"Do you ever wonder why our don't know the difference between 'Generations' and 'Revolutions' " and "Why aren't you smiling? Have you been vaccinated with pickle juice?" have kept the young evangelist's audiences rapt Emotion-packed examples can turn laughter into tears and after Tuesday night had led about 300 responses, for an average of about 100 nightly the first three services. The evangelist, who has been compared favorably with Billy Graham, appeals to the young people. He has spoken in as-semblies to Littlefield junior and senior high school students. A young people's fellowship follows each evening service, with the evangelist speaking again to the group which gathers in the church auditorium. In the youth gatherings, James

Robison mixes serious thoughts with wit that keeps the young in breathless laughter. The front seats are packed nightly with admiring pre-teens and younger. "I always try to speak so the four and five-year-olds can understand," he said,

Three more nightly services remain during this revival. Rev. Robison will speak again at 7:30

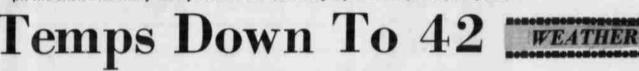

tonight. Friday night services will be at 6 p.m. and will be over by 7 p.m. so persons can attend the crusade and be out in time to

Saturday.

THE MANY MOODS of James Robison are graphic in this series of photos. Left, the evangelist, who is conducting a weck-long crusade here, is shown as he delivers a message in the Littlefield High School Auditorium. In the senter and right pictures, Rev. Robison sits on the platform near the First Baptist Church pulpit and chais informally with youths in one of the nightly fellowships for young people.

AFTER-SCHOOL snacks are always a must around the house, Many children need snacks and should be more than a sweet and a soft drink snack. It will not necessarily spoil the appetite for the evening meal.

They claim children should not have food during the last 90 minutes to two hours before the evening meal. They will be less like to indulge in food or soft drinks just before mealtime, if they get a snack right after school.

Mother may go so far as to have something like sandwiches ready; ice cream or chocolate milk or even a nilk shake. In the sandwiches, thin slices of meat or cheese, peanut butter and jelly or peasut butter and cream cheese are popular with children.

Soybean Referendum **Scheduled Saturday**

Lamb County soybean pro-ducers, along with those in other producing areas of Texas, will decide by referendum whether or not a check-off program will be initiated for their commodity

The check-off will be onehalf cent per bushel on soybeans sold and will be deducted at the point of the first sale.

Working under the provisions of the Texas Check-Off Act of 1969, the Texas Soybean Association has petitioned for and been granted permission to hold the Sept. 26 referendum, said County Agent Buddy C. Logs-

All soybean producers, including farm owners, tenants and sharecroppers are eligible to vote.

The referendum will be conducted under the supervision of the Texas Commissioner of Agriculture and he will announce the results after receiving the returns from the counties.

The referendum carries if the Commissioner finds that two-thirds or more of those voting voted "yes" or that those voting "yes" produced at least 50 percent of the total production in the area during a designated period.

Producers must report their production at the time of balloting for the designated period,

noted the county agent. At the time of the referendum, a producers commodity board will also be elected. Upon notification of election, the board members will meet and organize.

One-third will have two-year terms; another third, four-year and others six-year Term length will be terms terms,

Thefts Reported **To Authorities**

Two thefts have been report-

ed to the Lamb County Sheriff's office this week

Joe W. Balley, superintendent of the Spede schools, reported a break-in at the school Monday night. Three persons are suspected of entering the build-ing through a window on the south side of the gym.

The superintendent's office was ransacked with papers scattered over the floor, but there was no extensive damage. The subjects found keys to the soft drink and candy machines and opened the doors, but as far as could be determined, the money had been removed from the machines by school officials the day before.

The money collected must be used only for developing and carrying out jointly with others or separately programs of research, education, promotion and disease and insect control designed to encourage production, marketing and use of soybeans. This, points out the county agent, makes it a selfhelp program.

Producers who do not wish to contribute to the program through the check-off may ask for a refund on paid-in as-sessments. A written request must be made within 60 days from the date of the check-off payment on a form provided by the Producers Commodity Board.

The program may be terminated at any time by a simple majority vote of qualified producers.

Logsdon said that the voting place for Lamb County pro-ducers would be Lamb County Courthouse and that polls would be open from 8 a.m. until 5 p.m. Sept. 26 with a represen-tative of the Texas Soybean Association in charge,

All eligible producers are urged to cast a ballot in the referendum and the county agent said that those desiring more information on the program should contact his office.

Vandalism, Theft Lloyd Bentsen

City police are investigating two cases of vandalism and one theft.

Mac Humphries reported that a window in his panel truck had been shot with a B-B gun sometime Sunday, Charles U. Young reported

Saturday that a subject or sub-jects had entered his back jard sometime Friday night, took a pocket knife and cut the seat and scraped the windshield and wind guard on a motorcycle. Two adult males were jailed

Sunday night, charged with drunk in public. Each was fined \$30 and released.

7 JAILED **BY SHERIFF**

Seven persons were arrested and jailed on various charges this weekend.

Charles L. McGee of Little-field was jailed on a driving while intoxicated charge Friday and ticketed for speeding and no driver's license. The arrest was made by a highway patrolman at 11:55. McGee was fined \$200 plus \$42 cost and given three days in jail.

Two persons were arrested by county officers on liquor law violations, Willie Bell, a 40year-old Littlefield man, was arrested Saturday for violating the liquor law and was released Monday after paying a \$142 fine.

Enaristo Cortez, 40, of Earth, was charged with liquor law violation Saturday and was fined \$200 plus cost for a total of \$200 \$251

Littlefield Juveniles TWO were jailed Saturday on bur-Monday the glary charges. two went before Lamb County Judge G. T. Sides for the Fri-day theft of tools and antifreeze valued at \$150 from the Ernest Goertz farm shop in Spade community.

One of the juveniles was sent to Gatesville Tuesday. The 15-year-old was released on a two-year probation Monday.

A 57-year-old Littlefield man was arrested Sunday for being drunk and was fined \$20, and a 19-year-old from Amherst was arrested for minor consumption and released Monday after paying a \$20 fine.

Names Batson To Campaign

Lloyd Bentsen, Democratic nominee for the U. S. Senate, has named additional leaders for his campaign team in Lamb and Carson counties,

Lamb County Democratic Chairman Glenn Batson will coordinate Bentsen's campaign activities in Lamb County, and Marshall Sherwood, an attorney from Panhandle, will serve Carson County.

Bentsen Coordinator and County Democratic Chairman Batson is active in the First Baptist Church and the Lamb County Red Raider Club.

He served on the State Democratic Executive Committee from 1962 through 1966 and has been a delegate to the State De-Convention several mocratic times.

Batson and his wife, the former Zeta Lynn Blume of Amherst, have three children ---Mrs. Brenda Parmer: Glenna,

Fund To Aid Leukemia Victim

A fund for a four-year-old leukemia victim has been started at both Littlefield banks, The Rodney Jamieson Leu-kemia Fund is for the son of Mr. and Mrs. Jimmy Jamieson of Guymon, Okla., and the grandson of Mr. and Mrs. J. T. (Johnny) Jamieson of 1217 W. 4th in Littlefield.

The boy became ill several weeks ago and is undergoing treatment at Northwest Texas Hospital in Amarillo, room 547.

Jimmy Jamieson is a 1956 Littlefield High School graduate, and a real estate broker for A&M Construction in Guymon. Mrs. Jamieson is a beautician, and both of the child's parents are off work while with the boy in Amarillo. After three weeks in the

Skyjacking

I, too, have been considering much more complicated countermeasures.

An associate professor at the Uni-versity of Southern California, Chaytor D. Mason, and an Air Force safety officer, Maj. Robert Picard, advanced this proposal: "That if airliner flight crew had no voice link with the pass enger compartment -- and were sealed off by armor plate--airline piracy would cease."

HERETOFORE we've considered measures for intercepting skyjack-ers: this is a plan to discourage them

aircraft would thus be as invulnerable to kooks, crackpots and criminals as if it were inhuman, automated.

The logical question arises: Suppose some nut in the back wanted to destroy this airliner; the stewardess and passengers could not summon the captain for help.

WALKING WITH GOD can lead us into many unexpected places. God walks where people are, and where there are people there is always hardship and trouble and pain as well as bright expectancy and challenge.

Jesus walked by the sea and along dusty footpaths, inviting people to follow Him,

"I WOULD LIKE to go with you Lord, but I have many obligations ... My father is dead, I must bury him.,.let me say goodby to the folks at home ... I'm sorry, I'm just too busy ... maybe another time." Thus came the excuses.

THE ABUNDANT LIFE Old Paths

WE LIVE IN a rapidly changing world, and the resulting problems, complications and loss are becoming too much of a burden for many people

This is not to say that change is always bad, or that it is all bad. It can be bad, and there is abundance of evidence that much of it is bad. Change can be good, and some of it is good.

ALL CHANGE IS OPPOSED by some people. Other people try to change everything. Both attitudes are unsound.

Changes and proposed changes must be considered on the basis of merit; not with closed minds or with unstable minds.

SOME FOLK SAY that they would like to go back to what they call "the good old days." This is not the solution.

Many of us haved lived long enough to know that, in the true sense, there is no such time. This does not, however, justify the rejection of many of the true and good things that existed in the past.

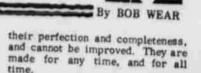

THERE ARE OLD THINGS which must be preserved. At least, they are called "old."

A more exact word of identifi-cation is "eternal" or "timeless". Actually, they are "old" and "timeless", too. They are, in a sense, also "new". "Stand by the roads, and look, and ask for the old paths, where the good way is: and walk in it, and find rest for your souls."

MANY THINGS ARE RIGHT in

airliner is a separate problem. There could be a bell which a stewardess could ring which would signal the crew to "land as soon as possible."

The more prevalent problem is the epidemic of piracy by individuals who want to take command, Without communication and with an impregnable flight deck, there is no way.

Forgetting them; rejecting them; departing from them: or trying to change them is madness. It is our responsibility and privilege to identify them, and hold them fast.

HONESTY, FOR EXAMPLE, is "old" in the sense that it has always been one of the cardinal life elements that enhanced and strengthened individuals and so-

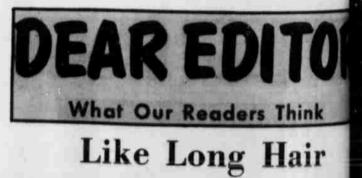

ciety. To whatever extent it is relegated to a dead past, everybody suffers loss. "Refined policy has ever been the parent of confusion and ever will be so, as long as the world endures. Genuine simplicity of heart (honesty) is a healing and cementing principle .-- Burke

MORALITY IS, BY MANY, considered to be passe. They say that it is outmoded, and behind the times. All of us can see what this viewpoint is doing to disintegrate mul-titudes of individuals, and undermine our entire social structure. "There can be no high civility without a deep morality."--Emer-

son, Immorality has in it the po-tentail to destroy individuals and nations

FIDELITY, integrity, allegiance, devotion, faith and other related traits of human character and per-sonality are "the old paths, where the good way is."

The truth is that we can never change that which, in its very na-

On Sale Soon

Consumers will soon be able to buy canned fruit that is similar to fresh fruit in that it does not have as many calories as some canned 'ruit, according to Mrs. Lady Clare Phillips, County Home Demonstration Agent.

The new non-cyclamate fruits have no artifical sweetners and flavor is near the natural the and sugar level of fresh fruit. The new blue label Diet Delight cans will go into national distribution this month and will include from applesauce to pur-

ple plums. The calorie count is comparable to fresh fruit. The price is comparable to regular canned fruit. The new line is expected to

sell on regular grocery shelves rather than diet sections.

Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat - you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time.

So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas.
