

Sorley-Kelley Vows Pledged In Olton

OLTON--A candlelight ceremony united Miss Dona Lynn Sorley and Gary Lee Kelley in marriage Sunday afternoon, Jan. 30, at the home of her parents, Mr. and Mrs. Archie Sorley of Olton.

The bride's uncle, Rev. H. E. Sorley, officiated for the reading of the double ring vows.

He is director of Wesley Foundation in Lubbock. Gary is the son of Mr. and Mrs. Bill Kelley of Olton.

Given in marriage by her father, the bride wore a formal gown of white crepe featuring a jeweled neckline, long sleeves that gathered at the wrists, and a short train. Her slightly

gathered A-line skirt was designed with a white satin ribbon at the waistline and adorned at the back with a bow, and streamers that fell to the floor. The net illusion veil was caught to a flowered headpiece. The bride's gown was designed by her mother. She carried a cascade of white daisies, blue baby's breath and white ribbon streamers.

Sunya Sorley, sister of the bride, attended as maid of honor. Bridesmaid was Vicki Kelley, sister of the groom. The attendants were attired in formal light blue crepe gowns designed with jeweled necklines, high waists, and short puffed sleeves. The gowns were trimmed with lace and flower braid.

Candlelighters were Cynthia Sorley, sister of the bride, and Brad Kelley, brother of the

groom, both of Olton.

The bride's mother wore a crepe ensemble designed with long sleeves buttoned at the cuffs, a mustard colored suede-cloth gathered skirt, and a brown bodice with top stitching. A gold buckle and buttons accented her attire.

Lynn Gullett of Olton served as best man. Groomsman was Gary Durham.

Piano selections were provided by Mrs. Kenneth Burgess of Olton.

A reception followed the ceremony. The serving table was covered with white satin, and crystal and silver table appointments were used in serving the cake and punch by Teresa Wilks and Brenda Leathers, both of Olton.

For a wedding trip to Santa Fe, N. M., the bride wore a blue knit dress, trimmed in navy, with navy accessories.

The couple will live at Olton.

The bride attended Olton High School, and the groom is a graduate of Olton High School, and attended Texas Tech in Lubbock.

Do you really want your brother-in-law to know how much you earned last year?

Of course not. It's nobody's business but your own.

However, annually millions of taxpayers bear this kind of personal information to people who really shouldn't know. For what? Just so they can save a few dollars doing their income tax.

That's some price to pay.

You see, for only a few dollars more than it costs to do it with any amateur who might not know that work clothes in some instances are deductible, or that more than your relatives income averaging might save tax dollars, you can have your tax return done by a specially trained member of the H & R Block team with complete confidentiality. There are thousands of them in over 6,000 conveniently located offices. H & R Block's fees start at \$5 and the average cost was under \$12.50 for the 7 million families we served last year.

Furthermore, if your return is audited we will accompany you, at no extra cost, to the Internal Revenue Service and explain how your return was prepared, even though we will not act as your legal representative.

This means that H & R Block is ready to offer you year 'round tax service for just one low fee a year, with no extra charge for audits and estimates.

Yes, we cost a little bit more than your relatives or friends or neighbors but when you think of what we deliver, you can't afford anything less than H & R Block.

DON'T LET AN AMATEUR DO H&R BLOCK'S JOB.

Supper Honors Mrs. Gabehart

SPRINGLAKE -- Mrs. Mellie V. Gabehart of the Circle community, was honored Tuesday evening with a surprise birthday supper, in the home of Mr. and Mrs. W. B. Lawson of Olton.

The white sheet cake was decorated with pink and white candles, and "Happy Birthday Mellie" in pink lettering.

Among the gifts presented were one dozen red roses, sent by her daughter, Mrs. Jack Reed of Kerrville.

Present at the dinner were the honoree; her son and his wife, Mr. and Mrs. Ray Gabehart; another son and family, Mr. and Mrs. Albert Gabehart, and Dale, and friends, Mr. and Mrs. A. W. Kersh, Mr. and Mrs. J. A. Welch and Mr. and Mrs. Lawson.

Mrs. Gabehart was born Mellie V. Sanders, Jan. 26, 1883, at Buckhorn Indian Territory, near the present site of Sulphur, Okla.

Mellie and H. J. Gabehart were married Nov. 16, 1905, at Wewoka, Okla. They moved in December of 1947 from Binger, Okla. to their present home site.

Gabehart died October, 1960. Mrs. Gabehart maintains her own home, does her cooking and all her house work, with the

exception of occasional services of a cleaning woman. She visits out of state relatives and makes frequent trips to Lubbock.

She has two daughters, Mrs. Chester O'Brian of Anadarko, Okla. and Mrs. Reed.

Her three sons are Fred Gabehart of Binger, Okla., and Ray and Albert. One son, George, was killed in 1953 by a farm accident near the family home.

She has eight grandchildren and 13 great-grandchildren.

She is the sole survivor of a family, which had eight children.

DEAR EDITOR

What Our Readers Think

A Tribute

Dear Editor:
I am sending this note in the memory of a marvelous person, Mrs. Thomas Duke. When I read the Leader-News and saw the picture of Mrs. Duke who had just passed away, it took me back so many years. In a way, she was one of those unsung heroes we often read about.
My husband, the late Duke Altman and I were the parents of six children, and Mrs. Duke was the first person to hold them and take care of them, with the exception of our oldest who was born at Post.
Mrs. Duke always came with the doctor when we needed him, and each delivery

has a sweet memory for me.
I visited Mrs. Duke several times after she went to live at the Hospitality House. She chatted about the days gone by, and she remembered the name of each one of our children. I was surprised at her keen memory.
We loved her and I told her so, and she seemed so glad I had taken the time to come to visit her. It seemed a small thing to do in view of the many things she had done for us. To us she was a wonderful person and a true pioneer nurse.

Problems

Dear Editor:
What does the school think they are doing, bemoaning the young men about their hair?
For me, it doesn't look much worse than the girls like they wear theirs.
I think the boys or girls hair looks ok if kept clean and well out of their face. Some said parents say to their boys, go ahead, wear your hair like you want and they would see that they got by with it.
But what about the way girls dress? I think long hair for boys looks better than dresses 6 inches above the knee looks on girls.
And if a girl comes in and says she's been handled by a boy, what would parents say? I don't think they would like it.
But the boy might think "the way she was dressed, I did not think she cared."
I think there should be some changes in

the way a girl dresses as well as the way a boy wears his hair. Boys mostly go fully dressed, but can we say that about girls? I say it's against girls' health as well as morals.
The Bible speaks of anti-Christ. It seems to me the old Devil's really getting more in control all the time.
There's already been men that claimed to be Christ. And if things go on like they are, we'll soon have anti-Christ in our old world if we've not already got them.
I pray daily for our young people. So many are not living right. I hope and pray they wake up to the fact that they need Jesus more than anything in the world.
I'd like to say a word about our President. When he speaks on tv, he's always so calm. He doesn't resent, antagonize or bemean anyone.

Anniversary

THE ANNIVERSARY of the founding of the Boy Scouts of America falls on Tuesday, Feb. 8, and this February the Scouting organization will be 62 years young.

The nation has good reason to cherish its Boy Scouts as never before. As they pursue their anniversary observation, adults will be reminded that such things as self-reliance and good citizenship remain very much in vogue where it counts most — amidst a major segment of the youth into whose hands the reins of community leadership and business will fall a few years hence.

ONE OF THE MOST important aspects of Scouting is an appreciation of the outdoors and of learning to live with the most rudimentary tools of survival.

Under the patient guidance of volunteer Scout leaders, young boys from every walk of life come to that amphitheater of nature where all are equal — the Boy Scout camp.

THEY RETURN a little wiser, a little more humble and with a little more understanding of the great land in which they are privileged to live.

The entire nation benefits from the Scouting experience, thus the entire nation should extend best wishes to the Scouts on their 62nd birthday.

HOMINY GRITS

By CORNBALL BLEVINS

YEP, 'T WAS PRETTY chilly on the South Plains this past week. But shux, just like everything else, it don't measure up to the way it was in the good ol' days.
Now, back then, when it got cold, it didn't fool around! When one of them blue northers hit, you'd better be inside with a roarin' fire goin'!

A NEIGHBOR OF OURS tells of the time he had to go milk the cows during one of those things. He was all cozed-up behind a four-wire fence, doin' this little chore.

Says every time he'd try to squeeze a stream of milk into his pail, it'd freeze on the way down and the icicle'd knock a hole in the bottom of the bucket!

GIVIN' UP in disgust, he finally set the bucket aside, squirted the milk across his arm and carried it in the house like stovewood!

Another fellow allowed as how he'd had one deuce of a time gettin' his cows loose from the water trough. Said about six of his cows were there with their noses in the water when that norther hit. Froze up so quick, the cows didn't have time to get their noses outta' the water.

Said he'd spent the day cuttin' the ice around his cows' noses and takin' them in the house to melt it off!

THEN, MY BUD had to tell of the incident that happened at our house. He was sittin' by the fire, engrossed in a Billy West tale. He'd forgotten to mind the fire and consequently it died out.

When he finally come to the realization that he was literally freezin' to death, he had to do a few exercises before he could even get out of the chair! Quickly, he dressed for bed and attempted to blow out the kerosene lamp.

TO HIS SURPRISE, he found that he couldn't blow out the flame. — Finally, takin' the globe from the lamp and, further investigating, he found that the puny flame had frozen to the wick!

Thereupon, he walked to the door and flicked the flame off the wick, and out into the yard. When it hit the ground it broke up into small fragments.

THE FOLLOWIN' MORNIN': an ol' red hen came along and thinkin' the flame was yellow corn she proceeded to eat the whole bit. — She laid hard-boiled eggs for two weeks!

Now I can't testify to the facts of this incident. — I'd already gone to bed and to sleep before it took place. Neither did I get any of the eggs, but, I DO KNOW that we had an old red hen, and I also have confidence in my brother!

THE ABUNDANT LIFE

The Long Haul

By BOB WEAR

THE PRESENT is important, and we must never forget how very important it is. We must also be diligent in seeing the present as it is related to the future. There is a very real sense in which our future is in our present.

We must neither be so concerned with the future that we neglect the present, nor so absorbed with the present that we behave as if there is no tomorrow.

WE MUST LIVE in the present, and act in the present so as to make the best of it; and we must manage the present with a wise view of and regard for the "the long haul."

We often hear the people who do the distressful and destructive things of the present described as "people who live as if there is no tomorrow." Then, there are many persons who make the present almost intolerable by their excessive anxiety about the future. Neither group will do well in "the long haul."

MUCH OF THE UTTER foolishness of human behavior is excused on the basis that no one knows whether there will be any future.
It is true that no one knows what or how much the future in time will be; nevertheless, it is most unwise to ignore the possibility that we may have more living to do than just the living we do this day.

LIVING WILL BE increasingly difficult for the people who refuse to manage

themselves and their time with a sensible view and understanding of "the long haul."

There is a very real sense in which our present and our future are tied together. What shall we do?

WE MUST MAKE the best use of the present. This requires a well-disciplined, wisely managed and highly constructive manner of life.

Our future in time, whatever it may be, much or little, will present challenges, and opportunities, and responsibilities. How are we going to cope with these? Most of the answer is in the present.

IN LARGE MEASURE, we decide now how we are going to cope with the future. We must not deceive ourselves by assuming the attitude that we have nothing to do with our future lot. We have almost everything to do with it.
"We will cross that bridge when we get to it" is a practical attitude, and is the only sensible attitude for us to assume about many things. We must remember, however, that we will not cross any bridges unless we are prepared to do so. This realization brings us back to the present and its importance in view of "the long haul."

THE SENSIBLE THINGS we do each day; the wise choices we make as we move along; and the good management of all facets of living now will fashion a better present and prepare us for a better future.

Honors Given To FHA

FHA girls for the months of September through December were named during a recent meeting of the Littlefield Junior Chapter of FHA.
Points are given and totaled for each girl every month for doing various jobs in their organization. The girl with the most points is then named "girl of the month."
Carla Sanders received "girl of the month" honors for September. Points were given to her for attending meetings, and serving as hostess.
Flea Market, bake sales and helping with the Halloween carnival, all helped Tonie Gardner receive the honor of the month of October.
Cena Stowers was "girl of the month" for November. She helped with bake sales, by baking cookies and working at the sales.
Janice Johnson and Shebra Johnson tied for "girl of the month" for December. They both were named for attending meetings and being hostess.
Runners-up for the months that follow are: Janice Johnson and Linda Sanderson, tied for September; Anita Garcia, October; and Tonie Gardner, November.

THROUGH FAITHFULNESS to their organization, attending meetings and doing various jobs, these girls were named "girl of the month" in Littlefield's Junior Chapter of FHA, recently, for the months of September through December. The girl having the most points for

doing her part in FHA is named "girl of the month." Shown left to right are: Carla Sanders, for the month of September; Tonie Gardner, October; Cena Stowers, November; Shebra Johnson and Janice Johnson, for December.

Gas Price War Enters 3rd Week

A war is raging in Littlefield, the likes of which hasn't been seen since WWII. The battle is a gas war with regular gas selling as low as 18.9 a gallon and premium for as little as 23.9.

Lowering of prices has been going on for more than two weeks, and service station owners and operators say they don't know when it will end.

"Independents" are blamed for the outbreak. "We didn't start it," said one independent dealer who is accused of inciting the war.

Some operators blame another independent station for inciting the price riot. When a station opened in a former business location on the Clovis Highway, a sign was put out displaying premium gas for 20.9. As soon as the operator realized his mistake the price was changed to say regular sold for that amount. Other stations had already started cutting their...

prices by that time, however, and the war was on.

At least one major oil company is on a very competitive basis with the independents, and every station in Littlefield is selling gas at a much cheaper rate now than before the war started.

For those who don't mind filling their own tank, the price at one self-serve station is 19.9 and 25.9. At another independent, prices showed 19.9 and 24.9 on Thursday.

Motorists could get their windshields washed and gas up on regular for 23.9 and 25.9 and 32.9 at some regular stations this week. Premium octanes ran from 29.9 to the regular price of 36.9 at other service stations. One operator said the price war was the longest running one he remembered in five to 10 years.

Everywhere operators hope the war will end soon, and motorists are hoping the peace talks bog down.

Attendants say octane is the thing to...

REGULAR 18.9 PREMIUM 23.9

consider. The lowest octane gas sold at some of the major oil companies is higher than the octane of gas sold as ethyl at some independent operations, major distributors say.

Oil companies are taking most of the loss in the price cut. Companies behind the smaller stations are paying a bigger part of the support price than are the major companies.

Officials for some of the major companies said they are afraid of law suits charging unfair competition if they support the price war on an equal scale with independents.

One dealer who offers trading stamps quit giving stamps with gas because he is paying two cents a gallon on his support price, already.

Big companies will go along with the price war just so far. When they pull their support off, the dealers have no choice except to raise the price.

Meantime, even though dealers are selling gas for seven or more cents less per gallon than usual, they are losing customers to the businesses that can undercut their prices. Even at these reduced prices, many stations have lost more than half of their regular customers. "And I can't blame them for going down the street where they can fill up for less," one dealer said. "I just hope they come back here when this is all over."

Council Appoints Tax Assessor REVIEWS FFA CLAIM ON AIRPORT FUNDS

Littlefield city councilmen appointed Jim Ford, Littlefield native, to the city secretary-tax assessor-collector's post during their regular session Thursday night, and discussed at length a letter from...

U.S. Attorney Eldon B. Mahon concerning the Federal Aviation Agency claim for overpayment of airport grant funds. The new tax assessor-collector says he plans to begin work in the office sometime...

this week, after he and his wife get moved from Wolfe City.

Following a long discussion of the airport grant, and circumstances involved, councilmen asked City Attorney Ted Sansom to study the federal regulations governing airport grants, and make a report at the Feb. 17 meeting.

Councilmen adopted a resolution to obtain approval from the Federal Communications Commission to grant relief to Diversified Communication Investors, Inc. on the proposed Littlefield cable television system.

In matters of new business, councilmen granted the request of a citizen for a street light at the corner of 22nd and Harral Streets.

They passed an ordinance which okayed recommendations of the Texas Highway Department for speed zoning of Marshall Howard Boulevard and FM 54, and adopted a resolution from the city to the highway department authorizing the state's erection of signs in accordance with the speed zoning survey.

Councilmen decided to publish an annual report in the form of a newspaper tabloid to inform citizens of city activities.

Other routine matters of business included the approval of the minutes for the previous meeting, approval of payment of bills, and acceptance of the departmental reports.

Incumbents Unopposed As File Date Nears

With only one day left to file, none of the Democratic candidates has opposition for the May primaries, according to Glenn Batson, Democratic chairman.

Tomorrow, Monday, Feb. 7, is the cutoff date for candidates in the 1972 elections. But while expiring terms of county and district offices aren't contested in this area, a second primary will be necessary for a run-off for governor, treasurer and other state offices.

There is still some question on how the May primary and the run-off will be financed since the Federal court ruled it unconstitutional for candidates seeking office to pay filing fees.

Batson said the two primaries would cost from \$3,800 to \$4,000. In lieu of the candidates paying three per cent of the gross salary for the place they seek, the secretary of state is notifying candidates...

of a new fee schedule or nominating petitions in place of the payment of the filing fee.

For statewide offices, candidates must have 2,500 signatures. For district, county, precinct, or other political subdivisions petitions must bear the signature of at least two per cent of the entire vote cast for that party's candidate for governor in the last preceding general election, with not less than 25 nor more than 300 signatures.

Filing fees must be paid by Feb. 28, or petitions must be filed by March 6.

Fees for offices on this county's ballot include \$100 for State Representative Bill Clayton and District Attorney Jack Young.

County officials who are on the \$100 schedule in this primary include Sheriff E. D. McNeese; County Attorney Curtis Wilkinson; and Herbert Dunn, tax assessor-collector. A \$50 fee is set for Jack Peel, county commissioner of precinct 3, and A. J. Spain, commissioner at Olton. Justice of peace schedule of \$25 is required of Jack Yarbrough, precinct 6, G. W. Finney, JP precinct 1, and Ted Borum at Earth.

Statewide officials fees are \$400, \$300 for U. S. representatives, \$150 for state senator, \$100 for chief, associate or court of civil appeals justices, and \$50 for state board of education.

FOR CHRISTMAS PRESENT

Couple Sees Middle East

By NILAH RODGERS

Mr. and Mrs. Earl Johnson got some Christmas presents.

Their daughter and son-in-law sent them two airplane tickets to see the world. The Littlefield couple is back from their five-week trip that included spending a month in Egypt with the Queen of Sheba.

The Johnsons' statuesque middle daughter, Janice Parker, is called the "Queen of Sheba" by the Egyptians because of her 6' 1" height. Janice and her husband Jim have lived in the suburbs of Cairo for the seven years Parker has been associated with the Pan American Oil Company there.

Sights seen in the city of Cairo with its teaming 7 million in a town about the size of Lubbock were quite different from the view the Johnsons see from their Lamb County farm northeast of Littlefield.

"Any time of the day or night people are milling up and down those hills," Johnson said. He said he never did figure out where they were going. Stores stay open until after midnight. With so many people in such a small place they must sleep in shifts. When they do sleep, it is with the cows, chickens and burros. Animals and people live together. Johnson said it was nothing for a family to live seven stories up and have their donkey and other stock in the room with them.

The Egyptian culture astounded the Johnsons at every corner. They couldn't walk down the streets without a guide to keep the beggars off them. Everywhere the people fell down praying in the streets. "They pray five times a day," Johnson said, "and many have big places on their foreheads where they put their heads on the pavement."

Old men sitting around on the streets stoned on opium scared them.

If they didn't think about what they were eating while they chewed on barbecued camel ribs they didn't find that too bad. They didn't care for the dark sour dough bread made with maize, and water buffalo milk took a little cheating used to.

Labor is so cheap there that their daughter has a maid and a cook. "All the...

Americans have help," Johnson said. The cook is always on the lookout for meat. There is no refrigeration in Egyptian markets. It isn't an uncommon sight to see a mule hauling two camels to the butcher shop. They are hung up and cuts are sliced off until the meat is gone. A frying chicken sells for about 50 cents a pound and eggs are 75 cents a dozen.

But native fruits are a dime a dozen. Oranges and tangerines grow as large as grapefruit, and bananas and figs abound.

Johnson was really impressed with the Egyptian farming operations. All work is done by oxen and hand labor. An acre is an average-sized farm, and four crops a year...

are grown. As soon as one crop is harvested another crop is put in the following day.

Land is so scarce that the streets are swept very carefully and the dirt is saved. Onions are sown like wheat. Tomatoes, beans, cabbage and other vegetables grow the year round on 12 and 14-inch rows.

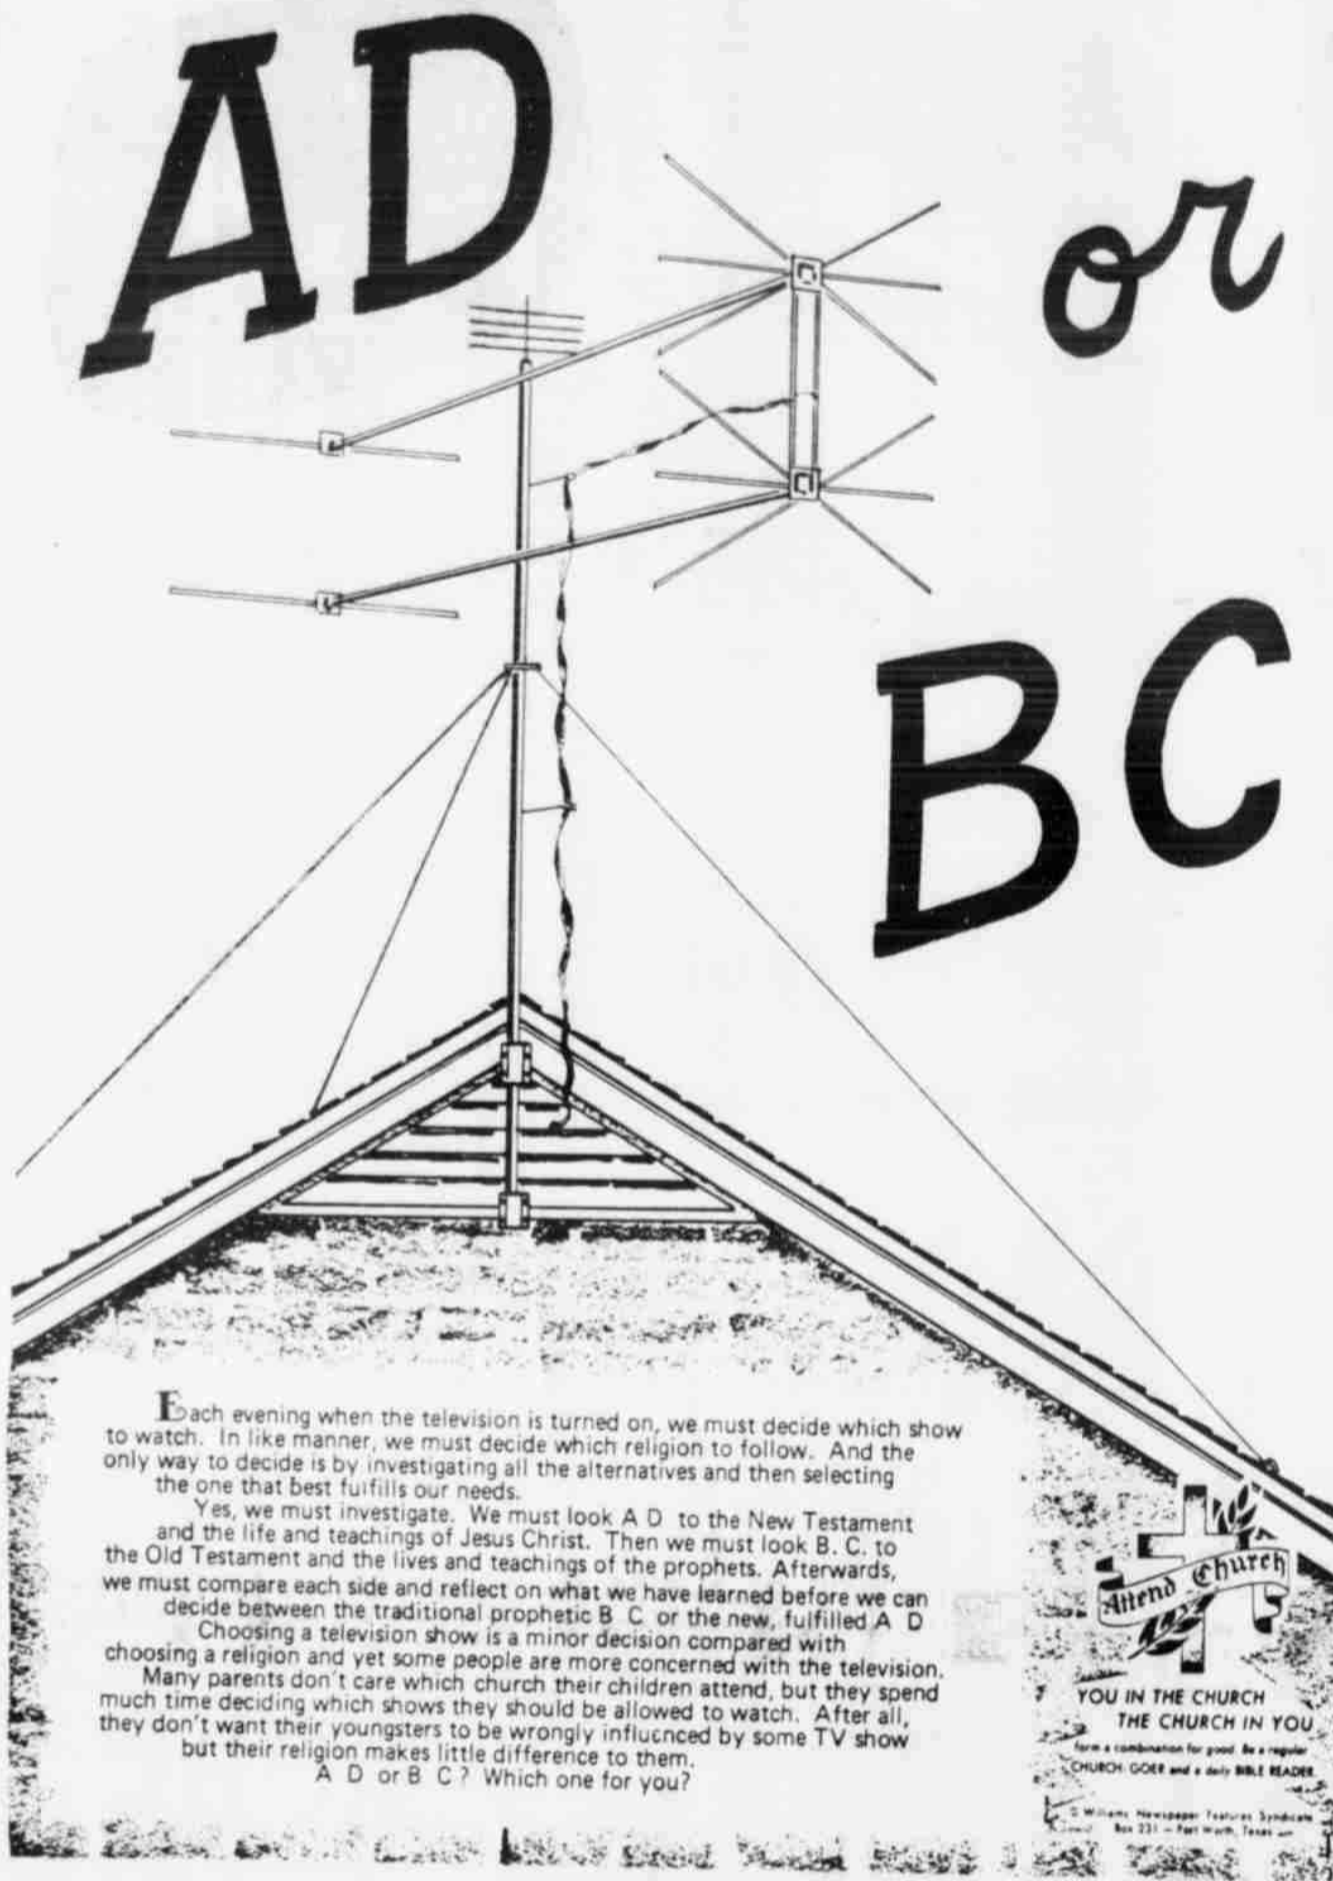

The rich earth is irrigated out of the Nile with a crude system of canals and buckets. The few tractors Johnson saw weren't used for farming, but were ridden on to get the people to town.

Johnson found the famous Nile "nasty." "They'd get out there in their boats and See COUPLE, Page 10

MR. AND MRS. Earl Johnson went to Egypt Dec. 22 and returned to Littlefield Jan. 18. The trip was a Christmas present from their daughter and son-in-law who are in the middle east in their work with an American oil company. Even the smallest bocks in the pyramid in the background weigh 3-4,000 pounds. The spinx is the one with the nose shot off by Napoleon.

Your Church IS NOT a playground for Saints Attend Regularly

Each evening when the television is turned on, we must decide which show to watch. In like manner, we must decide which religion to follow. And the only way to decide is by investigating all the alternatives and then selecting the one that best fulfills our needs.

Yes, we must investigate. We must look A D to the New Testament and the life and teachings of Jesus Christ. Then we must look B. C. to the Old Testament and the lives and teachings of the prophets. Afterwards, we must compare each side and reflect on what we have learned before we can decide between the traditional prophetic B. C. or the new, fulfilled A. D.

Choosing a television show is a minor decision compared with choosing a religion and yet some people are more concerned with the television. Many parents don't care which church their children attend, but they spend much time deciding which shows they should be allowed to watch. After all, they don't want their youngsters to be wrongly influenced by some TV show but their religion makes little difference to them.

A. D. or B. C.? Which one for you?

Tuesday night the fifth grade division of Littlefield Seed and Delinting Seedlings will be pitted against Renfro's Raiders at 6:30.

The 7:45 game will be between undefeated Security State Cagers and Perry's Variety girls. The public is invited to attend these games in the Elementary II gym. There is no admission charge.

Man Jailed, B&E Checked

An adult male, charged with drunk in public, was jailed Friday night by city police.

He was tried in municipal court Saturday morning, fined and released.

Officers are investigating a case of breaking and entering, which occurred Friday in a residence on West Delano.

Vandals gained entrance through a bathroom window on the south side of the house. Contents from the refrigerator were scattered on the floor.

Highway Work Set For U.S. 84, FM 37, FM 303

The Texas Highway Commission has awarded contracts for highway construction in Lamb County, and work will be under the supervision of District Engineer O.L. Crain of Lubbock.

High Plains Pavers, Inc. of Plainview was awarded a contract for seal coat work with a low bid of \$1,139,553.85, and the work will take an estimated 70 working days to complete.

James W. King of Lubbock is the Highway Department engineer in charge.

The seal coating project will include: US 84 from Sudan Street to Austin in Sudan, a total of 0.633 miles.

From Henderson Avenue in Amherst to US 385 on FM 37, a total of 4.862 miles.

From FM 298 to US 84 in Sudan on FM 303, a total of .0724 miles.

Other construction work to be done will be in Lubbock, Gaines, Hale, Swisher, Bailey, Farmer, Castro, Terry, Dawson and Lynn Counties.

Cats Hold Dimmitt Short Of 100 Mark

The Dimmitt Bobcats scored 99 points to win over the Littlefield Wildcats, 99-68, Friday at Littlefield.

It was almost like a victory for Coach Dee Blevins and his Wildcats as they stopped Dimmitt from what seemed to be their pre-game goal of scoring 100 points against the Cats.

In the final seconds Dimmitt got two shots from the free throw line. The first one fell through the silks for point number 99, but the second went astray and the Bobcats fell one short of the century mark.

Danny Ebeling took game honors by scoring 23 points for the winners B. Gregory hit 17, J. Mathews and K. Ringo each got 14 and C. McLean 11.

Jay Trammell netted 22 points for the Cats with most coming from outside. Randy Dayton connected with 19, J.E.

Bobcat Juniors Stump Cat JV

Chris Pope hit 16 points to a losing cause as the Dimmitt JV out-pointed the Littlefield JV, 55-46, Friday night.

Littlefield led by four points at the half took a one point deficit going into the final quarter before losing by nine points.

Other scorers for Littlefield were Randy Cook, 15, Craig Ratliff, six, Kelly Pratt, five, and Gary Brown two.

Dimmitt was paced by Powell with 18 and Schaeffer 16.

7th, 8th, 9th Girls

Dumped By Dimmitt

In seventh, eighth and ninth grade girls' basketball Thursday evening, Dimmitt took the seventh grade game, 23-14. Monica Phillips led the Littlefield girls in points.

Shelly Collins hit 16 points, mostly from the free throw line to pace the Littlefield eighth grade girls to an 18-15 win over the Dimmitt eighth.

Littlefield's ninth graders lost their encounter.

Crescent Club Open Pending Final Say

Charles Ary, operator of the Crescent Club here, met with officials of the Texas Liquor Control Board in Austin Tuesday on an appeal of the closing of the club.

Crescent Club remains open pending a committee ruling, and Ary said he is optimistic that the 30-day suspension will be revoked after talking to the state attorney and the chairman of the hearing board.

Ary's remarks at the hearing were recorded and the committee will make its ruling in three to five weeks.

4 Burglaries Cleared Following 2 Arrests

Two young men who have been in jail in Plainview following burglary convictions were released to Lamb County officials Friday.

Sheriff's officials here jailed Ignacio Martinez, 19, of Olton, and Benito Hernandez, 25, of Amarillo, on charges of burglary of the Phillips 66 station in Olton. The pair and another man were charged with the Olton burglary after they were found attempting to break in a service station at Mayfield on December 23, 1971.

Sheriff E.D. McNeese said the arrest of Martinez cleared up four burglaries and two other burglary attempts. He remains in the county jail without bond for breaking probation. Hernandez bond is set at \$2,000.

Johnson hit 14, Larry Hobbins and Alan Mackey five.
The Wildcats hit 63% from the line and Dimmitt 61%.

Dimmitt Edges JV

The Dimmitt JV girls rallied in the quarter for a 48-42 win over the JV here Friday night.

The Littlefield girls went wild in the quarter, racking up 13 points and Dimmitt to only four. At the half, the narrow lead by Littlefield still held.

A third quarter rally gave the point lead but the local girls led the final stanza by coming out with 10 points for a win.

Pam Turvaville scored 27 points for the Littlefield JV. Jill Owens hit 10. Glazener scored three. Liz Morgan winners with 18 points. Lisa and Sherri Louis nine.

Littlefield hit 60% from the free line and Dimmitt 33%.

Dimmitt Flip Junior High

In seventh grade action, Dimmitt bowed 33-21 to Dimmitt Thursday night. Dimmitt led 5-0 at the end of the quarter but had a two point lead as the scrappy seventh graders netted eight points to Dimmitt's five.

Dimmitt scored 23 points, seventh's 12 in the last half. Dan the top shooter for the winners with 10 points.

Ralph Mendez paced Littlefield, eight, Norva Sirmington and Will four each, Gary Wisenbunt hit two, Rudy Ayala two.

In the eighth grade battle, turned a one point lead at the end of the first quarter to a 36-18 win over Espinoza paced the winners with 10.

Bill Turner tied Espinoza in honors bucketing 10 also. Other scorers for Littlefield were Doug McDonald and Mike Williams and Ricky two.

The seventh, eighth, and ninth at Lockney, Monday with the first starting at 5 p.m.

Cottonseed Brittle?

The day may not be very far off when people will be eating toasted cottonseed nuts and cottonseed brittle candy. According to The University of Texas Cotton Economic Research, glandless cottonseed is a promising food product. The kernels can be toasted to be eaten like nuts, used in cooking or baking or made into spreads. Cottonseed nuts mixed with rice would provide a high protein and tasty meal, according to Kermit Voelkel with the UT Austin research agency. "The kernel can also be used in the making of cottonseed brittle candy," he said. The first commercial oil mill extraction of glandless cottonseed flour suitable for food applications took place in 1969 at the Producers Cooperative Oil Mill in Oklahoma City, he continued. The test was conducted under the supervision of the National Cottonseed Product Association and engineers of the Crown Iron Works Company in collaboration with personnel of the Southern Utilization Research and Development Division of the U. S. Department of Agriculture and the Oilseed Products Research Center at Texas A&M University. The product turned out was a light-colored, low-cost, high-quality protein source for human food. According to Voelkel, the flour appears to meet the food industry's stringent requirement for functionality. Mrs. Voelkel said that the glandless cotton seed, besides providing flour, could be used as a substitute for casein (a milk derivative) in baking products, powdered coffee creamers and ice cream mixes. A big plus factor for the glandless cottonseed is its adaptability to most of the countries that have fast population growth, but acute food and protein shortages. "The time may come when our chief reason for growing cotton is not for its cotton lint but for its seed," he said.

County's Well Down March 18

Annual Lamb County Spelling Bee is held for 2 p.m. Saturday, March 18, in the district courtroom of the county house in Littlefield.

Spelling spellers from Amherst, Littlefield, Olton, Spade, Springlake-Earth and other schools will participate in the county bee.

Members of the county bee will receive individual plaques and white ribbons. Individual school winners will receive white ribbons.

Director of the county bee is C. Roy Green, county school superintendent.

Cecil Green will direct the regional spelling bee which is scheduled April 15 at the Wilson Junior High School in Lubbock.

Winner of the regional competition will compete in the national spelling bee in Washington, D. C. June 5-9, and all expenses will be paid by The Avalancher, sponsor of the bees.

Books of the word practice book, "The Champions," are available for sale at the switchboard of the Leader-News, or may be ordered by addressing the Spelling Bee Office, Box 491, Lubbock.

Lower Divorce Rate Evident In County

In Lamb County, do marriages last longer than they do elsewhere? What is the divorce rate in the local area compared with what it is in other communities?

According to the latest statistics, the great majority of local people, once they get married, tend to stay that way. However, breakups among them are occurring more frequently now than in former years.

That is in line with the times. According to recent government figures, the divorce rate in the United States has jumped no less than 33 percent in the last ten years.

In 1960, for every 1,000 couples throughout the country who were married, there were 35 divorced persons. In the past year this ratio rose to 47 per 1,000, the Census Bureau reports.

At the present time there are some 4,272,000 men and women in the nation who have been divorced and have not remarried. In addition, there are 2,662,000 who are listed as separated.

Among Lamb County residents, the divorce rate is on the low side, compared with the national.

The tabulations show that there are 30 divorced people locally for every 1,000 married couples.

Elsewhere in the West South Central States, by way of comparison, the ratio is 57 divorced per 1,000 couples and, in the State of Texas, 61 per 1,000.

In actual numbers, there are 110 divorced men in the local area and 157 divorced women.

The probability of remarriage is apparently quite different for the men than for the women. For every divorced man who was still eligible for remarriage in 1970, there were two divorced women who had not remarried.

Census officials conclude that men have greater opportunities to remarry and greater inclinations to do so.

Sample surveys have been made to determine how many people were once in the divorced column but have since remarried. In general, it was found, there are approximately 2.5 such persons for every one who is currently divorced.

On that basis, it is estimated that there are about 670 men and women in Lamb County who had previously been divorced.

Lamb County Families Buying Better Homes

With incomes such as they are locally, how much can the average Lamb County family prudently afford to spend for a home?

How big a load may it take on in the form of monthly carrying costs without getting overburdened?

The questions are pertinent at this time because many local families are in the market for new homes. They have been house hunting for a long time but have been unable to get what they wanted. The selection was small and the prices high. More recently, however, the situation has improved.

Some guidelines on home buying for families in various income brackets come from the Federal Housing Administration, the American Bankers Association and others.

In general, they say that the cost should not be much greater than twice the family's annual income. Those with small incomes sometimes have to go as high as 2.5 times their earnings. On the other hand, those in the upper brackets may spend only 1.5 times their income to obtain suitable homes.

On that basis, Lamb County families

whose incomes are close to the local average are in a position to buy more expensive housing than families in many other communities.

That is because the local average is relatively high, amounting to approximately \$10,750 gross per family, according to the latest figures.

Applying the recommended rule of thumb, those in the area with average incomes could therefore safely buy homes costing up to \$22,600.

Many Lamb County families have earnings that are well above the norm and others have less. Those in the upper ranges can afford more expensive homes, at the same time using a smaller proportion of income in doing so.

As a guide to carrying costs, including mortgage payments, taxes, insurance, maintenance and utilities, the latest report shows that the average purchasers of homes bought with mortgages insured by the FHA took on monthly payments equal to nearly one-fifth of their income.

Because of the tight market in recent years, houses have gone up steeply in price. In Lamb County, the median price rose 20 percent in the past 10 years.

PEP

MRS. CONRAD DEMEL

933-2222

ST. PHILLIPS' altar society held their monthly meeting in the PEP Parish Hall Jan. 19. It was dedicated to the Holy Family.

The President Marilu Gerik called the meeting to order. Father Kevin Clark led the

opening prayer. Roll call and the minutes were ready by Mary Ann Glumpler and the treasurer's report was given by Marcie Demel.

Guest speaker was Father O'Leary of Muleshoe. He talked about the places where he had lived and of incidents that occurred to him.

Refreshments of cake, coffee and soft drinks were served to the 15 members present.

Hostesses were Marilu Gerik, Mary Ann Glumpler and Lydia Green.

RECENT DINNER guests in the home of Mr. and Mrs. Leonard Albus were Judy Diersing of Littlefield and Helen Lynch of Morton.

MRS. JERRY WELLS and children of Levelland were Sunday visitors in the home of her mother, Mrs. Celia Sokora.

MR. AND MRS. Ray Decker are the proud parents of a boy, born Jan. 20, at Littlefield Hospital. He was named Neal Wade, and weighed 7 lbs., 15 ozs. Grandparents are Mr. and Mrs. Leonard Albus and Mr. and Mrs. Jerome Decker.

THE PEP homecoming was held in the school cafeteria Jan. 29. Speaker for the banquet was Albert Simmacher of Hereford.

Homecoming Queen was Karen Green, crowned by the president of the Student Council, Dave Shannon, and she was given a bouquet of white mums.

Officers are Bennie Silhan, president; Maloy Simmacher, vice president; and Ann Albus, secretary-treasurer.

Mrs. Valeria Shannon and Mrs. Evelyn Albus cooked for the homecoming banquet, served a meal of turkey, dressing, and all the trimmings.

MR. AND MRS. Conrad Demel and Miki, and Eugene, Mr. and Mrs. Max Demel and Sherri and Mrs. Norman Demel attended the wedding of Mark Followill and Sherri Dungan, at Artisia, N. M., Jan. 29.

MR. AND MRS. Clyde Followill and Cathy of New Home were overnight guests in home of Mr. and Mrs. N. C. Demel, Jan. 29-30.

MR. AND MRS. Albert Simmacher and family of Hereford spent the weekend of Jan. 29-30 in the home of Mr. and Mrs. Frank Simmacher.

LINDA JO SIMANCHER, daughter of Mr. and Mrs. Mathis Simmacher of Portales, spent the weekend with Mrs. Harriett Phillips and son. Mr. and Mrs. Marshall Campbell of May, Tex. attended the Pep homecoming and visited with friends over the weekend.

A. W. LOWERY, a former teacher of Pep, is reported in critical condition at the Hall and Bennet Hospital, at Big Springs. He apparently suffered a stroke recently.

MICHAEL ALBUS and Charles Shannon, students of Southwestern State College of Weatherford, Okla. visited in the homes of their mother, Mrs. Evelyn Albus and Mrs. Valeria Shannon.

MR. AND MRS. Elroy Simmacher of Lubbock, Mr. and Mrs. Joe D. Hinerick of Slaton and Mr. and Mrs. Clarence Albus Jr. of Lubbock were among those who attended the Pep homecoming.

MRS. HILDA KUHLER and Brenda and Randy visited in the home of Mr. and Mrs. Roy Kitten and son at Lubbock, Jan. 29.

MRS. CELIA SOKORA returned home from Rhineland

after spending the past few days taking care of her mother, Mrs. Currie Kuhler.

County CD Team Sets Training Meet Feb. 14

The Lamb County Civil Defense Team has scheduled a training meeting for interested persons and members of the team Monday, Feb. 14, at 7:30 p.m. in the Olton fire station.

Persons besides those already involved in Civil Defense work, are invited to take the training, according to Wayne Cole of the Rescue and Safety Division of the county unit.

"Many people think you must be a fireman to work on Civil Defense — this is wrong," he emphasized. "Our training

programs and all meetings are open to the general public, and we need some help.

Cole continued, "On Feb. 14, we will have a training program presented by the National Weather Service, teaching us to detect possible severe thunderstorm clouds, and what cloud formations will or will not develop into severe weather.

"We want any interested people to attend this meeting, especially those having two-way radios. We use the police radio for our communications, which at its best is not suitable because every police department in the area uses these

frequencies, and this causes interference and confusion.

"The Earth department uses the band radio, commonly called CB, and had very good luck with it. We have reached a decision as to what we will use in the area this year, and we are open to suggestions. If anyone has the equipment and will help, we will place for them.

"These people are all volunteers and give freely of their time — and instances money," Cole concluded.

Six Accidents Investigated

City police have investigated six wrecks within a week's time.

This past Tuesday afternoon, a 1968 Chrysler, driven by Charles Doyle Gilley of Littlefield, was pulling into a parking place when it hit a parked 1972 Plymouth, owned by Bob Love of Abilene.

Damage to the Plymouth was to the right back bumper, protection guard and strip of chrome around the tail light.

Sunday afternoon, a 1964 Chevrolet, driven by Gary Neil Roberts of Littlefield, was stopped at a sign on Fifth Street at Westside, then proceeded onto Westside. A 1963 Plymouth, driven by Randolph Rodriguez of Littlefield, was headed south on Westside, when the driver hit the brakes, the car skidded 75 feet, causing the car to spin and strike a tree with the right rear end. The left front tire came loose, according to the officer's report.

Sunday night, Juan Castilleja of Cotton Center was driving a 1969 Chevrolet eastward on Delano, when a 1962 Chevrolet, driven by Joe Estrada Jr. of Tahoka, ran out in front of Castilleja's vehicle.

According to the investigating officer's report, Estrada left the scene of the accident and was later jailed.

Castilleja's Chevrolet was damaged on the right front fender, and Estrada's Chevrolet was damaged on the left back fender.

Wednesday afternoon, Jan. 26, a 1964 Chevrolet, driven by George Trevino of Littlefield, was stopped at a sign on Fifth at Harral, then proceeded north on Harral. The vehicle hit a parked 1967 Ford, owned by G & C Auto, which was sitting on Harral. Trevino left the scene of the accident, then returned later after he took someone to the hospital.

Wednesday night, Amos Eugene Swart of Littlefield was driving a 1968 Chevrolet north on Wroe, ran a stop sign and hit a 1963 Rambler, driven eastward on Second Street by Walter Dean Sanders of Littlefield.

Friday morning, Jan. 28, Cathryn Ann Giles of Littlefield, was driving a 1966 Ford north on LFD, stopped at the stop sign at East Ninth, when a 1964 Pontiac, driven by Orville Eugene Haynes of Littlefield, going west on East Ninth, cut the corner while making a left turn onto LFD, and hit the Ford in the left front fender and bumper with the left door and front panel.

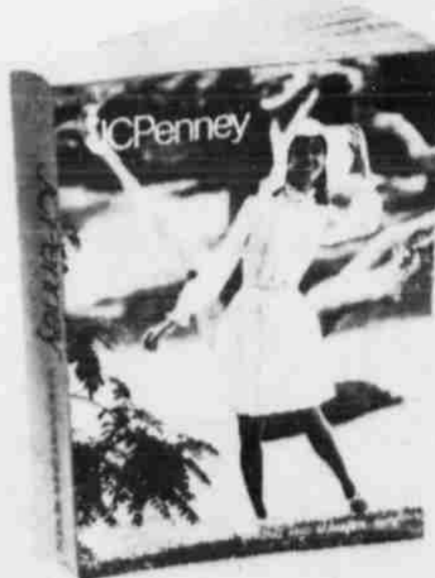

KEN G. EVANS of Lubbock, regional service manager for Chrysler Motor Corp., presents a plaque to B. D. Garland of Hall of Garland Motor Company, as B. D. Garland is appointed customer relations manager for the local company.

Two Attend Workshop

Dorothy Weaver, owner, and Elsie Seymore, administrator representing the Littlefield Hospitality House of Littlefield, have just returned from a two-day educational training workshop, Jan. 27 and 28, at the Joe C. Thompson Conference Center in Austin. The event is sponsored by the Texas Nursing Home Association, and directed by the University of Texas at Austin, Division of Extension, Distributive Education Department.

END RENEWALS BY MARCH 1

Get Car Tags By Mail

don't have to stand in line anymore to get your license plates. You can get them by mail if you send in the three-part renewal form, the application fee and one dollar to the Lamb Tax Assessor-Collector prior to March 1. This allows for the 30 days that are allowed for the application to be processed and the license plates delivered before the April 1 deadline. The plates themselves became available at the tax office or sub-station Feb. 1.

If the motorist prefers, he may register his vehicle in person by taking the handy three-part form to the county tax office. It takes the clerk only a fraction of the time it used to take to process the form, collect the fee and send the motorist on his way with new plates.

Whether the driver uses the mail or applies for his license in person — the important thing for him to remember is to be very careful NOT to separate the three-part application form.

Even though the three-part renewal form carries the warning "DO NOT Separate or Detach Any Parts of This Notice" in large letters on the reverse side, some motorists do just that.

Department officials stress that the entire form must be mailed in or brought to the county tax office or substation. A stick down strip showing the new license number is attached to all sections of the form and then the tax office separates the form, returning the license receipt to the owner.

Applications for license plates should only be sent to the county tax office. Motorists should NOT send their payments to the Texas Highway Department because this will delay their registration.

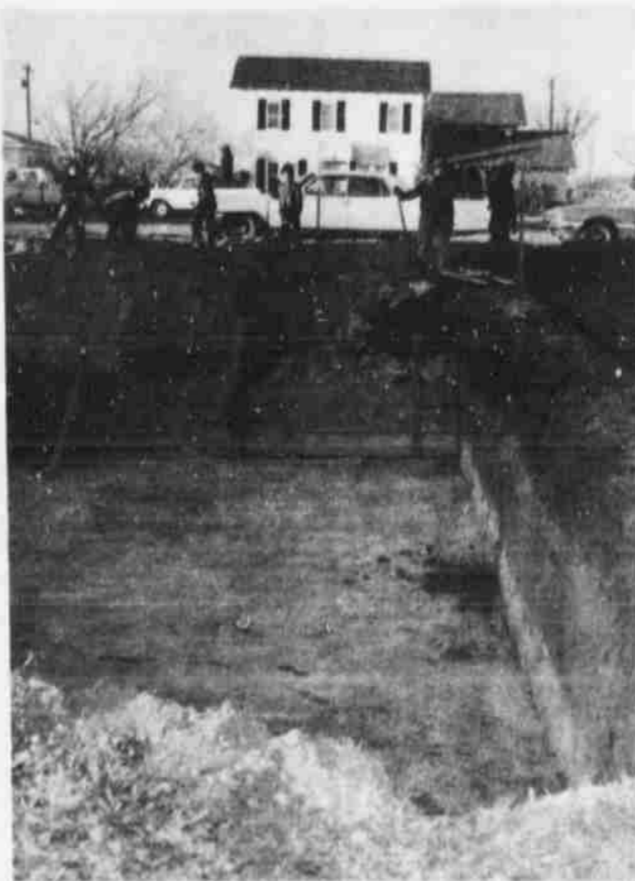

During the month of March, it will be necessary for owners to apply in person at the county tax office or substation to obtain the 1972 license plates. In any event, owners will save themselves time and trouble by using the new computerized forms in this third year under the new system.

With the form, a certificate of title and last year's registration receipt is not needed.

So register now and display your new plates. This will remind your neighbor it is time for him to do the same.

ASSIGNMENT

Under Medicare, many doctors accept "assignment." This means the doctor bills Medicare directly and agrees to accept what Medicare says is a reasonable charge for his services. The doctor then bills the patient only for the remaining 20 percent and any part of the \$50 deductible not yet met.

MEMBERS of Memorial Baptist Church, at West Sixth and Barton, have begun construction of a new educational unit near their present sanctuary. Workers are digging trenches for the foundation of the building which will go above the basement.

County CD Team Sets Training Meet Feb. 14

The Lamb County Civil Defense Team has scheduled a training meeting for interested persons and members of the team Monday, Feb. 14, at 7:30 p.m. in the Olton fire station.

Persons besides those already involved in Civil Defense work, are invited to take the training, according to Wayne Cole of the Rescue and Safety Division of the county unit.

"Many people think you must be a fireman to work on Civil Defense — this is wrong," he emphasized. "Our training

programs and all meetings are open to the general public, and we need some help.

Cole continued, "On Feb. 14, we will have a training program presented by the National Weather Service, teaching us to detect possible severe thunderstorm clouds, and what cloud formations will or will not develop into severe weather.

"We want any interested people to attend this meeting, especially those having two-way radios. We use the police radio for our communications, which at its best is not suitable because every police department in the area uses these

frequencies, and this causes interference and confusion.

"The Earth department uses band radio, commonly called CB, and we had very good luck with it. We reached a decision as to what we will use in the area this year, and we are suggesting. If anyone has the equipment and will help, we will place for them.

"These people are all volunteers who give freely of their time — and instances money," Cole concluded.

Six Accidents Investigated

City police have investigated six wrecks within a week's time.

This past Tuesday afternoon, a 1968 Chrysler, driven by Charles Doyle Gilley of Littlefield, was pulling into a parking place when it hit a parked 1972 Plymouth, owned by Bob Love of Abilene.

Damage to the Plymouth was to the right back bumper, protection guard and strip of chrome around the tail light.

Sunday afternoon, a 1964 Chevrolet, driven by Gary Neil Roberts of Littlefield, was stopped at a sign on Fifth Street at Westside, then proceeded

onto Westside. A 1963 Plymouth, driven by Randolph Rodriguez of Littlefield, was headed south on Westside, when the driver hit the brakes, the car skidded 75 feet, causing the car to spin and strike a tree with the right rear end. The left front tire came loose, according to the officer's report.

Sunday night, Juan Castilleja of Cotton Center was driving a 1969 Chevrolet eastward on Delano, when a 1962 Chevrolet, driven by Joe Estrada Jr. of Tahoka, ran out in front of Castilleja's vehicle.

According to the investigating officer's report, Estrada left the scene of the accident and was later jailed.

Castilleja's Chevrolet was damaged on the right front fender, and Estrada's Chevrolet was damaged on the left back fender.

Wednesday afternoon, Jan. 26, a 1964 Chevrolet, driven by George Trevino of Littlefield, was stopped at a sign on Fifth at Harrah, then proceeded north on Harrah. The vehicle hit a parked 1967 Ford, owned by G & C Auto, which was sitting on Harrah.

Trevino left the scene of the accident, then returned later after he took someone to the hospital.

Wednesday night, Amos Eugene Swart of Littlefield was driving a 1968 Chevrolet north on Wroe, ran a stop sign and hit a 1963 Rambler, driven eastward on Second Street by Walter Dean Sanders of Littlefield.

Friday morning, Jan. 28, Cathryn Ann Giles of Littlefield, was driving a 1966 Ford north on LFD, stopped at the stop sign at East Ninth, when a 1964 Pontiac, driven by Orville Eugene Haynes of Littlefield, going west on East Ninth, cut the corner while making a left turn onto LFD, and hit the Ford in the left front fender and bumper with the left door and front panel.

KEN G. EVANS of Lubbock, regional service manager for Chrysler Motor Corp., presents a plaque to B. D. Garland of Littlefield, general manager of the local company.

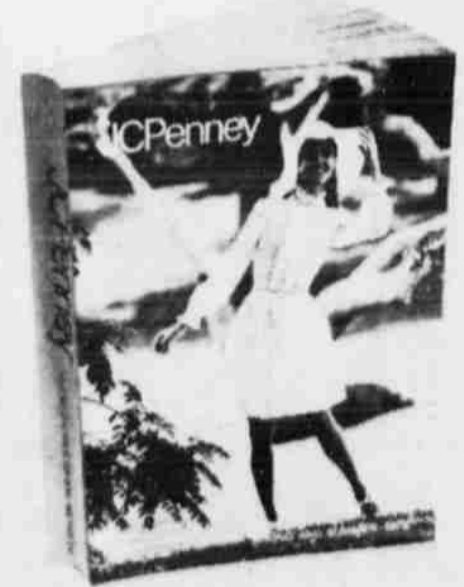

Two Attend Workshop

Dorothy Weaver, owner, and Elsie Seymore, administrator representing the Littlefield Hospitality House of Littlefield, have just returned from a two-day educational training workshop, Jan. 27 and 28, at the Joe C. Thompson Conference Center in Austin. The event is sponsored by the Texas Nursing Home Association, and directed by the University of Texas at Austin, Division of Extension, Distributive Education Department.

The Texas Nursing Home Association is the professional association of licensed extended care facilities, nursing and custodial homes in the State, and has, in the last five years, trained almost 13,000 nursing home administrators and staff members in its educational training program. Its over 600 members are both proprietary and non-profit. TNHA is

County's Well Down March 18

Annual Lamb County Spelling Bee is held for 2 p.m. Saturday, March 18, in the district courtroom of the county house in Littlefield.

Standing spellers from Amherst, Littlefield, Olton, Spade, Springlake-Earth and other schools will participate in the event.

Members of the county bee will receive white ribbons, individual plaques and certificate pens. Individual school winners will receive white ribbons.

Director of the county bee is C. Roy Green, county school superintendent. Cecil Green will direct the regional spelling bee which is scheduled April 15 at the Wilson Junior High School in Lubbock.

Winner of the regional competition will compete in the national spelling bee in Washington, D. C. June 5-9, and all expenses will be paid by The Avalanché, sponsor of the bees.

Books of the word practice book, "The Champions," are available for sale at the switchboard of the Spelling Bee, or may be ordered by addressing the Spelling Bee Box 491, Lubbock.

Lower Divorce Rate Evident In County

In Lamb County, do marriages last longer than they do elsewhere? What is the divorce rate in the local area compared with what it is in other communities?

According to the latest statistics, the great majority of local people, once they get married, tend to stay that way. However, breakups among them are occurring more frequently now than in former years.

That is in line with the times. According to recent government figures, the divorce rate in the United States has jumped no less than 33 percent in the last ten years.

In 1960, for every 1,000 couples throughout the country who were married, there were 35 divorced persons. In the past year this ratio rose to 47 per 1,000, the Census Bureau reports.

At the present time there are some 4,272,000 men and women in the nation who have been divorced and have not remarried. In addition, there are 2,662,000 who are listed as separated.

Among Lamb County residents, the divorce rate is on the low side, compared with the national.

The tabulations show that there are 30 divorced people locally for every 1,000 married couples.

Elsewhere in the West South Central States, by way of comparison, the ratio is 57 divorced per 1,000 couples and, in the State of Texas, 61 per 1,000.

In actual numbers, there are 110 divorced men in the local area and 157 divorced women.

The probability of remarriage is apparently quite different for the men than for the women. For every divorced man who was still eligible for remarriage in 1970, there were two divorced women who had not remarried.

Census officials conclude that men have greater opportunities to remarry and greater inclinations to do so.

Sample surveys have been made to determine how many people were once in the divorced column but have since remarried. In general, it was found, there are approximately 2.5 such persons for every one who is currently divorced.

On that basis, it is estimated that there are about 670 men and women in Lamb County who had previously been divorced.
