LAMB COUNTY LEADER-NEWS

VOLUME 52 NUMBER 89 LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, MARCH 6, 1975 8 PAGES

15 CENTS TAX INCLUDED

6 Cities Get Tax Checks Month Earlier Than Usual

Six area cities received a grand total of \$49,515.04 in sales tax checks for the last three months of 1974—a small portion of the \$64.1 million in sales tax payments that arrived a full month earlier than usual to 809 Texas cities.

Comptroller Bob Bullock surprised the cities early this week with the checks and stated, "I said we would speed up the payments and we did."

The payments covered the October-December, 1974 quarter, and last year's payment for that quarter were sent to the cities on March 25.

Bullock said the early payment will help all cities with cash flow problems, but he also noted that the total payout

was worth approximately \$400,000 in one month's interest alone if the cities simply invested the money.

Speedier handling of the city money was one of Bullock's primary issues in his election campaign.

The \$64.1 million for the 1974 quarter compared to \$58.7 million for the Christmas shopping quarter of 1973.

Littlefield's check of \$32,418.00 for the 1974 quarter, however, was short \$3,278.55 of 1973's check for \$35,696.55 for the same quarter. However, the grand total for the full year of 1974 was \$123,173.21, compared to \$111,007.48 for 1973. All other quarters in the year of 1974 exceeded those in 1973.

Amherst's check for the last quarter period was \$1,941.54; Anton's was \$2,961.98; Earth's was \$3,129.22; Olton's, \$7,332.47; and Sudan's, \$1,731.83.

MRS. BONNIE MASENGALE, city treasurer, holds the city sales tax payment check for the October-December, 1974 period, which adds \$32,418 to the city coffers. The check arrived Monday, a month earlier than usual, due to a promise from Comptroller Bob Bullock. (Staff Photo)

USE SHOOK'S FAST, DEPENDABLE — ON THE FARM SERVICE —

REAR TRACTOR TIRE

This is the farm tire that's long on traction, short on cost.

Built with deep, 38 to 45° angle lugs (depending on size) the Lee Extra Power Deep Lug provides an outstanding self-cleaning design with maximum draw-bar pulling power.

This is the tire that has all its treads pulling together to help you do a great job... and that means its strong nylon cords work together, providing the strength, and the ruggedness to resist bruises and breaks.

A special combination of rubber and nylon keeps the tire "tight" resisting the tire stretching that weakens its strength. And it's a tough customer on rocks, roots, stumps and stubble, resisting cracking, chipping, and chunking that beat up other tires.

From top to bottom, from down to dusk, the Lee Extra Power Deep Lug is the best buy in the popular-price tractor tire field, one that will stay on the job with you.

FARM SERVICE TIRE

Here's the "friendly tire" that sticks with you wherever you have to go—a maneuverable, go-anywhere wagon tire, or for use on front tractor wheels where additional rotation is needed. More rubber on the road, up to 50% more, provides the wide tread that "floats" the tire across difficult, wet fields. With the load distributed over a greater contact area, this tire, in size 11-15, will support loads of 2,350 pounds with minimum ground compaction. The Lee Farm Service Tire—the extra wide implement tire that doesn't know when to stop!

Public Schools Week

OF ALL THE FACTORS which have made this nation great, the major one has probably been the ability of our society through the years to provide consistently the highest level of public education in the world.

If this is to continue, it is up to the private citizen to take an active role in the improvement of the educational system, for it is the individual who makes the system work on the local, state and national levels.

Each of us has the duty to learn as much as possible about local school operations and policies, including funding.

MARCH 3-7 has been designated as "Texas Public Schools Week" this year.

You are invited to take this opportunity to seek answers to your questions about education and the system, and to evaluate your local school district and personnel.

Visit, observe, and ask—do your schools have qualified teachers? Do they have enough money available to give your child and others the educational base so vital to living and working in modern society?

WHETHER YOU ARE a parent or not, your comments, questions, and observations will be most welcome. Won't you please take part?

Observe "Texas Public Schools Week," March 3-7.

SOUTHWEST TASTE BREAD

Kevin Riley

2 envelopes active dry yeast
1/2 cup warm water
3 Tbsps. honey
3/4 Tbsp. salt
2 1/2 cups whole wheat flour
1/4 cup wheat germ
1 1/2 cups white flour

Sprinkle yeast into very warm water in a 1/2 cup measure; stir in 1 teaspoon of the honey. Stir until yeast dissolves. Let stand, undisturbed, to proof until bubbly and double in volume, about 10 minutes.

Combine remaining honey with milk, butter, or margarine and salt in a small saucepan; heat until butter melts. Pour into large bowl; cool to lukewarm. Stir in yeast mixture.

Stir in whole wheat flour and wheat germ until smooth; add enough all-purpose flour to make a soft dough.

Turn out onto lightly floured surface. Knead until smooth and elastic about 10 minutes, using only as much flour as needed to keep dough from sticking.

Place dough in large buttered bowl; turn to bring buttered side up. Cover with towel. Let rise in a warm place, away from draft, 1 hour, or until double in bulk.

Punch dough down; turn out onto lightly floured surface; knead a few times; invert bowl over dough; let rest about 10 minutes.

Divide dough in half and knead each half a few times; shape into loaf. Place loaf in buttered 9" x 5" x 3" loaf pan.

Let rise in a warm place, away from draft, 45 minutes or until double.

Bake in hot oven (400 degrees) 40 minutes, or until browned and loaf sounds hollow when tapped. Remove from pan to wire rack to cool completely.

THE ABUNDANT LIFE

There Is A Way

By BOB W.

"THERE IS A WAY", an acceptable way, for us to manage our personal life in relationship to all legitimate responsibilities, obligations, and essential changes.

We may not be able to have all parts of our life situation just exactly as we wish, or even as we think they should be. In such instances, the way will be found in sensible adjustments, adaptations, and modifications.

WE ARE LIMITED, but, in many aspects of living, we are often more capable than we think we are. Although some limitations are real and fixed, and must be accepted graciously; some can be overcome, if we are willing to study, and plan, and work, and persevere.

In all of this, it is helpful to remember that "there is a way", an approved way for us to continue a reasonably effective manner of life. Though it is not necessarily ideal, it can be the very best of which we are capable; under the existing circumstances.

THOUGH THE WAY may not be ideal, it is still helpful for us to know that we have the opportunity to make this way the best it can be. This, however, is not all.

In these less desirable ways, we can be searching for better ways; or perhaps we can find the opportune time to make a complete change, a justified movement to another and preferred way.

THERE WILL BE NO CHOICE, in some things, except from the standpoint

of how we handle ourselves. "There is a way"; a way to cope with sorrows, our disappointments, failures.

It will be the way in which we ourselves most appropriately learn to do this very well.

"OUR LIFE STYLE" must be receiving in these days of financial energy difficulties. In view of this conclusion, we must face the fact that the changes can be made.

We don't know yet just exactly what must be changed, but we will.

"THERE IS A WAY" to make essential changes, and to make with the minimum of displacement, unpleasantness. This means we must not permit our first inclination of resentment and disappointment to dominate us, but rather understanding; and condition our so we can do what has to be done.

THERE MAY BE some alterations in established routines, and even some private these can be endured. Many of that "there is a way".

If we don't know this from our own experiences, and are unable to find a satisfactory way; let us remember there are people who can and will help us. If we do need help, we must learn to help each other.

"THERE IS A WAY" to do what we have to do.

NOTICE WHERE Loretta Lynn's "Popular" rendition of "THE PILL" has been banned by Lubbock radio stations KDAV & KLLD. Their move for decency needs be commended.— Why not do it??

DID YOU SEE WHERE the Supreme Court has ruled (On a split vote) that you can now sue the school board if you decide they've mistreated your progeny??— NO less!!

(Pardon me, there. I just had to get up and change tv channels— didn't want the Smothers Brothers messin' up my living room.)

NOW, IF YOU want to assure yourself that your kid will be an outlaw, or rebel, this is the proper course to follow. Start by teaching him that he doesn't have to respect authority, nor the rights of his fellow pupils.— Be sure and take his side when he comes home bearing bad tales about his teachers, bus drivers, and peers. Don't bother to try to learn the facts.— You KNOW your little angel wouldn't think of misaligning the truth.

OF COURSE THERE'S another way to the coin. You can do just as much damage by questioning everything the kid tells you. Let him know he can't trust him. AND, by all means, don't let him out of your sight. He'll never get the idea that he has a gun, or moral training, or a way of trouble by himself.

Anyone knows that the tighter you squeeze a fresh watermelon the farther it flies when the pressure becomes unbalanced.

SOMEWHERE BETWEEN extremes is the proper course of Children should be allowed to have liberties as well as a firm guiding hand. Certainly they should be taught to respect authority, beginning with YOU, the teacher who is denied the method of correction will not be able to respect of his pupils. AND, you lose the respect of his charges, you can't teach them very much.

SEEMS THERE'D be enough in our Supreme Court to figure out!!— Agreed??

Turn Row COMMENTS

By EMIL MACH

NOTICED IN TRAVELING over the area, that some of the cherry trees were fooled by "Mother Nature" and were caught in the cold snap the earlier part of the week with their blooms out.

Of course, this area is not yet dependent on fruit for a cash crop, but many of us do like to have a few fruit trees to bear some fruit each year for our own pleasure. Too often a late freeze or an Indian summer unbalances the blooming process of the fruit trees and we miss an occasional fruit crop.

It is still early and maybe the recent cold snap will set back the rest of the fruit trees until spring has "sprung".

FOR YOUR INFORMATION... In case you think the cold spell we had about 10 days ago was bad, you ain't seen nothing yet! From all indications,

1 large pkg. cream cheese
1/2 cup mayonnaise
1 pkg. onion soup mix
1 Tbsp. lemon juice
Tabasco sauce to taste

Spread on 8 slices of ham. Roll and fasten with tooth picks. Chill 12 hours, slice and serve. Makes about 40.

GREEN BEAN CASSEROLE

Kelli Smith

2 cans green beans (drained)
1 can cream of mushroom soup
1 can cheddar cheese soup
1/4 tsp. black pepper
1/2 cup grated American cheese
1 can French fried onion rings

Mix soups and pepper; add green beans. Pour into casserole. Bake at 350 degrees until bubbly. Place onion rings, then grated cheese on top. Return to oven for a few minutes (until cheese is melted).

Spade's LYNN COWAN #15 and Gaylon Reed #44 call a halt to Bledsoe's attempt to bring the ball down the court in Spade's 74-43 bi-district win Tuesday night over the Antelopes. For the night, Cowan had 4 points and Reed 2:16 left as they had a 2-16 advantage.

Spade Captures Bi-District Title

The Spade Longhorns, behind a pressing defense and excellent team play, ran their team record to 35-3 as they defeated Bledsoe for the bi-district crown Tuesday night, 74-43.

Gaylon Reed led the Longhorns with 26 points, 16 of those coming in the first half, to propel the 'Horns into regional play Friday at 4:00 p.m. against Greenwood.

Greenwood was a 61-60 victor over Miles in bi-district action. Marvin Matthews scored 17 points for Spade and Chuck Mills added 10, Tommy Batson 8, Jay Burchfield 5, Lynn Cowan 4 and Eddie Tate 2.

Gary Young was high for the losers with 20 points.

Both teams started off cold in the South Plains College Dome as Spade held only a 4-2 advantage after over four minutes of play as Batson scored on a layup to put the Longhorns ahead to stay.

With 2:40 left in the first quarter, Spade's press began to take hold as they rushed to an 8-2 lead and stretched it out to 16-7 at the end of the quarter.

The Longhorns outscored Bledsoe in the second quarter to take a 36-22 halftime lead.

The third quarter spelled Bledsoe's doom as the Longhorn's press and fast break out-scored the Antelopes 26-27 to take an insurmountable 55-27 lead into the final quarter.

ALWAYS SAFETY IN VALOR

Moral cowardice is rampant in our land. It stands in direct contradiction to the example of Jesus Christ. The behavior of some of our young men and women and some of our leaders is equally shameful. We are spectators to the side show of seeing people point to each other as moral deviates.

Emerson said, "There is always safety in valor." It's a lost thought like so many jewels from our great writers. Jesus was safe only when He submitted to the cross. "Stand thou on that side," He seemed to command Satan, "for on this side am I!"

Ah, He was a man! A man of fire and valor and power! Men like Him have blazed new trails, fought and conquered wrong, and found remedies for deadly diseases.

He set His face like flint as He turned toward Jerusalem that last time. For there was safety in doing His Father's will—disgrace in any other course.
