Texas Water Development Board (TWDB) granted Atmospheric Inhibition a weather modification permit for hail suppression Tuesday in a meeting in Austin. The permit allows the firm to conduct the hail suppression program last year to seed clouds with silver iodide again this year.

The permit for hail suppression was granted as asked for," John Carr, head of the board in Austin, said Wednesday. According to law, intentions of the board are to be considered in a hearing held after a published affidavit is filed. Carr said the board did not grant the request.

Carr said three requirements had to be met before the permit was issued: (1) the TWDB staff had to make a recommendation, (2) there had to be a unanimous concurrence of the 5-man advisory committee, (3) and then a favorable report made to the TWDB executive director.

In an official announcement Wednesday morning the Texas Water Development Board advised that the TWDB as a staff and the advisory committee felt it was in the public interest to grant the hail suppression permit.

Ranchers Association for Natural Weather and the Plains Weather Improvement Association were in Austin Monday, April 19, for the hearing on the proposed weather modification permit. But a decision was tabled and the decision was postponed more than a week before a decision was made.

Carr said three requirements had to be met before the permit was issued: (1) the TWDB staff had to make a recommendation, (2) there had to be a unanimous concurrence of the 5-man advisory committee, (3) and then a favorable report made to the TWDB executive director.

## Sudan Girl Top Speller

A three-letter word "s-p-y" determined the Lamb County Spelling Championship for 12-year-old Shelley Hargrove, Sudan seventh grader, here in competition Saturday in the District Courtroom of the courthouse.

She correctly spelled the word after last year's champion, Linda Ivins of Spade, thought the pronouncer said the past tense of the word and she spelled it "s-p-i-e-d".

Shelley correctly spelled the next word "s-q-u-a-w-k-i-n-g" to win the county championship.

The two outspelled seven others from county schools to win the top two places in the contest, and Shelley will now enter the Regional Spelling Bee in Lubbock Saturday, May 1.

A total of 723 words were spelled before the winner was named.

Beth Manning of Sudan was the pronouncer, and the other spelling contestants included: Kathy Kelly, a sixth grader at Amherst; Toni Gardner, Littlefield eighth grader; Mary Lou Marquez, Littlefield fifth grader; Irma Gonzales, Spade seventh grader; Camille Hinchliffe, Springlake-Earth seventh grader; Kim Jones, Springlake-Earth sixth grader; and Gaylene Rogers, Sudan seventh grader.

Each of the contestants received a pin and a ribbon for their participation in the event.

Saturday's meeting will be conducted at the Smylie Wilson Junior High School Auditorium, and the winner of that event will receive an all-expenses-paid trip to Washington, D. C., and participation in the National Bee. The regional winner will also receive a loving cup, a blue ribbon and a traveling trophy for his or her school.

Other prizes to be given at the regional bee will include a 24-volume set of Encyclopedia Britannica, two copies of the Lincoln Library, a world atlas by Encyclopedia Britannica, the American Heritage Dictionary of the English Language, a 1971 Britannica Yearbook of Science and the Future, World Almanac and several cash prizes.

A WOMAN'S VIEW

'Sunshine' Wright

PEARL BRANDON

SOME OF YOU will remember Vernon Lee (Sunshine) Wright, who is now a Lt. Colonel in the Air Force. He came through here this week on his way to Vietnam.

During the Korean Conflict "Sunshine" as he was called by his friends, was a jet pilot and was shot down over enemy territory three times.

The first time he was rescued by a helicopter which was also shot down and then he was rescued by another helicopter. He returned to duty, then later his jet plane was shot down again and this time he was captured by the enemy and interned as a Prisoner of War for twenty months. He escaped once but was recaptured and interned until he was repatriated after the war was over. He stayed on in the Air Force as a career man.

DURING THE MORE than 20 years he has been in service he has spent more than half of it overseas. Besides his service in Korea, he spent ten years in England, France and Germany.

This time he will be flying F-4s and will be stationed at Da Nang in Vietnam.

"SUNSHINE" PLAYED football with

the Littlefield High School team and when he came home after he was repatriated he was honored during the half at a home game with Congressman George Mahon taking part.

He is the son of Mrs. Alta Mae McKinny of Odessa, who worked with me in the Red Cross office, during World War II and of "Boss" Wright of Amarillo. He has two other brothers, Allen of Odessa and Cleo of Houston and a sister, Mrs. Juanita Taylor of Amarillo.

HE HAS A WIFE and four children in Florida.

Sunshine stayed with us a few months and went to high school here after his family moved to Lubbock. As you can tell by his nick-name he has a very sparkling, sunny disposition. He is still as wiry and bright as ever.

IT WAS GOOD to see him again, but sad to see him go to Vietnam. When we told him goodbye and wished him good luck he said, "I hope to come back a year from now leaner and meaner than ever."

Let us pray that Lt. Col. Vernon Lee "Sunshine" Wright makes it safely back home again.

THE PHILOSOPHER

Civilization

(Editor's note: The Sandhills Philosopher on his Johnson grass farm reviews the plight of the cities this week, without being much help.)

Dear editor:

A bunch of big-city mayors toured New York the other day, according to an article I found in a newspaper which somebody threw out of his car in violation of the Environmental Act of 1970, to see if the reports of the dire plight of the country's biggest city are true, and they came away shaking their heads.

According to them, dope, crime, poverty, over-crowding, slums, massive traffic jams, smog, electrical shortages, and a municipal financial crisis beyond imagining have just about done in the city.

In fact, the Mayor of Boston, shaking his head the hardest, said the plight of New York is so bad it could be "the first sign of the collapse of our entire civilization."

Wouldn't you know, right when my car has blown a gasket, the refrigerator has conked out, I've got an ingrown toenail and two boards have broken through on my front porch, civilization has to collapse. When it rains it pours.

Now I never have gotten up in the morning believing that if New York

collapses today me and civilization will too, but it's true I guess the country ought to pitch in and try to save the place, even if cities have, dinosaur-like, grown so big they can't be fed enough to stay alive. But there are some catches. Say we do try to save New York, somebody tells Congress that civilization exists there and is about to collapse, and money is poured in.

Then what's to keep Boston from entering the same plea? And we save her, and then Los Angeles gets in on a good thing, claiming it can meet the same terms, and then Philadelphia and Chicago and on down to lesser cities, all saying they're about to kill civilization too, maybe including Spade and Amherst? It takes billions and billions of dollars.

Then when all the cities and towns are saved and we figure civilization is secure, some farmer is going to come up with the notion, which I know I've read somewhere, that civilization begins and ends with the plow. The cost would never end.

Obviously, civilization was a splendid theory, but it won't work. It costs too much money.

Yours faithfully, J. A.

HONNY GRAYS

By CORNBALL BLEVINS

IT'S A FUNNY thing, you sprain your so-called brain and what do you get?—NO COMMENT! You'd think no one pays any attention to your stuff.

Then you miss an edition, maybe with some comment by a staff writer, and every body's got some wise crack to put in!

"HA-HA!" someone chortles, "It's your best article yet!"

I have a confession to make. It really wasn't the Daylight Savin' Time that caused my missing the last edition. You gotta get up early to write for that bunch.

I HADN'T MORE'N started writing 'til one of the people informed me, "The kind of stuff YOU write, we want in the office, at least, a day and a half before we go to press!"

At first I felt a little flattered, "Gee, I guess they're gonna take my articles and build the whole paper around it!" But, the truth finally, began to sink in, they wanted to use it just for space filler: "Yaller Journalism" they call it!

AND, ANOTHER THING, you take your gleanings into the office. (You've labored long and painfully over your work, maybe a FULL HOUR on some of them), and you may be greeted with: "Well, whatcha gripin' about, now?"

Then a nice-enough lookin' lady takes a

black pen and starts. It's enough to scare you silly! YOU start tryin' to remember just what you wrote, and, at the same time, wonderin' what's gonna come out in the paper!

I WONDER at times, just how a seemingly sane person otherwise could let a guy like the editor con him into tryin' to write for his paper. Anyway, if it wasn't for the rate of pay, I'd quit!

But, then I guess the editor's brighter than he looks. Anybody that can set up an organization to the point that he can be out of town for a week or so and nobody notices his being gone, must be a pretty shrewd fellow!

OF COURSE I'm kiddin'. You'll never meet a finer bunch of people anywhere, than you will at the office. And Joella (the lady with the pen) is the only reason that my stuff comes out lookin' even half decent.

Then there are Nilah, Estelle, and Gayle. They've all been kind to me and I appreciate them. That's not to mention the nice people that work in the typesetting department.

In fact, there's only one fly in the ointment in the whole organization. I just can't seem to make up my mind about him!

Anyway, I've warned them not to try to change my style—I wouldn't want people to get the idea that I'm a writer!

A PLAQUE was awarded to the Junior High School Band Tuesday after they received a 1 in Concert in the University Interscholastic League Contest in Lubbock. Admiring the plaque are the band president, Bruce Peel and the director, Tom SoRelle.

THE ABUNDANT LIFE

Hardships Help

By BOB WEAR

LIFE CAN BE TOO EASY, and we are seeing some of the regrettable consequences of the easy life.

If someone is always running interference for us, removing obstacles, making the rough places smooth, giving us what we should be earning, etc., we are being made human cripples.

We become weaker and weaker, and become more and more dependent. Eventually, we are helpless and hopeless.

LIFE CAN ALSO BE too difficult, and, when it is, the persons involved are doomed, unless the help they need can be supplied.

For their sake, their own best interest, this help should never go beyond the point where the people can, with great effort, begin to help themselves.

If they are not permitted to help themselves, they are not being benefitted by any of the help given them.

WE NEED HARDSHIPS so we can be tested, so we can learn important things we need to know; and so we can grow strong. Of course, we must cheerfully accept these hardships as challenges. Never permit them to become our master. "It is not helps, but obstacles; not facilities, but difficulties that make men."—Matthews.

WORTHWHILE PEOPLE are those who have seen and dealt with their share of hardships, and those who are doing their very best to overcome present hardships.

These people do not deliberately seek the hardships, but they met them face to face as they appeared on the scene; and

handled them the best they could.

SOME PEOPLE make hardships for themselves, but this is foolish and can be completely overwhelming.

There will be hardships aplenty in the normal course of living, and if we make any extra ones for ourself, we may be so discouraged that we give up. There is no reason why we should ever let this happen to us.

HARDSHIPS WILL COME, and we should be thankful for them. If we respond to them in our best way, they will serve as one source of character betterment.

In fact, our real nature is not known until some of the usual hardships of the living experience are encountered. "Hardships are the things which reveal the real nature of an individual."

WE MUST RESOLVE to meet difficulties cheerfully and intelligently. This is the first step to a satisfactory degree of successful living. If, however, we are afraid, and ill-natured, and perhaps bitter, when we meet our hardships; we are in trouble—real trouble.

MANY OF THE TERRORS associated with hardships exist only in the minds of the people who face the hardships. We can do better than this.

HARDSHIPS HELP US if we will see them and deal with them for what they are; opportunities to become better equipped for better living.

\$236,000 Hike In Social Security

For the Lamb County residents who are receiving social security checks each month, how much will the recently-increased rates mean to them in dollars and cents?

What will their benefits amount to, on average, compared with what they were previously?

It is estimated that the 10 percent rise in retirement pensions, approved last month

by Congress, will add approximately \$235,000 a year to the total that local residents have been collecting.

The estimate is based upon figures for the local area, contained in the latest annual report of the Social Security Administration. It lists the number of retired and disabled workers on the pension rolls, as well as their dependents and the amounts being paid.

All of them will be aided by the new legislation. Those who have been receiving no more than \$768 a year, the current minimum, will be getting \$845.

The maximum for an individual will now be \$2,557 a year and for a couple, \$4,964. Local residents who have been getting \$100 a month, or \$1,200 a year, will now receive \$1,320. Those at the \$1,800 level will get \$1,980 in the future.

Prior to the new change in rates, pension payments in Lamb County averaged \$887 per recipient per year, according to the Social Security Administration.

This year, with the increase, the average will rise to \$976 per beneficiary.

Total payments throughout the local area, based upon the number who were on the pension roll as of the early part of 1970, will add up to about \$2,600 this year, a considerable rise over the prior total of \$2,364,000.

The increase in benefits is retroactive to January. The bigger checks will start going out during the first week of June. The additional amounts for the months prior to June will be issued soon afterward.

There will be no immediate rise in payroll taxes to pay for the larger benefits. The only adjustment provided for is a change in the income base subject to such taxes from \$7,800 to \$9,000 effective next January.

"I'd be good in the purchasing department . . . I love to spend money!"

Inspection Stickers Due By Friday

Motor vehicle owners who have a "4" on their orange motor vehicle inspection stickers have until midnight on the last day of April to get their vehicles re-inspected and new yellow stickers issued.

Vehicle owners are forgetting to get their annual stickers, according to local authorities who issued 12 citations for motor vehicle inspection violations in Littlefield the first week of April.

April is the last month of the 12-month inspection system Texas is now under. And because April was the deadline under the old system, almost half of the inspections still fall due this month.

Under the present system, it is hoped that inspections eventually will be evened out over the entire year.

**WARMTH IS HERE,** the warmth of the months that are in our future. Time to be creative with some new recipes ideas for refreshment table for parties, bridal showers, and other grown-up occasions.

**Refreshing party "Frosty Fruit Freeze"** is perfect for many occasions. It is light and colorful combination of canned apricots and pineapple, maraschino cherries, and diced dates and cream.

The "Fruit Freeze" is as delicious as a salad or dessert and it can be prepared ahead of time—making it convenient for the busy summer months.

Even keep a batch on hand large enough to feed a party. Your deep freeze, and it will keep for weeks.

**FRUIT FREEZE** package diced dates or apricots, cut up maraschino cherries, and diced pineapple, chopped maraschino cherries, drained, and maraschino cherry lemons juice heavy (whipping) mayonnaise.

the dates, apricots, cherries and sugar in a bowl. Add cherry and sugar and mix well.

separate bowl, whip cream until stiff. Mix cream into whipped fruit and fold into fruit.

fill into individual molds, and freeze until firm. Remove from molds by soaking for a few seconds in water. For a special touch, wrap in a crisp lettuce leaf and with a dollop of whipped cream and a whole pitted date.

**"SPARKLING PARTY"** that's well supplied with lemon, lime, and orange juice, plus a lot of appeal, for it has the flavor combination of orange juice, or orange-flavored instant breakfast pineapple juice, and a soft drink. It can be made in a more sophisticated way at home—kids will love for a thirst-quenching get-together.

**SPARKLING PARTY** orange juice or orange-flavored instant breakfast drink cups pineapple juice (30 fl. oz.) ginger ale soda and ice or ice cubes 2-quart punch bowl, orange juice or instant breakfast drink with pineapple and ginger ale, stirring completely dissolved. Add mint leaves, if desired.

about 5 1/2 cups plus 10 to 12 servings.

**CONVERSATIONAL** treats are always a welcome on any refreshment table. Like the dynamic duo of "Stuffed Dates With Nuts" or "Sugar-Almond Ice Cream Balls."

**STUFFED DATES WITH NUTS DUO**  
Mix together 1/2 cup honey, 1/2 cup chopped walnuts, 2 tablespoons grated orange rind. Stuff one pound of pitted dates with the nut mixture, then roll the stuffed dates in sugar. This confection can be stored in a covered container and kept fresh in the refrigerator for weeks.

**SUGAR-ALMOND ICE CREAM BALLS**  
Stir equal amounts of sugar and slivered almonds in skillet over medium-low heat until sugar melts and coats almonds. Immediately pour out of pan onto foil; cool. Break up fine and drop scoops of vanilla ice cream into mixture, rolling around to coat. Place coated ice cream balls in shallow pan in freezer until ready to serve, then place in dessert dishes and top with spoonfuls of canned cherry pie filling.

Here are some of the answers we got:

Deana Sterling, (Soph.)—"A snake because of my eyes and a forked tongue."

Matt Giles, (Jr.)—"A lion, cause I'm lazy!"

Jackye Gregg, (Soph.)—"A horse because of my eyes or at least that's what Pam B. says."

Gail Williams, (Jr.)—"Dodo bird— isn't it obvious?"

Darla Sanderson, (Soph.)—"I could pass for an African bush baby because my eyes are identical to theirs."

Pam Brandt, (Soph.)—"A parrot, because I talk all the time."

Bridgett Patterson, (Sr.)—"Hyena, because I like to laugh."

Ben McKinnon, (Soph.)—"I resemble a kitten because I'm soft and cuddly."

Dennis Hartley, (Jr.)—"Tiger."

Boonie Smith, (Soph.)—"Pink Panther, so I've been told."

Michael Carter, (Jr.)—"Cheetah, because I am swift at everything."

Arturo Soria, (Soph.)—"I think I resemble myself."

Kenny Pratt, (Jr.)—"Mole, eyes are bad."

Jim Bruton, (Soph.)—"I think I look most like a cat because I am so mean looking."

Debra McAnally, (Jr.)—"Somebody says I look like a frog, so I guess I do."

### Trouble Shooting Team Is Selected

Littlefield High School has chosen its "Road Scholars" for 1971—the boys who will represent LHS in this year's Plymouth Trouble Shooting Contest, according to Sid Landers, automotive shop instructor at the school.

Competing for LHS will be Mike Collins and Rodney Foust. The team will be sponsored by Garland Motor Co. of Littlefield, and the Trouble Shooting Contest will be held at 12:30 p.m. May 4, at Fenner Tubbs Co., 4611 Avenue Q in Lubbock.

The winning team in the local contest will be sent to Indianapolis in June to compete against other top Trouble Shooters from all parts of the country in the National Championship Finals.

Contestants are competing for more than \$125,000 worth of scholarships and awards.

In the contest, participants take a written exam which counts as 30 percent of their team's final score and then they race the clock and the other teams to find and fix several malfunctions deliberately placed under the hoods of new Plymouth cars. This mechanical challenge counts as 70 percent of a team's score.

The Plymouth Trouble Shooting Contest originated in 1949 as a local event in Los Angeles with 50 students from 17 high schools participating. Today, more than 2,000 high schools and colleges representing all 50 states—with a total auto shop enrollment of more than 165,000 students—participating each year in this nationally-famous competition.

### Honor Society To Induct Six Members

Tonight at 7 p.m. six members will be inducted into the Joe C. Hutchins Chapter of the National Honor Society at Littlefield High School.

They are Cynthia Adair, Anthony Pierce, Jo Reid, Dena Reast, Joanna Rogers and Cindy Stansel.

Members decided that donations will be accepted as substitutes for the annual bake sale.

Purpose of the contest is to recognize and honor outstanding young auto mechanic students and to encourage them to make a career as automobile mechanics.

Trouble Shooting has placed more than 17,000 young men in full or part-time jobs as auto mechanics. Since the contest became a national event in 1962, the Chrysler-Plymouth Division of Chrysler Motors Corporation has made available scholarships for 180 students.

The Plymouth Trouble Shooting Contest is an outstanding example of cooperation between industry and education.

## 'For Pete's Sake' Premieres In Sudan

"For Pete's Sake," from World Wide Pictures, will premiere at the high school auditorium in Sudan on April 30 and May 1 at 8 p.m.

Produced in wide screen and Eastman color, this comedy-drama stars Robert Sampson, and Pippa Scott in a mile-high Denver setting, against the backdrop of the Rockies.

"For Pete's Sake!" lives day by day with a meat and potatoes guy who has dared to take on big questions about Christianity today, and comes up with even bigger answers. To Pete, GOD WAS NOT DEAD! Or was He?

On a damp, gray, Sunday afternoon, Pete Harper was one of a large crowd at Denver's Bear Stadium listening to a sermon during a Billy Graham Crusade. Why was he there? "It was free." It was free, but Pete, his wife, and their son all got more than they had bargained for. Moved by the message, they found themselves going forward. What then?

The public is invited to view the film free of charge.

LIGHTNING STRIKES in each performance "Texas", a musical drama of the Texas Panhandle which plays summer evenings in the magnificent Palo Duro Canyon near Canyon and Amarillo.

## Palo Duro Show Begins Sixth Year

Lightning will strike 58 times this summer in the Palo Duro Canyon at 10:05 each evening—unless it rains.

The first act of "Texas"—a musical romance of Panhandle history by Paul Green—climaxes in a great electrical storm, with thunder and wind and flashes of lightning ending in one great streak which goes to the top of the 600 foot bluff which the audience faces.

This storm is one of many ways Green chose to make the viewers aware of the forces and struggles which the early pioneers faced. He also makes them aware of the gaiety and beauty of their lives here as well.

"Texas" will open for its sixth season on June 24, 1971 and will play nightly except Sundays through Aug. 28. There will be a special performance on Sunday, July 4th.

The show opens with a vivid singing and dancing overture in which most of the cast members of 80 take part. This number is heralded by a horseman with a flag on top of the high cliff.

He appears so small the audience has to concentrate find him as the bugle announces the opening. There dramatic confrontations between characters, delicate warm scenes of frosty interesting dances include fire ballet—a prairie fire in dance and flame light.

The factors, bound and thread of a beautiful score, make an evening performance which has drawn 340,000 to the theatre in the five seasons.

"It is important to reservations in advance, especially for weekends," officials emphasize. For information write "Texas," Box 298, Canyon, Texas 79015.

The theatre lies on the Palo Duro Canyon, Amarillo and Canyon, appears suddenly in the of the flat plain. "Plan to early enough to explore Canyon and have a barbecue dinner at theatre," the officials say.

### SEDELL'S BARBER SHOP

Haircuts and Hairstyling by Appointment beginning Saturday, May 1st. I will offer a new service to the men and boys of Littlefield and surrounding Area. This is a service that I think anyone who has better things to do than wait, can appreciate. Keep in mind, there are two kinds of appointments. Standing appointments for the man who wants to get his barber work on a regular basis, and call in appointments for the man who must get his haircuts between jobs or just when he can find the time. On week days these appointments can usually be made just a little while ahead of time. Or call a day or two ahead and name your own time.

In addition to the usual type haircuts I have been offering, I will now be giving the Roffler Sculpture Kut and styling and the Avante. Also, I now do hair straightening and hair coloring and sell the very best custom made men's hairpieces that you can buy anywhere. I urge any of you men that have been considering a hairpiece to call for an appointment to discuss these. I have the Capillo Scope and can analyze and treat scalp and hair conditions and deficiencies. So any of you fellows that your hair is coming out by the handfuls, call for an appointment. We may be able to save it for you.

WINS REGIONAL MILE

Parsons Seeks '3rd Time Charm'

Olton's Mike Parsons, second fastest Class AA miler in the state for the past two years, took the first place position in the Region I track meet last Saturday afternoon.

Jesse Davila took fifth in the event with a 4:43.3 time. Parsons, who will now compete in the mile at the state meet in Austin May 7, 8, ran Saturday's mile in 4:27.0.

In the Class A events, Harry Jefferson of Sudan dominated the first place spots in both the 100-yard dash and the 220-yard dash. Jefferson was the favorite in both events, the century which he took with a 9.7 time and the 220 which he finished with a 22.0 time. Tony Barton of Springlake-Earth finished fifth in the century with a time of 10.2.

Anton's Alvin Williams finished the Class B 100 yard dash in fourth place with

a 10.0. Raymond Sewell of Spade bought a ticket to the meet to be held in Austin with a 22.6, second place in the 220.

Fans Turn Out For Crosby Benefit

Saturday night at the Tommy Crosby benefit, the fans saw action-a-plenty and at the same time raised approximately \$375.00.

The action was created by the local little league basketball players and the little leaguers from Anton.

The local minor league squad won over Anton, but the Littlefield All-Stars found the going a little rough as they lost to the undefeated Anton All-Stars.

The benefit was the combined efforts of the Littlefield High School students, and the local and Anton Little League basketball organizations.

At the Littlefield Little League Basketball meeting Monday night the following officers were elected: Jerry Burke, president; Randy Whitson, vice-president; and Bill Healy, secretary-treasurer.
