

MARGIN IN 0-0 TIE

## Cats Nip Floydada On First Downs

The Wildcats grabbed control of the 3-AA title run here Friday night as they defeated Floydada on first downs in a 13-9 victory at Littlefield before 3,500 screaming fans.

The game, which was held at 7:30 p.m. at the Littlefield High School stadium, was a hard-fought battle. The Wildcats, coached by Jerry Blakely, were led by quarterback Larry Williams, who completed 11 of 20 passes for 127 yards and a touchdown. Running back Alan Mackey added 76 yards and a touchdown on the ground.

Floydada, coached by L.G. Wilson, was led by quarterback Langston Williams, who completed 12 of 20 passes for 103 yards and a touchdown. Running back Kim Rose added 39 yards on the ground.

The game was tied 0-0 at the end of the first quarter. In the second quarter, the Wildcats broke the tie with a 13-0 lead. In the third quarter, Floydada narrowed the lead to 13-9. In the fourth quarter, the Wildcats sealed the victory with a 13-9 final score.

which team won the fierce defensive battle.

Wildcat helmets sailed high into the air in celebration of the victory, as Floydada trotted to the dressing room with its three-year domination of the district at an end.

The rule on tie games is different in District 3-AA from many leagues. The district rule says a winner is decided on the night of the contest, with penetrations determining the victor unless there is a tie in that category. If so, the determination then goes to first downs. If there is a tie in that category, the game then goes in the district records as a tie, or a half-game won or a half-game lost.

THERE WERE some missed opportunities for both teams in the showdown contest, which saw hard-hitting, clean football from beginning to end.

Littlefield won the ball control phase, handling the pigskin on 66 plays to Floydada's 58. The Wildcats had a big margin in rushing, 218-103, and although

Floydada doubled the Cats in the air, the total offense score was 238-145, Littlefield.

Floydada's lone drive to a penetration in the first quarter went the Cat 9, but a play later the Whirlwinds were back to the 26 on a holding penalty.

The Wildcats' only drive inside the 20 was foiled by a Trammel fumble at the Floydada 7, where Littlefield would have faced fourth-and-two with a chance for Larry Hobratchek's almost-automatic toe to come into the action.

On one occasion, a quick pass from Floydada QB Rick Watts to Langston Williams, looked like it might be TD trouble for the Cats, but Cornerback Alan Mackey broke it up at the last possible instant.

## Defense Puts Cats In 3-AA Control

The score was close, but the dressing rooms were a world apart following Littlefield's victory over Floydada on first downs Friday night.

Coach Jerry Blakely, his staff, the Wildcats and many fans wildly celebrated the narrow win while Coach L.G. Wilson consoled his Whirlwinds in the quiet that marked the end of a three-year District 3-AA domination by Floydada.

"We're No. 1," was the cry of the Cats, who can gain the right to represent the district in the state playoffs with a victory over Morton next Friday night.

A huge cake given by the fans in advance of the game was the dessert for the victory party.

The aftergame celebration included the presentation of the game ball to Coach Blakely by the Wildcat captains, Dennis Hartley, Matt Giles and Scott McNeese.

"Coach, we want you to have this... and thanks," said Hartley, speaking for the team.

Blakely, who couldn't do much talking at that point, reflected on the game Saturday morning after looking at the films.

"super," along with all the secondary.

"Hartley, (Mike) Carter and (Alan) Mackey just did a tremendous job. Mackey probably played the best game of his life," Blakely said.

"Estrada clearly won his battle with their big man, Kim Rose," Blakely said. "He physically whipped one of the best football players we'll play. It was Danny's best game of the year," Blakely said.

The coach said linebackers Matt Giles and Bill Hamblin were in on a lot of tackles, but the outside men, J.E. Johnson and Lenearl Lewis, didn't get as much activity as usual because of the "great job the defensive ends turned in."

"But all of 'em were great, every man. They controlled the fullback, Jim Kunkel."

## Jury Wheel Spins Official

Since all jurors for trials in Lamb County now are selected by use of the jury wheel, some strange things happen.

Sheriff E.D. McNeese thought it was funny when he drew Tax-assessor-collector Herbert Dunn's name last week while making up the list of petit jurors for civil trials beginning Monday.

Then two draws later the sheriff drew his own name.

Besides not knowing who are elected officials, the wheel dispenses names of elderly persons as readily as younger registered voters.

## Catholic Church Slates Dinner

Members of Sacred Heart Catholic Church in Littlefield are finalizing plans for their annual sausage and turkey dinner, to be held at the Lamb County Community Center in Littlefield Sunday, Nov. 15.

Country sausage, home baked turkey and homemade dressing will be served with all the regular trimmings.

Homemade pies, cakes and bread will top off the meal, which will be served from 11 a.m. to 3 p.m.

The annual affair grew from its beginning many years ago when it served only a hundred or so, to serving nearly a thousand in recent years.

## Farm-Market Road Improvement Scheduled

The Texas Highway Commission has approved development of 5.7 miles of Farm to Market Roads in Lamb County as part of the 1971 Texas Farm to Market Road Program.

District Highway Engineer Oscar L. Crain of the Texas Highway Department in Lubbock said the estimated cost of the work is \$213,000.

Texas has some 40 thousand miles of paved secondary roads under State maintenance in the Farm to Market system.

Of the new construction in the program, 290.8 miles are new roads being added to the system. Of this total 192.8 miles or 66 per cent are school bus routes and 178.6 miles or 61 per cent are rural mail delivery routes.

Originally intended to get Texas farmers and ranchers out of the mud and to provide for movement of agricultural produce to markets, the FM system also now affords city dweller and rural resident alike access to hundreds of new lakes and other recreational areas in the State.

In addition, the FM system supports the movement of goods and workers to the many new industries now operating in smaller cities and towns in Texas.

## Parking Time Limit Set At Post Office

Littlefield city councilmen established a parking time limit for the area in front of the post office and decided to cut costs in the billing department, during their regular meeting Thursday night.

A new time zone of 15-minute parking will be established on Sixth Street in front of the post office, and will be in effect seven days a week.

Councilmen decided to eliminate second notices on city utilities, and that the first billing would be stamped "no second notices will be sent."

City Manager Pat Bradley notified the councilmen that it was costing the city in excess of \$50 per month to send second notices on delinquent accounts. He said that residents will still receive the red tags

on their doors when their accounts become delinquent, and that they will have three days to make payment before utilities are cut off.

City Manager Bradley told councilmen of a meeting with a field consultant for libraries, Charles Baker, concerning state funds to aid the Lamb County Library. He stated that the local library does qualify for funds, under specifications as quoted by the consultant.

Among other matters of business, councilmen:

- Approved the payment of bills.
- Approved the minutes from the last meeting.
- Approved the departmental reports as presented.

## Deputy Sheriff Still Likes Riding Range

What makes a good law man? Apparently the qualifications must be about the same as those for a good cowboy, since the two occupations seem to go hand in hand.

Homer McLaury of Sudan spent 30 years on the back of horses at famed Texas ranches like the 6666, Pitchfork and the Swenson Land Company before he traded his lariat for a deputy sheriff's badge and swapped his saddle for a softer seat in a patrol car.

Now instead of tolerating the boredom of many hours riding herd on cattle, lonely hours are spent driving his patrol car around by himself. And for the past 17 years, McLaury's roundups have been limited to a few law breakers.

McLaury went to work for the Swenson Land Cattle Company when he was 18 years old. There were four of the ranches owned by the Swede family in New York City, and all four of the ranches are still intact.

another was the 'night horse' or the horse I used to rustle horses with before daylight."

IN THE FALL the calves were cut off from the cows and sold to northern buyers, a trainload at a time. The shipping point was a little place called Narcissa between Matador and Paducah. Calves and cattle from 6666, Matador and all of the Swenson ranches were shipped from this point and sometimes McLaury spent two or three days loading out cattle.

COINS, displayed last week under a bubble at Security State Bank, are given away today during the Fourth Annual Coin Show in the Lamb County Community Center of Littlefield. Cory Logsdon, junior member of Lamb County Coin Club, and Doyle Patton of Security State Bank, stop to serve the \$5 and \$20 gold pieces.

## Annual Coin Show Crowd Expected

Lamb County Coin Club members expect the largest crowds they've ever seen at their Fourth Annual Coin Show today at the Lamb County Community Center in Littlefield.

The show will open at 9 this morning and close at 5 p.m. Hourly door prizes of unused silver dollars will be given to anyone who registers at the door. At 5 p.m. a drawing will be held for \$5 and \$20 gold pieces to be given away.

Prizes are expected from all over the state of Texas and New Mexico. They will be used for the appraising, buying, and trading of coins.

Exhibits will be on display for the show. Exhibits will include four U.S., foreign, special currency, and numismatic displays.

The Rainbow girls will sell sandwiches, cookies, coffee, and Cokes.

There will be free parking and appraisals of coins, and the public is invited to attend.

The Lamb County Show is considered the best one day show in the state, according to dealers who have contacted Larry Sanderson, treasurer of the club and chairman of the coin show.

## Police Officers Answer 122 Calls

Littlefield city policemen answered 122 calls in October, and made 55 arrests for various charges during the same period.

While performing their duties, patrolmen drove 7,109 miles, and issued 34 tickets for traffic violations.

Sixteen automobile accidents were investigated, seven burglaries were checked out, and seven funerals were escorted.

The city animal warden patrolled the city and picked up 85 animals during the month.

Four of the animals were released and 79 were destroyed.

Only two dog bites were reported to city officials during October.

## BOOSTERS MEETING

Littlefield Band Boosters will meet at 7:30 Monday night in the school band hall for their regular business meeting.

All members are urged to attend and take care of several items on the agenda.

## Owens, Kilby Engagement Announced

For an added attraction to the performance of Jeannie C. Riley, the B.A.C. will have a candy sale during intermission of each show. Several hundred dollars in prizes will be given away by local businesses in the bags of candy.

### German Measles Epidemic Being Expected In 1972

Vaccination of the hard-to-reach pre-school child is essential to avert another rubella (German measles) epidemic which is expected in 1972, according to Mrs. Jane Maddox of Littlefield.

The rubella immunization effort and other means of preventing birth defects were the focus of discussions during a two-day March of Dimes program orientation meeting that Mrs. Maddox attended last Thursday and Friday in Dallas.

According to Mrs. Maddox, about 55 per cent of the country's children in the 1-to-12 age group have been vaccinated against rubella. But this may not be enough to head off the next expected epidemic of the disease, she said, and as public interest has started, the pre-school child, who is not part of a "captive" group, has become especially hard to vaccinate.

Mrs. Maddox, during the 1964-65 epidemic in Ames children died in the were born with defects.

"To help prevent an epidemic, she urged from Texas and states to continue to health department medical societies immunization programs.

In more than 100 Dimes medical programs across physicians and professionals are provide the most preventive and services in the field defects. The volunteer organization also professional and education and services.

**THE FARMER'S WIFE**

**The Biggest?**

By LIBBY MUDDOETT

AT THE PRESENT moment, our nation is suffering from a big disagreement among management, which isn't unusual. Nixon wants foreign aid administered his way and Congress wants it administered their way, and so far the biggest has won, or at least they think they have.

SAME WAY with farming. Just let a big disagreement come up among the management, which isn't unusual either, and does the farmer's wife win?

Not on your rinky tin tin, she doesn't. She's not the biggest, so the farmer wins, or thinks he does.

"I TOLD YOU that grain was too green."

"You didn't know until we took in a truckload."

"I bloody sure did and now that you know, tell the combine men to leave it and come back when it's ready."

"It's ready now."

"It is NOT ready now. Not when you get docked."

"It's a very small dock."

"Any dock is too much. That's good grain and I say leave it there until there's no dock."

"And the grain price will go down further."

"The grain price goes down between trips to the elevator, but not as much as a bloody docking."

"Sometimes it does."

"I just have a feeling that it won't this year."

"We can't farm by your feelings."

"Try it."

"Can't afford to."

"You can't afford not to. Look how long and hard we worked planting, plowing, and watering that feed, just to have somebody dock us for it because you don't have any patience."

"Patience has nothing to do with it. You know that any kind of bad weather will ruin it."

"I do not. It depends on what KIND of bad weather."

"I say ANY kind."

"People that think a bird in the hand is worth two in the bush never get anywhere."

"People that think you'll be always greener are the ones that never do."

"That's not true. Farming's the biggest gamble in the world, so gamble a little more and leave that grain there to ripen."

"Taking a docking is the sensible way to take some of the gamble out of the weather."

"What if we go ahead and get all that green stuff out just because you're chicken and the weather turns out to be beautiful and the grain price goes up?"

"It won't."

"How d'ya know?"

"I told you Japan just bought three months' supply of grain from another country because the U.S. couldn't ship them any because of the West Coast dock strike."

"So Red China might run out and now that they're in the U.N. they'll probably buy from us, and there you won't have any to sell 'em because you were in too big a hurry to get docked."

"There's no use you going down to the field to tell the combine men to quit. I've already told 'em to ignore you."

It must be nice to be the biggest and win, or think you do.

**THE ABUNDANT LIFE**

**Getting Along**

By BOB WEAR

WE CAN LEARN to get along with other people, with most other people. It seems that, now and then, there is a person who is implacable and impossible; who does not wish to get along with anyone.

This, at least, is the impression they give. Most of these people usually need help.

If we are interested enough to try, we can get along, in a limited way, with most of these difficult ones. Of course, it will be necessary to go more than half way.

WE MUST DESIRE to get along with our fellowmen. There are many reasons why we should develop and maintain this desire. We can just about put all of the reasons together by saying that "getting along" with each other makes a better situation for everybody.

This better situation for all is exactly what most people desire. Therefore we must maintain our desire and our efforts to get along better with one another.

AS FAR AS POSSIBLE, without surrender, be on good terms with all persons. Speak your truth quietly and clearly and listen to others, even to the dull and ignorant; they also have their story."

ON THE SURFACE, it may seem that many people do not want to get along, but all available information reveals that most people are eager to be on pleasant terms with their fellowmen.

The more intelligent we are, and the more wholesome our life is, the greater the desire to get along with others.

DISCRETION MUST BE our principal guideline in our associations with other people. This means that we use good judgment in our conduct; especially in our speech.

An indiscreet man is more hurtful than an ill-natured one; for the latter will only attack his enemies, and those he wished ill to; the other injures indifferently both friends and foes."-Addison.

THE HYPERCRITICAL person never gets along very well with anybody, anytime, or anywhere. This person will make too much of the faults and flaws which are just part of being human, and will never see the good in others.

As might be expected, these hypercritical persons will place the blame for their failure to get along on other people. They build the wall of separation high and thick.

WE MUST BE CHARITABLE in our views of others if we are sincere in our desire for pleasant associations. This does not mean that we are to be naive, but we do make all justified allowances and we see the good in others.

We do not necessarily approve everything about them, but we do get along very well with them.

GETTING ALONG with other people is important to us and to them, and is an art we can develop.

**HONNY GRITS**

By CORNBALL BLEVINS

IF YOU SAW the ballgame Friday night (against Floydada) you're probably as numb and unbelieving as I am. What a ballgame!

You'd agree that our kids are heroes, all! They put out their best, and, narrowly, beat one of the best teams on the South Plains (By firstdowns)

NO INDIVIDUAL HEROES here! It was a team effort and, ARE WE PROUD of them?

Which may bring about another point of view--Suppose we had lost!

WE FANS ARE A fickle bunch. When we lose we start looking for excuses and "scapegoats" to lay our misfortunes to! In days of yore, when our fortunes weren't so great, I'm told, one of the lads was told that the townsmen and the rest of his team mates blamed HIM for our losses. What a shame!

THIS MUST BE quite a load for one youngster to carry! This can be no nearer right than to say that ONE youngster, singlehandedly WINS the games.

WIN, LOSE, OR, DRAW, we should recognize that we win as a team, or, lose as a team. And while you're at it, include the community in on the deal! The community spirit has a lot to do with the way our kids play.

We fans don't want to get caught supporting a loser.

NONETHELESS, right at the moment, I'm much too happy for our youngsters to be VERY critical. They're a great bunch!

Now, of course, we've gotta look forward to our game with Morton. We KNOW they're not gonna roll over and play DEAD!

After all we beat them out in the "CELLAR BOWL" last year.--I'm sure they haven't forgotten THAT.--They'd love to play the role of "THE SPOILERS!"

ANYWAY (as I said), win lose or draw, these kids deserve our support and encouragement.--So, GO GET 'EM 'CATS!!

**Sign Ridiculous**

Mr. Bradley & City Councilmen:  
The stop sign at XIT and 6th is ridiculous. I've lived in this town all my life and I can't remember a single wreck at that intersection, but it will be interesting to note the great increase from now on.

Since there was already a stop sign for east and west bound traffic and no one-way traffic from the north, what's the point? And if you stop back at the stop sign, you'll get clobbered for sure, because you can't see to the east until you're in the middle of the intersection.

I think it would be in the interest of the citizens in Littlefield to remove the sign for north-bound vehicles on XIT.

Yours truly

**JET-AGE SEWING**

By FRANCES JONES

**Sewing Knits**

THE USE of knits in clothing for outer wear has been a sweeping trend in recent months. Styles come and go but in the new knitted fabrics comfort, beauty, wearability, and economy are combined in such a way that we feel knits are here to stay.

Young and old, men as well as women, are wearing all types of fashion-right garments made of knits. Many different fibers can be used in the manufacture of knitted cloth.

A great per cent of yardage is made of the synthetic polyesters because of their wrinkle-free and washable properties. Knits appear more and more in men's wear. Soon this column will give instructions on simplified methods of sewing garments for men.

TO BE ABLE to sew knits correctly, one first must understand something about them. There is no lengthwise and crosswise grain the same as in woven cloth, but there is definitely a lengthwise and crosswise direction.

We never cut from knits without respect for up-and-down and crosswise directions. There is no selvage on the sides because knits are usually made in tubular form and then cut from top to bottom to make a flat piece of cloth. Sometimes the cloth is left in tubular form so sweaters and skirts can be made without side seams.

DOUBLE KNITS are firmer than single knits and appear almost the same on right and wrong sides. Exceptions are those with sculptured designs or other designs which will appear different on the wrong side.

Figure A. Single knits are often called jersey. They are lighter in weight and softer and more stretchy. The right side has loops that make an up-and-down line while on the wrong side the loops run from side to side. Figure B.

IN THE STORE, open the cloth to see if it has a warped or twisted look. Expect to have trouble in cutting from warped cloth.

To determine which is the right side, run a finger along the end cut from the bolt and the cloth will curl to the right side. Figure C.

If the knit is washable, always wash it before cutting since there is almost always a little shrinkage. Also, this will remove any chemical finish that may be present and make the cloth easier to sew without stitch-skipping.

Dry knits in a dryer or lay them out on a flat surface but never hang knits to dry or they will stretch out of shape. Test press any crease that may be in the cloth to see if it can be removed.

IF IT DOES NOT press out, place the pattern pieces so the crease will be inconspicuous on the garment. Do not choose a pattern with bias or circular sections unless the cloth is quite firm.

Check the information on the back of the pattern envelope to see if the design is suitable for knits. Pressed pleats work well only if the knit is heat-set and will hold pressed creases. Otherwise, make any pleats large and unpressed. Topstitched or welt seams are good.

Choose an interfacing material that is made especially for knits. Such an interfacing must be soft and a little stretchy. Choose a pattern with as few seams as possible.

SMALL SHOULDER darts may be folded out of the pattern before cutting. The invisible zipper that requires no topstitching is desirable, but the regular zipper may be used with success.

Stretch lace hem binding is better than the firmer woven edge binding. However, hems in knits often have no binding at all. In the next issue Jet-Age Sewing will deal with actual sewing on knits.

**New Tax Law Statute For Texas Employers**

Major changes in unemployment insurance and tax laws by both Federal and State statute will affect most Texas employers beginning January 1, 1972.

Employers with one or more workers for 20 separate weeks in a year, employers who pay as much as \$1,500 in wages in any quarter of the year, and non-profit organizations (churches are exempt) will be subject to the new law.

The tax base will increase from \$3,000 to \$4,200, and the maximum tax will increase to 4 per cent.

These are only a few of the changes. At the request of many individuals and groups, a series of meetings have been arranged to be held throughout the state. The meeting in this area is sponsored by the Lubbock Chamber of Commerce and will be in the Koko Palace, 5201 Avenue Q, Lubbock, Wednesday, Nov. 10, 12 noon.

## This Fruit

... looks like an apple from a good tree. God used this parable to teach an authoritative lesson of truth to some who were calling, "Lord, Lord." He answered, saying, "Not everyone that calls me Lord, shall get to heaven." He spoke plainly and used small words, and said, "Only those who bear good fruit will make it." See this tree loaded with fine fruit! Few of us stop to ponder its history. But every orchard expert knows well every sound tree. The good fruit is detectable from way off. The lesson is clear. Goodness all the way to the core is the kind of fruit God wants. Soundness of heart, purity of mind and integrity of character are essential if one's fruit is to please God. No one gathers grapes from thorns, or figs from thistles. Read the Sermon on the Mount; Meditate on I Corinthians; Hear what He says in Romans 8 and 12. Here one will find soil where good trees may grow and from which good fruit may be gathered.

## Witnesses Gather In Lubbock Meeting

Spanish-speaking Jehovah's Witnesses from the Northwest area are returning to their local congregations this week after having attended a convention in Lubbock, where 1,520 were in attendance and 34 were baptized.

Local meeting arrangements will be resumed, according to Roberto Torres, presiding minister of the congregation of Jehovah's Witnesses. A total of 77 local members assisted the three-day meet.

Torres said, "The convention will benefit us greatly in being able to help more people of the locality to better understand their Bible." He also stated that during the main discourse of the convention, the speaker, R. S. Cornelius, District Supervisor of Jehovah's Witnesses, speaking on the theme "Can You Live Forever? - Will you?", brought to the attentive audience the fact that body is built with live forever, with system for eternal life.

He concluded by stating the Bible promises provisions for everyone here on earth under conditions.

Everyone interested in Bible study with Jehovah's Witnesses to contact Torres, at free Bible classes at Kingdom Hall of Witnesses.

## Pep, Bula Take Wins

The Pep Buffaloes took a 64-54 win over Union Friday night at Union, to make their season record 3-2.

It was the Buffaloes all the way as they led by three points at the end of the first period, and 12 at the half. Pep was ahead 46-28, going into the fourth quarter, although Union narrowed the score only a 10-point spread at the final whistle.

Practically every Buffalo scored, although Dave Shannon and Randy Kuhler were the only players to hit the double digits for the winners.

Shannon hit 21 points for the night and Kuhler trailed by one as he basketball. Curtis Albus hit seven, Johnny Demel hit six and got nine rebounds and David Demel got 4. LaFayette Demel, Roger Vick and Gary Gerick each got a basket. Don Nance was the high scorer for the night by hitting 28 of the 54 points for Union.

The Buffaloes are 3-2 for the season and Union is 0-1.

In girls' basketball, the Pep fems almost blanked Union, 67-7.

Union was not able to score in the first period and scored two points in the second stanza. The third period netted two baskets and another point was scored in the final quarter.

Gail Deusterhaus led the girls in scores by sinking 16 points. Miki Demel followed with 12. Mary Franklin with 11, Mitzi Albus with 10, Glenda Green three and Barbara Gumpier two.

Vicki Bottoms hit five of the seven for Union.

The win puts the Pep fems 4-1 for season and Union is 0-1.

Next Tuesday, Pep will host Union in a rematch.

### BULA TAKES PAIR

The Bula Bulldogs stayed alive in basketball action Friday night as they won both the boys' and the girls' games at Southland.

In the boys' action, Bula won 99-41 to keep their record unblemished.

Ron Risinger paced the winners by sinking 28 points. He was followed by his brother, Jim, who hit for 18 points, Jerry Sowder sank 12 and Steve Newton scored 10.

Joe Beavers was the only scorer for Southland who hit the double digits when he scored 14 points.

The Bula boys are 2-0 for the season. In girls' action Friday at Southland, the Bula fems enjoyed an easy 76-18 win.

Lisa Risinger was the high scorer for the evening by hitting the basket for 37 points. Shelia Medlin got 16 and Gwen Pollard 12. Connie Abshire paced the losers with 13 points.

Bula will host Southland for a repeat performance Tuesday night.

Christ the King from Lubbock will travel to Bula Friday night for more basketball action.

## Panthers Drop Patton Springs

Whitharral trounced Patton Springs, 26-6, at Afton Friday night, in a non-district game matched late in the season.

James Hayes opened scoring with a two-yard plunge. Mike Lopez galloped 39 yards and Carl Hoelscher added a two-point conversion for a 14-0 first quarter score.

Lopez scored from the 11 in the second quarter and the Panthers retired at the half with a 20-point lead.

Quarterback Carl Hoelscher scored on a 25-yard run in fourth quarter.

Patton Spring's lone score was on a one yard run by back Hale in the third quarter.

Whitharral is 1-2 in district play. The Panthers meet Three Way there at 7:30 Friday.

### Kangaroos Quash Wolves' 3-A Hopes

The Springlake-Earth hopes for a chance to stay in District 3-A were darkened Friday as they were blanked by Kress, 16-0.

Both teams entered the contest with one loss each in conference play. Each had suffered defeats to league leading Vega.

The Kangaroos opening touchdown was in the first period by Roy Jackson as he ran 52 yards. Harley Terrell tossed to Kim Norris for a two-point conversion and a 8-0 lead.

Neither team scored in the second quarter.

Kress opened the season half by scoring again on a one yard drive by Terrell for 14-0 lead. The try of the extra point failed.

The Kangaroos got two more points in the fourth quarter as Jerry Goodrum and Wesley Shaw charged in and tackled Wolverine ace Hoyt Glasscock in the end zone for a safety and two extra points.

Kress is 5-1 for district and 6-3 in season play.

Springlake-Earth is 4-2 in conference and 6-3 overall.

The Wolverines will travel to Happy for their final football game for this season.

### Farwell Trounces Sudan Hornets, 28-0

The Farwell Steers found little threat in the Sudan Hornet's sting as the Steers sailed to a 28-0 victory, scoring in all four quarters.

Ray Norton scored on runs of four and 17 yards. Carl Kirkland scored on a 49-yard pass play from Brett Hargrove, and Larry Edwin galloped 41 yards. Andy Bowers kicked two extra points and Kevin Hadage ran a two-point conversion on a pass from Hargrove.

The win gives the Steers a 4-5 record for the season and Sudan is 3-6.

## IN FINAL SECONDS

# Olton's Spirits Dampened

OLTON MUSTANG Marlos May pushes off a Longhorn tackler in one of his 32 ball carries that netted 228 yards in the Olton vs. Lockney game last Friday night. The Mustangs lost the game in the final seconds, 26-21.

## Bulldogs Continue Winning Way, 36-6

Anton kept their undefeated record intact and made the Turkey Turks eat crow to the tune of 36-6 in District 3-B Friday night.

The fighting 8-0 Bulldogs took to the air early in the first quarter with Brent Couch firing a 36-yard spiral pass and run combo to flanker Leroy Medlock. A two-point passing attempt failed.

Undaunted, the Bulldogs made the Turkey Turks eat dirt again in the first quarter as they drove to the two-yard line and FB Tommy Betts bowled over for another Anton TD. Couch passed to Medlock for two more.

Anton made it 22-0 in the second quarter when Alvin Williams dashed 14 yards for another touchdown. Couch added the extras on a run. The Williams TD soared his scoring mark to 80.

The Turks added grit to their crawls in the third quarter with a 43-yard scamper by Mitchell Bivens. Turkey's extra point attempt failed, but the gobblers kept the Bulldogs penned in the third frame.

Anton's Williams added to his scoring spree with two fourth quarter touches. The Williams TDs upped the junior back's cumulative score to 92 and keeps the junior back in the lead in 3-B scoring.

Williams added the fourth Anton TD on a two-yard blast in the final quarter, and Couch added the extras. Then Williams tied the cake with an 8-yard TD saunter to give him 155 yards rushing for the night.

The Bulldogs blasted the Turks nine first downs to the Turk's five. The Bulldogs bit off 233 yards rushing and went to the air for 49 more, while holding Turkey to a total of 121 yards.

Anton just needs one win out of the next two games to emerge the undisputed district title holder. The Bulldogs meet Nazareth here Friday and finish district play with a bout with Amherst the following week.

## Amherst Dogs Belt Nazareth Swifts, 14-

It was Amherst all the way as they romped over Nazareth not only on the scoreboard but also in statistics as they beat the Swifts, 14-8, in conference play at Nazareth Friday night.

Randy Miller crossed over the goal twice to lead in points and Butch Sutton's educated toe booted the two extras.

Sutton set the stage for the first Bulldog TD by recovering a fumble on the Swift 10-yard line.

The Bulldogs drove nine yards before Miller charged from the one for the first Amherst score. Sutton kicked the conversion to give the visitors a 7-0 lead with 40 seconds left in the first period.

With 8:20 left in the first half Miller gave

the fans a repeat performance as over from the one for the other score. Sutton kicked the ball through the uprights for the extra.

Neil Doemier came back in the stanza for the Swifts and drove to the one for the only Nazareth tally. He ran the two extra points.

The remainder of the event swap as neither defense would give up a yard.

The Bulldogs were sparked by Moore and the Swifts were led by Kern.

Amherst travels to Lazbudle.

# WILDCATS END FLOYDADA DOMINATION

Continued from Page 1

Trammel had Split End Mike Carter open deep, but couldn't get the ball to him on a play that could have meant points on the board.

AFTER STOPPING Floydada's opening possession, the Cats drove 45 yards to the Winds' 35, before the defensive work of Tackle Terry Bunch, who made six tackles in the drive, stopped the Cats.

Led by the defensive efforts of Cornerback Dennis Hartley and Linebackers Matt Giles and Bill Hamblin, the Wildcats stopped Floydada's next effort and the Winds punted to the Littlefield 47.

The Cats rolled down to the Floydada 35 again, but Bunch was the key man again in stopping the march.

Littlefield, getting tremendous defensive play from Danny Estrada, Ricky Sanchez and Allen Grisham, stopped Floydada cold on its next possession.

And the Cats immediately rolled back into Floydada territory, only to fumble at the Wind 41, where Jay Jones recovered.

Floydada then drove to its only penetration as Watts twice hit passes for first downs to reach the Cat 20.

Van Mitchell got a yard for the penetration and a play later, Watts dropped back to pass, then ran to the Wildcat 9.

The holding penalty came and pushed Floydada back to the 26, out of field goal range, and the Cats came on strong to foil Watts' four straight passing attempts.

Carter personally did the job on Floydada End Mark Vinson on the last two plays, when Watts was throwing to the end zone.

THE WILDCATS WERE in control again early in the third quarter, when they drove 35 yards to the Floydada 33, where leading rusher Ralph Funk was stopped inches short of a first down on a tackle by Tackle David Marricle, another big thorn in the Wildcats' side.

The next Cat possession came after a short punt, but what might have been a 67-yard TD play failed when Trammel's pass to a wide-open Carter didn't reach the mark.

Floydada's best drive of the second half came after a short punt and a 18-yard return by Williams to the Cat 47.

The Winds reached the Littlefield 34, where a quarter change gave Floydada the wind advantage and Watts began putting the ball in the air.

But the Cat rush was too much on one play, where Chuck Blevins tipped a pass off its course, and on another where fine secondary play by Carter messed up another toss.

WITH 10:48 LEFT in the game and the Cats at their 20, they began the best drive of the night, one in which they got their only penetration and built their first down margin from 9-8 to 13-8.

The two big plays were a pair of 13-yard runs by Funk and Hartley, Ralph getting it

to midfield and Dennis rolling down to the Floydada 37.

A Trammel screen pass to Hartley got the ball to the 30, then Jay hit Birkelbach with the toss that gained the tying penetration.

From the 15, two rushes by Funk netted only two yards, and on third down, Trammel kept on the option and gained six to the Wind 7 before the hard-hitting Floydada defense jarred the ball loose. Williams recovered for the Winds.

There was 4:26 left, and Floydada, knowing it was behind on first downs, began throwing the ball from deep in its own territory.

Mackey, Carter and Hartley shined in the Cat secondary to stop the bid and force a punt.

Floydada got its ninth first down on its last possession, but the Winds didn't reach Littlefield territory as the Cat secondary, aided by a great line rush, forced three straight pass incompletions.

With the clock ticking down to the last 35 seconds, Trammel just fell on the ball one play, and the fans began the victory countdown.

## 5th, 6th Play All-Star Game

The sixth grade all-stars out-did the fifth grade all-stars 12-8 in Laguna Park Wednesday afternoon.

The pint-sized football players have been practicing flag football almost daily and playing weekly since school started. Sam Burnett, an Elementary II teacher, assisted by several junior high students, coached the enthusiastic teams.

James Earl Kemp made both TDs for the sixth grade. Rudolph Smith scored for the fifth, and several team members assisted on a safety.

Sixth grade all stars included Allen Bradley, Alonzo Cavazos, Felix Guajardo, Leo Green, Dwayne Hayes, Emory Jackson, Stan Jackson, David Jones, James Earl Kemp, Mike Muller, Jepp Ratliff and Tommy Twitty.

Fifth grade all stars are Ben Davidson, Donnie Green, Brent Jones, Daren Kessler, Leslie Lewis, Roy Mendez, Richard Morgan, Chuck Russell, Rudolph Smith, Rickey Thompson and Dennis Jackson.

IT TOOK TWO Floydada defenders to bring down Ralph Funk after a gain on this play. Funk carried the ball 40 times for a gain of 151 yards for the night.

RALPH FUNK (21) picks up yardage before being downed by Floydada's Jay Jones (63). Up front to block is Dennis Hartley (24). Jay Trammel (14) is in the background.

## JV Runs Rampant Over Dimmitt
