Quarantine On Hogs Hits Lamb County

Measures for hog cholera have been taken in Lubbock, Hockley and Lamb counties by federal and state health agencies, according to Dr. Hollis, area swine specialist. Quarantines were enacted because of several outbreaks of hog cholera in Lubbock and Hockley counties. This part of a stepped-up campaign to root out this costly swine disease. The quarantine will be removed when the threat of disease spread has been eliminated.

The quarantine area for Hockley and Lamb counties is bounded by a line from Smyer south along Farm Road 168 to the intersection of Farm Road 54, then west along Farm Road 54 to the intersection of Farm Road 303. From there, south along Farm Road 303 to the intersection of State Highway 116, then east along State Highway 116 to Smyer.

The area in Lubbock County is bounded by a line extending from the northeast corner of the Lubbock County line, west along the county line to the intersection of Highway 87, then south along Highway 87 to the north bank of Yellow House Canyon. Then east along the north bank of Yellow House Canyon to the Lubbock County line, then north along the county line to the point of origin.

The specialist explains that no swine in the quarantined areas can be moved without health certification from an accredited state or federal veterinarian. Any producer within the area who wants to take hogs to slaughter may call the Ramada Inn at 763-9343, and ask for any member of the Hog Cholera team. The producer can then obtain farm inspection and a certificate for movement.

"All swine farms within the federally-quarantined areas will be inspected by the state animal health officials for signs of sickness," Hollis says, "and this inspection will be completed as quickly as possible."

Swine producers within the quarantined areas who wish to exhibit at the Panhandle-South Plains Fair may do so as long as the hogs are accompanied by a certificate of inspection. After the fair, these hogs must be taken directly home and isolated for 30 days.

The specialist urges any producer who has sickness in swine to notify a veterinarian, county agent or the animal health officials. Hollis will also receive reports at 763-9451.

Oh Happy Day!! Wildcats Back With 58-6 Victory

Win Margin Biggest For Cats Since '57

Littlefield's Wildcats capitalized on early Crosbyton miscues and rolled to a resounding 58-6 win over the outmanned Chiefs here Friday night in the season football opener.

The margin of victory was the largest for a Wildcat team in 14 years. Littlefield last scored 50 or more points in 1957, when the Wildcats drubbed Olton 54-0.

After four straight losing seasons and last year's 1-9 record, the Wildcats had the band playing "Smile" and the fans singing "Happy Days Are Here Again."

New Coach Jerry Blakely pointed to a "tremendous team effort" as the key to the runaway victory. "I was proud of the way our people got after 'em. They did a good job of hitting and they played as a team."

THE WILDCATS were hitting with such ferocity that they turned three of four first half Crosbyton fumbles into points on the scoreboard.

The leader of that defensive charge was 217-pound tackle Danny Estrada. Playing in the line this year after previous experience as a back, Estrada led his teammates in some of the most violent tackling seen here since 1957, that last winning year.

The Cats uncovered a terrific ball hawk in tackle Ricky Sanchez, who pounced on three of the four fumbles himself.

LITTLEFIELD'S first tally came with 6:22 left in the first quarter, after Sanchez landed on a loose ball at the Chief 19.

Two plays later, TB Ralph Funk rambled 16 yards for the first of five personal touchdowns in the game.

Larry Hobratschk kicked the first of seven extra points to give Littlefield a 7-0 lead.

Later in the first quarter, Littlefield drove to the Crosbyton 16, but the Cats ran out of downs and called on Estrada for a 33-yard field goal try. Danny hit it perfectly and the Cats had a 10-0 lead with 2:04 still left in the quarter.

THE WILDCATS scored again with three seconds left in the first quarter, when FB Dennis Hartley broke 50 yards for a TD.

Hartley came out clear in the secondary then used a crisp downfield block by Tight End Matt Giles just before crossing the goal line.

Crosbyton got its only threat of the first half going, as the Chiefs recorded their initial first down at 10:35 of the second quarter.

The Chiefs' only other first down in the half came on an interference call on defensive back Hobratschk, who hit the receiver an instant before the ball arrived.

That gave the Chiefs the ball at the Cat 23, but Littlefield took over at the 21 four plays later.

MATT GILES put the Chiefs in a hole at their 18 with a booming 60-yard punt. The

Cats quickly took advantage when the glue-fingered Sanchez again pilfered a stray ball at the 10.

Funk got the score from there, and Hobratschk tacked on the extra for a 24-0 Littlefield lead with five minutes left in the half.

On the first play after the kickoff, Estrada jolted the ball loose again, and

Area School Count 5,449

Nearly 6,000 students from kindergarten age through high school seniors are enrolled in ten Lamb County and nearby area schools.

An unofficial count of figures from school offices reveals there are 5,449 students who have begun studies for the 1971-72 school term.

In the six schools in the county, there are 4,645 students who are attempting to gain an education.

Of that number, 1,929 are enrolled at Littlefield, with 370 in high school, 438 in junior high school and the rest in primary and elementary grades.

Total enrollment at Olton Schools is 1,055, with nearly half of them in the elementary grades—501 students. There are 263 students in Olton Junior High School, and 291 in Olton High School. This year's total enrollment is an increase of 15 students over last year's figure of 1,040.

The Springlake-Earth school enrollment is third largest in the County, with a grand total of 728 students. That figure shows an increase of five students over last year's enrollment of 723.

There were 321 students in the elementary grades, 192 in junior high school and 215 in high school.

At Sudan, enrollment is down 11 students from the 1970 figure, with 454 students now on roll. Of that number, there are 85 students in high school; 79 in junior high school; and 255 in the elementary grades.

At Amherst, 359 students are enrolled. There are 200 students in grades one

through six, and 150 in grades seven through 12.

Spade schools record a total enrollment of 129 students, with 73 of that number

included in the kindergarten and grades one through six; and 56 in grades seven through 12.

Area schools included in the survey revealed that their enrollments were running much the same as last year.

At Bula, 90 students are enrolled, with 40 in the elementary grades; eight in kindergarten; and 42 in grades seven through 12.

At Pep, a count of 94 students was made at the end of the first two weeks of school. Fifty-three students are included on the rolls in the elementary grades and 41 are in high school.

Anton students are 409 in number. First through eighth graders totaled 222, and there are 187 high school students.

Whitharral's total enrollment is 211 students, with 127 in grades on through six; 35 in grades seven and eight; and 49 in grades nine through 12.

Teachers Honored With Reception

Littlefield school teachers and administrators will be honored by the Chamber of Commerce at a reception here Tuesday night.

The C-C's red coated ambassadors and the board of directors will serve as hosts for the 7:30 to 9 p.m. event in the Flame Room of Pioneer Natural Gas Co.

Disabled Vets Eligible For Free Auto Tags

All disabled veterans in Lamb County who wish to take advantage of a new program which provides free 1972 automobile license plates through the Texas Highway Department must make application by Oct. 1.

According to Herbert Dunn, county tax assessor-collector, the application forms are available in his office at the courthouse or in the Veterans' Service office in the basement of the courthouse.

The new program was set up by an act of the 62nd Legislature, and to qualify the applicant must:

- Be a Texas resident;
- Be a veteran of the armed forces of the United States;
- Have a disability rating of 70 per cent or more;

-Be drawing compensation from the federal government as the result of service-connected disability.

As a prerequisite, the veteran's disability rating must be verified by the Veterans' Administration or the branch of the armed forces from which he draws his disability compensation.

A qualified veteran is entitled to register one passenger car or light commercial vehicle with a manufacturer's rated carrying capacity of one ton or less for his own use without paying the prescribed registration fee.

There is a statutory fee of \$1 which must accompany each application.

Specially designed license plates will be issued with the letters "DV" appearing as either a prefix or suffix to the license number. The words "Disabled Vet" also will appear on the plates.

Vehicles with Disabled Vet plates will be exempt from paying parking fees charged by any governmental authority other than

the federal government. This includes parking meters.

The license plates will not be available until the beginning of the 1972 registration year, and will be issued directly from the Motor Vehicle Division of the Texas Highway Department in Austin.

The law provides that the disabled veteran must make application by Oct. 1 preceding the registration year for which the plates are requested.

The Texas title to the vehicle must be issued in the name of the veteran to qualify.

Besides the two previously mentioned offices, application forms may be secured from the Texas Highway Department, Motor Vehicle Division, 40th and Jackson Avenue, Austin, Texas 78703.

Antique Car Rally Slated

An antique car rally will be held in Littlefield Sunday, Sept. 19, when several area enthusiasts will bring their cars to the Community Center for a show and parade down Phelps Avenue.

Bob Wilson of Littlefield will serve as sponsor of the event.

The rally will begin at 2 p.m. at the community center, and a watermelon feed for those participating will be held following the meeting and parade.

ale Begins

Books will be sold in Lamb County Library Monday beginning at 10 a.m.

Classes in the fiction, non-fiction and children's categories will range from 10 cents to 75 cents. For more information, contact Librarian Nora Hicks

FORTY-SEVEN Lamb County 4-H'ers participated in the Second Annual Lamb County 4-H Fair here Saturday in the hallways of the Lamb County Courthouse. Judges were grading the exhibits at the show early in the day, and a bake sale was conducted later.

Miss Broaddus Recites Vows With Chester Dunn

The First Baptist Church Chapel provided the setting recently for the wedding ceremony of Miss Becky Star Broaddus and Chester Ray Dunn.

Rev. Albert Castro of Littlefield officiated for the reading of the double ring ceremony.

Parents of the couple are Mr. and Mrs. Kenneth Broaddus of Littlefield, and Mr. and Mrs. Cletis Dunn of Amherst.

Greenery, white gladiolus, purple and lilac asters and bridal wreath, flanked on either side by white gladiolus and purple asters decorated the altar of the church.

Presented in marriage by her father, the bride wore a formal-length gown of white peau de soie overlaid with roses and seed pearls, and fashioned with long finger tip sleeves and a high neckline. The dress was designed by her sister, Mrs. Pat Smiley, and made by her mother. Her veil was "something borrowed" from Mrs. Billy Wells. For "something old," she carried her mother's cameo brooch, fashioned in her bouquet. She wore the traditional blue garter, and had pennies in her shoes mated the dates of her and the groom's birth, and when they met.

Matron of honor was Mrs. David Heim of Amherst and bridesmaid was Miss Patricia Sanders of Littlefield.

They wore formal-length Empire waisted gowns of lilac dotted swiss, and carried purple asters and bridal wreath. They wore wide-brimmed lilac hats with purple velvet ribbon streamers to match the ribbon on their dresses.

Best man was David Heim of Amherst. Bruce Nicholson was groomsman.

Gordon Hukill, cousin of the bride, and Clifford Dunn, cousin of the groom, seated the guests.

Miss Oleta Mercer of Littlefield played the traditional music selections. Mrs. Weldon Findley sang "Because," and Rev. Albert Castro sang "The Twelfth of Never" before the bride was presented in marriage by her father. When they were pronounced man and wife, Rev. Castro sang "The Lord's Prayer."

Miss Kynne Broaddus registered the guests.

The couple was honored with a reception in the church parlor, following the ceremony. Mes. Lib Bales of Amherst, Robert Richards, Bruce Reagan and John D. Harmon all of Littlefield, were among the reception party.

Lilac and white rice bags were presented to the guests at the reception by James and Pat Hays of Redondo Beach, Calif.

The couple will be at home in Lubbock at 2110-B 35th Street.

Mrs. Shockley Earns Degree

A native of Littlefield, Mrs. Helen Hope Shockley, completed requirements for a bachelor of arts degree in history during summer school at the University of Texas at Arlington, according to Registrar Zack Prince.

Mrs. Shockley is a graduate of Littlefield High School and the daughter of Mr. and Mrs. W. R. Kimbrough of Littlefield.

She now lives in Fort Worth.

District Scout Roundtable Set

The September meeting of the George White Boy Scout District Committee and the roundtable for Scout leaders of the district will be held Monday, Sept. 13, at 7:30 p.m. at the First United Methodist Church in Littlefield.

Earl Gerstenberger will preside at the district meeting and the roundtable session will be led by Tom Hilbun.

All Scouters in Hockley, Lamb, Bailey and Cochran Counties are invited and urged to attend.

USE SEAT BELTS
Are teenagers more safety conscious than their parents? A survey conducted by Liberty Mutual Insurance Companies shows that in at least one aspect of safety, they are. The survey showed that twice as many teenagers as adults use seat belts.

Melvin Rape Attends State Cancer Meeting

Melvin Rape, vice president of the Lamb County unit of the American Cancer Society represented his unit at the 26th Annual meeting of the Texas Division held in Houston recently.

Rape represented one of the five counties of District Three to receive the Gold Achievement Award. This award is given to all counties who reached an all time high and exceeded 32¢ per capita in the annual crusade. Other counties in District 3 to receive this award were Castro, Floyd, Lynn and Yoakum.

"If we can only take what we have received at this meeting and generate an interest which will motivate our people to become active participants in our local program, surely we will find a way to eradicate cancer in our lifetime, which, after all, is the ultimate goal of the ACS," Rape said.

Division annual meetings are attended by over 300 delegates from across the state, consisting of medical and lay personnel, who give of their time and resources in the relentless battle to conquer cancer. It was reported that Texas made progress in all program areas, but also pointed out that we could not afford to become complacent at this point, and rest on our laurels.

The Lamb County unit is headed by Mrs. C. L. Houchin of Earth, and its services are available to every individual in the county.

MR. AND MRS. BEN RAMSEY

Anniversary Reception To Honor The Ramseys

Mr. and Mrs. Ben Ramsey will be honored with a reception on their 50th wedding anniversary today in the Party House at Coleman Park in Brownfield.

Friends and relatives are invited to call between the hours of 3 p.m. and 5 p.m.

Hosting the occasion will be their nephews and nieces, Mr. and Mrs. Dwayne Allen of Dallas and Mr. and Mrs. Elwood Allen of Tulsa, Okla.

On a worldwide basis, gas turbines now provide a total of 5.5 million horsepower for marine propulsion units. These units, which replace steam generators and diesel engines to power propellers, contain an estimated 750,000 pounds of nickel in various heat- and corrosion-resistant alloys.

HOMNY BRATS

By CORNBALL BLEVINS

UNLESS YOU'VE been in southern Australia these last few weeks, you know that football season is upon us: RAH, RAH, RAH, and, YEA TEAM, FIGHT!!!

By the time you read this, the first game will be history and we'll be second guessing the coach and his staff. AND, by the bye, you'll probably still be pickin' the splinters out of your backside, if you sat in the bleachers.

THAT'S THE SECONDARY reason I'm hoping for a successful season. Maybe the powers that be would see fit to spend a coat of paint on the stadium, along with some other needed improvements.

Wonder how much it would cost to get the parkin' lot graded and graveled? Anyone knows that when it has rained or snowed and melted, you're livin' dangerously to drive your vehicle out on that parkin' lot!

I SUPPOSE we could start a movement to MOVE AND BUILD A NEW stadium. Do you suppose that might get some action on the old one? (Kiddin', there!)

We journeyed up to Muleshoe last week to watch the boys scrimmage. It was refreshing to notice how nice their facilities looked, after a recent face lifting. In fact the paint was so new we brought some of it home on us!

ANYWAY, WIN LOSE OR DRAW, we're rootin' for the home team! After all, ain't they OUR kids? Anyone, that IS anyone, can back a team that does their best, and, I'm sure that's what our kids will do.

We do believe it would help the kid's morale if we had a little nicer place for them to call "home."

SOME REPORTERS, and especially some from the vicinity of the "South-East-

Forty" make me sick to the stomach! Honest to Pete, they can do the best job of "Garbling" the news of any I've read after.

You start in to read the account of some major accident, and by the time you've finished, you're so confused you're not sure that YOU weren't involved in it yourself!

SOME OF THEM are more interested in statistics than the news.

For instance: "SEVEN KILLED IN FREAK ACCIDENT"-Headline.

ONE OF THE strangest accidents in the history of Cornfield, happened today around 2 p.m.

It's the first time such a thing has happened at this time of year, since Dec. 1, 1936. This terrible thing cost the lives of seven residents of our fair county.

THIS BRINGS the death toll to 945, for the year. This is 247 higher than the death toll at this time a year ago. It is only second to the death rate of that record year of 1955. Of course 1961 lacked only two deaths of equaling the death rate of a year ago.

Since records have been kept of this particular kind of accident, only 34 have been victims to it. This puts our recent dead in a very elite group!

IT ALL BEGAN when Brown fell out of his hay loft. We remember that this is the second time this year that Brown has done this. He has it to equal his record of falling out of the loft four times as he did two years ago.

Jones was only one fall behind, but, managed to finish out the year without further mishap. However, at no time did he manage to fall on seven laying hens—at one time, as did Brown.

BELLRINGER Linda McAnally stayed busy Friday night as the Littlefield Wildcats gave her a lot to cheer about. Helping out on the job is junior cheerleader Tonya Pickrell.

THE ABUNDANT LIFE

Do More

By BOB WEAR

DO MORE IS THE WAY to improving our life situation. It is understood that there will come times for necessary rest, but all other time should be made to count for something constructive and useful and helpful.

In addition to the specific accomplishments, there is nothing better for the physical and mental health than being usefully employed.

THE DESIRE to do less is, more often than not, an unworthy desire. It is a kind of self-pampering that weakens us, and creates the inaction that attracts undesirable attitudes and permits unwanted thoughts and broodings to enter into our minds.

It is a form of self-indulgence that dissipates our sense of well-being.

AFTER THE ESSENTIAL time for resting, our other time should be used for something worthwhile. It is too valuable to squander on loafing, or for wasting on trivialities.

It can be turned into profitable work; profitable for us and for others. It seems that many persons waste an enormous amount of time trying to get out of work. In fact, some waste more time on this than doing the work would require. They could do the work they slight, and have time to do more.

MANY HUMAN ILLS would disappear if the people would just do more that is useful

in some way. This is, as strange as it may seem, one of the necessary conditions for a happy and satisfactory life. It is an effective antidote for brooding, for melancholia, and for the thieves of personal peace of mind. It will eliminate many of the ailments of the modern man.

"I HAVE DONE my part" is heard often, and it is probably true. At least, the person has done his part. What standard is to reach this conclusion?

Suppose that there is more to be done, and we can do it. In most instances, we should do it even though we think that it is our part.

A LITTLE EXTRA EFFORT more minutes of our time, a little more work than we just have to do, more for others are all part of living.

This works for the student in the worker, whatever his job. It is the individual in self-improvement. His contribution to the community.

DOING MORE will transform empty lives to fullness of life. It replaces boredom with a new, revitalizing feeling for living. It is a generous, joyful life.

EDITORIALS

Spoiled Brats

WORK, they say, keeps people out of mischief.

Perhaps this is so. The productivity of the American system certainly seems to have given an excessive number of critics the time and the money to demonstrate against nearly everything that has occurred on the North American continent since the landing of the Mayflower.

STATISTICS are pretty dry things, but a few of them may help explain the extra curricular activities of the flag stompers. For example, one American farmer produces enough to feed himself and 42 others.

In France, one farm worker can feed about six. The ratio is about five in Italy, and China one farm worker produces only enough for himself and one other person.

Last year, the U.S. produced as much in goods and services as all of the U.S.S.R., Japan, West Germany, France and the United Kingdom combined. The population of these countries is 2.5 times that of the United States.

PROBABLY at no time has it taken less effort than in the U.S. today to acquire the essentials of individual survival, and many are showing their appreciation by acting like the spoiled brats of a rich family. Probably they will come to the same end—shiftless and destitute.

PAUL HARVEY

Busing Opposed

I LIKE TO SEE President Nixon knocking his golf ball way out of bounds. The other day he sliced his first tee shot over into the wrong fairway—and his mulligan he hooked into the trees.

But that's all right. Think about it this way: If our President were shooting golf in the 70s, then you and I would have a neglected country to worry about.

YOU AND I CAN concentrate on golf to try to forget such monumental messes as Vietnam and school busing. He can't.

President Nixon was appointed by the people to try to undo the grotesque snafu in Vietnam, our nation's most inappropriate, inexcusable, indecent foreign involvement.

AND, SIMILARLY, domestically, he was pledged by oath to pay for other sins of his predecessors and the Earl Warren Court. The well-intended school bus edict boomeranged.

ON MANY VITAL issues our nation has been divided, on none has it been so united in opposition.

Busing schoolchildren back and forth across towns for any reason is the most absurd, unkind and unjust discrimination ever to be court-ordered in our nation. Ever.

IF HALF THE MONEY spent on school buses and busing were invested in improving educational facilities, everybody would benefit. From this cynical shuttle nobody does.

Most American parents, all colors, creeds and clans, love their children. That

we've been using up in advance their dollars and their air and their water and their resources is defended with the plea that we didn't know what we were doing.

BUT IN THIS we know what we are doing and we keep doing it.

Now Chief Justice Warren Burger of the United States Supreme Court is trying to backtrack. He says "racial balance in every school in every district is not required."

He says lower courts have overreacted to the High Court's decision.

BUT WHOEVER goofed, today 350,000 youngsters are being bused back and forth—sometimes many miles away from home making of our splendid old melting pot a pressure cooker.

In San Francisco, Chinese-Americans are being bused away from neighborhood schools so excellently tailored to their customs and needs.

IN NORTH CAROLINA, American Indians preferring their all-Indian schools, resist this rude scrambling of everybody.

In Florida, Negro Parents demand the resignation of the school superintendent who forces busing. He can't help it.

GOV. WALLACE says the Nixon Administration talks one way and acts another. He can't help it either. Within the limits of the law, President Nixon is trying NOT to enforce punitive, purposeless school busing.

It's just another fiasco which we backed into where, as in Vietnam, we meant to help people—and hurt them.

Cut In Half

(Editor's note: The Sandhills Philosopher on his Johnson grass farm scatters his thoughts around in an unusually random fashion this week. Must be the end of summer.)

Dear editor: The dire plight of the cities, according to the newspapers I've been getting hold of lately, is so great what with over-crowding and air pollution that some experts are saying most of them ought to be torn down and build over.

If they do, they'll probably make the same mistake again. I've been saying for years that every city I've seen was built in the wrong place. Invariably it was built where there're too many people. They ought to build them out in the country.

Even so, if they re-locate any, they shouldn't be located on flat ground. Every city ought to be built on a mountain, with the business district on top. This way you'd cut air pollution a work fifty per cent. Drive your car up to work every morning, but cut the motor off and coast back home

pollution-free in the afternoon. While I'm on these easy solutions to thorny problems, why hasn't somebody thought of having all labor contracts expire at the same time? No use shutting the railroads down one month, the automobile industry the next, the steel industry the next, the airlines the next, etc.

Why not designate one month, say August, it's too hot to work then anyway, as National Strike Month every year and shut the whole country down.

The rest might do us all good. Speaking of strikes, the recent telephone strike didn't do me any good. Right in the midst of it people could still get me on the phone.

Since I'm not sticking to one subject this week anyway, I notice a lot of people are wrought up because only one man is running for President of South Viet Nam. Judging from what I've read about the place, it may be lucky that even one man wants the job, especially after we pull out. Yours faithfully, J. A.

Drownings Decrease

IT MAY BE coincidence, or it may be due to stepped-up educational efforts by the Texas Parks and Wildlife Department, American Red Cross, U.S. Coast Guard Auxiliary and U.S. Power Squadron.

But whatever the case, drownings are down from 131 during July, 1970 to 94 during July 1971.

"IT'S STILL too early to tell if our more than 1,000 hours of talks, slide presentations and water safety instruction are reducing water-related fatalities," said James U. Cross, executive director of the Texas Parks and Wildlife Department. "But I must say, a decrease of 37 drownings is heartening."

Cross said local governments, civic groups and safety associations ran water safety campaigns, and the news media were very helpful with their reminders to the public.

WILDCAT TRI-CAPTAIN DENNIS HARTLEY smashes the "Scalp The Chiefs" sign as Littlefield's footballers take the field against Crosbyton.

IT'S A TOUCHDOWN, as Ralph Funk (21) dives in for a Littlefield tally. Other identifiable Cats are Ricky Sanchez (72), Kenny Pratt (78) and Dennis Hartley (24).

THE CHIEFS' BOBBY WILLIAMS is stopped cold by Wildcat Matt Giles (on ground), with help on the way from Dennis Hartley (24), Lenerl Lewis (33), and an unidentified Wildcat.

Anton Bulldogs Score Convincing 30-0 Win

District 3-B favorite Anton blanked Wilson, 30-0, Friday night at Anton. Anton, led by the Williams brothers, Quinnion and Alvin, collected 380 yards to Wilson's 189 during the encounter. Quinnion scored on the first play from scrimmage to give Anton an early lead. He scored again early in the second quarter. Leroy Medlock added two more points to the score on a pass play from Brent Couch.

Alvin Williams took the ball 56 yards out and scampered to the end zone, for another Bulldog touchdown.

Quinnion Williams scored the final touchdown of the game in the fourth quarter on a three-yard plunge. He gained 256 yards in 32 carries, and his brother Alvin carried the ball 14 times for a total of 113 yards.

Drawn by Wildcat Chuck Blevins.

Sudan Topples Sundown, 28-7

After the dust settled between the battle of a couple of old foes, Sudan came out on top by downing Sundown, 28-7, at Sundown Friday night.

Tulia Nips Olton Ponies

Olton's Mustangs ran into too many fumbles and a defense-minded Tulia team Friday night, and they dropped a 14-0 decision to the AAA Hornets at Tulia.

After a scoreless first period, Tulia's Tony Edwards ran one yard for a Hornet score. Freddy Brookins ran the extras and Tulia led 8-0 at the half.

The Mustangs made their best threat of the night in the third period when they drove to the Tulia 15. But four straight running plays failed to gain the necessary yardage.

Early in the fourth quarter Tulia got another six points on Allen Ebling's 10-yard run.

Tulia dominated the first half as Olton ran only 11 plays. Fumbles kept either team from getting much edge, as Olton lost the ball four times and Tulia lost it three.

Olton QB Steve Stockdale hit on 4 of 13 passes for 34 yards, but most of the nine he missed were dropped.

Tulia's total yardage was 258, the Mustangs' 147.

Klondike Dumps Whitharral, 42-6

In a Class B opener, Whitharral bowed to Klondike, 42-6, at Klondike Friday night. The Panthers were led by substitute quarterback Freddy Forbus, who had only two days' experience barking the signals for Whitharral.

One of the deepest penetrations by Whitharral was to the 20-yard line in the first period. The other was the TD that came in the fourth quarter.

Klondike had a 28-0 lead at the end of the first quarter, but found the going a little tougher as the Panthers' defense began to tighten.

Whitharral got their only score in the fourth quarter as Mike Lopez drove 35 yards for a touchdown.

Whitharral got their only score in the fourth quarter as Mike Lopez drove 35 yards for a touchdown.

The Panthers will battle Loop this Friday at Whitharral. Coach Ralph Allaire stated that Carl Hoelscher will be off the injured list and should be able to call the signals at quarterback.

top by downing Sundown, 28-7, at Sundown Friday night.

Kevin May scored the first tally of the game by scampering 11 yards for Sudan. The boot after failed.

The Roughnecks came back to get the lead by scoring a six-pointer on a four-yard plunge by Marlin Waldrop. Johnny Soules gave Sundown a one-point edge with his extra point.

Roger Boyles plowed over from the two-yard line to give Sudan the lead again. Kim Ingram kicked the extra point.

Sudan went to the dressing room at the half leading, 13-7.

The third quarter was a scoreless battle as both teams played ball-swap.

The fourth quarter belonged to Sudan as Boyles crossed over for another two-yard touchdown. Ingram booted the point after.

Sudan plowed back to the two-yard line in the final minutes of the game and Ingram scored the last touchdown on a two-yard drive. Bo Lance added two more points to the score by passing to Boyles for the extra points.

Sudan will play at home Friday, when they meet neighboring Amherst.

... WILDCATS WIN

Continued from Page 1

this time he landed on it at the Chief 18. A penalty advanced the ball to the 10 and Funk scored from the two to make it 30-0. A fumbled snap prevented the extra point try.

The Cats weren't through, because Funk got his third TD of the quarter when he returned a Chief punt 54 yards for a score. Hobratschk's kick made it 37-0 at the half.

CROSBYTON caught the Cats savoring the first half heroics as the second half opened.

QB Billy Johnson, whose running was hampered by an injury, got his arm cranked up. He threw long to End Mike Gowens, who raced to the Littlefield 4-yard line before Hartley caught him from behind. The play covered 50 yards.

At that Crosbyton barely got on the scoreboard. The Chiefs' Bobby Ferree got the fourth down call from the Cat one, and he just nosed into the end zone. Littlefield broke up the try for two extras and kept a 37-6 lead.

Littlefield's next score came late in the third quarter, when Giles nabbed a fumble at the Chief 16. Funk did the scoring from the 6-yard line. Hobratschk hummed it through for Littlefield's 44th point.

SUBSTITUTIONS came freely for the Cats the rest of the game, although Blakely kept some of his first string defense in the contest in the fourth quarter.

Hobratschk hauled in a Crosbyton pass and raced for a 52-yard touchdown with 10 minutes left. Then Larry got his 12th point of the game with the extra point kick.

The final Littlefield score came with six minutes left, when Alan Mackey, quarterbacking the second offense, raced 25 yards to a TD. The extra by Hobratschk made it 58-6.

Coach Blakely said Saturday morning the Cats came out of the contest with no injuries.

After reviewing films of the game, he was high on the defensive work by Estrada and linebackers Bill Hamblin and J. E. Johnson.

"In fact all the boys played well in spots," he said.

Offensively, Blakely thought Funk and Hartley both ran well. "Giles did some fine blocking and so did (Kenny) Pratt and (Chuck) Blevins.

"I was pleased that we could move on our off tackle stuff, in spite of the stack that Crosbyton ran."

Funk carried 21 times for 100 yards and Hartley ran 6 plays for 86.

Mainly, Blakely said, it was effort that paid off. "We made some mistakes and that's what we'll be working on eliminating mistakes and execution," he said. Next week, the AA Cats go to an opponent to a Class AAA game. "We've got to continue to have a shot at winning that game," he said.

Levelland Topples Littlefield

Littlefield's Junior Varsity Levelland in the season opener Saturday morning, 25-4.

Levelland rolled up a 19-yard drive before Leon Hodge returned a fumble for Littlefield's only score.

Two Junior Cats were injured in the contest.

TB Kenny Owens was a late offense until he suffered a neck injury in the first quarter.

Chris Pope went out of the game with a shoulder injury.

Outstanding on defense was Bennie Saenz, said Coach Larry Kelly Pratt showed well at game he added.

POSSE PARADE ON TAP TODAY

District 1 of the American Sheriff's Posses will hold a parade in Littlefield today at 2 p.m.

Riding groups from all over the district will be in the parade.

The parade will be down Highway 1 and the public is invited to attend.

Break-In Reported

Gary Purdy reported to police that a glass was broken from the Purdy Motor Machine Shop, and a tape player speaker and a chrome system were taken.

Damages and value of equipment about \$75.

Springlake-Earth Smash Amherst Bulldog Eleven

The seasoned and experienced Class A Springlake-Earth Wolverines romped over the young Class B Amherst Bulldogs, 81-0, Friday night in Wolverine Stadium.

The scrappy Bulldogs fought the Wolverines for four full quarters but were unable to cross the double stripe and were also unable to stop the home team's charge to the goal line.

Guy Davis opened the scoring rampage for the Wolverines with a 60-yard punt return with 9:45 left in the first quarter. Hoyt Glasscock kicked the extra point.

The Wolverines gained control of the ball on an interception by Larry Thomas, who set the stage for another TD on the five-yard line.

Mike Cleavinger bulled his way for the second TD of the game. Glasscock made the extra to give the Wolverines a 14-0 lead with 8:49 remaining in the first period.

Thomas gave a repeat performance as he intercepted another Bulldog pass.

Glasscock broke away and for a 41-yard TD run. He also booted the extra.

The Wolverines were leading, 21-0, with 7:56 left in the first quarter.

The Bulldogs lost the ball on a fumble on their 37-yard line. Two first downs later Cleavinger bounced eight yards for a TD. Glasscock carried the ball for a two-point conversion.

Davis opened the second quarter by running 10 yards for another Springlake-Earth touchdown. Eddie Alair made the score 37-0, with his two point run.

After a fumble and a recovery by each team and then a punt by Amherst, Greg Slover crossed over for another Wolverine TD.

Springlake-Earth led, 43-0, with 5:46 left in the second period.

Springlake-Earth finished the half with a 47-yard TD run by Glasscock. Cleavinger ran for the two extras to make it 51-0.

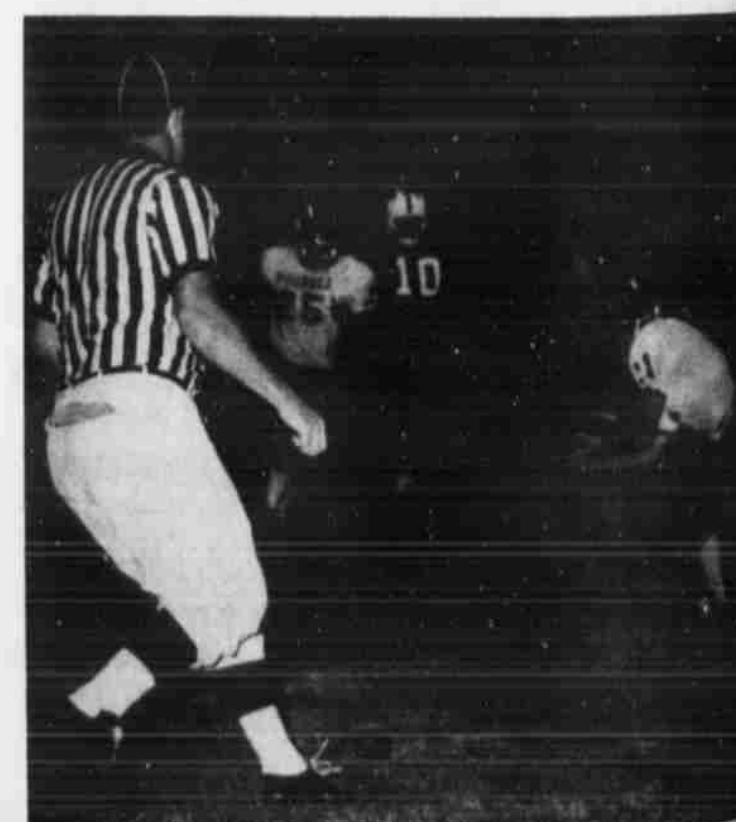

Alair opened the third quarter for the Wolverines by charging three yards for the 57th point of the game. Glasscock's toe made the 58th.

After recovering an Amherst fumble, Glasscock scored on a 10-yard plunge and booted the extra point with 7:06 left in the third period.

Amherst took control of the ball, but on the fourth down Butch Sutton punted to the 40 and Davis came back for another Wolverine TD.

At the end of the third quarter, it was Springlake-Earth leading Amherst, 71-0.

The Bulldogs blocked three field goal attempts by the Wolverines in the last quarter, but they were unable to stop Thomas on a 35-yard run for the Wolverine's last touchdown of the game. Glasscock added another point for the Wolverines with the kick after and he capped the game with a 19-yard field goal.

BULLDOG LEN IVEY, 11, catches a pass from quarterback Stanley right before the half during the Amherst and Springlake-Earth game. Kim Harmon, 25, runs in to assist Ivey. Hoyt Glasscock No. 10 comes in for the defense for the Wolverines.

WOLVERINE BACK Hoyt Glasscock runs into a herd of Amherst Bulldog tacklers as he attempts to penetrate the Bulldog line. Bulldog tacklers include Nicholson, 50; Phillip Cruz, 64; Hubert Wilson, 33; and Butch Sutton, 14. Rivas, 43, is in the background for the Wolverines.

Students Receive Security Benefits

More than 500,000 students are presently receiving benefits from social security each month under the child-student provisions of the law, John G. Hutton, district manager of the Lubbock office, reported.

benefits, as well as routine children benefits (under age 18), may not be getting them because of a failure to understand amendments which were enacted in 1967.

Prior to February 1968, a child could qualify for benefits on his mother's account only if the mother was currently insured (work six quarters in the 13-quarter period prior to her death) or she was contributing more than one-half of the child's support when she died.

The amendments allow a child to qualify on his mother's account if she was fully insured at the time of her death, the same provisions under which the child may qualify on his father's account.

Hutton emphasized that any student eligible for benefits on his mother's account and presently not receiving them

Children, between the ages of 18 and 22 who are unmarried and fulltime students in an accredited school, are entitled to these student benefits on the accounts of their insured parents, he explained.

Hutton stated that one out of every 12 students attending school is receiving assistance toward the advancement of his education as a result of these benefits. Students attending professional and business schools, as well as educational institutions, may qualify for these benefits.

every person riding a bicycle upon a roadway shall be granted all of the rights and shall be subject to all the duties applicable to the driver of a motor vehicle by this act.

Among provisions are requirements that a person "shall not ride other than upon or astride a permanent and regular seat." and "no bicycle shall be used to carry more persons at one time than the number for which it is designed and equipped."

Bicycle dealers say that the popular banana seat is designed for only one person.

The law also prohibits persons on bicycles, coasters, roller skates, sleds or toy vehicles from attaching "the same or himself" to any streetcar or vehicle upon a roadway.

A rider may not carry packages or articles which prevent him from keeping at least one hand on the handlebars.

Bicycles ridden at night must have a white light visible from at least 500 feet in front and a red light or reflector visible from 50 to 300 feet to the rear.

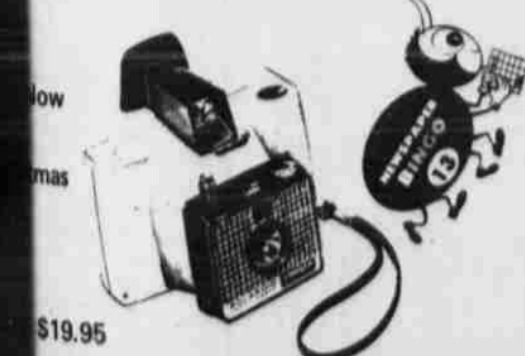

"Every bicycle shall be equipped with a brake which will enable the operator to make the braked wheels skid on dry, level, clean pavement," the law says.

The law requires bicycle riders to drive as close to the right hand side of the road as possible, taking extra precautions when passing a parked or moving vehicle.

Cotton Producers Save On Harvesting Costs

Cotton producers can now save from \$10 to \$20 per bale on their harvesting, handling and ginning expenses by using a newly developed handling-storage method, according to Cotton Incorporated.

hour gin operating only 33 days. Greater savings can be made on higher volume gins operated over a longer period of time.

"Special equipment needed for this seed cotton handling system is commercially available in the High Plains area of Texas," J. Dukes Wooters, Jr., executive vice president and general manager of Cotton Incorporated, said.

More details on the new system can be obtained by writing Cotton Incorporated, 3901 Barrett Drive, Raleigh, N.C. 27609.

Savings result from an increased harvesting capacity, reduced dump time, greater utilization of trailers, continuous operation of the gin and an over-all reduction in labor.

Tours Slated At Field Day

Cotton Incorporated, in cooperation with the Texas Tech University, Industrial Engineering Department, has perfected this system for the High Plains area and is continuing research to develop low cost handling-storage methods for other areas.

"Research for Progress" is the theme of the 62nd Annual Field Day and Open House, slated for Tuesday, Sept. 14 at the Texas A&M University Agricultural Research and Extension Center at Lubbock, located 7 1/2 miles north of Lubbock on U.S. 87.

MR. AND MRS. Lethel Jones, Edith, Susan and Lorie moved to Plains last week. Jones is employed at Plains Farm Supply. He has worked for Thompson Implement here since he and his family moved to Olton from Petersburg in May 1970.

Activities beginning at 1 p.m. at the Center are coordinated by Dr. George McBee, resident director of research; and Billy C. Gunter, district agricultural agent for the High Plains.

MR. AND MRS. Frank Adams were guests Monday in Lubbock in the home of his brother, Mr. and Mrs. Fred Adams.

The professional staff includes some 40 Experiment Station and USDA researchers and Extension specialists who will be on hand to explain the latest scientific experiments and answer questions on everything from farm management to farm equipment.

STARTING WEDNESDAY morning at 9:30 a.m. the WCS of the First United Methodist Church will meet every week to work on a new project. All women of the church are invited to participate in this project, as it will be for the entire church. They will be making "Chrismons" which are Christmas tree decorations of styrofoam, sequins and beads in shapes of Christian symbols. The women are urged to attend.

Dr. Jerry Johnson, Experiment Station agronomist who is chairman of the field day, says that visitors will have the choice of a general tour of the Center's 300 acres and also four special tours.

Results from the investigation showed a potential 30 percent increase in harvesting field efficiency. Cost reductions averaged \$4.87 in handling, transport and temporary storage and \$7.19 in ginning costs for an 8-bale-per-

These special tours will feature discussions of sorghum varieties, weed control, narrow-row cotton and control of Verticillium wilt. They will start every 30 minutes and include detailed explanations of current experiments.

HERE'S HOW IT WORKS...

PICK UP FREE BINGO CARDS: Each week (adults only, please) pick up your FREE Bingo cards from any of the sponsoring merchants listed below. Rules of the game allow the merchants to give you only one card on each store visit. However, you may make as many visits as you wish each day of the week. THE MORE CARDS YOU PLAY—THE BETTER ARE YOUR CHANCES OF WINNING.

HOW TO PLAY: Check the ads in each week's issues of The Leader-News. The ads of the merchants listed below will contain one or more "Newspaper Bingo" numbers in the "Bingo Bug" symbol (shown above). Occasionally numbers, in the "Bingo Bug" symbol, may be found elsewhere in the newspaper. Be sure to check the Classified Ad section for additional numbers. IF YOU CAN MATCH (JUST CIRCLE OR "X" THE MATCHING NUMBERS) ALL 24 NUMBERS ON ANY ONE OF YOUR BINGO CARDS WITH THE NUMBERS PUBLISHED IN THE SUNDAY AND THURSDAY ISSUES OF THE LEADER-NEWS—YOU HAVE A "BINGO"—AND YOU ARE A WINNER!!!

AT LEAST \$50.00 WEEKLY!!! Winners will share a weekly prize of \$50.00 (in "Bingo Bucks"—they spend the same as cash with any of the sponsoring merchants listed below). If there is only one winner, he wins all of the \$50.00. If there is more than one winner, all winners will share the \$50.00 in equal amounts. If there are no winners any week, the \$50.00 weekly prize will be added to the following week's prize fund.

CHECK EACH ISSUE OF THE PAPER: Each game is complete in each week's Sunday and Thursday's issue of The Leader-News. A new set of Bingo numbers will be published each week in the sponsoring merchants ads—and possibly elsewhere in the paper. A new color of Bingo cards for each week's game will be available at the sponsoring merchants' stores. To be eligible to win, you must play Bingo cards of the correct color for that week's game. The color of the cards for each week's game will be announced on this page.

IF YOU ARE A WINNER: If you have a winning Bingo card, ON WHICH ALL 24 NUMBERS HAVE BEEN MATCHED WITH THE NUMBERS APPEARING EACH WEEK IN THE SUNDAY AND THURSDAY ISSUES OF THE LEADER-NEWS, print your name, address, phone number, and the name of the store where you got your winning card, and mail to this paper at Box 72, Littlefield, Texas 78239 (the envelope containing your winning card must be received by 5:00 p.m. Tuesday of the following week) or bring your winning card to the office of this newspaper at 312 W 4th Street, Littlefield, Texas by 5:00 p.m. Tuesday of the following week.

RULES OF THE GAME

NO OBLIGATION OR PURCHASE NECESSARY: There is no obligation or purchase necessary. A copy of the paper is available for playing the game at the office of this newspaper—also at the public library—also a Bingo card and/or copies of The Leader-News containing the Bingo numbers may be obtained by mailing your request to this newspaper (please print your name and address clearly). You may play as many cards as you wish—they are free. Get additional cards—one at a time—each day.

DIFFERENT COLORED CARDS EACH WEEK: The color of the cards changes each week. To be a winner, you must play Bingo cards of the correct color for that week. Mutilated or altered cards will not be honored. ALL 24 NUMBERS ON A CARD MUST BE MATCHED TO WIN.

CHANCE DETERMINES NUMBERS: Bingo numbers for each week's game are drawn strictly at random at the office of this newspaper. Some duplication of Bingo numbers may appear in the merchants' ads—or elsewhere—in the paper. This duplication does not affect the game or the total numbers drawn. All numbers for each week's game will appear somewhere in the sponsoring merchants ads—and possibly elsewhere in the paper. Employees of this newspaper and members of their families are not eligible to win any of the prizes. Newspaper Bingo is a program copyrighted and registered by Marketing-Research Associates, Minneapolis, Minnesota.

Hide or seek

God has given each of us certain abilities, certain talents. Perhaps some have received more than others, but no one has been left out. What we do with these is up to us. We can hide them or we can seek to develop them.

Considering the parable of the talents found in Matthew 25:14-30, we discover that the man who hides his abilities often ends up losing them. But the man who seeks to improve himself is often rewarded with all the glories that come with hard work.

What better way to improve the potentials that we have than through education! Learning increases our natural abilities, and the rewards are obvious. What will you do with the abilities that God has given you? Will you hide them or will you seek to expand them?
To Hide or Seek? Which will you do?

Olton Man Emcees Fair Fiddling Event

Cash awards totaling \$400 is being offered to top participants in the fiddler's contest being staged in conjunction with the 54th annual Panhandle South Plains Fair in Lubbock. The contest will be held on the final day of the weeklong fair run, slated Sept. 27-Oct. 2.

also of Lubbock, are committee members. Awards of \$200 each will be given in the old timer's and open divisions. First prize is worth \$100. Other top awards include \$50 for second, \$25 for third, \$15 for fourth and \$10 for fifth place.

Cowboy Artist To Be Honored At Reception

A reception will be held for Cowboy Artist Paul Wylie from 3 to 5 p.m. Sunday, Sept. 12, in the Fine Arts Building of South Plains College.

Wylie has a number of his western paintings on exhibit there and will be on hand to greet the visitors during the afternoon. Members of the Faculty Womens Club will be hostesses and serve refreshments.

Employed on the Maston Ranch in Cochran County, Wylie still finds time to do his art work.

According to Wylie, the cowboy's life is filled with hard knocks, trials, tribulations, good times and bad. These are all depicted in his paintings.

The exhibit will be the first in a series of art exhibits to be shown at the college this year. The Wylie paintings will be in the foyer of the Fine Arts Building for a period of about two weeks for the public to view any time during college hours.

SKID CONTROL
Skidding accidents cause 10,000 deaths yearly. Knowing how to control a skid can be a life saver. Never jam on the brakes or step down on the accelerator. The most effective ways of regaining control are steering in the direction of the skid and stabbing the brakes.

ANOTHER TRADITIONAL all-male field is echoing to the first light footfalls of the American woman. This time it's the rugged job of telephone lineman. The pioneering female pole-climber is 24-year-old Arkansan, Sharon Roswell, who has just become a full-fledged member of a line crew for General Telephone Company of the Southwest. She is the first woman to work as a lineman in any of the more than 30 telephone subsidiaries of General Telephone & Electronics Corporation. She also may be the first female to fill this job category in any telephone company in the United States and probably the world. Mrs. Roswell is shown working on a telephone pole at a height of almost 20 feet. She utilizes steel-spurred "climbers" fastened to her boots and a safety strap looped around the pole to maintain her position. She is tightening the "hardware" holding the telephone cable to the pole.

Anton OES Meets Tuesday

ANTON—Anton Chapter #936 Order of the Eastern Star met Tuesday evening in a stated meeting at the Masonic Hall, with the Worthy Matron Lottie Zant and Worthy Patron Ted Zant presiding.
