

\$50,000 settlement reached in Spies suit

Law suit filed against the Littlefield by Gene Spies on

behalf of his minor son, Danny Spies, was settled out of court

Monday for a sum of \$50,000. The agreement was approved by Dis-

trict Judge Pat Boone Jr.

Spies had sued for \$2,650,000 in the personal injury damage suit, and members of the city council and representing attorneys, Crenshaw, Dupree and Milam of Lubbock, settled for the smaller amount.

Half of the amount—\$25,000—was the full liability insurance offered under the city's policy, which was in force at the time Danny Spies was struck by a

motorcycle in the city park, during the first Festivities Days.

Then the city matched that amount equally to complete the balance. Both the insurance check and the city's check were issued to the Spies Monday during the settlement. Funds for the city's share came from the city's general fund.

The city council took action favoring the settlement at the close of the Nov. 18 city council meeting,

following discussions in a closed session. Several executive sessions have been devoted to the case, and termed as "pending litigation."

According to City Attorney Ted Sansom, "The council felt they represented the city as well as they could in settling for the lesser amount."

Had the case gone through court, a higher amount could possibly have been awarded.

Weather modification hearings postponed

Adjudicative hearings on two applications for permits to engage in weather modification and control operations as scheduled by the Texas Water Development Board, have been postponed indefinitely, according to Carol Mann of the TWDB office.

The hearings were set for Monday, Dec. 6, in Morton, and won't

be re-scheduled until possibly mid February.

Applicants are Plains Weather Improvement Association, Inc. and Atmospherics, Inc.

The applicants were seeking permits to conduct weather modification and control operations to increase precipitation and decrease hailfall within two target areas.

Dr. Rains appointed county health officer

Lamb County Commissioners' Court named Dr. Robert M. Rains as county health officer at their regular end-of-month meeting here Tuesday.

The appointment fills a vacancy created when Dr. J. H. Oyer announced his retirement.

Previously the court appointed Dr. J. W. Chatwell to fill this position, but Dr. Chatwell said he must resign since he is serving as

city health officer for Amherst and can not serve in two appointive capacities.

In other action Tuesday, County Judge Ruth Kirby and the commissioners went over budgets submitted by various county department heads. The county budget for the coming year will be considered department by department at the second Monday meeting in December.

Swine Flu immunizations to get underway Sunday

The Swine Flu immunization program is due to get underway in Lamb County Sunday, with clinics at Sudan and Olton scheduled for their respective school cafeterias from 12 noon to 5 p.m. that day.

At Sudan, Dr. J. W. Chatwell of South Plains Hospital in Amherst will be in charge of the inoculations; while Dr. Jack Hillman of Plainview, will direct the immunization program at Olton.

The Amherst clinic is scheduled to be held all day Friday, Dec. 10, at the South Plains Hospital in Amherst, from 9 a.m. to noon, and from 1 to 6 p.m. Dr. Chatwell will also direct that program.

Springlake-Earth's immunization clinic will be directed by Dr.

Hillman of Plainview from 12 noon to 5 p.m. Sunday, Dec. 12, in the Springlake-Earth School cafeteria.

Dr. H. M. Hinckley Jr. will be in charge of Littlefield's clinic, which is scheduled Saturday, Dec. 11 from 12 to 5 p.m. in the Lamb County Ag and Community Center on South Hall Avenue.

Sponsors of the Lamb County immunization project, the South Plains Health Providers, are hoping for an excellent turnout at each of the clinics. Health officials have revealed that waiting until a flu epidemic starts could be dangerous, since it takes about a month to build up an adequate immunity from this vaccine.

County 4-H Gold Star winners honored at District banquet

With parents, supporters and special guests looking on Monday night, Nov. 22, Dina Jo Hampton and Dean Walden of Lamb County were among 40 outstanding 4-H'ers who were presented the highest county award offered in the 4-H Club program—the Gold Star.

Award ceremonies, which included a banquet in their honor, were staged at Lubbock's Coronado High School.

Twelve member-owned electric cooperatives serving District 2 hosted the event with the Texas Agricultural Extension Service, which directs the 4-H program in Texas.

A boy and girl from each of the 20 counties in Extension Service

District 2 are eligible to receive this highest county award each year. The award is based on outstanding achievement, leader-

ship and contribution to the county 4-H program.

City Council meets tonight

Littlefield's city council will meet tonight at 7 in the council chamber of City Hall for their regular first-of-the-month meeting.

Besides routine business matters, the council will consider three items of business:

1. Conduct a public hearing on Community Development Block Grant.
2. Discuss the ambulance contract.
3. Elect members to the Texas

Municipal League Workmen's Compensation Board of Trustees.

The Citizen Participation Plan for the city of Littlefield as published in this newspaper on Oct. 17, 1976 is amended as follows:

The city of Littlefield anticipates filing a pre-application for Community Development Block Grant funds with the U.S. Department of Housing and Urban Development prior to Jan. 7, 1977.

The city may request program funds within the amounts of \$50,000 and \$250,000.

Additional citizen participation concerning the pre-application may be provided at the Littlefield city council meeting tonight.

Santa Claus coming aboard fire truck

Santa Claus will be arriving in Littlefield aboard a fire truck Saturday at 10 a.m.

He'll be throwing candy to the children on the sidewalks as he passes by, on his way to the front foyer of Security State Bank. There he will visit with the children, give them candy, and pose for picture sessions throughout the day, until 5 p.m.

Oecia's Photography will be in charge of taking pictures, and each 4x5 color photo will be \$3.

Sponsoring the children's visits with Santa are members of "We, The Women", a branch of the Littlefield Chamber of Commerce.

4-H GOLD STAR winners for Lamb County, Dean Walden of Littlefield and Dina Jo Hampton of Springlake-Earth 4-H, were given special recognition Monday night, Nov. 22, during the annual District 2

4-H Club Gold Star Awards Banquet in Lubbock. They were among 40 who received the Gold Star, which they display here.

To The EDITOR

To the Editor,

To whom it may concern.

There are some people in town who don't care about their pets.

I have asked those of our city to keep their pets up completely, without cooperation.

There still are dogs all over town running loose with no city tags.

During the month of November we picked up 71 animals on our streets.

From October 1975 to October 1976, we picked up 1,098 animals

and had to destroy 885 pets because people just do not care.

A man said today he would get me fired for filing charges on him over his dog being out. Well, I am here to tell you all, I am going to do my best on this job until relieved of my duties as Animal Control officer.

Sincerely,

s/Melvin L. Cox

Salvation Army fund drive kickoff Tuesday

Rev. Roger Martin has been named campaign chairman of the Littlefield Salvation Army Service Unit's \$2,500 fund drive which kicks off Tuesday, Dec. 7, 1976 as announced by Service Unit Committee Chairman Lee Behnke.

The funds will provide local welfare services for the underprivileged and provide aid to stranded travelers. The Service Unit also participates in such statewide Army programs as disaster relief, help for pre-delinquent girls and unwed mothers, summer camp for boys and assistance to prisoners, alcoholics and their families.

A civic leader and pastor of First Presbyterian Church, Rev. Martin, has been active in projects to improve the community since his recent move to Littlefield.

Funds collected in the drive will be used to pay for The Salvation Army's services to the underprivileged in Littlefield through the current fiscal year.

The committee, composed of business and civic leaders, carries out a year-around program to help people with emergency needs. In the name of The Salvation Army whom it represents, the committee pays for food, lodgings, utilities and such basic necessities that families or individuals may require in a temporary crisis.

The Service Unit also acts as liaison for The Salvation Army's state-wide program which includes summer outings for boys at Camp Hoblitzelle, care for pre-delinquent girls and unwed mothers, help for paroled prisoners, relief in major disasters and other services.

Members of the committee are: Chairman-Lee Behnke; treasurer-Charles Duval; welfare-Kip Cutshall; and members- Mrs. Susan Wilemon, Rev. Joe James, Doyle Patton, Warren Dayton, James Settle, Mrs. Pat Behnke, Mrs. Carol Black, Mrs. Bob Davis, Mrs. Jeni Brunson, Tommy Vargas, Richard Wall, Rev. Roger Martin, and Don Pitts.

CLIPS & TIPS

By JOELLA LOVVORN

ENTERTAINING FAMILY and friends around the dinner table is part of traditional holiday fun—but it won't be fun unless perishable foods are kept safe, Mrs. Dorothy Powell, county extension agent, reminds.

"Holiday favorites such as roast beef and scalloped oysters must be prepared carefully and served safely," she says.

"Scalloped oysters are highly perishable. Keep them refrigerated or frozen until just before cooking. In serving, keep them hot, about 140 degrees F. Serve quickly, refrigerate leftovers immediately."

"Roast beef—rare, served with pan drippings—is another family favorite that is considered perishable. If your family must have rare beef, cook it at least to an internal temperature of 140 degree F. Pan drippings must be heated to the boiling point before serving. Meat should not stand more than two hours at room temperature. Refrigerate leftovers promptly," she said.

Remembers, bacteria can cause food poisoning. All they need to grow is the right time, temperature and moisture. Vomiting, stomach cramps and other unpleasant symptoms which can last for several hours or even days can be severe—more so in young children and elderly people, she said.

"Food improperly handled, prepared or served is often the cause. But how can food be prepared and served properly so as to avoid foodborne illness?"

Don't try to feed more people than you can handle—consider the size and quantity of your cooking equipment and your supply of eating utensils and dishes. Figure how much refrigerator space is needed to store foods properly—at the right temperature—at below 40 degrees F.

A WIDE VARIETY OF BULBS are waiting to be planted this fall to burst into color at the first sign of spring and continue blooming through next fall.

The biggest problem with planting bulbs is selecting from the vast numbers of unusual, as well as common varieties that are available. They come in all sizes, shapes, textures and colors perfect for almost any use.

Since they can also be used in such a variety of different ways, bulbs make a perfect touch anywhere in a landscape plan. They can be planted under and around trees or shrubs, in open garden beds, along streams, in rough grass to add color to the natural setting, along pathways or lawn edges or just about anywhere the imagination commands. They reproduce well and generally require little care.

The American Association of Nurserymen has a few planting suggestions to offer. Most bulbs prefer loamy soil with good drainage and plenty of air circulation.

Poor soil can be improved by mixing it thoroughly with peat moss or rotted manure or other organic matter.

Depending on the size and special variety of the bulb, they can be planted anywhere from two to six inches deep. A local garden center or nurseryman can give advice on planting a specific variety, or follow the instructions that come with the bulb if available.

Except for special varieties which grow in the shade, bulbs need plenty of sun when they start blooming. They should also be protected from strong winds which could break up some of the delicate flowers or foliage.

They should be placed flat in the planting hole with the top point standing straight up. Avoid air pockets around the bulb. A bulb planting tool can be especially helpful when planting large numbers of bulbs, but an ordinary garden trowel will do fine.

Sprinkle one of the high phosphorus bulb fertilizers in when the soil is being prepared. Pack the soil gently when backfilling. It's also a good idea to sprinkle a little fertilizer on as a top-dressing in the winter.

At least every three or four years, bulbs should be dug up and divided. Otherwise they become crowded and will not produce as many or as large flowers. The best time to lift and divide them is right after the leaves have yellowed or died. Avoid cutting the green foliage during the active times, since this is where food for the bulb is produced for the upcoming year. Most bulbs can be stored for reasonable periods in a cool, dry, dark area.

Generally, bulbs require plenty of water during their growing periods. After that, during their dormant stage, they can be left drier.

Plan bulb planting locations in advance and then select the varieties which will grow best for the conditions. If they are to be planted in wild areas, select hardier types with taller, bright flowers. Or, if they are to be used beneath trees or shrubs, choose a shade-loving variety.

was Jim Cobb, general manager of Texas Electric Cooperatives, Inc., Austin.

Addressing the 40 youths, Cobb said, "You have reached a pinnacle by having done an outstanding job. The boys and girls, parents and adult leaders comprising the 4-H Club organization are an integral part of leadership and progress in our state and nation.

"It is significant," he said "that many of those in leadership roles today in our society received much of their leadership training in 4-H."

Turning to agriculture, Cobb said that without energy there would be no agriculture.

The electric cooperative association manager stressed that the youths of today who will be leaders of tomorrow should be allowed the opportunity to carry agriculture forward, an opportunity they may not have if the energy situation is not faced positively today.

Master of ceremonies for the event was Senator Kent Hance of Lubbock. Spike Wideman, farm services director for KKYN Radio,

Plainview, narrated the presentation of awards, with Extension Agents Billy C. Gamm (culture) and Catherine Ford (home economics) presenting the honors.

Special guests included adult leaders, Extension officials, representatives of cooperatives and other organizations of the 4-H program.

The event is sponsored by the following 12 electric cooperatives: Bailey, Dickson, Deaf Smith and Swisher and Lea County, New Also, Caprock, Lightfoot, Wolf, Lyntegar, Midland South Plains electric cooperatives. To qualify for the award a 4-H'er must be at least 18 years of age, must have completed at least three years of club membership and must be currently active in 4-H.

According to the district the Gold Star Award is to stimulate winners through achievements and to encourage other young people to participate in the county 4-H program.

Recently, we picked up several stories about farmers.

"You talk about hard times but I see that you are able to have a hired hand," a U.S. Ag. Dept. official said to a West Texas farmer. "How much do you pay him?"

The farmer answered, "I agree to pay him \$30 dollars a week and his board but the farm don't make enough to pay him anything."

"Well, how do you manage?"

"Oh, we keep on till I owe him as much as the farm is worth and then I give him the farm and I work for him. The place has changed that way four times."

Another brag about Texas was

the size of the farms here something like this:

"Farms are so big in Texas on one of them a man starts the Spring and plows a furrow right on through and then he harvests back."

"On the biggest farms, married couple will go out the cows and their children back with the milk."

"There was one farm such a big crop that they all the wheat out-of-the there was room for and the rest in the barn."

Another one had to do ranch hands who were eating beans, beef jerky, grub. So they pooled the and sent one of the cow town to bring back some grub. He came back with of whiskey and a loaf and the rest were about it.

"What are we going to all that bread?" they

Grand Cross is an honorary degree presented to Rainbow Girls, Masons and members of the Eastern Star for outstanding service to Order of Rainbows. Grand Cross has been established in Earth 26 years.

At the meeting Saturday tables were placed in formation of a cross. Covered in white, the tables

featured a small cross of color emblem with the seven colors of the rainbow represented by candles down the center of the table. Red and blue streamers were across the table. Napkins were decorated with patriotic motifs. Programs decorated with a gold Liberty Bell were on a small table with a larger Liberty Bell and

Grand Cross of Color Emblem as decor. A large lighted Grand Cross of Color Emblem was in the room.

Mrs. C. C. Goodwin was mistress of ceremonies. Ruel Fanning gave the invocation and Mrs. Goodwin extended greetings. Pledge to the flag was given preceding the singing of America. Mrs. Bessie Cearley gave "The charge" to the members who gave the meaning of the seven colors.

At the business session Mrs. C. C. Goodwin was re-elected as chairman for 1977 meeting.

Mrs. Donald Kelley, Grand Visitor, gave the annual report of the Rainbows.

Four new members of Grand Cross of Color were recognized: Fonda Goodwin, Kleta Haberer and Mr. and Mrs. Ruel Fanning.

Misses Fonda Goodwin and Kleta Haberer assisted Mrs. Goodwin in Closing ceremonies. The meeting closed with the hymn "Blest Be the Tie".

Others present were Mmes. Lucille Campbell, Forrest Simmons, Myrtle Clayton, J. A. Littleton Jr., Marvin Sanders, Pete O'Hair Belvin Bock and Phillip Haberer.

Catholic Women plan Christmas Bazaar

The Sacred Heart Catholic Church Parish Council of Catholic Women are sponsoring a Holiday Christmas Bazaar Sunday, Dec. 5, from 1 to 6 p.m. in the Lamb County Ag and Community Center.

Besides the country store, where gifts will be on sale, three items will be given away in a drawing near the end of the bazaar. For donations of \$1 for each ticket, which provides three chances to win, the items to be given away are: a rosette afghan, an original painting, and a potted plant.

Tickets will be available at the bazaar.

Bassett-Sides wedding solemnized Saturday

Miss Denise Lyn Bassett and Raymond Ross Sides exchanged double-ring wedding vows in a candlelight ceremony Saturday evening, Nov. 20, in the Crescent Park Church of Christ of Littlefield.

Phil Harguess officiated for the reading of the vows, as the couple stood at the altar which was centered with a large arrangement of pink and burgandy gladiolus and flanked with spiral candelabras decorated with greenery.

Parents of the couple are Mr. and Mrs. Orville Bassett of Littlefield and Mr. and Mrs. Al R. Sides of Limon, Colo.

Presented in marriage by her father the bride wore a formal-length gown of white organza fashioned with a high neckline edged with scalloped Venise lace. Sheer full bishop sleeves with a cuff of lace. The empire bodice had a sheer see-thru yolk outlined with the lace. A band of Venise lace extended down each side of the bodice and onto the skirt and around the chapel length train. A large Dior bow of organza accented the back waistline. The headpiece was a Juliet cap of matching lace holding a chapel length veil of illusion.

For "something old" she wore a penny minted in the year of the bride and groom's birthdate in her shoe; "something new" was her wedding gown; "something borrowed" was a drop necklace from the bride's sister and "something blue", the traditional garter.

Mrs. Katie Boyd was matron of honor. Dana Bassett, sister of the bride, and Brenda Gattis all of Littlefield were maids of honor. They were attired in floor length gowns of American Beauty Rose peau de soie. The moulded empire bodices of their gowns were fashioned with a V neckline and long fitted sleeves edged with self ruffle at the wrists. The empire waistline and neckline were marked by a shade of pink Venise lace. They wore American Beauty Rose picture hats trimmed in Azalea velvet ribbon bands and a Dior bow in the back.

Richard Metcalf of Limon was best man. Groomsmen were Kenan Lichte of Littlefield and Tim Sides of Limon, brother of the groom.

Guests were seated by Brian Sharp of Borger, cousin of the bride, and Kenan Lichte of Littlefield.

Candles were lighted by Courtney and Christopher Sharp of Borger, cousins of the bride.

Miss Mary Sides of Limon, sister of the groom, registered guests in the church foyer at a table covered with a hand embroidered cloth centered with a floral arrangement in the bride's chosen colors of pink and burgandy.

The mother of the bride wore a floor-length burgandy chiffon dress. Her corsage was a pink orchid.

Mrs. Sides, mother of the groom, wore a floor-length dress of navy blue knit. She wore a pink orchid corsage.

Following the ceremony, a reception was served in the church parlor. The bride's table was laid with a formal-length, full-tiered white eyelet embroidered cloth, accented with a floral arrangement and appointments of silver and crystal. Serving the wedding cake and punch were Miss Doreen Sides and Miss Carmen Sides of Limon, sisters of the groom. Guests re-

MR. AND MRS. RAYMOND ROSS SIDES

ceived pink rice roses from Lisa Sharp of Borger, cousin of the bride, during the reception. For their wedding trip the bride wore a one-piece burgandy jumpsuit matching jacket and an corsage lifted from her bouquet.

They are residing in Littlefield. Mr. and Mrs. Marvin W. Amherst hosted the rehearsal for about 40 guests. The banquet table was decorated with white wedding flowers and a white floral arrangement.

Electric, safety course scheduled at Olton High

A farm electric wiring and safety short course for farmers is slated for Dec. 2 at 7 p.m. in the Vocational Agriculture Building at Olton High School.

Sponsoring the sessions is the Vocational Agricultural Department of Olton High School. The instructor will be Cleve Walkup, an electrical specialist with the Vocational Agriculture Division of Texas Education Agency, Department of Agricultural Engineering at Texas A&M University.

Cost of the short course is \$8 per person. Each individual present at the training classes will receive

a farm electric wiring short course certificate.

Among topics discussed will be grounding of electrical equipment for safety, double-insulated tools, ground-fault interrupter protective devices, fuses, circuit breakers, switches, wire sizes, voltage drop, splices and connections on both copper and aluminum wire and how to estimate the cost of operating electrical equipment. Upon request other subjects will be included.

Tommy Hancock and Steve Frazee, OHS Vocational Agricultural teachers, state that Walkup will assist farmers with individual problems at their own farms.

A. T. FOUTS, manager of Case Power and Equipment in Littlefield has just returned from Kansas City, Missouri where he attended a dealer introduction of new Case Model 2870 four-wheel drive tractor.

Fouts reported the 2870 is a 300 engine horsepower tractor and is the third four-wheel drive unit in the Case line. It joins the 213 horsepower 2470 and the 256

horsepower 2670. In addition to its big power features, standard equipment includes a 12-speed range power shift, four-way steering, and an air conditioned cab.

TV advertising has impact on children

Children who are "moderate" television viewers are exposed to approximately 200 hours of commercials in a year, says Mrs. Dorothy Powell, county extension agent.

During this time 22,000 ads are aired for toys, floor polishes, cereals, soft drinks, beer, detergents, vitamins and drugs. One advertiser estimates that \$400 million per year is spent on television commercials directed at children. And it's an investment that pays off, Mrs. Powell said.

"Research shows that mothers who are surveyed spent about \$1.66 weekly extra at the grocery because of requests from their children for special products or brands. This adds up to \$1.5 billion per year on grocery store retail sales.

"Parents and teachers are becoming increasingly concerned over the effect of advertising on children. Consumer activists argue that advertising takes unfair advantage of a child's lack of sophistication, produces misinformation about nutritional needs and increases tension between parent and child," she noted.

Preschool children are not capable of establishing priorities, determining the relative importance of certain items, evaluating the quality of a product or assess-

ing their own nutritional needs—yet children continue to be the focus of millions of advertising dollars, she continued.

"There has been some action to reform the advertising directed at children," she continued.

"Two consumer activist groups, Action for Children's Television (ACT) and Council on Children, Media and Merchandising (CCMM) are pressuring the Federal Trade Commission to enforce guidelines on advertising directed at children. The National Association of Broadcasters has developed a code governing advertising to children. But the problem continues.

"What can parents do? First become familiar with commercials by watching television for four or five hours one Saturday morning. Carefully listen to what is being said and what may be implied. Evaluate what your child is learning from the advertisements— are these the values you are teaching?"

"Next, write to the manufacturer of any product whose advertising you do not approve. Many

companies are sensitive to criticism, and just a few letters may encourage them to change the approach. Look for the manufacturer's address on the product packaging or labeling or ask a retailer to help you find it," she suggested.

Finally, if you do have a complaint about deceptive advertising, file it with the Federal Trade Commission, Washington, D.C. 20580. Or if it is a local advertiser, write to the Attorney General's Office, Consumer Protection Division, Capitol Station, Austin, Texas 78711, she advised.

Tau Chi Chapter hosts social, meeting

The Texas Tau Chi Chapter of Beta Sigma Phi hosted a steak dinner for their husbands at K-Bob's Saturday, Nov. 18.

A meal was served to all, and then members and their husbands, Don and Pat Stubbs, Mike and Gerry Thomas, Sam and Kris Bean, Gordon and Janice Graves, Roger and Kay Kendall, Eddie and Beverly Trimmer, Jimmy and Freddie Duke joined Miles and Bonnie Stephens in their home for an evening of games and refreshments.

REGULAR MEETING

The Texas Tau Chi Chapter of Beta Sigma Phi Sorority held its regular meeting in the Reddy Room Monday night, Nov. 22.

The opening ritual was repeated and the meeting was called to order by President Pat Stubbs. During the meeting, plans were finalized for a visit from Santa Claus for all area children to be held Saturday Nov. 27 at TG&Y.

Members also decided what kind of favors to make for the hospitals' dinner trays on Christmas Day.

The chapter voted again to hold its Christmas party at Freddie Duke's house Dec. 13, when members will exchange gifts and go caroling.

Tau Chi recently voted to donate \$50 to the March of Dimes, and the chapter will again assist Lamb County in the annual Mothers' March of Dimes.

The program for the evening was presented by hostesses Kris Bean and Beverly Trimmer on "Sculpture".

The program brought an intricate look into the most famous sculptures of history, and gave an account of the many different forms and periods of the art of sculpture.

After the presentation, members engaged in a creative sculpture contest.

Modeling in clay, each member carved out on an original art form. Gerry Thomas won the door prize after drawing for her creation of sculpture.

The meeting was closed by members repeating the closing

Ritual and Mizpah.

Following the meeting, a shower was held for member Janice Graves. After opening her gifts, refreshments of lemonade punch, sausage balls, cheese balls, and a cake decorated for baby were served to members Pat Stubbs, Cynthia Roberts, Kris Bean, Beverly Trimmer, Gerry Thomas, Kay Kendall, and Janice Graves.

Summer jobs written applications being accepted

The U.S. Civil Service Commission is currently accepting applications for the Summer Jobs written test. The two written tests to be given are scheduled for January and February 1977. Applications postmarked after Jan. 13, 1977, will not be accepted.

Each year about 10,000 summer jobs are filled in Federal agencies throughout the country. The jobs most frequently filled are typist, stenographer, clerk, administrative aid, office machine operator, and other sub-professional jobs in the fields of engineering and

physical or biological sciences.

To qualify for most summer jobs one must pass a written test and have education or experience appropriate to the type of job for which one applies. Salaries range from \$111.73 weekly to \$159.92 weekly.

Other types of summer employment opportunities with Federal agencies are explained in the Summer Jobs Announcement No. 414. Some types of positions require that interested applicants apply directly to various Federal agencies.

For more information and a copy of the Summer Jobs announcement, interested persons should contact the Federal Job Information Center, Room 1C42, 1100 Commerce Street, Dallas, Texas 75242. The Dallas telephone number of the Federal Job Information Center is 749-3156.

From Texas locations outside the Dallas area the Federal Job Information Center can be called toll-free by dialing 1-800-492-4400.

Federal Minimum Wage Law brings new pay hikes

The U.S. Department of Labor has noted that American workers currently guaranteed a \$2.20 an hour federal minimum wage will be entitled to \$2.30 beginning Jan. 1, 1977. Farmworkers eligible for the current \$2 minimum must receive \$2.20 beginning New Year's Day.

At the same time, employees in all branch outlets of chain store operations grossing \$250,000 annually will be guaranteed a minimum wage (at the \$2.30 rate) for the first time. Until Jan. 1, individual branch stores grossing less than \$200,000 annually are exempt from paying the federal minimum wage.

Most workers covered by the federal minimum wage law are already entitled to the \$2.30 rate.

Employment categories subject to the catch-up increase from \$2.20 to \$2.30 include:

- household domestic workers;
- laundry and dry cleaning establishments;
- private hospitals, nursing homes, preschools, schools and colleges;
- construction enterprises with gross annual business volumes of less than \$350,000. Larger construction firms are already re-

quired to pay the \$2.30 minimum; -hotels, motels, restaurants and certain other enterprises with an annual gross sales volume of at least \$250,000.

The increases and extended applications of the minimum wage were scheduled in amendments to the Fair Labor Standards Act (FLSA) enacted in 1974.

The Promises of God

By CARL F. KASTEN

"He hath made everything beautiful in his time:" Eccl. 3:11.

As we see the beautiful autumn colors on the trees about town we are reminded of Edmond Steedman's, 'Autumn Song'.

At every turn the Maples burn,
Along our path the woods are bold,
And glow with ripe desire;
The yellow chestnut showers its gold,
The Sumacs spread their fire;
The breezes feel as crisp as steel,
The buckwheat tops are red.

The colorful trees seem to say,
"The summer is ended, we have born our fruit; this is our reward,
we will soon be going to our winter rest."

While ministering to the Senior Citizens in the rest homes, our own day is brightened and we are encouraged by those who have walked and talked with the Lord for many years.

Now in the autumn of their lives,
we see the colorful display of their

character. A life augmented by faith in God, reading His word, and faithful attendance at worship services.

It is beautiful to see the faith and confidence they now have in the Lord, who sees them thru the trials of illness, pain and loneliness.

If you want to brighten your day, go to the rest homes and visit the folk there. Then take a walk along most any street and see the beautiful colors in the flowers and trees. Then go home and thank God for your blessings.

Thought: Without a faith which if God-filled, living and actual, the finest things in character, in joy and in spiritual and altruistic achievement are impossible.

Federation dance slated Saturday

The Lubbock Area Square and Round Dance Federation will host the December dance this Saturday, Dec. 4, 1976, in the Fair Park Coliseum in Lubbock. The requested round dancing will start at 7:30 p.m. and the grand march will be stepped off at 8 p.m.

The featured caller will be Harper Smith from Celina. Harper started calling in 1949 and has been a professional caller for 21 years. He has been on the staff at Kirkwood Lodge, Mo. for 19 years,

and on the Fun Valley, Colo. staff for 10 years.

Smith Records on the Kalox Label, his most famous being "The Grand Colonel Spin". Harper calls for 5 clubs in his home area and teaches one set of lessons for each of them a year, in addition to the 'not less than' 12 festivals he calls a year. He also teaches in the four annual sessions with his brother in their Smith Brothers Institute. The institute has been a sell out at every session in its history.

The host club for this dance will be the Happy Hearts Round Dance Club of Lubbock. Dave and Nita Smith (no relation to the caller) instructor for the Happy Hearts, will be the Emcee, and call the grand march. Dave and Nita will also direct the round dance program for the evening. This popular couple have just returned from campers weekend at Percy Quinn Park, McComb, Miss. where they, with other national callers, taught

round dance workshops and did exhibition dancing as part of the program.

The Lubbock Area Square Dance Federation is made up of 23 clubs, 19 square dance and 4 round dance clubs in Lubbock and the surrounding area. In addition to these member clubs, there is a pre-teen club, Guys and Dolls, a teen club, Swinging Teens, associate member, A teen and young adult exhibition group, Stagebrush Stalkers, and several new groups now in lessons intending to form new clubs.

Square dancing is a fun family recreation. Exercise, friendships, and fellowship are only part of the benefits it offers. Lessons are starting in the different clubs regularly. If you or your family or friends are interested, any square or round dancer can put you in contact with the info desired.

Dancers will pay admission at the door. Spectators are always welcome free of charge.

GOD'S FIVE MINUTES

MY CREDO

Someone once said: "To be denounced by honest men, honestly outraged, is a test of character that none but the strongest men can survive. Only one lesson has ever been learned from such a test—do your duty, and history will do you justice."

There are times in a man's life when truth and conviction can lead him down a lonely road.

As hard as the path may be, no two better traveling companions can be found.

Being justified in the eyes of one's friends and critics is sweet, sweet joy—but it is not essential to existence. What is essential is that if we come to death, unbeliever and unjustified—let one vow be on your lips—"I did my duty as God gave me the light to see my duty . . . history will prove me right."

—Paul M. Stevens

Cotton harvest regains momentum

High Plains cotton harvest regained momentum after fields dried this past week, according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office. Several days of poor drying conditions following heavy snow the weekend of Nov. 13 and 14 prevented much harvest activity until this week, Dickson said. The USDA's Agricultural Market-

ing Service reported cotton trading was moderate to active the week ending Nov. 26. Growers offered cotton in moderate to heavy volume.

Mixed lots of mostly grades 32, 42, 33, 43, and 53; staples 30 through 33; all mikes brought 63.00 to 64.00 cents per pound. Growers sold mixed lots of mostly grades 32, 42, 52, 33, and 43; staples 30-33; mikes 3.0 through 4.9 for 67.50 to 68.50 cents.

Cotton prices finished the week in a firming trend, and demand was good, Dickson said.

Prices paid growers for cottonseed ranged from \$75 to \$110 per ton.

Grades 32, 42, 52, 33, and 43 were predominant in classings at Lubbock this week. Grade 32 was 10 percent, grade 42 accounted for 20 percent, 52 was 10 percent, 33 made up 15 percent, and 43

claimed 23 percent. Bark reduction was assigned to 38 percent of the samples classed.

Predominant lengths were staples 30, 31, 32, and 33. Staple 30 was 23 percent, 31 accounted for 23 percent, 32- 20 percent, and staple 33- 13 percent.

Mike readings in the desirable 3.5 - 4.9 range amounted to 60 percent of the total. Mikes 5.0 - 5.2 registered two percent, 3.3 - 3.4 was 10, 3.0 - 3.2 accounted for 16

percent, and 2.7 - 2.9 claimed nine percent.

Pressley tests indicated 64 percent of samples tested had breaking strengths 80,000 pounds per square inch or better. Average at Lubbock was 81,000 psi.

About 80,000 samples were classed by the Lubbock Cotton Classing Office during the week ending November 26. Season's total stands at 236,000 compared to 246,000 on this same date a year ago.

COAL

Not many children in school today ever saw a lump of coal. But until about 20 years ago, every farm, ranch or business establishment on the South Plains depended on coal for heat and cookstove use.

Before the railroad got here, there just wasn't anything available to use as fuel. Freight wagons hauled it from other places on the railroad, or shipping points available.

But, when the Santa Fe, with its steam engines and black smoke came to town, you just liked to watch the firemen shovel in the coal.

Every loaded freight that came through had several cars of coal. Big large coal bens, rebutes, were along the tracks where the trains could get a new supply as needed.

For a long time, all cotton gins and other industrial enterprises had to have coal to fire the boilers that ran their machinery.

Coal throughout the the main supply of the big business in every merchants with their where. And everybody coal to burn.

Remember the coal bucket that was a household, church, or remember what a mess soot and cinders — even the same problem. Ash carried out, and coal able at the stove all the thermostats or regulate had to put in more coal. Big blankets and comfort kept on the beds in time, and a new fire morning.

Now, about 1935, a John L. Lewis, organizer miners that dug the mines, and the price sky high. People soon seek a cheaper fuel, enough, the petroleum with fuel oil, and kerosene took over, and the days was over, at least for a mines closed, the steel ories, railroads, all direct energy to petroleum city.

"But, all's not gold", Petroleum is run and it takes a million years more. Embargos on import petroleum products have scarcity on that which from other parts of the energy is in trouble again. We may have to go back or atomic energy to carry this good old American with its know how and find a way.

Parker of Plainview. Parker is an parker and coming young man who is reported to be very good.

There will be a short business session after the dance to name new officers for the next six months.

Approval will also be needed for a special dance tentatively set for next Thursday, Dec. 9, for students now taking lessons.

Then on Dec. 16, club caller Hap Pope will be calling.

Olton Scouter receives honor

David Britton of Olton, scoutmaster of Boy Scout Troop 220, has been named a "Leader of Distinction" by the national Boy Scout president.

Troop 220 has been designated a National President's Unit, thus making it one of the top units on the South Plains.

Charter sponsors for the troop are the Olton Lions Club and the local volunteer fire department.

Christmas breads to be discussed

Learn how to prepare breads for Christmas this year by attending "Christmas Breads Around the World" in the Flame Room of Pioneer Natural Gas Company, Monday, Dec. 6, at 7 p.m.

Those attending will receive a free Christmas recipe book.

For further information, call 385-4471, and RSVP by noon Friday, Dec. 3.

DEKALB HYBRIDS FIGHT SMUT

Proven In 1976 University Test

The best answer to the head smut problem is simple. But, it's hard to come by. That's corn hybrids with head smut resistance.

DEKALB's got 'em. Hybrids with top yield potential and head smut resistance. It's proven.

A 1976 Texas A&M University Test showed DEKALB can deliver head smut re-

sistance. And better yet, the DEKALB hybrids that demonstrated the most head smut resistance are also delivering top yields to local farmers. That means no yield sacrifice for head smut resistance.

There's no question that there is a difference among corn hybrids when it comes to head smut resistance. So see your DEKALB dealer today. Put in your order for the DEKALB Smut Fighters:

XL-75

DEKALB XL-75...It stands great, yields big and fights head smut. Here's the new leader in Texas Corn Country. XL-75 produces big, hefty ears packed with quality grain. It has an outstanding record in DEKALB Performance Tests and in farmers' fields. And, it was found to be extremely resistant to head smut in a 1976 university trial.

Wagleys Greenhouse holding open house here December 5th

Never before have pot plants, hanging baskets, and various sorts of live greenery enjoyed such popularity. And never before has Wagley's Greenhouse had so many varieties of mums, poinsettias, Swedish ivy, Boston ferns, baby tears, assorted jews, creeping Charlie, Christmas peppers and many more.

They have over 700 poinsettias here just in time for the Christmas holidays and these are featured at their giant open house.

Wagley's Greenhouse is holding open house from 1 to 4 p.m. Sunday, Dec. 5, at their greenhouse location just outside the Littlefield city limits on the Bula Highway.

Hanging baskets, poinsettias and a lug of tomatoes will be given away every hour during the afternoon. There will be refreshments of coffee and cold drinks. Everyone is invited to come out and choose poinsettias for Christmas decorating as well as gifting.

The Wagley's prices are so low, what it amounts to is wholesale prices to the public. The poinsettias in 6-inch and 6 1/2-inch pots sell for \$3, \$4, and \$5.

Hanging baskets are available in ceramic and clay pots and in a variety of macrame hangers.

John and Bobbie Wagley operate the greenhouses. They have been in business here for two years. Prior to that, John farmed and ranched.

Besides the many large potted plants, Wagley Greenhouses feature many varieties of smaller plants in 3 and 4-inch pots.

Large decorator plants are also available. These include rubber plants, schefflera, philadendron, weeping figs, dracina marginata.

In addition to the house plants, the Wagleys operate a thriving tomato hot house business.

Then in the spring they have rose bushes, strawberry plants, flowering and bedding plants and all sorts of vegetable plants.

Meantime, they are in the process of adding to their already large assortment of house plants. They will soon be getting in trees and shrubs.

Then when summer rolls around, there will be three big acres of garden fresh vegetables for those who enjoy just picked okra, peas, beans, corn and other

vegetables.

The Wagleys cordially invite everyone in the area to attend their open house next Sunday, Dec. 5. Mark it on your calendar.

And don't overlook Wagley's Greenhouse for those on your Christmas shopping list who enjoy a touch of the outdoors inside.

CAROL SEXTON hits on a jump shot against Anton Tuesday night. Other Wildcats shown on the action are Monica Phillips [10] and

Penny Sexton [40]. The Lady Wildcats won their fifth game without a loss. [Leader-News Photo]

PUTTING a left-handed jump shot is Ralph Mendez. Anton zipped to a first-half lead and refused to

relinquish it in route to a 66-60 win over the Wildcats. [Leader-News Photo]

Lady Wildcats take 5th win over Anton

The Lady Wildcats rolled up their fifth win of the year in as many outings by whipping the Bulldoggetts of Anton 67-55 in Tuesday's game.

During the opening minutes of the game it looked as if it was going to be Anton all the way as they quickly took a 5-0 lead. But the Cats came scratching back to tie up the score at 13 all after the first period of play.

Littlefield promptly took command of the game in the second period by taking a 31-26 lead at the half.

The Lady Cats continued to outscore the Doggett's in the second half as they scored 18 points in the third period and 22 points in the fourth. Anton was able to produce 11 points in the third period and 18 in the fourth period.

Lady Wildcat, Monica Phillips ripped the nets for 20 points. Pennie Sexton and Rhonda Hollingshead scored 17 and 16 points respectively. Carol Sexton hit for 8, and Wanda Williams tossed in 6 to round-out the Cat's scoring.

Nancy Herrin totaled 20 points to pace Anton.

Anton first half surge too much for 'Cats

The Littlefield Wildcats met their second defeat of the season at the hands of the Anton Bulldogs by a score of 66-60 to drop their record at 1-2 in Tuesday's round-ball action.

Anton quickly scored two buckets that were unanswered by the Cats to gain a 4-0 lead. The Bulldog's outscored Littlefield in the first period of play 18-12.

The Bulldog's continued to outscore the Cats in the second period 21-16 to take a 39-28 halftime advantage.

Littlefield, in the second half, was able to outscore the Dog's 12-11 and 20-16 in the third and fourth periods of play.

At the end of the third quarter the Cat's were still 10 points behind. During the entire game the Cats were bothered by fouls.

In the final period of play the Cat's at one time came within 4 points of the Dog's but were again plagued by fouls.

With Anton capitalizing on Littlefield's fouls, they were able to come out on top 66-60.

Narva Simington led all scorers with 24 points. Richard Rogers was also in double figures for the Cats with 10. Others adding to the Cats total were Layne McKinnon with 7, Rudy Ayala with 6, Ralph Mendez with 5, Kevin Gardner with 4, Keith McCain and Thomas Twitty each made a bucket to round-out the Cat's scoring.

Mike Seas paced Anton with 23 points.

9th boys open season by edging Dimmitt

The freshman boys basketball team opened the season on a sweet note as they edged by Dimmitt 36-30 Monday.

Littlefield outscored the Bobcats in every period except for the final period, 15-12, 4-2, 10-2, 5-14.

Mark Yarbrough pumped in 16 points for the Wildcats. Gregory Scott was also in double figures with 12. Others scoring for Littlefield were Michael Blevins with 4, Freddy White with 2, Hobby Phillips and Steve Jackson each tossed in a free throw.

Cole paced the Bobcats with 19 points.

Limited Battery Warranty
Western Auto Supply Company will replace a battery with one of the same type, if while in normal passenger car service it fails to accept and hold a charge due to a defect in materials or workmanship (1) Free within 90 days of original purchase. (2) During the remaining warranty period the purchaser will be charged a pro rata amount for the length of ownership based on the full regular exchange price (not reduced sale price) in effect at the time of adjustment. Batteries should be returned to any Western Auto Store with proof of purchase date. Western Auto reserves the right to test and recharge any battery returned for adjustment. Batteries used commercially are warranted for one-half of the specified period. Batteries with broken containers, loose posts, or otherwise abused are excluded from this warranty.
