First Baptist Sets Dedication Plans

First Baptist Church of Littlefield will dedicate its remodeled church building and educational building with a service June 29.

The \$100,000 was spent in the remodeling of the auditorium, chapel and classrooms completely remodeled and an addition was added. New carpets were laid in several areas and the church building and nursery were remodeled.

Interior lighting and a new sign are being installed in the new facilities.

Activities of the day will include a service by four former pastors, an afternoon dinner on the grounds, a dedication, open house and a closing service.

Former members of the church and friends of the area have a special invitation to return for the dedication and anniversary observance.

Bankers Hold Line On Interest Rates

Prime rate from 7 1/2 to 8 1/2 per cent. The prime interest rate Monday by major banks has no effect in Littlefield, local banks said Wednesday.

Littlefield banks said current rates remain in effect for the time being.

Prime rate interest charged their customers and best customers for the first time at New York banks, quickly spread to Chicago, Memphis and Boston.

Wicker, president of the Security Bank here, said he did not agree with the rate change in the large financial centers.

Interest rates should continue to be held steady.

Announcing his bank would not raise loan rates, Wicker said, "We will hold our present rates on loans as long as we can. We hope our present rates can slow down the present rate and interest rates can be held steady."

PRETTY GUSTY

WITH MAXI hair and mini skirts. It's all a girl can do To keep her hair from blowing And hold her skirt down, too.

Phyllis Robertson demonstrates this modern day principle during a walk down windy Phelps Ave. Tuesday afternoon. Phyllis will be a senior at Cotton Center this fall. Her parents are Mr. and Mrs. Glen Robertson.

Twister Hits Trailers, Barn In Whitharral Area

Tornado season is almost over, but a tornado sighted near Bula Sunday evening and another that swooped down on a farm near Whitharral early Tuesday morning reminds residents not to let their guard down too quickly.

High winds, rain and hail accompanied by spectacular electrical displays dashed the Littlefield area again this week.

Four inches of rain were dumped north of Pep Sunday night and some light hail peppered the hard-hit area.

Hail took another swipe at the Amherst area Sunday night. A hail-laden cloud about four miles wide hammered at the countryside from four miles north of Amherst in a west to east strip that ended near Embury Gin.

Rains averaged from .5 to 2 inches over the rest of Lamb County Sunday.

The funnel cloud near Bula was seen by several residents who were skiing at Bull Lake. The public sighting of the tornado was reported to Littlefield police about 7:45.

A hook echo indicating a possible tornado was reported in the same area about 10 miles west of Littlefield about 8 p.m. by Lubbock Weather Bureau radar.

The Bureau issued a tornado watch at 8:06. The tornado watch was lifted at 9:25 only to be replaced by a severe thunderstorm warning for Lamb County which remained in effect until 10 p.m.

Littlefield recorded .55 Sunday night. Charles Carpenter who lives 12 miles north and one west of town recorded 2 inches in his gauge with high winds making it impossible to record all the rain.

Olton reported a trace Sunday night and Sudan received .52.

Many farmers reported that Tuesday's high winds caused more damage than the Sunday storm.

Early Tuesday morning a large barn was almost completely destroyed and three cotton trailers were wrecked when a small twister struck a farm southwest of Whitharral.

The barn is owned by G. H. Sires, but located on property sold to Mr. and Mrs. Paul Padgett.

The trailers, located across the road and southwest, were owned by the Woodrow Howards.

Mrs. Howard said there were three funnels only a short distance from each other.

The small twister that destroyed the barn was traveling in a northeast direction. Before hitting the barn the twister pulled up the Howards' three cotton trailers.

The twister missed the Padgett home, but the tremble shook sheetrock loose inside the house. Mrs. Padgett said.

NEW RAIDER BASKETBALL MENTOR Bob Bass was among the Texas Tech University athletic department visitors in Littlefield Tuesday afternoon. The former Denver professional coach is caught by the Leader-News camera talking with former Tech basketball star Artis Barton, a resident now of the Springlake-Earth area. For more about Bass' trip here, turn to page 11 of this edition.

Several Businesses Receive Pornography

A number of Littlefield businesses received obscene material through the mail last week.

"We got quite a few complaints from persons receiving offensive, pornographic mailings," George Thompson, officer in charge of the Littlefield Post Office, said. "They were shocked."

Thompson said apparently someone got a list of the business firms in town, since the obscene mail was addressed to a business rather than to any specific person.

"A number of people came in quite upset," Thompson said. "We had a postal inspector here last week who sent an order directly to California to see what could be done to stop this."

Material sent to businesses is described as "enough to make a doctor blush." An advertisement lists pictures, films and books which may be ordered. In all cases, with the exception of one, the envelopes were postmarked Northridge, Calif.

Persons receiving "pandering advertisements" may take steps to prohibit further mailings, Thompson said.

All that is required, Thompson said, is for a person to bring the offensive advertisement and envelope to the post office and fill out a form.

This notice called Post Office Department form 2150 is a prohibitory order against sending or pandering through the mail.

Some of the mail received last week was marked "If this is refused your name will be removed from the mailing list."

"Some have the mistaken idea that

once opened it cannot be refused," Thompson said. "It can be opened," he said. "You don't know whether or not you want to refuse something you haven't seen. If the envelope is opened, the envelope and contents should be submitted to the post office."

Others are marked "Adult Material" on the envelope. These can be taken to the post office without opening if the patron wishes.

The post office sends the prohibiting order directly to the sender, directing them to refrain from any further mailing of any kind to the complaining patron. This is effective 30 days after sender's receipt of order.

Any violation of the order should be turned in to the postmaster.

Student Transfer Deadline Extended

Superintendent of Littlefield Schools, Paul I. Jones, said Tuesday that about 20 students living outside the Littlefield school district have applied for transfers to the Littlefield school district in compliance with the new law regarding transfers.

Jones said the new law cancels the deadline of June 1 and that applications for transfers will be accepted "several weeks beyond June 1."

The state board of education has extended provisions for filing beyond the usual date, but Jones said he had not been notified of a final date as yet.

"We would appreciate those parents who want their children to come in to this district to come in and make applications as soon as possible," Jones said.

The law now in effect provides that parents of those wishing to transfer apply directly to the superintendent of the district where they wish to transfer, rather than to the county superintendent.

This applies to those who want to transfer out of the Littlefield district to another school as well as those wanting to transfer here.

For further information persons may contact the superintendent's office.

Dr. Fain Gives Guide To Curb Encephalitis

The mosquito-borne disease encephalitis—or sleeping sickness, as it is commonly called—is one of the major targets of the spraying going on in incorporated towns over the county and in the city of Littlefield.

Lamb County Health Officer Dr. J. R. Fain said prevention is the key word when he discussed ways to provide protection against the disease.

In addition to the effectiveness of the spraying campaign, there are other safeguards persons may take, including those who live in rural areas not covered by the spray.

Dr. Fain said the most important time

to watch for mosquitoes is an hour before sundown and two hours afterwards. "Only the female mosquito inflicts bites," Fain said. And of all mosquitoes, the Culex mosquito is the species that carries encephalitis.

However, all species of mosquitoes are biological carriers of disease because after biting one diseased animal, the mosquito

HE DOESN'T MISS THE FARM

Beautician Likes His Work

By NILAH RODGERS

Dale Rogers likes witty women who keep him on his toes.

And he is in a good position to know all about the whims and foibles of females because he is the only male in Littlefield who spends every working day completely surrounded by women.

Dale is a hair designer at Joy's Beauty Shop and "loves every minute of it."

"I just like people and working in public," Dale said. "Being a beautician is just like working anywhere else. There are the considerate and the inconsiderate."

Dale wound up in the "women's hair" quite by accident.

After public schooling in Littlefield and Amherst he graduated from Amherst High in 1964.

He attended South Plains College in Levelland one semester and then went to Draughon's Business College in Lubbock two years.

He worked in the sales department at J. C. Penney's in Littlefield after business college.

"And then I was assistant manager of Pay Less Shoes in Lubbock," he said. "Until I got mad one day and just quit."

He defined himself as a "nomad looking for himself" at this point in his young life.

It was between jobs that he found himself in the "women's world."

Dale Rogers grew up with Tommy

Davis, part-owner of McBrides-Davis School of Hair Design in Lubbock. "I was just waiting for another job to come along," Dale said. "I didn't think, I just did it," he explained on how he happened to enter beauty school.

Tommy is Joy Davis' son (Dale's employer, owner of Joy's Beauty Shop). "I hadn't even started to school when Joy asked me to work for her when I finished. I committed myself and I've been here ever since."

Ever since is the year and a half Dale has been a licensed beautician.

"And I intend to build my own shop one of these days," Dale added. "A lease shop where you rent out booths. Probably in a larger town than Littlefield."

In the hair styling business, Rogers is a long way from the farm he was reared on. "I don't miss the farm a bit," he said.

The only carry-over from his farming days is his love for horses and animals. He used to raise Shetland pony show horses, and he has a few trophies in his case to attest to his success.

Rogers' favorite hobby is spectator racing—horses, dogs, drag racing. He is a real sports car and boating enthusiast.

His philosophy, if he has one, is "being an individual and doing as he pleases as long as it doesn't hurt anyone."

He lives this philosophy daily in his work, turning out many individually styled hair sets.

DALE ROGERS "gets in the women's hair" in his chosen profession. Rogers is Littlefield's only male hair dresser. He is removing curlers from Wannell Chisholm's hair set.

Make Dad A Hero

Does your dad always give you money when you ask for it—or almost always? Does he take you to ball games, on camping trips or do the belly bust when he goes swimming with you?

The Leader-News and several Littlefield merchants want to know why your dad's a hero.

And a total of \$25 in gift certificates goes to three lucky dads named in the best entries in the "My Dad's A Hero" contest.

The contest closes tomorrow, Friday, June 13 at 5 p.m. So get your entries in.

Contest rules and entry blanks are in this issue of the paper. Official entry blanks are in the June 5 and June 8 issues, too.

For your chance to win gifts of \$12.50, \$7.50 or \$5.00 for your Dad, clip out an entry today. Write why you think your dad is a hero and take the contest entry to Penney's, Pratt's Jewelry, Hill Rogers Furniture, Anthony's, Ware's, Findley's Jewelry or bring it to the Leader-News.

Two Cars Collide

A two-car accident on East 7th Street resulted in \$900 damages Monday evening.

Mrs. June Hicks Sadorra, 1304 W. 12th, driving a 1963 Buick two-door and Tommy Kelton, 202 E. 13th, in a 1966 Dodge pick-up collided after Mrs. Sadorra who had stopped at a stop sign at the intersection, started through the intersection and hit the Kelton vehicle.

Both vehicles were towed away. Damages were estimated at \$550 to the Sadorra car and \$350 to the pick-up.

PITTS, Pleasant Valley adult 4-H leader, right, was one of 12 from Texas to receive recognition for outstanding 4-H leadership work at the 4-H Roundup at College Station. John E. Hutchinson, left, director of Texas Agricultural Extension Service, presented Pitts with a plaque.

Contest Honors

Veterans

Oliver Lee Simmons of Bula has entered the contest for the youngest survivor of the attack on Pearl Harbor and the Island of Oahu, Hawaii, Dec. 7, 1941.

Simmons enlisted in the Navy in January of 1941 at the age of 17, and was 18 years old when the Pearl Harbor attack occurred in December.

In the April 1969 issue of the Pearl Harbor-Gram was an article concerning the plans underway for the 1969 Washington, D. C. National Memorial Service. It is planned to have a two-day event, Dec. 6 and 7.

Some of the numerous items of entertainment planned for the two days are sightseeing tours and excursions to various places of interest in the nation's capital and its surrounding area.

Memorial services will be held at Arlington Cemetery to lay a floral wreath on the tomb of the unknown soldier.

Various other Veteran organizations, Department of Defense, and District of Columbia's Department of Veterans' Affairs are assisting in this National Memorial Service.

Prizes for both the oldest and the youngest survivor are to be awarded.

Jean Long Shower Honoree

AMHERST—Mrs. Len Nixon, the former Jean Long of Pampa, was the honoree at a bridal shower in Mrs. Bennie Harmon's home Saturday afternoon.

Guests were registered in the bride's book between three and five o'clock.

Connie Nixon, the honoree's sister-in-law, presided at the refreshment table.

An artistic arrangement of white carnations, slender candles in teal blue, violets and sprays of English ivy surrounded a miniature bride doll at its base.

She served fruit punch, an assortment of home-made cookies, teal blue mints and nuts from a milkglass and silver service.

The hostesses' gifts were electric appliances, a toaster oven, portable mixer, can

opener, skillet and steam iron.

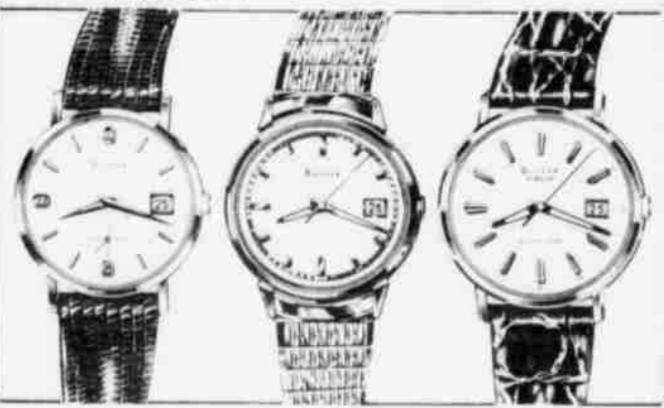

These were displayed with an array of miscellaneous gifts.

Hostesses were Mmes. Bennie Harmon, Leroy Maxfield, John Norwood, Don Carter, W. P. Stone, Barry Bearden, Leon Sherrill, Dale Edwards, Allan White, Lee Payne, W. H. Crosby, Winfred Crosby, Doc Shavor, Jon Cornelius, Manry Brantley, J. P. What The Leader-News Thinks

'Get A Horse'

One week before the Wright brothers' successful flight at Kitty Hawk, N.C., The New York Times had this to say about a rival flying machine experimenter

"We hope that Professor Langley will not put his substantial greatness as a scientist in further peril by continuing to waste his time, and the money involved, in further airship experiments.

"Life is short, and he is capable of services to humanity incomparably greater than can be expected to result from trying to fly... For students and investigators of the Langley type there are more useful employments."

Harper's Weekly commented in 1902:

"The actual building of roads devoted to motor cars is not for the near future, in spite of many rumors to that effect."

After Samuel Morse demonstrated his telegraph before Congressional members in 1842, Senator Smith of Indiana reported:

"I watched his countenance closely, to see if he was not deranged...and I was assured by other Senators after we left the room that they had no confidence in it."

THE FARMER'S WIFE

Kids No Different

By LIBBY MUGGETT

STARTED READING one of those articles, of which there now seem to be thousands, about the different gripes kids in both high school and college have against their teachers, subjects, methods, and the relevancy of all three.

I was all prepared to be completely on the teachers' side, from pure reflex, and then ran across several statements of the pupils that set me to remembering.

Kids aren't just a whole lot different, not really. The permissive society they live in is, maybe, but not the kids. They're no longer content to just know the who, what, where, when and how, but demand to know the why. We just had to wonder about the why.

I HAD THIS home economics teacher. I never did like to sew, but it was "the thing to do" for all girls to take sewing.

I hemmed cup towels, pillowcases, etc. etc. and kept wondering why, since already by then everybody bought 'em hemmed.

Then came time to make a dress. I picked out rust colored material (oh rust was very IN at that time), sewed, ripped, sewed, ripped, sewed, ripped until I began to get queasy every time I saw the color rust.

Finally, the dress was finished and ready for inspection. Even teacher was pleased. She was just about ready to give me an A when she happened to see the pattern, turned pale, choked, and told me to rip it out and do it over again.

IT SEEMS THAT I HAD put a box pleat in the back of the blouse when the pattern had called for an inverted pleat.

I asked why it mattered, since even she had thought it looked very well and box pleats were then as stylish as inverted ones.

She said because the pattern gave instructions for an inverted.

I said that I thought the box looked even better than would the inverted, why not let me be a little individualistic.

She said gracious no, I simply had to make it just like the pattern.

I asked why and all she could ever say was just because.

Teachers like that sure don't promote any creativity.

AND THEN THERE was this

gym teacher (female), whose muscles rippled like waves on a lake. I had signed up for swimming after being told I had to do something gymwise, just because, and swimming sounded like the most fun.

Ha! There was no paddling in her class. There were laps and laps and laps of the pool. If you stopped at one end to grab the edge of the pool with your hand while catching your breath, she immediately stomped your fingers with her shoes (and I could have sworn she wore cleats).

I finally asked since I wasn't planning on entering the Olympics anytime soon, why did I have to swim miles and miles without stopping. She rippled all over and said so I could develop muscles like hers.

I MADE THE FATAL mistake of telling her I didn't want muscles like hers.

She made me swim many and many a lap after that, determined that I was going to develop muscles like hers. Teachers like that sure don't promote any individuality.

Fortunately, the term ended before I was waterlogged and I hastily signed up for tennis just to get away from Muscles.

Guess who rippled out onto the tennis court the first day of the new term and announced she was to be the tennis teacher? Right. Muscles.

NOTHING ABOUT the way I played tennis ever suited her. She seemed to think that I was supposed to break my neck trying to bounce a silly little white ball back over an equally silly net without ever telling me why.

Oh I knew why, all right. It was just that by that time it had turned into a personal contest over whether I was going to end up with muscles just like hers or not.

I won. I had my back to my opponent during one of Muscles' dearly loved match games when my opponent, by a pure freak swing, barely got the ball back over the net to me. It hit me on the rear in such a way that it bounced back over the net and my opponent was too hysterical to get it.

My argument was that was all the muscles I needed.

I took up tumbling. Liked it. No Muscles.

"I heard that sigh of relief!"

THE ABUNDANT LIFE

Freedom's Friends

By BOB WEAR

WHERE ARE THE FRIENDS of freedom? Where are the people who understand the established principles of human freedom, and are interested in preserving them? It seems very strange that anyone would deliberately try to destroy the structure of freedom, or that any, who are enjoying the blessings of freedom, would be careless and unconcerned about freedom's needs.

Many persons who are using their freedom as license are avowedly trying to destroy the established order of freedom. They are using the good they have to destroy the supports of that good. This is surely the most senseless of all human actions.

USING FREEDOM OF EXPRESSION to present thoughts, ideas and concepts which have in them the certain death of this freedom is a tragic perversion. Much that is admittedly downgrading, degrading and destructive is being done in art, literature, entertainment, in speech and in other media of expression. These people have made themselves the enemies of freedom in a time when freedom desperately needs friends.

It is unbelievable that the freedom-destroying work and action go almost unchallenged. It is even more difficult to understand why many of the people being victimized by anti-freedom views and practices actually support them.

UNDER THE GUISE of freedom of expression, the peddlers of filth, of indecency, of immorality, of rebellion and of everything else that is destructive of the supports of freedom, are enjoying the widest and most profitable acceptance ever known. "Freedom of expression" is not freedom to release the venom of free flowing spiritual, intellectual or moral poison.

PAUL HARVEY

Outside Pressures

WHY DOES A PRESIDENT of the greatest, richest and most powerful nation travel halfway around the world to meet with the insecure custodian of a fourth-rate nationette?

What are we trying to show; what are we trying to prove?

Previous to the midway meeting, South Vietnam's President Nguyen Van Thieu let himself predict that the Communists would accept a "temporary peace" only long enough to get the Americans out and to rest and regroup their own forces.

In Paris he let his own chief negotiator state terms for peace in diametrical contradiction to those proposed by the U. S. President.

FREQUENTLY OUR ALLIES have been more trouble than our enemies; in this war, very often these are.

Because of unprecedented prosperity in Saigon, there are some important South Vietnamese who don't want this war to end yet. They've never had it so good. They don't want the deluge of American dollars cut off.

Also, South Vietnam has a constitution prohibiting participation by Communists in their government, and they will use that provision to resist the idea of a coalition, even to resist our proposal for prompt elections.

In other words, South Vietnam's President Thieu demanded to appeal our peace proposal to the "highest court," our President. This was and remains determined to keep U. S. troops in his country to perpetuate himself in office. "We must stand together and fight on," he says. "All Southeast Asia— all the world—is watching."

If the present-day misused "freedom of expression" continues long enough, the time will come when there will be no "freedom of expression". The truth is that the current activity is not freedom, but self-enslavement. "None are more hopelessly enslaved than those who falsely believe they are free." —Goethe.

There is a great need for the friends of freedom to act with wisdom, with vigor and with knowledge to oppose the degeneracy that is rapidly becoming a multi-voiced monster. The enemies of freedom are working to destroy it. Let the friends of freedom be busy working to save it.

FRIENDS OF FREEDOM are also needed in the educational world. In the name of "academic freedom", or under its guise, the whole system of public education is being destroyed. "Academic freedom" gives no one the right to destroy property or anything else. It is not freedom of the few to abridge the freedom of the majority. It is not freedom to disrupt the administrative work of schools.

The present anarchy of the misguided and the corrupted members of the educational community is totally unjustified and most not to be tolerated. It is not a proper expression of freedom, but is tyranny and sabotage. It is completely outside of the framework of every section of established human rights. It is unbelievable that so many enslaving actions can be performed in the name of freedom.

Friends of the time-tested concepts of freedom must awake from sleep, because freedom is being destroyed in the name of freedom. It can be saved, and some of the misguided and confused destroyers of freedom can be saved from themselves.

"Eternal vigilance is the price of liberty." —Jefferson.

... DR. FAIN

Continued from Page 1

then pours saliva into the wound of its next victim.

It is the female mosquito that punctures the skin of its victims. Adult mosquitoes feed on nectar, but the females require supplemental protein to mature their eggs and this is derived from blood.

The beak or proboscis of the female mosquito is especially fitted to pierce the skin and suck blood, Dr. Fain said. This beak or proboscis has four parts and pours saliva into the wound to dilute the blood so it can be sucked more easily.

The male proboscis is not strong enough to break the skin and therefore the male does not bite.

Bites are best treated with an anti-histamine cream applied as soon as possible after being bitten, Dr. Fain said.

He said parents should be especially watchful of children under six years of age. "As this group seems to get complications more easily if encephalitis is contacted.

Other precautions besides spraying include putting net over babies' cribs and making an effort to keep home as mosquito free as possible.

Homeowners should make sure that no water is allowed to stand outside long enough for a new crop of mosquitoes to breed.

A check for water-holding containers possibly hidden under trees and shrubs is recommended.

Tree knotholes large enough to hold water should be filled with cement mortar, roofing tar or anything to keep water out.

Watering bowls for pets can become breeding ground for mosquitoes, Dr. Fain said. It is a simple matter to wash the bowl a couple of times a week. This applies to birdbaths and other similar outdoor items.

He said persons who have garden or lily ponds might stock them with top water minnows or gold fish since the fish will eat the wigglers or mosquito larvae.

Oil poured on standing water keeps larvae from breathing.

"If each person took care of his property in this manner," Dr. Fain said, "it would be a simple matter for the city to handle the rest."

Olton Feedyards Has Groundbreak

Construction work was well underway when directors of the Olton Feedyards, Inc., the new manager and Olton Chamber of Commerce officials met at the feedyard site last week for groundbreaking ceremonies.

A staff of more than 30 will be employed for the feeding operation and the annual payroll will exceed \$250,000, president of the board Owen Norfleet said.

Other directors are Jack Straw, Frank

Drunks, Theft, Vandalism

Plague Police Officers

County officials jailed three on charges this week and the city police for drunk in public and one on charge.

In other police activity the delinquent transistor radio and investigations were made.

Mrs. Jean Farrell, 205 N. reported that while she was gone someone went into her house and doors open. When she returned her house ransacked and min saw.

Two nightgowns and one torn up and clothes closets in ransacked.

Entry was gained through an door, she said.

Virgil Zoth reported the theft of 6 Elgin transistor radio and case parked vehicle at the swimming Friday.

Commissioners' Court

Accepts Paving Bid

Lamb County Commissioners accepted a bid from High Plains Pavers for paving for the county when the regular session Monday.

In other business conducted by commissioners' court convened, Mr. Graham, who has been working library on a part-time basis, was appointed for a full time assistant librarian.

Routine orders for paying county accepting reports of the county assistant county agent, county trapper and home demonstration were approved.

Election hours were set from 7 p.m. and election judges appointed for the coming year.

Two final orders were the approval of an agreement contract to commodities for the state program and authorizing the welfare office to hire extra part-time at \$60 per month.

Cornelius, Earl Spruiell, and Owen

Charles Koontz has been appointed manager. Koontz said the operation is scheduled to be open Nov. 1.

Initial plans call for pens which handle 30,000 head of cattle, undetermined expansion plans in future.

An estimated 150,000,000 pounds grain per year will be consumed to silage, alfalfa and cotton products, all produced in this area.

WHITHARRAL

DONNA AVERY 299-4395

THE FIRST THING I want to say is I made a mistake in last week's paper. The game was a practice game, not league. They lost it.

THE GIRL'S team's name is the Whitharral Panthers. They played a game Monday night with a Levelland team called the Dandies. They won it 24-2.

THE PANTHERS played a game Tuesday night and lost it 18-17. They played the Sandies of Levelland.

JOHN WILLIAMS was released from the Methodist Hospital in Lubbock last week. He is recovering in his home in Whitharral.

A STRONG WIND hit Hub Sires' place west of Whitharral, Tuesday morning. It blew a barn and some cotton trailers down.

MRS. TOOKE, the English teacher of Whitharral, had a baby girl in Lubbock last week. We congratulate Mrs. Tooke and her husband, Jerry Neal Tooke.

THE STEPPINGSTONES had a meeting last week. They worked on their dresses for the dress review.

ROBERT AND DON Avery of Whitharral have a brother, Dwayne Avery, who lives in Causey, N. M. Dwayne's wife, Pat, had a baby boy Sunday morning. They had not named him as of Sunday. Don and Lois Ann Avery are keeping Dwayne's and Pat's children, Monty, 5 years old, and Monica, almost a year old.

CHUCK AND MERHEA Huber and Leslie, visited friends in Whitharral Tuesday. Chuck is the former preacher of the Southside Church of Christ in Whitharral.

SHARRON THROCKMORTON Sisk had surgery on her eyes Tuesday, to correct

damage done in the wreck she was in last year. We are hoping her speedy recovery.

JOHNNY CALDWELL from Gene Autry, Okla., is visiting Sharron Wade.

THE LIONS CLUB of Whitharral is sponsoring an ice cream and cake supper tonight, Thursday, June 12, at 8 p.m. They would like for everybody to attend. Prices are 50 cents for adults and 25 cents for children.

MR. AND MRS. John Blackwell and children of Llano visited the Rafe Rogers home last week.

THE DON Redings are expecting an exchange student from Sweden Sunday. She is sponsored by a Swedish Lions Club, and will stay here six weeks.

SHARRON WADE is leaving for Japan soon. She will be representing the Whitharral Lions Club while in Japan for six weeks.

Delano Mishap

Mary Tomlinson Willey and Mickey Jim Davis were involved in a collision on Delano Ave. recently when the '63 Comet driven by Davis going east on Delano made a right turn and struck the left side of the '66 Pontiac driven by Mrs. Willey.

Damages were estimated at \$75 to each car.

Why Plymouth?

(Instead of Buick, Olds or Pontiac.)

Plymouth Fury III has front torsion-bar suspension for better handling. Buick Special, Olds F-85 and Pontiac Tempest still have coil springs that bounce up and down.
Fury III has greater brake lining area than the other three. Plus bigger (15") tires.
Fury III has a single-unit welded body for strength. Buick and Pontiac construction still bolts body to a frame.
To fight rust, Fury III is prepared by a 7-step dip-and-spray treatment. Buick, Olds and Pontiac preparation is by spray on.
Fury III has a longer wheelbase than the Special, Tempest or F-85. Longer by a full 8 inches on 2-door models.
According to the Automotive News' Roominess Index, interior room of the Fury III is considerably greater than the other three.
Fury III also has a bigger trunk than the others.
For easy entry, Fury III has wider door opening than Special, Tempest or F-85.
Fury III's instrument panel is fully floodlit. Buick, Olds and Pontiac lighting still comes from behind the instruments.
Ammeter and temperature indicators in Fury III are precision gauges. The others have lights that come on after trouble starts.
Electric clock? Standard in Fury III. Extra-cost option on the Special, Tempest and F-85.
Add it up, and you see why over 1/2 million owners of competitive cars have been won over to Plymouth in the past two years. Plus, right now, we're putting the big stuff on special Furies (vinyl roof, automatic transmission, radio, power brakes and steering, 8.25 X 15 whitewalls, and deluxe wheel covers). And, we're reducing the price. Why Plymouth? Is there any better way to get a great car and save money in the bargain? See us now.

Plymouth Unbeatables put on the big stuff...

Prescriptions Filled With Care At Wrights

Fred E. Wright, owner and operator of Wright Prescription Drug, can fill any prescription.

Wright came to Texas in 1938 from Oklahoma where he earned his B. S. degree from the University of Oklahoma at Norman. Since that time 31 years ago Wright has been filling prescriptions with the utmost care in the 300 block of Phelps Ave in Littlefield.

Wright was pharmacist for W. H. Madden for the first three or four years after coming to Littlefield.

Then early in 1944 Wright bought in with Mr. Madden as a partner and the drugstore was known as Madden-Wright Drug until 1960 when Wright bought out Mrs. Madden's interest after Mr. Madden died. For the last nine years the prescription-drug store has gone under the name of Wright Prescription Drug.

You can make sure your doctor's orders are filled to the letter when Fred Wright fills your prescription.

A large supply of patent medicines and first-aid supplies are also carried here.

Ruby Clark and Janice Sokora will help you with your cosmetic needs and sundries.

Four complete lines of cosmetics are carried: (1) all Allcream cosmetics, for those with sensitive skin and allergies, are handled; (2) Coty creams and cosmetics are staples at Wright's; (3) Wright's have the franchise on Dorothy Perkins products; (4) Clairol cosmetics and a complete line of Clairol hair care products are also carried here.

Wright has a franchise in Littlefield on King's Candies. Cigars, cigarettes and other candies are offered in a good selection, too.

Other staples at Wright Prescription Drug include a large selection of birthday and greeting cards in both modern and contemporary. A good selection of magazines and paperback books can be found here, too.

Fred Wright enjoys a little hunting and fishing when he can find the time.

Mrs. Wright taught school for many years, 18 of these in the Littlefield school system.

BYERS GRAIN

Byers Steam Roll Milo

Byers Grain and Feed has a steam roller that heats grain sorghum to 210 degrees and then rolls it or flakes it out to a product very similar to the ready-to-eat corn flakes you eat for your own breakfast.

Cattle fed this rolled milo get 25 per cent more digestibility than livestock fed on ground milo.

Not only will Byers store your grain sorghum for you, but they will roll your milo, mix it with a concentrate and then deliver this complete feed mix right to your barn.

Rolled milo is just one of the many services Clinton Byers offers his customers.

Byers Grain and Feed makes a charge of 35 cents per hundred for flaking your milo, or they have milo for customers who do not have their own grain.

In addition to this, Byers does custom mixing and grinding. And they deliver anywhere in the Littlefield trade area.

Clinton is operating the business started by his dad, Roy Byers, in the early 1930's. Byers Grain and Feed has been in its present location for almost 40 years.

Purina chows have been Byers' main line for as many years as Clinton can remember.

You can buy anything Purina manufactures here. Supplies include complete stocks of everything needed for chickens, hogs, cattle, dogs, game birds or rabbits.

Are flies a problem around your place? Stop in here for some Purina Fly Ball. It really works. It attracts flies and kills them on the spot.

A variety of sprays can be found here for other bug and pest problems. Clinton has sprays for everything from row bushes to the largest of fruit trees. Get your garden and lawn fertilizers and sprays here, too.

It isn't too late to plant a vegetable garden, and any number of flowers still have time to mature and bloom. Byers have everything for planting from a few seeds, two or three tomato or pepper plants, to a truck garden or two or three thousand acres of feed land.

There is a large variety of garden seeds here in both packaged and bulk.

Amak R12, Golden Acres, Red Carpet, Texas Hybrids, PAG, Funks, Excell and Horizon are included in the numerous brands of planting seeds carried.

Clinton Byers has long been an active supporter of FFA and 4-H Clubs. Byers mixes rations for the youths' show animals, and they contribute trophies for the fat stock shows and sales as well as attending the auctions and buying animals from the youngsters.

Summer Basketball Program Gets Underway Today

Littlefield's summer basketball program gets underway at 8:30 a.m. today in the high school gymnasium, under the direction of Jerry Trees.

There will be no coaching during the week-and-a-half program. The boys will play the game for the experience and exercise.

Four sessions are held daily, with youths 13 and under starting at 8:30 and 9:45 in the morning, followed by a shift of 14 through 16-year-olds at 11. The 17-year-olds with eligibility remaining in high

school will hold their sessions at 7:30 in the evenings.

Six teams of youths 13 and under will have six members each. They are:

LAKERS—John Richey, Chuck Robinson, Gary Lichte, Gary Brown, Kenny Sharp and Ricky Richards.

CELTICS—Jimmy Durham, Brad Grisham, David Cristan, Ricky Stamps, Randy Cook and David Williams.

BULLETS—Roy Gillentine, Greg Wyatt, Steve Mangum, Tommy Watson, Larry Wright and Van Ray.

PISTONS—David Blevins, Richard Barton, Kenny Owens,

Emmett Heard, Andy Rogers and Larry Lobough.

WARRIORS—Kurt Aten, Danny Brockington, Kelly Pratt, Chris Pope, Len Richey and Randy Simon.

69'ERS—Tommy Batson, Michael Cotter, Terry Bryson, Danny Cushion, Craig Ratliff and Kevin Hamilton.

In the 14-15-16 age group, three teams are comprised of:

HAWKS—James Gillentine, Randy Dayton, Chuck Blevins, Matt Giles, Oscar Guajardo and Ray Mendoza.

BULLS—Kelton White, Floyd Smith, Michael Carter,

Brad Nace and Randy Trotter.

CHAPPARALLS—Jerry Gonzales, Allan Mackey, Terry Hartley, Jay Trammell and Jim Graves.

Three teams also make up the 17-and over group:

ROCKETS—Frank Mendoza, L. D. Holt, Charles Carter, Keith Woody, Jim McCary and Delwin Newton.

MAVERICKS—Charlie Holt, Kim Hill, Thomas Gilbert, Randy Mitchell, Gary Nace and Ron Rinsinger.

OAKS—Wendell Horn, Jerry McCary, Steve Owens, Troy Tidwell and Larry Purdy.

Schedule of games to be played this week include:

June 12—Celtics vs. Lakers (early session); Bullets vs. 69'ers (late); Hawks vs. Chaps; Oaks vs. Rockets.

June 13—Pistons vs. Warriors (early); 69'ers vs. Lakers (late); Hawks vs. Bulls; Oaks vs. Mavericks.

June 14—Bullets vs. Pistons (early); Celtics vs. Warriors (late); Bulls vs. Chaps; Mavericks vs. Rockets.

The schedule for each week will be published in each Sunday's edition of the Leader-News. Game scores will also be reported.

Track Team To Brownfield

Members of the Littlefield Track Club will leave by bus from the junior high building at 11 a.m. Saturday to participate in the annual Brownfield Lions Club summer track meet.

Coach Bobbye Pylant has entered the Club in its first competition for the summer, since starting workouts two weeks ago.

TECH SPORTS FIGURES were in Littlefield Tuesday afternoon for their first annual Red Raider Club visitation day. On the left, head assistant football coach John Conley tells Club members about the coming year and Raider hopes. On the right, Athletic Director Polk Robison heads for the club house after finishing his 18 holes of golf. Conley turned out the hottest Raider-connected golfer of the day, carding a two-over par 73 for the day.

Anybody Can Beat Anybody In The Babe Ruth League

The way things are going in Babe Ruth League, teams may have to toss a coin July 16 to decide which is the conference winner. It's just that close. With just four more weeks remaining on the schedule, one and a half games separate the sixth team from the leading team. Five clubs lost three starts and the other four have won at least one. Four have won two, one won three and the other two.

That's close, friend, in anybody's league. Going into tomorrow night's battle between two of three league leading teams, the Line-B&C, Security State and Roden are all tied with 4-3 records. The first two clubs meet at 8 p.m. Thursday. Then Security must turn around the following night to beat Amherst, which is tied with Sudan in the rankings, with 3-3 postings. Roden doesn't see action until Monday, when it meets Ware-Richey.

STATE LINE-B&C-11
DAN-10
State Line-B & C edged out Dan 11-10 in Babe Ruth Monday night.
The score was tied in the 10th inning with State B&C at bat. Terry Bryson got with a single, Birkelbach bled and then Ralph Funk walked intentionally.
Brad Nace then hit a perfect single which brought Bryson for the winning run. Nace was also the losing pitcher.

The leading hitter for State B & C was J. E. Johnson, with a double and a single. He was closely followed by Funk, Ben Mackey, and Nace with a single each.

Bo Lance, Richard Tamplin, Kevin May, and Mark Hanna had singles for Sudan. Lance was also the losing pitcher.

WARE-RICHEY-4
AMHERST-3

Ware-Richey edged out Amherst in the last inning to win 4-3 in a Babe Ruth scrimish Tuesday night.

In the sixth inning Wayne Johnson got on an error. Glenn Short got on base on a fielders choice. Then Kenny Francis hit a double to bring them in, Eddie Surrett, who was also the winning pitcher, brought in Francis with a single.

The leading hitters for Ware-Richey were Wayne Johnson and Kenny Francis, with a double each.

Kim Harmon was the leading hitter for Amherst with two doubles.

Ron Risinger was the losing pitcher.

Has Perfect Day

Eddie Elms batted 1000 while leading his Barracudas past Tasty Cream 22-19 in Pee Wee baseball Friday evening.

The little slugger had a perfect night at the plate, collecting four hits on four at-bats.

Dennis Jackson was the winning pitcher.

Minor Lead Tied

A 16-7 victory tied the first-place standings in the Minor League Tuesday night.

Defending champion Leader-News handed Security State its first loss of the season, tying the two clubs with 7-1 records.

LEADER-NEWS-16
SECURITY STATE-7

Leader-News upset the formerly undefeated Security State 16-7 in a Minor League game Monday night.

The leading hitters for Security were Stan Jackson with a double, and Danny Dukatnik and Frank Trevino with a single each.

Mike Gage was the leading hitter for Leader-News with three singles, Ralph Mendez and Roy Jackson followed with a single each.

The losing pitcher was Herman Wilson. Ralph Mendez was the winner.

VFW-19
PIGGLY WIGGLY-10

A shortage of players caused VFW to forfeit the game, although they outscored Piggly Wiggly 19-10 in the Minors Saturday night. It would have been the second win of the season for the Vets.

SPORTS

Only One Upset In The Majors

Three upsets were in the making in the recent Major League games, but only one of them came about.

Winless W.O.W. jumped to an early eight-run lead over Lions, but faltered after the second inning to lose 19-10.

Then Optimist forced Rotary to dig out of a sixth-inning 10-10 tie to remain atop the conference standings with a 11-10 decision. Optimist has the only win registered thus far over powerful defending champion Rotary.

But Batson, with only two wins out of seven starts on its

record, bumped off twice-defeated, power-hitting Butane 9-7. In winning, Batson broke up a tie for second place between Butane and Lions.

Now Rotary must face the pesky Lions again tonight. The leaders are expected to start Gary Brown, who is 5-0 on the mound this year.

BATSON-9
BUTANE-7

Batson upset Butane 9-7 Tuesday night.

John Marquez was credited with the no-hit win.

It was Batson's last time up to bat when Glenn Smith hit a single with the bases loaded and Randy Lucas scored the winning run.

The leading hitter for Batson was Smith, with a double and two singles. He was followed by Forrest Harry and Lucas, with a single each.

Tommy Batson was the losing pitcher.

ROTARY-11
OPTIMIST-10

Rotary edged out Optimist 11-10 in the bottom of the sixth inning Monday night.

Lonnie Twitty hit a single to drive in Terry Washington with the winning score.

Gary Brown hit his fourth homerun for the season for Rotary. Doug Perrin hit two singles.

Bill Turner hit a homer to earn the title of ace hitter for Optimist. David Cutshall and Kevin Hamilton hit a single each.

Rotary held a 10-2 lead when Optimist went to bat in the top of the sixth.

Tom Hutson was the losing pitcher. Brown was credited with the win.

LIONS-19
W.O.W.-10

The Lions outscored W.O.W. 19-10 in a Major League battle Monday night.

W.O.W. had a scoring spree in the first two innings, amounting to 10. However, they were unable to score again and lost the game.

Ronald Palmer was the ace hitter for the Lions with two doubles. Danny Brockington was ranked second with two singles.

The leading batters for W.O.W. were Rayford Green with two singles and Angel Sanchez and David Bell with a single each.

Dennis Bell was the losing pitcher.

No Rate Increase On Loans

We Think We Have A Pretty Good Country Bank

BUT

We do not always agree with our banker friends in the big money centers. We know they are supposed to be smarter than we are, but we do not agree that interest rates should continue to be increased.

The recent increase of the "prime rate" to 8 1/2% means that you can borrow money here for less than the largest corporations in the country have to pay.

We intend to hold our present rates on loans as long as we can. We hope our government can slow down the present inflation and interest rates can be reduced.

NO MORE RAIN NEEDED

Heavy April rain filled Sydney's water storage dams. A Water Board spokesman said the dams now hold enough water to meet Sydney's demand for the next five years without more rain.

Striped Bass Doing Fine

A 12-pound, 12-ounce striped bass was recently pulled from the Sabine River in Panola County near Deadwood, a community near the upper reaches of Toledo Bend Reservoir.

Striped bass, one of three true bass species including the white bass and yellow bass found in Texas waters, were first released into Toledo Bend during the spring of 1967, by the Louisiana Wild Life and Fisheries Commission.

Growth of the fingerling size fish, as gauged by the recent catch, has been a phenomenal six pounds per year.

Normally a saltwater species, striped bass have been introduced into freshwater lakes with good success. The record of freshwater transplant of one of these highly predacious fish came from Georgia water—63 pounds.

Arkansas fisheries personnel have recently recovered a 38-pound striper stocked over a few years earlier in Lake Dardennelle.

The Texas Parks and Wildlife Department has made experimental stockings in Bardwell Reservoir, Navarro Mills Reservoir, and Robert Lee Reservoir.

Stripers released in these lakes are expected to reach 20 pounds in only a few years.

DPS Trainees Needed In Area

A call was issued today by the Texas Department of Public Safety for applicants to fill a recruit training school to begin in July.

Applicants must be between the ages of 20 and 35, a height of at least 68 inches, a weight of not less than two pounds or more than three and one-half pounds per inch of height, and be in sound physical condition. They must have completed high school or submit a certificate approved by the Texas Education Agency showing an equivalent educational background.
