Dear Sir:

On behalf of the members of the Early Risers Lions Club, I would like to thank the Pizza Inn, Kountry Boy Supermarket, and Sonic Drive-In for the support given to us on our Annual Stew

Supper. These businesses provided essential supplies to make our fund raising activity a financial success.

I also thank the many people of Littlefield who attended. Without Littlefield's support, our club could not accomplish our many projects.

Thanks to all.

Sincerely,

Junior Nicholas,

are finding it is easier to get a mechanical device to do a day's work than it is to get people to do so.

Sometimes it is a machine that is given to a worker to step up the output and perhaps take the place of another human worker.

Whatever the reason, it is obvious that machine energy has been replacing people energy for a long time.

In fact, looking back, you have to wonder how things got done in the days when most jobs depended upon a lot of muscle power and downright hard work.

A lot of young farmers would recoil at the idea of scooping wheat from a truck into a granary all day long while their fathers thought this was the only way to do it the days before machine loaders.

Carpenters used to saw by hand instead of by electric saw. Lumberjacks used to chop a notch and saw trees by hand instead of with a chain saw.

The list is endless of how machines have replaced human labor.

But we are apparently just beginning. A business report we saw the other day offers the disturbing news that secretaries, long regarded as an essential business occupation, now may become "Technologically obsolete." A supplier claims that a company can invest \$150,000 in "word processing machines" and eliminate six or more secretaries.

Even bosses might learn to operate machines built to compose error-free letters from previously dictated and coded sentences, stores on magnetic tape.

Already, in the newspaper profession, there are electronic marvels that allow a reporter to write his story, stick it into a slot on a machine and out comes the story set in type, ready to be placed in a page.

Computers already do a lot of work for bookkeepers and banks now provide around-the-clock

teller services for most transactions without having a human teller on duty. Around-the-clock devices will issue cash, take deposits and do other services in the middle of the night.

Supermarkets are using magnetic markings on packaged products to activate cash registers and deliver printouts of purchases.

The electronic calculator has revolutionized things, too. These devices are now being used by children of lower grades as well as college students. A major oil company has developed self service fuel pumps that can be activated by a valid credit card.

We are moving into a cashless and maybe workless society.

If we use machines to do our work, our reading, our writing, our talking and thinking, we may become so inert that we will need other machines to do our playing for us.

What will we do with our human energy then?

Lee all had good games and the offensive line of Speck, Cowan, Richard Soria, McKinnon and Ronnie Milligan had their best night of the year.

"We had good defensive effort. We allowed only six first downs, but four of those were long touchdown runs. Our pursuit was not good and missed some key tackles in the snow. We controlled their fullback and we thought we could win if we were able to do that, but unfortunately their two fastest backs got loose for too many long runs," the coach concluded.

CLIPS & Tips

By JOELLA LOVVERN

"TURKEY AND ALL the trimmings" make the holiday festive for most people.

Mrs. Dorothy Powell, County Extension Agent, offers consumers some tips on buying and storing, along with cooking and serving the turkey.

"Turkeys are a good buy, because they're in season now. Amount to buy depends on the appetites of those eating, but a guide for servings per person may help plan how much to buy. If cooking for persons with hearty appetites, figure the number of servings needed—not how many people are to be fed," she advised.

manager of the Anton Water Department until his retirement four years ago.

He was married to Nora Spradley Dec. 4, 1926 in McKinney.

Survivors include his wife; a son, Troy Mack Talkington of Brownwood; a daughter, Mrs. Lois Jenell Tidwell of Anton; three sisters, Mrs. Jean Hertler of Saline, Mich., Mrs. Martha Brooks of Fort Worth and Mrs. Irene Bishop of Dallas; a brother, N. W. of Midland; five grandchildren; and two great-grandchildren.

CLENNON WILLIAMS

Services for Clennon A. Williams, 69, of Bula, were conducted Wednesday afternoon in Bula Baptist Church with Rev. Eddie Riley, pastor, officiating.

Williams died at 12:50 a.m. Monday at Medical Arts Hospital in Littlefield following a brief illness.

Burial was in Littlefield cemetery with Hammons Funeral Home in charge.

A native of Johnson County, Williams moved to the South Plains in 1928. He had been a farmer in the Bula area for several years. He married Jewell Swanner in March, 1934 at Littlefield.

Survivors include his wife; three sons, Allan Williams of San Juan, Puerto Rico, Darnell Williams of Enochs and David Williams of Slaton; two daughters, Mrs. Jaunell Young and Mrs. Barbara Brunk of Eugene, Ore.; a brother, Sam Williams of Morton; three sisters, Mrs. Velma Smith of Burleson, Mrs. Ruth Hendricks of Pasadena, Calif., and Mrs. Christine Kulehaunik of Los Angeles, Calif.; and 10 grandchildren.

Pallbearers were Eugene Bryan, Galbert Demel, Ashel Richardson, Ivan Clawson, Freddie Parkman and Bobby Foley.

Thighs or drumsticks braised, 1/2 to 3/4 lb.

Boneless, rolled turkey 1/4 lb.

STORING METHODS

Fresh, ready-to-cook poultry (Whole or in parts) is available in plastic wrapping. Remove the wrapping and place the meat on a dish or tray, covering loosely with waxed paper or foil. Refrigerate immediately. Turkey stored this way will keep for a few days.

Frozen turkey should be placed in the freezer and held at 0 degrees F, or below, until time to thaw for cooking. For top quality, do not keep longer than six months.

Commercially frozen, stuffed birds should not be thawed before cooking. Follow one of these recommended procedures for thawing unstuffed frozen turkeys.

THAWING TURKEY

Pounds	Refrig.* (days)	Cool Water Temp.* (hours)	Room Temp.* (hours)
4-6	1-1 1/2	3-4	6-8
8-12	1 1/2-2	4-6	8-12
12-16	2-2 1/2	6-7	12-14
16-20	2 1/2-3	7-8	14-16
20-24	3-3 1/2	8-10	16-18

*in wrapper or covered

Frozen whole turkeys and parts need to be cooked soon after thawing. Frozen turkey also may be placed directly in the oven, but the cooking time will be longer.

COOKING TURKEY

Ready-to-cook turkeys require little cleaning. Wash the bird in cool water and dry with paper towels.

Salt the body cavity well. Grease the skin of the bird with softened fat or oil. Place breast-side-up on a rack in a shallow pan and roast at 350 degrees F. until the internal temperature reaches 180 degrees F. A meat thermometer may be inserted into the thickest part of the breast or thigh muscle. The following chart indicates the approximate cooking time to reach the desired temperature.

Weight	Time (hours)
6-8	3-3 1/2
8-12	3 1/2-4 1/2
12-16	4 1/2-5 1/2
16-20	5 1/2-6 1/2
20-24	6 1/2-7

"The goal of turkey cookery is to have the meat completely done, but still juicy and tender. The skin should have a brownish-yellow color and be moist and tender to the touch. Consumers should pay close attention to cooking instructions on the bag for best results," Mrs. Powell said.

STUFFING A TURKEY

A stuffed turkey is an ideal place for harmful bacteria to grow. But if special precautions are followed, stuffed turkey can be safe to eat. Stuffing should be placed inside

THE ABUNDANT LIFE

Control Center

SO FAR AS ONE'S LIFE is concerned, it is important for all of us to know that there is a "control center" that we can manage as we wish. We are individually responsible for its performance.

We can be wise and discriminating, and choose the kind of data that will provide the most helpful guidance and regulation. This is our privilege.

"AS WE THINK, WE ARE." This is a generally accepted fact. Of course, this consideration opens a vast area of study and concern. The important considerations are in the realm of the mental-in the thought processes.

This does not require a disregard of the physical and material aspects of living, because these are important too. We do know, however, that whatever the external of life may be; they come from within us or they produce responses according to our mental attitudes and views.

WE DO NOT MINIMIZE the influence of our surroundings, but we do admit that the desirable or undesirable of our life situation is not as much in our surroundings as in our thoughts. The mind is the "control center" of our lives.

When we have the right input into this "control center", our life pattern will be right. We understand about a stream not rising above its source, and it should be easy to realize that our living level cannot rise above its source which is, of course, our thought level. "A merry mind makes a glad counte-

nance, but by sorrow of the spirit is broken."

WE CANNOT THINK and be successful. Certain is more to being successful just thinking; but, for there must be thoughts of in our "control center".

Negative thoughts will a negative life style. Thoughts will make an unhappy life, even though there is a happy life than happy thought. We cannot think through despair, and live in hope cannot maintain disharmony thoughts, and live an unhappy life. We cannot be false thoughts, and true in our and deeds.

"IT IS THE HABITUAL that frames itself into our affects us even more than the intimate social relations of confidential friends have much to do in shaping our thoughts have which we have

IF THE IDEAS IN OUR "center" are pure, purity is present in our living. If the things dominate our thought manner of life will be lovely, the things that are of good rule our "control center" manifestations of our life form be made up of the things of report.

When we keep the things, and the things worthy of praise uppermost thinking, they will be promoting our living.

HOMINY GRITS

ABOUT THE ONLY people I know of, who would welcome such temperatures as we had last weekend would be those fellows that sell fuel. Sure hope it doesn't get much colder when winter sets in!

I heard reports of temperatures all the way from 2 degrees to 9. Reminds me of some cold weather we had when I was a kid.

Did I ever tell you about the time that I had to milk the cows by squirting the milk across my arm, and carrying it in the house like stove wood? You probably would not believe it, anyway.

RIGHT ON, WILDCATS!

We congratulate you on the fine showing our football team made, in spite of the odds and the injuries, throughout the season. The final game, against those Bobcats was a

the turkey cavity just prior to roasting. Never hold a stuffed turkey at room temperature or in the refrigerator. The roasting time will be long to reach the desired 180 degrees F. in a stuffed turkey, she said.

After serving, remove the remaining stuffing from the cavity before storing in the refrigerator or freezer.

Remember, you can still bake a dish of stuffing alongside the roasting unstuffed turkey, she said.

SERVING THE HOLIDAY MEAL Turkey will be the highlight of the holiday meal. Allow the turkey to stand 30 minutes before carving. This makes carving easier and the turkey tastier, she said.

"Most families have special foods they serve for Thanksgiving meals. Remember to include foods from the basic four food groups to insure good nutrition," she said.

"Take care in storing leftovers so they will be safe to eat and good for another meal. Leftover turkey may be stored in the refrigerator for a few days—or longer in the freezer," she added.

ALREADY THE pressure beginning to mount. Even the change of occupants in the office, Mr. Carter's advice urging us to "Spend, spend!" This is the answer question of what's wrong with economy.

You guys who have been in it away in the ol' sock are the nation a great injustice. supposed to get that green the can, dust if off and put circulation. This is good for ails us.

OF COURSE WE'RE not what to do about that which savin' back to pay our income. Suppose we could put that charge account? AND, we national Medicare program effect in case we should get caught in the wrong traffic?

Anyway, I think we can hint of the way the pendulum swing. AND don't be sure when government begins to the same policy into practice.

Airman Jeri Parrish chosen for training

Airman Jeri D. Parrish, daughter of Mr. and Mrs. Glenn A. Parrish of Anton, has been selected for technical training at Chanute AFB, Ill., in the Air Force survival equipment specialist field.

The airman recently completed basic training at Lackland AFB, Tex., and studied the Air Force mission, organization and customs and received special instruction in human relations.

Airman Parrish is a 1976 graduate of Anton High School.

JERI PARRISH

Sergent Mendoza now in training

Army Sergeant Reynaldo Z. Mendoza, son of Mrs. Catalina Z. Mendoza of Littlefield, is participating in a six-week desert training exercise at Ft. Irwin, Calif.

Some 15 separate units from Ft. Hood have joined forces for this training which includes survival and maneuver techniques as well as camouflaging and maintenance.

The exercise is part of an overall Army plan to develop troop expertise in any type of terrain and environment.

Sgt. Mendoza is regularly assigned as a gunner in the 2nd Armored Division at Ft. Hood, Tex.

His wife, Mary Sally, lives in Killeen.

Toni Inglis wins leader scholarship

SPRINGLAKE— Toni Inglis, daughter of Mr. and Mrs. Gerald Inglis of Earth won the Century III Leaders' scholarship competition at Springlake-Earth School according to R. B. May, High School Principal.

Runners-up in the local school competition were Kim Jones and Dina Joe Hampton.

Participants in the nationwide contest for \$116,500 in scholarships at the state and national level are graduating seniors who are judged on leadership potential with emphasis on community and extra curricular activities, high scores on a current events exam, and on their viewpoints expressed in writing concerning the needs and challenges of our nation's future.

Miss Inglis now competes with the state winners for the two \$1,000 scholarships that will be presented in Texas, and for a

chance at winning the \$10,000 top national scholarship.

The two Texas winners of the scholarships will also receive an all-expense-paid trip to colonial Williamsburg, Va. in March, 1977 where they will attend the second annual National Century III Leaders meeting and its seminars on current issues.

Spade Methodists

set Harvest Festival

The United Methodist Church of Spade will conduct their annual Harvest Festival Sunday, Nov. 21 at the church, beginning at 10:45 a.m.

A program of praise and singing will be conducted to the noon hour, when lunch will be served at the church.

All former members and friends of the church, as well as the members are invited to attend.

STUDENTS of Littlefield Junior High School represented Littlefield in the UIL solo twirling events in Lubbock Tuesday, Nov. 11. Polly Stubbs, left, and Venesha Schroe-

der, right, both won second division ratings and certificates. Rebecca Driskill, center, won first division rating and the she wears. [Staff Photo]

SPORTS WORLD at 429 Phelps Ave. carries a good sampling of all the major sports popular in this area.

You can even rent Harts skies, poles and boots at Sports World. They also have ski gloves and goggles, and they carry Mountain House back packing foods. They have short and long length skis for everyone from the beginner to the more experienced skier. Skis, poles and boots rent for \$7.50 and they give you travel time. If you're planning a ski trip, call them at 385-3243 and reserve your equipment.

Sports World has a large heat transfer machine, too. They have flock and vinyl lettering and large stencils that will go on almost any type material, even the perforated nylon shirts. Right now they have a large selection of transfer and lettering for designing your own shirts.

Their stock includes athletic accessories in all different school colors. School athletic equipment includes socks, sweat banks and different colored T-shirts in various school colors. They cater to the school athletic business line.

They carry a complete line of converse All-Star tennis shoes and Tretorn tennis shoes in all sizes for men and women. Tennis shoes are in maroon, white and blue.

Sports World features the Fred Perry line of tennis wear for the more serious tennis players. They carry a complete line of tennis rackets and balls. In addition they string and grip tennis rackets.

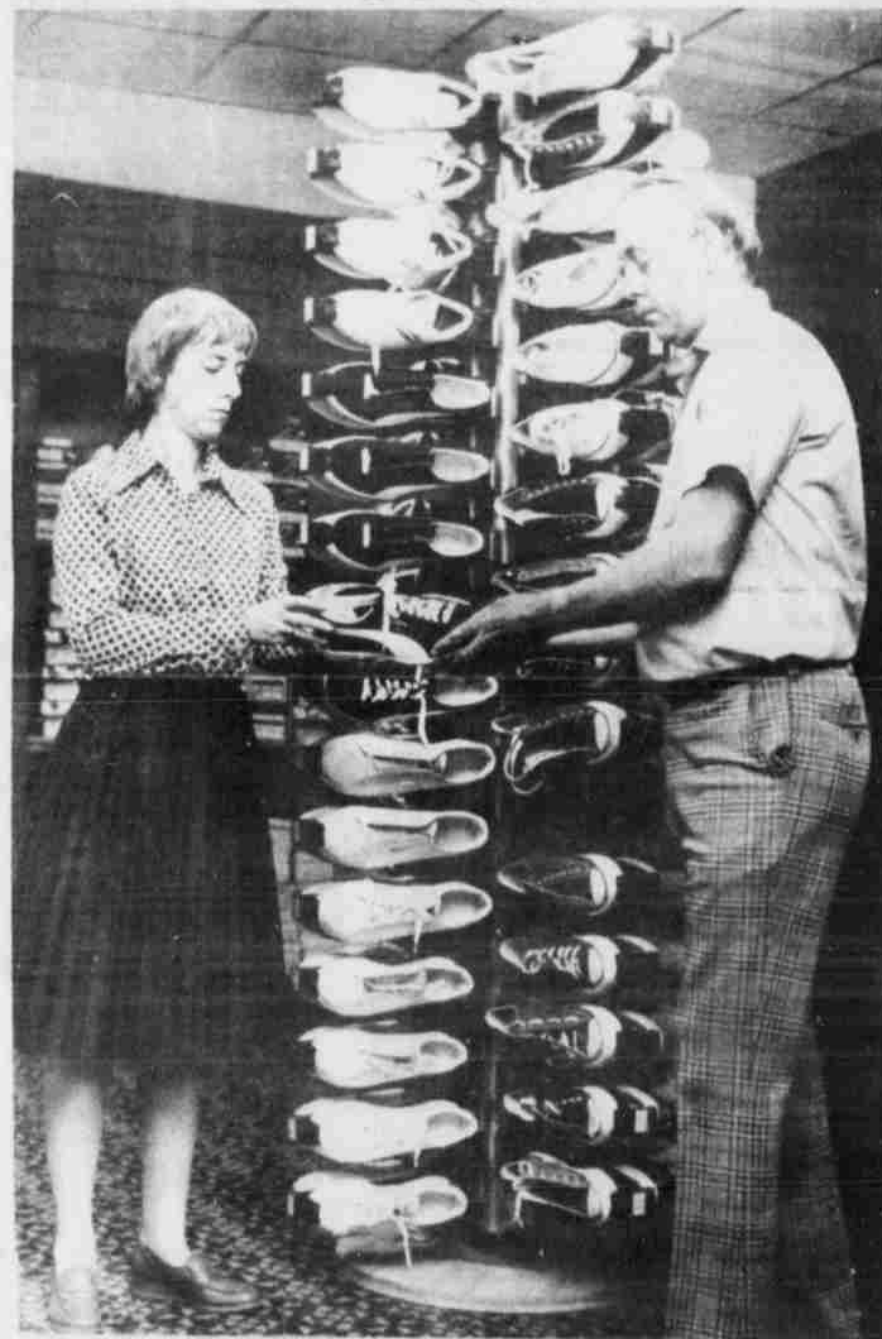

Wilson, A. J. and Spalding are some of the famous brand names for their golf clubs and balls.

Whether it is football, baseball, tennis, track, or skiing, Pat and Kathy Privett want you to think first of Sports World.

If ping-pong is a favorite past-time, Sports World has 1/2 and 3/4-inch table tennis tables. They have nets, paddles and all table tennis accessories.

It's time to be thinking about

Sports World

Kathy and Pat Privett

Christmas. Besides the many obvious sporting gift ideas, they have some games and toys like Odyssey 200.

They also carry some macrame hangers, and jute and beads for those who want to do their own handicraft.

The Privetts moved to Littlefield in July. They've just bought at home at 500 E. 17th Street and are in the process of moving.

Pat coached for 11 years to give

him a good background for the sporting goods business. He coached at Pettit, Anton, Dimmitt and Hereford before going into school administration.

The Privetts are the parents of two children. Tommy is a freshman at LHS. Darla is 10 and is a fifth grader.

Whatever your sports needs, go by Sports World. They will be glad to help you.

THE LITTLEFIELD girls basketball is expected to be in the thick of the district race this season. This year marks the first time that seniors have participated in basketball since the seventh grade.

Shown from left to right are Kimberly Fisher, Sharon White, Debbie Spencer, Melissa Sawyer, Wanda Williams, Pennie Sexton, Karen Carter, Carol Sexton, Rhonda Hollingshead, Kim Dan-

iels, Lori Westmoreland, Phillips, and DeEnna R. Kneeling in front are Kathy Schaeffer, Diane Jones, Daisy Abeyta. [Leader-News Photo]

MEMBERS OF THE Wildcats girls junior varsity are, from left to right: Connie Berggren, Rita Rob-

inson, Carla McCanlies, Regina Macha, Gina Westmoreland, Cindy Thrash, Paula Mears, Kelly

Hampton, Debbie Burks, Ristvedt, Anita Bryant, and Daniels. [Leader-News Photo]

Varsity girls sock Hart

Littlefield Varsity Basketball girls turned a 10-10 first quarter tie into a 63-50 lead over Hart Tuesday at Hart.

Hart applied pressure on the local squad for the first half but the spell seemed to have broken when Carol Sexton gave Littlefield a single point lead as the buzzer sounded at the half. The second half belonged to Littlefield.

Monica Phillips was top gun for Littlefield as she scored 30 points, 14 were from the foul line. Pennie Sexton got 14, 12 were from the field. Rhonda Hollingshead hit 10, four from the free shot line. Wanda Williams got five, three of these points were from the bonus line. Carol Sexton scored four.

Dana Hart was the high point girl for Hart with 26 total points.

LORI WESTMORELAND dives to try to tie the ball Hart's No. 12. Monica Phillips (11) and Carol Sexton (43) move in for the action.

ATTEMPTING TO TIE the ball is Debbie Burk (13) and Gina Westmoreland with a Hart player. Regina Macha (35) and a couple of Hart players watch.

Anton sweeps 3 from Spade

In girls basketball the Anton Bulldoggets did away with Spade by a score of 64-52.

Spade's Vivian Thompson and Fran Gray combined their scores together to score the Longhorns 53 points. Thompson was high point for Spade with 40 and Gray hit for a total of 14.

The Doggett's were paced by Nancy Herrin's 37 points.

In the boys competition Anton took home win number two in as many outings by defeating the

previously undefeated Spade Longhorns 61-53.

The Horn's were paced by the 23 point output of Lynn Cowen. Others in double figures for the Horn's were Randy McCoy and Ed Tate with 10 points apiece. Rodney Hall hit for four while Johnny Elizondo had six for the night.

Rex Jones was high point with 14 points for the Bulldogs.

Anton's JV team disposed of Spade's team by a score of 54-22.

JV girls humble Hart

It was defense all the way for Littlefield JV Girls basketball as they out ran the Hart JV 70-7, at Hart, Tuesday night.

The local girls allowed 16 points from the free throw line in the first half and a pair of goals in the second half to down the host team.

Neither team scored in the two minutes of the game. Littlefield picked up the pace went on for a win on their encounter.

Sparkplugging Littlefield in scoring department was Rita inson with 22 points scored on the field and another from the line. Karla McCanlies was next in scoring with 16 points from the field. Paula Mearshwished the nets for 15, 14 came from the field and another from free shot line. Buzz Daniel got from the floor and Anita Brymustered in six.

All players on the local team got to play in the first half. Littlefield posted a 44-3 score.

Whitharral, Harrold collide in battle of unbeaten Friday

Paducah will be the battle sight for the battle of the undefeated. The showdown will feature the Whitharral Panthers with a 9-0 record and the Harrold Hornets with a record of also 9-0.

The six-man battle will be played for the bi-district crown. In last weeks district game Whitharral defeated Trent by a 36-0

verdict. Harrold is a new face in six-man football after dropping from eight-man football.

In the nine games the Hornets have played they have averaged 44.1 points while allowing only 13.1 points by the opponent.

The closest game the Hornets were involved in was a 64-41 win over Weinert.

Adolph Anzaldua, Larry Gates, Clifton Gilmore, and Rodney Raines have been the key to the strong Harrold attack this season.

Gates and Raines were both All-State selections in 1975. Coach Doug Willis expects the duo, plus quarterback Anzaldua and punter Gilmore, to be named to a few post-season honors.

So far Harrold has averaged 270 yards per game on the ground and 209 yards passing.

Coach Willis states that "I believe that we could put these six players against any six in the area and beat them."

The Sudan Hornets were eliminated from the race for the state

championship as they were upset by the Sundown Roughnecks, 26-6.

Springlake-Earth closed the football season on the agony of defeat as they were stampeded by the Farwell Steers 22-6.

In district 3-AA the Olton Mustangs finished the district with a race record of one win, one loss, and three ties. The Mustangs tied the Friona Chieftains 0-0 in their last game of the season.

I'M SALTING AWAY \$25.00 EVERY PAYDAY, HOW ABOUT THAT?

I CAN'T ADD. HOW MUCH IS THAT IN A YEAR?

It's \$1,300 the first year, \$6,500 in 5 years, \$13,000 in 10 years. Add compound interest and these figures go much higher.

Salting something away every week or two pays big at our place. Try it yourself.

Buffaloes to improve cage record

The Pep Buffaloes will be trying to improve last years record of 3-28 in round ball action in the girls contest.

Most of Pep's girls will be back off of last years team, as they had only one girl to graduate.

In the boys team, the team lost four starters and for this reason the Buffaloes will be lacking in experience and depth.

Last years boys record stood at 11-18. Below are boys and girls rosters and schedule.

The Pep Buffaloes on the girls team will return three seniors, Betty Franklin, Barbara Woolsey, and Judy Ford. Juniors are Marilyn Green and Roxanne Demel. Six sophomores will suit up with the varsity. Those six are Linda Franklin, Elnora Peacock, Grace Glumpler, Cathy Woolsey, Sandra Rohm-feld and Jennifer Albus. Freshmen on the team consist of Ruby Peacock, Grata Albus, Lisa Burke, Denise Green, Darla Miller and Jo Demel.

Seniors returning on the boys squad are Joseph Albus and Stanley Albus. The Buffaloes will return one junior, Terry Albus.

Tollett takes command in race for PPP honors

Tollett moved into command of the Peerless Pigskin Prognosticators' guessing contest. He now supports a 97-57 record.

Tidwell, Kip Cutshall, and Arthur Duggan are all in a deadlock for the number two position. Cutshall, and Yarbrough are season records of 95-59. Macha and Sherry Campbell are tied with 92-62 season records for the last spots.

Team leader, Tollett guessed 14 correctly to capture her

lead in the contest. Tidwell was correct on 9 of 14, Yarbrough 8 of 14, and Cutshall also was wrong on 8 of 14. Campbell was 8 of 14 for the week while Macha was 7 of 14.

Tollett was the only prognosticator to correctly pick Dimmitt over Littlefield. Macha was the lone guesser to miss the S-Earth-Farwell game. Cutshall was the only one to miss the Oklahoma-Missouri clash. Macha was the only one to guess correctly on the Notre Dame win over Alabama. Macha was the only prognosticator

to guess incorrectly on the Chicago-Green Bay game. Macha was also the only guesser to miss the Miami-Pittsburgh game. Campbell was the only one to guess wrong on the Rice-Baylor game.

All of the prognosticators missed the Olton-Friona game which ended in a tie, and the Sudan-Sundown games.

The prognosticators were all correct on the Whitharral-Trent, St. Louis-Los Angeles, and the SMU-Texas Tech games.

Cutshall, Tollett, and Tidwell were all correct on the Texas A&M-Arkansas game. Campbell and Macha were the only combo to guess correct on the New England-Baltimore games.

Freshmen beaten by Dimmitt, 32-22

The freshman football team closed the season by losing to Dimmitt 32-22, at Dimmitt on Thursday. The loss leaves the Cats season record at 1-7.

Littlefield's spark plug on offense was Johnny Ortiz. Ortiz scored TD's from 20 yards out, and 30 yards out. Ortiz was also

successful on two of three 2 point conversions.

Mark Yarbrough scored on a 60-yard run to round out scorers for the Cats.

Outstanding offensive players for the Cat's were Raul Villafra, Yarbrough and Ortiz.

Duggan leads by three games in grid contest

Prentice captured the second place prize money in the News Football contest by guessing correctly on 10 of 12

of the football contest, are listed the season leaders in contention for the grand prize of two tickets to the Cotton Bowl and \$25 expense money.

Arthur Duggan by guessing 9 of 12 games correctly. Duggan's 9-3 record was enough to take the third place money. Arthur Duggan and Dean Walden both guessed a total of 9 points on the first tiebreaker. David Goen guessed 35 points in the tiebreaker between Baylor and USC while Gina guessed 37 to take the second place spot.

Walden in the contest with 9-3 record were Jim Clayton, Gayla Moore, and Richard B. Wright.

W. W. Fry missed the Friona game and the Texas A&M-Arkansas and the Baltimore-New game. Arthur Duggan missed the Friona-Olton, Sudan game, and the Baltimore-New game.

Whitharral, Anton win in girls action

Whitharral Panther girls basketball team have started out strong basketball season by winning their first two games.

The first game Whitharral won by Ropes by a score of 61 to 34.

Polk and Suzanne Farris both tossed in eight points.

Southland was led by Camile White with 22 points and Mary Hill with 13.

The Whitharral junior high boys were downed by a score of 47-25.

The Whitharral girls basketball team chalked up game number three by dribbling over Loop 61-47.

For the Panthers Cheri Hisaw and Roxann Polk each scored 25 points to lead all scorers. Velma Kelly hit for 20 points for Loop.

In the first period of play the contest was very close with a 4 point lead for Whitharral 14-10. The Panthers dominated the second period by exploding for 20 big points and holding Loop to 7 to take a 34-17 halftime lead.

During the second half the Panthers continued to dominate the game as they stretched their lead to 49-30. Loop outscored the Panthers in the final period of play 17-12 but was to late to really hurt the Panthers.

Other area scorers Anton took a pair from Meadow. The Anton girls defeated Meadow 66-53. Anton was paced by Nancy Herrin's 33 points. Anton's boys took a 71-61 victory over Meadow. The Bulldogs were led by Zane Butler's 26 points.

DEKALB HYBRIDS

FIGHT SMUT

Proven In 1976 University Test

The best answer to the head smut problem is simple. But, it's hard to come by. That's corn hybrids with head smut resistance.

DEKALB's got'em. Hybrids with top yield potential and head smut resistance. It's proven.

sistance. And better yet, the DEKALB hybrids that demonstrated the most head smut resistance are also delivering top yields to local farmers. That means no yield sacrifice for head smut resistance.

There's no question that there is a difference among corn hybrids when it comes to head smut resistance. So see your DEKALB dealer today. Put in your order for the DEKALB Smut Fighters:

XL-75

DEKALB XL-75... It stands great, yields big and fights head smut. Here's the new leader in Texas Corn Country. XL-75 produces big, hefty ears packed with quality grain. It has an outstanding record in DEKALB Performance Tests and in farmers' fields. And, it was found to be extremely resistant to head smut in a 1976 university trial.

XL-372

DEKALB XL-372... It's a big eared beauty that fights head smut. A top-performing hybrid with high head smut resistance ratings in a 1976 university trial. Produces large, girthy ears at high or low populations. Excellent stalks, strong shanks. DEKALB XL-372 has an attractive field appearance with its semi-upright leaves and healthy, robust look.

LITTLEFIELD SEED & DELINTING

Former Littlefield resident aiding physical therapy

Health care today offers more than medication, surgery and that tender, loving care.

North Plains Hospital at Berger has a therapy department which contributes greatly to bringing some of its patients back to good health and normal activity, shortens the hospital stay of others, and trains handicapped persons to use orthopedic devices.

Roy and Marlene Bolton, formerly of Littlefield, are a part of that program there.

Mrs. Marlene Bolton is the licensed physical therapist in charge of the department. She is assisted by her husband, Roy Bolton, as a part-time employee, and by Miss Pam Pruett, a full-time aide.

"Our main goal," Mrs. Bolton said, "is to make the patient independent."

The therapist is aided in her work by machines, owned by Gilbert Gimble of El Paso, who has contracted the physical therapy service at the hospital.

She proudly shows the microwave diathermy, used to relieve pain on areas of the body, and sometimes, for treatment of sinus conditions. Then, there is a whirlpool bath, which relieves muscular soreness and stimulates circulation.

The paraffin bath is used to relieve the pain in arthritic conditions and fractured wrists. The transcutaneous nerve stimulator is for pain relief. The infra-red machine is for back sprains, and arthritic conditions. Then there is a short wave diathermy machine, and an ultra-sound machine, both pain relievers; traction equipment and weights; and ultra violet light used to clear up skin disorders or bed sores; and an electric stimulation machine for paralyzed muscles; treadmill, parallel bars, bicycle, crutches and walkers.

However, the machines and equipment would mean little without a trained therapist to supervise their use and to cajole patients to willingness to submit to the machines or to follow directions that result in their learning to help themselves and overcome handicaps.

That's where Marlene Bolton comes in. A pleasant personality and an attractive young woman, she has the power of persuasion and she has the knowledge to help others to help themselves.

As Marlene Grahn, daughter of Mr. and Mrs. Wilbert Grahn, she was graduated from high school in Waupun, Wis. She attended the University of Wisconsin at Oshkosh for two years and then went to the main campus at Madison for her last two years of training. She earned a bachelor of science degree with a certificate in physical therapy, after an internship of four months, in two hospitals in Wisconsin, and at the Rehabilitation Institute in Detroit, Mich.

Marlene came to Texas to work at St. Anthony's Hospital in Amarillo. She has been employed at North Plains Hospital for a year.

She became Mrs. Roy Bolton two years ago. Roy, the son of Mrs. Opal Bolton, Littlefield, is a graduate of Littlefield High School and of West Texas University. He earned a bachelor of science degree in physical education, and is now working toward a degree in physical therapy. He is working part time now, under Marlene's direction, and attending classes at Frank Phillips College, while awaiting acceptance into a school of physical therapy.

The young couple is dedicated to the profession of aiding physicians to bring patients back to health through exercises and the use of auxiliary aids as crutches and walkers.

"There's a lot more to using crutches than people think," Marlene said, "and it takes training to use a walker."

Marlene and Roy are both persons who inspire trust. Gentle and kind, they also give confidence in their power to help someone who needs help.

"Sometimes," Marlene said, "a patient is reluctant to try what we suggest; so we have to use psychology to persuade him. But we are firm, as we follow doctors' orders."

Marlene said that physical ther-

apy is the career for her, for she loves her work.

"It's satisfying," she said, "to change the course of a person's life from one of learning to live with pain to that of helping oneself to normal activity."

Roy agrees, asserting, "It's rewarding work, to lessen or eliminate pain. I enjoyed my training in physical education but I am anxious to become a physical therapist, in order to help others."

The Boltons said that they are happy when they see the pain of a burn victim relieved in the whirlpool bath and when they see that victim's recovery speeded up as a result of the treatment.

They shared the joy of a patient who had a fractured wrist and who had expected to live with a stiff wrist for the rest of her life. Under their treatment, she regained full use of her wrist.

They were gratified when a patient with a facial tic found relief by the use of the TNS machine, so much so that she purchased a machine of her own, to use at her home.

Marlene explained that physical therapy is provided at the hospital for out patients, but only on a doctor's referral.

"Many Berger patients, who used to have to go to Amarillo for physical therapy, now come to us," Marlene said.

Miss Pam Pruett, 1201 Madison, is an aide in the therapy department, working with Marlene to assist in the many and varied forms of therapy. She possesses the same charisma as Marlene and Roy, inspiring trust.

Marlene and Roy live at 1422 Lancelot. They enjoy camping and bike riding together, and their most recent activity has been raising vegetables. Marlene enjoys sewing, needlepoint, and artistic crafts, and Roy's hobbies are fishing and hunting.

If a doctor recommends physical therapy at North Plains Hospital, a patient need have no dread or fear. For the bright, cheerful rooms set a mood of good cheer, and Marlene, Roy and Pam take it from there, and help others to the happiness of good health.

Girlstown, U.S.A., topic for Forum

Forum members saw a film strip showing the three sites of Girlstown, U.S.A. — Berger, White and Austin — at the Nov. 11 meeting.

Addie Abernathy was in charge of the program.

Regular meeting of the Forum Study Club was held in the home of Mrs. Reva Florence, with the president, Mrs. Harriett Cummings presiding.

Mrs. Marshall W. Cooper was a special guest.

Major business concerned plans to cooperate with several other public school and civic organizations to present musical toys to the Lubbock State School.

Each Forum member will purchase one musical toy, before Christmas. In preparation for Christmas party on Dec. 9, members drew names for small gift exchanges.

Earth Chamber to give welcomes to new residents

SPRINGLAKE — At the Chamber of Commerce breakfast Friday morning members decided that the Chamber would purchase advertising space to be used in welcoming new residents and businesses of the city.

A proposal was accepted which provided that each new resident should be given a selection of coupons that could be redeemed at discount prices on services and merchandise from local merchants.

The Chamber would appreciate help in repairing the Christmas lights. Volunteers are being solicited.

A "Clean-Up, Fix Up, Board Up, Paint Up and Wash Down" campaign is under way for the buildings on Main Street.

After the Christmas party meeting, the next meeting will be on Jan. 13, 1977 with Mrs. Marjorie Richey as hostess.

P-TA Council meets at Pep

PEP — The South Plains Area P-TA Council meeting was held in the Pep School, Nov. 9 with 15 members present. Coffee and donuts were served by Pep P-TA.

The nominating committee was selected, and will present a slate of officers at the Feb. 8 meeting in Amherst. They are Mrs. Frank Simnacher, chairman; Mrs. Melvin Chisum, Mrs. Robert Offield, Mrs. Guy Hufstetler and Mrs. Kenneth Ferguson.

The program was given by Ralynn Moate, S.V.N., who spoke to the group on local diseases, which include lice and scabies infestations in the local schools.

Earth News-Sun new owners

Mr. and Mrs. Ray Freedman are now operating the Earth News-Sun.

Ray Freedman has been in the newspaper business 15 years. He has served as general manager for the Citizen and had previously worked for a chain of daily newspapers.

The Freedmans purchased the paper from Mr. and Mrs. Ross Mittletons for an undisclosed amount. The Mittletons, with Doug and Sam Williams, all of Littlefield, founded the paper Aug. 1954. The following year the Mittletons became its sold owners.

The Mittletons have not announced future plans.

Amherst P-TA meets for business session

AMHERST — The Amherst P-TA met Nov. 11, for their regular meeting.

Margie Harmon brought the devotional and her daughter, Jacquelyn, brought special music.

Mrs. Jimmy Cowan, president, introduced the program. Mrs. Joy Cantrell's fourth grade presented a play; Mrs. Faye Chapman's fifth grade presented a choral reading, and J. D. Nelson's sixth grade presented a skit and a musical number.

The business session was then held by the reading of the minutes and the treasurer's report.

It was reported that the P-TA has 99 members. Joy Patterson then urged everyone to save their box tops from cereal to buy playground equipment.

A nominating committee was elected. They were Mary Brownlow, chairman, Lillie Galaviz and Joy Patterson.

Mrs. Jimmy Cowan then presented the book that was published by the Texas P-TA, "Journey From Ignorant Ridge" to Lamar Kelly and the Amherst School. It tells about all the Texas Schools in the 1800's.

The Texas P-TA Convention is being held in Ft. Worth this week, Nov. 17-19. Joy Patterson and Gayla Cowan were to have gone.

The Amherst Junior Varsity Basketball Tournament will be held Dec. 2-3-4. The P-TA will be serving pie and coffee.

Room count was taken and the fifth grade won the \$5.

Springlake young people guests at harvest banquet

SPRINGLAKE — The young people of Springlake First Baptist Church were guests at a Harvest Banquet Saturday evening in the Church Fellowship Hall. Hosting the event were ladies of the congregation.

The harvest theme was featured in the display of a scare crow near a basket filled with farm products including corn, pumpkin, cotton bolls, squash, potatoes and onions.

The tables, lighted by Kerosene Lamps, were decorated by autumn leaves, pine cones, cotton bolls and ears of corn.

Kent Parish was master of ceremonies.

Rev. Glen Smith, pastor, offered the invocation.

Clint Kniffen presented devotional thoughts.

Musical selections were provided by guitarist and vocalist, Randy Eagan, student of Eastern New Mexico State University, Portales. Rev. Smith related humorous incidents throughout the evening.

Benediction was by Mike Jones of E.N.M.U.

The menu was turkey, dressing, ham, fruit salad, cranberry salad, tossed salad, whipped potatoes, candied yams, fried pies, bundt cake, hot rolls and ice tea.

Out-of-town guest was Leland Harrison of the New Mexico University in Portales.

Pep P-TA meeting, supper conducted in cafeteria

PEP — The November P-TA meeting and Dollarama Supper were held in Pep Cafeteria Nov. 11 with a fair attendance.

Mrs. Max Demel, president, presided for the meeting.

Superintendent Homer Edwards led the group in prayer, minutes were read by Mrs. Gary Skaggs, and the treasurer's report by Mrs. Raymond Marek.

Mrs. Demel revealed she would be unable to attend State Convention and Mrs. Gaubert Demel agreed to go.

"We are glad that Marcy can go and represent Pep at State Convention and she will bring back a good report at our next meeting," stated the president, who also reported on an article from P-TA Today on "The National P-TA begins its nationwide campaign to begin its nationwide Campaign to Curtail Violence on Television."

"One social scientist estimates that by the age 14, the average child has witnessed 11,000 "murders" on television — not to mention thousands of "fights"; "robberies"; "muggings"; "rapes"; and "kidnappings".

Research has demonstrated that televised violence DOES have harmful effect on the emotions, attitudes, and behavior of children, and it can affect adults in a similar way," the article states.

So complain if you wish, in writing to Emilie Griffin, director, Children's Advertising Review, National Advertising Division, Council of Better Business Bureaus, 845 Third Avenue, New York, N.Y. 10022.

"It's up to the parents to supervise television viewing of their children," the president advised.

The banner went to the Seventh Grade.

Hopes high for cagers

After posting the best basketball record in 20 years last season, Wildcat Coach Deo Blevins is looking for more of the same this year.

Blevins guided the Cats to an 18-14 record and won South Plains Coach of the Year in the process. "We could be as good or better than we were last year. This is the smallest, quickest and best shooting team that I've coached in Littlefield," Blevins said.

Two-year starters returning are Narva Simington and Ralph Mendez. In addition to those two stand-outs, Richard Rogers, Rudy Ayala and Kevin Gardner are probable starters.

Also seeing plenty of action will be Layne McKinnon, David Jones, Tommy Twitty and Keith McCain.

To offset the lack of height the Wildcats will fast break and will be in a pressing zone half-court and full-court defense. The pattern of offense will feature a two-guard attack with a single low post.

In pre-season selections both the boys and girls are picked to finish in fourth.

The girls varsity squad will be returning all of their starters from last year. Returning as forwards are Pennie Sexton, Sr.; Monica Phillips, Sr.; Rhonda Hollingshead, Sr., and Carol Sexton, Soph. Other forwards are Wanda Williams, Soph. and Sharon White, Jr.

On the other end of the court returning as guards are Lori West-

moreland, Sr., Melissa Sawyer, Sr., Kim Daniel, Sr., Karen Carter, Sr., Kimberly Fisher, Jr., De Anna Blakely, Soph., and Debbie Spencer, Sr.

There's an all-district player returning in each end with 5-3 senior, Monica Phillips, who averaged 24.1 points a game, and 5-6 senior Lori Westmoreland is back to lead the defensive unit.

In the girls team coach Sam Bean stated that the girls will have alot of depth and experience. All of the seniors are the first girls to go through the entire basketball program. They started playing together in the seventh grade and are still together in their final year in high school.

Last year the girls record stood at 14 wins and 15 losses

Pentecostal children to present special

The children of the United Pentecostal Church will be presenting a special program Sunday, Nov. 21, at the church, and they are inviting their parents and other friends to attend.

"The children and their teachers have been practicing and planning the program for weeks, and the program is designed to show parents what their children have learned, and what they feel about the Lord Jesus Christ," stated the pastor, Rev. T. F. Starnes. "These children have a great love for the Lord and really know how to show it."

"The public is invited to come and enjoy this with the parents," Rev. Starnes continued.

Following the program, classrooms will be opened for the parents to view their work.

TEXAS
TOPS
NO. 102

Texas TOPS 102 met at Medical Arts dining room with a regular meeting.

Juanita White, leader, called meeting to order and asked Lola Wasson, secretary, to read the minutes and roll call.

Juanita White, leader told about a diet that she's on, and gave a recipe for a vegetable stew.

Audrey long read an article about by-pass surgery. A discussion was held after the article was read.

Everyone discussed the family night that was due to be held on Nov. 11.

Queen for the week was Juanita White.

FAMILY NIGHT

Family night was held on Nov. 11.

All members brought food enough for their family or guests.

A new kind of Bingo was played—autograph cards were made in the shape of bingo cards and a box was filled with everyone's name as they came in. As the names were drawn, members marked it with corn and beans. The gifts awarded were brought by the TOPS members and were collected for a month.

Rose Zybur and Audrey Long put on a skit called "Pass The Cream." It was about two women who were very plump and didn't seem to understand what the doctor was trying to tell them to do about their weight. Everyone laughed while the skit was going on. But after the skit, Rose Zybur's brother was waiting for Rose to come out so he could take her picture. He didn't realize that was her with the black wig on that he had been watching. Roxy Baber was in charge of the decorations.

bills until I saw them at the courthouse when the judge's secretary showed them to me.

"After examining the bills at the courthouse, I did tell Betty I'd probably have trouble getting the money. But I did not see the bills until I saw them in Judge Kirby's office.

"I should have been asked to the meeting when the council opened the bids and I should have been at the meeting where they voted to proceed with the paving in Earth. But I didn't know when either of these meetings were held. If I had, I'd have made an effort to make the meetings.

"I was in Oklahoma at the time Betty said she called me and told me about a meeting. She couldn't have called me because I wasn't home. My wife checked and we were in Oklahoma at that time.

"When I saw the notice to bidders in the Earth paper, it didn't mention Lamb County, so I thought they'd forgot about getting the county to participate.

"To this day I don't know whether we had a contract with Jake Diel or not, because I've never seen the bid sheets, and I've asked to see them three times. Every time I asked Betty to see them she says, "I'll get them for you," but she never has.

"If she had got me the bid sheets when I first asked for them, I think I could have got them approved before the seal coating was done. But without the bid sheets, I didn't have anything to take before the Commissioners' Court."
