Area towns and decided they would vote in the polls Saturday. The election was a close one, as three candidates polled similar figures.

Walden, Littlefield trustee, polled the top score with 133 votes, followed by Pat Downs, 127 votes, and Jerry Barden, 121 votes. They defeated Dr. Glenn Burk by only 15 votes for the two school board posts. Burk received 121 votes.

School trustee elections at Amherst and Springlake-Earth, already contested, scored four write-in contestants each.

Ardis Barton was placed in to office by a write-in vote of 211 in the Springlake-Earth contest.

Incumbent Jerry Kelley was top man with 235 votes and Jimmy Craft was second with 227 votes. The three will fill the three available posts.

Others receiving write-in votes on the Springlake-Earth ballot were Lynn Glasscock, 199 votes; Jimmy Winder, 177 votes; and Jerry Barden, two votes.

Incumbent John Bridges received 209 votes and James "Sandy" Sanderson received 207 votes.

APRIL 25TH VOTE ON IMPROVEMENTS

Street Election Called

By JOELLA LOVVORN
News Editor, Leader-News

Littlefield citizens will trek to the polls Saturday, April 25, to decide on the street bond issue.

City councilmen met in a special called meeting Tuesday night and approved an ordinance

calling the election for that date.

Absentee balloting on the election begins today in the city secretary's office in city hall, and will close at 5 p.m. April 21.

Office hours for absentee balloting are 8 a.m. to 12 noon and 1 to 5 p.m.

Joe Smith of First Southwest Company in Lubbock, bonding agent and financial advisor for Littlefield, was at the meeting Tuesday night to advise the council on the bond issue.

Tom Hilburn will be the presiding election judge and Hazel Clement will be alternate presiding judge. Three clerks are

to be appointed to help with the election.

The ballot will simply state "FOR" or "AGAINST" the issuance of \$365,000 of street improvement bonds.

Qualified voters who are property owners will place their votes in one box and non-prop-

erty owners will place their votes in another box.

In order for the issue to pass, the property owner's box must carry, and the combined total of the two boxes must carry.

A legal notice on the election may be found inside this issue of the Leader-News.

Hospital Aux Organized Here

Both Littlefield hospitals will now have the assistance of Littlefield women when needed.

The Hospital Auxiliary of Littlefield was officially organized into a group Tuesday morning when 24 persons met in the Flame Room of Pioneer Natural Gas Co.

The Auxiliary is composed of 18 paid members, with several others expected to join in the near future.

Newly-elected president is Mrs. W. M. Davis and vice president is Mrs. Charles Hinds.

Other officers are Mrs. Jeff Perkins, chairman of volunteers; Mrs. Harley Bussanmas, co-chairman of service; Mrs. Arlen Simpson, chairman of service; Mrs. Doyle Patton, secretary; Mrs. J. W. Wisdom, treasurer; and Mrs. Billie Harris, publicity.

Membership dues are \$3 for

active members and \$5 for associate memberships. "Anyone who wishes to help out financially, but cannot work in the hospitals, is cordially invited to buy an associate membership," Mrs. Davis emphasized.

Next meeting has been scheduled for 10 a.m. Thursday, April 16, in the XIT Room of Security State Bank.

Mrs. Pat Hastings and Mrs. Jesse Hofack, co-councilwomen with the Texas Association of Hospital Auxiliaries, and David Butler, publicist in the office of development and public relations at Methodist Hospital in Lubbock presented information on how hospital auxiliaries work; then aided the Littlefield group in organizing.

Butler showed the equipment the Littlefield auxiliary had purchased for Methodist Hospital. They paid \$240,000 on a cardiac care unit which was the first remote monitor unit in Texas; have purchased a heart-lung pump, valued at \$7,500, which will be used in open heart surgery; have paid \$45,000 toward an \$80,000 cardiac diagnostic lab which diagnoses vascular and circulatory problems which could later be corrected by surgery.

COURT REPORTER Bob Rogers' notes taken in the 17 years he has lived in Littlefield would fill more than 700 books.

Words Describe Rogers' Career

By NILAH RODGERS
Leader-News Staff Writer

Bob Rogers has written more words than most leading authors.

In his 17 years of official court reporting in Littlefield, Rogers has written an estimated one-half million words. And these are in addition to depositions and pounds of pre-trial work.

Rogers is court reporter for this district which includes Lamb, Bailey and Farmer Counties, and in addition does federal contract reporting for the nation's capital and different governmental agencies.

He and Mrs. Rogers have just returned from an expense-paid trip to Washington, D. C., where he was called to report on federal hearings.

Some of the cases Rogers covers as court reporter involve nationally-known figures and persons who are making newspaper headlines.

Rogers regards the Oswald Jacoby case as one of the most interesting to date. "Jacoby is a silver-haired gentleman gambler who thinks nothing of gambling \$5,000 per night in the Bahamas, Las Vegas or New York," Rogers said. Rogers recorded the income tax hearing at Dallas last October when the government alleged that Jacoby owed them \$200,000.

Six crimes, murder cases by the dozens, and even white slavery are among the cases Rogers has reported.

"All court reporters are under oath when it comes to talking about Grand Jury Reporting. 'But I can say this: there is a lot more white slavery around here than anyone would imagine.'"

Rogers drives 40,000 miles a year covering trials and taking depositions.

Turnouts Light In City Votes

Voter turnouts in area city elections were light, as most of the races were uncontested.

At Anton, Incumbent Mayor George A. Broome won his 12th term to office by racking up 187 votes on an unopposed ballot.

A sprinkle of write-in votes brought the mayor balloting total to 196.

Incumbent Anton commissioners, R. R. Pritchard and R. P. Jones, won re-election to their posts with 142 and 145 votes respectively. Gordon Timms was third man on the ballot for the two places with 85 votes.

Amherst voters re-elected Incumbent Mayor A. W. Hedges to that post with 49 unopposed votes.

Eddie Landers and George Thompson, unopposed incumbents in the Amherst city commissioner's race, were returned to office with 48 and 47 votes respectively.

The voting at Earth was somewhat heavier than that of other area cities.

Incumbent Mayor E. C. Kelley won a return to office by only one vote over Larry Tunnell--88 to 87. Marcum W. Messer trailed with 65 votes. Kelley has been mayor of Earth since 1966.

Earth City Aldermen Bob Be-

low and H. S. Hickman were returned to office with 177 and 200 votes respectively. Troy Byers received 94 votes in the balloting. Twelve of the 241 total votes cast were absentee.

Olton voters cast 273 ballots to place three aldermen in seats Saturday. Incumbent Leon Nock was unseated while Incumbent

Stubblefield Found Dead

A Spade resident, R. L. Stubblefield, 66, was found dead Tuesday morning about 9 a.m. from a gunshot wound, and J. N. Bowen, justice of peace, ruled the death suicide by self-inflicted gunshot wound.

Time of death was set at 7 a.m. and officials said a single shot from a German luger pistol to the right temple caused death.

Stubblefield had been a patient in the Medical Arts Hospital from Feb. 28 until April 2 and was under oxygen and a doctor's care at the time of the shooting.

A relative said Stubblefield had asked not to be disturbed because he wanted to sleep late.

A daughter who lives at home had gone on to her job at the Spade school, and Mrs. Stubblefield was cooking in the kitchen.

Stubblefield had lived in the Spade area since 1929 and had been engaged in farming.

See the obituaries column for funeral arrangements.

Stock Show Barbecue Set

Saturday will be pay day for the exhibitors of the Littlefield Area Stock Show and Sale. Over \$20,000 will be presented to area youth for their efforts in feeding livestock this past year.

A barbecue will be served in the Community Center at 7 p.m. All buyers, donors, and exhibitors are invited to attend.

Tickets have been mailed to the buyers and donors who contributed \$10.00 or more to the sale.

Tickets will be available at the door to other interested persons at \$1.50 per plate.

Angel's Festival Wasn't Heaven

Different persons have various opinions of happenings such as the rock festival held near Lubbock.

Bill Angel, Lamb County highway patrolman, took a dim view of the so-called "peace" festival.

Angel was one of the Texas DPS officials sent to the site. In Angel's opinion, promoters of the mass gatherings encourage overthrow of the U. S. government and advocate disrespect of law and order.

"And they don't care how many get hurt in the process," he said.

Angel said subversive, underground newspapers were plentiful on the farm, and incidents between officers and those attending were caused by promoters of the happening.

Angel said patrolmen were arresting a young man for smoking marijuana when a promoter on the stage ordered spot lights be put on "the pigs" (hippie slang for police). The man with the microphone then told the assembly "to surround the pigs and breathe on them." (hip language for stop the cops).

"Immediately, there were about 500 around the jeep," Angel said. "Just about then the northern hit and the crowd left for shelter. If it hadn't been for the weather, there is no doubt in my mind that there would have been plenty of trouble."

Many of those who braved the storm dug in like prairie dogs, Angel said. "They dug holes in the ground and put tents over them," he said. "There were holes all over that field."

Angel said there were many there just to see the sights, and not participating in some of the goings on. But many attending couldn't be recommended for their conduct.

An example he cited was overhearing the conversation between two teenaged girls who were discussing how many different boys they had slept with the night before.

"It was the first time I've ever been called to help with a crowd like that when there was enough help," he said. "But the force wouldn't have been anywhere near enough if the number predicted to come had showed up."

Burglary, Forgery Land 4 In Jail

Two women were charged with burglary and two men were picked up on forgery charges by Lamb County sheriff's officers this week.

Bonds of \$1,000 each have been set on Beatrice Cano, 25, of Littlefield, and Margarito Sierra, 31, of Littlefield.

Both were jailed Monday on burglary charges.

Charles Marchbanks, 19, of Route 1 Amherst, was jailed Sunday on two forgery counts. His bond has been set at \$2,000.

Gayle Stoneking, 20, who listed his address as Rushville, Ill., was jailed Sunday on a forgery charge also, and his bond was set at \$2,000.

NEW OFFICERS and guest speakers for the newly organized Hospital Auxiliary of Littlefield met in a morning-long session Tuesday with 16 other interested persons. Officers are, left to right, Mrs. Jeff Perkins, chairman of volunteers; Mrs. Harley Bussanmas, co-chairman of service; Mrs. Arlen Simpson, chairman of service; Mrs. Doyle Patton, secretary; Mrs. Charles Hinds, vice president; Mrs. W. M. Davis, president; Mrs. J. W. Wisdom, treasurer; and Mrs. Billie Harris, publicity chairman. Guest speakers who helped organize the unit are, left to right, Mrs. Pat Hastings and Mrs. Jesse Hofack, co-councilwomen with the Texas Association of Hospital Auxiliaries, and David Butler, publicist in the office of development and public relations at Lubbock's Methodist Hospital.

Think you can't afford an Olds? Here are two reasons to think again!

Our own surveys indicate that quite a few people think an Olds costs a lot more than it really does. Result? Many people buy an ordinary car and end up with a lot less car and value for their money.

It's so unnecessary, too, because Oldsmobile has many models that are priced right down with so-called low-priced cars. See your Olds dealer. He'll prove that you're closer to Olds than you think.

Cutlass S: The sporty Olds—priced right down with the low-priced names. Included as standard equipment: Recessed wipers. Hidden antenna. Deluxe steering wheel. Wall-to-wall carpeting. Door side-guard beams. Flip-Thru Ventilation. Rocket V-8. Bias-belted tires. Foam-padded seats.

Delta 88: The big Olds with the surprisingly modest price. Included in that price: Power steering. Power front disc brakes. Regular-gas Rocket V-8. Bigger 124-inch wheelbase for a smoother, quieter ride. All the room and comfort and luxury you could ever want.

Crippled Children Clinic Scheduled

The quarterly session of St. John's Methodist Church Crip-

pled Children's Clinic will be held from 1 to 5 p.m. Saturday, April 25, at the church, 15th

street and University Avenue in Lubbock.

Conducted, quarterly, the clinic is free for crippled children of the South Plains area.

Four orthopedic surgeons and the sponsors of the clinic, the Fellowship Class of St. John's Methodist Church, will supervise activities.

Physicians will be assisted by city-county health nurses from several area counties.

The clinic is financed through contributions, and clinic personnel arrange for braces and further care when needed.

Braces and appliances have been provided for 280 patients through the clinic. Approximately 715 pairs of shoes have been given to children since the first clinic session was conducted in 1963.

Children going to the clinic for the first time are to be accompanied by a parent or guardian.

Coffee Honors

Mrs. Nicholson

Mrs. Laverne Nicholson was queen at a get-acquainted coffee in Mrs. Bennie Harmon's home Saturday morning.

The serving table featured an arrangement of white and lime green daisies. Appointments of white milk glass were used. Carla Nicholson and Connie Nixon served.

Co-hostesses with Mrs. Harmon were Mmes. Charles Mixson, Jon Cornelius, John Humphreys, and Morine Nicholson.

Beta Sigma Phi

Models Hats

The Tau Chi Chapter of Beta Sigma Phi held a get-acquainted party recently in the Flame Room. Members and guests were asked to design a hat depicting their husband's occupation.

Guests present were Zan Stovall, Barbara Richardson, Sherill Rogers, Vicki Thomson, Linda Merrifield and Glenda Young.

Members attending were Peggy Johnson, Kathy Edding, Joan Johnson, Terri Miller, Janet Houk, Carolyn Spies, Vada Walker, Clara Sawyer, Carol Brooks, and Renee Williams.

Baylor To Host

High Schoolers

At Special Day

Baylor University will be host to Texas high school students for special College Day activities April 24 and 25 on its Waco campus.

All Texas high school students are invited to attend the two-day program that is designed to acquaint them with Baylor academic and social life, athletic programs, university policies and campus geography and activities.

Planned for the special guests are campus tours to be conducted by Baylor students; informational programs by various academic departments; sporting events, including a southwest Conference baseball game; and a Baylor Theater production to complete the first day's schedule.

Activities on the second day will include Diadeloso (Day of the Bear) an annual event at Baylor when student government and yell leaders are elected. A festive atmosphere prevails with carnival-like booths and competition sports as part of the spring gala that is highlighted by the crowning of the Diadeloso Queen.

Outdoor Cookery

The Oklahoma Avenue Home Demonstration Club met March 1 in the home of Fern Bitter.

Thirteen members answered the roll call. Five visitors, Robbin Hodge, Sharla, Sheri and Esta Mae Hisaw, all of Whitharal and Winnie Johnson of Littlefield attended.

The program was on outdoor cookery. Refreshments of barbecue chicken, baked beans, pickles, relishes, salad and cake were served.

The next meeting will be April 23 in the home of Vada Maner.

Lions Club

Discusses Grain

ANTON-Local talent made up the program for Lions Club meeting Monday evening. Louis Boothe, local elevator operator and grain buyer, gave a report on how grain is bought and sold on future markets and how that system affected local markets.

"Feed pens in this area of Texas are now using a great part of the grain produced on the High Plains. Local grains compete for feed rations with other grains grown elsewhere. Cotton burs are now being used in feed rations," the speaker said.

Following the reception, the couple left for a wedding trip to South Texas. They will be at home in Alpine, where both are enrolled in Sul Ross University.

Out of town guest attending were Mr. and Mrs. R. M. Nicholas and Kerry, Mr. and Mrs. R. N. Nicholas, Mr. and Mrs. A. D. Short, all of Littlefield; and Mr. and Mrs. A. D. Stokes of San Angelo.

Miss Gay Nicholas, daughter of Mr. and Mrs. R. M. Nicholas of Littlefield, became the bride of Ted R. Stokes, son of Mr. and Mrs. A. D. Stokes of San Angelo, Friday, April 3 in the Methodist Student Center Chapel at Alpine. Rev. John Kahl officiated the ceremony.

Miss Danell Murrah of Brackettville was maid of honor and Roger Moore of Midland was best man. Ushers were Steve Hawkins and Clint Newlan. Mona Miller registered wedding guests.

HOWNY GRITS

By CORNBALL BLEVINS

WE'LL SOON be hearing the old familiar yell of "PLAY BALL!" It's one of the sure heralds of spring.

Nothing as exciting as the anticipation of a good ballgame. Sit back and relax, if possible, with a bag of popcorn, and watch those kids lose themselves in the hot competition!

IT'S A FULL participation sport. Everybody, both on and off the field, gets involved. Some spectators get more emotionally involved than the players. AND, sad to say, aren't nearly as good sportsmen.

"Kill the umpire!" "You blind Tom, that kid was safe, by a mile!" "Strike! Why that ball missed by at least six inches!" "Look, you little SAVAGE, that's my child you're runnin' into!" "Come on, fellows, maybe we can beat them, and the umpires too!" "Hey, ump, he didn't even have his foot on the bag!"

ME?--I'm a baseball fan myself. I truly think it's great for the kids, but I, sometimes think, it'd be better for the kids if many of the parents stayed home!

We're real good at furnishing alibis for the youngsters, when they get beat. The most common alibi is that the officials were partial and cheated us out of the game. We ought to realize that such attitudes are harmful to the kids.

SO, WE RAISE UP a young'un with the idea that he's really better than all his peers,--and the only reason he's not at the top of the pile, is because someone cheated, or the cards were just stacked against him!--WE see a lot of the products of that kind of reasoning, this day and age. "We can't win, so we just won't try!"

THE ABUNDANT LIFE

Live Now

By BOB WEAR

LET US LIVE NOW, while we have the time and the opportunity. This is no time to stop living.

Of course, there is trouble all around us. There is even good reason for great concern about many things. There are problems which seem insoluble.

We are surrounded with uncertainties.

TOO MANY PEOPLE have stopped living. They are engaged in a limited form of life--more of an existence than a life.

Essential life elements are suppressed by distractions, by anxieties, by despair and by an overwhelming sense of a cruel fate. Life vigor, interest, courage, initiative, faith and hope are either dead or dying. How sad!

DEFEAT HAS BEEN EMBRACED. These people are seen everywhere. They have reached out and pulled personal defeat to themselves, and they move along from day to day in a miserable kind of self-imposed bondage.

We can do better than this.

THE TEST OF HUMAN BEINGS has always been in their response to the challenges of the time in which they lived.

Some have given up, and stopped living; but others have braced up and are living.

This is the choice we must make. Let us choose to live.

THIS IS THE TIME for living, why stop the glorious living experience before we are forced to do so?

Let us throw off discouragement, apprehension about what might happen, the bloom that seeks to envelope us, and all feelings of frustration.

WE MUST NOT FORFEIT LIFE by letting the ugliness and difficulties of reality dominate our thoughts, and plans, and actions.

WE CAN ENCOURAGE each other, and build up one another. We can love, and let our lives be motivated thereby.

We can help each other, and work together for the common good. We can live now.

OF course, we can prevent their doing so.

We can if we try, and just keep trying.

THIS IS NOT A life of pretense. We see the troubled world as it is; we are concerned, and we do what we can to help solve problems and correct what can be corrected.

We see something else, too. We see the great human potential for living, and know that it can be realized. We can live now.

WE MUST LIVE NOW, or we are not likely to live at all. This is the best way to cope with the present, and is the only promise for the future.

Many people are going to live when the problems are solved, the dangers all gone and there are no more uncertainties. It is sad, but true. These people will never live.

WE CAN LIVE NOW by giving ourselves to the most noble purposes; fashioning our thoughts and actions by the best ideals and principles; and conducting ourselves by the time-tested Christian guidelines.

The human spirit has this possibility. With continued effort, it can be a reality for us.

THERE IS GOOD in our world. Let us see it, uphold it and appreciate it. Let our appreciation be expressed.

There are people, and actions, and accomplishments worthy of our greatest esteem.

Let us make the most of this knowledge by giving it free course in our lives.

WE CAN ENCOURAGE each other, and build up one another. We can love, and let our lives be motivated thereby.

We can help each other, and work together for the common good. We can live now.

Chamber Week

DESIGNATION of the week of April 5-11 as Chamber of Commerce Week marks the seventh such recognition which has been given to the Chamber of Commerce movement.

Proclamations have been made by Governor Preston Smith and Mayor J. E. Chisholm which have called particular attention to our own local Chamber of Commerce.

We believe these tributes are well-earned and we cannot help but wonder why this recognition has been so long in coming.

PERHAPS PART of the answer lies in the fact that, as someone has suggested, sometimes the Chamber does its job so well that it is taken for granted by both members and the public. Also, too often the Chamber of Commerce movement is thought to be concerned solely with the advancement of commerce and industry.

Even if this were true, then the Chamber would certainly deserve our praise, for a healthy business climate is essential to the welfare of a free society.

Actually, Chambers of Commerce in communities throughout the state

and nation have exhibited a remarkable diversity of interests.

TO QUOTE Thomas N. Stainback, CCE, a past president of the American Chamber of Commerce Executives, "The spirit of voluntarism is one of the great foundations of this country. Nowhere is this better displayed than in your state and local chambers of commerce. Here men and women devote themselves to working together to solve the community problems no one person can find the time and energy to conquer. Confronting, too, today is the fact that government--in its efforts to solve local and regional problems such as job training, renewal and housing--is turning to the chamber of commerce for guidance, assistance and voluntary manpower."

THE MANY GOOD deeds and worthy projects undertaken by the Littlefield Chamber of Commerce certainly lend substance to Stainback's words.

The people of Littlefield join Mayor Chisholm in saluting our Chamber of Commerce. Best wishes from your friends and neighbors!

Both Spade incumbents, Sam Sewell and W. W. (Bill) Thompson, were returned to their chairs by a grand total of 17 votes each. They were running uncontested on that ballot.

The three Sudan board posts will be filled by incumbents Billy Chester, Marvin Bowling, and Halbert Harvey.

Chester received most of the votes with 200, next in line was Halbert Harvey with 180 votes, and Marvin Bowling received 156 votes. Bobby Jack

GOODSELL WANTS the Congress to force complete withdrawal of all troops within this next year.

Democrat Sen. George McGovern is more blunt. He calls the President's plan a "political hoax" which he, McGovern, says will leave 300,000 American troops in Southeast Asia for the next 15 to 20 years.

McGOVERN SAYS the United States has spent 40,000 American lives to support an unpopular puppet regime in Saigon.

He says if we get out and a strong government replaces the Thieu government--even if dominated by Communists--it would afford a better buffer between East and West, a more dependable barrier against Red Chinese imperialism.

ANOTHER REPUBLICAN, New York's Sen. Jacob Javits, wants all U. S. combat troops withdrawn this year. Rhode Island Democrat, Sen. Claiborne Pell, co-sponsors that proposal, saying the present Saigon government is "corrupt, inept and unrepresentative" and thus unworthy of our continuing support.

There are no longer any vocal Hawks in Congress. Demands that we go all-out to win have not been heard since the President's Vietnamization policy received such widespread public support.

THAT PUBLIC SUPPORT could quickly be reversed, however, if Vietnamization proves too painfully slow.

The President, who has indicated that our disengagement is irreversible, will retain popular support for his policy only if he can show proof--and enough proof--this year. He expects to.

IT CANNOT BE ARGUED that the President is opposed only along party lines and just because this is an election year; the first witness to challenge the White House was Sen. Charles Goodell, Republican.

It is Sen. Goodell's opinion that President Nixon's gradual phase out will still leave 300,000 Americans over there by this time next year, and that the human and material costs of continuing that much involvement in Southeast Asia are unacceptable.

THE SAME GOD who made our earth, made the moon and the stars in the heavens so numerous they cannot be counted.

At Sudan, Arnold Reed returned as mayor of the town with a vote of 60 over Michael Bishop.

F. M. Smith, incumbent commissioner at Sudan, Paul Province were on the ballot for two years. Smith received 162 votes. Province had 156 votes.

Reporters must be impartial, but Rogers said there are times when it is hard not to form opinions and hope the case goes a certain way.

Rogers regards his job as an "onerous responsibility."

"In every case," he said, "someone's life, fortune or liberty is pending. And my written record is the only thing heard in the Courts of Appeals. I must be careful to get down every word."

"It's a tremendous responsibility, especially in a criminal case where a person faces the electric chair or a long prison term."

PAUL HARVEY Then What?

IF PRESIDENT NIXON is wrong about Vietnam, then what?

The President's new budget is predicated on the "hope" that the cost of the war in dollars will be down to \$1.5 billion a month by midyear and the cost in American lives will be less and less as more and more American troops are brought home until all of our sons are out of Vietnam "soon."

But if he's wrong, then what?

SENATE FOREIGN RELATIONS Committee Chairman J. W. Fulbright agreed not to embarrass the Administration and possibly jeopardize peace prospects with a full-scale open hearing on Vietnam policy.

However, the Committee has been hearing from a series of senators opposed to the Nixon Vietnamization policy.

Most of these witnesses think that a gradual takeover of the fighting by South Vietnamese will take too long and cost too much; that we should withdraw all American forces this year and let happen in Vietnam whatever will.

IT CANNOT BE ARGUED that the President is opposed only along party lines and just because this is an election year; the first witness to challenge the White House was Sen. Charles Goodell, Republican.

It is Sen. Goodell's opinion that President Nixon's gradual phase out will still leave 300,000 Americans over there by this time next year, and that the human and material costs of continuing that much involvement in Southeast Asia are unacceptable.

THE WRITER of Psalm Eight said, "When I consider thy heavens, the work of thy fingers, the moon and the stars, which thou hast ordained, what is man that thou art mindful of him?"

Then later in the chapter he says, "Thou madest him to have dominion over the works of thy hands; thou hast put all things under his feet."

DOES THIS NOT MEAN that man is to have dominion over everything eventually, . . . even the moon and the stars, as well as all the earth? "Thou hast put all things under his feet."

MAN HAS ALREADY pressed his foot on the surface of the moon. We say with the Psalmist, "Oh Lord, our Lord, how excellent is thy name in all the Earth!"

THE SAME GOD who made our earth, made the moon and the stars in the heavens so numerous they cannot be counted.

Surely there is plenty of space for all of God's creatures. Maybe He didn't intend for us to occupy this planet alone.

THE WRITER of Psalm Eight said, "When I consider thy heavens, the work of thy fingers, the moon and the stars, which thou hast ordained, what is man that thou art mindful of him?"

Then later in the chapter he says, "Thou madest him to have dominion over the works of thy hands; thou hast put all things under his feet."

DOES THIS NOT MEAN that man is to have dominion over everything eventually, . . . even the moon and the stars, as well as all the earth? "Thou hast put all things under his feet."

Tulia Publisher Writes Book

"The Texas County Democrat" is the title of a new book to be off the press about April 15.

Authored by H.M. Baggarly, editor and publisher of The Tulia Herald, the book was edited by Dr. Eugene W. Jones, Head of the Department of Government at Angelo State University.

The book is a companion to "The Texas Country Editor" published in 1966.

The new book is the story of Texas politics from 1950 through 1970 and also deals with national politics since the assassination of President John F. Kennedy.

The book will be available through local book stores or from The Tulia Herald. Price is \$6.95 plus 30¢ sales tax. Foreword to the new book is by Adlai E. Stevenson III of Illinois.

Baggarly and Dr. Jones are being honored with a coffee and autograph party in Ezra Jones Memorial Cafeteria in

Tulia on April 19 from 2 to 5 p.m. Special guest at the coffee will be U.S. Senator Ralph Yarborough.

LARGEST AUTO INSURER REPORTS LOSS FOR 1969

The world's largest auto insurer lost \$81.8 million on its auto insurance business in 1969, according to a year-end report from State Farm Insurance received by F. L. Newton, local representative.

Investment earnings of \$63.5 million failed to cover that loss and it was necessary to decrease the policyholder protection surplus by \$26.7 million. That reduced that fund to \$444.1 million. This was the first time since 1956 that the company has had to dip into the policyholder protection surplus and only the fourth time in the 47-year history.

State Farm President Edward B. Rust laid particular blame on the "delicacy" of the cars on the roads today and the severe cost pressures inflation has exerted on the price of repairing them.

Area Witnesses Will Assemble

Nearly 800 of Jehovah's Witnesses, including 30 from Littlefield will meet in assembly in Memphis this weekend, April 10-12, according to Loyd Lowery, local presiding minister.

The convention is the first of three conventions the Witnesses will hold in 1970. According to Lowery, "The objects of our conventions is to equip each of Jehovah's Witnesses to use the Bible in a practical way as a help in fortifying the spiritual morale of people in our community."

Sam Stanton, Warren Meeks and Loyd Lowery, local members of the Witnesses, have been assigned parts on the program that will include Bible talks, dramas and discussion of ministerial activities, all centered on the theme, "Sacrifices that Please God."

Lowery said that the Witnesses have had substantial increases in the last 16 months. They not only had a numerical increase of 120,905 to their ministerial ranks in a 12 month period, but during the last 4 months of 1969 added another 55,000 baptized ministers. Several from this area plan to be baptized, according to Lowery. They will participate in an ordination ceremony for new ministers that includes immersion under water.

Another feature of the convention will be a special one hour Bible lecture on Sunday at 2 p.m. entitled "Withstanding the Pressures of our Day." It will be delivered by the main speaker, L. M. Dugan, district minister from Brooklyn, New York.

IT PAYS TO TRADE IN LITTLEFIELD

Tasty Taco Features Good Mexican Food

Chico Mendez assisted by his brother, Ralph Mendez, and numerous other relatives bring a touch of Old Mexico to Littlefield with their Tasty Taco business.

Tacos, enchiladas, chaluapas, chili and all the favorite Mexican dishes are on the menu at Tasty Taco on Hall Avenue here in Littlefield.

Chico has many years of restaurant experience behind him with restaurants in Corpus Christi, San Antonio, Big Spring, and other large cities in Texas and Colorado.

Even the decorations at the Tasty Taco are authentic. Chico has made two trips to the interior of Mexico just to bring back paintings and other decorative pieces to add to the Tasty Taco decor.

Chico says the work involved in preparing Mexican food demands long hours each day, and this food is prepared fresh each and every day. Tasty Taco makes its own enchilada sauce. Mixing and slow simmering takes four to five hours. Rice, Beans, chili con queso (cheese sauce) are prepared fresh daily, also, as are other foods on the menu. Some of the menu favorites are

chaluapas, chili rellanos, and green enchiladas.

Chaluapas are toasted corn tortillas topped with your choice of guacomole, cheese or beans.

Chili rellanos are stuffed long, green peppers dipped in a batter and fried, then topped with chili con queso.

Green cheese and green beef enchiladas are something new to many people. Green means hot—"not fire hot," Mendez explained, "but spicy. And real tasty."

Mendez says the Tasty Taco is here to stay because his employees like what they are doing. They are people who care and their aim is to please the public.

Everyone at Tasty Taco strives to make customers feel at home, give good service and make each person want to come back.

Drive out to Tasty Taco for a real Mexican treat.

Tasty Taco Restaurant is open from 11 a.m. until 10 p.m. Monday through Thursday and from 11 a.m. until 10:30 p.m. on Friday, Saturday and Sunday.

NOTICE OF INTENTION TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES

NOTICE IS HEREBY GIVEN THAT ATMOSPHERICS INCORPORATED OF 4981 EAST DAKOTA, FRESNO, CALIFORNIA, 93727, who holds License No. 2 of the State of Texas intends to engage in an operation to change or attempt to change by artificial methods the natural development of any or all atmospheric cloud forms suspected of producing hailstones which occur in the troposphere, for an on behalf of the Plains Weather Improvement Association located at P. O. Box 1627, Plainview, Texas, 79072, and will conduct a program of weather modification designed to decrease hailfall by means of the aerial application of silver iodide as follows:

1. The area over or in which equipment may be operated shall include the counties of Crosby, Floyd, Briscoe, Swisher, Hale, Lubbock, Hockley, Lamb, Castro, Farmer, Bailey and Cochran.

2. The target area will be the total area within the counties of Lamb and Hale, plus the western one-third of Floyd County extending for approximately 10 miles east of the eastern border of Hale County.

3. The areas adjacent to the target area which may be subject to effects of the operation are the southern one-quarter of Castro, Swisher and Briscoe Counties; the center one-third of Floyd County; the northern one-third of Crosby, Lubbock and Hockley Counties; and the eastern one-third of Farmer, Bailey and Cochran.

4. The equipment, materials and methods to be used in conducting the operation include: a 3 cm radar system cloud seeding aircraft, and the application of pyrotechnic generated silver iodide to thunderstorms suspected of producing hail.

5. Any person who feels they may be affected in some adverse way by this program may file a formal complaint to the Texas Water Development Board, P. O. Box 12386, Austin, Texas, 78711.

The program will be operational during the period from May 1 through October 30, 1970.

SCORE 17-6 WIN-LOSS RECORD**Fems Close Volleyball**

The Littlefield volleyball girls closed out their season with a 17-6 record, tying Lamesa for third place in the 3-AAA district tournament this past weekend, in Colorado City.

Defeating Levelland in a tough battle, the 'Cats were able to move into the semi-finals.

In Levelland game, the girls got off to a bad start.

The Lobos had them down 10-2 before they started moving.

As time was running out, the 'Cats pulled through with the serving of Sandra Carter.

They took the first game 13-11 in a heart stopper.

Having built up their momentum, the 'Cats went on to take

the second game 15-8 to knock Levelland out of the running.

The leading scorers were Sandra Carter, Sharon Gray and Luanne Lucas with seven points each.

The semi-finals included Colorado City against Lamesa and Littlefield against Sweetwater.

In the 'Cat-Mustang battle, the 'Cats lost out to a score of 15-5 and 15-4. Sharon Gray was again leading scorer with three.

Colorado City won district, defeating Sweetwater in the final game, leaving Lamesa and

Littlefield tied for third. The Wolves will go on to regional April 18.

Miss Junnie Gray was selected to the 3-AAA All-District team, which was chosen by the coaches in the district.

Miss Gray is a senior, playing her final game of the year. She is daughter of Mr. and Mrs. Leon Gray.

Other than the All-District honor, she was selected to the South Plains College all-tournament team earlier this year and she is involved in track and tennis.

JUNNIE GRAY was named to the 3-AAA All-District team last Saturday at the district tournament in Colorado City. Earlier this year, she made the all-tournament team in the South Plains College tournament.

Little League Sign-Up Friday

Sign-up and registration of players for the Littlefield Little League tryouts will be held tomorrow evening, Friday, April 10, at 7:30 p.m. in the Littlefield Junior High auditorium.

Eligible candidates must reside within the established boundaries, and must have birthdates between the dates of Aug. 1, 1957 and July 31, 1961.

Tryouts for 10 and 11-year-olds will be from 5-7 p.m., Thursday, April 16.

Tryouts for nine-year-olds and 12-year-olds will be held Friday, April 17 from 5-6:30.

Candidates must bring their own glove and be suitably clothed. A baseball uniform isn't necessary.

At the time of the tryouts, there will be a place for donations for those who wish to help support the Little League program this summer.

Anyone interested in coaching a Little League team or officiating during league play this summer is asked to contact President Bromlow as soon as possible.

Babe Ruth Deadline Today

In the Babe Ruth sign-ups Monday night, 47 boys were present.

Gene Pratt, president, said the first 60 boys will be drafted and 13 more boys are needed for the draft.

After 60 have signed, others will be put on a waiting list. To sign up, boys and their parents should go to Glenn Batson's Insurance office and take along their birth certificates before the 5 p.m. deadline today, Thursday, April 9.

Next Friday and Saturday, April 17 and 18, will be clean-up day of the ball park with work starting on Friday evening and the Saturday clean-up will last all day.

Three Matches Set Saturday

Sal Dominguez goes against The Beast in a wrestling match at the Littlefield Sports Arena Saturday.

A four-girl tag team match features Jessica Rogers and Betty Nicholi versus Penny O'Hara and Jan Gravett.

In addition, there will be a match between two newcomers, Greg Peterson from North Carolina and Johnny Perez from Detroit. This pair makes nine new faces here since the beginning of the year.

Door open at 7:30 p.m. with wrestling beginning at 9 p.m.

Impala '400' Sale.

You save when you buy it. You save when you drive it.

When you buy any Impala V8 model during our "400" Sale, here's how you can get two popular extras at no extra charge.

You order your Impala equipped with a Turbo Hydra-matic transmission, radio, Comfortilt steering wheel, front and rear bumper guards and white stripe tires. Items you'd probably order anyway.

Then we add our big 400-cubic-inch V8 at 265 hp that runs on regular gas, along with dual exhausts—both at no charge. (The manufacturer's suggested retail price including Federal excise tax for the regular fuel 400 V8 and dual exhausts is \$93.75.)

But that's only the beginning. Because your Chevrolet dealer is really anxious

to deal these days.

And the Impala you're buying, of course, got to be America's No. 1 car, because of all the value features built right in. Features like flush-and-dry rocker panels that fight rust. Inner fenders to protect the outer fenders. Long lasting bias ply tires, steel guard beams in every door for added protection, an acrylic lacquer finish over its solid Body by Fisher.

All of which contributes to Impala's traditionally high resale value, too.

You're getting America's No. 1 car on sale. The car more people buy—year after year after year.

How can you beat that?

Putting you first, keeps us first.

LITTLEFIELD CHAMBER OF COMMERCE

Program of Work for 1970

The program of Work for Littlefield Chamber of Commerce is printed in this brochure. We urge you to read it and then participate as much as possible towards the successful completion of each project.

The support of every member is needed if we are to raise the sights of the community to even higher levels.

We urge you to communicate with any person who is not a member and show him what we stand for, explain the value of associating with his fellow businessman and farmer, and encourage his participation in our efforts to work for the community for the mutual benefit of all.

We know that, as members, you have accepted these responsibilities; and for your efforts, please accept our sincere thanks.

Most Cordially,

President.

WHY

INVEST IN THE LITTLEFIELD CHAMBER OF COMMERCE

Here Are 10 Reasons Why. . .

1. Because I realize that every man owes a debt to his community that cannot be paid in taxes -a debt of personal service.
2. Because that chamber of commerce unifies the public spirit of any city and directs it into useful and constructive channels.
3. Because it links the people of the entire community together in a common enterprise, and makes possible great public and business-forward movements.
4. Because my business judgment tells me that whatever is best for this city and my neighbors is too valuable an asset for me to pass up.
5. Because as a member of the chamber of commerce I am afforded an opportunity actually to work for conditions I have long hoped for.
6. Because membership in the chamber shows my sympathy with an organized effort to better my city and improve the conditions of life within it.
7. Because it is unfair and unjust of me to derive benefits from a community-serving organization and not give it my active support.
8. Because the chamber of commerce is business insurance—an institution that is accomplishing great good for my city at a time when concerted action means more than ever before.
9. Because I realize that attention to my own business is not enough. No individual business will prosper greatly unless general conditions are improved. The chamber of commerce is part of a nation-wide business movement working to that end. As an individual I want to pool my efforts with others for greatest results.
10. Because this is the proper time for business to present a united front. I have never been a quitter in my own affairs, and I am not going to quit now and let others carry the community load.

Your Chamber. . .

WHAT IS IT?

Your Chamber of Commerce is a voluntary organization composed of business and professional men and women and other citizens who believe that through united action the progress of its community can be materially enhanced and that living conditions can be continuously improved.

The Chamber of Commerce movement in the United States predates the Constitution. The value of such organizations has long been universally recognized and every significant city or community within the United States now has an active Chamber of Commerce.

The Chamber of Commerce movement has been responsible for much of our state's progress during the last half century.

The Chamber of Commerce of the United States is chartered by the Congress and is recognized as the spokesman for business at the national level.

WHO RUNS IT?

Chambers of Commerce are operated as independent, nonprofit organizations for the overall betterment of the communities which they serve. They are actually run by the membership through an elected board of directors. Elections are normally held annually at which time retiring board members are replaced by newly elected directors. It is a general practice to replace only a portion of these individuals each year in order to provide for continuity of action. A president, one or more vice presidents, a treasurer and other officers are elected annually after the newly constituted board has been determined.

The board of directors and members serving on the many committees do so without pay. A relatively small permanent staff, including a chief executive, are the only salaried persons in the average chamber.

HOW DOES IT OPERATE?

The members of your Chamber of Commerce, assisted and coordinated by the officers and staff, continually analyze the important elements relating to community progress. Depending upon the requirements of the individual community, some projects are continuous, others are established for the purpose of meeting specific short term goals. Programs are constantly revised to keep abreast of changing requirements.

Although the generally accepted primary purpose of a Chamber of Commerce is to exploit to the maximum the economic potential of a community, it must also be active in all aspects of community life—the living conditions, educational, recreational, spiritual activities and cultural development—since all of these have a vital effect upon economic progress.

The activities of your Chamber of Commerce are managed and directed by the elected officers with the assistance of the permanent staff. Committees, composed of interested and qualified members, are appointed and maintained to carry on the many and diversified functions of the Chamber's community development program. These committees are responsible to the President and Directors for the accomplishment of stated objectives.

WHO BENEFITS?

Everyone benefits as a result of the active Chamber of Commerce program — the housewife, the merchant, the contractor, the farmer, the skilled worker, the professional man, all business firms, visitors and even retired residents.

Members of your Chamber of Commerce benefit through their own efforts by the successful solution of the many problems undertaken. It is well recognized that by coordinated group action more benefits will result in which all share.

By bolstering the economy, the potential of all business and professional activities is increased, more jobs are created and the tax base is broadened through property development. Better municipal services can thus be provided at a lower tax rate than would otherwise be possible. All property values in an ever progressing community are improved, thus building up the worth of individual estates. New stores, shops and other services make available to the housewife and homemaker more conveniently located and diversified shopping facilities with competitive prices and greater selections.

As in the case of a prospering family, which makes possible a better home, new household furnishings and other desirable things, a prosperous city can have better stores, libraries, schools, new streets, parks and more recreational and cultural facilities.
