The class will be conducted one night a week for eight weeks, beginning April 10, from 7 to 10 p.m.

Mrs. Ford and Mrs. Harris will be offering the program, called Parent Effectiveness Training (P.E.T.) to Littlefield families who are intrigued by the philosophy of its founder, Dr. Thomas Gordon of Pasadera, Calif., who states that all conflicts in the home can be resolved without either parents or child losing face or sacrificing his

"Parenthood is the only major job in our culture for which no training is required, or even available," they stated, "and P.E.T. can bring to Littlefield the effective interpersonal skills needed to fill that void."

Founded in 1962 in California, the program has recently spread across the country, with more than 1,000 licensed instructors now teaching classes of approximately 30 parents how to listen so children will talk, talk so their children will listen, and solve problems so that no one in the family loses. The resulting closeness and cooperation has been reported to make both children and parents happier and to eliminate the socalled generation gap.

Mrs. Ford is director of Occupational Therapy at Central Plains Mental Health Center in Plainview and Mrs. Harris is the Mental Health Outreach worker in the Littlefield office.

Those interested in the P.E.T. program are asked to call Mrs. Harris at 385-4013 in Littlefield.

Further details regarding the class will appear in Sunday's Leader-News.

Producers Ask Cutback Of All Major Crops

Every idea imaginable was advanced in a meeting of at least 1,000 farmers, ranchers and agribusinessmen in Hereford Monday night.

Joe Montgomery of Security State Bank was one of the farm lenders attending. He termed the lengthy meeting "disorganized."

At times persons attending tried to express political views, especially concerning the farm bill, but the master of ceremonies led the discussion toward what farmers could do to cut production of major crops to keep prices up.

The group agreed that the cattle feeder shouldn't be alienated. A resolution was passed to send letters to congressmen to ask that beef imports be

Gerald McCathern, a Hereford man elected president of the group, summed up the group's feelings by saying, "It seems strange to me something can't be done to cut back on the beef imports and set prices for farm commodities that both the cattlemen and the grain producer can live with."

One producer wanted farmers to leave out 25 percent of all major crops. This idea wasn't popular. But the group did agree to hold back 10 percent of all major commodities to escape a glutted market and hopefully overcome low to non-existent profits.

The 1,000 or more attending hope to convince other farmers to cut back on all of the major crops by 10 percent.

WERE INJURED Sunday night when this 1974 Ford Torino rolled and threw the occupants out of the vehicle. (Staff Photo)

Turnover Injures Four Youths, Seven Booked At County Jail

Four young people escaped serious injury in a one car turnover six miles west of Littlefield on FM 54 about 10:35 Sunday night.

Taken to the Littlefield Hospital by ambulance was Danny Moore, 18, of Littlefield, driver of the car. Rosemary Phillips, 16, Richard Harris, 21, of Lubbock, and Roger Johnson, 18, of Anton were taken by private auto to the hospital. None of the injuries were believed to be serious.

According to the officer's report, the driver said he thought a tire blew out.

The '74 Ford Torino rolled twice, one of the doors was knocked off, and all of the occupants were thrown out of the

At the Lamb County sheriff's office this weekend, six were jailed on various

Two Levelland men, Pablo Hinojosa and Margarito Hinojosa are in the county jail on burglary charges with their bonds reset at \$100,000 each. Jerry Ralph Moore was charged with violation of probation. The original charge was burglary and he was sentenced to seven years.

A Littlefield woman and an Amherst man were charged with check law violation, a Springlake man was fined \$150 plus cost on a charge of carrying an unlawful weapon, and an Olton man is being held for Amarillo officials.

Four thefts have been reported to county officers. David Debusk reported the losa of a battery off an irrigation well motor northeast of Littlefield.

Charles Carpenter reported the theft of 400 gallons of gas valued at \$168 stolen from his farm 11 miles northwest of Littlefield.

W. O. Hampton reported the felony theft of a 1965 Ford car. Ray Stansell reported the theft of a trailer and trailer full of cast iron valued at \$300 taken from the Earth Elevator feed lot.

Coffee-Coats Wedding Solemnized In Clovis

ENOCHS- Sandra Coffee and Waymon Keith Coats of Hobbs, N.M. exchanged double ring wedding vows Friday night, March 21, in the United Methodist in Clovis, N.M.

Parents of the couple are Mr. and Mrs. Melvin Coffee of Clovis and Mr. and Mrs. Kenneth Coats of Rt. 2, Morton.

Officiating for the reading of the vows was Rev. Douglas past president of P-TA in Anton Wofford, pastor of the Kingswood Methodist Church at

> Melvin Coffee presented his daughter for marriage. She wore a gown of unbleached domestic featuring a lace inset in the long sleeves and bodice. She wore a large white picture hat trimmed in apricot ribbon, bone colored shoes, and carried a bouquet of yellow daisies, tiny apricot colored rosebuds, bridal wreath and greenery.

> Mrs. Deanna Jones of Clovis, sister of the groom, was the maid of honor. She wore a gown of apricot with bone accessories and carried a bouquet of flowers identical to the bride's.

> Robert Thedford Jones of Clovis was groomsman.

Vows were exchanged before the altar, decorated with apricot gladiolas and carnations, flanked by candelabras holding white and apricot candles.

Mrs. Deanna Jones, sister of the groom, sang "The Wedding Song", as she was accompanied by Linda Dahoff on the piano. She also played several selections while the guests were seated by the ushers, Kim Coats, brother of the groom; and Roger of Pasadena, cousin of the bride.

For her daughter's wedding, Mrs. Coffee wore a floor-length gown of blue, and bone accessories, and a corsage of daisies and apricot rosebuds.

Mrs. Coats wore a floor-length mint green gown with bone accessories and daisies and apricot rosebuds in her corsage. Following the wedding, a

Local Youth Clean Up Parking Lot

According to a report from City Police Sergeant Chris Hearn, several local youth voluntarily cleaned up the city parking lot north of the Post Office, just off Phelps Avenue.

"I believe these youth need to be patted on the back for their efforts, and if this cooperation keeps up, this will be a cleaner and better town," Sgt. Hearn

Motorcyclists Meet Tonight

EDITORIAL

Leukemia And Hope

LEUKEMIA IS STILL a word that strikes fear, especially among parents of young children. Understandably, since cancer, next to accidents, is the greatest cause of death among children under 15. Half of these deaths are from leukemia, or cancer of the bloodforming organs of the body.

That is one reason why the American Cancer Society has devoted so much of its research funding to leukemia. Together with related lymphomas the Society devotes more than \$3,000,000 a year to the research attack against this type of cancer.

TODAY THE SITUATION is radically different from what it was not many years ago. There is good reason for hope and optimism.

With a proper use of a combination of drugs, in many medical centers 90 percent of all acute lymphocytic leukemias can be put into remission.

Most doctors won't use the word "cure" as yet, but there are many cases of leukemia patients who have lived normal lives free of all symptoms years after treatment

WHAT CAN YOU DO if leukemia strikes in your family? The American Cancer Society Unit in your community has a list of more than 80 medical centers throughout the United States providing highly effective treatment for leukemia. They will not turn away any

The fight against leukemia, both in research and in treatment, is a vital part of the crusade against cancer.

Defendants Draw Sentences

Four persons set to be tried in district court this week waived jury trials and entered pleas of guilty before District Judge Pat Boone Jr.

Brownie M. Martinez who was charged with arson waived trial by jury and pleaded guilty to the charge. He was sentenced to 10 years, probated.

Gilberto Ortega Gonzales, charged with felony possession of marijuana over 4 ozs., waived a jury trial and entered a guilty plea. Gonzales was found guilty and sentenced to three years, probated.

Freddie Trevino who was charged with burglary of Sudan schools waived a jury trial and pleaded guilty before Judge Boone. He was found guilty and sentenced to four years, probated.

Ignacio Martinez Rendon waived a jury trial and entered a guilty plea to a charge of aggravated assault. He was found guilty and sentenced to four years,

Jurors called for duty Monday were dismissed.

At press time Wednesday, jurors were to report. Set for trial were Rosie Linda Garcia and Mary Hernandez Huerta, charged with theft by shoplifting from

Twelve civil cases are set for trial

Heart Board Conducts Meet

The Board of Directors of the Lamb County Division of the American Heart Association met Thursday, March 27, at the Tasty Taco, with vice-president, Janice Sebring, presiding.

Minutes were read by Carole Faver and were approved.

A change of meeting time was discussed and members decided to meet in the evenings on the fourth Thursday of every other month, with the executive board continuing their monthly meeting.

A report was given on the progress of the Heart Fund Drive and the board

decided to sponsor two fund raising projects in the near future. The board also discussed the purchasing to resusiannies for the Lamb County Division. These annies are used in teaching CPR. Other committee reports were also given.

Those attending were Janice Sebring, Carole Faver, Billy Moore, Jeni'D Brunson, Evone Oliver, Kay Kendall, Mary Johnson, regional director from Lubbock and guest Don Bell.

The next meeting will be the annual meeting to be held April 15th.

Commissioners Act On Short Agenda

The Lamb County commissioners court acted on a short agenda in the endof-month meeting Monday.

The teletype project for the county sheriff's office was extended for another year. Lamb County pays 40 percent of the \$178 per month, with SPAG paying 60 percent of the monthly costs.

Jodi Maxwell of Sudan was approved as assistant county librarian. She replaces Dorothy Spencer who resigned last month.

Filling mortar cracks in the county courthouse was discussed but no action was taken. Setting a bounty for coyotes was discussed, but commissioners did not take action.

In another matter, the court approved the closing of county offices in the courthouse on April 22, the day for the constitutional amendment election.

OBITUARIES

HENRY CALDWELL

Funeral services for Henry Caldwell Jr., 44, of Lubbock, who died Thursday, March 27, in West Texas Hospital, were conducted Monday afternoon in the Faith First Baptist Church with Rev. G. B. Coleman, pastor, officiating.

Burial was in Peaceful Gardens Cemetery under direction of South Plains Funeral Home.

Caldwell was a farm laborer.

Survivors include his wife Essie; a son, Renza Caldwell of Lubbock; a daughter, Mrs. Barbara L. Brown of Lubbock; his father, Henry Caldwell Sr. of Arp; his mother, Mrs. Juanita Brown of Lubbock; eight brothers, Ralph and Shorty both of Tyler, Lonnie of Dallas, Charlie of Fort Worth, William of Midland, J. D. of Plainview, David of Lubbock and Rufus of Amarillo; five sisters, Mrs. Ila Mae Cary of Olton, Mrs. Lou Anna Patterson of Pasadena, Calif., Mrs. Juanita Brown and Mrs. Jimmie Ann Johnson both of Long Beach, Calif., and Mrs. L. M. Williams of Tyler; and three grandchildren.

MAGGIE EMANUEL

Services for Mrs. Maggie M. Emanuel, 82, of Muleshoe were con ducted Monday afternoon at Singleton-Ellis Chapel of the Chimes in Muleshoe. Rev. V. L. Huggins, pastor of Trinity

Baptist Church, and Rev. A. J. Kennemer, pastor of the First Baptist Ckurch of Littlefield, officiated.

Burial was in Littlefield Memorial Park under directions of Singleton-Ellis Funeral Home

Mrs. Emanuel died at 8:40 a.m. Sunday in West Plains Memorial Hospital.

She was born Jan. 19, 1893, in Vashti, Tex. A resident of Muleshoe three years, Mrs. Emanuel moved there from Littlefield where she had lived since 1942. She was a member of the First Baptist Church of Littlefield.

Survivors include a daughter, Mrs. Ernest Brock of Muleshoe; a son, Allen

Emanuel of El Reno, Okla.; a sister, Mrs. Ell Northcutt of Muleshoe: seven grandchildren and four greatgrandchildren.

The family requests memorials be made in the form of donations to the Muleshoe Nursing Home Auxiliary.

ALTON MERRELL

Services of Alton B. Merrell, 69, of Lubbock were conducted Monday afternoon in Monterey Church of the Nazarene with Rev. Bill Childs, pastor, and Rev. Michael Summers, pastor of the First Baptist Church of Sudan, of ficiating.

Internment was in Resthaven Memorial Park with Franklin-Bartley Funeral Home handling arrangements. Merrell, a native of Irene, lived in

Lubbock 20 years. He was a member of the Monterey Church of the Nazarene. He died at 2:50 a.m. Saturday at Methodist Hospital following a short

Survivors include his wife, Mattie; two daughters, Mrs. Vernon Reed of Lubbock and Mrs. Bob Taylor of Sudan; two sons, Bobby Zinn Merell of Big Spring and Marvin Edwin Merrell of El Paso; two sisters, Mrs. Cecil Johnson of Littlefield and Mrs. James Shaw of Port Arthur; three brothers, Maurice Merrell of Rolling Hills, Calif., Burns Merrell of Lubbock and Bayne Merrell of Pecos; and 13 grandchildren.

WELDON MOORE

Services for Wedon Truett Moore, 66, of Plainview, were conducted Monday morning at Wood-Dunning Colonial Chapel in Plainview with Rev. David Ebert, pastor of St. Paul's Lutheran Church of Plainview, officiating.

Burial was in Olton Cemetery under direction of Wood-Dunning Funeral

Moore died at his home at 10 p.m. Thursday, March 27, following a twoand-one-half-year illness.

Born at Merkel in Taylor County,

By JOELLA LOVVORN

I CAME ACROSS this news item about allergies, written by Dr. J. E. Peavy, M.D., Commissioner of Health for the Texas State Department of Health. It has some good information for you.

IF YOU SNEEZE and sniffle during the ragweed season, if you have cramps, diarrhea, or rash after eating a particular food or drug, if you wheeze or itch when around a cat, a horse, chicken feathers, or some other substancethen you may be suffering from an

An allergy is an unusual reaction to a substance, an abnormal behavior of the body to it. Half of the people in the world sneeze or sniffle, wheeze or itch, suffer intestinal disturbances or other uncomfortable symptoms because of their allergies. Half of the adult population in Texas and one-third of our children are afflicted, say state helath officials.

In some it occurs only at certain seasons of the year, in others at fairly long intervals, while in many it is a daily problem.

When the allergy-producing substance enters your system and comes in contact with the antibodies in the cell, that union produces dramatic effects. The best known of the results of these miniature explosions is the release of the chemical histamine from the cell. Normally, presence of histamine stimulates production of adequate amounts of antihistamine which would of course cause no symptoms to develop. Sometimes enough antihistamine is not produced to counter the levels of

Histamine is perfectly harmless when inside the cell, but once released outside the cell it produces undesirable changes. It dilates and congests blood vessels so that fluids from your blood stream leak out into the tissue, causing swelling.

If this change takes place in the skin the result is hives. If this reaction occurs in the nose, the membrane swells and you have a condition known as hay fever or "sinus." Another action of histamine

Moore moved to Plainview from Las Cruces, N.M., in March, 1974. He was an office supply salesman and a member of St. Paul's Lutheran Church.

He married the former Rosella Sunde Feb. 12, 1932, at Sioux Falls, S.D.

Survivors include his wife; three sons, Donald E. Moore of Palo Verde, Calif., Dean L. Moore of El Cajon, Calif., and Merton L. Moore of San Antonio; a sister, Mrs. G. E. Ragle of Plainview; two brothers, J. Fay Moore of Hart Camp and Grady of Sante Fe, N.M.; and eight grandchildren.

ARLIE H. VINCENT

Services for Arlie Homer Vincent, 77, of Anton, were conducted Wednesday afternoon at Lawrence Street Church of Christ of Anton. Officiating were Ed Lobough,

minister, Alvin Mitchell. Burial was in Lubbock's Resthaven Memorial Park.

Hammons Funeral Home of Littlefield is handling arrangements for Vincent, who died at 8:30 a.m. Monday in Littlefield Hospital.

A native of Collin County, Vincent had been an Anton resident 33 years. He was a retired bookkeeper. He was a member and deacon of the Lawrence Street Church of Christ at Anton

He married the former Alta Henington at Trenton in 1917. Survivors include his wife and several

nieces and nephews.

untreated hay fever will develop asthma, says state health officials. In many cases, seasonal asthma may fail to subside with the end of the season and may become chronic. Among the most common forms of

is to contract or put into spasm in-

voluntary muscle fibers- muscles not

controlled by your own will, such as

stomach, intestine, urinary bladder, or

the uterus. If this muscle effect takes

place in the muscle fibers around the

bronchial tubes, asthma is the result; if

in the intestine, cramps and diarrhea

At least one in three Texans who have

may be the effect.

respiratory allergy is "pollinosis"- a respiratory reaction to pollens. Tree pollens cause trouble from about the middle of March to the middle of May, grass pollens from May to August, and ragweed pollen from approximately the middle of August to October. Because they come in direct contact with the tissues, only small amounts of pollen are required to produce symptoms.

The severity of hay fever varies in different parts of the country, from season to season and day to day. It is largely depedendent on the weather condition during the growth of the plant, and the temperature, humidity, sun shine and wind velocity during pollination time. Molds commonly grow on plant life,

and the seeds (or spores) are microscopic in size, many of them being even smaller than pollen. The kinds of molds which produce hay fever and asthma are particultrly prevalent on grains, such as wheat, oats, rye and corn, Next to pollen, molds are the most common causes of seasonal hay fever and asthma.

Then there is contact dermatitis. If you go for a hike in the woods you may suffer an inflammation of the upper layers of the skin, varying from redness to blisters and also accompanied by itching. It is an allergy caused by direct contact of the causative substance. Poison ivy is not a poisonous plant. No one is affected by it the first time he touches it. Only on subsequent exposure does an allergy show up in about half or more of the persons. But many other plants and common substances in use in the house can produce this disease. Three factors may play a part in the

production of allergic illness. Susceptibility is one. Only certain people have the ability or the background to become allergic. Granting you have this background, you still must become sensitized to a special substance and then be re-exposed to it. If you avoid either of these steps, you will have no allergic illness. A third factor is what might be called contributing factors. Various conditions- temperature, chemical irritants, dust, emotional disturbances, etc.- may aggravate allergies or trigger their attacks. But by themselves they do not cause allergic symptoms

If there is a family history of an allergy either on the father's or mother's side, then the disease frequently manifests itself in the off spring. But the allergy they develop will not necessarily be the same type as their parents'

Specific allergy tests can be given by your doctor to discover the substances to which you are reacting. Specific desensitizing treatment may be given to build up immunity gradually. Prevention and avoidance of the offending substance, if possible, is the most effective means of dealing with an allergy.

THE ABUNDANT LIFE

No Pettiness

IT DOES MAKE A DIFFERENCE whether or not we are inclined to "pettiness' in our thoughts and actions. We can be very diligent about what we consider the "big" things, and let a disposition toward "pettiness" (smallmindedness) spoil what might otherwise be a very effective life.

Much of our best intentions, hard work and potential accomplishment can be nullified by "our pettiness".

THE DISRUPTION of pleasant associations can be caused by any one of a number of unnecessary and un desirable attitudes, and "pettiness" is one of the very worst offenders.

All of us dislike this, when it is the manifestation which dominates the behavior of others in their reaction or their response to us.

In our own behavior, we may not always recognize it, or admit it; if we do recognize it. Regardless, it can just about offset every food quality in our character and personality. We must make sure that there is "not pettiness" in our thoughts and actions.

"PETTINESS" CAUSES untold difficulties in the ordinary, routine and commonplace living experiences. It short-circuits much of the energy, the peace, the joy, and the satisfaction that we could know; if we would just try harder to rise above that which is "little" and "petty"

In fact, it is amazing; almost un believable, that something like "pettiness" can discolor so much that is wholesome; and, in some instances, it can completely spoil everything.

IF THIS HURTFUL ATTITUDE and manifestation were confined to the situations, in which its damage was just person-to-person, it we fortunate enough http: not possible.

It is just as likely to be of the people who make control the administra that affect multiples 1 "big" places spel everybody, and "limbos found, is harmful to all you be involved.

IN PERSONAUM SIDERATIONS, PER that most nearly revels and disliked flaws which as infantile, self-center expressions.

It probably does as me the individual as my as trait; it may do more to any other pervense cheer

If there is any one was action, in which we are "pettiness", this is a r against which we should be guard.

In fact, we must find to make the indicated const instability which can and make our personal elecpossible. THE DISTORTION of the

the corruption of our base dissipation of our life forces of the hurtful influence ourselves be controlled by

MORE THAN A PER flaw, "pettiness" is a dust in the individual life street Therefore, our aim ma pettiness"

'SA WAY IT GOES! I leave town for a coupla days, and the whole situation goes to pot!

Not only does the wind sand down everything in sight, the freeze gathers my fruit, and Lake Brownwood has the most unseasonable weather of the last ten years. A vent pipe is missing from a waterheater in one of the apartments, a couple of newly-wed birds set up housekeeping in the dryer vent, causing the dryer to take the day off, (and the better half to lose her lovely disposition) and, now, Turn Row has BOTH feet in his mouth!

THEN I'M FACED with making up my mind on the upcoming elections and whether or not to go ahead and file my income tax. And on top of all this, it seems that every Motor Vehicle In spection sticker in Lamb County (I work at an inspection station) has expired! Next time I leave town, guess I'd better leave someone in charge.

WE ARE A spoiled people anyone is satisfied with on these United States. And with doing about it? Yelling to b for the government SOMETHING

lurn Row

I JUST DON'T KNOW how to start this column. All I can think of is how you people turned out and offered assistance to the tornado-stricken community of Lafors.

The people who started the drive, were hoping to get maybe a pickup load of items. Instead, they took a bobtail truck, half of this was appliances, two pickup loads of clothing, furniture and food, two trailers, a station wagon and a car. I'm sure that there would have been quite a bit more if a little more notice was given and the weather had been a little more cooperative. I've been told that many people took items in dividually.

The people at Lafors were grateful and couldn't believe that a community as far as Littlefield and the area would

People from all walks of life and nationalities answered the call. Not only from here inside the limits of Littlefield, but also in the rural areas and some of the surrounding communities- Anton and Amherst- just to name a few.

I'd like to call names as to who helped, but so many helped and I know if we started with a series of recognitions, I'm sure several would be left out.

I would like to say that many of the people who worked are some of the same people who are always working behind the scenes to make things happen here in Littlefield. Again from the people in Lefors, Thank You. ****

EASTER

When you speak of the love of God, do not do so in any superficial and saccharine manner. For it was the love of God that required the death of Christ.

The cross of Christ does not represent the love of God. It IS the love of God.

So it is that any child of God, through faith in Jesus Christ, puts the cross at the center of the Christian faith.

As wonderful as the birth and the resurrection of Christ were, it is the crucifixion of Christ which is central. You see, the death of Christ for all is equivalent to the death of Christ for each. It is the great proof that Jesus Christ loves you and He loves me. For the love of Christ which constrains us is the love that died and the love that raised itself from death to live forever.

See II Corinthians 5:14-15
