## Wildcats Hit Fast, Often To Whip Lakeview, 34-20

Littlefield Wildcats, coached by Deverelle Lewis, won a 34-20 victory over the Lakeview Chiefs here Friday night.

The offense had a great night as QB Charlie Holt romped for three scores and soph HB Ralph Funk rolled for 129 yards rushing and a touchdown on 10 carries.

Defensively, the Wildcats shut off Lakeview for three quarters except for QB Jimmy Williams' 49-yard run, and gave up two TD's on passes only after the

issue already had been settled in Littlefield's favor. The Wildcats, whose speed and size left them short in their first two ball games, found in Lakeview an opponent which was heavier, but no faster.

IT'S A HAPPY BAND of Wildcats following their first victory under Coach Deverelle Lewis, shown here being carried off the field by Bobby Crittendon (45), and Eddie Hickman (37). Enjoying the win in the background is Steve Owens (84).

## Earth Takes Air Honors

Tracy Angeley of Farmington, Ark., took the swine spotlight at the South Plains Fair at Lubbock. He won the grand champion pen of hogs, the grand champion and reserve grand champion Hampshire sows, the grand champion boar, reserve grand champion barrow, and reserve grand champion pen of three.

In the junior pig class, Tongate placed first and Bill Tongate placed first and second in the senior spring boar pigs the champion boar, reserve junior boar reserve grand champion boar. Tongate had the reserve junior boar.

Youngsters figured prominently in the junior culinary and clothing classes. Janis Bridges of Earth won first and second in the junior cooking categories. Linda Barton of Earth placed first with baked beans; Welda Barton of Earth placed first with canned corn; Sandra placed first in sweet peach and watermelon rind pickles; and Bobby of Earth won first on her butter pickles.

Embroidery woman, Mrs. W. P. Davis placed first in the blue ribbon in the beet pickles. Jack Oakley of Anton placed in the embroidery on tea towels and in the embroidery on tea towels and in the embroidery on tea towels.

Anton Future Farmers of America placed second among 10 educational projects created by FFA chapters. The group won with a 16-foot tandem trailer. The booths were judged by the fair chairman of the Agriculture Department of Texas Tech, Thomas of Amarillo, manager of Agricultural Development Department of Southwestern Public School, and Sudan bands participated in the opening-day parade of the fair at Lubbock Monday.

ARMY MAJORS were injured early Friday morning when their car was towing a red Triumph convertible, skidded into a loaded gravel pit at the intersection of U. S. 84 and FM 54 west of Littlefield. The car was about 50 feet in the fog and the truck driver pulled across the path of the westbound vehicles. Major Homer Lewis Jr. of Vero Beach, Fla., and Major David C. Ammons of Andalusia, Ala., were taken to Littlefield Hospital and later transferred to Reese AFB Hospital in Lubbock. Robert Homer Kennedy of Levelland, driver of the truck, was injured.

MRS. LaVERNE McCOWN, a Littlefield sixth grade teacher for 17 years, received the "Teacher of the Year" award from Rotary President Calvin Price Thursday night at the 42nd annual teacher appreciation banquet. Mrs. McCown taught four years in Central Texas, then after a leave of absence of almost 20 years, resumed teaching again in the Littlefield schools.

## TEACHER OF YEAR

### Mrs. McCown Honored

By NILAH RODGERS  
 Leader-News Staff Writer

Mrs. LaVerne (W. H.) McCown, named "Teacher of the Year" by Littlefield Rotarians Thursday night, has been in the sixth grade for 17 years. Mrs. McCown teaches the new linguistic approach to English and spelling to 140-150 sixth graders in Elementary II. "That's really just a new approach to the same old thing," she laughed. Mrs. McCown married and began her teaching career in 1930 in a little Central Texas school where she taught four years before quitting to care for her father who was ill. She didn't teach again until 1948 when she, her husband and two children moved to Littlefield. "I did substitute teaching that year—in all grades," she said, "and I guess it just got in my blood again." She returned to Texas Tech for further study, then returned to the classroom in 1952 to teach sixth grade. "And I'm still here," she said smiling. Mrs. McCown's hobbies are "sewing, talking about her grandchildren and keeping up with all the children she has

taught." Since going back to teaching in 1952 she has kept an album where each child in each class and the year she taught him is recorded. "And if they didn't have the money to have their picture made," she said, "I took their picture with my camera," she said, displaying a snapshot. Mrs. McCown sends each child a note congratulating him for honors in later years and every student she can locate gets a graduation card when he finishes high school. "I put this on display during public school week," she said, "and many of my former students in high school come back to my room to see what they and their classmates looked like when they were in the sixth." "The first group I taught are married now and have children of their own," she said. "Oh! That's makes you feel old!" Until the last two years, Mrs. McCown had a self-contained classroom where she taught all subjects. She began teaching sixth grade in the old red Central Building "along with the mice in the book room. I'd never go in there without taking someone with me," she said with a grimace.

"Sixth graders are much more mature now than 11-12 year olds used to be," she said. "This is the age when they are really beginning to notice the difference between boys and girls." Mrs. McCown said she finds this age group challenging. "Some of them don't think they like to read. I guess you could say reading to my children is part of my hobby. I like to read them good literature and get them interested in reading for themselves. She also stresses original writing so the students can write about some things that interest them, putting into practice some of the rules of grammar which aren't so interesting. After being presented with the plaque Thursday night, Mrs. McCown turned to her husband and handed it to him. "He's the one who deserves the plaque for all the hot dinners he's missed," she said. "He says when I teach, I just teach. I guess he's right." I don't feel that I deserve this distinction any more than I'd expect to get an award for being a parent. I just do what a teacher is expected to do." Mrs. McCown attended Hillsboro Junior College, North Texas State College in Denton, Texas University and Texas Tech. She is a member of the Texas State Teachers' Association, Lamb County Teachers, Littlefield Classroom Teachers Organization, Parent-Teachers Association, and she teaches in the primary department of the First Baptist Church. Mr. and Mrs. McCown have two children. Their daughter, Mrs. Sue Thomas, is a music consultant in the Lansing, Mich., schools. Their son Palmer is Baptist Student Union Director at Sul Ross University in Alpine.

## ELECTRICAL SHOCK

### REA Man Suffers Burns

A Littlefield man, Don Stubbs, 26, is in serious condition in Methodist Hospital at Lubbock after coming into contact with high voltage wires while working at the top of a 35-foot utility pole in the Fieldton area Wednesday afternoon. Stubbs is a lineman for the Lamb County Rural Electric Co-Op and was in the process of removing a transformer that was no longer being used when the electrical shock knocked him unconscious, burning his hands severely. He was "saftyed" to the pole and REA lineman Leo McCarty, assisted by Jimmy Young, brought the injured man down.

Stubbs was taken to the Littlefield Hospital by Hammons ambulance, then transferred to the Lubbock hospital later the same day. According to an REA spokesman, the electrical burns were so severe that all of the fingers on one hand and three fingers on the other hand had to be amputated, and there is a probability that further surgery will be required.

## PRE-SCHOOL CHILDREN

### Vandalism Hits Moore Home

Three pre-school children, ages 3, 5 and 5, wreaked havoc on the Forrest Moore home at 1301 W. 9th about noon Thursday, then attempted to set the house afire, according to city patrolmen who investigated the vandalism report. The fire was discovered by Moore's sister, Mrs. Ina Emmons, when she went by the Moore home to change clothes for an appointment in Lubbock. Upon arrival, Mrs. Emmons noticed smoke and went to a neighboring house to turn in a fire alarm. Apparently the fire was started by the children, who spread a throw rug across the kitchen stove and turned the burners on. Before starting the fire the television set was turned over, phonograph records were scattered and broken and the player smashed, dresser drawers were dumped on the floor, towels stuffed in the commode, chairs turned over and all of the dishes and plates in the kitchen slammed to the floor and broken. Chocolate syrup and dirt were poured on the living room carpet. Parents of the three-year-old and one of the five-year-olds said they would help pay for the damages, according to Mrs. Moore. The Moores hadn't contacted the parents of the other five-year-old at press time Saturday.

TWO FIVE-YEAR-OLDS and a three-year-old entered the Forrest Moore home on W. 9th Thursday morning, ransacking and destroying property in every room before attempting to set the house afire. A can of chocolate syrup was poured over the carpet, stereo and smashed records in the living room.

## Trotter To Receive American Farmer

Richard Michael Trotter of Olton is one of 50 outstanding FFA members from Texas who have been selected to receive the highest award given by the Future Farmers of America Organization—The American Farmer Degree. Trotter is a member of the Olton FFA Chapter. Future Farmers of America is a national organization of members studying vocational agriculture in public secondary schools throughout the nation. Students become members on entering high school and may retain their membership until they are 21 years of age or three years after graduation. The American Farmers come from the older group. Only one out of each 1,000 members can receive the degree if qualified. Members will be awarded the degree at the Wednesday afternoon, Oct. 16, session of the 41st Annual Convention in Kansas City, Mo.

MRS. JERRY WAYNE LYTLE

**Rountree - Lytle  
Vows Pledged**

Miss Cynthia Rountree, daughter of Mr. and Mrs. W. G. Rountree of Dimmitt and granddaughter of Mr. and Mrs. J. A. Rountree of Littlefield, and Jerry Wayne Lytle, son of Mr. and Mrs. Albert M. Lytle of Dimmitt, were joined in marriage in a double ring ceremony Sept. 20 in the Dennis Chapel in Dimmitt.

Vows were exchanged before an altar decorated with white gladiolas and pompon mums, with Rev. J. C. Jones, great-uncle of the groom, officiating.

Organist, Andrea Axe, played selections of "Oh Promise Me" and "Liebstraum".

Candlelighters, who also served as ushers, were Donald and Ronald Golden of Dimmitt.

Flower girl was Mitzi Reed of Arlington, cousin of the groom. She wore an empire-designed gown of true blue crepe with a royal blue ribbon.

Maid of honor was Lisa Dannevik of Dimmitt. She was attired in a formal empire-style gown of true blue crepe featuring bodice and three-quarter length sleeves of royal blue velvet.

The bride, given in marriage by her father, wore a formal-length gown of silk organza over taffeta designed with a scoop neckline and three-quarter length sleeves. Peau d'ange lace Camelot sleeves flared from the silk organza elbow sleeves and were caught by a bias fold. Lace was applied on the bodice in a mock jacket effect. Her A-line skirt swept into back fullness. A Camelot train fell from the back shoulder line and was

edged in scalloped Peau D'ange lace. Her Camelot bonnet of moteling lace clustered in flowers and enhanced by pearls held her tiered veil of imported silk bridal illusion.

She carried white orchids and stephanotis atop a white Bible.

To preserve tradition, she wore a lavaliere belonging to her grandmother Huffsteadler, a lace handkerchief borrowed from her grandmother Rountree; and the traditional blue garter.

Best man was Dennis Lytle of Dimmitt, brother of the groom.

A reception was held in the Community Room of the First State Bank following the ceremony.

The table was laid with a linen cut-work cloth, a silver candelabra and crystal appointments.

## 'What The Leader-News Thinks

### 'One World Town'

Imagine that we could compress the world's population of more than 2 1/2 billion into one town of 1,000 persons in the exact proportions in which the world population is actually divided.

In such a town of 1,000 there would be only 60 Americans! And these 60 Americans would receive half the income of the entire town. Only about 330 of the remaining 340 townsfolk would be classed as Christians. At least 80 townspeople would be practicing Communists and 370 others under Communist domination.

The 60 Americans would have an average life expectancy of 70 years; and the other 940 less than 40 years. The 60 Americans would have 15 times as many possessions per person as all of their neighbors. The Americans would produce 16 per cent above the maximum food requirements, they would either eat most of what they grew, or store it for their future use, at enormous cost. (With most of the 940 non-Americans hungry, the food supply disparity might understandably lead to some ill-feelings.)

There would be 53 telephones in this one-town world...Americans would have 28 of them. The Americans would enjoy a disproportionate share of electric power, coal, fuel, steel, and general equipment.

The lowest income group among the Americans would be better off by far than the average of the other townsfolk. The 60 Americans and about 200 others representing Western Europe and a few classes in South America, South Africa, Australia, and Japan would be well off, by comparison. Half the inhabitants of our own-town world would be ignorant of Jesus Christ, but more than half would have heard, and would continue to hear of Karl Marx, Lenin, Stalin, and Khrushchev.

Could this one town survive? If you were one of the 60 Americans Townsfolk, what would you do to preserve this tiny world? Chances are you'd be plenty worried about the problems. Chances are you'd do something. What do you think it would be?

### THE ABUNDANT LIFE

#### Life In Life

By BOB WEAR

MANY PERSONS are trying to run away from life, and this action is taking a variety of forms.

Some are harmless, some undesirable, but some are tragic and pitiable.

SOME PEOPLE ARE being overwhelmed by life. World happenings, environmental pressures, and personal problems become too much for them. These persons react in different ways.

Some struggle along in a miserable kind of way: some "crack-up"; some develop strong hostilities; some become bitter; some live in varying states of depression, with some resorting to suicide.

INDIFFERENCE is used by others as a protective shell. Even though some degree of indifference is justified, it can certainly be overcome.

There is a proper balance in this area, and it depends upon individual needs.

ALL OF US SEE LIFE, in its totality, the whole social order, as being very complex, filled with confusion and frustrations, oftentimes seemingly impossible, sometimes hopeless, and always difficult.

We cannot decide whether it is worsening or improving.

WE WANT TO THINK the best, and we do see all of the good there is to see; but, at times, we are forced to think the worst, because the floodtide of the bad rushes by. Most of us probably view life with feelings of ambivalence.

"LIFE IS WHAT WE MAKE IT" is a statement that often flows freely in the stream of human conversation in the proper context, this is a sound and encouraging observation.

Individually, it can be a working principle, because individuals can make choices, build up workable attitudes and concepts for personal conduct.

Individuals can also choose how they wish to react to what happens to and around them.

WHATEVER THE TOTALITY of life may be, each one of us has a life to live. For us, it must be life in life; the individual life in the full framework of total life.

Our degree of success in this endeavor is going to make the difference between satisfactory and unsatisfactory personal living; the difference between a sense of self-fulfillment and a sense of failure. We can succeed.

"A FEW YEARS AGO a small ship was being fitted for a voyage in the Atlantic Ocean.

It was to sail from a port in the Gulf of Mexico to a port on the northeastern coast of the United States.

The ship was small; it was old; it was not very powerful or strong.

People gathered to taunt and to make fun of the old skipper. They said, "You won't ever get there in that old tub." He replied, "Oh, Yes I will; because I have a date with the Gulf Stream."

THE GULF STREAM is a warm, dark blue current flowing like a mighty river through the chill, gray water of the Atlantic Ocean.

It is a thousand times larger than the Mississippi River, 50 miles wide, 2,000 feet deep, and flows as fast as 70 miles per day.

THE WISE OLD SKIPPER was planning to use the Gulf Stream—a power greater than his own.

He had a date with a power not of himself. This is the principle of "life in life".

IN THE SEA OF LIFE, there is a current flowing on endlessly—a current of truth, decency, morality, virtue and such like.

We can place the ship of our life in this current, and make the voyage successfully and victoriously.

#### It's High Time

By LIBBY MUGGETT

JOHN B. CONNALLY and I split the sheet 'way back there when he was still governor of Texas.

I forgot what it was exactly that first got me off of him, but I had to regretfully admit that he just may be the best looking crooked politician I knew.

EVEN AFTER I met him in person, and the man has the charm of all Hollywood wrapped up in his little finger, I definitely decided that he was the best looking you know what around, more regretfully than ever.

He said not to feel bad about it, lots of people felt that way about him without an ounce of regret. He even smiled over my regret.

And then I later read where Jackie Kennedy said she couldn't abide the man and right then and there I knew I was wrong somewhere. There was bound to be plenty of good in John Connally.

NOW I KNOW what it is. He's gone to bat for farmers and ranchers in Washington before the Senate Finance Committee.

(Never mind that he was testifying for the Livestock Producers, of which he is one. I didn't say he was a saint—I just said if Jackie said she couldn't abide him, there was bound to be something wonderful in him.)

HE HAD LOTS to say about farmers and ranchers having to keep their books of account on a strict accrual basis or face the possibilities of a part of their usual deductions being disallowed that part of any capital gains in future profitable years would be converted into ordinary income. (? See! I told you there was bound to be something just wonderful in him.)

And he also got right in there and told those Washington fellows that we farmers and ranchers have seriously failed to share in the general wealth of this here country, too.

BUT THE PART that really got me to thinking was the practically impossible task of trying to define a real farmer or rancher these days.

Washington is trying to figure out some way to keep the "hobby farmers", or those people who invest in farming for tax write-off purposes, to keep from cleaning up at real farmers' expense.

And rightfully so, I might add. It's high time.

But how are you going to separate the men from the boys?

### THE PHILOSOPHER

#### City Problems

(Editor's note: The Sandhills Philosopher on his Johnson grass farm seems to start out on one problem and wind up on another this week, but that's his problem)

Dear editor:

According to an article in a newspaper I found yesterday in a weed patch while I was hunting for a hoe I know I put there either the past spring or the one before, an expert in business management has come out with a plan to eliminate the traffic congestion in big cities, a problem which is about to choke the cities to death.

His idea is to establish a three-day work week. One shift works three 10-hour days in a plant, the other then takes over and works three more 10-hour days, thus giving everybody a four-day weekend.

The way traffic would be cut down, he explained, is that nobody would live in the city. Everybody would have a home in the country, as much as 350 miles away, and drive in for his three days of work, spending two nights in a rented room, which means he's going to have to get up mighty early the first

morning to get there on time if he's 350 miles away.

This expert doesn't say, with everybody living off to himself a few hundred miles from his job, where he's going to put the schools. This may be a major hitch because, not thinking far enough ahead, most rural areas have now torn down their one-teacher school buildings. I argued against it at the time.

I admire this man for trying, but the problem of the cities is too big for him. In fact, it's too big for everybody, and is getting further out of hand all the time.

I was checking under my house out here on this Johnson grass farm the other day and discovered that the water pipes have, after 25 years, begun to rust out and will have to be replaced.

Have you ever stopped to think what a city the size of New York is going to do when it finds out its water pipes have rusted out and the entire plumbing system will have to be replaced?

There are some problems in this life too awful to contemplate.

Yours faithfully,  
J. A.

## What Our Readers Think

### Businessman Farmers

Dear Editor:

These thoughts are for business people, (previously known as Farmers).

This is the title that should be used in addressing farmers. You have a large investment. Your business is farming. You should be proud of your own business.

As you read these next few articles, you should stop and think and study their contents. It is directed toward your business and the decision you make the others make, will determine the future soundness of your business and the return you will get from your hard labor and investment.

Every other segment of the economy has a better understanding about the need for organizing and how to use their organization, than farmers. Farmers compete against each other, while other segments compete as groups to make economic gains.

How does this affect your business? Stop and think! When you pay a higher price for tractors, repairs, and everything you buy—why? If you trace back the cause of the increased price, you will find group strength caused the

increase. It may be that labor better contract, which means wages and increased benefits may be that the large company that manufactured the item needed more profit.

What does this mean to you? We are living in the year 1969, 1950 or 1930. Individuals no longer compete with the companies that have spread nationwide. It is foolish for farmers to think they can compete alone.

Now I know that a business people, I mean the stores, the ones that make a living in town, though the article was directed at the way it was, but mainly to business counterparts, country, friends, yes your neighbors. I will say to my friends, though the next time take a coffee break, look at sitting next to you. I'll be a farmer.

Next week, What About

### PAUL HARVEY

#### A Warped Mirror

TELEVISION has been called your "window on the world." Instead, it's a warped fun-house mirror magnifying Manhattan Island.

If it sounds ungrateful for me to criticize my own industry, who can-if not an insider who knows something about it?

THE INDUSTRY'S imbalance results from the same centralization which for years had distorted other publishing, press and information facilities.

The networks, headquartered in New York City, have exported Tammany Hall politics, Broadway burlesque and the lopsided influence of Manhattan's minorities to the rest of New York State and to 49 other states hour after hour for years on end.

Major news wire services, less centralized, are more responsive to Main Street America. New York-based networks, however, conspicuously list to the political portside.

THIS IS NOT PERSONAL sour grapes. Paul Harvey News presently comprises 126 television stations, 300 newspapers and 462 radio stations. I'm told this is the largest personal news network in the world.

These outlets are supported by individual newspapers and station managers and sponsors desirous of perpetuating some semblance of editorial balance.

It is thanks to them that Paul Harvey still has a foot in the door. But I don't want him to be the end of the line.

EVEN NOW, against the daily avalanche of news seen through the eyes of mostly liberal New Yorkers, my three-minutes-a-day editorial can hardly be considered "equal time."

The tail has been wagging communications dog for so long that reverting to some degree of editorial equanimity will be a quick nor easy—but it has to be done.

When the conservative liberal positions are put to the United States the difference always less than 10%.

I SUGGEST that you notepad beside your TV set keep score. You decide if conservative versus liberal positions are similarly balanced in newscasts, panel programs, documentaries which you see.

If, as happens frequently, program presumes to "balance" liberal Democrat with a Republican, don't be content that's not balance, it's sustenance.

If the camera catches conservative spokesman in least-flattering pose and microphone quotes his utterance, then shifts to militant oratory of fascist left, it will be more difficult to detect the imbalance—but it will.

UNDERSTAND, the decision who and what may "newsworthy" generally rests with the boys in the back room who you never see. Few of us write our own stuff any more. I do. My quarrel is not with individuals with a potentially sinister system.

And when you get over with a coverup for a demagogic buildup for a demagogic petition the FCC for "equal time."

### Residents Down Pop

Residents of Lamb County are pouring soft drinks down the hatch at a greater rate than ever.

According to a breakdown of national and regional figures, sales of the bubbly beverages broke all previous records in the past year.

It is estimated from the reports that local people consumed soda pop at the rate of 366 eight-ounce bottles per person.

By way of comparison, the United States average was 331 per capita. As for the Lamb County population as a whole, it downed approximately 8,418,000 bottles and cans of soft drinks in the year.

That was some 87 percent more than was consumed in the local area a decade ago. The total then was 4,492,000 bottles.

The data was derived from the annual reports issued by the soft drink industry and from Department of Commerce figures.

They show that it now takes more than 66 billion (BILLION is correct) bottles of soda pop per year to slake the American thirst for soft drinks.

Throughout the country, people greatly in their use of these quenchers and in the preferences show for certain flavors.

In the South, for example, colas are much more popular than any other section. They represent 40 percent of the demand, as compared to other hand, more people go for drinks and ginger ale in the East.

The size of the soft drink industry in Lamb County is to be seen in the figures. They show that local people spent an estimated \$892,000 for soft pop last year, as compared with \$100 million ten years ago.

Part of this jump was due to higher prices. Other factors that contributed to the increase in the number of teenagers, who consume more soft drinks than any others, the rising level of income and the greater variety of beverages on the market.

The availability of low-calorie drinks has also been a major factor in their rising use. It has made them attractive to the millions of people who are weight-conscious.

## Cotton Style Show Set Tuesday Night

More than 50 entries will be modeled in the "Go With Cotton" dress review and style show in the Levelland Junior High Auditorium Tuesday night, Sept. 30, at 7:30.

Several women and girls from the Anton, Whittarral and Pep areas are modeling or helping with the public showing sponsored by the Hockley County Women's Cotton Promotion Association.

## County Coeds To March In Parade

Linda French of Littlefield, Sheryl Watts of Sudan and Francis Hanna of Sudan will be among 35 young ladies who comprise the South Plains College Tex-Anns who will march in the Dickens-Kent County Fair parade Saturday afternoon, Oct. 4, in Spur.

They will make their first public appearance of the year at the event.

Sponsoring the Tex-Anns is the Spur Security Bank, who has arranged for transportation.

The parade will begin at the Triple-T Drive, go down Hill Street to Burlington and will disperse at the Fire Station on Burlington.

Government dignitaries who have indicated they plan to attend the activities are Senator Jack Hightower, U. S. Representative Graham Purcell, and State Representative Bill Heatley.

Spur High School will be conducting homecoming day that day and the game that night with Crosbyton will be one of the highlights of the day's activities.

Preparation of the Fair Queen Contest has progressed and 121 businesses in two counties have entries for the contest. Judges will be provided by Jean Johnson's School of Success in Lubbock.

The Tex-Anns will perform at all home games during the basketball season and participate in community and area activities throughout the college year.

The organization was formed last year to promote cotton and to learn about competitive synthetic fabrics. "We'd like to not be thought of as just a producers' wives organization," said Mrs. Sicily Lattimore. "Our primary aim is to try for much larger stocks of cotton in retail stores and create a greater public awareness of cotton and cotton problems."

The organization's slogan is "Think Cotton, Talk Cotton and Buy Cotton."

The Tuesday night style show is preliminary to the district show with winners competing at the district show on Oct. 11 at South Plains College.

Several door prizes will be given during the All Cotton Dress Review Tuesday night and there will be special music and entertainment.

Models will demonstrate the versatility of cotton for every occasion in the several categories including six to 12-year-olds in the Sugar Plum classing; sports-16 years and older; at home wear, including coffee coats, hostess pajamas and sleepwear; school time-6-12 year-olds; junior Miss-one or two piece school dresses; teen time-upper high school and college; and make and model-modeled by those over 19 including better dresses, suits and ensembles.

**Lose 10 Lbs. 10 Days On Grapefruit**

This is the revolution grapefruit diet that suddenly talking about it thousands upon thousands have been handed to hand in factories and offices throughout the country.

There will be no weight the first four days. Suddenly drop 10 pounds in 30 days. Thereafter you lose one pound a day until you get down to your normal weight. Best of all there are no hunger pangs. Now enlarged, this new diet you stuff yourself with that were formerly forbidden.

Such as big steamed chicken, rich gravies, butter, bacon, sausage and scrambled eggs. You eat until you are full. You cannot possibly eat any And still you should lose 10 pounds in the first 10 days plus 1 1/2 pounds every thereafter until you get down to normal. The hind this new "Quick loss" is not generally stuff yourself on the foods listed in the diet. You still lose unwanted fat and body fluids. Water and blood are gone. You cease to lose weight. Your weight will remain steady. Successful diet plan obtained by writing:

### Cotton Farmers To Hear Report

Cotton farmers will hear a detailed report on their dollar-a-bale program at a meeting in Lubbock Tuesday, Sept. 30, according to Howard Alford of Lubbock, vice president of Cotton Producers Institute.

Alford called the meeting for 12 noon at the Red Raider Convention Center, 6025 Avenue A (on South U. S. 87, on the Tahoka highway at the traffic circle).

"If you are tired of hearing bad news about cotton, plan to attend this meeting," Alford said. "You will hear solid evidence that cotton can fight its way back from the market losses of recent years."

The program will be presented by staff members of the National Cotton Council. They will report in detail on research and promotion activity being carried out by CPI and the Council.

The visual presentation will point out how industry funds are being used to make cotton more appealing to consumers, for promotion to convince consumers to buy cotton, and to find ways of producing cotton at lower costs.

### B.D. Garland Jr. Slates Workshop

B. D. Garland Jr., Texas Automobile Dealers Association area director, of Garland Motor Company in Littlefield, will be among Lubbock and high plains area automobile dealers who will discuss means of avoiding the profit squeeze and ways of creating greater customer satisfaction at an all-day workshop Oct. 8 in the Mirror Room of the Johnson House Motel in Lubbock.

The conference commences at 9:30 a.m.

After a luncheon in honor of State and local officials, the dealers will hear panelists George E. Rice, wage and hour expert of the Department of Labor district office at Lubbock; Capt. Alan Johnson, Department of Public Safety at Lubbock; and R. W. Townsley, Jr., Director of the Motor Vehicle Division, Texas Highway Department at Austin.

TADA Executive Vice President H. C. Pittman of Austin is expected to attend. This workshop is the first of a series of ten conferences set throughout the entire state.

# WORSHIP IN CHURCH

and get a spiritual lift for the whole week

## REAPING

"And they took the fruit of the land in their hands and brought it down to us" Deut. 1:25 *Isn't that just like God's children...*

always ready to lend a helping hand, or to give an extra portion—all if necessary. When the crop is ripe, the reaping done and the bounties stored away, do you ever stop to thank God? Maybe your inventory still shows all you ever possessed. Better realize it all came from God and give back a portion. How is it right now with you and yours? It is reaping time but what will your harvest be? Do you support His cause, His church, or, are you one of the would-be self-sufficient? Why not begin right now to use your harvest to help bring in the Kingdom?

**TODAY'S DEVOTIONAL**

### The Christian's Challenge

By E. E. HOULETTE  
United Pentecostal Church

IS CHRISTIANITY being challenged today or is it the challenger? In every walk of life it is Christians (Christ like) people who set the patterns and are challenging the people who are non-Christians with their godliness, purity, holiness, clean living, right thinking, dress, morality, and Godly living?

Is business and social life always carried out in a way that is pleasing to the Lord? Are Christians, leaders or followers of those who are not Christians? Which way is it and which way should it be.

**WHY SHOULD CHRIST** like people not be the leaders. Is there any thing in their guide book (the Bible) that they can not follow. Is there cause for shame for not following all of its precepts. If these guidelines are not followed then what is the excuse for not.

Is it easier to follow a pattern made by someone else than to make one after a Godly way.

**FOLLOWING A GODLY** path often times causes one to walk alone. However how rewarding it is to know that a pattern has been set for someone maybe with less convictions to follow. Prov. 16:2 says that every man's ways are clean in his own eyes. Certainly we can see this bit of Scripture being fulfilled before our eyes.

No more do we see people stand in awe of the law.

**POLICE ARE STONED**, mobs are demanding other peoples property and burning and looting if demands are not made. Law breakers are being upheld in the courts. One man's idea of justice is pitted against another's thinking. No respect for the constitution which is the back bone of our country.

Godly men thought and prayed as they formed our constitution so that it would be fair to everyone. The trend now is to take advantage of and misapply these laws and divert their true meaning for their own advantage. What a terrible pattern and yet how true.

**THERE HAS TO BE** a reason for all this. Why should a minority group change the thinking of the majority. Have Christians failed?

So called Christians may have, but Christianity has not. Real Christianity is based on Christ and He cannot fail. He is the rock, the corner stone.

**THE WHOLE STRUCTURE** of Christianity is on Him and what He is and stands for. Christians failing is because they have gotten off the rock and what it stands for. Jesus said of the Jews, Ye have rejected the stone the chief cornerstone. How ever we see the stone still standing, but the Jews are the rejected ones.

What makes this stone so secure? The God of the whole earth veiled Himself in the robe of the flesh of His son establishing what we have now.

There is no changing the eternal God as He is unchangeable. Compare this to Isaiah 9:6, Man may fail but not God.

**WITH SUCH A POWERFUL** God there ready to back up His people, then why do they not rise to the leadership of the world in every area.

Why let the communists feed and lead the rioters who are doing so much of the leading and setting the patterns that so many are following.

Their guidelines are wrong and will bring destruction.

The only standards that have stood the test of time are the ones founded on the word of God. Take a look and see. His Word has always led right. As long as

Israel followed His laws they never lost. Check the Old Testament. The challenge is to stand up and be counted. Joshua of old said, Who is on the Lord? His word is right it is worth fighting for.

**WHAT IS MODESTY** and where did it originate? In Rev. 1:13 we find the example in Jesus being completely clothed. The first couple on earth, a man and a woman living in a warm climate being clothed with skin of animals. Paul the Apostle taught in modern times in First Tim. 2:9. Let women be adorned in modest apparel. Modesty includes men.

**MODESTY WAS INSTITUTED** by God and has never been revoked. Why should Christians follow the patterns of immodesty of non-Christians? Why have we bent over to immodesty, when modesty was the pattern in the beginning.

**WHEN ISRAEL**, who was God's people, turned to idolatry the first time did was pull off their clothes. Read Ex. 32:25. Up to the date fashions are only modern versions of hippydom.

Mens' haircuts are as close to hippydom as they dare to make them. Shame on people who call themselves Christians.

Let them be the pattern setters. A man's hair should be as short as a woman's.

**WHY DO BUSINESS MEN**, professors, yes, and some preachers, lend their presence and financial support to racial and mob violence.

Is there not enough of the love and respect for God in their lives to make them stand rather than violence.

Paul said to obey them that had authority over you, and pray for our rulers. To those who did not go with them on their marches, loaned their moral support, are as guilty as those who did participate.

**CHRISTIANS BE OUT** going in the streets for the country in which you live.

Why are the better educated young people turning to the use of drugs? Why are they craving of the hallucinatory after have?

What is the vacancy in their lives that something they did not get in a good school is being filled by drugs.

As their physical and temporal needs are taken care of, then there is only one thing that is not satisfied.

**THAT IS THE SOUL** which is not coming from God Himself and nothing something from Him will satisfy it.

As the fruits of nature satisfy the soul of man even so the soul will only be satisfied that which is spiritual.

The soul cannot be fed from the material. The ministry must be filled with the power and God himself in order to be able to feed the soul of those they minister to. says, Be filled with the spirit.

The spirit of a God filled minister will feed the hungry soul of those in His company. This fills up the vacancy and brings peace and contentment.

**THE HUNGER** of the soul is as real as bodily hunger. It must be fed spiritual. How many go out of our church doors hungry.

The challenge to all ministers and Christians is to contact the spirit and power of God in praise, devotion and repentance until they are made to contact its maker.

The challenge is to everyone who claims to be a child of God to rise up in this hour of the very foundations of all that is secure is being contested by the power of God and contact the power of God until you have strength to stand up and be counted.

Be a challenger against conformity. Set standards.

34-7 with two minutes left in the third quarter.

Lakeview scored a minute later, when QB Gilbert tossed a 31-yard pass to Manuel Munoz to make it 34-13.

And the Chiefs rolled 68 yards on 12 plays for their final TD as Coach Lewis liberally substituted.

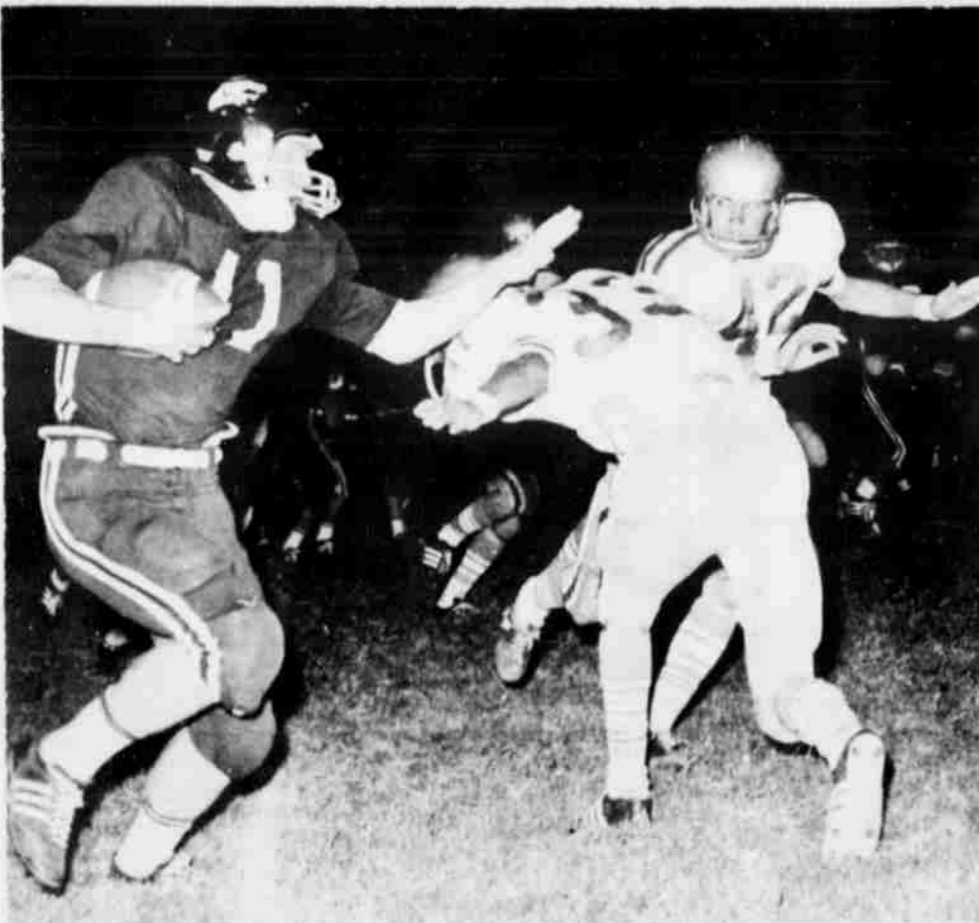

But the drive took almost 10 minutes of playing time as Gilbert passed to End Joe Keel for 7 yards and the score Keel kicked the extra to make it 34-20.

Less than three minutes remained and the Cats controlled the ball rest of the way, driving to the Lakeview 25 as time ran out.

RALPH FUNK IS OFF on a 69-yard jaunt for Littlefield's fourth touchdown in the Wildcats' 34-20 victory over Lakeview here Friday night. The sophomore carried 10 times for 129 yards in the third varsity game of his career.

## Sudan Upset By Morton

The Sudan Hornets were scalped by the Morton Indians, 13-3, at Morton Friday night.

The stingy Hornets from Sudan were unable to cross the goal line in their fight against Class AA Morton. With 1:16 left in the first quarter Jerry Bellar managed a 29-yard field goal, and the Hornets led 3-0 after the first quarter.

In the second quarter, Morton's Keith Embry passed to Elton Patton, who found paydirt on a 60 yard pass play. Mike Bryan booted the conversion.

It was ball swapping from this point, through the third quarter and midway into the fourth quarter. Morton's Ralph Soliz ran 52 yards for another TD. The try for the extra point was no good.

The Hornets drove deep into Indian territory four different times but was unable to penetrate the Indian line. Sudan picked up 220 yards rushing to Morton's 223, and gained 60 yards passing to Morton's 18 yards.

Both teams have a 2-1 record in non-district play.

## Anton Loses

The Anton Bulldogs, chewing at the heels of the Cooper Pirates, were able to find paydirt one time. After the battle the score was in favor of the Pirates, 47-8, at Anton Friday night.

The Bulldogs held the Pirates scoreless in the fourth quarter and scored with a 5-yard pass from Quarterback Tom Gilbert to End James Holmes. Later in the last quarter Dennis Hill charged through the Cooper line and downed QB White in the end zone for a safety.

# Olton Blisters Mules In Runaway, 40-0

The Olton Mustangs ran their record to 1-1-1 at Muleshoe Friday night, romping to 40-0 victory over the Mules.

All three marks in the Ponies' 500 record have come against Class AAA opposition. Olton goes into AA district play next week, meeting Abernathy's Antelopes.

It was a tight ball game at Muleshoe until Olton's first touchdown 10:59 of the second quarter.

QB Steve Stockdale passed to Alonzo Springer on a play covering 65 yards. Stockdale added the point and it was 7-0.

Less than five minutes later, Stockdale passed to Carlos Talamantez for a six-yard score. Point failed and it was 13-0 at the half.

The flood gates opened in the third period, with Stockdale passing to Talamantez for a 10-yard TD at 9:27 and Ronnie Sanders driving in from three yards out at 0:19. Stockdale kicked the point after the third TD and Olton led 26-0 at the end of three periods.

Stockdale went to the ground in the fourth quarter, scoring from the 3-yard line. He kicked point and it was 33-0 with 9:06 left.

Sanders scored his second TD of the night late in the fourth, plunging over from the 4-yard line. Johnny Arroyos kicked the extra to make it 40-0.

Muleshoe never threatened in the game, as the Mustangs rolled up 25 first downs to the Mules' 3. Top defensive boys

for the Ponies were Alfred Garcia, Gary Durham and Mickey Crowder.

Stockdale, Talamantez, Sanders and Pete Rivera led the offense.

## Littlefield 8th Blanked Twice

Littlefield 8th Grade teams dropped a pair of games at Levelland Thursday night, 56-0, in the A game and 36-0 in the B-tilt.

Tommy Watson gained 17 yards in seven carries to lead local B team rushers, while Craig Ratliff and Larry Wright stood out on defense.

In the A game, Len Richey led rushers with 28 yards in nine carries. Defensive standouts were Kenny Owens, Terry Bryson and Kelton White.

The get-together is set for 7:30 p.m. in the Willy Room of the Lamb County REA Building.

A film of the Tech-Texas game will be shown.

All members and interested fans are invited to attend.

# Frosh Edged In 8-6 Game

Littlefield Freshman dropped a hard fought 8-6 battle to the Levelland Frosh here Thursday night.

The Wildcats led in first downs, 6-5, and total offense, 122 to 103. Jessie Davila led Littlefield rushers with a 90-yard touchdown run.

Topping the defense were Donald Britt, Arturo Soria and Donald Washington.

Randy Dayton connected on two of six passes for 12 yards.

# Levelland Tops Littlefield JV

Littlefield's Junior Varsity dropped its second game of the year to Levelland JV, 28-8, here Thursday night.

The Levelland crew had won the first battle, 26-6, at Levelland. Lee Roy Danford got Littlefield's only TD on a 10-yard run, then ran for the two extras. Danford led

Wildcat rushers with 50 yards in 15 carries.

Levelland led in first downs, 14-6, and total yards, 281-102. Porfirio Cristan, Jim Graves and Danford led the Cats on offense, while Larry Birkelbach, Jerry Kemp and Louis Aguilar paced the Littlefield defensive efforts.

# Whitharral Blitzed By Wellman, 49-7

Wellman Wildcats treed the Whitharral Panthers 49-7 with Wellman halfbacks Randal Redman and Archie Chrestman leading the pack on the Wellman field.

Redman led the blitz, opening with an 18-yard end run in the first period. Quarterback Johnny Tubb tossed to end Gerald Bevers for the two-point conversion.

Whitharral's QB Johnny Graham drove to the 10-yard line only to have the ball called back to the line of scrimmage and the Panthers assessed a 15-yard penalty for holding.

The Wildcats handed off to Redman for another run to paydirt, and Redman added the two-point conversion. Chrestman scored again for the Wildcats before halftime with Redman adding the conversion for a 22-0 lead.

In the third period, Tubb scampered around end for 40 yards and a TD, but the point-after failed.

Chrestman scored his third TD for the night on a 35-yard end run. Tubb passed to Redman for two points.

Whitharral's score came after a 30-yard run by Monty Rodgers and a five-yard keeper from Graham got the ball to the Panther 7-yard line. Larry Gage ran it over for the TD and Rodgers kicked for the PAT.

Redman finished out the scoring for the Wildcats with a 41-yard TD in the third and a 14-yard score in the fourth. Tubb kicked the point after.

Whitharral once again got in a goal to goal situation to no advantage.

In the yards rushing department, Rodgers plunged through for 73, adding 68 yards on kickoff returns and 32 yards for punt returns.

Graham racked up 48 yards rushing, 38 yards on punt returns and completed 2 out of 9 passes.

Bobby Cardenas had four unassisted tackles for the night and Finis Tipton is credited with three unassisted tackles with Cardenas and Tipton adding six more assisted.

Whitharral is now 1-2. The Panthers host Sterling City for their next encounter.
