animals must be presented upon request, and all numbering and bran ding for the show will be under the strict supervision of the three department superintendents.

Boys or girls must have owned their steers by Sept. 1, 1974; and lambs and swine must have been owned 60 days prior to the date of the show.

All animals must be in place in the show barn by no later than 9 a.m. Thursday, Jan. 16, with the exception of the Amarillo show entries which will be accepted later. All exhibits will be under the control and direction of the livestock directors, Original bedding for the animals will be provided by the show.

No animal or group of animals will be permitted to leave the show until Saturday, Jan. 18, at least 30 minutes after the steer show, without written permission from the secretary. Failure to comply will eliminate all premiums earned, and future participation.

Each exhibitor will show his own animal and be responsible for its care and cleanliness of the stall or pen. Any person eligible to show in the show may assist an exhibitor.

No one, other than exhibitors, show officials and judges will be allowed in the judging ring during the judging.

Premiums to be awarded in the swine and sheep divisions of the show include \$30 for the grand champion; \$20 for the reserve champion; \$5 for breed champions and \$4 for reserve breed

Premiums for the steer division include \$75 for the grand champion, \$40 for the reserve grand champion, \$15 for breed champions and \$12 for reserve breed champions.

Showmanship Awards will be presented to the best showman in each of the three animal divisions.

Judging of the lamb division will begin at 5:30 p.m. Friday. Swine will be judged, beginning at 9 a.m. Saturday morning, and steer judging is to begin at

John McNeill, associate professor of the Animal Science Department at West Texas State University in Canyon, will serve as judge for the entire show this

Swine superintendent will be George

Tooley of Amherst. His assistants will be Lilburn Bales of Amherst, Donald Carr of Littlefield, Dennis Givens of Olton, and Dewitt Kelly of Springlake.

Sheep superintendent will be Ronnie Smith of Littlefield. His assistants will be Richard Bills of Earth, John Paul Jones of Olton, Raymond Maxwell of Sudan and Raymond Duvall of Amherst.

Steer superintendent will be Don Carter of Amherst, and his assistants will be T.C. Kennedy of Olton, Lewis Fields of Sudan and Lexie Branscum of

Barry Bearden of Amherst is president of the 1975 Board of Directors for the show. George Tooley of Amherst is vice president and Doug Walden of Littlefield is secretary-treasurer.

Other board members are Dewitt Kelley of Earth-Springlake, J.K. Angeley of Pleasant Valley, Donald Carr of Littlefield, Landon Smith of Olton, Raymond Maxwell of Sudan, Calvin Wiseman of Sudan, T.C. Kennedy of Olton, Richard Bills of Springlake and S.A. Parmer of Littlefield.

Vocational agriculture instructors who have aided their students with their animal projects this year are Art Sommerfeld of Littlefield, Don Ham of Sudan, Melvin Chisholm of Earth-Springlake, Larry Manuel of Spade, Tommy Hancock of Olton, Lee Moore of Olton and Donald Booth of Amherst.

Extension Service agents who have aided 4-H'ers with their projects are Buddy C. Logsdon, county extension agent, and Jim Kuykendall, assistant county extensiin agent.

Heart Association Schedules Meeting

The Lamb County Division of the American Heart Association, Texas Affiliate, will hold its regular meeting Thursday, Jan. 16th, at 7 p.m. in the Willy Room of the Lamb County Electric

Plans for the Heart Fund Campaign, to be held in February, will be finalized and work packets will be distributed.

Anyone wishing to be a part of the February campaign is invited to attend

LAMB COUNTY LEADER-NEW

VOLUME 52 NUMBER 74 LITTLEFIELD, LAMB COUNTY, TEXAS, SUNDAY, JAN. 12, 1975 15 CENTS

Agriculture Disaster Declaration Means Farmers Elgible For Loans

County Judge Bill Angel learned from Congressman George Mahon's office Friday that Lamb County has officially been designated as an agriculture disaster area.

The disaster designation follows a request by the commissioners court in November after FmHa County Superintendent Neil Wood requested the court seek such designation from Gov. Dolph Briscoe so farmers and ranchers would be eligible for low-interest emergency loans.

The Secretary of Agriculture Earl Butz signed the authorization Jan. 10. Farmers may borrow up to the amount equal to their loss which was caused by drouth or flood. The money is loaned to farmers at the rate of five per cent and it must be paid back over a

five-year period. Loans must be secured by equipment and crops, and there is no principal and interest forgiveness.

Any loan over \$25,000 must be secured by real estate over and above a borrower's homestead.

The purpose of the loans is to allow producers to pay out short-term 1974 crop year. The loans, officials point out, are not designed to provide funds

operating expenses incurred during the

for starting a new crop. As many as 1,000 farmers and ranchers in Lamb County may be eligible

for disaster emergency loans. Farmers will have to go through the physical loss will have 60 days for filing their applications, and those with production losses will have 9 months to

Farmers who didn't plant a crop because of the drouth and have collected disaster payments from the ASCS will have these payments deducted from

For farmers who planted, fertilized and irrigated and still came out with a profit loss, there will be a comparison of cost losses and a loan will be made for the lesser of the two.

All loans will be processed through the

New Commissioners Court To Act On Lengthy Agenda

The new commissioners court faces a lengthy agenda in the first session of the year Monday.

County Judge Bill Angel will preside over the court for the first time as executive officer, and Clarence Kelley joins the court for the first meeting as one of the four commissioners.

The 10-item agenda includes:

1. Setting of salaries of all elected officials and other county employees; 2. Consideration of the maintenance

contract for the county courthouse; 3. Consideration of the county bearing funeral expenses for indigents;

4. Office budgets for all elected of 5. Appointment of a county health

6. Setting county holidays for 1975; Advertising for a county depository;

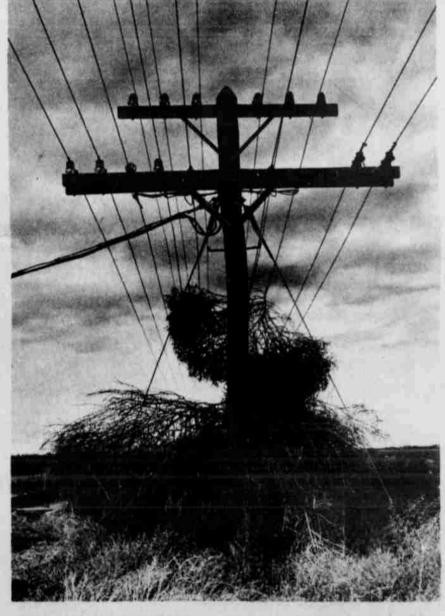

8. Approving the treasurer's quarterly

9. Consideration of all monthly reports from offices receiving salaries or a portion of salaries from the county; and 10. Drawing for members to fill the committee on the Salary Grievance

Terms of grand jurors who served in 1973 expired before the committee was

A new slate of names will be drawn from Monday. Salary Grievance Committee members names are drawn from grand jurors who served during the past year.

Names of grand jurors whose names will be drawn from and who served on one or more of the three grand jury sessions during 1974 are Jack Christian, Albert Lockwood, Buster Owens Jr., H.C. Randall, Mrs. Judson Farmer, Mrs. Franklin Lane, Raymond Harper, Dewey Hukill, Jimmy Lawson, J.P. Nafzger, Raymond Powers, Mrs. Leon Noack, Lucille Betts, John Breedlove, Jim Bob Hargrove, Edward Fisher, Hubert Henry, Ray Keeling, Ed Mc-Canlies, Glenn Bulls, Jerry Kelley, Eudell Bawcum, Billy Lee Carson, Mrs. Benny T. Dickson, Don Carter and Leonard Albus.

TUMBLING TUMBELWEEDS are still a part of the landscape in West Texas, and Thursday' sandstorms put the wanderers on the move. Telephone poles, fence rows, trees and other permanent objects caught the tumblers and held them in place until the wind changes directions. (Staff Photo by Joella Lovvorn)

Ray Didn't Get Present

HEY, MOM,

Recent Building Permits Reflect Remodeling Trend

district. handles more money than all other

offices put together because this is the collection point for taxes, sales tax and car tags. In 1973 Dunn's office handled a total of \$1,184,681 for all three. Figures for 1974 are not complete

since there is no penalty on tax collec-tions until Feb. 1 and the delinquent tax roll does not start until July 1.

the other offices combined collected a total of \$76,673, This includes all five of the justices of peace, the county and district clerks' offices, the county attorney, sheriff and county judge.

In these departments, exact figures could not be compared since there aren't two audits available. Figures from the 1973 audit show the county clerk's office collected \$32,489; the district clerk collected \$9,788, the county attorney, \$1,335; the sheriff, \$2,746 and all four of the JPs had a total of \$29,502 with most of that amount paid in the Littlefield JP

Preliminary 1974 figures show \$39,236 in the county clerk's office; \$6,724 in the district clerk's office; \$2,025 in the county attorney's office; and \$4,488 from the sheriff's office.

Building permits for the city of Littlefield are up considerably for 1974 over those issued for 1973 and 1972.

And while permits for five new buildings were issued this past year, the overall total shows that the majority of the permits were for remodeling and additions to existing homes.

In this trend, Littlefield residents

followed the national trend of remodeling and adding on to present residences instead of building new homes during this period of inflated building costs.

For this past year, the five permits for new structures was for an estimated \$180,000, and the overall total was \$211,000. That isn't the whole picture since many people enclosed patios and did minor additions without securing a building permit. But the figures indicate a developing trend when compared to the previous two years.

In 1973 there were 13 permits issued and one was for a new building at \$29,000. An addition! \$75,550 was spent for remodeling and additions.

There were 13 permits issued in 1972, and four of these were for new buildings at a construction cost of \$162,000 when the overall total for the year was 183,550, leaving only \$21,550 for remodeling and

Ray didn't get that nice Christmas present you sent him. Perhaps that explains why he hasn't mentioned it when he wrote. Maybe he thought you didn't remember him this Christmas.

Water Conservation District Begins Annual Measurements

Personnel of the High Plains Underground Water Conservation District No. 1 have begun the annual measurement of depths to water in the more than 800 observation wells in the 15 counties comprising the District.

The coordinated and systematic measurement of the depths to water in the observation wells constitutes the only method of determining changes in the volume of water stored in the Ogaliala aquifer beneath the land surface. The water-level records obtained through the observation wells located in Lamb County constitute the foundation for the District's cost-inwater depletion, income-tax-allowance, program.

An observation well is a well that has been selected for inclusion in the annual water-level measuring program. All wells are privately-owned—the District does not own any wells-and are measured with the permission of the well owners.

District personnel will measure wells in Armstrong, Bailey, Castro, Cochran, Crosby, Deaf Smith, Floyd, Hale, Hockley, Lamb, Lubbock, Lynn, Par-mer, Potter and Randall Counties.

But you see, the label came off enroute to the San Antonio area. So it had to be sent back to the Littlefield post office since postal officials could only tell that it was mailed from Littlefield, even though you insured the package for the minimum amount.

Postal employees opened the package, hoping to find something to give them a clue to who mailed the package and who was to receive the present. But the only message they found said "To Ray from Mother with love."

If you'll call the Littlefield post office and describe the contents of the package, you can get Ray's gift back and mail it to him again. Don't use those labels. Post office

employees said they wouldn't give a dime for a carload lot because the stick 'em doesn't always stick. Instead, just write his name and address directly on the package. And don't forget to put a piece of paper inside saying who the package is to and who it is from-just in case the wrapping is damaged during

Juries Favor Defendants In **Civil Court Cases**

Of the eight civil cases set for T. Oliver. trial by jury this week, two were tried and jury verdicts for the defendants were returned in

In the case of Robert Greer Christian versus Tide Products, Inc., a fall on the primises and personal injuries, the jury found in favor of Tide. The case was tried in September and resulted in a hung jury.

The other case heard this week was Owen Brothers Custom Feeding Co., Inc. versus Cleo Whitmire, breach of contract to sell and deliver alfalfa

Jurors on the Owen-Whitmire case were Dr. B.W. Armistead, foreman, Clyde W. Tipton, Harold Ray Bowman, Frances K. Turner, Mrs. Charles C. Logan, Tom Sanders, Keith McGrew, Mrs. Billy B. Hanna, E.A. Bishop, Mrs. Alfred Allen, Pixie Weige Purdy, and Claude

Jurors on the first case were Mrs. B.N. Armstrong, foreman, Johnnie Gallini, Mrs. Mary Wilma Miller, Ernest C. Cotton, Miss Paula Bell, Mrs. Wilbert Harms, Maudene Bryant, Mrs. Allen McDonough, Guadalupe Echevarria, Bobby L. Brantley, J.M. Brantley and Ollie White.

Three cases were settled out of court: Pauline McCall versus Community Life & Health In surance Company for attorney fee on insurance claim; L.E. Dodd and Dorothy Weaver Dodd versus Tom Conley and Mary Conley, personal loan, rent, recovery of specific personal property; and Severo Rodriguez versus The Home Indemnity Company, workman's compensation, settled

Three cases were passed for another court term.

Woman's Club Meets Wednesday Littlefield's Woman's Club

will meet Wednesday, Jan. 15, at 2 p.m. in the Flame Room of Pioneer Natural Gas Co. for a regular meeting.

H.C. Randall, vice president of Armes Chevrolet Co., and a civic leader, will serve as speaker for the program.

He will discuss plans for the proposed Lamb County Memorial Library. He serves as president of the Lamb County Memorial Library Corporation

Every club member is asked to bring a new book as a gift to the library.

Students On Honor List At Tech

Deans of the colleges at Texas Tech University have released their honor lists for the fall semester.

The academic colleges and schools at Texas Tech include Agricultural Sciences, Arts and

New Gold Rush

NEW YEAR'S DAY marked the first time in more than 40 years that U.S. citizens were able to purchase, own, or sell gold in forms other than collector's coins or jewelry.

And when the U.S. Treasury lifted federal restrictions on gold transactions and ownership state and federal agencies charged with consumer protection and securities regulation expect a rash of schemes aimed at defrauding unwary consumers.

OUR ATTORNEY GENERAL'S Consumer Protection Division and Insurance, Banking, and Securities Division lawyers are cooperating with the State Securities Board, the Securities and Exchange Commission, the Department of Justice, the Federal Trade Commission, the U.S. Postal Inspection Service, and other agencies to monitor areas of possible consumer fraud in this new field.

But consumers themselves must also be on guard if they are contemplating the purchase of gold or gold-related investments. So keep these tips in mind if you plan to join the Gold Rush of 1975:

*Remember that you don't earn interest on gold or gold-related stocksyou make money by selling at a higher price than you paid. Gold investing is speculating that you will be able to command that higher price. So always consider whether your personal finances and future needs will allow you to take the risks inherent in such speculation.

 Get advice from knowledgeable, trustworthy persons such as your banker, broker, or attorney about any investment in gold.

*Find out if the company you are dealing with is registered with the SEC, State Securities Board, or a recognized stock exchange. Try to make any pur-

chases through established local firms. *Be suspicious of any strangers who contact you by mail or telephone with

OBITUARIES

offeres to sell you gold or gold-related

*Take claims of spectacular profits with a grain of salt.

*Be wary of claims for investment opportunities in new, secret, or exotic gold extraction processes.

*Get guarantees in writing about the weight of gold in troy ounces and the fineness, or percentage of gold in the bar. It can be very profitable to "short weight" a purchaser by "shaving" a

*Get terms of purchase in writing, including information about when and how the gold will be delivered and stored, what security precautions will be taken to insure your gold isn't shaved or that counterfeit gold is not substituted.

*Try to find out the seller's mark-up, or how much it cost him to buy the gold, then compare it to the sale price he's quoting you.

'Make sure the gold you buy will be kept in your name wherever it is stored. Get a written receipt showing that the correct amount of gold is being stored in your name in a safe place.

IF YOU PLAN to keep gold at home (a risky undertaking), consider purchasing a safe or special container to safeguard your investment and increasing your insurance to cover possible losses.

*Reselling gold can be a problem for the average consumer. You should find out in advance if you will be able to sell it in the form in which you bought it. If you buy gold cast in certain countries resale can be difficult.

REMEMBER- in gold investing, as in any other field, new ways are continually being devised by unscrupulous persons to defraud unwary consumers. The best protection is always to investigate carefully before investing.

If you have a consumer problem involving gold, contact the Attorney General's Consumer Protection or In surance, Banking, and Securities Divisions or the State Securities Board.

Woman's View

By PEARL BRANDON

WEDNESDAY NIGHT, we watched the Ernie Ford program he gave in Russia on television

I was disappointed in the program, I felt it left the wrong impression with the Russian people on the way America lives. He sang, "Sixteen Tons" and that old cotton picking song about "them old cotton fields back home." Nobody picks cotton now-that went out with the machines years ago.

EVEN THE WORST conditions of the miners in this country are better than those described in "Sixteen Tons.

I am sure this program went over well with the Russians, as it gave the picture of an oppressed people.

He could have sung such songs as "They don't make them like my daddy any more", which is about a miner, or "Daddy sang Bass", or even "An Oakie from Muskogee". These are songs of the common American people, but they are family songs of real American people. They are also country songs as he was supposed to depict.

I LIKE Ernie Ford's music. In fact he is one of my favorite Gospel singers. The Russians probably wouldn't have allowed him to sing Christian songs.

Even with all our problems in this nation, it is still the best place on earth to live. We hear a lot about "Big Brother", and "Uncle Sam", but we have dedicated men giving their entire lives trying to guide our "Ship of State"

through these stormy waters and if any nation makes it through without too much damage, ours will.

WE HEAR a lot of predictions and prophecy now about the end of time, or end of the age, as some prefer to call it, being near-Ernie Ford as a song out "Come on down, Lord."

He is saying come on down Lord, help solve our problems-help feed the hungry and heal the sick.

I AM NOT saying our nation is perfect or it's people are all good, but neither was David, and he was the greatest of

Maybe it is through our own wonderful country that God will bring about peace on earth. We help more under-privileged and afflicted peoples everywhere than in any other nation in the world.

I heard a man say recently that if the restrictions on immigration were lifted, we would have so many people converging on us that this nation would be completely covered in a very short time.

GOD HELPED us build this nation and He will continue to see us through. All of us need to humble ourselves and pray more and He will show us the way.

I don't want to be too hard on Ernie Ford. I admire him very much and think he is a good Christian man, but I think he could have out a show together that would have represented us better in a country like Russia.

Lamb County Farmers Eligible For Benefits

Farmers in Lamb County are eligible for increased benefits under the All-Risk Federal Crop Insurance programs on grain sorghum and cotton for the 1975

Slates Meeting

will meet in the High School lunchroom at 7:30 p.m. Monday, Jan. 13. Scheduled on the agenda will be:

2. A discussion of the financial statement;

3. A discussion of school personnel; 4. A report on the Textbook Committee:

5. A report on the new central office;

dress system for Elementary I.

Letters to the Editor are welcomed on any subject. All letters submitted are subject to editing and are accepted on this basis only. Opinions and statements of facts expressed in the letters are those of the writer, and the publication of letters does not necessarily indicate agreement disagreement on the part of the Leader-News. The right to reply to a letter is always open to the readers of this column. Letters must be signed, however names may be withheld at the writer's request.

Norman Fisher and Cecil Overstreet, field representatives from the District Office at Lubbock, said today that in sured farmers are now able to value their guarnateed production under the FCIC programs at a 17-40 percent higher level than a year ago depending upon which crop is insured.

The highest increase is in the cotton program where the price paid for losses was raised to 35 cents a pound from a previous high of 25 cents (or 28 cents, for some counties). Increases have been made in the grain sorghum program with prices up to \$2.50 a hundredweight from \$2 a year ago. "These changes have been made to

help insurance coverage keep pace with rising farm production expenses in the past two years," Fisher and Overstreet

As production-including fertilizer, seed, labor, chemicals and machinery—continue to increase at a rapid pace, it is more necessary than ever for Lamb County farmers to protect against crop destruction hazards beyond their control. This is especially true if borrowed money is at stake, they

Fisher and Overstreet will be in the county for a limited time advising farmers of the FCIC program changes for 1975 and taking applications from those interested in participating in the U.S. Department of Agriculture volunteer program.

During the 1974 growing season more than 12,000 farm units were insured in Texas, Oklahoma and New Mexico with Federal Crop Insurance protecting \$47.5 million worth of growing crops on nearly one million acres.

Fisher and Overstreet may be contacted through the FCIC District Office, 1205 Texas Avenue, Room 214, Lubbock, Texas, 79401, telephone 806-762-7627, or by contacting the local ASCS office.

MR. AND MRS. Steve Bryant and Tamara of Lubbock visited with the Driscal Bryant's and Willie Bryant Sunday

FRED SMITH'S father in Brownfield is some improved at this writing.

MR. AND MRS. Sam England and Heath went to Ardmore, Okla. to visit her parents, Mr. and Mrs. Walter Brown and his mother, Ruby England of Burkburnett. They

also went to Dallas for a second honeymoon.

E.E. Pair's were Sammy Pair THE WHITHARRAL Lions met Thursday, Jan. 2, for a chicken fried steak supper. Donna, of Least Mr. and Mn. Cheryl, Darm Gano Tubbs, Hockley County Judge, was the guest speaker. Christie of Azie Those attending were H.G. Walden, Jimmy Hisaw, Robert Jackie Level Avery, Dale Hewitt, Marion Polk, T.C. Wade, Wylie Kay, Ed Johnson, J.E. Wade, Coy Grant, Bobby Grant, and Danny Grant. THE HIGH SCHOOL

basketball teams participated in the tournament at the South Plains College Deme over the weekend. Thursday the girls lost Anton, and Friday they lost to Bledsoe. Thursday the boys lost to Smyer and on Friday they lost to Whiteface. Among those from Whitharral who attended were Mr. and Mrs. T.C. Wade, Mr. and Mrs. Bobby Grant, Mr. and Mrs. Don Avery, Mr. and Mrs. B.E. Hayes, Mr. and Mrs. Raymond Clevenger, Mr. and Mrs. Jimmy Hisaw, Mr. and Mrs. J.E. Wade, Mr. and Mrs. D.L. Bryant, Mr. and Mrs. Ray Benton, Mr. and Mrs. Wylie Kay, Mr. and Mrs. Danny Chronister and Jamie, Fredda Kristinek and children, Sandy Mills and children, Anna Miller and children, Terri Howard, Joli Grant, Jackie and Mark Bryant, Bud Reding and Gordon Dockery.

THE HIGH SCHOOL boys' team members are Mike Grant, Greg Wade, and Danny Dukatnik, seniors; Danny Barrera, Leslie Dockery, Joey Clevenger, Robert Cirilo, Randy Robinson, Ronnie Robinson, Bob Ed Tapp, and Johnny Taylor, juniors; Walter Kristinek and Bobby Avery sophmores; and Brent Gage, John Dukatnik and Mitchell Grant, freshmen.

THE HIGH SCHOOL girls' team members are Cynthia Wade and Donna Avery, seniors; Cindy Doshier, junior; Rhonda Bryant, Cheri Hisaw, Jody Doshier, Brenda Polk, Lana Dukatnik, and Mary Perez, sophomores; Kim White, Billie Dockery, Stacy Benton and Carolyn Benton, freshmen. The coach for both tems is Jerry Miller

ROBERT HODGES Brownfield has been visiting his daughter, Thelma Overman.

VISITING with Thelma Overman Sunday were Robert Hodges, Mr. and Mrs. Robert Hodges and Ronnie Hodges and Melonia Mills of Brownfield, Mr. and Mrs. Ray Aley and Lisa, Mr. and Mrs. Robby Shreiner, Janet and Julie, Danny Aley of Odessa, Mr. and Mrs. Rufus Hodges and Ann of Midland, Mr. and Mrs. Leslie Patterson and family of Lubbock, Mr. and Mrs. Terry Hodges of Canyon and Mr. and Mrs. Don Overman, DeAnn and Brandon of Levelland.

THE CUB SCOUTS met Jan. 7 after school. Those attending were Bart Harlan, Brad Staf ford, Kim Grant, Ronnie Miller and Jay Farabee. They made paper airplanes. The theme for this month is "Space Adventure"

MR. AND MRS. Ken Harlan and Bart went to Fort Worth and Huston over the holidays.

THE HOME DEMON STRATION Club met Tuesday, Jan. 7, in the home of Elsie Avery. Roll call was answered with a favorite Senior Citizen. Violet Blakely was in charge of a business meeting. Mrs. Jimmy Payne, program director of Senior Citizens of Hockley County, gave a program on ways to grow old gracefully. Those present were Lillie Thetford, iva Pair, Vera Rodgers, Lena Davis, Violet Blakely, Opal Mixon, Eunise Wade, Alma Kilgore, Carrie Eller, Jo Waters, Nancy Hagan, Elsie Avery and Lois Avery. Nancy Hagan is a new member of the club. The next meeting will at Iva Pair's Jan. 21. The program will be presented by Linda Linch on flowers to grow year around

THE JUNIOR HIGH girls' and boys' basketball teams played Threeway Monday night. Both boys and girls won.

THE HIGH SCHOOL basketball teams played Bledsoe Tuesday night. The girls lost 35 to 38 and the boys lost 46 to 63. Those attending were Mr. and Mrs. Jimmy Hisaw, Erna Mae Wade, Driscal and Jackie Bryant, and Vickie Procter.

MR. AND MRS. KENNETH Polk, Sheila and Kendra of Carrollton spent Christmas and New Year's holiday's with the B.E. Hayes and Ott Polk's.
MR. AND MRS. Danny

Chronister spent Christmas with Mr. and Mrs. Jack Chronister and Jackie. Also were Mr. and Mrs. David Chronister, Kathy and Kim of Denver, Colorado, Mrs. Odessie Cary and Charlie Hemphill

VISITING with the J.L. Burnetts were their children and grandchildren. The Jerry Burnett's of Brownfield, the Roland Burnett's of Weather ford, the John Paul Jones of Olton, the Marvin Burnett's and the Jim Lewis's.

Skilled Craftsmen... Modern Methods... Precision Machines

The molding and curing of tires is just the final step in their manufacture. And we make that final step precise with close tolerance automation. Tire assembly takes modern machines, too, plus the skill of tire builders who take pride in perfection. All along the line, our tires get the best that our experience and modern machines can give them. And they're checked step by step to be sure. So when you choose Duralon you're making a smart choice. Another smart thing to do is come in and talk tires

soft edge. You'll feel it.

Polyester cord won't flat spot. So there's none of that annoy-

ing thump, thump on cold mornings - just a smooth ride

from the first turn of the wheel, on. Yet polyester is a tough

cord. And in this four ply bias body construction it gives you

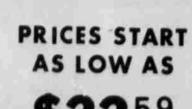

rugged protection against chuckholes, road litter and other

hazards. Sure, we sell other Duralon tires with other cord

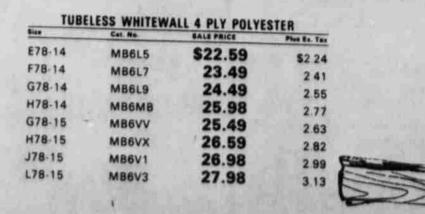

materials. They're great tires, too. But when it comes to

smooth riding, our DS Premium polyester definitely has the

Harwell said businesses are becoming "extremely cautious" and wary of risk.
AG OPINIONS-The Board of Examiners in Basic Sciences may close part of a meeting while discussing confidential information about an applicant, Atty. Gen. John Hill said.

In a related opinion, Hill said the same agency can withhold from public disclosure records concerning a matter in litigation.

In other recent opinions, Hill concluded:

·Jefferson County commissioners cannot ratify a contract for \$900 worth of building supplies and labor made improperly by an individual

· Alcoholic Beverage Commission should limit information it makes public about private club licensing to the name of the applicant, location of the club and type license sought or held.

·Houston Independent School District may appoint a tax assessor-collector other than the City of Houston assessor-collector.

·A member of an architectural firm employed by a university may serve as a teacher there.

·School athletic trainers must be certified by the state board governing their activities. Coaches and athletic trainers are authorized to use diathermy and ultrasound in rehabilitation and treatment of athletes.

.Information including reports, audits, evaluations and investigations of nursing and convalescent homes by the State Department of Health is public to the extent it can be released without identifying individuals or institu-

State Health Department.

Public health facilities through

For those who were in need of hospitalization, the Health Facilities Construction Section channeled loans and grants into local facilities. These funds went to 35 additional hospitals and other health care facilities. In addition, assistance was given approximately 50 others with construction already underway.

To ensure compliance with regulations, the Hospital Licensing Porgram made 601 hospital surveys and reviewed plans for more than 14,000 new hospital beds and 54 new hospitals.

Personal services were extended by the State Health Department ot residents throughout Texas. More than 186,000 children benefitted from medical and dental screenings and treatment. Some 12.857 children were aided through hospitalization, medical or surgical care, artificial appliances and other services through the Crippled Children Services.

Maternal and Child Health services went to more than 65,000 children and an additional 31,000 maternity and 86,000 family planning patients.

Through the Chronic Disease Division screening program, diabetes tests were provided for more than 22,000 potential diabetics. Control tests were made for 3,474 known diabetics. Your health budget funded three chest hospitals, a network of chest clinics and numerous service contracts for the diagnosis and treatment of tuberculosis and other lung diseases

The Kidney Health Care Division is overseeing payments of overwhelming medical expenses for more than a thousand Texans. Public health nurses took their care to more than 700,000 persons, and thousands of mothers and children are benefitting from better nutrition through the WIC (Women, In

fants and Children) Program. Educational efforts were carried to every section of the state through the Public Health Education Dvision's film and literature section and through mass media. And, almost a million persons viewed films and exhibits dealing with smoking and health and the rheumatic heart disease. The prophylactic program continued to provide special care.

Confidential venereal disease treatment was provided for 115,272 Texans during 1974. Preventive measures provided

by the State Health Department have reduced infectious syphilis approximately six per cent in 1974 and screened one of every five women of child-bearing age for gonorrhea. This screening program found and treated 28,000 women for gonorrhea who had no symptoms of disease. Cooperation by the state's news media and school districts enabled TSDH to inform at least five million Texans- including our high-risk youth- about incidence, prevention, symptoms and treatment facilities.

The state's working people benefitted by more than 6,000 safety inspections conducted by Occupational Safety representatives. Better emergency medical care was assured through training of 1,999 ambulance attendants by the Emergency Medical Services Division. In addition, 602 ambulances were inspected and

licensed. Dental education workshops were conducted for 901 teachers and other school personnel serving 19,698 children, and awareness programs will be carried to 2 1/2 million children in the next biennium.

In the field of environment health, water supply and wastewater programs were extended. For safe drinking water you paid for laboratory analyses of 257,000 water samples, plus reviews of plans for construction and additions to water and sewage plants. More than 1,400 inspections were made of existing plants, and examinations were given operators of these plants to assure proficiency of the operators.

Surveillance of all radiation devices- such as those used by physicians and dentists- was made during the year. The General Sanitation Division operated in such fields as youth camps, day care centers, migrant labor camps and jails, as well as other public health

Public health is being extended to Texans through the 68 local health departments, which cover 81 per cent of the population, as well as six public health regions operating throughout 145 counties. Your tax dollars are making all these health services available.

The streams and lakes in Texas are monitored regularly. During the year 521 bacteriological samples were collected from Texas streams and lakes for laboratory evaluations of water quality.

SPAG Board Sets Meeting

The executive committee of the South Plains Association of Governments will meet at 9:30 a.m. Tuesday, Jan. 21, instead of Tuesday, jan. 14, as was previously announced

The committee will meet in the Southwestern Public Service Co. Reddy Room in Monterey Center in Lubbock, and the SPAG board of directors will meet at 1:30 p.m. that day at the same location.

The executive committee will have a "work session" on 16 items of business that appear on the agenda.

Senior Citizens Offered Studies Free Of Charge

The door to a junior college education will open to area senior citizens free of charge beginning Jan. 14, at Amarillo College.

Nearly all of the college's credit courses will be offered to area citizens 55 years and older on an audit basis. The only charge is for purchase of text books or in courses where facilities other than those of the college are used.

Laboratory classes will be available where the enrollment limit is not filled.

Registration will be conducted from 8 a.m. to 5 p.m. through Jan. 21 on the Washington Street campus in Amarillo.

Since the free courses are offered only on a non-credit basis, there are no scholastic requirements. If the courses are taken for credit, the regular fees and scholastic requirements are

NGTON STATION, Southwestern Public Service Company's first coal-fired ing station, northeast of Amarillo, is scheduled for completion in mid-1976. The new kilowaft generating facility is a part of the \$345-million expansion and improvement projected for SPS over the next 5 years. The investment for 1975, \$62.4-million, will rgest annual amount ever budgeted for SPS, but the record will be short-lived, as the dbudget for 1979 will exceed \$77-million. (SPS Photo)

will be on obtaining information of the census report form is income tax return, persons about farms and ranches with being mailed to the over one listed with other Federal sales of \$2,500 or more annually. million addresses estimated to Such operations accounted for 98 have had both farm receipts and agricultural operations, and percent of the total value of all expenses of less than \$2,000 in agricultural products sold in 1973. All other addresses are receiving the standard form.

The 1974 Census of Agriculture Enonomic Statistics Ad- operations. Primary emphasis processing costs, a short version Schedule F of the 1973 individual those reporting large or unusual ment of Commerce's Social and tained in 1979 for 1969 small farmers and to reduce list of: persons who filled out vations, etc.). This combined list of addressees forms a pool of potential respondents in the census. The final total of farms counted is expected to be well under three million, as it was in

Also, for the first time, the

Recipients of census report

The United States took its first

The five-year censuses are the only source of statistics on agriculture that are comparable county by county for the entire nation. They are the sole source of comprehensive agricultural data tabulated for each State and for the U.S. as a whole for farms classified by size, tenure, type of organization, market value of products sold, and type of farm organization.

the '74 census was based on needs expressed by users of agriculture census data, experience gained in earlier censuses, results of a January recommendations of the Census dvisory Committee

Response to the census is required by law (Title 13, United States Code). By the same law, information furnished on report

A new kind of report form is

being used in the 1974 farm census in order to reduce costs. The report form, instruction sheet, and return envelope have been printed and addressed in a single operation, thus eliminating separate printing, assembling, stuffing, and the attaching of the printed address labels. It is the first time that this type of operation has been used in a Federal census.

forms are being mailed out at the third class bulk rate to reduce postage cost. The return envelope containing the farm operator's completed report carries first class postage to protect the confidentiality of the information reported.

Completed forms are to be mailed back as soon as possible. Census by mail allows operators to fill out their reports at their convenience and use their farm business records. Estimates are acceptable and should be reported in the absence of

forms are cautioned not to discard them. Follow-up mailings costing additional postage will be required until all forms are received. Even is the recipient is not farming, the form should be returned with that fact noted.

Census of Agriculture in 1840. Until 1920 they were taken every ten years; since then, there has been one every five years, recently covering years ending in "4" and "9."

The selection of questions in Agriculture Statistics.

NEW OFFICERS for the Lamb County Sheriffs Posse are seated left to right; son, secretary; Kathy Kelly, queen; Marilyn Reeves, treasurer; standing and president; Roy Lackey, parade marshall; Linda Kay Hodge, local reporter; he well, alternate secretary; Monte Phillips, vice-president; Mark Suitt, area in shown is Pete Peterman, national reporter. TSTA Seeking \$10,000 Beginning

The Texas State Teachers Association legislative committee in Austin has voted to ask the Texas Legislature for a \$10,000 beginning salary for Texas teachers effective in September 1975.

Mrs. Carolyn Harrell of Gonzales, chairman of the TSTA legislative committee, cited research figures indicating that the proposed schedule would provide an average salary of \$13,865 in 1975-76, which would put Texas teachers above the national average.

Texas teachers ranked 37th in the nation in average pay last year, with a current \$6,600 starting salary on the state minimum schedule. The average Texas teacher's salary last year was \$8,967. This was \$1,760 below the national average.

Joint state-local cost of the new salary proposal was unofficially estimated to be \$1.7 billion for the next two-year

The TSTA panel previously had adopted a salary package with an \$8,200 starting salary, but many teachers felt that was not enough. The TSTA Executive Committee last month asked the legislative committee to reconsider the earlier plan. The committee action came in an all-day meeting in Austin on Friday.

Salary is just one part of a major bill TSTA will submit to the Legislature this month to update the public school program and revise Texas public school finance.

This measure proposes, among other things, statefinanced compensatory education for educationally disaadvantaged children; funds for reduction of class sizes; more specialized education personnel such as librarians and counselors; and increased state aid for transportation and maintenance and operation of

The TSTA bill would not mean greatly increased employment of teaching personnel. It simply would provide state aid to school districts which already provide such personnel at their own local tax expense, and it would also provide those personnel to districts which cannot afford them at present

Mrs. Harrell said the TSTA plan, in most cases, would not require a local property tax increase

Total cost of the bill, including salary, was unofficially pegged at \$2.7 billion for the next

The 10-step salary proposal includes yearly increments of six percent, enabling a teacher with a bachelor's degree to reach \$16,000 at the top of the schedule. A master's degree teacher would start at \$11,000 and reach \$17,600 at the top of the schedule. Local districts could still supplement the minimum program, as some

A cost-of-living factor beginning in 1976 would keep Texas teacher salaries in step with inflation

The present teacher salary schedule in Texas is: Bachelor's degree, \$6,600 to \$9,910 in 10 steps; master's degree, \$7,200 to \$11,380 in 10 steps.

Local districts would share in the cost of the program and finance system much as they do now. The TSTA proposal does call for committment of local funds to help pay for the expanded program, but con-siderably less than total local district taxes now raise and less than most other new proposals would require.

It was estimated that local school districts raised \$1 billion in property taxes last year on an average maintenance and

operation tax rate of 62 cents. The TSTA proposal—prior to the 1975-76 and a 40-cent new salary plan—would have 77.

value of local prope proposal increases cent tax rate re

ENERGY EFFICIENT...

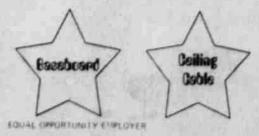

We call the heat pump a "Bright Star" because although the idea has been around for some time now . . . there's a lot more interest in saving energy than ever before , . . people want to save energy, but they don't have to give up their comfort. With the heat pump, you don't have to give up anything. The heat

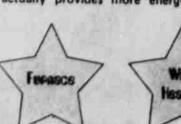

pump makes wise use of energy because it uses otherwise wasted heat and electricity to heat and cool your home. Electric heat, in any form, is a wise use of precious energy and the heat pump is today's star of the system . . . more than 100% efficient at the point of use actually provides more energy than it

uses. Call us this week for a free electric heat cost survey of your home . . . and ask about the heat pump!

The Future Is Electric!

and physician's offices. JOELLA LOVVORN visited in and Mr. and Mrs. Kenny

Wildcats Lose To Abernathy

their last non-district game of the season Friday night in their last outing before district play begins against Friona Jan. 17. Abernathy defeated the 'Cats,

Rayford Green and Narva Simington tied for high point honors for Littlefield by scoring 9 points each. David Davis and Ralph Mendez had six points each while Rickye Parker had four, Lonnie Twitty 2 and Marian Brewster 1.

Littlefield's girls also went down in defeat by the score of 49-

Monica Phillips scored 18 points while Rhonda Hollingshead scored 8. Pennie Sexton added 5 while Debbie Birkelbach and Carla Price had 2 points each.

Seventh Grade **Defeats Olton**

In boy's junior high action Thursday night, the seventh grade defeated Olton 31-17, the eighth grade lost to Levelland 69-49 and the ninth grade lost to IVY the Loboes by the score of 93-61.

Stevie Jackson led the seventh with 7 points while Greg Scott and Pablo Trevino had 6 points each. Ricky Henson and Jimmy Clayton tossed in 4 each while Mark Yarbrough and David

Jones scored 2 points apiece. Rudolph Smith led the eighth grade with 21 big points while Keith McCain had 8, Larry Heller 5, Jeff Lust 4, Dennis Jackson 2, Brent Jones 6, Eddie Elms 3 and Eric Gilliam 2.

Stan Jackson and Kevin Gardner had 19 points apiece in HI POINT the freshmen game while Bret Middlebrooks had 12. Richard Devilla had 6 while Terry Foley tossed in 5. David Goen and James Kemp had one point

SPADE 99 SUDAN 59

Spade missed the century mark by a single point, but it posted a District 5-B decision over Sudan. The 99-59 victory ran Spade's record to 4-0, and

Sudan fell to 3-1 Friday night. Gaylon Reed scored 32 points, Tommy Batson 22 and Chuck Mills 10 for the winners. D.T. Williams led Sudan with 12 points.

Sudan girls pulled out a 45-44 verdict in overtime. Pam Ray led the winners with 23 points, and Vivian Thompson posted 27 of Spade's points.

AMHERST 64 COTTON CENTER 59

Amherst pulled its district record to 2-3 with a 64-59 overtime win over Cotton Center, now 1-4. Ray Holley led the winners with 14 points, but Ardis

Davis canned a Center. Amhent go as Tonya Beardes points. Susie Black Cotton Center
