Tina Russell Reigns As Miss Lamb County

By GAYLE MILLS

"And mother you didn't want me to enter" was Tina Russell's comment in answer to her mother's words of congratulations after Miss Russell was crowned "Miss Lamb County" of 1972 before a crowded audience in Littlefield High School auditorium Friday evening.

The 17-year-old, brown-haired, green-eyed beauty of Mr. and Mrs. Charles Russell of Littlefield was crowned with a tiara by Miss Lamb County of 1971, Deana Sterling, while the crowd and Tina's many fans enthusiastically cheered and applauded.

Sponsored in the pageant by Cox Furniture Co. of Littlefield, the new reigning "Miss Lamb County" was also presented a trophy and a dozen yellow roses by Miss Sterling.

From a field of 15 contestants, Miss Russell is the fourth Miss Lamb County crowned in an annual beauty pageant sponsored by Beta Sigma Phi Sorority and co-sponsored this year by Littlefield Chamber of Commerce.

The first runner-up trophy went to 17-year-old, blue-eyed Denese McCurry. This talented young girl is the daughter of Mr. and Mrs. Dallas McCurry of Littlefield.

Cecie Bandy, a senior at Sudan High School and the daughter of Mr. and Mrs. D. J. Bandy, of Sudan, was named second runner-up.

Brown-haired, green-eyed Ralynn Mills was third runner-up. She is an

Amherst High School senior and the daughter of Mr. and Mrs. Alvin R. Mills of Amherst.

Beverly Chisholm was named fourth runner-up in the pageant. Miss Chisholm, a LHS graduate and currently a senior at West Texas State University, is the 21-year-old daughter of Mr. and Mrs. Coy Piery of Littlefield.

The beauties were cheered with a feeling of intensity as they appeared in swim suit and evening gown attire on a garden-themed set stage, while Cecil Knight of KSEL emceed the pageant.

Students from McKay's School of Dance and Gymnastics in Levelland entertained the crowd with their tumbling acts, tap dancing and baton twirling.

Carol Johnson played piano selections while the tensed-up contestants and crowd awaited the decision of the judges.

Besides "Talking" as being one of Tina Russell's hobbies, she also likes to swim, water ski, sew, dance and decoupage. A talented and popular young girl, she is a member of several school clubs, was on the journalism staff, annual staff, received many honors in school, and won first in district newswriting. She also had a poem published in the Regional and National Anthologies of High School Poetry.

of Commerce and Agriculture pooled their meeting times to hear reports from several C-CA committees, and accepted the recommendation of the C-CA Board of Directors that Littlefield begin preparations for a United Way drive next year.

Warren Dayton presented facts about United Way, and compared them with the present method of making separate drives. "We now have individual drives for nine agencies in Littlefield, and this is very time consuming," he stressed.

He stated, "We need to begin working now for next year. In Lubbock, they

begin planning in January for the drive in November."

In explaining fair share giving, Dayton stressed that if persons in Littlefield would donate 1 1/2 day's salary per year, the needed funds could be met. "It takes a total community commitment to support such a drive, and the public must be educated in fair share giving. We have a service to sell—the service of the various organizations which the fund will support."

Texas Football Magazine Rates Cats 3-AA Winners

Quickness, defense and depth lifted the Littlefield Wildcats all the way from the 1970 cellar to the 1971 co-championship last year, and more of the same ingredients are predicted to propel Littlefield to the number one spot in the district again this season.

That's the prediction of Dave Campbell's 1972 TEXAS FOOTBALL, which hit the newsstands here this week.

Campbell's know-how picks Vega to win district 3-A which includes Springlake and Sudan. And over in District 5-A Plains is picked for the district winner over Anton, Ropes, Shallowater, Seagraves and O'Donnell.

While the Wildcats will miss the likes of Dennis Hartley and Ralph Funk who

landed on the 1971 All-State team of offensive list for Class AA schools, Littlefield has a bounty in 16 returning lettermen. There are three offensive and six defensive regulars returning from the 7-3-1 team.

Leading the backfield will be tail back J.E. Johnson and slot back Pat Henderson. Guards Bill Hamblin and Rickey Sanchez and tackle Jerry Cox are the line plums. Others in the talented lineup are end Alan Mackey and Larry Hobratchek, safety Leneral Lewis, tackles Mike Hopper and Don Britt and QB Terry Bryson and Kelly Pratt.

The only gridders from district 3-AA to make the Class AA honor roll are a pair from Floydada, interior lineman Terry Bunch and a back, Mark Vinson.

Exposure to excessive sound levels not only can result in hearing losses, but also can be dangerous to the heart and blood vessels.

THE ABUNDANT LIFE

Problems Always

By BOB WEAR

"WILL WE HAVE problems always?" A good friend, discussing a problem with me, said, "Will the time ever come when we will have no problems?"

This is a question most of us ask ourselves, at times, and it is a relevant question. We do get tired of problems, and we wish that they would go away; but they don't go away. Therefore, we must meet them face to face and work, with a spirit of good cheer, to solve them.

YES, WE WILL have problems always. This can be discouraging, and many people are discouraged; however, most of the discouragement comes from faulty expectations.

If we expect the coming of some magic time, when all problems are solved, we expect the impossible. It is better that we be sensible, and face reality.

THERE ARE TWO KINDS of problems. Some are just part of one's living experience, and some are caused by poor judgment. This means that we can have some control over problems.

First, we can learn to manage our life situation so we do not make unnecessary problems. Second, we can be prepared for the necessary ones, and learn to cope with them as a normal part of life.

WE MUST NOT exaggerate our problems. They will be big enough as they are, and it is very foolish to blow them up into something bigger.

Two people can face the same problem, one of them accepts it as it is, and handles it admirably; but the other

person becomes highly agitated, and makes the problem so big that it becomes unmanageable. We must never permit problems to become masters over us.

"THERE IS A SOLUTION to this" is the way to face problems. The solution may not always be exactly what we wish, but there is a solution. There may be instances when we need assistance, but there is nothing wrong with this.

When we do need such assistance, we must get it; and the sooner, the better. Everybody finds it necessary to get help now and then.

WE CAN DEVELOP SKILL in problem-solving, when we properly apply our capabilities and let each instance of problem-solving be a learning experience.

Much of this part of living should soon become routine, because most of our problems will be standard. Occasionally, there will be unusual, or different ones; but there are solutions for these, too.

SOMETIMES WE CAN SEE the beginning of a problem, and this is usually the best time to apply the solution.

If we wait for its full formation, we will usually find the solving of it more difficult.

AS LONG AS WE LIVE, there will be problems and some of them may be very difficult; however, we must remember that all problems have solutions.

STATE CAPITAL Highlights AND Sidelights by Bill Boykin TEXAS PRESS ASSOCIATION

The Parks and Wildlife Commission handed one controversial issue back to the Attorney General and was handed another one by the Legislature.

PWC voted four-to-two to ask Atty. Gen. Crawford C. Martin to review and reconsider a May 26 ruling that a 1970 contract to purchase 3,965 acres of Mustang Island property for park development is a "binding obligation."

Martin's opinion, according to PWC Chairman Jack Stone of Wells, is expected in about a week.

The Mustang Island battle has raged from Austin to Washington and back and through the federal courts and has figured in battles over Senate confirmation of PWC members.

Legislators, in special session, thwarted long-standing plans of the State Highway Department to build a 10-story, \$20 million headquarters building on a block near the capitol and governor's mansion.

Instead, the Legislature decreed, the Parks and Wildlife Department would purchase with \$1.5 million from its cigarette tax the barren, dusty block in downtown Austin and convert it into a park.

The highway department was directed to consider placing its plush new building elsewhere.

Neither agency, conceded legislative leaders, was deliriously happy with the arrangement.

Under the circumstances, however, neither seemed to have much choice.

INFLATION STILL THREAT

Inflation is still a strong threat, though Texas is recovering from economic recession, according to a University of Texas Bureau of Business Research study.

Unemployment remains high, says UT BBR, but estimated personal income rose nine per cent in the last year and bank debits 10 per cent.

The unemployment level, frowned on by the Bureau, was 3.8 per cent in May, which is lower than the 4.1 per cent of a year ago and considerably below the national 5.9 per cent rate.

Consumer spending and residential construction were seen as strong. The rate of the consumer price index rise slowed somewhat after the presidential price freeze, BBR found.

DEPARTMENT WINS AWARD

Texas Highway Department received the National Safety Council Award of Honor for an outstanding occupational safety record during 1971.

"Less than five out of 1,000 of the nation's total number of work units meet the award of honor requirements," said Howard Pyle, National Safety Council president.

The Texas Highway Department got the award for a 32 per cent decrease in

frequency and 42 per cent decrease in severity of accident rates of employees last year.

TEXAS BEEF CATTLE LEADER

Texas is the nation's leader in major categories of the beef industry, Texas Agricultural Missioner John C. White states.

The livestock industry in Texas is the largest in the nation, accounting for half the total agricultural income in the state. There were 12.8 million calves in Texas in January, five million head above second Iowa.

Rankings by counties for major categories include the following through 10:

All cattle and calves: DeWitt, Garza, Hansford, Castro, Sherman, Randall, Ochiltree, Hopkins.

Texas ranks second in the number of slaughter plants, cattle and calves slaughtered in 1971, third in sheep and lamb and 15th in hog slaughter.

TEXAS EXHIBIT PLANNED

A special Texas exhibit is planned for the fifth annual El Salvador International Trade Fair Nov. 3-8.

The fair is one of the top trade shows in Central America and attracts commercial firms surrounding Central America.

Several Texas manufacturers indicated an interest in special exhibits. The International Division of the Texas Agricultural Mission and the Texas Department of Agriculture are sponsoring the exhibit.

FARMWORKER GRANT APPROVED

A \$2 million federal grant will fund classroom instruction and on-the-job training for migrant farmworkers.

Trainees from 19 counties will be trained under the one-year contracts with project sponsors.

SHORT SNORTS

A first-in-the-nation mobile clinic is starting services in the Rio Grande Valley for farmworkers.

Attorney General Martin held a public hearing on disability retirement demand he return to work constitutional. He said local boards have authority to determine degree and date of disability.

A new Veterans Administration treatment program is planned for Dallas.

The Rehabilitation Commission is dividing Harris and 24 other counties into two regions for supervision of services to mentally physically-handicapped clients.

Grant made a brief rundown of the calendar, and reported that clubs who sell tickets to the event receive 10 per cent of the sales. For the parade will include \$75, \$25 for first second and third prizes.

Bill Payne commented on the plans for Festivities Days and that to be given away, and invited people to attend the parade and rodeo at this past weekend.

Oil Again Under Siege

THE PETROLEUM industry is in for another vicious attack from Washington, and there is nothing fair about it. The attack not only is harmful to the industry, it is detrimental to the nation and its security, as well as to the general public, including consumers.

The industry once again is caught up in proposed legislation aimed at so-called tax "loopholes."

The legislation, proposed by Rep. Wilbur Mills, chairman of the House Ways and Means Committee, of all people, would terminate 54 provisions in the income tax law, including depletion allowances for mineral industries and deductions for intangible drilling costs.

Sen. Mike Mansfield, Senate majority leader, introduced the measure, in the Senate.

NO WONDER OIL and gas men are frightened at the ramifications of the proposed measure.

"It is tragic for American consumers that here on the brink of an energy shortage, Washington politicians have decided to make a political football of tax provisions affecting oil and gas exploration," Robert A. Buschman of San Antonio, president of Texas Mid-Continent Oil & Gas Association, said a few days ago in Dallas.

He said the same pattern developed prior to the 1969 act which "removed more than \$700 million a year from the producing and exploration end of the oil and gas industry. The act contributed to the dwindling of reserves of both oil and gas which we see today."

Jails Closed Next?

The Supreme Court has ruled out the death penalty. After 200 years, it was discovered to be "cruel and unusual punishment" forbidden by the Eighth Amendment. Next, we will be closing our jails for it is cruel to confine a man in prison. It takes away his liberty.

We have become wiser than God. He has inflicted death, sometimes by cruel and unusual means, upon countless violators. He even commanded that one man be stoned for gathering firewood on the Sabbath. Many died of plagues. The earth swallowed some.

God's law defined numerous cases where capital punishment should be administered. As a process of law, violators were to be avenged eye for eye, tooth for tooth, and life for life. This was the same Law that placed love of neighbor as one's self as the second greatest commandment.

God sent Israel's armies into battle. Great men like Moses, Joshua, David, and Elisha served in carrying out punishments by death. Paul tells us that the civil government bears not the sword in vain. But now these holy men are branded as immoral by our Supreme Court!

Though he delighted in cruel and unusual execution of innocent people, not even Charles Manson can be executed. This ruling makes the land less safe for the upright citizen by giving protection to the guilty. Protection gives license.

This is just one more evidence of disdain for authority. Without penalty, law becomes void.

Such a deceptive humanitarian concept has extended into the spiritual realm. Few persons are admitted to be sinners any more. And what if they are: God is too good to punish them. There is no death penalty. Hell is abolished.

Man has become "too good" for

A study made by the Texas Employment Commission of petroleum employment trends in the Midland region, as reported in last Sunday's Reporter-Telegram, portrayed vividly the drop in drilling and employment following the 1969 legislation which cut the depletion allowance from 27 1/2 per cent to 22 per cent.

THE INDUSTRY NOW is unable to meet the growing domestic demand for energy fuels, which has resulted in increased oil imports. Oilmen and others warn of the dangers of the U.S. becoming overly dependent upon unreliable foreign fuel sources.

The situation is critical, demanding the interest, concern and action of individuals, organizations and business firms generally. The real message of the critical situation at hand somehow must be gotten across to persons and groups across the land.

No longer can the petroleum industry handle the job alone. It needs and must have help from everyone who is aware of the situation, if the petroleum industry is to survive. And if the industry goes down the drain, so do many other industries — with government not far behind. Interested persons are urged to write their senators, congressmen, friends, relatives and business associates everywhere, telling the story as it is. This is everybody's fight for survival.

The petroleum industry deserves help from Washington; not harassment! The Midland Reporter-Telegram

Lack Of Concern

MUCH OF THE political campaign oratory this year decries the growing tax burdens citizens must pay.

Yet little or no mention is made about why such taxes were needed initially or what they are supposed to provide the beleaguered taxpayer, the Chamber of Commerce of the United States says.

THE PUBLIC spotlight needs to be turned away from talk about overhauling the tax system and focused on the reason for such high taxes.

The Chamber says: Massive federal spending with a glut of multi-billion dollar budget deficits are at the core of our vexing inflation problem.

A GROWING AWARENESS of the effects massive outlays are having on the economy was highlighted on network television by CBS Commentator Eric Serravalle, who stated:

"It can be argued that today the biggest single inflationary factor is government — the vast increase in government programs to solve social problems as well as military costs; the vast increase in government workers, and the enormous jump in their pay rate."

WAGE AND PRICE controls fix on the private sector can never halt inflation without some discipline by government over the Federal Budget, the National Chamber declares.

Federal spending must be brought under control if we are ever to expect a return to a healthy economy, free of the specter of cheaper dollars and higher prices.

Miss Nelson Weds Kenneth E. Jones

On Saturday evening, Miss Cathryn Elizabeth Nelson became the bride of Kenneth Eugene Jones of Springlake in the Sanctuary of the First Baptist Church, with the Reverend A. J. Kenemer officiating over the double-ring ceremony.

Given in marriage by her father, Ralph Nelson, the bride wore a formal gown of white satin organza and venise lace, fashioned in the Empire silhouette and featuring a deeply scalloped, venise lace, low-necked bodice. Wide lace encircled the hemline above a double flounce edged in narrow border lace. The long full sleeves were gathered onto lace-edged cuffs, and a wide-sweep chapel train, bordered with lace edging, was attached beneath a large, soft bow at the back waistline. Completing the decor of the gown were tiny fabric buttons closing the back bodice. A chapel-length veil of imported illusion, with a shorter tiered veil added, was bordered with venise lace.

The bride carried a cascade of yellow and white daisies and turquoise baby's breath, atop a white Bible, a gift from the Senior Acteens of the First Baptist Church. The lace and satin Bible cover was borrowed from her sister-in-law, Mrs. James R. Nelson of Stillwater, Okla. For "something old" she wore her grandmother's engagement ring. The large Tiffany ruby, belonging to Mrs. Earl B. Luce of Ozark, Ark., was also worn by Miss Nelson's mother at her wedding. Completing her traditional attire, the bride wore a "blue" garter, and "good-luck" pennies minted in the years of hers and the bridegroom's birth were in each shoe.

Mrs. William E. Nelson of Lubbock served her sister-in-law as matron of honor. She wore a formal pant-gown fashioned in a floral chiffon of yellow, turquoise, gold, and coral. The very full flowing gown featured an Empire waistline and a low neckline bordered in a self ruffle which was repeated on the short puffed sleeves. In her hair she wore a wreath of yellow and white daisies and carried a basket of matching flowers. Bridesmaids were Miss Donna Cunningham of Ozark, Ark. and Mrs. Daniel Dial of Lubbock, sister of the groom. Junior bridesmaid was Miss Dyan Jones of Springlake, sister of the groom. Their attire was identical to that of the matron of honor. They wore wreaths of yellow daisies and carried baskets of matching flowers, linked together by a daisy chain.

Miss Kimberly Nelson, daughter of Mr. and Mrs. Dennis Nelson of Spearman, and Bobby Dwane Jones, son of Mr. and Mrs. H. D. Jones of Springlake, cousins of the bride and groom, were flower girl and ring bearer. Miss Nelson wore a floor-length gown of yellow organza, fashioned with a full skirt and an Empire waistline. Floral ruffles, to match the gowns of the bridesmaids, trimmed the low neckline and short puffed sleeves. She wore a wreath of white daisies and carried a basket of matching flowers. The ring bearer carried a white satin pillow belonging to Mrs. Dial.

The bridegroom was attended by his brother-in-law, Daniel Dial, as best man. Groomsmen were his uncles, Dr. Marion O. Hagler of Lubbock and Jerry W. Jones of Springlake. Junior groomsmen were Gregory Hagler of Lubbock, cousin of the groom.

The sanctuary was decorated with greenery and daisies and lighted with large pillar candles. Behind the altar was a cascade arrangement of huckleberry foliage, English ivy, and yellow and white daisies, accented with baby's breath and lighted with candles. Graduated pedestal arrangements of daisies and baby's breath, centered by pillar candles, completed the decor.

Candles were lighted by Miss Wanda Cotter and Tim Walker. Miss Cotter wore a floor-length gown of yellow chiffon, fashioned with a flowing skirt and Empire waistline. The low neckline and tiny puffed sleeves were bordered with ruffles of floral. Miss Charlotte Jennings registered guests in the church foyer at a round table laid with a yellow pleated Victorian cloth, overlaid with lace-edged illusion.

Guests were seated by Dr. Hagler, Jerry W. Jones, William E. Nelson, brother of the bride, and Roger Nelson of Portland, Ark., cousin of the bride.

wore a yellow ensemble of polyester double knit. The sleeveless A-line dress was styled with Princess seams, accented with a cotton lace-braid midriff insert. The matching, dress-length, A-line coat repeated the lace trim at the waistline, fastened with a silver-tone frog. She chose accessories of mother-of-pearl patent and a cymbidium corsage to match her ensemble.

Mrs. Jones, mother of the groom, chose a blue aleskine two-piece ensemble, featuring a gathered skirt with a matching waist-length jacket. The stand-up neckline swept to a side-opening where it was fastened with matching crystal buttons. She wore a cymbidium corsage to match her ensemble and accessories.

Miss Gail Williams, pianist, and Dale Thompson, guitarist, furnished back-ground music and accompanied the soloists, Miss Sheila Harrell of Littlefield, Dr. Joyce Thompson of Lubbock, and James R. Nelson of Stillwater, Okla., brother of the bride. As the guests arrived, Miss Williams played the score of "Romeo and Juliet" by Rota. Preceding the ceremony James Nelson sang "More" from Mondo Caine, Miss Harrell sang "Love Me Tender" to the music of Stephen Foster's "Lorelei", and Dr. Thompson read the poem, "Why Do I Love You" by Roy Croft. Immediately preceding the ceremony, Nelson sang, "Where Do I Begin", introducing the score of "Love Story" which was played throughout the ceremony by the guitarist.

Vows were exchanged in an original ceremony written by the bride's mother. At the conclusion, while the young couple lighted their memory candle, Miss Harrell sang "We've Only Just Begun" by Charles Williams. As a recessional, Nelson sang the traditional "Hawaiian Wedding Song."

Following the ceremony, Mr. and Mrs. Earl B. Luce, grandparents of the bride, were hosts for a wedding reception in the church parlor. The bride's table was laid with a formal-length white cloth and lighted with a gold candelabra entwined with smilax, yellow and white daisies, and baby's breath, with the bride's bouquet as the focal point. The three-tiered wedding cake, rested on a base of smilax, daisies, and baby's breath, and featured a pair of white doves on satin wedding bells. Mrs. Fred Crawford of Perryton and Miss Carol

MRS. KENNETH JONES

Nelson of Dallas, cousin of the bride, served from gold appointments.

During the reception, Misses Alison Nelson, sister of the bride, and Cynthia Nelson, her niece, and Kevin Nelson and Kyle Jones, cousins of the bride and groom, distributed the rice bags of yellow and turquoise net. Alison and Cynthia Nelson wore floor-length gowns of turquoise chiffon, fashioned to that of the flower girl's gown.

For her going-away dress, Mrs. Jones chose a navy and grey two-piece ensemble of double-knit. The sleeveless dress was styled with a navy skirt and an Empire bodice made of a fleur-de-lis pattern of navy on grey. The matching hip-length jacket featured navy lapels. Her accessories were of navy wrinkle patent and she wore a white orchid corsage.

Following a wedding trip to Colorado Springs, Colo., the couple will be at home north of Springlake where he will be engaged in farming.

A 1972 graduate of Littlefield High School, Mrs. Jones will enter Texas Tech University in the fall with a major in journalism.

Jones, a 1966 graduate of Springlake-Earth High School, has completed a six-year term

in the U. S. Navy, two were spent in active duty on the Second Fleet.

1972 Tatum Bride Of Randall Smith

wedding ceremony, officiated by Dr. Lee Hemphill. Miss Jonell Tatum and Randall Lenton Smith exchanged double ring marriage vows Saturday afternoon, July 15, at the chapel of First Baptist Church.

The bride and groom are Mrs. James H. Tatum and Mr. and Mrs. Lenton Smith of Littlefield. The altar of the chapel was decorated with a centered two-tiered topiary tree featuring boxwood foliage, multicolored asters, yellow

and white daisies, and baby's breath. Flanking the tree were matching two-tiered topiary trees which blended into the chapel railings which were festooned with garlands of smilax and satin butterflies. The pews were marked with pillows of multicolored flowers and satin butterflies, emphasizing the altar setting of greenery and spring flowers.

Musical selections, "Jesu, Joy of Man's Desiring," "Twelfth of Never," "He," "Edelweiss," "More," "One Hand, One Heart," and "Time for Us," were played during the wedding by Miss Pat Hinds, organist. Mrs. James Davidson read from "The Prophet" by Kahlil Gibran and "And The Scroll Opened" by George M. Lamsa.

Presented in marriage by her father, the bride wore a gown of ivory silk chiffon and imported handrun alencon lace. The moulded Empire bodice was fashioned with a high ring neckline enhanced by appliques of the alencon lace and long bishop sleeves that were caught at the wrists by a deep cuff, accented with the lace. A scalloped banding of the lace marked the high rise waistlines. The controlled softly gathered skirt, edged at the hemline by a deep band of the scalloped lace, swept to a chapel-length train. Her veil of ivory illusion, edged with matching alencon lace, fell below her waistline. She carried a multicolored bouquet of stephanotis, roses, daisies, asters, and baby's breath with pearls and butterflies, atop a white Bible.

For "something old", the bride carried a hand-tatted linen handkerchief which her mother had carried in her wedding. "Something new" was a small white Bible presented to her by her aunt and uncle, Mr. and Mrs. Straus Baker of Hobbs, N. M. "Something borrowed" was a pair of diamond and pearl earrings belonging to Mrs. Baker and for "something blue," the bride wore the traditional blue garter.

Her attendants, Miss Suzann Tatum, maid of honor, and Miss Jane Cave, bridesmaid, wore gowns of printed voile, one in rose and one in sky blue. The moulded Empire bodices of their gowns were fashioned with a fitted Victorian collar and long fitted sleeves edged with a self ruffle at the wrists. The Empire waistlines were marked by a grosgrain ribbon accented by a flat bow in front. Their slim, softly gathered skirts, enhanced by a deep flounce at the hemline, were floor-length. They carried bouquets of multicolored flowers enhanced by satin butterflies on satin streamers in the bride's chosen colors of rose and blue.

Lenton Smith, father of the bridegroom, served his son as best man. Terry Blankenship of Lubbock was groomsman.

Guests registered in the foyer and were escorted to their pews by Brent Wiseman of Sudan and Edwin Fowler of Lubbock.

The mothers of the bridal couple were attired in identical crepe gowns. The bride's mother wore a pink gown fashioned with long fitted sleeves and a modified scoop

neckline. The fitted bodice flowed into a softly draped floor-length skirt. She wore matching accessories. The bridegroom's mother was attired in orchid with matching accessories. Both mothers wore pink orchid corsages on which was perched a small pearl-encrusted butterfly.

As the bride approached the altar, she paused to present a pink rosebud to her mother. After the marriage vows were spoken, she presented a pink rosebud to the bridegroom's mother.

Following the marriage ceremony, guests attended a reception in the parlor of the church. The reception table featured an ivory alencon lace runner over-embroidered with pearls, designed and made by the bride's mother. The centerpiece was white tapers in a handpainted china candelabra. The three-tiered wedding cake was topped with an ivory candle and sprays of ivory roses which cascaded to

the table. Serving the guests wedding cake, assorted sandwiches, cheese balls, relish tidbits, punch, and coffee from crystal and silver appointments were Mes. Straus Baker, Charles Varnon, k66 Robert Hamrick. Assisting with the serving were Mes. Mack Tucker, W. W. Hall, Dick Carl, Delton Jones, Kenneth Wiseman, Frank Bartley, Tom Sawyer and Bruce Wren.

For their wedding trip to points in New Mexico and Mexico, Mrs. Smith wore a navy ensemble with red, white, and blue accessories. She wore an orchid corsage.

Following their wedding trip, the couple will be at home in Dallas at 6540 Vanderbilt. Both the bride and bridegroom are graduates of Littlefield High School. Mrs. Smith is a 1969 graduate of Baylor University where she was a member of Alpha Omega Sorority. Smith is a graduate of Texas Tech University and is presently

Parkview Baptist Church Celebrates Anniversary

Parkview Baptist Church is celebrating the 23rd Anniversary of its organization today, when members and guests gather at the church to hear one of its former pastors and eat a basket lunch following the morning worship hour.

Besides hearing one of the early pastors, Rev. C.J. Coffman, who is now serving the Rocky Creek Baptist Church at Brownwood, members will celebrate the paying of all indebtedness on the church property with a double note burning ceremony.

The church, which now has 640 members, of which 440 are resident members, was first conceived March 10, 1948 when members of Littlefield's First Baptist Church met to discuss the possibility of establishing a mission in the

west part of Littlefield.

The Brotherhood of that church began construction of the Westside Baptist Church building in 1949, when Rev. D.C. Lindley donated four lots for its location. The original building was completed June 19, 1949 and on June 26, the name "Westside Baptist Chapel" was given to the mission.

The mission was opened for its first service July 17, 1949, and on May 17, 1950 was organized into a regular convention church. Membership letters were granted in mass form to approximately 115 members from First Baptist Church to the newly-organized church on May 24, 1950.

Then on June 4, 1950, members voted to name the church "Parkview Baptist

Church."

Is boss who likes girls, short men W

By Abigail Van Buren

DEAR ABBY: My husband was recently looked down upon by women, but he dislikes being by another man. It probably has something to do with his competitive attitude toward men, and a desire to be "ered" by women. If your husband has achieved growth he has nothing to worry about.

DEAR ABBY: My husband and I have just last month painted the outside of our house, and white picket fence on our side. Our neighbors said they would paint their side of the fence. I was what was left of a gallon of the paint I used to match.

DEAR ABBY: Please help us settle an argument I wrote to some good friends of ours who live out asking them to take a vacation trip with us. So people are notoriously slow letter writers, I add, ally, you are our first choice, so please let us know as soon as possible if you can make it, because if we want to ask somebody else."

DEAR WHITEWASHED: Say, "After we've given you how much it will cost to repair the damage you give you the bill. Sorry about that, too."

DEAR OUT: No! On the contrary, they should feel flattered.

DEAR ABBY: In reference to your recent "Confused" concerning marriage between a Lutheran Catholic, neither of whom wanted to be married at other's church. Recent changes in the Roman Church now permit a Catholic to be married by a rabbi or civil official when there is sufficient permission of local bishop is obtained.

Sincerely,
LT. R. L., CATHOLIC CHURCH
U. S. N., MILTON

DEAR ABBY: This is in regard to that husband is always gawking at women with big while she is made to feel inferior because she is a I have what is considered a "sexy" bosom. It it! Ever since my teens I have been conspicuous. Even today I have an entire bureau drawer of expensive bras of every description because I have found a comfortable one. I am sick and tired of cut and bind and torture me.

DEAR BIG: Your feeling has been confirmed. But one woman's "burden" is another woman's blessing.

DEAR ABBY: Do you think retired parents spend EVERY day with their married daughter? I rented an apartment near us and they use to store all their "hate-to-part-with" treasures. They contain their off-season clothing, and they use theirs, which doesn't upset me, but I resent more the lack of privacy.

DEAR ABBY: They come here at 9 a. m. for "coffee" and lunch, then they wait for the children to come to school. They are still here when I start dinner, they never have any plans, I ask them to stay, sponge off us. In fact, they're always bringing fish or something for the family.

DEAR ABBY: They do many things to "help" me. Dad goes yard and Mom sews and darns and bakes. I go alone. Not even a dental appointment. They like "for the ride" and are content to just sit in the car and wait for me.

DEAR ABBY: Although there are many retired couples in this ty, my folks want no part of them. We are interested. Several years ago our friends were about including them in parties, etc., but they refused, and now our social life is very sparse.

DEAR ABBY: Well, Dear Abby, my problem is somewhat rambling letter, so if you can find it, perhaps you can find a solution.

DEAR TRAPPED: Your problem wasn't solved. You lack the courage to extricate yourself from a which has become stifling. The only solution is to er to acquaint them with their contemporaries. Introduce them to other interests.

DEAR ABBY: CONFIDENTIAL TO "EMPTY ARMS": My husband to whom you have been happily married last 15 years. Number One missed the boat 20 years ago.

DEAR ABBY: Problems? Trust Abby. For a personal reply, ABBY, BOX 6770, L. A., CALIF. 90009 and stamped, addressed envelope.

BLOCKING NOISE

While properly fitted ear plugs and protective ear muffs provide protection against exposure to excessive sound levels, providing employees with these devices is not as desirable as eliminating noise.

Dwayne Montgomery Building Trailers

Twenty-two year old Dwayne Montgomery is representative of American enterprise. He opened a welding shop on West 4th on a shoestring two months ago and is building stock trailers which he hopes may lead into assembly line-type manufacturing. The stock trailers aren't the one-horse variety, either. He builds strictly custom made trailers, and the two he has completed are 20'x6' goose necks capable of carrying 23 head. Montgomery spent 17 eight-hour days building the big goose neck trailers. And this included the bending — the works. Montgomery said most trailers are made from kits where everything is pre-bent and ready to assemble. Of course there were all sorts of interruptions and the work wasn't completed in 17 consecutive days.

Johnny Gregg Appointed Pollution Control Director

Johnny Gregg, building inspector for the city of Littlefield, has been named to direct the water pollution control and abatement program required by S.B. 835 which orders cities of 5,000 population or more to establish such programs on a local basis.

Administered by the Texas Water Quality Board, local programs have been established in the 217 Texas Cities to which the law applies.

Meetings with city officials were held by TWQB officials earlier in the year and additional conferences are being scheduled during July and August to answer questions and provide whatever help the cities need in handling their programs. Tom Kelly of the TWQB will conduct the meetings for which dates will be announced.

Cooperating in scheduling the conferences will be 24 Councils of Government within which all of the 217 cities are represented.

SB 835 directs cities within the specified population range to perform pollution control functions, develop an inventory of waste dischargers, monitor all significant discharges, collect samples and conduct periodic inspections, and to use legal enforcement when necessary.

Social Security Benefits To Be Raised September 1

Social Security beneficiaries need not apply for the 20 per cent benefit increase signed into law by President Nixon on July 1.

Social Security District Manager John G. Hutton states that all Social Security beneficiaries who are on the benefit rolls in September will receive the increase automatically.

The increase is effective beginning the payments for the month of September.

The average monthly benefit for a retired worker goes up from \$134 to \$162; for a retired couple from \$224 to about \$271.

A widowed mother with two children will receive an average Social Security benefit of about \$386, up from \$322.

For a disabled worker with a wife and one or more children, the new average monthly payment will be about \$354, increased from \$295.

The special monthly payments that are made to certain individuals age 72 and over who are not insured for regular Social Security benefits will also be increased by 20 per cent, from \$48.30 to \$58. for an individual and from \$72.50 to \$87 for a couple.

The new law also includes a provision for automatic annual increases in Social Security benefits as the cost of living rises in the future — a recommendation made by President Nixon in his 1969 message on Social Security.

Under the new law the contribution and benefit base, the maximum amount of annual earnings that are counted for benefit and contribution purposes will rise from the present \$9,000 a year to \$10,800 in 1973 and to \$12,000 in 1974.

Thereafter, this amount would be adjusted automatically to keep pace with rising wages. This means that as earnings rise, workers whose earnings are at or above the level of the maximum earnings base will pay contributions on higher earnings, but they also will have those additional earnings counted toward the benefits that will be payable to them and their families in the future.

Census Bureau To Make Survey

Information on employment and unemployment will be collected in this area by the Bureau of the Census, U.S. Department of Commerce, during the week of July 17-21, according to Percy R. Millard, director of the Bureau's Data Collection Center in Dallas.

The sample of households in this area taking part in the survey are among 50,000 across the nation scientifically selected to represent a cross section of all households.

The survey is taken monthly by the Bureau for the U. S. Department of Labor. Statistics on conditions in the labor force are prime indicators of economic conditions of the country.

For example, the May survey showed that there were 4.3 million unemployed, or 5.9 per cent of the labor force. After seasonal adjustment, this was the same level as in April and March. Employment, however, increased slightly over the previous month, a continuation of a year-long upward trend. Since May 1971, the number of jobholders rose by 2.3 million, totaling 81.4 million in May of this year.

Plainview Stops All-Stars

A rally by Plainview in the seventh inning stopped the Littlefield-Sudan-Amherst 13-year-old Junior Babe Ruth All-Stars, 7-6, in tournament action at Muleshoe Thursday.

It was a night of hitting for the local All-Stars, as practically every player hammered a hit off Plainview and broke away from a 2-0 deficit to a 6-2 lead before being tripped up in the final inning

with a four-run rally by Plainview.

Local hitters were Ralph Mendez, Tommy Twitty, Kyle Martin, Jerry Williams, Rudy Ayala, Bucky Healy and Edgar Tamplin.

Williams handled the pitching chores for the local squad, and allowed only two hits.

Plainview advanced to the finals and was dumped by Dimmitt, 17-5.

Vo-Ag Teacher Plans Workshop

Art Sommerfeld of Littlefield High School will be among vocational agriculture teachers, some 1,300 strong, who will meet in Ft. Worth, Aug. 1-4 for the Annual Conference and In-Service

Workshop sponsored by the Agriculture Education Department of the Texas Education Agency in Austin.

Sommerfeld will receive a 10 year tenure award during the meeting.

The Sheraton-Fort Worth Hotel will be the site for the meeting which will begin Monday, July 31, with registration for the conference beginning at 3 p.m., according to J.A. Marshall, director, Agriculture Education, Texas Education Agency.

LL Tournament Slated Monday

Monday at 6 p.m. will be the time the first ball is to be pitched in the Littlefield All-Star Little League tournament.

All-Stars from Littlefield, Anton, Sudan-Amherst and Plainview American will be battling for the local crown and a chance to advance to the Little League playoffs.

At 6 p.m., Anton will play Plainview American and the Littlefield versus Sudan-Amherst game will follow.

The winners of these two games will compete at 8 p.m. Tuesday.

Tuesday's winner will play the winner of the Plainview National Tournament Thursday, at a site that will be determined by the winner of the Littlefield tournament.

TURN OF ROW COMMENTS

EMIL MACHA

THE PARTY'S OVER, at least the convention is, and it looks like some that attended the Democratic Convention will have to hitch-hike home.

Noticed in the Wall Street Journal the other evening, that many of the hopeful delegates barely had enough funds to get to Miami—much less pay for lodging and food.

One 19-year-old individual, a McGovern delegate, sold shoes during the day and fireworks at night to pay for the trip. Another could not afford a bed, so he hunkered in a sleeping bag for the duration. Still another young delegate ate free hors d'oeuvres from the hospitality suites for survival.

Jeanie Caswell, 19, a delegate from Oregon umpired 50 Little League baseball games to raise money and threw a \$5-per-couple beer party the first night at the convention to put her over the top.

For many McGovern delegates it had to be a one-ballot convention because they were running out of cash and could not afford for it to last any longer.

restaurant with my family, an embarrassing situation happened to us, as well to several other families that were hoping to enjoy a meal out.

We were disturbed by a group of people in a nearby booth, when their loud, undesirable vocabulary was used. Some of the children were frightened, and after a while, some of those eating in booths near these people could no longer enjoy themselves, and left.

One might think at this point as to what this has to do with the company they work for? Normally, this probably would not have anything to do with the company but they, in their undesirable state of condition to our society, drug the company into their loud conversation. Within five minutes after we sat down, we knew what company they worked for and some of the gripes they had toward personnel and policy. Thus making it the companies business as to what they do on their own time.

After being asked by the owner to leave the eating establishment, they drove away in a company vehicle.

To most of us, we live our company on and off the job and how we project ourselves not only has a reflection on our character, but also casts a shadow on our place of employment.

Girls' Basketball Clinic Scheduled At South Plains

South Plains College will hold a one-week basketball clinic for girls on July 31 through August 4.

Any girl who will be in the fourth, fifth, sixth, seventh or eighth grades at the beginning of school in the fall of 1972 is eligible to participate. Girls will be divided into groups according to their grade level in the public schools. Each girl

will receive one hour's instruction each day for five days.

Fourth grade girls will meet from 8:30-9:30 a.m.; fifth grade from 9:30-10:30 a.m.; sixth grade from 10:30-11:30 a.m.; seventh and eighth grades from 11:30 a.m. - 12:30 p.m. All sessions will be held in the Women's Gym on the campus of South Plains College.

C. W. Dukes will be the instructor and supervisor of the clinic. As each group will be limited to twelve girls, registration can be received on a "first come, first serve" basis. Registration can be completed at any time between now and July 31 at the Central Office of the Technical Arts Building.

Total cost of the clinic is \$10. Girls will need to provide their own tennis shoes and gym clothes. The clinic will emphasize the basic fundamentals of basketball; included will be the instruction of techniques in dribbling, passing, seeing, shooting, defense, offense and rebounding.

For further information, contact the Office of Continuing Education at South Plains College, phone 894-4921.

WHAAT... Another Meal?

There you are—in the kitchen. You're the cook. And whether you're an expert or a beginner, the question remains—*what* to cook, which is often complicated by lack of time, money, appliances, or new recipes for a family that will eat "nothing but".

If you are looking for a solution, you're invited to attend a three day summer workshop on the fundamentals of cookery. Home economists will show you how to master the basics of preparing food for the table. They'll also answer your questions.

Important Dates to Remember:
July 20 Kitchen Tips and Topics
July 27 Consumer Buying and Convenience vs. Prepared Foods
August 3 Gourmet Night
Each workshop 7:00 - 9:00 P.M.

Where?
Pioneer Natural Gas Company, Flame Room in Littlefield.

The three day workshop is free (and you don't have to attend all the sessions unless you want to). Just tell us you're coming, so we'll know how many to expect.
Just mail the coupon.
