

BATSON, HOPPING WIN IN LITTLEFIELD

School Incumbents Unseated

Shap Kills
y Yeary

Janette Yeary, 20, of Lubbock, Littlefield resident, was killed in a night in North Lubbock at the intersection of U. S. 87 and N. Avenue Q. Her car was involved in a collision with a Waples-Platter truck. She was pronounced dead on arrival at the Plains Hospital, and the Peace Charles Smith conducted the inquest. Investigators said the car was traveling on Avenue Q and the truck was going on U. S. 87 when the accident occurred. The force of the collision spun the car and slammed it into a pole. The driver, Marius D. Sims, 29, of Littlefield, was treated at St. Mary's and released. A passenger in the Yeary car, Brenda Yeary of Lubbock, was listed "very light" in Methodist Hospital Wednesday.

GLENN BATSON, standing, and DICK HOPPING were elected to the Littlefield board of education here Saturday. Batson and Hopping replace incumbents E. D. Bingham and F. L. Newton. The board will be re-organized April 19, at the next regular meeting.

Springlake-Earth, Amherst Board Members Also Upset

School board incumbents at Littlefield, Springlake-Earth, and Amherst were replaced in the Saturday elections, and city mayors and councilmen were returned to their positions in the Earth and Olton city elections Saturday and the Littlefield election Tuesday. Littlefield board members E. D. (Buddy) Bingham and Flannery Newton were edged by Glenn Batson and Dick Hopping. Batson led the ticket with 195 votes; Hopping had 157 votes cast for him. One hundred fifty-one voted for Bingham and Newton received 142. Arlen Simpson and Jackie Heffington collected 72 and 27 votes respectively in the total of 373 votes cast. Springlake-Earth voters turned out in large numbers to re-elect incumbent P. A. (Stump) Washington and name Ed Dawson to the post held by incumbent Gene Templeton. Washington polled 271 votes; Dawson, 269; Templeton, 248; and Calvin Wood, 237. Joe Miller, the only incumbent running for three places on the Amherst board of education, lost a bid for re-election. Elected to the Amherst board were Harvey Patterson with 139, Jomeryl Harmon with 133, and George Tooley with 82. Barry Beardner received 80 votes and 67 votes were cast for Miller. Charles Couch, Walter Hobgood and Cruz Aldaco were winners of the three Anton posts where none of the school board members whose terms were expiring sought re-election. Couch received 109; Hobgood, 107; Aldaco, 104; Gordon Timms, 95; Norman Downs, 79; and Weldon Swan, 41. Incumbents seeking election at Olton, Sudan, Whitharral, Bula, Pep and Spade were all returned to their offices. At Olton, incumbents Garland DePrang, with 161, and Uil L. Gunter, with 162, were re-elected along with a new board member Burley Faver, who polled 111. Robert Dennis received 76 votes. Sudan incumbents Guy Walden, with 47, and Byron Lynn, with 76, won. Forty-three votes were cast for Thomas Moss. Whitharral incumbent board members F. E. Sadler, Bobby Grant and Marion Polk were re-elected with 46, 46 and 43 votes respectively. Don Avery polled 23. Incumbent Elwood Autry was re-elected and Robert Newton was placed on the Bula board. Pep incumbents N. C. Demel and E. J. Kuhler were unopposed in the Saturday election. And Spade's three places were filled.

Judge Hears Guilty Pleas

Several pleas of guilty were heard by District Judge Pat Boone in criminal hearings Monday, and one case was dismissed. James and Helen Price were tried on pleas of guilty on a charge of felony theft of a car bought from Garland Motor Company with a stolen government check. Mrs. Price was sentenced to two years in the penitentiary and the sentence was probated. Price elected to wait 10 days for his sentence. Albert Estrada entered a plea of guilty to the charge of burglary of Higginbotham Bartlett Lumber Company and was sentenced to two years, with the sentence probated. Robert Wayne Palmore was tried on counts of burglary of the Farmers Fertilizer and Chemical Company at Spade and Hart Camp Grain Company. He was found guilty and sentenced to three years with the sentence probated. Joe Lopez and Eusebio Martinez entered three pleas of guilty each on two burglary charges and one for robbery by assault. They were found guilty and sentenced to eight years on each charge, concurrent, with sentences probated. In the case of Elosa Martinez, indicted by the grand jury for perjury, the indictment was quashed and the case dismissed.

It's About Time To Change Clocks

Lamb County citizens have two and a half weeks of Central Standard Time left before they return to Daylight Saving Time. Daylight Saving Time goes into effect again at 2 a.m. Sunday, April 25, when citizens must move their clocks forward an hour. Clocks will remain advanced one hour until the last Sunday in October.

Frona Dominates Literary Events

High School Students won the "Winner" trophy here Saturday in District 3-AA University Interscholastic League Literary contests at Littlefield High School, and Floydada took home an identical trophy in the high school classification. Students took six firsts, five and six thirds to win the high school honor. High school students from Littlefield placed three firsts, two seconds and two thirds to win the high school honor. High school students from Littlefield placed three firsts, two seconds and two thirds to win the "overall winner" trophy. High school students also placed three firsts, two seconds and two thirds to win the high school honor. MAP FIGHT AGAINST PERMIT

Hail Program Foes Gather

"Suppress the Hail Suppressors" was the objective of more than 100 men who attended a Four-County Weather Committee meeting Tuesday night at the Lamb County Community Center. Bill Smith of Littlefield presided over the meeting. Interested persons from Lamb, Hockley, Cochran and Bailey counties were present as well as guests from Swisher and Briscoe counties. The group represented more than 500 people with 400,000 acres of land who have signed petitions opposing the hail suppression program, according to Dean Elms, secretary-treasurer of the committee. Elms said this tabulation was incomplete because of several outstanding petitions. Smith briefed the group by stating that an application had been filed by Atmospherics Incorporated to the Texas Water Development Board to obtain a permit to engage in weather modification activities. Smith also said that according to the Lubbock Weather Station, thunder was recorded on an average of 41 days a year over a 20-year period. Last year, 38 days with thunder were recorded. This could be an indication that moisture-bearing clouds were available but were suppressed, Smith said. Twenty-eight of those days were in time span of the suppression program, and clouds were seeded 29 days of the same period. The committee believes that the suppression program had an effect on this area receiving less than half the average rainfall over the area's 60-year average. Judge H. M. LaFont, former judge and district attorney and now a practicing attorney of Plainview, was the guest speaker for the evening. LaFont stated that the Texas Water Development Board would like the experiment carried on, but said the Board would listen to any opposition. Members who attended the meeting indicated they could not afford to have the experiment involve them. They realize that the water table in this area is dropping and feel that more experimenting would create more problems in the future. Many of the farmers are in dry land area and need all the rain they can get when they can get it, without any attempts to modify the weather, they pointed out. LaFont told the group that weather modification permits can be more easily obtained since the Weather Modification Act went into force in Texas in 1967. This act indicates that anyone who can show himself qualified can apply for a permit to modify the weather. LaFont told the group that the permit, if issued, would have Lamb, Hale, and Floyd counties as the target area, but Farmer, Castro, Swisher, Briscoe, Bailey, Cochran, Hockley, Lubbock and Crosby counties would be affected because the permit would authorize the flying over and seeding of any cloud believed to have turbulent weather which would affect the target area. Only the company, Atmospherics Incorporated, would have to decide which clouds to seed, LaFont said. This would give them approximately 10,000 square miles to use at their discretion, he added. LaFont suggested that a group meeting be held soon in order that all 12 counties involved could meet and invite a member of the Texas Water Development Board. It was also suggested that a professional meteorologist be hired to help present the group's case. Strong opposition to the hail suppression program is also being experienced in Hall, Motley, Childress, Wheeler and Collingsworth counties, LaFont stated. He suggested that the area meeting be centrally located because the people in this area wanted to attend. People in the northern counties experienced a drought condition last year and many felt that it was caused by cloud seeding, he added. People from Swisher county confirmed reservations at the Kress High School cafeteria for the area meeting that will be held Thursday, April 15, at 8 p.m. Final plans will be made at this meeting. The group hopes the Texas Water Development Board will listen to the plea and not issue a permit.

County Workshop Features Disaster Preparedness

Disaster preparedness practical work sessions were conducted in Littlefield Tuesday night. The workshop was set up by Guckian, disaster director of the Texas Division of the American Red Cross. The workshop was held in a simulated disaster area in the Littlefield section of Littlefield, survey members were told what to look for during a direct on-the-spot survey. The workshop included the area around the schools on West First going to the radio station and VFW Hall. Questions were asked questions like: "How long will it take to get power here to supply power? Are there any questions for thought were posed to persons attending before four teams, two each representing the community and two from the civil defense, went to the mock disaster area. In the Littlefield area, the community and large churches were designated tentative food and shelter areas. In the near future, Guckian will be back for a workshop with the shelter committee.

LAMB COUNTY residents found areas of inadequacy in the event of an emergency then acted to correct this at a civil defense preparedness workshop Tuesday night. Shown are some of the approximately 35 persons attending the session. Team members were sent to mock disaster areas to make on-the-spot survey.

Barton All-Star In District Cast

David Barton, who played "King" in "The Ugly Duckling" for University Interscholastic League Contest at Dimmitt Tuesday, was named to the District 3-AA all-star cast by the judges. Members of the play cast performed for the judges at 3:30 and results of the contest were not revealed to them until Wednesday morning. Friona High School placed first, Dimmitt High School placed second, and Floydada High School placed third in the competition. Members of "The Ugly Duckling" cast besides Barton were: Bridgette Patterson, "Queen"; Mary Davidson, "Princess"; Jerry McCary, "Prince"; Dennis Cowen, "Carlo"; Jackie Gregg, "Dulcibella"; and Matt Giles, "Chancellor". Pam Stafford, Janna Gilbert, Ben Jacobs and Kim Hill worked with the properties and make-up.

A FEW DAYS nearly everyone will be coloring eggs the meaningful occasion of the little ones I'm sure already getting excited and waiting for the arrival of the Easter bunny.

Everyone knows eggs have long been an important part of man's diet. Egg customs have been around for thousands of years and are hard-boiled every year.

Some people considered eggs somewhat of a delicacy when the supply was short and they were considered their main foods. A story has been known to associate eggs with science, sports, and religion, and exalts eggs as a symbol of pagan and Christian times.

Many of the ancient people used the egg represented the world and its elements—such as earth, water, fire, and under the shell.

The present-day custom of eating and giving Easter eggs represents a symbol of the resurrection. However, the egg is known to originate in Christian times.

As early as 722 B. C. in China, the practice was already established. Messengers in the court of King-tso-oo were sent to the countryside to claim that all fires were to be put out for three days during the great Spring Festival. One legend has it that a chieftain gathered his painted eggs, and set them as gifts to his people.

Early Christians adopted a similar custom. It is known in British Isles, after eggs were blessed by a priest, they were given as gifts to the aged of both the giver and receiver.

WHEN YOU PLAN your egg coloring get-together for best results why not follow the following instructions: prevent cracked shells, boil the eggs in a dish of warm water. Bring water

in a pan to a rapid boil, using enough water to come one inch above the eggs.

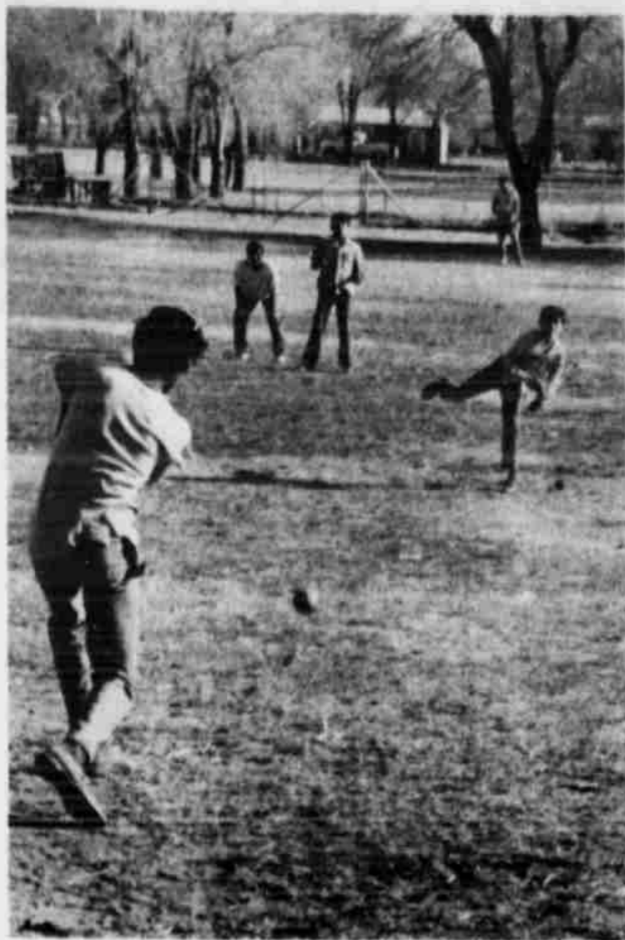

Carefully transfer the eggs from the warm water to the boiling water; reduce heat to keep the water at a simmering point. Leave the eggs in the water, covered, for about 10 minutes.

Then remove the eggs from the hot water carefully, putting them immediately into cold water.

So many complain about hard-boiled eggs being hard to peel. This can be solved by using older eggs or aging them before cooking. To age your eggs, leave them out of the refrigerator at room temperature for 24 hours.

Crack the egg and place under cold running water to ease off the shell—peel from the large end.

Fresh eggs have a tendency to peel poorly but in using these steps they should peel easier.

SPRING WEATHER has brought about friendly competition in baseball among citizens of Littlefield. These boys were engaged in a game at Laguna Park, and this batter missed the ball for a strike-out.

Pigweed (carelessweed)? Cocklebur? Sunflower? Morning glory?

BANVEL GETS TO THE ROOT OF YOUR WEED PROBLEM

BANVEL TRANSLOCATES/SPRAYED 7th OF MONTH

4 DAYS LATER

More and more grain sorghum producers find certain deep-rooted weed populations building up. Neither other weed killers nor cultivation give effective control of extra-tough and resistant pigweed (carelessweed), sunflower, cocklebur, morning glory, lambsquarter, purslane, other costly broadleaves.

Banvel, the post-emergent herbicide, does control them. For one simple reason. Banvel translocates. Absorbed by foliage and roots, Banvel moves with plant fluids from leaf tip to roots, and back again. Destroys as it goes.

Cost of Banvel? As little as \$1.90 per acre broadcast. Spray 10 to 25 days after emergence of sorghum, when weeds are young, growing most actively. Sorghum, when used as directed, is completely tolerant to Banvel. Ask dealer or custom sprayer for full information on Banvel. Every container of Banvel carries the Velsicol guarantee of sorghum tolerance to Banvel.

DISTRICT CHAMPIONS!! They won a trophy, too. **CONGRATULATIONS!!!**

THE EIGHTH grade boys came in second place in their track meet. **CONGRATULATIONS!!!**

LAST WEEK we made a mistake in saying that the "Cheaper by the Dozen" play was being presented Tuesday and Wednesday. The play was put on Tuesday for the Elementary I and II kids. Tonight it will be put on for the public. We'd like everyone to please come. (It's going to be VERY GOOD!!!) Adults will be 50 cents, and students will be 25 cents. So, **PLEASE COME.** (It's going to be in the LJH Auditorium.)

A **RUSSIAN** named Rudolph looked out the window one morning and announced, "It's raining!" His wife also looked out and said, "No, it's sleeting." "It's raining," insisted her husband, "Rudolph the Red knows rain, dear."

Cracky says: Person who looks to the bright side of things gets sore eyes.

LAST WEEK on Thursday we had a band clinic. Mr. Killion of Texas Tech came over as our clinician. Everyone had fun and enjoyed Mr. Killion. He really helped us toward our goal; **SWEEPSTAKES!!**

SINCE THE freshmen English classes are studying Romeo and Juliet here's something for them:

Juliet-Romeo, Romeo, where art thou? Romeo-Down here in the bushes-the trellis broke!!!

MONDAY, several people traveled to Floydada to play in a district tennis tournament. Mike Gage (in boy's singles) won a second place ribbon. Ronald Parmer and Doug Perrin (in boy's doubles) also had a second place ribbon each. Toni Gardner and Shelley Collins (in girls' doubles) won **FIRST** place ribbons. Mari Louise Bennett (in girls' singles) also made a second place ribbon. We are proud of all of them. **CONGRATULATIONS!!!**

THE SEVENTH grade boys came in third place in their district track meet. **Good work boys!!!**

THE LJH Band concert will be held in the LJH Auditorium on April 20th. Their band contest (in sightreading and concert) is on April 27th. **GOOD LUCK!!!**

THE HONORS' Assembly will be May 11th. (We're all looking forward to it!)

Mr. Jones-I started life without a penny in my pocket!
Mr. Smith-So what-I started life without a pocket!

THE GIRLS' track season has started, now. **RUN! RUN! RUN!!!**

HAVE A GOOD week and . . . whatever you like most about Easter, we hope you get a lot of it!!!

MRS. MARIE DAY was honored with a coffee and presented with a bracelet Thursday morning in the lounge of the General Telephone Company business office in recognition of 20 years service with General Telephone. Making the presentation is Mrs. Juanita Howard, business office supervisor. A luncheon in the General Telephone building Thursday noon honored Mrs. Day, also. Mrs. Day has been in the business department six and one-half years of her 17 years in Littlefield. She was telephone operator before transferring to the business department.

Area Students On Honor List

Two area students have been named to the Arts and Sciences honor roll at the University of Texas last fall. They are Suzanne Williams of Anton and Richard Lee Black of Sudan. Miss Williams was included in the Ampla Cum Laude list and Black was named to the Cum Laude list. A minimum of 52 grade points is required of a student if he is to be included on the honor roll, and the list was made public by Dr. Stanley R. Ross, acting dean of the College of Arts and Sciences and provost-designate.

It's **PIONEER** again this year.

Here's why:

RALPH CARTER, Littlefield, produced 6300 pounds of grain sorghum per acre from 32 acres of Pioneer brand 846 he planted last year. In another 88-acre field he averaged 3980 pounds per acre with 846. Mr. Carter planted the smaller field on double rows with a seeding rate of 10 pounds per acre. The larger field was planted in single 40-inch rows at a 3 pound per acre seeding rate. Limited water was applied before planting and three times between planting and harvesting. Mr. Carter plans to plant 200 acres of 846 this spring because he likes the way 846 yields with limited irrigation.

Good Friday To Be Observed

OLTON—Friday, April 9, the Olton Ministerial Alliance will sponsor six services in observance of Good Friday. The series of commemorative observances is based on the theme, "Journey to the Cross." The half-hour services are scheduled at various times of the day, and everyone in the area is invited to participate in each service.

Breakfast will be served at 7 a.m., at the Church of the Nazarene, with Rev. Gene Davis, pastor of the Assembly of God Church, bringing the message on "The Transfiguration" at 7:30 a.m.

The Rev. Ronnie Travis, pastor of Hopewell Baptist Church, will be the speaker at 10 a.m. for services conducted in Mission La Trinidad Bautista. Rev. Travis will speak on "Triumphant Entry."

A sandwich luncheon is slated for noon at the First Baptist Church. "The Upper Room" will be the subject presented by Rev. Bill Burton, pastor of the Nazarene, at the 12 o'clock hour. At 12:30, Rev. Al E. Jennings, pastor of the First United Methodist Church, will speak on "Garden of Gethsemane."

The concluding services are slated for 7:30 p.m., in the First United Methodist Church, subject will be "The Crucifixion." The Rev. John E.

Lewis, pastor of the First Baptist Church, will be the speaker.

Members of Ministerial Alliance helping plan the Good Friday community wide services were Rev. Pat Gloria, Rev. Bill Burton, Rev. John Lewis, Rev. Ronnie Travis, Rev. Al Jennings and Rev. Gene Davis.

Sudan Church Sets Revival

The Church of God of Prophecy, located at 201 Wilson in Sudan, is participating in a church-wide revival effort sponsored by the organization with world headquarters in Cleveland, Tenn.

"World Outreach," the name given to the world-wide evangelistic endeavor, will be conducted from April 11 through May 30. The local congregation has chosen April 11 as a beginning date to conduct their revival.

Last year the 120,000-member organization, with missionaries in 43 countries, used the theme, "Spiritual Conquest," for a similar endeavor.

Pastor Steve Couch extends a cordial invitation to the public to attend the special services.

Switching to Caparol is easy. In fact, it's one of the reasons for switching.

If you've held off buying a pre-plant cotton herbicide this long, or haven't treated all your acres yet, you've done the right thing. You've kept your options open. One of those options is banding Caparol® herbicide pre-emerge. It makes a lot of sense with money tight, and cotton cheap. Caparol can give you the weed control you need, while saving you the expense of broadcasting and incorporating pre-plant herbicide. Perhaps, you're a bit hesitant about switching to a new practice. Everyone is. But switching to Caparol is easy, because it's so easy to apply. Caparol goes on behind the planter. Even right from the planter if you like. Just mount a spray nozzle behind each press wheel, and you can plant and spray Caparol in one trip. Caparol needs no incorporation. Moisture is all that's needed to move it into the weed root zone. So when you spray

Caparol, you don't have to do anything else. It's the last thing to go on the seedbed. The treatment can't be disturbed by planting the way a pre-plant treatment can. What's more, banding Caparol pre-emerge at planting keeps your options open till the seed goes in the ground. And you won't be paying for weed control months before you need it. You can rotate to sorghum or come back with cotton. Carryover isn't a problem with Caparol. Neither is control of carelessnessweed. Caparol gets it and annual morningglory too, along with the bulk of the weeds, and many grasses in your field. So you've done the right thing by waiting. Now, check out Caparol with your supplier. See why the switch is on to Caparol, and how easy it is to switch. For more information, write to Geigy Agricultural Chemicals, Division of CIBA-GEIGY Corporation, New York 10502. **Caparol by Geigy**

Diabetic Camp Opens May 30

Camp Sweeney Diabetic Training Center for diabetic

boys and girls will open its 22nd season May 30, with three three-week sessions: May 30 to June 19, June 20 to July 10 and July 11 to July 31.

Camp Sweeney is located 9 miles east and 1 mile north of Gainesville on 338 acres of rolling timbered hills with three dormitories for boys and three for girls; a non-denominational chapel; a modern hospital; a 30-acre lake for boating, fishing and water skiing; a sanitary swimming pool, tennis courts, recreational pavilion, target range and 20 gentle saddle horses.

Under the supervision of a specialized medical staff, dietitian and counselors, these children are taught their proper diet with regulated exercise, how to take their urine tests and give their own insulin injections.

Of major importance, through this group association with other young diabetics, they realize they are not alone with their problem and with proper knowledge and instruction, they can learn how to live with their lifelong, inherited affliction—diabetes.

Camp Sweeney, operated and maintained by Southwestern Diabetic Foundation, Inc. are organizational members of Texas United Community Services and a state project of the Texas Jaycees. If you know or hear of a diabetic child who needs our help please refer them to this office.

For application blanks, brochures, etc. write direct to James V. Campbell, Camp Sweeney director, or Southwestern Diabetic Foundation, Inc., P. O. Drawer 918, Gainesville, Texas 76240.

Caballero To Judge Brownfield Exhibit

Dr. Emilio Caballero, chairman of the department of art at West Texas State University in Canyon, will serve as guest judge at the fifth annual art exhibit and sale in Brownfield April 28 through May 2.

The art exhibit and sale will be open to all artists within the area, and will be held at 320 South 5th.

Entry fee will be \$2 per item for persons who are not members of the Brownfield Art Association.

Cash awards of \$125 will be given for "Best in Show", "Terry County Membership Award", and \$25 cash awards each in the still life, portrait, abstract, and sculpture and craft divisions.

Ribbons will be given for first, second, third and honorable mention places in each division.

and for the popular choice show.

Each artist may submit a total of five entries in painting, drawing, prints, sculpture, Nudes or other objectionable subject matter. Paintings will not be shown.

An artist may receive citations but not awards or purchase prizes. All entries must remain on display for the duration of the show.

Entries for competition must be original work of the artist and not previously awarded in Brownfield. Work must be so noted, and must receive a ribbon-but no chase award.

Entries must be delivered to 320 S. 5th Monday, April 27, from 10 a.m. to 3 p.m. Out-of-town artists who pick up their work after Monday will be shipped by artist collect.

Open house and recognition winners will be held Saturday, May 2, at 4 p.m.

Dr. and Mrs. Caballero will be present for the presentation and reception from 1 to 5 p.m.

Parkview Baptist Church Undergoes Renovation

Parkview Baptist Church has undergone \$4,500 in renovation of their building, and men of the church have donated their time in making "very noticeable changes".

According to the pastor, Rev. R. N. Tucker, men of the church worked evenings during their free time, and completed the work in three months—from January through mid-March.

"Contributions have taken care of all but \$2,500 of the cost, which was borrowed from the bank," Rev. Tucker stated. Members of the church are now attempting to pay that back.

Most of the renovation was done in the old part of the

church building—the original auditorium which was built in July of 1948, as a mission from First Baptist Church.

Several partitions were moved, two bathrooms were moved to another location to allow more room in the kitchen, hallways were paneled, ceilings tiled, floors tiled, two classrooms were carpeted, and blackboards were added to every classroom.

The initial renovation project was begun in the latter part of 1970, when Adult I Department decided to make their own quarters "better looking". They painted, added a folding partition and added tile to the floor.

Easter Seal Society Offers Rehab Services

Persons with physical handicaps who need treatment and services in Lamb County may find the services they need through Doyle Patton, Jr. who is the Lamb County Representative of the Easter Seal Society for Crippled Children and Adults of Texas.

The Easter Seal Society offers rehabilitation services to children and adults with physical disabilities including speech and hearing problems, according to Patton.

The Society also operates an information and referral service that will direct residents of

Lamb County to other appropriate sources of health and welfare aid in the area, he said.

He urged parents, doctors, nurses, clergymen and other individuals and organizations to refer handicapped persons who need assistance to the Easter Seal Society by contacting him at the Security State Bank, Littlefield.

The Texas Easter Seal Society helps support 20 treatment centers where services are provided to crippled children and adults regardless of their ability to pay.

PLACE FIRST IN 880 RUN AND RELAY

Jr. High Place In District Meet

BUDDY JUNGMAN of Littlefield ends the 880-yard run first with 2:11.8 time in the District 3-AA junior high meet here Monday. Ricky Hodge runs the final leg of the 880-yard relay for the Wildcats to win with a 1:44.8 time. Other members of the team are Benny Williams, Chris Andrews, and Jungman.

The Littlefield Wildcat Junior High tracksters carried away a second place position in the 8th Grade District 3-AA competition while the 7th Grade carried away third place honors.

Olton's 7th took the first place honors while Floydada took the second place. In the 8th Grade totals, Floydada walked away with the loop meet and Dimmitt placed third.

For the 8th Grade Ricky Hodge took the second spot in the 440-yard run with a 58.6 time. Buddy Jungman placed first in the 880-yard dash with a 2:11.8 time, and fourth place in the long jump with a 16' 6" jump.

Mike Cotter took the second place spot in the pole vault with an 8' 6" jump. Doug McCain took both the fourth place discus, with a 110' throw, and fifth place in the shot put, with a throw of 37' 10 3/4".

In the relays, the Cat 8th placed fourth in the 440-yard and took the first position in the 880-yard. The team of Jungman, Benny Williams, Chris Andrews and Ricky Hodge took the 880 in 1:44.8, and took the 440 in 51.5.

In total points, Littlefield accounted for 24 for the second place. Floydada racked up 43 for the first place honors.

The 7th Grade compiled 27 team points

while Olton had 60 for first and Floydada 36 for second.

Jerry Palacios was third in the 880-yard run with a 2:25.3 time. Angel Sanchez took the second place spot in the 440-yard run with a 62.3 time. John Baiza took the first place spot in the high jump with a 5' 1" jump, a second in the shot put with a 35' 10 1/2" throw, and a second in the 100-yard dash with a time of 11.7 seconds.

Two Littlefield players placed third and

fourth in the discus event. Doug McDonald and Dean Walden had throws of 106' and 102' 7" respectively.

The relay teams of Albert Ayala, Angel Sanchez, Ronald Parmer and Baiza placed third in both the 400 and 880-yard relay events. In the 440 Littlefield ran a 53.2 second time, and in the 880 had a time of 1:50.1.

The junior high district competition is the final competition for the year.

BOYS AND GIRLS WIN

Tennis Team Wins District

The Littlefield team in the District 3-AA Junior High Division of tennis competition took first place Monday with 35 points. Lockney was second with 30 points, Floydada third with 25 and Morton fourth with 10 points.

Shelley Collins and Toni Gardner of the Wildcat girls' doubles topped Susie Cuiwell and Holly Daugherty of Olton by 6-1, 6-2. In the finals of the girls' division, the Cat

team won over the Floydada team of Linda Norman and Vicki Foster by 6-2, 6-4.

Ronald Parmer and Doug Perrin gained the boys' doubles finals by defeating Friona's David Blackburn and Dale Cleveland with an 8-6, 5-7, 6-1 set. In the finals, the pair took a loss to Dan Mercer and Robert Murdoch in a 6-0, 6-0 match.

Mike Gage of the Cats topped Gary Stone of Friona 6-4, 4-6, 6-4, in the first set of the boy's singles but was beaten by Tony Gross of Lockney in the finals by 6-0, 6-0.

In the freshman division, girl's singles, Mari Louise Bennett beat Rhena Baker of Dimmitt by 6-3, 6-0. In the finals Diane Fry of Lockney topped Mari Louise by 6-1, 6-0.

There are no further contests for the Junior High division winners after the district meet.

Golf Team Places Fourth

The Littlefield Wildcat golf team slipped out of their slim hold on the West Division of the 3-AA District to finish in fourth place and lose their chance to go to the district tournament. Only the top two teams of each division will compete for the district honors.

Abernathy was the winner of the 18-hole play, that was held at Pine Hills Municipal golf course in Lubbock, with a score of 323. The team consisted of Rodney Huffaker, Mike Kerr, Dave Davenport and Mark Harrison.

Floydada finished with a 331, Friona with a 338 and Littlefield with a 351. The Littlefield team score included Mike Talbert, 86, Brent Whiteaker's 85, Glenn

Short's 89, and Kerry Nicholas and Randy Dayton with 91's.

The outside medalists that will go to the regional meet will be Mark Wohlgenuth of Dimmitt, who shot a 79, and David Darnell of Friona, who shot an 80.

The first, second and third place team medalists were Andy Hale of Floydada with 76; Davenport, 77; and Huffaker, 78. The top two district teams will compete in Lubbock at the Pine Hills Course April 22 and 23 in the Regional Tournament.

Little Leagers Battle For Tourney Championship

The Little League basketball tournament goes into its second leg tonight with the Mustangs and Bears vying for a spot to play the Longhorns for tourney champs in the major league.

In the minor league, the Bucks and the Celtics will clash. The winner will play the Hawks for the championship berth.

Monday night's action, in the one time around elimination tournament, the Hawks downed the Sonics, 17-7, and the Celtics dropped the Cougars, 24-10, in minor league play.

In the major league, the Longhorns squeaked by the Raiders, 16-14.

Larry Whitson took top scoring honors for the night with 18 points for the Celtics in their win over the Cougars. Kyle Walker helped with three points. Ricky Henson got two and Johnny Lee Logan sank one.

The losers were paced by Eddie Elms and Swade Washam with four points each. Todd Harrell hit for two.

Brent Jones went into action for the Hawks by sinking 11 points. Jimmy Clayton, Isidro Lopez, and Travis Grimes each assisted with two points.

Randy Askef led the Sonic scoring attack by sinking three points. Chuck Russell and Mark Culp each got two.

In the major league action, Ralph Mendez bucketed 11 points to help the Longhorns beat the Raiders. Kevin Yandell dropped in for four and Stan Jackson hit one.

The Raider attack was led by Tommy Twitty with six points. James Kemp sank three. Jay Lee and Emory Jackson got two apiece and Bill Healy dropped in one.

Tuesday night the Hawks clinched their berth in the championship playoff by downing the Chapparals, 23-14, in the minor league.

In the major league the Longhorns continued their winning ways by dropping the Horned Frogs, 33-25, to gain a spot in the play-off for tourney champs.

PERMANENT DAMAGE

The human ear contains thousands of tiny and delicate sensory cells which play a major role in the ability to hear. It has been thoroughly established that excessively high intensity sound levels can cause serious, and sometimes permanent damage to these cells.

Wildcats Place Eighth In Monahans Meet

Littlefield Wildcats participated in Monahans Invitational track meet on Sunday, the final meet before the district meet. In the division in which the boys were placed, they came in eighth, Monahans the winner.

Only Wildcats to place in events at meet were Jesse Davila with a fifth place 1:56.4 time, in the 880-yard run.

Larry Purdy took the sixth place position in the pole vault with a jump of 11' 0". Purdy and Hartley tied for fifth place in the high jump with leaps of 5' 4".

The Littlefield team was the host yesterday for the 1971 3-AA District Track Meet in Plainview. Results of that competition will be in Sunday's Leader News.

Students Recognized At Whitharral Banquet

The recent Whitharral High School banquet, basketball honors went to Larry Graham, outstanding boys' basketball player. Cynthia Dukatnik was outstanding guard and Darlene was cited outstanding forward in basketball.

Recognition went to Graham, Dukatnik and Kathy Lynn Williams among the all-district team.

All honors went to Graham, outstanding back and James Hayes, outstanding lineman.

Team members recognized were: Carl Hoelscher, Mike Lopez, Pence, Randy Wade, Freddy

Forbus, Rickey Doshier, Benito Lopez, Bud Reding, Ruben Martinez, Kenny Dukatnik, Luis Barrera, Jackie Bryant and Robert Paierna. Lloyd Strickland and Johnny Hal Miller were managers for the football team.

THREE'S A CROWD

Along with a lot of other record-setting, the 1970 Houston Astros hit an alltime high of five grand slam homers. First baseman Bob Watson had two of them while shortstop Denis Menke, third baseman Doug Rader and outfielder Joe Pepitone each chipped in with one.

DORIS ASHLEY hefts the ball over the net Tuesday night while Sharon Gray ducks and Luanne Johnson and Carolyn Gray get ready to volley in the final game of the year.

HOLD 22-2 RECORD

Volleyballers Loose Bi-District Bid

The 1971 volleyball season came to a close Tuesday night as the Denver City Mustangs dropped the Wildcats in two games 15-4, 15-3 for the bi-district championship.

Luanne Johnson was the top scorer for

the Cats with four points in the blitz by Denver City. Sharon Gray had two and Brenda Feagley had one point.

Denver City will now go to the Regional Tournament to be held in Lubbock at Texas Tech's Coliseum.

Salvation Army Advisory Board Elects Officers

Officers for the Salvation Army Advisory Board were elected during the board's last meeting recently.

Doyle Patton was elected to the chairman's position; Warren Dayton is the new vice chairman; and Charlie Duval is secretary-treasurer.

Five new members were elected to the Advisory Board. They are: Rev. David Hamblin, Kip Cutshall, James Settle, Rev. Joe James and Tommy Ballard.

Other members are Gerald Kehoe, Bruce Porcher, Ross Lumsden, Mrs. Hazel White, and Mrs. Susan Wilemon who is a life member.

John McAnally and Lenton Smith completed their three year terms on the board this past January.

"The Salvation Army is grateful for their fine work while serving on the Advisory Board," said Captain Daniel Hudson.

"It is through the guidance of these interested citizens of our community that The Salvation Army is able to carry on its services to the needy people of the city of Littlefield," he concluded.

New Booklet At Lamb SCS Office

A new booklet outlining broad phases of conservation work underway in Texas is now available from the Soil Conservation Service, a local conservation leader said this week.

District Conservationist Joe Blevins of the Lamb County Soil Conservation Service office said the new booklet "Soil and Water Conservation in Texas" tells how SCS programs are helping Texans conserve, develop, and protect the state's soil, water, plant, and wildlife resources.

The booklet is considered a must for the conservation teacher, urban consumer, agricultural leader or businessman honestly interested in the conservation thrust being made in Texas.

Blevins said conservation work is coordinated through local soil and water conservation districts. In the county area, the Lamb County Soil and Water Conservation District is the action group through which conservation work is directed. T. C. Faver is the district director for the Littlefield zone of the district.

Single copies of the booklet "Soil and Water Conservation in Texas" are available free from Soil Conservation Service offices.

Savings Bond Sales Are Up

Series E and H United States Savings Bond sales in Lamb County during February totaled \$18,054, according to County Bond Chairman C.O. Stone.

Sales for the first two months were \$27,065—21 per cent of the 1971 sales goal of \$130,000.

Treasury figures show that Texans purchased \$17,302,962 in Savings Bonds during February compared to 1970 sales for the same period totaling \$16,678,196—an increase of \$624,766 or 3.7 per cent. Sales for the two-month period were \$34,678,727 for 19 per cent of the state's goal of 181.9 million.

Nationally, sales of E and H Savings Bonds were \$431 Million—an 11-year peak for February. Sales for the first two

months totaled \$961 Million per cent above 1970. Sales for the lowest February in five years.

RADIATION The radiation at 60 feet where the SST was generally is about the same as in New York City at ground level. Radiation dosage product of level of exposure multiplied by time of exposure. Therefore, the passengers on a 2.5-hour transatlantic SST probably would absorb radiation that the passengers would during a 6.5-hour on the jets of today.
