

## COACH LAUDS CAT EFFORT

# Dunbar Speed Wins

It's a funny thing about Wildcats. You may run them ragged, and even skin them up a little. But you never really whip them. Littlefield's brand of Cats—and their new coaching staff—took a beating from the Dunbar Panthers here Friday night, 55-0, in the season opener for both elevens.

But, in the Wildcat dressing room afterwards, both the Littlefield team and Coach Deverelle Lewis still had fire in their eyes.

"You showed me something tonight," Lewis told a hushed, battle-weary team. "You've got what it takes!"

Lewis lauded the courage shown by his

Wildcats, and the fact they were hitting hard right to the final whistle.

"You keep hitting like you did tonight," he told the Wildcats, "and you'll win some ball games. I'm proud of you."

THE WILDCATS felt the same way, and they immediately let out with a roar: "Get Colorado City!"

It was a case of just too much size and speed as Dunbar scored in every quarter Friday night.

Lewis, talking with fans after the game, said Dunbar's speed was the biggest part of their ability to score heavily on the Wildcats.

Dunbar sprinter Milton Crittendon swept the ends three times to score, while Ernest Davis, a racehorse quarterback, added a pair of touchdowns.

IT WAS Ronald Kinner who got Dunbar rolling in the first quarter. The 190-pound tailback slanted off right tackle, then cut back, catching the Wildcats going the other way, and raced 73 yards to pay dirt.

Kinner got clear of Wildcats at about the Dunbar 35 and then outran pursuers

KICKOFF RETURN Specialist Wendell Horn (22) got into action aplenty Friday night, returning seven kicks for 128 yards, an 18.3 average. Here, he's belted by Dunbar's 190-pound Larry Wilson, after a 17-yard pick-up. The Panthers had too much speed and scored a 55-0 win.

## Hospital District Now Dissolved Officially

The long and controversial hassle over the Earth-Springlake Hospital District ended officially Monday when the Lamb County Commissioners' Court declared the district dissolved.

Before meeting with the commissioners, members of the Earth-Springlake Hospital District met in a specially called session according to terms set by the Legislature.

Kenneth Cowley, president of the hospital board, and Don Bryant, secretary, met with Lamb County commissioners in their regular monthly

session Monday asking the court to examine transactions complying with House Bill 20 making dissolution of the hospital district effective that day.

All commissioners voted yes in making the district null and void.

In other action, commissioners approved payment of county bills and accepted the reports of the county agent, county home demonstration agent, county treasurer, clerk and trapper.

The court approved borrowing \$15,000 from the Sudan National Bank for general operation expenses, and

authorized payment of \$34,750 to High Plains Pavers of Plainview for paving Ave. A and the county lot in precinct 1.

In a special session Friday afternoon, county commissioners approved a three-item agenda.

In the first order of business, the court approved publishing the 1970 budget.

Item two was approving the county tax roll for 1969, and the last decision concerned the approval of the Office of Economic Opportunity program.

## HOSPITAL FUND REACHES \$2,800

The Spies-Cristan Hospital has reached \$2,800, and donations are coming in at a faster pace", says Cliff chairman of the fund committee.

The intensive care alone is expensive, and more will be needed," he said. "We need Littlefield people will be to the aid of these boys in critical time, as they have in the past", he added.

Spies, 7, and Felipe, 9, were injured in a bicycle mishap in Laguna Aug. 30, during a bicycle demonstration. The bicycle careened into a ditch after the rider lost his balance and fell.

## Pick-Up Involves Injuries 3

Olton youths were injured Friday morning when the bus they were riding in collided with a patrolman Weldon Parson said. The Chevrolet bus, driven by Olton teacher Bill Jack Williams, was north on a dirt road six miles west and one-half mile west, going to pick up another passenger. The driver didn't yet see his feet on the road, he was going slow to stop.

Down the road two Latin children, Rosa and Cenon missed the bus. Juan Cano, brother of the two, was his 15-year-old sister and brother to catch the bus in a pick-up, when he rammed into the bus. The pick-up then fell off the bus into a utility pole, motor of the pick-up was driven into the cab of the vehicle.

Three of the Cano youths were at the Lubbock Methodist Hospital and are listed in critical condition. One was unconscious; all three had lacerations and cuts and bruises about the face.

Parents of the injured children and Mrs. Manuel Cano of Olton, who has 10 students in the bus, said the driver were injured.

Weldon Parson said persons need to be careful of school buses in the early morning and late afternoon, and be watchful when children are loading and unloading.

Volunteer firemen spend much of their free time attending meetings and helping with local and area emergencies. First and third Monday nights are regular

meeting nights, and second and fourth Monday nights are practice and training sessions.

An average minor city fire run requires 30 minutes to an hour. Grass fires are the most exasperating and time consuming. Small grass fires are often set by children just because watching something burn fascinates them. A big grass fire can take four or five hours to control, Graham said a grass fire at George White's Ranch was one of the worst they've put out, taking several hours.

The Littlefield Fire Department is often called to other towns to help. Armed with oxygen, firemen from Littlefield went to Plainview when a Negro church exploded trapping hundreds beneath the rubble. Local firemen helped when a tornado hit Hale Center and again at Earth this spring. Fire calls have been answered at Round-up, Muleshoe and Earth.

"There isn't any horseplay in serious situations," Graham said. "But sometimes someone gets wet down unintentionally. And there is always something going on at the meetings."

Calls and disasters are often lumped together. "Sometimes we may go two or three weeks without doing anything except attend meetings, Graham said. "Then maybe we'll be called out every day for a week." Graham said the volunteers dread the bad fires in wet weather, when hoses and pumps freeze up.

"But there is something about being a fireman that gets in your blood," he

## BEGINNING MONDAY

# It's Back-To-School For Moms And Dads

It's back-to-school time for Littlefield parents.

Primary-Elementary and Junior-Senior High PT groups announce the annual Back-To-School Night for parents will be held this week.

Events begin tomorrow night, Monday, Sept. 15, at Littlefield Junior High School at 7:00 in first period rooms. Be on time, because Principal Tommy Brawley intends to ring a tardy bell. After going through a day's schedule, parents will go to the library at 8:30 p.m. for a brief business meeting and hospitality time.

Tuesday, parents of high school and primary students will have an opportunity to go through their children's daily schedule. Back-to-school night at primary will be from 7-9 p.m. and school starts at 7 p.m. for parents of high school students, also. At 8:30 everyone is invited to join the Quarterback Club in the senior high lunch room for a special Ladies' Night session.

Thursday, Sept. 18, parents of Elementary I students will have their back-to-school meeting from 7 to 9 p.m.

The back-to-school session for Elementary II parents will be next Tuesday, Sept. 23 from 7-9 p.m.

Assistance in directing parents to their

children's rooms will be provided in all the schools.

All parents are urged to attend, meet their children's teachers and get a brief resume of the year's work.

### Band Boosters Begin Drive

The Annual Band Boosters membership drive is now underway.

According to Philip J. Berry, president of the Littlefield Band Boosters Club, tickets may be purchased from Mrs. Mary Zoe Cowan or at the desk during "Back-To-School" nights this week, and during this year's first Band Booster meeting, Monday, Sept. 22.

Persons interested in membership may call Mrs. Cowan at 385-3503 and make arrangements for getting a ticket.

A Band Booster membership ticket entitles the holder to free admission to the three band concerts which will be presented during the year.

"The purpose of the Band Boosters organization is to raise funds through various projects during the school year, which are used to sustain and enhance the school band program in Littlefield," Berry said.

"In the past few years, Band Booster funds have gone toward purchase of uniforms, purchase of instruments and accessories, travel expenses for band trips, and for outstanding band members to attend the state music festival," Berry concluded.

### Armyworms March On City Lawns

Littlefield residents are among those in several towns on the High Plains who have been reporting armyworms "marching in troops" over their lawns the past several days.

The worms have been noticed in certain crops throughout the area too, according to Buddy Logsdon, Lamb County Agricultural Agent.

Most of the worms involved are the fall armyworm or the true armyworm, which are similar in appearance and habits. They attack small grains, grain sorghum, corn, grasses and other such crops.

There may be several generations each year, with the larval stage running from 10 to 25 days. The larvae measure from 1 to 1½ inches in length and are the destructive stage of the insect.

When the larvae have fed well and are mature, they fall to the ground and bury, where they pupate, Logsdon said.

The adult female emerges from the pupae as a butterfly usually within two weeks, depending on the temperature. The adult female generally flies some distance before laying about a thousand eggs.

According to a release from the Agricultural Extension Service of Texas A&M, full grown fall armyworm larvae

### Miss Grace, Mr. Brantley Exchange Marriage Vows

ANTON—Judy Kay Grace and Gary Douglas Brantley exchanged double ring wedding vows in the First Baptist Church in Anton at 8 p.m. Sept. 13.

Rev. D. J. Peters, pastor of the church, officiated.

Parents of the couple are Mr. and Mrs. Richard Grace of Anton and Mr. and Mrs. Melton Brantley of Blum.

The ceremony was performed before an archway of greenery dotted with white daisies flanked on each side with candelabras with blue candles and greenery. There were arrangements of white daisies and blue candles in the windows.

Marvin Stephens of Abernathy played traditional organ wedding selections.

The bride, presented in marriage by her father, wore a formal-length gown of hand clipped Chantilly lace fashioned with a scalloped Sabrina neckline, with long pedal point lace sleeves. A bow accented the empire waistline. The lace cage had a scalloped hemline. The wateau cage back extended into a chapel-length train. The lace cage was worn over a fitted sheath of peau de soie. A forward cluster of lace petals edged in pearls held a veil of imported silk illusion. The bride carried a beaded white satin lace covered Bible, topped with white daisies and centered with a white orchid, accented with touches of blue.

For something old the bride wore an heirloom ring, which belonged to her great-grandmother. Something new was the wedding gown, something borrowed was a handkerchief belonging to her grandmother, Mrs. J. C. Grace.

Something blue was a blue garter and the traditional birthdate penny was worn in her shoe.

Mrs. Reginal Stephens of Anton served her sister as matron of honor.

Miss Rita Monroe of Anton was maid of honor, and Miss James Grace of Fort Worth, sister-in-law of the bride, was matron of honor.

The attendants wore identical formal-length gowns of blue peau de soie fashioned with empire waistlines accented with blue velvet ribbon and mira mist train.

The attendants' headpieces were fashioned of blue velvet ribbon bows and illusion and they carried tapers of white daisies with touches of blue.

Flower girls were Diane Woods of Hurst, niece of the groom, and Lori Stephens of Anton, niece of the bride.

They wore empire dresses of blue peau de soie with bell sleeves.

Ringbearers were Zane Stephens and Melodi Stephens of Anton, nephew and niece of the bride.

Candlelighters were Sherry Woods and Robert Woods, niece and nephew of the groom from Hurst.

Best man was Charles Moore of Covington. Groomsman were James Gilliam of Irving, brother-in-law of the groom, and Robert Woods, brother-in-law of the groom from Hurst.

Seating the guests were Larry McGill of Hurst and James Meyers of San Angelo.

For her daughter's wedding, Mrs. Grace wore a three-piece gold knit suit, matching

accessories and a white carnation corsage.

The groom's mother was attired in a pink crepe dress with matching accessories, and a white carnation corsage.

Following the ceremony Mrs. C. Casey of Kermit hosted a reception in Fellowship Hall. Rita Pritchard registered the guests.

Guests were served the four-tiered wedding cake that was topped with love birds, from a table covered with a white satin cloth under nylon illusion edged in lace. The table was centered with a blue floral arrangement in a crystal cupid stand flanked on each side with blue candles. China and crystal appointments completed the table decor.

Mrs. Kathy Ware and Miss Ricki Herrin presided at the refreshment table.

For a honeymoon trip to Galveston, the bride chose a grey two-piece knit suit with magenta trim and grey accessories. Mrs. Brantley is a 1969 graduate of Anton High School.

The groom is a graduate of Blum High School and attended Hills Junior College at Hillsboro, and North Texas State University at Denton. He is presently employed by a Fort Worth firm. The couple will make their home in Hurst.

MOON BRIEFING—As he nears observance of his 94th birthday on Tuesday, Sept. 16, James Cash Penney, founder of the department store chain bearing his name, stays young by maintaining a strong interest in the world around him. While visiting an exhibit on the Apollo program presented by Life Magazine and NASA, he inspects a mock-up of the LM, or Lunar Module.

### James Cash Penney's Life Spans Moon-Watching To Moon-Walking

When James Cash Penney was a youth, the moon was an object of speculation—and also a major requisite for a romantic setting, just as it is today.

Few people then thought man one day would walk on the moon despite the fact that the moon and imaginary flights to it have figured in literature for nearly 2,000 years.

Yet, as Mr. Penney nears his 94th birthday on Tuesday, Sept. 16, the department store chain founder has witnessed another scientific and technological feat one of a seemingly unending number during his lifetime.

Now that man has walked on the moon, he is anxious to see what the next breakthrough will be. "Perhaps men will confound the pessimists and learn to get

along with one another," he muses.

Asked how he feels at this juncture, the nonagenarian says, "I'm glad to be almost 94. When I consider the alternative, I feel especially great."

As usual, Mr. Penney's birthday will be widely celebrated throughout the chain which bears his name. Armon Perrin, manager of the Penney store here, said an appropriate observance is planned.

Mr. Penney never gets bored, because he's interested in things going on around him. Although he no longer is involved with direct management of the firm he founded back in 1902, he continues to serve as a director and follows all phases of the company's activities.

## What The Leader-News Thinks

### What Do They Like?

What do newspaper readers like to read? The following, entitled "What Does a Reader Want Most to See in a Newspaper?" came from the Worcester, Massachusetts Telegram and Gazette.

1. My name. 2. A front page article showing how crooked the city government is most of the time. 3. My wife's name. 4. A feature article showing 25 ways on how to cheat on income tax forms. 5. My kid's names. 6. A local news item about the affair my neighbor is having. 7. A classified offering a new home for sale for \$4,000. 8. Less news about lawbreakers. 9. I was picked up last night and I should not have to pay a fine. 10. An editorial condemning high school teachers for being too liberal with "F's". 11. A wedding picture of the groom instead of the bride when he is more handsome than she is pretty. 12. A sports picture of me

when I bowled 183. 13. More advertisements in items that the merchants are giving away. 14. A front page picture of my neighbor being hauled out of the bar by his wife. 15. A front page spread about the deadbeat who live across the street from me who just had his car repossessed. 16. Forget the last one. I just got word from the finance company that they're coming after my car. 17. More letters to the editor naming the crooks we have in town. 18. A full page of local news, a page of national news, several pages of sports and comics, one page of divorces, and three pages on all the domestic troubles we are having in town. 19. Less stuff about how cute everybody else's kids are. My kids are better looking than those you rave about. 20. A complete biographical sketch about the "most important citizen in town," and be sure you spell my name right.

### THE FARMER'S WIFE Big City Banks

By LIBBY MUDGETT

THERE'S NOTHING like a small town bank.

Even when they're mad at you, they're better than a big city bank that isn't.

Now if you want to be judged strictly by the money you have on you instead of by the money you owe, go to a city bank.

Then you'll be glad that you owe a small town bank.

I WENT INTO this city bank to open an account for a little spending money for a dependent. The sign on the outside said that this particular bank was FRIENDLY.

I stood in the middle of the lobby wondering what to do next, my only experience with banks being small town ones.

People rushed everywhere. Everybody was busy. Nobody said nothing.

FINALLY, I wondered aloud at the top of my lungs where in thunder was I supposed to go to open an account.

That made everybody FRIENDLY. Very.

A very friendly man with a very friendly smile, a friendly diamond searchlight on his finger, and a Botany 500 suit on his skinny friendly frame, ushered me into his friendly carpeted office and pulled up a friendly upholstered chair for me.

I RESTATED my intentions, he got even friendlier and filled out a form of some kind in a friendly manner.

I laid a ten dollar bill on his desk.

He gave a friendly laugh and said oh no, there was no charge for opening an account in this friendly city bank.

I asked what did he mean charge, that was the account.

THAT'S WHEN things got UNFRIENDLY.

His friendly smile turned into a sour expression and he said that wouldn't even cover the overdraft charges.

I asked him how come he thought there would be any of those.

He said with no more spending

money than THAT, there was bound to be.

I DECIDED he had a point there and put another ten on his desk.

He said well, at least maybe that would pay for the dependant's name to be printed on their checks, but it wasn't about to pay for even the bookkeeping expenses.

I dug into my purse and came up with another ten, grumbling about how many hours of thinking and typing that represented.

HE SAID if we kept on like that, ten at a time, we might eventually get up to where it didn't cost the bank to handle this account.

That rankled, so I pulled out another ten, threw it on his desk and asked where was my gift.

His unfriendly expression was replaced by a truly shocked one as he asked what gift.

I TOLD HIM not to kid me, I watched television and people opening accounts in city banks always got a gift.

He said I must be thinking of savings and loans.

I told him he'd just gotten my savings and I wanted a gift.

I threw down my last ten and he said he'd see what he could do.

He left and came back with a deposit book, checks, slips of all kinds and other assorted junk. No gift.

I REMARKED that the ads I saw on TV said most banks gave china, real china, sometimes silver, at least a pencil and pen set.

He opened a drawer in his desk, took out a pill, popped it into his mouth, and left the room again.

When he came back he gave me a book of matches, the outside cover of which kept repeating how FRIENDLY that bank was.

I STOOD UP to leave and said gee thanks.

He said I was welcome.

I asked where did I go to see about a loan, I was going to have to float one in order to get back home.

He turned psychodelic green, snatched the book of matches out of my hand, took another pill, said to sit down and we'd start all over.

See what I mean about those city banks?

## THE ABUNDANT LIFE

### The Individual

By BOB WEAR

LET US RESCUE the individual, and push the masses of people into the background for a few minutes. In all of the wasteful and sometimes frightening turmoil of our times, something is being overlooked; and it vitally concerns the individual.

WHEN THE INDIVIDUAL could be, and would like to be contented and at peace in his personal living, he is caught up in one big mess of discontentment and strife.

This is not his choice, but he seems to think that he is helpless to be otherwise. None of us, however, are helpless unless we want to be.

There are some (too many) malcontents: infantile, un-disciplined, non-descript troublemakers who do not intend for anybody to be contented or at peace. The tragedy is in the fact that they are being so damnably successful. Something very bad is happening to the whole concept of the good life.

Then, there are some segments of the commercial world with the constant, widespread and well-financed programs designed to keep people forever discontented. Let it be so, but the individual has the power to protect himself in every necessary way.

WHY NOT TURN A DEAF EAR to the constant chatter of unrest and unhappiness. The individual is not obligated to give heed to, nor to be caught up in this artificial world of discontentment, disappointment and frustration. There is something better.

IT IS DIVINE WISDOM which tells us, "Godliness with contentment is great gain, for we brought nothing into this world, and it is certain we can carry nothing out. And having food and clothing (supply of needs in general) let us be therewith content."

This has to be individual, or not at all.

GOOD ADVICE: "Let your manner of life be without covetousness; and be content with such things as you have, for he has said, I (God) will never leave thee, nor forsake thee."

Covetousness is now a conflagration that threatens the general well-being. No one has to join the miserable, hopeless, never-to-be-satisfied, greedy crowd.

HERE IS THE ULTIMATE in individualism. "I have learned, in whatever state I am, therewith to be content."

This kind of individualism will provide the social climate in which there will be far more person to person help and encouragement.

It is better, in all ways, for all persons than the wasteful, destructive, current convulsions of human society.

THIS WHOLESOME INDIVIDUALISM does not require an anti-social posture. In fact, this type person will be among the most useful members of society.

This will be a life lived by wisely chosen and well-established convictions in a framework of enlightenment.

THIS KIND OF INDIVIDUALISM enables persons to live their lives with meaning, purpose and usefulness; but each one lives his life.

The individual is not a slave to the lost, confused and noisy crowd.

THIS INDIVIDUALISM is not a resignation from the human race, or a withdrawal from life.

It is the kind of personal behavior that offers hope for all.

People are not cattle to be maneuvered, manipulated and herded together into a state of anonymity.

IT ALL DEPENDS upon what the individual wants to do. He cannot control the world, but he can be "the captain of his own soul, and master of his own destiny."

## THE PHILOSOPHER

### Vietnam War

(Editor's note: The Sandhills Philosopher on his Johnson grass farm gets into foreign affairs this week, with what luck, it's hard to say.)

Dear editor: A man said to me the other day, "You've written to The Leader-News about nearly everything else, why don't you give us your views on the Vietnam war?"

I have thought this over and will say that just as soon as I find something out about the Vietnam war, I'll report it.

The trouble with most leaders, regardless of what party they belong to, is that they know too much geography. If it had been left up to me we'd never have had a war in Vietnam as I didn't know the place existed.

Of course the best place to hold a war is on the moon, on account of when you got through you couldn't tell there'd been one as the place is in pretty bad shape to start with.

Now what this man wanted me to say is how we can end the thing in Vietnam, but he has come to the wrong source. I don't even know

how it got started.

Some authorities say we can't win and can't afford to lose, although surely some income tax lawyer could find a loop hole in that.

In regard to not winning, other authorities say it would be sort of a satisfactory victory or settlement, but I have thought this over and have figured maybe we and the world both could pull through.

I mean, we whipped England twice and she recovered face pretty fast. France got whipped in World War II, Japan likewise, Germany too, Spain in the Spanish-American War, even the South in the Civil War, but all of them are still around.

As for me, I'd hate to count the times I've lost in the fight between me and this Johnson grass farm.

You reckon the U. S. will eventually have to find out that a crop failure is not always disastrous?

Anyway, whatever thoughts I've expressed here, I want you to know I don't have too much confidence in them, which I suppose puts me almost in the class with the experts.

Yours faithfully,  
J. A.

## Cotton Businessmen To Elect Director

Lamb County cotton producers and cotton-related businessmen will elect a businessman director to Plains Cotton Growers, Inc., for the coming two-year period Tuesday, Sept. 23 at 7:30 a.m. at the Crescent House Restaurant in Littlefield.

Breakfast will be served. Announcement of the election meeting came jointly from Lamb County's two current PCG directors, Paul Bennett, businessman from Amherst, and J. D. Smith, producer from Littlefield.

Both farmers and businessmen participate in the election of all directors. PCG has two directors from each county, one a businessman and the other a cotton producer. Businessmen directors are elected on odd numbered years and producer directors on even years, each for a two year term.

Bennett and Smith said the meeting would feature a discussion, led by PCG staff members, of the current legislative situation as it relates to cotton, PCG's part in that legislation, and other PCG activities on behalf of High Plains cotton people.

Dear Miss Lovorn:

We were so pleased to learn that you had attended one of the performances of the rodeo this year because of all the rodeos the boys have been putting on over the past 25 years, this was probably the most successful of all, with nearly 10,000 people attending the two performances.

We want to thank you for helping the boys with their advanced publicity and for calling our attention to the personnel change of the Leader-News. We have corrected our files accordingly.

DIRTY MOVIES, magazines and books now gross more than \$2 billion a year.

Pornography is a bigger business than the "legitimate" movie industry.

I am going to use the word "pornography" even though the U. S. Supreme Court cannot define it because you and I know what it is whether they do or not.

YOU AND I GREW UP with an instinct or a conscience or something telling us what's "dirty" and what's "decent" and we must have been right because there was less crime, less illegitimacy, less venereal disease, less drug addiction, fewer abortions, fewer smashed marriages and less prostitution in junior high school.

How much syphilis can be blamed on permissive parents, submissive educators, compromising clergys and/or laws, none can say. Yet FBI Director J. Edgar Hoover affirms that in the possession of almost every sex criminal apprehended is found a quantity of lurid literature.

LEWDY NUDIE MOVIES have become big business. It's not just on Broadway that they are now staging the sex act; these skin-flicks are showing in downtown Dallas. It's the hungry theater owners' answer to TV.

Some states, including New Mexico and Oklahoma, hoping to attract "the motion picture industry" have offered tax and other advantages to producers of exploitation films.

OFTEN THE PUBLICITY for these low-budget quickies includes more sex, horror and violence than the content of the films themselves, but many foreign and domestic are what we used to call "stag movies" which, I am sure, it is unnecessary for me further to define.

vary in color from light tan or green to nearly black. They have three yellowish-white hair lines down the back from head to tail. On the side next to the yellow lines is a wider dark stripe spotted with red. A prominent white inverted Y is on the front of the head.

Large numbers of fall armyworms can destroy entire fields or lawns and then often invade adjoining areas. Buildups are heaviest after cool, wet weather.

However, when host plants are limited by dry weather, fall armyworms may be found in large numbers in grain sorghum or small grain fields.

Areas that have been irrigated or that are in a lush green growing condition are especially vulnerable to infestation, according to the A&M release.

Armyworms receive their common name by their habit of moving in large numbers in search of more favorable feeding conditions. These larvae can often be seen crawling across turnrows and irrigation ditches.

A generation is possible this time of the year, but oncoming cool weather, especially in the northern counties, will reduce the chance for future adult development. Armyworm problems will disappear almost completely as we get into the late fall season.

Cultural control by shallow cultivation is effective when the larvae have become

full grown and have entered the inches to pupate.

Insecticidal control of fall armyworm is accomplished most effectively larvae are small.

# WORSHIP IN CHURCH

and get a spiritual lift for the whole week

## "TAKE my HAND"

"Take My Hand, Daddy!" has been the age-old cry of children the world over. They were looking for security and protection. Somehow that big hand around their small one gave a thousand times more reassurance than all the words in the world could give.

Yes, the outstretched hand from child to dad is a simple gesture of surrender meaning, "I am giving my life to you because I trust you and know you will protect me." From Dad to child, it is a gesture of love which means, "I am here and will shield you."

Just hold on tight!

Unfortunately, children grow up and no longer need the outstretched hand. But no one grows so big that they no longer need the nail-scarred hand. When the outstretched hand is the nail-scarred hand we should never let it go. It is the best kind of security

... the divine security, born out of perfect love.

We may no longer need to say, "Take My Hand Daddy," but we will always need to say, "Take My Hand, Father."

### You In The Church

#### The Church In You

— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

## Fact Or Fiction?

JAMES W. SMITH  
Spade Methodist Church

THE WORD for the day seems to be "RENEWAL."

The church, facing the crisis of the modern day and its scientifically orientated people, is taking action to up-date her program to thwart the growing secularization of man, even though man himself seems to be unaware of the secularizing process.

But many times one is prone to wonder if the up-dating action is successfully turning the tide in the life of the man in the local church pew.

Is renewal, in reality, a fact, or merely more fiction?

ALL TOO OFTEN, for the man in the pew the word "RENEWAL" has come to mean only the urgent need for social action and involvement against discrimination across racial barriers and ethnic groups.

The equalization of a man's right to work and live free from discrimination is important, but is the church no more than a first-aid station for society?

Jesus taught that the duty of discipleship was to feed and to clothe, to give shelter and to visit, and that "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me." (Matt. 25:40).

Perhaps the church has been remiss in taking these responsibilities seriously, but the fact remains, can "RENEWAL" come to man's actions without first touching his heart?

CLOTHING AND FEEDING, sheltering and visiting was the work and duty of disciples. Can a man who is not a disciple be expected to do the work Jesus committed to those who followed Him?

Jesus, speaking to His disciples said, "If any man will come after me, let him deny himself, take up his cross, and follow me." (Matt. 16:24). The words imply something about the nature of becoming disciples.

Jesus always gave a choice. He always left the decision of commitment up to the person to whom He was speaking.

Today, He leaves the same choice to be made by every person who claims His name as Christian. "If?"

WHAT ABOUT THE "IF" in today's Christians? Dr. E. Stanley Jones, world missionary, evangelist, and author of 27 books, stated that probably two-thirds of the membership of our churches know nothing of a personal religious conversion.

If this be the case, and our attendance records would indicate the figure of two-thirds

in a fair assumption, where is the real "RENEWAL?"

Without question, though our efforts are being made outwardly, our needs are inwardly.

Real RENEWAL begins by touching hearts with transforming power. Therefore, the real question is, do we really want RENEWAL? Jesus left the decision on an individual basis.

WHAT ABOUT THE "IF" in Jesus' words?

Perhaps a great Christian layman interpreted it rightly for us when he said, "God is more through the life of one man who is committed to the Lord Jesus Christ than can through the lives of 10 men who are 90% committed."

Mathematically it doesn't add up. In God's economy it seems to be a fact that the church is suffering today because the people are only 90% committed to Christ in their daily lives.

The "If" has never been totally reached in their lives, and consequently, they have denied self, taken up their crosses, or begun to follow.

This being the condition, they must look inwardly at their own hearts, realizing RENEWAL only begins when they resolve any reservations in their relationship with God, and totally surrender their complete allegiance to be disciples of Christ.

TODAY, THOUSANDS of men and women are finding RENEWAL to be a fact in their daily lives, and for the first time, they are expressing their experience as they share with other men and women.

Jesus awakened a totally new area of men, not only during His days on earth, even for men today. Many people may find that new life. They may sit in church week after week, but never experience RENEWAL. Why?

THEY WORK OUTWARDLY and are looking inwardly.

The heart must be 100 per cent committed before one can feel and see the transforming power of God at work in them. The last cent must be surrendered before Christ can move into the heart.

The promise of RENEWAL in your life has been given by Christ. Only you can make it a fact through resolving the "IF" in your relationship with Him. Will you be calling?

### Linda Walker Among Teachers

Linda Walker of Littlefield is among 18 Texas Lutheran College education students who began their practice teaching in public schools Monday.

She is teaching art in Seguin High School, and is one of seven secondary education students in the high school program.

Overall direction comes from Superintendent Jim Barnes, and coordinator of curriculum and instruction for the Seguin schools is Jack Gingham.

Her cooperating teacher is Mrs. Zimmerman.

Other students in the Seguin college will be teaching in Seguin High School, Ball Junior High School, Randolph Field High School and Garner Junior High in Northeast Independent School District of San Antonio.

### Son And Family Visit Sprayberrys

Lt. Col. and Mrs. H. O. Spraberry, Sylvia, Suzan and James left this week for their home in Omaha, Neb., after a 10-day visit with the Hub Sprayberrys in Dimmitt and the Clarence Billings of Lubbock, Sylvia remained at Texas Tech as a Freshman.

Mr. and Mrs. E. J. Smight and daughter and her son, Chris Griffith, were at the Sprayberrys while the Hubert Spraberrys were there. Mrs. Smith is the Sprayberry's daughter.

**RULES  
OF THE CONTEST**

All you have to do to be eligible for weekly cash prizes is complete the form below and turn it in to the Leader News office. In each merchant's block is a game. Mark out the team in all blocks you believe will lose. Then in the "Breaker" box, put the scores you believe each of the teams will make. The judging will be based on the total number guessed correctly. In case of a tie, tie-breaker will be used to determine top winners. Decision of the Leader News scoring judges will be final.

To be eligible for the 2 free tickets to New Year's Game at the COTTON BOWL, the total number of correct guesses will be totaled through the 12-week season.

Entry forms must be in the Leader News office, 313 West 4th Street, no later than 5 p.m. Friday. Forms mailed to Leader-News, P. O. Box 72, must be postmarked Friday. All late entries will be voided by the judges.

LIMIT—One entry per contestant per week.

MR. AND MRS. Vernest Salley and Jeff Webb of Littlefield and Mrs. Thelma Raugat and Sharon of Tulia visited Saturday with Mr. and Mrs. Allen Yoakum.

### SHRINKING

The borders of Texas are shrinking every day—in time that is. When the Interstate Highway system is completed in the mid-70s, it will require almost a day less time to cross the State from Texarkana to El Paso or from the Panhandle to the Rio Grande Valley.

DUNBAR'S CRITTENDON cuts back for yardage against the Wildcats, in photo at right. William Meridith (33) is about to take two Cats, Ralph Funk and Steve Owens, out of play. In other photo, Funk is downed by Dunbar's Jimmy McGrew.

Continued from Page 1

all the way to the southeast corner. It was 7-0 after R. B. Young kicked the extra with 5:54 left in the first period.

After a pair of QB Charlie Holt's passes failed, Randy Mitchell boosted 38 yards to the Dunbar 30, and Dunbar launched a scoring drive that took nine plays.

The big one was a 53-yard run by Kinner to the Wildcat seven. A couple of plays later, FB William Meridith, a 205-pounder, crashed over from the two. Young again kicked point and it was 14-0 with 1:19 left in the first period.

The Wildcats picked up their initial first down on a 15-yard penalty which put the Cats in business at their 44.

Holt got Littlefield a first down at the Dunbar 44 four plays later, when a fourth-and-inches gamble became a two-year quarterback sneak.

But on the next play the Panthers intercepted Holt's passing attempt, spoiling the Cats' first venture into Pantherland.

Dunbar drove quickly, with Meridith getting 31 off left tackle to the Littlefield 18. The big full back lashed again to the 5-yard line, but Dunbar drew 15 yards of its 130 for the night when Guard George Thomas got a little too extra-curricular with his activities.

A moment later, Linebacker Eddie Hickman crashed through to nail Davis for a six-yard loss, and the Wildcats escaped the Dunbar scoring thrust when Young's field goal try failed.

After the Wildcats failed to gain, the Panthers broke through to block Mitchell's punt at 5:55 of the second quarter. Officials first ruled a Dunbar TD, but Lewis appealed and an officials' meeting at the goal changed the score to a safety.

The ball had been touched by Panthers in the end zone, but none had possession as it bounced out the end of the field. The score made it 16-0.

After the Wildcats' free kick, Dunbar drove 50 yards in six plays, with QB Glen Davis tallying from 17 yards out.

Davis, back to pass, evaded a lunging effort by the Cats' Monte Trotter and burst down the right side to the goal line, where Randy Mitchell cracked him hard, but too late to save the TD. Young's kick made it 23-0 with 3:52 left in the half.

Littlefield couldn't gain and Dunbar drove to score again.

Later in the fourth, Levelland's Ed Washington plunged for one yard to pay dirt to make it 19-7.

Barry Cowart and Gary Durham stood out both offensively and defensively for the Mustangs, who journey to Canyon next week.

Anton Bulldogs opened their season on a losing note on their home field when the Wilson Mustangs trounced them 14-0 on a wet home field.

John Cantu was the Anton standout as fullback and linebacker.

Mustang halfback Woody Follie scored from nine yards out after a 63-yard drive in the opening quarter. The conversion attempt failed.

Wilson's Steven Brier scored from three yards away with only 36 seconds left in the second quarter.

Quarterback John Fiels ran the PAT.

Anton came back after halftime and held the Mustangs but failed to cross the goal line.

Bula backs showed the stuff they're made of when sophomore quarterback Ron Risinger scored on a 5-yard run in the third period, Bula's second TD came when Risinger passed to halfback Tom Newton for another six and then added the two point conversion.

Rick Hendley and Charles Billeck got first-quarter TDs for Gail, and Harding added two points for a 20-0 second period score. Gail's Hendly came back after the half to score again and add a two-pointer, and Harding scored twice in the fourth.

Springlake Earth's Wolverines rolled to a 29-0 victory at New Deal Friday night, with Tony Barton and Terry Bridge scoring a pair of touchdowns apiece.

Barton, a tailback, raced 23 yards to a score and nine years for another tally early in the game.

Bridge, the fullback, drove six yards for a score and it was 22-0 at the end of the first period.

Bridge kicked the point after on the first and third TD's and Barton ran for two on the middle one.

In the fourth quarter, QB Hoyt Glasscock passed 29 yards to Bridge, who also kicked the point to make it 29-0.

Springlake-Earth's Willie Wilborn was a standout defensively, intercepting three New Deal passes.

Surviving are a son, William Buck of Langhorne, Pa.; two daughters, Mrs. Mary Tollett of Sudan and Mrs. Hannah Koolman of San Pedro, Calif.; a sister, Mrs. Ester James of Sudan; 15 grandchildren and 26 great-grandchildren.

Funeral services for Mrs. Mary Edna Buck, 90, a former resident of Sudan who died early Wednesday morning in Littlefield Hospital House following a lengthy illness, were conducted Thursday afternoon in Sudan's First United Methodist Church.

Rev. Aubrey White, pastor of the Sudan Church, officiated.

Graveside rites were held Friday afternoon in Hagerman, N. M., with Hammons Funeral Home of Littlefield in charge of arrangements.

Mrs. Buck came to Littlefield two years ago from Sudan, and was a retired newspaper correspondent and school teacher.

with just three seconds left in the half.

Big play was a diving catch by WB Edwin Toines of a beautiful spiral that covered 30 yards.

Two big defensive plays by Charles Carter and Brad Nace stilled the Dunbar attack, but from the Wildcat 35 QB E. Davis screen passed to Kinner to the Cats 10. The officials tacked on five more to the five-yard stripe when one ruled that Holt hit too late on the tackle.

Crittendon raced around left end for the tally, and Ernie Davis hit the same spot for two extras to make it 31-0 at the half.

The Wildcats got things going in the third quarter, with Mitchell, Danny Estrada, Steve Owens and Jerrel Haberer getting in some fine defensive ticks to stop one Dunbar drive at the Wildcat 38.

Midway in the third quarter, however, Dunbar got a 39-yard run from Meridith, and the Wildcats gave them 15 on a penalty to keep the Panthers up at the Wildcat 5-yard line.

Crittendon again swept left end for the score to make it 37-0 with 5:16 left in the third quarter.

The Cats then put on their best drive of the night, rolling for three first downs 54 yards to the Dunbar 29. Soph. Ralph Funk carried three times for 22 yards and Holt raced for 22 on one try to spark the attack.

Once inside the Dunbar 30, however, the Cats ran into stiff opposition, and the key play saw 200-pound guard John Mayse pull Funk down by the back of the neck when it seemed Funk might break for good yardage.

Holt's fourth-down screen

Despite the score, Littlefield had several bright spots. One was the fact that the Wildcat was serving up touchdowns although several were up and put in sideways.

Another was the fact that Horn, who took two interceptions for 12.3 average.

And the Cats got showing from some of their younger boys, sophomores Estrada, Chuck Blevins, Brad Pratt.

Little Larry, 145-pound new arrival accounted well for poundage, and the forwards made Dunbar what the Panthers got the line.

Gage made an end zone from the 30 to the Graham took the ball one yard line on a punt option.

Klondike scored Tommy Estes ran for an end sweep early third quarter.

Coach Kirby White the efforts of the staff and the outstanding efforts of Gage, Lloyd Rodgers and Loyd.

never relinquished. McMeans roared to pass 90 yard dash in the quarter and Beauchamp again with a 15-yard run.

Neither term scored third, but Amherst's came back for another the fourth putting the within reach of victory McMeans came on stage a 6-yard run.

The Sudan Hornets got sweet revenge for their upset 15-14 loss to Sundown last year, rolling to a 20-0 victory over the Roughnecks at Sundown Friday night.

The Hornets, 1968 Class A quarterfinalists, rolled up 20 first downs to Sundown's 10 in outclassing the 'Necks.

It was the running of Larry Hanna, fullback, and Jerry Bellar, halfback, which put the Hornets on the board.

Hanna ran three yards and 17 yards for scores and Bellar dove two yards for the other. Bellar kicked the point after the final two TD's.

After Sudan tallied in the first period and again in the third, Sundown put on a mild threat when it moved to the Hornet 20. But the Hornets iced the game in the fourth on Bellar's TD and some fine defensive play.

The Hornets got some fine blocking from ends Shawn Potter and Randy Glover on the scoring plays.

Defensively, Middle Linebacker Johnny King, Nose Guard Steve Edwards, Tackle

Anyone interested in sports is invited to attend.

## Country Club Meet Slated, Entry Deadline Thursday

Littlefield Country Club's annual Club Tournament is scheduled Sept. 20-21, and Pro Dale Weaver asks that golfers enter by Thursday at 6:30 p.m.

Golfers may tee off anytime Saturday, Sept. 20, for their first 18-hole round.

After flights are drawn Saturday night, times will be posted for Sunday play. The championship flight will go 36 holes Sunday, with all other flights set for 18.

Trophies will be awarded winners. A barbecue of goat and mutton for all members will close out the two-day event on Sunday night, Sept. 21.

## Levelland Edges Olton Ponies, 19-7

OLTON—The Mustangs dropped their first regular season game since 1966 here Friday night, bowing to the Class AAA Levelland Lobos, 19-7.

But the Class AA Ponies gave the visitors all they wanted. It was only 13-7 until later in the fourth quarter, and the Mustangs twice threatened the Lobo goal while only six points down.

Season opening mistakes were too much for Coach Jerry Blakeley's young and inexperienced eleven.

Terry Billingsley got the Lobos on the scoreboard first, driving four yards for a score in the second quarter. Lanny Modavell booted the point after.

A pass from Darrell Dennis to Gary Gessett got Levelland its second TD on a play covering 49 yards. A Mustang defender went for the intercepted, missed, and Gessett outran everybody to the end zone.

It was 13-0 after three periods, but the Mustangs came back with an 11-yard pass play that scored Mickey Crowder, QB Steve Stockdale threw the scoring aerial.

Later in the fourth, Levelland's Ed Washington plunged for one yard to pay dirt to make it 19-7.

Barry Cowart and Gary Durham stood out both offensively and defensively for the Mustangs, who journey to Canyon next week.

• Same solid state dependability.  
• Same plug-in tubeless mini-circuits for fast, easy service.

Compact Quasar Color TV with the "works in a drawer" that slides out the back. That's what makes it compact!

Why the lower price on Quasar Color TV? Because Motorola made this Quasar TV compact, so the price is compact, too. But the tubeless plug-in solid state mini-circuits haven't changed. You get the same solid-state dependability and fast, at-home mini-circuit service that the famous console model has.

Same solid state mini-circuits for color, for sound, for picture, and so on. Same same-ahead dependability, because mini-circuits are designed not to lose power, not to burn out the way tubes do. Same ease of service — it's a mini-circuit ever needs replacing, another can be plugged in usually right at home, in minutes.

So, if you're looking for a "something better" Color TV, better look into the new compact 22 1/2" square inch picture Quasar Color TV. It has the big dependable difference at a new low price.

For people who want portability this Quasar TV is available with a Free roll-about stand, WT676
