South Koreans were reported pushing the Communists back north of Hamchang and to the south in the vicinity of Hadong—70 air miles from the port of Pusan. Blast symbols mark allied air objectives. (AP Wirephoto Map).

ESCAPE FROM KOREA

Lucky She's Alive, Says Kilgore Girl

By WILLIAM C. BARNARD
Associated Press Staff

"I'm lucky to be alive," a pretty Kilgore, Tex., girl wrote her parents after a dramatic escape from Korea.

She was Elizabeth Abercrombie, a member of the State Department staff at Seoul. Before she left Seoul, North Korean guns could be heard plainly in the distance and she begged some children from the danger of strafing planes.

The North Koreans invaded across the 38th parallel on Sunday June 25. From 3:30 o'clock that afternoon until 11 o'clock Monday morning, Elizabeth worked at State Department headquarters, helping to destroy secret information, she wrote her parents, Mr. and Mrs. John Abercrombie of Kilgore.

"At that time we could hear gunfire in the distance and the airport had been strafed," the Texas girl said in her letter which was published in the Kilgore Herald.

Elizabeth went home and had some sleep.

About 4 in the afternoon she went out on the street. "We were on the lookout for planes so I went outdoors for a look when I saw some coming over. Two planes circled fairly high over the area. I decided they were South Korean. I changed my mind however when I heard the sound of bullets just as I stepped in front of the house. It sounded as if they were right in the front yard but I heard later it was just across the street.

"I remembered seeing a group of children in the road beside the house. I immediately dashed out and got them down into the bomb shelter which was just underneath our house. We were strafed one more time by more planes than came over the first time. As far as I could tell, the bullets did not hit very near the house."

That night Elizabeth received orders to pack one bag and was told a car would bring her and two other State Department employees to the embassy.

"Lights were off. We had one small flashlight. What an eerie ride that was. There wasn't a light anywhere—not even on any of the vehicles on the street.

"I went down to the embassy, completely destroying the records by about 1 o'clock in the morning (Tuesday June 27) and at 4:30 we took off in buses for the airport. We arrived there at 5:30 and waited till 7 when the first planes appeared. They were transport planes with escorting fighters. I got aboard the fourth plane to leave."

The plane took Elizabeth to safety in Japan.

"Our trip was uneventful except for the fact that the fighters covering our flight knocked down a couple of Russian planes right after we took off," the Texas girl wrote.

"Don't worry about me," she concluded. "I'm fine and not even the worse for wear."

SUNDAY SCHOOL LESSON

David Was A King Who Honored God

Scripture — II Samuel 8:1-5; 4:7; 9:22; Psalms 24: 81.
By NEWMAN CAMPBELL

In last week's lesson we saw how Saul grew in disfavor with Samuel and Jehovah, and was deserted by them, and another chosen to succeed him—namely David, the shepherd boy—whom Samuel anointed.

Now Samuel is dead, also Saul and his son, Jonathan, who was such a warm, loyal friend of David's. David has been chosen king of Judah, but not officially crowned by the people of all Israel. It is thought this crowning took place about 993 B. C.

David was 30 when he was crowned, and he reigned for 40 years. All the tribes of Israel came together and insisted David was the king they wanted as, even in Saul's time, he had been their leader. So the elders of Israel came to the king at Hebron, and David made a league with them, and they anointed him king.

Jerusalem had been captured and established as the capital of the kingdom so King David naturally wanted to bring the Ark of the Covenant to the city, from Gibeath, which was four miles from Jerusalem.

Thirty thousand chosen men went with the king and they brought the Ark to the house of Obededom, where it stayed for three months, then carried it to the City of David—"with gladness."

David sacrificed oxen and fattlings, then "David danced before the Lord with all his might. So David and all the house of Israel brought up the Ark of the Lord with shouting, and with the sound of trumpet. Then David returned to bless his household."

"And it came to pass, when the king sat in his house, and the Lord had given him rest round about him from all his enemies: That the king said unto Nathan the prophet: See now, I dwell in a house of cedar, but the Ark of God dwelleth within curtains."

Nathan was the most eminent man in the realm. He was tutor of David's son Solomon. He also was the author of a history of David's reign and of part of Solomon's. He was also to rebuke David for his great sin of sending Bathsheba's husband to his death so that he could marry her.

"And Nathan said to the king, Go, do all that is in thine heart: for the Lord is with thee."

That same night the word of God came to Nathan, telling to go and tell David that even though He, the Lord, had chosen David to rule over Israel while he was but a shepherd boy, and had cut off his enemies and made him a great name, he—David—was not to build the Lord's house. That should be done by David's son after his father's death.

"He shall build a house for My name, and I will establish the throne of his kingdom for ever."

Nathan faithfully told David what the Lord had commanded him, and David "sat before the Lord, and he said, Who am I, O Lord God? and what is my house, that Thou hast brought me hitherto?"

"And this was yet a small thing in Thy sight, O Lord God; but Thou hast spoken also of Thy servant's house, for a great while to come. Wherefore Thou art great, O Lord God: for there is none like Thee, neither is there any God beside Thee, according to all that we have heard with our ears."

This kingdom has not yet been established on the earth, and Jerusalem is not yet the capital city of the Hebrew nation. The Jews in this hour are proclaiming that it must become a Jewish city, but the United Nations say at latest date that some kind of international regime will be established there. There may yet be trouble over this in the coming days.

The story of David's kindness to the son of Jonathan can only be briefly mentioned. David made inquiries about any survivors of Saul's family—for he never forgot his friend Jonathan.

There was one descendant, a young man by the name of Mephibosheth, who was lame in both feet. David had the young man brought before him, restored to him the property that had been Saul's, and welcomed him to a place at his table for always.

The two beautiful Psalms David wrote should be read in class, but can not be quoted here. In Psalm 51, David pleads for forgiveness from his sins, and begs, "Create in me a clean heart, O God: and renew a right spirit within me." So must we all pray to our Father who art in heaven.

MEMORY VERSE
"Thou art great, O Jehovah God: for there is none like Thee." — II Samuel 7:22.

Alhambra Seeks Solution To Its Wandering Broom

ALHAMBRA, Calif., July 28.—The city's five-ton street-sweeping machine was making nice, clean paths up and down Alhambra's thoroughfares today.

It disappeared for a while yesterday. Driver Russ Ford parked it near a drive-in cafe. When he came out, the streetsweeper wasn't present.

Police tracked down the bulky fugitive by following a track of litter. Guess where it was? In front of John Rossi's home. John was furious. He was in a hurry to reach a Pasadena hospital, but the streetsweeper blocked his driveway.

But the case of the vagrant streetsweeper isn't solved. Was it stolen? Did it just get tired of the old sweeping routine and run away? No clue!

Farm Prices Not Yet At Point Where Ceilings Are Necessary

WASHINGTON, July 28. (AP)—Despite price increases since the farm products have not yet reached levels which would make them subject to ceilings if the government had power to control prices.

Probably only hogs, beef cattle, veal calves, lambs, and cotton would be put under ceilings at current conditions.

The government has not said at what levels ceilings would be established should they be deemed necessary in all probability would be followed.

That guide is farm legislation setting up a standard for measuring agricultural product prices. That standard is called "parity."

Parity is legally defined as a price which is equally fair to farm-

ers and to those who buy his products. Parity prices are the goal of most of the government's farm aid programs.

Ceilings below parity would be a contradiction of the farm program goals.

In World War II Congress directed that no price ceilings be set below parity. It undoubtedly would make a similar direction in new price control laws.

The Truman administration itself would not likely propose ceilings below parity levels. A proposal on such nature could be expected to weaken it among farmers—a group which has been influential in keeping the Democrats in power.

The fact that President Truman and Secretary of Agriculture Brannan have been characterizing re-

cent price increases as "unjustified" does not mean that they oppose parity prices for farmers.

What they have been saying is that price increases are unjustified on the basis of current large supplies. As they see it, handlers and processors and distributors of cases increased prices unnecessarily and are reaping big profits.

Farmers, they say, are getting little benefit because they already had sold most of last year's crops at lower prices than now prevail.

The government probably is in a position to exercise control over prices of such products as corn, wheat, cotton, tobacco, dry beans, flaxseed, butter, dried milk, dried eggs and cheese. It has large stocks of these items and can put them on the market to help curb price increases.

But Agriculture Department officials say the government probably would use these stocks—except perishables like butter, cheese, dried eggs etc.—only to keep prices from going above parity.

They say action to hold farm prices below parity while prices of other products were going up would be unfair to farmers.

MACARTHUR GREETED IN KOREA—Gen. Douglas MacArthur (right) is greeted on arrival in Korea by Lt. Gen. Walton Walker, Commanding General of the 8th Army. Gen. MacArthur made a flying visit to the front and before returning to Tokyo said he was never more confident of victory. (AP Wirephoto via Army radio from Tokyo).

CIO Oil Workers End Texas Strike

PORT ARTHUR, July 28. (AP)—Striking CIO oil workers are going back to work at Texas Co. plants here and at Port Neches under a 60-day truce.

Two locals of the Oil Workers International Union approved the truce last night. Some 5,000 union workers have been affected since the strike started April 4.

The plants were reopened about five weeks ago. The company said operation resumed with supervisory help doing the work. The union charged non-union labor was being used.

Negotiations between the company and union will continue during the truce. Being disputed are wage adjustments, health benefits, and changes in the pension plan.

ATTENTION

NEW HOME OWNERS! WE HAVE PLENTY OF SHRUBS THAT YOU CAN PLANT NOW.

Braniff Shows Profit

DALLAS, July 28. (AP)—Braniff Airways had a net profit of \$402,000 for the first half of 1950 compared to an \$18,700 loss for the same period last year. Gross income reported for the first half of this year was \$1,217,000 and expenses \$785,000.

Mystery Sub Named

OTTAWA, July 28. (AP)—The British admiralty said yesterday that a submarine seen off Newfoundland's coast July 10 was the British submarine Astute. Canadian sources had speculated that the underwater craft might have been Russian.

YUGOSLAVIA FINISHES FIRST MAJOR PROJECT

By ALEX SINGLETON
AP Staff

ZAGREB, Yugoslavia, July 28.—Yugoslavia proudly marked the completion today of the first major project under premier Marshal Tito's five-year plan—a gray, ribbon-like highway stretching 300 miles across the fertile farmlands of Serbia and Croatia.

High dignitaries of the Yugoslav government were here for the formal opening ceremonies. Tito himself may attend. A cavalcade of motor cars will travel over the highway to Belgrade for a second ceremony.

Product of three years' sweat and toil by more than 300,000 workers, the highway officially symbolizes the "brotherhood and unity" of Serbia and Croatia, two of the old republics that make up modern Yugoslavia.

More than just a long stretch of cement and crushed gravel, the highway links Belgrade, capital of Yugoslavia and of ancient Serbia, and Zagreb, chief city of Croatia. The link is chiefly economic, but at least partly it also is political.

For in past years, the two cities and the two republics have not always seen eye to eye on events bending the destiny of the Balkans. Croatia looked to the west, Serbia largely to the east.

Tito was born in Croatia. It long has been one of his cherished dreams to link the sections of Yugoslavia through an artery of highways. He gave the Belgrade-Zagreb project high priority.

For three years now, "volunteer" work brigades, student groups and even army units have pushed dirt,

cracked rock, filled in swamps and carved through hills to finish the project.

It has not been an easy job. Most of the work has been done by hand for lack of equipment. There were no bulldozers and few steam shovels. Mostly it was a case of sweat and shovel.

Jap Papers Still Firing Red Employees

TOKYO, July 28. (AP)—Japanese newspaper publishers today began firing employees identified as Communists or fellow travelers.

One executive said the action was taken at the suggestion of Gen. MacArthur's headquarters. Maj. Daniel Imboden, MacArthur's press officer, commented:

"I certainly have encouraged the Japanese papers to get rid of their Communist workers. But I wouldn't have the authority to issue such a command."

"Regardless of what Radio Moscow says I am not the dictator of the Japanese press."

At least 180 newspaper workers were discharged—139 in Tokyo alone. All major Japanese dailies took part in the apparently well-coordinated firings.

Simultaneously the Broadcasting Corporation of Japan (BCJ) refused to let more than 100 employees, all suspected of being Communists, enter its buildings. This action was taken on instructions from Maj. Edgar L. Tidwell, radio officer of the U. S. Eighth Army.

The armed forces radio uses facilities of BCJ. Many BCJ employees are in close contact with U. S. Army radio personnel.

Tidwell said he had written to the president of BCJ requiring stringent security measures "in view of the present situation."

The newspaper purge hit both editorial and mechanical employees.

Immunity Lifted On German Red

BONN, Germany, July 28. (AP)—West Germany's parliament has lifted the immunity on Max Reimann, Communist leader accused of kidnapping Red Deputy Kurt Mueller.

Reimann was vying for leadership of the West German Communists with Mueller, who recently was arrested by Soviet zone police in East Berlin. Reimann is suspected of taking part in Mueller's recent alleged abduction.

Under German law, no charges could be filed against Reimann until his immunity as a member of parliament had been lifted.

Skip Alexander Leads Tourney

SIOUX CITY, Ia., July 28. (AP)—Skip Alexander, a bespectacled 31-year-old southerner, had a two-stroke lead today as professional golfer's hot-shots entered the second round of the Sioux City open tournament.

Alexander was in front of the pack after posting a record-breaking 63 at the 6,506-yard Elmwood course Thursday.

Alexander needed his record-smashing pace to edge Sam Snead and Jack Burke, Jr., for the lead. Burke was first in with a 65. Snead moved in with his 65.

Three challengers for the \$2,000 top prize in the \$15,000 meet were doublelocked at 66. They were Ed (Porky) Oliver, Seattle; Henry Ransom, St. Andrews, Ill.; and Paul O'Leary, the young Bismarck, N. D., shooter.

Illegal Now To Show False Air Markings

WASHINGTON, July 28. (AP)—Congress has completed action on a bill making it a criminal offense to display false markings on aircraft.

The legislation, passed by the House yesterday following Senate approval, is designed to air federal officials in preventing clandestine air transport operations.

AT BIG SPRING CHURCHES

New Park Methodist Church Pastor, Rev. Lyles, To Lead First Service

The Rev. Cloy Lyles, new pastor of the Park Methodist Church, will lead his first services at the pastorate Sunday. He will take the place of the Rev. I. A. Smith, who has retired from the ministry.

Rev. and Mrs. Lyles and their small daughter come from Snyder, where he had been assigned to build a new church, but was released this week to come here. He is a graduate of Floydada High School and both he and his wife attended McMurry College in Abilene.

Rev. Smith will leave August 8 to visit several months with his three daughters in Detroit, Michigan.

WELCOME TO FIRST ASSEMBLY OF GOD

S. S. 9:45; Worship 11:00 a.m. and 7:15 p.m.
W. 4th and Lancaster

Pastor - Rev. George Harrington Cor. Main & Tenth Sts.

SUNDAY

"Christian Brotherhood" Radio Program KBST 8:30 A.M. Church School 9:45 A.M. Morning Worship 10:50 A.M. Youth Fellowship 6:45 P.M. Evening Worship 7:30 P.M.

EVERYONE WELCOME WEDNESDAY

Phil H. Gates, supervisor of the Men's Dormitory at McMurry College in Abilene will preach at both the morning and the evening worship services at the Wesley Methodist Church. Pastor, Rev. C. C. Hardaway, is on vacation.

"Love" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, Sunday.

The Golden Text is "Beloved, let us love one another: for love is of God; and every one that loveth is born of God, and knoweth God." I John 4:7. The Lesson-Sermon also includes the following passage from the Christian Science textbook by Mary Baker Eddy: "Divine Love is infinite. Therefore all that really exists is in and of God, and manifests His love." The Sunday service is at 11 a.m. and will meet at 217 1/2 Main Street. The Wednesday service is at 8 p.m.

Sunday masses will be held at St. Thomas Catholic Church at 6:45 a.m. and 9 a.m. Confessions will be heard before 8:30 Saturday. Sacred Heart Catholic Church (Latin-American) will hold masses Sunday at 8:30 and 10:30 under the direction of the pastor.

"Who, Then, Can Be Saved?" will be the sermon topic of the Rev. A. H. Hoyer at St. Paul's Lutheran Church Sunday morning. Bible classes will be held at 10 a.m. and church at 11 a.m.

The Ladies Aid monthly outdoor social for members and friends of the church will be held on the church lawn at 6:30 p.m.

The Rev. A. M. Bryant, pastor of the Sand Springs Baptist Church will speak on "No More Sea," Rev. 21:1, at the Sunday morning worship service. The evening's sermon topic will be "Doing What We Can" Mark 14:8. Sunday School meets at 10 a.m. and Training Union at 8 p.m. Morning worship is at 11 a.m. and evening worship at 8:45 p.m.

"If God Be For Us" will be the topic of the morning sermon by Rev. R. Gage Lloyd at the First Presbyterian Church. Jane Stripling will sing a solo. Dr. T. Chatter Vision will tell of his war experiences at the evening service. Dr. Vinson was a medical missionary in China until he and family were forced out by Communists several years ago. The Children's Choir will

Members of the Main St. Church of God will hear the Rev. George Harrington speak on "Why Saints Are Afflicted" at the morning worship service Sunday. Sunday night his sermon topic is to be "Spiritual Blindness."

"Characteristics of the Regenerated Life" will be the subject of the Sunday morning sermon at the Church of Nazarene this week. The Sunday evening topic is unannounced. The Rev. Lewis Peterson is pastor of the church.

Visiting preacher at the East Fourth Street Baptist Church Sunday will be the Rev. Jack McCollough of Silver City, New Mexico. Rev. McCollough, who is with the Home Mission Board of New Mexico, is a brother of one of the church members, Mrs. Monroe Gafford.

The Sunday sermon topic at the First Baptist Church will be "Set Your Affection on Things Above, Not on Things on the Earth" from Col. 3:3. Sunday evening the sermon topic will be from Luke 21:23-27, "Signs of the Second Coming." Dr. P. D. O'Brien will bring the messages.

Sunday School will begin at Airport Baptist Church at 9:45 a.m. "Prepare to Meet Thy God" is the subject of the morning message to be brought by the Rev. Warren Stowe at 11 a.m.

Training Union will be at 7 p.m. and the evening worship service at 8 p.m. Sermon topic will be "A Cure for the Incurable."

Sermon topic for Sunday morning at the Church of God, Fourth and Galveston, will be "Is There Anything Too Hard for the Lord?" from Genesis 18:14. Sunday evening, the Rev. Foshe will speak on "At the End of the Broad Way," from Matthew 7:13.

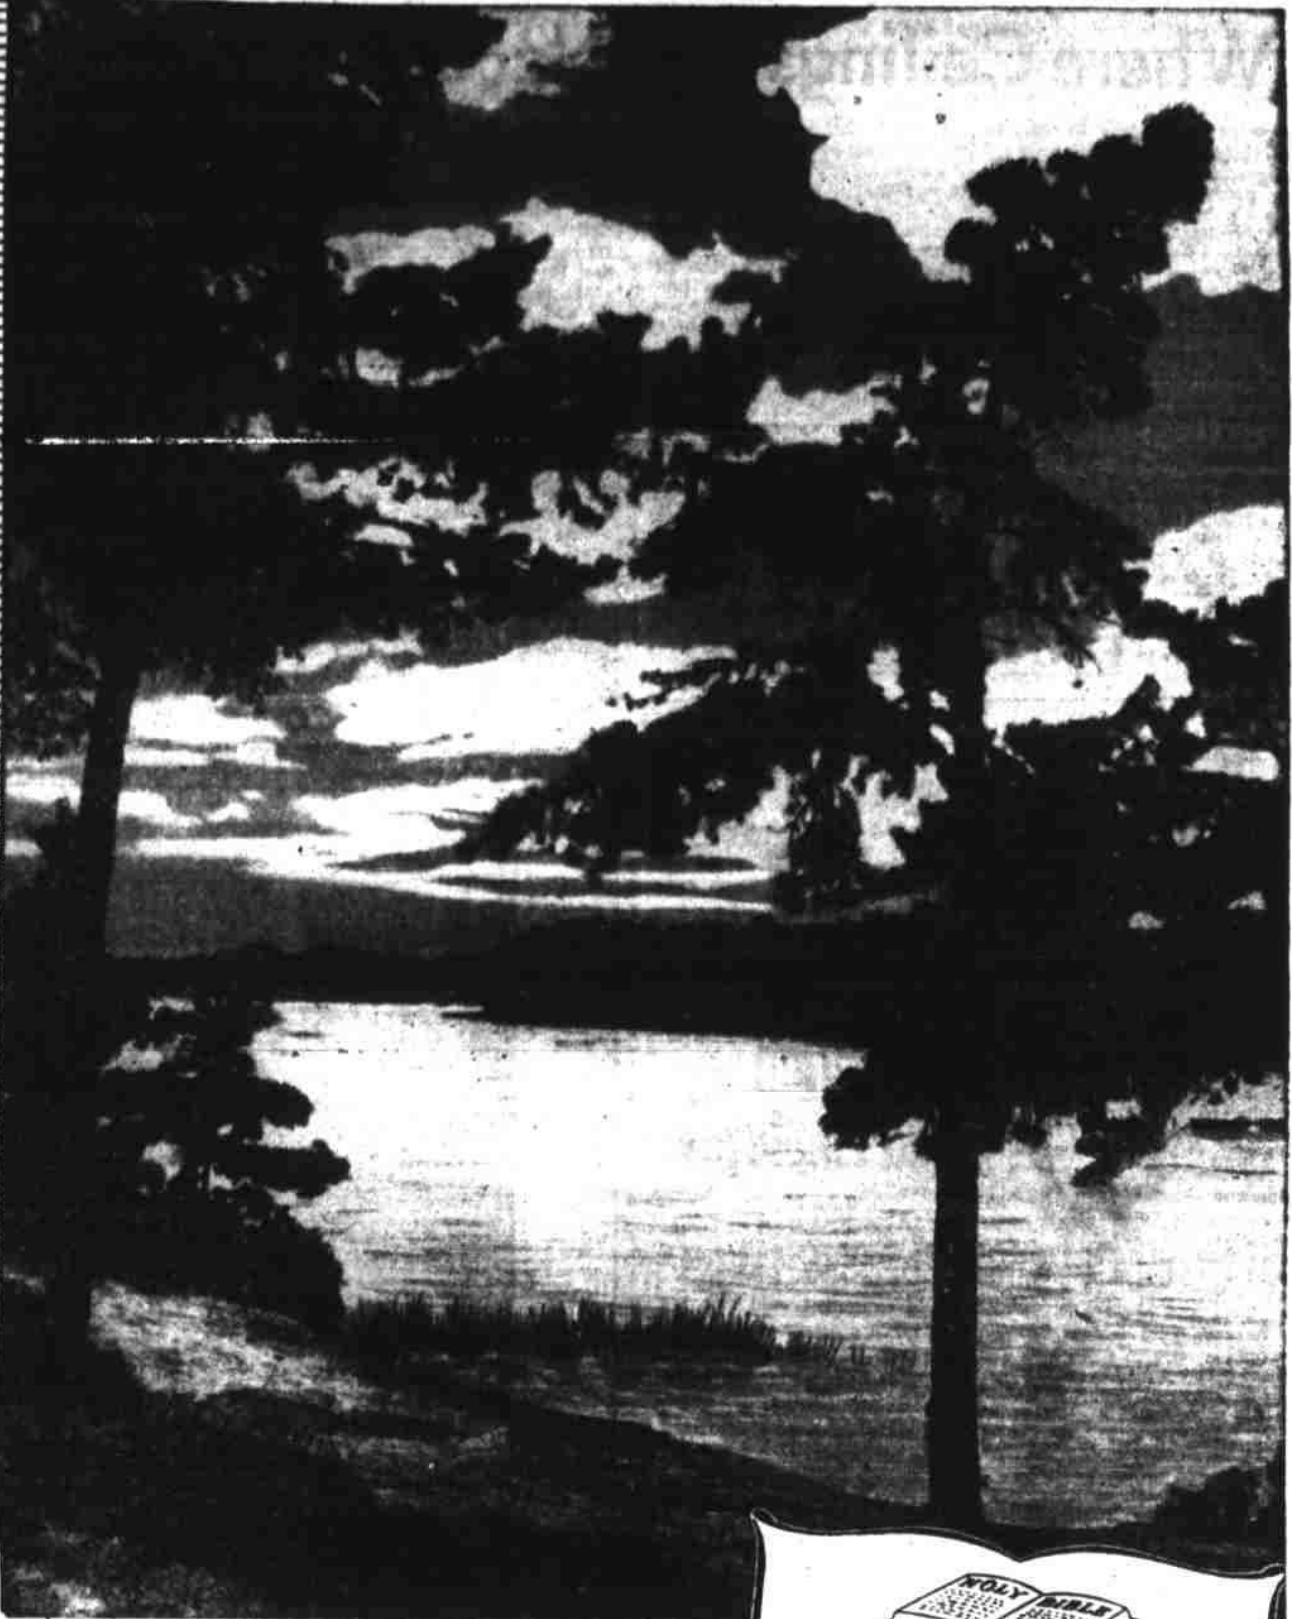

The Rev. Lloyd H. Thompson will speak on "The Cost of Prayer" at the morning worship service of the First Christian Church Sunday. His evening message will be "Coming to God's Throne of Grace." Bible School will be held at 9:45 a.m. with the morning service at 10:50 a.m. Christian Youth Fellowship will be at 7:15 p.m. and the evening service at 8 p.m.

"Living at Peace With God, Yourself, and Others" will be the Sunday morning sermon of the Rev. Alsie H. Carleton at the First Methodist Church. The morning anthem will be "The Battle Hymn of the Republic."

Dr. O. P. Clark, district superintendent, will bring the evening message. MYF groups will meet at 7 p.m.

The Rev. T. M. Harrell will be heard on the subject "Man's Questions Answered by Our Lord" Sunday morning at the Northside Baptist Church. Training Union will be held at 7 p.m. and the evening service will be at 8 p.m. Immediately following the preaching service will be Youth Fellowship.

Levee Baptist Church will begin a revival Sunday to run through August 6. Pastor, W. P. Kirk will do the preaching and Stanley Little will read the singing. Mrs. V. M. Little will play the piano.

Those stirring words of the Twenty-Third Psalm: *He maketh me to lie down in green pastures... He leadeth me beside the still waters... He restoreth my soul!*

The psalmist must have known the turmoil of life, even though he lived three thousand years ago. At least he had experienced the peace which comes upon a man when he escapes the bustling world and rests in the quiet stillness of nature's scene. And he caught its spiritual meaning!

A man's soul, like his body, needs to be restored. Just as sleep and recreation rebuild our physical strength, prayer and worship re-vitalize our spiritual being.

Thoughtfully, our forefathers taught us to spend part of each day in spiritual pursuits. Wisely, they set aside one day of the week for worship.

The Church provides opportunity for Sunday worship, and guidance in every-day devotion to God.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verse
Sunday	Psalm	23	1-6
Monday	Acts	2	30-38
Tuesday	Genesis	9	8-17
Wednesday	I Peter	5	4-11
Thursday	Deuteronomy	31	6-8
Friday	Isaiah	26	1-4
Saturday	Romans	14	16-19

Trautman Gets Scorer Protest

BRYAN, July 28 (AP)—Earl Phillips, who was the official scorer for Bryan in the Texas League, said today he had asked George Trautman, president of the minor leagues, to instruct President J. Walter Morris of the league to pay him \$37.50 for drawing up the schedule.

Phillips said this was the \$37.50 which Morris announced last week in Fort Worth that he was "fining" the scorer because of a statement made over the loud speaker regarding the umpires.

Phillips said the incident occurred about three weeks ago. He explained that he made a statement over the loud speaker because the same umpires had been assigned to the Bryan home series 12 or 15 times and "the fans were griping."

"Morris said I made the statement: 'We will have new umpires tomorrow night, these bums won't be back,'" Phillips declared. "I did not say that. What I said was: 'It is rumored that the umpire schedule has been changed and before long you fans will get a chance to see somebody other than Pete Negri and Ted Chapman.'"

Phillips said the league owed him \$75.00 for drawing up the playing schedule in February, that he asked Morris several times for it but was informed that the league didn't have the money. Then, he said he wrote Trautman and received. He added that he was informed \$37.50 half the debt from Morris that the other half would be paid when the clubs paid it in to the league.

Phillips, who is sports editor of the Bryan Daily Eagle, said that he not only had asked Trautman to instruct Morris to pay the \$75.00 but that he have Morris correct the statement attributed to Phillips over the public address system.

Bryan is not now in the East Texas League, having dropped out last week.

A Bible Thought For Today

There were displaced persons thousands of years ago as well as today. We should treat well the least of these for then we may win praise as tho we had done it unto Christ. "Thou art a stranger and also an exile."—2 Sal. 15:19.

Crucial Battle On Insects May Determine Size Of Current Crop

One of the most crucial agricultural battles of the decade is in full swing in the county and area. Insects, always a threat to a degree, are now rampant to the extent that yields are substantially at stake.

becomes visible that we swing into concerted action. The thing that brings attention upon the crop has to do with the general outlook, the stage of growth, the amount of season in the ground. We hardly have hopes of approaching last year's phenomenal yield for it was made on the basis of tremendous acreage and fair yields. But if fighting the insects proves effective, we might expect exceptionally good yields on a smaller acreage.

In Press Relations, Military Must Always Put Foot In Mouth

As though we hadn't been through all this before, the military is gradually settling on its censorship code. One of the rules of the military, in dealing with matters of news, is that it must first put its foot in its mouth before backing up and putting said foot approximately where the fool should have been put in the first place.

cially so when you consider that interpretation has expanded the idea to welcome criticism when full facts are developed. There is no serious quarrel with control of communications which would be of "strategic or helpful" character to the enemy. Newsmen are interested in security, too. They do object to attempts to stifle the flow of news which does not affect safety or strategy but which might be critical or unpleasant.

Notebook—Hal Boyle

A Letter From Korea To Any GI Veteran Of World War II

AN ADVANCED HOT SPOT IN KOREA. (P)—This is a quick letter to any GI who went through the second world war and wants to know what things are like here. Dear Joe:

fought both by order and by personal loyalty to the buddy next to them. But they did fight together—19-year-old privates and 40-year-old sergeants with almost 25 years of regular Army service.

AND THE KOREAN RAILWAY TRAINS went by loaded with enlisted Joes who

burst some 75 yards from us. We offered to bring our jeep to evacuate him but an ambulance came along before we could get our jeep. I will never forget the look of gratitude on the face of the freckled kid when we first offered to take his wounded buddy to the nearest aid station.

Affairs Of The World—DeWitt MacKenzie

U. S. Heartened By Display Of Cooperation Of Democracies

AMERICA'S HUGE REARMAMENT program, involving as it does such great sacrifice by all her citizens, naturally has made a lot of folk speculate whether the U.S.A., after all, is carrying more than its fair weight of the burden for international defense against communism.

More members of the United Nations are offering ground troops and other military aid to help meet the Korean crisis. Even little Lebanon has voted \$50,000 as symbolic aid to the UN forces in Korea.

HOWEVER, THE EARLY REACTION of some of the Democratic bloc to the assault on South Korea was, to say the least, very cautious and noncommittal. There was a hesitancy to stand up and be counted, even after the United States, under the aegis of the United Nations, rushed to the rescue and flung her own youth into the conflict.

HOWEVER, THAT'S FAR FROM BEING the whole story. The Council of the Atlantic Pact Powers, meeting in London, has decided to go all out in organizing the defenses of western Europe against possible attack. The program for defense now crowding in beside the eagerly sought economic rehabilitation. Should it be found that there isn't room for both at the same time, then presumably security must come first. However, the hope will be to keep the Marshall plan at work.

"Can You See Us Now?"

People Mourn Passing Of The Locomotive To Favor Diesels

Practically everyone from the men who drive them to the smallest children who are impressed by the sharp staccato of the exhaust and the pound of the drivers, has taken note of the steam locomotive's decline, and most all of them with a nostalgic attitude.

indicate a confirmation of trends. We are inclined to so regard it. As for the romance that may be lost with the exodus of steam locomotives, we regard that as a routine sacrifice in favor of progress. Possibly others hold similar views.

Hart To Be First Chancellor Of The University Of Texas

By The Associated Press AUSTIN, July 28—Modest, quiet-spoken James P. Hart, associate justice of the State Supreme Court,

will be the first chancellor of the University of Texas. His appointment was announced yesterday.

The scholarly 45-year-old jurist will assume his new duties Nov. 15 at an annual salary of \$20,000—highest pay ever offered a state official.

As chancellor, he will be top-flight administrative officer of the university and its many branches. He will be the long-range planner, the man who studies problems and makes recommendations to the university board of regents.

How does the rangy, blue-eyed, light brown-haired judge feel about his upcoming new job?

"Right now, I feel overwhelmed," he told reporters when they barged into his office yesterday afternoon.

"Problems of the university are things I'm going to have to study. I don't want to make up my mind

on any of them until I know more about them than I do now," Hart said in reply to a question.

He also declined comment when asked his attitude toward University President T. S. Painter's policy placing greater emphasis than in the past on research and writing by faculty members. "There has been criticism of the policy by part of the faculty who believe the policy contributes to a decline in the performance of teaching duties."

Announcement of Hart's appointment was made by Dudley K. Woodward, Jr. of Dallas, chairman of the university board of regents. Only a week ago there had been reports, denied by university officials, of alleged dissension among board members over choice of a chancellor.

Woodward said the board elected Hart Tuesday "upon unanimous recommendation of the advisory committee selected by all the faculties, ex-students, and the university development board."

The University of Texas graduate has been a member of the State Supreme Court since his appointment by the late Gov. Beauford H. Jester Oct. 1, 1947. One of the youngest men ever to serve on the high court, he was elected to a full six-year term in 1948.

At Hart's suggestion the regents agreed that he should not resign from the court until Nov. 15, thus allowing him time to complete his judicial duties. He said he had considerable work to do. Hart's date of resignation is pending Gov. Allen Shivers to appoint a successor until the general election in 1952.

Dr. Painter will act as chancellor from Sept. 1 to Nov. 15. Thereafter, he will be charged only with administrative responsibility for the main university at Austin and the Institute of Marine Science, Port Aransas.

Establishment of the chancellor system was ordered by the board of regents in January after members agreed that "the growth of the University of Texas and its various branches has produced administrative problems which cannot be handled effectively under the existing arrangement."

ADMINISTRATION FAMILY FEUD

Fuss Looms Over Who Should Boss HST Allocation Setup

By The Associated Press WASHINGTON, July 28.—The administration was embroiled in a family feud today over which agency or agencies should boss the allocation system proposed to Congress by President Truman.

The dispute—typical of some World War II clashes over authority—may have a bearing on such vital questions as whether a voluntary or compulsory steel rationing system will be imposed on industry.

Until recent days it had been understood the allocation and priority powers would be divided three ways, as follows: The Commerce Department would manage steel, copper, and any other industrial materials brought under allocation; the interior department would control fuel, petroleum and power; and the agriculture department would handle food or other farm products, if such allocations were needed.

Government officials now say that some presidential advisers are raising an objection. They contend the National Security Resources Board (NSRB), operating right in President Truman's executive office, should make all "major decisions."

A "major decision," for instance, might be on the question of whether a certain supply of steel should go to build freight cars or to build additional steel capacity.

If NSRB were to make such decisions, in the view of the old-line departments, it would become an operating agency in reality, and they would merely do the paperwork making its decisions effective.

NSRB Chairman W. Stuart Symington, who is in charge of mobilization planning, is said to be content to let the old-line agencies do the allocation job; he does not want NSRB to become an operating agency but prefers to maintain it as an umpire of disputes between agencies.

Others in Mr. Truman's executive office believe the direct authority should be kept in the White House family—namely, in Symington's NSRB.

Field head of the AGS department of exploration and field research, will visit the 15-man team operating from the geological laboratories set up June 22 near the center of a 700-square mile expanse of snow and ice near Juneau in Southeastern Alaska.

The project is sponsored by federal agencies, including the U. S. Forest Service and U. S. Geological Survey, and its findings will be made available to the government. Representatives of several U. S. agencies are visiting the project this summer.

Now in its second year, the project seeks also new information on the physical properties of ice and the climate controls affecting glacier expansion and recession.

The party is measuring the snowfall which forms the glacier in its upper levels, the flow of ice to lower levels, and its final disappearance by melting. It drills several hundred feet to study the crystal structure of the ice deep in the glacier. Surveyors are mapping the whole glacier, and other scientists are studying vegetation near the ice to determine past variations of glaciers.

One specific glacier (the Tuck) is advancing several hundred feet a year and topping trees 150 years old in its path.

"The Juneau ice field is one of the most accessible extensive glacier systems in the world," Field commented.

Hunt Secret Of Climate In Glacier

NEW YORK To wrest from a glacier some of the climatic secrets of a thousand years, William O. Field, Jr. of the American Geographical Society has returned once more to Alaska.

Australia Overwhelmingly Favors Anti-Commie Bill

Australia's proposed bill to outlaw the Communist Party is approved by eight out of every ten voters (82 per cent), a survey by Australian Public Opinion reveals.

But Australians feel that in individual cases the "onus of proof" of Communism should be on the shoulders of the government.

The anti-Red bill under discussion in the Australian parliament since May, would ban Communists from holding office in labor unions or in government.

Phils In Crimp With Departure Of Ace Hurler

By JACK HAND
AP Sports Writer

Temporary loss of Curt Simmons, top National League pitcher with 14 wins, puts the Philie Phanatic staff must take up the slack for two weeks until the \$65,000 bonus baby returns from a National Guard camp.

This is the third mid-summer camp trip for Simmons. In other years it didn't matter. He was just another youngster with a slingshot arm. Now he's high man in the league. When he leaves Saturday, there will be a gaping hole in the Phil defense.

Simmons pitched the Phils' 14 game lead over the St. Louis Cardinals with a 13-3 decision over Chicago Cubs Thursday. Curt allowed seven hits, including a homer by Andy Pafko, fanned five and walked five.

Del Ennis ruined the Cubs, driving in seven runs with a double in the seventh and a homer in the eighth, each with the bases loaded. St. Louis stuck close to the Phils with a rousing 13-3 romp over Brooklyn. The Cards broke the game wide open after it had gone 1-1 through the first six innings. Enos Slaughter and Chuck Diering each hit two homers and Del Rice hit one but Stan Musial's 30-game batting streak was ended. Musial went hitless in five trips.

The loss cost the Dodgers third place when Boston grabbed a 5-3 night victory over Pittsburgh behind Warren Spahn. The Braves' left-handed had a shutout until the ninth when the Pirates bunched three of their eight hits for all their runs.

Cincinnati and New York were idle.

As happens so often in baseball, an old teammate came back to haunt the New York Yankees. George Silvers, traded to St. Louis in June, came through with a ninth-inning single to break a tie with a 3-2 Brownie win.

The loss dropped the Yanks a game and a half back of Detroit, which knocked over Boston, 5-1, in an afternoon game. As Cleveland also lost to Philadelphia, 7-2, the Tigers gained on all other first division clubs.

Sherm Lollar hit followed a single by Sherm Lollar and a walk to Roy Sievers in the ninth. There was only one out when he singled to left to hand Tommy Byrne his fifth loss. Al Widmar, nipped for two runs in the fifth, was helped to his fifth win by five double plays.

Dizzy Trout, who figured as second string bullpen pitcher last spring, whipped Boston for the third time, to help the Detroit cause.

Four double plays helped Trout out of deep holes as he salvaged the lone Tiger victory of the three-game set with the Red Sox. A three-run fifth inning in which Vic Wertz hit his 18th homer with a man on ruined Boston.

Lou Brissie, the "losingest" pitcher in the majors with 13 defeats, calmed the Indians with four hits for the first Philadelphia win over the Indians in their last 10 starts. Washington split a pair with Chicago, winning the first 3-2 and losing the second, 6-3.

COUTRE CARRIES THE BALL—Larry Coutré (left), fleet Notre Dame back, carries the ball in the College All-Stars first scrimmage in Chicago, but finds Dick Kempthorn (no helmet) of Michigan, and Tom Navak (second from left) of Nebraska in his path. The All-Stars meet the Philadelphia Eagles in Chicago on Aug. 11. (AP Wirephoto)

LOOKING 'EM OVER

With Tommy Hart

Though he's not hitting as regularly as he did a year ago, at which time he wound up with a mace average of .313 Felix Gomez, the Big Spring Broncs' fleet center fielder, is enjoying a better season than he had in 1949.

Rogers Hornsby once said that batting averages are deceptive, that the only way to judge an infielder and outfielder is to look at his number of runs batted in.

Gomez need not take a back seat to few in the league in that respect. As this was written, Felix had a grand total of 64 for the campaign, a surprising sum considering the fact that he is the Broncs' leadoff man.

His RBI aggregate far outstrips that of the league's other leadoff batters. The latest averages showed Russ Mays, top man in the Roswell circle, had 46; Eloy Barrera of Odessa, 39; Tom Guerrero of San Angelo, 22; Scooter Hughes of Midland, 45; Lyle Christian of Ballinger, 21; Fred Haller of Sweetwater, 20; and Bill Windham, Vernon, 13.

Gomez has already eclipsed his 1949 RBI record, at which time he gathered 58 over the course of the season.

Paul Dean, who operated the Clovis WT-NM league club all of last season and part of this one, has indicated he will put a Central league team at Huntington, W. Va., next spring.

The city will probably provide him with a park.

TRAFFIC IS HEAVY AT ABBEVILLE, LA.

The Abbeville Evangline club has had six managers, no less, this season. That's the outfit which purchased Gaspar Del Toro and Jimmy Perez from Big Spring several years ago.

Paul Hinrichs, the bonus baby who hurled for the Lubbock Hubbers not so many years ago, had won five and lost three games when the last American Association averages were published. He toils for cellar dwelling Kansas City.

DIAL REFUSES TO WORK FOR HOMER PEEL

Levi Clay, who twirled for Midland a couple of seasons ago, is now being carried by the Sherman-Denison Big State league club.

Carroll (Red) Dial, the one-time Lamesa finger who was sold to Paris and then sent to Sherman-Denison in a swap for Pancho Perez (the ex-Big Spring), has jumped the Twins.

Dial told friends he no longer cared to be on a ball club managed by Homer Peel, adding he might report to Sherman-Denison again next spring "if Peel isn't with them."

The University of San Francisco football coach, Joe Kuharich, is seeking a place "with plenty of sun" where his Dons can train for about ten days in September.

We would have recommended this part of the country until July's unusual weather descended upon us.

STAN MUSIAL'S HITTING STREAK COMES TO END

NEW YORK, July 28. (AP)—Stan Musial's lengthy hitting streak is at an end today but the star St. Louis Cardinal outfielder can be consoled by the knowledge that he is only the 11th or more consecutive games.

Musial entered Thursday's game against the Brooklyn Dodgers with a run of 30 straight games in which he'd hit safely. He had five chances in which to keep his skin alive but failed each time although his mates clubbed five Brooklyn hurlers for 13 assorted hits.

Stan's teammates tried valiantly to give him a last chance in the ninth inning. Six men were due to bat before him. All reached base. But the slugger, who had hit the ball out of the infield only once in previous times at bat, grounded into a double play.

Musial thus failed in his efforts to equal or tie the four marks. His immediate goal was the team high of 33 straight hitting games set by Rogers Hornsby in 1922. The second was the modern National League mark of 37 games established by Tommy Holmes of the Boston Braves in 1945.

After that would have come the all-time National League standard of 44 games set by Baltimore's Willie Keeler in 1897, then Joe DiMaggio's brilliant 56-game hitting streak in 1941 which stands as the major league record.

Coaching School Faculty Ready

Six-man football coaches of this area are making plans to attend the fifth annual Six-Man Coaching school, which will be held in San Marcos Aug. 10-12.

Frank Honeycutt, Forsan mentor, is going as is George Tillerson, Sterling City, who is president of the six-man body.

The clinic is being held in San Marcos for the first time this year. The four previous schools were held in Big Spring. The American Business club of Big Spring helped to found the organization.

J. H. England of College Spring, Iowa, will be head instructor in football at the school. Milton H. Jowers, cage coach of Southwest Texas State, will instruct in basketball and O. W. Strahan track coach of the same school, will lecture on track and field.

Dr. Rhea Williams, athletic director of the Texas Interscholastic league; George West, football coach of Southwest Texas State; and Ed. Wojcicki, athletic trainer at Rice Institute, will appear on the program.

All-star football and basketball games will highlight the program.

Maxwell Winner At Fort Worth

FORT WORTH, July 28. (AP)—Billy Maxwell's five under par 6 and 5 victory over Dr. Houston Small of Fort Worth Thursday paced play in the Glen Garden Country Club's 21st annual golf tournament through second round play.

He meets his North Texas teammate Don January today. January beat Norris Russell of Denton, 2 and 1.

Sammy Reynolds of Wichita Falls ousted Don Addington of Dallas, 1 up in 21 holes, and Bernard Riviere, Houston, beat Bill Sterling, Dallas, 3 and 2.

Lobos Defeated By Amarillo Sox, 6 To 2

AMARILLO, July 28. — Lamesa arrived too late with too little as the Amarillo Gold Sox battered the Lobos, 6-2, behind the expert elbowing of Bob Zollicoffer here Thursday night.

The Sox jumped into a three run lead in the initial frame and were never headed, although Jim Reynolds kept them hobbled after he had relieved John Fetzer in the box in the fifth frame.

Jay DeFanti hooked a two-run homer for Amarillo in the first and Crawford Howard spiked the dish for the third tally on a double by Doug Lewis.

Threebases on balls and another two-baser hit by Lewis gave the Amarilloans two more runs in the fifth. The Sox added their final run in the seventh on a third hit by Lewis.

Lamesa got to rolling in the fourth, when singles by Billy Capps and Glen Selbo and a double by Hank Robinson produced a tally.

Jay Haney craved out a four run master for the Lobos' other marker in the seventh.

The win was Zollicoffer's 11th against eight losses.

AMERICANS ESTABLISH KOREAN BEACHHEAD—Troops of the U. S. First Cavalry Division spread out as they go ashore at Pohang in South Korea. The combat amphibious operation on South Korea's east coast was the first by American troops since World War II and was unopposed. (AP Wirephoto via radio from Tokyo.)

Another Rocket To Soar Over Ocean Tomorrow

LONG RANGE PROVING GROUND, Cocoa, Fla., July 28 (AP)—Another two-stage rocket will zoom out over the Atlantic here tomorrow in a repeat performance of Monday's firing.
 The rocket will be fired on a horizontal course at 7 o'clock.
 Information obtained from tomorrow's launching will be compared with that gained Monday.
 At that time a captured German V-2 whizzed eastward at 2,700 miles an hour. When it had gone eight and a half miles up and fifteen miles out, the 14-ton German rocket released a 70-pound missile which may have attained a speed of 5,000 miles an hour. Its performance is a military secret.
 The smaller rocket, known as a "WAC corporal," is a scientific rather than military weapon.
 The V-2 rocket, brought to this country from Germany, reached an altitude of 52,800 feet in 63 seconds. When it descended to 20,000 feet, it was exploded by remote control. The debris fell into the sea 48 miles offshore.
 Tomorrow's firing will conclude the present test program known as "bumper."
 The United States and British governments have signed an agreement for mutual guided missile tests. The base is at Cape Canaveral near Cocoa and the testing area extends over the Bahamas Islands.

CHAMBER'S BARBECUE ATTRACTS SOME 500

Some 500 persons gathered at the Settles hotel last night for the chamber of commerce membership barbecue and an amateur program made up of 23 performances.
 The barbecue was the first all-since its annual banquet last March. The amateur contest, held in conjunction with the membership gathering, featured contestants from Snyder, Colorado City, and Big Spring, performing in two divisions.
 First place winner in the adult division was Nora Darby, Nancy team from Snyder. Jamell Smith, Jennell Darby, Nona Darba, Nancy Jordan, Delores Brannan, Carla Swann, and Dene Dewald presented the novelty tap routine.
 Doyle Maynard, Big Spring, won second place in the adult division with a guitar and vocal presentation of a popular western tune. Larry Evans, Big Spring pianist, won third.
 Betty and Bud Morgan, acrobatic duo from Snyder, and Brooke Tate, Snyder acrobatic soloist, tied for top honors in the children's division.
 Billy Evans, Big Spring, was second with a piano number, while third place was captured by Charles Morris, Big Spring vocalist and guitarist.
 J. N. Young Jr. was master of ceremonies for the amateur program which followed the barbecue. Both the contest and barbecue were transferred to the Settles ballroom from the city park yesterday, due to mud conditions at the park sites.

ABClub To Leave Monday On Rodeo Boosting Tour

A bus has been chartered by the American Business club for a rodeo boosters tour Monday to the south and east of Big Spring.
 ABClubbers are paying charter fees and all Big Springs interested in making the tour are urged to make reservations at the chamber of commerce office. The bus will leave at 8 a. m. Monday on an all-day trip over the area southeast of here.

Only 46 Boxes Left For Rodeo

Supply of boxes for the annual Big Spring rodeo is now less than half gone, H. J. Morrison, sales director, reported this morning.
 A total of 50 of the six-seat boxes have been taken, leaving only 46, Morrison said. The boxes cost \$25 for the four rodeo performances. They line the arena of the new rodeo plant, nearing completion in a natural "bowl" west of the city.

Tryouts For Posse Roping Team Set For 4 P. M. Sunday

Tryouts for the Big Spring Sheriff's Posse calf roping team will be held at the Posse grounds at 4 p. m. Sunday, Kent Morgan, team chairman, has announced.
 Twenty-three calves will be on hand for the ropers to complete their tryouts. The posse organizations is forming an amateur roping team which will engage other West Texas posse units in matches.
 Zale's jewelry here is taking note of the honor paid the watches by the society, said Vic Alexander, manager.

Magazine Salesman Buys Huge Ticket

HOUSTON, July 28 (AP)—A New Orleans magazine salesman purchased a Texas-sized bus ticket today.
 L. Rosencrans plans to visit 252 of Texas' 254 counties during the next six months. His bus ticket is 232 feet long and includes 365 stops.
 C. D. Gaylor, (Greyhound) Bus Co. tourist and travel agent, said it is the longest ticket ever issued in Houston by the firm.

MARKETS

COTTON
 NEW YORK July 28 (AP) — Noon cotton prices were 75 cents a bale lower to 30 cents higher than the previous close, Oct 38 87, Dec 38 81 and March 38 80.
WHEAT
 NEW YORK July 28 (AP) — The stock market inched its way up the price scale today.
 (Daily rate mostly less than \$1 a share, although there were a few strong exceptions.)
 Trading started off briskly, then slowed in the afternoon, after overnight orders were taken care of.

LIVESTOCK
 PORT WORTH, July 28 (AP) — Cattle: 300 calves 100 steady, no slaughter steers, 70 calves, best, best calves, 19.00 to 22.00, common to good slaughter calves 18.00 to 20.00, medium and good stocker steers yearling 14.00 to 18.50, medium and good stocker calves 14.00 to 18.00.

 Sheep: 50, slaughter and feeder lambs steady, other sheep scarce, good spring lambs 27.00, good feeder lambs 24.00.

THE WEATHER

EAST TEXAS. Considerable cloudiness this afternoon, tonight and Saturday. A few local thundershowers in north and east central portions. Not much change in temperatures. Moderate southeast and south winds on the coast.
WEST TEXAS. Considerable cloudiness this afternoon, tonight and Saturday with a few scattered thundershowers, except fair in Del Rio-Rainey Pass area. Not much change in temperature.

HERE IT IS; MAN NIPS DOG

PARIS, July 28 (AP) — A Frenchman was fined 5,000 francs (\$15) today for biting a dog.
 Justin Roulet, a pharmacist's assistant, didn't like the habits of the cocker spaniel of his neighbor, Monsieur Davriot.
 So Roulet, it was said in court, "lifted the dog from the ground up to his mouth and bit him cruelly in the neck."

Benson Condition Remains Grave At Colorado City

COLORADO CITY, July 28 — Aubrey Lee Benson, victim of a traffic mishap here Wednesday evening, remained in a grave condition here today.
 Physicians said that the June West Point graduate's condition was unchanged Friday morning. A Capt. Files, neurosurgeon from Brooke General Hospital at San Antonio, left here Friday evening to return to San Antonio. He had performed surgery early Thursday.
 Benson had started with his parents to Abilene Wednesday evening when an intersection collision pitched him from the family car against a curb. He was working here until Aug 5 when he was to have reported at Fort Benning, Ga.

Transport Group Meets At Odessa This Week-End

Fleet supervisors' conference of the Texas Motor Transportation association, coupled with an organizational meeting of the Permian Basin chapter, are scheduled for July 29 at Odessa.
 Delegates from Hobbs, N. M. to McCamey and from Pecos to Big Spring are expected to attend.
 Speakers include Lester Jordan, Fort Worth, state highway patrolman, who will speak on problems of truck transportation; Frank Leach, Dallas, Texas company, preventative maintenance; Capt. James Musick, Austin, Texas Safety association secretary; safety; Charles T. Stamp, Austin, oil field hauling; E. K. Willis, Fort Worth, ICC inspector; Charles Coke, Austin, company problems; W. A. Miller, Odessa, public relations.
 Truckers also will hear of the industry's part in supporting the tax program. More than \$50 is paid in state taxes annually, not including bus and truck lines owned by railroads, spokesmen said.

Former Resident Dies At Ceta Springs

John W. Percifield, 80, former resident of Big Spring, died at his home in Ceta Springs Thursday night. Mr. Percifield was employed here by the Texas & Pacific Railway for 20 years, and since moving to Ceta Springs, has served here often. His last visit here was July 4.
 Funeral arrangements are pending, awaiting the arrival of three sons from California. The sons are Roy Percifield of Arcadia, Calif., and Harry Percifield of Tracy, Calif.
 Other survivors include Roy Percifield of Big Spring, a brother-in-law, and two sisters-in-law, Mrs. Jones Lamar and Mrs. L. B. Kinman, both of Big Spring.

REDS

(Continued From Page 1)
 ply problem had reached a point where the invaders were unable to continue a war of attrition. He called the next few days "extremely important" from the Communist point of view.
 An American counterattack was made Friday afternoon in an attempt to ease pressure on the central sector, but AP Correspondent O. H. P. King reported it was not as big a scale as originally ordered. There was no immediate reports of how it fared. King did not explain why it was on so small a scale.
 The Red attack was launched and maintained under the heaviest concentration of artillery and mortar fire of the five weeks of war.
 "One veteran of Normandy and the Battle of the Bulge in World War II called it "more artillery than I ever saw before."
 American artillery was replying with both high-explosive and anti-personnel fire.

Sunday Breakfast Planned For Posse

The Big Spring Sheriff's Posse has scheduled a morning ride and breakfast for Sunday. Breakfast will be served at 8:30 a. m.
 Hosts for the event will be Dr. M. H. Bennett, posse president, and H. P. Wooten.

Addition To Herd

W. A. Johnson, R. 1, Big Spring, has added to his herd by the purchase of Deere Rose's Chief from R. E. Gracey, Roscoe.

AREA OIL NEWS

Sunray Test Completes For Double Producer In Howard

Sunray No. 3 W. L. and R. G. Wilson, extreme north-central Howard test in the East Vealmoor area, has been completed for a double producer. This is the first dual completion in the north-Howard or South-Borden area.
 The upper zone was identified as the Wolfcamp. Top of pay was listed as 6.905 and top of the Wolfcamp as 6.911. The perforated zone tested from 6.910-60 was treated with 1,500 gallons. It showed a natural 24-hour flow with no water through 18-64th choke in the amount of 745 barrels of 39.7 gravity oil. Gas-oil ratio was 804-1. Previously it had filed for completion in the Canyon from 7,450-42 where the perforated section yielded 182 barrels of 43.7 oil plus 20 per cent water through quarter-inch choke. Gas-oil ratio also was 804-1 and tubing pressure 425 pounds. Location is 1,980 from the north and 660 from the east lines of section 16-27, T&P.
 Goldston Oil No. 1 Akin Simpson, 660 from the north and west lines of section 46-32-3n, T&P, failed as an east offset in the Vealmoor line south extending. The venture was bottomed at 8,080 and a drillstem test run to that depth, although details were not complete. Recovery was well water with no shows of oil or gas. Operators were taking electric log and were reported to be planning to plug back and test the Spraberry section.

Yancy Hunt Unable To Digest Food — Hadacol Helps Him

H. L. Hunt, Dallas, has announced plans to drill an Ellenburger test in central western Lamb county near Sunday. It is on an 18,000-acre spread turned by O. L. Johnson, Midland, who kept an over-ride on the area. Johnson acquired 10,000 acres in a checkerboard from Honolulu on a farmout and then completed the other 8,000 acres.
His System Lacked Vitamins B₁, B₂, Iron and Nicotin
 Mr. Yancy Hunt, a Midridge, Alabama, a very able sawmiller, writes: "I'm 42 yrs old and for some time was unable to eat and digest the right food. My body was weak, run-down. Hearing how HADACOL helped so many, I decided to try it. I've taken 4 bottles. I'm a new man eating heartily, working hard."
 Mr. Hunt has that wonderful, wonderful HADACOL feeling everyone is talking about! HADACOL not only supplies deficient systems with extra quantities of Vitamins B₁, B₂, Iron and Nicotin but also helpful amounts of Calcium, Phosphorus and Manganese—elements so vital to help maintain good health. And these wonderful vitamins and minerals come in special liquid form so that they are more quickly absorbed into the blood—ready to go to work at once. Trial size, only 61¢. Photo by professional model. © 1950, The Lullback Corporation.

Mrs. Purvis Rites Set For 5 P. M. Today

Funeral rites were to be held at 5 p.m. today in Nalley chapel for Mrs. Ida Elizabeth Purvis, 67, who died in a local hospital Thursday afternoon.

Mrs. Purvis, who moved here with her family from Sweetwater in 1948 had been ill for approximately one week.

Dr. P. D. O'Brien, First Baptist pastor, will officiate at the service here. The body will be carried overland to Sweetwater Saturday, where brief rites will be conducted at the Fundamental Baptist Church by the Rev. A. L. Patterson. Burial will be in Sweetwater.

Survivors include the husband, M. C. Purvis of Big Spring; seven sons, Roy, George, Melvin and Fuel Purvis, all of Big Spring; Oril D. Purvis, Sweetwater; Claude and Royce Purvis, both of Brownfield; three daughters, Mrs. Leona Billings of Big Spring, Mrs. Dessie Hicks of Brownfield, and Mrs. Lorene Billings of Odessa.

Also surviving are 12 grandchildren, four brothers, Joe Pack of Breckenridge, Clinton and Walter Pack of Stephenville, and Clifford Pack of Fort Worth; five sisters, Mrs. Maggie Hampton, Mrs. Nettie Purvis and Mrs. Minnie Hampton, all of Stephenville; Mrs. Rosa Lucas of Cleburne; and Miss Hattie Pack of Austin.

Hadacol Helps Mrs. Goff Sleep Like A Baby At Night

A Nervous, Run-down Condition Caused by Lack of Vitamins B₁, B₂, Iron and Niacin Kept Her Awake

Mrs. Phyllis Goff, 1902 Park Ave., Indianapolis, Indiana, writes us: "I've had a run-down condition resulting in headaches and insomnia. After my first bottle of HADACOL I started sleeping better and better elimination. I certainly recommend HADACOL."

Certain nervous conditions and digestive disturbances which keep folks awake nights are sometimes caused by lack of Vitamins B₁, B₂, Iron and Niacin in the system. So if you suffer from such deficiencies you see how important it is to start taking HADACOL. It not only gives you extra quantities of these precious elements but also helpful amounts of Calcium, Phosphorus and Magnesium—so vital to help maintain good health. Know what it means to have that wonderful HADACOL feeling everyone is talking about! Trial size, only \$1.25. © 1950, The Lallana Corporation.

UMW VIOLATED T-H LAW NLRB Orders Reinstatement Of Miner Fired By Local

WASHINGTON, July 28 (AP)—The National Labor Relations Board today ordered the reinstatement of Miner Lloyd H. Sidener of Canton, Ill., who was fired from his job and fined \$50,000 by a United Mine Workers local after he tried to go back to work during the 1950 coal strike.

The board ordered the coal firm and the unions to pay Sidener all the wages he had lost as a result of their action. The board also directed the unions not to force United Electric or any other company to discriminate against employees because of their union activities.

On May 31, the unions and Sidener settled their argument and he returned to his \$212-a-day job as a shovel engineer. A day later, he reported receiving threats on his life. Once again he left work, asking the NLRB to investigate the whole issue.

In a unanimous decision, the NLRB held that the United Electric Coal Companies, UMW Local 7455 and a UMW subdistrict had violated the Taft-Hartley Law in their treatment of Sidener, who was president of the local at the time the dispute started.

The union charged Sidener with trying to start a rival mine group after he had called a strike-ending meeting in response to an order from UMW President John L. Lewis to return to the pits. Sidener denied the union accusation. He charged in turn that Lewis had secretly passed along word that the miners were to ignore his instructions and stay off the job.

Neither the UMW itself nor its District 12 were charged with any unfair labor practice. The decision did not order the UMW to restore Sidener to membership, although traditionally there are seldom any non-union miners in UMW pits. Some officials here expressed doubt that Sidener would return to work in any case, in view of the bitter feeling which has resulted from the dispute.

McGee Stay Of Execution Draws Governor Blast

LAUREL, Miss., July 28 (AP)—Willie McGee missed a date with an electric chair date yesterday. And the Mississippi judge who sentenced him three times for raping a white woman criticized the stay of execution by a U. S. Supreme Court Justice.

Circuit Court Judge F. Burkitt Collins, in a prepared statement, declared here yesterday he knew of "no law or precedent" for the action of Justice Harold Burton of the U. S. Supreme Court in granting the stay Wednesday.

He said he had been asked repeatedly by what authority Justice Burton acted.

In Cleveland, Mississippi Gov. Fielding Wright angrily termed the Civil Rights Congress of New York, which sent delegates to Mississippi to seek executive clemency for the 37-year-old Negro, as "the slimiest, filthiest group I ever had to deal with."

He charged "the Civil Rights Congress cares nothing for Willie McGee. It has a planned program to destroy the judicial system of each and every state."

The governor told a civic club audience he was "tick and tired" of interference in the McGee case.

He added that he had received 15,335 letters and telegrams from nations all over the world, including Communist China and Czechoslovakia, "demanding that I free McGee."

Wright said he had studied the case and I know he is guilty.

In New York, Aubrey Grossman, a Civil Rights Congress delegate who says he was blackjacked by several men in Jackson, blamed Gov. Wright and other officials for several instances of violence against defenders of McGee.

Grossman is national secretary of the congress which has been headed a Communist group by the U. S. Justice Department.

Wright said "the Communists were in hopes that the people of Mississippi would Lynch Willie McGee and hold the courts of Mississippi up to the ridicule of the world."

McGee, three convicted for an attack on a Laurel housewife in 1945, was returned to a Jackson jail yesterday. His first two convictions were overruled on technicalities by the Mississippi supreme court.

Explosion Kills One

ALEXANDRIA, Egypt, July 28 (AP)—One officer was killed, another injured and two sailors were hurt yesterday afternoon in the Egyptian Mine Sweeper Gaza off the Mediterranean port of Mersa Matruh. A short circuit started a fire in the fuel tanks of the vessel.

SOVIET BACK IN UN

Byrnes Can't See Third War Soon

GREENVILLE, S. C., July 28 (AP)—Former Secretary of State James F. Byrnes believes Russia's return to the United Nations means that country isn't going to start a third world war anytime soon.

Byrnes, who won the South Carolina democratic gubernatorial nomination two weeks ago, made his remarks in a telephone interview after hearing that Russia had ended its boycott of the United Nations.

Soviet Deputy Foreign Minister Jakob A. Malik ended the Russian boycott with the announcement yesterday that he would take over the presidency of the Security Council Aug. 1. The post falls to Russia on that date under a rotation plan.

"The Soviet return to the UN Security Council indicates an end to our trouble in Korea," Byrnes said. "The security council, having ordered opposition to aggression in North Korea, now will find it impossible to justify further assistance to those who oppose the United Nations."

Byrnes said the return of Russia means that "Russia discovered that the UN meant what it said."

Two Men Are Killed

HAVANA, July 28 (AP)—Two men were killed and one was seriously wounded last night when gunmen machine-gunned a private home in what appeared to be a squabble between two revolutionary groups.

Dodd Serves On State Group To Recommend Teacher Policies

E. C. Dodd, president of Howard County Junior College, has been serving on a key committee in a cooperative workshop on teacher certification and professional standards this week.

At the Austin parley he has been on the group to recommend policies and requirements for teacher certifications.

Dodd said that there seemed to be a minimum of jockeying for favorable positions and a maximum of interest in the welfare of Texas school children.

Four agencies—the Texas State Teachers Association, the Texas Council on Teacher Education, the Texas Vocational Association, and the Texas Education Agency, administrative body of the state board of education—are participating in the conference.
