

1974 LITTLEFIELD WILDCATS

Wildcats Preparing For First Season Game Friday

ing to be a real physical bat- Coach Jerry Blakely said as about the Littlefield Wildcats'

first game of the 1974 season against the Cooper Pirates Friday night. "Cooper is a real good defensive team

and they always play a good defensive ball game. They run a five-man front and the defense is anchored by 200 lb.

nose guard Ricky Montemayor. Plus the fact that they've got two strong defensive linemen and it's easy to see

hat the strength of their ballclub is in their defense."

"Offensively, they run out of an "I" formation and they have basically a power attack. However, their quarterback (Kelly Choban) is an excellent passer. Tight end Donnie Seale is Choban's favorite target and he can catch the ball and run with it well also."

Cooper won the district in 1972 but perennial power Denver City usually dominates their district which also includes Post, Roosevelt, Frenship, Stanton and Tahoka.

The defending bi-district champion Wildcats will be coming off last Friday night's scrimmage against Tulia, which Blakely described as "disappointing."

Tulia scored three times while the Cats were unable to cross the goal line.

"That scrimmage has to be good for us though," Blakely added, "because it did point out to us that we had a lot of work to do in order to perform in a championship way. As a result, our practice sessions have been more intent this week and therefore our team has shown definite improvements."

The Cats are in good shape physically, with one exception—and that is fullback Buddy Jungman who is suffering a bruised thigh. Jungman's playing status will not be determined

until right before game time.

Expected offensive starters for the Wildcats against Cooper include Ronald Farmer, quarterback; Buddy Jungman or Steve Cruz at fullback; Bill Turner at tailback; Stanley Patterson, halfback; Rick Hopping, Gary Lichte and Kip Elms will rotate at ends; tackles are expected to be Jimmy Durham and Ben Farmer; guards are Jerry Soria and Doug McCain while the starting offensive center will be David Blevins.

Defensively, Turner will start at safety, cornerbacks will be either Lichte, Patterson or Sammy Schlottman, outside linebackers will be Richard Barton and Elms, inside linebackers will be either Steve Cruz, Jungman, Brad Banner or Reginald Pavton, defensive ends will be Larry McDonald and Farmer while tackles will be Hopping and McCain.

Cooper's head coach Pete Hurst stated in a telephone conversation Wednesday that "he expected a tough ball game. It's always tough when you play a last year's district champion team."

The game will be played at Cooper High School, which is located approximately five miles south of the Lubbock traffic circle on the Tahoka highway.

Kickoff is at 8 p.m.

Foundation Planning Field Day

Agricultural Research that is not used is wasted. Many times this is the case because farmers are not aware that certain research projects are being conducted.

The Annual Field Day and Open House of the High Plains Research Foundation at Halfway, scheduled for Thursday, Sept. 12, is held to give area people an opportunity to see what is being researched that may benefit their own farming operations or the agricultural economy in general.

Field tours are set to begin at 1:30 p.m.

A member of the scientific staff will conduct each tour and acquaint each group with most of the projects underway. One truck will depart each 20 minutes and the tour will last from 45 minutes to one hour. At the conclusion of each tour, a drawing will be held for a \$25 savings bond, courtesy of area banks.

An equipment exhibit and farm show will be set up for those who want to see the latest in farm equipment, agricultural chemicals, seeds, fertilizers, and other farm-related products.

Among specific projects to be seen on the tour will be a study on double-cropping with wheat and triticale followed by four other crops, including sunflowers. A study to determine the effects of herbicide-insecticide interactions on grain sorghum stands and yield has shown some startling results

and may be seen by Field Day visitors. These, along with tests on weed control, minimum-tillage, irrigation, new crops, variety testing, insect control, and many others, will highlight the tour.

Expenses for conducting the Field Day on Sept. 12 will be paid by the Plainview Co-op Compress, First National Bank, City National Bank, and Hale County State Bank, all of Plainview.

In matters of old business, councilmen will consider passing an ordinance adopting changes to the 1973 tax roll.

Now business matters are to include the consideration of the 1974 tax roll and an ordinance setting the tax levy; and the consideration of a lease agreement on 80 acres of Labor 11, League 658, State Capitol lands.

Bowling Leagues To Be Organized

Bowling leagues for this fall are now forming and persons interested are asked to attend organizational meetings tonight at Lamb Bowling Lanes.

Couples' "Hit and Miss" league will organize at 7 p.m. and the men's "Town N' Country" league will organize at 8 p.m.

FmHA Offers Emergency Livestock Credit Loans

Livestock producers caught in the pinch between rising costs and falling prices can now get credit assistance from the Farmers Home Administration (FmHA), a rural credit service of the U.S. Department of Agriculture, according to Dr. Wayne A. Hayenga, economist-agribusiness for the Texas Agricultural Extension Service.

FmHA now guarantees up to 80 percent of losses on loans made by private lending institutions to farmers and ranchers who breed, raise, fatten or market beef and dairy cattle, hogs,

sheep, goats, chickens and turkeys. A qualification is that a major portion of the borrower's income must come from farming or ranching operations, and a major portion of his time must be devoted to it.

In the case of corporations or partnerships, assistance can be extended only when major partners or stockholders are primarily engaged in the livestock enterprise.

County FmHA officers, serving the area where the livestock operations are conducted, will handle requests.

COTTER, 17, was critically injured at 10:20 Friday night while riding in a Dodge Super Bee II driven by Michael Dwain Robertson, 17, of Littlefield. The car was traveling east on 10th near Monticello when it began to slide onto the wrong side of the street and collided with a 1968 Dodge driven by Maria Laura Echevarria. The skid marks were approximately 224 feet long, with about 120 feet of them going sideways. Cotter was removed from intensive care at Methodist Hospital Tuesday and is now in a serious condition. To The EDITOR

August 21, 1974

Mr. Wade A. Warren
Publisher
Lamb County Leader-News
P. O. Box 72
Littlefield, Texas 79339

Dear Wade:

Just a note to thank you so very much for the nice coverage in your August 13th issue of the Lamb County Leader-News

in regards to my recent visit in that area.

I received a copy of the article from the Texas Press Association Clipping Service and I just want you to know how grateful I am for your friendship and interest in my race.

I hope to be back soon and look forward to visiting with you again.

Sincerely,

Bob Bullock

Dear Teacher...

(Note: This truly classic "American Way of Life" editorial was written by Joe Parham, editor of the Macon (Ga.) Evening News many years ago. We happily reprint it this year at the beginning of school for the simple beauty it expresses in the hopes and dreams of a Dad for his son.)

Well, this week we turn him over to you. For the next 12 years, in grammar and high school, you'll have him on your hands. Next to his Mother and I, you'll have more influence on his life than anyone else except the members of his immediate family.

He's such a little boy now. A pair of sturdy legs, tanned shoulders, bright eyes, a low head and an infectious grin. He's yours to mould, clay for your hands and mind to fashion as you will.

He's not afraid of anything. His mind is alert and quick to learn. His body healthy, his curiosity boundless and his stubbornness aggravating.

There's a lot you can do for him in the coming years. I hope you will.

Teach him to remain fearless. Never mention the word "fear" and perhaps he'll never know what it's like to be afraid. Respect for danger and caution and carefulness, yes, but not fear.

Cultivate that healthy curiosity he's blessed with. Let him ask a million and one questions, and you come up with a million and one answers and be waiting for the next. Keep alive always that spark of interest in the people and things around him and in himself. He'll never be bored or disillusioned or cynical if his curiosity's never satisfied.

Sure, you're going to have to spank that little caboose of his occasionally. We do ourselves. Teach him discipline and respect for authority and understanding of rules and regulations, but don't curb his spirit. Let him not become a regimented automaton who follows others, lockstep style, through life, never hunting a better or different way

of doing anything and always being content with the status quo.

Instill in him a sense of fair play and a deep admiration for justice. Let him not be the schoolyard bully, nor the schoolyard coward. Show him that it is one thing to stand up for his rights and quite another to attempt to depose the rights of others. Bred in to him a compassion for the weak and feeling of kindness for the oppressed.

He already knows love, and he knows God. The two are synonymous with him. Fan that glow! Breathe with understanding and love upon that ember so that it may become a strong enduring flame. Instruct him in the wonders of God's universe and the glory of God's works.

Teach him tolerance. Place no word or deed or malice of antagonism or hatred toward any of Heaven's children in that small heart. Let none of the venom of intolerance that any of us might feel spill upon and scar that clean soul of his.

Impress upon him the importance of cleanliness. Help him to keep clean his ideals, his mind, his body. Show him by example and illustration how strong is a clean life. Build within him a deep sense of honor and a knowledge that integrity is not merely a word, but a way of life. Teach him that it matters not what a man's reputation may be. A reputation is merely what the world thinks of a person. But tell him that it is character that really matters, for character is what God thinks of a person.

He'll be coming to your school and into your heart and your mind this week. Teach him all these things. Teach him well and when these things have begun to be learned—the arithmetic and the spelling and the reading and all the rest can be taught too.

Do a good job. Some day you may be as proud of him as I am right now.

Sincerely,
DAD

CLIPS & TIPS

By JOELLA LOVVORN

FOR SOMETHING just a little different, bake a pear pie.

Thicken the juices slightly with corn starch and top it with a crumb topping which includes chopped nuts and just enough ground ginger to add snap to the delicacy of the pear flavor.

PEAR PIE

- WITH GINGER TOPPING
- 1 unbaked 9-inch pastry shell
- 1 Bartlett pears
- 1 Tbsp. corn starch
- 1/8 tsp salt
- 1/4 tsp ground ginger
- 1/2 cup water
- 1/2 cup dark corn syrup
- 1/2 tsp grated lemon rind
- 1 tsp lemon juice
- 1 Tbsp. margarine
- 1 recipe Ginger Topping (below)

Preel and core pears; cut into thin slices. Mix together corn starch, salt and ginger; add water and stir until smooth. Add corn syrup, lemon rind, juice, margarine and pears.

Heat over low heat, stirring constantly, until mixture thickens and comes to a boil. Pour into pastry shell.

Top with ginger topping and bake in a 325 degrees F oven 15 minutes until lightly browned. Cool before serving. Makes 1 (9-inch) pie.

GINGER TOPPING: Mix together 1 cup sifted flour, 1/2 cup firmly packed brown sugar and 1/4 teaspoon ground ginger. Cut in 1/2 cup margarine until mixture resembles coarse crumbs. Add 1/2 cup chopped pecans, walnuts or almonds.

IT'S NOT TOO SOON to think fresh apples, thanks to the fact that the earliest of the season's good eating apples go to market in late August and early September.

Due to ideal weather conditions in the mountain orchards—cool nights and warm days, red and golden delicious apples are in the market now. Get your share for eating out of hand—juicy, fresh, great-tasting—and make a fine, old-fashioned Fresh Apple Scallop to surprise the folks for dessert tonight.

Other good ways to enjoy these early eating apples are in salads and in fresh fruit cups where their tangy crispness is a pleasant contrast to softer fruits. How long since you made fresh applesauce? It's worth a batch just to smell that fine fragrance in your kitchen. You can

have the first fresh apple pie of the season extra early too, now that North Carolina's apples are here. Everybody loves apples, so get your family's share.

FRESH APPLE SCALLOP

- 6 red delicious apples
- 1 Tbsp. fresh lemon juice
- 1/4 cup unsifted all-purpose flour
- 1 cup packed light brown sugar
- 1 tsp. nutmeg
- 1 tsp. cinnamon
- 1/2 cup butter or margarine
- 1/4 cup hot water

Preel, core and dice apples; sprinkle with lemon juice. In small bowl mix together flour, brown sugar, nutmeg and cinnamon. Cut in butter with pastry blender or 2 knives until mixture resembles coarse meal. Place 1/2 of apples in buttered 1 1/2-quart baking dish. Sprinkle with half of crumbs, cover with remaining sliced apples, pour hot water over all and sprinkle with remaining crumbs. Bake in 350 degrees F oven 1 1/2 hours. Makes: 6 to 8 servings.

PEACH PIE takes on good butterscotch flavor when brown sugar and corn syrup are the sweeteners. Thicken the juice delicately with corn starch.

DEEP DISH PEACH PIE

- 3 pounds peaches (12 medium)
- 1/2 cup firmly packed brown sugar
- 3 Tbsp. corn starch
- 1/4 tsp. salt
- 1/2 cup light corn syrup
- 4 Tbsp. margarine

Preel and slice peaches. Mix together sugar, corn starch and salt; stir in syrup. Lightly toss with peaches.

Turn into a (10x6x2-inch) baking dish or 1 1/2-quart casserole.

Dot with margarine. Prepare pastry topping by mixing together 1 1/3 cups flour and 1/8 teaspoon salt in mixing bowl. Using a pastry blender or two knives, cut in 1/2 cup margarine until fine crumbs form.

Sprinkle 2 tablespoons water over mixture, tossing to blend well. Press dough firmly into ball with hands. Roll out on lightly floured surface and trim to size 1/4 inch wider than top of baking dish on all sides. Cut slits to permit escape of steam during baking. Place dough over peaches letting it extend up sides of dish. Bake in a 425 degrees F oven about 40 minutes or until peaches are tender and crust is lightly browned. Makes 6 servings.

THE ABUNDANT LIFE

Make Amends

AT THE VERY BEST, all of us will experience some difficulties in maintaining pleasant, congenial relationships with other people; but this not necessarily discouraging.

In fact, most of these difficulties can be expected because of our humanity. After all, we are imperfect. This, however, does not release us from the responsibility of doing everything we can to get along with each other; and we must not let it lessen the desire to get along.

IF WE ARE WISE and honest, in seeking the best possible climate in which to interact with others; there will be times for "making amends".

This will be the way to repair most of the disruptions between us and others, when we are at fault. This is not always easy, but is easier for some persons than it is for others.

WE WOULD LIKE to be wise enough and careful enough to talk and act so all alienations could be avoided. Even though we can move in this direction, and get very close to this point; in our personal behavior; there will always be some difficulties in our relationships with others.

When these difficulties do occur, we can usually find some way to "make amends". We should, at least, try. Most fractures in desirable human relationships can be repaired.

WE MUST NOT ASSUME the attitude that it is not worth the effort to try to restore congenial associations. Although we may not always succeed, we should make a reasonable effort; when we have

cause, or had some part in breaking down.

The effort will not be in vain though we are not able to do it all and good will. We will be a little brighter in spirit for having tried.

OUR OVERTURE toward "amends" may be rebuffed, for a reason for not making them. Of course, such a rebuff is discouraging; but it must be thrown off these feelings as quickly as possible.

It helps us to remember that in such cases, there will be a delayed response. Regardless, our efforts to "make amends" are in order.

OUR FIRST CONCERN when we try to "make amends" is to be indicated and the just order. Yes, in some instances, the risk.

Some people may try to take advantage of us, because they consider our actions as a weakness. With such misadventure, the loss is very great. Never will have done our best to what could be a desirable situation.

WE MUST NEVER let pride get in the way, because this kind of pride is wholesome and undesirable. It must not permit anything to get in the way.

We must try to "make amends" in his is our responsibility. We should be pleasant and generous in response, when others are "making amends".

HONNY BRITS

By CORNBALL BLE

LOOKS LIKE OUR new president has pulled his hip-boots on and is wading right into the morass of the amnesty problem. I'm sorry to say, but I'm thinking that the pool is far deeper than he thinks. —Diving gear would be more like it.

Too many people are going to be determined to have their "pound of flesh" from these deserters, for the question to be settled in any light, "run of the mill" manner. Hatred and jealousy are ugly and frightful things. Yet these are going to have to be reckoned with, in dealing with the problem at hand.

THESE PEOPLE HAVE set themselves up as judge and jury in their decision to desert their country when

ago and moved to Newcastle.

Survivors include his wife, Virgie; his son, Dewey Wayne of El Paso; five brothers, Jack of Melrose, N.M., Wart of Amherst, Lester of Friona, Dutch of Stratford and Pete of Ashville, N.C.; four sisters, Mrs. Mutt Dutton of Friona, Carl Battles of House, N.M., Mrs. Tini Bridges of Gainesville and Mrs. Cecil Huddleston of Myra; and three grandchildren.

ROSS WILMETH

Funeral services for Ross Wilmeth, 69, of Fort Sumner, N.M. who died Thursday, Aug. 29, of injuries he sustained Aug. 1 in an automobile accident while visiting his brother in Guatemala City, Guatemala, Central America, were conducted in Fort Sumner, N.M. Monday, Sept. 2.

His brother, Jack Wilmeth, was killed in the accident.

Services were conducted in the First United Methodist Church in Fort Sumner, and Masonic graveside rites were conducted in the Fort Sumner Cemetery.

Wilmeth was a pork breeder.

Surviving are his wife, Lela; a son, James Henry Wilmeth of Alaska; two daughters, Lela Ione Kyle of Fort Sumner and Mary Washburn of Floyd, N.M.; several grandchildren; and five sisters, Ella Lee Moorman of Windsor, Calif., Mattie Bryan of Littlefield, Clara Newton of Amarillo, Jean Turner of Jacksonville, Tex., and Blanche Spurlock of Parkin, Ark.

ZONA WOODS

Services for Mrs. Zona Elizabeth Woods, 74, of Morton were conducted Tuesday morning in the First Baptist Church of Morton with Rev. A. R. Coleman and Rev. Paul McClung, pastor, officiating.

Burial was in Morton Cemetery under direction of Singleton Funeral Home.

Mrs. Woods died at 8 a.m. Sunday in University Hospital in Lubbock.

She was a native of Carlton. Survivors include her father, F. M. Roberson of Goldthwaite; two sisters, Nona Roberson of Bryan and Mrs. Lady Clara Phillips of Littlefield; four brothers, Otis and Eric, both of Goldthwaite, Earl of Plainview and Don of Odessa.

called upon to serve. Now they have been judged for their failure to forgive and restore citizenship in our time of same peace that many of us thought with their own lives.

We're told that "blind obedience" is a dangerous thing. It meant by that statement is we have the right to decide if we are right or wrong, and be ourselves accordingly. —Wouldn't you like to?

RIGHT OFF THE bat, I can do a dozen tax-laws that are wrong. I am concerned! I don't think insurance laws should apply. I'm sure I'm as safe a driver as any other, as the average Joe. fifty-five.—BOSH!

No, I'm resigned to the fact that to maintain by privilege a citizen, then, I'll have to be governed by laws. These laws are passed by the men we elect to charge of this business. If we have these laws, then we have the right to demand and show dissatisfaction. NOT the rebellion! As long as the laws they apply to me as well as to us, it's the only way Justice can be done.

THESE FELLOWS HAD the right of registering as "Conscientious Objectors". This means they served in non-combatant jobs. They would have been given a consolation, however, chose to leave the direct defiance of legal authority. In so doing, they gave comfort to the enemy, and shame of us who stayed to face our abilities.

One wonders if they will forgive us for our shame. Participation in this armed rebellion. Perhaps they wouldn't wait with us even if they are without penalty.

NO, I DO NOT defend our country. It was without my consent our country got entangled there. We did.

Whether I was willing or not, a participant right along with you who paid taxes and held a job. I disobeyed the laws of our country. I have expected to be punished. I don't know why others should be punished from the consequences of our crimes.

If these people want to be citizens of our country, let them back and pay proper penalties. That's the only way they can be regarded as full citizens. I work no other way!

Good luck, Mr. President!

The Seventh Annual Plainview Air Show will be held Sunday, Sept. 8, at the Hale County Airport in Plainview.

Gates will open at 12 noon and the show starts at 2 p.m. Admission charges are \$1. For adults and 50¢ for children under 12.

The two hour show is sponsored by the Plainview Kiwanis Club with proceeds going to the club's many civic projects.

Jim Franklin of Lovington, NM heads the list of aerial performers with two of the most dangerous events being performed in the U.S. today, the first motorcycle-plane transfer and a five foot inverted ribbon pickup.

Low level aerobatics and a wing-walking act will also be performed by Franklin and his troupe.

The inverted ribbon pickup will be done by flying his plane upside down over the runway at an altitude of five feet to snare a ribbon strung between two Coke bottles.

Other performances will include a cider demonstration, a hot air balloon demonstration, radio-control model airplanes, two skydiving exhibitions, and a high speed

jet aircraft demonstration. Many interesting aircraft will be on display, including

antique and experimental aircraft from a five-state area. Another large crowd of

several thousand people is expected for an afternoon of family entertainment.

LAMB COUNTY Sheriff's Posse participated in the grand entry for the 30th Annual Boys Ranch Rodeo at Boys Ranch Sunday and Monday. The rider in the immediate foreground carries the maroon and white Posse flag. More than 5,000 attended the rodeo Sunday and more than 3,000 braved the colder weather Monday. (Staff Photo)

SAFEGUARD HEARING

Care should be exercised, for example, when using noisy outdoor tools such as power lawnmowers and power saws to avoid prolonged or continuous exposure to excessive noise levels.
