improve our associations with others.

## HONNY GRITS

By CORNBALL BLEVINS

NOTICE OUR PAPER won another first in certain divisions of reporting. Didn't say a word about the editorial page.

I'm sure Turn Row has to be responsible for this! He makes with a bunch of two-dollar words, and winds up misspelling them! The word is CuprEous, Turn Row!

\*\*\*

GUESS I'M A KIND of unstable person when the chips are down. Few days ago I was sure I was rooting for Chris Evert to put the finishing touches on Mrs. King in the Wimbledon tennis finals.

However, by the time the match had started, I found myself pulling for "The Old Lady of Tennis" as Mrs. King calls herself. Couldn't figure out why, unless my sympathies are with the old folks. (She's a ripe old twenty-nine.)

Guess that isn't too surprising, though. Shux, I still root for the faltering Arnold Palmer when he appears in a golf match, and I'm sure it's not because I think he needs the money! Nostalgia? Maybe, but anyway, the youngsters still have time.

\*\*\*

SOME DAYS AGO, I was chatting

## Turn Row

## COMMENTS

By EMIL MACHA

COTTON IS KING again in 1973 with short supply pushing prices to high levels. Noticed that the cotton contract price is now up to 2300 points above the loan price or in the vicinity of 42-43 cents a pound.

If you ask me, this is too high. It would be a lot better if the farmer could average 35 cents each year, thus not creating a surplus or a shortage and we could compete with the world market.

If the price goes up to the 40 cent price range, American cotton will be overpriced in the world demand. In other words we will price ourselves out of business.

World cotton production in 1972-73 was a record 59.4 million bales with foreign production down one million bales from the 1971-72 record and the U.S. production up 3.2 million. Foreign consumption and demand on U.S. cotton for export has been strong in recent months.

Domestic mill consumption of cotton is down nearly half a million bales from 1971-72 to an estimated 7 3/4 million bales of 480 pound net weight. At the same time, man-made fibers spun on cotton-system spindles are running sharply ahead of last season and the

domestic textile industry is better

\*\*\*\*

FOR YOUR INFORMATION 10 per cent of the land on this area estimated to be harvested this year feed the entire population.

About twice that much is planned food, but when harvest time comes about half will be destroyed by weather elements. A farmer really has his cut out for him.

Wonder what would happen if we would go on strike for about six months like some of the labor unions? Think something to think about and it could be a frightful experience.

\*\*\*\*

A NEW FARM PROGRAM is being way and may be delivered to Mr. Nixon by the end of July. The drive for an extension of the current program, with insurmountable opposition from the Administration and in Congress. What finally passes will probably be called "an extension of the 1969 program" by some, but you'll be hard put to see the connection.

The Senate has passed a bill and House Ag Committee has made a report, now slated for full House consideration soon after the July 4th. Both bills are based on a new "price" system. All important details still in question, but it looks like a price-type bill is what we'll have in the smoke clears.

\*\*\*\*

WONDER HOW MANY of you interpreted our last quote as a penny saved is a penny earned?

SEEMS STRANGE, we spend two years of a child's life teaching walk and talk, then the next 12 years so trying to get it to sit down and

PEE WEE LEAGUE  
**BASEBALL**

The Tigers beat the Chiefs in Pee Wee action as Freddy Hernandez pitched a five hitter. Vernon Williams was the losing pitcher. For the Tigers, Tim Streeby and Oscar Torres had singles, Ronald Hernandez got a double and Adrian Solis hammered out a single and a double. For the Chiefs, Randy Kemp and Scott McAnally each got two singles and Eric Mendoza got one single.

**MICHAEL COTTER** makes a slam into center field during the bottom of the second inning of the game between Littlefield All-Stars and Dimmitt All-Stars in the Junior Babe Ruth Tournament Monday night. The Dimmitt center fielder caught the fly ball. (Staff Photo)

**BOATING SAFETY**

1. Check your boat out before launching it. Take advantage of the free safety checks offered by the Coast Guard Auxiliary or use an approved checklist.

a. The Texas Water Safety Act requires that all boats carry an approved flotation device for each passenger.

b. The law also requires that all power boats (except small, open boats specified in the act) carry fire extinguishers. Inboard motors must have backfire flame arresters on the carburetor.

c. The law specifies proper lighting for all sailboats and powerboats.

d. All motorboats more than 16 feet in length must carry a whistle, horn or other sound-producing appliance.

2. Take no chances with rough weather. Spring storms are particularly unpredictable. If the sky looks threatening, stay ashore. If inadvertently caught in a storm, don't lose your nerve, head into the wind and toward the nearest sheltered shore. Stay calm.

3. Don't overload. If a boat seems overloaded, it probably is and should not be taken out.

4. Know your boat's limitations. Don't show off. Don't take unnecessary chances.

5. If your boat capsizes or is swamped, stay with it. If you are involved in a collision, render assistance.

6. Know distress signals. In a small boat, by day, slowly raise and lower outstretched arms. On larger craft, give four blasts on the horn, fly the National Ensign upside down or use smoke. By night, flashlights, flares, rockets or controlled fire should be used as signals.

7. State law requires that children under 12 wear approved flotation devices. Such devices, whether vests or life preservers, must bear a United States Coast Guard approval number on their label.

With an increased number of water skiers on Texas waters each year, the possibility of accidents looms larger. The Texas Safety Association asks that both skiers and boat drivers pay attention to safety rules.

**... TRUSTEES**

Continued from Page 1

York recommended a longer period of time than was stated in the policy handbook. After a brief discussion on this matter, it was determined that the number of days had been extended in previous years, but the change was not noted in the policy handbook.

On a split vote, Hench was awarded a \$279 raise with Doyle Winfield and Batson voting against it.

On another salary increase that was formally acted upon by the board, school bus drivers were unanimously awarded a \$1.20 per day increase. This increased their salaries from \$4.80 to \$6.

The board set the public hearing date on the '73-'74 budget as Aug. 13.

Jones reported that 67 children had pre-registered for kindergarten and he expected the final figure to be larger. There are three teachers contracted for teaching kindergarten.

A four-to-two vote by the board increased the price of meals in the cafeteria. The new prices are 50 cents for students up through the fourth grade and 60 cents for those in the fifth through the 12th grades.

York then presented to the board a proposal to have the school lease an automobile on a yearly basis to be used on school trips when a school bus is unfeasible. York explained that when a small group is going on a trip, the responsibility of providing an automobile falls upon the shoulders of the sponsor and he stated, "this is very unfair to the sponsors, because reimbursement for gasoline

does not come close to paying for the wear and tear on their personal automobiles."

The board unanimously approved this proposal and granted that York could have personal use of this automobile on a plan similar to the superintendent and athletic director. This plan calls for a lease agreement of \$600 a year with an automobile dealer with the school paying \$400, and the individual paying \$200 yearly plus supplying the insurance.

**WATER-SKIING SAFETY**

1. State law requires that ski boats be equipped with a rear-view mirror and that a ski boat always carry one passenger in addition to the driver. His job is to observe the skier at all times.

surrounds the visitor to our home. This atmosphere of serenity in our environment is a source of inspiration to the bereaved.

**HAMMONS FUNERAL HOME**

**Babe Ruth All Stars Win First Two Games**

Through Tuesday night's games, the Littlefield Jr. Babe Ruth All Stars had won two games and were scheduled to meet Olton, Wednesday night.

In a game that went into extra innings Monday night, the Littlefield All-Stars pulled out a squeaker over Dimmitt by the score of 4-3.

Scoring first in the bottom of the first inning, Littlefield held their one run lead until Dimmitt scored one in the top of the fifth. Unable to score in the fifth inning, Littlefield kept Dimmitt scoreless in the sixth but in the bottom of the sixth, Littlefield added two big runs to take a 3-1 lead into the top of the seventh inning.

Faced with a loss unless they came up with some runs, Dimmitt rallied and tied the score at 3-3. Littlefield was not able to score in the bottom of the seventh so this set the stage for the extra inning ball game.

Dimmitt was scoreless in the top of the eighth and at the end of 7 1/2 innings, the score was still tied. In the bottom of the eighth, Bill Turner got on with a walk. Then Doug Perrin came to bat and pounded a single to advance Turner to third. With runners on first and third, Mike Cotter singled in Turner with the winning run to make it 4-3.

The winning pitcher was Jerry Williams and the loser

was Rafael Navarro. Ray Vargas had three singles for Littlefield, while Perrin and Cotter singled, as did Richard Holley and John Marquez.

In the Tuesday night game, the bats were connecting for Littlefield as they pounded out a 9-0 win over Muleshoe. Bill Turner was the winning pitcher as he tossed a three-hitter.

Doug Perrin and Danny Martinez each got a single and a double Tuesday and Ronald Parmer hit for two singles as did Kyle Martin. Contributing singles for the winning cause were Ray Vargas, Ralph Mendez, Bill Turner and Mike Cotter.

In 13 year-old action, the Littlefield All Stars lost to the Muleshoe team by a score of 10-4. Billy Vinson was the winning pitcher for Muleshoe with Rudolf Smith the loser.

Bradley Allen led Littlefield with three singles while Greg Moreland got a two-bagger. Rick Hill, Jeff Birkelbach, Rodney Hall and Duane Hayes all added singles.

In other action, Olton beat Plainview 10-3 and Plainview then beat Dimmitt 6-5.

**ALMO All Stars Announced**

Amherst-Sudan and Morton lead the 1973 ALMO Sr. Babe Ruth All Star Team with four players each while Littlefield, Muleshoe, Olton have three players on the elite team and Dimmitt has one representative.

Making the team from Littlefield are Kelly Pratt, Randy Wesley and Bobby Matthews; from Olton, Alan Carson, Billy Walker and Tim Givens; from Muleshoe, David Faver, Don Long and Gary White; from Morton, Barry Key, Bryant Lewis, Billy Dean Joyce and Ted Thomas; from Amherst-Sudan, Mark Hanna, Roby Lynn, Don Noles and Richard Tamplin. Dimmitt's representative is Robert Mayberry. Coaches are A. W. Hedges, John Stiles and Hub Cadenhead.

The Sr. Babe Ruth Tourney will be held at Olton July 17-21. The ALMO teams will play South Plains Tuesday, July 17 in their first outing.

**CHEERLEADERS** for Spade High School for 1973-74 are, left to right, Jan Glazener, senior; Sherry McCoy, senior; Brenda Hopper, senior; Cheryl Holmes, sophomore; and Sharol Wallace, junior. They attended the High Plains Cheerleading School on the campus of Lubbock Christian College, and brought home "Honorable Mention" and "Excellent" ribbons, as a result of evaluation. (LCC Photo)

**You are invited . . . to good times, good food . . .**

... in your own backyard with an outdoor gas grill and gas light. You can cook up a party at a moment's notice, because a gas grill is ready to cook in minutes. And it's so easy to cook on because you can control the heat. With a gas grill there's no charcoal mess, and you still get that delicious, outdoor char-broiled flavor that comes from the smoke of meat juices dripping on permanent ceramic briquets.

Besides the good times you'll have cooking out, you enjoy the convenience of having a gas grill. You'll probably find yourself cooking on it just because you wanted to get out of the kitchen or didn't want to mess up the broiler of your kitchen range.

## COTTON TALKS

PLAINS COTTON GROWERS INC.

Standing acreage of cotton on July 1 in the 25 High Plains counties surrounding Lubbock is estimated at 2,828,000, almost 8.7 percent above the 2,602,000 acres standing on the same date last year and the largest acreage in cotton since 1952's all-time record of 3.9 million.

Lamb County has an estimated 180,000 standing acres for 1973, compared to the 172,600 acres planted in 1972. The 1972 yield per harvested acre for 1972 was 369-pound bales from 144,400 harvested acres—a total of 110,900 bales.

The estimate was compiled by a joint committee of Plains Cotton Growers, Inc. and the Lubbock Cotton Exchange after gathering information from a variety of sources all over the Plains. The committee agreed that probably about 2,843,000 acres were originally planted to the snowy crop this year, with some 15,000 acres lost to hail, high winds and lack of moisture.

Initial plantings in 1972, according to the Texas Crop and Livestock Reporting Service (TCLRS) came to 2,657,800 acres, a figure which weather conditions by harvest time had whittled to 2,356,400.

Official figures on acreage and production of the 1972 crop became available at the same time PCG and LCE were making this year's first cotton estimate. Final production from the 25 Plains counties in 1972 came to 2,242,850 bales of 480 pounds net weight, an average of 457 pounds per harvested acre, the TCLRS report said. Farm-level value of this production, including lint, seed and price support payments, is calculated by PCG to have been something over \$440 million.

The joint PCG-LCE committee, beginning August 1 will issue production estimates on the Plains crop each month through December 1. The final production estimate made by the committee December 1 last year was for 2,012,000 bales, 230,000 bales short of the actual turnout shown by the TCLRS.

The committee, while not yet making an official guess at this year's production, agreed that as of now prospects are still good for a high yielding crop. However the entire area is in need of rain following the driest May and June in recorded Plains history, and hopes for a good year could rise or fall drastically as July weather unfolds.

## FARM TAX-SAVING TIPS

Farmers can save on income tax during the summer by paying their children for farm work and combining vacation and business trips, says an economist for the Texas Agricultural Extension Service. Child wages can be deducted and the children still claimed as dependents if a farmer provides more than half their support. A child will not have to pay income tax if he earns less than \$2,050. Business-related expenses from a business-vacation trip are deductible as long as business is the primary purpose of the trip. Only the farmer's expenses, not those of the entire family, are deductible.

## NEED MORE WATER

During hot weather or strenuous exercise, a person needs more than the recommended 6-8 glasses of water throughout the day.

## Soybean Production Tests Conducted

One of the area's largest soybean varieties production tests will be continued at the High Plains Research Foundation.

According to Dr. Doug Owen, senior agronomist, more than 1,200 single row progeny selections for the 1972 soybean nursery will undergo further testing in search for desirable agronomic characteristics for future soybean generations.

The soybean nursery at the

High Plains Research Foundation has produced three soybean varieties—Hinn, Patterson and HP-963—used by High Plains farmers.

Outlining other soybean tests, Dr. Owen said 36 entries from the USDA Regional Variety Tests were placed in three maturity groups of twelve strains each. Kent, Hill, and Lee 60 are the standard varieties for groups IV, V, and VI respectively.

Also in cooperation with USDA, a 36 variety test to identify and select experimental lines that are resistant to seed coat rot caused by soybean necrotic wilt virus will be established. Owen said.

Soybean mosaic virus receiving increased attention in research studies. Owen determined if seed source change the effects of the virus. The test contains 108 experimental strains, Dr. Owen said.

# Rain Sorghum Disease Howing Up In Fields

Small dwarf mosaic virus (DMV) has begun to show in sorghum fields across South Plains. Reports are that some producers are trying to control the spread of DMV by spraying with insecticide to control the disease carrier, the corn leaf aphid, according to area plant pathologist Dr. Robert Berry of the Texas Agricultural Experiment Station.

DMV is a severe sorghum disease occurring throughout the midwestern and southern states, said Berry. Symptoms appear on leaves as a mottled mottle of light and dark green areas. Malformed heads, reduction in head size, sterility, and reddish discoloration of the heads are among late appearing symptoms. Susceptible plants infected early in the season can die to head. The red leaf symptom is dependent on cool temperatures for a period and usually associated with DMV.

Reports that spraying with insecticide to control the spread of the disease are "exaggerated," Berry said. Aphids do spread DMV, but a single aphid could move to a healthy plant and inoculate it with virus in a minute or less. As most producers know, corn leaf aphids feed in the whorl of the plant and no insecticidal application will kill 100 percent of the population. Nothing can be gained by trying to control the carrier.

The plant pathologist said the control of DMV comes from eradication of the

alternate hosts of the virus such as Johnsongrass and from the use of tolerant hybrids.

He explained that the disease remains alive on underground Johnsongrass rhizomes through the winter while aphids overwinter on small grains and winter grasses. New virus infected shoots of Johnsongrass are produced in the spring and the corn leaf and greenbug aphids transmit the virus to newly planted sorghum and corn crops as well as annual grasses.

Said Berry, "Johnsongrass should be controlled by cultural and chemical means to rid the fields of the virus well before sorghum is planted.

"In addition, producers should consider growing tolerant varieties. No hybrids are resistant to DMV, but many will tolerate the disease, with little or no effect on their yield.

"Producers can obtain information about tolerant varieties from seed companies, the Texas Grain Sorghum Producers Board, their local county Extension agent and from local advertisements," he explained.

The specialist emphasized that growers should be concerned about their weed control program and the varieties they plant if they are interested in curbing the spread of DMV, rather than trying to control the disease carrier.

## ENOCHS NEWS

MRS. ALMA ALTMAN

JERRY NICHOLS took the R. A. Boys of Enochs Baptist Church to Floydada Youth Camp. The boys going were Michael Nichols, Keith and Jarrol Layton, Cary and Greg Austin, and Robert Layton. They were there three days and report a good time.

MR. AND MRS. R. T. Lytle of Riverside, Calif., visited their sisters, Mrs. E. N. McCall and Mrs. Opal Locker. They all enjoyed supper at the home of Mr. and Mrs. E. N. McCall one evening.

MR. AND MRS. Clayton Vanlandingham from Laramie, Wyo., visited their grandparents, Mr. and Mrs. John Vanlandingham. Clayton's mother, Mrs. Charles Vanlandingham was with them.

MRS. FLORENE WEST visited her parents, Mr. and Mrs. Edd Autry. She took her daughters, Marvalene and Rhonda who have been visiting in the George Autry home for two weeks. Also visiting here were Edd's brother, Mr. and Mrs. W. T. Autry of Dimmitt, Mr. and Mrs. Elwood Autry and his sister, Mr. and Mrs. Burl Whitaker of Elkhart, Ind.

MR. AND MRS. R. E. Thompson and sons, Michael and Mark, from Roswell, N.M. came by the George Autry home and picked up Shonnye on their way to Six Flags. They plan to be home Sunday.

MR. AND MRS. Gordon McDaniels and son formerly of Bryan where he graduated from A&M with a Master's degree in May, spent several days with her parents, Mr. and Mrs. E. M. Autry. They are in the process of moving to San Antonio where he will be employed by American Inc.

MR. AND MRS. Robert George and children, Marthann and Brent, came to visit their parents, Mr. and Mrs. E. N. McCall Sunday. They also visited Enochs Baptist Church for morning services. Their home is in Lubbock.

LINDA, LARRY and Donna Finley, children of Mr. and Mrs. Finley of Odessa are visiting their grandparents, Mr. and Mrs. J. D. Bayless for several weeks. They have been hoeing and now enjoying being out in the country.

MRS. GEORGE AUTRY and children, Teresa and Wesley, Marvalene and Rhonda West and Mrs. Alma Altman went to Muleshoe the night of the 4th to see the Indian performance and the fireworks.

MRS. CLAUDE ELLIOTT heard from her husband on the morning of the Fourth. He is improved some and will stay until he is well. He is confined in Veterans Administration Hospital in Colorado, with partial paralysis and a nervous problem.

MARIE, who is the former Marie Nall, has been visiting her father, Jeff Nall, who is in the Lubbock Memorial Hospital with Toxic Kidney Poison and is seriously ill. She has been staying with him at night and whenever needed.

MRS. LOUISE NEWTON was called back to Rusk about ten days ago, to stay with her young grandson while his mother had an emergency appendectomy. The baby was just three weeks old. As soon as the mother was able to travel, Mr. and Mrs. Dennis Newton and little son came with Louise to her home where they are recuperating and doing well.

MRS. DEANNA JONES of Clovis, N.M. visited her parents Saturday and attended the shower for her cousin, Forrest Baker, and his fiancée.

### BOOKMOBILE

#### SCHEDULE

The High Plains Bookmobile Library will be in this area next week.

Wednesday, July 18: Whiteface, 9:30-10:40; Lehman, 11:05-11:30; Bledsoe, 12-1; and Maple, 2:15-3:30.

Thursday, July 19: West Camp, 9:15-10:15; Lariat, 10:30-11:30; and Bovina, 12:30-3:30.

Friday, July 20: Lums Chapel, 10-10:45; Spade, 12-1:30; Hart Camp, 1:45-2:30; and Fieldton, 2:45-3:30.

Saturday, July 21: Olton, 9:15-11:45; and Amherst 12:30-3:30.

### WEE ONES

#### BLACK

Mr. and Mrs. James Douglas Black of Shreveport, La. are parents of a son, James Bryan Black, born July 6 at 4:30 a.m., weighing 6 lbs., and 8 ozs. Maternal grandparents are Mr. and Mrs. Robert R. Smith of Anton, and paternal grandparents are Mr. and Mrs. Douglas Black of Littlefield.

**Gifts God Has Given Us  
Influence Us Every Day**

Read Luke 19:11-24

"Why then did you not put my money into the bank, and at my coming I should have collected it with interest?" (Luke 19:23, RSV)

Jesus insisted that His followers be productive. In our scripture we find Him saying it is important that each person use his capabilities to bear fruit. He was well aware that if His followers did not spread His gospel of love, everything that He was saying and doing would disappear in the rubble of the ages. Jesus' gospel is a doer's gospel.

A man said to me, "Oh, I'm so busy"; but when he tried to tell me how much he had done, he could not find a single productive accomplishment. How many times we come to the end of the day and try to count our accomplishments, only to realize how little we have really done.

Such experiences lead me to pray that God will make me productive of something that will help by brotherman.

**PRAYER--Father, give us the courage to keep striving to make our lives useful, to make our talents, whatever You have given us, bear fruit for the kingdom. For Jesus' sake. Amen.**

**THOUGHT FOR THE DAY--What we make of each day depends on how we use the gifts God has given us.**

--Paul R. Flowers, Marion, Indiana

SCENE FROM "TEXAS", the musical drama by Paul Green which plays in the Palo Duro Canyon State Park each summer near Amarillo and Canyon. Vicki McCormick, Kate and Jerry Williams as Tuck was taken by Andy Hester of the staff of West Texas State University which cooperates in the production. For tickets write "TEXAS", Box 268, Canyon, Texas 79015 or call 806-655-2182.

**Miss McCormick Playing Leading Role**

Residents of Littlefield have close connections with "Texas", the musical drama of the Texas Panhandle by Paul Green which plays in the Palo Duro Canyon State Park. This is the spectacular story of the Texas Panhandle in the 1880's, which played to more than half a million people. The member of the company with roots there is Vicki McCormick, granddaughter of Mr. and Mrs. W. A. Mc-

Cormick. Miss McCormick, returns to the Pioneer Amphitheatre for her second season as Kate Lucas, and her fifth season as a member of the "TEXAS" cast.

Vicki graduated from WTSU with, BME degree, and received many scholastic and theatre awards while a student including: membership in Alpha Psi Omega,

Mu Phi Epsilon, Alpha and Who's Who in American Colleges and Universities performances in "Fiddler on the Roof", "The Hoffman", "Nicklas", "Dolly", "Millie McIvor", "Foxes", "Regina, and "tigone"-Nurse.

Vicki is employed with Amarillo State Center Human Development as a music teacher.

**New Safety Standards Important To Farmers**

New Occupational Safety and Health Administration standards being released beginning this month will mark a renewed focus on the responsibility of the agricultural industry to provide safe working conditions.

President of the Texas Safety Association Ed Locke of Dallas points to Texas Farm and Ranch Safety Week, July 25-31, as a time for farmer and rancher employers to double check their compliance with the Williams-Steiger Occupational Safety and Health Act of 1970.

"Rural accidents claimed the lives of 183 Texans in 1972," said Locke. "Many of those lives might have been saved through sound safety precautions, and for this reason OSHA standards are an aid to the employer, the employee and all who will visit the agriculture scene."

Occupational Safety and Health Act (OSHA) standards apply to all farmers and ranchers who have one or more employees, Locke explained.

Unlike other industries covered by OSHA, there are only a few standards that specifically apply to agriculture.

However, Charlie Adams, area director for OSHA District VI, has reported that new rules on pesticides, may be followed by standards on rollover protection on tractors and farm machinery guarding, which are now being considered.

Reports in late June said the Department of Labor had narrowed pesticides regulations. Adams said the reports likely meant that they had been brought into an enforceable range, rather than diluted to inefficiency.

In the not-too-distant future, OSHA will be covering agriculture in much more depth, Adams said.

The federal standards that presently apply to farmers and ranchers--there could be more in the future--include the requirement that all vehicles designed to travel at less than 25 mph and operated

by employees show an SMW emblem.

The fluorescent yellow-orange triangle with a dark, red reflective border which comprises the SMV emblem is designed to reduce the 7,000 to 8,000 slow-moving vehicle highway collisions with other motor vehicles that occur annually. These collisions on public roads have resulted in about 100 fatalities and 1600-1800 non-fatal injuries annually.

Concerning anhydrous ammonia, widely used as a nitrogen fertilizer, federal regulations call for the safe use of containers, their construction, location and installation, valves and fittings and safety relief devices. Standards most applicable to farmers are those on nurse tanks on farm vehicles and on the application of anhydrous ammonia as a fertilizer.

Farmers and ranchers who harvest pulpwood must consider a number of regulations. They cover environmental conditions, clothing and personal protective devices, first aid, hand tools, explosives, stationary and mobile equipment, machinery guards, mufflers and geylines. Also included are standards on logging and on construction and maintenance of roads and bridges.

Temporary labor camps are covered under OSHA regulations in the aspects of site selection, building construction, space, ventilation, and heating. Also prescribed are sanitation requirements for cooking and eating space, water supply, laundry and bathing facilities, toilets, refuse disposal and insect and rodent control.

There are a number of jobs that may require some form of protective equipment such as ear protection from excessive noise or goggles and rubber gloves for transferring anhydrous ammonia.

Besides safety standards, there are also federal regulations requiring employers who hire labor to post a special Department of Labor

notice explaining employee rights and obligations under OSHA. Rules requiring that new equipment--available for federal inspection--be maintained work related accidents are those needing only minor aid.

A farm or ranch employer must also report to the nearest OSHA office any on-the-job fatality or accident that hospitalizes five or more workers.

The Occupational Safety and Health Act provides for inspections of work places covered by the law and for violations of up to \$10,000 and six months in jail.

The Texas Safety Association encourages Texas farmer and rancher use Texas Farm and Ranch Safety Week to familiarize themselves with OSHA standards, as well as sound safety practices, provide a safe working environment for themselves and their employees.

**Cotton May Rid Water Of Mercury**

Chemically treated cotton may prove to be the key to removing mercury from water, says the National Sanitation Council.

USDA scientists at Southern Regional Research Lab in New Orleans recently made this discovery in doing research on new preservatives for cotton. They found the structure of chemicals being used in a process gave nitrogen a high affinity for mercury salts.

The new treatment is capable of reducing mercury content of contaminated water below the five parts per billion now permitted for drinking water. Other methods for removing mercury from water have not proved as effective or as inexpensive.

The treated cotton used in mercury removal can be any form from chopped bales to woven or knitted fabrics. Scientists say the treatment offers many possibilities.
