'Pride In School' Sought By Trustees

Littlefield school trustees put the emphasis on "building pride in the school" and making a good showing in all types of activities next year at a regular meeting Monday night.

The discussion encouraged more participation by students in activities in which they represent the Littlefield school system.

Glenn Batson, elected last spring as a board member, offered three suggestions toward that end and the board as a whole joined him in the idea that "everyone connected with the school should have pride in it."

The board literally backed up that thought by giving final approval to the

purchase of brand-new band uniforms for next year.

Batson kicked off the discussion of more participation in activities by suggesting the band be "permitted and encouraged" to march in the Panhandle-South Plains Fair parade next fall.

Then he moved that school plays not be limited to the single "all-school play" of the past few years, and asked that both the Junior and Senior classes be encouraged to present their own plays.

"More kids can participate that way," he said, "and they'll have more pride in what they're doing."

Finally, Batson and several other board members urged earlier preparation for University Interscholastic League literary events.

"Some schools start the first week of the school year in getting ready for those contests, he said, "and if we want to make a good showing, we're going to have to start earlier."

Board Member Doug Walden asked that possible two-hour classes in vocational agriculture.

President Wayne Streety joined him, saying that one hour is not sufficient when classes are engaged in field trips and training sessions.

In the approval of new uniforms for the band, the board opened bids from four companies, and the low bidder was the Fruhauf Co. of Wichita, Kans., at a price of \$94.80 each for 125 uniforms.

Other bids were \$99.12 from Oswald Co., \$102.50 from Regalia, and \$106.70 from Esterline.

A sample uniform will be made and presented for the board's approval in the next few weeks. Final delivery is expected after the first of the year, in time for the concert season and a band trip to Corpus Christi for the Buccaneer Festival.

Police Investigate Theft, Destruction

One citizen reported that the left rear window of a '57 Chevrolet had been pitted with an unknown object sometime late Friday night or early Saturday morning.

Murder Charge Filed In Death Of Infant

Charges of murder have been filed against a Lamb County couple in connection with the death of their three-month old son.

Bailey County authorities arrested a 20-year-old Negro farm laborer, Willie Lee Finch, and his 17-year-old wife, Charlene, Monday night on the murder charge and set their bail at \$5,000 each.

The Finch's infant son, Johnny Ray, was dead on arrival at 2 a. m. June 7 at the West Plains Hospital in Muleshoe.

The child's twin, Wanda Kay Finch, died March 20 at the North West Texas Hospital in Amarillo, and hospital authorities ruled that she died of a massive brain hemorrhage. The twins were born in Dimmitt on February 19.

Bailey County Justice of the Peace Morris Nowlin ordered an autopsy on the infant boy after he was pronounced dead on arrival at the Muleshoe hospital.

Officers said an autopsy report from

pathologists in Clovis, N.M. late Monday revealed that the baby died from broken ribs and a punctured lung.

The charged couple lives in northwest Lamb County on a farm north of the South Nichols Gin. They have one other child, a 1 1/2-year-old son.

DWI Charges Filed Following Area Wreck

A Brownfield man, Jose Roel Luna, was charged with driving while intoxicated after speeding through Springlake on the wrong side of the road Saturday night and crashing into a parked car.

Luna was brought to the Littlefield Hospital, then transferred to the Methodist Hospital in Lubbock for treatment of a broken leg and lacerations.

Luna was driving a 1970 Chevrolet pickup owned by Goodpasture Inc. of Brownfield. The parked vehicle was a 1966 Ford owned by Francisco Galvan of Spearman. Both vehicles were total losses according to Highway Patrolman Gene Seismore who investigated the accident.

The patrolman investigated another two-car accident at Sudan at 5:40 p.m. Saturday.

Sherry Ann Schneider of Lubbock was driving west on U. S. 84 in the right hand lane when a Sudan resident, Raymond Delbert Nix, drove a 1970 Lincoln onto the roadway from the south, failing to yield right of way from a stop sign.

There were no personal injuries and property damages to the two cars was light.

Trade Promotions To Be Discussed

Trade promotions by Littlefield businessmen for the remainder of 1971 will be discussed in a special meeting here tonight at 7 p.m. in the XIT Room of Security State Bank.

According to Kip Cutshall, vice president of the Economic Development Council of the Chamber of Commerce, all members of the C-C are urged to attend to decide on how many promotions; the name; when they are to be held; and to choose overall chairmen and select a steering committee to plan details of each promotion.

Future promotions on activities such as sidewalk sales, stock-in-festival, Festivities Days, or other possible events will be among those mentioned.

A GAS outdoor grill gives food a tangy outdoor flavor without the time and bother of charcoal fire. Char-broiled flavor comes from the smoke of meat juices dripping on hot briquets. Charcoal itself provides no flavor. Permanent ceramic briquets in the gas grill reach cooking heat in a few minutes, and there is no long wait to start cooking. The heat is regulated manually so there is no need to move a grill up or down.

PAUL HARVEY

Bad Words

NOW THAT OUR highest court has decreed that anybody may display those four-letter words in public—soon many will.

I wonder if you and I shouldn't try to discuss this subject dispassionately.

FIVE-TO-FOUR the Supreme Court ruled in favor of Paul Robert Cohen of Los Angeles. On his jacket he had stitched a slogan objecting to the military draft and it included a four-letter vulgarity.

He'd been sentenced to 30 days in jail for "offensive conduct," but the High Court let him go. The Court decreed that he is protected by the First and Fourteenth Amendments of the Constitution; that "we cannot forbid particular words without risking suppressing ideas."

BESIDES, Justice Harlan added, "One man's vulgarity is another man's lyric." I think we should let the record read that Mr. Nixon's appointees to the High Court did not agree with this decision, but they were outnumbered; the decision is law.

WE'VE ALL SEEN this coming. As moral absolutes were dissolved even within the church, and as gutter language was adopted first by prurient men-only publications—then by the desperate Broadway stage—then by the so-called

"ladies' magazines," we've all been approaching this day when anything goes.

This generation did not invent these words, of course. Indeed, some of them enjoyed common usage in ancient Saxony.

BUT WITH the refinement of intellect and the increasing sensitivity of emotions, men sought to emerge from primitive barnyard behavior and to separate the parlor from the bedroom and the bedroom from the bathroom.

So if now we are going to move everything back into one room, or out into the front yard, whatever it is it's not "progress."

ON A RELATED SUBJECT, there is nothing inherently indecent or impure or morally offensive about the saliva which issues forth from your lips—else no nice person would ever kiss.

Nor is the expectoration of said saliva offensive in the dentist's spatum cup.

BUT ON MY parlor rug it is. Anywhere that to spit may offend others, then the rights of others are involved and there should be and are laws against it.

But in the instance of barracks language, the Supreme Court has spoken. And I expect the four-letter words soon will appear on theater marquees and be uttered on tv. Not by me.

WHEN YOUNG PAUL was much younger, I responded to his first "hell" or "damn" with nothing more than a reminder that "any darn fool can swear." And that reminder was enough.

When he parroted some schoolyard word used to categorize some ethnic minority, it was enough to remind him that mud is not dirty until you throw it at somebody.

I THINK if I had a very young son today I'd have to explain that in recent years the Supreme Court has been overzealous in protecting the rights of wrongdoers.

And that we the people who want to rise above the slime whence we came will have to do so on our own.

A SLUSHY SNOW cone in the making gets the full attention of Robert, Tommy and Kelly Hardaway of 305 W. Third. Jean Richardson syrups a snow cone.

THE ABUNDANT LIFE

Ban Boredom

By BOB WEAR

BOREDOM SEEMS TO BE one of the most common sources of personal unrest and unhappiness.

Those who make this report have good reasons for their conclusions, so far as I know.

WHEN WE ARE OVERCOME with ennui or tedium, we are entering into the undesirable and unwanted condition of boredom. "Ennui" is "a feeling of weariness and dissatisfaction." "Tedium" is also a major contributing factor to boredom.

When we tire because of the length or dullness of our experiences, we begin to feel the distress of boredom.

BOREDOM IS NOT inevitable. We decide whether or not we become bored. Of course, in order to keep ourselves out of the debilitating condition of boredom, we must put forth definite and knowledgeable effort.

If we just assume a dull, egocentric view

of life and what we do, we will be bored and should be bored.

WHEN WE ARE half-hearted in our work; our work will most certainly be boring. If we permit ourselves to be forever unmindful of our blessings, we are creating the climate of personal boredom.

When we accept the faulty view that our work is unimportant, the next step is. Regardless of how undesirable our general life condition may be, we will eventually be bored with it if we are always thinking that "the grass is greener on the other side of the fence."

IF WE REFUSE to help with good activities, and keep ourselves aloof from the necessary work and service of life; boredom will soon envelope us as a stormy cloud.

When we work hard to make sure that we never do any more than our share, we will eventually find that we are doing a boring experience.

"ARE YOU BORED with life? Then throw yourself into some work you believe in with all your heart, live for it, die for it, and you'll find a happiness that you had thought could never be yours."—Dale Carnegie.

Making up our minds that we are not going to be bored will help us keep boredom and its ugly companions pushed away from us. Of course, there is more that we must do. We must be intelligently involved in work, because "Work is the easiest way a man has ever invented to escape boredom."

BOREDOM LEADS to more unwanted troubles, because it is an active, evil force which bears troublesome fruit in one's life.

"It is only a step from boredom to disillusionment, which leads naturally to self-pity, which in turn ends in chaos."—Manly Hall.

WE CANNOT AFFORD boredom. It can be prevented by being alert to life; staying busy in constructive work; maintaining a wholesome interest in others; and being always grateful for our blessings.

HONNY GETS
By CORNBALL BLEVINS

HAD A MISSIVE from my friend in Vietnam a couple of days ago. He had a question for me.

"Mr. B": HE asks, "What do you think of the dope problem among the boys in Vietnam? What are the people going to think of their friends, sons and husbands, when they come home to live like human beings? Are they going to be rejected and neglected because they took drugs, smoked marijuana, etc?"

LOOKS LIKE it's kinda like jumping a cliff. It's hard to back out, once jumped! You have only one life. Don't ruin it!

After all, your dycrasia may affect neighbor with dysphagia!

DISTRAUGHT husband to young wife: "But dear, just because doctor says we're heterogeneous mean we must divorce."

HE WENT ON to say that he, himself, had never tried the stuff, but had many friends that were on dope. Said that he did what he could to discourage their using the stuff. But, he added, "It does very little good to talk to these people, it's just like trying to stop an alcoholic."

His concern for the welfare of these returning veterans who have been "hooked" on drugs is commendable—in fact, heart warming. It shows the type fellow that he is.

I'M ANSWERING HIS letter and questions, to the best of my ability, by correspondence, which of course will be private. However, I realize that I can only answer for myself.

My question for you is: "What do YOU think?"

I'VE CONFERRED WITH the publisher by phone and have gotten permission to ask you to write—in form of letters to the editor—YOUR answers and/or reactions to the questions asked.

Whether you knew it or not, this paper travels all the way to Vietnam, and your answers to this boy's questions will be read by him, firsthand.

YOU YOUNGSTERS that are beginning to experiment with these drugs should take warning from this letter, in that he says: "It does little good to talk to these people, it's like trying to stop an alcoholic."

We know that it's easy to experiment with things that seem like fun at the beginning, yet, can have very serious and lasting consequences. I've never been so unfortunate as to be either alcoholic nor dope addict, but, I've seen enough of the results of these things in acquaintances to scare me to death of them!

3 Wrecks Friday

Highway Patrolman Weldon investigated three separate wrecks p.m. Friday.

About 5 o'clock Friday evening, Hardwick was driving a 1970 GMC west on a county dirt road four miles of Littlefield.

Hardwick met a vehicle, lost control, overturned one time. Hardwick was injured. The investigating estimated \$600 in property damaged pickup owned by Guy Hulst Lubbock.

About 10:15 p.m., Pamela Holm Route 1 Amherst struck a horse in the middle of a county dirt road, traveling north on a road six miles west of Littlefield when she came upon a mare and a shetland pony. The left front of her 1965 Ford struck the mare and its leg. The driver was not injured.

Damages to the car were minor, knowing the owner of the animal requested to contact Patrolman Weldon.

A 1964 Chevrolet truck owned by a man was a total loss, following an accident about 2 a.m. Saturday morning resulted in a fire.

Glen Underwood of Plainview hauling a load of fresh vegetables, traveling west on U. S. 84 about two miles west of Littlefield when the left rear came off. The side of the truck fell on the fuel tank and ruptured it, setting vehicle afire. The driver escaped uninjured, but the truck was demolished about \$500 worth of vegetables were the blaze. Littlefield firemen answered fire call.

Encounter '71 Begins Sunday In Hereford

Featuring a galaxy of stars from the movie industry, television and pro football, along with a former Miss America, Miss Teenage America and "the world's strongest man", Encounter '71, the Panhandle's first large-scale inter-denominational evangelistic crusade will open Sunday, June 21, at 8:30 p.m., in the Hereford football stadium. The crusade will continue in Hereford through Thursday, June 24. In addition, a 200-voice choir, under direction of Bob Burroughs of Abilene will appear each evening, and bids to become a spotlight feature of the crusade. Burroughs is a nationally known composer, writer and choir director who has appeared nationally and internationally, and is a nominee for two Grammy awards. This type of crusade, made popular by Evangelist Billy Graham, in addition to being a "first" in the Panhandle, is also one of the first "grassroots" productions of its type in the nation. "God never changes, but the church must," asserts Dr. Gerald Mann, pastor of the First Baptist Church, Hereford, who will conduct the evangelistic series. "The greatest mistake in organized religion rests in the circumstance whereby too many Christians believe that when we change the church, we change God." As pastor of the Seabrook church in the Houston NASA area before coming to Hereford, Dr. Mann holds a view that some changes are due within the ranks of all organized religion, and his general approach is definitely what might be termed in the "Billy Graham" pattern. The Hereford Crusade comes as the answer to a dream from interested laymen of the community, and is sponsored by laymen from 10 local churches, representing seven denominations. It became a reality when the laymen raised \$10,000—by getting \$100 donations from 100 people in the community. "Our object was to get wide participation, rather than large donations," says Raymond White, general chairman, "and

HEARING

Continued from Page 1

Counties have approved low-cost, low income housing.

Maddera said SPCAA members are seeking to include Lamb, Bailey and Yoakum to create an eight-county authority.

Lamb County Judge G. T. Sides said if the eight-county authority is created, it would be the third such organization in the U. S. The first one was organized in Tupelo, Miss., and the second with seven counties was organized this year in McClendon County in Central Texas. Federal statutes authorizing creation of the authorities were enacted in 1938, but had not been used until now, he said.

Counties representing 50,000 people are necessary for establishment, and Maddera said the five counties that have approved the authority represented the required number.

Legislation for the project that will provide the housing in towns as well as in the country in rural counties results from the 1957 Green Amendment to the office of Economic Opportunity act allowing each county's commissioners' court made up of the county commissioners and the county judge to decide independently whether or not their county is included.

Judge Sides said if the hearing is favorable, the commissioners court will then pass an order authorizing establishment of the authority and the plan will be filed with the county clerk within 60 days after the hearing.

Financing will be through local finance institutions if they want it and would be guaranteed by the federal government. The loans will carry a low interest rate with the rate on a sliding scale based on income and ability to pay.

Maddera said county officials would have a say about the number of houses built, where they were located and how much they would cost, as well as how they were financed. He said that by issuing bonds, the authority would be "creating its own money" and could rent, lease or sell houses.

Phyllis Owen Named Queen Of TOPS Club

Besides the 21 members present, two guests attended the meeting.

Workmans Hold Annual Reunion

The annual Workman reunion was held Friday, June 11 to Sunday, June 13 at Lake Murrey in Ardmore, Okla. The reunion brought together the entire family of the late Mr. and Mrs. J. O. Workman of Sudan.

The reunion has established a record of 16 years as it has been held every year during the second week of June since 1955.

Friday night a supper was held and W. O. Workman of Arlington, eldest son, gave the invocation.

The persons traveling farthest to the reunion came from Tennessee and Colorado. Next year the reunion will be held at the same place and time and the J. R. Workmans of Amherst will sponsor it.

Mrs. Hogue Named Assistant Librarian

Stock Dealer Is Suspended

Harold Rousser of Tulla has been suspended as a registered livestock dealer for violating payment, accounting, and bonding requirements under the Packers and Stockyards Act, according to the U. S. Department of Agriculture.

He purchases livestock from the Texas Panhandle and eastern New Mexico.

Rousser consented to the order when he answered the administrative complaint issued by USDA's Packers and Stockyards Administration. He waived oral hearing.

He admitted USDA jurisdiction and neither admitted nor denied the other allegations.

USDA Judicial Officer Thomas J. Flavin suspended Rousser's registration under the P&S Act for 7 days, starting June 11, 1971, and thereafter until he complies fully with the bonding requirements under the Act. He may not operate as a livestock dealer during that time.

Rousser was also ordered to cease and desist from:

(1) Engaging in business in commerce in any way which bonding is required by the Act without acceptable bond.

(2) Issuing insufficient checks in payment for livestock purchased in commerce.

(3) Failing to pay the full purchase price of livestock purchased in commerce.

Rousser was also ordered to keep complete records which disclose all transactions involved in his dealings under the Act.

The cease and desist order was issued to insure compliance with the P&S Act.

P&S requires dealers to pay for livestock no later than the business of the day purchase, unless otherwise arranged in writing. Dealers must provide these measures of protection for sellers.

Odd Animal Sighting

What's furry, has a red head, is a squirrel?

Answer: a squirrel.

Superintendent Jerry McCrestless of Jacinto State Park was startled by a squirrel crossing a park road on Tuesday with a red object covering its eyes.

He caught the little fellow and removed the red paste can which was wedged in its mouth. The squirrel was healthy.

With his vision obscured by the squirrel's careful and deliberate actions, made him appear to be tiptoeing, McCrestless said.
